

# INDEX

## A

**Acervularia profunda** zone, trilobites from, 285  
**Acidaspis spiniger**, 200  
**Acrolichas**, Foerste's new genus, 228  
Adams, J. E., fossils from, 288  
Adel, shale at, 79  
Adel Clay Products Co. pit, shale in, 79  
**Agiaspis thomasi**, descr., 198, illustr., 354  
**Agnostus parilis**, descr., 184, illustr., 352, 356  
Agricultural lime, need of, 116; producers, 146  
Alden, stone from 127  
Alfalfa, use of sulphur with, 97  
Algona moraine, peat in, 104  
Allamakee county, analyses from, 118; limestone in, 120; trilobites from, 184  
Ames, peat near, 107  
**Amphilichas bicornis**, 227; **clermontensis**, descr., 227, illustr., 368; **rhinoceros**, descr., 225, illustr., 368  
Analysis, mechanical, of clays, 61; of coal samples, 162; of limestone in east-central Iowa, 128; in north-central Iowa, 126; in northeastern Iowa, 118; in southeastern Iowa, 138; in western Iowa, 142  
Anamosa, stone near, 135, 146; trilobites from, 271  
Anamosa beds, trilobites from, 274, 277, 279  
Anamosa-LeClaire beds, trilobites in, 178, 380  
Anchor Coal Co., shales from, 73  
**Anomocare wisconsensis**, 186  
Appanoose county, analyses from, 138; production of coal in, 12  
Apple River, trilobites from, 209  
Arachnid, species of, 176; of the Cambrian, 198  
**Archimedes** limestone, trilobites from, 319  
**Arctinurus anamosa**, descr., 270, illustr., 378; **chicagoensis**, 272; **obvius**, descr., 267  
Arey, M. F., cited, 148  
Arlington, stone from, 146  
**Asaphus alacer**, 208; **barrandi**, 206; **susae**, 208, 209; **vigilans**, 203  
Ash and sulfur in Iowa coal, 157; elimination, 158  
**Asteropyge barrisi**, descr., 306, illustr.,

386; **fitzpatricki**, descr., 307, illustr., 386

Auburn, stone near, 123  
Auburn Brick & Tile pit, shale in, 87  
Aungst farm, stone from, 130

## B

"Backbone Park," Madison county, stone in, 143  
Bain, H. F., cited, 148; work of, 241  
Baraboo, Wis., trilobite from, 194, 352  
Barnes, C. C., work of, 207  
Barris, W. H., cited, 339; work of, 286  
Bartlett & McFarlane quarry, stone from, 146  
Barton, D. C., cited, 249, 339, 345  
**Basilicus barrandi**, descr., 206, illustr., 364  
Bassler, R. S., cited, 176, 340, 346; work of, 241  
Bather, F. A., cited, 315  
**Bathyurus spiniger**, descr., 200, illustr., 358  
Bear Lake, peat in, 108  
Becker, A. G., fossil from, 358, 372; species named for, 203, 222; work of, 178, 200, 210, 221  
Becker, Dr. F., species named for, 258; work of, 178  
Becker collection of trilobites, 173  
Beecher, C. E., cited, 340; work of, 180  
Beecher, M. F., cited, 69, 71, 76, 77, 83, 85  
Belanski, C. H., fossils from, 316  
Bellevue, trilobites from, 241  
Belmond, stone from, 146  
Beloit, Wis., trilobites from, 225  
Benton, T. H., cited, 148  
Benton county, analyses from, 128; stone from, 130  
Benton division, shales in, 86  
Bernard, H. M., cited, 341  
Berninghausen farm, shale on, 85  
Bertram, trilobites from, 261  
Bethany Falls beds, trilobites from, 338  
Bettendorf, stone at, 137, 146  
Bettendorf Stone Co., stone from, 146  
Beulah, stone near, 123  
Beyer, S. W., cited, 148  
Beyer and Williams, cited, 57, 77, 86, 89  
Bigney, A. J., cited, 340  
Billings, E., work of, 222  
Black Hawk county, analyses from, 128; stone in, 33, 130

- Black River beds, trilobites from, 204  
 Bloomfield, trilobites from, 205, 233, 235, 247, 256, 258, 260  
 Bloomfield mine, shale from, 78  
 Boatman, J. L., cited, 148  
 Bohemia, trilobites from, 282  
 Bollen, W. B., cited, 151  
 Boone, shale at, 81  
 Boone Block Coal mine, shale in, 81  
 Boone county, analyses from, 102; peat in, 102; shale in, 81  
 Boone Paving Brick & Tile Co. pit, shale in, 80  
 Boyle's quarry, trilobites in, 177, 200, 243  
**Brachyaspis**, sp., illustr., 360; *alacer*, descr., 208, illustr., 360  
 Bradley, J. H., fossil from, 210  
 Brainard, trilobites from, 205, 210, 237, 239  
 Brainard member, trilobites from, 239  
 Brandon, trilobites from, 285, 299, 306, 313, 382  
 Breger, C. L., cited, 343  
 Bremer county, analyses from, 118; limestone in, 120  
 Brighton, stone from, 141  
 Bristow, stone near, 121  
**Bronteus haidingeri**, 282; *laphami*, 265; *tullius*, 282  
 Brown, P. E., cited, 119, 148  
 Buchanan county, analyses from, 118; stone in, 121  
 Buffalo, stone at, 137, 146; trilobites from, 295  
**Bumastus** sp., descr., 223, illustr., 368; *barriensis*, 261; *beckeri*, descr., 220, illustr., 368; *milleri*, descr., 222, illustr., 366; *trentonensis*, 222  
 Burdette, peat near, 104  
 Bureau of Census, coöperation with, 11  
 Burling, L. D., cited, 341  
 Burlington, pottery at, 69; stone from, 140; trilobites from, 319, 328  
 Burlington beds, trilobites in, 178, 318, 319, 320, 321, 386  
 Burlington Quarry Co., stone from, 146  
 Butler county, analyses from, 118; stone in, 121  
 "Button dust" as fertilizer, 136
- C**
- Cable, E. J., cited, 149  
 Calhoun county analyses from, 102; peat in, 103; shales in, 86  
 Calvin, Samuel, cited, 124, 149, 341; species named for, 191; work of, 190, 209, 210, 212, 214, 218, 221, 222, 241, 254, 263, 264, 267, 277, 282, 313, 337, 358, 360  
 Calvin, Mary L., work of, 231  
 Calvin collection of trilobites, 173, 209  
**Calymene bufo** var. *rana*, 310; *calli-*  
*cephala*, 241; *crassimarginatus*, 303; *fayettensis*, descr., 236, illustr., 370; *gracilis*, descr., 237, distr., 177, illustr., 370; *mammillata*, 241, descr., 239, distr., 177, illustr., 370; *niagarensis*, descr., 275, illustr., 380; *rowi*, 291; *senaria*, 236, 237  
 Cambrian arachnida, 198; trilobites of, 184  
 Carey, John, quarry, test in, 121  
 Carlisle, shale from, 77  
 Carlisle Brick & Tile Co., shale from, 77  
 Cedar county, analyses from, 128; stone in, 131; trilobites from, 269  
 Cedar creek, shales on, 72  
 Cedar Falls stone from, 130  
 Cedar Rapids, stone from, 146; trilobites from, 288  
 Cedar Valley beds, stone in, 131; trilobites in, 178, 285, 299, 301, 302, 305, 308, 313, 382  
 Cedar Valley Trap Rock Co., stone from, 146  
 Cement production in 1923, 23; in 1924, 38  
 Centerville, shale near, 76  
**Ceratocephala maquoketensis**, descr., 229, illustr., 368  
**Ceraurus icarus**, descr., 251, illustr., 372  
**Ceraurus** sp., illustr., 372; *elginensis*, descr., 245, illustr., 370; *herrmanni*, descr., 249, illustr., 370; *icarus*, 252; *insignis*, 278; *meekanus*, 252; *millerianus*, descr., 243, illustr., 372; *misneri*, 248; *niagarensis*, 278; *pleurexanthemus*, descr., 242; illustr., 370; *savagei*, descr., 247, illustr., 382; zone, trilobites in, 177  
 Cerro Gordo county, analyses from, 126; clay production in, 42; marl in, 116; peat in, 103; stone in, 127; trilobites from, 282  
 Chalk, character, 113  
 Chapin, Florence S., fossil from, 243  
**Cheirurus icarus**, 251; *niagarensis*, descr., 278, illustr., 380  
 Cherokee beds, trilobites from, 334  
 Chert, character, 112; in stone, 132  
 Chester beds, trilobites from, 326  
 Chickasaw county, analyses from, 118; stone in, 121  
 Cincinnati, shale near, 76  
 Cincinnati, Ohio, trilobites from, 244  
 Cincinnati shales, trilobites from, 205  
 Cirriped, species of, 177; of the Devonian, 314  
 Clarence, trilobites from, 269, 279  
 Clarion, peat near, 110  
 Clarke, J. M., cited, 314, 341; work of, 225, 328  
 Clarke county, stone in, 144  
 Classification of trilobites, 180

- Clause, J. R., shales from, 76  
 Clay, refractory. in Iowa, 57; burning tests, 62; in Niagaran series, 57; mechanical analysis, 61; see also Shales  
 Clay Banks, marl at, 117  
 Clay outcrops, distribution, map, 58  
 Clay producers in Iowa, 20  
 Clay wares, classes in 1923, 19; production in 1923, 17; production in 1923 and 1924, 39  
 Clayton county, analyses from, 118, 129; stone in, 122, 146; trilobites in, 177, 200, 201, 223, 243  
 Clear Creek chert. fossils in, 314  
 Cleland, H. F., cited, 341  
 Clermont. stone near, 123; trilobites from, 203, 205, 206, 209, 217, 219, 222, 225, 228, 233, 235, 237, 245, 253, 256, 258, 260, 368  
 Clermont member, trilobites from, 237  
 Clinton, trilobites at, 267, 378  
 Clinton county, clay in, 59; stone in, 131  
 Coal, Iowa, ash in, 157; coke from, 158; iron and sulfur in float-and-sink fractions, 164; kinds of sulfur in, 159; organic sulfur in, 160; producer-gas from, 159; pyrite in, 159; raw, iron content of, 163; sulfur content of, 164; sink-and-float tests of, 163; studies of, 157; sulfate of iron in, 160; operators, list of, 15; production in Iowa, 157, in 1923, 12, in 1924, 42; samples, analyses, 162; tested at St. Louis, 158; washing in Iowa, 159, tests of, 162  
 Coke from Iowa coal, 158  
 Colfax Con. Coal Co., shale from, 78  
 Collins A., work of, 274  
*Conaspis*, genus defined, 185; *anatinus*, 186; *micros*, descr., 185, illustr., 354, 356  
*Conocardium altum*, 286  
*Conocephalites latifrons*, 186; *wisconsensis*, 186  
 Coralline beds, trilobites from, 267  
*Cranaena iowensis*, 286  
*Crepicephalus? wisconsensis*, 186  
 Cresco, stone near, 124  
 Cretaceous system, shales in, 86  
 Crills Mill, shales at, 89  
 Cruikshank, Supt., fossil from, 323  
*Crypheus*, 306  
 Cumings, E. R., cited, 342  
*Cybele* sp., illustr., 380; *punctata*, 272  
*Cybeloides iowensis*, descr., 233, illustr., 368  
*Cyphaspis bellula*, 306; *brandonensis*, descr., 305, distr., 178, illustr., 386; *ornata*, 306; *rariustulosus*, descr., 304, illustr., 386

## D

Dake, C. L., cited, 342

- Dakota division, shales in, 86  
 Dallas county, shale in, 78  
*Dalmanites barrisi*, 306; *boothi*, 306; *boothi* var. *calliteles*, 306; *platycaudatus*, descr., 279, illustr., 378  
 Danville, shales near, 67  
 Daum, W. R., stone from, 141  
 Davenport, stone near, 137, 146; trilobites from, 285, 291, 294, 382  
 Davenport Academy of Science collection of trilobites, 173  
 Davis City, stone near, 142  
 Davis county, analyses from, 138  
 Decapod, Mississippian, 327; species of, 177  
 Decatur county, analyses from, 142; stone in, 142; trilobites from, 337  
*Dechenella haldemani*, 295  
 Decorah, phosphate at, 110; stone near, 125, 146; trilobites from, 225  
 Deer Creek beds, trilobites from, 338  
 Delaware county, analyses from, 129; stone in, 132; trilobites from, 267, 277, 376  
 Delmar, clay near, 62  
 Denova, cays near, 69  
 Des Moines, shale from, 78; trilobites at, 177, 334, 338  
 Des Moines county, analyses from, 138; shales in, 68; stone in, 140  
 Des Moines series, shales in, 63; trilobites from, 334  
 Devonian system, cirripedes of, 314; stone in, 120; trilobites in, 178, 280  
*Devonocidaris* zone, fossils from, 316  
 De Witt, stone near, 132  
*Dikelocephalus minnesotensis*, descr., 192, distr., 177, 197, illustr., 352; zone, trilobites in, 177, 197  
*Diplograptus peosta*, 223  
 Dolese Bros. quarry, stone from, 138, 146  
 Dolomite, composition, 111; lime from, 116; purity of, 112; and limestone as fertilizer, 111  
 Dover Mills, trilobites from, 205, 206, 212, 214, 218, 219, 235, 237, 245, 248, 261  
 Dows peat near, 110  
 Dubuque, stone at, 133, 146; trilobites from, 177, 200, 203, 206, 220, 239, 241, 251, 358, 366  
 Dubuque county, analyses from, 129; stone in, 132  
 Dumont, stone near, 121  
 Duncan, peat near, 106

## E

- Eagle Lake, peat near, 106  
 Eagle Point, stone at, 133; trilobites from, 203  
 Eagle Point Lime Works, stone from, 146

- Earlham, phosphate at, 111; stone from, 144, 146  
 Eastman, C. R., cited, 342  
 Eau Claire formation, trilobites in, 177, 184, 186, 188, 196, 366  
**Eccoptochile meekanus**, 252  
**Ectenaspis beckeri**, descr., 201, illustr., 358, 388; panderian organs in, 178  
**Ectenaspis** Hollow, trilobites from, 256  
 Eddyville, stone near, 141  
 Eggers farm, clay on, 59  
 Ehlers, G.M., work of, 178, 318, 386  
 E don, shales near, 73; stone near, 141  
 Eldora, shale near, 85  
 Elgin, trilobites from, 205, 217, 219, 227, 233, 235, 237, 245, 247, 256, 260, 372  
 Elgin beds, trilobites in, 203, 212, 214, 218, 219, 231, 237, 248, 261  
 Elkader, stone near, 123; trilobites from, 220  
 Elliot, L. P., fossils from, 297  
 Ellsworth, peat near, 106  
 Ema, stone near, 124  
 Elmira, trilobites from, 297, 313  
 Elrick Junction, stone near, 140  
 Elwell, J. A., cited, 149  
 Emmet county, analyses from, 102; peat in, 104  
**Encrinurus ornatus**, descr., 272, distr., 178, illustr., 378; **pernodosus**, descr., 231, illustr., 368; **punctatus**, 272, 275; **sexcostatus**, 233; **variolans**, 233  
**Eoharpes ottawaensis**, descr., 199, illustr., 358; zone, trilobites in, 177  
 Erdman, L. W., cited, 151  
 Erie shale, fossils from, 328  
 Espe, K., cited, 149  
**Eurypterus thomasi**, 198  
 Evans, T. J., shales from, 76
- F**
- Fairfield, shales near, 71  
 Fairport, shales near, 66  
 Farley, trilobites from, 262, 277, 380  
 Farmersburg, stone near, 123  
 Farmington, shales near, 71  
 Farnsworth, P. J., fossils from, 267, 268  
 Fayette, stone near, 123  
 Fayette county, stone in, 123, 146; trilobites from, 205, 219, 244  
 Fertile, peat near, 109  
 Fertilizer materials of Iowa, 97  
 Fertilizers, uses of, 97  
 Fidler, J. B., shales from, 61, 68, 71, 77, 89  
 Field Mus. Nat. Hist., plates from, 368, 372  
 Field tests of fertilizers, 111  
 Finch, G. E., cited, 342; work of, 205  
 Fire clay, character, 64  
 Fitzpatrick, T. J., species named for, 308; work of, 178, 186, 188, 196, 337, 387  
 Fitzpatrick collection of trilobites, 173  
 Flagler, stone near, 143  
 Flanders, H. E., analyses by, 102, 121  
 Florenceville, trilobites from, 209, 212, 214, 231  
 Flotation, effect on ash and sulfur in coal, 157  
 Floyd, stone near, 123  
 Floyd county, analyses from, 118; fossils from, 316; marl in, 116; stone in, 123  
 Foerste, A. F., cited, 342; work of, 179, 228, 265, 270  
 Fort Dodge, shale near, 82; stone near, 128; trilobites from, 334  
 Fort Madison, trilobites from, 320, 321, 323, 386  
 Franklin county, analyses from, 126; peat in, 104; stone in, 127  
 Fremont, trilobites at, 177, 326
- G**
- Gage, Simon, work of, 59  
 Galena, trilobites from, 219  
 Galena beds, stone in, 125; trilobites from, 204, 220, 366  
 Galena-Platteville beds, trilobites from, 209  
 Galland, trilobites from, 323  
 Galpin, S. L., Refractory Shales in Iowa, 57  
 Garden City, peat near, 106
