Department of English

The University of Iowa

Acknowledgments: Vince Casaregola, Dan Campion, Dorothy Corder, Felicia Lavellée, Richard Lloyd-Jones, and Norman Sage assisted in numerous ways to bring this issue into print. The current *IJLS* editors whose names did not find a place on the masthead, worked as hard on this issue as on the one to follow, and thus Shawn Beliles, Gary Glickman, Bob Grunst, Juanita Strait, Dan Weeks, and Hertha Wong deserve a special mention here. The Collegiate Associations Council of the University of Iowa provided the primary funds for production; the Department of English and the Graduate College helped out with secondary funding.

Cover design is by Kurt Kemp, an M.F.A. candidate in Art at the University of Iowa. Used by permission.

Drawings are by Peter Nelson.
