GEOLOGICAL BOARD.

HIS EXCELLENCY, F. M. DRAKE, - - GOVERNOR OF IOWA
HON. C. G. MCCARTHY, - - - - AUDITOR OF STATE
DR. CHAS. A. SCHAEFFER, PRES'T STATE UNIVERSITY OF IOWA
DR. WM. M. BEARDSHEAR, PRES'T IOWA AGRI'L COLLEGE
DR. T. PROCTOR HALL, PRES'T IOWA ACADEMY OF SCIENCES

GEOLOGICAL CORPS.

SAMUEL CALVIN.....STATE GEOLOGIST

A. G. LEONARD, H. F. BAIN ASSISTANT STATE GEOLOGISTS

W. H. NORTON SPECIAL ASSISTANT

In charge of Artesian Wells.

S. W. BEYER.....SPECIAL ASSISTANT

In Areal Work.

J. L. TILTON.....SPECIAL ASSISTANT

In Areal Work.

NELLIE E. NEWMAN.....SECRETARY

TABLE OF CONTENTS	5
LIST OF ILLUSTRATIONS	6
LETTER OF TRANSMITTAL	8
LEAD AND ZINC DEPOSITS OF IOWA— By A. G. Leonard	11
THE SIOUX QUARTZITE AND CERTAIN ASSOCIATED ROCKS— By S. W. Beyer	67
ARTESIAN WELLS OF IOWA— By W. H. Norton	113
RELATIONS OF THE WISCONSIN AND KANSAN DRIFT SHEETS IN CENTRAL IOWA, AND RELATED PHENOMENA— By H. Foster Bain	429
INDEX	477

LIST OF ILLUSTRATIONS.

PLATES.

- i. Water's Lead Furnace near Dubuque.
- ii. Typical Crevice Area near Dubuque.
- iii. Sketch Map of the Quartzite Region.
- iv. Map of the Diabase Area near Carson, S. D.
- v. Geological Map of Iowa.
- vi. General Geological Section of Iowa
- vii. Principal Collecting Area of the Saint Croix and Saint Peter Sandstones.
- viii. Map of the Artesian Wells of Iowa, excluding those in Glacial Drift, with Isopiestic Lines.
- ix. Geological Section from McGregor to Fairview.
- x. Geological Section from Mason City to Freeborn, Minn.
- xi. Geological Section from Dubuque to Sioux City.
- xii. Manchester Well Record.
- xiii. Ackley Well Record.
- xiv. Geological Section from Clinton to Dunlap.
- xv. Cedar Rapids Well Record.
- xvi. Geological Section from Manchester to Tipton.
- xvii. Geological Section from Davenport to Des Moines.
- xviii. Geological Section from Manchester to Grinnell.
- xix. Geological Section from Mason City to Grinnell.
- xx. Des Moines Well Record.
- xxi. Geological Section from Des Moines to Washington.
- xxii. Map Showing the Elevation Relative to Sea Level of the Summit of the Saint Peter Sandstone.
- xxiii. Centerville Well Record.
- xxiv. Rig of Dickson Bros., Luana, Iowa.
- xxv. McGregor Artesian Well.
- xxvi. Map of Region Discussed
- xxvii. Map of the Southern End of the Des Moines Lobe
- xxviii. Preliminary Map of the Drift Sheets of Iowa

FIGURES.

1. Crevices Followed in Prospecting for Lead South of Dubuque.
2. Section Through Kemling's Spar Cave.
3. Satin Spar from Lindin's Cave, South of Dubuque
4. Group of Stalactites from Kemling's Cave, South of Dubuque
5. Specimen Showing Band of Pearly Argentine in Transparent Calcite, Kemling's Cave
6. Crevice Opening in Mine of Dubuque Zinc and Lead Mining Company.
7. Open Crevice Extending up Through Cap Rock, Mine of Dubuque Zinc and Lead Mining Company.
8. Crevice with Three Openings.
9. Crevice Opening with Chimneys.
10. Occurrence of Lead in Vertical Sheet.
11. Lead and Zinc Region of Dubuque County.

FIGURES.

12. Sketch Showing Location of Durango Mine.
13. Open Cut at Durango Zinc Mine
14. Cleaning Ore from Durango Zinc Mine.
15. McGowen Crevice, Showing Cap Rock Opening.
16. Lead and Zinc Mines of Clayton County.
17. Lead and Zinc Mines of Allamakee County.
18. Crevice and Shafts at Lansing Lead Mine.
19. Lead in Vertical Crevice, Lansing Lead Mine.
20. Canyon on Split Rock Creek at the Palisades.
21. Vertical Cliffs of Quartzite at the Palisades.
22. Jasper Pool, near the Northwestern Corner of Lyon County, Iowa.
23. Cross-bedding in the Quartzite at Sioux Falls.
24. Diabase Ledge at Risty's.
25. Secondary Twinning in Feldspar Due to Mechanical Deformation.
26. Augite Twin According to $\infty P \overline{\infty}$.
27. Crushed Quartz Grain in Slate from the Palisades.
28. Spotted Slates Near Carson, S. D.
29. Synclinal Artesian Basin.
30. Prevention of Terminal Escape by Thinning Out of Aquifer.
31. Progressive Change in Texture of Aquifer.
32. Artesian Basin of Lacustrine Formation.
33. Estuarian Artesian Basin. Section Across the Thames Basin.
34. Monoclinial Artesian Area of Southeastern New Jersey.
35. Geological section from Baraboo, Wis., to Des Moines Iowa.
36. Circulation of Water.
37. Lake Fed by Sublacustrine Springs
38. Relation of Dip to Area of Outcrop.
39. Algonkian Floor.
40. Reservoir at Clinton, Iowa, Fed by Artesian Wells.
41. Corroded Casing from Cedar Rapids Well.
42. Fountain at Eagle Grove, Iowa, Supplied by Artesian Well in Glacial Drift.
43. Artesian Well in Glacial Drift, Belle Plaine, Iowa
44. Derrick Tower of J. P. Miller & Co., at Holstein, Iowa.
45. Pond on Wisconsin Drift at South End of Kame Near Kelsey.
46. Kame Near Kelsey.
47. Erosion Curves, Case I.
48. Erosion Curves, Case II.
49. Erosion Curves, Case III.
50. Erosion Curves, Case IV.
51. Erosion Curves, Case V.
52. Erosion Curves, Case VI.
53. Erosion Curves, Case VII.
54. Erosion Curves, Case VIII.
55. Cross-section of Camp Creek.
56. Sketch Illustrating the History of Camp Creek.
57. Actual Section Across Valley of Camp Creek.
