

REFERENCE LIST OF STAFF PUBLICATIONS

FISHWAYS

An Annotated Bibliography of Fishways. PAUL NEMENYI. *University of Iowa Studies in Engineering*, Bulletin No. 23, 1941.

An Investigation of Fishways. A. M. MCLEOD and PAUL NEMENYI. *University of Iowa Studies in Engineering*, Bulletin No. 24, 1941.

HYDROLOGY

Maximum Discharges at Stream Measurement Stations Through December 31, 1937. G. R. WILLIAMS and L. C. CRAWFORD. *U. S. Geological Survey Water-Supply Paper 847*.

Analysis of Runoff Characteristics. B. S. BARNES. *Proceedings, A. S. C. E.* (Discussion of paper by Otto H. Meyer), p. 375, February, 1939.

The Structure of Discharge Recession Curves. B. S. BARNES. *Transactions American Geophysical Union*, Part IV, pp. 721-725, 1939.

A Report on the Water Requirements of Rice Irrigation. E. W. LANE, T. T. CHENG, and C. L. PIEN. *Journal of the Association of Chinese and American Engineers*, Vol. 20, Nov.-Dec., 1939.

Problems of Stream-Flow Forecasting on Tributaries of the Upper Mississippi. B. S. BARNES. *Bulletin American Meteorological Society*, March, 1940.

Flood Forecasting in the Upper Mississippi Valley. B. S. BARNES. *University of Iowa Studies in Engineering*, Bulletin No. 20, pp. 230-239, March, 1940.

Trends in Climatological Runoff Data for Mississippi River Basin above Keokuk, Iowa. L. C. CRAWFORD, V. A. KOELZER, and P. L. MERCER. *The Exponent*, p. 4, December, 1940.

Trend in Rainfall Record Confirmed. L. C. CRAWFORD. *Civil Engineering*, p. 45, January, 1941.

MECHANICS OF FLUIDS

Elementary Mechanics of Fluids. HUNTER ROUSE. Hectograph notes issued by Department of Mechanics and Hydraulics, 1940. Text for elementary undergraduate course paralleling Mechanics of Solids and Mechanics of Materials, providing basic principles of fluid motion as foundation for applied courses in the engineering departments.

MISCELLANEOUS

Conversion of Units and Dimensions. C. J. POSEY and J. W. HOWE. *Civil Engineering*, Vol. 10, p. 528, August, 1940.

Regarding Tree Bench Marks. L. C. CRAWFORD and W. I. TRAVIS. *The Exponent*, p. 16, May, 1941.

MODELS

Photographic Technique for Recording Direction of Surface Currents in Models. C. J. POSEY. *Civil Engineering*, Vol. 9, p. 619, October, 1939.

OPEN-CHANNEL FLOW

Backwater Curves in Theory and Practice. C. J. POSEY. *Proceedings of Hydraulic Conference, University of Iowa Studies in Engineering*, Bulletin No. 20, pp. 205-213, March, 1940.

PIPE FLOW

A New Method of Presenting Data on Fluid Flow in Pipes. A. A. KALINSKE. *Civil Engineering*, p. 313, May, 1939.

Solving Pipe Flow Problems with Dimensionless Numbers. A. A. KALINSKE. *Eng. News-Record*, p. 55, July 6, 1939.

PLUMBING

Safety Devices in Domestic Hot-Water Supply Systems. F. M. DAWSON and A. A. KALINSKE. *Plumbing and Heating Business*, p. 21, March, 1940.

Grease Interceptors. F. M. DAWSON and A. A. KALINSKE. *Plumbing and Heating Business*, p. 20, Nov., 1939.

Methods of Calculating Water-Hammer Pressures. F. M. DAWSON and A. A. KALINSKE. *Journal A. W. W. A.*, Vol. 31, p. 1835, November, 1939.

Hydraulics and Pneumatics of Plumbing Drainage System. F. M. DAWSON and A. A. KALINSKE. *Tech. Bulletin No. 2. National Assoc. of Master Plumbers*, 1939.

SEDIMENT TRANSPORTATION

Relation of Suspended to Bed Material in Rivers. A. A. KALINSKE and E. W. LANE. *Trans. A. G. U.*, pp. 637-641, 1939.

Laws of Transportation of Sediment by Streams: Suspended Load. HUNTER ROUSE. Report for Round Table Discussion on Role of Hydraulic Laboratories in Geophysical Research, National Bureau of Standards, September 13, 1939. Hectograph copies of report prepared for circulation by Iowa Institute of Hydraulic Research.

Criteria for Similarity in the Transportation of Sediment. HUNTER ROUSE. *Proceedings of Hydraulics Conference, University of Iowa Studies in Engineering*, Bulletin No. 20, pp. 33-49, March, 1940.

The Munch-Peterson Formula for the So-Called "Coastal Transportation Force." PAUL NEMENYI. *Trans. A. G. U.*, Part II, pp. 352-353, April, 1941.

Suspended Material Transportation Under Non-Equilibrium Conditions. A. A. KALINSKE. *Trans. A. G. U.*, pp. 613-617, 1940.

A Study of Sedimentation in a Miami Conservancy District Reservoir. E. W. LANE and J. C. KENNEDY. *Trans. A. G. U.*, p. 607, 1940.

The Different Approaches to the Study of Propulsion of Granular Materials and the Value of their Coordination. PAUL NEMENYI. *Trans. A. G. U.*, p. 633, 1940.

Notes of Limit of Sediment Concentration. E. W. LANE. *Journal of Sedimentary Petrology*, Vol. 10, pp. 95-96, August, 1940.

Sand Waves in the Lower Mississippi. E. W. LANE and E. W. EDAN. *Journal Western Society of Engineers*, p. 281, Dec., 1940.

TURBULENCE

Experimental Studies of Liquid Turbulence. A. A. KALINSKE. *Proc. of Hydraulic Conference, University of Iowa Studies in Engineering*, Bulletin No. 20, pp. 50-65, March, 1940.

Relation of Statistical Theory of Turbulence to Hydraulics. A. A. KALINSKE. *Trans. A. S. C. E.*, Vol. 105, p. 1547, 1940.

Relation of the Statistical Theory of Turbulence to Hydraulics. HUNTER ROUSE. (Discussion of paper by A. A. Kalinske.) *Trans. A. S. C. E.*, Vol. 105, p. 1567, 1940.

Relation of the Statistical Theory of Turbulence to Hydraulics. PAUL NEMENYI. (Discussion of paper by A. A. Kalinske.) *Trans. A. S. C. E.*, Vol. 105, p. 1581, 1940.

Investigations of Liquid Turbulence and Suspended Material Transportation. A. A. KALINSKE. *Fluid Mechanics and Statistical Methods in Engineering*, University of Pennsylvania Press, Philadelphia, pp. 41-54, 1941.
