ONE HUNDRED AND SIXTY-SEVENTH YEAR OF THE UNIVERSITY

The University of Iowa

Sally Mason, B.A., M.S., Ph.D.
President

P. Barry Butler, B.S., M.S., Ph.D.
Executive Vice President and Provost

Douglas K. True, B.S., M.B.A.
Senior Vice President and University Treasurer

Daniel A. Reed, B.S., M.S., Ph.D.
Vice President for Research and Economic Development

Thomas R. Rocklin, A.B., M.S., Ph.D.
Vice President for Student Life

Carroll J. Reasoner, B.A., J.D.
Vice President for Legal Affairs and General Counsel

HENRY B. TIPPIE COLLEGE OF BUSINESS

Sarah Fisher Gardial, B.S., M.B.A., Ph.D.
Dean

COLLEGE OF DENTISTRY

David C. Johnsen, B.S., D.D.S., M.S.
Dean

COLLEGE OF EDUCATION

Nicholas Colangelo, B.A., M.Ed., Ph.D.
Interim Dean

COLLEGE OF ENGINEERING

Alec B. Scranton, B.S., Ph.D.
Dean

GRADUATE COLLEGE

John C. Keller, B.S., M.S., Ph.D.
Dean and Associate Provost for Graduate Education

COLLEGE OF LAW

Gail B. Agrawal, B.A., M.P.H., J. D.
Dean

COLLEGE OF LIBERAL ARTS AND SCIENCES

Chaden Djalali, B.S., M.S., Ph.D.
Dean

ROY J. AND LUCILLE A. CARVER COLLEGE OF MEDICINE

Debra A. Schwinn, B.A., M.D.
Dean

COLLEGE OF NURSING

Rita A. Frantz, B.S.N., M.A., Ph.D.
Dean

COLLEGE OF PHARMACY

Donald E. Letendre, B.S., Pharm.D.
Dean

COLLEGE OF PUBLIC HEALTH

Susan J. Curry, B.A., M.A., Ph.D.
Dean

UNIVERSITY COLLEGE

M. Beth Ingram, B.S., Ph.D.
Dean and Associate Provost for Undergraduate Education

DIVISION OF CONTINUING EDUCATION

Chester S. Rzonca, B.S., M.A., Ed.D.
Dean and Associate Provost

INTERNATIONAL PROGRAMS

Downing Thomas, B.A., M.A., Ph.D.
Associate Provost and Dean

UNIVERSITY LIBRARIES

Nancy L. Baker, B.A., M.L.S., M.A.
University Librarian

UNIVERSITY OF IOWA HOSPITALS AND CLINICS

Kenneth P. Kates, B.S., M.B.A.
Associate Vice President of UI Health Care and Chief Executive Officer

UNIVERSITY HYGIENIC LABORATORY

Christopher G. Atchison, A.B., M.P.A.
Director

HONORARY DEGREES

The University of Iowa confers honorary degrees to individuals who have demonstrated extraordinary achievements in such areas as research, scholarship, education, artistic creation, social activism, human rights, or humanitarian outreach. Nominations are made by the faculty, with selections approved by the Provost and the Board of Regents, State of Iowa.

Honorary degrees have been awarded to the following individuals:

Marvin Pomerantz, Honorary Doctor of Humane Letters, December 2007

Ignacio Ponseti, Honorary Doctor of Science, December 2007

Robert Solow, Honorary Doctor of Humane Letters, May 2008

Himie Voxman, Honorary Doctor of Humane Letters, December 2008

Johan Hultin, Honorary Doctor of Science, May 2009

Henry B. Tippie, Honorary Doctor of Humane Letters, December 2009

Tom Brokaw, Honorary Doctor of Humane Letters, May 2010

Robert Hass, Honorary Doctor of Humane Letters, May 2010

John Pappajohn, Honorary Doctor of Humane Letters, May 2010

C. Vivian Stringer, Honorary Doctor of Humane Letters, May 2010

Gregs Thomopoulos, Honorary Doctor of Science, May 2010

Arthur A. Neu, Honorary Doctor of Humane Letters, December 2010

Richard (Dick) Myers, Honorary Doctor of Humane Letters, May 2011

Jerre Stead, Honorary Doctor of Humane Letters, May 2011

Robert Osterhaus, Honorary Doctor of Science, May 2012

Robert D. Ray, Honorary Doctor of Laws, May 2012

Stanley F. Redeker, Honorary Doctor of Humane Letters, May 2012

The University of Iowa is pleased to make the following awards in May 2013:

JOHN W. COLLOTON -- HONORARY DOCTOR OF HUMANE LETTERS

After earning his master's degree from what is now the Department of Health Management and Policy in the College of Public Health, John W. Colloton served the University of Iowa Hospital and Clinics (UIHC) for 44 years, 22 of them as CEO. During his tenure, he transformed the UIHC from a physically and operationally outmoded hospital campus into a state-of-the-art comprehensive academic medical center. He was elected a member of the Institute of Medicine of the National Academy of Sciences in 1987, and chairman of the Association of American Medical Colleges in 1988—only the second non-physician to hold that position in the 112-year history of the association. Additional honors Mr. Colloton has received in recognition of his leadership and contributions to the fields of medicine, public health, and health care include induction into the National Health Care Hall of Fame, receipt of the American Hospital Association's Distinguished Service Award, and receipt of the Horatio Alger Award for Distinguished Americans. The University of Iowa and the Board of Regents, State of Iowa, have previously recognized Mr. Colloton's contributions in several significant ways, including the naming of the UIHC John W. Colloton Pavilion in honor of his leadership. Mr. Colloton and his wife Mary Ann are recognized as Founding Partners of the College of Public Health, of which he has been a dedicated supporter.

The University of Iowa wishes to recognize John W. Colloton for his visionary leadership of and more than four decades of service to the University of Iowa Hospitals and Clinics; his extraordinary contributions to medicine, public health, and health care in Iowa and beyond; and his enduring commitment to advancing the University of Iowa in all aspects of its education, research, and service mission.

MARY LOUISE PETERSEN, HONORARY DOCTOR OF HUMANE LETTERS

Mary Louise Petersen graduated with highest distinction from the UI College of Liberal Arts in 1951. She joined the Iowa State Board of Regents (as it was then known) in 1969, and served as Board president from 1973 until 1981. In that role she advanced a vision of higher education trusteeship that embraced not just fiduciary responsibility but also careful nurturing of the academic culture, respect for diverse points of view, and collaboration. She received national recognition for her leadership, including appointment to the Carnegie Foundation Board of Trustees, election as chair of the board of directors of the Association of Governing Boards for Colleges and Universities, and service as an advisor to the National Association of College and University Business Officers. Through her national service she had a profound impact on higher education nationwide, and was an invaluable ambassador for Iowa. Ms. Petersen has remained an important friend of the University and the UI Foundation. She co-chaired the Good. Better. Best. Iowa. capital campaign and the Old Capitol Museum campaign, was a member of the UI Foundation's board of directors from 1991 to 2006, and now is a lifetime honorary director. She and her husband Rand have generously supported UI programs, particularly the Pentacrest museums. Ms. Petersen has received the state of Iowa's Distinguished Service Award and is a member of the Iowa Women's Hall of Fame.

The University of Iowa wishes to recognize Mary Louise Petersen for her exceptional contributions to higher education governance in Iowa and nationally, for her ongoing dedication to civic leadership, and for her long and distinguished record of service in support of the University's mission.

GRADUATE COLLEGE

Doctor of Philosophy

- Nia Aitaoto, *Honolulu, HI*
Community and Behavioral Health.
Thesis: Pacific Culture and Type 2
Diabetes: Formative Research to Inform
Interventions to Improve Glycemic
Control among Pacific Islanders
- Shawn Raja Akbar, *Waterloo*
Philosophy. Thesis: Musical
Understanding: Studies in Philosophy
and Phenomenological Psychology
- Farah Yacoub Alul, *Coralville*
Genetics. Thesis: Investigating the
Genetics of Thyroid Stimulating
Hormone in Newborns
- Danielle Jeanine Beekman, *Oxford*
Genetics. Thesis: The Evolution and
Expression of *Drosophila* Meiosis Genes
- Bhavik Janakkumar Bhatt, *Vadodara, India*
Pharmacy. Thesis: Regenerated Cellulose
for Controlled Oral Drug Delivery
- Nirjal Bhattarai, *Kathmandu, Nepal*
Molecular and Cellular Biology. Thesis:
GB Virus C Interactions with HIV: Effects
on Immunoactivation and Mechanisms of
Immunomodulation
- Mandy Biggers, *Iowa City*
Science Education. Thesis: Elementary
Teachers' Ideas about, Planning for and
Implementation of Learner-directed
and Teacher-directed Inquiry: A Mixed
Methods Study
- Tom J. Blodgett, *Ogden Dunes, IN*
Nursing. Thesis: The Reliability
and Diagnostic Validity of Clinical
Manifestations of Catheter-associated
Urinary Tract Infection in Hospitalized
Adults: A Pilot Study
- Debra Sue Brandt, *Iowa City*
Nursing. Thesis: Factors Associated
with Young Adults' Reported Intention
of Willingness to Participate in Clinical
Research
- Kathryn Irene Gaetz Bruchmann, *Iowa City*
Psychology. Thesis: Exploring the
Implications of Construal Level for Social
Comparison Theory
- Cuong Kien Bui
Computer Science. Thesis: An
Evolutional Domain Oriented Approach
to Problem Solving Based on Web Service
Composition
- Catherine Elizabeth Burnette, *Cedar Rapids*
Social Work. Thesis: Unraveling the Web
of Intimate Partner Violence (IPV) with
Women from One Southeastern Tribe: A
Critical Ethnography
- Karissa Elizabeth Bushman, *Albuquerque, NM*
Art History. Thesis: Anticlericalism in
Goya's Works
- Marlene Cano, *Coralville*
Neuroscience. Thesis: Pharmacological
Dissection of the Actions of the Mu
Opioid Receptor in the Rostroventral
Medial Medulla
- Tania Carrasquillo, *Iowa City*
Spanish. Thesis: Reina la zafra:
[Re]presentación de la sociedad
azucarera en la narrativa puertorriqueña,
siglos XIX y XX
- Derrais Carter, *Kansas City, KS*
American Studies. Thesis: Beyond
the Veil of the Secret City: New Negro
Representation in Washington, D.C.,
1919-1935
- Si-Chi Chin, *Taipei, Taiwan*
Informatics. Thesis: Knowledge Transfer:
What, How, and Why
- Daejeong Choi, *Seoul, Republic of Korea*
Business Administration. Thesis:
Differentiated Leader-Member Exchange
and Group Effectiveness: A Dual
Perspective
- Md Zahidul Arefin Choudhury, *Dhaka, Bangladesh*
Political Science. Thesis: Politics of
Natural Disaster: How Governments
Maintain Legitimacy in the Wake of
Major Disasters, 1990-2010
- Matthew Scott Chrisman, *Blue Springs, MO*
Community and Behavioral Health.
Thesis: Perceived Environmental, Social,
and Policy Influences on Physical
Activity in Rural Midwestern Adults
- Judith Claire Coleman, *Brandon, MS*
English. Thesis: Holy Vessels, Tyrants,
Fools, and Blind Men: Performing
Antinomianism and Transgressive
Agency in English Drama, 1450-1671
- Robert Eric Colvard, *Lubbock, TX*
History. Thesis: A World Without Drink:
Temperance in Modern India, 1880-1940
- Andrew Crooke, *Iowa City*
English. Thesis: In Praise of Peasants:
Ways of Seeing the Rural Poor in the
Work of James Agee, Walker Evans, John
Berger, and Jean Mohr
- Amanda Kay Curtis, *Edon, OH*
Health and Sport Studies. Thesis:
"Minimum Essential Adjustments":
Gender, Physicality, and Equality at the
United States Military Academy, 1976-
1980
- Dana Leigh Dailey, *Milan, IL*
Physical Rehabilitation Science.
Thesis: Pain, Fatigue, Function and
Transcutaneous Electrical Nerve
Stimulation in Individuals with
Fibromyalgia
- Christine Theresa Darr, *Dubuque*
Religious Studies. Thesis: The Social
Practices of Consumption and the
Formation of Desire
- Adam DeLuca, *Orono, MN*
Biomedical Engineering. Thesis:
Computational Methods for Efficient
Exome Sequencing-based Genetic Testing
- Jonathan DeShaw, *Iowa City*
Biomedical Engineering. Thesis: New
Methodologies for Evaluating Human
Biodynamic Response and Discomfort
during Seated Whole-body Vibration
Considering Multiple Postures
- Varsha Sudhir Dhamankar, *Iowa City*
Pharmacy. Thesis: Cytochrome P450-
mediated Drug Metabolizing Activity in
the Nasal Mucosa
- Brian F. Dillman, *Iowa City*
Chemical and Biochemical Engineering.
Thesis: The Kinetics and Physical
Properties of Epoxides, Acrylates,
and Hybrid Epoxy-Acrylate
Photopolymerization Systems
- Lori Lee Dockery, *Iowa City*
Psychological and Quantitative
Foundations. Thesis: Testing
Accommodations for ELL Students on an
Achievement Test Battery
- Richard Wesley Downe, *Iowa City*
Electrical and Computer Engineering.
Thesis: Predictive Analysis of Coronary
Plaque Morphology and Composition on
a One Year Timescale
- Kerry Delaney Doyle, *Tabernacle, NJ*
English. Thesis: Agnostos Dei: Staging
Catholicism and the Anti-Sectarian
Aesthetic in Early-Stuart England
- Kaifang Du, *Iowa City*
Biomedical Engineering. Thesis:
Regional Pulmonary Function Analysis
Using Image Registration and 4DCT
- Pengfei Du, *Shijiazhuang, China*
Mechanical Engineering. Thesis:
Numerical Modeling of Porosity and
Macrosegregation in Continuous Casting
of Steel
- Alfredo Duplat Ayala, *Bogota, Colombia*
Spanish. Thesis: Hacia una genealogía
de la transculturación narrativa de Angel
Rama
- Sarah Jane Eikleberry, *Naperville, IL*
Health and Sport Studies. Thesis: More
Than Milk and Cookies: A Cultural
Analysis of the College Playday
- Jacob Matthias Elkins, *Carlsbad, NM*
Biomedical Engineering. Thesis:
Biomechanics of Failure Modalities in
Total Hip Arthroplasty
- Amir Mohammad Farnoud, *Iowa City*
Chemical and Biochemical Engineering.
Thesis: Interaction of Polymeric Particles
with Surfactant Interfaces
- Sarah Fay, *Iowa City*
English. Thesis: The American Tradition
of the Literary Interview, 1840-1956: A
Cultural History

- Carol Lea Fischer, *North English*
Oral Science. Thesis: Oral Mucosal Lipids are Antibacterial against *Porphyromonas gingivalis*, Induce Ultrastructural Damage, and Alter Bacterial Lipid and Protein Compositions
- Bradley Steven Forney, *Cedar Rapids*
Chemical and Biochemical Engineering. Thesis: Controlled Polymer Nanostructure and Properties through Photopolymerization in Lyotropic Liquid Crystal Templates
- David Gaebler, *Coralville*
Mathematics. Thesis: Unital Dilations of Completely Positive Semigroups
- James Lamar Gambrell, *Hixson, TN*
Psychological and Quantitative Foundations. Thesis: Effects of Age and Schooling on 22 Ability and Achievement Tests
- Oscar William Garza, *San Antonio, TX*
Pharmacy. Thesis: An Action Research Approach to Examining Perceptions and Needs in Diabetes Care in a Community in Mexico Using the Innovative Care for Chronic Conditions Framework
- Maya George, *Trivandrum, India*
Pharmacy. Thesis: The Role of Organic Cation Transporters in the Nasal Uptake and Brain Distribution of Organic Cation Substrates
- Suman Ghorai, *Iowa City*
Chemistry. Thesis: Chemical, Physical and Mechanical Properties of Nanomaterials and Its Applications
- Justin Mathew Glasgow, *Derby, KS*
Epidemiology. Thesis: A Critical Evaluation of Healthcare Quality Improvement and How Organizational Context Drives Performance
- Minkowan Goo, *Coralville*
Teaching and Learning. Thesis: Effectiveness of Using Computer-based Video Instruction (CBVI) in Teaching the Location of Grocery Items to Students with Intellectual Disabilities
- Vijay Govindarajan, *Iowa City*
Biomedical Engineering. Thesis: Three Dimensional Fluid Structural Interaction of Tissue Valves
- Douglas Michael Grane, *Takoma Park, MD*
Geography. Thesis: The Context, Politics, and Effects of "Monitoring and Evaluation" ("M&E") on Aid for Kenya's Education Sector
- Jenna Meredith Grant, *La Jolla, CA*
Anthropology. Thesis: Technology, Clarity, and Uncertainty: An Ethnography of Biomedical Imaging in Phnom Penh
- Seyed Mohammad Hajimirzaie, *Iowa City*
Civil and Environmental Engineering. Thesis: Flow Structure in the Wake of a Low-Aspect-Ratio Wall-Mounted Bluff Body
- Akira Hanaoka, *Takatsuki, Japan*
Mechanical Engineering. Thesis: An Overset Grid Method Coupling an Orthogonal Curvilinear Grid Solver and a Cartesian Grid Solver
- Jana Marie Hanson, *Tiffin*
Educational Policy and Leadership Studies. Thesis: Understanding Graduate School Aspirations: The Effect of Good Teaching Practices
- Sara Jeanette Hanson, *Sioux City*
Genetics. Thesis: The Molecular Evolution of Reproduction in Animals: Insights from Sexual and Asexual Rotifers
- Erin Ose Heiden, *Alden*
Community and Behavioral Health. Thesis: Injuries among Individuals with Pre-existing Spinal Cord Injury: Understanding Injury Patterns, Burdens, and Prevention
- Abbylynn Hansen Helgevold, *Eagle Grove*
Religious Studies. Thesis: Humility, Oppression, and Human Flourishing: A Critical Appropriation of Aquinas on Humility
- Shane Anthony Hoose, *Iowa City*
Music. Thesis: Three Movements for Thirteen Instruments
- Patrick Ryan Houlihan, *Henderson, NV*
Pharmacology. Thesis: The Role of Mitochondrial Restructuring in Neuronal Calcium Homeostasis and Excitotoxicity
- Xin Hu, *Nanchang, China*
Human Toxicology. Thesis: Distribution, Elimination and Toxicity Assessment of Semi-volatile Polychlorobiphenyls after Inhalation Exposure
- Yi-Tzu Huang, *Vienna, VA*
Second Language Acquisition. Thesis: Interactive Patterns in Paired Discussions between Chinese Heritage and Chinese Foreign Language Learners
- Alissa Marie Hulstrand, *Willmar, MN*
Genetics. Thesis: Characterization of a Cdc42 Effector Protein (Cep41) and a Novel Role for Cdc42 in *Xenopus* Neurogenesis and Fgf Signaling
- Ray Hales Hylock, *North Liberty*
Informatics. Thesis: Beyond Relational: A Database Architecture and Federated Query Optimization in a Multi-modal Healthcare Environment
- Mary Margaret Jacobs, *Iowa City*
Teaching and Learning. Thesis: "Get Up and Get On": Literacy, Identity Work and Stories in the Lives of Families Residing at a Homeless Shelter
- Aditsuda Jamroensan, *Iowa City*
Civil and Environmental Engineering. Thesis: Improving Bottom-up and Top-down Estimates of Carbon Fluxes in the Midwestern USA
- Sunghyun Jang
English. Thesis: The Arbitrary Power of Language: Locke, Romantic Writers, and the Standardizers of English
- Paul Nicholas Jermihov, *Edina, MN*
Biomedical Engineering. Thesis: Biomechanical Implications of Congenitally Bicuspid Aortic Valves: A Finite Element Analysis of Patient-specific Geometry
- Sharada Jha, *Iowa City*
Electrical and Computer Engineering. Thesis: Compaction Mechanism to Reduce Test Pattern Counts and Segmented Delay Fault Testing for Path Delay Faults
- Jee Young Joo, *Iowa City*
Nursing. Thesis: Community-based Case Management and Outcomes in Medicare Beneficiaries
- Jason Robert Juett, *Marion*
Mathematics. Thesis: Some Topics in Abstract Factorization
- Stephen Roland Kaepler, *West Bend, WI*
Physics. Thesis: A Rocket-borne Investigation of Auroral Electrodynamics within the Auroral-ionosphere
- Paul Michael Kaminsky, *Iowa City*
Anatomy and Cell Biology. Thesis: Focal Adhesion Kinase Signaling Regulates Highly Productive Transduction of Adeno-associated Virus through Integrin-mediated Endocytosis
- Erin Anne Kaufman, *Iowa City*
Educational Policy and Leadership Studies. Thesis: "Less Corn and More Culture": Vocal Music Activities in Iowa's Rural Schools and Neighborhoods, 1900-1940
- Megan Kathryn Keiser, *Iowa City*
Neuroscience. Thesis: Gene Therapies for Spinocerebellar Ataxia Type 1
- Elisa Keller, *Iowa City*
Economics. Thesis: Essays on Schooling, Occupations, and Earnings
- Steven James Kerrigan, *Woburn, MA*
Art History. Thesis: Normandy's Role in the Development of the Flamboyant Style: Decoration, Meaning, and Exchange in Late Gothic Architecture
- Susan Marlena Kilgore, *Dubuque*
Geoscience. Thesis: The Use of Multi-Channel Ground Penetrating Radar and Stream Monitoring to Investigate the Seasonal Evolution of Englacial and Subglacial Drainage Systems at the Terminus of Exit Glacier, Alaska
- Ja Young Kim, *Iowa City*
Psychological and Quantitative Foundations. Thesis: Factors Affecting Accuracy of Comparable Scores for Augmented Tests under Common Core State Standards

- Jae Woo Kim, *Taegu, Republic of Korea*
Business Administration. Thesis: Asymmetric Timely Loss Recognition, Private Debt Markets, and Underinvestment: Evidence from the Collapse of the Junk Bond Market
- Stephanie Ann Kliethermes, *Elmhurst, IL*
Biostatistics. Thesis: A Bayesian Nonparametric Approach to Modeling Longitudinal Growth Curves with Non-normal Outcomes
- Dong Woo Ko, *Goyangshi, Republic of Korea*
Business Administration. Thesis: Temporal Distance and the Endowment Effect
- Charlou Koenig, *San Antonio, TX*
Classics. Thesis: Commentary on Book II of the Roman Antiquities of Dionysius of Halicarnassus
- Yu-Chien Kong, *Singapore*
Economics. Thesis: Ability, Education Choice and Life Cycle Earnings
- Kristin Kuchenbecker, *Bad Lobenstein, Germany*
Teaching and Learning. Thesis: Exploring Word and Strategy Knowledge of High School Students in a German Classroom
- Sarah Christine Kucker, *Eagan, MN*
Psychology. Thesis: The Role of Vocabulary Knowledge and Novelty Biases in Word Learning: Exploring Referent Selection and Retention in 18- to 24-month-old Children and Associative Models
- Kirsten Elisabeth Kumpf Baele, *Valparaiso, IN*
German. Thesis: Thinking Outside of the Cardboard Box: The Conditions, Meanings and Myths of 'Obdachlosigkeit' in German Fiction and Film
- Eri Kurniawan, *Bandung, Indonesia*
Linguistics. Thesis: Sundanese Complementation
- Joshua Lee Langseth, *Iowa City*
Classics. Thesis: Knowing God: A Study of the Argument of Numenius of Apameia's *On the Good*
- Caylyn Ashley Lanzl, *Iowa City*
Civil and Environmental Engineering. Thesis: Size-dependent Reactivity of Hematite Nanoparticles: Environmental Implications of Dissolution Mechanisms and Aggregation
- Kristi Lohmeier Law, *North Liberty*
Social Work. Thesis: An Exploration of the Quality of Citizen Participation: Consumer Majority Boards of Community Health Centers in Iowa
- Hye Jin Lee, *Daejeon, Republic of Korea*
Mass Communications. Thesis: All Kids Out of the Pool!: Brand Identity, Television Animations, and Adult Audience of Cartoon Network's Adult Swim
- Bin Li, *Wuxi, China*
Applied Mathematical and Computational Sciences. Thesis: Look-back Stopping Times and Their Applications to Liquidation Risk and Exotic Options
- Yu-Hsin Lin, *Taipei, Taiwan*
Educational Policy and Leadership Studies. Thesis: Principal Hiring Practices: Stories the Principals Tell
- Jinyu Liu, *Iowa City*
Social Work. Thesis: Caregiver Strain among Chinese Adult Children of Oldest-old Parents
- Chu-Ling Lo, *Kaohsiung, Taiwan*
Rehabilitation and Counselor Education. Thesis: The Impact of Note-taking in Counseling
- Lipin Loo, *Penang, Malaysia*
Pharmacology. Thesis: Modulation of TRPV1, Nociceptor Sensitization, and Induction of Thermal Hyperalgesia by C-type Natriuretic Peptide
- Fang-Chi Lu, *Kaohsiung City, Taiwan*
Business Administration. Thesis: Consider the Forest or the Trees? The Effects of Mindset Abstraction on Memory-based Consideration Set Formation
- Bryan Paul Mangano, *Iowa City*
English. Thesis: Amiable Fictions: Virtual Friendship and the English Novel
- Gaowei Mao, *Iowa City*
Free Radical and Radiation Biology. Thesis: The Role of MnSOD and Sirtuin 3 in Thymocyte Responses to Radiation and Lymphomagenesis
- Kranti Ashok Mapuskar, *Iowa City*
Human Toxicology. Thesis: The Role of Sirtuin3 in Regulating Mitochondrial Superoxide Metabolism in Response to Ionizing Radiation in Mouse Embryonic Fibroblasts
- Hannah Eyre Marsh, *Cockeysville, MD*
Anthropology. Thesis: Beyond Thick versus Thin: Mapping Cranial Vault Thickness Patterns in Recent *Homo sapiens*
- Christine A. Mazurkewycz, *Iowa City*
English. Thesis: Chronic Time, Telling Texts: Forms of Temporality in the Eighteenth Century
- Allison Doris McGuffie, *Portland, OR*
Film Studies. Thesis: African Educational Film and Video: Industry, Ideology, and the Regulation of Sub-Saharan Sexuality
- Robert Bruce McLoone, Jr., *San Antonio, TX*
English. Thesis: The Enchanted Plantation: Literature, Speculation, and the Credit Economy in Virginia, 1688-1754
- Janthima Methaneethorn, *Thailand*
Pharmacy. Thesis: Population Pharmacokinetics and Pharmacodynamics of Pyronaridine
- Thad Jefferson Michael, *Fairfax, VA*
Mechanical Engineering. Thesis: Development and Validation of a Sharp Interface Cavitation Model
- Elizabeth Dastrup Mills, *Orem, UT*
Biostatistics. Thesis: Adjusting for Covariates in Zero-inflated Gamma and Zero-inflated Log-normal Models for Semicontinuous Data
- Seyed Mohammad S Mirghorbani Nokandeh, *Tehran, Iran*
Industrial Engineering. Thesis: Graph-theoretic Studies of Combinatorial Optimization Problems
- Linda Y. Mokdad, *Dearborn, MI*
Film Studies. Thesis: Imaginary Geography: Mapping the History of the Middle East in Post-9/11 American Cinema
- Stephanie Ann Mueller, *Bellevue*
Spanish. Thesis: Conflicting Identities in Spain's Peripheries: Centralist Spanish Nationalism in Contemporary Cultural Production of Catalonia and the Basque Country
- Elizabeth Ann Mullen-Houser, *Iowa City*
Psychology. Thesis: Immune-spectrum Disease among Female Veterans: Relations with Posttraumatic Stress Disorder and Maladaptive Repetitive Thought
- Kristine E. Newhall, *Iowa City*
Women's Studies. Thesis: Is This Working Out?: A Spatial Analysis of Women in the Gym
- Huy Tuan Nguyen, *Ho Chi Minh City, Vietnam*
Neuroscience. Thesis: Dystroglycan in Cerebellar Development and Disease
- Robert Niedzialomski
Mathematics. Thesis: Extension of Positive Definite Functions
- Mayumi Oakland, *Utsunomiya, Japan*
Microbiology. Thesis: Improving Lentiviral Vector-mediated Gene Transfer by Understanding Cellular Barriers
- Nkechi Catherine Onwuameze
Educational Policy and Leadership Studies. Thesis: Education Opportunity and Inequality in Nigeria: Assessing Social Background, Gender, and Regional Effects
- Cristina Lea Ortiz, *Columbus Junction*
Anthropology. Thesis: Making Meatville: Belonging and Migration in a Midwest Meatpacking Town
- Marilda Janet Oviedo, *Midland, TX*
Mass Communications. Thesis: Growing Up Latina: Latina Girls, Online 'Zine Production, and Identity Formation

- Tania Pérez Cano, *Iowa City*
Spanish. Thesis: *Ecopoéticas transatlánticas: del texto a la acción social*
- Jean-Paul Perrotte, *Reno, NV*
Music. Thesis: . . . the river flows, shaping a changing landscape . . .
- Kevin Damone Pinkston, *Sacramento, CA*
Sociology. Thesis: The Role of Social Capital in Racial Differences in Lawyer Success
- Trenton Lane Place, *Iowa City*
Molecular and Cellular Biology. Thesis: A Novel Role for Prolyl-hydroxylase 3 Gene Silencing in Epithelial-to-Mesenchymal-like Transition
- Ezra Lincoln Plank, *Pollock Pines, CA*
Religious Studies. Thesis: Creating Perfect Families: French Reformed Churches and Family Formation, 1559-1685
- Nattida Promyod, *Iowa City*
Teaching and Learning. Thesis: Investigating the Shift of Thai Teachers' Views of Learning and Their Pedagogical Practices Throughout the Implementation Phase of the Adoption of an Argument-based Inquiry Approach
- Jiang Qiu, *Lintong, China*
Pharmacy. Thesis: The Effects of Conformation and Aggregation on the Pharmaceutical Chemistry Properties of Lipopeptide (Daptomycin)
- Shen Qu
Civil and Environmental Engineering. Thesis: Environmental Fate of Endocrine Disrupting Growth Promoters Used in Cattle Production
- Sai Kumar Ramadugu, *Iowa City*
Chemistry. Thesis: Carbohydrate-Protein Interactions: Structure, Dynamics and Free Energy Calculations
- Stacy Sommerfeld Ross, *Iowa City*
Pharmacy. Thesis: *In vitro Pseudomonas aeruginosa* Biofilms: Improved Confocal Imaging and Co-Treatment with Dispersion Agents and Antibiotics
- Corey Michael Rubin, *Cedar Rapids*
Spanish. Thesis: Rats in the City: Mapping a Space-Character Interface in the Narratives of Spain's Generation X

HENRY B. TIPPIE COLLEGE OF BUSINESS

The University of Iowa first offered courses in economics and business in 1858. The School of Commerce was formally established in 1914 and the College of Business Administration, which was founded in 1921, received national accreditation in 1923. The College was renamed the Henry B. Tippie College of Business in 1999. Today, there are more than 3,000 students in the College working toward Bachelor of Business Administration (B.B.A.), Master of Accountancy (M.Ac.), Master of Business Administration (M.B.A.) and doctoral (Ph.D.) degrees.

The Undergraduate Program provides a broad business education along with specializations in the areas of accounting, economics, finance, marketing, management and organizations, and management information systems. Student organizations, the Frank Business Communications Center, and specialized programming for targeted student groups provide a full-service educational experience. In addition, students can earn certificates in International Business, Entrepreneurship, and Risk Management and Insurance.

The Tippie M.B.A. program provides advanced management education that expands a student's ability to excel in the global business economy. The full range of M.B.A. programs is listed in the adjacent column. The Master of Accountancy program is intended for students seeking a career in public accounting. The College's Ph.D. program prepares individuals for faculty positions in academia, as well as for business or government careers.

The College hosts a number of centers that promote research and opportunities within specialized career areas. The Hawkinson Institute of Business Finance provides opportunities for students interested in working in the investment community, while the Emmett J. Vaughan Institute for Risk Management and Insurance helps students explore careers in risk management and insurance. The RSM McGladrey Institute of Accounting Education and Research provides research and services to the field. The John Pappajohn Entrepreneurial Center offers a full spectrum of programming for both student and community-based entrepreneurs. Students in the Tippie College of Business can learn more about the global business environment through the Institute for International Business and participate in hands-on projects with real world clients through the Marketing Institute.

With more than 45,000 alumni living around the globe, the Tippie College of Business has had an impact on the world of business.

HENRY B. TIPPIE SCHOOL OF MANAGEMENT

Created in 1960, the Master of Business Administration (M.B.A.) Program at The University of Iowa was "born into a secure future as the College's flagship." Now, boasting enrollment of more than 1,000 students, the M.B.A. Program is recognized as being among the top programs in the world.

The School's core mission is to produce global business managers with the requisite skills and competencies to successfully compete in the global marketplace. The curriculum and supporting activities helps students to both deepen and broaden their business skill set to be optimally equipped to add value in the business and public sectors. The program is designed for college graduates in any field but emphasizes the importance of professional experience prior to enrollment.

Students have the option of pursuing the M.B.A. degree on campus through the Full-time M.B.A. Program, part-time through the M.B.A. for Professionals and Managers (M.B.A.-PM), or via the Executive M.B.A. or International M.B.A. programs. M.B.A.-PM classes are offered in the Quad Cities, Cedar Rapids and Des Moines. Students may pursue the Executive M.B.A. program in Iowa City or Des Moines and the dual-degree Executive M.B.A. Program in Cedar Rapids. The International M.B.A. Program consists of the European M.B.A. Program offered in Italy and the Asian M.B.A. Program offered in Hong Kong. More than 250 companies are currently represented in the Tippie programs designed for working professionals.

The School participates in several joint-degree programs for students enrolled full-time. These include the M.B.A./J.D. Program with the College of Law, the M.B.A./M.D. Program with the Carver College of Medicine, and the M.B.A./M.H.A. Program with the College of Public Health.

Over 8,000 graduates now hold an M.B.A. degree from The Henry B. Tippie School of Management. Successful alumni can be found worldwide, in every facet of today's global economy.

COLLEGE OF DENTISTRY

Dental education began at The University of Iowa in 1882 with 14 students, four faculty members, and a first year's budget of just over \$1,000. Patients were treated in an improvised clinic equipped with borrowed barber chairs. Today the College of Dentistry is ranked among the leading dental schools in the United States. An integral part of The University of Iowa Health Sciences Center, the College enrolls dental students, advanced education and graduate students in programs representing all of the dental specialties as well as master's and Ph.D. programs in oral science.

The Dental Science Building affords faculty and students of the college excellent facilities for their many programs of research into the nature and treatment of oral diseases. These investigations have resulted in a number of significant advances in dental science.

An expansion and renovation of clinic, classroom and research space are currently underway and will result in state-of-the-art facilities for students, faculty and patients.

Faculty, postdoctoral and predoctoral students extend service to hundreds of thousands of Iowa citizens in the patient-care clinics of the Dental Science Building. Students also provide dental care to Iowa communities through the College's extramural programs in hospitals, community health centers and nursing homes. Dental health educational presentations are regularly provided by dental students in schools, nursing homes and other locations throughout the state.

The College has a long history of graduating students who become nationally prominent clinicians, dental educators, and researchers. More than 4,600 living alumni perpetuate the College's tradition of excellence as they distinguish themselves with contributions to their professions and our society.

COLLEGE OF EDUCATION

The College of Education traces its roots to the University of Iowa's founding in 1847. Teacher education was the only program specifically called for when legislators created the State University of Iowa, just two months after Iowa became a state. Currently, the College enrolls approximately 500 undergraduate students in programs that prepare them for licensure in special education, elementary education, and eight secondary education areas, and approximately 700 graduate students in programs that *U.S. News & World Report* consistently rank highly among the top public graduate programs in the nation.

Education graduates can be found serving as counselors, psychologists, principals, superintendents, student development experts, testing specialists, and educational leaders across the nation. In addition to their innovative teaching, the College's 81 faculty members are actively engaged in research and service. They have formed numerous partnerships with community school districts throughout Iowa to create and investigate new methods of learning and teaching. They also provide a wide range of outreach services by supplying valuable information and support for teachers, administrators, counselors, and communities. Faculty members work collaboratively with K-12 educators, assist school districts with curriculum development, provide counseling services, and administrator workshops for professional development and continuing education.

The College is also home to the Iowa Testing Programs, developers of the *Iowa Assessments*. ACT and Pearson Education both developed from the Iowa Testing Programs. Faculty members have also worked with the Educational Testing Service and the College Board.

As a leader of gifted education, the College's Connie Belin & Jacqueline N. Blank International Center for Gifted Education and Talent Development offers services, support, and programs for academically gifted and talented students and their teachers from pre-K through college level. These activities touch the lives of children from a wide variety of communities across the region and have helped distinguish the College as one of the top programs for gifted education in the country.

The College also excels in the area of assisting learners with disabilities. The Iowa

Center for Assistive Technology Education and Research (ICATER) not only provides hands-on preparation to all College students, but also conducts and supports research examining the effectiveness of adaptive technology devices in education, living, and work. In addition, the REACH (Realizing Educational And Career Hopes) program offers a two-year certificate, with a third-year option, for students with intellectual and learning disabilities. The first of its type at a major public university, REACH empowers these young adults to acquire the skills necessary to become independent, productive, and fully participating adults living and working in the community. The College of Education is clearly home to leaders, scholars and innovators.

COLLEGE OF ENGINEERING

Engineering is a profession devoted to applying knowledge of the mathematical and natural sciences to the discovery and development of efficient ways to use the materials and forces of nature for the benefit of society.

Career opportunities in engineering are numerous and diverse. In preparing men and women for these opportunities, The University of Iowa College of Engineering seeks to produce high-calibre professionals with interdisciplinary interests and strong backgrounds in engineering fundamentals. It offers students engineering education in the context of a diversified university with a strong College of Liberal Arts and Sciences and outstanding professional colleges.

With educational courses dating back more than 100 years, the College today has an enrollment of about 2,190 students—1,840 of whom are undergraduates. About 50 percent of undergraduate enrollment comes from the state of Iowa, with another 37 percent attending from contiguous states. Women make up approximately 22 percent of undergraduates.

There are 87 faculty serving six undergraduate programs in biomedical, chemical, civil, electrical, industrial, and mechanical engineering.

Student achievement has become a hallmark of the College. Average ACT scores are consistently in the top 10th percentile.

Even though engineering students represent only 5.8 percent of University enrollment, they are awarded many top first-year merit scholarships. Since 1980, 25 engineering students have earned the prestigious University Hancher-Finkbine

Medallion for achievement and leadership. The College is the first in the U.S. to offer a Technological Entrepreneurship Certificate with an engineering degree.

The college offers graduate programs in biomedical, chemical and biochemical, civil and environmental, electrical and computer, industrial, and mechanical engineering. Research units of the college include the Center for Bioinformatics and Computational Biology, Center for Computer-Aided Design, IHR—Hydroscience and Engineering, and the Iowa Institute for Biomedical Imaging.

GRADUATE COLLEGE

The University of Iowa's Graduate College was founded in 1900 and that year awarded its first doctorate to Fred D. Merritt in political science. Since then, it has conferred 76,686 master's, 558 specialist, and 20,162 doctoral degrees. With more than 5,500 students, the college now accounts for nearly one-fifth of the University's total enrollment, in more than 100 different programs of advanced study, research, and artistic creation. The Graduate College is a proud supporter of interdisciplinary programs, including a unique, individualized interdisciplinary studies doctorate program.

All faculty members with professorial rank in the academic divisions of the University hold membership on the Graduate College faculty; thus, almost all of the University's 1,621 faculty members participate in graduate instruction. Because academic programs involve specialists from different disciplines and because many faculty members hold appointments in more than one department, school, or college, graduate instruction is assured a healthy interaction and collaboration among disciplines.

A number of the University's graduate programs are recognized as the finest, or among the finest, in the nation. The Graduate College boasts five winners of the prestigious UMI/CGS Dissertation Prize, the most awarded to any doctoral institution since the inception of the award. In 2001 the college inaugurated its Graduate College Outstanding Mentor Awards. The awards for the 2012-13 academic year were made to Sara Mitchell, Political Science; Kyung "K.K." Choi, Mechanical Engineering; and Witold Krajewski, Civil and Environmental Engineering, in recognition of their outstanding contributions to graduate education.

COLLEGE OF LAW

The University of Iowa College of Law prepares its students to become tomorrow's leaders in law, government and industry. The leading academic law library, a global curriculum, and a strong writing tradition highlight the world-class legal education we provide. Through our unique Citizen Lawyer Program, live-client clinics, and a wide-range of externship placements, our law students hone their skills and embrace the highest ideals of the legal profession by providing legal services to the indigent and working on law reform for the improvement of the general welfare. Iowa-educated lawyers begin early to make a difference.

When students choose to come to the University of Iowa College of Law, they become part of a proud history. The College of Law is the oldest law school in continuous operation west of the Mississippi and from the day we first opened our doors in 1865 through the current day, the College has been a welcoming and inclusive community, admitting students dedicated to the study of law without regard to ethnicity, gender, religion, sexual identity, or socio-economic status. Today, we have an enrollment of more than 520 students and a faculty of approximately 50 full-time professors. Ninety undergraduate institutions and 31 states and foreign countries were represented by the 2012 entering class; approximately 55 percent of whom are residents of the state of Iowa.

Our alumni practice law from Wall Street to the Silicon Valley, from London to Beijing, and in each of Iowa's 99 counties. As corporate counsel, they advise business leaders, and as chief executive officers, they run businesses. They are state and federal judges, appointed officials, elected leaders, law professors, law deans, and university presidents. They can be found in the halls of Congress, on Indian reservations, in classrooms, courtrooms, and boardrooms in every state in the nation, and in countries around the world.

The learning environment at the College of Law is rigorous and collaborative, and the intellectual climate is open and robust. Whether the topic is legal theory or legal practice, constitutional law or contracts, our students select courses from a rich and varied curriculum and participate in a wide array of extracurricular learning opportunities. Our Legal Analysis, Writing and Research program, along with our Writing Resource Center and our four student-edited law journals, showcase our longstanding tradition of training exceptional legal writers.

The College of Law offers service to the state of Iowa and prepares our students to become civically engaged citizens and community leaders through our Citizen Lawyer Program. This comprehensive program develops and matches students with service

opportunities while teaching the values and skills important to new lawyers through activities that include: *pro bono* (law-related volunteer) projects, community service opportunities, service learning courses, and professional values and civic leadership programs.

Our faculty is comprised of nationally and internationally known scholars and accomplished teachers who are leaders in their fields of study. Their scholarship is cutting-edge and their research and advocacy make a difference on issues ranging from bankruptcy law to the criminal justice system. The College of Law offers a climate of collegiality where student-faculty interaction is pervasive, and where collaboration across disciplinary boundaries yields new insights and cross-campus partnerships.

The College of Law ranks among the nation's best law schools, public or private. But, as a public law school, we take our public missions of access, affordability, and service seriously. To fulfill the promise to the public we serve, we draw upon the breadth and depth of the law school's assembled expertise to create new knowledge and to address the weightiest problems confronting modern society. We are grateful to the State of Iowa and the many individuals whose support contributes to our success.

COLLEGE OF LIBERAL ARTS AND SCIENCES

The College of Liberal Arts and Sciences invites students to explore the entire range of human learning: the fine arts, the humanities, the social sciences, and the natural and mathematical sciences. Our students work with faculty members who are committed to integrating their research into their teaching and to helping students develop their own capacity to ask significant questions, to think analytically, to draw conclusions from what they learn, and to discover workable solutions to problems. These skills, honed throughout the undergraduate experience, will form the basis for life-long success and learning. We seek to prepare our graduates to be knowledgeable citizens and to enable them to continually acquire the new information and skills they will need to meet the challenges of our ever-changing world.

Although a liberal arts and sciences education has been available since The University of Iowa first began offering instruction in 1855, the "College of Liberal Arts" was not created until the beginning of the 1900-01 academic year. In the years that followed, other colleges evolved out of that first college: Engineering in 1905, Education in 1913, and Commerce (now the Tippie College of Business) in 1921. In fall 2001, The College of Liberal Arts became "The College of Liberal Arts and Sciences," a name that encompasses the breadth of the College's teaching and research.

In 1900-01, the College had about 600 students in its four "courses of study," and

a faculty consisting of only 28 professors and assistant professors. Today, more than 16,000 undergraduates are enrolled every year. Over 90 percent of all UI undergraduates begin their studies in the College of Liberal Arts and Sciences, and we award more than 70 percent of the University's undergraduate degrees. Our students choose to major in one—or more—of nearly 60 different programs leading to a B.A., B.L.S., B.S., B.M., or B.F.A. degree. Many of our students add minors and certificates to their degrees, further expanding their knowledge and skills.

More than 600 tenured and tenure-track faculty members form more than three dozen separate departments and work together in numerous interdisciplinary programs to provide research, teaching and service to our students, the state, and the world. Faculty members from every area of the College have developed national and international reputations for the quality of their research and creative work. Every year, members of our faculty are recognized by national and international foundations, earning Fulbright, Guggenheim, National Endowment for the Arts, National Institutes of Health, and National Science Foundation fellowships and other awards. They receive recognition and awards from disciplinary organizations as well. Here on campus, CLAS faculty members routinely win University-wide teaching awards as well as other recognition of their teaching and scholarship.

Our students are also recognized for their achievements. Every year, more than 200 College of Liberal Arts and Sciences students graduate "with honors" in their major. Even more graduate "with distinction," "with high distinction," or "with highest distinction." Our students participate in departmental honors societies, and in national honor societies including Phi Beta Kappa, Mortar Board, and Omicron Delta Kappa. We are pleased to recognize student achievement in other ways, too. Each year, the College provides many scholarships recognizing student achievement. We also provide research funding to undergraduates, including the Dewey Stuit Fund in Liberal Arts & Sciences and the John and Elsie Mae Ferentz Undergraduate Fellowships for Research, which provide support for undergraduate travel, research, and mentoring projects.

The College collaborates with other University units to foster scholarship, teaching, and service. We work with every one of the other colleges, offering joint programs and course work, and providing students opportunities for collaborative research and other learning activities. We support and are supported by the Pomerantz Career Center in providing internships before graduation and career guidance after graduation. We are grateful to the many alumni who continue to support the College with their time and energy and who have helped to provide

funding to create opportunities and scholarships for our students.

The College of Liberal Arts and Sciences is proud of our history and our current endeavors, remaining dedicated to the mission of the College: to advance scholarly and creative endeavor through leading-edge research and artistic production; to use this research and creativity to enhance undergraduate, graduate, and professional education, health care, and other services provided to the people of Iowa, the nation, and the world; and to conduct these activities in a culturally diverse, humane, technologically advanced and increasingly global environment.

ROY J. AND LUCILLE A. CARVER COLLEGE OF MEDICINE

The University of Iowa Carver College of Medicine admits students to the four-year Doctor of Medicine (M.D.) program. In addition, the College is home to the physical therapy, physician assistant, and medical scientist training programs. The College offers joint-degree programs with the Colleges of Law, Business and Public Health. Its faculty members also provide instruction to several thousand students each year from the Graduate College, the Colleges of Dentistry, Nursing, Pharmacy, and Public Health, and the life science areas of the College of Liberal Arts and Sciences. The clinical faculty additionally provides instruction for nearly 600 physicians in residency and fellowship training in all the medical and surgical specialties.

Each year, several thousand physicians and other health professionals update their knowledge and skills in the College's continuing medical education programs.

Community-based medical education for medical students, residents, and physician assistant students is available through six regional medical education centers across the state. The College administers a community-based primary care clerkship for third-year medical students as well as a job-shadowing program for first-year students. The College also coordinates the UI-Affiliated Family Practice Training Network—comprised of eight family medicine residency programs in seven Iowa communities—as well as a visiting professor program in which faculty members present teaching conferences and participate in other education activities at the community-based residency sites.

The spectrum of new knowledge in medicine is such that health care problems need to be approached by an integration of relevant disciplines and a melding of faculty expertise into groups of scholars with a common purpose.

UI Carver College of Medicine researchers are leaders in the areas of biomedical imaging, cancer, cardiovascular disease, brain

imaging and neurosciences, cystic fibrosis, hearing loss and deafness, muscular dystrophy, macular degeneration and other blinding eye diseases, and Huntington's disease. Carver College of Medicine investigators have been successful in obtaining external support; the college's research enterprise garnered \$209.5 million in external funding in fiscal year 2012. The research funding and reputation emanate from the efforts of faculty and staff, students, and postdoctoral trainees working in the laboratories of some of the nation's premier biomedical scientists in leading interdisciplinary research and training programs.

COLLEGE OF NURSING

The University of Iowa College of Nursing has offered basic nursing education since the turn of the 20th century and baccalaureate and master's degree programs for more than 50 years. A Ph.D. program in nursing began in 1988. The College is an integral part of the health sciences campus, sharing in and contributing to teaching, research, and patient-care resources, which have earned international recognition.

Undergraduate students enter the nursing program after completing the pre-professional course. Six semesters of study in nursing are required to complete the undergraduate degree.

All senior undergraduates have a clinical internship that facilitates the transition from student to staff nurse. Internships are supervised by 300 staff nurse preceptors across the state.

Special program options are available for registered nurses pursuing the B.S.N. Registered nurses may complete their B.S.N. through an online program.

The Master of Science—Clinical Nurse Leader (CNL) role is designed for nurses who want to stay at the bedside, lead teams, coordinate and improve care and help elevate professional practice standards. Nurses with a BSN and approximately two years of experience who are seen as strong clinicians are good candidates for the CNL program. Excellent communication skills, ability to negotiate, curiosity and desire to address systems problems are essential for CNLs. Nurses who like to be leaders and are comfortable with ambiguity do well as CNLs.

The Doctor of Nursing Practice (D.N.P.) degree is designed to prepare clinicians with the knowledge and skills to provide the highest standard of care for individuals, families and communities and navigate today's complex health care systems. Nurse managers and administrators will gain the knowledge and skills necessary to develop, implement and monitor programs of care and policies in complex organizations. You can enter the D.N.P. post-B.S.N. or post-M.S.N.

The Doctor of Philosophy in Nursing (Ph.D.) program prepares scholars to conduct research in nursing, to extend the

knowledge base relevant to nursing, and to collaborate in interdisciplinary research with other scholars. Study requires expertise in nursing and developing competence in research that relates to the practice of nursing and delivery of health care. Graduates of the program are prepared for careers as researchers, faculty, consultants, and as leaders within the profession, in health policy making agencies, and within the health care system.

COLLEGE OF PHARMACY

The College was originated by a forward-thinking group of pharmacists from the Iowa Pharmaceutical Association in 1885 and was one of the first Colleges of Pharmacy in the nation associated with a major public university. This nationally ranked program is located in the Health Sciences Center on the west side of the University's main campus in close proximity to the Colleges of Medicine, Nursing, Dentistry, Public Health and The University of Iowa Hospitals and Clinics.

The pharmacy profession is concerned with a wide variety of activities, from developing new drug products to dispensing medicines to patients. An important concept in the delivery of pharmacy care is medical therapy management—the responsible provision of drug therapy to achieve defined outcomes that improve patients' quality of life. These outcomes include preventing, arresting, or curing a disease, and/or eliminating or reducing its symptoms. In order to carry out these responsibilities, pharmacists specialize in the science of drugs and drug information.

Iowa's pharmacy students study with professors who are pioneering the development of new drugs to solve chronic health problems and exploring means to improve the safety and effectiveness of current drugs. The College is also home to a drug research and manufacturing area where experimental drugs are produced for testing and licensing by manufacturers before being introduced worldwide.

The Doctor of Pharmacy (Pharm.D.) degree combines didactic course work with extensive pharmacy practice experience to prepare a pharmacist for an expanded role in monitoring, evaluating, and optimizing drug therapy in hospitalized and ambulatory patients. Students graduating from the college enjoy a wide variety of professional opportunities in community pharmacy, hospital pharmacy, government, and the pharmaceutical industry.

The College also has an extensive research and graduate education program leading to both master's and doctoral degrees in medicinal and natural products chemistry, pharmaceuticals, clinical pharmaceutical sciences, and pharmaceutical socioeconomics. Graduates of these programs are employed

by the pharmaceutical industry, government and also assume academic positions. The College also offers a joint degree program with the College of Public Health.

COLLEGE OF PUBLIC HEALTH

Formed in 1999, the College of Public Health is the newest collegiate unit at the University of Iowa. Building on the University's long tradition of public health training, research, and service—including programs targeting agricultural safety and health, birth defects and cancer monitoring, health services planning, and women's health—the establishment of this college marked a renewed and expanded commitment to improving the health of all Iowans and people throughout the world.

Public health is an interdisciplinary field made up of a wide range of professionals, including physicians, nurses, dentists, pharmacists, social workers, nutritionists, environmental scientists, health educators, biostatisticians, epidemiologists, health service administrators, and many others. What unites public health practitioners is the shared goal of preventing disease and injury and promoting healthy practices among entire populations.

The College of Public Health includes the Departments of Biostatistics, Community and Behavioral Health, Epidemiology, Health Management and Policy, and Occupational and Environmental Health. Four graduate degrees are offered: Master of Health Administration, Master of Public Health, Master of Science, and Doctor of Philosophy. Several public health combined-degree options are available with other UI colleges, including Business, Law, Medicine, and Pharmacy, as well as the College of Veterinary Medicine at Iowa State University. An interdisciplinary program in human toxicology is available as is an occupational medicine residency program. There are also opportunities for distance learning and certificate programs in public health. In Fall 2012, the college began implementing a new Undergrad to Grad Program that allows incoming undergraduates to earn both a bachelor's degree and a Master of Public Health or a Master of Science degree in five years. More than 25 research centers and institutes based in the college provide focused research on critical public health topics and deliver outreach and service activities in every Iowa county and beyond. Approximately 450 students are enrolled in educational programs within the College of Public Health. The college is accredited by the Council on Education for Public Health (CEPH), the accrediting body for the nation's schools and colleges of public health.

UNIVERSITY COLLEGE

The University College is home to a wide range of programs for University of Iowa students and precollege students. It includes major college-level programs such as the University of Iowa Honors Program, Career Center Programs, Lifetime Leisure Skills, and a degree program leading to the Bachelor of Applied Studies (B.A.S.). The B.A.S. is designed for graduates of community college technical programs who wish to complete a bachelor's degree without interrupting their careers. Students work with an advisor to plan their own emphasis areas. B.A.S. students may plan programs designed to help them advance in their chosen career, begin a new career, or prepare for graduate or professional study.

GRADUATION HONORS

High scholastic achievement is recognized at graduation time in two ways: graduation with distinction, based on grades only, and graduation with honors in a particular field, based upon both grades and the completion of special work as outlined by the college and the major department.

Graduation with Distinction. The Office of the Registrar certifies to the deans of the colleges the names of students eligible to graduate with distinction. To be eligible for consideration, the graduate must complete the final 60 semester hours in residence in the graduating college, at least 45 semester hours of which must have been completed prior to the final semester of registration. The grade-point average upon which distinction is determined includes all work undertaken prior to the opening of the final session.

Graduates with distinction in the colleges of Liberal Arts and Sciences, Engineering, and Business rank as follows:

With Highest Distinction	Highest 2%
With High Distinction	Next Highest 3%
With Distinction	Next Highest 5%

In the undergraduate programs in the College of Medicine, distinction recognition is determined as follows:

With Highest Distinction	3.85 GPA or above
With High Distinction	3.75-3.84 GPA
With Distinction	3.65-3.74 GPA

In the College of Nursing, distinction recognition is determined as follows:

With Highest Distinction	3.90 GPA or above
With High Distinction	3.80-3.89 GPA
With Distinction	3.75-3.79 GPA

In the College of Pharmacy, distinction recognition is determined as follows:

With Highest Distinction	4.0 GPA or above
With High Distinction	3.75-3.99 GPA
With Distinction	3.50-3.74 GPA

Distinction is designated by gold stars worn on the left sleeve. Three stars indicate graduation *with highest distinction*; two, *with high distinction*; and one, *with distinction*.

Graduation with Honors Degrees. An honors student may complete work for an honors degree in one of many fields of concentration. Honors students are admitted to work in candidacy for an honors degree, normally not later than the junior year, upon application to and formal acceptance by the department of their choice. At the option of the department, the special honors work may be planned as an addition to the regular requirements for the major or in substitution for some part of these requirements.

Liberal Arts and Sciences candidates who are graduating with honors in a particular field wear white cordons draped over the shoulders.

ACADEMIC COSTUME

The history of academic dress reaches far back into the early days of the oldest universities. A statute of 1321 required that all “Doctors, Licentiates, and Bachelors” of the University of Coimbra wear gowns. It is still a vexing question whether academic dress finds its sources chiefly in ecclesiastical or in secular dress. Gowns may have been necessary for warmth in the unheated buildings frequented by medieval scholars. Hoods seem to have served to cover the tonsured head until they were superseded for that purpose by the skull cap. This was itself displaced by a headdress more or less like one or another of those now recognized as “academic.”

Over the many years of development, a great diversity of academic apparel made its appearance. When American colleges and universities desired to adopt some suitable system of academic apparel more than a century ago, it seemed to them best to agree on some definite system which all might follow. Accordingly, there was held on May 16, 1895 at Columbia University a conference of representatives of the governing boards of various interested institutions. The outgrowth of that meeting was the establishment of “The Academic Costume Code.” The code has been revised several times since its initial approval. The most recent update was in 1986. In nearly every instance of the many hundreds of colleges and universities of the United States which have adopted academic dress, the standards thus prescribed have been adopted and followed, either wholly or at least in the main.

The academic costume code recognizes three styles of gowns: a bachelor’s gown, a master’s gown, and a doctor’s gown. In conjunction with its centennial celebration in May 2000, the Graduate College inaugurated a new doctor’s gown. The differences in these gowns are mainly in the cut and shape of the sleeves and in the trimming. Hoods are also recognized for each of the above degrees. They vary in shape, size, and length, the larger and more elaborate designating the doctoral level. The shell of the hood matches the black material of the gown, and is lined with the color or colors of the institution conferring the degree—in the instance of The University of Iowa, old gold. The velvet border of the hood is of a color indicative of the field of learning to which the degree pertains. An abbreviated list of these colors as they apply to The University of Iowa follows:

Arts and Letters, white
Business and Accounting, sapphire blue
Dentistry, lilac
Engineering, orange
Law, purple
Medicine, green
Music, pink
Nursing, apricot
Pharmacy, olive green
Philosophy, dark blue
Science, golden yellow

The Oxford cap, proper for all degrees, is worn both indoors and outdoors with academic costume. The tassel, worn over the left eye, is also symbolic of the degree to be conferred on the wearer and conforms to the code colors for hood trimming.

Practice at The University of Iowa varies slightly from that established by the code. Candidates for degrees may be identified with the *colleges* from which they are to secure their degrees by the color of the tassels they wear. Colleges are designated by tassel colors as follows:

Business, sapphire blue
Dentistry, lilac
Engineering, orange
Graduate, black
Law, purple
Liberal Arts and Sciences, white
Medicine, green
Nursing, apricot
Pharmacy, olive green

Only candidates for the doctoral-level degrees (Doctor of Philosophy, Doctor of Audiology, Doctor of Musical Arts, Doctor of Physical Therapy, Doctor of Dental Surgery, Doctor of Medicine, Juris Doctor, and Doctor of Pharmacy) wear hoods. The velvet trim on the hoods for these degrees conforms to the colors set forth in the intercollegiate code, and, with the exception of the Doctor of Philosophy, the Doctor of Musical Arts, the Doctor of Audiology and the Doctor of Physical Therapy hoods, are the same color as the tassel. The Doctor of Audiology and the Doctor of Physical Therapy are trimmed in teal. The Doctor of Philosophy hood is trimmed in blue, the color appropriate to philosophy, and the Doctor of Musical Arts hood is trimmed in pink, the color for music. In all four cases, the tassel worn is black.

PRESIDENTIAL EMBLEM

The jeweled gold medallion worn by The University of Iowa president during commencement ceremonies and other formal academic events on the campus was designed as an emblem of the University’s presidency by a UI graduate student in the School of Art and Art History, Karen Cantine.

Featuring an abstract UI motif in the University’s colors—old gold and black—the emblem was first used in the investiture of Howard R. Bowen as the University’s fourteenth president during inauguration ceremonies on December 5, 1964.

Four and one-half inches in diameter, the medallion is worn on a gold chain also designed and made by Mrs. Cantine. Fashioning the emblem from a sheet of 14-carat yellow gold, Mrs. Cantine outlined in black enamel eight UI motifs in raised gold letters in areas radiating from a large topaz in the center.

The central jewel is almost an inch in diameter. A slightly smaller topaz is set in the link which attaches the emblem to the chain on which it is worn, and eight small topazes are set around the edge of the emblem, one being placed at the end of each “spoke” which bears a UI motif.

Designing and making the presidential emblem was part of Mrs. Cantine’s work for a Master of Arts degree in metalwork and jewelry.

The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, national origin, color, creed, religion, sex, age, disability, veteran status, sexual orientation, gender identity, or associational preference. The University also affirms its commitment to providing equal opportunities and equal access to University facilities. For additional information contact the Office of Equal Opportunity and Diversity, 319-335-0705.
