## ANNOUNCEMENTS

### MICROFILM BOLTON COLLEGE COLLECTION

Microform Academic Publishers of the United Kingdom are currently in the process of producing a microfilm publication that reproduces various correspondence from the Charles Sixsmith Collection held at the John Rylands University Library of Manchester, England. The collection encompasses much of the correspondence in the Bolton Whitman Fellowship, a group of individuals devoted to the writings of Whitman. This publication will provide scholars with a valuable insight into the life, works, and influence of Walt Whitman. The reproduction will be accompanied by an introductory guide and contents list, compiled by Dr. Carolyn Masel at the University of Manchester.

The publishers are currently in the process of identifying and tracing the copyright holders for each item in the collection. Prior to publication, the publishers would like to contact these persons in order to request permission to reproduce materials as part of the forthcoming microfilm publication. They would be especially like to hear from anybody who may know the whereabouts of any of the persons in the following list and who may be able to assist the publishers in any way possible with this publication.

Address all correspondence for the attention of the Editor, Paul Knights, who can be reached by e-mail at [pknights@microform.co.uk](mailto:pknights@microform.co.uk) or by regular post at: Microform Academic Publishers, East Ardsley, Wakefield, WF3 2AT, West Yorkshire, UK.
