Microscopy methods for research; all aspects of research, from sample preparation to imaging to data analysis; when to use a particular microscopy procedure; theory, operation, and application of scanning electron microscopy, scanning probe microscopy, laser scanning microscopy, X-ray microanalysis. Requirements: a physical science course. Same as ACB:4156, EES:4156.

CBE:5309 Polymer Fundamentals  1 s.h.
Basic knowledge of polymers required as a foundation for other UI courses on polymers: basic polymer terminology, polymer groups, polymerization mechanisms, molecular weight determination. Five weeks. Same as BME:5415.
CBE:5310 Polymer Science and Technology 3 s.h.
Uses, properties of industrially important polymeric materials; polymer chemistry, polymer structure, characterization, polymer processing. Prerequisites: CHEM:2220. Corequisites: CBE:3120.

CBE:5315 Polymer Chemistry 3 s.h.
Monomer reactivity and polymerization reactions; step, radical, ionic, and ring-opening polymerizations. Prerequisites: CHEM:2220.

Process Dynamics, Design, Analysis

CBE:3125 Chemical Process Safety 3 s.h.
Application of transport phenomena, thermodynamics, chemical kinetics to study of safety, health, loss prevention; government regulations, toxicology/industrial hygiene, relief sizing, runaway reactions, toxic release and dispersion models, source models, fires and explosions, risk assessment, hazard identification, case studies and accident investigation, incorporation of safety into design; laboratory experiments. Prerequisites: CBE:3115. Corequisites: CBE:3120.

CBE:4105 Process Dynamics and Control in Design 3 s.h.
Theory and application of process dynamics to the design of chemical process control systems; mathematical models of unit operations, transfer functions, feedback and feed-forward control, stability, instrumentation, digital control systems; computer methods, including simulation and commercial software use; laboratory focus on process analysis and design. Prerequisites: CBE:3120.

CBE:4109 Chemical Engineering Process Design I 2 s.h.
Engineering economics of process evaluation, including time value of money and bases for cost estimation; preliminary design of chemical process plants using computer-aided engineering. Prerequisites: CBE:3115 and CBE:3120 and CBE:3125.

CBE:4110 Chemical Engineering Process Design II 3 s.h.
Capstone chemical engineering course; design and optimization of chemical process plants; application of process calculations, thermodynamics, kinetics, process synthesis, energy efficiency in separations, heat-exchanger network synthesis, physical property estimation, safety, computer-aided design, unit operations theory, process control, and economics. Prerequisites: CBE:4109.

Graduate Seminars, Advanced Topics, Research

CBE:5000 Seminar in Chemical and Biochemical Engineering 1 s.h.
Presentation and discussion of recent advances and research in chemical and biochemical engineering by guest lecturers, faculty, students. Requirements: graduate standing.

CBE:5100 Graduate Professional Development Seminar 1 s.h.
Seminar participants work with a faculty member to select and attend eight hours of approved seminars and professional development trainings at the University of Iowa; final meeting of participants is held to share notable seminars; typical seminar series include College of Engineering lectures, departmental and research center graduate seminars, the CBE professional seminar series, offerings of the Center for Teaching and Learning. Requirements: CBE masters standing.

CBE:5998 Individual Investigations: Chemical and Biochemical Engineering arr.
Individual projects for chemical and biochemical engineering graduate students; may include laboratory study, engineering design project, analysis and simulation of an engineering system, computer software development, research. Requirements: graduate standing.

CBE:5999 M.S. Thesis Research: Chemical and Biochemical Engineering arr.
Experimental and/or analytical investigation of an approved topic for partial fulfillment of requirements for M.S. with thesis in chemical and biochemical engineering. Requirements: graduate standing.

CBE:7999 Research: Chemical and Biochemical Engineering Ph.D. Dissertation arr.
Experimental and/or analytical investigation of an approved topic for Ph.D. in chemical and biochemical engineering.
Civil and Environmental Engineering

Chair

- Michelle Scherer

Undergraduate major: civil engineering (B.S.E.)

Graduate degrees: M.S. in civil and environmental engineering, Ph.D. in civil and environmental engineering

Faculty: http://www.engineering.uiowa.edu/cee/people/faculty-cee

Web site: http://www.engineering.uiowa.edu/cee/

Civil engineering is one of the three largest fields of engineering. It traditionally has been concerned with infrastructure facilities that are both large in scale and essential to modern life. Civil and environmental engineering projects include transportation systems and their components, such as bridges, highways, public transit systems, railways, harbors, airports, and seaports; large-scale structures and office buildings that provide enclosed working and living space; environmental and hydraulic systems that provide clean water and air, including filtration plants and distribution systems for municipal and industrial water supplies, wastewater treatment plants, dams, levees, and irrigation systems.

Growth areas of civil and environmental engineering include water sustainability, infrastructure development, construction management, computer-aided design, hazardous waste management, and engineered environmental systems. In the future, civil and environmental engineers will be called upon to design structures for earth, prevent erosion and sedimentation of our rivers, predict effects of global climate change on the environment, provide modern and efficient transportation systems, and ensure the quality of our air and our surface waters and groundwaters.

In planning and design, civil and environmental engineers work with other engineers, architects, landscape architects, planners, economists, financiers, sociologists, lawyers, and other specialists as members of the design team. Some civil engineers work in engineering offices; others may be called upon to construct or supervise outdoor projects they have designed. These field assignments, many of which are in remote and fascinating parts of the world, are particularly appealing to many civil and environmental engineers. There also is significant potential for entrepreneurial work by civil and environmental engineers as they start their own companies.

Undergraduate Program of Study

- Major in civil engineering (Bachelor of Science in Engineering)

Within a few years of graduation, graduates of the program are expected to:

- be productive and contributing members of the civil and environmental engineering profession as practitioners, entrepreneurs, researchers or teachers, and be engaged in learning, understanding, and applying new ideas as the field develops;
- pursue advanced studies if qualified and interested; and
- promote the safety, health, and welfare of the public and environmental through professional practice and civic leadership.

Bachelor of Science in Engineering

The Bachelor of Science in Engineering requires a minimum of 131 s.h. Students majoring in civil engineering choose one of two subtracks: civil, which provides breadth in the discipline; or environmental, which provides for a concentration.

All engineering students complete the B.S.E. core requirements, which include RHET:1030 Rhetoric; ENGR:1100 Engineering Problem Solving I and ENGR:1300 Engineering Problem Solving II; and courses in chemistry, engineering mathematics and fundamentals, and physics. They must earn a grade of C-minus or higher in the core requirements MATH:1550 Engineering Mathematics I: Single Variable Calculus and MATH:1560 Engineering Mathematics II: Multivariable Calculus.

They also complete the curriculum designed for their major program, which covers four major stems: mathematics and basic sciences, engineering topics, an elective focus area, and the general education component (15 s.h. of humanities and social science courses). For information about the curriculum stems, see Bachelor of Science in Engineering (p. 841) in the Catalog.

Civil subtrack and environmental subtrack requirements are the same for the first semester of the first year but are different after that.

Students must select elective focus area courses according to guidelines established by the Department of Civil and Environmental Engineering. See “Elective Focus Area” after the following curriculum list.

The following study plan includes the B.S.E. core requirements and the curriculum for the civil engineering major. Some courses in the curriculum are prerequisites for others. Students must complete a course’s prerequisites before they may register for the course. Those who take courses in the order below satisfy the prerequisite requirements automatically.

Civil Subtrack

FIRST YEAR

First Semester

- ENGR:1000 Engineering Success for First-Year Students (credit does not count toward B.S.E. degree) 1 s.h.
- ENGR:1100 Engineering Problem Solving I 3 s.h.
- CHEM:1110 Principles of Chemistry I 4 s.h.
- MATH:1550 Engineering Mathematics I: Single Variable Calculus 4 s.h.
- RHET:1030 Rhetoric 4-5 s.h.

Second Semester

- ENGR:1300 Engineering Problem Solving II 3 s.h.
- MATH:1560 Engineering Mathematics II: Multivariable Calculus 4 s.h.
- MATH:2550 Engineering Mathematics III: Matrix Algebra 2 s.h.
### SECOND YEAR

**First Semester**
- CEE:2015 Civil and Environmental Engineering Practice
- ENGR:2110 Engineering Fundamentals I: Statics
- ENGR:2120 Engineering Fundamentals II: Electrical Circuits
- ENGR:2130 Engineering Fundamentals III: Thermodynamics
- MATH:2560 Engineering Mathematics IV: Differential Equations
- PHYS:1612 Introductory Physics II

**Second Semester**
- CEE:1030 Introduction to Earth Science
- CEE:2000 CEE Sophomore Seminar
- CEE:2150 Natural Environmental Systems
- ENGR:2710 Dynamics
- ENGR:2750 Mechanics of Deformable Bodies
- STAT:2020 Probability and Statistics for the Engineering and Physical Sciences
- General education component course

### THIRD YEAR

**First Semester**
- CEE:3001 Leadership Seminar
- CEE:3530 Soil Mechanics
- CEE:3533 Principles of Structural Engineering
- CEE:3763 Principles of Transportation Engineering
- ENGR:2510 Fluid Mechanics
- Elective focus area course

**Second Semester**
- CEE:3002 Professional Skills Seminar
- CEE:3155 Principles of Environmental Engineering
- CEE:3371 Principles of Hydraulics and Hydrology
- CEE:3586 Civil Engineering Materials
- General education component course

### FOURTH YEAR

**First Semester**
- CEE:3003 Senior Design Seminar
- General education component course
- Two elective focus area courses

**Second Semester**
- CEE:3084 Project Design and Management in Civil Engineering
- General education component course
- Three elective focus area courses

### Environmental Subtrack

**FIRST YEAR**

**First Semester**
- ENGR:1000 Engineering Success for First-Year Students (credit does not count toward B.S.E. degree)
- ENGR:1100 Engineering Problem Solving I
- CHEM:1110 Principles of Chemistry I
- MATH:1550 Engineering Mathematics I: Single Variable Calculus
- RHET:1030 Rhetoric

**Second Semester**
- ENGR:1300 Engineering Problem Solving II
- CHEM:1120 Principles of Chemistry II
- MATH:1560 Engineering Mathematics II: Multivariable Calculus
- MATH:2550 Engineering Mathematics III: Matrix Algebra
- PHYS:1611 Introductory Physics I

**SECOND YEAR**

**First Semester**
- CEE:2015 Civil and Environmental Engineering Practice
- ENGR:2110 Engineering Fundamentals I: Statics
- ENGR:2120 Engineering Fundamentals II: Electrical Circuits
- ENGR:2130 Engineering Fundamentals III: Thermodynamics
- MATH:2560 Engineering Mathematics IV: Differential Equations
- PHYS:1612 Introductory Physics II

**Second Semester**
- CEE:1030 Introduction to Earth Science
- CEE:2000 CEE Sophomore Seminar
- CEE:2150 Natural Environmental Systems
- ENGR:2710 Dynamics
- ENGR:2750 Mechanics of Deformable Bodies
- STAT:2020 Probability and Statistics for the Engineering and Physical Sciences
- General education component course

**THIRD YEAR**

**First Semester**
- CEE:3001 Leadership Seminar
- CEE:3530 Soil Mechanics
- CEE:3533 Principles of Structural Engineering
- CEE:3763 Principles of Transportation Engineering
- ENGR:2510 Fluid Mechanics
- Elective focus area course

**Second Semester**
- CEE:3002 Professional Skills Seminar
- CEE:3155 Principles of Environmental Engineering
- CEE:3371 Principles of Hydraulics and Hydrology
- CEE:3586 Civil Engineering Materials
- General education component course

**SECOND YEAR**

**First Semester**
- CEE:2015 Civil and Environmental Engineering Practice
- ENGR:2110 Engineering Fundamentals I: Statics
- ENGR:2120 Engineering Fundamentals II: Electrical Circuits
- ENGR:2130 Engineering Fundamentals III: Thermodynamics
- MATH:2560 Engineering Mathematics IV: Differential Equations
- PHYS:1611 Introductory Physics II

**Second Semester**
- CEE:1030 Introduction to Earth Science
- CEE:2000 CEE Sophomore Seminar
- CEE:2150 Natural Environmental Systems
- ENGR:2710 Dynamics
- ENGR:2750 Mechanics of Deformable Bodies
- STAT:2020 Probability and Statistics for the Engineering and Physical Sciences
- General education component course

**THIRD YEAR**

**First Semester**
- CEE:3001 Leadership Seminar
- CEE:3530 Soil Mechanics
- CEE:3533 Principles of Structural Engineering
- CEE:3763 Principles of Transportation Engineering
Joint B.S.E./M.S.

The College of Engineering offers a joint (fast-track) Bachelor of Science in Engineering/Master of Science for civil engineering undergraduate students who intend to earn an M.S. in civil and environmental engineering. B.S.E./M.S. students may attend the departmental graduate seminar and work on a master's thesis or research project while they are still undergraduates. They may count a limited amount of course work toward both degrees. Once students complete the requirements for the bachelor's degree, they are granted the B.S.E., and they normally complete the M.S. one year later.

To be admitted to the joint degree program, students must have completed at least 80 s.h. and must have a cumulative g.p.a. of at least 3.25. They must submit an application form to the Department of Civil and Environmental Engineering, along with a letter stating their proposed area of specialization and the name of a department faculty member willing to be their primary M.S. advisor. They also must identify a faculty sponsor who can guide them from at least the second semester of their senior year until they complete the M.S.

Applications are due by March 1.

Graduate Programs of Study

- Master of Science in civil and environmental engineering
- Doctor of Philosophy in civil and environmental engineering

Graduate study in civil and environmental engineering prepares students for professional careers and further study. The principal concentration areas are environmental engineering and environmental science; hydraulics, hydrology, and water resources; structures, mechanics, and materials; and transportation.

The department also participates in two Graduate College programs: Applied Mathematical and Computational Sciences (p. 925), an interdisciplinary doctoral program; and Transportation Studies (p. 961), a graduate certificate program (see "Related Certificate: Transportation Studies" below).

Research and Study Areas

ENVIRONMENTAL ENGINEERING AND SCIENCE

The environmental engineering and science curriculum provides a comprehensive base of course work and research in the areas of air- and water-quality management, environmental chemistry and microbiology, natural systems modeling, and processes for water supply, pollution control, and solid and hazardous waste management. Interdisciplinary specialization and study are conducted with programs including IIHR—Hydroscience & Engineering, the Center for Global and Regional Environmental Research, the Center for Health Effects of Environmental Contamination, the Hazardous Substances Research Center, the Center for Biocatalysis and Bioprocessing; the Departments of Chemical and Biochemical Engineering, Earth and Environmental Sciences, Geographical and Sustainability Sciences, Microbiology, Occupational and Environmental Health; and the School of Urban and Regional Planning. New areas of interdisciplinary focus include groundwater contamination, biotechnology, global climate change, and hazardous substances.
HYDRAULICS, HYDROLOGY, AND WATER RESOURCES

The hydraulics, hydrology, and water resources curriculum is associated with IIHR—Hydroscience & Engineering, a world-renowned research institute. Senior staff members of the institute are professors in the program; they devote about half of their time to teaching.

IIHR offers unique opportunities for students to participate actively in the research, analysis, and design aspects of real-world problems. Considerable attention is given to the use of computers in mathematical modeling and in data acquisition and processing. IIHR high-speed computer facilities and advanced graphics and communication software complement the hydrology, hydraulics, and water resources curriculum.

STRUCTURES, MECHANICS, AND MATERIALS

The structures, mechanics, and materials curriculum is designed for students who wish to gain knowledge and skill in the mechanics of solids and structures that they can apply to civil infrastructure systems and other fields. The program concentrates on developing appropriate methodologies for tackling broad, complex issues related to civil infrastructure systems, and on educating engineers in the implementation and application of methodologies to actual engineering projects. Faculty members have expertise in structural engineering, design optimization, solid mechanics, and computational methods.

TRANSPORTATION ENGINEERING

The transportation engineering curriculum aims at graduating students interested in developing specialized knowledge and skills applicable to the diverse set of issues associated with transportation. Faculty members have expertise in traffic engineering, infrastructure management systems, pavement engineering, advanced construction materials, dynamic load and pavement simulation, optimal design, winter highway maintenance, real-time simulation, human factors, intelligent sensors, nondestructive testing, transportation planning, and travel demand modeling.

Master of Science

The Master of Science program in civil and environmental engineering requires a minimum of 30 s.h. of graduate credit, with or without thesis. The program enables students to concentrate in one or more areas of their choice. Graduates are placed in advanced technical positions in industry, consulting firms, or government, or they may continue their graduate study. Current and projected demand for M.S. graduates is excellent. Students who choose the thesis program may earn up to 6 s.h. for the thesis.

With the approval of their advisor, students develop a study plan that satisfies the requirements of their chosen curriculum. All M.S. students must maintain a g.p.a. of at least 2.75, pass an oral examination, and in some program options, a written examination.

Consult the department’s Graduate Student Manual for more detailed information about the M.S. program in civil and environmental engineering.

Doctor of Philosophy

The Doctor of Philosophy program in civil and environmental engineering requires a minimum of 72 s.h. of graduate credit. The doctoral degree is granted primarily on the basis of achievement rather than on a prescribed course of study.

Students usually need at least three years of full-time graduate study to complete the degree. All students must pass a qualifying examination. Students also must pass a written and oral comprehensive examination before they may be formally admitted to Ph.D. candidacy; the comprehensive examination usually is taken after all required course work has been completed. Students devote one year to the preparation of a dissertation that contributes to knowledge in the field; they must defend their dissertation successfully in a final examination. Ph.D. students must maintain a g.p.a. of at least 3.00 throughout the program.

Consult the department’s Graduate Student Manual for more detailed information about the Ph.D. program in civil and environmental engineering.

Related Certificate: Transportation Studies

The Transportation Studies Program offers the Certificate in Transportation Studies, which requires 18 s.h. of graduate credit. The program focuses on the varied and complex problems of transportation and on interdisciplinary approaches to addressing them. The Departments of Civil and Environmental Engineering, Mechanical and Industrial Engineering, and the School of Urban and Regional Planning participate in the program, which is administered by the Graduate College and the University’s Public Policy Center. See Transportation Studies (p. 961) (Graduate College) in the Catalog for more information about the certificate.

Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Each of the program’s curricula is flexible; students may be admitted from all disciplines of engineering as well as from the mathematical and basic sciences.

Applicants to the M.S. program should have a cumulative undergraduate g.p.a. of at least 3.00. Ph.D. applicants should have a graduate g.p.a. of at least 3.00. Applicants whose grade-point average is slightly lower should contact the department.

Applicants should have a combined verbal and quantitative score of at least 301 on the Graduate Record Examination (GRE) General Test. Lower scores are considered with other evidence of academic promise (recommendation letters, grade-point average). GRE General Test scores also are used in financial aid decisions.

Financial Support

A significant number of research assistantships are available on a variety of research projects, as are a limited number of teaching assistantships. Selection of recipients usually is based on scholastic achievement and research interest.
Facilities and Laboratories

Undergraduate Core

The first-year engineering course ENGR:1100 Engineering Problem Solving I includes an introduction to the college's Engineering Computer Services. Students in the course use computer-aided design tools on engineering work stations. All civil engineering courses require knowledge of personal computers and contain significant computer content.

For information about laboratories affiliated with core courses coordinated by other engineering departments, see the Catalog section for each of the departments.

Required and Elective Undergraduate Laboratories

CEE:2015 Civil and Environmental Engineering Practice (2 s.h.); CEE:3763 Principles of Transportation Engineering (3 s.h.), and CEE:3084 Project Design and Management in Civil Engineering (3 s.h.): use of a state-of-the-art laboratory for computer-aided design and drawing.

CEE:3530 Soil Mechanics (3 s.h.): equipped for determining the classification, seepage characteristics, stress-strain properties, and strength of soils.

CEE:3155 Principles of Environmental Engineering (4 s.h.): conducted at the University Water Treatment Plant and Iowa City Wastewater Plant for demonstrations of unit operations and processes of water and wastewater treatment, and applications in environmental chemistry and microbiology.

CEE:3371 Principles of Hydraulics and Hydrology (3 s.h.): hydraulics of pressure conduits and open channels, dimensional analysis, flow measurements, hydraulic machinery, with laboratory.

CEE:3586 Civil Engineering Materials (3 s.h.): structure, strength and failure, durability, deformation, practice, and processing for primary construction materials systems, including steel, aluminum, concrete, asphalt, fiber-reinforced composites, masonry, timber.

CEE:4153 Environmental Chemistry Laboratory (3 s.h.): experiments to demonstrate fundamental principles of aquatic chemistry and chemical analyses for characterization of water and wastewater quality, conducted in the Environmental Engineering Laboratories.

CEE:5154 Environmental Microbiology (3 s.h.): typical microorganisms isolated and their physiology and metabolic characteristics studied in the Environmental Engineering Laboratories.

CEE:5156 Physical-Chemical Process Fundamentals (3 s.h.) and CEE:4151 Biological Treatment Processes (3 s.h.): unit operations, processes studied in bench scale experiments; use of typical process analytical parameters; experiments conducted in the Environmental Engineering Laboratories, University Water Plant, and Iowa City Wastewater Treatment Plant.

Graduate Laboratories

ENVIRONMENTAL ENGINEERING AND SCIENCE

The Environmental Engineering and Science Laboratories provide state-of-the-art facilities, equipment, and expertise to support both undergraduate and graduate-level instruction and research. The laboratories support research in contaminant fate and transport in various media (air, water, soil, plants, and microbes), drinking water disinfection and distribution, wastewater treatment, geochemical-contaminant interactions, bioremediation, and phytoremediation. They also provide resources for analytical chemistry, electrochemistry, molecular biology, microscopy, computer modeling, and simulated environments on the bench- and pilot-scale levels.

The Environmental Engineering and Science Laboratories are affiliated with the University's Center for Health Effects of Environmental Contamination and its Center for Global and Regional Environmental Research, and with the IUI Environmental Health Sciences Research Center, an affiliate of the National Institute of Environmental Health Sciences (NIEHS).

HYDRAULICS, HYDROLOGY, AND WATER RESOURCES

The teaching and research functions of the department are closely connected to the research activities of IIHR—Hydroscience & Engineering. The institute houses some of the most modern research facilities in the world, including a 100-meter towing tank, a wave basin facility for ship hydrodynamics research, several flumes, an array of field instrumentation for hydrologic experiments, extensive laboratory space for hydraulic modeling, state-of-the-art instrumentation for flow measurements and visualization, and comprehensive computational facilities.

Research related to ecohydrologics and the environment takes place at the Lucille A. Carver Mississippi Riverside Environmental Research Station. IIHR—Hydroscience & Engineering operates the 250-square-foot facility, which is located on the Mississippi River near Muscatine, Iowa. The station provides engineers and biological scientists with an ideal facility in which to examine the multifaceted ecohydrologic processes and the upper Mississippi. It is equipped with water quality laboratories, research boats, and a seminar room.

STRUCTURES, MECHANICS, AND MATERIALS

Facilities for computations, materials testing, geotechnical experiments, and small-scale structural testing are available for research and teaching. Faculty, staff, and students in structures, mechanics, and materials (SMM) have access to the computing resources of Engineering Computer Services and the Center for Computer-Aided Design (CCAD). Both centers continuously update their computing facilities to maintain pace with the rapidly changing field.

A wide range of experimental facilities is available for testing structural materials such as Portland cement concrete, asphalt, metals, timber, and composites. These facilities include several loading frames (purely uniaxial, purely torsional, and axial-torsional) that are available with computer-based control and data collection systems. Facilities for creep testing, triaxial soil testing, and high-cycle fatigue testing also are available. The laboratories have a variety of ovens and other facilities for preparation and treatment of test specimens.

Four well-equipped physical testing laboratories are dedicated to SMM teaching and research: the Civil Materials Laboratory, Soil Mechanics Laboratory, Plasticity Laboratory, and the Asphalt Laboratory. The Civil Materials Laboratory currently has a small-scale single-degree-of-freedom shaker table. Faculty, staff, and students have access through CCAD to a six-degree-of-freedom man-
rated shaker table with 4000-pound payload and a 12-camera Vicon motion-capture system.

TRANSPORTATION ENGINEERING

The department’s Asphalt Laboratory is equipped with a set of SuperPave testing equipment and asphalt mixture performance testing equipment, which can measure dynamic modulus and flow number of asphalt mixtures. The laboratory has a Hamburg Wheel Tracking Device for measuring the moisture sensitivity of asphalt mixtures; asphalt foaming equipment for mix design of cold in-place recycled asphalt using foamed asphalt; and equipment for Marshall mix design, indirect tensile strength test, and volumetric analysis of asphalt mixtures. The Asphalt Laboratory is one of the department's group of laboratories for testing the strength behavior of other materials.

Courses

Special Topics

CEE:0000 Cooperative Education Training Assignment: Civil Engineering
Civil engineering students participating in the Cooperative Education Program register in this course during work assignment periods; registration provides a record of participation in the program on the student’s permanent record card. Requirements: admission to the Cooperative Education Program.

CEE:0002 Half-time Cooperative Education Training Assignment: Civil and Environmental Engineering
Registration for work assignment periods; for students participating in the Cooperative Education Program.

CEE:2000 CEE Sophomore Seminar
Introduction to civil and environmental engineering curriculum and profession; presentations by senior undergraduate students, faculty, and professionals; lifelong learning skills and requirements for professional licensure in civil engineering. Requirements: sophomore standing.

CEE:2015 Civil and Environmental Engineering Practice
Concepts of the built environment and the natural environment; infrastructure life cycle; engineering communication (plans, engineering drawings and information systems, computer-aided drafting); field trip to major city.

CEE:2240 Digital Drafting with AutoCAD
Basic principles of 2-D and 3-D computer-aided drafting; use of AutoCAD software to draw plans, elevations, and sections for objects and interior spaces. Prerequisites: (ARTS:1510 and ARTS:1520) and (TDSN:2210 or CERM:2010 or MTLS:2910 or SCLP:2810). Same as TDSN:2240.

CEE:3001 Leadership Seminar
Survey of leadership ideas and principles as applied to situations commonly encountered in civil engineering practice, especially as they relate to challenges that beginning engineers face; speakers in selected engineering professions provide context and examples; exercises on leadership principles. Requirements: junior standing in civil and environmental engineering.

CEE:3002 Professional Skills Seminar
Development of communication skills through writing and oral presentations; impact of engineering solutions in a global, economic, environmental, and societal context; writings and presentations on current or historical engineering solutions; exposure to professionals with significant experiences to share in these areas. Requirements: junior standing.

CEE:3003 Senior Design Seminar
Review and extension of civil and environmental engineering project management skills in preparation for capstone senior design course; project scheduling, cost estimating, contract types, construction phasing; review for Fundamentals of Engineering Exam (FE) and practice tests in four subdisciplinary areas. Requirements: senior standing.

CEE:3084 Project Design and Management in Civil Engineering
Design of civil engineering systems, individual and team design projects oriented toward the solution of local problems, project management, construction management, contracts, budgeting, bidding. Prerequisites: CEE:3003 and CEE:3533 and CEE:3763 and CEE:3371. Requirements: senior standing.

CEE:3783 Surveying and Remote Sensing
Engineering surveying measurements, methods, computations. Prerequisites: ENGR:1100.

CEE:3998 Individual Investigations: Civil Engineering
Individual projects for civil engineering undergraduate students: laboratory study, engineering design project, analysis and simulation of an engineering system, computer software development, research.

CEE:4107 Sustainable Systems
New and emerging concepts in sustainable systems design and assessment. Same as CBE:4410.

CEE:4116 Computer-Aided Design for Civil and Environmental Engineering
Introduction to engineering design process and graphical communications tools used by civil engineers; fundamentals of engineering drawing, descriptive geometry, multiview projection, graphical analysis, coordinate systems, database manipulation, building information modeling (BIM); AutoCAD. Prerequisites: CEE:2015. Requirements: civil and environmental engineering major.
CEE:4511 Numerical Calculations 3 s.h.
Development of algorithms for functional approximations, numerical differentiation and integration; solution of algebraic and differential equations, with emphasis on digital computations; initial and boundary value problems. Prerequisites: MATH:2560. Same as ME:4111.

CEE:4512 Engineering Design Optimization 3 s.h.
Engineering design projects involving modeling, formulation, and analysis using optimization concepts and principles: linear and nonlinear models, optimality conditions, numerical methods. Prerequisites: ENGR:2110 and MATH:2550. Requirements: junior standing. Same as ME:4112.

CEE:4515 Computer-Aided Engineering 3 s.h.
Computational engineering modeling and simulation, geometric modeling, grid generation, finite-element and finite-volume methods, uncertainty analysis, optimization, engineering applications. Prerequisites: ENGR:2750 and ME:3052. Same as ME:4110.

CEE:4187 Statistics for Experimenters 3 s.h.
Application of statistical techniques to evaluate data derived from experimental samples designs; use of spreadsheets, statistical software; design and analysis of experiments; regression analysis; model building; practical applications. Same as OEH:4540.

CEE:4568 Civil Infrastructure 3 s.h.
Analytical methods for developing Infrastructure Management Systems (IMS); evaluation of infrastructure condition, performance modeling, rehabilitation optimization, development of the IMS; basic concepts of information technology applied in solving civil infrastructure management problems. Prerequisites: CEE:2015.

CEE:4788 International Perspectives: Xicotepec 2-3 s.h.
Introduction to providing service to a community in a less developed country; student projects intended to improve community life in Xicotepec. Requirements: P3 standing. Same as PHAR:8788, GHS:4126.

CEE:5129 Information Systems for Resource Management 3 s.h.
Understanding and managing natural and engineered resources requiring data-reach foundation; management of data; complex data-driven technologies integrated into data and information systems (DIS); hands-on opportunity to develop or use capabilities of DIS for study or research area of interest (science, engineering, industrial operation); wind power generation, an emerging field in Iowa, used as a case study for illustrating key DIS components, links, and functionalities. Same as IE:5129, ME:5129, ECE:5129, GEOG:5129.

CEE:5210 Developing Professional Service Business 2-3 s.h.
Use of professional skills and functional knowledge in creating a specialized service business. Same as ENTR:9000.

CEE:5513 Mathematical Methods in Engineering 3 s.h.

CEE:6310 Analytical Methods in Mechanical Systems 3 s.h.
Vector and function spaces; functionals and operators in Hilbert spaces; calculus of variations and functional analysis with application to mechanics; Ritz and Galerkin methods. Prerequisites: ME:5113. Same as ME:6214.

CIE:7197 Teaching Undergraduate Science and Engineering 3 s.h.
Basic skills to be a successful undergraduate instructor; teaching of technical subjects and solving problems; emphasis on practical applications of lesson material and class demonstrations; techniques for teaching effective classes; opportunity for students to teach; intended for graduating Ph.D. students with a career interest in a university environment.

Structures, Mechanics, and Transportation

CEE:3135 Structural Modeling and Health Monitoring 3 s.h.
Measurements, structural modeling, structural analysis, stiffness method, trusses and frames, structural testing, modal analysis. Prerequisites: CEE:3533 and ENGR:2750.

CEE:3136 Design of Concrete Structures 3 s.h.
Fundamental analysis and design of reinforced concrete members and structures, flexure, shear, bond, continuity, beams, one-way slab system; columns. Corequisites: CEE:3533.

CEE:3142 Quality Control 3 s.h.
Basic techniques of statistical quality control; application of control charts for process control variables; design of inspection plans and industrial experimentation; modern management aspects of quality assurance systems. Offered fall semesters. Prerequisites: STAT:2020. Same as IE:3600, STAT:3620.

CEE:3179 Continuum Mechanics arr.
Mechanics of continuous media; kinematics of deformation, concepts of stress and strain; conservation laws of mass, momentum and energy; constitutive theories; boundary and initial value problems. Prerequisites: ENGR:2510 or ENGR:2750. Same as ME:3179.

CEE:3530 Soil Mechanics 3 s.h.
Identification and classification of earth materials; hydraulic and mechanical properties of soils; soil improvement; laboratory testing. Prerequisites: ENGR:2750.

CEE:3533 Principles of Structural Engineering 3 s.h.
Fundamental principles of structural analysis applied to statically determinate and indeterminate structures, continuous beams, trusses, and frames; external and internal equilibrium, compatibility of deformation, influence lines, virtual work; parallel use of classical and matrix formulation; slope deflection, flexibility and stiffness methods; use of computers. Prerequisites: ENGR:2750.

**CEE:3586 Civil Engineering Materials** 3 s.h.
Structure, strength and failure, durability, deformation, practice, and processing for primary construction materials systems, including steel, aluminum, concrete, asphalt, fiber-reinforced composites, masonry, timber. Prerequisites: ENGR:2750.

**CEE:3763 Principles of Transportation Engineering** 3 s.h.
History of transportation modes, new transport technologies, traffic operations and control, economic evaluation of transport alternatives, transportation planning, roadway design and construction, route location, preventive maintenance strategies. Corequisites: CEE:2015.

**CEE:4131 Impacts of Technological Singularity** 3 s.h.
Technological singularity—what it is, its current standing, impacts, implications; bio-, nano-, and information technologies; how new technologies affect sustainability; ethical issues raised by technologies.

**CEE:4160 Introduction to Bridge Engineering** 3 s.h.
Bridge engineering and design; history of the bridge; factors that affect bridge design; bridges according to use (e.g., road, rail, pedestrian and bicycle) and type (e.g., suspension, cable stay, truss); how sustainability concepts may impact bridge design; substantial design exercise. Prerequisites: CEE:3533.

**CEE:4167 Public Transit Operations and Planning** 3 s.h.
Bus, light and heavy rail, and paratransit modes; transit operations, planning, modeling and optimization, transit agency economics, transit finance, and evolving transportation policy; skills essential to planners and engineers who intend to work for a either planning agency, transportation provider, or a transportation or engineering consulting firm; individual and group projects involving transit operations. Requirements: undergraduate or graduate standing in engineering, or graduate standing in urban and regional planning. Same as URP:4195.

**CEE:4176 Transportation Demand Analysis** 3 s.h.
City planning procedures and traffic engineering techniques applied to transportation problems; trip generation, distribution, assignment, mode choice models; travel surveys, data collection techniques; arterial flow, intersection performance; parking; transit system analysis. Same as URP:4262.

**CEE:4532 Fundamentals of Vibrations** 3 s.h.
Vibration of linear discrete and continuous mechanical and structural systems; harmonic, periodic, and arbitrary excitation; modal analysis; applications. Prerequisites: ENGR:2750. Same as ME:4153.

**CEE:4533 Finite Element I** 3 s.h.
One- and two-dimensional boundary value problems; heat flow, fluid flow, torsion of bars; trusses and frames; isoparametric mapping; higher order elements; elasticity problems; use of commercial software. Prerequisites: ENGR:2750. Same as ME:4115.

**CEE:4535 Design of Steel Structures** 3 s.h.
Concepts and procedures in steel design; LRFD (load and resistance factor design) methodology for beams/columns; analysis and design of indeterminate structures. Prerequisites: CEE:3533.

**CEE:4539 Foundations of Structures** 3 s.h.
Application of soil mechanics to analysis of structural foundations; slope stability analysis; bearing capacity and settlement of shallow and deep foundations; retaining structures, braced cuts, reinforced earth structures; usage of computational models; subsurface exploration methods. Prerequisites: CEE:3530.

**CEE:4543 Computational Inelasticity** 3 s.h.
Computational techniques and implementations for elastic, hyperelastic, elasto-plastic, visco-elastic, and visco-plastic material models; development of sound numerical integration algorithms from rate constitutive equations. Recommendations: CEE:3179.

**CEE:4560 Pavement Engineering** 3 s.h.
Fundamental design principles; characterization and testing of asphalt and concrete paving materials; stresses and strain development within pavement structure; basic principles of mechanistic-empirical pavement design procedures. Prerequisites: CEE:3763.

**CEE:4762 Design of Transportation Systems** 3 s.h.
Overview of different modes within transportation systems; concepts of sustainability and livability in transportation system design; derivation of standards for geometric design of highways; roundabout design; cross-sectional and longitudinal geometric design of highways. Prerequisites: CEE:3763.

**CEE:4763 Traffic Engineering** 3 s.h.
Design of traffic control devices; evaluation and analysis of intersections and transportation networks using appropriate computer software. Prerequisites: CEE:3763 and STAT:2020.

**CEE:4764 Winter Highway Maintenance** 3 s.h.
Aspects of winter highway maintenance; current and innovative practices and the theory that underpins them.

**CEE:5094 Graduate Seminar: Transportation** 0 s.h.
Recent advances and research in transportation engineering. Requirements: senior or graduate standing.
CEE:5137 Composite Materials 3 s.h.
Mechanical behavior of composite materials and their engineering applications; composite constituents (fibers, particles, matrices) and their properties and behavior; macromechanical behavior of composite laminae; micromechanical predictions of composite overall properties; classical lamination theory; composite beams and plates. Prerequisites: ENGR:2750. Same as ME:5167.

CEE:5236 Optimization of Structural Systems 3 s.h.
Advanced topics: optimization of structural topology, shape, and material; finite dimensional dynamic response optimization, sensitivity analysis, distributed parameter systems; projects.

CEE:5540 Intermediate Mechanics of Deformable Bodies 3 s.h.
Application of equilibrium analyses, strain-displacement relations, and constitutive relationships to practical structural systems and elementary plane elasticity problems. Prerequisites: ENGR:2750. Same as ME:5150, BME:5660.

CEE:5549 Fracture Mechanics 3 s.h.
3-D stress states, definition and criteria for failure, nominal and local yield phenomena, linear elastic and elastic-plastic fracture mechanics, plane stress and plane strain fracture toughness, J-Integral, crack opening displacement, environmental assisted cracking, fatigue crack growth, fail safe, and damage tolerant design. Prerequisites: BME:4910 or ME:4055 or ME:5150. Same as ME:5159.

CEE:6532 Finite Element II 3 s.h.
Computer implementation; plate and shell elements; mixed and hybrid formulations; nonlinear analysis; recent development; introduction to boundary element method. Prerequisites: CEE:4533. Same as ME:6215.

CEE:6534 Applied Optimal Design 3 s.h.
Optimal design problem formulation; optimality conditions; linear, quadratic, convex, and nonlinear programming; Lagrangian duality; numerical algorithms for unconstrained and constrained design problems, design sensitivity analysis, engineering applications. Prerequisites: CEE:5513. Same as ME:6534.

CEE:6763 Application Simulation to Transportation 3 s.h.
Transportation system management and traffic engineering; application of real-time simulation and visualization. Prerequisites: CEE:3763 or CEE:4763. Same as URP:6063.

CEE:7250 Advanced Fracture Mechanics 3 s.h.
Fracture of modern engineering materials; linear-elastic fracture; computational methods; functionally graded materials; elastic-plastic fracture; multiscale fracture and fatigue crack initiation. Prerequisites: ME:5113 and (ME:4115 or ME:5159). Same as ME:7250.

CEE:7549 Multiscale Modeling 3 s.h.
Computational modeling of engineering materials ranging from molecular to continuum scales, molecular dynamics and Monte Carlo methods, nanoscale continuum modeling, scale-coupling methods. Prerequisites: ME:4115 or ME:5143. Same as ME:6255.

Environmental Engineering and Science

CEE:1030 Introduction to Earth Science 3-4 s.h.
Relationships between plate tectonics, geologic time, and the rock cycle with volcanoes and igneous, sedimentary, metamorphic rocks; fossils; radioactive isotopes; landscape evolution; mountain building; natural resources; their impacts on civilization. GE: Natural Sciences without Lab; Natural Sciences with Lab. Same as EES:1030.

CEE:2150 Natural Environmental Systems 3-4 s.h.
Environmental chemistry and biology of air, water, and soil quality, air and water pollution, limnology, global atmospheric change, fate and transport of pollutants; hazardous substances, risk analysis, standard setting. Prerequisites: CHEM:1110. Same as GHS:2150.

CEE:3141 Design With the Developing World 3 s.h.
Experience working on interdisciplinary teams to solve problems of the developing world; technologies for improving water and sanitation, energy, housing, and health; community building strategies, participatory methods, other techniques essential to good design; service-learning component. Recommendations: junior or higher standing. Same as GHS:3141.

CEE:3155 Principles of Environmental Engineering 4 s.h.
Water supply and treatment processes; wastewater treatment processes; processes for air pollution control, groundwater remediation; solid and hazardous waste management. Corequisites: CEE:2150.

CEE:4102 Groundwater 3 s.h.
Groundwater quality and quantity; Darcy's Law, 2-D flow equation, unsaturated zone, contaminant transport, redox reactions, drinking water quality, bioremediation; laboratories in permeameter testing, porous media grain size analysis, pump testing, monitoring well installation.

CEE:4104 Groundwater Modeling 3 s.h.
Groundwater flow and contaminant transport modeling; numerical methods, applications of groundwater modeling to water supply, groundwater resources evaluation, remediation design using software; GMS (MODFLOW, MODPATH, and MT3D). Prerequisites: (EES:4630 or CEE:4103) and MATH:1860. Same as EES:4660.

CEE:4147 Decentralized Wastewater Treatment 3 s.h.
Established and innovative technologies used in decentralized wastewater treatment; lagoons, constructed wetlands, sand filters, and other ecological technologies appropriate for small wastewater flows; need for more sustainable treatment of small wastewater flows; Iowa’s approximately 739 unsewered communities throughout the state, high-growth areas surrounding Des Moines and Cedar Rapids-Iowa City corridor with small developments in need of wastewater treatment, developing countries. Prerequisites: CEE:2150 and CEE:3155 and CEE:3371.

CEE:4151 Biological Treatment Processes 3 s.h.

CEE:4153 Environmental Chemistry Laboratory 3 s.h.
Laboratory experiments to demonstrate important concepts in environmental chemistry and to familiarize students with procedures used to characterize water and wastewater and evaluate certain treatment processes. Prerequisites: CHEM:1120. Corequisites: CEE:5152.

CEE:4157 Environmental Engineering Design 3 s.h.
Application of physical, chemical, and biological operations and processes to the design of water and wastewater treatment systems; applications in solid and hazardous waste treatment. Prerequisites: CEE:3155.

CEE:4158 Solid and Hazardous Wastes 3 s.h.

CEE:4159 Air Pollution Control Technology 3 s.h.
Sources, environmental and health impacts, regulations, modeling of air pollution; processes and alternative strategies for control; global climate considerations. Prerequisites: CEE:2150. Same as CBE:4459.

CEE:4180 Fundamentals of Atmospheric Science 3 s.h.
Review of fundamental principles in atmospheric sciences needed for study of interdisciplinary topics involving the Earth's atmosphere; understanding weather and climate processes to address problems in engineering; hydrometeorology of rainfall and its measurement by remote sensing; impact of climate anomalies and climate change on water resources; exchange of water, energy, and chemicals at the land-atmosphere boundary; forecasting of atmospheric chemistry and air quality. Prerequisites: ENGR:2510.

CEE:4220 U.S. and Global Environmental Health Policy 3 s.h.
Major concerns in environment and human health, legislation enacted to deal with these concerns; emphasis on contemporary issues. Offered fall semesters of odd years. Requirements: for OEH:4220 — OEH:4240; for CEE:4220 — CEE:2150. Same as GHS:4220, OEH:4220.

CEE:5115 Atmospheric Chemistry and Physics 3 s.h.
Principal chemical and physical processes affecting atmospheric trace gas and pollutant cycles; emphasis on atmospheric photochemistry, aerosol science, major sources and removal processes. Corequisites: CBE:3120. Same as CBE:5425.

CEE:5152 Environmental Chemistry I 3 s.h.
Principles of general, physical, organic chemistry applied in water and air systems; emphasis on qualitative and quantitative understanding of chemical kinetics and equilibrium; acid-base reactions, complex formation, precipitation, dissolution, and oxidation-reduction reactions; organic nomenclature. Prerequisites: CHEM:1120. Same as CBE:5152.

CEE:5154 Environmental Microbiology 3 s.h.
Fundamentals of microbiology and microbial ecology with application in water quality and biodegradation of priority pollutants; lectures and laboratory. Corequisites: CEE:5152.

CEE:5156 Physical-Chemical Process Fundamentals 3 s.h.
Theory of physical and chemical operations and processes in water and wastewater treatment, including fundamental aspects of process dynamics; lectures, laboratory. Prerequisites: CEE:2150 and CEE:5152. Corequisites: CEE:3155.

CEE:5875 Perspectives in Biocatalysis 1-3 s.h.
Applied enzymology, protein design, structure-activity relationships, biosensor technology, microbial transformations, biodegradation of environmental pollutants. Requirements: graduate standing in a participating department supported by the Predoctoral Training Program in Biotechnology. Same as CHEM:5875, PHAR:5875, CBE:5875, MICR:5875, BIOC:5875.

CEE:6151 Environmental Systems Modeling 3 s.h.
Mathematical modeling of environmental systems, including rivers, lakes, estuaries, treatment systems for conventional and toxic pollutants. Prerequisites: CEE:2150 and CEE:3155 and CEE:5152.

CEE:6223 Environmental Boundary Layers 4 s.h.
Fundamentals of environmental boundary layer dynamics and thermodynamics of natural and engineered systems; atmospheric boundary layers and aquatic surface layer dynamics; land-atmosphere interaction, air-water exchange, and turbulent transport in aquatic ecosystems; turbulence, surface energy balance, spectral analysis, similarity theory; flow over homogeneous and heterogeneous surfaces, thermal stratification effects, measurement, simulation of turbulent and surface fluxes; applications to environmental modeling, urban meteorology, ecosystem dynamics, renewable energy; recent and current research topics. Prerequisites: ENGR:2510.
Hydraulics, Hydrology, and Water Resources

CEE:6253 Environmental Chemistry II 3 s.h.
Solid-liquid interface problems, heterogeneous equilibria, environmental organic chemistry, modeling chemical equilibrium and kinetics, redox chemistry, atmospheric chemistry. Prerequisites: CEE:5152.

CEE:6255 Environmental Biotechnology and Bioremediation 3 s.h.
Concepts in molecular microbial ecology and bioremediation; microbial diversity and genetics, evolution of biodegradation pathways, application of quantitative PCR, high-throughput amplicon and metagenomic and transcriptomic sequencing, proteomics, stable isotopes; bioremediation research and practice. Prerequisites: CEE:5154.

Hydraulics, Hydrology, and Water Resources

CEE:3328 Fluvial Geomorphology 3 s.h.
Hydrologic principles, stream channel processes, and fluvial geomorphology within drainage basin systems; spatial and temporal variations in water distribution, analysis of hydrological data, flow mechanisms, sediment transport, forecasting procedures, hydrograph construction, modeling. Requirements: EES:3020 or another 3000-level geology or hydrologic course. Same as EES:3380.

CEE:3371 Principles of Hydraulics and Hydrology 3 s.h.
Hydraulics of pressure conduits and open channels, dimensional analysis, flow measurements, hydraulic machinery, laboratory. Prerequisites: ENGR:2510.

CEE:4103 Water Quality 3 s.h.
Sources, availability, uses, characteristics, criteria, best management practices for surface waters; protection of waters impaired by eutrophication, soil erosion and sedimentation; pathogenic organisms, habitat destruction, wastewater discharges, contaminated sediments, atmospheric deposition, watershed development, invasive species, irrigation return flows, stormwater discharges, nonpoint sources, agricultural runoff; laboratory component, measurement of water quality characteristics in the field. Requirements: junior or higher standing.

CEE:4118 Probabilistic Methods in Hydroscience 3 s.h.
Common probabilistic models used in hydrology, hydraulics, and water resources; derived distributions; multivariate models and estimation of model parameters; analysis of data and model building; uncertainty analysis. Prerequisites: MATH:2560 and STAT:2020.

CEE:4119 Hydrology 3 s.h.
Overview of fundamental processes in water cycle, including precipitation, evaporation, infiltration, and runoff; quantitative approaches for predicting streamflow and design discharges; applications to flood hazard assessment and stormwater management. Prerequisites: ENGR:2510.

CEE:4120 Water Resources Sustainability 3 s.h.
Effect of human impact on hydrologic ecosystems (aquifers, watersheds, coastal zones, lakes, and wetlands); quantitative measures of impact and mitigation/attenuation efforts; key questions addressed (What does water resources sustainability mean? How can it be measured? How can it be implemented?); worldwide case studies that illustrate the detrimental effects of unsustainable resource utilization and the benefits of implementing sustainable resource management strategies.

CEE:4123 Hydroclimatology 3 s.h.
Introduction to fundamental processes governing climate system and hydrological cycle, links between them; measurements of atmospheric and terrestrial components; atmosphere-ocean interactions (e.g., El Nino, Pacific Decadal Oscillation); teleconnections; climatology of atmospheric storms and impacts (e.g., atmospheric rivers, tropical cyclones, floods, droughts); climate change and variability; tools for analysis of climate data. Recommendations: CEE:4118 and CEE:4119 and CEE:4180 and CEE:4378.

CEE:4146 Multiscale Hydrology: Introduction to Multiscale Hydrologic Phenomena 3 s.h.
Hydrologic principles over the last century developed from experimentation at laboratory and small plot scales; major scientific and engineering challenges, including links between statistical fluctuations that data exhibits; physical, chemical, and biological principles through appropriate mathematical theories, numerical models, and field observations; coupled hydrologic processes at larger scales using newly built on abstraction; observations used in hydrologic engineering at larger scales for several decades and missing a coherent theory that ties them together. Prerequisites: ENGR:2510 and MATH:6600. Requirements: three semesters of calculus and college physics, an introductory hydrology course, and a probability and statistics course.

CEE:417 Remote Sensing 3 s.h.
Fundamentals of electromagnetic waves, atmospheric radiative transfer, passive remote sensing, weather radar, hydrologic application of remote sensing.

CEE:4370 Flow in Open Channels 3 s.h.
In-depth analysis of governing flow equations; steady uniform flow in channels of different resistance and cross section; flow control sections; specific energy considerations; analysis and computation of gradually varied profiles and spatially varied flow effected by lateral outflow and inflow; unsteady flow; flood routing. Prerequisites: CEE:3371.

CEE:4371 Water Resources Engineering 3 s.h.
Planning and economics of varied water resources projects; stochastic basis for design; flood damage mitigation, reservoirs, river morphology, economic analysis of water projects, urban water requirements, water supply, hydroelectric power systems, river navigation; contemporary civil-engineering problems and issues associated with water infrastructure development. Corequisites: CEE:3371.

Introduction to coherent structures and their role in explaining the physics of several important categories of environmental flows; focus on examples related to hydraulics, river engineering, stratified flows, and geosciences; turbulence modeling using eddy resolving techniques that can capture the dynamics of coherent structures; no prior experience in coding or numerical methods is expected. Prerequisites: CEE:5369. Requirements: M.S. or Ph.D. standing.

Basic concepts and definitions; pressure distribution in a fluid; governing equations and boundary conditions; integral and differential analysis; dimensional analysis and similarity; experimental analysis; laminar and turbulent internal and external flows; potential flows; engineering applications. Prerequisites: ENGR:2510. Same as ME:5160.

Hands-on experience in methodology of conducting experiments in fluid mechanics and heat transfer from design to data acquisition and processing; essential theoretical elements, experimental methodologies, data acquisition systems, uncertainty analysis; wide variety of instruments for fundamental and applied experimentation; work in small groups; design, implement, test, and report an experiment in an area of interest. Same as ME:5162.

Review of classical diffusion theories; longitudinal dispersion, transverse and vertical mixing in free-surface turbulent shear flow; application to natural channels; selected topics including stream-tube models, mixing and dispersion of heated effluents. Corequisites: CEE:5369.

Equations of viscous flow; classical analytical and numerical solutions; flow regimes and approximations; laminar boundary layers—equations, solution methods, applications; stability theory and transition; incompressible turbulent flow—mean-flow and Reynolds-stress equations, modeling, turbulent boundary layers and free shear flows. Requirements: for ME:6260 — ME:5160; for CEE:6376 — CEE:5369 . Same as ME:6260.

Exploration of rich and complex field of sediment transport, geomorphology, and contaminant transport; associated physical, chemical, and biological processes with associated mathematical modeling; investigation of current topics not covered elsewhere, including physical processes affecting stability/mobility, transport, and fate of soil/sediments; lack of general understanding in development of fine-scale sedimentary structure in different systems, particularly contamination and contamination release; suspension effects on turbulent flows. Prerequisites: CEE:4370 and CEE:4373.

Graduate Seminars, Advanced Topics, Research

CEE:4097 Topics in Teaching and Learning 1 s.h.
Overview of Iowa's hydroclimate; emphasis on discharge, rainfall, and temperature; how to address basic research questions related to Iowa's climate and extreme events; hands-on exercises.

CEE:4995 Contemporary Topics in Civil and Environmental Engineering arr.
New topics or areas of study not formally offered in other civil and environmental courses; ice engineering, chaos and strange attractors, remote sensing, nonlinear dynamics of hydrologic processes, advanced water and wastewater treatment processes, hazardous waste control, global climate change, damage mechanics; based on faculty/student interest.

CEE:5091 Graduate Seminar: Structure, Mechanics, Materials 0 s.h.
Presentation and discussions of recent advances and research in structures, mechanics, and materials engineering by guest lecturers, faculty, students. Requirements: senior or graduate standing.

CEE:5092 Graduate Seminar: Environmental Engineering Seminar 0 s.h.
Presentation and discussion of current topics, case studies, and research in environmental science and engineering by students, guest lecturers, faculty. Requirements: senior or graduate standing.

CEE:5093 Graduate Seminar: Hydraulics, Hydrology, and Water Resources 0 s.h.
Presentation and discussions of recent advances and research in hydraulics, hydrology, and water resources by guest lecturers, faculty, students. Requirements: senior or graduate standing.

CEE:5998 Individual Investigations: Civil and Environmental Engineering arr.
Individual projects for civil and environmental engineering graduate students: laboratory study, engineering design project, analysis and simulation of an engineering system, computer software development, research. Requirements: graduate standing.

CEE:5999 Research: Civil and Environmental Engineering M.S. Thesis arr.
Experimental and/or analytical investigation of an approved topic for partial fulfillment of requirements for the M.S. with thesis in civil and environmental engineering. Requirements: graduate standing.

Experimental and/or analytical investigation of an approved topic for partial fulfillment of requirements for the Ph.D. in civil and environmental engineering.
Electrical and Computer Engineering

Chair

• Er-Wei Bai

Undergraduate major: electrical engineering (B.S.E.)
Graduate degrees: M.S. in electrical and computer engineering; Ph.D. in electrical and computer engineering
Faculty: [link to faculty page]
Web site: [link to department web site]

Electrical engineers and computer engineers make vital contributions to nearly all facets of modern society through their work in areas such as computer systems, medical imaging, robotics, wireless communications, and fiber optics. From the World Wide Web to high-definition television, cellular telephones, and computer networks, the contributions of electrical and computer engineers are changing everyday life.

Many benefits that have sprung from electrical engineering technology now are taken for granted—noninvasive imaging of the brain and other internal organs, astonishing views of the solar system’s outer planets, and wireless telecommunications. Electrical engineers also play crucial roles in major emerging technologies, for example, wireless Internet, optical communications, and mapping of the human genome.

As the United States strives to retain or enlarge its share of national and international markets, electrical engineers are certain to play an important role in improving productivity through automation, increased efficiency, and new technologies.

Electrical and computer engineers work in research, design, development, manufacturing, sales, market analysis, consulting, field service, and management. They are employed in computer, semiconductor, software, aerospace, telecommunication, medical, radio, television, and power industries.

Undergraduate Program of Study

• Major in electrical engineering (Bachelor of Science in Engineering)

Graduates of the program will:
• exhibit leadership and vision in contributing to the technical and policy decisions of industry, government, and research enterprises;
• demonstrate problem-solving abilities that permit them to contribute in a variety of technical, business, and academic careers;
• thrive in diverse, global, and multidisciplinary environments;
• possess the ability to communicate effectively and participate collaboratively in interactions with engineers and other professionals; and
• participate in lifelong learning activities that enhance their professional and personal development.

Bachelor of Science in Engineering

The Bachelor of Science in Engineering requires a minimum of 128 s.h. The major in electrical engineering provides technical depth and breadth as well as flexibility and the opportunity for students to customize their programs according to their own goals. Students choose one of several elective focus areas according to the type of job or research they plan to pursue. They also choose one of two tracks to support their elective focus area.

All engineering students complete the B.S.E. core requirements, which include RHET:1030 Rhetoric; ENGR:1100 Engineering Problem Solving I and ENGR:1300 Engineering Problem Solving II; and courses in chemistry, engineering mathematics and fundamentals, and physics. They must earn a grade of C-minus or higher in the core requirements MATH:1550 Engineering Mathematics I: Single Variable Calculus and MATH:1560 Engineering Mathematics II: Multivariable Calculus.

They also complete the curriculum designed for their major program, which covers four major stems: mathematics and basic sciences, engineering topics, an elective focus area, and the general education component (15 s.h. of humanities and social science courses). For information about the curriculum stems, see Bachelor of Science in Engineering (p. 841) in the Catalog.

Electrical engineering students complete the curriculum below. During their second year, they select an elective focus area (EFA) and choose a track that corresponds with it: the computer track or the electrical track. They begin taking track and EFA courses in their third year.

The following study plan includes the B.S.E. core requirements and the curriculum for the electrical engineering major. Some courses in the curriculum are prerequisites for others. Students who take courses in the order below satisfy the prerequisite requirements automatically. Students who do not follow this sequence still must satisfy all course prerequisites.

SECOND YEAR
First Semester
ENGR:2110 Engineering Fundamentals I: Statics 2 s.h.
ENGR:2120 Engineering Fundamentals II: Electrical Circuits 3 s.h.
ENGR:2130 Engineering Fundamentals III: Thermodynamics 3 s.h.
MATH:2560 Engineering Mathematics IV: Differential Equations 3 s.h.
PHYS:1612 Introductory Physics II 3-4 s.h.

Second Semester
ECE:2400 Linear Systems I 3 s.h.
ECE:2410 Principles of Electronic Instrumentation 4 s.h.
ENGR:2730 Computers in Engineering 3 s.h.
MATH:3550 Engineering Mathematics V: Vector Calculus 3 s.h.
General education component course 3 s.h.

THIRD YEAR
First Semester
ECE:3000 Professional Seminar: Electrical Engineering 1 s.h.
ECE:3320 Introduction to Digital Design 3 s.h.
ECE:3700 Electromagnetic Theory 3 s.h.
STAT:2020 Probability and Statistics for the Engineering and Physical Sciences 3 s.h.
Two required track courses 6 s.h.

Second Semester
General education component course 3 s.h.
Three required track courses 9 s.h.
Two elective focus area courses 6 s.h.

FOURTH YEAR
First Semester
ECE:4880 Principles of Electrical Engineering Design 3 s.h.
General education component course 3 s.h.
Track breadth elective 3 s.h.
Three elective focus area courses 9 s.h.

Second Semester
ECE:4890 Senior Electrical Engineering Design 3 s.h.
General education component course 3 s.h.
Track depth elective 3 s.h.
Two elective focus area courses 6 s.h.

Elective Focus Area and Track
Students select an elective focus area to personalize their curriculum and to help them prepare for the type of job or research they plan to pursue. More than 20 EFAs are available, such as bioinformatics, business, communication systems, medical imaging, nanotechnology, power systems, and software; visit ECE Elective Focus Areas for a complete list. Students also select one of two tracks—computer or electrical—to support their EFA. They complete seven courses in their track and seven EFA courses.

Students who choose their track and EFA courses carefully may be able to earn the Certificate in Sustainability (p. 1248), the Certificate in Technological Entrepreneurship (p. 914), or one of several undergraduate minors offered by the University without taking courses beyond those required for the electrical engineering major.

The electrical engineering major requires the following track and elective focus area courses.

REQUIRED COMPUTER TRACK COURSES
Students in the computer track complete all of these:
ECE:3330 Introduction to Software Design 3 s.h.
ECE:3350 Computer Architecture and Organization 3 s.h.
ECE:3360 Embedded Systems and Systems Software 3 s.h.
CS:2210 Discrete Structures 3 s.h.
CS:3330 Algorithms 3 s.h.

REQUIRED ELECTRICAL TRACK COURSES
Students in the electrical track complete all of these:
ECE:3400 Linear Systems II 3 s.h.
ECE:3410 Electronic Circuits 4 s.h.
ECE:3500 Communication Systems 3 s.h.
ECE:3600 Control Systems 3 s.h.
ECE:3720 Electrical Engineering Materials and Devices 3 s.h.

TRACK BREADTH AND DEPTH ELECTIVES
Students complete one track breadth elective and one track depth elective.

Students in the computer track must choose their track breadth elective from the list of required electrical track courses above. Students in the electrical track must choose their track breadth elective from the list of required computer track courses.

The track depth elective must be an advanced course in a subject area within the student's track—normally numbered 3000 or above—for which one of the required track courses is a prerequisite. For a complete list of depth electives for each track, consult the Department of Electrical and Computer Engineering.

ELECTIVE FOCUS AREA COURSES
Students complete seven elective focus area courses, which they choose according to guidelines established by the department. For a list of EFAs and course selection guidelines, see ECE Elective Focus Areas on the Department of Electrical and Computer engineering web site.

Joint B.S.E./M.S.
The College of Engineering offers a joint (fast-track) Bachelor of Science in Engineering/Master of Science for electrical engineering undergraduate students who intend to earn an M.S. in electrical and computer engineering. B.S.E./M.S. students may take up to 12 s.h. of graduate-level course work and do thesis-level research while they are still undergraduates. They may count 9 s.h. of
graduate course work toward both degrees. Once students complete the requirements for the bachelor’s degree, they are granted the B.S.E., and they normally complete the M.S. one year later.

To be admitted to the joint degree program, students must have completed at least 80 s.h., must have a cumulative g.p.a. of at least 3.25, and must submit a letter of application to the chair of the Department of Electrical and Computer Engineering.

Graduate Programs of Study

• Master of Science in electrical and computer engineering (software engineering subprogram available)
• Doctor of Philosophy in electrical and computer engineering

The Department of Electrical and Computer Engineering stimulates excellence in scholarship and research through close contact with the faculty and programs tailored to fit students' individual needs.

Students select an advisor and, with the advisor, plan an individual program bounded only by the broad guidelines of the Graduate College and the program. The department maintains close interdisciplinary ties with other University of Iowa departments, especially with the Departments of Physics and Astronomy, Computer Science, Mechanical and Industrial Engineering, and Biomedical Engineering, and the Carver College of Medicine. Principal areas of graduate study include waves and materials, computer systems, wireless communications, signal and image processing, computational genomics, and control systems and systems theory.

Research and Study Areas

BIOINFORMATICS AND COMPUTATIONAL BIOLOGY

The Center for Bioinformatics and Computational Biology (CBCB) is a multidisciplinary research enterprise that encompasses numerous laboratories and collaborates with many graduate programs on campus. Students may earn the Certificate in Informatics (p. 942) (Graduate College), to augment their Ph.D. training in disciplines ranging from molecular biology to biochemistry to computer science to engineering.

Since 1994, the Coordinated Laboratory for Computational Genomics, a CBCB affiliate, has engaged in a broad range of research activities that complement the Human Genome Project. Members of the laboratory develop new hardware and software techniques for analysis and annotation of genomic sequence, its transcription and translation, and the proteome. Other efforts are aimed at systematic capture and curation of phenotypic information acquired from massive databases of clinical information derived from collaborations with the College of Medicine. The goal of these projects is to elucidate the mechanisms of human disease and develop promising new methods for cures and treatments.

The laboratory’s facilities include more than 200 workstations, 3 Linux clusters, and access to the NSF TeraGrid and other high-performance computing facilities. Projects in the laboratory frequently involve cutting-edge genomic and proteomic instruments such as the Roche 454 next-generation sequencing platform and several high-throughput gene expression (microarray) measurement platforms.

COMPUTER SYSTEMS AND VLSI CIRCUITS

Research emphasis is directed toward design and test of very-large-scale integrated (VLSI) circuits, high-performance computing and networking, and intelligent agent systems. Research in the VLSI area involves development of techniques and algorithms that assist in synthesis and testing of large-scale logic circuits, and incorporation of these techniques into computer-aided design tools. Current projects include new pattern sources for built-in-test, efficient test pattern generation, generation of compact test sets, and methods for reducing test data volumes.

High-performance computing research involves development of collaborative and parallel computing environments and associated software tools, and use of these facilities and tools in varied application domains, including image processing and computational biology. Current work in networking focuses on protocols and layer-integration schemes that support high-performance wireless networking, and on control and coordination of mobile ad hoc networks. Current research facilities in these areas include several large cluster computers and an experimental asynchronous transfer mode (ATM) network.

Departmental facilities that support this work include Linux and Windows workstations and server nodes that provide college-wide networked computer services. Advanced computing facilities also are available at national supercomputing centers and federal laboratories.

CONTROL SYSTEMS AND SYSTEMS THEORY

Control systems and system theory use feedback to improve the predictability and efficiency of engineered systems ranging from electronic amplifiers to vehicle guidance systems, manufacturing processes, communication channels, and the Internet. Work in control systems and systems theory draws heavily on results from mathematics, physics, and computer science to model the systems that are to be controlled and to implement feedback controllers.

Current research emphasizes optimal, adaptive, digital, robust, and stochastic control and the control of discrete event dynamical systems. Recent work has concerned the estimation, identification, and robust control of linear and nonlinear dynamical systems; set membership identification, control over wireless communication channels; coordinated fault tolerant control of unmanned vehicles; use of control theory to analyze distributed computing, communications, and manufacturing systems; interplay between communications and control; design of fast digital controllers using subband coding; and multirate control systems.

Research in control systems and systems theory is supported by extensive computing resources and collaborations with local industry, the Center for Computer-Aided Design, the National Advanced Driving Simulator (NADS), and the Carver College of Medicine.

NANOSCALE ELECTRONICS AND SPINTRONICS

Nanoscale devices and systems provide solutions for low-power logic devices, high-density 3-D stackable electronic and/or spintronic memory elements, and solar/waste energy harvesting applications. Current nanoscale and spintronics work involves post-CMOS transistor research to
extend Moore's law in this century; use of novel magnetic and nonmagnetic nanomaterials for enhanced-CMOS and nonvolatile memory; and intelligent solar cells, thermoelectric devices, fuel cells and batteries for efficient solid-state energy conversion. Departmental researchers are pursuing experimental, theoretical, and large-scale computational approaches.

**SIGNAL AND IMAGE PROCESSING**

Research in image processing and basic and applied signal processing is supported by a digital signal processing laboratory and an image analysis laboratory. Collaborative research with faculty in the Departments of Radiology, Neurology, Psychiatry, Internal Medicine, Ophthalmology and Visual Sciences, Radiation Oncology, and Biomedical Engineering is directed at quantitative analysis of medical images.

In the area of signal processing, current projects include analysis and design of efficient adaptive algorithms for signal processing, efficient coding and transmission of speech, speech processing aids for the hearing-impaired, robust equalization of uncertain channels, application of neural networks to communications systems, multirate signal processing, and subband coding and channel equalization.

Image processing and analysis projects include development of novel methods for image segmentation, image registration, computer-aided detection and diagnosis, early identification of disease patterns from medical image data, computer-aided surgical planning, virtual and augmented reality medical image visualization, building anatomic atlases, and a broad range of translational medicine projects focusing on research and clinical applications of the novel methods. The areas of interest span all scales, from molecules to cells to small animals to humans, and cover a broad range of organ systems and targeted diseases. The spectrum of medical imaging modalities used for research and applications in image processing and analysis is equally broad, encompassing all existing modalities, including X-ray, CT, MR, PET, SPECT, and OCT.

The Medical Image Analysis Labs consist of several specialized facilities for digital image processing. They are equipped with state-of-the-art devices for data storage, transfer, visualization, and analysis. High-capacity data storage devoted to image processing research offers more than 35 TB of online hard disk space. An augmented reality medical image visualization lab serves as a high-performance collaborative resource for the Iowa Institute for Biomedical Imaging. The institute makes additional resources available to image processing research, including small and large animal as well as human research scanning facilities, and provides a backbone for interdisciplinary medical image analysis research to electrical and computer engineering graduate students and faculty.

**WAVES AND MATERIALS**

Research in this area is carried out primarily in the Iowa Advanced Technology Laboratories, a well-equipped, modern facility two blocks from the Engineering Building, and in Van Allen Hall. Current research topics are optical and electronic properties of semiconductors, semiconductor devices, electro-optics, nonlinear optics, nonlinear wave propagation in plasmas, nanotechnology, and medical devices.

Much work is done in collaboration with other University of Iowa departments, including the Departments of Physics and Astronomy, Chemistry, Internal Medicine, and Neurosurgery. Facilities include two molecular beam epitaxy reactors (in physics and astronomy), a microfabrication laboratory with micrometer resolution capabilities, electrical characterization capability to 22 GHz, several Ti-sapphire lasers, a mid-infrared optical parametric oscillator, and plasma equipment for nonlinear wave plasma interaction studies.

Examples of current projects are the design and fabrication of diode lasers based on the bandgap engineering of antimony and arsenic-based III-V compound semiconductors, phase control of laser arrays, development of an all-optical power equalizer, characterization of quantum well devices, nonlinear waveguide devices, development of a noncontact method to measure transport properties, plasma and optical soliton excitation and propagation, development of cellular probes, and a noninvasive glucose sensor for medical research.

**WIRELESS COMMUNICATION SYSTEMS**

The department is engaged in research using wireless sensor networks (WSNs), which consist of spatially distributed autonomous devices that use sensors to cooperatively monitor physical or environmental conditions such as temperature, sound, vibration, pressure, motion, and pollutants at different locations. WSNs are used for environment and habitat monitoring, healthcare applications, home automation, and traffic control. Current research includes the application of WSN, traditional telemetry, and commercial cellular communication infrastructure for geosciences data collection (e.g., rainfall, water quality, soil moisture).

Another important research interest involving distributed sensor networks is the distributed control of power systems, especially requirements of the next-generation electric grid with smart metering and distributed generation using small-scale wind and solar generators. Research on WSNs also includes the design of cooperative communication techniques for energy efficient WSNs and issues of localization, network organization, and control.

Research activities in communication systems focus on design and analysis of receivers for digital wireless communications, especially the development of effective and practical receivers for multiple-user wireless cellular systems in multipath channels. Projects include the removal of intersymbol interference by blind identification/equalization, multiple-user detection in CDMA without power control, receiver structures for 3G wireless cellular systems, cooperative beam forming for ad hoc wireless networks, resource allocation in OFDM systems, and scheduling in wireless networks. Fundamental theoretical issues and practical implementation are emphasized.

**Master of Science**

The Master of Science program in electrical and computer engineering requires 30 s.h. of graduate credit with thesis and 36 s.h. of graduate credit without thesis. Either option may precede Ph.D. study.

M.S. students must maintain a cumulative g.p.a. of at least 3.00.

Thesis students must complete at least 12 s.h. from an approved list of electrical and computer engineering
courses and 6 s.h. in ECE:5999 Research: Electrical and Computer Engineering M.S. Thesis. Nonthesis students must complete at least 18 s.h. from an approved list of electrical and computer engineering courses; nonthesis students may count no more than 3 s.h. of independent study toward the degree. Courses required for the B.S.E. in electrical engineering do not count toward the M.S. requirements.

All M.S. students must successfully complete a final examination, which is conducted by a committee of at least three faculty members. One part of the final examination for thesis students consists of an oral defense of the thesis.

M.S. Subprogram in Software Engineering

A Master of Science subprogram in software engineering is available to both thesis and nonthesis students. The M.S. with software engineering subprogram requires the same amount of graduate credit as the M.S. without the subprogram: a minimum of 30 s.h. for the thesis option, and 36 s.h. for the nonthesis option. All rules for additional credit and the M.S. final examination are the same as for the M.S. without the subprogram. Successful completion of the subprogram results in a designation that specifies "(software engineering)" on a student's transcript.

The software engineering subprogram requires the following course work.

- ECE:5310 Introduction to VLSI Design 3 s.h.
- ECE:5320 High Performance Computer Architecture 3 s.h.
- ECE:5330 Graph Algorithms and Combinatorial Optimization 3 s.h.
- ECE:5800 Fundamentals of Software Engineering 3 s.h.
- ECE:5810 Formal Methods in Software Engineering 3 s.h.
- ECE:5820 Software Engineering Languages and Tools 3 s.h.
- ECE:5830 Software Engineering Project 3 s.h.

In addition to the courses listed above, thesis students complete another 3 s.h. of course work from the approved list of electrical and computer engineering courses; nonthesis students complete another 6 s.h.

Doctor of Philosophy

The Doctor of Philosophy program in electrical and computer engineering requires a minimum of 72 s.h. of graduate credit. At least 45 s.h. must be earned in formal course work (not in thesis work or other independent study), including 30 s.h. from an approved list of electrical and computer engineering courses. Each Ph.D. student's study plan must be approved by the student's advisor and by the graduate committee.

Acceptance to the Ph.D. program requires successful completion of the Ph.D. qualifying process. The qualifying process consists of two parts—an examination and a course breadth requirement. The half-day written exam is given once a year, late in the spring semester. It covers two subjects chosen by a student from a list of nine. Students normally are expected to take the qualifying examination within the first 30 s.h. of their graduate studies. A cumulative g.p.a. of at least 3.25 is required for admittance to the exam. Students who fail the examination may retake it only once the next time it is offered. To complete the breadth requirement, students must take two courses associated with the same list of nine subjects that the examination is drawn from and complete the courses with grades of at least A-minus. The breadth courses must not duplicate the subjects chosen for the examination and must be completed within the fourth semester of graduate study.

Ph.D. students take a Ph.D. qualifying examination and Ph.D. comprehensive examination. They must successfully complete a research program that includes a minimum of 18 s.h. of Ph.D. research and culminates in the preparation of a thesis. Finally, the candidate must present a successful oral defense of the thesis.

Ph.D. students must maintain a cumulative g.p.a. of 3.25 or higher in all graduate course work.

Acceptance to the Ph.D. program requires successful completion of the Ph.D. qualifying examination. This all-day written exam is given once a year, late in the spring semester. It covers four areas chosen by a student from an extensive list. Students normally are expected to take the qualifying examination within the first 30 s.h. of their graduate studies. A cumulative g.p.a. of at least 3.25 is required for admittance to the exam. Students who fail the examination may retake it only once, the next time it is offered.

Following successful completion of the Ph.D. qualifying examination and invitation to the Ph.D. program, a student must complete the two-part Ph.D. comprehensive examination. The first part is a written research proposal that includes a thorough literature survey providing the motivation and background for the proposal. The second part is an oral examination.

Students must pass the Ph.D. qualifying examination before they may take the Ph.D. comprehensive exam, and they must complete the comprehensive exam no later than three calendar years after passing the qualifying exam. Students who fail to meet this deadline must retake the qualifying exam. The qualifying exam and the comprehensive exam may not be taken in the same semester.

The final requirement for completion of the Ph.D. program is the preparation and successful defense of the Ph.D. thesis. This must be completed no sooner than six months but no longer than three years after completion of the comprehensive examination.

Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

M.S. applicants must have a g.p.a. of at least 3.00, and Ph.D. applicants must have a g.p.a. of at least 3.25, on all electrical and computer engineering, mathematics, and physics course work. M.S. applicants with a g.p.a. between 2.75 and 3.00 in electrical and computer engineering, mathematics, and physics course work may be admitted on probation, if warranted by other aspects of their academic records.

Students with baccalaureate degrees in related areas (e.g., physics, mathematics, and computer science) may be admitted on conditional status. They may be required to
complete additional course work, without earning graduate credit, before being granted regular status.

Each application is reviewed individually. Extenuating circumstances may permit deviations from the usual standards.

Financial Support
A number of fellowships, traineeships, assistantships, scholarships, and industrial grants are available to graduate students who qualify. These are awarded on a competitive basis.

Facilities and Laboratories

Undergraduate Core
Electrical and computer engineering provides core instruction for the college in electrical circuits, electronics, instrumentation, and computers. A key part of this core teaching responsibility lies in providing students with an early opportunity to use engineering laboratory instrumentation.

Undergraduate Laboratories
The department’s undergraduate laboratories include facilities for the study of electrical and electronic circuits, wireless communication, power and sustainable energy, signals and systems, microprocessor-based computers and systems, measurement automation, communication systems, control systems, computer-aided design of VLSI circuits, image processing, robotics, and optics. The laboratories are equipped with modern equipment, including digital oscilloscopes, computer-controlled virtual instrumentation, and software and hardware for embedded-systems development.

Graduate Facilities and Laboratories
The department has laboratories intended primarily for graduate research in the areas of bioinformatics, image processing, software engineering, electro-optics, control systems, medical imaging and image analysis, large-scale intelligent systems, and wireless communication. Linux and Windows workstations and server nodes provide college-wide networked computing support. Through cooperative arrangements, advanced computing facilities at national supercomputing centers, federal laboratories, and other universities are available for graduate research.

Courses

Special Topics

ECE:0000 Cooperative Education Training Assignment: Electrical Engineering
0 s.h.
Electrical engineering students participating in the Cooperative Education Program register in this course during work assignment periods; registration provides a record of participation in the program on the student’s permanent record. Requirements: admission to Cooperative Education Program.

ECE:0002 Half-time Cooperative Education Training Assignment: Electrical Engineering
0 s.h.
Registration for work assignment periods; for students participating in the Cooperative Education Program.

ECE:2120 Art and Engineering
3 s.h.
Collaborative, interdisciplinary, cutting-edge opportunity to gain real world engineering experience while learning to think creatively and analytically to create engaging works of art; interdisciplinary collaboration and creative methodologies that enhance life-long creative practice of artists and engineers; basic electronics and Arduino prototyping platform to create programmable, sensor-driven, responsive circuits. Prerequisites: TDSN:2210 or CERM:2010 or MTLS:2910 or SCLP:2810. Same as TDSN:2205.

ECE:2410 Principles of Electronic Instrumentation
4 s.h.
Principles of analog signal amplification, signal conditioning, filtering; operational amplifier circuit analysis and design; principles of operation of diodes, bipolar transistors, field effect transistors; discrete transistor amplifier analysis and design; laboratory included. Prerequisites: ENGR:2120 and PHYS:1612.

ECE:3000 Professional Seminar: Electrical Engineering
1 s.h.
Professional aspects of electrical engineering presented through lectures and discussions by guest speakers, field trips, films, panel discussions. Requirements: junior standing.

ECE:3998 Individual Investigations: Electrical Engineering
arr.
Individual projects for electrical engineering undergraduate students: laboratory study, engineering design project, analysis and simulation of an engineering system, computer software development, research.

ECE:4880 Principles of Electrical Engineering Design
3 s.h.
Design problems requiring integration of subject matter from other required electrical and computer engineering courses. Prerequisites: ECE:2410 and ENGR:2730. Requirements: senior standing.

ECE:4890 Senior Electrical Engineering Design
3 s.h.
Individual or team project; demonstration of completed project and formal engineering report. Prerequisites: ECE:4880. Requirements: completion of three required subprogram courses.

Digital Systems, Computers, Software Engineering

ECE:3320 Introduction to Digital Design
3 s.h.
Modern design and analysis of digital switching circuits; combinational logic; sequential circuits and system controllers; interfacing and busing techniques; design methodologies using medium- and large-scale integrated circuits; lab arranged. Requirements: sophomore standing.

ECE:3330 Introduction to Software Design
3 s.h.
Design of software for engineering systems; algorithm design and structured programming; data structures; introduction to object-oriented programming in JAVA; applications to engineering problems; lab arranged. Prerequisites: ENGR:2730.
ECE:3350 Computer Architecture and Organization 3 s.h.
Basic concepts; computer evolution, register transfer level design, simulation techniques, instruction sets (CISC and RISC), assembly language programming, ALU design, arithmetic algorithms and realization of arithmetic functions, hardwired and microprogrammed control, memory hierarchies, virtual memory, cache memory, interrupts and DMA, input/output; introduction to high-performance techniques, pipelining, multiprocessing; introduction to hardware description languages (Verilog, VHDL); students design and simulate a simple processor. Offered fall semesters. Prerequisites: ECE:3320 and ENGR:2730.

ECE:3360 Embedded Systems and Systems Software 3 s.h.
Microprocessors and microcontrollers as components in engineering systems; embedded system design processes; microcontroller/microprocessor architecture; interrupts and traps; memory and device interfacing; low-level and high-level software design for embedded systems; examples of embedded system architecture and design; fundamentals of operating systems; tasks and processes; context switching and scheduling; memory and file management, interprocess communication; device drivers. Prerequisites: ENGR:2730.

ECE:5129 Information Systems for Resource Management 3 s.h.
Understanding and managing natural and engineered resources requiring data-reach foundation; management of data; complex data-driven technologies integrated into data and information systems (DIS); hands-on opportunity to develop or use capabilities of DIS for study or research area of interest (science, engineering, industrial operation); wind power generation, an emerging field in Iowa, used as a case study for illustrating key DIS components, links, and functionalities. Same as IE:5129, ME:5129, CEE:5129, GEOG:5129.

ECE:5210 Bioinformatics Techniques 3 s.h.
Informatics tools and techniques applied to modern problems in biomedicine and basic life sciences; common tools, experience applying tools in contemporary problem settings; genomics and genetics, how to sequence a genome, transcription and expression, SNPs, Perl, BioPerl, Perl modules, Ensembl API, BLAST/BLAT, NCBI, UCSC, Ensembl Genome browsers, linkage, association, disease gene identification. Prerequisites: BIOL:1411 and ENGR:1300. Same as BME:5320.

ECE:5220 Computational Genomics 3 s.h.
Introduction to computational methods used in genome analysis and functional genomics; biological sequence analysis, sequence database search, microarray data analysis, biological network analysis; in-depth coverage of principal genome science challenges and recent solutions. Prerequisites: BME:5320 and CS:3110 and (BIOS:4120 or STAT:3510). Same as BIOL:5320, BME:5330, GENE:5173.

ECE:5300 Switching Theory 3 s.h.
Switching algebras; combinational circuits—hazards, minimization, multiple-output networks; sequential circuits—critical races, essential hazards, fundamental-mode, pulse-mode, synchronous circuits-state assignment, state reduction; input-output experiments. Prerequisites: ECE:3320.

ECE:5310 Introduction to VLSI Design 3 s.h.
MOS devices and circuits; MOS transistor theory. MOS processing technologies, MOS device models; timing and power considerations; performance issues; scaling; various logic schemes; circuit techniques; clocking strategies; I/O structures; design styles; ASIC design; MOS subsystem design; system case studies, use of electronic design automation tools, introduction to hardware description languages, design synthesis, design projects; lab. Prerequisites: ECE:3320 and ECE:3410.

ECE:5320 High Performance Computer Architecture 3 s.h.
Problems involved in designing and analyzing current machine architectures using hardware description language (HDL) simulation and analysis, hierarchical memory design, pipeline processing, vector machines, numerical applications, multiprocessor architectures and parallel algorithm design techniques; evaluation methods to determine relationship between computer design and design goals. Prerequisites: CS:3620 or ECE:3350. Same as CS:5610.

ECE:5330 Graph Algorithms and Combinatorial Optimization 3 s.h.
Combinatorial optimization problems; time complexity; graph theory and algorithms; combinatorial optimization algorithms; complexity theory and NP-completeness; approximation algorithms; greedy algorithms and matroids. Prerequisites: ECE:3330.

ECE:5380 Testing Digital Logic Circuits 3 s.h.
Logic models for faults; fault detection in combinational and sequential circuits; fault-diagnosis; design for testability; random testing, compressed data testing, built-in testing. Prerequisites: ECE:3320.

ECE:5800 Fundamentals of Software Engineering 3 s.h.
Problem analysis, requirements definition, specification, design, implementation, testing/maintenance, integration, project management; human factors; management, technical communication; design methodologies; software validation, verification; group project experience. Prerequisites: CS:2820 or ECE:3330. Same as CS:5800.

ECE:5810 Formal Methods in Software Engineering 3 s.h.
Models, methods, and their application in all phases of software engineering process; specification methods; verification of consistency, completeness of specifications; verification using tools. Prerequisites: CS:2820 or ECE:3330. Recommendations: CS:4350. Same as CS:5810.

ECE:5820 Software Engineering Languages and Tools 3 s.h.
Modern agile software development practices for cloud and web-based applications, using state-of-the-art software engineering languages, tools, and technologies; agile software development practices, software-as-a-service (SAAS), and the Ruby on Rails Development Framework. Requirements: ECE:5800 or CS:5800; or graduate standing with solid understanding of object-oriented design and programming, and facility with at least one object-oriented programming language. Same as CS:5820.

ECE:5830 Software Engineering Project 3 s.h.
Team software development project using concepts and methodologies learned in earlier software engineering classes; practical aspects of large-scale software development. Prerequisites: ECE:5800 and ECE:5820. Same as CS:5830.

Signal and Image Processing
ECE:2400 Linear Systems I 3 s.h.
Introduction to continuous and discrete time signals and systems with emphasis on Fourier analysis; examples of signals and systems; notion of state and finite state machines; causality; linearity and time invariance; periodicity; Fourier transforms; frequency response; convolution; IIR and FIR filters, continuous and discrete Fourier transforms; sampling and reconstruction; stability. Prerequisites: ENGR:2120 and MATH:2560.

ECE:3400 Linear Systems II 3 s.h.
Continuation of ECE:2400, emphasis on Laplace and Z-transform analysis; unilateral and bilateral Laplace transform; region of convergence; stability; block diagram algebra; first- and second-order continuous and discrete time systems; Bode plots. Prerequisites: ECE:2400.

ECE:3410 Electronic Circuits 4 s.h.
Design and analysis of FET and BJT amplifiers; low, midrange, high-frequency analysis; difference amplifiers; feedback amplifiers; SPICE simulation; power amplifiers; digital logic families. Prerequisites: ECE:2400 and ECE:2410.

ECE:5410 Advanced Circuit Techniques 3 s.h.
Advanced circuit principles; component, signal and noise models; sub-circuit design including oscillators, amplifiers, multipliers, noise generators, frequency converters, phase-locked loops, filters, transmission gates and level-shifters; measurement techniques including bridge, signal averaging and lock-in techniques, case studies of A/D and D/A converters, single-supply op amps, low-noise, large-signal and high frequency circuits; lab. Prerequisites: ECE:3410.

ECE:5420 Power Electronics 3 s.h.
Fundamental concepts and design techniques of power electronics circuits; switching power pole and various switch-mode DC to DC power conversion topologies; feedback control of switch-mode DC to DC power supplies; diode rectification of AC utility power and Power Factor Control (PFC) circuits; electromagnetic concepts and design of high-frequency inductors and transformers; electrically isolated switch-mode DC power supply topologies and soft-switching DC-DC converters and inverters; techniques for synthesis of DC and low-frequency AC sinusoidal voltages. Prerequisites: ENGR:2120 and PHYS:1611. Requirements: junior standing.

ECE:5450 Pattern Recognition 3 s.h.
Mathematical foundations and practical techniques of pattern recognition; adaptation, learning, description; statistical pattern recognition; syntactic pattern recognition, neural networks for recognition; fuzzy logic for recognition; nonstandard and combined pattern recognition approaches. Prerequisites: ECE:2400.

ECE:5460 Digital Signal Processing 3 s.h.
Theory, techniques used in representing discrete-time signals; system concepts in frequency and sampling domains; FIR and IIR digital filter theory, design and realization techniques; theory, application of discrete Fourier transforms/FFT. Prerequisites: ECE:3400.

ECE:5480 Digital Image Processing 3 s.h.
Mathematical foundations and practical techniques for digital manipulation of images; image sampling, compression, enhancement, linear and nonlinear filtering and restoration; Fourier domain analysis; image pre-processing, edge detection, filtering; image segmentation. Prerequisites: BME:2200 or ECE:2400. Same as BME:5220.

ECE:5620 Electric Power Systems 3 s.h.
Overview of electric power systems; single phase and three-phase representations of electric power signals and electromagnetic concepts; AC transmission lines and underground cables, power flow in a power system network, AC power transformers, High Voltage DC (HVDC) power transmission, electric power distribution, synchronous generators, voltage regulation and stability, power system transients and dynamic stability, control of interconnected power systems, transmission line faults, transient over-voltages and surge protection. Prerequisites: ENGR:2120 and PHYS:1611. Requirements: junior standing.

ECE:7450 Magnetic Resonance Imaging Systems
Mathematical foundations and practical implementation for magnetic resonance imaging (MRI); principles of image formation using Fourier and projection techniques, non-Cartesian sampling, tomographic image reconstruction, sources of artifacts and their correction. Prerequisites: ECE:5460 and ECE:5480.

ECE:7470 Image Analysis and Understanding 3 s.h.
Mathematical foundations and practical techniques of digital image analysis and understanding; image segmentation (from edges and regions), object description (from boundaries, regions, scale, scale insensitive descriptions, 3-D shape, texture) pattern recognition (statistical and syntactic methods, cluster analysis), image understanding (knowledge representation, control strategies, matching, context, semantics), image analysis and understanding systems; lab arranged. Prerequisites: ECE:5480.

**ECE:7480 Advanced Digital Image Processing**  3 s.h.
Advanced local operators (scale-space imaging, advanced edge detection, line and corner detection), image morphology (binary/gray scale operators, morphological segmentation and watershed), digital topology and geometry (binary/fuzzy digital topology, distance functions, skeletonization), color spaces, wavelets and multi-resolution processing (Haar transform, multi-resolution expansions, wavelet transforms in one or two dimensions, fast wavelet transform, wavelet packets), image registration (intensity correlation, mutual information, and landmark-based deformable registration methods). Prerequisites: ECE:5460 and ECE:5480.

**ECE:7920 ECE Graduate Seminar on Image Processing, Computer Vision and Medical Imaging**  0 s.h.
Recent advances and research in image processing, computer vision, and medical imaging; presentation by guest lecturers, faculty, students. Requirements: graduate standing.

**Communication and Information**

**ECE:3500 Communication Systems**  3 s.h.
Introduction to analog and digital communications, with an emphasis on modulation and noise analysis; Fourier analysis, probability theory, random variable and processes, AM, FM, pulse-coded modulation, binary digital modulation, SNR analysis of AM and FM, BER analysis of digital modulation schemes. Prerequisites: ECE:3400.

**ECE:3540 Communication Networks**  3 s.h.
Communication networks, layered network architectures, applications, network programming interfaces (e.g., sockets), transport, congestion, routing, data link protocols, local area networks, emerging high-speed networks, multimedia networks, network security, Internet protocol; technology examples. Prerequisites: ENGR:2730. Corequisites: STAT:2020.

**ECE:5500 Communication Theory**  3 s.h.
Random processes, source coding, digital transmission at baseband, optimum receiver design for Gaussian noise, error probability and power spectrum analysis, signal design for bandlimited channels, digital carrier modulation, bandwidth/energy/error probability tradeoffs, coding for error detection and correction. Prerequisites: ECE:3500 and STAT:2020.

**ECE:5520 Introduction to Information and Coding Theories**  3 s.h.
Quantitative measure of information; source encoding; error detecting codes; block and convolutional codes, design of hardware and software implementations; Viterbi decoding. Prerequisites: ECE:3500 and STAT:2020.

**ECE:5530 Wireless Sensor Networks**  3 s.h.
Wireless sensor networks overview; antennas, radio propagation models; WSN power and energy considerations, engineering issues, batteries, networks layers, stacks; medium access control (MAC); spread spectrum, FHSS, CDMA; infrastructure establishment; WSN routing; localization; synchronization; sensors; RFID; WSN case studies; lab. Prerequisites: ECE:3500 and STAT:2020. Requirements: senior standing.

**Controls**

**ECE:3600 Control Systems**  3 s.h.
Fundamental concepts of linear feedback control, mathematical modeling, transfer functions, system response, feedback effects, stability, root-locus and frequency response analysis and design, compensation, lab arranged. Prerequisites: ECE:2400.

**ECE:5430 Electric Drive Systems**  3 s.h.
Basic characteristics of DC and AC electric motors and their associated power electronics interfaces; applications of electric machines and drives that are essential for wind turbines, electric and hybrid-electric; emphasis on vehicles; electric machines in context of overall drives and associated applications; space-vector theory used to analyze electric machines and drives; DC motor/ generator characteristics and control; AC single phase and three-phase motor characteristics and feedback control, including AC synchronous and induction motors. Prerequisites: ENGR:2120 and PHYS:1611. Requirements: junior standing.

**ECE:5600 Control Theory**  3 s.h.
State space approach; controllability, observability, canonical forms, Luenberger observers, feedback control via pole placement, stability, minimal realization and optimal control. Prerequisites: ECE:3600. Same as ME:5360.

**ECE:5630 Sustainable Energy Conversion**  3 s.h.
Overview of sustainable energy conversion technologies; thermal energy conversion; Carnot and Rankine cycles; solar resource and raw energy availability, PV solar cell characteristics, solar panel construction, Maximum Power Point (MPP) tracking and utility grid interface; wind energy conversion resource and available energy, wind turbine configurations, electrical power interface electronics; ocean energy conversion tidal and wave resources and conversion technologies; tidal basin containment conversion and tidal current turbine systems. Prerequisites: ENGR:2120 and PHYS:1611. Requirements: junior standing.

**ECE:5640 Computer-Based Control Systems**  3 s.h.
Discrete and digital control systems; application of computers in control; sampling theorem; discrete time system models; analysis and design of discrete time systems; control design by state variable and input/output methods; advanced topics in digital controls; lab. Prerequisites: ECE:5600. Same as ME:5362.
Waves and Materials

ECE:3700 Electromagnetic Theory  3 s.h.
Electric and magnetic forces, Maxwell's equations, wave propagation; applications, including radiation, transmission lines, circuit theory. Prerequisites: MATH:3550 and PHYS:1612.

ECE:3720 Electrical Engineering Materials and Devices  3 s.h.
Fundamentals of semiconductor physics and devices; principles of the p-n junction diode, bipolar transistor, field effect transistor. Prerequisites: ECE:3410 and PHYS:1612.

ECE:4720 Introductory Optics  3 s.h.
Geometrical and physical optics; interference; diffraction; polarization; microscopic origins of macroscopic optical properties of matter; optical activity; electro-optical, magneto-optical, acousto-optical phenomena; spontaneous Brillouin, Raman, Rayleigh scattering. Prerequisites: PHYS:3812. Same as PHYS:4720.

ECE:4728 Introductory Solid State Physics  3 s.h.
Phenomena associated with solid state; classification of solids and crystal structures, electronic and vibrational properties in solids; thermal, optical, magnetic, dielectric properties of solids. Prerequisites: MATH:2850 and PHYS:3741. Same as ECE:4728.

ECE:5700 Advanced Electromagnetic Theory  3 s.h.
Time varying fields; plane wave propagation, reflection, refraction; waves in anisotropic media transmission lines, impedance matching, Smith chart; metallic and dielectric wave guides; resonators; antennas, antenna arrays. Prerequisites: ECE:3700.

ECE:5720 Solid State Physical Electronics  3 s.h.
Advanced topics in semiconductor physics and devices; elementary concepts in quantum and statistical mechanics, diodes, bipolar transistor, field-effect transistor. Prerequisites: ECE:3720.

ECE:5780 Optical Signal Processing  3 s.h.
Linear system's description of optical propagation; diffraction and angular plane wave spectrum; lenses as Fourier transformers, lens configurations as generalized optical processors; lasers, coherence, spatial frequency analysis; holography; convolvers, correlators, matched filters; synthetic aperture radar; optical computing. Prerequisites: for ECE:5780 — ECE:3700; for PHYS:4820 — PHYS:3812. Same as PHYS:4820.

ECE:5790 Electro Optics  3 s.h.
Wave equation solutions; optical birefringence; finite beam propagation in free space, dielectric waveguides and fibers; optical resonators; nonlinear phenomena; electro-optic, acousto-optic modulation; optical detection, noise; application to communication systems. Prerequisites: for ECE:5790 — ECE:3700; for PHYS:4726 — PHYS:3812. Same as PHYS:4726.

ECE:6720 Nonlinear Optics  3 s.h.

ECE:6726 Laser Principles  3 s.h.

ECE:7720 Semiconductor Physics  3 s.h.
Electronic, optical, and materials properties of semiconductors. Prerequisites: PHYS:4728 and PHYS:5742. Same as PHYS:7720.

Graduate Seminars, Advanced Topics, Research

ECE:5000 Graduate Seminar: Electrical and Computer Engineering  0 s.h.
Presentation and discussion of recent advances and research in electrical and computer engineering by guest lecturers, faculty, students. Requirements: graduate standing.

ECE:5995 Contemporary Topics in Electrical and Computer Engineering  arr.
New topics or areas of study not offered in other electrical and computer engineering courses; based on faculty/student interest; not available for individual study.

ECE:5998 Individual Investigations: Electrical and Computer Engineering  arr.
Individual projects for electrical and computer engineering graduate students; laboratory study, engineering design project, analysis and simulation of an engineering system, computer software development, research. Requirements: graduate standing.

Experimental and/or analytical investigation of approved topic for partial fulfillment of requirements for M.S. degree with thesis in electrical and computer engineering. Requirements: graduate standing.

Current research. Same as PHYS:7930.

ECE:7995 Advanced Topics in Electrical and Computer Engineering  arr.
Discussion of current literature in electrical and computer engineering.

Experimental and/or analytical investigation of approved topic for partial fulfillment of requirements for Ph.D. in electrical and computer engineering.
Mechanical and Industrial Engineering

Chair
• Ching-Long Lin

Undergraduate majors: industrial engineering (B.S.E.); mechanical engineering (B.S.E.)
Graduate degrees: M.S. in industrial engineering (optional concentration in wind power management); Ph.D. in industrial engineering; M.S. in mechanical engineering; Ph.D. in mechanical engineering
Faculty: http://www.engineering.uiowa.edu/mie/people
Web site: http://www.engineering.uiowa.edu/mie/

The Department of Mechanical and Industrial Engineering offers distinct undergraduate and graduate degrees and research programs in industrial engineering and in mechanical engineering. It also is the administrative home of the undergraduate Certificate in Wind Energy (p. 915).

INDUSTRIAL ENGINEERING

Industrial engineering is concerned with analysis, design, and implementation of systems through optimal use of resources—human, material, energy, information, and financial. Systems may range from small units to extremely large operations. In order to accomplish these activities, the industrial engineer must be skilled in mathematics, physical sciences, management, and human relations as well as manufacturing, computer systems, economics, optimization, human behavior, and systems analysis and design.

Industrial engineers have many opportunities for employment and service in industrial, government, research, and public service organizations. Employment opportunities are among the most varied in the engineering field. Industrial engineers hold positions as advisors to management or may participate directly in management decisions. Representative job titles include industrial engineer, manufacturing engineer, systems analyst, quality specialist, operations research analyst, internal consultant, human factors specialist, supervisor, and manager. Industrial engineers are employed by manufacturing and energy firms, wind turbine manufacturers, government agencies, and service organizations such as airlines, banks, hospitals, health care groups, and consulting companies.

MECHANICAL ENGINEERING

Mechanical engineering is broadly concerned with energy, manufacturing, and design of machines. Mechanical engineers conceive, plan, design, and direct the manufacture, distribution, and operation of a wide variety of devices, machines, and systems—including complex human-machine systems—for energy conversion, biofuel production, environmental control, materials processing, transportation, materials handling, and other purposes. Major subspecialties of mechanical engineering include thermal-fluids engineering and mechanical systems engineering.

Thermal-fluid phenomena occur in many engineering systems and devices, such as aircraft; automobiles; off-road vehicles; ships; gas turbines; heat exchangers; material processes; heating, ventilating, air-conditioning, and refrigerating systems; hydraulic and wind turbines; airbag inflators; fuel cells; biofuel processes; environmental control devices; and biomedical systems.

Machines and mechanical systems are the foundations of human technology. Mechanical systems are found in mechanical engineering systems and devices such as manufacturing equipment, medical equipment, ground vehicles, heavy equipment, farm equipment, aircraft, ships, home appliances, packaging machinery, wind turbine blades and gearboxes, robots, and biomedical systems.

Mechanical engineers find a wide variety of career opportunities in industry, government, and education. Mechanical engineers form an integral part of most industries, including aerospace firms, energy companies, automobile manufacturers, health care providers, food- and metal-processing industries, petroleum refineries, electronic and computer manufacturers, heavy construction and agricultural vehicle manufacturers, wind turbine manufacturers, thermal comfort equipment firms, farm equipment firms, and consulting companies.

Undergraduate Programs of Study
• Major in industrial engineering (Bachelor of Science in Engineering)
• Major in mechanical engineering (Bachelor of Science in Engineering)

INDUSTRIAL ENGINEERING

The educational objective of the B.S.E. program in industrial engineering is to produce graduates who, within a few years of graduation:
• will have successful careers in engineering and beyond and will have assumed professional roles of increasing responsibility and impact;
• will have acquired new knowledge and expertise through professional development opportunities or advanced education; and
• will be engaged in workplace, professional, or civic communities.

Visit Industrial Engineering Program Educational Objectives to learn more.

MECHANICAL ENGINEERING

The educational objective of the B.S.E. program in mechanical engineering is to produce graduates who, within a few years of graduation:
• will have successful careers in engineering and beyond and will have assumed professional roles of increasing responsibility and impact;
• will have acquired new knowledge and expertise through professional development opportunities or advanced education; and
• will be engaged in workplace, professional, or civic communities.

Visit Mechanical Engineering Program Educational Objectives to learn more.

B.S.E.: Industrial Engineering

The Bachelor of Science in Engineering requires a minimum of 128 s.h. The major in industrial engineering requires a strong foundation of courses in engineering
science, mathematics, design, manufacturing, social science, and humanities.

Advanced work includes specialty courses in human factors and ergonomics, management, information systems, manufacturing, quality control, and operations research. Design is an integral part of the undergraduate program; all students complete a comprehensive design experience.

All engineering students complete the B.S.E. core requirements, which include RHET:1030 Rhetoric, ENGR:1100 Engineering Problem Solving I, ENGR:1300 Engineering Problem Solving II, and courses in chemistry, engineering mathematics and fundamentals, and physics. They must earn a grade of C-minus or higher in the core requirements MATH:1550 Engineering Mathematics I: Single Variable Calculus and MATH:1560 Engineering Mathematics II: Multivariable Calculus.

They also complete the curriculum designed for their major program, which covers four major stems: mathematics and basic sciences, engineering topics, an elective focus area, and the general education component (15 s.h. of humanities and social science courses). For information about the curriculum stems, see Bachelor of Science in Engineering (p. 841) in the Catalog.

Students must select elective focus area courses according to guidelines established by the Department of Mechanical and Industrial Engineering. See "Elective Focus Area" after the following curriculum list.

The following study plan includes the B.S.E. core requirements and the curriculum for the industrial engineering major. Some courses in the curriculum are prerequisites for others. Students must complete a course's prerequisites before they may register for the course. Those who take courses in the order below satisfy the prerequisite requirements automatically.

**Elective Focus Area**

The industrial engineering program offers a variety of elective focus area options, including standard focus areas developed and maintained by the program and flexible focus areas tailored to individual student interests. For more detailed information about elective focus areas, see Bachelor of Science in Engineering (p. 841) in the Catalog.

For a list of standard industrial engineering elective focus area options and guidelines for tailored elective focus areas, see Industrial Engineering Undergraduate...
Program on the Department of Mechanical and Industrial Engineering web site.

**Joint B.S.E./M.S.: Industrial Engineering**

The College of Engineering offers a joint (fast-track) Bachelor of Science in Engineering/Master of Science for industrial engineering undergraduate students who intend to earn an M.S. in industrial engineering. B.S.E./M.S. students may take up to 12 s.h. of graduate-level course work, attend the program's graduate seminar, and work with a faculty member on a master's thesis project while they are still undergraduates. They may count 6 s.h. of graduate course work toward both degrees. Once students complete the requirements for the bachelor's degree, they are granted the B.S.E., and they normally complete the M.S. one year later.

To be admitted to the joint degree program, students must have completed at least 80 s.h., must have a cumulative g.p.a. of at least 3.25, and must submit a letter of application to the chair of the Department of Mechanical and Industrial Engineering.

Some students in undergraduate majors other than industrial engineering may be admitted to the combined program; they must meet the same admission requirements as industrial engineering majors. In some cases, they may be required to take additional course work to meet the prerequisite requirements for upper-level courses.

**B.S.E.: Mechanical Engineering**

The Bachelor of Science in Engineering requires a minimum of 128 s.h. The major in mechanical engineering lays a foundation in the basic disciplines of mathematics, physics, and chemistry and in the engineering sciences of statics, dynamics, thermodynamics, mechanics of deformable bodies, mechanics of fluids and transfer processes, materials science, and electrical sciences. An understanding of these sciences enables mechanical engineers to design parts of systems and understand whole systems; plan the production and use of energy, plan and operate industrial manufacturing facilities; and design automatic control systems for machines and other mechanical systems.

Mechanical engineering students develop an awareness of social and humanistic issues relating to business, environment, government, history, language, religion, and international relations. They also acquire an appreciation of professional and ethical responsibilities.

All engineering students complete the B.S.E. core requirements, which include Rhet:1030 Rhetoric, ENGR:1100 Engineering Problem Solving I, ENGR:1300 Engineering Problem Solving II, and courses in chemistry, engineering mathematics and fundamentals, and physics. They must earn a grade of C-minus or higher in the core requirements MATH:1550 Engineering Mathematics I: Single Variable Calculus and MATH:1560 Engineering Mathematics II: Multivariable Calculus.

They also complete the curriculum designed for their major program, which covers four major stems: mathematics and basic sciences, engineering topics, an elective focus area, and the general education component (15 s.h. of humanities and social science courses). For information about the curriculum stems, see Bachelor of Science in Engineering (p. 841) in the Catalog.

Upper-level students work on team projects in a senior capstone design course, ME:4086 Mechanical Engineering Design Project. Some students may arrange to participate in established research projects.

Students must select elective area courses according to guidelines established by the Department of Mechanical and Industrial Engineering. See "Elective Focus Area" after the following curriculum list.

The following study plan includes the B.S.E. core requirements and the curriculum for the mechanical engineering major. Some courses in the curriculum are prerequisites to others. Students must complete a course's prerequisites before they may register for the course. Those who take courses in the order below satisfy the prerequisite requirements automatically.

**Certificate in Wind Energy**

The Department of Mechanical and Industrial Engineering
(College of Engineering) and the Department of
Geographical and Sustainability Sciences (College of
Liberal Arts and Sciences) administer the undergraduate
certificate program in wind energy; see Wind Energy
(p. 915) in the Catalog.

**Graduate Programs of Study**

- Master of Science in industrial engineering (optional
  concentration in windpower management)
- Doctor of Philosophy in industrial engineering
- Master of Science in mechanical engineering
- Doctor of Philosophy in mechanical engineering

**Research and Study in Industrial Engineering**

Graduate study in industrial engineering is tailored
individually. Each student's study program is based on his
or her background and career objectives and is designed
according to sound academic practice. The curriculum is
highly flexible; the goal is academic excellence.

The program offers six principal academic focus areas:
design and manufacturing, human factors engineering
and ergonomics, engineering management, reliability
and production systems, operations research and applied
statistics, and information systems. Graduate students
participate in research in their academic concentration
areas.

**ENGINEERING MANAGEMENT**

Current research in engineering management consists of
entrepreneurship, parametric cash flow analysis, strategic
management, and economic risk analysis. Engineering
management studies concentrate on engineering
administration, engineering economics, and information
systems. This area is covered by courses in the 50 series.

**HUMAN FACTORS AND ERGONOMICS**

Current research in human factors and ergonomics
includes investigation of the effects of visual and
auditory displays on human information processing
and development of computer systems that ease the
challenges of controlling complex medical and robotic
systems. This work examines how engineers should shape
information technology to enhance productivity, safety,
and customer satisfaction. Industrial engineering faculty
members and students work to improve the effectiveness
of robot systems for exploration of Mars and the Moon,
to improve driving safety, and to design new cockpit
interfaces. The department has several medical, flight,
and driving simulators. It also conducts research in
other facilities, including the National Advanced Driving
Simulator, the most advanced simulation facility in the
world.
Human factors and ergonomics studies concentrate on designing systems compatible with human capabilities and limitations. Human factors engineering integrates components from the fields of psychology, cognitive sciences, physiology, statistics, and technical sciences to address issues of human-interface design and human-systems design. Specific considerations include human cognitive abilities and limitations, visual performance, error reduction, workload assessment and mitigation, design of jobs in the industrial environment, information acquisition and processing, choice of action, operator performance measurement, and economic concerns. This area is covered by courses in the 40 series.

INFORMATION SYSTEMS
Studies in information systems concentrate on system design. Design problems involve devising information systems that meet a diverse set of requirements. Contemporary topics include network-based systems, client/server systems, internet systems, and medical informatics.

MANUFACTURING
Ongoing manufacturing research consists of flexible manufacturing systems, optimum control of processes, and reliability assessment. Manufacturing courses, denoted by the 30 series, delve into selecting appropriate manufacturing methods, planning processing operations, devising control strategies, and designing products and manufacturing systems. Contemporary topics include computer-aided process planning, computer-aided design, computer-controlled manufacturing, concurrent engineering, and applications of artificial intelligence in manufacturing.

OPERATIONS RESEARCH AND APPLIED STATISTICS
Ongoing research in operations research and applied statistics deals with the application of optimization techniques for informed decision making in the public and private sectors. The primary focus of this work is modeling, simulating, and optimizing the design and operation of systems such as logistics, communications, health care, and manufacturing. Studies in operations research and applied statistics concentrate on mathematical programming, statistical, and computer sciences for modeling, analyzing, and optimizing systems. Various methodologies in this area include mathematical programming, heuristic optimization, statistical analysis, and digital systems simulation. This area is covered by courses in the 70 series.

QUALITY CONTROL AND PRODUCTION SYSTEMS
Current research in quality control and production systems focuses on measures for corporate quality and reliability, computer-aided layout and scheduling, just-in-time production, inspection, and online expert systems in process control. Studies of quality control and production systems focus on reliability engineering, quality control, and production systems. This area is covered by courses in the 60 series.

Research and Study in Mechanical Engineering
The graduate programs in mechanical engineering educate students in more depth and breadth than is possible at the baccalaureate level. This prepares the graduate to use contemporary methods at advanced levels in professional careers in engineering design, development, teaching, and research. Each student’s plan of study is based on his or her background and career objectives, and is designed according to sound academic practice. Faculty members in the program have teaching and research expertise in energy and power conversion, fluid and thermal sciences, solid mechanics, mechanical systems, and related areas. Students may develop programs emphasizing fluid mechanics, thermodynamics, heat transfer, fatigue and fracture mechanics, and mechanical systems. Some may pursue more general programs that combine emphases. Others may specialize in interdisciplinary areas (e.g., energy engineering, materials engineering, automatic control, chemical processes), which involve a combination of mechanical and industrial engineering departmental courses and appropriate electives from other departments in the College of Engineering and across the University. Ph.D. programs may center on any one of these areas through choice of appropriate course work and research topic.

For more information, see the Mechanical Engineering Graduate Student Handbook, available from the department.

The mechanical engineering program offers the following research and study areas.

FLUID MECHANICS
The graduate program in fluid mechanics provides a rigorous and broad foundation in theoretical, numerical, and experimental aspects of the subject. It is especially suitable for those seeking careers in teaching and/or research in academic and industrial organizations. The program focuses on fundamental principles and techniques of solving problems in the varied fields of fluids engineering. It emphasizes computer use, both in mathematical modeling of flow phenomena and in acquisition and processing of experimental data.

Although most of the relevant courses are offered by the Department of Mechanical and Industrial Engineering, students are strongly encouraged to take applied mathematics and classical mechanics courses offered by the Departments of Mathematics (p. 455) and Physics and Astronomy (p. 507) in the College of Liberal Arts and Sciences and by other College of Engineering departments.

Current research projects include computational modeling of viscous and turbulent flows; vortex dynamics; unsteady flows; pulmonary flow; flow separation and control; atmospheric flows; environmental flows; ship hydrodynamics; viscous flow around ships; propulsor flow and propulsor-body interactions; free-surface effects; nonlinear wave theory; biomimetic fluid mechanics; hydraulic turbines; quantitative flow visualization and image processing; computational fluid dynamics; LDV and thermal anemometry for flow analysis; and uncertainty analysis.

MECHANICAL SYSTEMS
The graduate program in mechanical systems is designed to provide students with a broad, strong background in theoretical, computational, experimental, and applied aspects of the subject. It prepares future graduates for careers in industry, teaching, and government. The program emphasizes fundamental principles,
computational techniques, multiscale modeling and simulation, and experimentation used to analyze and design mechanical systems. Areas of concentration include reliability-based design and optimization, nanotechnology, tissue mechanics, machine and vehicle dynamics, optimal design, structural sensitivity analysis and optimization, computational solid mechanics, probabilistic mechanics, mechanics of composite materials, reliability, and fatigue and fracture mechanics.

Although most courses relevant to the specialization areas are offered by the Department of Mechanical and Industrial Engineering, students are encouraged to consider appropriate course work from other areas, including courses offered by other College of Engineering departments and in disciplines such as mathematics (p. 455), statistics (p. 613), and physics (p. 507).

Current research projects include computational mechanics, tissue mechanics, multiphysics, and multiscale problems; mechanics of multifunctional composites and nanocomposites, electromagnetic and thermal effects in composites, micromechanical modeling of multiphase composites and nanocomposites, impact and failure of composites, contact mechanics problems with friction and adhesion; stochastic meshfree and finite element methods; design sensitivity analysis of nonlinear structural systems; reliability-based design optimization; surrogate modeling for reliability-based design optimization; shape optimal design of elastoplastic materials; optimal design of metal stamping process; probabilistic and elastic-plastic fracture mechanics; damage tolerant design; fatigue behavior and life prediction under constant and variable amplitude loading; design sensitivity analysis of rigid and flexible mechanical systems; multibody system dynamics, tire dynamics, wheel and rail contact dynamics; wind turbine drivetrain dynamics; and vehicle system dynamics.

THERMAL SCIENCES

The graduate program in thermal sciences and systems is designed to provide students with a rigorous and broad foundation in theoretical and experimental aspects of the subject. It prepares future graduates for careers in industry, teaching, and government. The program emphasizes fundamentals of thermodynamics and heat transfer, and associated analytical, numerical, and experimental methods used in energy systems. Areas of concentration include fluid mechanics, thermodynamics, heat transfer, phase-change, combustion, and fuel cells.

Most courses relevant to the specialization areas are offered by the Department of Mechanical and Industrial Engineering. Students are encouraged to balance their work from other areas, including courses offered by other College of Engineering departments and in disciplines such as mathematics (p. 455) and physics (p. 507).

Current research projects include biomass gasification; turbulent flames; combustion of biomass; alternative and renewable fuels; combustion instability; spray atomization and combustion; transport modeling of fuel cells; transport phenomena in materials processing, melting, and solidification; and optical-based diagnostics of complex thermal processes.

M.S.: Industrial Engineering

The Master of Science program in industrial engineering requires a minimum of 30 s.h. of graduate credit with thesis, and a minimum of 36 s.h. of graduate credit without thesis. Students who intend to pursue a Ph.D. should select the thesis option; those who hold research or teaching assistantships may be required to select the thesis option. The M.S. concentration in wind power management is open to students in either option.

All M.S. students must earn 21 s.h. in graduate-level industrial engineering courses. They earn a minimum of 9 s.h. in 5000-level industrial engineering courses and complete at least one 3000- or 5000-level course from each of three focus areas: human factors, operations research, and reliability and systems design. Thesis students who plan to pursue a Ph.D. may choose to take two 5000-level courses in each of the three focus areas in order to complete their Ph.D. breadth requirement before entering the doctoral program. Students select other courses in consultation with their advisors; choices are documented in a student's plan of study.

Thesis students may count a maximum of 6 s.h. of research credit toward the degree and may include that credit in the required 21 s.h. of graduate-level industrial engineering courses. The thesis option does not include research credit.

All graduate students must register for IE:5000 Graduate Seminar: Industrial Engineering (1 s.h.) each semester of enrollment. They may not substitute seminar credit for regular course work or research credit.

M.S. students must maintain a g.p.a. of at least 3.00 on all graduate work at the University of Iowa and must pass a final comprehensive examination as specified by their examining committees.

Entering students must have strong verbal and written skills in English and a background in computer programming (e.g., C++, C, VB), probability, statistics, and mathematics equivalent to that required by accredited undergraduate engineering programs. Students with insufficient academic background must remedy deficiencies by taking appropriate courses beyond those normally required for the study plan.

Entering students are advised by the department chair or by a designated faculty advisor. The department chair or the graduate program coordinator assigns an advisor to each student during his or her first regular semester in residence.

During that semester, a student and his or her advisor prepare a study plan, which they submit to the department chair for approval. Once the plan is approved, it is filed with a student's record. It is a student's responsibility to assure that the study plan is submitted to the department chair.

M.S. students must pass a final comprehensive examination, as specified by their examination committees. Examination committees consist of at least three Graduate College faculty members and must be approved by the department chair.

The comprehensive examination may consist of both oral and written parts. Its purpose is to assess the adequacy of a student's defense of thesis and/or course preparation. The final study plan, approved by the Graduate College dean, is prerequisite to the exam. A student should consult with his or her advisor on the composition of the advisory/examination committee and the time and place for the exam.
It is a student's responsibility to submit a degree application by the college's deadline.

For more detailed information about M.S. program requirements, including a list of focus area courses, see the Industrial Engineering Graduate Handbook or link to industrial engineering graduate programs on the Department of Mechanical and Industrial Engineering web site.

**M.S. Concentration in Wind Power Management**

M.S. students in industrial engineering may elect to concentrate in wind power management. They must meet all regular requirements for the M.S. in industrial engineering. In addition, thesis option students must take three courses (9 s.h.) from the list of recommended courses. Nonthesis option students must take four courses (12 s.h.) from the list of recommended courses and one course (3 s.h.) from the list of electives. Students' course selections must be approved by their advisors.

**Ph.D.: Industrial Engineering**

The Doctor of Philosophy program in industrial engineering requires a minimum of 72 s.h. It is granted upon demonstration of comprehensive knowledge and scholarly work at the highest level.

A maximum of 36 s.h. earned toward the M.S. may be counted toward the 72 s.h. required for the Ph.D. Students must spend at least two semesters in residence at the University of Iowa. They also must maintain a g.p.a. of at least 3.25 on all graduate work done at the University.

The degree requires broad academic background with considerable depth in at least one area of specialization that clearly demonstrates the student's capability to do high-level research. Ph.D. students must complete a series of written and oral examinations and a written dissertation based upon the results of an original investigation.

Students without a Master of Science in industrial engineering or a closely allied area must satisfy all requirements for the M.S. in industrial engineering before they may be admitted to the Ph.D. program.

Entering students are advised by the department chair or by a designated faculty advisor. During a student's first regular semester in residence, an advisor is assigned by the department chair or the graduate program coordinator. Students are expected to identify an industrial engineering faculty member willing to serve as their advisor by the end of their first regular semester in the program.

Once a student is assigned an advisor, he or she works with the advisor to prepare a study plan, which is submitted to the department chair for approval. Once the plan is approved by the department chair, it is filed with a student's record. At the beginning of each academic year, the industrial engineering faculty reviews the study plan and gives a student feedback regarding progress toward his or her degree objective. It is the student's responsibility to assure that the study plan is submitted to the program chair.

Admission to degree candidacy requires a g.p.a. of at least 3.25 on all graduate work taken at the University of Iowa, demonstration of capacity for individual research achievement (typically a dissertation research proposal), and successful completion of the comprehensive examination given by the examining committee.

The comprehensive examination is scheduled with approval of a student's advisor and the industrial engineering program coordinator or the graduate coordinator once a student's study plan is essentially completed. The examining committee determines the composition of the exam, including written and oral parts, and determines whether a student is ready to begin dissertation research.

For more detailed information about Ph.D. program requirements, see the Industrial Engineering Graduate Handbook or link to industrial engineering graduate programs on the Department of Mechanical and Industrial Engineering web site.

All Ph.D. students must satisfy the following requirements.

Graduate students must register for IE:5000 Graduate Seminar: Industrial Engineering (1 s.h.) each semester of enrollment. They may not substitute seminar credit for regular course work or research credit.

**INDUSTRIAL ENGINEERING BREADTH REQUIREMENT**

Each Ph.D. student must pass at least two 5000-level industrial engineering courses in each of three focus areas: human factors, operations research, and reliability and systems design. Students who have earned an M.S. in the program may already have satisfied this requirement.

**QUALIFYING EXAM**

Each student must satisfy the qualifying exam requirement in two of the three focus areas. The requirement for a focus area can be satisfied by passing a written qualifying exam in the focus area or by earning
a grade of A-minus or higher in each of two 5000-level industrial engineering courses in the focus area.

FOCUS AREA
Students select one of the three focus areas and take additional course work in that area. They fulfill the minimum requirement of the focus area, completing at least two additional 5000-level industrial engineering courses in the area.

COMPREHENSIVE EXAMINATION
Each student must demonstrate his or her ability to carry out creative individual research by completing and defending his or her dissertation research proposal in a comprehensive examination. The exam includes written and oral parts and is conducted by an examining committee of at least five industrial engineering and Graduate College faculty members. It is scheduled after the qualifying examination requirement has been satisfied. The examining committee determines whether a student is ready to begin dissertation research. Once a student has completed the comprehensive examination satisfactorily, he or she is accepted as a candidate for the Ph.D.

FINAL EXAMINATION (THESIS DEFENSE)
Each student must defend his or her completed dissertation in the final examination, which is conducted by the examining committee.

Ph.D. Concentration in Wind Power Management
Ph.D. students who concentrate in wind power management must meet all regular requirements for the doctoral degree. In addition, they must gain sufficient breadth and depth of domain knowledge in their study area by taking energy-related courses.

Related Certificate: Informatics
The Graduate College offers the Certificate in Informatics with a health informatics subtrack, which requires 18 s.h. of credit. The subtrack emphasizes the organization, management, and use of health care information; health care research, education, and practice; and information technology developments in the socioeconomic context of health care. Industrial engineering students working toward the certificate complete IE:5860 Health Informatics I, IE:5870 Health Informatics II, and approved electives. To learn more, see “Certificate” in the Informatics (p. 942) (Graduate College) section of the Catalog.

M.S.: Mechanical Engineering
The Master of Science program in mechanical engineering requires a minimum of 30 s.h., with or without thesis. Thesis students may count 6-9 s.h. earned for thesis research and writing toward the degree. Each student determines a study plan in consultation with an advisor and submits the plan to the department chair for approval. All M.S. students must register for ME:6191 Graduate Seminar: Mechanical Engineering each semester.

To earn the M.S., a student must maintain a g.p.a. of at least 3.00 on graduate work used to satisfy the degree requirements and must be successful in the final examination. This examination is administered by a student’s committee, which consists of at least three faculty members, including at least one with primary appointment in the Department of Mechanical and Industrial Engineering.

The requirements for the M.S. may be completed within one calendar year. However, students with assistantship duties or other constraints may take up to two calendar years to complete the degree.

Ph.D.: Mechanical Engineering
The Doctor of Philosophy program in mechanical engineering requires 72 s.h. of graduate credit, including at least 54 s.h. in course work (excluding thesis research) and at least 12 s.h. earned for Ph.D. thesis research. Students must pass the qualifying examination administered by the program to be formally admitted to the doctoral program.

Each student takes the comprehensive examination after passing the qualifying examination and when the course work specified in the study plan is nearly completed; in any case, the comprehensive examination should be taken no later than 28 months after the first registration in the Ph.D. program. To be admitted to the comprehensive examination, a student must be in good academic standing and must be recommended by his or her advisor. The exam is administered by the student’s committee. Admission to Ph.D. candidacy is recognized upon successful completion of the comprehensive examination.

Having satisfactorily completed the exam, a student usually has only to complete and defend the dissertation at the final examination.

Requirements for the Ph.D. usually can be completed in three to four years beyond the M.S.

Admission
Applicants must meet the admission requirements of the Graduate College; for detailed information about Graduate College policies, see the Manual of Rules and Regulations of the Graduate College.

INDUSTRIAL ENGINEERING
Reference letters, student research interests, grade-point average for previous graduate study, and factors such as faculty availability are considered in admission decisions. M.S. applicants may be admitted from an ABET-accredited baccalaureate curriculum in any engineering discipline, or in the mathematical sciences, the physical sciences, or the computer sciences with a g.p.a. of at least 3.00 and an acceptable score on the Graduate Record Examination (GRE) General Test. Applicants from institutions outside the United States must meet equivalent conditions for regular admission. Students with lesser qualifications may be considered for conditional admission. Students from business or social science programs who have mathematical preparation similar to that of engineering students are considered for regular or conditional admission. Students on conditional status must achieve regular status within two sessions of their first registration by attaining an acceptable grade-point average and gaining regular acceptance by the industrial engineering program faculty; otherwise, they are dismissed. Admissions may be limited by available resources.
Ph.D. applicants may be admitted from an ABET-accredited baccalaureate curriculum or a postbaccalaureate curriculum in any engineering discipline or in the mathematical sciences, computer science, or physical sciences with a g.p.a. of at least 3.25 and an acceptable GRE General Test score. Applicants from outside the United States must meet equivalent standards for regular admission as determined by the University of Iowa. Students also may be admitted from business or social science programs as determined individually.

Applicants who intend to pursue a Ph.D. and who have a B.S. or an M.S. without thesis usually are admitted first to the M.S. program. All admissions to the Ph.D. program are reviewed by the graduate studies committee.

MECHANICAL ENGINEERING

Applicants who have earned a baccalaureate or master's degree in engineering curriculum or in the mathematical or physical sciences are eligible to be considered for admission to graduate study in mechanical engineering. In order to be considered for regular admission, applicants must have a g.p.a. of at least 3.00 on a 4.00 scale on all previous college-level work and Graduate Record Examination (GRE) General Test scores of at least 500 verbal, 750 quantitative, and 4.5 analytical writing. Students whose first language is not English must score at least 550 (paper-based), 213 (computer-based), or 81 (Internet-based) on the Test of English as a Foreign language (TOEFL).

Applicants with a lower grade-point average and/or GRE or TOEFL test scores may be considered for conditional admission, under exceptional circumstances. Applicants admitted conditionally must achieve regular standing within one semester (excluding summer sessions) after admission by attaining a g.p.a. of at least 3.00 on their first 9 s.h. at the University of Iowa. The Graduate College cancels registration for the subsequent semester for students who have not submitted their GRE and/or TOEFL scores by the end of the first semester after admission.

Financial Support

INDUSTRIAL ENGINEERING

A number of one-quarter-time and one-half-time teaching and research assistantships are available for graduate students. Awards are based on students' academic records and assessment of their potential contribution to the research and teaching goals of the program. Advanced graduate students also may qualify for appointments as graduate teaching fellows. Contact the chair of the Department of Mechanical and Industrial Engineering for details.

MECHANICAL ENGINEERING

Financial support is available to M.S. and Ph.D. students, primarily through graduate assistantships in teaching or research from the Department of Mechanical and Industrial Engineering, the Center for Computer-Aided Design, IIHR—Hydroscience and Engineering, and the National Advanced Driving Simulator. These awards may be made on a semester, academic year, or calendar year basis. Awards and reappointments are competitive and are based on a student's potential contribution to the teaching and research goals of the department. Students who fulfill their assistantship responsibilities and continue to make satisfactory progress toward their degree objective receive preference in new assistantship awards. All applications for financial support should be submitted directly to the department chair.

M.S. students with assistantship appointments of one-quarter-time or more are required to register for a minimum of 9 s.h. during fall and spring semesters until they have completed 30 s.h. of course and research work beyond the baccalaureate degree. Ph.D. students with assistantship appointments of one-quarter-time or more must register for a minimum of 9 s.h. during fall and spring semesters until they have completed 72 s.h. of course and research work beyond the baccalaureate degree. Once they meet these minimums, graduate students must register for a graduate seminar each semester until they have successfully completed their final examination or thesis defense. All registrations should accurately reflect the amount and type of work undertaken, the use of University facilities, and the amount of consultation with the faculty.

Facilities and Laboratories

DESIGN FOR MANUFACTURING LABORATORY

The Design for Manufacturing Laboratory is used by students in industrial engineering and in mechanical engineering. The laboratory provides students with experience in CAD/CAM systems. It is equipped with 4-axis CNC mills (Haas and Tormach), CNC router (Techno-CNC), CNC metal lathe (Haas and Techno-CNC), drill press, plastic injection molder, thermoforming machine, band saw, disc sander, bench grinder, polishing wheel, hand drill, sandblasting cabinet, press, foot shear, and welding station. The lab has the latest software technology, such as Pro/ENGINEER and Rhinoceros.

Industrial Engineering

The following facilities and laboratories are used by undergraduate and graduate students. For information about laboratories affiliated with core courses coordinated by other College of Engineering departments, see those departments' Catalog sections.

ACTIVE LEARNING FACILITY

The Active Learning Facility (ALF) is designed to encourage group interaction in a small classroom setting. The reconfigurable classroom is equipped with nine tables and 20 HP workstations. It is used for industrial engineering courses and for small groups working together on computer assignments.

BIOMANUFACTURING LABORATORY

The Biomanufacturing Laboratory teaches students about emerging processes and techniques in cell-biomaterial interactions and gives them hands-on laboratory experience. Work in the laboratory is interdisciplinary, spanning engineering, medicine, biology, and biotechnology. The laboratory provides facilities for engineered living tissue systems. Next generation manufacturing tools are used to build biologically inspired structures intended to replace diseased or damaged organs and tissues. Laboratory research projects and activities focus primarily on design, modeling, and fabrication of tissue replacement parts; tissue scaffolds and medical devices; and cell and organ printing. Diverse software and hardware are available to support bioadditive manufacturing platforms.
**COGNITIVE SYSTEMS LABORATORY**

The Cognitive Systems Laboratory is devoted to examining the safety, performance, and user acceptance implications of technology insertion into complex systems. The laboratory has networked computers, a video editing workstation, a process control simulation, and a low-cost driving simulator. The simulator is equipped with five cameras, instrumentation to record all driver activity, and an eye tracking system. The Cognitive Systems Laboratory shares the driving simulator and an instrumented vehicle with the Operator Performance Laboratory. The equipment supports class projects, system development, and undergraduate and graduate research.

**DESIGN PROJECT LABORATORY**

The Design Project Laboratory is equipped with standard computers and videoconferencing facilities. It supports senior design project courses.

**GROK LAB**

The GROK Lab develops technologies to help scientists and doctors improve their understanding and control of complex systems such as robots, distributed sensor networks, and augmented-reality systems. The lab designs and builds software, electronic circuits, and mechanical devices that create or modify complex systems and that extend scientists’ understanding of how to make these systems perform their intended tasks better.

The laboratory has a variety of software development platforms and manufacturing tools, including CNC machines and supplies for casting and molding, as well as a suite of equipment for circuit design, testing, and assembly. The GROK lab has developed technologies used by NASA to control robots exploring South America and Mars. Its most recent projects have focused on using distributed sensor networks to track the activities of health care workers and on developing training simulators for orthopaedic surgeons.

**INTELLIGENT SYSTEMS LABORATORY**

The Intelligent Systems Laboratory provides facilities for research in computational intelligence leading to applications in industry, service organizations, and health care. Research in the laboratory is funded by government agencies and industrial corporations. Solutions to practical problems and enhancement of engineering education are emphasized. Most of the laboratory’s recent projects concentrate on development of software tools for product development, manufacturing, and health care applications.

The Intelligent Systems Laboratory is furnished with the latest computer technology to support research on numerous computing platforms. Diverse software is available for modeling, design, and construction of intelligent systems—for example, data mining software, neural networks, expert systems, and simulation software.

**OPERATOR PERFORMANCE LABORATORY**

Research in the Operator Performance Laboratory (OPL) focuses on determining human performance in a variety of situations, with particular emphasis on driving and flight deck environments. Much of the research is performed in the field using a state-of-the-art instrumented vehicle that is equipped with five cameras, eye movement equipment, two computers, video equipment, and a suite of sensors. The OPL also features a scale Boeing 737-400 fixed-base flight simulator with six channels of visuals. The flight simulator is equipped with a remote eye-tracking device that allows the activation of selected virtual controls in the flight deck. A specially designed stimulus presentation booth is used for color research and for photometry applications. Computer models of operator performance are designed based on the data obtained in the laboratory and field research.

**Mechanical Engineering**

**Mechanical Engineering Undergraduate Instruction**

**ENGINEERING CORE**

The laboratories for fluid flows and transport processes contain a wind tunnel; a water flume; a water table; four water channels with porous media; three air-jet tables; various air, water, and oil flow devices; and facilities for numerous small-scale experiments to demonstrate the principles of mass, momentum, and energy transfer.

For information about laboratories affiliated with core courses coordinated by other College of Engineering departments, see the departments’ Catalog sections.

**COMPUTATIONAL FLUIDS LABORATORY**

The Computational Fluids Laboratory is equipped with 20 computers running ANSYS Fluent software used in fluid mechanics courses.

**DESIGN PROJECT LABORATORY**

The Design Project Laboratory supports all senior design project courses. It is equipped with eight mid-level workstations as well as a high-end workstation, which enables students to manipulate full design models and interactive WebEx sessions with companies using the analysis software during the session. Research versions of ANSYS Fluent and ProE, standard computers, and videoconferencing facilities also are available.

**EXPERIMENTAL FLUID MECHANICS LABORATORY**

The Experimental Fluid Mechanics Laboratory acquaints students with ongoing research in fluid mechanics and hydraulics. The laboratory focuses on literature, experiments, numerical simulations, audio-video aids, and links to educational and scientific internet sites. Students using the laboratory develop an understanding of basic flow mechanisms and become familiar with the latest developments in experimental techniques and instrumentation.

**RALPH AND BARBARA STEPHENS EXPERIMENTAL ENGINEERING LABORATORY**

The Ralph and Barbara Stephens Experimental Engineering Laboratory supports the required undergraduate courses ME:3351 Engineering Instrumentation and ME:4080 Experimental Engineering. The laboratory is equipped with varied instruments and test rigs that help students learn basic measurement principles and laboratory procedures. It also offers sensors for measurement of displacement, mass, temperature, pressure, velocity and flow rate, heat flux, force, torque, and so forth.

**SOLIDIFICATION LABORATORY**

The Solidification Laboratory supports research in fundamental aspects of solidification and their application.
in casting of metals. Research in the laboratory ranges from basic experimental and computational studies of microstructure evolution to modeling and simulation of a wide variety of industrial metal casting processes. Collaboration with the casting industry has resulted in custom-made software for process control, new capabilities in commercially available casting simulation software, and strategies for yield improvement and defect prevention. Facilities include numerous state-of-the-art computer workstations and experimental test setups.

**THERMAL AND HEAT TRANSFER LABORATORY**

The Thermal and Heat Transfer Laboratory is equipped with data acquisition systems to process data online. It also provides facilities for experiments in heat transfer measurements.

**Mechanical Engineering Graduate Facilities**

**FLUID MECHANICS**

The program in fluid mechanics is conducted in close collaboration with IIHR—Hydroscience & Engineering. The equipment available to graduate students includes several wind tunnels and hydraulic flumes, an environmental flow facility, a towing tank, two special low-temperature flow facilities for investigation of ice phenomena, hot-wire and laser anemometer systems, particle-image velocimetry systems, and computer-based data acquisition systems.

Facilities available in the department include a flow visualization and imaging system with CCD (charge-coupled devices) camera, and a low-speed wind tunnel. IIHR and College of Engineering shops provide the necessary support. In addition to using in-house workstations and computers, the department’s faculty members and students make extensive use of supercomputers at national centers.

**MECHANICAL SYSTEMS**

Computer-based simulation research activities in the mechanical systems area are carried out mainly in the Center for Computer-Aided Design (CCAD). CCAD maintains a variety of high-performance computer systems in support of its technology research and development efforts. General computing services are supported by a number of LINUX and Windows applications servers connected to centralized file servers. CAD/CAE, software development, virtual prototyping, and virtual environment development applications are hosted on numerous high-performance workstations. Standard desktop, multimedia, and office productivity applications are hosted on a network of more than 40 workstations.

**THERMAL SCIENCES**

Facilities for research in the thermal sciences and systems consist of a low-pressure combustion chamber, a high-pressure continuous flow combustion chamber, a high-pressure chamber for atomization study, a test rig for heat transfer to near supercritical fluids, a diffusion flame test rig, an enclosed laminar flame test rig, an air atomization spray apparatus, test stands for melting and solidification studies, various optical measurement systems, and two fuel cell test rigs. Laser-based diagnostics (e.g., laser-induced fluorescence, imaging, and laser Doppler anemometry) are available for solidification, turbulent flow, heat transfer, and combustion studies. Flow visualization and imaging by CCD camera are available for the study of complex fluid motion and heat convection, and combustion flows.

**Courses**

**Industrial Engineering**

**Special Topics**

**IE:0000 Cooperative Education Training Assignment: Industrial Engineering**

Industrial engineering students participating in the Cooperative Education Program register in this course during work assignment periods; registration provides a record of participation in the program on the student’s permanent record. Requirements: admission to Cooperative Education Program.

**IE:0002 Half-time Cooperative Education Training Assignment: Industrial Engineering**

Registration for work assignment periods; for students participating in the Cooperative Education Program.

**IE:1000 First-Year Seminar**

Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities). Requirements: first- or second-semester standing.

**IE:2000 Industrial Engineering Sophomore Seminar**

Curriculum and profession; ethics and professionalism in classroom and workplace. Requirements: sophomore or transfer standing in engineering.

**IE:3000 Professional Seminar: Industrial Engineering**

Professional aspects of industrial engineering presented through lectures and discussions by guest speakers, field trips, films, panel discussions. Requirements: junior standing.

**IE:3998 Individual Investigations: Industrial Engineering**

Independent projects in industrial engineering for undergraduate students, including laboratory study, an engineering design project, analysis and simulation of an engineering system, computer software development, CAD/CAM applications, or research.
Manufacturing
IE:3138 Biomanufacturing 3 s.h.
Design and manufacturing technologies in development of biomedical related products (customized implants, medical devices, tissue scaffolds, engineered tissues, organs, biological systems); tissue engineering, BioCAD, biomedical imaging and processing for customized implant development, reverse engineering, biomaterials, regenerative medicine and drug delivery, traditional manufacturing processes for tissue engineering, rapid prototyping and layered manufacturing, rapid tooling, bioadditive fabrication, bioanufacturing and new frontiers in biomanufacturing (organ printing); hands-on laboratory projects and assignments. Prerequisites: ENGR:2760.

IE:3300 Manufacturing Systems 3 s.h.
Manufacturing and logistics systems, supply chain management, MRP/ERP systems, lean manufacturing, concurrent engineering, value stream mapping and six sigma. Offered spring semesters. Prerequisites: IE:3700 and ENGR:2760. Same as ME:4131.

IE:3350 Process Engineering 4 s.h.
Methodologies, algorithms, and tools for processing modeling, analysis, and reengineering; modeling issues in product and component design, product and process modularity, quality, reliability, agility. Offered spring semesters. Prerequisites: IE:3700.

IE:4116 Manufacturing Processes and Automation 3 s.h.
Material processing, metal cutting theories, forming, micro/nano fabrication, programmable logic controller, computer numerical controllers, discrete control system, DC and AC servo motors, Command generation. Prerequisites: ENGR:2760. Same as ME:4116.

IE:4172 Big Data Analytics 3 s.h.
Principles of data mining and machine learning in context of big data; basic data mining principles and methods—pattern discovery, clustering, ordering, analysis of different types of data (sets and sequences); machine learning topics including supervised and unsupervised learning, tuning model complexity, dimensionality reduction, nonparametric methods, comparing and combining algorithms; applications of these methods; development of analytical techniques to cope with challenging and real "big data" problems; introduction to MapReduce, Hadoop, and GPU computing tools (Cuda and OpenCL). Prerequisites: MATH:3800 and STAT:2020. Requirements: basic programming skills in C, C++, Java, or Python; knowledge of Matlab, Octave, or R; and knowledge of a word processor. Recommendations: IE:3760 and CS:4400 and CS:3330 and MATH:2550.

IE:4550 Wind Power Management 3 s.h.
Principles of wind power production, wind turbine design, wind park location and design, turbine and wind park control, predictive modeling, integration of wind power with a grid.

IE:5129 Information Systems for Resource Management 3 s.h.
Understanding and managing natural and engineered resources requiring data-reach foundation; management of data; complex data-driven technologies integrated into data and information systems (DIS); hands-on opportunity to develop or use capabilities of DIS for study or research area of interest (science, engineering, industrial operation); wind power generation, an emerging field in Iowa, used as a case study for illustrating key DIS components, links, and functionalities. Same as ME:5129, CEE:5129, ECE:5129, GEOG:5129.

IE:6232 Advanced Computer-Aided Design and Manufacturing 3 s.h.
In-depth study of CAD and manufacturing (CAD/CAM); review of CAD/CAM, computer graphics, NURBS modeling (curves/surfaces, solid modeling, design data exchange); computational geometry for product development, heterogeneous object modeling, rapid prototyping (RP) and layered manufacturing, computer-aided path planning, CAD applications (computer-aided tissue engineering, biomedical imaging and processing, biomanufacturing); related lab projects and assignments. Requirements: knowledge of one programming language (C, C++, C#, VB, or Java).

IE:6350 Computational Intelligence 3 s.h.
Concepts, models, algorithms, and tools for development of intelligent systems; data mining, expert systems, neural networks for engineering, medical and systems applications. Prerequisites: IE:3700. Same as NURS:6900.

Human Factors and Ergonomics
IE:3400 Human Factors 3 s.h.
Design of human-machine systems; development of optimum work environments by applying principles of behavioral science and basic knowledge of human capacities and limits. Offered fall semesters. Prerequisites: PSY:1001.

IE:3450 Ergonomics 3 s.h.
Ergonomic design of jobs and products in an industrial and consumer market setting; principles of good design, examples of poor design; consequences of poor job and product design; principles of work sampling, usability studies, performance rating, sizing and planning of workstations, hand tool design, ergonomic design in transportation; related group project.

IE:6211 Human Factors in Healthcare Systems 3 s.h.
Solving human factors problems in health care work systems; cognitive systems engineering, interface design, health care productivity, patient safety; specific research including decision making, information transfer, and communication; discrete event and dynamic systems simulation modeling; human computer interaction; health information technology/systems; usability; business models of organizational, technical, and social elements of health care systems.

IE:6410 Research Methods in Human Factors Engineering 3 s.h.
Logic and methods for research and for analysis and evaluation of complex human-machine systems; advanced techniques for enhancement of human interaction with advanced information technology; emphasis on cognitive task analysis techniques for innovative design, understanding of how technology affects safety, performance, user acceptance.

IE:6420 Human/Computer Interaction 3 s.h.
Development of projects using human factors principles in the design of computer interfaces.

IE:6440 Airborne Design of Experiments 3 s.h.
Issues in design of airborne human factors research, and techniques applicable to ground transportation research; statistical, human factors, flight mechanics, and organizational principles in flight test engineering; basic understanding of systematic approach to human factors flight testing, development of test points and test apparatus, flight envelope, proper briefing techniques, mission execution, and after-action review; securing, synchronizing, and analyzing data.

IE:6450 Human Factors in Aviation 3 s.h.
Measuring, modeling, and optimizing human visual performance; display design for optimal legibility, research in visibility, legibility, conspicuity, and camouflage; visibility model development.

IE:6460 The Design of Virtual Environments 3 s.h.
Development of techniques for designing and creating three-dimensional representations of information for simulation, scientific visualization, and engineering; emphasis on human factors issues, software.

IE:6480 Unmanned Aircraft Systems 3 s.h.
Applications and research in unmanned aircraft systems (UAS) with focus on engineering aspects; new era of aviation and how UAS are fast emerging as a disruptive technology in aviation; applications ranging from film production, photography, precision agriculture, remote sensing, and infrastructure inspections to military applications; problem space of UAS from a variety of angles including engineering controls design, data links, UAS types, human factors, regulatory aspects.

Engineering Management
IE:2500 Engineering Economy 3 s.h.
Basic concepts of engineering economy; time value of money, cash flow equivalence, depreciation, tax considerations, continuous cash flows, cost accounting overview; main analysis techniques—present worth, uniform annual cost, rate of return, benefit/cost ratio, replacement and break-even analysis. Corequisites: STAT:2020.

IE:3500 Information Systems Design 3 s.h.
Structure and design of computer-based information systems; concepts of information systems, decision making; computer hardware, software, data structures; methods for determining system requirements; designing, implementing, evaluating, managing information systems; applied projects. Prerequisites: ENGR:1300.

Quality Control and Production Systems
IE:3600 Quality Control 3 s.h.
Basic techniques of statistical quality control; application of control charts for process control variables; design of inspection plans and industrial experimentation; modern management aspects of quality assurance systems. Offered fall semesters. Prerequisites: STAT:2020. Same as STAT:3620, CEE:3142.

IE:3640 Six Sigma Operations and Quality Control 3 s.h.
Six Sigma techniques for the DMAIC cycle (Define, Measure, Analyze, Improve, Control); what is needed for data collection (process inputs and outputs, measurement tools), conduct analysis (hypothesis testing, process capability studies), and conduct process improvement studies (design of experiments, response surface methodology); overview of Six Sigma, process and project management skills.

IE:4600 Industrial Engineering Design Project 1-4 s.h.
Projects involving product and related operational system design in an industrial or service organization; associated entrepreneurial or intrapreneurial planning. Offered spring semesters. Corequisites: IE:3300 and IE:3350 and IE:3400 and IE:3450 and IE:3500 and IE:3600 and IE:3750, if not taken as prerequisites.

IE:4610 Enhanced Design Experience 2-3 s.h.
Real-world, in-depth design experience in student teams, working with engineers at major companies in the region; application of industrial engineering knowledge and skills to design products and related operational systems.

IE:6790 Reliability Theory and Applications 3 s.h.
Fundamental topics in reliability engineering, including system reliability modeling, statistical inference of lifetime data, basic preventive maintenance models; statistics and random process models, and online monitoring and change detection techniques. Prerequisites: MATH:2550 and STAT:2020.

Operations Research and Applied Statistics
IE:3149 Information Visualization 3 s.h.
Instruments for reasoning about quantitative information; analyzing and communicating statistical information; main typologies of data graphics (data-maps, time-series, space-time narrative, relational diagrams, graphs and methods for dimensionality reduction); language for discussing data visualizations combined with knowledge of human perception of visual objects; how to visualize information effectively by using statistical methods, knowledge of human perception, and basics of data graphics. Prerequisites: MATH:2550 and STAT:2020.
**IE:3610 Stochastic Modeling**  3 s.h.

**IE:3700 Operations Research**  3 s.h.
Operations research models and applications; emphasis on deterministic model (linear programming, duality). Offered fall semesters. Prerequisites: MATH:2550. Corequisites: STAT:2020.

**IE:3750 Digital Systems Simulation**  3 s.h.
Simulation modeling and analysis; emphasis on construction of models, interpretation of modeling results; input and output analysis; hands-on usage of ARENA simulation software, manufacturing, health care, and service. Offered spring semesters. Prerequisites: IE:3610 and IE:3700.

**IE:3760 Applied Linear Regression**  3 s.h.
Regression analysis with focus on applications; model formulation, checking, selection; interpretation and presentation of analysis results; simple and multiple linear regression; logistic regression; ANOVA; hands-on data analysis with computer software. Prerequisites: STAT:2010 or STAT:2020. Same as STAT:3200.

**IE:5860 Health Informatics I**  3 s.h.
Technological tools that support health care administration, management, and decision making. Requirements: graduate standing. Same as MED:5300, SLIS:5900, RSNM:3195, HMP:5370, IGPI:5200.

**IE:5870 Health Informatics II**  3 s.h.
Selected health informatics initiatives, including computer-based patient records, physiologic monitoring, networking, imaging, virtual reality; participation in an interdisciplinary project team focused on an informatics innovation; application and research seminars. Same as BME:5252, RSNM:5301, IGPI:5210.

**IE:6300 Innovation Science and Studies**  3 s.h.
Innovative typology and sources, classical innovation models, measuring innovation, innovation discovery from data, evolutionary computation in innovation, innovation life cycle.

**IE:6600 Linear Programming**  3 s.h.
Mathematical programming models; linear and integer programming, transportation models, large-scale linear programming, network flow models, convex separable programming. Requirements: calculus and linear algebra. Same as MSCI:6600.

**IE:6720 Nonlinear Optimization**  3 s.h.
Mathematical models, theory, algorithms for constrained and unconstrained optimization; nonlinear, geometric, quadratic, dynamic programming; optimality conditions; aspects of duality theory.

**IE:6750 Stochastic Optimization**  3 s.h.
General tools and approaches used in decision making under uncertainties; modeling of uncertainties and risk, changes that uncertainties bring to the decision process, difficulties of incorporating uncertainties into optimization models, common techniques for solving stochastic problems.

**IE:6760 Statistical Pattern Recognition**  3 s.h.
Fundamental mathematical tools for multivariate statistical analysis and decision-making processes in pattern recognition.

**IE:6770 Game Theory**  3 s.h.
Problems, challenges, solution strategies, and other elements that arise among decisions makers who have aligned or opposing objectives; changes that collaboration and competition bring to decision making and problem solving; how ideas and concepts of game theory can be used to understand economic, industrial, social, and biological phenomena. Requirements: basic linear programming and probability.

**IE:6780 Financial Engineering and Optimization**  3 s.h.
Quantitative methods of modeling various financial instruments (i.e., stocks, options, futures) and tools for measurement and control of risks inherent to financial markets; fundamentals of interest rates; options and futures contract valuation, including weather and energy derivatives; risk management and portfolio optimization; emphasis on modeling and solution techniques based on optimization and simulation approaches traditional to industrial engineering and operations research. Recommendations: basic knowledge of probability and statistics, numerical methods, and optimization.

---

**Graduate Seminars, Advanced Topics, Research**

**IE:5000 Graduate Seminar: Industrial Engineering**  1 s.h.
Recent advances and research in industrial engineering presented by guest lecturers, faculty, students. Requirements: graduate standing.

**IE:5995 Contemporary Topics in Industrial Engineering**  arr.
New topics or areas of study not offered in other industrial engineering courses; topics based on faculty/student interest.

**IE:5998 Individual Investigations: Industrial Engineering**  arr.
Individual projects for industrial engineering graduate students: laboratory study, engineering design, analysis and simulation of an engineering system, computer software development, research. Requirements: graduate standing.

**IE:5999 Research: Industrial Engineering M.S. Thesis**  arr.
Experimental and/or analytical investigation of an approved topic for partial fulfillment of requirements for M.S. with thesis in industrial engineering. Requirements: graduate standing.
IE:7995 Advanced Topics: Industrial Engineering
Discussion of current literature in industrial engineering.

IE:7998 Special Topics in Industrial Engineering
arr.

IE:7999 Research: Industrial Engineering Ph.D. Dissertation
arr.
Experimental and/or analytical investigation of an approved topic for partial fulfillment of requirements for Ph.D. in industrial engineering.

MEchanical Engineering

Special Topics

ME:0000 Cooperative Education Training Assignment: Mechanical Engineering
0 s.h.
Mechanical engineering students participating in the Cooperative Education Program register in this course during work assignment periods; registration provides a record of participation in the program on the student's permanent record. Requirements: admission to the Cooperative Education Program.

ME:0002 Half-time Cooperative Education Training Assignment: Mechanical Engineering
0 s.h.
Registration for work assignment periods; for students participating in the Cooperative Education Program.

ME:4098 Individual Investigations: Mechanical Engineering
arr.
Individual projects for mechanical engineering undergraduate students; laboratory study; engineering design project; analysis, synthesis, simulation of an engineering system; computer software development, research.

General Topics

ME:2020 Mechanical Engineering Sophomore Seminar
0 s.h.
Introduction to the mechanical engineering profession and curriculum; ethics and professionalism in classroom and workplace; mentorship program and professional societies; visits to laboratories and local companies. Requirements: sophomore or transfer standing.

ME:3091 Professional Seminar: Mechanical Engineering
0 s.h.
Professional aspects of mechanical engineering: presentations, student/faculty interaction, professional society involvement, panel discussions, plant trip. Requirements: junior standing.

ME:3351 Engineering Instrumentation
2 s.h.
Basic elements of measuring circuits (bridges, voltage dividers, shunts, transformers); laboratory instrumentation (oscilloscopes, multimeters, power supplies, signal generators); amplifiers; frequency response principles; sensors; data acquisition, signal processing, filtering using Labview. Prerequisites: ENGR:2120 and PHYS:1612.

ME:4080 Experimental Engineering
4 s.h.

ME:4086 Mechanical Engineering Design Project
2-3 s.h.
Application of mechanical, thermal, fluid systems design; student or team design projects initiated at various levels in the design process and carried through to higher levels; emphasis on synthesis, written and oral communication. Corequisites: ME:4048 or ME:4055.

ME:4110 Computer-Aided Engineering
3 s.h.
Computational engineering modeling and simulation, geometric modeling, grid generation, finite-element and finite-volume methods, uncertainty analysis, optimization, engineering applications. Prerequisites: ENGR:2750 and ME:3052. Same as CEE:4515.

ME:4111 Numerical Calculations
3 s.h.
Development of algorithms for functional approximations, numerical differentiation and integration; solution of algebraic and differential equations, with emphasis on digital computations; initial and boundary value problems. Prerequisites: MATH:2560. Same as CEE:4511.

ME:4112 Engineering Design Optimization
3 s.h.
Engineering design projects involving modeling, formulation, and analysis using optimization concepts and principles; linear and nonlinear models, optimality conditions, numerical methods. Prerequisites: ENGR:2110 and MATH:2550. Requirements: junior standing. Same as CEE:4512.

ME:4114 Predictive Human Modeling
3 s.h.
Introduction to basic concepts of predictive human modeling, fundamental programming, Denavit-Hartenberg notation (robotics), optimization, posture prediction, interface development, validation, and applied problems for digital human models (DHM). Prerequisites: ENGR:1300 and MATH:2550. Prerequisites: ENGR:1300 and MATH:2550. Requirements: junior standing. Same as CEE:4512.

ME:4115 Finite Element I
3 s.h.
One- and two-dimensional boundary value problems; heat flow, fluid flow, torsion of bars; trusses and frames; isoparametric mapping; higher order elements; elasticity problems; use of commercial software. Prerequisites: ENGR:2750. Same as CEE:4533.

ME:4131 Manufacturing Systems
3 s.h.
Manufacturing and logistics systems, supply chain management, MRP/ERP systems, lean manufacturing, concurrent engineering, value stream mapping and six sigma. Offered spring semesters. Prerequisites: IE:3700 and ENGR:2760. Same as IE:3300.
ME:4186 Enhanced Design Experience 2-3 s.h.
Experience working in teams on industry-sponsored
design and product development projects scheduled for
production; emphasis on practical experience with the
complete design process, from conceptualization through
prototyping, evaluation, testing, and production; written
and oral communication. Prerequisites: ME:4086.

ME:5113 Mathematical Methods in Engineering
Linear ordinary differential equations, series solutions
of differential equations, special functions, Laplace
transforms, Fourier series, matrices, linear systems,
eigenvalue problems, second-order partial differential
equations. Prerequisites: ME:4086. Same as CBE:5140, CEE:5513.

ME:5129 Information Systems for Resource Management
Understanding and managing natural and engineered
resources requiring data-reach foundation; management
of data; complex data-driven technologies integrated
into data and information systems (DIS); hands-on
opportunity to develop or use capabilities of DIS for
study or research area of interest (science, engineering,
industry, operation); wind power generation, an emerging
field in Iowa, used as a case study for illustrating key DIS
components, links, and functionalities. Same as IE:5129,
CEE:5129, ECE:5129, GEOG:5129.

ME:6534 Applied Optimal Design 3 s.h.
Optimal design problem formulation; optimality
conditions; linear, quadratic, convex, and nonlinear
programming; Lagrangian duality; numerical algorithms
for unconstrained and constrained design problems,
design sensitivity analysis, engineering applications.
Prerequisites: CEE:5513. Same as CEE:6534.

Thermal Engineering and Fluids
ME:3040 Thermodynamics II 3 s.h.
Power and refrigeration cycles; mixtures of gases,
psychometric mixtures; availability; thermodynamics
of combustion and chemical equilibrium. Prerequisites:
ENGR:2130.

ME:3045 Heat Transfer 3 s.h.
Principles of heat transfer by conduction, convection,
radiation; analytical and numerical methods of solution;
applications to engineering problems. Prerequisites:

ME:4048 Energy Systems Design 4 s.h.
Principles and design of energy conversion systems,
including solar, wind, and geothermal power systems;
design of thermal-fluid system components, modeling
and simulation of systems, optimization techniques; design
projects. Prerequisites: ME:3040 and ME:3045.

ME:4125 Biomimetic Fluid Dynamics 3 s.h.
Study and development of engineered systems that mimic
the structure and function of biological systems; overview
of the fluid dynamic principles that govern locomotion
by swimming or flapping flight; equations of motion,
fundamentals of aerodynamics; analytical models of force
generation for swimming and flight; parameters governing
effective locomotion; experimental and numerical studies
to understand the present state of the art, challenges,
and important questions. Prerequisites: ENGR:2510.

ME:4142 Wind Turbine Aerodynamics 3 s.h.
Fluid mechanics of wind turbines and wind farms;
gineering methodologies to design wind turbine blades;
evaluation of rotor wakes; interaction between machines;
effects of topography on wind turbine and wind farm
performance. Prerequisites: ENGR:2510.

ME:4164 Fundamentals of Wind Turbines arr.
Application of fundamental principles of thermodynamics,
fluid mechanics, and mechanical systems to wind
turbine engineering; fundamentals of horizontal-axis
wind turbines, wind energy conversion to useful work;
winds turbine aerodynamics, performance, design of
components; overview of wind resource and historical
development of wind turbines; introduction to wind
turbine installation and wind farm operation.

ME:5143 Computational Fluid and Thermal Engineering 3 s.h.
Governing equations of fluid flow and heat transfer;
basic numerical techniques for solution of the governing
equations; estimation of accuracy and stability of the
approximations; boundary conditions; grid generation;
applications to flows and heat transfer in engineering
systems; familiarity with software for analysis and design
of thermo-fluids systems. Prerequisites: ME:3045.

ME:5145 Intermediate Heat Transfer 3 s.h.
Steady and unsteady conduction; forced and natural
convection; surface and gaseous radiation; condensation
and evaporation; analytical and numerical methods and
applications. Prerequisites: ME:3045.

ME:5146 Modeling of Materials Processing 3 s.h.
Manufacturing processes for metals, polymers,
semiconductors; processing by casting, solidification,
crystal growth, polymer molding and extrusion,
welding, heat treating, application of optical (laser) and
electromagnetic energy; processes that use momentum,
heat, mass transfer principles; measurement and
instrumentation for materials processing; current topics in

ME:5149 Propulsion Engineering 3 s.h.
Opportunity to develop basic understanding and
knowledge of rocket and airbreathing propulsion
systems, relevant terminology and analysis techniques,
parametric cycle analysis for ideal engines, off-design
analysis methods, problem-solving methodology.
Requirements: ME:3040 or graduate standing.
ME:5160 Intermediate Mechanics of Fluids 3 s.h.
Basic concepts and definitions; pressure distribution in a fluid; governing equations and boundary conditions; integral and differential analysis; dimensional analysis and similarity; experimental analysis; laminar and turbulent internal and external flows; potential flows; engineering applications. Prerequisites: ENGR:2510. Same as CEE:5369.

ME:5162 Experimental Methods in Fluid Mechanics and Heat Transfer 3 s.h.
Hands-on experience in methodology of conducting experiments in fluid mechanics and heat transfer from design to data acquisition and processing; essential theoretical elements, experimental methodologies, data acquisition systems, uncertainty analysis; wide variety of instruments for fundamental and applied experimentation; work in small groups; design, implement, test, and report an experiment in area of interest. Same as CEE:5372.

ME:5180 Measurements in Fluid Mechanics: Fundamental and Advanced Topics 3 s.h.
General concepts in fluid mechanics measurement; classical methods for flow rate, pressure, velocity, temperature, concentration, and wall shear stress; state-of-the-art methods for flow visualization and full-field quantitative measurement; introduction to advanced optical measurement method, i.e., particle image velocimetry (PIV), and related image processing techniques; hands-on training with a class project assignment on writing a computer program to evaluate experimental image recordings. Prerequisites: ENGR:2510. Requirements: primary knowledge of fluid mechanics, thermodynamics, and heat transfer; basic skill in computer language.

ME:5210 Intermediate Thermodynamics 3 s.h.
Fundamental principles of thermodynamics as applied to phase equilibrium; properties of fluids, first and second law, variable composition systems, behavior of real fluids, mathematical techniques for solution thermodynamics. Requirements: CBE:3105 or ME:3040 or graduate standing. Same as CBE:5110.

ME:6245 Diffusive Transport 3 s.h.
Diffusive transport of heat, mass, and momentum; phenomenological laws and analogies; analytical and numerical solution techniques; inverse heat conduction; multiphase and multicomponent systems. Prerequisites: ME:5145. Same as CBE:6145.

ME:6260 Viscous Flow 3 s.h.
Equations of viscous flow; classical analytical and numerical solutions; flow regimes and approximations; laminar boundary layers—equations, solution methods, applications; stability theory and transition; incompressible turbulent flow—mean-flow and Reynolds-stress equations, modeling, turbulent boundary layers and free shear flows. Requirements: for ME:6260 — ME:5160; for CEE:6376 — CEE:5369. Same as CEE:6376.

ME:6262 Inviscid Flow 3 s.h.
Derivation of governing equations for fluid flow; general theorems for motion of inviscid, incompressible flows; solution techniques for two- and three-dimensional irrotational flows; forces and moments acting on immersed bodies; vortex kinematics and dynamics; steady and unsteady aerodynamic theory. Prerequisites: ME:5160.

ME:6263 Compressible Flow arr.
Compressible flow behavior; 1-D unsteady flow and appropriate use of x-t diagrams; 2-D flows and use of the method of characteristics; Burgers’ Equation and its properties.

ME:6275 Advanced Heat Transfer 3 s.h.
Conservation laws, forced and natural convection; surface and gaseous radiation; analytical and numerical methods; applications. Prerequisites: ME:5145.

ME:7248 Combustion Theory 3 s.h.
Laminar flame theory; turbulent combustion; spray combustion; thermal ignition; pollutant formation, oxidation; combustion diagnostics. Prerequisites: ME:5145 and ME:5160.

ME:7266 Interfacial Flows and Transport Processes 3 s.h.
Physics of fluid interfaces and numerical techniques to simulate interface dynamics; interfacial flow coupled with thermal-fluid transport, from molecular interactions to continuum approximations; development of computer code segments to track and represent interface-flow interactions. Prerequisites: ME:5145 and ME:5160.

ME:7267 Multiphase Flow and Transport 3 s.h.
Thermodynamic and mechanical aspects of interfacial phenomena and phase transitions; nucleation, phase-change, species transport, particulate flows, liquid-vapor systems, solidification, porous media. Prerequisites: ME:5145 and ME:5160.

ME:7268 Turbulent Flows 3 s.h.
Origin; need for modeling, averages, Reynolds equations, statistical description; experimental methods and analysis; turbulence modeling; free shear layers and boundary layers; complex shearflows; development of computational strategies; recent literature on theory and applications, chaos phenomena. Prerequisites: ME:5160.

ME:7276 Computational Fluid Dynamics and Heat Transfer 3 s.h.
Development of numerical and algebraic approximations for elliptic, parabolic, hyperbolic partial differential equations; finite-volume, spectral, pseudo-spectral, Galerkin techniques; stability of numerical methods; CFL condition; stiff problems; adaptive grid generation and boundary-fitted coordinates; numerical solutions for one- and two-dimensional compressible and incompressible fluid flow and heat transfer problems. Prerequisites: ME:4111 and ME:5160.

ME:7296 Advanced Topics in Thermal and Fluid Engineering arr.
Thermodynamics, fluid mechanics, heat and mass transfer, related experimental and analytical techniques; selection of subject and content determined by instructor/student interest.

**Mechanical Systems**

**ME:3052 Mechanical Systems**
Topics in mechanical behavior and failure of materials; materials selection in design; stress and deflection analysis; static failure theories; fatigue and durability in design; fracture, statistical, and reliability considerations; introduction to finite element analysis using commercial software packages; standards, product liability, engineering ethics. Prerequisites: ENGR:2750. Corequisites: ENGR:2720 and ENGR:2760 and STAT:2020.

**ME:3179 Continuum Mechanics**
Mechanics of continuous media; kinematics of deformation, concepts of stress and strain; conservation laws of mass, momentum and energy; constitutive theories; boundary and initial value problems. Prerequisites: ENGR:2510 or ENGR:2750. Same as CEE:3179.

**ME:4055 Mechanical Systems Design**
Kinematics of mechanisms, dynamics and vibration of machines, cam and gear, machine elements, computer-aided analysis of machines. Prerequisites: ENGR:2710 and ME:3052.

**ME:4116 Manufacturing Processes and Automation**
Material processing, metal cutting theories, forming, micro/nano fabrication, programmable logic controller, computer numerical controllers, discrete control system, DC and AC servo motors, Command generation. Prerequisites: ENGR:2760. Same as IE:4116.

**ME:4153 Fundamentals of Vibrations**
Vibration of linear discrete and continuous mechanical and structural systems; harmonic, periodic, and arbitrary excitation; modal analysis; applications. Prerequisites: ENGR:2750. Same as CEE:4532.

**ME:5130 Digital Human Modeling and Simulation**
Fundamentals of using computational methods in modeling, simulating, and animating articulated kinematic chains such as robots and humans; underlying mathematics, introductory concepts in kinematics and dynamics, serial chain kinematics and multibody dynamics; methods from kinematics and dynamics, coupled with biomechanical concepts, provide an integrated approach to predicting and analyzing serial link motion (e.g., human and robotic manipulator motion). Prerequisites: ENGR:2710. Same as BME:5710.

**ME:5150 Intermediate Mechanics of Deformable Bodies**
Application of equilibrium analyses, strain-displacement relations, and constitutive relationships to practical structural systems and elementary plane elasticity problems. Prerequisites: ENGR:2750. Same as CEE:5540, BME:5660.

**ME:5154 Intermediate Kinematics and Dynamics**
Kinematic and dynamic analysis of mechanical systems; computational kinematics, Lagrangian dynamics, principle of virtual work in dynamics, constrained dynamics, spatial dynamics. Prerequisites: ENGR:2710.

**ME:5159 Fracture Mechanics**
3-D stress states, definition and criteria for failure, nominal and local yield phenomena, linear elastic and elastic plastic fracture mechanics, plane stress and plane strain fracture toughness, J-Integral, crack opening displacement, environmental assisted cracking, fatigue crack growth, fail safe, and damage tolerant design. Prerequisites: BME:4910 or ME:4055 or ME:5150. Same as CEE:5549.

**ME:5167 Composite Materials**
Mechanical behavior of composite materials and their engineering applications; composite constituents (fibers, particles, matrices) and their properties and behavior; macromechanical behavior of composite laminae; micromechanical predictions of composite overall properties; classical lamination theory; composite beams and plates. Prerequisites: ENGR:2750. Same as CEE:5137.

**ME:5360 Control Theory**
State space approach; controllability, observability, canonical forms, Luenberger observers, feedback control via pole placement, stability, minimal realization and optimal control. Prerequisites: ECE:3600. Same as ECE:5600.

**ME:5362 Computer-Based Control Systems**
Discrete and digital control systems; application of computers in control; sampling theorem; discrete time system models; analysis and design of discrete time systems; control design by state variable and input/output methods; advanced topics in digital controls; lab. Prerequisites: ECE:5600. Same as ECE:5640.

**ME:6214 Analytical Methods in Mechanical Systems**
Vector and function spaces; functionals and operators in Hilbert spaces; calculus of variations and functional analysis with application to mechanics; Ritz and Galerkin methods. Prerequisites: ME:5113. Same as CEE:6310.

**ME:6215 Finite Element II**
Computer implementation; plate and shell elements; mixed and hybrid formulations; nonlinear analysis; recent development; introduction to boundary element method. Prerequisites: CEE:4533. Same as CEE:6532.

**ME:6216 Laser Materials Processing**
Proficient engineering background involved in laser processing and manufacturing; fundamentals and operation principles for various types of laser systems, laser optics, principles of laser-matter interactions, laser-induced thermal and thermo-mechanical effects; emerging areas of laser applications (e.g., microscale and nanoscale laser processing, ultrafast laser processing) and related energy transport analyses; video demonstrations. Prerequisites: ME:3045 and MATH:3550.

**ME:6217 Advanced Modeling and Simulation for Manufacturing**
How materials often behave in a complicated manner involving deeply coupled effects among stress/stain, temperature, and microstructure during a manufacturing process; modeling and prediction of material processes based on a metallo-thermomechanical coupled analysis; focus on heat transfer modeling in material processes, fundamental mechanics aspects required for material processing analysis, and microstructural evolution modeling in material processes. Prerequisites: ME:3045 and ME:4115.

ME:6246 Advanced Numerical Methods for Mechanical Systems 3 s.h.
Introduction to meshfree particle methods, extended finite element method, material stability analysis, thermal-mechanical coupling, and coupling of finite element/meshfree methods. Requirements: ME:4115 or ME:5143 or background in computational mechanics, computational chemistry, or computational physics.

ME:6247 Contact Mechanics 3 s.h.
Varied aspects of contact mechanics and engineering applications, including stationary contacts, sliding, rolling, impact, and fretting fatigue; emphasis on theoretical basis of solutions of contact mechanics problems; mathematical methods of solving contact problems using Green's function method; complex potentials and integral transform methods. Prerequisites: ME:5113 and ME:5150.

ME:625 Multiscale Modeling 3 s.h.
Computational modeling of engineering materials ranging from molecular to continuum scales, molecular dynamics and Monte Carlo methods, nanoscale continuum modeling, scale-coupling methods. Prerequisites: ME:4115 or ME:5143. Same as CEE:7549.

ME:6258 Computational Ship Hydrodynamics 3 s.h.
Introduction to computation of problems in three main areas of ship hydrodynamics: resistance and propulsion, seakeeping, and maneuvering; focus on issues of simulating operating ships, modeling methods, and numerical techniques used to approach ship hydrodynamics. Prerequisites: ME:5160. Corequisites: ME:5143.

ME:6261 Multibody System Dynamics 3 s.h.
Introduction to principles of analytical and computational dynamics for rigid and flexible multibody systems; spatial kinematics and dynamics of rigid body systems, numerical solution procedures for multibody dynamics analysis, and flexible multibody dynamics. Prerequisites: ME:5154.

ME:6278 Nonlinear Elasticity 3 s.h.
Nonlinear elasticity theory; modern applications in biomechanics; vectors and tensors, constitutive theory of elastic material, some exact solutions of boundary value problems, inverse deformation relations, stability of elastic material, theories of tissue adaptive response. Prerequisites: ME:5150. Requirements: elementary linear elasticity.

ME:7250 Advanced Fracture Mechanics 3 s.h.
Fracture of modern engineering materials; linear-elastic fracture; computational methods; functionally graded materials; elastic-plastic fracture; multiscale fracture and fatigue crack initiation. Prerequisites: ME:5113 and (ME:4115 or ME:5159). Same as CEE:7250.

ME:7256 Computational Solid Mechanics 3 s.h.
Advanced computational methods for nonlinear and dynamic analysis of solids, structures; new space- and time-discretization methods for problems, including highly nonlinearities, large deformation, contact/impact conditions. Prerequisites: ME:4115 and ME:5113.

ME:7257 Probabilistic Mechanics and Reliability 3 s.h.
Stochastic and reliability analysis of mechanical systems; computational methods for structural reliability; random eigenvalue problem; random field and stochastic finite element methods. Prerequisites: ME:4115 and ME:5113.

ME:7259 Mechanical Design in Structures 3 s.h.
Discrete and continuum variational equilibrium equations, discrete design sensitivity analysis for static responses and eigenvalues, interactive design workstation, continuum sizing design sensitivity analysis for static responses and eigenvalues, design sensitivity analysis of structural dynamics, differentiability theory, shape optimal design, shape design sensitivity analysis, design sensitivity of nonlinear structural systems. Prerequisites: ME:4115 and ME:5113 and ME:5150.

ME:726 Multiphysics Modeling of Solids 3 s.h.
Coupling of mechanical, electrical, electromagnetic, and thermal fields in solids; how to formulate and solve applied multiphysics problems where mechanical, electromagnetic, and thermal loads must be taken into account. Prerequisites: ME:5150.

ME:7295 Advanced Topics in Mechanical Systems 3 s.h.
Advanced contemporary topics in mechanical systems engineering not covered in other courses and determined by student/faculty interest.

Graduate Seminars, Advanced Topics, Research

ME:5195 Contemporary Topics in Mechanical Engineering 3 s.h.
New topics in fluid and thermal sciences and mechanical systems not covered in other courses; topic and coverage determined by student/faculty interest. Requirements: junior standing.

ME:6191 Graduate Seminar: Mechanical Engineering 1 s.h.
Presentation and discussion of recent advances and research in mechanical engineering by guest lecturers, faculty, students.

ME:6198 Individual Investigations: Mechanical Engineering arr.
Individual project in mechanical engineering, for department graduate students; laboratory study, engineering design project, analysis and simulation of an engineering system, computer software development, research.

**ME:6199 Research: Mechanical Engineering M.S. Thesis**
Experimental and/or analytical investigation of an approved topic for partial fulfillment of requirements for M.S. with thesis in mechanical engineering.

**ME:7299 Research: Mechanical Engineering Ph.D. Dissertation**
Experimental and/or analytical investigation of an approved topic for partial fulfillment of requirements for Ph.D. in mechanical engineering.
Technological Entrepreneurship

**Undergraduate certificate:** technological entrepreneurship

**Web site:** [http://www.engineering.uiowa.edu/about/college-services/earn-technological-entrepreneurship-certificate](http://www.engineering.uiowa.edu/about/college-services/earn-technological-entrepreneurship-certificate)

The College of Engineering partners with the Tippie College of Business to offer the Certificate in Technological Entrepreneurship. The program is administered by the John Pappajohn Entrepreneurial Center in the business college.

**Undergraduate Program of Study**

- Certificate in Technological Entrepreneurship

**Certificate**

The Certificate in Technological Entrepreneurship requires a minimum of 18 s.h. of credit. Certificate students study how the entrepreneurial process relates to technology-based businesses. The program is intended for students who plan to start and operate their own businesses as well as for those who would like to develop an understanding of how to manage innovation in business environments.

Students who complete the certificate program are able to:

- understand sound business thinking;
- use team-building skills in small and large companies;
- understand the entrepreneurial approach to acquiring and managing resources;
- create a business plan;
- bridge engineering and business principles; and
- network with businesses and industries.

The certificate program is open to Bachelor of Science in Engineering students who have earned at least 45 s.h. of credit toward the B.S.E. and have a University of Iowa g.p.a. of at least 2.75. Students must declare their intention to pursue the certificate on ISIS and must apply for admission using the application form available online.

Students must complete at least 12 s.h. of the 18 s.h. required for the certificate at the University of Iowa or in approved study abroad courses. They must maintain a g.p.a. of at least 2.00 in work toward the certificate.

Students must be granted the B.S.E. and complete all certificate requirements in order to receive the certificate.

The Certificate in Technological Entrepreneurship requires the following course work.

**FOUNDATION COURSE**

One of these:

- ENTR:1350 Foundations in Entrepreneurship 2 s.h.
- IE:2500 Engineering Economy 3 s.h.

**ENTREPRENEURSHIP CORE**

Both of these:

- ENTR:2000 Entrepreneurship and Innovation 3 s.h.
- ENTR:3100 Entrepreneurial Finance 3 s.h.

**ENTREPRENEURSHIP COURSE IN THE MAJOR**

One of these, depending on a student’s engineering major:

- BME:4910 Biomedical Engineering Senior Design I (biomedical engineering majors) 4 s.h.
- CBE:4109 Chemical Engineering Process Design I (chemical engineering majors) 2 s.h.
- CEE:3084 Project Design and Management in Civil Engineering (civil engineering majors) 3 s.h.
- ECE:4890 Senior Electrical Engineering Design (electrical engineering majors) 3 s.h.
- IE:4600 Industrial Engineering Design Project (industrial engineering majors) 4 s.h.
- ME:4086 Mechanical Engineering Design Project (mechanical engineering majors) 3 s.h.

**ENTREPRENEURSHIP ELECTIVES**

Students customize their programs with their choice of electives. They earn sufficient elective credit to reach the total of 18 s.h. required for the certificate.

- BME:4920 Biomedical Engineering Senior Design II 4 s.h.
- ENTR:3200 Entrepreneurial Marketing 3 s.h.
- ENTR:3300 Legal Aspects of Entrepreneurship 3 s.h.
- ENTR:3400 Strategic Management of Technology and Innovation 3 s.h.
- ENTR:3500 Social Entrepreneurship 3 s.h.
- ENTR:3595 Nonprofit Organizational Effectiveness I 3 s.h.
- ENTR:3600 E-Commerce Strategies for Entrepreneurs 3 s.h.
- ENTR:4000 Seminar in Entrepreneurship Business Consulting 3 s.h.
- ENTR:4200 Entrepreneurship: Business Consulting 3 s.h.
- ENTR:4300 Entrepreneurship: Advanced Business Planning 3 s.h.
- ENTR:4400 Managing the Growth Business 3 s.h.
- ENTR:4450 Professional Sports Management 3 s.h.
- ENTR:4460 Entrepreneurship and Global Trade 3 s.h.
- ENTR:4510 Arts Leadership Seminar 3 s.h.
- ENTR:4600 Advanced Venture Finance 3 s.h.
- ENTR:4900 Academic Internship 1-9 s.h.
- ENTR:9000 Developing Professional Service Business 3 s.h.

Any entrepreneurship course (prefix ENTR), with certificate advisor’s approval
Wind Energy

Chair, Department of Mechanical and Industrial Engineering

Andrew Kusiak

Undergraduate certificate: wind energy
Web site: http://www.engineering.uiowa.edu/mie/undergraduate-program/certificate-wind-energy

Wind energy has become a major source of clean energy and is expected to grow over the coming decades. That growth will create new jobs and a need for professionals who have diverse backgrounds and knowledge of wind energy fundamentals. The Certificate in Wind Energy introduces undergraduate students to wind energy. The program is interdisciplinary, integrating course work and faculty expertise from the Departments of Mechanical and Industrial Engineering, Civil and Environmental Engineering, and Electrical and Computer Engineering (College of Engineering) and the Department of Geographical and Sustainability Sciences (College of Liberal Arts and Sciences).

Undergraduate Program of Study

Certificate

The Certificate in Wind Energy requires 18 s.h. of credit. The certificate program is open to current University of Iowa undergraduate students and to all individuals who hold a bachelor's degree and are not enrolled in a graduate or professional degree program. Students must maintain a g.p.a. of at least 2.00 in work for the certificate.

College of Engineering students earning the certificate are advised by the Department of Mechanical and Industrial Engineering (p. 894); College of Liberal Arts and Sciences students are advised by the Department of Geographical and Sustainability Sciences (p. 323).

Students must apply to enter the certificate program by completing the Certificate in Wind Energy Application on the certificate's web site. The site also provides information about wind energy research at the University and graduate study in wind power management.

Work for the certificate focuses on energy, environment, and information science and includes core courses and electives. Mechanical engineering students may use the certificate as a tailored engineering focus area by adding an approved math/science elective.

Several certificate courses have prerequisites; students must complete all of a course's prerequisites before they may register for the course. Prerequisites do not count toward the 18 s.h. required for the certificate. Prerequisites for certificate courses are listed on the Certificate in Wind Energy web site.

The Certificate in Wind Energy requires the following course work.

**CORE COURSES**
Both of these:

- GEOG:3560 Spatial Analyses of Wind Energy 3 s.h.
- IE:4550 Wind Power Management 3 s.h.

**ELECTIVES**

Students complete 12 s.h. in courses chosen from these:

- CBE:2030 Energy and Society 3 s.h.
- CBE:3160 Engineering Analysis of Alternative Energy Systems 3 s.h.
- CBE:4410 Sustainable Systems 3 s.h.
- ECE:5620 Electric Power Systems 3 s.h.
- ECE:5630 Sustainable Energy Conversion 3 s.h.
- GEOG:2310 Introduction to Climatology 3 s.h.
- GEOG:3500 Introduction to Environmental Remote Sensing 3 s.h.
- GEOG:3520 GIS for Environmental Studies 3 s.h.
- GEOG:3540 Introduction to Geographic Visualization 3 s.h.
- GEOG:3750 Environmental Quality: Science, Technology, and Policy 3 s.h.
- GEOG:3780 U.S. Energy Policy in Global Context 3 s.h.
- GEOG:4010 Field Methods in Physical Geography 3 s.h.
- GEOG:4030 Senior Project Seminar (registration required for wind energy project credit) 3 s.h.
- GEOG:4500 Applications in Environmental Remote Sensing 4 s.h.
- GEOG:4520 GIS for Environmental Studies: Applications 3 s.h.
- GEOG:4580 Introduction to Geographic Databases 3 s.h.
- GEOG:4750 Environmental Impact Analysis 4 s.h.
- ME:4142 Wind Turbine Aerodynamics 3 s.h.
- ME:4164 Fundamentals of Wind Turbines 3 s.h.
Graduate College

Dean
• John C. Keller

Web site: http://www.grad.uiowa.edu/

The University of Iowa has been a leading center of advanced study for more than a century. Presently, the Graduate College accounts for nearly one-fifth of the University's total enrollment. This high ratio reflects the breadth of the University's graduate programs and resources, the strength of a graduate faculty with a long tradition of personal and professional concern for students, and the opportunities afforded graduate students for involvement, recognition, and support.

The Graduate College is responsible for the review and approval of proposals for new graduate programs and for the periodic survey and evaluation of existing programs. Through its administration of scholarship, fellowship, and research assistantship funds, the college encourages research and strengthening of departments. In cooperation with the Office of the Vice President for Research, it offers assistance to individual faculty members in finding the resources necessary for research projects, and it works with the other colleges and departments of the University to formulate policies concerning selection, supervision, and support of graduate students.

The faculty of the Graduate College is made up of all University tenure-track faculty members at the ranks of assistant professor, associate professor, and professor. A 17-member Graduate Council, elected from and by the graduate faculty and the Graduate Student Senate, is the executive committee of the graduate faculty and is advisory to the dean of the Graduate College.

Degrees Offered

The Graduate College confers the Master of Arts (M.A.), Master of Science (M.S.), Master of Accountancy (M.Ac.), Master of Arts in Teaching (M.A.T.), Master of Computer Science (M.C.S.), Master of Fine Arts (M.F.A.), Master of Health Administration (M.H.A.), Master of Physical Therapy (M.P.T.), Master of Public Health (M.P.H.), Educational Specialist (Ed.S.), Master of Science in Nursing (M.S.N.), Master of Social Work (M.S.W.), Doctor of Philosophy (Ph.D.), Doctor of Musical Arts (D.M.A.), Doctor of Nursing Practice (D.N.P.), Doctor of Physical Therapy (D.P.T.), and Doctor of Audiology (Au.D.) degrees.

The college currently confers degrees in the following major fields.

Accounting: M.Ac.*
African American World Studies: M.A.*
American Studies: M.A.*, Ph.D.
Anatomy and Cell Biology: M.S., Ph.D.
Anthropology: M.A.*, Ph.D.
Applied Mathematical and Computational Sciences: Ph.D.
Art: M.A.*, M.F.A.
Art History: M.A.*, Ph.D.
Asian Civilizations: M.A.*
Astronomy: M.S.*
Biochemistry: M.S., Ph.D.
Biology: M.S.*, Ph.D.*** (see Integrated Biology)
Biomedical Engineering: M.S.*, Ph.D.
Biostatistics: M.S.*, Ph.D.

Book Arts: M.F.A.
Business Administration: M.A.*, Ph.D.
Business Analytics: M.S.*
Chemical and Biochemical Engineering: M.S.*, Ph.D.
Chemistry: M.S.*, Ph.D.
Civil and Environmental Engineering: M.S.*, Ph.D.
Classics: M.A.*, Ph.D.
Clinical Investigation: M.S.*
Communication Studies: M.A.*, Ph.D.
Community and Behavioral Health: M.S., Ph.D.
Comparative Literature: Ph.D.***
Comparative Literature—Translation: M.F.A.
Computer Science: M.S.*, M.C.S.*, Ph.D.
Dance: M.F.A.
Dental Public Health: M.S.
Economics: M.A.*, Ph.D.
Education: M.A.*, M.A.T.*, Ed.S.*, Ph.D.
Educational Policy and Leadership Studies: M.A.*, Ed.S.*, Ph.D.
Electrical and Computer Engineering: M.S.*, Ph.D.
English: M.A.*, M.F.A., Ph.D.
Epidemiology: M.S.*, Ph.D.
Exercise Science: M.S.*, Ph.D.***
Film and Video Production: M.A.*, M.F.A.
Film Studies: M.A.*, Ph.D.
Free Radical and Radiation Biology: M.S.*, Ph.D.
French and Francophone World Studies: M.A.*, Ph.D.
Genetics: Ph.D.
Geography: M.A.*, Ph.D.
Geoscience: M.S.*, Ph.D.
German: M.A.*, Ph.D.***
Greek: M.A.*
Health and Human Physiology: M.S.*, Ph.D.
Health and Sport Studies: M.A.*, Ph.D.***
Health Management and Policy: M.H.A.*, Ph.D.
Health Services and Policy: Ph.D.
History: M.A.*, Ph.D.
Human Toxicology: M.S., Ph.D.
Immunology: Ph.D.
Industrial Engineering: M.S.*, Ph.D.
Informatics: M.S.*, Ph.D.
Integrated Biology: M.S.*, Ph.D.
Integrative Physiology: Ph.D.*** (see Health and Human Physiology)
International Studies: M.A.***
Journalism: M.A.*
Latin: M.A.*
Leisure Studies: M.A.*
Library and Information Science: M.A.*
Linguistics: M.A.*, Ph.D.
Mass Communications: Ph.D.
Mathematics: M.S.*, Ph.D.
Mechanical Engineering: M.S.*, Ph.D.
Microbiology: M.S., Ph.D.
Molecular and Cellular Biology: Ph.D.
Molecular Biology: Ph.D.
Molecular Physiology and Biophysics: M.S.*, Ph.D.
Music: M.A.*, M.F.A., D.M.A., Ph.D.
Neuroscience: Ph.D.
Nursing: M.S.N.*, D.N.P., Ph.D.
Occupational and Environmental Health: M.S.*, Ph.D.
Operative Dentistry: M.S.***
Oral Science: M.S., Ph.D.***
Orthodontics: M.S.
Pathology: M.S.
Pharmacology: M.S., Ph.D.
Pharmacy: M.A.*, Ph.D.
Philosophy: M.A.*, Ph.D.
Interdisciplinary Degree Programs

The Graduate College participates in a number of University of Iowa interdisciplinary degree programs. Detailed information about the following master's and doctoral degree programs is provided later in these Graduate College sections of the Catalog: Applied Mathematical and Computational Sciences (p. 925), Genetics (p. 936), Human Toxicology (p. 938), Immunology (p. 940), Informatics (p. 942), International Studies, Molecular and Cellular Biology (p. 953), Neuroscience (p. 955), and Translational Biomedicine (p. 958).

In addition to the degree programs listed above, the graduate faculty has authorized the awarding of interdisciplinary master's and doctoral degrees. Students seeking approval for interdisciplinary master's and doctoral programs must previously have been admitted to and enrolled in a departmental program in the Graduate College. See sections X.A. and XII.D. in the Manual of Rules and Regulations of the Graduate College on the college's web site.

Joint Programs

Joint Programs Offered Through the Graduate College

Various joint programs have been developed whereby students work simultaneously toward two degrees. Consult the appropriate Catalog sections for more information. Established joint programs include health management and policy/business administration; health management and policy/urban and regional planning; occupational and environmental health/urban and regional planning; public health/law; public health/medicine; public health/pharmacy; public health/veterinary medicine; and social work/urban and regional planning.

Joint B.S./Ph.D.: Biochemistry

The joint B.S./Ph.D. program in biochemistry enables Bachelor of Science students majoring in biochemistry to begin work toward the Ph.D. while completing the bachelor's degree. Students admitted to the program may count 12 s.h. of credit toward both the B.S. and Ph.D. degree requirements. Offered by the Graduate College, the College of Liberal Arts and Sciences, and the Carver College of Medicine; see Biochemistry (p. 1021) in the Catalog.

Joint B.A.: Biology/M.P.H. with Epidemiology Subprogram or M.S.: Epidemiology

The joint B.A. in biology/M.P.H. with epidemiology subprogram and the joint B.A. in biology/M.S. in epidemiology enable Bachelor of Arts students majoring in biology to begin work toward the M.P.H. or M.S. while completing the bachelor's degree. Students admitted to either program may count 12 s.h. of credit toward both the B.A. and the M.P.H. or M.S. degree requirements; they also may maximize their selection of upper-level classes for advanced training in epidemiology. Offered by the Graduate College, the College of Liberal Arts and Sciences, and the College of Public Health; see Biology (p. 119), Master of Public Health Program (p. 1173), and Epidemiology (p. 1158) in the Catalog.

Joint B.S.E./M.S.: Biomedical Engineering

The joint B.S.E./M.S. program in biomedical engineering enables undergraduate students majoring in biomedical engineering to begin work toward the M.S. while completing the bachelor's degree. Students admitted to the program may count a limited amount of credit toward both the B.S.E. and M.S. degree requirements. They also may attend and participate in the departmental graduate seminar and work on a master's thesis or research project before they have been awarded the B.S.E. degree. Offered by the Graduate College and the College of Engineering; see Biomedical Engineering (p. 851) in the Catalog.

Joint B.S.E.: Biomedical Engineering/ M.S.: Occupational and Environmental Health

The joint B.S.E. in biomedical engineering/M.S. in occupational and environmental health enables undergraduate students majoring in biomedical engineering to begin work toward the M.S. in occupational and environmental health while completing the bachelor's degree. Students admitted to the program may count a limited amount of credit toward both the B.S.E. and M.S. degree requirements. Offered by the Graduate College, the College of Engineering, and the College of Public Health; see Biomedical Engineering (p. 851) and Occupational and Environmental Health in the Catalog.
Joint B.S.E.: Chemical Engineering/M.S.: Chemical and Biochemical Engineering

The joint B.S.E. in chemical engineering/M.S. in chemical and biochemical engineering enables undergraduate students majoring in chemical engineering to begin work toward the M.S. while completing the bachelor's degree. Students admitted to the program may count 12 s.h. of course work, typically advanced chemistry sequences and electives, toward both the B.S.E. and M.S. degree requirements. Offered by the Graduate College and the College of Engineering; see Chemical and Biochemical Engineering (p. 861) in the Catalog.

Joint B.S.E.: Chemical Engineering/M.S.: Civil and Environmental Engineering

The joint B.S.E. in chemical engineering/M.S. in civil and environmental engineering enables undergraduate students majoring in chemical engineering to begin work toward the M.S. in civil and environmental engineering while completing the bachelor's degree. Students admitted to the program may count 12 s.h. of course work toward both the B.S.E. and M.S. degree requirements. Offered by the Graduate College and the College of Engineering; see Chemical and Biochemical Engineering (p. 861) and Civil and Environmental Engineering (p. 871) in the Catalog.

Joint B.S.E.: Civil Engineering/M.S.: Civil and Environmental Engineering

The joint B.S.E. in civil engineering/M.S. in civil and environmental engineering enables undergraduate students majoring in civil engineering to begin work toward the M.S. while completing the bachelor's degree. Students admitted to the program may count a limited amount of credit toward both the B.S.E. and M.S. degree requirements. They also may attend and participate in the departmental graduate seminar and work on a master's thesis or research project before they have been awarded the B.S.E. degree. Offered by the Graduate College and the College of Engineering; see Civil and Environmental Engineering (p. 871) in the Catalog.

Joint B.A. or B.S.: Computer Science/M.C.S.

The joint B.A. or B.S. in computer science/M.C.S. program enables undergraduate students majoring in computer science to begin work toward the M.C.S. while completing the bachelor's degree. Students admitted to the program may count 12 s.h. of course work, typically advanced technical courses and electives, toward both the bachelor's and the M.C.S. degree requirements. Offered by the Graduate College and the College of Liberal Arts and Sciences; see Computer Science (p. 198) in the Catalog.

Joint B.S.E.: Electrical Engineering/M.S.: Electrical and Computer Engineering

The joint B.S.E. in electrical engineering/M.S. in electrical and computer engineering enables undergraduate students majoring in electrical engineering to begin work toward the M.S. while completing the bachelor's degree. Students admitted to the program may count 9 s.h. toward both the B.S.E. and M.S. degree requirements. They also may count an additional 3 s.h. toward the M.S. degree requirements and engage in thesis-level research before they have been awarded the B.S.E. degree. Offered by the Graduate College and the College of Engineering; see Electrical and Computer Engineering (p. 884) in the Catalog.

Joint B.A./M.A.: German

The joint B.A./M.A. program in German enables undergraduate students majoring in German to begin work toward the M.S. while completing the bachelor's degree. Students admitted to the program may count 12 s.h. of credit toward both the B.A. and M.A. degree requirements. They also have the opportunity for early entrance into advanced courses in German. Offered by the Graduate College and the College of Liberal Arts and Sciences; see German (p. 336) in the Catalog.

Joint B.S.E./M.S.: Industrial Engineering

The joint B.S.E./M.S. program in industrial engineering enables undergraduate students majoring in industrial engineering to begin work toward the M.S. while completing the bachelor's degree. Students admitted to the program may count 6 s.h. toward both the B.S.E. and M.S. degree requirements. They also may count an additional 6 s.h. toward the M.S. degree requirements, attend one of the department's graduate seminars, and work on master's thesis research before they have been awarded the B.S.E. degree. Offered by the Graduate College and the College of Engineering; see Mechanical and Industrial Engineering (p. 894) in the Catalog.

Joint Law and Graduate Degrees

The College of Law and several Graduate College programs and schools have developed joint programs in which students pursue the Juris Doctor (J.D.) degree and a graduate degree concurrently. Offered by the Graduate College and the College of Law; see College of Law (p. 969) in the Catalog.

Joint M.A.: Library and Information Science/Certificate in Book Studies

The joint M.A. in library and information science and Certificate in Book Studies/Book Arts and Technologies prepares students for careers in special collections librarianship. Students admitted to the program receive training in the management of varied types of special collections, such as rare books, manuscripts, archives, graphics, music, and ephemera. Offered by the Graduate College; see Library and Information Science (p. 946) and Center for the Book (p. 929) in the Catalog.

Joint B.A./M.A.: Linguistics with TESL Focus

The joint B.A./M.A. program in linguistics with TESL (Teaching English as a Second Language) focus enables students majoring in linguistics to begin work toward the M.A. while completing the bachelor's degree. Students admitted to the program may count 12 s.h. of advanced course work toward both the B.A. and M.A. degree requirements and may take selected graduate-level courses before they have been awarded the B.A. degree. They also may gain experience teaching ESL at the college level early in their graduate careers. Offered by
the Graduate College and the College of Liberal Arts and Sciences; see Linguistics (p. 449) in the Catalog.

**Joint B.A./M.A.T. with Mathematics Education Subprogram**

The joint B.A./M.A.T. program with mathematics education subprogram enables Bachelor of Arts students majoring in mathematics to begin work toward the M.A.T. while completing the bachelor's degree. Students admitted to the program may count 18 s.h. of credit toward both the B.A. and M.A.T. degree requirements. Offered by the Graduate College, the College of Liberal Arts and Sciences, and the College of Education; see Mathematics (p. 455) and Teaching and Learning (p. 793) in the Catalog.

**Joint B.S.E./M.S.: Mechanical Engineering**

The joint B.S.E./M.S. program in mechanical engineering enables undergraduates majoring in mechanical engineering to begin work toward the M.S. while completing the bachelor's degree. Students admitted to the program may count 6 s.h. toward both the B.S.E. and M.S. degree requirements. They also may count an additional 6 s.h. toward the M.S. degree requirements, attend a graduate seminar, and participate in master's thesis research before they have been awarded the B.S.E. degree. Offered by the Graduate College and the College of Engineering; see Mechanical and Industrial Engineering (p. 894) in the Catalog.

**Joint B.S.E.: Mechanical Engineering/M.S.: Civil and Environmental Engineering**

The joint B.S.E. in mechanical engineering/M.S. in civil and environmental engineering enables undergraduate students majoring in mechanical engineering to begin work toward the M.S. in civil and environmental engineering while completing the bachelor's degree. Students admitted to the program may count 9 s.h. of course work toward both the B.S.E. and M.S. degree requirements. They also may count an additional 3 s.h. toward the M.S. degree requirements before they have been awarded the B.S.E. degree. Offered by the Graduate College and the College of Engineering; see Mechanical and Industrial Engineering (p. 894) and Civil and Environmental Engineering (p. 871) in the Catalog.

**Joint M.D./Ph.D. (Medical Scientist Training Program)**

The joint Doctor of Medicine/Doctor of Philosophy program prepares students for careers in academic medicine, with emphasis on basic and clinical research. Offered by the Graduate College and the Carver College of Medicine; see Medical Scientist Training (p. 1048) Program in the Catalog.

**Joint B.S./Ph.D.: Microbiology**

The joint B.S./Ph.D. program in microbiology enables undergraduate students majoring in microbiology to begin work toward the Ph.D. while completing the bachelor's degree. Students admitted to the program may count 12 s.h. of credit toward both the B.S. and Ph.D. degree requirements. Offered by the Graduate College, the College of Liberal Arts and Sciences, and the Carver College of Medicine; see Microbiology (p. 1050) in the Catalog.

**Joint B.A.: Psychology/M.P.H. with Community and Behavioral Health Subprogram**

The joint B.A. in psychology/M.P.H. program with community and behavioral health subprogram enables Bachelor of Arts students majoring in psychology to begin work toward the M.P.H. while completing the bachelor's degree. Students admitted to the program may count 12 s.h. of credit toward both the B.A. and M.P.H. degree requirements. Offered by the Graduate College, the College of Liberal Arts and Sciences, and the College of Public Health; see Psychological and Brain Sciences (p. 536) and Master of Public Health Program (p. 1173) in the Catalog.

**Joint Bachelor's and Public Health Graduate Degrees**

The College of Public Health and various undergraduate programs have developed joint programs in which students pursue the bachelor's degree, either a B.A. or a B.S., and a public health graduate degree, M.A., M.P.H. or M.S., in five years instead of six. Offered by all undergraduate colleges, the Graduate College, and the College of Public Health; see College of Public Health (p. 1143) in the Catalog.

**Joint B.A./M.A.T. with Science Education Subprogram**

The joint B.A./M.A.T. program with science education subprogram enables Bachelor of Arts students majoring in biology, chemistry, environmental sciences, or physics to begin work toward the M.A.T. while completing the bachelor's degree. Students admitted to the program may count 18 s.h. of credit toward both the B.A. and M.A.T. degree requirements. Offered by the Graduate College, the College of Liberal Arts and Sciences, and the College of Education; see Biology (p. 119), Chemistry (p. 135), Environmental Sciences (p. 278), or Physics and Astronomy (p. 507) and Teaching and Learning (p. 793) in the Catalog.

**Joint Au.D./Ph.D.: Speech and Hearing Science**

The joint Au.D./Ph.D. program in speech and hearing science is designed for students who would like to practice audiology and hold a faculty position at a university. Students admitted to the program work concurrently toward the Doctor of Audiology and the Doctor of Philosophy; they may count 30 s.h. toward the requirements of both degrees. Offered by the Graduate College and the College of Liberal Arts and Sciences; see Communication Sciences and Disorders (p. 165) in the Catalog.

**Joint B.S.: Statistics/M.P.H. with Quantitative Methods Subprogram**

The joint B.S. in statistics/M.P.H. program with quantitative methods subprogram enables Bachelor of Science students majoring in statistics to begin work toward the M.P.H. while completing the bachelor's degree. Students admitted to the program may count 12 s.h. of credit toward both the B.S. and M.P.H. degree requirements.
Offered by the Graduate College, the College of Liberal Arts and Sciences, and the College of Public Health; see Statistics and Actuarial Science (p. 613) and Master of Public Health Program (p. 1173) in the Catalog.

**Joint B.S.: Statistics/M.S.:Statistics**
The joint B.S./M.S. program in statistics enables undergraduate students majoring in statistics to begin work toward the M.S. while completing the bachelor’s degree. Students admitted to the program may count 12 s.h. of credit toward both the B.S. and M.S. degree requirements. Offered by the Graduate College and the College of Liberal Arts and Sciences; see Statistics and Actuarial Science (p. 613) in the Catalog.

**Certificate Programs**
Several Graduate College programs offer certificates. For detailed information about each one, see Center for the Book (p. 929), Cognitive Science of Language (p. 933), Digital Public Humanities (p. 957), Informatics (p. 942), Public Health (p. 1151), and Transportation Studies (p. 961).

The Graduate College also participates with other University of Iowa colleges in offering the following graduate certificates.

**Advanced Practice Nursing**
The Certificate in Advanced Practice Nursing is a program for Doctor of Nursing Practice (D.N.P.) students that offers advanced clinical training in five specialty areas: adult/gerontology nurse practitioner, adult/gerontology nurse practitioner-acute care, family nurse practitioner, pediatric nurse practitioner-primary care, pediatric nurse practitioner-acute care and psychiatric/mental health nursing. Students who complete the D.N.P. program and the certificate requirements are qualified to sit for a professional certification exam. See College of Nursing (p. 1110) in the Catalog.

**Aging Studies**
The Aging Studies Program is a multidisciplinary certificate program administered by the College of Liberal Arts and Sciences in cooperation with other University of Iowa colleges. The program is designed to complement graduate degree programs or to serve as a stand-alone nondegree program for students with academic, professional, research, or service career interests in aging. See Aging Studies (p. 34) in the Catalog.

**Agricultural Safety and Health**
The Certificate in Agricultural Safety and Health is a postbaccalaureate program for practicing health care professionals serving rural areas and for health professions students who intend to practice in rural areas. The program is designed to help rural health professionals address safety and health issues in farm settings. See Agricultural Safety and Health (p. 1145) in the Catalog.

**American Indian and Native Studies**
The American Indian and Native Studies Program (AINSP) offers an interdisciplinary certificate program focusing on the histories, cultures, languages, arts, religious traditions, political and social organizations, economies, geographies, literatures, and contemporary legal and political concerns of Native Americans of the United States as well as other indigenous peoples of the Western Hemisphere. See American Indian and Native Studies (p. 37) in the Catalog.

**Biostatistics**
The Certificate in Biostatistics is open to students in University of Iowa graduate degree programs outside biostatistics and to individuals admitted to the Graduate College as nondegree students. The certificate program enables students to add a formal biostatistics emphasis to their degree programs. Students who complete the certificate in conjunction with a graduate degree may count a maximum of 6 s.h. of certificate credit toward their graduate degree. See Biostatistics (p. 1146) in the Catalog.

**Business Analytics**
The Certificate in Business Analytics is open to students in University of Iowa graduate degree programs and to individuals admitted to the Graduate College as nondegree students. The certificate program is designed for working professionals and addresses a growing need to manage and analyze the rapidly increasing amount of data that is available to support business decision making. See Business Analytics (p. 662) in the Catalog.

**College Teaching**
The Certificate in College Teaching complements discipline-oriented graduate programs and prepares students for careers in postsecondary education. The program is open to graduate students working toward a Ph.D. or other terminal graduate degree. See College of Education (p. 735) in the Catalog.

**Emerging Infectious Disease Epidemiology**
The Certificate in Emerging Infectious Disease Epidemiology is a postbaccalaureate program designed to meet the training needs in emerging infectious disease of international public health professionals as well as University of Iowa graduate students. Applicants to the program must hold a bachelor's degree. See Emerging Infectious Disease Epidemiology (p. 1157) in the Catalog.

**Gender, Women’s, and Sexuality Studies**
The Certificate in Gender, Women’s, and Sexuality Studies is open to students enrolled in graduate degree programs. See Gender, Women’s, and Sexuality Studies (p. 303) in the Catalog.

**Multicultural Education and Culturally Competent Practice**
The Certificate in Multicultural Education and Culturally Competent Practice is open to graduate students working toward a discipline-oriented graduate programs and prepares students for careers in postsecondary education. The program is designed for working professionals and addresses a growing need to manage and analyze the rapidly increasing amount of data that is available to support business decision making. See Multicultural Education and Culturally Competent Practice (p. 757) in the Catalog.

**Online Teaching**
The Certificate in Online Teaching is designed to prepare students for the realities of online teaching and to help them expand their career options. The certificate is
open to students in University of Iowa graduate degree programs and to individuals admitted to the Graduate College as nondegree students. See Online Teaching (p. 758) in the Catalog.

**Sacred Music**

The Certificate in Sacred Music is an interdisciplinary program with courses in sacred music, choral conducting and literature, keyboard, voice, religion, and art and art history. The program is open to students enrolled in a graduate degree program and to nondegree students who have been admitted to the Graduate College and who have consent of the certificate’s faculty advisor. See Music (p. 473) in the Catalog.

**Teaching English as a Foreign Language (TEFL)**

The TEFL Certificate is intended for overseas English teachers and administrators who are not able to enroll in face-to-face classes at the University of Iowa. The certificate prepares students to seek and retain positions in English language teaching and administration. The program is open to students enrolled in a graduate degree program and to nondegree students who have been admitted to the Graduate College and who have consent of the certificate’s faculty advisor. See Teaching and Learning (p. 793) in the Catalog.

**Translational and Clinical Investigation**

The Certificate in Translational and Clinical Investigation is designed for clinicians who seek advanced training in clinical methodology and applied patient-oriented research skills. Students in the certificate program must be practicing academic clinicians who have completed doctoral training. See Translational and Clinical Investigation (p. 1187) in the Catalog.

**Affiliated Program**

The Office of Graduate Inclusion (OGI) is dedicated to providing academic assistance to graduate students from underrepresented populations across graduate programs; to helping build a sustainable practice of inclusion that nourishes and attracts underrepresented graduate students campuswide; and to helping build community through individual and group activities focused on successful academic progress.

OGI’s specific goals are to increase numbers of underrepresented minorities in graduate programs; increase the number of doctoral students among U.S. minorities in graduate programs at Iowa; create a department-centered effort of graduate inclusion; offer support to University of Iowa departments and programs that are interested in building, extending, or sustaining their practices of inclusion; support faculty-based efforts for recruiting top graduate scholars who are members of underrepresented minorities; provide mentoring and support for students throughout their degree programs; and provide information on grant opportunities for departments and programs that are pursuing graduate inclusion.

**Research Resources**

Many of the University’s diverse research activities are centrally administered by the Office of the Vice President for Research, which has a cooperative relationship with the Graduate College.

**Financial Support**

Approximately half of the University's graduate students receive some form of University-administered financial assistance. For eligibility requirements and application procedures, see "Section VII. Graduate Appointments" in the Manual of Rules and Regulations of the Graduate College. The following are the primary sources of assistance.

**Teaching and Research Assistantships**

Teaching and research assistantships are available in most departments. Assistantship stipends typically range between $18,080 for a half-time academic-year appointment and $22,090 for a half-time fiscal-year appointment; assistants are also eligible for tuition scholarships. Assistants (one-quarter-time or more) pay resident tuition rates for fee purposes.

**Iowa Arts Fellowships**

Iowa Arts Fellowships are for University of Iowa graduate students entering M.F.A. programs. Typical stipends are $18,500 for the academic year, with all tuition and 25% of mandatory fees paid, plus a health insurance allowance, for one year (the remaining years of support must be provided by the appointing program). There are no departmental service obligations while holding the first-year fellowship.

**Iowa Performance Fellowships**

Iowa Performance Fellowships are for first-year D.M.A. candidates in a performance area of music. Recipients are nominated by the School of Music. Awards include academic-year fellowships ($17,500 for year one, $8,750 for years two and three), summer fellowships ($2,000 for years one and two), and tuition and 25% of mandatory fees paid (fellow is responsible for the remainder of fees). The School of Music provides a one-quarter-time research assistantship in years two and three.

**Graduate College Iowa Recruitment Fellowships**

Iowa Recruitment Fellowships program enhances departmental recruitment packages by offering the most accomplished new doctoral students a stipend supplement ($2,000 per year) for up to five years and fellowship support for up to four summer terms ($4,000 per summer). Tuition scholarships are to be paid during the academic years (fall, spring) by the appointing unit, while the Graduate College provides up to 2 s.h. of tuition and benefits for the summer terms. Recipients are nominated by their department.

**Graduate College Summer Fellowships**

Graduate College Summer Fellowships are for advanced doctoral students who have completed their comprehensive exams, are working to complete their dissertations, and do not otherwise have funding for the summer session. Awards provide a summer stipend of $4,000 and provide up to 2 s.h. of tuition. Awarded must enroll for the six-week, eight-week, or twelve-week summer session. Students enrolled in the four-week summer session are not eligible to receive the fellowship.
T. Anne Cleary International Research Fellowships
The T. Anne Cleary International Research Fellowships are for doctoral students who have completed all predissertation requirements, including the comprehensive examination, and who will use the fellowship for dissertation research outside North America. The awards may vary from $1,500 to $5,000 and are meant to supplement other research funds. Doctoral students in any discipline may apply. Past recipients of the Cleary fellowship and Doctor of Musical Arts students who choose the D.M.A. essay option are not eligible.

Ballard and Seashore Dissertation-Year Fellowships
Ballard and Seashore Dissertation-Year Fellowships are one semester fellowships for doctoral students in the humanities, social sciences, biomedical and life sciences, and physical, mathematical and engineering science disciplines who have completed all doctoral degree requirements except their dissertation. Recipients are nominated by their departments. Fellowships provide $10,000 for the semester plus tuition and 25% of mandatory fees paid for up to 2 s.h. and a health insurance allowance.

Post-Comprehensive Research Awards
The Post-Comprehensive Research Awards program provides an opportunity for advanced doctoral students to benefit from protected and supported time to pursue their scholarly research activities. The award is intended to recognize students with distinguished academic achievement during their early graduate training. These achievements should be evident from a combination of outstanding academic performance in course work, as well as early scholarly research activities. Students who have held teaching assistantships in the previous two semesters will have priority. Awardees will receive a stipend in the amount of $9,040. The Graduate College also supports up to 2 s.h. of tuition, 25% of the mandatory fees, and a health insurance allowance. Recipients are nominated by their department.

Scholarships
Scholarships provide up to full tuition.

Graduate Student Senate
The Graduate Student Senate is the University graduate student body representative organization. Representatives are elected annually from each University department that has a graduate degree program. The senate’s primary purpose is to serve the interests of the graduate student body in matters affecting its welfare. The senate advises the dean of the Graduate College on matters pertaining to the college.

Manual of Rules and Regulations of the Graduate College
The current edition of the Manual of Rules and Regulations of the Graduate College is published on the Graduate College web site.

Courses
Most Graduate College courses are offered by the college's programs and schools. They are listed and described in the corresponding General Catalog sections; see the links under “Index: Academic Programs” toward the top of this page.

The college also offers the following nondepartmental courses.

Other Sources
For other sources of financial support, contact the Office of Student Financial Aid.

Many departments offer additional support through traineeships, part-time employment in research, or part-time teaching appointments. The Office of the Vice President for Research maintains a library of information on public and private agencies that provide funds for research and graduate study. Much material has been collected concerning awards for overseas study.
GRAD:6140 Introduction to Multicultural Education and Culturally Competent Practice 3 s.h.
Introduction to foundations of multicultural education and cultural competence; numerous equal access movements that impact professional practice in education, social work, counseling, and the allied helping professions mobilized in the U.S. during the 20th century; issues of diversity and equity that continue to fuel current policy debates and impact professional practice; roots of equal access movements from Brown v. Board of Education to the present; social, political, and/or economic contexts for equal access policies concerning race/ethnicity, class, language, gender, ability, and sexual orientation.

GRAD:6217 Seminar in College Teaching 1-3 s.h.
Preparation for college teaching; for graduate students planning to teach. Same as PSQF:6217.

GRAD:6300 Writing for Learned Journals 1-4 s.h.
Help for graduate students in bringing written work to publishable form; analysis of target journals’ audiences and interests; submission, response to criticism.

GRAD:6313 Digital Rhetorics 3 s.h.
Current discourse (utopic, dystopic, other strands) about the Internet as it shapes and is shaped by competing forces.

GRAD:6800 CIC Scholar 0-1 s.h.
Training in the responsible conduct of research and scholarly activities; discussion of case studies—student/mentor responsibilities in the pursuit of scholarly work (ownership, authorship, plagiarism/falsification/fabrication of data); student/mentor relationships and intellectual dialogues (communication, collaboration, grievance management); student responsibilities to the institution/scholarly community/society (intellectual property, conflict of interest, fiscal responsibilities, human/animal subjects). Requirements: enrollment in Graduate College degree-seeking program. Recommendations: first-year graduate standing (Ph.D., M.S./M.A.) and involvement in conducting NSF/NIH-funded research.

GRAD:7270 Principles of Scholarly Integrity 0-1 s.h.
Active participation and engagement in a major program, such as the annual Humanities Symposium; readings on interdisciplinary histories, contexts, and theoretical perspectives that frame featured events; work of artists, scholars, and researchers participating in the program. Requirements: admission to Graduate College.

GRAD:7280 Obermann Center for Advanced Studies Special Topics Seminars 1-3 s.h.
Active participation and engagement in a major program, such as the annual Humanities Symposium; readings on interdisciplinary histories, contexts, and theoretical perspectives that frame featured events; work of artists, scholars, and researchers participating in the program. Requirements: admission to Graduate College.

GRAD:7285 Obermann Center Professional Development Seminar 1 s.h.
Training in the responsible conduct of research (RCR) and scholarly activities; discussion of case studies—student/mentor responsibilities in the pursuit of scholarly work (ownership; authorship; plagiarism/falsification/fabrication of data); student/mentor relationships and intellectual dialogues (communication, collaboration, grievance management); student responsibilities to the institution/scholarly community/society (intellectual property, conflict of interest, fiscal responsibilities, human/animal subjects); may meet the RCR training obligation of the K award. Requirements: junior faculty member holding a federally-funded NIH individual K award.

Chair
• Weimin Han (Mathematics)

Graduate degree: Ph.D. in applied mathematical and computational sciences
Faculty: http://www.amcs.uiowa.edu/faculty
Web site: http://www.amcs.uiowa.edu/

Applied mathematical scientists formulate scientific concepts and problems in mathematical terms; solve the resulting mathematical problems using analytical and computational methods; and discuss, interpret, and evaluate the solutions. They explore areas of mathematical application and develop mathematical theories in new areas.

Career opportunities for applied mathematicians include positions in colleges, universities, governmental laboratories, business, industry, and consulting firms.

Graduate Program of Study
• Doctor of Philosophy in applied mathematical and computational sciences

Doctor of Philosophy

The Doctor of Philosophy program in applied mathematical and computational sciences requires a minimum of 72 s.h. of graduate credit. The Ph.D. program is autonomous, broadly based, and interdisciplinary. It is designed to help students achieve a command of theoretical and applied mathematics and obtain basic knowledge in another area (engineering, medicine, or one of the behavioral, biological, physical, or social sciences).

The program is flexible; students can concentrate on applied mathematics, such as differential equations and numerical analysis, or on other applicable techniques in mathematics. Scientific computing is an important part of applied mathematics, so it is often a part of student training and dissertation research.

Prospective students should have a desire to apply a mathematical science (mathematics or statistics) to relevant problems in another area.

COURSE OF STUDY

Faculty members help each student plan a course of study that is consistent with the student's background, interests, and goals.

These individual programs are designed to help students develop expertise in methods of applied mathematics and build a good foundation in related topics of theoretical mathematics. The individual programs also provide sufficient knowledge in an outside area to enable students to use mathematical techniques in that area.

Students can arrange their study plans to earn a master's degree from another department after they complete part of their plan. Students find suitable thesis problems and supervisors with the help of the faculty.

QUALIFYING AND COMPREHENSIVE EXAMINATIONS
Students take a qualifying examination over three of the four core course sequences required for the Ph.D. (analysis, differential equations, numerical analysis, and topology). They also take a comprehensive examination over the chosen outside area.

One program objective is to have each student's dissertation research include many of the activities of an applied mathematical scientist. For example, a student might formulate a model, do a quantitative analysis of the model, and interpret the results.

Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College. To be prepared for graduate-level course work in mathematics and an additional area, applicants should have a bachelor's or master's degree with a strong mathematics component and some background in the additional area.

Applications for fall admission are due on January 15. For application forms and more information about the academic program, contact the chair of the Applied Mathematical and Computational Sciences Program.

Financial Support

Fellowships and research and teaching assistantships are available to qualified applicants. Fellowship support is available during summers. Applications for financial support should be submitted at the same time as applications for admission.

Courses

AMCS:5900 Seminar: Applied Mathematical and Computational Sciences
Current research by faculty, students, guests.

AMCS:7990 Reading and Research

arr.
The Biosciences Program is not accepting any students at this time; the program is being reorganized.

Participation in the Biosciences Program leads to a Ph.D. degree in a biosciences discipline. The program provides graduate students the freedom to explore research in any of 17 University of Iowa biosciences research departments and programs: the Departments of Anatomy and Cell Biology (p. 1015), Biochemistry (p. 1021), Biology (p. 119), Biomedical Engineering (p. 851), Chemistry (p. 135), Communication Sciences and Disorders (p. 165), Microbiology (p. 1050), Molecular Physiology and Biophysics (p. 1055), Pharmacology (p. 1071), Physical Therapy and Rehabilitation Science (p. 1074), Physics and Astronomy (p. 507); and the Free Radical and Radiation Therapy and Rehabilitation Science (p. 1074), Genetics (p. 936), Human Toxicology (p. 938), Immunology (p. 940), Molecular and Cellular Biology (p. 953), and Neuroscience (p. 955) Programs.

Biosciences students enjoy the flexibility of investigating several disciplines through research rotations in the laboratories of Biosciences Program faculty members. Following completion of their first year in the program, students select a research laboratory and program affiliation and decide on a thesis project that will lead to a Ph.D.

Semester hour requirements for the doctorate vary by program, but all Ph.D. degrees at Iowa require at least 72 s.h. of graduate credit. For detailed information on Graduate College policies, see the Manual of Rules and Regulations of the Graduate College.

Curriculum

Students spend their first two semesters in the Biosciences Program. The curriculum provides them with an integrated core foundation on modern molecular and cellular biology while giving them flexibility to accommodate their individual interests.

Instead of offering one semester-long core course, the program offers at least six content modules. In consultation with their advisors, students choose modules at five-week intervals, tailoring their individual study plans to meet their interests. Some modules are intended to be taken as a series; they cover fundamentals of cell structure, intracellular trafficking, signal transduction, and protein structure. Other modules are stand-alone units on more specialized topics, such as biostatistics.

Early in the second semester, Biosciences Program students talk with prospective mentors about thesis projects and laboratory openings for the following summer. In March they submit their choice of the graduate program they wish to join and the faculty member they wish to have as a mentor.

The Biosciences web site contains typical study plans for students interested in specific graduate programs.

The student's choice of program determines his or her curriculum for subsequent years.

Students in the Biosciences Program are not required to teach, but most of the graduate programs they enter will require that they take on teaching responsibilities.

During their Biosciences Program year, students are advised on course selection, research rotations, and registration by a faculty member closely related to the student's research and academic interests. As research rotations are assigned, the faculty advisor works in consultation with the student's rotation advisors until the end of the first year.

Students provide a short oral presentation following each research rotation to an audience of their primary advisor, research advisor(s), and other biosciences students. Rotation advisors provide rotation reports, and rotations are evaluated by the student's primary advisor. The student's primary advisor also confers with the student on course grades, subsequent rotations, and the student's selection of a department or program lab for thesis research.

All biosciences students take BISC:5265 Biosciences Critical Thinking and Communication, which dovetails with research rotations and seminar series offered by the University's biosciences research departments and programs. The course involves weekly discussions of selected papers and oral and written presentations tied to the student's research rotations.

Each student's overall progress is monitored by his or her primary advisor, rotation advisor(s), and program director, who meet at the end of each semester to review the student's work. At the end of the second semester, the primary advisor, in cooperation with the rotation advisor(s), makes a recommendation to the Biosciences Program director as to whether or not the student should continue in the Ph.D. program. University guidelines, such as maintaining a cumulative g.p.a. of 3.00 or higher, are considered, along with performance in rotations.

The Biosciences Program's office coordinates students' transfers to their chosen graduate programs. Matriculation is conditional upon satisfactory progress and successful completion of the second semester.

Once a student enters his or her chosen graduate program, it is that program's responsibility to advise the student, evaluate his or her academic performance, and assign the student a thesis mentor and laboratory.

Most participating departments and programs require that students take a comprehensive exam at the end of the second year and no later than the third year. Following successful completion of the exam, students advance to Ph.D. candidacy.

REQUIRED COURSES

All Biosciences Program students must complete the following course work. Students earn at least 12 s.h. each semester.

Science Building, Carver Biomedical Research Building, College of Medicine are housed primarily in the Bowen The basic science and clinical departments of the Carver colleges and clinical facilities are located there.

The health sciences campus provides parking, food renovating laboratories and classrooms.

In addition to the University's extensive facilities for research support, the Carver College of Medicine and the College of Liberal Arts and Sciences operate a variety of research support, the Carver Nonprofit Genetic Testing Laboratory, Center for Auditory Regeneration and Deafness, Center for Bioinformatics and Computational Biology, Center for Emerging Infectious Diseases, Center for Functional Genomics of Hypertension, Center for Gene Therapy, Center for Research in the Implementation of Innovative Strategies in Practice, Center on Aging, Craniofacial Center Collaboratory, Cystic Fibrosis Research Center, Holden Comprehensive Cancer Center, Huntington's Disease Society of America Center of Excellence, Institute for Clinical and Translational Science, Iowa Cardiovascular Center, Iowa Comprehensive Lung Imaging Center, Helen C. Levitt Center for Viral Pathogenesis, George M. O'Brien Kidney Research Center, Specialized Center for Research in Osteoarthritis, and the Senator Paul D. Wellstone Muscular Dystrophy Cooperative Research Center.

In addition to the University's extensive facilities for research support, the Carver College of Medicine and the College of Liberal Arts and Sciences operate a variety of research support facilities. Tissue culture, autoclaving, purified water, darkrooms, counters, and a variety of general-use equipment and services are available on a shared basis.

**Courses**

**BISC:5201 Fundamentals of Gene Expression**
DNA and RNA structure, nuclear organization, DNA replication, RNA production and processing, small RNAs, RNAI, and genetic and epigenetic regulation; didactic and small group sessions, discussion of primary research publications.

**BISC:5203 Fundamentals of Dynamic Cell Processes**
Overview of actin, microtubules, motors, intermediate filaments, cell-cell junctions, G-coupled signaling, wnt-jak/stat signaling, ion channels, cell cycle, stem cells.

**BISC:5204 Biostatistics for Biomedical Research**
1 s.h.
Application of statistical techniques to biological data analysis; normal distribution, sampling distribution of the mean, variance, nonparametric methods, linear regression, power, and sample size. Same as BIOS:5050.

**BISC:5205 Practical Bioinformatics**  
1 s.h.  
Formal instruction on the use and application of bioinformatics for bench scientists; bioinformatics, resources, genome annotations, sequence analysis, comparative genomics, expression analysis, and systems biology. Requirements: biostatistics.

**BISC:5206 Biophysical Chemistry Module 1**  
1 s.h.  
Overview of principles of protein structure, stability, folding, and dynamics; brief treatment of structural biology approaches to help students become critical users of models derived from X-ray crystallography and NMR; taken alone or as part of BIOC:5241. Requirements: introductory course in biochemistry. Same as BIOC:5243.

**BISC:5265 Biosciences Critical Thinking and Communication**  
2 s.h.  
Selected papers and oral and written presentations tied to students' research rotations; introductory seminar. Same as MPB:5342, BIOL:5270.

**BISC:5302 Biosciences Research**  
arr.  
Research experience in the lab of a biosciences program faculty member.
Center for the Book

Director

- Timothy Barrett (Interdisciplinary Programs/Library and Information Science)

Graduate degree: M.F.A. in book arts
Graduate certificate: book studies/book arts and technologies
Faculty: http://book.grad.uiowa.edu/faculty-and-staff/instructors
Web site: http://book.grad.uiowa.edu

The University of Iowa Center for the Book represents a community of faculty, staff, students, and local book specialists with interests in all facets of book production, distribution, and use. Some members of the center actively research the history and circulation of the book, examining the role of books in cultural and historical processes. They also look at how changes in book production affect the way books are viewed as artifacts. Specialists in book arts and technologies study the history and technique of book crafts, including letterpress printing, typography, calligraphy, papermaking, and bookbinding. Others engage in the conservation or production of books, including artists’ books and literary fine press publications.

The center offers classes; sponsors lectures, seminars, and workshops; and encourages the exchange of ideas among individuals with interests in the book. A wide range of perspectives on the book as an aesthetic, cultural, and historical artifact is provided by associated faculty, staff, and graduate students in the Schools of Art and Art History and Library and Information Science; the Departments of History and English; the Comparative Literature Program; University of Iowa Libraries; the Creative Writing Program (Iowa Writers' Workshop); and other areas. This interdisciplinary membership and the center’s facilities combine to provide an exceptional environment for studying the history of the book, its evolution, and its future.

Graduate students may earn a master's degree or a graduate certificate through the center. Undergraduate students may add dimension to their majors in English, art, journalism, history, and other disciplines by taking Center for the Book courses in book crafts and book studies. They also may include an emphasis on book arts or on cultural and historical aspects of the book in the interdepartmental studies major.

Graduate Programs of Study

- Master of Fine Arts in book arts
- Certificate in Book Studies/Book Arts and Technologies

Graduate study of the book is interdisciplinary. It focuses on book arts as hands-on practice as well as a historical and cultural phenomenon. Its principal objectives are to provide scholarly and aesthetic contexts for the study of book history, arts, and technologies; and to offer a structured program in book-related disciplines for graduate students with a serious interest in book studies.

Master of Fine Arts

The Master of Fine Arts program in book arts requires a minimum of 60 s.h. of graduate credit, including a thesis. Students select one of several emphasis areas: artist book work, bookbinding, calligraphy, digital book work, papermaking, or printing. After completing core courses, they work with a faculty advisor to design an individualized curriculum in their specialty area. The degree culminates with the successful completion of a thesis.

The program requires the following course work.

Core courses, a material analysis course, scholarly inquiry courses, and workshops
Electives in the student’s emphasis area
Additional electives
Thesis (maximum of 6 s.h.)

Certificate

The Certificate in Book Studies/Book Arts and Technologies requires 18 s.h. of graduate credit and is designed to be completed in one year. The program is open to students who are enrolled in a graduate degree program at the University of Iowa as well as to students enrolled in the Graduate College with nondegree status.

The program requires the following course work.

A studio practice course
A scholarly inquiry course
Electives

Admission

Applicants must meet the admission requirements of the Graduate College; see Manual of Rules and Regulations of the Graduate College. Visit Admissions on the Center for the Book web site for more information.

Courses

UICB:2100 Creative Writing for Book Arts 3 s.h.
Creative writing in context of book arts; text and image, typography, visual sequence, graphic narrative; zines, chapbooks, broadsides, and artist's books.

UICB:2110 Introduction to Book Arts 3 s.h.
Topics related to artist books, hand bookbinding, letterpress printing, papermaking, and lettering arts. Same as BKAT:2110.

UICB:3100 Papermaking 3 s.h.
History, fundamental techniques of Western and Eastern hand papermaking; projects in traditional sheet forming, basic paper chemistry, paper coloring. Offered spring semesters. Same as BKAT:3100.

UICB:3140 Literature and the Book 3 s.h.
English majors may apply this course to the following area and/or period requirement. AREA: Literary Theory and Interdisciplinary Studies. PERIOD: Early Literatures through 17th-Century, 18th/19th-Century Literature, or 20th/21st-Century Literature. Same as ENGL:3140.
UICB:3142 Topics in Book History 3 s.h.
Authorship, publishing, and so forth within specific historical and cultural contexts. English majors may apply this course to the following area and/or period requirement. AREA: Literary Theory and Interdisciplinary Studies. PERIOD: Early Literatures Through 17th Century, 18th/19th-Century Literature, or 20th/21st-Century Literature. Same as ENGL:3142.

UICB:3280 Elements of Book Art 3 s.h.
Overview of book art process and techniques for nonmajors; introduction to traditional bookbinding skills, nontraditional book structures, and content development for artist books. Same as BKAT:3280.

UICB:3310 Typography 4 s.h.
Introduction to letterform and typographic fundamentals; designing with type—attention to composition, hierarchy, historical practice. Corequisites: DSGN:2110, if not taken as a prerequisite. Same as DSGN:3120.

UICB:3380 Elements of Letterpress 3 s.h.
Introduction to letterpress printing; metal type, relief printing, page layout, and basic typography; basic use of Vandercook Proof Press; experimentation with diverse letterpress techniques; for non-book art majors. Same as BKAT:3380.

UICB:3400 Calligraphy: Foundational Hands 3 s.h.
Fundamental calligraphic skills using Roman majuscule, Humanistic minuscule, Italic; basic layout and color theory incorporated into letter practice. Same as BKAT:3400.

UICB:3900 Special Project for Undergraduates arr.
Independent study.

Topics such as book design, printing, paper arts, letterforms, typography.

UICB:4100 Paperworks 3 s.h.
Conceptual and methodological approaches to 2-D and 3-D paper works; creation of works that couple unique properties of paper-pulp medium with personal visual ideas and clarity of intent; contemporary issues in paper pulp, medium's relationship to larger art and craft contexts. Same as BKAT:4100.

UICB:4150 Introduction to Book Studies 3 s.h.
Theory and practice of book studies; meanings of word and image in the book format; comparative study of other media, applied study of the codex as physical artifact. English majors may apply this course to the following area and/or period requirement. AREA: Literary Theory and Interdisciplinary Studies. PERIOD: Early Literatures Through 17th Century, or 18th/19th-Century Literature, or 20th/21st-Century Literature. Same as ENGL:4150, SLIS:4150.

UICB:4205 Bookbinding I: Materials and Techniques 3 s.h.
Hands-on introduction to materials and techniques commonly used in bookbinding. Same as BKAT:4205.

UICB:4210 Boxes and Enclosures 3 s.h.
Hands-on techniques for a variety of book enclosures; appropriateness, aesthetic issues concerning box design; Japanese wraparound case, drop-spine box, hinged and lidded boxes, slipcase; technical skill development. Prerequisites: UICB:4205. Same as BKAT:4210.

UICB:4220 Moveable/Sculptural Books 3 s.h.
Varied formats for moveable and/or sculptural books; history; readings, hands-on model making. Same as BKAT:4220.

UICB:4230 Pop-Up Book Structures 3 s.h.
Hands-on exploration of varied aspects of paper engineering for bookmaking; historical and modern models studied and executed. Prerequisites: UICB:4205. Same as BKAT:4230.

UICB:4270 Bookbinding II 3 s.h.
Builds on skills acquired in UICB:4205; projects to complete six bindings based on historical and contemporary models; sewing styles, board attachments, endband types; nonadhesive and case-bound structures, varied materials and binding styles, their effects on structure, aesthetic considerations, further development of solid binding skills; historical development of particular binding practices. Prerequisites: UICB:4205. Same as BKAT:4270.

UICB:4280 Artists' Books 3 s.h.
Exploration of the book as a form for artistic expression; emphasis on conceptual development; relationship between content, form, and structure; how a book’s structure and design can enhance and integrate part of the work’s meaning. Prerequisites: UICB:4205 or BKAT:4205. Same as BKAT:4280.

UICB:4290 Historical Book Structures 3 s.h.
Historical development of book structures examined through surviving examples, construction of historical models. Prerequisites: UICB:4205 or BKAT:4205.

UICB:4300 Letterpress I 3 s.h.
Mechanics of letterpress printing, typography, and design as applied to hand set metal type and edition printing; printing on a Vandercook proof press; introduction to photopolymer plates and methods of illustration related to edition printing, historical aspects of printing technology, typecasting, type classification; role of letterpress in modern private press and contemporary artist books. Same as ARTS:4300.

UICB:4305 Computer Graphics for Book Arts 3 s.h.
Introduction to Adobe Creative Suite graphic design software (InDesign, Illustrator, Photoshop); emphasis on using software for book arts applications; typesetting and pagination of multipage documents; methods for combining text and image; tools and techniques for digital illustration; creation and manipulation of digital images; preparations of digital files for desktop or letterpress printing and services bureau output.
UICB:4340 Digital Design for Artists' Books  3 s.h.
Introduction to concepts, techniques, and technologies used to design and produce artists' books with personal computers and graphic design software. Same as ARTS:4340.

UICB:4380 Letterpress II  3 s.h.
Builds on skills acquired in UICB:4300; issues of book design and production related to letterpress printing; exploration of hand-set metal, digital typesetting, printing from photopolymer plates, and imagemaking; press mechanics and operation; students produce a letterpress printed chapbook or artist book; publication philosophies, manuscript acquisition, and topics specific to literary fine press and artist books; historical and contemporary context for literary fine press publications and artist book work. Prerequisites: UICB:4300.

UICB:4390 Book and Publication Design  3 s.h.
Students plan, design, and produce a book using Adobe Creative Suite; page layout software, typography, page layout and design, book formatting, handling of image files, preparation of materials for print and other contemporary book media; history of book design, book design in contemporary publishing; visit to University of Iowa Libraries Special Collections. Prerequisites: UICB:4300 or DSGN:3120. Same as ARTS:4390.

UICB:4400 History of Western Letterforms  3 s.h.
History of Western letterforms, with focus on tools, materials, techniques; the major hands, their place in history, their influence on modern times; creation of letterforms using appropriate tools; hands-on approach with emphasis on understanding rather than mastery. Same as BKAT:4400.

UICB:4415 Calligraphy: Italic and Script Hands  3 s.h.
Hands-on instruction in italic and pressure pen scripts; historical relationships, effects on modern letterforms.

UICB:4420 Calligraphy: Blackletter Hands  3 s.h.
Development of proficiency in various hands, from vertical Textura to floridly gothic cursive; blackletter's historical connections with other disciplines.

UICB:4490 Studies in Letter Arts  3 s.h.
Special topics and advanced projects in calligraphy and letter arts. Prerequisites: UICB:3400 or UICB:4400. Same as BKAT:4400.

UICB:4910 The Book in the Middle Ages  3 s.h.
Relation of text, decoration, function, creators, and audience in different genres of medieval manuscripts books 400-1500 A.D. Same as HIST:4910, SLIS:4910.

UICB:4920 The Transition from Manuscript to Print  3 s.h.
Western manuscripts and books 1200-1600; changes in production and distribution methods and in how texts were used, in cultural context. Same as SLIS:4920, HIST:4920.

UICB:4930 Topics in Material Analysis  3 s.h.
Analysis and description of physical book artifacts and their component parts (parchment, paper, bookbinding) and allied specialties (the lettering arts, printing and illustration techniques); reading, writing, presentations. Same as HIST:4430.

UICB:5110 Islamic/Asian Papermaking History and Technique  3 s.h.
History, technique, and aesthetics of traditional Islamic and Asian hand papermaking. Same as BKAT:5110.

UICB:5130 Western Papermaking History and Technique  3 s.h.
History and technique of traditional European hand papermaking and related aesthetics; students gain confidence in pursuing independent production of handmade papers or undertaking related research in their own particular areas of interest; fiber preparation, sheet forming, and drying/finishing methods; concurrent readings and discussions of related history and aesthetics; special projects selected by student with instructor approval. Same as BKAT:5120.

UICB:5160 Studies in Papermaking  arr.
Topics in the history and technique of papermaking.

UICB:5170 Advanced Papermaking Production  3 s.h.
Independent Western- or Japanese-style projects undertaken at UICB Research and Production Paper Facility at Oakdale Campus under faculty guidance; plan, implement, and evaluate professional scale production runs using full-scale equipment. Prerequisites: UICB:5110 or UICB:5130 or BKAT:5110 or BKAT:5120. Same as BKAT:5170.

UICB:5180 Advanced Projects in Paper  3 s.h.
Advanced independent projects undertaken in a classroom setting; collaborative group discussions to plan, implement, troubleshoot, and evaluate student projects. Prerequisites: UICB:5110 or UICB:5130 or BKAT:5110 or BKAT:5120. Same as BKAT:5180.

UICB:5210 Bookbinding III  3 s.h.
Bookbinding structures based on historical and contemporary models; differences in various binding practices, how these differences affect function, why the styles developed; experience choosing appropriate structures for particular uses; emphasis on fine tuning skills and techniques required for advanced binding practices; sewn endbands, rounding and backing, sewing on varied supports, board attachments, and covering methods. Requirements: for UICB:5210 — UICB:4205 and UICB:4270; for BKAT:5210 — BKAT:4205 or BKAT:4270 or UICB:4205 or UICB:4270. Same as BKAT:5210.

UICB:5220 Book Conservation  3 s.h.
Practical methods, materials assessment, conservation history and evolution. Prerequisites: UICB:4270.

UICB:5260 Studies in Bookbinding  3 s.h.
Topics related to hand bookbinding. Same as BKAT:5260.
UICB:5280 Bookbinding IV 3 s.h.
Advanced studies in bookbinding; fine binding styles, leather paring and tooling, advanced finishing techniques, refining skills; continued look at differences in regional binding practices, how these differences affect function, and why particular styles developed. Prerequisites: UICB:5210.

UICB:5330 Letterpress III: Imagemaking arr.
Builds on skills acquired in UICB:4300 and UICB:4380; advanced work in fine press book design and image-making processes for fine press printing. Prerequisites: UICB:4380. Same as ARTS:5330.

UICB:5340 Letterpress III: The Handprinted Book 3 s.h.
Exploration of problems in hand-printing books—choice of manuscript, editing, design, typesetting, proofreading, printing and binding; histories of printing and of the book, emphasis on 20th- and 21st-century book design and literature. Prerequisites: UICB:4380. Same as ARTS:5340.

UICB:5370 Studies in Printing 1-3 s.h.
Development of individual book projects and production of one substantial project or several smaller ones; focus on acquiring or creating a text and/or other content; project development; range of print techniques available in letterpress printing; issues involved in producing editioned artist books or fine press work; opportunity to expand on existing printing; classroom setting used to augment work sessions with in-progress critiques, readings, and visits to special collections.

UICB:5380 Letterpress IV: Advanced Projects 3 s.h.
Development of individual book projects and production of one substantial project or several smaller ones; focus on acquiring or creating a text and/or other content; project development; range of print techniques available in letterpress printing; issues involved in producing editioned artist books or fine press work; opportunity to expand on existing printing; classroom setting used to augment work sessions with in-progress critiques, readings, and visits to special collections. Prerequisites: UICB:5330 or UICB:5340.

UICB:5510 Book Studies Workshop 1 s.h.
Discussion of issues central to book studies; workshop approach to current projects.

UICB:5520 Studies in Book History 3 s.h.
Topics related to production, distribution, and consumption of books through history and into the future. Same as SLIS:5520.

UICB:5530 Topics in Preservation/Conservation 3 s.h.
Care, conservation, and preservation of cultural heritage artifacts; readings, discussion, hands-on sessions. Same as SLIS:5530.

UICB:5550 Special Project for Graduate Students arr.
Independent study.

UICB:5600 History of Readers and Reading 3 s.h.
Cultural nature of reading practices in historic and contemporary contexts of reading; reading communities; dimensions of gender, age, class, religion, race, ethnicity; examples of recent scholarship; use of primary resources; seminar. Same as SLIS:5600.

UICB:6100 Book Studies Proseminar 1-3 s.h.

UICB:6270 Electronic Publishing 3 s.h.
Modes and methods for building electronic journals, books, thematic collections; new genres for publishing, including blogs, wikis, comics, short stories on the web; social, political, and economic forces that shape electronic publishing; XML-based project. Prerequisites: SLIS:5020. Same as SLIS:6270.

UICB:6370 Topics in Book Studies 3 s.h.
Topics relevant to book studies and special collections. Same as SLIS:6370.

UICB:6500 Final Project arr.
Project for graduate certificate.

UICB:6510 Book Art Seminar: History, Practice, and Critique 3 s.h.
Art-historical introduction to book arts (printing, bookbinding, papermaking and paperworks, artist bookwork, lettering arts, literary fine press and fine press artist books); influences and origins, contemporary practice, critical considerations; locating field through lenses of fine art, craft, and book history; weekly readings, observational analyses, hands-on exercises; archival research in the University of Iowa Libraries Special Collections; final research, analytical, and/or critical project.

UICB:6520 Graduate Book Arts Workshop 3 s.h.
Development of art work and studio practice; readings and research in contemporary theory and practice; analysis of visual language; integration of creative activities and critical thinking in student's own art practice and analysis of contemporary work in book arts; group and individual critiques, studio assignments, presentations, discussions.

UICB:6540 M.F.A. Thesis Hours arr.
Cognitive Science of Language

Coordinator
• Robert M. McMurray (Psychological and Brain Sciences)

Graduate certificate: cognitive science of language
Faculty: http://cogscilang.grad.uiowa.edu/people
Web site: http://cogscilang.grad.uiowa.edu/

The scientific study of language is larger than any one field, due in part to the broad diversity in forms and uses of language. Iowa’s Cognitive Science of Language Program uses an interdisciplinary approach to the study of language, helping to prepare language scientists who are conversant in multiple domains.

Graduate Program of Study

• Certificate in Cognitive Science of Language

The Department of Psychological and Brain Sciences (p. 536) (College of Liberal Arts and Sciences) is the administrative home of the Cognitive Science of Language Program; the certificate is conferred by the Graduate College.

Certificate

The Certificate in Cognitive Science of Language requires a minimum of 12-15 s.h. of graduate credit. Designed to complement doctoral study, the certificate program is open to University of Iowa Ph.D. students in linguistics, neuroscience, psychology, and speech and hearing science. Ph.D. students in other disciplines may petition to be permitted to earn the certificate. Students must complete a formal application to enter the certificate program; they should contact the program’s coordinator before they apply.

The certificate program ensures that students have training in interdisciplinary approaches to the study of language along with a strong theoretical grounding in their Ph.D. discipline. Each certificate student works with his or her Ph.D. advisor and the certificate program’s coordinator to develop an individual plan of study that complements the student’s degree program and career interests. In order to be granted the Certificate in Cognitive Science of Language, students must complete all of the requirements of their Ph.D. program as well as all of the certificate requirements.

All certificate students must participate in the cognitive science of language proseminar, a two-semester (6 s.h.) survey course on the five major disciplines within the language sciences—psychology, formal linguistics, neuroscience, communication disorders, and computational approaches. They also must complete three approved courses chosen from the lists below, and they must include a faculty member in the cognitive sciences of language on their Ph.D. comprehensive and dissertation exam committees. Students may enroll in the proseminar and three additional courses before or concurrently with other courses in their programs.

The Certificate in Cognitive Science of Language requires the following course work.

PROSEMINAR

All certificate students complete the following two survey courses.

PSY:6101 Cognitive Science of Language Proseminar I 3 s.h.
PSY:6102 Cognitive Science of Language Proseminar II 3 s.h.

DISCIPLINARY COURSES

Students take a total of three courses chosen from the following lists.

Communication Sciences and Disorders

CSD:3116 Basic Neuroscience for Speech and Hearing 3 s.h.
CSD:3118 Language Acquisition 1-3 s.h.
CSD:3122 Speech Production: Anatomy and Physiology 4 s.h.
CSD:4145 Developmental Language Disorders 3 s.h.
CSD:4146 Neurogenic Disorders of Language 3 s.h.
CSD:5206 Language Disorders: Birth to Five Years 3 s.h.
CSD:5222 Speech and Hearing Anatomy 2 s.h.
CSD:5224 System and Signal Theory for Speech and Hearing Science 3 s.h.
CSD:5233 Aphasia 2 s.h.
CSD:5256 Anatomy and Physiology of Hearing 3-4 s.h.
CSD:5282 Phonological Development and Disorders 2 s.h.
CSD:6520 Seminar: M.A. Language 2 s.h.
CSD:6522 Clinical Speech Physiology 2 s.h.
CSD:6538 Seminar: Hearing Science 2 s.h.

Computer Science

CS:4460 Introduction to Computational Linguistics 3 s.h.

Linguistics

LING:3030 Child Language-Linguistic Perspectives 3 s.h.
LING:4090 Practical Phonetics 3 s.h.
LING:5010 Introduction to Syntax 3 s.h.
LING:5020 Introduction to Phonology 3 s.h.
LING:6050 Language Universals Linguistic Typology 3 s.h.
LING:6080 Generative Second Language Acquisition 3 s.h.
LING:7090 Seminar: Problems in Linguistics 2-3 s.h.

The course LING:5010 has a corequisite, LING:5000 Proseminar: Morphosyntax, which does not count toward the certificate.

Neuroscience

NSCI:6240 Topics in Cognitive Neuroscience 3 s.h.

Psychological and Brain Sciences

PSY:3085 Language Development 3 s.h.
PSY:3670 Language Processes 3 s.h.
PSY:6450 Processes of Language Acquisition 3 s.h.
PSY:6490 Dynamic Systems and Development 3 s.h.

College Teaching

Director

- Mitchell J. Kelly (Psychological and Quantitative Foundations)

Graduate certificate: college teaching
Web site: http://www.education.uiowa.edu/services/ogte/certificate/default.aspx

The certificate program in college teaching provides course work and supervised experiences that prepare graduate students for careers in postsecondary education.

Graduate Program of Study

- Certificate in College Teaching

The Certificate in College Teaching is administered by the College of Education and granted by the Graduate College.

Certificate

The Certificate in College Teaching requires a minimum of 12 s.h. of graduate credit. The certificate program is open to all University of Iowa Graduate College students enrolled in a Ph.D. or other terminal degree program.

Previous teaching experience does not count toward certificate requirements.

Students apply to the certificate program on the Office of Graduate Teaching Excellence (OGTE) web site, under Graduate Certificate in College Teaching.

Courses selected from the Categories below can be completed in any order at any time.

The Certificate in College Teaching requires the following course work.

**CATEGORY 1**

Category 1 course work provides an overview of basic instructional issues and methods in college teaching. The work requires students to engage in discipline-specific thinking as they consider their own teaching situations.

At least 6 s.h. chosen from these.

**CATEGORY 2**

Category 2 requires students to teach for at least two semesters under the guidance of two different professors. Prior or current experience as a teaching assistant does not count toward this requirement.

Students enroll in one of the following courses twice, with each enrollment supervised by a different faculty member.

Students earn a total of 3 s.h. for the two enrollments.

They can enroll in two practicums with two different professors in the same semester or they can complete practicum experiences in separate semesters.

</tbody>
</table>

**CATEGORY 3**

For Category 3, students develop a full portfolio that demonstrates their skills and competencies in teaching, research, and service. The portfolio requires sample syllabi, a statement of teaching philosophy, samples of assignments and student work, and reflective essays on critical issues in teaching in higher education.

A committee of three faculty members, including the student’s faculty advisor, reviews the portfolio and provides advice to the student about its content and quality. The student’s faculty advisor is responsible for evaluating the portfolio and recommending that the certificate be awarded.

Category 3 requires the following course.

Genetics

Chair
• Daniel Eberl (Biology)

Graduate degree: Ph.D. in genetics
Faculty: http://genetics.grad.uiowa.edu/faculty
Web site: http://genetics.grad.uiowa.edu

Graduate Program of Study
• Doctor of Philosophy in genetics

Doctor of Philosophy
The Doctor of Philosophy program in genetics requires a minimum of 72 s.h. of graduate credit. The Ph.D. program is designed to promote collaborative investigation and intellectual interaction among students and faculty participants affiliated with several different departments.

Students who enroll in the program are encouraged to obtain a broad background in genetics, including molecular, population, and human genetics. Within this context, course requirements are flexible enough to permit students to tailor their formal course work to their individual needs.

Students have the option to declare a Ph.D. emphasis in computational genetics.

All students enrolled in the program are required to take the following courses.

All of these:

<table>

Elective course work in molecular and microbial genetics, cell and development genetics, human genetics, or computational genetics 8 s.h.

Seminar courses approved by the program 5 s.h.

Even more important than formal course work is the opportunity to do significant research in genetics. Research interests of the participating faculty include virtually all areas of genetics, ranging from bacteriophage genetics to human medical genetics. In each area of genetics, there is a group of faculty members who have closely related interests.

The University is also strong in several related disciplines, including microbial physiology, enzymology, virology, protein biochemistry, computational genetics, and developmental and cell biology, all of which contribute significantly to the overall training program.

In addition to completing research and course work, students must pass a comprehensive examination, usually at the end of their second year in the program.

Joint M.D./Ph.D.
Students may work toward the Doctor of Medicine degree and a Ph.D. in genetics in a joint degree program offered by the Carver College of Medicine and the Graduate College. See Medical Scientist Training (p. 1048) Program (Carver College of Medicine) in the Catalog.

Ph.D. and Dental Scientist Training Program
Ph.D. students in genetics who have earned a D.D.S. degree may be candidates for advanced training programs in dentistry. For information, contact the College of Dentistry.

Admission
Prospective doctoral students in genetics should have a strong undergraduate background in science, including courses in general genetics, organic chemistry, biochemistry, introductory physics, and mathematics, as well as a strong commitment to genetic research and teaching. Students can make up deficiencies in a particular area during their first year of graduate study.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Admission to the program is based on assessment of an applicants' undergraduate academic records, performance on the Graduate Record Examination (GRE) General Test, and letters of recommendation. Admission requirements are not rigid. Most students working toward a Ph.D. in genetics at the University of Iowa have an undergraduate g.p.a. above 3.50, and a combined verbal and quantitative score above 310 on the GRE General Test (or 1250 using the old GRE scoring system). Students with lower grade-point averages or GRE scores may be admitted, depending on prior research experience and other indications of academic potential.

Students generally begin graduate work in the fall semester.

Financial Support
All genetics graduate students receive a financial stipend of $26,500 plus tuition for academic year 2015-16. Financial support comes from training grants, research assistantships, teaching assistantships, scholarships, individual research grants, or other departmental or college funds. All students are required to do some teaching as part of their development as future scientists and faculty members.

Associated Courses
Credit earned in the following courses may be counted toward the Ph.D. in genetics. Not all courses are offered every year.
GENE:5173 Computational Genomics 3 s.h.
Introduction to computational methods used in genome analysis and functional genomics; biological sequence analysis, sequence database search, microarray data analysis, biological network analysis; in-depth coverage of principal genome science challenges and recent solutions. Prerequisites: BME:5320 and CS:3110 and (BIOS:4120 or STAT:3510). Same as BIOL:5320, BME:5330, ECE:5220.

GENE:6150 Genetic Analysis of Biological Systems 3 s.h.
Genetic techniques and approaches for analysis of biological processes; comparison of strengths, weaknesses of a variety of experimental systems.

GENE:6170 Bioinformatics 4 s.h.
Overview of bioinformatics topics, including access to sequence data, pairwise and multiple sequence alignment algorithms, molecular phylogeny, microarray data analysis, protein analysis, proteomics and protein structure analysis; emphasis on each topic includes biological motivation, computational approach (practical and theoretical), and interpretation of output. Prerequisites: BIOL:2512 or BIOC:3120. Recommendations: grade of B+ or higher in BIOL:2512 or BIOC:3120, or graduate standing. Same as BIOL:4213.

GENE:6200 Special Topics in Genetics 1 s.h.
Current research in a selected field of genetics; different topic each year. Companion to a genetics seminar series. Same as ACB:6200.

GENE:6234 Basic Biostatistical Methods with Genetics Applications 1 s.h.
Introduction to terminology, fundamental concepts, and methods of biostatistics as applied to genetic research; genetic investigation examples used to illustrate statistical approaches.

GENE:7191 Human Molecular Genetics 3 s.h.
Molecular genetic approaches to human disease; the human genome project, linkage analysis, candidate gene screening, special features of inbred populations, triplet repeat expansions, mitochondrial genetics, genetics of complex traits. Requirements: fundamental genetics and molecular biology.

GENE:7301 Graduate Research in Genetics arr.
Human Toxicology

**Director**
- Larry W. Robertson (Occupational and Environmental Health)

**Associate director**
- Peter Thorne (Occupational and Environmental Health/ Civil and Environmental Engineering)

**Director of graduate studies**
- Gabriele Ludewig (Occupational and Environmental Health)

**Graduate degrees:** M.S. in human toxicology; Ph.D. in human toxicology

**Faculty:** [http://toxicology.grad.uiowa.edu/faculty](http://toxicology.grad.uiowa.edu/faculty)

**Website:** [http://toxicology.grad.uiowa.edu/](http://toxicology.grad.uiowa.edu/)

Toxicology is the study of how biological, chemical, physical, and radiological agents affect living organisms and the ecosystem, and how to prevent or lessen the adverse effects of those agents. The Human Toxicology Program prepares toxicologists to identify and assess environmental exposures, identify mechanisms by which toxicants affect homeostasis or induce disease, identify interventions to prevent adverse effects, and estimate acceptable levels of exposure to protect public health.

The program is interdisciplinary, involving the Graduate College, the Carver College of Medicine, and the Colleges of Engineering, Liberal Arts and Sciences, Pharmacy, and Public Health.

The Human Toxicology Program is supported by the Iowa Superfund Research Program. Human toxicology faculty members are supported by the Environmental Health Sciences Research Center, a National Institute of Environmental Health Center of Excellence.

**Graduate Programs of Study**
- Master of Science in human toxicology
- Doctor of Philosophy in human toxicology

**Master of Science**

The Master of Science program in human toxicology requires a minimum of 39 s.h. of graduate credit and a thesis is required. The program is designed for students who wish to pursue a master’s degree as a second degree or through part-time study, particularly those who perform toxicologists’ functions in their jobs and who need additional training.

Entering students should have backgrounds in the biological, engineering, and physical sciences and should have completed courses in introductory chemistry and biology, and organic chemistry.

After entering the program, each student works with his or her assigned mentor to choose an advisory committee, which meets at least once a semester to help the student explore his or her research interests. The committee also provides consultation on course work and research activities and serves as the committee for the final examination (thesis defense).

The Human Toxicology Program is flexible. Students work with their advisory committees to plan a course of study tailored to their individual interests and goals within the field of toxicology.

All M.S. students must successfully complete the following course work as part of their course of study.

A first course in toxicology—one of these:
- OEH:5710 Environmental Toxicology 3 s.h.
- PHAR:5544 Pharmaceutical and Chemical Toxicology

Advanced toxicology:
- OEH:6720 Advanced Toxicology 4 s.h.

Scholarly integrity:
- GRAD:7270 Principles of Scholarly Integrity 0-1 s.h.

Research seminar—students must take the course each semester they are enrolled in the human toxicology graduate program:
- TOX:7180 Toxicology Research Seminar 0-1 s.h.

Upon successful completion of all requirements, including the thesis and its oral defense, students are awarded a Master of Science.

**Doctor of Philosophy**

The Doctor of Philosophy program in human toxicology requires a minimum of 72 s.h. of graduate credit. The program is designed for students with backgrounds in the biological, engineering, and physical sciences. Entering students should have solid training in science, including courses in introductory chemistry and biology, and organic chemistry; knowledge of biochemistry and molecular biology is also useful. Students may remedy deficiencies by taking appropriate courses during their first year of graduate study.

Students begin the program with three two-month rotations in the laboratories of participating faculty members, in order to identify a mentor. After the first year, the mentor assumes financial responsibility for the student. With advice from his or her mentor, each student chooses an advisory committee, which meets at least once a semester to help the student explore his or her research interests. The committee also provides consultation on course work and research activities and serves as the committee for the comprehensive examination and the final examination (dissertation defense).

The Human Toxicology Program is flexible. Students work with their advisory committees to plan a course of study tailored to their individual interests and goals within the field of toxicology.

All Ph.D. students must successfully complete the following course work as part of their course of study.

A first course in toxicology—one of these:
- OEH:5710 Environmental Toxicology 3 s.h.
- PHAR:5544 Pharmaceutical and Chemical Toxicology

Advanced toxicology:
- OEH:6720 Advanced Toxicology 4 s.h.

Scholarly integrity—students must complete the course within their first two years of graduate study.
GRAD:7270 Principles of Scholarly Integrity 0-1 s.h.
Research seminar—students must take the course each semester they are enrolled in the human toxicology graduate program:

TOX:7180 Toxicology Research Seminar 0-1 s.h.
After successfully completing the comprehensive examination, usually at the end of the second year of graduate study, the student advances to Ph.D. candidacy. The student devotes all of his or her time to dissertation research and writing. Upon successful completion of all requirements, including the dissertation and its oral defense, the student is awarded a Doctor of Philosophy.

Admission
Prospective students may apply to the program via a centralized application system; see Admission on the Human Toxicology Program web site.

Completed applications should be submitted by March 1; applications submitted after that date are reviewed as they are received and are considered for any remaining openings.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Financial Support
Doctoral students in human toxicology receive stipends and tuition support from University of Iowa sources, including internal fellowships and graduate research assistantships, and from non-University sources, such as training grants from the National Institutes of Health.

Facilities
Training is conducted primarily in laboratories and teaching facilities of the departments and colleges of Human Toxicology Program faculty members. These are among the best-equipped laboratories on campus. Together with the University’s central research facilities, they provide access to the most up-to-date research equipment and expertise.

Associated Courses
For course descriptions and prerequisite information, see the course listings in the College of Pharmacy (p. 1128) and Department of Occupational and Environmental Health (p. 1180) sections of the Catalog.

OEH:5710 Environmental Toxicology 3 s.h.
OEH:6720 Advanced Toxicology 4 s.h.
PHAR:5544 Pharmaceutical and Chemical Toxicology 3 s.h.

Courses

TOX:7171 Special Problems in Toxicology arr.
Didactic material that may include tutorial, seminar, or faculty-directed research work; or a special topic.

TOX:7173 Toxicology Journal Club arr.
Current topics in toxicology literature.

TOX:7180 Toxicology Research Seminar 0-1 s.h.
Contemporary research topics.

TOX:7201 Toxicology Research arr.
Research that constitutes part of the thesis.

Thesis or dissertation research; seminar preparation.
Immunology

Director

- Steven Varga (Microbiology/Pathology)

Graduate degree: Ph.D. in immunology
Faculty: http://immuno.grad.uiowa.edu/faculty
Web site: http://immuno.grad.uiowa.edu

The Immunology Program provides interdisciplinary training in the concepts and methodologies of basic and applied immunology. Faculty members are involved in a variety of research projects dealing with the immune system at all levels—structural, functional, cellular, biochemical, and molecular. Students take course work in immunology and related disciplines and are involved directly in laboratory research throughout their study.

Graduate Program of Study

- Doctor of Philosophy in immunology

Doctor of Philosophy

The Doctor of Philosophy program in immunology requires a minimum of 72 s.h. of graduate credit. The program is flexible, accommodating students with a wide range of backgrounds in course work as well as practical experience in the biological and physical sciences. Entering students generally are expected to have strong backgrounds in biology, chemistry, biochemistry, microbiology, genetics, and mathematics. An introductory course in immunology is desirable. Deficiencies in specific areas often can be remedied through appropriate course work taken during the first year of graduate studies.

The curriculum consists of a sequence of required and elective courses that provide training in the conceptual and methodological aspects of immunology. The program offers ample opportunity for study in a variety of fields that interface with immunology.

The Ph.D. in immunology requires the following course work.

<table>

After successfully completing the comprehensive examination, usually by the end of the second year of graduate study, students advance to candidacy for the Ph.D. They devote their time to research and writing their dissertation. Upon successful completion of all requirements, including the dissertation and its oral defense, students are awarded a Ph.D. in immunology.

Admission

For information regarding admission and application procedures, contact the Immunology Program or visit its web site.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Financial Support

All students in the Immunology Program receive stipends and tuition support, which comes from a variety of sources, including training grants from the National Institutes of Health, University of Iowa fellowships and graduate research assistantships, and individual faculty research grants.

Facilities

Training is conducted in laboratories and teaching facilities of the Carver College of Medicine Stead Family Department of Pediatrics and the Departments of Internal Medicine, Otolaryngology—Head and Neck Surgery, Pathology, Microbiology, Pharmacology, and Urology; and the College of Public Health Department of Epidemiology. Faculty laboratories and central research core facilities provide students with access to state-of-the-art research equipment.

Ontogeny, activation, and function of T lymphocytes and B lymphocytes; innate immune effector mechanisms; major histocompatibility complex; antigen presentation; thymocyte positive and negative selection; signaling of T lymphocytes, B lymphocytes; emphasis on experimental methods for analysis of these processes. Requirements: for IMMU:6201 — college biology, general chemistry, and introductory immunology courses; for MICR:6201 — courses in college biology, genetics, general chemistry, and introductory immunology. Recommendations: for IMMU:6201 — courses in biochemistry and genetics; for MICR:6201 — biochemistry course. Same as MICR:6201.
IMMU:6211 Immunology Seminar  1 s.h.
Requirements: immunology graduate standing.

IMMU:6231 Research in Immunology  arr.
Laboratory research. Requirements: immunology graduate standing.

IMMU:6241 Writing a Scientific Proposal  1 s.h.
How to write a scientific proposal. Prerequisites: IMMU:6201. Requirements: enrollment in immunology graduate program.

IMMU:6247 Graduate Survey of Immunology  4 s.h.
Important principles and key concepts in immunology; overview of innate and adaptive immune systems and their functions at cellular and molecular levels; learning enhanced by case-based, small-group discussion and written assignment. Same as MICR:6247.

IMMU:7217 Integrated Topics in Infectious Diseases  1 s.h.
Clinical cases used to raise questions in host-microbe interactions; case/scientific exposés followed by related journal club discussions at next class session. Same as MICR:7217.

IMMU:7221 Advanced Topics in Immunology  3 s.h.
In-depth analysis of selected areas. Prerequisites: IMMU:6201 or MICR:6201. Same as MICR:7207.
Informatics

**Director**
- John C. Keller (Graduate College)

**Graduate degrees:** M.S.in informatics; Ph.D. in informatics

**Graduate certificate:** informatics

**Faculty:** [http://informatics.grad.uiowa.edu/people](http://informatics.grad.uiowa.edu/people)

**Web site:** [http://informatics.grad.uiowa.edu](http://informatics.grad.uiowa.edu)

The field of informatics springs from the intersection of computational disciplines related to the humanities, the arts, and the biological, health, natural, and social sciences. As the rapid development of information technology transforms the world of human pursuits, informatics offers ways to solve new problems and to examine existing problems from new perspectives.

The Informatics Program provides graduate students the opportunity to study informatics in the broadest sense. The program is interdisciplinary, involving the Graduate College, the Carver College of Medicine, the Tippie College of Business, and the Colleges of Dentistry, Engineering, Liberal Arts and Sciences, Nursing, Pharmacy, and Public Health.

**Graduate Programs of Study**
- Master of Science in informatics
- Doctor of Philosophy in informatics
- Certificate in Informatics

The Master of Science and Doctor of Philosophy degrees in informatics, and the Certificate in Informatics, are offered in four subprograms: bioinformatics and computational biology, geoinformatics, health informatics, and information science.

Bioinformatics and computational biology are on the cutting edge intersecting basic life and biomedical science with high-performance computing and networking, mathematics, statistics, and engineering. They are strongly influenced and directed by the ongoing development of high-throughput data collection assays such as DNA sequencing, gene expression and proteomics.

Geoinformatics provides methods and technologies needed to measure, store, analyze, manage, and visualize information about phenomena occurring on or near the earth's surface. It is an increasingly essential technology for understanding and managing the complex world.

Health informatics uses contemporary information technologies to improve the storage, organization, retrieval, and evaluation of health information in order to support clinical, clinical research, and public health applications.

Information science addresses the broad spectrum of data, information, and knowledge in seeking to identify and address recurring themes of representation, manipulation, retrieval, and comprehension. It draws from a diverse range of disciplines.

**Master of Science**

The Master of Science program in informatics requires a minimum of 30-32 s.h. of graduate credit, depending on the student's choice of subprogram: the bioinformatics and computational biology subprogram requires a minimum of 30 s.h. of credit; the geoinformatics, health informatics, and information science subprograms require a minimum of 32 s.h. of credit. Students working toward a Doctor of Philosophy in informatics may be granted a Master of Science upon completion of the M.S. requirements.

Credit required for the M.S. includes 9-12 s.h. in foundations of informatics and at least 9 s.h. in disciplinary applications of informatics.

Students select an advisor from their subprogram's affiliated faculty members. In consultation with their advisors, students prepare a study plan, which is reviewed at least once a year. A final master's degree examination, either oral or written, is required.

For more information about the Master of Science requirements, see Academic Programs on the Informatics Program web site.

**Doctor of Philosophy**

The Doctor of Philosophy program in informatics requires a minimum of 72 s.h. of graduate credit. It is offered in four subprograms: bioinformatics and computational biology, geoinformatics, health informatics, and information science.

The 72 s.h. required for the Ph.D. includes 9-12 s.h. in foundations of informatics and at least 9 s.h. in disciplinary applications of informatics. Other course requirements are outlined in the curriculum specific to each subprogram.

Students select an advisor from their subprogram's affiliated faculty members. In consultation with their advisors, students prepare a study plan, which is reviewed by their mentors and curricular advisory committees at least once a year. Ph.D. students must pass a comprehensive examination at or near completion of their course work requirements. The exam may be written, oral, or both, depending on the structure of the student's subprogram or the decision of the student's committee.

A student who does not already hold an M.S. in informatics from the University of Iowa and who has passed the Ph.D. comprehensive examination may be granted an M.S. degree in informatics without taking the final master's degree exam, upon recommendation by the informatics program.

Upon successful completion of all requirements, including the dissertation and its oral defense, students are awarded a Doctor of Philosophy.

For more information about the Doctor of Philosophy requirements, see Academic Programs on the Informatics Program web site.

**Certificate**

The Certificate in Informatics requires a minimum of 18-21 s.h. of graduate credit, depending on the student's choice of subprogram: the subprograms in bioinformatics and computational biology, health informatics, and information science require a minimum of 18 s.h.; the geoinformatics subprogram requires a minimum of 21 s.h. The certificate program is designed for students enrolled in University of Iowa graduate degree programs who wish to study informatics as a complement to their degree program and for nondegree students who are interested in increasing their knowledge of informatics.
All subprograms require a minimum of 9-12 s.h. in the foundations of informatics. In addition, the subprograms in bioinformatics and computational biology, health informatics, and information science require at least 9 s.h. in disciplinary applications of informatics; and the geoinformatics subprogram requires at least 12 s.h. in disciplinary applications of informatics.

For more information about certificate requirements, see Academic Programs on the Informatics Program web site.

**Admission**

Applicants to the M.S., Ph.D., or certificate program should apply to the degree subprogram of their choice; the subprograms make independent admission decisions. Certificate program applicants may be degree or nondegree graduate students. Applicants who are enrolled in a University of Iowa graduate degree program must be in good academic standing in their program.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College. They also must meet the admission requirements of the informatics subprogram they want to enter; see Prospective Students/Admission Information on the program's web site.

**Courses**

**IGPI:3110 Introduction to Informatics**
3 s.h.
Fundamentals of computer science: algorithms, complexity, relational databases, systems concepts, programming in Python. Requirements: CS:1110 or graduate standing. Same as CS:3110.

**IGPI:5010 Research for Master's Thesis**
arr.
Requirements: admission to M.S. program.

**IGPI:5015 Independent Study**
arr.

**IGPI:5200 Health Informatics I**
3 s.h.
Technological tools that support health care administration, management, and decision making. Requirements: graduate standing. Same as MED:5300, SLIS:5900, RSNM:3195, HMP:5370, IE:5860.

**IGPI:5210 Health Informatics II**
3 s.h.
Selected health informatics initiatives, including computer-based patient records, physiologic monitoring, networking, imaging, virtual reality; participation in an interdisciplinary project team focused on an informatics innovation; application and research seminars. Same as BME:5252, RSNM:5301, IE:5870.

**IGPI:5220 Principles of Public Health Informatics**
3 s.h.
Systematic applications of information science, computer science, and technology to public health practice, research, and learning; methods of disease surveillance, data collection, analysis, and reporting with health informatics. Offered fall semesters. Same as EPID:5200.

**IGPI:6510 Readings in Informatics**
arr.
Topics not covered in other courses; individual study.

**IGPI:6515 Independent Study**
arr.
International Writing Program

Director
• Christopher Merrill

Faculty: http://iwp.uiowa.edu/about-iwp/iwp-staff
Web site: http://iwp.uiowa.edu/

The International Writing Program (IWP) conducts a unique fall residency program for established writers from outside the United States and a summer writing program for American and international high school students. During spring semester, IWP offers courses related to the program's general mission, including collaborative distance learning courses for writing students overseas. The program occasionally offers massive open online courses (MOOCs) on literary topics.

Residency Program

Each fall the International Writing Program assembles a community of poets, fiction writers, essayists, playwrights, and journalists for a one-semester residency on campus. Participants range from emerging talents to writers who are among their countries' leading literary figures and writers of world stature. For most of them, their time in the program is their first, or their first extended, stay in the United States.

At the University they live and interact with each other while working on writing and translation projects and participating in public events. Throughout their residency, they present their work in IWP:3191 International Literature Today and IWP:5205 International Translation Workshop and participate as guests in many other courses on campus, including a First-Year Seminar for new University of Iowa undergraduates. They also interact with the public through readings, panel discussions, a film series, and other presentations.

Since 1967 more than 1,400 writers from 130 countries have participated in the program.

International Writing Program participants are supported by the U.S. Department of State, through bilateral agreements with many countries, by grants from cultural institutions and governments abroad, and by private funds. The program does not provide grants for writers.

For more information, contact the International Writing Program or visit its web site.

Summer Program

Between the Lines is an IWP summer program that brings American high school students together with students from Russia and the Arabic-speaking world for two weeks during the first half of July. Between the Lines students explore creative writing and world literature in a multilingual, multicultural environment. They attend a language-specific writing workshop, in which they create and share stories and poetry with their peers. They also participate in a literature seminar conducted in English, where they discuss works written by American and international authors.

International students are nominated by embassies in their home countries. American students who have completed grade 10, 11, or 12 may apply to the program; they must complete an online application and submit samples of their creative work, a statement of purpose, a letter of recommendation from a teacher familiar with their writing, and a current high school transcript. Contact Between the Lines for more information.

Between the Lines is funded by a grant from the U.S. Department of State's Bureau of Educational and Cultural Affairs.

Courses

IWP:1009 Undergraduate Internship
Professional experience for students interested in arts management and international literature. Requirements: undergraduate standing, minimum of 36 s.h. of course work, and consultation with IWP director.

IWP:1040 Writing Across the Atlantic: Guided Creative Writing and Reading
Reading contemporary British prose and poetry and students' own creative writing; instruction by a visiting writer from Great Britain who is participating in the International Writing Program.

IWP:1102 On Campus Independent Study
Independent study arranged in collaboration with instructor.

IWP:1120 International Issues in Creative Nonfiction Writing
Where does the subjective terminate, the objective commence? What are the boundaries between domestic and global, personal and political, fiction and nonfiction? Addressing these questions through academic and creative means; examination of pressing social, environmental, and creative issues; for students unafraid of technology, interested in Skyping, working on message boards, and exchanging multimedia responses with students worldwide; online course linking to institutions of higher learning abroad.

IWP:3152 America in Other Words
Current idea of America in its imaginary form: post-1989 world fiction, poetry, and film in original language, in translation, and via online translation resources. Same as CL:3152.

IWP:3191 International Literature Today
English majors may apply this course to the following area and/or period requirement. AREA: Transnational Literature and Postcolonial Studies. PERIOD: 20th/21st-Century Literature. Same as ENGL:3595, WLLC:3191.

IWP:3201 Writing and Publishing for the Literary Web
Technical aspects of web publishing, including step-by-step instruction on using content management systems (Drupal and Wordpress); specific stylistic and editorial protocols associated with contributing to literary web sites; utilize and navigate a content management system; create a contributor portfolio of online work, including media items, reviews, interviews, and blog posts.
IWP:3210 Comparative Arts
3 s.h.
Cultural and aesthetic issues arising from side-by-side investigation of several art forms, including literature, cinema, painting, music, opera, architecture; periods, schools, styles, and their theories. Same as CL:3210.

IWP:5205 International Translation Workshop
1-3 s.h.
International writers pair with University of Iowa translators to write new works of poetry and fiction in English; second-language fluency not required for international writers. Same as TRNS:5205.

IWP:5230 Writing Across Genres: A Workshop
arr.
Writing across genres; exploration of modes and voices different from chosen genres (i.e., poets may test the waters of playwriting, nonfiction writers of translation, translators of fiction); rotations by guest faculty; workshop includes students from Writing University M.F.A. programs and International Writing Program residents.

IWP:6635 Crossing Borders Seminar
2-3 s.h.

IWP:7460 Translation Workshop
4 s.h.
Requirements: at least one foreign language. Same as TRNS:7460.
Library and Information Science

Director
• David Eichmann

Graduate degree: M.A. in library and information science
Faculty: http://slis.grad.uiowa.edu/people/faculty
Web site: http://slis.grad.uiowa.edu/

Today's age is defined by the intersection of information, technology, and human creativity. In this context, library and information science is dedicated to understanding the nature of information, the interaction between information and communication technologies, the relationship between information and knowledge, the cognitive and affective aspects of knowledge acquisition, and the interface between people and information. It offers new knowledge, technological benefits, and professional expertise for every dimension of human affairs.

Library and information professionals take on many challenges in serving the needs of their constituencies—children and teachers, members of academic communities, employees of profit and nonprofit organizations, and the public at large—constituencies that range from information poor to information rich. They work in the contexts of issues such as information and communication technology, public and private information policy, managerial policy, and regional, national, and international economics.

The School of Library and Information Science prepares professionals to meet these diverse challenges. It offers a graduate-level program of preparation for careers in all types of libraries and information centers, providing students with a strong, well-rounded education in an environment that supports individuals from all segments of a multicultural, multiethnic, and multilingual society. Its curriculum reflects the profession's immediate and long-range needs and prepares students to be leaders in a changing field.

By promoting excellence in research, the school contributes to the base of theoretical and practical knowledge in library and information science and helps develop an understanding of how to meet the varied and changing information needs of individuals and society. It also provides public service through continuing education programs, selective consulting services for library and information centers, and participation in professional organizations.

The school strongly encourages its students, faculty members, and alumni to shape the future of the profession by filling key roles in organizations involved in all aspects of the information cycle.

Graduate Programs of Study
• Master of Arts in library and information science

Graduate students working toward a degree in library and information science may elect to pursue a joint degree program offered by the school in collaboration with the College of Law. The school also offers a joint master's degree/certificate program with the Center for the Book. See "Joint Degrees" and "Joint M.A./Certificate" below.

Students interested in school librarianship may earn a teaching license through a joint program with the College of Education; see "Specializations"/"School Teacher Librarian" below. Library and information science students also may earn the Certificate in Informatics, described below.

The Master of Arts in library and information science has held continuous accreditation from the American Library Association since 1971.

Library science graduates have many options for employment. Alumni hold positions in public, school, special, and academic libraries as well as other information settings. They serve in varied roles, such as information consultant, database manager, library administrator, webmaster, network coordinator, cataloger, children's librarian, school library media specialist, and archivist.

Master of Arts

The Master of Arts in library and information science requires 36 s.h. of graduate credit. A thesis option is available for students who seek additional research experience.

Students pursuing the master's degree gain an understanding of the foundations of the library and information profession, including the history of the field, ethical and philosophical concerns, the information cycle, principles and procedures for dealing with a variety of information carriers, and the theory and practice of strategic management. They examine future trends, with emphasis on cutting-edge technological concerns. They study the discipline's research base, gaining heightened awareness of the synergism between library and information science and other disciplines, as well as the close relationship between research and practice. Finally, students become knowledgeable about the factors that underlie users' information needs and appropriate strategies to satisfy those needs.

The master's degree program is designed to be completed in two years. The School of Library and Information Science strongly recommends that students not register for more than 12 s.h. during fall and spring semesters and 8 s.h. during summer sessions. The program also may be completed through part-time study.

Students may apply a maximum of 12 s.h. of graduate transfer credit in library and information science or related areas toward the degree, subject to the approval of the transfer credit committee. Approval is given course-by-course and is determined by the course's content, currency, and applicability to the student's program.

The curriculum includes a proseminar and three tiers of course work. Tier I consists of four required courses that provide a solid grounding for all successive course work. For Tier II, students select four of the ten courses listed, based on their areas of interest. In Tier III, students may earn up to 12 s.h. in electives chosen with guidance from their advisors. This three-tier arrangement allows each student to concentrate in an area that most closely matches his or her professional goals.

Proseminar

Students must enroll in the proseminar during their first semester, along with two tier I courses.
electives from the following courses. With their advisor's guidance, students choose 12 s.h. in

TIER I
All of these:
SLIS:5010 Cultural Foundations (taken in student's first semester) 3 s.h.
SLIS:5020 Computing Foundations (taken in student's first semester) 3 s.h.
SLIS:5030 Conceptual Foundations 3 s.h.

One of these:
SLIS:5041 Contextual Foundations—College and University Libraries 3 s.h.
SLIS:5042 Contextual Foundations—Public Libraries 3 s.h.
SLIS:5043 Contextual Foundations—Special Libraries 3 s.h.
SLIS:5044 Contextual Foundations—School Library Media Administration 3 s.h.

TIER II
Four of these:
SLIS:6020 Literacy and Learning 3 s.h.
SLIS:6100 Database Systems 3 s.h.
SLIS:6110 Evidence-Based Practice in Library and Information Science 3 s.h.
SLIS:6130 Community Engagement 3 s.h.
SLIS:6150 Information Behavior 3 s.h.
SLIS:6170 Organizational Management 3 s.h.
SLIS:6330 Archives and Media 3 s.h.
SLIS:6335 Metadata Theories and Applications 3 s.h.
SLIS:6345 Stewardship of Information and Collections 3 s.h.
SLIS:6490 Information Policy and Ethics 3 s.h.

TIER III
With their advisor's guidance, students choose 12 s.h. in electives from the following courses.
SLIS:4150 Introduction to Book Studies 3 s.h.
SLIS:4900 Preservation and Conservation of Collection Materials 3 s.h.
SLIS:4910 The Book in the Middle Ages 3 s.h.
SLIS:4920 The Transition from Manuscript to Print 3 s.h.
SLIS:5200 User Education: Multimedia 3 s.h.
SLIS:5210 Reference and Information Services 3 s.h.
SLIS:5220 Resources for Children 3 s.h.
SLIS:5230 Resources for Young Adults 3 s.h.
SLIS:5240 Resources for Adults 3 s.h.
SLIS:5520 Studies in Book History 3 s.h.
SLIS:5530 Topics in Preservation/Conservation 3 s.h.
SLIS:5600 History of Readers and Reading 3 s.h.
SLIS:5900 Health Informatics I 3 s.h.
SLIS:6140 Digital Environments 3 s.h.
SLIS:6160 Search and Discovery 3 s.h.
SLIS:6190 Knowledge Management 3 s.h.
SLIS:6250 Beginning Cataloging and Classification 3 s.h.
SLIS:6270 Electronic Publishing 3 s.h.
SLIS:6320 Topics: Conceptual Structures/Systems 1-3 s.h.
SLIS:6370 Topics in Book Studies 3 s.h.
SLIS:6375 Human Computer Interaction 3 s.h.
SLIS:6380 Analysis of Scholarly Domains 3 s.h.
SLIS:6430 Nonprofit Organizational Effectiveness I 3 s.h.
SLIS:6435 Nonprofit Organizational Effectiveness II 3 s.h.
SLIS:6490 Information Policy and Ethics 3 s.h.
SLIS:6520 Practicum in Libraries and Information Centers 2-3 s.h.
SLIS:6530 School Library Media Practicum 3 s.h.
SLIS:6570 Independent Study 1-3 s.h.
SLIS:6580 Thesis 0-3 s.h.
SLIS:6585 Design, Visualization, and Mapping 3-D Environments 3 s.h.
SLIS:6590 Digital Humanities Capstone 3 s.h.
SLIS:7290 Obermann Center Theory and Practice in Digital Public Humanities 3 s.h.

Specializations
Students' programs often are designed around particular career goals. Following are examples of possible specializations.

PUBLIC LIBRARIES
Public libraries provide informational, educational, and recreational materials and a wide range of services for a diverse clientele. Although public libraries receive the bulk of their funding from local taxes, they also may be organized on a regional or statewide cooperative basis. The variety of uses, services, materials, and organizational structures of public libraries makes this a challenging area of librarianship. Public librarians need to develop skills in analyzing the communities they serve, designing comprehensive marketing plans to meet their needs, implementing the plans in a cost-effective way, and evaluating the success of their efforts.

ACADEMIC LIBRARIES
The academic library, whether in a community college, a four-year college, or a university, provides information services in support of the parent institution's teaching, research, and public service missions. These services include instruction in the use of the library and its resources. Management skills and subject or language competence often are required. Since librarians in this setting usually are considered academic faculty members, a second master's or other advanced degree is desirable.

SPECIAL LIBRARIES AND INFORMATION CENTERS
Special libraries serve corporations, private companies, government agencies, technical and academic institutions, museums, medical facilities, and information management consulting firms. They are organized to anticipate and quickly respond to the specific information needs of their users. Special librarians are information resource experts who collect, analyze, evaluate, package, and disseminate information to facilitate accurate decision making. Knowledge of information technology and the ability to design services suitable to the parent organization are
professional necessities. In addition, substantial subject expertise may be required.

SCHOOL TEACHER LIBRARIAN

School teacher librarians provide instruction to students in accessing, evaluating, and using information; collaborate with teachers on the use of resources in instruction; provide leadership in the use of instructional and information technologies; offer reading guidance; provide reference service; and manage the library media center.

The University of Iowa offers a state-approved program leading to endorsement as school teacher librarian K-12. In order to fulfill state requirements for this endorsement, students must hold or be eligible for a teaching license and must complete a designated sequence of courses that leads both to certification and to the M.A. degree.

Licensed teachers employed in Iowa schools may enroll in a distance education program that leads to an M.A. in library and information science and endorsement for school librarianship. Contact the School of Library and Information Science for details.

Students who are interested in school libraries but lack a valid Iowa teaching license may earn licensure as a school teacher librarian by completing 30 s.h. in the College of Education. The Master of Arts in library and information science with teacher licensure requires 66 s.h. of credit. Students must apply and be admitted to both programs.

INFORMATION SCIENCE

The multidisciplinary field of information science is influenced by the rapid growth in digital information collections and technologies. This specialization offers expertise in retrieval, dissemination, and use of information. In addition to libraries and information centers, many for-profit organizations are finding that information is a valuable commodity in today's competitive world and are employing information management personnel. The curriculum offers opportunities to study information science aspects, such as digital libraries, electronic publishing, and web application design.

Joint Degrees

The School of Library and Information Science offers a joint Juris Doctor/Master of Arts with the College of Law. The primary goal of this joint program is integration of the two areas of study. Students in the joint program may apply a limited amount of credit toward both degrees. Up to 9 s.h. in law may be applied toward the M.A. in library and information science; up to 6 s.h. in library and information science may be applied to the J.D. Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the joint degree program. For more information, see College of Law (p. 969) in the Catalog.

In addition to the joint J.D./M.A., joint programs may be arranged between departments on an ad hoc basis. A minimum of 60 s.h. of graduate work is required for a joint master's degree program.

Joint M.A./Certificate

Students interested in special collections, book arts, or museum librarianship may pursue an M.A. in library and information science in conjunction with a graduate Certificate in Book Studies/Book Arts and Technologies. The joint program also may be appropriate for students interested in book studies scholarship and those seeking careers in publishing, graphic arts, or book-related industries that require a similar blend of subject and technical knowledge.

The joint program requires a total of 51 s.h. At least 27 s.h. must be earned in the M.A. program, at least 15 s.h. must be earned in the certificate program, and the remaining 9 s.h. may be earned in either program. Separate application to each program is required. Applicants must be admitted to both programs before they may be admitted to the joint program. For more information, see Center for the Book (p. 929) in the Catalog.

Certificate in Public Digital Humanities

The School of Library and Information Science administers the graduate certificate program in public digital humanities. The program brings students together with varied academic backgrounds to learn how to communicate, sort out the roles required for fully functioning teams, and understand the unique contributions made by individuals across disciplines. Students learn to appreciate the diversity of humanities research methods while identifying core digital activities that underlie research projects.

The Certificate in Public Digital Humanities requires 15 s.h. of graduate credit. The program is open to all University of Iowa graduate students in good academic standing. Students must maintain a g.p.a. of at least 3.00 in work for the certificate. For more information, see Public Digital Humanities (p. 957) in the Catalog.

Related Certificate: Informatics

The Graduate College offers the Certificate in Informatics, with four subprograms open to students enrolled in the library and information science M.A. program: the bioinformatics and computational biology subprogram, the geoinformatics subprogram, the health informatics subprogram, or the information science subprogram. All subprograms require a minimum of 18-21 s.h. of graduate credit. The certificate program enables students to complement their studies with foundational and applied knowledge in informatics. Certificate course work includes core courses and approved electives. To learn more, see “Certificate” in the Informatics (p. 942) section of the Catalog.

Honor Society

The Beta Beta Theta Chapter of Beta Phi Mu, the international honor society for library and information science, is located at the University of Iowa. Each year new members are chosen from the top 25 percent of the preceding year's graduating classes. To be eligible for membership, graduates must achieve a g.p.a. of at least 3.75, demonstrate professional promise, and be recommended by the faculty.

Student Organizations and Activities

All M.A. students in the school are automatically members of LISSO, the Library and Information Science Student Organization, which also serves as the student chapter of the American Library Association. LISSO sponsors various activities, such as speaker series, workshops, brown
Admission

Applicants for admission to the M.A. program are required to have a g.p.a. of at least 3.00 on a 4.00 scale. The admission committee also considers each applicant’s letters of recommendation, statement of purpose, and other appropriate criteria. Graduate Record Examination (GRE) scores are not required. Admission is competitive.

Applicants whose first language is not English must score at least 81 (Internet-based) on the Test of English as a Foreign Language (TOEFL). Applicants with TOEFL scores below 100 on the Internet-based test are required by the University to take an English Proficiency Test if admitted to the program. In place of TOEFL, the school also accepts International English Testing System (IELTS) scores of 7.0 or higher, with no subscore below 6.0. Applicants who submit IELTS scores are required to take an on-campus English proficiency evaluation.

Applicants begin the admission process by submitting an online graduate application through the Office of Admissions. The process requires a completed application form, transcripts of all academic work, a written statement of purpose and goals, and three letters of recommendation.

Completed applications should be received by the school by February 1 for consideration for fall admission. Decisions of the admissions committee are announced approximately six weeks after the application deadline. Late applications are considered if places are still available. Financial aid often is not available for late applicants. Admitted students are assigned a faculty advisor for program planning at the end of their first semester.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Financial Support

The School of Library and Information Science offers partial-tuition scholarships and one-quarter-time graduate assistantships. To be considered for scholarships or assistantships, applicants must meet the M.A. program’s grade-point average requirement for admission (see "Admission" above). Prospective students must submit letters of application for scholarships before February 1. Graduate assistantships are advertised as they become available; students should apply for specific assistantships.

For information on departmental scholarships, contact the School of Library and Information Science or visit its web site. Part-time employment usually is available in the University Libraries and other campus units.

Applications for student loans, work-study eligibility, or other financial assistance should be submitted directly to the University’s Office of Student Financial Aid.

Job Placement

The school shares announcements of national and international job opportunities through an electronic mailing list. In addition, LISSO sponsors talks by speakers versed in areas of librarianship as well as workshops on résumé writing and interviewing. Internships and the school’s practicum courses provide students with hands-on experience that may enhance their job prospects.

Facilities, Resources

The School of Library and Information Science is housed in the south wing of the University’s Main Library, in a setting that promotes community among students, faculty, and staff and provides easy access to resources of the University of Iowa Libraries. Facilities are provided for the varied instructional and research activities of the school.

Gunther Commons

Gunther Commons, a state-of-the-art collaboratory, is the school’s combined student center and technology lab. Individuals and teams of students gather in the collaboratory to work on course assignments and to gain experience with specialized software that supports the latest teaching technologies. Students have access to both Windows and Macintosh computers in the collaboratory, with gigabit access to the campus network and wireless service throughout the Main Library.

University of Iowa Libraries

All of the resources of the University of Iowa Libraries are available to the school’s students and faculty. The system contains more than 4 million volumes in the Main Library and six departmental libraries.

The web-based catalog provides access to books and periodicals, electronic indexes, and full-text databases held by University Libraries. In addition, the InfoHawk Catalog to online resources provides access to selected Internet and CD-ROM resources arranged by subject and academic discipline. Wireless Internet access is widely available in the Main Library.

The third floor of the Main Library houses the map collection and Special Collections & University Archives, including the Iowa Women’s Archives.

Other Libraries

Students have access to a variety of libraries through field trips, practicum experience, and personal use: the State Historical Society of Iowa library in Iowa City; the Iowa City, Coralville, and Cedar Rapids public and school libraries; the Augustana, Coe, Cornell, Mount Mercy, and Grinnell College libraries; and the Herbert Hoover Presidential Library and Museum in West Branch.

Other Resources

The second floor of the University Capitol Centre (UCC) houses the instructional services and campus services departments of the University’s Information Technology Services. It provides instructional and research computing facilities and services for the University community. All University students, staff, and faculty may use the center’s computers for University-related research, thesis
Courses

SLIS:4150 Introduction to Book Studies 3 s.h.
Theory and practice of book studies; meanings of word and image in the book format; comparative study of other media, applied study of the codex as physical artifact. English majors may apply this course to the following area and/or period requirement. AREA: Literary Theory and Interdisciplinary Studies. PERIOD: Early Literatures Through 17th Century, or 18th/19th-Century Literature, or 20th/21st-Century Literature. Same as ENGL:4150, UICB:4150.

SLIS:4900 Preservation and Conservation of Collection Materials 3 s.h.
Overview of responsible stewardship of library and archival collections; principles and practice of book conservation with focus on prototypes for conservation rebinding; appropriate care of books, papers, photographs (traditional and digital), film, and other non-print items; fundamental instruction in methods of page repair, investigation of eight historical prototypes, construction of related conservation binding models; lecture, discussion, student presentation, and hands-on activities. Prerequisites: SLIS:5010.

SLIS:4910 The Book in the Middle Ages 3 s.h.
Relation of text, decoration, function, creators, and audience in different genres of medieval manuscript books 400-1500 A.D. Same as HIST:4910, UICB:4910.

SLIS:4920 The Transition from Manuscript to Print 3 s.h.
Western manuscripts and books 1200-1600; changes in production and distribution methods and in how texts were used, in cultural context. Same as UICB:4920, HIST:4920.

SLIS:5000 Proseminar in Library and Information Science 0 s.h.
Integrated view of different areas of library and information science; early program exposure to faculty members and their research interests. Requirements: library and information science major.

SLIS:5010 Cultural Foundations 1-3 s.h.
The role of libraries and information agencies in society; major issues, including information policy, professional ethics, literacy, diversity, technology, pedagogy. Requirements: admission to library and information science.

SLIS:5020 Computing Foundations 3 s.h.
Introduction to analysis, specification, and design of automated systems; review of the software life cycle; testing, deployment, and evaluation of large, computer-based software. Requirements: admission to library and information science.

SLIS:5030 Conceptual Foundations 3 s.h.
Theory, principles, and standards in organization of information; function of catalogs, indexes, bibliographic networks; introduction to metadata descriptions, name and title access, subject analysis, controlled vocabularies, classification systems. Requirements: admission to library and information science.

SLIS:5041 Contextual Foundations—College and University Libraries 3 s.h.
Objectives, organization, unique functions and services of academic libraries; educational environment in which academic libraries function; examination of issues and problems affecting academic libraries. Prerequisites: SLIS:5010. Corequisites: SLIS:5010, if not taken as a prerequisite.

SLIS:5042 Contextual Foundations—Public Libraries 3 s.h.
Historical development of public libraries; current issues in public library management and policy making, including intellectual freedom; readers advisory service and genres of popular materials for adults. Prerequisites: SLIS:5010. Corequisites: SLIS:5010, if not taken as a prerequisite.

SLIS:5043 Contextual Foundations—Special Libraries 3 s.h.
Management, organizational structures, collections, client services in special libraries; site visits to a variety of special libraries, information centers; projects that apply theoretical principles. Prerequisites: SLIS:5010. Corequisites: SLIS:5010, if not taken as a prerequisite.

SLIS:5044 Contextual Foundations—School Library Media Administration 3 s.h.
Design of library media programs for the major functions of teaching and learning, information access, and program administration; focus on curricular and teaching responsibilities of school librarians and media specialists, development of philosophy, examination of roles and responsibilities, and program evaluation. Prerequisites: SLIS:5010. Corequisites: SLIS:5010, if not taken as a prerequisite.

SLIS:5200 User Education: Multimedia 3 s.h.
Learning theory as it relates to design of multimedia products for user education; presentation of information using multimedia technology in a Macintosh environment; development of user education products in linear and nonlinear forms.

SLIS:5210 Reference and Information Services 3 s.h.
Resources and services; essential reference services and experience using a variety of print and electronic resources to answer specific reference questions. Prerequisites: SLIS:5010.

SLIS:5220 Resources for Children 3 s.h.
Evaluation and use of books, magazines, electronic media, and other sources of information and recreation in relation to youth development.
SLIS:5230 Resources for Young Adults 3 s.h.
Topics related to populations served by youth services departments (e.g., societal issues, informational needs); seminar.

SLIS:5240 Resources for Adults 3 s.h.
Role of libraries in meeting adults' informational and recreational needs; popular culture materials, Reader's Advisory services, lifelong learning.

SLIS:5520 Studies in Book History 3 s.h.
Topics related to production, distribution, and consumption of books through history and into the future. Same as UICB:5520.

SLIS:5530 Topics in Preservation/Conservation 3 s.h.
Care, conservation, and preservation of cultural heritage artifacts; readings, discussion, hands-on sessions. Same as UICB:5530.

SLIS:5560 History of Readers and Reading 3 s.h.
Cultural nature of reading practices in historic and contemporary contexts of reading; reading communities; dimensions of gender, age, class, religion, race, ethnicity; examples of recent scholarship; use of primary resources; seminar. Same as UICB:5560.

SLIS:5900 Health Informatics I 3 s.h.
Technological tools that support health care administration, management, and decision making. Requirements: graduate standing. Same as MED:5300, RSNM:3195, HMP:5370, IE:5860, IGPI:5200.

SLIS:6020 Literacy and Learning 3 s.h.
Learning and literacy theory relevant to work in information services; how librarians can help people process information and use it to form understanding and create new knowledge. Prerequisites: SLIS:5010.

SLIS:6100 Database Systems 3 s.h.
Design and development of a database-driven information system, including interfaces, database schema, and essential database operations; focus on widely used relational database model. Prerequisites: SLIS:5020.

SLIS:6110 Evidence-Based Practice in Library and Information Science 3 s.h.
Using research methods to create useful data to analyze library processes and assess effective programs in libraries; using results of research to improve library programs.

SLIS:6160 Search and Discovery 3 s.h.
Understanding how information users approach their information needs; concepts for understanding information use; analysis of user communities.

SLIS:5100 Information Behavior 3 s.h.
Survey of management issues common to all information environments—understanding organizations, decision making, hiring and personnel, grant writing, and marketing.

SLIS:6170 Organizational Management 3 s.h.
How organizations acquire, manage, and use information; knowledge management and competitive intelligence, information from inside and outside the organization; organization types, including library, corporate, and nonprofit. Same as MSCI:6190.

SLIS:6190 Knowledge Management 3 s.h.
Survey of management issues common to all information environments—understanding organizations, decision making, hiring and personnel, grant writing, and marketing.

SLIS:6250 Beginning Cataloging and Classification 3 s.h.
Systems for describing materials and information in catalogs and organizing them for effective retrieval in libraries, museums, and other information centers; AACR2 descriptive principles, Dewey and Library of Congress classifications, Sears and LC subject headings, cataloging networks and services. Prerequisites: SLIS:5030.

SLIS:6270 Electronic Publishing 3 s.h.
Modes and methods for building electronic journals, books, thematic collections; new genres for publishing, including blogs, wikis, comics, short stories on the web; social, political, and economic forces that shape electronic publishing; XML-based project. Prerequisites: SLIS:5020. Same as UICB:6270.

SLIS:6320 Topics: Conceptual Structures/Systems 1-3 s.h.
Special topics relevant to conceptual structures (e.g., knowledge, representation, manipulation schemes) and systems (e.g., intelligent OPACS, user interface technologies).

SLIS:6330 Archives and Media 3 s.h.
Collecting as a core library activity; various types of media collected, from traditional print media to new digital media; how archives are structured and managed to provide for selection, organization, access, and perpetual storage; work on sample collections, presentation of techniques and concepts. Prerequisites: SLIS:5010 and SLIS:5030.

SLIS:6355 Metadata Theories and Applications 3 s.h.

**SLIS:6345 Stewardship of Information and Collections** 3 s.h.
Principles for creating, building, and maintaining digital and print collections in libraries and other information organizations. Prerequisites: SLIS:5010. Corequisites: SLIS:5010 if not taken as a prerequisite. Requirements: Admission to Library and Information Science program.

**SLIS:6370 Topics in Book Studies** 3 s.h.
Topics relevant to book studies and special collections. Same as UICB:6370.

**SLIS:6375 Human Computer Interaction** 3 s.h.
Design user interfaces for interacting with information, emphasis on system design and evaluation (as opposed to system implementation); construct interface prototypes, conduct evaluations of design. Prerequisites: SLIS:5020.

**SLIS:6380 Analysis of Scholarly Domains** 3 s.h.
Information transfer in academic disciplines; scientific method, other means of knowledge construction, resulting literatures; reference tools used to control literature for a variety of audiences; emphasis on humanities, social sciences, or sciences.

**SLIS:6430 Nonprofit Organizational Effectiveness I** 3 s.h.

**SLIS:6435 Nonprofit Organizational Effectiveness II** 3 s.h.

**SLIS:6490 Information Policy and Ethics** 3 s.h.
Ethical and legal issues as they relate to information policy development and interpretation; application of information policies to address problems in information organizations.

**SLIS:6520 Practicum in Libraries and Information Centers** 2-3 s.h.
Supervised field experience in selected libraries and information centers; emphasis on application of theory to practice; at least 80 hours of fieldwork.

**SLIS:6530 School Library Media Practicum** 3 s.h.
Supervised field experience in library media centers at elementary and secondary school levels; emphasis on application of theory to practice; at least 80 hours of fieldwork. Prerequisites: SLIS:5044.

**SLIS:6570 Independent Study** 1-3 s.h.
Formal contract between student and faculty member. Requirements: formal proposal.

**SLIS:6580 Thesis** 0-6 s.h.

**SLIS:6585 Design, Visualization, and Mapping 3-D Environments** 3 s.h.
Introduction to foundational modeling theory, methodology, and conceptual principles of design necessary to present information in visual formats; various software including data management solutions, database concepts, and simple programming skills that assist in visualizing and disseminating data through multiple digital and online media; basic graphing tools to map data; how to model physical properties and theoretical reconstructions of architectural elements in various 3-D digital modeling environments. Requirements: admission to public digital humanities certificate program. Same as CLSA:6585.

**SLIS:6590 Digital Humanities Capstone** 3 s.h.
Application and practice of classroom experience to a specific project under guidance from a faculty member and project team leader. Requirements: completion of 12 s.h. and good standing in digital humanities certificate program.

**SLIS:7290 Obermann Center Theory and Practice in Digital Public Humanities** 3 s.h.
Overview of theories and use of technology to preserve, deploy, visualize, map, and analyze concepts; discussions with practicing digital public scholars; assignments tailored to student research; final group project; introductory course in public digital humanities certificate. Same as CLSA:7290.
Molecular and Cellular Biology

Director

- Frederick Domann (Pathology/Radiation Oncology/Surgery)

Graduate degree: Ph.D. in molecular and cellular biology
Faculty: http://molcellbio.grad.uiowa.edu/faculty/directory
Web site: http://molcellbio.grad.uiowa.edu

The Molecular and Cellular Biology Program provides interdisciplinary training in the concepts and methodologies fundamental to the investigation of biological mechanisms at the molecular level. Faculty members are involved in a variety of research projects related to gene expression and regulation.

Graduate Program of Study

- Doctor of Philosophy in molecular and cellular biology

Doctor of Philosophy

The Doctor of Philosophy program in molecular and cellular biology requires a minimum of 72 s.h. of graduate credit. The program is sufficiently flexible to accommodate students with a wide range of backgrounds in the biological and physical sciences. Entering students are expected to have a solid background in science, including introductory biology and chemistry, organic chemistry, physical chemistry, calculus, genetics, and biochemistry. Students can remedy deficiencies in particular areas by taking appropriate course work during the first year of graduate study.

The curriculum consists of a sequence of required, core, and elective courses that provide didactic training in molecular and cellular biology and that ensure comprehensive exposure to concepts and experimental methodologies in the field. Students engage in laboratory research immediately upon enrollment and progress rapidly to original thesis projects that lead to a Ph.D.

Because of the diversity of biological research problems that can be pursued by employing molecular and cellular approaches, the program provides options for specialization in particular areas of interest.

The Ph.D. in molecular and cellular biology requires the following course work.

DIDACTIC COURSE WORK

All of these:

- MCB:6215 Transcription and Multi-Functional Regulation by RNA 1 s.h.
- MCB:6217 Epigenetics, Cancer, and Mouse Models of Disease 1 s.h.
- MCB:6220 Mechanisms of Cellular Organization 3 s.h.
- BISC:5204 Biostatistics for Biomedical Research 1 s.h.
- Electives (courses preapproved by advisor) 18 s.h.

These, if recommended by the advisor:

- BIOC:7251 Introduction to Protein Structures 1 s.h.
- BISC:5201 Fundamentals of Gene Expression 1 s.h.
- BISC:5203 Fundamentals of Dynamic Cell Processes 1 s.h.

SEMINARS AND PROFESSIONAL DEVELOPMENT

All students take both of these:

- MCB:7290 Seminars in Molecular and Cellular Biology 1 s.h.
- GRAD:7270 Principles of Scholarly Integrity 1 s.h.

Precomprehensive students take this each semester:

- MCB:6280 Topics in Molecular and Cellular Biology 1 s.h.

Postcomprehensive students take this each semester:

- Journal club of the student's choice 1 s.h.

THESIS RESEARCH AND DISSERTATION

After successfully completing the comprehensive examination, usually at the end of the second year of graduate study, students advance to candidacy for the Ph.D. degree. They devote their time to completing thesis research and writing their Ph.D. dissertation. Upon successful completion of all requirements, including the dissertation and its oral defense, students are awarded a Ph.D. in molecular and cellular biology.

Admission

For application materials and information about graduate training in molecular and cellular biology, contact the Molecular and Cellular Biology Program or visit its web site.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Financial Support

Graduate students in the Molecular and Cellular Biology Program receive stipends and tuition support from institutional and extramural sources, including University of Iowa fellowships and graduate research assistantships, and training grants from the National Institutes of Health.

Facilities

Training is conducted primarily in laboratories and teaching facilities of the Carver College of Medicine Stead Family Department of Pediatrics and the Departments of Anatomy and Cell Biology, Biochemistry, Internal Medicine, Microbiology, Molecular Physiology and Biophysics, Neurology, Obstetrics and Gynecology, Ophthalmology and Visual Sciences, Otolaryngology—Head and Neck Surgery, Pathology, Pharmacology, Physical Therapy and Rehabilitation Science, Psychiatry, and Radiation Oncology; and the College of Liberal Arts and Sciences Departments of Biology and Chemistry. Faculty laboratories and central research facilities available to students provide access to the most up-to-date research equipment.

Courses

- MCB:6215 Transcription and Multi-Functional Regulation by RNA 1 s.h.
Principles and techniques for investigating mechanisms of controlling eukaryotic gene expression; basic genome organization, chromatin structure, transcription, RNA processing, translation; cloning methods, use of electronic sequence databases, footprinting, chromatin immunoprecipitation, in vivo and in vitro transcription assays, DNA microarray analysis, information retrieval. Prerequisites: BISC:5201.

MCB:6217 Epigenetics, Cancer, and Mouse Models of Disease 1 s.h.
Epigenetic mechanisms of transcriptional control; regulation of chromatin structure and its relation to disease; fundamental concepts in cancer; mouse models for understanding the molecular basis for human disease; based on research publications. Prerequisites: BISC:5201.

MCB:6220 Mechanisms of Cellular Organization 3 s.h.
Current understanding of basic cell biological processes; key experiments that led to guiding insights; mechanisms that cells use for compartmentalization and how those mechanisms are regulated; biogenesis of major organelles (e.g., mitochondria, peroxisomes, nucleus, secretory/endocytic membrane system); functions of cytoskeleton in cell motility, organelle motility, and cell division. Prerequisites: BIOC:3130. Same as MPB:6220, ACB:6220.

MCB:6225 Growth Factor Receptor Signaling 1 s.h.
Mechanisms of signaling by growth factors; cytokines and related molecules that regulate cell proliferation, development, differentiation, and survival; emphasis on molecular mechanisms of signaling, relevance of these signaling processes to various human diseases. Recommendations: BISC:5201 and BISC:5203. Same as MPB:6225, ACB:6225.

MCB:6226 Cell Cycle Control 1 s.h.
Cell cycle regulation, DNA damage-dependent cell cycle regulation, redox-dependent cell cycle regulation, cellular senescence. Recommendations: BISC:5201 and BISC:5203. Same as ACB:6226, MPB:6226.

MCB:6227 Cell Fate Decisions 1 s.h.

MCB:6240 Inflammatory Cell Signaling and Targeted Cancer Therapy 1 s.h.
Introduction to topics in important cancer signaling pathways; promises and challenges of targeted cancer therapy; emphasis on current fundamental topics in cancer cell signalings; how altered protein ubiquitination/deubiquitination, constitutive activation of proteins kinases, and transcription factors underpin uncontrollable proliferation and survival of cancer cells in tumor microenvironment; translation of knowledge to targeted cancer therapy; promotion of critical thinking. Recommendations: MCB:6225 and MCB:6227 and BIOC:5243.

MCB:6250 Mechanisms of Parasitism Journal Club 1 s.h.
Reviews of recent publications in molecular parasitology research and thesis research by training grant or journal club students. Same as MICR:6250.

MCB:6280 Topics in Molecular and Cellular Biology 1 s.h.
Opportunity to work closely with participating faculty to gain skill in critical reading of research literature and facility in presenting material to an audience. Requirements: advanced graduate standing.

MCB:7290 Seminars in Molecular and Cellular Biology 1 s.h.
Research findings in molecular biology. Requirements: molecular and cellular biology graduate standing.

MCB:7300 Directed Study in Molecular and Cellular Biology arr.

MCB:7305 Molecular and Cellular Biology Research arr.
Requirements: molecular and cellular biology graduate standing.
Neuroscience

Chair
- Daniel Tranel (Psychological and Brain Sciences/Neurology)

Graduate degree: Ph.D. in neuroscience
Faculty: http://neuroscience.grad.uiowa.edu/faculty
Web site: http://neuroscience.grad.uiowa.edu

The Neuroscience Program provides an interdisciplinary and interdepartmental approach to graduate education and research training in the structure, function, and development of the nervous system and its role in cognition and behavior. Students obtain training at all levels of the nervous system, from cellular/molecular to behavioral/cognitive.

Graduate Program of Study
- Doctor of Philosophy in neuroscience

Doctor of Philosophy
The Doctor of Philosophy program in neuroscience requires a minimum of 72 s.h. of graduate credit. The program’s curriculum is designed around three tracks: molecular/cellular, developmental/systems, and cognitive/behavioral. Following broad-based instruction in a core curriculum, students specialize in one of the tracks.

Within a framework of core, track-specific, and elective courses, each student pursues a program of study individually designed according to his or her undergraduate training and graduate research goals. After enrolling in the Neuroscience Program, entering students consult with the advisory committee regarding their level of preparation for the program’s required courses.

The Student Advisory Committee meets with all first- and second-year graduate students once each semester, helping each student explore his or her research interests and select faculty mentors for the required laboratory rotations. Each student is expected to complete three rotations in faculty laboratories before selecting a thesis advisor. Rotations ordinarily last 12 weeks but may last from 8 to 16 weeks. Under special circumstances, two rotations may be in the same laboratory, an arrangement that permits the student to learn a variety of techniques and approaches before settling down to work on the dissertation project. Students usually choose a dissertation lab at the end of their first year.

BACKGROUND REQUIREMENTS
Students are expected to demonstrate competency, through prerequisites or course work, in each of four fields: biochemistry, general physiology, cell biology, and statistics. These requirements ordinarily should be fulfilled by the end of the first year of graduate study. Waivers of background course requirements may be requested by students who have taken equivalent courses before entering the Neuroscience Program.

NEUROSCIENCE CORE
The following courses form the core of the neuroscience graduate curriculum.

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>NSCI:4353</td>
<td>Neuropysiology</td>
<td>3-4 s.h.</td>
</tr>
<tr>
<td>NSCI:4753</td>
<td>Developmental Neurobiology</td>
<td>3 s.h.</td>
</tr>
</tbody>
</table>

ELECTIVES
Elective requirements may be met by completing 3 s.h. from a list of courses offered by the Departments of Anatomy and Cell Biology, Biology, Molecular Physiology and Biophysics, Pharmacology, Psychological and Brain Sciences, and other departments as appropriate. With permission of the Student Advisory Committee, students may satisfy the elective requirement wholly or in part by registration in NSCI:7301 Directed Study in Neuroscience.

Admission
Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

For information about predoctoral training opportunities in neuroscience, contact the Neuroscience Program or visit its web site.

Financial Support
Full-time Neuroscience Program students receive stipends and full tuition scholarships through fellowships and research assistantships. Awards are renewed annually, based on continued satisfactory progress and availability of funds. The standard graduate student stipend for 2015-16 is $26,500.

The Neuroscience Program is committed to supporting its graduate students for their entire training period. Students normally are supported in the first year by the program. After that, support is expected to come from the student’s primary research mentor. Occasionally, advanced students are supported through teaching assistantships. Tuition is paid for all students.

NIH TRAINING GRANT
The Neuroscience Program is supported by a training grant from the National Institutes of Health. The grant provides stipend and tuition support for a select group of first- and second-year graduate students.

Facilities
Training is conducted primarily in the laboratories and teaching facilities of the Carver College of Medicine graduate Departments of Anatomy and Cell Biology, Biochemistry, Internal Medicine, Molecular Physiology and Biophysics, Neurology, Pharmacology, and Psychiatry; and the College of Liberal Arts and Sciences Departments.
of Biology, Communication Sciences and Disorders, Health and Human Physiology, and Psychological and Brain Sciences. Students use faculty laboratories and central research facilities for ultrastructural analysis; histochemistry and immunocytochemistry; electrophysiology; fluorescence-activated cell sorting; cellular and subcellular biochemistry; cell, tissue, and organ culture; operant and classical conditioning; molecular biology; behavioral genetics; neural substrates of complex behavior; brain-behavior relationships in humans; neuropsychology; and functional neuroimaging (PET, fMRI).

Courses

**NSCI:4353 Neurophysiology** 3-4 s.h.
Physiological properties of nerve cells, nervous systems; axonal conduction, synaptic transmission, sensory transduction, integrative processes, higher functions. Prerequisites: (BIOL:2753 or BIOL:3253) and (MATH:1460 or MATH:1850) and (PHYS:1512 or PHYS:1612). Same as BIOL:4353.

**NSCI:4753 Developmental Neurobiology** 3 s.h.
Neural induction and nervous system patterning; neurogenesis, axon and dendrite outgrowth and targeting; synapse formation, specificity, refinement; mechanisms of neuronal cell death; myelination; neural stem cells; introduction to cellular, molecular, and genetic techniques in studies of neural development. Prerequisites: BIOL:2753. Corequisites: BIOL:3253. Requirements: grade of B- or higher in BIOL:2753 or graduate standing. Same as BIOL:4753.

**NSCI:5161 Undergraduate Research in Neuroscience** arr.
Experimental research under faculty supervision.

**NSCI:5210 Fundamentals of Behavioral Neuroscience** 4 s.h.
Concepts, methods, and findings in behavioral and cognitive neurosciences: emphasis on principles of neuroscience, sensation, motivation, emotion. Same as PSY:5210.

**NSCI:5212 Foundations in Behavioral and Cognitive Neuroscience** 4 s.h.
Concepts, methods, and findings in behavioral and cognitive neurosciences. Prerequisites: BIOL:3253 or PSY:5210 or NSCI:5210. Same as PSY:5212.

**NSCI:5365 Seminar: Neuropsychology and Neuroscience** arr.
Clinical neuropsychology and cognitive neuroscience: cutting-edge research from scientific journals, case presentations in clinical neuropsychology, and current research. Same as PSY:5365, NEUR:5365.

**NSCI:5653 Fundamental Neurobiology** 4 s.h.
Neurobiology from molecular/cellular to systems levels, including cell biology of neuron; membrane electrophysiology, synaptic transmission and plasticity, functional neuroanatomy, sensory systems from periphery to CNS, peripheral and central motor systems, autonomic systems emotion, memory, sleep, language, attention and cognition, development of nervous system; discussion of classic and recent journal articles. Same as BIOL:5653, PSY:5203.

**NSCI:6209 Steroid Receptor Signaling** 1 s.h.
Structure-function relationship and genomic and nongenomic actions of the steroid hormone receptor family; basis for actions of novel new ligands on these receptors. Offered spring semesters. Same as PCOL:6209, MPB:6209.

**NSCI:6240 Topics in Cognitive Neuroscience** 1-3 s.h.
Key topics in the neural basis of human cognition; research literature. Recommendations: graduate courses in basic neuroscience and cognitive psychology. Same as NEUR:6240.

**NSCI:6250 Functional Magnetic Resonance Imaging** 2-3 s.h.
Basic physics principles of functional magnetic resonance imaging and approaches to data acquisition, including BOLD imaging, arterial spin labeling, and magnetic source imaging; data analysis strategies; paradigm design and development.

**NSCI:6265 Neuroscience Seminar** 0-1 s.h.
Research presentations. Offered fall and spring semesters. Same as PSY:6265, ACB:6265, MPB:6265, BIOL:6265.

**NSCI:7235 Neurobiology of Disease** 3 s.h.
Broad, thematic understanding of disease mechanisms in neurobiological disorders.

**NSCI:7301 Directed Study in Neuroscience** arr.
Requirements: neuroscience graduate standing.

**NSCI:7305 Neuroscience Research** arr.
Public Digital Humanities

Director
• James Elmborg (Library and Information Science)

Graduate certificate: public digital humanities
Faculty: http://thestudio.uiowa.edu/pdhc/?page_id=14
Web site: http://thestudio.uiowa.edu/pdhc/

The certificate program in public digital humanities brings students with varied academic backgrounds together to learn how to communicate, to sort out the roles required for fully functioning teams, and to understand the unique contributions made by individuals across disciplines. Students learn to appreciate the diversity of humanities research methods while identifying core digital activities that underlie research projects.

Graduate Program of Study
• Certificate in Public Digital Humanities
The Certificate in Public Digital Humanities is administered by the School of Library and Information Science (p. 946) and is granted by the Graduate College.

Certificate
The Certificate in Public Digital Humanities requires 15 s.h. of graduate credit. The program is open to all University of Iowa graduate students in good academic standing. Students must maintain a g.p.a. of at least 3.00 in work for the certificate.

The Certificate in Public Digital Humanities requires the following course work.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>SLIS:6330 Archives and Media</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>SLIS:6585 Design, Visualization, and Mapping 3-D Environments</td>
<td>3 s.h.</td>
</tr>
<tr>

<td>3 s.h.</td>
</tr>
<tr>
<td>An elective course on digital pedagogy, database systems, GIS, digital reconstruction, multimedia writing, or technologies, approved by the advisor</td>
<td>3 s.h.</td>
</tr>
</tbody>
</table>

The elective course may be transferred from another academic institution at the discretion of the student's certificate advisor and with approval of the Graduate College. A g.p.a. of at least 3.00 is required for transfer course work.

Applicants to the certificate program must submit a one-page statement of interest to the director of the certificate program. They must include a signed letter from their academic advisor stating that they have their home department's support in pursuing the certificate.
Translational Biomedicine

Chair
- Gary Rosenthal (Epidemiology/Internal Medicine/Health Management and Policy)

Education directors
- Pamela Geyer (Biochemistry/Obstetrics and Gynecology), Peggy Nopoulos (Psychiatry/Neurology/Stead Family Department of Pediatrics)

Graduate degrees: M.S. in translational biomedicine; Ph.D. in translational biomedicine
Web site: http://icts.uiowa.edu/

Graduate Programs of Study
- Master of Science in translational biomedicine
- Doctor of Philosophy in translational biomedicine

Master of Science
The Master of Science program in translational biomedicine requires a minimum of 30 s.h. of graduate credit. Each student's plan of study for the two-year program is based on his or her chosen discipline.

The goals of the M.S. program in translational biomedicine are to:
- promote interaction and collaboration among researchers across the spectrum of biomedicine;
- enrich translational vocabulary and an understanding of T1 research (laboratory), T2 research (application to evidence-based practice), T3 research (implementation and dissemination), and T4 research (population studies and policy development) among basic, clinical, and human studies scientists; and
- develop skills in ethical decision making, scientific leadership, team building, networking, and research program management.

The M.S. program is designed to teach members of scientific teams how to move biomedical discoveries into clinical applications and beyond. It is tailored for individuals who have completed training in one area of biomedicine and wish to apply their expertise to the T1-T4 research spectrum. The program admits individuals who hold medical or graduate degrees and are employed by the University of Iowa at the faculty ranks of assistant professor, associate, or instructor or as fellow physicians or postdoctoral scholars/fellows.

Work for the M.S. requires authorship of an original manuscript of publishable quality for a peer-reviewed journal or authorship of a grant proposal for a National Institutes of Health (NIS) career award (e.g., K23, K08, K01, R01, R03, R21) or a Veterans Administration Career Award; R03 proposals completed for EPID:6110 Grant Writing for Clinical Investigators do not count toward this requirement. Original research manuscripts must be a minimum of 2,500 words. They must include a structured abstract; an introduction that frames the research question; description of methodology for study design, sampling, data collection strategies and sources, and description of data elements and data analysis; description of study results; and a discussion section that describes the relationship of current findings to prior relevant research, the clinical and policy implications of the findings, and methodological limitations.

The M.S. program in translational biomedicine requires the following course work:

<table>
<thead>

A course in translational biomedicine critical thinking and communication: leadership, teamwork, and mentoring

Elective | 3 s.h. |

Doctor of Philosophy
The Ph.D. program is not accepting students in 2015-16.
Related Certificate: Translational and Clinical Investigation

The Department of Epidemiology and the Institute for Clinical and Translational Science offer the graduate certificate program in translational and clinical investigation; see Translational and Clinical Investigation (p. 1187) (College of Public Health) in the Catalog.

Admission

The Translational Biomedicine Program welcomes applicants who have diverse educational and scientific backgrounds and varied research interests. Applicants must have a strong interest and background in a health science profession and knowledge of basic sciences and medicine.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Translational biomedicine applicants must:

• have a doctoral-level degree in a biomedical discipline (e.g., M.D., D.O., D.D.S., D.N.P., Ph.D., PharmD., D.V.M., or equivalent);
• be employed by the University of Iowa as an assistant professor, an associate, an instructor, a fellow physician, or a postdoctoral scholar/fellow;
• be engaged in scientific research with a University of Iowa mentor who has funding from a peer-reviewed source (e.g. NIH, NSF, a foundation, and so forth);
• hold a bachelor's degree from a regionally accredited American college or university or an equivalent degree from an international institution, as determined by the University of Iowa Office of Admissions;
• have a g.p.a. of at least 3.00 or the international equivalent, as determined by the University of Iowa Office of Admissions; and
• have a Graduate Record Exam (GRE) General Test combined verbal and quantitative score of 300 on the revised test (or 1050 on the old test) and an analytical writing score of 4.0 or above; applicants who already hold a graduate or professional degree may seek a waiver of the GRE requirement.

Applicants whose first language is not English must score at least 100 (Internet-based) on the Test of English as a Foreign Language (TOEFL), or they must have a score of at least 7.0, with no subscore lower than 6.0, on the International English Language Testing System (IELTS).

Applicants must submit a CV, a statement of research interest and career goals, and three letters of recommendation. One letter must be from the applicant’s UI research mentor; the program recommends that the second be a letter of support from the applicant’s department chair.

All prospective students, and their mentors, must guarantee that once they are accepted as students in the program, they will be able to devote essentially all of their time over a two-year period to training. For instance, a fellow in the Carver College of Medicine could spend no more than two months each year working on clinical assignments (e.g., two months of inpatient assignments or one month of inpatient assignments and one-half day per week in a clinic).

Facilities

Training is conducted mainly in the laboratories and teaching facilities of the Carver College of Medicine and the College of Public Health. The University of Iowa Institute for Clinical and Translational Science is available for research training. The program also is linked with the Carver College of Medicine’s graduate training program in clinical research.

Courses

TBM:3001 Introduction to Translational Research
Array of scientific studies translated into clinical solutions; creative ideas balanced with practical strategies for implementation at bedside; expansive number of career opportunities becoming available in translational sciences. Prerequisites: BIOL:1411 and MATH:1460. Requirements: admission to clinical and translational science certificate program.

TBM:3002 Practicum in Clinical and Translational Science
How research experience translates into clinical practice; translational impact of independent research; summary of research accomplishments; outline of a translational paper that is mutually acceptable to student, preceptor, and faculty; submission of paper and completion of poster presentation describing research project and translational application of research. Prerequisites: BIOL:1411 and MATH:1460. Requirements: admission to clinical and translational science certificate program.

TBM:5000 Translational Biomedical Research
Student research guided by mentor.

TBM:5001 Introduction to Translational Biomedicine
Basis for clinical and translational research; introduction to principles of experimental design for patient- and population-oriented research; approaches available to clinical and translational investigators (e.g., statistics, questionnaires, ethics, imaging, information technology); infrastructure that supports clinical and translational investigators at the University of Iowa and nationally; for early-career clinicians/scientists and established investigators. Requirements: enrollment in translational biomedicine M.S. program.

TBM:5002 Critical Thinking and Communication: Study Design and Commercialization
Various study design methodologies and process of commercialization; presentations of current projects. Requirements: candidacy for M.S. in translational biomedicine.

TBM:5003 Critical Thinking and Communication: Scientific Writing and Presentation Strategies
Grant development and journal writing process; development of effective scientific presentations.
**TBM:5004 Critical Thinking and Communication: Career Development and the Funding Process**

Introduction to a variety of career development awards and their requirements; opportunity to work on personal career development grant applications.

**TBM:5100 Preceptorship in Translational and Clinical Investigation**

Structured experience in conducting translational and clinical research, data analysis, and producing a publication-quality report.

**TBM:5101 Introduction to Translational Research**

Array of scientific studies translated into clinical solutions; creative ideas balanced with practical strategies for implementation at bedside; expansive number of career opportunities becoming available in translational sciences. Requirements: admission to TSTEP program.
Transportation Studies

Director
- Paul F. Hanley

Graduate certificate: transportation studies
Faculty: http://ppc.uiowa.edu/people
Web site: http://ppc.uiowa.edu/

Transportation is vital to modern society. The United States, like other nations, faces many critical transportation problems and issues. The highway system is reaching an advanced stage of its life cycle, public transit operating deficits are growing, the quality of transportation available to many citizens is unacceptably low, serious inequities exist between transportation modes, and extensive changes are called for in traditional transportation institutions. New approaches to financing the nation's road system are badly needed.

Transportation engineers and planners draw on a number of skills to respond to the challenges they face. They must analyze and forecast the movement of people and goods within and between cities; identify effective and efficient means for providing desired transportation services; price these services properly; and evaluate the impact that transportation changes have on land use, environmental quality, the local or regional economy, and various subgroups within society.

No single academic discipline can supply all of the theories, principles, or methods needed to address the varied and complex problems in transportation. Recognizing this, the Department of Civil and Environmental Engineering (p. 871) and the School of Urban and Regional Planning (p. 963) participate in the interdisciplinary Transportation Studies Program, through which students in the participating units can earn the Certificate in Transportation Studies along with their graduate degrees.

The Department of Mechanical and Industrial Engineering (p. 894) also participates in the transportation certificate program, offering courses in human factors and safety issues in transportation, and the Department of Geographical and Sustainability Sciences (p. 323) offers courses in geographic information systems (GIS), location theory, and other related areas.

The Certificate in Transportation Studies is coordinated by the Public Policy Center in conjunction with the Graduate College.

Graduate Program of Study

- Certificate in Transportation Studies

Certificate

The Certificate in Transportation Studies requires 18 s.h. of graduate credit. Students may earn the certificate in conjunction with an M.S. or Ph.D. in civil and environmental engineering or with an M.A. or M.S. in urban and regional planning.

Individuals working toward degrees in other transportation-related disciplines are encouraged to apply to the Transportation Studies Program. Depending on a student's background, additional course work in statistics, computer programming, simulation, mathematics, and operations research may be required for the certificate.

Credit earned in these courses may not be applicable to the student's degree program.

Students enrolled in the certificate program may wish to participate in faculty-led transportation research, which may explore topics such as system planning, traffic operations and engineering, spatial data systems and analysis, simulation applications, and policy issues.

Certificate with M.S. or Ph.D. in Civil and Environmental Engineering

Students working toward a Master of Science or a Doctor of Philosophy in civil and environmental engineering may earn the Certificate in Transportation Studies by completing the courses listed below (18 s.h.). Not all courses are offered every semester; consult ISIS to determine when specific courses are offered.

Fall Semester

- CEE:4762 Design of Transportation Systems 3 s.h.
- CEE:4763 Traffic Engineering 3 s.h.
- CEE:4764 Winter Highway Maintenance 3 s.h.
- CEE:6763 Application Simulation to Transportation 3 s.h.
- URP:6266 Transportation and Land Use Planning 3 s.h.

Spring Semester

- Three of these:
  - CEE:4160 Introduction to Bridge Engineering 3 s.h.
  - CEE:4167 Public Transit Operations and Planning 3 s.h.
  - CEE:4176 Transportation Demand Analysis 3 s.h.
  - CEE:4568 Civil Infrastructure 3 s.h.

Engineering students may apply to the certificate program through the Graduate College and the Department of Civil and Environmental Engineering. See Civil and Environmental Engineering (p. 871) (College of Engineering) for information about graduate study and degree requirements in that department.

Certificate with M.A. or M.S. in Urban and Regional Planning

Students working toward a Master of Arts or Master of Science in urban and regional planning may earn the Certificate in Transportation Studies by completing a total of 18 s.h. from the courses listed below. Not all courses are offered every semester; consult ISIS to determine when specific courses are offered.

Fall Semester

- URP:6265 Planning Sustainable Transportation 3 s.h.
- URP:6266 Transportation and Land Use Planning 3 s.h.
- URP:6268 Freight Transportation Planning 3 s.h.
- URP:6269 Transportation Program Seminar 1 s.h.

Spring Semester

- URP:4195 Public Transit Operations and Planning 3 s.h.
- URP:4262 Transportation Demand Analysis 3 s.h.
URP:6260 Transportation Policy and Planning 3 s.h.
URP:6264 Transportation Planning Process 2-3 s.h.

Urban and regional planning students may apply to the certificate program through the Graduate College and the School of Urban and Regional Planning. See Urban and Regional Planning (p. 963) (Graduate College) for information about graduate study and degree requirements in the school.
Urban and Regional Planning

**Director**
- Charles E. Connerly

**Graduate degrees:** M.A. in urban and regional planning; M.S. in urban and regional planning

**Faculty:** [http://urban.uiowa.edu/faculty-and-staff](http://urban.uiowa.edu/faculty-and-staff)

**Web site:** [http://urban.uiowa.edu/](http://urban.uiowa.edu/)

Urban and regional planning encompasses the development and implementation of public policies that improve the quality of life in cities and regions. Today's planners find themselves in demand for such diverse jobs as sustainability coordinator and planner, environmental analyst with a natural resources agency, land use planner, transportation planner, community development planner, community organizer, economic development planner, recycling coordinator, planning director, neighborhood planner, state legislative analyst, planning consultant, and nonprofit project manager or director.

**Graduate Programs of Study**
- Master of Arts in urban and regional planning
- Master of Science in urban and regional planning

The Master of Arts and Master of Science are two-year degree programs fully accredited by the Planning Accreditation Board. Each is built on the premise that planners must be educated in methods of policy analysis and that there is a common body of knowledge, represented in the core curriculum, that provides a solid foundation for all specializations in the field.

A wide range of educational backgrounds provide good preparation for graduate study in urban and regional planning. Students with undergraduate majors such as geography, economics, English, political science, engineering, architecture, sociology, urban studies, and history currently study in the school. More than 50 full-time students and a few part-time students are enrolled. About half of them are women, and about 10 percent are international students.

The common core of courses and the design of the facilities allow students to get to know each other quickly. Students interact closely with faculty members in the classroom, in informal conversation, and while working on research projects.

Recent graduates of the school have taken positions with city, metropolitan, and regional planning agencies, state and federal government, nonprofit organizations, and private consulting firms. They work in all geographic regions of the United States and in countries around the world.

Graduate students working toward a master's degree in urban and regional planning may elect to pursue one of the joint degree programs offered by the school in collaboration with the College of Engineering, the College of Law, the College of Public Health, and the School of Social Work. The school also participates in the Transportation Studies Program, which offers a graduate certificate. See "Joint Degrees" and "Related Certificate: Transportation Studies" below.

**Master of Arts, Master of Science**

The Master of Arts and Master of Science programs in urban and regional planning require 50 s.h. of graduate credit. The graduate curriculum is based on the philosophy that planners must develop the theoretical and analytic skills that will permit them to analyze social problems and evaluate public policies. Planners also must cultivate professional skills such as report writing, oral presentation, computer use, and team management in order to work effectively in various organizational and political environments.

Work for the master's degree includes core courses, an area of concentration, electives, and capstone courses. A final examination is required for both degrees. A thesis is not required, although students may petition to write one. Students are encouraged to complete an approved internship or practicum.

All students must complete a minimum of 38 s.h. of planning courses (prefix URP). Students must earn a grade of B-minus or higher in all core and concentration area courses and must maintain an overall graduate g.p.a. of at least 3.00.

The M.A. and M.S. in urban and regional planning require the following work.

**CORE CURRICULUM**

The core curriculum helps students develop an understanding of the institutions—social, economic, political, administrative, and legal systems—that provide the context for policy analysis and that constrain public choices. It also promotes development of the ability to identify social goals and normative criteria for evaluating public policies, as well as the analytic skills to perform such investigations.

The core requires a total of 23 s.h., including at least 3 s.h. in an advanced economic methods course. The advanced economics methods course usually is taken during the first three semesters. Early core courses are drawn primarily from traditional disciplines, particularly economics and statistics, and include an introduction to land use planning and to theories and practice of planning. As students proceed through the curriculum, increasing emphasis is placed on the development of critical judgment and insight, achieved through the application of theory and methods to realistic planning problems and case studies.

The core curriculum includes the following courses; students may request a waiver of selected core courses on the basis of previous course work.

CONCENTRATION AREA
Beginning in the second semester, students choose a concentration area and develop it by applying the concepts and skills developed in the core. Currently, the school’s faculty and course offerings support five concentration areas: transportation planning, housing and community development, economic development, land use and environmental planning, and geographic information systems.

Students complete at least 9 s.h. of courses in their concentration area. Courses offered by other University departments and programs may supplement those offered by the School of Urban and Regional Planning.

Students may combine two concentration areas. Examples of combined areas are environmental and economic development planning, and transportation and community development planning. Students also may design other concentration areas, subject to faculty approval. For example, they may specialize in health services planning with appropriate course work in the Department of Health Management and Policy or Occupational and Environmental Health, or in human services planning with courses in the School of Social Work.

CAPSTONE COURSES
Students complete the following two capstone courses, usually during the third and fourth semesters. Students who complete a practicum are exempt from this requirement.

- URP:6209 Field Problems in Planning I: 3 s.h.
- URP:6210 Field Problems in Planning II: 3 s.h.

INTERNSHIP
Students are encouraged to complete an internship in a planning agency or related organization. To earn 2 s.h. of credit for the internship, students must submit a brief paper summarizing and evaluating their experience. Internships usually are paid staff positions and are completed during the summer between the first and second years or during the academic year.

PRACTICUM
An extended internship, consisting of at least five months of full-time employment in a planning-related organization, may qualify as a practicum. A practicum generally takes place during summer after the first year and into the fall semester of the second year. It carries 5 s.h. of credit and substitutes for the internship and the capstone courses.

THESIS
A thesis is not required, although students may petition to write one. Students may register for up to 6 s.h. of thesis credit. In addition, they may take up to 8 s.h. of readings to develop a thesis topic and prepare a literature review.

FINAL EXAM
A final examination is required for all M.A. and M.S. students. An oral exam constitutes the final exam for students who do not write a thesis.

TYPICAL MASTER’S DEGREE SCHEDULE
First semester:
- URP:6200 Analytic Methods in Planning I: 3 s.h.
- URP:6202 Land Use Planning: Law and Practice: 4 s.h.

Second semester:
- URP:6203 History and Theories of Planning: 3 s.h.
- URP:6205 Economics for Urban Planners: 3 s.h.
- URP:6208 Program Seminar in Planning Practice: 1 s.h.

Joint Degrees
The School of Urban and Regional Planning participates in several joint degree programs, in which students work toward an M.A. or M.S. in urban and regional planning at the same time they work toward another degree. Joint degree programs enable students to earn both degrees in less time than it would take to earn the two degrees separately. The following joint degree programs are available.

Joint B.S.E. in civil engineering/M.A. or M.S. in urban and regional planning; see Bachelor of Science in Engineering (p. 841) and Civil and Environmental Engineering (p. 871) (College of Engineering) for information about the Bachelor of Science in Engineering.

Joint J.D./M.A. or M.S. in urban and regional planning; see College of Law (p. 969) for information about the Juris Doctor.

Joint M.H.A./M.A. or M.S. in urban and regional planning; see Health Management and Policy (p. 1166) (College of Public Health) for information about the Master of Health Administration.

Joint M.S. in occupational and environmental health/ M.A. or M.S. in urban and regional planning; see Occupational and Environmental Health (p. 1180) (College of Public Health) for information about the Master of Science in occupational and environmental health.

Joint M.S.W./M.A. or M.S. in urban and regional planning; see Social Work (p. 572) (College of Liberal Arts and Sciences) for information about the Master of Social Work.

Requirements for each joint degree program can vary, but urban and regional planning requirements in each program include completion of at least 38 s.h. in School of Urban and Regional Planning courses (prefix URP), with all core, capstone, and required courses: 9 s.h. of a concentration; and the master’s degree final examination. In all cases, joint degree programs require at least 60 s.h. of credit.

Students who wish to enter a joint degree program must apply to each of the two degree programs separately; they
must be admitted to both programs before they may be admitted to the joint program. Contact the admissions coordinator at the School of Urban and Regional Planning for more information about joint degree programs.

**Related Certificate: Transportation Studies**

The Transportation Studies Program offers the Certificate in Transportation Studies, which requires 18 s.h. of graduate credit. The program focuses on the varied and complex problems of transportation and on interdisciplinary approaches to addressing them. The Departments of Civil and Environmental Engineering, Mechanical and Industrial Engineering, and Geographical and Sustainability Sciences and the School of Urban and Regional Planning participate in the program, which is administered by the Graduate College and the University's Public Policy Center. See Transportation Studies (p. 961) (Graduate College) in the Catalog for more information about the certificate.

**Admission**

Admission to the School of Urban and Regional Planning is open to students from any undergraduate major or concentration area.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Admission is based on Graduate Record Examination (GRE) General Test scores (verbal, quantitative, and analytical writing), letters of recommendation, previous academic performance, and a written statement of purpose. International applicants whose first language is not English are required to submit official TOEFL scores.

Applicants should submit an application form, GRE General Test scores, TOEFL score (for students whose first language is not English), recommendation letters, statement of purpose, and transcripts. For fall admission, applications should be submitted to arrive early in the year (preferably by January 15), although applications are accepted until July 15 (April 15 for international students). Applications for spring admission should be received by October 1 and no later than December 1. Fall admission is strongly preferred. Students applying for financial aid should submit their materials by January 15.

**Financial Support**

Students in the School of Urban and Regional Planning receive financial support from the program primarily from teaching or research assistantships and from contract or grant-funded assistantships. Assistantships typically require 10 hours of work per week under the direction of a faculty member. A few full or partial tuition scholarships also are available.

Students initiate applications for financial support, and awards are made on the basis of merit, experience, and interests. Assistantships may be renewed for a total of up to four semesters.

Students applying for financial support are encouraged to submit application materials and requests for support by January 15. Students who apply after that date are considered only as remaining funds permit. Financial support usually is not available for students beginning the program in the spring semester.

**Courses**

**URP:3001 Planning Livable Cities**

Development of livable cities in the United States; economic, physical, environmental, and political forces that shape their growth; impact of planning, how it shapes the future of cities. Same as GEOG:3920.

**URP:3134 Regional and Urban Economics**

Theory of location and regional development; central place theory; why cities exist and trade with one another; models of land use patterns, rents; empirical tests of models; policy applications. Prerequisites: ECON:1100 and ECON:1200. Same as ECON:3640.

**URP:3135 Environmental and Natural Resource Economics**

Environmental and resource use problems; efficient mechanisms and other policies for environmental protection, management of common property resources. Prerequisites: ECON:1100 and ECON:1200. Same as ECON:3625.

**URP:3136 Development of Local and Regional Economies**

Theories, methods, and public policy in regional economic development; business and industrial locations, theories of regional growth and development, tools for regional economic analysis, technology and knowledge economy, globalization and trade, economic development finance and policy. Recommendations: introductory microeconomics. Same as ECON:3610.

**URP:3350 Transportation Economics**

Overview of transportation markets—intercity, rural, urban; transportation modes—rail, highway, air, water, pipeline, transit; issues in finance, policy, planning, management, physical distribution, and environmental, economic, and safety regulation. Recommendations: ECON:1100 and ECON:1200. Same as GEOG:3940, ECON:3750.

**URP:4150 Water Resource Economics**

Overview of water resource economics; topics derived from point and nonpoint source pollutants, and water demand; linear and nonlinear programming, cost-benefit analysis, regression analysis (emphasis on maximum likelihood estimation), and cost avoidance techniques.

**URP:4170 Megacities Seminar**

Global historical, political, economic, urban, and cultural aspects of megacity development; planning methods to address contemporary and emerging issues; critical analysis of peer-reviewed literature and computational simulations; topics include urban sprawl, poverty and inequality, economies, food scarcity, population growth, governance models, environmental and health concerns, sustainability.
URP:4195 Public Transit Operations and Planning 3 s.h.
Bus, light and heavy rail, and paratransit modes; transit operations, planning, modeling and optimization, transit agency economics, transit finance, and evolving transportation policy; skills essential to planners and engineers who intend to work for a either planning agency, transportation provider, or a transportation or planning consulting firm; individual and group projects involving transit operations. Requirements: undergraduate or graduate standing in engineering, or graduate standing in urban and regional planning. Same as CEE:4167.

URP:4262 Transportation Demand Analysis 3 s.h.
City planning procedures and traffic engineering techniques applied to transportation problems; trip generation, distribution, assignment, mode choice models; travel surveys, data collection techniques; arterial flow, intersection performance, parking; transit system analysis. Same as CEE:4176.

URP:4750 Environmental Impact Analysis 4 s.h.
Environmental impact assessment methodologies; emphasis on cost-benefit-risk, cost-effectiveness and incremental analysis, and overlay and graphic techniques; optimal resource use, system simulation; field trips to local environmental control facilities. Prerequisites: GEOG:1070. Same as GEOG:4750.

URP:6063 Application Simulation to Transportation 3 s.h.
Transportation system management and traffic engineering; application of real-time simulation and visualization. Prerequisites: CEE:3763 or CEE:4763. Same as CEE:6763.

URP:6200 Analytic Methods in Planning I 1-3 s.h.
Methods used in planning and policy analysis; emphasis on application of statistical techniques and quantitative reasoning to planning problems; use of computers and data systems in planning analysis.

URP:6201 Analytic Methods in Planning II 2-3 s.h.
Integration of methods with the planning process; application of multiple regression, population estimation and projection, survey methods, time series analysis, industrial growth and change; presentation of results to decision makers and the public. Prerequisites: URP:6200.

URP:6202 Land Use Planning: Law and Practice 4 s.h.
Legal, social foundations of land use planning; comprehensive planning, zoning and subdivision review; legal aspects of land use, environmental planning; ordinance drafting; staff report writing; citizen participation.

URP:6203 History and Theories of Planning 3 s.h.
History of urban planning in America as a reflection of social and economic forces; alternative planning philosophies, roles, and ethical choices open to planners. Same as HIST:6203.

URP:6205 Economics for Urban Planners 3 s.h.
Principles of economics for planners; concepts and techniques of microeconomic analysis; income inequality; the role of government in the economy; tax and pricing policy; project evaluation; externalities.

URP:6208 Program Seminar in Planning Practice 1 s.h.
Planning process, roles of planners, professional ethics and standards.

URP:6209 Field Problems in Planning I 3 s.h.
Experience working on a two-semester project involving a current planning issue, usually for a client. Requirements: urban and regional planning graduate standing.

URP:6210 Field Problems in Planning II 3 s.h.
Continuation of URP:6209. Prerequisites: URP:6209. Requirements: urban and regional planning graduate standing.

URP:6211 Community Outreach Practicum 1-3 s.h.
Application of planning skills to community work by non-profit organizations in local area; urban planners contributing to their communities; community outreach.

URP:6216 Conflict, Negotiation, and Planning 3 s.h.
Conflict within communities, and planners’ responses; networking, negotiating, mediating, coalition building, consensus building; case studies, role playing.

URP:6222 Urban Design for Non-Designers 3 s.h.
Principles of urban design and the importance of good, well thought out urban design; background in urban design for policy planners and non-designers; past, present, and future of urban design.

URP:6225 Applied GIS for Planners 3 s.h.
Analysis of Census of Population data using GIS software; data and analytical needs of urban planners; coverage of GIS topics to plan functions of GIS and spatial analysis, varied GIS software in a planning organization; structure of the Census.

URP:6227 Spatial Analysis in Planning 3 s.h.
Data bases, GIS, planning support systems; spatial model building and use of spatial statistics; applications to substantive problems in transportation, environment, housing, economic development. Prerequisites: URP:6225.

URP:6228 GIS for Local Government 1 s.h.
Development, maintenance, and operation of an enterprise-wide Geographic Information System (GIS); implementation of a parcel-based data system model common to government entities; practical experience using data for land-use planning analysis.

URP:6229 Practicum 5 s.h.
Full-time internship of at least five months with a planning-related organization. Requirements: urban and regional planning graduate standing.

URP:6230 Virtual Reality and Urban Development
Creation of terrain models from DEMs and CAD-based site plans, panoramas, incorporation of existing and proposed buildings into virtual reality models; use of VRML and presentation strategies, including digital movies.

**URP:6233 Financing Local Government** 3 s.h.
Financing of local government infrastructure through property taxes, bonding, impact fees, pricing, tax increment financing; institutional alternatives—downtown improvement districts, special districts, homeowners' associations; fiscal disparities and regional finance; case studies. Prerequisites: URP:6205.

**URP:6235 Geodatabases and GIS** 1 s.h.
Geodatabase implementation in the management of large GIS data sets. Prerequisites: URP:6225.

**URP:6242 Planning and City Administration** 1 s.h.
Relationship of planners and other local government personnel; how planning fits into city management; city management view of local political process, provision of city services, finance and budgeting, human resources, intergovernmental relations, how meetings are run, dealing with the public.

**URP:6243 The Land Development Process** 3 s.h.
How land is developed; analysis of site suitability, preparation of subdivision plan, site plan review, development approval process, infrastructure and site preparation, negotiating local development politics; field trips. Prerequisites: URP:6202.

**URP:6245 Growth Management** 3 s.h.
Causes and consequences of urban sprawl, shortfalls in conventional land use planning; local and state growth management policies, techniques of policy implementation, positive and negative impacts of such policies; Smart Growth; emerging challenges. Prerequisites: URP:6202.

**URP:6249 Sustainability Seminar** 1 s.h.
Focus of increasing interest for planning students and practicing planners; involves environmental effects, economy, social justice; discussion and investigation of sustainability practice applied to local and regional efforts of public and private entities; greater awareness and understanding of the effectivenss and resource requirements of local activities addressing sustainability; presentations by the instructor, local tours, guest lectures.

**URP:6253 Healthy Cities and the Environment** 3 s.h.
Foundations of environmental planning for healthy cities and communities; how urban form, air and water quality, and natural hazards affect environmental planning and health.

**URP:6256 Environmental Policy** 3 s.h.
Environmental policy formation and politics; comparative international perspective on the United States' experience.

**URP:6257 Environmental Management** 3 s.h.
Environmental best management practices for sustainable management of natural resources; open space and habitat protection, prairie and wetland restoration, water supplies management, natural hazard mitigation, farmland protection.

**URP:6258 Modeling Dynamic Systems** 3 s.h.
Nonlinear dynamics in human-environment relationships; quantitative modeling of global environment processes; environment modeling for policy and land use planning; introduction to fundamentals of linked global-scale environment processes from a systems perspective, focus on historical and contemporary role of human activities in altering flows of energy and mass within the Earth system; hands-on simulation and group games to understand feedback loops in complex systems, with applications to land use, water, climate, ecosystems, and nutrient cycles across time and spatial scales; emphasis on quantifying effects of policies and planning on environmental change.

**URP:6260 Transportation Policy and Planning** 3 s.h.
Institutional setting for transportation planning, evolution of domestic transportation policy, international influences, transportation modes and markets, current sources of transportation planning information, emerging policy issues.

**URP:6264 Transportation Planning Process** 2-3 s.h.
Technical issues, political interface, citizen involvement, intermodal questions, public versus private roles; review and critique of transportation plans.

**URP:6265 Planning Sustainable Transportation** 2-4 s.h.
Theories and methods of exerting public control over passenger and freight transportation; social and environmental regulation; effects of changing finance, regulation, and pricing policies, including privatization, tolls, impact fees. Same as GEOG:6264.

**URP:6266 Transportation and Land Use Planning** 3 s.h.
Policies and interactions between transportation and land use; location theories and practices; transportation infrastructure, land use, travel behavior modeling; current policies that influence travel behavior and urban form.

**URP:6268 Freight Transportation Planning** 3-4 s.h.
Freight transportation planning in the United States; surface modes, primarily trucking and rail, as well as trade-offs in bulk movements by inland waterways and pipelines; comparison with recent developments in policy, planning, and practice for surface transportation in other developed economies (e.g., Europe).

**URP:6269 Transportation Program Seminar** 1 s.h.
Transportation finance, safety and economic regulation, planning processes, management, government policy issues at federal, state, and local levels.

**URP:6271 Housing Policy** 3 s.h.
Recent housing policy initiatives at federal, state, and local levels.
URP:6273 Community Development 3 s.h.
Community Development Corporation involvement in housing and neighborhood revitalization; infill housing development and preservation; comprehensive community development initiatives.

URP:6277 Affordable Housing Finance 3 s.h.
Financing development or rehabilitation of affordable housing; low-income housing tax credits, the housing finance system and current regulatory issues, mortgage discrimination, improving financing for rental housing.

URP:6278 Nonprofit Organizational Effectiveness I 3 s.h.

URP:6279 Nonprofit Organizational Effectiveness II 3 s.h.

URP:6280 Planning for Disaster Mitigation and Recovery 2-3 s.h.
Types of disasters that communities face; what role planners play, what role should they play; importance of hazard mitigation and planning for post-disaster recovery; where planners' unique skills play the most significant roles in aiding a community to redesign a safer future.

URP:6282 Grant Writing 1-2 s.h.
Same as SSW:6282.

URP:6284 Green Building and LEED 1-2 s.h.
Preparation to earn LEED Green Associate professional credential; introduction to green building concepts and strategies as they relate to the United States Green Building Council's (USGBC) Leadership in Energy and Environmental Design (LEED) rating system.

URP:6290 Economic Impact Assessment 3 s.h.
Economic impact and growth analysis, including economic base, income expenditure, input-output analysis; use of economic impact analysis in a cost-benefit context; industrial location and mobility theory with statistics applications. Prerequisites: URP:6205.

URP:6295 Economic Development Policy 3 s.h.
Analysis of policies and programs at national, regional, state, and local levels that address problems of economic growth, development, decline.

URP:6297 Community Development Finance 3 s.h.
Financial statements and small business finance; local revolving loan funds for small businesses; evaluation of loan proposals; community development agency financing of commercial redevelopment; case studies of community development lending. Prerequisites: URP:6205.

URP:6305 Readings arr.

URP:6315 Independent Study in Planning 1-6 s.h.
Research and analysis of a special planning problem; opportunity to apply knowledge in area of specialization.

URP:6320 Introduction to Graphic Communications 2 s.h.
Visual communication techniques through use of print and digital media; how to graphically convey concepts and information to a variety of audiences; basic design principles to build a foundation in graphic communication; relationships between various software packages; advantages and shortcomings of various digital tools; development of professional graphic media that is beautiful and effective.

URP:6335 Internship 2 s.h.
Work in a planning or related agency or nonprofit organization.

URP:6337 Poverty, Planning, and Public Policy 3 s.h.
Interconnectedness of causes of poverty; operation and outcomes of federal and state antipoverty programs; impact of local planning policies and programs on low income population; ways in which planners in public agencies or advocacy organizations can work to alleviate poverty.

URP:6400 Eco-Sensitive, Low-Cost Housing: The Kerala Experience 3 s.h.
Though quality housing is a basic human need, families worldwide don't have it; significant socioeconomic, physical, and financial problems; scale of housing shortage greater in developing countries where governments and nonprofits are forced to devise ingenious, eco-sensitive, lower-cost development techniques; opportunity to visit India and learn about many such innovations; challenges of economic development, environmental protection, culture, politics, and uneven geography of opportunity in a developing country.
College of Law

Professional degrees: J.D.; LL.M.; M.S.L.; S.J.D.
Faculty: http://law.uiowa.edu/faculty-and-scholarship/ faculty-bios-and-expertise
Web site: http://law.uiowa.edu/

The University of Iowa College of Law is the oldest law school west of the Mississippi River. Founded in 1865 as the Iowa Law School, the college is a charter member of the American Association of Law Schools and an American Bar Association-approved law school.

One of 11 colleges at the University of Iowa, the College of Law is part of Iowa City's unique cultural community. Students, faculty, and staff work together in a friendly, relaxed, and productive environment that puts students' needs first.

Longstanding commitment to inclusion and diversity is a source of pride for the College of Law, which was one of the first schools in the nation to grant a law degree to a woman (1873) and to an African-American (1879). Diversity is central to the college's educational philosophy and to its core mission of preparing culturally proficient graduates who are capable of intellectual inquiry, critical and reflective thinking, and engagement.

Learn more about the College of Law's history and its commitment to diversity and inclusion by visiting About Us, Milestones, and Diversity at Iowa Law on the college's web site.

The college is at home in the Boyd Law Building, whose facilities were designed specifically for the school's essential activities and services: classes and meetings, study and research, student-faculty interactions, clinical law and cocurricular programs, student organizations, writing resources, career consultation, and more. The University of Iowa Law Library has one of the largest collections of legal materials in the country, with an exceptional research collection of print and electronic resources relating to U.S. domestic law as well as international, foreign, and comparative law. Ample study space and wireless Internet access are available throughout the library. See "Boyd Law Building" and "University of Iowa Law Library" under "Facilities and Resources" later in this Catalog section.

Iowa's challenging law school curriculum carefully balances substantive courses, perspective offerings, examination of ethical values and professionalism, and skills-training programs, including a highly active in-house legal clinic. The college's 8.4-to-1 student-faculty ratio and the faculty's open-door policy ensure that students have opportunities for interaction and collaboration with their law professors.

The college's writing program—one of the strongest among law schools nationwide—is integral to all students' academic experience. During both semesters of their first year, students take a small-section course in legal analysis, writing, and research. During the second and third years, they complete four additional writing units. Among opportunities for completing the writing requirement is work on one of the law school's four student-run scholarly journals: Iowa Law Review, Journal of Corporation Law, Journal of Gender, Race & Justice, and Transnational Law & Contemporary Problems.

The Writing Resource Center supports and builds upon classroom writing instruction and assists students with a broad range of writing tasks. The center and the writing program as a whole exemplify the law school's personalized attention and dedication to individual learning.

The College of Law offers a strong program of study in the rapidly expanding fields of international and comparative law. In addition to promoting broad social awareness and technical professional competence, the study of international and comparative law provides a theoretical foundation essential for all lawyers by affording unique insight into the nature of law and legal process. It is crucial preparation for lawyers who engage in formulating public policy at all levels of society. It also provides a solid understanding of international law and foreign legal systems, which is fundamental for effective lawyers in an era of global interdependence.

Highlights of the college's international and comparative law program are the Master of Laws (LL.M.) degree program (see "Master of Laws" later in this Catalog section), work on the journal Transnational Law & Contemporary Problems, and participation in the Philip C. Jessup International Moot Court Competition. Students also have opportunities for work related to international and comparative law at the University of Iowa Center for Human Rights and in student groups such as the International Law Society.

Over the years, the college has enjoyed great success in preparing women and men to be professional and civic leaders. In the 20th century, Iowa graduates served as U.S. senators and representatives; state governors; federal and state judges; and presidents of the American Bar Association, major universities, and some of the country's largest corporations. Iowa also has been a leader in preparing American law teachers. The college is resolved to continue its traditional role of training future lawyers for positions of professional and community leadership in the 21st century.

Undergraduate Program of Study
The undergraduate Certificate in Human Rights is administered and awarded by the College of Law. For a description of the program, see University of Iowa Center for Human Rights (p. 1003) in the Catalog.

Professional Programs of Study
• Juris Doctor
• Master of Laws
• Master of Studies in Law
• Doctor of Juridical Science

The College of Law collaborates with a variety of University of Iowa graduate programs to offer joint J.D./graduate degree programs. See "Joint J.D./Graduate Degrees" later in this section.

Juris Doctor

The Juris Doctor (J.D.) degree requires 84 s.h. of credit. Entering first-year students must take all first-year courses and may not register for different courses or fewer semester hours without the dean of students' permission. No student may enroll during any fall or spring semester for more than 15 s.h., or during any two adjacent summer sessions for more than 12 s.h., of credit that will be applied to the J.D. degree.

To be eligible for a J.D. degree, a student must:

receive course credit for 84 s.h., including no more than 6 s.h. earned in cocurricular or non-law courses or activities;

take and complete all required courses;
satisfy the writing requirement;
complete the course of study required for the degree in no fewer than 27 months and no more than 84 months after beginning law study at the College of Law or at a law school from which transfer credit has been accepted;

achieve a cumulative g.p.a. of at least 2.10; and

satisfy the requirement of receiving "substantial instruction in other professional skills generally regarded as necessary for effective and responsible participation in the legal profession," as set forth in the American Bar Association's Accreditation Standard 302(A)(4) and Standard Interpretations 302-2 and 302-3.

Receiving credit in a course is dependent upon successful completion of a final examination and any assigned work. Students must satisfy all requirements established by the instructor for class attendance, written work, special readings, oral reports, and so forth in order to take the final exam.

Full-time policy: The faculty believes that students receive a better legal education when they devote substantially all of their time to educational pursuits. For this reason, students are expected to pursue their law training on a full-time basis. This policy is consistent with the accreditation standards of the American Bar Association and the Association of American Law Schools. In extraordinary circumstances, it may be possible for students to enroll for fewer than 10 s.h. per semester. Students who believe they may be unable to attend full time should contact the dean of students before registering for classes.

Entrance date: Students enroll in late August, at the beginning of the fall semester. All students attend courses full time during fall and spring semesters and may attend the summer term at any point during their academic careers. Entrants may expect to graduate no earlier than 27 months after beginning law study.

Admission to the Iowa Bar: A rule adopted by the Iowa Supreme Court requires each individual who intends to apply for admission to the Iowa Bar by examination to register with the Iowa Board of Law Examiners and to pay related fees. See Filing Fees and Deadlines on the Iowa Bar Exam web site. Additional details are available from the College of Law registrar or the clerk of the Iowa Supreme Court.

FIRST-YEAR CURRICULUM

The first-year curriculum emphasizes development of analytical skills, a sense of the role of legal institutions in society, and essential writing skills. Each course in the first-year curriculum shares these emphases and conveys substantive knowledge about a particular area of the law. Four courses during the first year are small-section courses. Two of the four (one each semester) cover traditional first-year subjects—civil procedure, constitutional law, contracts, criminal law, property, torts; they usually enroll no more than 40 students each. The other two are LAW:8032 Legal Analysis Writing and Research I (first semester) and LAW:8033 Legal Analysis Writing and Research II (second semester), which usually have an enrollment of approximately 20 students each.

First-year students take the following courses.

Fall semester:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>LAW:8017 Contracts</td>
<td>4 s.h.</td>
</tr>
<tr>
<td>LAW:8026 Introduction to Law and Legal Reasoning</td>
<td>1 s.h.</td>
</tr>
<tr>
<td>LAW:8032 Legal Analysis Writing and Research I</td>
<td>2 s.h.</td>
</tr>
<tr>
<td>LAW:8037 Property</td>
<td>4 s.h.</td>
</tr>
<tr>
<td>LAW:8046 Torts</td>
<td>4 s.h.</td>
</tr>
</tbody>
</table>

Spring semester:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>

</tbody>
</table>

The two-semester sequence LAW:8032 and LAW:8033, called Legal Analysis Writing and Research (LAWR), is designed to equip students with effective skills in legal analysis, writing and oral communication (oral advocacy), and research.

LAWR develops students' legal analysis skills throughout the year in connection with every assignment. Analytical skills include the ability to spot legal issues in a fact pattern; to identify legally relevant facts; to synthesize legal rules, principles, policies, and purposes found in the legal materials (e.g., precedents and statutes); and to understand and formulate legal arguments of different kinds.

LAWR develops students' legal writing and oral advocacy skills. Legal writing centers on effectively communicating the legal analysis of a practical problem, whether the purpose is to predict what a court or other decision maker will do, to persuade someone to agree with the writer's conclusions, or to decide a case and explain the decision. Oral advocacy skills center on using legal analysis to persuade someone, such as a judge, to reach a particular conclusion.
LAWR develops legal research skills. Legal research supports legal analysis primarily by identifying the legal materials, especially legal authorities, that form the basis of effective legal arguments and legal conclusions.

Students are expected to achieve the following objectives during the two-semester LAWR sequence:

- acquire the fundamentals of legal reasoning and analysis, including case analysis, fact analysis, application of law to facts, case synthesis, and analogizing and distinguishing cases;
- learn how to identify a legal problem and resolve it, as well as how to determine which facts in a fact pattern are legally significant;
- learn how to generate arguments and counterarguments;
- develop and employ basic research skills within a limited universe of research tools in order to locate cases and statutes from citations, to find cases on a given subject, to determine the present status of a case, and to exercise judgment in selecting the most appropriate cases from a larger pool of cases (first semester);
- develop and employ a full range of research skills through assignments that place no limitations on the type of research necessary for their completion (second semester);
- develop the ability to write legal documents, including objective memorandums and persuasive briefs, that are clear, concise, analytically sound, and well organized;
- become familiar with how to cite legal authorities properly and learn the appropriate style, tone, and diction for legal writing, depending on the audience;
- write an appellate brief;
- learn argumentative and persuasive legal writing; and
- craft and present a persuasive oral argument.

SECOND- AND THIRD-YEAR CURRICULUM

All students complete three specific required courses plus required writing units during the second and third years. Beyond that, they plan their own course of study for the two years, drawing from a rich menu of mainstream, specialized, clinical, and perspective courses. Second- and third-year courses cover the range of specialties within the legal profession, allowing students to explore and follow their professional interests in a particular career specialization, to write for one of the school’s four student-run scholarly journals, to pursue joint degrees in law-related graduate programs, or to simply obtain the widest possible exposure to the legal landscape.

All second- and third-year students must complete the following work.

LAW:8280 Constitutional Law II 3 s.h.
One course on legal ethics
One course on professional skills
Four writing units beyond the writing requirements of the first year

Writing units may be completed through a combination of courses and cocurricular programs that include a writing unit, such as seminar papers, independent research papers, clinical law programs, work on any of the college’s four journals, Moot Court Board, and advanced appellate advocacy activities. Two of the four writing units must be completed in courses (including seminars and clinical programs) or through independent research in which there is direct, ongoing faculty supervision.

Juris Doctor 3 + 3

The College of Law 3 Plus 3 Program allows eligible undergraduates at partner institutions to apply to law school in their junior year. Students admitted under the program fulfill their senior year of undergraduate work through the successful completion of their first year law school courses, allowing them to graduate with both a bachelor’s degree and a law degree in just six years, which amounts to a year of tuition and related cost savings.

APPLICATION REQUIREMENTS

Applicants must be in their junior year at an undergraduate institution with which the College of Law has a 3 Plus 3 agreement, and must meet their undergraduate institution’s criteria for eligibility. Each undergraduate institution determines which majors and programs are eligible for participation.

In addition to being an eligible junior at one of the College of Law’s partner institutions, applicants must take the Law School Admissions Test (LSAT), complete the law school application, and submit a Certificate of Eligibility Form from their current institution. Candidates are considered alongside the University of Iowa College of Law’s regular pool of applicants.

Applicants to the 3 Plus 3 program are encouraged to take the LSAT in October or December and apply in January after their fall grades are available. Later applications, including those who took the LSAT in June, also will be considered.

International Juris Doctor

The University of Iowa College of Law offers a two-year J.D. program for foreign-trained lawyers.

This program gives students who have successfully completed a legal education outside the United States the opportunity to obtain the same degree in two years for which American students are required to complete in three years. Moreover, if foreign-trained law students are eligible for a research assistant position during the second year of the program, the total tuition costs amount to almost half of the tuition paid by American out-of-state students.

Compared to the one-year Master of Laws (LL.M.) program, the two-year Juris Doctor program offers the following advantages:

- eligibility to take the bar exam in any state of the United States;
- first-rate training in legal writing and legal research;
- complete integration with American students and total immersion into a foreign language for two years; and
- the first-year of the curriculum provides students with a firm foundation in American law (property, torts, contracts, constitutional law, criminal law, civil procedure), including legal writing and research, while the second year provides an opportunity to focus on elective course work relevant to their personal and practical interests.

REQUIREMENTS

Applicants can be eligible to apply to the program if they are a lawyer, with a degree allowing them to practice law, or if
they have completed at least three years of legal studies before matriculating at Iowa. Applicants must be from an institution where their degree has accreditation within their country similar to accreditation by the American Bar Association.

Course of Study Options for J.D. Students

The College of Law offers numerous programs and opportunities that students may draw upon when planning their course of study.

INTERNATIONAL AND COMPARATIVE LAW

The college's international and comparative law program is supported by more than a dozen faculty members who maintain significant teaching and research interests in the field. The program features an extensive selection of courses and related academic opportunities; opportunities for study abroad; an innovative journal edited by students and faculty members; and several centers where research in international and comparative law is conducted. The Master of Laws (LL.M.) program draws scholars and visiting professors from around the world.

Additional resources include the Law Library, which maintains holdings of more than 280,000 volumes of international, comparative, and foreign law and a complete United Nations documents collection on microfiche; and programming offered across the University by the UI International Programs office.

To learn more, see "Master of Laws" below and visit International and Comparative Law Program on the college's web site.

INNOVATION, BUSINESS, AND LAW

The innovation, business, and law program integrates intellectual property, antitrust, and corporate law to provide a range of academic opportunities for students interested in those disciplines. Visit Innovation, Business, and Law Center to learn more. Not all courses listed on the site are offered every year.

CONCENTRATED AREAS OF STUDY

Students may pursue their interest in a particular subject area by selecting appropriate course work and independent research projects. For example, students interested in intellectual property and competition law may choose from the following courses.

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>LAW:8146</td>
<td>Antitrust Law</td>

FIELD PLACEMENT PROGRAMS

Iowa’s Field Placement Program offers high-quality educational experiences that involve students in the performance of legal work in government or nonprofit agencies, criminal prosecution or defense offices, state and federal judges’ chambers, international law offices

COLLEGE OF LAW SEMINARS

Seminars may be available for up to 4 s.h., of credit. Seminar credit includes two writing units, but students may complete three writing units with the instructor’s approval. Seminar formats vary widely; students should check the course descriptions and consult with the instructor before registering.

Many seminars last two semesters. The first semester (usually fall) is the class portion of the seminar; students earn 2 s.h. for a workload equivalent to that of a 2 s.h. course. During the second semester of the seminar (usually spring), students write their papers, earning the remaining credit for the seminar.

Some instructors offer seminars that do not follow the fall-class/spring-writing format. Students may be convened for the seminar as if they were a legislative drafting committee, or they may be required to complete substantial research, drafting, and writing work over the entire year. The amount of credit for the seminar may be flexible or determined by the class as a whole. Seminars using this format may have required attendance and no-drop policies; students are strongly encouraged to learn what will be expected of them before registering for these seminars.

Papers produced for seminars or independent research may be eligible for entry in competitions, sometimes with cash prizes. Competition announcements are posted at the Writing Resource Center.

CLINICAL LAW PROGRAMS

Students who have completed the equivalent of three semesters toward the J.D. (at least 39 s.h.) are eligible to apply their theoretical knowledge to real cases and projects under the supervision of faculty members and other attorneys through participation in the College of Law’s Clinical Law Programs. Clinical law programs reflect the richness and diversity of modern law practice and the College of Law’s commitment to clinical education. The clinical programs operate as areas of a law firm within the Boyd Law Building, giving students the opportunity to put their legal skills to use in a variety of practice areas and venues.

Student interns work on cases supervised by full-time faculty members in the in-house clinic. The interns have primary responsibility for representing their clients at all stages of the legal process, including interviewing and counseling, negotiation, fact investigation, depositions, drafting and briefing, and courtroom appearances. Each semester, most interns have an opportunity to argue cases before various state and federal trial or appellate courts or before administrative agencies. Students also provide basic estate planning, document drafting, and other transactional services to clients. In some projects, interns partner with grassroots organizations, nonprofits, businesses, and public officials to solve recurring and systemic problems that cannot be addressed adequately through litigation or traditional legal methods.

Practice areas include consumer rights, criminal defense, disability rights and policy, domestic violence, immigration, international human rights, juvenile court matters, and workers’ rights; see Practice Areas on the Clinical Law Programs web site.

FIELD PLACEMENT PROGRAMS

Iowa’s Field Placement Program offers high-quality educational experiences that involve students in the performance of legal work in government or nonprofit agencies, criminal prosecution or defense offices, state and federal judges’ chambers, international law offices
and agencies, and a limited number of private practice and corporate settings. In addition to earning credit for their fieldwork, students in field placements participate in a seminar or tutorial led by a faculty member, where they maximize the learning that they gain from the field experience.

Students may earn a total of 30 s.h. for field placement work, cocurricular course work (e.g., work on a journal, moot court, or other student-organized activity), and courses taken outside the College of Law (see ABA Standard 304, interpretation 304-B). The 30 s.h. total may include a maximum of 14 s.h. earned in field placements.

Students may apply a maximum of 20 s.h. earned in clinic, field placements, and non-College of Law courses, combined, toward the J.D. degree. they may apply a maximum of 15 s.h. earned in clinic and field placements, combined, toward graduation.

The College of Law also is involved in programs that do not offer academic credit. Each summer it participates in the County Attorney Internship Program, through which students work as paid employees for county attorneys throughout the state. The college also helps place students in a variety of unpaid clerkships and internships nationwide that provide insight into the workings of the legal system.

STUDY ABROAD

The College of Law administers a consortium of American law schools that offers a study abroad program at Florida State University’s London study center. Students spend spring semester at the center studying American and English law with faculty members from Iowa’s College of Law and the University of London. They may earn up to 15 s.h.; options include courses and an externship placement opportunity. Learn more about the program and how to apply at London Law Consortium.

Students may earn up to 8 s.h. of College of Law credit for intensive course work in Arcachon, France, for around four weeks in May and June. Courses are taught in English by College of Law professors and French instructors. Visit Summer Program in Arcachon, France to learn more about the program and how to apply.

The college participates in three exchange programs that permit students to earn 12-15 s.h. of credit through courses taught in English. Two students may attend the Universidade Católica Portuguesa School of Law (Lisbon campus) each fall semester; three students may attend Radboud University in Nijmegen, the Netherlands, during fall and spring semesters; and two students may attend the Peking University School of Transnational Law in Shenzhen, China. Learn more at the Católica University, Radboud University, and Peking University School of Transnational Law pages on the College’s Study Abroad web site.

LEARNING BEYOND THE CLASSROOM

In addition to the course of study options listed above, J.D. students have numerous opportunities to enhance and supplement their legal, learning, and professional skills outside the classroom setting. They may participate in the college’s cocurricular activities, which include four student-produced journals, Moot Court, and the Trial Advocacy Program. They also have access to opportunities and resources provided through the Academic Achievement Program, the Citizen Lawyer Program, and the Writing Resource Center. See "Academic Achievement Program," "Citizen Lawyer Program," and "Cocurricular Programs" below; see "Writing Resource Center" under "Facilities and Resources" toward the end of this Catalog section.

ACADEMIC ACHIEVEMENT PROGRAM

The College of Law Academic Achievement Program (AAP) helps students make the most of their potential by developing the academic skills they will need in order to succeed in law school. AAP services are open to all law students, with a special emphasis on helping first-year students as they make the transition from successful undergraduate careers to the unique challenges of law study. AAP counselors are available to meet one-on-one with students to discuss academic skills and strategies. AAP coordinates programs on legal study skills and exam taking as part of the 1L Core Series. In the spring semester, AAP convenes a voluntary small-group workshop series for first-year students. AAP also coordinates the First Year at Iowa (FYI) program, which connects incoming students with upperclass student leaders during orientation and throughout the first year.

CITIZEN LAWYER PROGRAM

The Citizen Lawyer Program (CLP) advances the College of Law’s teaching and service missions. CLP is a teaching platform that enables students to advance their development of knowledge, values, and skills central to law as a professional calling. By offering a wide variety of opportunities each year for pro bono work, community service, and programs focusing on the issues, skills, and values that are critical to personal and professional success, CLP extends legal education beyond classrooms and clinical programs while engaging students directly in serving the college’s mission of public service.

Cocurricular Programs

Students enrich their course of study by participating in the college’s cocurricular programs, which include Moot Court, the Trial Advocacy Program, and four student-produced journals. Students may apply a maximum of 6 s.h. earned in cocurricular programs and/or non-law classes toward the J.D. degree.

MOOT COURT

The Moot Court appellate advocacy programs familiarize students with writing appellate briefs, acquaints them with citation form, develops research skills, and strengthens persuasive ability in oral argument at the appellate court level.

Each academic year, the Moot Court office administers LAW:9010 Appellate Advocacy I in the fall semester and two Moot Court competitions in the spring semester. Students who rank in the top scoring positions of LAW:9010 are eligible for the advanced competitions in the spring semester. Advanced competitions include LAW:9021 Van Oosterhout Baskerville Moot Court Competition and LAW:9038 Jessup International Moot Court Competition.

The appellate advocacy program is administered by the Moot Court Board, which consists of student judges and an executive board.

TRIAL ADVOCACY

The Trial Advocacy Program is a student-run, faculty-supervised program in which students develop and refine skills used to prepare and try civil and criminal cases.
The heart of the program is LAW:9060 Trial Advocacy, a 2 s.h. course taught by law school faculty, federal and state judges, and experienced trial attorneys. Students are on their feet during most class sessions, practicing the arts of jury selection, opening statement, direct and cross examination, introduction of exhibits, use of expert testimony, and closing argument. The course culminates with a full-scale trial—from the filing of pretrial motions to the rendering of a jury verdict—conducted by student cocounsel before a visiting judge and a jury of laypersons.

The Stephenson Competition is named after Judge Roy L. Stephenson, a U.S. District Court and Eighth Circuit Court of Appeals judge and a 1940 graduate of the College of Law. Students who demonstrate superior ability in advocacy skills during the trial advocacy courses participate in a series of mock trials judged by local members of the bench and bar. Individuals selected from the competition represent the University of Iowa in the national trial competition.

**IOWA LAW REVIEW**

Since its inception in 1915, the Iowa Law Review has served as a scholarly legal journal, noting and analyzing developments in the law and suggesting future paths for the law to follow. Students have managed the review since 1935, editing and publishing articles by professors and students. The Iowa Law Review is published five times annually and is staffed by second-year student writers and third-year editors. Its subscribers include legal practitioners and law libraries throughout the world. The review also publishes the *Iowa Law Review Bulletin*, an online companion that features responses to the pieces published in the review. To learn more, visit the Iowa Law Review web site.

**JOURNAL OF CORPORATION LAW**

The *Journal of Corporation Law* is the nation's oldest and most cited student-published legal periodical specializing in corporate law. The journal's scope includes antitrust, intellectual property, labor law, securities, taxation, employment discrimination, insurance, products liability, and regulated industries, as well as traditional corporate topics. Selected articles submitted by practitioners and academics are published in each of four annual issues. Several student articles also are selected for publication. The journal enjoys a worldwide audience.

All students who have completed two semesters of class work are eligible to write for the journal. Students who have achieved third-year standing at the College of Law are eligible for selection to the journal's editorial board and may receive additional academic credit. They also may be eligible for a monetary stipend. See the Journal of Corporation Law web site.

**JOURNAL OF GENDER, RACE & JUSTICE**

The *Journal of Gender, Race & Justice* pushes the boundaries of legal scholarship and theory in its focus on social justice issues. The journal hosts a symposium at the College of Law every other year, bringing together nationally renowned legal scholars and practitioners to discuss the relationships among the law and race, gender, sex, sexual identity, economic class, ability, and other identity characteristics. The journal publishes an annual volume of legal works that includes symposium papers, papers from conferences outside the college, and articles written by Iowa law students. It also maintains a blog to promote discussion of issues related to its mission.

All students who have completed two semesters of law school, including transfer students, are eligible to write for the journal. Students who have completed the journal's student writer program or who have third-year standing at the College of Law are eligible to apply for a position on the journal's editorial board, which may provide a monetary stipend and academic credit. To learn more, visit the Journal of Gender, Race & Justice web site.

**TRANSNATIONAL LAW & CONTEMPORARY PROBLEMS**

*Transnational Law & Contemporary Problems* (TLCP) is published twice a year and is edited by Iowa law students. TLCP addresses issues and problems that transcend traditional political boundaries, that are of interest to the international and comparative law community, and that are not commonly found in other journals and reviews. One issue takes the form of a symposium addressing specific topics; this issue has a guest editor who is a legal scholar noted for his or her work on the symposium topic. The second issue is submission based. Every other year the journal organizes and sponsors a symposium on a contemporary international issue; past topics include climate change, the European Union's sovereign debt crisis, and war crimes.

Law students who have completed at least two semesters of law school may earn up to 2 s.h. of credit by writing for TLCP. Highly qualified students who complete the writing and secondary hour requirements may be chosen to fill an editorial position, for which they earn additional credit. They also may be eligible for a monetary stipend. For more information, visit the Transnational Law & Contemporary Problems web site.

**Joint J.D./Graduate Degrees**

The College of Law and the Graduate College offer several joint degree programs in which students work toward the J.D. degree and a graduate degree concurrently. The College of Law may allow students to count up to 12 s.h. of applicable credit earned in the graduate degree program toward both the graduate degree and the J.D. degree, providing that students earn the graduate credit after they enroll in the College of Law. The individual graduate programs determine how much credit earned for the J.D. degree may be applied to the graduate degree. Contact the College of Law dean of students or registrar to learn more.

Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the joint degree program. Applicants to graduate programs must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

The following academic units and programs have collaborated with the College of Law to offer joint J.D./graduate degree programs: the Tippie College of Business (p. 642) and its Departments of Accounting (p. 648), Economics (p. 664), and Management and Organizations (p. 682); and Master of Business Administration Program (p. 696); the Schools of Journalism and Mass Communication (p. 433) and Social Work (p. 572) and the Departments of American Studies (p. 44), Anthropology (p. 55), Chemistry (p. 135), English (p. 244),...
History (p. 377), Philosophy (p. 500), Political Science (p. 520), Religious Studies (p. 548), Sociology (p. 585), and Spanish and Portuguese (p. 596) (College of Liberal Arts and Sciences); the Departments of Educational Policy and Leadership Studies (p. 744) and Rehabilitation and Counselor Education (p. 774) (College of Education); the Schools of Library and Information Science (p. 946) and Urban and Regional Planning (p. 963) (Graduate College); the Carver College of Medicine (p. 1005); and the Department of Health Management and Policy (p. 1166) and the Master of Public Health Program (p. 1173) (College of Public Health). Other joint programs may be possible.

Many departments have advisors for their joint programs. For more information, consult the College of Law dean of students and the individual graduate programs.

Students in joint J.D./graduate degree programs pay tuition at the College of Law rate if the tuition is higher for the J.D. program than for the graduate program. An exception is made for students who are not enrolled in College of Law courses or in other courses that will be applied to the J.D. degree during a fall or spring semester or a summer session. Joint J.D./graduate degree students are charged tuition at the College of Law rate for at least six semesters.

**Master of Laws**

The Master of Law (LL.M.) is one degree program, but designed for two types of students:

Foreign-trained jurists who seek a comparative introduction to, and specific training in, aspects of United States law and legal institutions and a path to state bar admission. Students benefit from the College of Law’s legal analysis, writing, and research course, and core courses including contracts, property, torts, and professional responsibility. An extended orientation provides an introduction to United States law.

Foreign-trained jurists or graduates of J.D. programs in the United States who wish to deepen their understanding of law and are interested in research. The program encourages close collaboration with renowned experts in comparative law; anti-competition law; law and economics; law and society; international law, including the law pertaining to international business transactions and/or human rights; and business and innovation.

The LL.M. program admits fewer applicants so students receive substantial attention from the faculty; thus, admission is competitive. All applicants must present evidence of high academic potential and strong recommendations, especially from law professors who supervised their work in classes or seminars.

**Degree Requirements**

The LL.M. degree requires that students successfully complete a minimum of 24 s.h. of credit, as approved by their faculty advisor. The 24 s.h. are selected from the College of Law’s general course offerings and from LL.M.-specific courses.

**LEGAL PRACTICE TRACK**

This track is open to foreign-trained lawyers who do not have a J.D. earned in the United States. Students enroll in the LL.M. orientation to the U.S. legal system course taken in August before the start of the fall semester (2 s.h.); a course in professional legal writing, specifically designed for foreign-trained lawyers (2 s.h.); a course in professional responsibility (3 s.h.); and at least 6 s.h. of basic bar exam courses, such as contracts, torts, or constitutional law. This track is designed to qualify students to take the bar exam in states such as New York, Wisconsin, and California that allow a number of foreign lawyers to complete the bar exam.

**RESEARCH TRACK**

This track is open to both foreign-trained students with a J.D. degree and students who hold a J.D. degree earned in the United States. LL.M. students without a J.D. degree must take the LL.M. orientation to the U.S. legal system course in August before the start of the fall semester (2 s.h.). Students take the LL.M. seminar, a research and writing course in which they write a research paper on a topic chosen with the approval of their advisor (for at least 1 s.h.). This track is especially suitable for those seeking to enter into an academic career or one that primarily involves policy formulation or research.

Students who earned a J.D. in the United States and international students who have been trained in another common-law jurisdiction, whose English competence is sufficiently high, and who choose the research track are required to undertake a more ambitious research project (4 s.h.) intended to lead to the production of a publishable paper. Others suitably qualified also may attempt the longer research paper with their advisor’s approval.

With the exception of the LL.M. orientation course and the LL.M. writing courses (professional writing or research seminar), courses are taken with other J.D. students from law course offerings, especially offerings on U.S., international, and comparative law. This method of instruction ensures a very effective comparative experience through broad contact with U.S. law students and professors, and U.S.-trained students similarly benefit from close contact with foreign-trained lawyers.

**Master of Studies in Law**

The Master of Studies in Law (M.S.L.) degree is primarily intended to educate students and professionals in other fields who do not wish to practice law but who need to recognize and respond effectively to legal issues arising in their work. Individuals who have completed their B.A. or B.S. degree may choose to better position themselves in the job market. Others may be on an established career path but seek to increase their skill set and enhance mobility and promotion opportunities.

The degree program is flexible in content and structure to accommodate all students. Students may choose to pursue courses within a designated specialty track or to build their own customized track. Two specialty tracks include a business and innovation track and a law and public policy track. Alternatively, a student may choose, with law school approval, a customized track relating to a different area of substantive knowledge.

The M.S.L. program provides professionals with an overview of the legal system as a whole, as well as an introduction to some of the legal issues that they are likely to confront in their fields. Students take existing courses in the College of Law alongside J.D. students.

The degree may be completed in as little as one year of full-time study or in not more than four years of part-time
study. The M.S.L. program does not qualify graduates to practice law.

Degree Requirements
The Master of Studies in Law program requires 30 s.h. of credit. With law school approval, M.S.L. students may take up to 9 s.h. in related disciplines from other colleges across campus.

COMMON REQUIREMENTS
All students must take:
- LAW:8026 Introduction to Law and Legal Reasoning 1 s.h.
- One or more College of Law writing seminars, independent studies, or tutorials 2 s.h.
- Two of these (8 s.h.):
  - LAW:8017 Contracts 4 s.h.
  - LAW:8037 Property 4 s.h.
  - LAW:8046 Torts 4 s.h.

BUSINESS AND INNOVATION TRACK
This track provides invaluable education to those who work in science, technology, engineering, math, or business fields. It offers legal knowledge regarding patenting of technology, products, and other innovations; trademark branding and marketing strategies; and business formation and management. Students will be able to identify legal issues regarding intellectual property and business, avoid infringement liability, and know when to seek professional legal advice.

Business and innovation track students can select from these or other courses (consult with M.S.L. program director).
- LAW:8105 Administrative Law 3 s.h.
- LAW:8146 Antitrust Law 3 s.h.
- LAW:8301 Copyrights 3-4 s.h.
- LAW:8307 Corporate Finance 1-3 s.h.
- LAW:8331 Business Associations 3-4 s.h.
- LAW:8643 Introduction to Intellectual Property 3-4 s.h.
- LAW:8894 Trademarks and Unfair Competition Law 2-4 s.h.
- LAW:8954 Trademarks and Unfair Competition Law 2-4 s.h.

LAW AND PUBLIC POLICY TRACK
This track serves students interested in criminal justice, sociology, race issues, constitutional law, international law, and related fields.

Law and public policy track students can select from these or other courses (consult with M.S.L. program director).
- LAW:8010 Constitutional Law I 3 s.h.
- LAW:8022 Criminal Law 3 s.h.
- LAW:8105 Administrative Law 3 s.h.
- LAW:8280 Constitutional Law II 3 s.h.
- LAW:8362 Critical Race Theory arr.
- LAW:8570 Human Rights in the World Community 1-3 s.h.
- LAW:8751 Nonprofit Organizational Effectiveness I 3 s.h.
- LAW:8752 Nonprofit Organizational Effectiveness II 3 s.h.
- LAW:9528 Advanced Topics in International Law arr.
- LAW:9656 Topics in 19th-Century American Legal History arr.

CUSTOM TRACK
This track allows students the flexibility to design a curriculum that fits their needs.

Custom track students select from these or other courses (consult with M.S.L. program director).
- LAW:8105 Administrative Law 3 s.h.
- LAW:8158 Arbitration Principles and Practice 3 s.h.
- LAW:8159 Arbitration: Law and Theory 2-3 s.h.
- LAW:8186 Bankruptcy 3-4 s.h.
- LAW:8194 Basic Federal Income Taxation 3-4 s.h.
- LAW:8331 Business Associations 3-4 s.h.
- LAW:8421 Employment Law 2-3 s.h.
- LAW:8562 Health Law 2-3 s.h.
- LAW:8643 Introduction to Intellectual Property 3-4 s.h.
- LAW:8742 Negotiations 2-4 s.h.

Admission
Applicants must submit an application for admission; a short statement detailing their reasons for pursuing the M.S.L. degree; a current resume; official transcripts from all institutions students have attended; two letters of recommendation; and an official ACT, SAT, Graduate Record (GRE) General Test, Graduate Management Admission Test (GMAT), or Law School Admission Test (LSAT) score. International students whose first language is not English also must demonstrate English language proficiency by obtaining a satisfactory score on the Test of English as a Foreign Language (TOEFL).

Application materials are reviewed by the M.S.L. Faculty Oversight Committee.

Doctor of Juridical Science
The Doctor of Juridical Science (S.J.D.) program is intended for students who wish to conduct original and advanced legal research under faculty supervision. S.J.D. students are expected to write a dissertation of publishable quality making a significant and original contribution to legal scholarship. The dissertation should be a book-length manuscript or a series of related articles of equivalent intellectual ambition and scope.

Admission to the S.J.D. program will be granted only if a tenured member of the faculty of the College of Law is available and agrees to serve as the S.J.D. chair of a student’s dissertation committee. The S.J.D. chair and other members of the dissertation committee supervise and evaluate a student’s research and writing on the dissertation topic. S.J.D. candidates are responsible for maintaining contact with the S.J.D. chair and other members of the dissertation committee throughout the S.J.D. program with respect to the progress of their work.

In order to be admitted to the S.J.D. program, students typically first complete the LL.M. degree at the University of Iowa or a similar masters-level degree at another law school, either in the United States or at an English-language law school with academic standards equivalent...
to those of highly-ranked U.S. LL.M. programs. In appropriate circumstances, however, the admissions committee will consider applications from excellent students without an English-language master’s-level degree who wish to proceed directly to work on their S.J.D. degree.

**Degree Requirements**

Once students are admitted to the S.J.D. program, there are five requirements for earning the degree.

**YEAR OF RESIDENCY**

Doctor of Juridical Science students must spend at least one academic year (two semesters) in residence in the S.J.D. program at the College of Law. The course of study in that year differs depending on whether a student already has an LL.M. or an equivalent master’s-level degree.

Students who already have an LL.M. or equivalent master’s-level degree must complete 18 s.h. of credit during their first year of residency. They must enroll in the S.J.D. tutorial (5 s.h. each semester; 10 s.h. total) to conduct research and writing under the supervision of their S.J.D. dissertation committee. The work in the S.J.D. tutorial focuses on formulating a detailed dissertation proposal, beginning research for and writing of portions of the dissertation, and completing one or more chapters.

The balance of the required 18 s.h. will be earned on an honors/pass/fail basis through research and writing related to a student’s dissertation, supervised by the student’s S.J.D. chair. However, at the discretion of a student’s S.J.D. committee, some of the semester hours may be allocated to courses or seminars that the committee feels a student needs to strengthen his or her ability to write a successful dissertation. Those courses must be taken on a graded basis, if other students taking those courses are enrolled for the courses on a graded basis.

S.J.D. students who have not earned an LL.M. or J.D. degree or equivalent in a U.S. law school, but whose dissertation work may include U.S. law, may be required to take the College’s orientation course for foreign-trained lawyers. A student’s work in these honors/pass/fail courses shall be awarded as honors for all 18 s.h. if the work is judged by the student’s S.J.D. committee to be of a quality and quantity sufficient to justify promotion to S.J.D. candidacy. If it is not sufficient for promotion, but a student’s S.J.D. committee judges it to be of sufficient quality and quantity to justify the award of graduate credit, the student shall receive a pass for the 18 s.h. If a student’s S.J.D. committee does not find that the work meets that standard, the student shall receive a failing grade on all 18 s.h.

Students who do not already have an LL.M. or equivalent master’s-level degree must complete 24 s.h. of credit during their first year of residency. Students must complete 18 s.h. as indicated above. An additional 2 s.h. will apply for completion of an orientation to the U.S. legal system course for foreign-trained lawyers, unless a student has already earned a J.D. degree from a U.S. law school. A student also must enroll in the LL.M. seminar, a research and writing course during which a student writes a research paper on a topic distinct from S.J.D. thesis topic. At least 2 s.h. of credit is awarded; 4 s.h. if the student is a native speaker of English or has a J.D. degree from a U.S. law school. A student takes additional S.J.D. research and writing course work with the student’s S.J.D. chair as necessary so the student is registered for 12 s.h. each semester. The S.J.D. tutorial and independent research and writing credits are all be graded on the same honors/pass/fail basis as described above. Any other course work taken for credit is subject to the normal rules of the College of Law with respect to grading.

**ADMISSION TO CANDIDACY FOR THE S.J.D.**

Admission to S.J.D. candidacy is a formal step that must be achieved before a student has the right to continue in the S.J.D. program to complete a dissertation. The decision about admission to candidacy is determined by the student’s committee on the basis of the work done during the student’s year of residency in the program. In order to admit a student to candidacy, the committee must determine that the student’s work on the dissertation topic during the semesters of residency is of sufficiently high quality that it is reasonable to believe that the student is able to complete a publishable dissertation on the topic.

As part of the assessment process, the S.J.D. committee will hold an oral examination of the candidate. The oral examination is normally held toward the end of the student’s year of residency and focuses on the work that the candidate has completed on the dissertation, the candidate’s general knowledge and understanding relating to the subject matter of the dissertation, and the candidate’s further plans for completing the dissertation. If the committee is not able to admit the student to S.J.D. candidacy at the conclusion of the first year of residency, the committee may give an extension of up to one calendar year if it finds a sufficient basis to believe that the student likely will be able to satisfy the foregoing standard within that time. As part of that extension of time for further assessment, the committee may require the student to submit additional writing and/or to participate in a second oral examination.

**PRESENTATION OF DISSERTATION WORK**

Each S.J.D. student is required to make at least one substantive presentation of his or her dissertation work at a meeting of the S.J.D. tutorial to a specially constituted group of faculty, or in a public meeting, as arranged with the student’s S.J.D. committee.

**COMPLETION OF THE DISSERTATION**

Students admitted to S.J.D. candidacy are encouraged to apply for permission to continue their research and writing in the College’s Law Library if they can continue to stay in Iowa City, and such applications will normally be granted. However, students admitted to S.J.D. candidacy are free to complete the dissertation wherever they wish. In any event, they must continue to coordinate with their S.J.D. committee and continue to register each fall and spring semester as an S.J.D. candidate in the College.

Within five calendar years from the date of admission to S.J.D. candidacy, a student must complete the dissertation and have it approved by the S.J.D. committee. In order to approve the dissertation, the committee must determine that the dissertation is of publishable quality. If the committee believes that the work needs revisions or additions to bring it to the requisite level of quality, the committee may give the student an extension of time and the student must meet the deadlines set by the committee for the revisions.
**ORAL DEFENSE OF THE DISSERTATION**

Before the student’s S.J.D. committee decides whether to approve a student’s completed dissertation for award of the S.J.D. degree, the student must successfully defend the dissertation in an oral defense led by the student’s S.J.D. committee.

**Academic Recognition**

**Order of the Coif**

The Order of the Coif, a national legal honor society, has a chapter at the University of Iowa. The order is dedicated to scholarship and advancement of high ethical standards in the legal profession. Membership is drawn from the top 10 percent of the graduating class. Initiates are selected by the faculty after graduation.

**Prizes and Awards**

**Hancher-Finkbine Medallions** are awarded each year by the University to outstanding graduates; honorees are chosen from nominations made by University departments and colleges based on learning, leadership, and loyalty.

The **Philip G. Hubbard Human Rights Award** is presented each year by the University to recognize outstanding contributions to human rights and equal opportunity, as described in the University’s Human Rights Policy.

The **Willard L. “Sandy” Boyd Prize** is presented to a student who has demonstrated outstanding ability and creativity in the development of written legal scholarship.

The **Alan I. Widiss Faculty Scholar Award** is presented to a student who has made an especially outstanding and distinctive contribution to the development of written legal scholarship.

The **Randy J. Holland Award for Corporate Scholarships** is presented to a student who has written an outstanding scholarly paper in the area of corporate law.

The **Robert S. Hunt Legal History Award** is presented to a student who has written an outstanding scholarly paper in the field of legal history.

The **Judge William C. Stuart Award** is presented to a third-year student who ranks in the top 10 percent of his or her class and is recommended based on integrity and constitutional principles.

The **Innovation, Business, and Law Excellence Award** is given to two graduating students who have shown interest and excellence across disciplines of intellectual property, business law, antitrust and competition law, and health law and technology; or have done outstanding work in one innovation, business, and law subject matter area.

The **Donald P. Lay Faculty Recognition Award** is presented to a student who has made distinctive contributions to the College of Law’s cocurricular, community, or education programs.

The **Iowa State Bar Association Prize** is presented to a student who possesses the attitude, ability, and other qualities that indicate success as a future leader of the bar association.

The **Antonia “D.J.” Miller Award for Advancement of Human Rights** recognizes outstanding contributions by a student to the advancement of human rights in the law school community.

The **Dean’s Achievement Award** is presented each year to a student, who, through his or her achievements, has exemplified, promoted, or contributed to cultural, racial, or ethnic diversity in the law school.

The **National Association of Women Lawyers Award** is presented to a student who contributes to the advancement of women in society and women in the legal profession and who also has attained high academic achievement.

The **Erich D. Mathias Award for International Social Justice** is presented to a student who has made an outstanding contribution or demonstrated commitment to attaining international social justice.

The **John F. Murray Award** recognizes the student with the highest academic standing in the graduating class.

The **Russell Goldman Award** recognizes the student who has demonstrated the most improved academic performance after the first year.

The **Iowa College of Law Appellate Advocacy Award** is presented to a student for outstanding achievement in and service to the appellate advocacy program.

The **Iowa Academy of Trial Lawyers Award** is presented to a student for outstanding achievement in the Roy L. Stephenson Trial Advocacy Competition.

The **International Academy of Trial Lawyers Award** is presented to a student who has demonstrated distinction in trial advocacy skills.

The **Michelle R. Bennett Client Representation Award** recognizes outstanding service in the college’s clinical law programs.

The **ABA/BNA Award for Excellence in the Study of Intellectual Property** is presented to a student who has demonstrated excellence in the study of intellectual property law.

The **American Bankruptcy Institute Medal for Excellence in Bankruptcy Studies** is presented to a student who has demonstrated excellence in the field of bankruptcy.

The **Awards for Outstanding Scholastic Achievement** are awarded each year to students for outstanding performance in both the academic and cocurricular programs of the College.

**Student Organizations**

Link to the student organizations’ web sites on the college’s Journals & Student Groups web page.

The **American Constitution Society (ACS)** is a nonpartisan organization whose goal is to foster discussion of important issues of law and policy.

The **American Health Lawyers Association** is dedicated to improving health care law.

The **Asian Pacific American Law Students Association** (APALSA) seeks to promote the field of law among Asians and encourage Asians to enter the field; to improve legal services to Asians; to assist Asians in legal matters; and to educate Asians in the social and ethical obligations of the law.
The Iowa chapter of the Black Law Students Association (BLSA) focuses on the relationship of black attorneys to the American legal structure and works to foster an attitude of professional competence. BLSA strives to promote the needs and goals of black law students, instill a greater awareness among law students of the needs of the black community, and encourage a greater commitment toward meeting those needs. The chapter seeks involvement in the local community and in recruitment programs. Membership is open to all students who support the association’s goals.

The Christian Legal Society maintains a Christian law fellowship at the College of Law whose mission is to enable its members to love their Lord and to love their neighbors as themselves.

The Environmental Law Society provides an educational forum for environmental law topics. During spring semester, the organization sponsors a lecture series featuring professors and experts in environmental law. The group also provides limited legal research and counseling services for attorneys, organizations, and citizens who have questions concerning environmental law. Membership is open to all College of Law students.

The Equal Justice Foundation (EJF) supports public interest law concerns, with emphasis on promoting equal access and adequate representation in the courts and other forums for citizens and citizens’ groups. The University of Iowa chapter's professional activities are aligned with those of the national organization. They include work in varied legal activities statewide; College of Law activities, including coordination with other student organizations to provide the college with a better public interest support base; promotion of public interest career opportunities; and provision of information about public interest activities and concerns. Membership is open to all College of Law students.

The Federalist Society fosters critical thought and debate about the application of conservative and libertarian principles to the law. Its mission is to promote, advocate, and defend its founding principles and further their application through its activities, which are aimed at reordering the legal system's priorities to place a premium on individual liberty and the rule of law, and restoring recognition of those principles among law students, faculty members, lawyers, and judges.

The Intellectual Property Law Society (IPLS) promotes exploration of traditional areas of intellectual property law (patent, trademark, copyright) and related areas such as antitrust and entertainment law. The society provides a forum for faculty and student discussion of contemporary issues relating to intellectual property law and its practice; fosters interaction between law students and intellectual property law practitioners through a mentor program that pairs members with intellectual property law practitioners; and offers symposia. All members of the University community are welcome to attend a Society meeting or symposium.

The International Law Society aims to increase student and faculty awareness of international law and related issues. The society's brown bag lunch lecture series and annual spring conference expose students and faculty to a wide variety of contemporary legal issues surrounding the study and practice of international law. Members also work to support the activities of the University of Iowa Center for Human Rights; promote the Iowa-Arcachon, France, summer program in comparative and international law; participate in the annual Philip C. Jessup International Moot Court Competition; and bring together faculty members and students who share an interest in international affairs.

The Iowa Student Bar Association (ISBA) acts as the College of Law's student government. Governed by an executive council, the association provides a collective voice for the student body and a source of organization and funding for a variety of college activities and programs. Law students may get involved with the association by serving as class representatives or on faculty-student committees, which deal with admissions, curriculum, financial aid, placement, and so forth. The association presents speakers, sponsors events with other organizations, publishes a newsletter, and sponsors social events. Its legal guardian program assigns entering law students to upperclass students, who provide encouragement and information.

The J. Reuben Clark Law Society emphasizes three basic values and attitudes toward the practice of law and the place of law in modern society: public service, loyalty to the rule of the law and the Constitution of the United States, and appreciation for the religious dimension in American society and in lawyers' personal lives.

The Jewish Law School Association (JLSA) strives to provide social, educational, religious, political, cultural, and professional resources and opportunities for all Jewish law students at Iowa. The society educates and involves its members in the social, moral, and ethical obligations of the profession; plans and implements programming to facilitate a sense of community among Jewish law students; and raises awareness of Jewish cultural and educational issues at the college.

The Latino/a Law Student Association (LLSA) promotes viable changes within existing legal institutions in order to develop constructive legal and community programs, produce competent and effective Latino and Latina attorneys, and utilize available resources—activities necessary to safeguard and advance the rights and opportunities of oppressed peoples. To achieve these goals, LLSA recruits for the law school. LLSA’s philosophy is that national unity is fundamental for the collective awareness needed to bring about progressive policies in legal education. The association welcomes all students.

The Middle Eastern Legal Student Association (MELSA) aims to increase student and faculty awareness of issues pertaining to the Middle East and how they affect the legal profession.

The Military and National Security Law Society educates and informs Iowa law students about the practice of military and national security law.

The Native American Law Students Association (NALSA) promotes awareness of legal, political, cultural, and social issues that affect Native Americans, Alaskan Natives, Native Hawaiians, and other indigenous peoples. NALSA also seeks to promote the study of federal Indian law and provides a forum for the exploration of issues in tribal sovereignty, natural resources, family law, trust obligations, and cultural identity.

The Organization for Women Law Students and Staff (OWLSS) aims to address the changing needs and problems of women in the legal profession and to develop, recommend, and implement new programs, especially those that meet the needs of women at the
College of Law. It also sponsors programs of interest to the general law school community. OWLSS has sponsored fall recruitment of prospective women law students, a safety-in-numbers program, brown bag lunches with guest speakers, sponsorship of members to the annual National Women and the Law Conference, a support network, a regular newsletter, and joint programs with women student groups in medicine and dentistry. Membership is open to all College of Law students, faculty members, and staff members.

The Outlaws provides a common forum for gay, lesbian, bisexual, and transgendered persons interested in the law, and promotes a climate of mutual support, protection, and professional advancement. Membership is open to all College of Law students and faculty members.

Founded in 1902, Phi Alpha Delta (PADS) is the nation’s oldest and largest law fraternity. It was the first law fraternity to remove membership restrictions based on race, color, creed, national origin, and grade-point average. Iowa’s Hammond Chapter was established in 1908 and became the first PADS chapter to accept students of all races and religions. It participates in fundraisers and other service projects to benefit local and national service organizations. Membership is open to all College of Law students.

Phi Delta Phi (PHIDS) promotes the highest standards of ethics and professionalism in law schools and the legal profession. Since its establishment in 1869, the fraternity has initiated more than 200,000 members. It has more judges, American presidents, governors, senators, representatives, and cabinet members among its membership than does any other legal fraternity.

The Pro Bono Society exists to reinforce the value of public service and volunteerism in the legal profession. Membership in the Pro Bono Society is earned through objectively measured activities during the academic year. Iowa law students who complete and report 15 hours of voluntary public service in each of two consecutive semesters are considered for membership. Time donated to a charitable or public service cause, which may be law-related or not, is considered voluntary public service; the requirement is interpreted broadly, so that students may volunteer in an area of interest to them. Members receive a certificate of membership and are invited to attend the annual recognition dinner. The society is a project of the Iowa Student Bar Association.

The Sports Law Society connects College of Law students interested in sports law with professionals in the sports industry. Membership is open to all College of Law students.

Admission

Undergraduate Education and Law School

Applicants for admission to the University of Iowa College of Law must complete all requirements for the baccalaureate degree before beginning law school (except students participating in the college's early admission program; see "Undergraduate 3+3 Admission" below). In addition, the baccalaureate degree must be earned from an undergraduate institution that is accredited by an accrediting agency recognized by the U.S. Department of Education. This is in line with standards set by the American Bar Association, the college's primary accrediting agency.

Fulfillment of the basic requirements does not guarantee admission. The College of Law Admissions Committee selects applicants it deems best able to help the college fulfill its primary mission of providing a high quality legal education in a diverse and stimulating environment and preparing students to serve as leaders in their professional and civic communities. Some additional consideration is given to applicants who are residents of Iowa.

The services that College of Law graduates are called upon to perform are so varied, and the possible fields of endeavor so broad and diverse, that the college prescribes no uniform undergraduate program for those planning to enter law school. With the assistance of faculty advisors, each student should develop an undergraduate program that explores and develops that student’s particular intellectual interests. Reading, writing, research, public speaking, critical thinking, and a healthy respect for the historical perspective are important academic skills for students considering law school.

Iowa strongly endorses the three basic objectives recommended by a committee of the Association of American Law Schools: education for comprehension and expression in words; education for a critical understanding of the human institutions and values with which the law deals; and education for greater power in thinking. Anyone thinking of attending law school should keep these objectives in mind while planning an undergraduate course of study.

The association’s recommendations emphasize that undergraduate education of students for a full life through liberal education is far more important than education directed too pointedly toward later professional training and practice. Students are urged not to sacrifice broad perspective for detailed specialization.

Undergraduate 3+3 Admission

The college has approved a "3+3" admissions program in which undergraduate students enrolled at participating academic institutions and departments in Iowa may enter law school after their junior year of undergraduate study, with the first year of law school completing the requirements of the baccalaureate degree. Contact the College of Law Office of Admissions for more information.

Selection of Applicants

The college uses multiple criteria in evaluating applicants for admission. Part of the entering class is admitted under a "presumptive admit" process, in which the faculty admissions committee admits students primarily, but not solely, on the strength of their numbers, namely the cumulative undergraduate grade-point average and LSAT score (see "Law School Admission Test" below). Before admission offers are made, each applicant's complete file is reviewed to ensure that the overall record suggests the applicant’s suitability for admission, in keeping with the primary mission of the law school.

Although undergraduate academic record and performance on the LSAT are both important admission criteria, the college recognizes that in some circumstances they do not accurately reflect an applicant’s potential to succeed in the study of law, develop skills as a leader, enrich the learning environment of his or her fellow students, and serve the public interest as a lawyer.

Any student considering law school should keep these objective measures in mind while planning an undergraduate course of study.
To evaluate applicants' total suitability for admission, the college has developed a “numbers-plus” admissions policy, under which each entering class is admitted. Under the “numbers-plus” policy, undergraduate record and LSAT scores are supplemented by nonquantifiable factors that may provide insight to an applicant's overall potential for success in the study and practice of law.

For example, an applicant who can substantiate that his or her standardized test scores are not predictive of academic performance in law school may receive proportionately greater consideration from the committee for his or her grade-point average. Other factors the committee may consider include special academic or professional abilities not reflected in the grade-point average, disability or serious health factors that affected prior academic performance, extracurricular activities, exceptional school-year work commitments due to family financial circumstances, postbaccalaureate academic success (including graduate study), law-related employment experience, public service commitment, leadership in groups historically underrepresented in the legal profession, educational or socioeconomic disadvantage, native language other than English, unusual motivation or perseverance in overcoming obstacles to law study, and any other information the committee considers relevant to the applicant’s potential for law study.

Candidates who wish to bring such factors to the committee's attention may do so by including addenda and other documentation with their applications.

Entrance Date

Admission is for fall semester classes, which begin in August. Applications are accepted beginning September 1 of the year before admission, with an application deadline of April 1 in the year of admission. Because the college has a rolling admissions process, applicants are encouraged to submit their applications as early as possible. There is no application fee.

For additional information, visit the College of Law Office of Admissions web site, which provides the office's e-mail address and other contact information, and see the Iowa Graduate Admissions web site.

Application Process

CAS REPORT AND TRANSCRIPTS

The University of Iowa College of Law participates in the Credential Assembly Service (CAS). Applicants must register for this service through the Law School Admission Council (LSAC); foreign-educated applicants are exempt from this requirement. Prospective law applicants can find the information they need to complete their application for admission to the law school in the council's free annual publication, Law School Admission Information Book, and on LSAC's web site. It takes approximately one week from the time the College of Law requests the CAS report until it arrives.

Applicants whose fall course work does not appear on the Credential Assembly Service report should send an official transcript of that course work to CAS.

Applicants are responsible for submitting an official transcript from each college or university they have attended to Law School Admission Council, Box 2000, Newtown, PA 18940-0998.

Each applicant's undergraduate institution must forward the applicant's class rank or the grade distribution for the applicant's class to the College of Law, if such information is available. Information about class rank is helpful in the application process, but not required. Currently enrolled or former University of Iowa students need not provide this information.

Before classes begin, every applicant who accepts admission to the College of Law must file official transcripts showing conferral of degree with the University's Office of Admissions.

LETTERS OF RECOMMENDATION

The college requires applicants to submit at least two, but not more than three, letters of recommendation. Recommendations from professors or others who can comment on the candidate's critical thinking, writing skills, and potential for success in law school are particularly welcome.

The college participates in the Letter of Recommendation Service offered by the Law School Admission Council. A letter of recommendation form can be downloaded on the council's web site. Individuals writing letters of recommendation should send their letters, with the required forms, to Law School Admission Council, P.O. Box 8508, Newtown, PA 18940-8508.

LAW SCHOOL ADMISSION TEST

Applicants for admission must take the Law School Admission Test (LSAT). The test is given several times each year and may be taken at numerous locations in the United States and abroad. Test application forms may be obtained from the Law School Admission Council.

Applicants are urged to take the test no later than the February preceding the fall semester for which they are applying. Applicants' LSAT scores may not be available until approximately four weeks after their test date.

The June test date is the last one that the admissions committee can consider for applicants requesting admission the following fall. Scores more than five years old are not accepted.

Applicants whose first language is not English must take the Test of English as a Foreign Language (TOEFL) or the International English Testing System (IELTS) exam.

DEFERRALS

Admission is for the year of application; deferrals are granted only in extraordinary circumstances.

DEPOSIT UPON ACCEPTANCE

All applicants accepting an offer of admission must make a nonrefundable deposit of $250 (U.S.). Fall entrants accepted before March 15 must submit the deposit by April 1; those accepted after March 15 have two weeks to submit the deposit.

Fall entrants must pay a second nonrefundable deposit of $150 (U.S.) by June 1.

For those who enroll, the deposit is credited toward tuition and fees. All accepted applicants, including recipients of scholarships, fellowships, and loans, are required to pay the deposit. Applicants who fail to make the deposit by the specified time forfeit their place in the entering class.
Financial Support

The College of Law administers its substantial scholarships and fellowships to advance the goals of its selective admission policy and to provide access to legal education for the talented and diverse students admitted to the college. Inquiries regarding financial aid should be directed either to the College of Law Office of Financial Aid or the University of Iowa Office of Student Financial Aid (financial-aid@uiowa.edu). Information is subject to change without notice.

Application for Financial Aid

Eligibility for federal loans is based on need established by completion of the Free Application for Federal Student Aid (FAFSA) and the required supporting documents. The University of Iowa School Code is 001892. It is important to complete the FAFSA as soon as possible after January 1, since some financial aid is subject to the availability of funds.

Although scholarship and fellowship awards are not made until after applicants are admitted to the College of Law, applicants should not wait for the notice of admission before filing the FAFSA. Admitted students who provide the required documents (see Financial Aid Checklist) receive an e-mail instructing them to access their award notification on ISIS.

Applicants are urged to investigate other sources of aid. The UI Office of Student Financial Aid lists some scholarship sites on its Scholarships page.

MERIT SCHOLARSHIPS

These awards are based on academic achievement. Awards range from $500 to full tuition, with a research-assistantship component in upper-level years. Renewal for the second and third year of merit scholarships requires that the scholarship recipient remain in good academic and professional standing at the College of Law. Good academic standing requires a cumulative g.p.a. of at least 2.10. Good professional standing requires ethical and responsible conduct as a member of the law school community in accordance with University of Iowa and College of Law policies.

IOWA LAW SCHOOL FOUNDATION SCHOLARSHIPS

The College of Law enjoys a robust scholarship program due in part to the Iowa Law School Foundation. Recipients of UI Law Foundation scholarships learn about the people and funds behind their scholarships and are asked to write a letter of thanks to donors.

LAW OPPORTUNITY FELLOWSHIPS

The College of Law is committed to affording opportunities for legal careers to persons historically underrepresented in the legal profession. The Law Opportunity Fellowship Program (LOF) was established by the University to provide access to law school for students from groups and backgrounds historically underrepresented within the legal community. Among the criteria considered in awarding the fellowships are educationally and/or socioeconomically disadvantaged backgrounds, leadership potential, academic merit, and need. Awards may be up to full nonresident tuition for three years and the opportunity to hold a research assistant position for the second and third years. To receive LOF awards, students must apply for financial aid each academic year and submit all of the required forms as soon as possible after January 1 for the next academic year. Good academic standing requires a cumulative g.p.a. of at least 2.10. Good professional standing requires ethical and responsible conduct as a member of the law school community, in accordance with University of Iowa and College of Law policies.

RESEARCH ASSISTANT POSITIONS

Research assistantships are available with many faculty members; eligibility is limited to second- and third-year students. Quarter-time research assistantships (10 hours per week) affect the tuition rate of a nonresident student, so that assessment is at the resident tuition rate, altering the student’s financial aid package. Visit Research Assistantships on the college’s web site for more information.

UI PART-TIME EMPLOYMENT

The University offers a variety of part-time employment positions for students. These part-time jobs do not require an application for financial aid. For more information, visit Part-Time Hourly University Employment on the UI Office of Student Financial Aid web site.

FEDERAL WORK-STUDY PROGRAM

The federal Work-Study Program provides need-based employment opportunities for a limited number of students in their second and/or third year at the College of Law. Participation in the Work-Study Program reduces a student’s William D. Ford Federal Direct Loan eligibility. Students must demonstrate financial eligibility for the Work-Study Program through the FAFSA and its required documents. See Work-Study Employment on the UI Student Financial Aid web site.

Loans

All admitted students who file the FAFSA and required supporting documents are considered for the Federal Perkins Loan and the William D. Ford Federal Direct Loans.

FEDERAL PERKINS LOAN

The Federal Perkins Loan is a low-interest loan based on exceptional financial need. Interest does not accrue and payments are not required until the student is no longer enrolled at least half-time in school.

FEDERAL DIRECT FORD/STAFFORD LOANS, FEDERAL GRADUATE/PROFESSIONAL PLUS LOANS

The Federal Direct Ford/Stafford Loans (unsubsidized) and the Federal Graduate/Professional PLUS Loans are funded by the federal government. The two loan programs have different interest rates and interest subsidies based on annual maximum loan amounts. Interest on the Unsubsidized Direct Stafford Loan and Graduate/Professional PLUS Loan accrues while a student is in school, but principal and interest payments may be deferred while a student is in school. Eligibility for the Graduate/Professional PLUS Loan also includes a determination that the applicant does not have adverse credit history. See Loans on the College of Law web site.

The College of Law administers substantial scholarships and fellowships to advance the goals of its selective admission policy and to provide access to legal education for the talented and diverse students admitted to the college. Inquiries regarding financial aid should be
directed to the College of Law Office of Financial Aid or the University of Iowa Office of Student Financial Aid. Information is subject to change without notice.

**Academic Rules and Procedures**

**Academic Advising**
The *senior associate dean* works with the dean on academic programs and issues of the law school.

The *associate dean for student affairs* provides academic advice and counseling to students; advocates for student concerns; offers information and makes referrals for students with professional, personal, or family problems; facilitates operation of the student discipline system; and arranges reasonable accommodations for disabled students. The associate dean for student affairs also advises law students pursuing combined degrees in University of Iowa graduate programs and serves as the liaison with those programs.

Each year one or two tenured faculty members are selected by the Iowa Student Bar Association to serve as College of Law ombudspersons. Students who have a problem or grievance should seek an ombudsperson's help. All complaints are handled in strict confidence.

The College of Law *registrar* is in charge of student record keeping and should be students' first recourse for information about course enrollment, scheduling, joint degree program status, registration, grades, student certification for state bar applications, and progress toward graduation.

A *faculty committee* reviews and makes proposals for policies affecting students. It considers the college's efforts to recruit and provide services for students, including nontraditional students and those from disadvantaged backgrounds. It provides policy guidance and general oversight for the college's career services and its Academic Achievement Program, and it coordinates and reviews the college's methods for providing academic and curricular counseling to students. The committee also advises the dean on curricular counseling for students.

**Transfer Credit**

No more than 28 s.h. may be transferred to Iowa from another law school. To qualify for transfer credit, courses must have been completed at a law school accredited by the American Bar Association. Grades received at another law school are not counted in calculating the cumulative grade-point average.

**Courses Taken Before Admission to the College of Law**

Students may not count toward the J.D. any credit they earned in courses they took before matriculating at the College of Law, with the exception of transfer students from other law schools.

**Courses Taken Outside the College of Law**

Students who take courses outside the College of Law must first obtain permission from the dean of students. If a course is restricted on ISIS (Iowa Student Information Services web site), a student also must obtain the instructor's permission.

Students not enrolled in a joint degree program may apply toward the J.D. a maximum of 6 s.h. earned in courses outside the College of Law and/or through cocurricular work. Such courses are approved only if they contribute directly to the professional competence of an attorney or broaden a student's understanding of law, the legal process, or any particular legal subject. More information about limitations on accreditation of non-College of Law courses is available from the dean of students.

**Transfer of Credit after Admission**

With the permission of the associate dean, enrolled students may receive credit for courses taken and passed at other law schools accredited by the American Bar Association, up to a maximum of 34 s.h. Courses are shown on a student's transcript as credit for the designated semester hours. Grades received at another law school are not counted in a student's weighted cumulative grade-point average.

**Grading Policy**

The College of Law uses a numbering system for grading. A numerical grade is assigned to each student in each course, except as otherwise provided (e.g., for courses graded pass/fail, for courses that continue the following term, for grades of incomplete). Grades are recorded in the University's permanent record.

The highest grade awarded at the College of Law is 4.3, the lowest 1.5. No academic credit is given for grades below 1.8 or for grades of "fail."

Numerical grades may be translated into a letter grade as follows.

- 4.3-4.2 = A+
- 4.1-3.9 = A
- 3.8-3.6 = A-
- 3.5-3.3 = B+
- 3.2-3.0 = B
- 2.9-2.7 = B-
- 2.6-2.4 = C
- 2.3-2.1 = C-
- 2.0-1.8 = D
- 1.7-1.5 = F

Professors may disenroll students for cause or reduce grades for inappropriate academic conduct, for example, plagiarism. Such measures are subject to appropriate due process.

A student who fails a required course must repeat the course, with a different professor if possible. Both enrollments and both final grades earned in the course will appear on the student's transcript and will be included in the calculation of the student's grade-point average. A student who earns a grade lower than 2.1 in the retaken course is referred to the Retention Committee.

A student who fails a nonrequired course may repeat the course with the permission of the associate dean. The grade on the retaken course is recorded as pass (P) or fail (F) and is not used in computing the student's cumulative grade-point average. To receive a P in a course that is retaken, the student must earn a grade of 2.1 or higher.
Pass/Fail Grades
Credit for certain courses is offered only on a pass/fail (P/F) basis. In the case of a failing academic performance in a pass/fail course, the faculty supervisor or instructor may assign a failing numerical grade, i.e., between 1.7 and 1.5. Individual faculty members may allow students to withdraw from a course rather than receive a failing grade.

Miscellaneous Grading Marks
Marks other than pass, fail, and numerical grades are as follows.
Registered (R) indicates that a student has completed the first half of a year-long program, such as a seminar or journal, for which a grade cannot be assigned until the second half of the program has been completed.
Withdrawn (W) carries no course credit and is not used in computing the cumulative grade-point average.
Incomplete (I) carries no course credit toward a degree until it is changed, nor is it used in computing the cumulative grade-point average. A mark of I may be reported only in exceptional cases and only if the unfinished part of the work is small and is unfinished for reasons acceptable to the instructor, and if a student’s standing in the course is satisfactory. Students remove an incomplete by completing the unfinished work during their next period of residence.

Class Ranking
Students in the top 10 percent in each class may be informed of their exact rank; grade-point averages at the 12.5 percentile and 37.5 percentile are posted. Students are ranked following the fall semester and spring semester each year. Final class standing is determined each August and is available in September. It includes students who completed all graduation requirements in August, May, and the previous December. For purposes of ranking underclass students, the same system is used, based on the expected graduation date.

Release of Transcripts
A student’s grades are not given to persons outside the College of Law, including prospective employers, without written permission of the student.

Class Attendance and Preparation
Students must attend classes regularly and punctually. They must be prepared to participate in class discussions. A student may be dropped from a course or failed, at the discretion of the instructor, for excessive absence or for repeated lack of adequate preparation. In addition, students are expected to attend special class meetings and be punctual in submitting course assignments, in accordance with ABA Standard 304(d).

Examination Policy
One examination is given in each course, with few exceptions. Before taking exams, each student is assigned an identification number to ensure anonymity in grading. Students must write their examination number on any materials that are distributed at the start of the examination and collected at its conclusion. The instructor submits a grade for each identification number, which is kept on file for two years at the College of Law.

To preserve anonymous grading, students must not identify themselves and must not place their name on the examination answer or other materials that the instructor might see. They also may not discuss the examination with the instructors until the exam has been graded and the grades released. Students who have questions should pose them to a proctor during the examination or to the College of Law dean of students or registrar after the exam.

Students may be offered the option of taking some exams on their personal laptops. Each course’s instructor determines whether this option is available for his or her specific course. Students who choose this option must purchase and use special exam-taking software available through the College of Law.

Students who have more than one examination scheduled for the same day, two consecutive exams (i.e. Wednesday afternoon, Thursday morning), or exams four days in a row may schedule a make-up time for one of the exams. Students who have exams three days in a row may reschedule one only with permission of the instructor.

Students are expected to take the exam on the next regularly scheduled makeup date immediately following the regularly scheduled exam. Whenever possible, the dean sets aside one to three days as an upperclass study period between the end of regular classes and the first regularly scheduled upperclass exam. See the College of Law Student Handbook for all policies related to examinations.

Exam Accommodations for English Language, Physical, or Medical Reasons
A student who is at a substantial disadvantage in taking an exam within the specified time limit because he or she does not have English as a primary language or because he or she has a physical or recognized medical disability may be granted additional time to complete the exam commensurate with the extent of the disadvantage. A student seeking such additional time must make a request to the dean of students by the deadline announced each semester, unless the disability comes into existence after that deadline has passed, stating the nature of the disability and the examination(s) for which the student seeks additional time.

An undergraduate degree from an English-language college or University is considered prima facie evidence that the student is not qualified to be granted extra exam time due to not having English as a primary language. When additional time is granted, it generally is reduced each semester as the student becomes more proficient in English.

Program Accommodations for Students with Disabilities
The College of Law is committed to making all of its programs, activities, and services accessible to students with disabilities. In compliance with the Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973, it strives to provide equal access to all academically qualified students and does not discriminate against students on the basis of disability. The college provides reasonable accommodations to students with disabilities, commensurate with the nature and extent of the disability and consistent with federal law, state law, and policies of the University of Iowa and the
College of Law. Students may request accommodations for any University of Iowa sponsored curricular, cocurricular, or extracurricular program, including those in the College of Law.

The College of Law’s cocurricular and extracurricular programs include, but are not limited to, Appellate Advocacy I, Trial Advocacy Board, the Iowa Law Review and its editorial board, Moot Court Board, Advanced Moot Court Competition, Van Oosterhout-Baskerville Moot Court Competition, National Moot Court Competition, The Journal of Corporation Law and its editorial board, Transnational Law & Contemporary Problems and its editorial board, The Journal of Gender Race & Justice and its editorial board, Jessup International Moot Court Competition, and Jessup International Law Moot Court team.

Withdrawal and Leave of Absence
First-year students who withdraw during the academic year or who fail to reenroll for the second semester must apply for reentry to the College of Law. They must compete with other applicants for a place in the first-year class for the year in which they wish to return. For each readmission application, the reason for the withdrawal and the quality of work done before withdrawal or failure to reenroll is considered. For admission purposes, individuals who have earned fewer than 27 s.h. of credit at the time of withdrawal or failure to reenroll are considered first-year students.

Second- and third-year students who fail to enroll for any semester during the academic year and who have not been granted a leave of absence by the dean of students must obtain permission from the Admissions Committee if they wish to reenroll. Requests for permission to reenroll must be submitted no later than 90 days before the beginning of classes for the semester or summer session in which a student seeks to reenroll.

The dean of students may grant a second- or third-year student a leave of absence for up to one year, if the student shows good cause. First-year students may be granted leaves of absence only under extraordinary circumstances, such as a medical or family emergency, or as a reasonable accommodation for a disability.

Students who withdraw from the College of Law after they have paid tuition are entitled to a pro rata refund of that tuition depending on the effective date of their withdrawal. Consult with the college’s Office of Financial Aid for details.

Student Conduct
Students are expected to act in a manner appropriate at a professional school. An act or omission that is dishonest or designed to take unfair advantage may subject a student to sanctions as serious as expulsion from school. Misconduct policies and procedures are published annually in the College of Law Student Handbook.

Research Centers and Programs
Participation in research centers and outreach programs is an important part of the College of Law’s service to professional and civic communities. The college was home to the nation’s first agricultural law center. Since that center’s closing, several new centers and institutes have been founded in diverse fields such as health law and policy, human rights law, not-for-profit entities, public affairs, and public international finance. These programs enjoy increasing national and international recognition for their specialized research projects and service activities. Several have enjoyed success in attracting competitive grants from state, federal, and private sources.

Innovation, Business, and Law Center
The Innovation, Business, and Law Center is an interdisciplinary teaching and research venture that brings together faculty members who teach and study problems of business, technology, innovation, regulation, and legal policy from diverse perspectives. The center’s purpose is twofold: first, it offers an innovative curriculum and outstanding legal training in areas pertaining to government regulation of entrepreneurship, innovation, and management of resources; second, it encourages creative individual and collaborative interdisciplinary research in these areas.

Institute of Public Affairs
The Institute of Public Affairs provides services and information to help maintain and strengthen the effectiveness of Iowa’s local governments. The institute facilitates goal setting and strategic planning, educational programs and information, professional development, and public management assistance, and offers information and publications, outreach, and linkage with other University programs and activities. The Institute provides training for newly elected mayors and council members through a municipal leadership academy and publishes the Iowa Municipal Policy Leader’s Handbook for city officials. It also holds the annual Iowa Municipal Management Institute, a professional development conference for city and county managers and administrators in Iowa.

Larned A. Waterman Iowa Nonprofit Resource Center
The Larned A. Waterman Iowa Nonprofit Resource Center offers information and assistance from across the University of Iowa to help Iowa’s charitable nonprofit organizations become more effective in building their communities.

Law, Health Policy & Disability Center
The Law, Health Policy & Disability Center is a leader in law, technology, education, and research focused on improving the quality of life for persons living with disabilities. Based at the University of Iowa College of Law, the center concentrates on public policy and its impact on persons with disabilities, emphasizing employment, self-determination, and self-sufficiency.

National Health Law and Policy Resource Center
The National Health Law and Policy Resource Center, founded in 1981, promotes laws and public policies that foster and facilitate accessible, affordable, and quality health services and related services for all Americans, particularly members of vulnerable and disadvantaged populations. The center provides a nonpartisan forum for informed dialogue between academics, practitioners, and public policy makers based on the best available data and information about important health law and policy issues.

University of Iowa Center for Human Rights
The University of Iowa Center for Human Rights was founded in 1999 as an outgrowth of the University's year-
long commemoration celebrating the 50th anniversary of the Universal Declaration of Human Rights. Based in the College of Law, the center engages in human rights teaching, scholarship, and public engagement.

Facilities and Resources

Boyd Law Building

The Willard L. Boyd Law Building, completed in 1986, exemplifies Iowa's continuing commitment to legal education and the legal profession. The building's large, circular structure reflects the special character of the Iowa law school and allows the college to operate in a physical environment in which every square foot of space is designed to promote the college's academic and professional programs.

Among the building's facilities are classrooms, the Levitt Auditorium, the Law Library, faculty and administrative offices, offices for the college's cocurricular programs, meeting rooms, a bookstore, and a cafeteria. The renovated suite for the college's clinical law programs functions as a teaching law firm, offering ease of access, usability, and visibility. Student and faculty lounges and faculty offices are located on the same floor, encouraging student-faculty interaction.

University of Iowa Law Library

The centerpiece of the Boyd Law Building is the University of Iowa Law Library. The Law Library has one of the most comprehensive collections of legal materials in the country, containing more than 1.3 million bound volumes and microform equivalents and more than one million separately cataloged titles as of July 2014. A particular strength of the library is its collection of U.S. legal materials. The Law Library also holds an exceptionally strong collection of materials in foreign, comparative, and international law, including a print collection comprising approximately 280,000 volumes and over 1,500 serials and subscriptions.

The library's extensive collection of electronic resources is accessible both on and off campus via its web site. The library provides access to numerous comprehensive legal databases, such as Westlaw, Lexis, and Bloomberg Law, in addition to many specialized legal databases. The Law Library's print and electronic legal collections are reflected in the University of Iowa Libraries' online catalog InfoHawk.

The Law Library is open 106 hours a week during the regular academic year. Study carrels, large tables, and casual seating are located throughout the library, in addition to wireless Internet access and electrical outlets. The Reference Desk is staffed seven days a week by experienced reference librarians, who assist with a wide range of questions.

Writing Resource Center

The Writing Resource Center serves as an extension of the classroom and of the required first-year LAW sequence, LAW:8032 Legal Analysis Writing and Research I and LAW:8033 Legal Analysis Writing and Research II. The center's director holds a Ph.D. focused on teaching of writing.

The center provides one-on-one tutorial assistance for writers working on course assignments, journal articles, writing samples, and so forth. Students come to the center through the recommendation of faculty members or through self-referral. They find help with rhetorical, stylistic, and grammatical concerns that arise in their writing. Center staff members also work with students on general writing improvement and on strategies for dealing with everything from overcoming writer's block to adapting material for varied audiences. More than two-thirds of all first-year law students and more than one-third of all law students make use of the Writing Resource Center in a typical year.

Career Services Office

The College of Law's Career Services Office provides personalized career and life planning, strategic networking, experiential learning programs, and job search assistance to law students and alumni. It assists approximately 100-150 firms, corporations, government agencies, and courts that visit the College of Law during a typical year to interview and hire Iowa law students. Visit the Career Services Office web site to learn about the office's wide range of services in detail.

Bookstore

The College of Law Bookstore carries all required legal texts and supplements. The bookstore stocks photocopied handouts and teaching materials assigned by course instructors. It also carries a variety of professionally prepared outlines, horn books, and other study aids as well as a limited selection of school supplies and merchandise, including pens, notebook paper, binders, computer disks, exam software, stamps, T-shirts, and sweatshirts. In addition, the bookstore can make change.

Students may charge costs for books, class materials, supplies, and merchandise directly to their University accounts. The bookstore does not accept credit cards.

Information Technology

Since electronic information technologies are vital in legal and business work, the College of Law encourages all law students to become proficient with computers. Access to word processing software also helps law students draft the many papers, articles, and other manuscripts that are a regular part of the law curriculum. The college has installed 41 personal computers attached to a local area network for use by its students. Students also are encouraged to purchase personal computers and Microsoft Windows software, if possible, and to use them in connection with their law school work.

The law college provides network and Internet access from all student library carrels. To participate, law students supply their own laptop computers, which must meet required specifications. Specifications are available from the Law Library computer support office. Wireless Internet access is available throughout the Boyd Law Building.

The college's computers are loaded with WordPerfect and Microsoft Office software, and the college provides training for and access to the two major online computer research databases, West Publishing Company's WESTLAW and Mead Data's LEXIS. Once students complete the training, they have unlimited free access to these services at home via their own PCs and on the student and public workstations in the Law Library.

The Law Library also provides CD-ROM workstations that allow access to databases in CD-ROM formats. Some of the titles available are United Nations documents, complete from 1945; Index to Legal Periodicals; TIARA, a database
containing treaties; and numerous U.S. government documents published on CD-ROM.

The University provides free e-mail accounts to its students, faculty, and staff through its Information Technology Services office (ITS). Students can sign up for e-mail accounts online or at the ITS offices in University Capitol Centre (UCC). ITS advises University of Iowa students, faculty, and staff on computer hardware and software needs and can provide information about educational discounts on some purchases. ITS also offers a wide variety of free computer short courses throughout the year. For information on computing resources at the University, consult the Information Technology Services web site.

College of Law Events

The College of Law holds a number of events for its students each week; check the College of Law Event Calendar for current listings. Parents and Partners Day and Iowa Supreme Court Day are two time-honored events held each fall at the college.

Parents and Partners Day

Parents and Partners Day, held during fall semester, provides law students with the opportunity to give the people close to them a glimpse into law school life. The day’s activities include a mock class, building tours, a cookout, and the annual Law School Auction, which helps provide support for law students who work in low-paying or unpaid summer positions in the public sector.

Iowa Supreme Court Day

The College of Law hosts the Iowa Supreme Court on the University of Iowa campus each fall. Supreme Court Day honors the state’s top court and recognizes the college’s origins in the court’s chambers. During the day, four student advocates selected from the previous spring’s Moot Court competition argue a case before the justices; the public is invited to attend the arguments. In the evening, faculty members host dinners in their homes for the justices and students.

Iowa Law School Foundation

The Iowa Law School Foundation (ILSF) is a nonprofit corporation established to solicit, manage, and grant gifts of money and/or property to the College of Law to support the college’s research and educational activities. The ILSF Board of Directors includes alumni, faculty, and students.

Courses

The following courses are those offered by the College of Law during the past four academic years and those scheduled to be offered during the coming academic year. See College of Law Guide to Courses for a list of College of Law courses defined by Interpretation 509-1 of the American Bar Association Standards for the Approval of Law Schools.

First Year

**LAW:8006 Civil Procedure** 4 s.h.
Procedure before trial; commencement of a suit; subject matter jurisdiction; jurisdiction over the person and venue; pleadings, motion practice, including summary judgment, simple joinder of parties and claims in determining scope and size of the lawsuit; pretrial discovery procedures, the trial, claim and issue preclusion.

**LAW:8010 Constitutional Law I** 3 s.h.
Constitutional allocation of governmental powers; doctrine of judicial review and nature of judicial function in constitutional cases; relationships among several branches of national government; the federal system, including powers delegated to national government, powers reserved to states, and intergovernmental immunities; role of judicial process in structuring limits within which society operates; institutional development of legal system, relationship among institutions within the system.

**LAW:8017 Contracts** 4 s.h.
Law that governs the otherwise unregulated sector of the economy; making and enforcement of promises, usually as part of a bargain; formation of agreements, consideration, invalidating causes, parole evidence and interpretation, conditions, and remedies; roles of promises and promissory exchanges in a modern economy; the law’s limitations on freedom of contract; brief introduction to Uniform Commercial Code, Article 2.

**LAW:8021 Criminal Law** 3 s.h.
Basic understanding of substantive criminal law; underlying premises of and justifications for criminal law; emphasis on general doctrines that dictate the minimum elements necessary to impose criminal liability, essential requirements of culpable conduct (an actus reus, or guilty act), blameworthy mental state (a mens rea or guilty mind); rape, homicide, causation, attempt, conspiracy, accomplice liability; various defenses to criminality, such as self-defense, duress, intoxication, insanity, diminished capacity.

**LAW:8022 Criminal Law** 3 s.h.
Basic understanding of substantive criminal law; underlying premises of and justifications for criminal law; emphasis on general doctrines that dictate the minimum elements necessary to impose criminal liability, essential requirements of culpable conduct (an actus reus, or guilty act), blameworthy mental state (a mens rea or guilty mind); rape, homicide, causation, attempt, conspiracy, accomplice liability; various defenses to criminality, such as self-defense, duress, intoxication, insanity, diminished capacity.

**LAW:8026 Introduction to Law and Legal Reasoning** 1 s.h.
Basic concepts and intellectual skills necessary for understanding the first-year curriculum.

**LAW:8032 Legal Analysis Writing and Research I** 2 s.h.
Structured development of effective skills in legal analysis, writing, and research; first of a two-semester sequence.

**LAW:8033 Legal Analysis Writing and Research II** 2 s.h.
Structured development of effective skills in legal analysis, writing, and research; second of a two-semester sequence. Prerequisites: LAW:8032.
LAW:8037 Property
Concept of private property as one of the legal system's basic foundations; historical development of Anglo-American property law examined in conjunction with changing currents of economic, social, and political thought; emphasis on understanding decision making by courts in the common-law tradition, and its interplay with legislative enactments intended to change the common law; fundamental notions relating to the origins of property rights; relationship of possession and ownership, with emphasis on capacity of property law to recognize a wide range of interest configurations; impetus for promoting ease and reliability in conveyance of property interests, commercially and gratuitously; function of public recording in providing stability to transfers of interest in land; role of adverse possession and prescriptive use in recognizing expectations based on long-standing property relationships; responsiveness of property law to social change as illustrated by modern reforms in landlord-tenant act.

LAW:8046 Torts
Development of tort principles; civil responsibility for harms to tangible personal and property interests; roles of legislatures, judges, juries; intentional harms, negligence, and strict liability considered from perspectives of jurisprudence, economics, and moral philosophy.

LAW:9442 Legal Analysis Writing and Research for Foreign Trained Lawyers
Development of legal analysis, writing, and research skills in connection with a variety of assignments for foreign trained lawyers.

LAW:9445 Foreign-Trained Lawyer Orientation
Orientation for foreign-trained student to U.S. legal system; introduction to U.S. patterns of legal argumentation, main institutional structures of U.S. legal system, and other distinctive aspects and/or fundamental principles of U.S. law; material drawn from basic areas of law (e.g., constitutional law, civil and criminal procedure, contracts, torts, property).

Second and Third Years

LAW:8105 Administrative Law
Formal and informal procedures, processes, and functions of state and federal administrative agencies; legislative, executive, and judicial control of their actions; nature and definition of administrative agencies; permissible delegation of authority to administrative agencies; scope of agency authority; agencies' right to obtain information from members of the public; citizens' right to obtain information in agencies' possession; definition and types of administrative rules; rule-making procedure; agency discretion to make law by rule or adjudication; right to a trial-type hearing before an agency; parties' specific rights in an administrative hearing, including notice, open or closed hearing, right to counsel, evidence, nature and exclusivity of the record; agency decision-making process, including role of hearing officers, separation of functions and bias of decision makers, nature of opinion required; judicial review of administrative action, including reviewability of agency action, primary jurisdiction of agencies, exhaustion of administrative remedies, standing, scope of judicial review, mechanics of judicial review.

LAW:8112 Advanced Civil Procedure
Complex civil litigation; advanced civil procedure topics not taught in first year; essential aspects of civil procedure (e.g., personal and subject matter jurisdiction); joinder devices (intervention, necessary parties, interpleader, consolidation), discovery and confidentiality orders, appellate jurisdiction, mechanisms to structure the trial (e.g., bifurcation of issues); class. Prerequisites: LAW:8006.

LAW:8121 Advanced Legal Research Methods in Specialized Subjects
Legal research methods in specific legal practice and research areas; specific topic rotates each year (litigation and ADR legal research, business and tax legal research, federal legislative history legal research, legal history research); students work with real-world examples to improve research skills related to a particular legal subject.

LAW:8123 Advanced Legal Research
Builds on LAW:8032 and LAW:8033; in-depth exploration of American legal resources; current print and electronic resources that help students develop better, more efficient search techniques and select the most effective formats for their research; opportunity to review the basic sources of legal information, use varied techniques to access legal information, develop personal strategies for managing information; advanced training in LEXIS, WESTLAW, the Internet; nonlegal information sources important to the legal community, research resources of other legal jurisdictions and international law.

LAW:8125 State Legal Research
Legal resources available for a particular state; exploration of current print and low-cost electronic resources (i.e., Internet) to develop better, more efficient search techniques; selection of the most effective formats for research; sources of legal information; techniques for accessing legal information.
LAW:8146 Antitrust Law  3 s.h.
Laws dealing with restraints of trade, monopolization and mergers; history of these laws and their development in the courts; current doctrine and its underlying legal and economic theories; analytical tools of trade: sufficiency of economic efficiency as the measure of justice.

LAW:8158 Arbitration Principles and Practice  3 s.h.
Introduction to law of arbitration and essential skills and procedures involved in its practice; role of arbitration in modern conflict resolution in various settings in which it is used; conceptual framework and explanatory theories for analysis of issues frequently encountered in arbitration; statutory and contractual grounds for arbitration (e.g., labor relations, employment, consumer, and commercial transactions); development of skills and understanding of procedure through use of problems and exercises simulating common arbitration scenarios in which students participate as lawyers, arbitrators, and parties.

LAW:8159 Arbitration: Law and Theory  2-3 s.h.
The law of arbitration and its role in modern conflict resolution, conceptual framework and explanatory theories for the analysis of issues frequently encountered; statutory and contractual grounds for arbitration, such as labor relations, employment, consumer, and commercial transactions; the decision to use arbitration; the role of lawyers; judicial enforcement of arbitration agreements and arbitration awards; contractual issues and defenses; federal preemption; arbitrability and separability; remedies; the relationship between arbitration and litigation and mediation and other non-adversary forms of dispute resolution.

LAW:8160 Arbitration: Practice and Advocacy  1-2 s.h.
Skill development to effectively participate in arbitration and related court proceedings; advise clients on various aspects of arbitration; opportunity to draft an arbitration agreement, a petition to compel arbitration, a prehearing arbitration booklet with legal authorities and supporting exhibits, and pleadings necessary for judicial review; examination of all aspects of the arbitration process; procedures for post-award remedies and judicial review; hybrid methods of arbitration, applicable rules, and ethics concepts.

LAW:8161 Arbitration Advocacy Competition  1-2 s.h.
Development and application of arbitration advocacy skills in preparation for the Iowa intramural and regional competitions; addresses arbitration presentation methodology, procedure, prehearing preparation, and advocacy skills; students who advance in the intramural Iowa Arbitration Tournament are selected to represent Iowa in the ABA Arbitration Competition the following fall.

LAW:8163 Art, Law, and Ethics  3 s.h.
How law and ethics apply to individuals and institutions concerned with the visual arts. Same as ARTH:4040.

LAW:8167 The American Legal Experience  3-4 s.h.
Historical role of law in American society and its engagement with politics, social and biological science, economics. Same as HIST:4287.

LAW:8169 The American Legal Experience  3 s.h.
Historical role of law in American social, political, and economic life from the 17th century through 1980s; legal issues involving religion and state, early national period and the Constitution, law of slavery, common law and economic development, changing legal status of women, law's engagement with the social sciences, race discrimination, crime, legal realism, and development of modern welfare and business policy.

LAW:8186 Bankruptcy  3-4 s.h.
Rights of individuals and entities under the federal bankruptcy laws, from perspectives of debtors and creditors; foundational topics from liquidation bankruptcy (chapter 7) to reorganization bankruptcy (chapters 11 and 13); consumer and business bankruptcies; advanced bankruptcy topics such as small business reorganizations, farm bankruptcies, ethical issues in bankruptcy law, international insolvencies. Prerequisites: LAW:8374.

LAW:8194 Basic Federal Income Taxation  3-4 s.h.
Operation, policies, principles of federal income tax, including gross income, deductions, property dispositions, tax accounting, assignment of income among family members, time value of money, leveraging.

LAW:8198 Building the State  2 s.h.
Examination of state building and deconstruction; taxing, spending, fiscal citizenship, theories about state building; topics may include statelessness, legibility and state building, utopian tax regimes, revolutionary tax systems (French, U.S.A., Confederate States of America, potential Scottish state), voluntary taxation and non-state "tax" regimes (ISIS, organized crime).

LAW:8216 Civil Procedure in Pre-Trial Theory and Practice  arr.
The law of pleadings and other pretrial matters presented in LAW:8006; hypothetical case developed from interview to pleading to early pretrial stages; experience drafting relevant pleadings and motions. Prerequisites: LAW:8006.

LAW:8263 Comparative Law  2-3 s.h.
Comparative study of origins, development, and principal features of the world's main legal systems; common and civil law traditions; historical development of the main legal systems, their sources, ideologies, techniques; subjects important to international legal practice (e.g., international judicial assistance, application of foreign law in American courts; in-depth study of modern legal systems of the United States, Britain, France, Germany, Japan, Russia; introduction to other legal traditions, including preliterate tribal law, traditional Chinese and Islamic law.

LAW:8272 Conflict of Laws  2-3 s.h.
Problems created when a transaction or relationship has associations with more than one jurisdiction; emphasis on selection of appropriate rules where there are differences in laws of various jurisdiction and on recognition of judgments of other states; current evolution in theoretical approaches to these problems; limitations on American state courts by the federal constitution.
LAW:8280 Constitutional Law II  
3 s.h.
Limits on governmental power imposed by the national constitution for protection of individuals; protection of life, liberty, and property by due process and equal protection; freedom of expression and association; religious freedom and the guarantee against establishment of religion; 1st and 14th Amendments.

LAW:8301 Copyrights  
3-4 s.h.
Federal law of copyrights, primarily the Copyright Act of 1976; emphasis on copyright protections affecting new technologies, such as videotape, computer hardware and software, electronic data transfer, cable television rebroadcast; ability of legal concepts to keep pace with technological developments. Recommendations: LAW:8643.

LAW:8307 Corporate Finance  
1-3 s.h.
Introduction to fundamental principles of corporate finance, including financial statement analysis, valuation of corporate securities and of businesses, capital structure decisions, portfolio theory, and efficient capital markets hypothesis; focus on financial and accounting aspects of corporate decisions than with any particular body of law. Prerequisites: LAW:8331.

LAW:8318 Corporate Governance and Control  
1-3 s.h.
Principal issues in creation of appropriate governance and control systems for large publicly-held corporations; questions of corporate structure, shareholder voting rights, duties of directors, derivative suits, indemnification and transfers of control viewed from perspective of Delaware's statutory and common law. Recommendations: LAW:8331.

LAW:8322 Corporate Taxation  
3 s.h.
Influence of tax considerations on the structure of corporate transaction, from a merger to a restructuring to a securities offering; examination of primary Internal Revenue Code provisions that affect corporations and their shareholders; corporate formations, dividends, redemptions, liquidations, taxable asset and stock acquisitions, tax-free reorganizations; analysis of statutory and regulatory materials; tax reform proposals. Prerequisites: LAW:8194. Corequisites: LAW:8331.

LAW:8331 Business Associations  
3-4 s.h.
Structure, characteristics of both large publicly and closely held corporations; distribution of powers among management, directors, shareholders; fiduciary duties that limit those powers; enforcement of such duties by shareholder suits; may include basic principles of agency, partnership, and limited partnership law.

LAW:8342 Topics in Criminal Law Practice  
1-3 s.h.
Substantive and procedural aspects of criminal law not covered in regular College of Law criminal law and criminal procedure courses; students divided into teams (prosecutors and defense attorneys); hands-on exercises designed to reflect substantive criminal law and procedure discussion; jury selection, jury instructions, pretrial motions, client and witness interviews, depositions, investigation; ethical considerations for prosecutors and defense attorneys, including prosecutorial discretion in charging decisions and conflicts of interest. Prerequisites: LAW:8022.

LAW:8348 Criminal Procedure: Adjudication  
3-4 s.h.
Adjudicatory phases of the criminal justice system: indictments and the charging process, preliminary hearings, applications for release on bail and pretrial detention, processes of discovery, guilty pleas, jury selection, conduct of criminal trials, sentencing proceedings and post-trial motions, appellate review, collateral remedies; focus on constitutional rights, specifically the Fifth, Sixth, Eighth, and Fourteenth Amendments; statutory provisions, rules of criminal procedure.

LAW:8350 Criminal Procedure: Investigation  
3-4 s.h.
Guarantees and rights of the Fourth, Fifth, and Sixth Amendments to the U.S. Constitution against police and prosecutorial practices designed to investigate and prove criminal cases; protection against unreasonable searches and seizures, guarantee against extraction of involuntary confessions, privilege against self-incrimination constraints upon securing confessions (i.e., Miranda doctrine), due process protection against unreliably suggestive identification procedures, right to counsel, protection against inculpatory admissions and identification practices; exclusionary rules and remedies that enforce constitutional guarantees.

LAW:8362 Critical Race Theory  
arr.
Race relations and racial discrimination in America from perspectives of the Critical Race Theory movement (CRT); affirmative action, hate speech, queer theory, voting rights, postmodernism, liberalism, Asian-critical theory, Latin-critical theory, federal Indian law, critical white studies; critical race feminism—essentialism, motherhood, lawbreaking, employment law, sexual harassment, global issues.

LAW:8374 Debt Transactions  
4 s.h.
Laws and practices of modern lending; procedures for collection of unsecured debts, including enforcement of judgments, exemptions, prejudgment remedies, fraudulent conveyances, statutory liens; secured transactions that involve real property (mortgages) and personal property (security interests governed by Uniform Commercial Code, Article 9); consumer and commercial transactions, counseling hypothetical creditor or debtor clients, understanding realities that shape enforcement of credit agreements.
LAW:8384 Law of Disability Discrimination 1-3 s.h.
Survey of various laws that govern the field of disability discrimination; particular attention to Americans with Disabilities Act, Section 504 of the Rehabilitation Act, The Individuals with Disabilities Education Act, and Fair Housing Act Amendments; emphasis on field of education law, including higher education; how to conduct an accessibility audit.

LAW:8399 Election Law 3 s.h.
The Supreme Court has long declared that the right to vote is fundamental, because it is preservative of all other rights; the right to vote in theory and practice, with focus on its relationship to racial and economic justice; what has been done and what should be done to move us closer to the ideal of political equality; proper role of unelected judges in our democracy; history of the right to vote, "one person, one vote" principle, Voting Rights Act, partisan gerrymandering, voter identification, voter registration, political parties, and campaign finance.

LAW:8407 Topics in Employee Benefits Law 2-3 s.h.
Survey of major topics in employee benefits law; overview of the plans that are subject to the Internal Revenue Code, ERISA, or both; tax-qualification rules for retirement plans focusing on 401(k) plans; disclosure owed and relief available to plan participants under ERISA; fiduciary responsibility for investment decisions under 401(k) plans; and whether ERISA preempts state and local initiatives to expand health care coverage.

LAW:8415 Employment Discrimination 2-3 s.h.
Legal prohibitions against discrimination in employment on the basis of race, sex, national origin, age; focus on Title VII of the Civil Rights Act of 1964; procedural and remedial problems, elementary issues of proof.

LAW:8421 Employment Law 2-3 s.h.
Rights of employers, employees in unorganized workplaces; legal issues that arise between employers and employees in nonunionized settings; hiring, discipline, termination, minimum wage, covenants not to compete, employment-related intellectual property issues, occupational safety and health, unemployment.

LAW:8428 English Legal System 1 s.h.
Taught in spring London Law Consortium.

LAW:8433 Environmental Law 2-3 s.h.
Role of the legal system in addressing problems of environmental disruption, with special emphasis on air, water, hazardous waste pollution.

LAW:8444 Estate Planning 2-3 s.h.
Introduction to will drafting, use of powers of attorney, and advance directives (topics frequently taught in courses on trusts and estates); taxes that can be imposed upon the transfer of money or other property by gift (the gift tax), at death (the estate tax), and by certain generation skipping transfers (the generation-skipping tax); interrelationship of these taxes with each other and with the income tax. Prerequisites: LAW:8194. Recommendations: LAW:8981.

LAW:8452 European Union Law 2-3 s.h.
Law of the European Union; EU legal and institutional structure; role of the European Court of Justice in elaborating constitutional and administrative law for the EU on the basis of treaties and legislation; principle of free movement; progress of European integration.

LAW:8460 Evidence 3 s.h.
Rules of evidence developed in common-law courts and under statutes; judicial notice; examination of witnesses; privilege and competence; remote and prejudicial evidence; hearsay; burden of proof and presumptions; roles of judge and jury.

LAW:8467 Family Law 3-4 s.h.
Creation, dissolution of marriage and parent-child relationships; lawyer's practical approach to family law problems combined with a broader view of how the law might treat those problems in light of findings from social and behavioral sciences.

LAW:8481 Federal Courts 3 s.h.
Role of the federal courts in our federal system of government; the federal courts' original and appellate jurisdiction; Supreme Court review of state courts' judgments; Congress' power to strip the federal courts of jurisdiction; development of federal common law; federal writ of habeas corpus; abstention doctrines; state sovereign immunity; federal remedies against state and local action; and Congress' power to create non-Article III adjudicative tribunals. Prerequisites: LAW:8006 and LAW:8010.

LAW:8487 Federal Government Contracting 1 s.h.
Specialized litigation forums created by the federal government to remedy contract disputes over federal contracts for goods, services, and construction; similarities and differences between the federal litigation system and the common law of contracts and UCC Article 2 law; assessment of whether the federal litigation forums and policy goals work; related issues most attorneys encounter during their practices.

LAW:8497 Federal Criminal Practice 2 s.h.
Introduction to each step in the criminal process together with instruction in advocacy skills required for the effective practice of law: complete chronology of a typical federal criminal case, from grand jury investigation through post-trial motions; importance of strategic thinking. Prerequisites: LAW:8350.

LAW:8504 Federal White Collar Criminal Law 1-3 s.h.
How corporations and their officers, directors, employees, and agents can violate criminal law; liability imposed under state and federal laws in the United States, criminal liability under laws of other countries; fundamentals of U.S. law; case studies of recent prosecutions involving American corporations.
### LAW:8509 Food and Drug Law
3 s.h.
Food and Drug Administration (FDA) as gatekeeper for permission to market prescription drugs and devices; key role in creation and analysis of information on these products; focus on prescription drugs and devices; five theoretical issues—autonomy, trust/agency costs, information, insurance, and markets in health care; substantive legal doctrines including IP, tort, administrative law, health law, and commercial speech; applied administrative law course.

### LAW:8513 Foreign Comparative and International Legal Research
1-2 s.h.
Treaty research, locating and identifying documents from international organizations and tribunals, legal research in selected jurisdictions outside the United States; variety of print and electronic sources; research methods in foreign and international law.

### LAW:8527 Foreign Relations Law
arr.
Introduction to law of foreign relations in the United States; impact of constitutional distribution of powers on conduct of U.S. foreign relations; influence of separation of powers doctrines on conduct of foreign relations, status of international law in U.S. legal system, role of courts in adjudicating issues affecting foreign relations, and controversy over distribution of war powers between President and Congress.

### LAW:8533 Forms of Argument/Systems of Belief
2-3 s.h.
Major theories of law relevant to study and practice of law in contemporary America; six distinct operating systems, including legal formalism, legal realism, the legal process school, law and economics, the legal positivist/analytic tradition, and critical legal theory (including legal studies, feminist legal theory, critical race theory); diverse forms of legal argument, including those associated with particular theories of law.

### LAW:8551 Family, Gender, and Constitutional History
3 s.h.
Same as HIST:4285.

### LAW:8562 Health Law
2-3 s.h.
Major areas of concern in health law; tension between quality, access, costs: may include malpractice, quality control, health care financing, access (insurance, Medicare, and Medicaid), licensing, bioethics (end-of-life decisions, informed consent, surrogacy, organ transplantation).

### LAW:8570 Human Rights in the World Community
1-3 s.h.
Introduction to established and developing legal rules, procedures, and enforcement mechanisms that govern protection of international human rights; liberal western and developing world notions of human rights, recent examples of human rights controversies worldwide; international human rights of women.

### LAW:8577 Immigration Law and Policy
1-3 s.h.
Legal, historical, social, philosophical, and policy foundations of immigration control; modern debate over immigration; criteria and procedures that govern admission of non-U.S. citizens to the United States for permanent residence and temporary visits; deportation criteria and processes; national security and civil liberties implications of immigration policy; refugees and political asylum; undocumented migrants; acquisition, loss, and significance of U.S. citizenship; focus on U.S. law with introduction to perspectives from comparative and international law; experience analyzing varied fact problems that require strategic decision making and interpretation of complex statutory provisions.

### LAW:8584 Insurance
1-3 s.h.
Legal principles of insurance; applicability of general principles of contract formation; principles involved in determining which persons and interests are protected, which risks are transferred, and when rights are at variance with insurance policy provisions; claims process, disposition of disputed claims; adoption of tort principles and statutes to alter common law approach to insurance contracts.

### LAW:8593 Federal Indian Law
arr.
Specialized body of law allocating power and authority in Indian country that has grown up around native American peoples and their reservations; sovereignty, jurisdiction, federal Indian policy, tribal self-government.

### LAW:8594 Interest-Based Negotiation for Lawyers
2-3 s.h.
Theory and practice of interest-based or problem-solving negotiation; acquisition and enhancement of the skills for this approach to negotiation; negotiation exercises.

### LAW:8599 International and Comparative Inequality Law
3 s.h.

### LAW:8600 International Business Transactions
1-3 s.h.
Legal and practical issues in international trade and investment; typical private transactions, such as the sale of goods (documentary sales transaction, INCOTERMS, letters of credit, agency, distribution), transfer of technology (franchising, licensing), and direct investment across national borders; how private international sales, investment, and licensing transactions are structured to permit private businesses to minimize and plan for the risks associated with conducting business on a global scale.

### LAW:8615 International Commercial Arbitration
arr.
Formation and enforcement of agreements to enter arbitration in order to settle international business disputes; recognition and enforcement of arbitral awards, process of arbitrating an international business dispute; role-playing exercises to hone advocacy and decision-making skills.

### LAW:8618 International and Comparative Family Law
1-3 s.h.

**LAW:8620 International Intellectual Property Law** 1 s.h.
Overview of international intellectual property law; comparison of U.S. and foreign law relating to patents, copyrights, trademarks; principal multinational agreements relating to intellectual property, including Paris Convention, Berne Convention, TRIPs Agreement; implementation of these agreements within domestic law of United States and other countries. Recommendations: at least one other intellectual property course.

**LAW:8622 International Environmental Law** 3 s.h.
Laws and institutions developed by the international community to deal with international environmental problems, including those of the atmosphere (acid rain, ozone depletion, radioactive fallout, climate change), hydrosphere (land-based sea pollution, sea-based vessel pollution, transboundary groundwater diversion), lithosphere (hazardous waste disposal, toxic pollutants, decertification), biosphere (driftnet fishing, endangered elephants, loss of tropical rainforests).

**LAW:8626 International Humanitarian Law** arr.
Examination of modern international law of war (referred to as law of armed conflict or international humanitarian law); purposes, sources, and principles of this body of law; specific provisions; emphasis on responding to terrorism and other forms of asymmetrical warfare, use of weapons of mass destruction and chemical and biological weapons, and intersection between international humanitarian law and international human rights; legal and policy issues related to international humanitarian responses to natural disasters. Recommendations: LAW:8570 or LAW:8649.

**LAW:8629 Taxation of International Business Transactions** 3 s.h.
Introduction to U.S. aspects of international taxation and international tax policy issues; how the United States taxes foreign persons on income they derive from U.S. sources; taxation of U.S. persons on their worldwide income; United States bilateral tax treaty network, under which many of the statutory rules regarding the taxation of foreigners are modified or supplanted; solving problems that illustrate the operation of the Code and regulations. Prerequisites: LAW:8194. Corequisites: LAW:8331.

**LAW:8631 International Trade Law: Basic Norms and Regulations** 3 s.h.
Basic norms and legal framework of international trade as expressed in the GATT/WTO regime and U.S. trade laws; issues raised by regional trade blocs such as NAFTA; controversies such as the economic and philosophical justifications for, and objections to, free trade from a variety of perspectives.

**LAW:8634 International Transacting Skills** 1-2 s.h.
Key negotiation concepts and skills necessary to successfully negotiate international deals through a series of role simulations involving cross-border joint ventures, international project finance deals, and deal-making in developing countries; students engage in one or more simulated negotiations each session, followed by debrief—discussion of how negotiation concepts and features of international transactions, introduced in readings, played out in negotiation dynamics.

**LAW:8643 Introduction to Intellectual Property** 3-4 s.h.
Introduction to some of the most important intellectual property rules; goals and theories underlying these rules; common ways in which ideas may be protected—from basic form of protection (secrecy and trace secrecy) to exclusive rights granted over inventions (patents) and creative works (copyright), and concluding with rights related to market-based identities (trade and service marks); brief exploration of ways in which debates over intellectual property rights have permeated modern culture.

**LAW:8647 Competition Policy and Innovation** 3 s.h.
Important issues at intersection of federal competition policy and intellectual property law; competition policy referenced as antitrust laws; competition policies that emanate from intellectual property laws or other regulatory provisions; exclusionary practices, collusion and joint ventures, vertical integration, and procedural issues.

**LAW:8649 Foundations of International Law** 1-3 s.h.
Introduction to fundamentals of international law; focus on aspects of international law that concern interests in the United States; survey of sources, methodology, and major doctrines of international law within framework of understanding diverse jurisprudential approaches; international law's relationship to U.S. domestic law and institutions; procedural aspects of international law involving international institutions, including the International Court of Justice; foundation course for students interested in international trade, business, family law, human rights, environmental law, and an interest in European Union law.

**LAW:8658 Jurisprudence** 2-3 s.h.
Exploration of questions central to jurisprudence by looking at positions that have been adopted by legal positivist, natural law theory, and sociological models of jurisprudence (i.e., is there more to legal argument than the strategic battle for a favorable judicial ruling? How would one have to conceive of legal reasoning if one were a judge? Are there right answers to legal questions? Do they presuppose a necessary connection between law and morality? Is any exchange of pros and cons merely a spectacle created in order to hide from the dumbfounded public that legal reasoning does not really matter?); comparative dimension provided in readings with background in civil law.
LAW:8666 Law and Development 2-3 s.h.
Origin of development law and institutions that were created in order to address the challenges posed by development. Includes examination of the World Bank and International Monetary Fund.

LAW:8670 Labor Law 3-4 s.h.
How national labor law regulates labor relations in the private sector; law relating to unionized employees and firms; rights of employees to organize into unions; limits of concerted activities by employees; scope and provisions of collective bargaining; enforcement of the collective bargaining agreement; rights of individual employees in collective units and in labor organizations; lawyer's role in dealing with judicial, administrative, and arbitral tribunals involved in enforcing labor law; lawyer's role in complex interpersonal relationships between policy, statute, judicial, and administrative decisions.

LAW:8680 Law and Economics 3 s.h.
Introduction to economics analysis of law; how economic reasoning is used to explain and predict the effects of legal rules; fundamental areas of American law (e.g., property, contracts, torts, criminal law); use of economic efficiency as a normative criterion for evaluating legal rules; efficiency compared to various moral concepts to evaluate such rules.

LAW:8698 Law in the Muslim World 2-3 s.h.
International and comparative law issues relevant to countries in the Muslim world: legal cultures, institutions, rules, actors, processes of several jurisdictions including Afghanistan, Saudi Arabia, Iran, Iraq, Algeria, Nigeria, Palestine, Pakistan; Islamic sharia law as practiced in Sunni and Shiite countries; the role of church versus state, fundamentalism versus secularism, as manifested in the legal system; tension between communitarianism and individualism in modern constitutionalism; intertwining of customary and religious legal practices; first, second, and third generations of human rights; international law on issues such as terrorism, self-determination; women's rights, including polygamy, divorce, child custody, inheritance. Requirements: junior or senior standing.

LAW:8709 Introduction to French Law 2-3 s.h.
Introduction to laws of France, characteristic features, and role of main institutions; civil law, contracts, tort, family law, commercial law, criminal law, labor law; visits to a French law school, Paris Court, and Ecole of Magistrature National (ENM), the National Judge School in Bordeaux. Summer abroad program.

LAW:8711 The Legal Profession 1-3 s.h.
Exploration of various aspects of history, structure, organization and function of legal profession; effective practice strategies; ethical and practical challenges of legal practice in different settings (i.e., working for judges, small and big firms, solo practice, corporations, non-profit organizations, public sector, internationally); readings, interviews, and discussion sessions with practicing attorneys; development of professional portfolios; practice of professional skills including effective communication, professional legal writing, and interviewing.

LAW:8712 Legislation 2-3 s.h.
Issues related to legislation and legislative process at state and federal level; introduction to legislation, legislative process, legislative advocacy, statutory drafting, statutory interpretation, and constitutional issues; role of lawyers in legislative process and formation of public policy.

LAW:8720 Mediation: Theory and Practice 3-4 s.h.
Essential characteristics; comparison of mediation with litigation and other alternative dispute resolution processes; stages of mediation; confidentiality; enforceability of agreement; ethical problems, particularly lawyer-mediator; student role playing; short writing assignments.

LAW:8726 Mergers and Acquisitions 3 s.h.
Significant legal and financial aspects of business combination transactions; transaction documents (e.g., stock purchase agreements, merger agreements); valuation of companies and pricing of deals; legal and financial considerations affecting the structuring of deals; tender offers and their regulation under the Williams Act, tender offer rules; fiduciary duties of target board, including Revlon duties and the Unocal standard; anti-takeover devices (e.g., poison pills and staggered boards, deal protection devices, freezeout transactions); state anti-takeover statutes. Prerequisites: LAW:8331.

LAW:8733 Narrative Strategies for Lawyers 1-3 s.h.
Fiction writing; narrative nonfiction writing techniques; use of narrative in the legal context; workshop format to read and critique stories, published works, and works students have written.

LAW:8736 Natural Resource Law 2-3 s.h.
Survey of federal natural resources law; emphasis on current legal issues and focus on judicial resolution of disputes; history of public land law, constitutional issues in federal control of natural resources, environmental planning, wildlife protection, public land management, fisheries and marine resources, onshore and offshore minerals; history and politics of natural resources law, aspects of practicing in this area; various resources that pose different sorts of problems, regulatory responses to these problems used to build a toolkit of regulatory models that can be helpful in solving any resource problem.

LAW:8742 Negotiations 2-4 s.h.
Nature and theory of negotiations, diverse rhetorics (including the rhetoric of legal argument) relevant to conduct of negotiations, conflict between ethics and effectiveness; readings from game theory, social psychology, anthropology, rhetoric and ethics.

LAW:8751 Nonprofit Organizational Effectiveness I 3 s.h.
**LAW:8752 Nonprofit Organizational Effectiveness II**
Qualities for leadership of nonprofit organizations, including relationships with staff and volunteers; relationship of nonprofit and outside world; marketing, public relations, advocacy strategies for nonprofits.

**LAW:8763 Patent Law**
All aspects of U.S. patent law; patent claims, adequacy of disclosure, statutory subject matter, validity, inequitable conduct, infringement, remedies, varied specialized doctrines; focus on recent pronouncements from the Court of Appeals for the Federal Circuit. Recommendations: LAW:8615.

**LAW:8770 Payment Law**
Law that governs methods by which businesses and consumers typically pay for goods and services in modern economy; legal rules applicable to traditional paper-based payment system, including negotiable instruments (checks and notes) and bank collection of checks; modern payment methods (credit cards, debit cards, wire transfers); focus on Articles 3, 4, and 4A of the Uniform Commercial Code and related federal law and regulations.

**LAW:8777 Roman Law**
Case-based introduction to Roman law; principles of Roman law ranging from standards of evidence to trial procedures to various topics in civil and criminal law, including family law and the law of delict. Recommendations: some background in Roman history. Same as CLSA:3151, HIST:3451.

**LAW:8779 Sex-Based Discrimination**
Survey of sex-based discrimination and legal responses in the United States and worldwide; American context — constitutional guarantees and various statutory guarantees, including Title VII of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972; global context — examination of various regions of the world, emphasis on France, South Africa, and countries with majority Muslim populations; issues involving customary law, affirmative action/quotas, and constitutional reform.

**LAW:8789 Professional Responsibility**
Public and private professional responsibility of lawyers; organization of the profession; its economics, ethics, and sociology.

**LAW:8791 Professional Responsibility**
In-depth liability for defective products based on negligence, warranty, and strict tort theories.

**LAW:8796 Property II**
Continuation of LAW:8037; limits on landowner's use of property by private agreements, judicial actions, public regulations; problem areas (servitudes, nuisance, eminent domain); constitutional limits on government activities adversely affecting private property, community planning, zoning, other forms of local land use control; discrimination related to land development, housing; effectiveness of private ordering, judicial decisions, legislative enactments, administrative processes for resolving conflicts over use of land resources; relationships between law and other disciplines in forging solutions to land use issues; law as instrument for achieving societal objectives regarding land use.

**LAW:8819 Remedies**
Legal and equitable remedies by which the law corrects injustice and redresses legal wrongs; remedies for tortious wrongs, including damages and injunctive relief; remedies for breaches of contract, including damages, specific performance, recession, reformation; law of restitution, with emphasis on restitutionary remedies (quasi-contract, constructive trust, equitable lien).

**LAW:8825 Roman Law**
Case-based introduction to Roman law; principles of Roman law ranging from standards of evidence to trial procedures to various topics in civil and criminal law, including family law and the law of delict. Recommendations: some background in Roman history. Same as CLSA:3151, HIST:3451.

**LAW:8856 Securities Regulation**
Regulation and sale of securities to the public under the Securities Act of 1933 and state blue-sky laws; remedies provided through the Securities Act; regulation and litigation under the Securities Exchange Act of 1934, which focuses on companies with publicly-traded securities. Prerequisites: LAW:8331.

**LAW:8877 Sex-Based Discrimination**
Survey of sex-based discrimination and legal responses in the United States and worldwide; American context — constitutional guarantees and various statutory guarantees, including Title VII of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972; global context — examination of various regions of the world, emphasis on France, South Africa, and countries with majority Muslim populations; issues involving customary law, affirmative action/quotas, and constitutional reform.
LAW:8887 State and Local Government 1-3 s.h.
Allocation of decision-making authority in society; allocation between public and private decision makers; allocation among governmental units, and among public institutions; principles and policies that underlie legal doctrines and the relationship of those principles and policies.

LAW:8891 State and Local Taxation 3 s.h.
Limitations on state taxing powers under the United States Constitution, including Commerce, Due Process, and Privileges and Immunities Clauses; subnational jurisdictions, particularly states with an emphasis on sales tax and corporate income taxes, gross receipts taxes, and excise taxes; issues relating to e-commerce.

LAW:8917 Substitute Decision Making for Incapacitated Individuals 1-2 s.h.
Types and forms of substitute decision making for individuals whose decision making capacity is impaired due to conditions such as dementia, mental disabilities, or mental illnesses and who need a surrogate (or substitute decision maker) to make decisions about matters such as finances; health care, personal care, living arrangements; financial powers of attorney; guardianships; conservatorships; advance directives including living wills, health care powers of attorney, out-of-hospital do-not-resuscitate orders (OOH-DNR); representative payees; introduction to probate court procedures and processes.

LAW:8919 Survey of Work Law 2-3 s.h.
Introductory survey of four types of legal regulation of the workplace: labor law, employment discrimination, law of private employment, and law of public employment.

LAW:8929 Taxation of Partnerships 2-3 s.h.
Introduction to federal tax treatment of partnerships and limited liability companies, the most common business entities in use in the United States today; classification of entities as partnerships for federal tax purposes; formation of partnership and subsequent contributions to partnership capital; flow-through tax treatment of partnership operations; tax-sensitive allocations of items of partnership income, deduction, credit and loss; partnership distributions and related tax-sheltering strategies, liquidation or sale of partnership interests; death or retirement of partners, tax treatment of partnerships compared with S corporations. Prerequisites: LAW:8194.

LAW:8936 Estate and Gift Tax 1-3 s.h.
Justification for wealth taxation, effectiveness of current law, and alternative methods of wealth taxation; two key wealth transfer taxes—estate tax and gift tax; emphasis on identification of tax base and taxpaying unit; may include income tax effects which flow from an individual's death, income taxation of grantor trusts, and related income tax issues. Corequisites: LAW:8194.

LAW:8939 Title Examination and Selected Real Estate Transactions 2 s.h.
Examination of abstracts of title to real property and preparation of resulting title opinion; drafting and interpretation of legal description to real property; subdivision of real property; negotiating and drafting basic contractual and transfer documents involved in typical real estate transactions.

LAW:8954 Trademarks and Unfair Competition Law 2-4 s.h.
LAW:8961 Select Issues in Transnational Litigation

LAW:8977 Advanced Trusts and Estates Practice
Wide range of current issues in modern family estate planning; difficult non-tax issues in family estate planning, difficult tax-sensitive planning issues affecting clients of modest means, difficult complex tax planning issues affecting wealthy clients. Prerequisites: LAW:8981.

LAW:8979 Trusts and Estates II
Substantive provisions of wills and trust instruments; recurring construction problems and pitfalls in drafting; powers of appointment; future interests and how they operate in complex trusts; impact of rules of policy restricting the disposition of property, including the rule against perpetuities. Corequisites: LAW:8981.

LAW:8981 Trusts and Estates I 1-4 s.h.
Transmittal of wealth within the family; policy of donative freedom, with focus on property law, including intestate succession, wills, lifetime transfers in trust or otherwise, powers of appointment, future interests; experience drafting a will, trust, or other estate planning document; for 4 s.h., additional classes on federal estate, gift, generation shipping transfer taxes, their effect on wealth transfer.
LAW:8987 Veterans Benefits Law 2-3 s.h.
Theory of veterans' benefits law and introduction to skills necessary to represent veteran clients at every stage of the U.S. Department of Veterans Affairs' adjudication process; how many veterans struggle to navigate the complex VA benefits system without assistance of counsel; law that governs administration and adjudication of these benefits: fundamental law of the VA's claims adjudication process; dispute resolution and federal agency litigation practice; what is required to effectively represent veterans in their appeals for much needed benefits. Recommendations: completion of administrative law.

LAW:8992 Water Law arr.
Legal schemes for securing and using water rights in surface water and groundwater for private and public uses in the United States; riparian and prior appropriation doctrines of water allocation, groundwater management regimes, federal water management and regulation, and interstate and transboundary allocation devices; evolving role of science, economics, and policy in water allocation law; does not address issues of water quality, which are covered in environmental law.

LAW:9010 Appellate Advocacy I 1 s.h.
Experience based on an assigned fictitious case: writing an appellate brief asserting the client's position, and arguing the case before a panel of students, faculty, community attorneys.

LAW:9021 Van Oosterhout Baskerville Moot Court Competition 1 s.h.
Single-elimination tournament culminating in the final four advocates arguing before a panel of judges; advocates write a portion of the brief, argue for and against the issue they briefed. Prerequisites: LAW:9010.

LAW:9028 Jessup Moot Court Competition Team 1-2 s.h.
Participation as team member in Jessup International Moot Court Competition; preparation of memorials in fall, travel to February regional rounds; travel to international competition in Washington, D.C., for top two teams. Prerequisites: LAW:9010.

LAW:9033 National Moot Court Competition 1 s.h.
Participation by third-year students as law school's representatives in the regional Moot Court competition (fall semester), and in judging intramural Moot Court competitions (spring semester). Requirements: placement as one of four finalists in LAW:9021.

LAW:9037 Advanced Moot Court Competition Team 1 s.h.
Advanced Moot court team; members are top advocates from previous year's Van Oosterhout/Baskerville competition. Fall of third year.

LAW:9038 Jessup International Moot Court Competition 1 s.h.
Participation by second-year students in intramural regional- and national-level moot court competition in international law; intensive criticism in appellate brief writing and oral argument. Prerequisites: LAW:9010.

LAW:9046 Moot Court Board 1-3 s.h.
Experience as member of the Moot Court Board administering the Appellate Advocacy Program, researching appellate cases used in the program, judging appellate arguments. Requirements: membership based on performance in LAW:9010.

LAW:9051 National Arbitration Competition Team 1 s.h.
Eight finalists from spring intramural arbitration competition represent the College of Law at the National Arbitration Competition in fall of second or third year.

LAW:9060 Trial Advocacy 2 s.h.
Training in basic skills of trial advocacy; focus on particular aspects of trial technique (direct examination, cross-examination, handling documents, making objections, expert witnesses, jury selection, opening statements, closing arguments); pedagogical emphasis on learning by doing with immediate feedback by classmates, faculty, and outside attorneys or judges with subsequent videotape critiques; full-scale trial, from filing of pretrial motions to rendering of a jury verdict conducted by student co-counsel before a visiting Iowa judge and jury of lay people. Prerequisites: LAW:8460.

LAW:9061 Advanced Trial Advocacy - Stephenson Competition 1-2 s.h.
Review and expansion of topics presented in the initial trial advocacy course; preparation and application of these principles in the Stephenson trials; introduction to additional advanced problems such as the evidentiary issues raised in the trial problem. Corequisites: LAW:9060.

LAW:9062 Trial Advocacy Board 1-2 s.h.
Administration of Trial Advocacy Program and Stephenson Competition; research and writing in connection with trial problems and readings used in program; critique of performances of trial problems. Prerequisites: LAW:8460 and LAW:9060.

LAW:9066 Stephenson Trial Advocacy Team arr.
Student participation as College of Law representatives in Stephenson Trial Advocacy Competition. Prerequisites: LAW:8460.

LAW:9115 Law Review 1-2 s.h.
Performance of substantive tasks to produce a first-rate scholarly journal; writing a substantial note; comprehensive legal research experience; analysis of complex legal issues with enhanced critical-reasoning skills and command of the legal standard, The Bluebook citation system; selection of students that transfer to UI College of Law after their first year and rising second-year students is based on the Write-On Competition.

Experience on the Iowa Law Review editorial staff: managing production, overseeing business operations, administering student writing program, selecting and editing articles for publication, supervising student research and writing. Eligibility based on previous writing for the journal. Prerequisites: LAW:9115.
LAW:9124 Journal of Corporation Law  1-2 s.h.
Experience editing articles and writing commentaries for The Journal of Corporation Law, a student-operated scholarly publication that examines subjects of current importance to businesses and the bar.

Experience on The Journal of Corporation Law editorial staff: managing production, overseeing business operations, administering student writing program, selecting and editing articles for publication, supervising student research and writing. Eligibility based on previous writing for the journal. Prerequisites: LAW:9124.

LAW:9142 Transnational Law and Contemporary Problems Journal  1-2 s.h.
Experience researching and writing on issues in international and comparative law for the journal Transnational Law & Contemporary Problems. Requirements: second- or third-year law standing.

LAW:9145 Student Journal Editor—TLCP Journal  arr.
Experience researching, writing, and editing on issues in international and comparative law for the journal Transnational Law & Contemporary Problems. Requirements: second- or third-year law standing.

LAW:9163 Journal of Gender, Race and Justice  1-2 s.h.
Academic year experience on The Journal of Gender, Race & Justice: writing two journal pieces, including a recent development and a note or a comment, and performing office duties. Requirements: second- or third-year law standing.

LAW:9166 Student Journal Editor—Gender, Race and Justice  arr.
Experience on The Journal of Gender, Race & Justice editorial staff: managing student writing program, overseeing business operations and production, selecting symposium topic and participants, selecting and editing all publications pieces; eligibility based on writing and editing experience.

LAW:9251 Legal Practice Capstone  3-7 s.h.
Preparation for professional settings in which junior attorneys are expected to manage assignments from several different supervisors at once and execute projects in areas of law not formally studied in law school; variety of legal projects covering an array of doctrinal areas; identities of participating faculty members and nature of assigned projects revealed when course commences (e.g., junior attorneys in large and mid-sized law firms often discover day-to-day who their next supervisors are and what their next projects will be). Requirements: J.D. standing and in final year of study.

LAW:9302 Clinical Law Program—Internship  arr.
Experience working directly with faculty members on cases and in-house program; full participation in interviewing, fact investigation, negotiation, courtroom proceedings.

LAW:9307 Clinical Law Program—Externship  arr.
Experience representing clients through legal assistance offices in eastern Iowa, under supervision of faculty members and staff attorneys.

LAW:9322 Field Placement: Judicial  arr.
Close work with a federal district court judge or state appellate judge conducting research and drafting a wide variety of legal memoranda, orders, and opinions; assist in hearings and perform other duties generally associated with a judicial clerkship; weekly meetings with a faculty supervisor to discuss student’s work in chambers; participation in biweekly classroom discussions.

LAW:9331 Field Placement: General  arr.
Experience in nonprofit organizations, government agencies; unpaid.

LAW:9335 Summer Legal Placement  1-3 s.h.
Externship opportunities for direct involvement in activities characteristically performed by attorneys (e.g., research and writing, document drafting, client interviewing and counseling, fact investigation, negotiations, court appearances); in-depth exposure to as many facets of the actual practice of law as practicable in each externship.

LAW:9346 British Legal Methods Clinical Program  3 s.h.
British Law externship; placement in London law office under guidance of barrister or solicitor; seminar and enrollment in course on English legal system taught by faculty of King’s College, University of London.

LAW:9380 Courts Colloquium  1 s.h.
Opportunity to learn about inner workings of American judicial system through the lens of many judges; each semester centered on a theme (i.e., Iowa Courts, State Supreme Courts); sessions led by judges who, based on their positions, fit within selected theme.

LAW:9404 Field Placement: Corporate Law  arr.
One-semester placement at a Delaware court; students typically assigned to many of the same tasks required of judicial clerks, may include corporate law issues. Prerequisites: LAW:8331.

LAW:9413 Health and Elder Law Practicum  1-6 s.h.
Opportunity to participate in research involving current health and elder law and policy issues, in collaboration with public health agencies, legislators, professional organizations, and advocacy organizations.

LAW:9423 Tutorial  arr.
Different types of pedagogical techniques.

LAW:9424 Tutorial  1-4 s.h.
Work under faculty supervision; may involve substantive area of the law of jurisprudential ideas as they appear in various intellectual spheres; tutorials.
LAW:9429 Intellectual Property Advocacy 1-4 s.h.
Integrates teaching of substantive intellectual property law with development of oral and written advocacy skills in intellectual property field; builds on earlier learning in preparation for practice of law.

LAW:9435 Sexual Orientation and the Law Tutorial
Exploration of the intersection of law and sexual orientation.

LAW:9444 LL.M. Tutorial 1 s.h.
Requirements: LL.M. candidate.

LAW:9450 Patent Law Tutorial
Examination of recent patent-related en banc Federal Circuit and Supreme Court decisions. Prerequisites: LAW:8643 or LAW:8763.

LAW:9455 Medical Tutorial for Law Students
Participation on medical and/or surgical rounds under supervision of attending physician; didactic sessions on legal, medical, and ethical issues arising from the clinical experience, and issues such as peer review, credentialing, quality assurance, cost containment, AIDS, reproductive technology; recent developments in medical technologies. Cosponsored by Carver College of Medicine. Prerequisites: LAW:8562.

LAW:9460 SJD Tutorial 5 s.h.
Thesis work under supervision of Doctor of Juridical Science (S.J.D.) committees; dissertation committee chairs conduct an irregular series of meetings to learn about and discuss issues common to research and writing of each thesis involved; students develop full thesis proposals and draft individual chapters; forum provided for workshopping student work and development of students' abilities to discuss and critique legal scholarship; for all S.J.D. students during their two semesters of residency at the College of Law.

LAW:9473 Writing Tutorial
Writing project on a subject or topical area specified by the supervising faculty member; group meetings; writing tutorial.

LAW:9481 Supplementary Writing
Supplemental writing project that is related to a student's course, but goes beyond the requirements for the course, and is supervised by the faculty member who teaches the course.

LAW:9486 Directed Research and Writing
Research and writing project unrelated to any substantive course, supervised by a faculty member.

LAW:9490 Independent Research Project
Work under faculty supervision; research.

LAW:9491 Independent Research and Writing
Independent research and writing under thesis adviser/committee chair. Requirements: S.J.D. enrollment.

LAW:9503 Advanced Immigration Law and Policy
Examination of issues arising out of contemporary problems of immigration law and policy; topics vary, may include critical analysis of initiatives for national, state, and local immigration reform; traditional class-based component, experiential component, advanced legal research component, and rigorous writing requirement. Requirements: LAW:8577 or legal clinic experience.

LAW:9511 Advanced Problems in International Law and Policy
Relationships between international law and several political visions of a world order; the United Nations Charter; other visions that have historically characterized United States, Western European, Russian, Chinese, Islamic, and other perspectives; how several of these historical perspectives appear to be at work in current conflicts involving U.N. Security Council, ISIS and other terrorist organizations, Ukraine, South China Sea, European Union, Eurozone; conflicts and potential for international law to aid in their resolution.

LAW:9518 Advanced Topics in Corporate Law
Wide range of topics; theory of the firm, fiduciary duties, corporate counseling issues, history of corporate law, and so forth. Requirements: one law or business course in corporate law.

LAW:9528 Advanced Topics in International Law
Contemporary problems of public international law and policy; issues arising from armed conflict, use of force, pacific settlement of disputes; human rights law and policy (individual civil, political, economic, social, and cultural rights; group rights such as self-determination, development, environment, peace); trade and development; environmental law and policy (e.g., climate change, species extinction, pollution).

LAW:9537 Appellate Adjudication Seminar 3-4 s.h.
Introduction to skill and art of writing appellate judicial opinions; brief, preliminary study of appellate jurisdiction and procedure; group responsibility for deciding a number of cases pending before regional appellate courts (e.g., the Iowa Supreme Court, the United States Court of Appeals for the Eighth Circuit); students study briefs and conduct additional research as appropriate, conference cases sitting as a mock appellate court, assign and prepare opinions, solicit votes, and write one or two opinions.

LAW:9549 Capital Punishment
Overview of the death penalty as presently applied in America; moral issues; long-term trends limiting the use of the death penalty in the United States and abroad; legal issues and Eighth Amendment jurisprudence that has developed since the 1960s regarding limits on the exercise of juror discretion, jury selection, proportionality, the execution of minors, racial discrimination, mens rea requirements, capital appeals and collateral attacks, and death penalty lawyering; critique of death penalty bills proposed in recent years for Iowa.
LAW:9550 Capitalism  
Economic and moral aspects of capitalism as a system for organizing a society's economic activity; major topics including the beginnings of capitalist theory in Smith, Marxist critiques of capitalism in 19th century, capitalism and its critics in the Gilded Age and Progressive Era, the Great Depression and Keynesianism, modern defenses and criticisms of capitalism in Hayek, Habermas, Friedman, Rawls, and others.

LAW:9552 Child Maltreatment and Child Welfare System  
Coercive state intervention through child welfare system to protect children from maltreatment by parents and other caretakers; definitions of child abuse and neglect as defined by statutes and case law, reporting laws, civil child abuse and neglect proceedings, foster care and out-of-home placement of children, termination of parental rights, role of attorneys and guardians ad litem in child abuse and neglect proceedings.

LAW:9557 Constitutional Interpretation Seminar  
How the United States Supreme Court interprets the Constitution; particular emphasis on substantive due process and equal protection doctrine. Corequisites: LAW:8260.

LAW:9559 Corporate Ethics  
Examination of ethical issues that businesses and their attorneys confront in multiple contexts; particular emphasis on analyzing the meaning of ethical behavior, approaches to ethical decision making, issues of sustainability, development of social enterprise business models, and attorney's role in counseling corporate clients on ethical issues. Prerequisites: LAW:8331.

LAW:9563 Topics in Criminal Procedure  
In-depth look at criminal procedure topics not addressed or discussed briefly in basic criminal procedure courses, including jury selection, trial strategies, bond hearings, litigating suppression motions, sentencing advocacy, inner workings of courtrooms, and mass incarceration.

LAW:9573 Cultural Property/Heritage  
Concept of cultural property, measures for its protection, impact of these measures on the transfer of cultural items; traditional art and architecture, biological and fossil material, human remains; contexts in which issues have arisen, such as stolen cultural property, property acquired during armed conflict and in colonial settings, and property collected in the field or excavated; international, national, and state law, including UNESCO convention on illicit transfer of cultural property, U.S. Archaeological Resources Protection Act, Native American Graves Protection and Repatriation Act; how developing professional ethics codes affect the concept of cultural property.

LAW:9582 Deals  
Economic structure of complex commercial transactions as memorialized in agreements including bank credit facilities, indentures, underwriting agreements, other documents governing equity financings and financings involving convertible or preferred securities, venture capital agreements, securitization documents, business combination agreements, joint venture and shareholders agreements, limited liability company operating agreements, project finance documents; commercial agreements and how sophisticated parties order their private relationships to achieve efficient results. Prerequisites: LAW:8331.

LAW:9616 Seminar on the First Amendment  
Issues decided in the Supreme Court's unfolding jurisprudence under the First Amendment; varied topics from year to year.

LAW:9631 Higher Education and the Law  
Practice of law in and for a complex institution; problems confronting attorneys in higher education, doctrinal issues prevalent in a university setting; focus on real or hypothetical problems considered in light of background reading rather than doctrinal analysis.

LAW:9639 History of Regulation of Smoking and Tobacco  
Regulation of smoking and tobacco use; history, beginning with 19th and early-20th centuries; state statutes and case law; OSHA, EPA, and FDA regulations; class action litigation, involvement of law firms in formulating tobacco company strategies, use of medical studies, economic history of the tobacco industry.

LAW:9656 Topics in 19th-Century American Legal History  
Exploration of selected focus topics, may include developments in the law of the home and the law of the workplace (free labor, worker immigration, apprenticeship, indentured labor, slavery); women's legal history; land issues and various Homestead Acts; Blackstone in America; Reconstruction of the Constitution after the Civil War; The National Archives—which houses American legal historical documents—displays the phrase, "What is past is prologue;" legal history that explains how we got to the legal present and to understand what is the law, you have to know how something got to be the law. Same as HIST:7256.

LAW:9681 Elder Law  
Qualification for Medicaid, elder abuse and neglect, discrimination in employment and elsewhere, retirement pension planning and taxation, elderly patients' rights in nursing homes; conservatorships and guardianships.

LAW:9692 Innovation, Business, and Law Colloquium  
Varied topics; antitrust, intellectual property, corporate and securities law, and the interfaces between those disciplines; readings, discussion.
LAW:9701 International Criminal Law 
Law of genocide, war crimes (including gender crimes), crimes against humanity, terrorism, human trafficking, money laundering, the International Criminal Court, alternatives to prosecution including national truth commissions, civil compensation, official apologies, selective amnesties; strengths and weaknesses of international criminal law in response to mass atrocity; practical considerations that limit and permit effective functioning of international criminal law.

LAW:9717 Iowa Medical Innovation Group Seminar
Team of law, medicine, engineering, and business students observe medical procedures, interview surgical and other medical personnel, and originate an idea for a medical device; design and produce figures or prototype, reports on patentability, and draft patent application; design business model for marketing with required legal documents, which may include entity documents and licensing documents; law students procure necessary intellectual property rights, business association documents, contracts, and licensing agreements.

LAW:9720 UI Center for International Finance & Development
Study of problems and issues in the complex world of international finance and development; focus on the International Monetary Fund and the World Bank; research and writing a new issue for the UICIFD web site.

LAW:9723 Seminar on Islamic Law and Government
Islamic legal and political legacy from formative period until modern time; critical analysis of logic and context of development; development of jurisprudential, legal, and political literature; overview of theories and practices of governance in Islam beginning with Caliphate system and ending with modern nation-state models. Same as RELS:6723.

LAW:9758 Law and Lawyers in Literature
Fundamental societal issues and ethical questions examined through discussion of literary works, including novels and plays by writers such as Camus, Coetzee, Dostoyevsky, Durrenmatt, Faulkner, Ibsen, Kafka, Melville, Schaffer, Thucydides.

LAW:9787 The Law of the Frontier: U.S. 1820-1870
How law really functioned at the edges of the nation’s jurisdictional limits; earlier patterns of power, adjustments for environmental circumstances; difference between concepts of law and justice.

LAW:9803 Law and Social Science
Fundamental legal concepts and theories built on empirically testable assumptions about human behavior and decision making; testing common sense assumptions against relevant psychological and social neuroscience research; focus on domains of criminal law and criminal procedure.

LAW:9811 Law of War, Peace, and Military Affairs
How does the law seek to restrain use of force in armed conflict? When may sovereign states lawfully take up arms? Once war begins, what methods may states and soldiers employ? How does and should the law of war deal with non-state actors, notably terrorists and private military contractors? Must the world reassess its answers to these questions in light of geostrategic developments since 9/11? When and why is a soldier’s obedience to illegal orders an acceptable excuse? Is the Nuclear Non-Proliferation Treaty a success or failure?

LAW:9818 Legal Issues: Intercollegiate Athletics
Legal issues affecting college and university athletics and athletes; includes drug testing, recruitment, gender equity (Title IX), NCAA regulations, endorsement contracts, coaching contracts, trademark licensing, and broadcasting rights.

LAW:9826 LL.M. Seminar
Basic research and analytical methodologies for the international and comparative law fields; workshop approach to project proposals, drafts.

LAW:9838 Selected Topics in Comparative Law
Selected focus topics in different offerings.

LAW:9841 Notable American Trials: Trial Skills
Trial skills and strategy; real trial transcripts, contemporary accounts of the selected trials, secondary literature evaluating what actually happened in the courtroom and relevant history; skills of opening and closing argument, voir dire, direct and cross examination, witness selection, use of exhibits.

LAW:9849 Nonprofit and Philanthropic Organizations
Issues in law and policy relating to philanthropic and nonprofit institutions; creation, role, nature, and history of nonprofit entities; tax exemption, tax treatment (including property and donor tax issues); political and legislative activities; roles of members, directors, officers; problems of external regulation, accreditation, ethics; special issues for religious organizations, community foundations, private foundations, universities; development of philanthropic and nonprofit activity in foreign jurisdictions.

LAW:9855 Policy Lab Seminar
Application of legal skills to real world policy problems; work in teams to investigate a live issue, conduct necessary research, talk to stakeholders, prepare a legal work product (proposed legislation, regulation, doctrinal changes) and a policy justification for that proposal; focused instruction on a specific policy space, general instruction in tools and methods used to analyze policy and design solutions; independent research on particular issues within that space; presentations; working through challenges that arise during process.
LAW:9863 Patent Prosecution Seminar 3-4 s.h.
Drafting seminar on patent application preparation and prosecution; student drafting exercises and presentations on advanced patent law topics; administrative rules and procedures governing practice before the U.S. Patent and Trademark Office; for students who plan to practice patent law. Prerequisites: LAW:8643.

LAW:9877 The Future of Public Law arr.
Addresses slowly developing sense of crisis in public law worldwide, arising from attempt to use a model of law as an autonomous force in society that arose in the development of Western legal traditions as a way of resolving private disputes and only later applied to resolution of disputes between private citizens and the state; how this model is called upon to resolve disputes of great political salience involving various state or supra-national actors increasingly in the modern world; can public law provide what is expected of it, and is public law an experiment that has run its course?

LAW:9882 Public Health Law arr.
Introduction to scope, function, and history of governmental activities and programs encompassed by public health regimes (primarily in the United States); legal and constitutional powers and duties of states to create prerequisites for health of population as a whole; limitations on exercise of that power to restrict individuals interests (inter alia) in liberty, autonomy, privacy, and property; tensions and conflicts that arise when collective action on behalf of public/common good constrains what the state deems to be acceptable risks triggered by actions of private individuals.

LAW:9912 Selected Issues in Family Law arr.
In-depth look at an issue or set of issues in family law; relevant cases, statutes, scholarship; class visits or on-the-job observations with community members who play roles in the family law process being examined.

LAW:9920 Federal Criminal Sentencing arr.
Sentencing as a key stage of the criminal justice system; purposes of sentences, guilty pleas, and plea bargaining; procedural rights during the sentencing process; types of sentencing statutes, federal guidelines, and the federal death penalty; supervised release, probation, and revocation of supervised release and collateral; consequences and sanctions.

LAW:9941 State Constitutional Law arr.
Power of state courts to independently interpret state constitutional provisions that are identical or similar to the federal counterparts; various approaches taken by state courts with respect to this issue; in-depth analysis of cases where a state court has departed from the federal interpretation. Prerequisites: LAW:8280.

LAW:9959 Supreme Court Seminar arr.
Supreme Court practice, procedure, jurisdiction; the art of opinion writing; in-depth analysis of cases on the court’s pending docket; writing briefs, conducting research, conferencing cases sitting as a mock Supreme Court, assigning and preparing opinions, soliciting votes of colleagues; preparation of two opinions.

LAW:9990 Wrongful Convictions and the American Criminal Justice System arr.
Over 300 innocent persons in the United States have been exonerated through DNA evidence after being convicted of crimes they did not commit since 1989; how wrongful convictions occur, how they are remedied, how future injustices can be prevented; introduction to criminal appeals and postconviction proceedings; examination of cases of wrongful convictions; common factors that contribute to conviction of innocent; challenges of proving innocence under statutory and constitutional law; how the system can be reformed to prevent wrongful convictions.

Law Study Abroad

LWAB:8230 Program in Comparative Law in Bordeaux, France arr.
Intensive course work in France taught by professors from Iowa and France. Five-week courses in May and June.

Study abroad program for students from seven law schools (Iowa, Georgia, Utah, Kansas, Missouri-Columbia, Indiana-Bloomington, Chicago-Kent); American and British law taught by faculty drawn from the seven schools and British universities; clinical law program, work with British barristers and solicitors.

LWAB:8250 Law Study Abroad at Peking University School of Transnational Law arr.
Exchange study program at Peking University of Transnational Law in China.

LWAB:8825 International and Comparative Study Abroad arr.

LWAB:9220 Law Study Abroad at Bucerius University arr.
Exchange student study at Bucerius Law School, Hamburg, Germany. Fall semester.

LWAB:9223 Law Study Abroad at Catolica University arr.
Exchange student study at the University of Católica in Lisbon, Portugal.

LWAB:9226 Law Study Abroad at Radboud University Nijmegen arr.
Exchange student study at Radbound University in Nijmegen, Netherlands.

Certificate Program

University of Iowa Center for Human Rights (p. 1003)
University of Iowa Center for Human Rights

**Director, Center for Human Rights**
- Adrien Wing

**Associate director, Center for Human Rights and director, human rights certificate program**
- Greg Hamot

**Assistant director, Center for Human Rights and associate director, human rights certificate program**
- Amy Weismann

**Undergraduate certificate:** human rights
**Web site:** http://uichr.org

Human rights concern the inherent dignity of all human beings and the promotion and protection of that dignity regardless of race, color, gender, sexual orientation, religion, culture, nationality, birth, or other status. The Certificate in Human Rights broadens students' understanding of human rights issues and helps them learn how to use an interdisciplinary approach to identify solutions.

Course work for the certificate is drawn from units across the University of Iowa. It prepares students to examine societal problems critically and to design specific solutions to human rights dilemmas in a wide range of areas, such as civil governance, the situations of women and racial and sexual minorities, child welfare, socioeconomic development and well-being, hunger and poverty, education, health, immigration, ecological sustainability, and mass violence.

The Certificate in Human Rights is administered and awarded by the College of Law (p. 969).

**Undergraduate Program of Study**
- Certificate in Human Rights

**Certificate**

The Certificate in Human Rights requires 18 s.h. of credit. The certificate program is open to current University of Iowa undergraduate students and to all individuals who hold a bachelor's degree and are not enrolled in a graduate or professional degree program. Students must maintain a g.p.a. of at least 2.00 in work for the certificate. They may count a maximum of 6 s.h. of transfer credit toward the certificate with approval from the certificate program's faculty advisory group.

Individuals must declare their intent to earn the certificate. They must consult with the Certificate in Human Rights advisor to complete a plan of study; see the Certificate in Human Rights web site for details.

The Certificate in Human Rights requires the following course work.

Philosophical foundations and contemporary issues in human rights—both of these (6 s.h.):

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>

Contact the certificate program advisor to learn about additional University of Iowa courses that relate to human rights. Individual students who would like to make substitutions for required courses must meet with the certificate program advisor; then they must submit a petition form to the program's faculty advisory group.

**Courses**

**HRTS:2115 Introduction to Human Rights**
3 s.h.
Analysis and evaluation of the international human rights program; relationship between human rights and international law. Same as IS:2115.

**HRTS:3895 Human Rights and Community Development**
3 s.h.
Exploration of connections and tensions between human rights as defined by member states of the United Nations; meaning and practice of community development, especially but not exclusively, in the United States; focus on critical thinking, in-depth discussion of readings, group work, and individual writing.

**HRTS:3900 Child Labor and International Human Rights**
3 s.h.
Complexity of child labor in global, regional, national, and local contexts; international human rights system, current programs and strategies for reducing or eliminating abusive child labor. Same as IS:3900.

**HRTS:3905 Topics in Human Rights**
1-3 s.h.
Examination of emerging human rights issues from an interdisciplinary and international perspective. Same as IS:3905.

**HRTS:3906 Human Rights Systems: Institutions and Mechanisms Enforcing and Implementing Human Rights**
3 s.h.
Beginning of modern human rights era in 1948 and newly formed United Nations as one of the few institutions acting to protect human rights; present day aspiring advocates confronted by bewildering array of institutions to which they might bring human rights concerns; human rights enforcement mechanisms from an advocate's point of view; shortcomings of human rights enforcement and how it can be made better; broad definition of advocacy; legal and nonlegal conceptions of enforcement.

**HRTS:3910 Human Rights Advocacy**
3 s.h.
Theoretical foundations and critical issues for international human rights advocacy and international humanitarian movements. Same as IS:3910.
HRTS:3915 Human Rights and the Arts 3 s.h.
Ways in which violations of and struggle for human rights have affected and been affected by literary, musical, visual, architectural, and theatrical/dramatic arts in various countries past and present; art considered as expression, as market of identity, and as historical document.

HRTS:3920 Seminar in Human Rights arr.
Praxis: Supervised Internship
Supervised internship in human rights praxis; focus on field-based advocacy and human rights frameworks.

HRTS:4283 U.S. Women's History as the History of Human Rights 3-4 s.h.
History of human rights in the United States traced through the perspective of women; aspects of women's experience (social, political, intellectual) related to fundamental human rights—right to a nationality, right to life, liberty and personal security, right to freedom of movement, right to take part in the government of their country, right to own property; these and other rights specified by the United Nations in the Universal Declaration of Human Rights, 1948; different history of men and women enjoying these rights; how human rights have been constructed and experienced in the United States from the era of colonial settlement to present. Same as HIST:4283, AMST:4283, GWSS:4283.
Carver College of Medicine

Dean
• Debra A. Schwinn

Executive associate dean
• Donna Hammond

Associate dean, clinical and translational science
• Patricia L. Winokur

Associate dean, student affairs and curriculum
• Christopher Cooper

Associate dean, faculty affairs and development
• Lois J. Geist

Associate dean, cultural affairs and diversity
• Sherree A. Wilson

Associate dean, information technology
• Boyd Knosp

Associate dean, graduate medical education
• Mark C. Wilson

Associate dean, clinical affairs
• Douglas Van Daele

Associate dean, graduate and postdoctoral studies
• Daniel Tranel

Assistant deans
• David Asprey, Steven Craig, Amy Lee, Denise Martinez, Greg Nelson, Nancy Rosenthal

Undergraduate majors: medical laboratory science (B.S.); nuclear medical technology (B.S.); radiation sciences (B.S.)

Professional degree: M.D.

Graduate degrees: M.A.; M.M.E.; M.P.A.S.; M.S.; D.P.T.; Ph.D.

Web site: http://www.medicine.uiowa.edu

The Roy J. and Lucille A. Carver College of Medicine is an integral part of the University of Iowa. It contributes to the education of thousands of University students, is home to ground-breaking research in a wide array of disciplines, and provides a statewide health care resource.

The Carver College of Medicine is the only college in Iowa that offers a curriculum leading to the Doctor of Medicine. It also offers a Bachelor of Science in medical laboratory science, nuclear medicine technology, and radiation sciences (see “Undergraduate Programs of Study” later in this Catalog section) as well as Master of Science and Doctor of Philosophy degrees in several disciplines; the Master in Medical Education; the Master of Physician Assistant Studies; and the Doctor of Physical Therapy (see “Graduate Programs of Study” later in this section).

Doctor of Medicine and other health sciences students have a number of opportunities to gain experience in medical clinics, community hospitals, and a major academic medical center. M.D. graduates may pursue further training in the specialties of family medicine, internal medicine, surgery, and pediatrics at one of 13 University of Iowa-affiliated residency programs in six Iowa cities.

The college also participates in the education of students in the Colleges of Dentistry, Nursing, Pharmacy, and Public Health and in the life-sciences and health-related programs of the College of Liberal Arts and Sciences, the College of Engineering, and the Graduate College.

Health professionals from throughout the Midwest take part in the college's year-round continuing medical education programming, updating their knowledge and skills through refresher courses, clinics, and conferences. The college also offers a variety of services that support Iowa physicians and community hospitals.

In addition to providing education and resources for physicians and other health care organizations, the college addresses broad public issues of distribution and organization of health care services. Its faculty members advise and serve on national, state, and regional health planning councils, health boards, and various health agencies.

Accredited by the Liaison Committee on Medical Education of the American Medical Association and the Association of American Medical Colleges, the Carver College of Medicine meets the requirements of all state licensing boards. Its M.D. diploma admits the holder to all privileges granted to graduates of all medical colleges before such boards. All other professional programs administered by the college are accredited by their respective accrediting bodies.

Professional Program of Study
(M.D.)

The Doctor of Medicine is a four-year program that prepares students to practice primary care medicine and to pursue further education and training in specialized areas of medicine. For a description of the M.D. curriculum and information about admission to the program, financial support, and academic rules and procedures, see Doctor of Medicine (p. 1031) in the Catalog.

Undergraduate Programs of Study

The Carver College of Medicine offers a Bachelor of Science with majors in medical laboratory science, nuclear medicine technology, and radiation sciences. The medical laboratory science major is offered through a partnership with Allen College, in Waterloo, Iowa. See Medical Laboratory Science (p. 1046), Nuclear Medicine Technology (p. 1060), and Radiation Sciences (p. 1092) in the Catalog.

Undergraduate study in the Carver College of Medicine is guided by the following academic rules and procedures.
Health Insurance, Immunizations
All health professions students are required to provide proof of health insurance coverage annually. Contact the University Benefits Office or visit its web site. All health sciences students must show proof of health examinations and screenings annually. For more information, contact Student Health & Wellness and see Requirements and Forms on its web site.

Application for Degree
Students who want to be considered for graduation must submit an Application for Degree with the Office of the Registrar through ISIS before the deadline for the session in which the degree is to be conferred. Students who have fulfilled the requirements for a minor must indicate this on the degree application form filed through ISIS so that completion of the requirements for the minor can be verified and noted on their transcript.

Academic Recognition
The University of Iowa and the Carver College of Medicine recognize academic achievement every fall and spring semester.

GRADUATION WITH DISTINCTION
Graduating students may be recognized for their scholastic achievement upon recommendation by their academic program and with the dean's approval. Graduation with distinction, high distinction, or highest distinction is determined by both the cumulative and the University of Iowa grade-point average. Highest distinction requires a g.p.a. of 3.85 or higher; high distinction requires a g.p.a. of 3.75 to 3.84; and distinction requires a g.p.a. of 3.65 to 3.74.

To graduate with distinction, students must have completed a minimum of 60 s.h. of graded course work at the University of Iowa. Both S (satisfactory) and A-F (letter) grades are included in the total semester hour total. However, S grades are not calculated into the grade-point average. Radiologic technology certificate course grades are not included in the grade-point average and are not considered graded course work.

Students graduating with distinction have a notation added to their transcript and diploma. To be recognized for distinction, students must have completed 45 of their final 60 s.h. and earned the required grade-point average before their final semester of graduation.

DEAN’S LIST
Undergraduate students who achieve a g.p.a. of 3.50 or higher on 12 s.h. or more of University of Iowa graded course work during a given semester or summer session and who have no semester hours of I (incomplete) or O (no grade reported) during the same semester are recognized by inclusion on the Dean’s List for that semester. Students may qualify for the Dean’s List with fewer than 12 s.h. of graded credit if deemed appropriate by the college.

PRESIDENT’S LIST
University of Iowa undergraduate students who achieve a g.p.a. of 4.00 on 12 s.h. or more of University of Iowa graded course work and who have no semester hours of I (incomplete) or O (no grade reported) for two consecutive semesters (excluding summer sessions) are recognized by inclusion on the President’s List.

Financial Support
Students are eligible to apply for undergraduate financial aid. Scholarships, grants, loans, and part-time job placement are administered by the University's Office of Student Financial Aid. Part-time work in related areas is sometimes available.

Registration, Credit, Grading
REGISTRATION
Information about tuition and fees, registration, and deadlines is available from the Office of the Registrar. Students who add or drop a course after registration or who register late are assessed a fee. Each course dropped after the deadline results in a W (withdrawn) on the transcript (see Changes in Registration below). Students are not allowed to register for full-semester courses after the second week of the semester or the first week of the summer session. Students must register for off-cycle courses before the first day of the course.

The maximum permitted registration for fall and spring semesters is 18 s.h. per semester. The maximum registration for summer session varies: 4 s.h. for the four-week session; 9 s.h. for the eight-week session; 9 s.h. for the six- and eight-week sessions combined; 12 s.h. for the four-week session and the eight-week session; and 12 s.h. for the four-, six-, eight-, and twelve-week sessions combined. Students may register for a maximum of 16 s.h. of fall semester or spring semester course work during early registration. Students must obtain permission from the head of the division to register for more than the maximum semester hours allowed.

CHANGES IN REGISTRATION
Courses may be added with the signatures of the advisor and the course instructor at any time during the first one-fifth of the course. They may be dropped at any time during the first two-thirds of the course. Approval is required from the dean of the Carver College of Medicine for all other changes in registration and is granted only in extraordinary circumstances. Students are assigned a mark of W (withdrawn) for any course dropped after the first one-fifth of the course. Students whose drop of one or more courses results in a registration of 0 s.h. for the semester must follow the procedure for withdrawal from the University instead of the add/drop procedure.

Students who have registered for courses offered for variable or arranged credit may change the number of semester hours with the signatures of the instructor, the advisor, and the head of the division at any time before the end of the first two-thirds of the course.

Other changes in registration (such as to audit for zero credit) may be made only during the first one-fifth of the course.

It is a student's responsibility to see that the change of registration form is approved by the necessary individuals and is delivered to the Registrar's Service Center. Changes in registration become effective on the date the completed form is submitted to the Center.

WITHDRAWAL OF REGISTRATION
Students may withdraw their registration without academic penalty at any time before the end of the first four-fifths of the course, but no credit is subsequently given. Later withdrawal results in automatic assignment of
Students should consult individual program policy.

**AUDITING COURSES**

Students may register to audit a course with approval of the appropriate program director and course instructor. In addition to obtaining these signatures, students must register for zero credit in the course to be audited. The mark of AUS (audit successful) is assigned if a student's attendance and performance are satisfactory; if they are unsatisfactory, the mark of AUU (audit unsuccessful) is assigned. Courses completed with a mark of AUS do not meet any college requirement and carry no credit toward graduation. Auditing may not be used as a second-grade-only option.

**COURSES OFFERED BY OTHER UNIVERSITY OF IOWA COLLEGES**

Students who enroll in courses offered by other University of Iowa colleges are governed by those colleges' rules in matters regarding the courses. See Policy Governing Undergraduate and Professional Students Enrolled in Courses Outside Their Own College or Degree Program.

**IN-RESIDENCE REQUIREMENT**

The in-residence requirement may be met by earning the final consecutive 30 s.h. in residence at the University of Iowa, or 45 of the last 60 s.h. in residence, or an overall total of 90 s.h. in residence.

Nonresident instruction includes course work and correspondence study at other colleges, universities, and institutions. Undergraduate course work in other University of Iowa colleges counts toward in-residence requirements.

Because the Carver College of Medicine partners with Allen College for the medical laboratory science major, students are not held to the University of Iowa in-residence requirement.

**DUPLICATION AND REGRESSION**

Duplication occurs when students take the same course more than once or when they take a course that duplicates the content of a course they already have completed satisfactorily. Regression occurs when students take a course that is less advanced or at a lower level than one in the same subject that they already have completed satisfactorily. Duplication and regression are assessed by the registrar. Semester hours earned by duplication or regression do not count toward graduation.

**MINIMUM GRADE REQUIREMENT**

Students must earn a g.p.a. of at least 2.00 each semester in all college work attempted, all work undertaken at the University of Iowa, and all graded work attempted after admission to the Carver College of Medicine. Students enrolled in a program that uses the pass/fail/honors grading system must pass all courses required to complete the program.

Students must earn a C or higher in professional specialty (modality) courses.

**GRADING PROCEDURES**

Grading procedures vary from program to program. Students should consult individual program policy statements for information.

**PASS/NONPASS**

Students have the option of taking elective courses pass/nonpass (P/N) with the permission of the course instructor and/or the department offering the course. Students may register for the P/N grading option from the first day of classes until the last day for undergraduates to add a course; see Academic Deadlines on the Office of the Registrar web site.

To register for a P/N course, the student must print the Grading Option Form, have it signed by the course instructor and the academic advisor, and submit the completed form to the Registrar's Service Center before the published deadline.

Semester hours graded P/N are not used in computing a student's grade-point average. Semester hours graded P count toward graduation; those graded N do not. The college accepts a maximum of 15 s.h. of University of Iowa credit graded P toward the bachelor's degree, and it accepts a maximum of 30 s.h. of credit graded P and/or S from all sources (UI and transfer credit) toward the bachelor's degree. Students must be in good academic standing to be eligible for the pass/nonpass option.

**SATISFACTORY/FAIL OR SATISFACTORY/UNSATISFACTORY**

A number of courses only use satisfactory/fail (S/F) or satisfactory/unsatisfactory (S/U) grading. All students registered for these courses receive a grade of S, F, or U. Students do not need special forms or permission in order to register for S/F or S/U courses.

Semester hours graded S or U are not used in computing a student's grade-point average, but semester hours graded F are used in grade-point average computation. Semester hours graded S count toward graduation; semester hours graded F or U do not.

Students may use course work graded S to fulfill General Education Program requirements and/or the requirements of their major, a minor, or a certificate. The college accepts a maximum of 15 s.h. of University of Iowa credit graded S toward the bachelor's degree, and it accepts a maximum of 30 s.h. of credit graded P and/or S from all sources (UI and transfer credit) toward the bachelor's degree.

**SECOND-GRADE-ONLY OPTION**

Repeating courses for the second-grade-only option is allowed in extraordinary circumstances. To repeat a course for the second-grade-only option, students must obtain the signatures of the course instructor, the program director, and the dean on a form available from the dean's office; the signed form must be returned to the Registrar's Service Center before the end of the first one-fifth of the course. Both grades remain on the permanent record, but only the second one is used to calculate grade-point average and credit earned. Students using the second-grade-only option for courses that are not part of their major must follow the procedure for the college that offers the course.

**INCOMPLETE**

A grade of I (incomplete) may be reported if the reasons for inability to finish the course satisfactorily are acceptable to the program director and the course instructor. There also must be evidence that the course work will be finished within a reasonable length...
of time, usually by the end of the next academic session. Incompletes not removed by the deadline for submission of final grades for the next session result in the assignment of a grade of F. A student must work with the instructor so that an incomplete grade may be rectified by official action.

REPORTS TO STUDENTS
Instructors notify any student whose work falls below the minimum acceptable level once the problem is recognized. Grades are reported on a student's transcript, following University protocol. No formal midterm reports are given.

Degrees and Minors

TWO BACHELOR'S DEGREES
Students who want to earn two bachelor's degrees, each from a different college, must contact the University's Office of Admissions. Interested students must complete the degree requirements for both majors, including the residency requirements.

SECOND BACHELOR'S DEGREE
Students who already hold a bachelor's degree and wish to earn an additional bachelor's degree must complete at least 30 s.h. consecutively in the Carver College of Medicine and must meet college and program degree requirements. Individuals interested in earning a second bachelor's degree must apply for admission to the degree program at the University's Office of Admissions.

MINORS
Students graduating from the Carver College of Medicine may earn a minor or minors in any degree-granting department or program in the college outside of their major department or in another college of the University by meeting that department's requirements for the minor.

Academic Progress, Probation, Dismissal
Students are expected to maintain satisfactory academic and professional standards and to demonstrate reasonable progress toward the Bachelor of Science and Certificate of completion. Students who fail to maintain satisfactory academic progress or professional standards of behavior as determined by their program may be placed on probation or dismissed from the program. Probation serves as a warning that a student will not graduate unless his or her academic performance and/or professional behavior improves.

Students on probation are restored to good standing by the program director upon evidence that the problem has been corrected. Such action is usually taken at the end of a semester or session. Entering students may be admitted on probation if they fail to meet the minimum stated standards for admission.

Continued unsatisfactory scholarship or unprofessional behavior may result in dismissal from a program. Students dismissed from a program must reapply for admission through the regular, established program admissions process, following review by a faculty committee, at least four months before the requested date of readmission.

Students placed on probation or dismissed from a program are notified by e-mail; copies are placed in their files. An academic probation notation is placed on the transcript.

In order to be restored to good standing, students placed on academic probation during a semester or summer session must have a University of Iowa g.p.a. and a cumulative g.p.a. of at least 2.00 by the end of the next semester (for full-time students) or by the time they have earned the next 8 s.h. (for part-time students). Students on academic probation who fail to meet the grade-point average requirement in the designated time frame for restoration to good standing are subject to dismissal at the end of the semester.

Students are expected to attend classes regularly. Students who miss classes or examinations because of illness are expected to present evidence that they have been ill. Any other absences must be approved in advance by the course instructor.

Any offense against good order committed by a student in a classroom, clinical setting, or laboratory may be dealt with by the instructor or referred to the program director. The instructor reports in writing any disciplinary action taken against a student to the program director. Repeated or exceptional instances are reported to the dean.

Academic Misconduct

PLAGIARISM AND CHEATING
All cases of plagiarism and cheating in the Carver College of Medicine are reported to the dean with a statement of relevant facts. The program director and the instructor may submit recommendations for appropriate disciplinary action.

The individual instructor may reduce the student's grade, including assignment of the grade of F in the course. A report of this action is sent to the student, the program director, and the dean.

The dean, or a faculty committee appointed by the dean, may impose the following or other penalties, as the offense warrants: disciplinary probation, requirement of additional hours for the degree, suspension from the program for a period of time, or recommendation of expulsion from the program.

APPEALS PROCEDURE
Students who want to appeal a decision should appeal in writing to the dean within two weeks after the date of receipt of the decision in writing.

Graduate Programs of Study
The Carver College of Medicine offers graduate programs leading to the M.S. in pathology (p. 1068); the M.S. and Ph.D. in biochemistry (p. 1021), free radical and radiation biology (p. 1040), microbiology (p. 1050), molecular physiology and biophysics (p. 1055), and pharmacology (p. 1071); the Ph.D. in anatomy and cell biology (p. 1015) and physical rehabilitation science (p. 1074); the Master in Medical Education (p. 1044) (M.M.E.); the Master of Physician Assistant Studies (p. 1083) (M.P.A.S.); and the Doctor of Physical Therapy (p. 1074) (D.P.T.).

It also offers a joint M.D./Ph.D. degree through the Medical Scientist Training (p. 1048) Program; see "Joint M.D./Graduate Degrees" in the Doctor of Medicine (p. 1031) section of the Catalog.

Many of the college's faculty members participate in the Graduate College's interdisciplinary programs in genetics (p. 936), immunology (p. 940), molecular and cellular
biology (p. 953), and neuroscience (p. 955), and in its 
Biosciences Program.

The Biosciences Program gives graduate students the 
opportunity to become acquainted with basic molecular 
research in the Departments of Anatomy and Cell Biology, 
Biochemistry, Biology, Biomedical Engineering, Chemistry, 
Communication Sciences and Disorders, Microbiology, 
Molecular Physiology and Biophysics, Pharmacology, 
and the Programs in Free Radical and Radiation Biology, 
Genetics, Human Toxicology, Immunology, Molecular and 
Cellular Biology, Neuroscience, and Physical Therapy and 
Rehabilitation Science. The Biosciences Program offers 
graduate students flexibility during their first year of study, 
after which they select the department or program in 
which they will earn their Ph.D. degree. See Biosciences 
p (p. 926) (Graduate College) for details.

Interdisciplinary Programs and 
Centers

The college's interdisciplinary programs and centers draw 
strength from college faculty members and the facilities 
available to them, without regard to departmental units 
or to the distinction between graduate and postgraduate 
training. For more information, contact the senior 
associate dean for scientific affairs.

The following centers are subdivisions of the Carver 
College of Medicine.

Alzheimer's Disease Research Center

The Alzheimer's Disease Research Center studies 
Alzheimer's disease and related neurological conditions 
from the viewpoint of neuroanatomy, neuroimaging, 
neuropsychology, and neurochemistry. The center's 
purposes are to improve the diagnosis and treatment 
of these conditions, to disseminate information on new 
research to the public, and to contribute to a better 
understanding of the neural basis of cognition.

Carver Genetic Testing Laboratory

The John and Marcia Carver Nonprofit Genetic Testing 
Laboratory provides genetic testing for rare eye diseases, 
especially diseases so rare that commercial tests are 
available for them. The laboratory's test results provide 
information to patients and their families while keeping the 
tests affordable.

Holden Comprehensive Cancer Center

The Holden Comprehensive Cancer Center (HCCC) 
coordinates the efforts of University of Iowa faculty and 
staff in research, education, and clinical programs related 
to all aspects of cancer. The HCCC is recognized by the 
National Cancer Institute as an NCI-designated cancer 
center and has "comprehensive" status, a designation 
that recognizes the depth and breadth of interdisciplinary 
cancer research activity taking place at the University of 
Iowa.

Iowa Mental Health Clinical Research 
Center

The major emphasis of the Iowa Mental Health Clinical 
Research Center is the study of schizophrenia. The center 
provides the facilities for research linking the clinical 
case of the illness with its underlying neurobiology. 
The center's seven research units conduct the necessary 
integrative and interdisciplinary research to advance 
knowledge about the disease.

UI Heart and Vascular Center

The UI Heart and Vascular Center coordinates research 
and training programs related to cardiovascular diseases. 
It encompasses several programs: Program Project 
Grant on Integrative Neurobiology of Cardiovascular 
Function, Program Project Grant on Cerebral Blood Vessels, 
Program Project Grant on Oxidative Mechanisms in 
Vascular Disease, Program Project Grant on Genetic and 
Signaling Mechanisms in the Central Regulation of Blood 
Pressure, Program Project Grant on Airway Physiology and 
Pathophysiology in a Porcine CF Model, Program Project 
Grant on Gene Therapy for Cystic Fibrosis Lung Disease, a 
Leducq Foundation Consortium grant, and a Cystic Fibrosis 
Foundation research and development program. It also 
coordinates several training programs and a program of 
other interdisciplinary research supported by a number of 
individual project grants. The center occupies two floors 
of cardiovascular research laboratories and administrative 
offices in the Medical Research Center.

Facilities

The Carver College of Medicine consists of twelve buildings 
containing 1.6 million square feet of space with one 
building (College of Medicine Administration Building) 
dedicated to administrative departments only. The other 
eleven buildings house research space, centers, programs 
and institutes including the Core Research Facilities which 
are a collection of centralized laboratories dedicated 
to developing and providing state-of-the-art research 
resources to facilitate biomedical research. They are 
available on a fee-for-service basis to the entire health 
sciences community as well as outside entities.

The Medical Education and Research Facility houses 
medical education space and research laboratories, 
including the Holden Cancer Research Laboratories 
and the Wynn Institute for Vision Research. It also 
contains the college's four learning communities. The 
communities group students who are at different stages 
in their medical education, encouraging peer-to-peer 
learning and emphasizing leadership and community 
service. Each learning community features small-group 
rooms, study and social spaces, computer workstations, 
a kitchen area, and staff offices. The Medical Education 
and Research Facility also houses the Performance-
Based Assessment Program, which evaluates students' 
clinical and communications skills by reviewing simulated 
physician-patient encounters recorded in mock patient 
examination suites.

Students acquire clinical-skills experience at the 711-bed 
University of Iowa Hospitals and Clinics, the Iowa City 
Veterans Affairs Medical Center, and in affiliated hospitals 
and ambulatory care centers throughout Iowa. University 
of Iowa Hospitals and Clinics serves as a tertiary care 
center for Iowa and portions of adjoining states. Many 
patients are referred to UI Hospitals and Clinics for care 
and treatment not available in their home communities.

Eckstein Medical Research Building, currently in the 
planning stages for future renovations and upgrades, 
is the home of the Iowa Institute of Human Genetics 
Genomics Division, Viral Vector Core Facility, Flow 
Cytometry Facility, and the Biomedical Research Store.
The five basic science departments are housed in the Bowen Science Building and include the Departments of Anatomy and Cell Biology, Biochemistry, Microbiology, Molecular Physiology & Biophysics, and Pharmacology. The Medical Education Building houses research and educational space for the Department of Physical Therapy and Rehabilitation Science (p. 1074). It also houses research space for the Department of Psychiatry (p. 1089) and is the home of the Office of Consultation and Research in Medical Education (OCRME). OCRME is staffed by education specialists from a range of disciplines who serve the faculty, staff, and administrators in all Carver College of Medicine programs. The office provides educational consultation, initiates and cooperates in educational research endeavors, and conducts faculty development activities.

There are teaching laboratories located in the Medical Education Building, the Bowen Science Building, and the Medical Research Facility.

Other buildings that house a wide range of College of Medicine departments, administration, and research activities are the Carver Biomedical Research Building, Westlawn, Medical Laboratories, the Medical Research Facility, the Medical Research Center, and the Multi-Tenant Facility.

The newest building, completed in 2014, is the Pappajohn Biomedical Discovery Building. On the first floor is the Neurosciences Institute. Third and fourth floors house the Fraternal Order of Eagles Diabetes Research Center and the Abboud Cardiovascular Research Center, on the fifth floor is the Auditory Research Group, and on the sixth floor is the Lung Biology Center. The Iowa Institute for Biomedical Imaging is on the lower basement levels housing the 7 Tesla MRI scanner (one of 20 such devices in the U.S.), 3T along with several smaller devices, and a 3-D visualization lab. All researchers in this building are chosen by the Pappajohn Biomedical Institute in which scientists from across the University collaborate to explore high-risk/high-yield scientific questions in the life sciences with the goal of advancing treatments for a wide array of human diseases.

Nondepartmental Courses

Most Carver College of Medicine courses are offered by the college's departments and programs. They are listed and described in the corresponding General Catalog sections; see the links under "Index: Academic Programs" toward the top of this page. The college also offers the following nondepartmental courses.

MED:3740 End-of-Life Care for Adults and Families 2-4 s.h.

MED:5300 Health Informatics I 3 s.h.
Technological tools that support health care administration, management, and decision making. Requirements: graduate standing. Same as SLIS:5900, RSNM:3195, HMP:5370, IE:5860, IGPI:5200.

MED:7205 Foundations of Clinical Practice for Physician Assistants 5 s.h.
Practice and expansion of clinical skills; development of broad understanding of the practice of medicine in social context; strengthening of self-directed learning skills in clinical medicine. Prerequisites: PA:8209. Requirements: Physician Assistant Studies and Services enrollment.

MED:7215 Foundations of Clinical Practice IV for Physician Assistants
Basic diagnostic considerations in each of medicine's clinical disciplines, as required of primary care providers.

MED:8001 Medical Elective arr.

MED:8003 Clinical Clerkships arr.

MED:8005 Medical Clerkships 0 s.h.

MED:8006 Doris Duke Clinical Research Fellowships 0 s.h.
Clinical research projects under University of Iowa faculty mentorship. Requirements: leave of absence from Carver College of Medicine.

MED:8010 Introduction to Medical Education at Iowa
Introduction to first-year fall courses; advanced concepts in anatomy, biochemistry, cell biology, and clinical reasoning skills; for M.D. students.

MED:8021 Community Health Outreach I 0-1 s.h.
Presentations and practical experience working with agencies that provide health care and wellness promotion to communities; substance abuse; child, adolescent, and adult health; aging; interpersonal violence; homelessness.

MED:8022 Community Health Outreach II 1-2 s.h.
Presentations, patient-based learning groups, readings, and practical experience working with agencies that provide health care and wellness promotion to communities; substance abuse; child, adolescent, and adult health; aging; interpersonal violence; homelessness.

MED:8023 Community Health Outreach III 1-2 s.h.
Presentations, patient-based learning groups, readings, and practical experience working with agencies that provide health care and wellness promotion to communities; substance abuse; child, adolescent, and adult health; aging; interpersonal violence; homelessness.

MED:8028 Introduction to U.S. Health Care System 1 s.h.
Structure, function, and finance of U.S. health care system; access, cost, quality, finance mechanisms, reform process.

MED:8040 Teaching of Physical Exam Skills 1-2 s.h.
Components of complete physical exam and educational techniques for teaching such skills: teaching of physical exam components to first-year students. Requirements: fourth-year M.D. enrollment.

MED:8041 Facilitation of Patient-Centered Learning 1-2 s.h.
Experience in facilitating patient-centered learning groups; case discussion, critique of student presentations and assignments, clinical insight, evaluation of student performances.

**MED:8070 The Examined Life: Writing and Medicine** 1 s.h.
Literature, essays, poetry; discussion of participants' writing; students prepare portfolios of their own writing.

**MED:8071 Career Life Planning** 1 s.h.
Students' individual interests, values, and decision-making processes important in selecting a specialty, engaging in the match process, and integrating oneself into the medical profession; personal career development, culture and climate in which physicians work and learn.

**MED:8072 Evidence-Based Medicine for Clinical Medicine** 1 s.h.
Evaluation of literature and development of critical thinking skills necessary for evidence-based medical practice.

**MED:8073 Biomedical Innovation** 1 s.h.
Introduction to all phases of medical device/technology development; development of knowledge of entire medical innovation process through didactic sessions, faculty, interactions, and interdisciplinary collaboration; interdisciplinary approach; research and development of a novel medical device, therapy, or model of care. Requirements: M.D. enrollment.

**MED:8076 Bioethics and Humanities Seminar** 1 s.h.
Broad range of topics in bioethics and medical humanities, including philosophical principles, clinical ethics, research ethics, medical professionalism, narrative ethics, and historical and cultural aspects of medicine. Requirements: Carver College of Medicine student in humanities distinction track.

**MED:8081 Global Health Issues I** 1 s.h.
Core issues in the current field of global health, including history of global health, health and development, social determinants of health, measuring health and disease, disparities in the American health care system, poverty and health, gender issues and reproductive health, child health, immigrant and migrant health issues, and introduction of major players in global health. Requirements: M.D. enrollment.

**MED:8082 Global Health Issues II** 1 s.h.
Core issues in the current field of global health, including health care as a human right, why the Third World is the Third World, communicable disease issues, outbreaks and pandemics, noncommunicable issues, malnutrition and obesity, cultural context of health care, violence as a health issue, and emergency response and transition to development. Prerequisites: MED:8081. Requirements: M.D. enrollment.

**MED:8083 Global Cross-Cultural Elective** arr.
Cross-cultural medical program with focus on health care problems of a domestic or international community; individually arranged.

**MED:8084 Global Health Seminar** 1 s.h.
Presentations by faculty members, University special guests, and alumni on their current work in global medicine/global health; implementation of global health concepts. Requirements: M.D. enrollment.

**MED:8102 Medical Cell Biology** 2 s.h.

**MED:8105 Foundations of Clinical Practice I** 5 s.h.

**MED:8112 Human Organ Systems I** 8 s.h.
Microscopic structure and function of major and specialized human organ systems; approach integrating normal microscopic anatomy and human physiology. Requirements: M.D. enrollment.

**MED:8115 Foundations of Clinical Practice II** 5 s.h.

**MED:8121 Clinical and Professional Skills I** 3 s.h.
Introduction to concepts of clinical reasoning, communication, physical examination, and evidence-based clinical practice; principles of biomedical ethics; early clinical interactions and placement of classroom experiences into context of patient care through the Longitudinal Clinical Mentor (LCM) program; interaction with students from other health sciences colleges to explore interprofessional approach to caring for patients. Requirements: M.D. enrollment.

**MED:8122 Medicine and Society I** 3 s.h.
Delivery of individual disease prevention/health promotion services; introduction to social determinants of health; influence and impact of culture and community on health care; community resources; application of health and risk assessment to individual patients and self. Requirements: M.D. enrollment.

**MED:8123 Foundations of Cellular Life** 5 s.h.
Genetics, embryology, molecular biology, biochemistry, cell biology and histology; molecular events required for cellular life; how cells grow and interact to form basic tissues of human body; necessary framework to explore six mechanisms of health and disease. Requirements: M.D. enrollment.

**MED:8124 Mechanisms of Health and Disease I** 5 s.h.
Normal and healthy processes within and among mechanisms of oxygenation, metabolism, and genetics/development; first in a series on multisystem mechanisms of health and disease. Requirements: M.D. enrollment.

**MED:8131 Clinical and Professional Skills II** 4 s.h.
Interpersonal skills, lifelong learning, interviewing skills, physical examination skills, ethical issues in patient care, and basic approach to patients in terms of prevention, treatment, and follow-up care. Second in a sequence during preclinical semesters of medical school and continuing as an integrated strand throughout curriculum. Requirements: M.D. enrollment.
MED:8132 Medicine and Society II  4 s.h.
Knowledge and skills related to health promotion and disease prevention from a medicine and society perspective, including impact of behavior, environment, culture, and socioeconomics; identification of major public health problems associated with mechanisms of health and disease. Second in a sequence during preclinical semesters of medical school and continuing as an integrated strand throughout curriculum. Requirements: M.D. enrollment.

MED:8133 Mechanisms of Health and Disease II  6 s.h.
Normal and healthy processes within and among mechanisms of Immunology/Inflammation, locomotion/integument, and neuropsychiatry; second in a series on mechanisms of health and disease. Requirements: M.D. enrollment.

MED:8134 Mechanisms of Health and Disease III  6 s.h.
Abnormalities or disruptions leading to disease within and among mechanisms of oxygenation, metabolism, and genetics/development; third in a series on multisystem mechanisms of health and disease. Requirements: M.D. enrollment.

MED:8199 First-Year Special Study  arr.
First-year special study. Requirements: M.D. enrollment.

MED:8205 Foundations of Clinical Practice III  5 s.h.
Experience practicing and expanding clinical skills and self-directed learning skills in clinical medicine; understanding medical practice in a social context. Prerequisites: MED:8105 and MED:8115. Requirements: second-year M.D. enrollment.

MED:8213 Healthcare Ethics, Law, and Policy  2 s.h.
Ethical and legal aspects of health care delivery.

MED:8215 Foundations of Clinical Practice IV C I D  arr.
Basic diagnostic considerations in each of medicine's clinical disciplines, as required of primary care providers. Prerequisites: MED:8105 and MED:8115 and MED:8205. Requirements: second-year M.D. enrollment.

MED:8221 Clinical and Professional Skills III  4 s.h.
Advanced clinical reasoning skills through focused patient encounters and interactions with special patient populations; emphasis on integration and use of concepts for cost conscious, patient-centered, interdisciplinary care. Requirements: M.D. enrollment.

MED:8222 Medicine and Society III  4 s.h.
Health services organization and delivery; emphasis on community dimensions of medical practice and patient safety. Requirements: M.D. enrollment.

MED:8223 Mechanisms of Health and Disease IV  6 s.h.
Abnormalities or disruptions leading to disease within and among mechanisms of immunology/inflammation, locomotion/integument, and neuropsychiatry; fourth in a series on multisystem mechanisms of health and disease. Requirements: M.D. enrollment.

MED:8224 Mechanisms of Health and Disease Keystone  6 s.h.
Transition between classroom instruction in mechanisms of health and disease and clinical practice; foundational information from mechanisms of health and disease sequence approached from perspective of what is commonly encountered in clinics; application of information to making diagnostic and management decisions of common important clinical problems. Requirements: M.D. enrollment.

MED:8299 Second-Year Special Study  arr.
Second-year special study. Requirements: M.D. enrollment.

MED:8300 Clinical Beginnings  1 s.h.
Orientation to third-year clerkships; technical skills, simulated patient activities, competence with the physical exam.

MED:8301 Community-Based Primary Care  arr.
Introduction; clinical activities, work with community agencies and resources, didactic and conferences. Requirements: M.D. enrollment.

MED:8320 Transition to Clerkships  2 s.h.
Two weeks of skills training prior to start of core clinical clerkships. Requirements: M.D. or M.P.A.S. enrollment.

MED:8401 Medicine, Literature, and Writing  arr.
Insights, freedom, joy, responsibilities, and challenges of a life in medicine; reading, discussion, individual creative writing.

MED:8403 Teaching Skills for Medical Students  4 s.h.
Practical teaching techniques; opportunity for students to develop teaching skills before they become medical residents.

MED:8404 Advanced Teaching Skills for Medical Students  2 s.h.
Opportunity to expand knowledge and experience in medical education; investigation of medical education in students' specialty of interest through literature research and interaction with faculty; primary focus is to design and successfully complete a faculty approved project. Prerequisites: MED:8403. Requirements: fourth-year M.D. enrollment.

MED:8405 Leadership for Future Physicians  2 s.h.
Formal training in multiple aspects of leadership; offers future leaders in health science specialties an earlier opportunity to consider leadership abilities and perspectives; for fourth-year medical, physician assistant, nursing, pharmacy, public health, and dental students. Requirements: health science enrollment.
MED:8410 Patient Safety for Health Professional Students 2 s.h.
Interprofessional experience using multiple pedagogic methods, including team-based simulation to teach about patient safety and teamwork; collaboratively taught by representatives from anesthesia, pediatrics, internal medicine, Office of Consultation and Research in Medical Education, College of Nursing, College of Public Health, and office of UIHC chief quality officer. Same as NURS:3728.

MED:8480 Global Cross-Cultural Clerkship arr.
Cross-cultural medical program at an international site; focus on health care problems of a specific community; individual educational objectives set in advance.

MED:8499 Individually Arranged Medicine Elective arr.
Individually arranged elective through the Office of Student Affairs and Curriculum.

MED:9701 Instructional Design and Technology 3 s.h.
Skills and techniques necessary for analysis, design, development, implementation, and evaluation of effective instruction.

MED:9702 Clinical Teaching in Medical Education 3 s.h.
Principles and methods for teaching individuals and small groups in outpatient and inpatient settings. Prerequisites: MED:9701 or PSQF:6205. Recommendations: educational psychology course.

MED:9703 Educational Research and Evaluation 3 s.h.
Research design and program evaluation; approaches relevant to medical education.

MED:9711 Teaching Methods in Medical Education 3 s.h.
Principles and methods for teaching in large and small classrooms. Recommendations: educational psychology course.

MED:9712 Introduction to Educational Measurement in Medical Education 3 s.h.
Classical test theory; overview of medical education assessment methods; practical information for designing and critiquing assessments.

MED:9713 Assessment in Medical Education 3 s.h.
Medical education assessment methods; research methods and literature that support current practices; research project. Prerequisites: MED:9712.

MED:9714 Current Issues in Medical Education 3 s.h.
Selected issues, policies, and research.

MED:9720 Portfolio Project 3 s.h.
Production of individual student portfolios used to integrate knowledge across courses; capstone activity.

MED:9721 Study in Faculty Development 3 s.h.
Academic credit for approved project or other assigned activities for students in the Teaching Scholars program.

MED:9722 Independent Study arr.

MED:9724 Leadership in Medicine 3 s.h.
Introduction to basic leadership and management theories pertaining to a health care setting; focus on the history of leadership development, various components of leadership, and how these components can be used to be a successful leader/administrator. Requirements: Master in Medical Education degree program enrollment.

MED:9725 Simulation in Medical Education 3 s.h.
Appropriate use of various types of simulation in medical education; how to design, deliver, and debrief a simulation activity; literature supporting use of simulation in medical education. Requirements: Master in Medical Education degree program enrollment.

MED:9726 Curriculum Development in Medical Education 3 s.h.
Curriculum development using knowledge and experience gained from MED:9701, MED:9702, and MED:9711; identification of an area/topic for creation of curriculum; conduction of a needs assessment to identify topics and/or components of curriculum; creation of plan with curriculum goals, learning objectives, methods for evaluation; development of preliminary planning and aspects of implementation and evaluation phases of the model.

MED:9727 Teaching and Assessing Communication Skills in Medical Education 3 s.h.
Explores broad issues related to both teaching and assessing clinician-patient communication skills in medical education; review literature on best practices in clinician-patient communication and on teaching and/or assessing skills among medical learners; explore observation and feedback as key technique in addressing communication skills through observation of peers and learners; video recording of interactions with patients.

Hospital Certificate Programs of Study Courses
The following courses are conducted by University of Iowa Hospitals and Clinics staff.

EMT-Paramedic Program

EMTP:0101 Emergency Medical Technician—Paramedic I 0 s.h.
Preparation for role of entry-level paramedic: comprehension, application, and evaluation of the clinical role; demonstration of technical proficiency in all required skills; demonstration of personal behaviors consistent with professional and employer expectations. Requirements: certification as an emergency medical technician—basic.

EMTP:0102 Emergency Medical Technician—Paramedic II 0 s.h.
Preparation for role of entry-level paramedic: comprehension, application, and evaluation of the clinical role; demonstration of technical proficiency in all required skills; demonstration of personal behaviors consistent with professional and employer expectations. Prerequisites: EMTP:0101.

**EMTP:0103 Emergency Medical Technician—Paramedic III**

Preparation for role of entry-level paramedic: comprehension, application, and evaluation of the clinical role; demonstration of technical proficiency in all required skills; demonstration of personal behaviors consistent with professional and employer expectations. Prerequisites: EMTP:0102.

**Orthoptics Teaching Program**

**OTP:4902 Orthoptics Program** 0 s.h.

Clinical science of binocular vision, ocular motility, and related eye disorders; practical, theoretical training in the Department of Ophthalmology and Visual Sciences two-year program; written, oral and practical national board examinations required at completion. Requirements: bachelor’s degree with specific class recommendations.

**Professional Degree**

Doctor of Medicine (p. 1031)

**Departments and Programs**

Anatomy and Cell Biology (p. 1015)
Anesthesia (p. 1019)
Biochemistry (p. 1021)
Cardiothoracic Surgery (p. 1027)
Dermatology (p. 1029)
Dietary (p. 1030)
Emergency Medicine (p. 1036)
Family Medicine (p. 1038)
Free Radical and Radiation Biology (p. 1040)
Internal Medicine (p. 1042)
Medical Education Program (p. 1044)
Medical Laboratory Science (p. 1046)
Medical Scientist Training Program (p. 1048)
Microbiology (p. 1050)
Molecular Physiology and Biophysics (p. 1055)

Nuclear Medicine Technology (p. 1060)
Obstetrics and Gynecology (p. 1063)
Ophthalmology and Visual Sciences (p. 1064)
Orthopaedics and Rehabilitation (p. 1065)
Otolaryngology—Head and Neck Surgery (p. 1067)
Pathology (p. 1068)
Pharmacology (p. 1071)
Anatomy and Cell Biology

Chair
- John F. Engelhardt

Graduate degree: Ph.D. in anatomy and cell biology
Faculty: http://www.medicine.uiowa.edu/dept_primary.aspx?appointment=Anatomy%20and%20Cell%20Biology
Web site: http://www.medicine.uiowa.edu/acb/

The Department of Anatomy and Cell Biology performs three major functions. It teaches human anatomy to students preparing for careers in the health care professions; provides advanced courses, teaching experience, and research training to graduate students preparing for careers in academic research and related scientific fields; and conducts original research on the biological basis of cellular functions and human disease processes.

Preclinical Study

The department contributes to the preclinical education of health care professionals by providing major courses in gross anatomy, cell biology, histology, and neuroscience. The department participates in the Carver College of Medicine's Medical Scientist Training (p. 1048) Program and the Graduate College's Molecular and Cellular Biology (p. 953), Immunology (p. 940), Genetics (p. 936), and Neuroscience (p. 955) Programs. On occasion, students are directly admitted to a Department of Anatomy and Cell Biology laboratory by arrangement with the laboratory director.

Graduate Program of Study

- Doctor of Philosophy in anatomy and cell biology

Doctor of Philosophy

The Doctor of Philosophy program in anatomy and cell biology requires a minimum of 72 s.h. of graduate credit. Students in the Ph.D. program work toward the doctorate without an intermediate master's degree program. They complete courses focused in one of three major areas—molecular medicine and gene therapy, developmental and stem cell biology, or cancer biology—in addition to related background and elective courses. Students also teach in lecture and laboratory courses under faculty supervision. The program may be completed in four or five years of intensive, full-time residence.

By the end of their second year of graduate study, anatomy and cell biology students take the comprehensive examination, which assesses their ability to analyze, organize, and apply the information, concepts, and skills acquired during the first two years of study. They define a research problem with their major advisor and formulate a research prospectus.

Subsequent years are devoted primarily to research. The final Ph.D. examination consists of a public oral defense of the dissertation. The dissertation is based on original research conducted with the guidance of the major advisor and at least four other faculty members on the thesis committee.

Admission

Individuals interested in pursuing a Ph.D. in a laboratory housed in the Department of Anatomy and Cell Biology have two options for admission. The first option is to apply to, and be accepted by, the Medical Scientist Training Program (Carver College of Medicine) or one of the interdisciplinary graduate programs in molecular and cellular biology, immunology, genetics, or neuroscience (Graduate College). These programs accept applicants with a variety of backgrounds in the biological and physical sciences. Each program has specific admission requirements—all include a bachelor's degree; certain scores on the Graduate Record Examination (GRE) General Test; and for applicants whose first language is not English, specific scores on the Test of English as a Foreign Language (TOEFL). For detailed admission requirements and application information, refer to the section for each program in the Catalog.

The second option is direct admission to a specific laboratory, by arrangement with the laboratory's director. After such an arrangement has been made, students apply to the Graduate College for admission to the Ph.D. program in the Department of Anatomy and Cell Biology. The department's graduate admission committee evaluates an applicant's credentials. Most applicants will have completed a bachelor's degree with the following undergraduate course work: chemistry through organic chemistry, one semester of biochemistry or the equivalent, one semester of another advanced biology course, mathematics through calculus, one year of physics, and one semester of statistics or the equivalent. Desirable qualifications include an undergraduate major in the biological sciences or chemistry; a master's degree in the biological sciences, chemistry, or a related area; and scores from a GRE Advanced Test in the applicant's major area.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Financial Support

All students in the Department of Anatomy and Cell Biology receive stipends and tuition support. Sources include training grants from the National Institutes of Health, University of Iowa and departmental fellowships and graduate research assistantships, and individual faculty research grants.

Facilities

The department occupies more than 35,000 square feet in the Bowen Science Building on the University of Iowa health sciences campus. The building houses modern teaching facilities and well-equipped research laboratories. The most modern instrumentation is available, including facilities and equipment for digital microscopic imaging, confocal microscopy, molecular biological techniques, tissue culture, and protein chemistry. Other specialized equipment (e.g., electron microscopes, mass spectrophotometers) is available in other facilities. Through collaborative programs with the Holden Comprehensive Cancer Center and Iowa Cardiovascular Center, faculty and students also have access to outstanding research facilities throughout the University's health sciences campus.
Courses

ACB:1199 Human Anatomy and Basic Physiology for Radiation Science
Integrative systemic study of the structure and function of the human body; body systems defined and described by their constituent organs; body's most basic cellular level, tissue level, and study of organs which comprise various systems; online course with lectures, assignments, and virtual laboratory study. Requirements: high school biology course.

ACB:3109 Human Anatomy Lab for Health Professions
Regional and systemic approaches to the study of human anatomy, using histological (microscopic) as well as gross (macroscopic) studies. Prerequisites: BIOL:1141. Requirements: ACB:3110 for pre-nursing students.

ACB:3110 Principles of Human Anatomy
Gross and microscopic human anatomy; systemic approach to regional anatomy, with emphasis on clinical relevance; optional tutorial sessions. Offered fall and spring semesters. Prerequisites: BIOL:1141 or BIOL:1411. Requirements: pharmacy, pre-nursing, or associated medical sciences major.

ACB:3113 Human Anatomy Online
Integrative systemic and regional study of the human body's structure. Prerequisites: BIOL:1141.

ACB:3122 Independent Study in Anatomy and Cell Biology
Projects arranged with department faculty members.

ACB:4156 Scanning Electron Microscopy and X-Ray Microanalysis
Microscopy methods for research; all aspects of research, from sample preparation to imaging to data analysis; when to use a particular microscopy procedure; theory, operation, and application of scanning electron microscopy, scanning probe microscopy, laser scanning microscopy, X-ray microanalysis. Requirements: a physical science course. Same as CBE:4156, EES:4156.

ACB:5108 Human Anatomy
Regional dissection, lectures, demonstrations; areas important to physical therapists, particularly the upper and lower extremities. Offered fall semesters. Requirements: physical therapy and rehabilitation science enrollment.

ACB:5203 Gross Human Anatomy for Graduate Students
Regional dissection, lectures, demonstrations, tutorials, discussions, seminars; clinically relevant areas of anatomical radiology, surface anatomy with clinical correlations. Requirements: anatomy and cell biology graduate standing.

ACB:5205 General Histology for Graduate Students
Structure and function of cells, tissues and organs studied at light and electron microscopic levels; advanced study of head and neck tissues. Offered spring semesters. Corequisites: MED:8112. Requirements: graduate standing in anatomy and cell biology or Carver College of Medicine graduate program.

ACB:5206 Graduate Research in Anatomy and Cell Biology
Individual laboratory research training in anatomical sciences.

ACB:5218 Microscopy for Biomedical Research
Basic microscopy methods for research including optics, preparation, and analysis of biomedical specimens; light, fluorescence, confocal, transmitting electron, scanning electron, atomic force microscopes, elemental analysis; immunohistochemistry and stereology techniques; individualized laboratory instruction. Prerequisites: BIOL:2723. Same as MICR:5218, BIOL:5218.

ACB:5220 Advanced Microscopy for Biomedical Research
Technically advanced microscopy and instrumentation for research; individualized laboratory experience with opportunity to explore applications of microscopy methods. Requirements: for ACB:5220 — an introductory microscopy course; for BIOL:5220 — ACB:4156 or ACB:5218 or CBE:4156 or EES:4156 or MICR:5218; for MICR:5220 — an introductory EM course. Same as BIOL:5220, MICR:5220.

ACB:5224 Graduate Student Seminar
Current research, literature. Requirements: anatomy and cell biology graduate standing.

ACB:6000 Human Anatomy for Advanced Practice
Integrated study of interrelationships between anatomic structure and physiological function in health and disease at various points in the lifespan; mechanisms governing and supporting cellular, organ, and system function; internal milieu; relationship of study to clinical assessment of functional integrity of individual organ systems utilizing pertinent objective and subjective data; implications of pathophysiology for anesthesia and implications of anesthesia for pathophysiology; foundation for clinical practicums and courses in nurse anesthesia. Requirements: admission to anesthesia nursing program. Recommendations: completion of an undergraduate human anatomy and physiology course. Same as NURS:6000.

ACB:6200 Special Topics in Genetics
Current research in a selected field of genetics; different topic each year. Companion to a genetics seminar series. Same as GENE:6200.

ACB:6220 Mechanisms of Cellular Organization
ACB:6225 Growth Factor Receptor Signaling 1 s.h.
Mechanisms of signaling by growth factors; cytokines and related molecules that regulate cell proliferation, development, differentiation, and survival; emphasis on molecular mechanisms of signaling, relevance of these signaling processes to various human diseases. Recommendations: BISC:5201 and BISC:5203. Same as MCB:6220, MPB:6220.

ACB:6226 Cell Cycle Control 1 s.h.
Cell cycle regulation, DNA damage-dependent cell cycle regulation, redox-dependent cell cycle regulation, cellular senescence. Recommendations: BISC:5201 and BISC:5203. Same as MCB:6226, MPB:6226.

ACB:6227 Cell Fate Decisions 1 s.h.

ACB:6237 Critical Thinking in Biochemistry and Molecular Biology 1 s.h.
How nucleic acids, proteins, lipids, and carbohydrates interact to influence the function of cells and tissues; how molecules drive signaling pathways and cellular processes essential for biological functions; based on research publications.

ACB:6238 Critical Thinking in Genetics 1 s.h.
Current topics in molecular and classical genetics; emphasis on genetic underpinnings of disease; based on primary research publications.

ACB:6239 Critical Thinking in Cell Biology 1 s.h.
Understanding subcellular organization and intercellular communication; emphasis on critical thinking and primary research publications.

ACB:6248 Critical Thinking in Development 1 s.h.
Current topics in molecular basis of vertebrate development; based on primary research publications.

ACB:6249 Critical Thinking in Cellular Physiology 1 s.h.
Control of physiological systems at the cellular level; emphasis on regulation by molecular signaling pathways; literature-based.

ACB:6252 Functional Neuroanatomy arr.
Basic principles of neuroanatomy and neurophysiology; emphasis on human central nervous system; laboratory emphasis on anatomical study of spinal cord and brain. Offered spring semesters. Requirements: physical therapy and rehabilitation science enrollment or graduate standing.

ACB:6265 Neuroscience Seminar 0-1 s.h.
Research presentations. Offered fall and spring semesters. Same as PSY:6265, MPB:6265, NSCI:6265, BIOL:6265.

ACB:7227 Anatomic Study for Teaching 2-3 s.h.
Experience completing a detailed dissection of a region of the human body; opportunity to create models depicting anatomical concepts. Requirements: enrollment in teaching certificate program.

ACB:8101 Medical Gross Human Anatomy 5 s.h.
Complete dissection of the body with regional emphasis stressing relationships to the living system; clinically relevant areas of radiologic imaging, surface anatomy, embryology, and clinical correlations; anatomical knowledge through lectures, small group work, independent activities. Offered fall semesters. Requirements: M.D. enrollment.

ACB:8114 Medical Neuroscience 4 s.h.
Basic principles of neurophysiology, neuroanatomy; emphasis on human central nervous system; laboratory emphasis on anatomical study of spinal cord, brain. Offered spring semesters. Requirements: physical therapy and rehabilitation science or M.D. enrollment, or graduate standing.

ACB:8120 Human Gross Anatomy for Dental Students 6 s.h.
Exploration of gross anatomy of human body including thorax, abdomen, upper limb; extensive focus on head, neck, and neuroanatomy; regional and systemic approaches; course sequence and assessment blended with general histology for dental students; cadaveric dissections closely follow lecture sequence; emphasis on correlations to dental practice. Offered spring semesters. Requirements: D.D.S. enrollment.

ACB:8121 General Histology for Dental Students 4 s.h.
Microscopic study of cells, fundamental tissues, organ systems; emphasis on tooth-related structures. Offered spring semesters. Requirements: D.D.S. enrollment or anatomy and cell biology graduate standing.

ACB:8201 Gross Human Anatomy for Physician Assistant Students 6 s.h.
Focused regional dissection with clinical integration through lectures, demonstrations, and tutorials; neuroanatomy, radiology. Offered summer sessions. Requirements: physician assistant studies and services or M.D. enrollment.

ACB:8250 Integrated Gross Human Anatomy, General and Oral Histology for Dental Students (GRISTO) 10 s.h.
Integrated study of morphology of human body at microscopic and macroscopic levels; covers breadth and depth of traditional professional-level anatomy and histology courses; focus on structures of head and neck, oral cavity, and in-depth study of nervous system; combination of traditional lectures, cadaver laboratory dissection, virtual histology laboratories, and supported self-regulated learning strategies. Requirements: D.D.S. program enrollment.

**ACB:8401 Advanced Human Anatomy** arr.
Regional dissection of the body with emphasis on systems relevant to student's specialty interests; discussion, reading, clinically relevant imaging, embryology. Offered spring semesters. Requirements: fourth-year M.D. enrollment or graduate standing.

**ACB:8402 Teaching Elective in Regional Anatomy** 2,4 s.h.
Expand knowledge and experience in medical education; investigate educational pedagogy in a laboratory setting coupled with self-directed learning of anatomical content relevant to professional development; prepare, design, and implement four teaching interactions with M1/D1/PA1 students; design a classroom exercise (e.g., interactive lecture, learning activity, computer-based study module) that helps bridge the basic science content with clinical procedure. Requirements: M.D. standing and enrollment in teaching track distinction.
Anesthesia

Chair

Web site: http://www.anesth.uiowa.edu/

M.D. Student Training

The Department of Anesthesia introduces second-year medical students to anesthesia as a specialty; helps third-year students develop concepts and technical skills related to resuscitation, airway management, and care of the unconscious patient; and offers fourth-year students intensive study in the specialty. It offers the following courses for medical students. For course descriptions and prerequisite information, see "Courses" below.

Postgraduate and Residency Program

The department’s postgraduate and residency program involves diverse clinical experiences, seminars and teaching conferences, and ongoing research activities that help postgraduate students and residents develop the knowledge and skills required of an anesthesia specialist.

Anesthesia Nursing Program

The department coordinates the Anesthesia Nursing Program, a collaboration between the Carver College of Medicine and the College of Nursing. The program, which is open to nurses who hold a bachelor's degree, prepares nurse anesthetists to serve rural hospitals in Iowa and nationwide. The curriculum provides intensive training in didactic and clinical anesthesia and includes diverse clinical experience as well as classroom instruction, seminars, and clinical case conferences. It includes the following courses. For course descriptions and prerequisite information, see "Courses" below.

Courses

For M.D. Students

**ANES:8301 Clinical Anesthesia** 2 s.h.
Clinical instruction in perioperative care of the surgical patient; preoperative evaluation, consideration of coexisting medical problems, intraoperative care, postoperative management; basic airway management; introduction to clinical management of acute and chronic pain; case conferences, simulator training.

**ANES:8401 Clinical Anesthesia Senior** arr.
Advanced clinical experience in anesthesia management of surgical patients with coexisting medical problems; clinical experience in various forms of anesthesia; general, regional (spinal, epidural, peripheral nerve block) anesthesia; practical experience in airway management; mask ventilation, endotracheal intubation, LMA placement, other alternative airway techniques; medical management of surgical patient under anesthesia; pharmacology, cardiovascular and pulmonary physiology; case conferences.

**ANES:8402 Surgical and Neurosciences Intensive Care** arr.
Evaluation and treatment of critically ill neurological and post‑surgical patients; evaluation of pulmonary function, ventilator management, monitoring and management of hemodynamics, fluid balance, acid‑based problems, acute kidney injury, acute neurological events, and advanced monitoring techniques.

**ANES:8495 Intensive Care Off Campus** arr.
Evaluation and treatment of seriously ill patients in an intensive care unit (other than University of Iowa Hospitals and Clinics); artificial ventilation, evaluation of pulmonary function, monitoring of cardiovascular status, fluid balance and acid base problems, advance monitoring techniques. Prerequisites: ANES:8401. Requirements: 4 s.h. of ANES:8401.

**ANES:8498 Anesthesia On Campus** arr.
Well defined research project relating to anesthesia; arranged by student with departmental approval.

**ANES:8499 Anesthesia Off Campus** arr.
Knowledge development in anesthesia work and monitor use; ability to identify respiratory, cardiovascular, and neurologic effects of anesthetic agents; skill in airway management; basic skills in general, spinal, epidural, and peripheral nerve block anesthesia.

For Anesthesia Nursing Students

**ANES:6005 Chemical and Physical Principles of Anesthesia Practice** 3 s.h.
Basic chemical and physical properties of molecules fundamental to practice of anesthesia; relationship of these properties in relation to physiological processes and pharmacological principles essential in monitoring a patient's physical status and administration of anesthesia medications; basic chemical and physical calculations, properties of substances in solution, measurement of such chemical species, behavior of gases and other fluids, effects of heat transfer, specific chemistry of inhaled and intravenous anesthetics and adjuvant drugs. Requirements: admission to anesthesia nursing program. Same as NURS:6005.

**ANES:6006 Pharmacology of Anesthesia Practice** 3 s.h.
Builds on content from foundational graduate pharmacology course; focus on safe prescribing, administration, and management of medications used to provide general, regional, or local anesthesia and analgesia for all patient populations across lifespan undergoing varied surgical, obstetrical, or other procedures in any health care setting. Prerequisites: PCOL:6204. Requirements: grade of 2.75 or higher in PCOL:6204 and enrollment in anesthesia nursing program. Same as NURS:6006.

**ANES:6007 Basic Principles of Anesthesia Practice** 5 s.h.
Overview and integration of anesthetic agents and techniques; patient assessment, preoperative airway evaluation, anesthetic planning, principles of fluid management, and arterial blood gas interpretation; principles of general and regional anesthesia and techniques as they pertain to each surgical specialty; Occupational, Safety and Health Administration (OSHA), The Joint Commission (TJC), and institutional regulations and requirements pertinent to anesthesia practice. Prerequisites: NURS:6006 and NURS:6016. Requirements: grade of 2.67 or higher in NURS:6006 and NURS:6016. Same as NURS:6007.

**ANES:6010 Advanced Principles of Anesthesia Practice I** 4 s.h.
Special needs and intraoperative anesthetic management of complex patient populations and those with advanced pathologic states; anesthetic techniques for specific surgical subspecialties including pediatrics, obstetrics, neurosurgery, cardiac, vascular, thoracic, transplant, trauma, EENT, dental, and aesthetic or reconstructive procedures; pertinent pathophysiology and anesthetic monitoring and management techniques; clinical case conferences provide opportunities to discuss perianesthetic complications and challenges. Prerequisites: NURS:6007 or ANES:6007. Requirements: grade of 2.67 or higher in NURS:6007. Same as NURS:6010.

**ANES:6012 Advanced Principles of Anesthesia Practice II** 1 s.h.
Acute and chronic pain treatment modalities for all patients presenting for a variety of medical or surgical procedures across the lifespan. Prerequisites: NURS:6007 or ANES:6007. Requirements: grade of 2.67 or higher in NURS:6007. Same as NURS:6012.

**ANES:6016 Equipment and Technological Principles of Anesthesia Practice** 3 s.h.
Introduction to gas and anesthesia delivery systems, ancillary equipment, monitoring devices, infusion devices, invasive line placement, airway management equipment, and anesthesia electronic medical record keeping; correlation of applicable chemical and physical principles for use, safe operation, and care of all anesthesia and related equipment. Prerequisites: NURS:6005 or ANES:6005. Corequisites: NURS:6006. Requirements: anesthesia nursing program enrollment. Same as NURS:6016.

**ANES:6050 Introductory Clinical Anesthesia** 2 s.h.
Initial mentorship in clinical anesthesia; development of basic clinical skills needed for a career as nurse anesthetist; application and integration of theoretical knowledge in clinical setting. Prerequisites: NURS:6006 and NURS:6016. Corequisites: NURS:6007. Same as NURS:6050.

**ANES:6051 Clinical Anesthesia I** 2 s.h.
Mentored clinical anesthesia experience; advancement and enhancement of clinical skills in providing anesthesia for various surgical subspecialties including general, orthopedic, pediatric, geriatric, gynecologic, urologic, dental, EENT, ambulatory surgery, and invasive diagnostic procedures. Prerequisites: NURS:6050 or ANES:6050. Corequisites: NURS:6010. Same as NURS:6051.

**ANES:6052 Clinical Anesthesia II** 2 s.h.
Additional mentored clinical anesthesia experience; advancement and enhancement of clinical skills in providing anesthesia for various surgical subspecialties including general, orthopedic, pediatric, geriatric, gynecologic, urologic, dental, EENT, ambulatory surgery, and invasive diagnostic procedures. Prerequisites: NURS:6051 or ANES:6051. Same as NURS:6052.

**ANES:6053 Advanced Clinical Anesthesia** 2 s.h.
Mentored clinical anesthesia at selected sites; development of advanced clinical skills and critical thinking by providing anesthesia for all surgical specialties and invasive diagnostic procedures in all anesthetizing locations; providing anesthesia for all patients in all settings, including on call emergency surgeries. Prerequisites: NURS:6052. Same as NURS:6053.

**ANES:6054 Obstetrical Anesthesia** 2 s.h.
Experience delivering analgesia and anesthesia for parturients during labor and delivery process. Same as NURS:6054.

**ANES:6055 Rural Anesthesia** 2 s.h.
Opportunity to develop experience providing anesthesia and associated health care services at UI-affiliated clinical sites in rural settings. Prerequisites: NURS:6052. Same as NURS:6055.
Biochemistry

Chair
• Charles M. Brenner

Undergraduate major: biochemistry (B.A., B.S.)
Graduate degrees: M.S. in biochemistry; Ph.D. in biochemistry
Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Biochemistry
Web site: http://www.medicine.uiowa.edu/biochemistry/

Biochemistry is the study of basic chemical processes that occur in and govern all living systems. Nearly all areas of the life sciences engage in biochemical research.

Biochemistry graduates with bachelor's degrees often work as research assistants in industry, government, education, or health services; teach in secondary schools; or go on to advanced study in medicine, dentistry, or other areas. Those with advanced degrees pursue careers as teachers, researchers, or administrators in universities and medical schools, government, research agencies, and varied industries.

The Department of Biochemistry offers an undergraduate major and graduate degree programs and determines the curricula for those programs. Undergraduates majoring in biochemistry receive their degrees (Bachelor of Arts or Bachelor of Science) from the College of Liberal Arts and Sciences, and their studies are governed by that college's undergraduate academic policies. Graduate degrees in biochemistry are conferred by the Graduate College.

Undergraduate Programs of Study
• Major in biochemistry (Bachelor of Arts, Bachelor of Science)

Bachelor of Arts, Bachelor of Science

The Bachelor of Arts with a major in biochemistry requires a minimum of 120 s.h., including 57-58 s.h. of work for the major. The Bachelor of Science with a major in biochemistry requires a minimum of 120 s.h., including 69-70 s.h. of work for the major. Students must maintain a g.p.a. of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences General Education Program (p. 313).

The biochemistry major for the Bachelor of Arts degree provides a rigorous education in biochemical concepts and practice in the laboratory while giving students flexibility to specialize in additional disciplines or to obtain clinical volunteer experience. The B.A. program is intended for most students majoring in biochemistry, including those with pre-medicine, pre-pharmacy, pre-dental, and other pre-health professions interests. It is also appropriate for students earning more than one major.

The biochemistry major for the Bachelor of Science degree is intended primarily for students planning careers in research. The B.S. program prepares students to pursue graduate degrees, such as an M.S., Ph.D., or joint M.D./Ph.D., or to work as research technicians. The B.S. program requires 12 s.h. more credit in science and laboratory electives than the B.A. program does.

The first two years of the curriculum are the same for all students majoring in biochemistry. Students decide to earn a B.A. or a B.S. during the second semester of their sophomore year, in consultation with their biochemistry advisor. Transfer students select the B.A. or B.S. after completing one semester at the University of Iowa and meeting with their biochemistry advisor.

Qualified students in either degree program may graduate with honors in the biochemistry major; see “Honors in the Major” below.

The major in biochemistry (B.A. and B.S.) requires the following work.

Common Requirements (B.A. and B.S.)

All biochemistry majors complete the following course work during their first two years.

All of these:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL:1411-BIOL:1412 Foundations of Biology - Diversity of Form and Function</td>
<td>8 s.h.</td>
</tr>
<tr>
<td>CHEM:1110 &amp; CHEM:1120 Principles of Chemistry I-II</td>
<td>8 s.h.</td>
</tr>
<tr>
<td>MATH:1850 &amp; MATH:1860 Calculus I-II</td>
<td>8 s.h.</td>
</tr>
</tbody>
</table>

One of these:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM:2210 Organic Chemistry I</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>CHEM:2230 Organic Chemistry I for Majors</td>
<td>3 s.h.</td>
</tr>
</tbody>
</table>

One of these:

<table>

<tbody>
<tr>
<td>BIOC:3120 &amp; BIOC:3130 Biochemistry and Molecular Biology I-II</td>
<td>6 s.h.</td>
</tr>
<tr>
<td>BIOC:3140 Experimental Biochemistry</td>
<td>2 s.h.</td>
</tr>
</tbody>
</table>

Additional Requirements for the B.A.

In addition to the common requirements listed above, biochemistry majors who elect to earn a Bachelor of Arts must complete the following work.

One of these:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOC:5241 Biophysical Chemistry I</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>BIOC:5242 Biophysical Chemistry II</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>CHEM:4430 Principles of Physical Chemistry</td>
<td>3 s.h.</td>
</tr>
</tbody>
</table>
Experimental Biochemistry. They must have a grade of B-minus or higher in each course. They also must have completed BIOC:3101 Technical Communication in Biochemistry and should have prior research experience (e.g., BIOC:3993 Undergraduate Independent Study or HONR:3994 Honors Research Practicum) or consent of the instructor.

**B.A. or B.S. with Teacher Licensure**

Biochemistry majors interested in earning licensure to teach in elementary and/or secondary schools must complete the College of Education’s Teacher Education Program (TEP) in addition to the requirements for the major and all requirements for graduation. The TEP requires several College of Education courses and student teaching. Contact the Office of Education Services for details.

Students must satisfy all degree requirements and complete Teacher Education Program licensure before degree conferral.

**Four-Year Graduation Plan**

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the University's Four-Year Graduation Plan. (Courses in the major are those required to complete the major; they may be offered by departments other than the major department.)

### Bachelor of Arts

**Before the third semester begins:** CHEM:1110 Principles of Chemistry I, CHEM:1120 Principles of Chemistry II, MATH:1850 Calculus I, and MATH:1860 Calculus II

**Before the fifth semester begins:** BIOC:5241 Biophysical Chemistry I or BIOC:5242 Biophysical Chemistry II, CHEM:2210 Organic Chemistry I or CHEM:2230 Organic Chemistry I for Majors, CHEM:2220 Organic Chemistry II or CHEM:2240 Organic Chemistry II for Majors, and CHEM:2410 Organic Chemistry Laboratory or CHEM:2420 Organic Chemistry Laboratory for Majors

**Before the seventh semester begins:** PHYS:1611 Introductory Physics I or PHYS:1511 College Physics I, PHYS:1612 Introductory Physics II or PHYS:1512 College Physics II, BIOC:3120 Biochemistry and Molecular Biology I, BIOC:3130 Biochemistry and Molecular Biology II, BIOC:3140 Experimental Biochemistry, two science electives, and at least 90 s.h. earned toward the degree

**Before the eighth semester begins:** CHEM:4431 Physical Chemistry I or CHEM:4432 Physical Chemistry II, or BIOC:5241 Biophysical Chemistry I or BIOC:5242 Biophysical Chemistry II, and a science elective

**During the eighth semester:** enrollment in all remaining course work in the major, all remaining General Education courses, and a sufficient number of semester hours to graduate

### Bachelor of Science

**Before the third semester begins:** CHEM:1110 Principles of Chemistry I, CHEM:1120 Principles of Chemistry II, MATH:1850 Calculus I, and MATH:1860 Calculus II

**Before the fifth semester begins:** BIOC:5241 Biophysical Chemistry I or BIOC:5242 Biophysical Chemistry II, CHEM:2210 Organic Chemistry I or CHEM:2230 Organic Chemistry I for Majors, CHEM:2220 Organic Chemistry II or CHEM:2240 Organic Chemistry II for Majors, and CHEM:2410 Organic Chemistry Laboratory or CHEM:2420 Organic Chemistry Laboratory for Majors

**Before the seventh semester begins:** PHYS:1611 Introductory Physics I or PHYS:1511 College Physics I, PHYS:1612 Introductory Physics II or PHYS:1512 College Physics II, BIOC:3120 Biochemistry and Molecular Biology I, BIOC:3130 Biochemistry and Molecular Biology II, BIOC:3140 Experimental Biochemistry, two science electives, and at least 90 s.h. earned toward the degree

**Before the eighth semester begins:** CHEM:4431 Physical Chemistry I or CHEM:4432 Physical Chemistry II, or BIOC:5241 Biophysical Chemistry I or BIOC:5242 Biophysical Chemistry II, and a science elective

**During the eighth semester:** enrollment in all remaining course work in the major, all remaining General Education courses, and a sufficient number of semester hours to graduate

## Additional Requirements for the B.S.

In addition to the common requirements listed above, biochemistry majors who elect to earn a Bachelor of Science must complete the following work.

Two of these:

- BIOC:5241 Biophysical Chemistry I 3 s.h.
- BIOC:5242 Biophysical Chemistry II 3 s.h.
- CHEM:4430 Principles of Physical Chemistry 3 s.h.
- CHEM:4431 Physical Chemistry I 3 s.h.
- CHEM:4432 Physical Chemistry II 3 s.h.

All of these:

- Advanced science electives approved by biochemistry advisor 9 s.h.
- Advanced laboratory courses, including CHEM:4999 6 s.h.

Students are encouraged to begin research by taking BIOC:3993 Undergraduate Independent Study, which has no prerequisites. The course involves experience in an active biochemistry research lab, which must be arranged ahead of time with a supervising faculty member. Students may make arrangements directly with the faculty member, or they may request assistance from an undergraduate advisor. Credit earned in BIOC:3993 does not count toward the major, but it does count toward the minimum of 120 s.h. required to graduate.

In order to register for BIOC:4999 Research, Independent Study, students must have completed BIOC:3120 Biochemistry and Molecular Biology I, BIOC:3130 Biochemistry and Molecular Biology II, and BIOC:3140 Experimental Biochemistry. They must have a grade of B or higher in the three courses and a grade of B-minus or higher in each course. They also must have completed BIOC:3101 Technical Communication in Biochemistry and should have prior research experience (e.g., BIOC:3993 Undergraduate Independent Study or HONR:3994 Honors Research Practicum) or consent of the instructor.
Chemistry II, MATH:1850 Calculus I, and MATH:1860 Calculus II

**Before the fifth semester begins:** BIOL:1411 Foundations of Biology, BIOL:1412 Diversity of Form and Function, CHEM:2210 Organic Chemistry I or CHEM:2230 Organic Chemistry I for Majors, CHEM:2220 Organic Chemistry II or CHEM:2240 Organic Chemistry II for Majors, and CHEM:2410 Organic Chemistry Laboratory or CHEM:2420 Organic Chemistry Laboratory for Majors

**Before the seventh semester begins:** PHYS:1611 Introductory Physics I or PHYS:1511 College Physics I, PHYS:1612 Introductory Physics II or PHYS:1512 College Physics II, BIOL:3010 Technical Communication in Biochemistry, one semester of BIOC:3993 Undergraduate Independent Study for students planning to take BIOC:4999 Research, Independent Study, BIOC:3120 Biochemistry and Molecular Biology I, BIOC:3130 Biochemistry and Molecular Biology II, BIOC:3140 Experimental Biochemistry, two science electives, and at least 90 s.h. earned toward the degree

**Before the eighth semester begins:** CHEM:4431 Physical Chemistry I or CHEM:4432 Physical Chemistry II or BIOC:5241 Biophysical Chemistry I or BIOC:5242 Biophysical Chemistry II, a science elective, and at least 3 s.h. of BIOC:4999 Research, Independent Study

**During the eighth semester:** enrollment in all remaining course work in the major, all remaining General Education courses, and a sufficient number of semester hours to graduate

**Honors in the Major**

Students majoring in biochemistry have the opportunity to graduate with honors in the major. Departmental honors students must maintain a cumulative University of Iowa g.p.a. of at least 3.33. To graduate with honors in the biochemistry major, students must earn 6 s.h. in BIOC:4999 Research, Independent Study. They must present their research results in a report written in the form of a journal article and in an oral report given at a special open departmental seminar.

In addition to honors in their major, undergraduate students have a variety of opportunities for honors study and activities through membership in the University of Iowa Honors Program; visit Honors at Iowa to learn about the University's honors program.

**Joint B.S./Ph.D.**

The joint Bachelor of Science/Doctor of Philosophy program in biochemistry permits students to transition into the Ph.D. program during their senior year and to count 12 s.h. of credit toward both the B.S. and Ph.D. requirements. The joint program provides a research-intensive experience and shortens the training time for students interested in pursuing independent biochemistry research careers. Students in the program receive financial support during the second half of their senior year and throughout their Ph.D. study.

Students must apply to enter the joint B.S./Ph.D. program. They must be pursuing a Bachelor of Science with a major in biochemistry, and by the beginning of their senior year they must:
  - have 108 s.h. of undergraduate credit;
  - have a minimum grade-point average of 3.50;
  - have completed four semesters of research experience (summer research counts as one semester); and
  - have completed BIOC:3120 Biochemistry and Molecular Biology I, BIOC:3130 Biochemistry and Molecular Biology II, and BIOC:3140 Experimental Biochemistry.

Students interested in the joint program should speak with their academic advisor and the biochemistry honors advisor during their first year or at the beginning of their sophomore year. They should apply to the program in spring of their junior year; applications are due at the beginning of the spring semester. Application materials must include a letter of application and statement of purpose; official scores on the Graduate Record Exam (GRE) General Test; and three letters of recommendation, including at least one from a research advisor.

**Graduate Programs of Study**

- **Master of Science in biochemistry**
- **Doctor of Philosophy in biochemistry**

Students admitted to graduate study in biochemistry usually pursue the Doctor of Philosophy. Qualified students interested in earning the Doctor of Medicine along with the Ph.D. may apply to the Medical Scientist Training (p. 1048) Program, which offers a joint M.D./Ph.D. program.

**Master of Science**

The Master of Science program in biochemistry requires a minimum of 32 s.h. of graduate credit, thesis research, and a thesis. See "Doctor of Philosophy" for information about the graduate curriculum.

**Doctor of Philosophy**

The Doctor of Philosophy program in biochemistry requires a minimum of 72 s.h. of graduate credit. Students complete 34 s.h. of course work and earn 38 s.h. of credit for research. The focus of the graduate program is on the individual student, so students work with the director of the biochemistry graduate programs to tailor the curriculum to their educational goals.

The Ph.D. in biochemistry requires the following work.

- BIOC:5261 Research Techniques (first-year laboratory rotation) 1-5 s.h.
- GRAD:7270 Principles of Scholarly Integrity 0-1 s.h.
- Biophysical chemistry (students typically earn 6 s.h.); see "Biophysical chemistry requirement" below
  - Molecular or cellular biology (students typically earn 6-8 s.h.); see "Molecular and cell biology requirement" below
  - Graduate seminar 3 s.h.
  - Additional courses offered by the Department of Biochemistry and by other UI departments, as appropriate for the student's program of study
  - Research 38 s.h.

**Biophysical chemistry requirement:** the following courses may be used to fulfill the 3 s.h. requirement. Students choose courses to meet their individual educational goals, completing one 3 s.h. course or a combination of three 1 s.h. courses (modules).
Admission

Most graduate students in biochemistry work toward a Doctor of Philosophy. Applicants who wish to earn a master's degree must contact the Department of Biochemistry before they apply.

The graduate program in biochemistry is flexible enough to accommodate students with bachelor's degrees in any of the biological, biochemical, or physical sciences. Appropriate preparation includes one-year, college-level courses in organic and physical chemistry, biology, physics, and mathematics through calculus. Students are expected to have had one or more introductory courses in biochemistry.

Applicants must have an undergraduate g.p.a. of at least 3.00 and must submit acceptable verbal, quantitative, and analytical scores on the Graduate Record Examination (GRE) General Test. Applicants are encouraged to submit their scores on the GRE Subject Test in Chemistry; Biology; or Biochemistry, Cell, and Molecular Biology.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Financial Support

Students admitted to the Ph.D. program in biochemistry routinely receive a stipend and tuition support.

Faculty and Research

The department's faculty members supervise research in biochemistry; molecular, cellular, developmental, computational, and structural biology; and model system genetics. Their work is supported by grants from the National Institutes of Health, the National Science Foundation, the American Heart Association, the American Cancer Society, the Muscular Dystrophy Association, and other sources. To learn more about the department's faculty members and areas of research, visit the Department of Biochemistry web site.

Facilities

The Department of Biochemistry occupies 36,700 square feet on the fourth floor of the Bowen Science Building and 7,500 square feet on the third floor of the Medical Education Research Facility on the University's health sciences campus. It has a number of well-equipped research laboratories; other departmental facilities include the Biochemistry Stores, the Mattill Biochemistry Reading Room, and the Heath Conference Room.

The department makes available a number of shared instruments; among them are an Applied PhotoPhysics stopped flow spectrometer SX20 (2009); a Jasco spectropolarimeter, model J815 (2010); a Horiba fluorlog-3 spectrofluorometer (2010); and a Beckman Coulter ultra XLI analytical centrifuge (1996).

Faculty, staff, and students in the department have access to a variety of shared Carver College of Medicine resources, including the X-ray Crystallography Facility, the IHG Genomics Division (DNA Facility), the Medical NMR Facility, the Proteomics Facility, the Flow Cytometry Facility, the Viral Vector Core Facility, the Small Animal Imaging Core Facility, and the Genome Editing Core Facility. The University also supports resources such as the Central Microscopy Research Facilities and the High Throughput Screening Facility.

Courses

Lower-Level Undergraduate

**BIOC:1001 CLAS Master Class** 1-3 s.h.

Exploration of a single topic in a series of lectures by faculty presenting divergent perspectives; illuminates intellectual adventure inherent in liberal arts and sciences; encourages discovery of majors and other areas of study within the College of Liberal Arts and Sciences. Same as CLAS:1001, RELS:1010, THTR:1001, CS:1001, CSD:1001, PHIL:1001, ENGL:1001, ARTS:1001.
Upper-Level Undergraduate and Graduate

**BIOC:3101 Technical Communication in Biochemistry**
1 s.h.

How to communicate technical information through writing and speaking; students present research findings in several formats, read journal articles, and write a proposal for their senior project in BIOC:4999. Prerequisites: BIOC:3120 or BIOC:3130 or BIOC:3140. Requirements: biochemistry major, and junior or senior standing.

**BIOC:3110 Biochemistry**
3 s.h.
Basic concepts in modern biochemistry and molecular biology; understanding of life processes in molecular terms. Requirements: one year each of college-level biology and chemistry. Recommendations: one semester of organic chemistry.

**BIOC:3120 Biochemistry and Molecular Biology I**
3 s.h.
Physical and chemical foundations of biochemistry, structure of biological molecules, catalysis, transport, and oxidative reactions in biology; first course of two-semester sequence that concludes with BIOC:3130. Requirements: two semesters of general chemistry and one of organic chemistry. Recommendations: BIOL:1411, BIOL:1412, and an additional organic chemistry course.

**BIOC:3130 Biochemistry and Molecular Biology II**
3 s.h.
Carbohydrate biosynthesis, lipid metabolism, hormone regulation and integration of metabolism, signal transduction, genes and chromosomes, DNA replication and repair, transcription, RNA processing, protein translation and regulation of gene expression. Prerequisites: BIOC:3120.

**BIOC:3140 Experimental Biochemistry**
2 s.h.
Use of modern instruments and techniques to fractionate, identify, and characterize constituents of biochemical systems. Prerequisites: BIOC:3120. Requirements: grade of C or higher in BIOC:3120, two semesters of general chemistry, and one semester of organic chemistry.

**BIOC:3993 Undergraduate Independent Study**
arr.
Experience in an active biochemistry research lab, learning and performing experiments relevant to the current projects in that lab; exploration of scientific literature on topic of interest; arranged in advance by student and faculty member. Requirements: first-year, sophomore, or junior standing.

**BIOC:4999 Research, Independent Study**
arr.
Independent study and research in areas of interest to the student; arranged in advance by student and biochemistry honors advisor. Prerequisites: BIOC:3101. Requirements: grades of B- or higher in BIOC:3120, BIOC:3130, and BIOC:3140; average grade of B or higher for all three courses; and BIOC:3993 or HONR:3994 or prior research experience or lab practicum.

Graduate

**BIOC:5215 Directed Readings for Graduate Students**
arr.
Directed readings with course content arranged with professor.

**BIOC:5226 Enzyme Kinetics and Bioorganic Mechanisms**
1-2 s.h.
Principles and applications of steady-state and transient enzyme kinetics; mechanisms of catalysis of biochemical reactions. Prerequisites: BIOC:3120.

**BIOC:5241 Biophysical Chemistry I**
3 s.h.
Principles and experimental approaches used to study structure and function of biological macromolecules; protein structure, stability, and dynamics; macromolecular interactions; common biophysical methods. Requirements: one year of biochemistry. Recommendations: physical chemistry course and one semester of calculus.

**BIOC:5242 Biophysical Chemistry II**
3 s.h.
Principles and experimental approaches used to study structure and function of biological macromolecules; ligand binding and enzyme catalysis; X-ray crystallography; NMR spectroscopy. Requirements: one year of biochemistry. Recommendations: physical chemistry course and one semester of calculus.

**BIOC:5243 Biophysical Chemistry Module 1**
1 s.h.
Overview of principles of protein structure, stability, folding, and dynamics; brief treatment of structural biology approaches to help students become critical users of models derived from X-ray crystallography and NMR; taken alone or as part of BIOC:5241. Requirements: introductory course in biochemistry. Same as BISC:5206.

**BIOC:5244 Enzyme Mechanisms and Ligand Interactions**
1 s.h.
Enzymes as unparalleled catalysts that represent a unique class of drug targets; focus on organic chemistry of enzyme catalyzed reactions and enzyme inhibition by small molecules from a medicinal chemistry perspective; chemical and enzyme kinetics, sources of catalytic power, chemical mechanisms used in enzyme catalysis, role of coenzymes; strategies in enzyme inhibition, drug resistance, drug synergism, reversible enzyme inhibitors, transition state analogs, slow tight binding inhibitors, irreversible inhibition; taken alone or with BIOC:5242. Requirements: introductory course in biochemistry. Same as PHAR:5542.

**BIOC:5245 Biophysical Chemistry Module 2**
1 s.h.
In-depth examination of statistical thermodynamics and molecular forces in biological systems as related to protein structure, stability, and folding; nucleic acid structure and stability; taken alone or as part of BIOC:5241. Requirements: introductory course in biochemistry.

**BIOC:5246 Techniques for Atomic Resolution Structure Determination**
1 s.h.
Utilization of X-ray crystallography and NMR spectroscopy in determining atomic resolution biomolecular structures; crystal geometry, X-ray diffraction, the phase problem, data collection, structure solving and refinement; basic principles of NMR spectroscopy including magnetic properties of nuclei, chemical shift, resonance assignments, determination of NOEs, scalar couplings, RDCs, and simulated annealing approaches to structure determination; for students interested in structural biology; taken alone or with BIOC:5242. Requirements: introductory course in biochemistry.

BIOC:5247 Biophysical Chemistry Module 3 1 s.h.
In-depth examination of protein-protein interactions and protein-nucleic acid interactions; implications in biological motility, transcription, and replication; taken alone or as part of BIOC:5241. Requirements: introductory course in biochemistry.

BIOC:5248 Techniques for Determining Bimolecular Dynamics and the Structure of Large Systems 1 s.h.
Methods for studying biomolecular dynamics, structure of large biomolecules and biomolecular complexes; measurement and analysis of NMR parameters for characterization of dynamics including T1, T2, hetNOE, CPMG-RD, and RDCs; introduction to computational approaches (e.g., molecular dynamics); NMR methods for studying large biomolecular systems and survey of other approaches including cryoEM and SAX; for students interested in structural biology; taken alone or with BIOC:5242. Requirements: one year of biochemistry. Recommendations: basic knowledge of spectroscopy and some previous exposure to NMR from basic chemistry courses.

BIOC:5261 Research Techniques 1-6 s.h.
Laboratory rotation for first-year graduate students in biochemistry.

BIOC:5282 Seminar 0-1 s.h.
How to evaluate reports of scientific investigations critically; techniques for presenting scientific information.

BIOC:5875 Perspectives in Biocatalysis 1-3 s.h.
Applied enzymology, protein design, structure-activity relationships, biosensor technology, microbial transformations, biodegradation of environmental pollutants. Requirements: graduate standing in a participating department supported by the Predoctoral Training Program in Biotechnology. Same as CHEM:5875, PHAR:5875, CBE:5875, CEE:5875, MICR:5875.

BIOC:7251 Introduction to Protein Structures arr.
Basics of protein structures. Recommendations: first-year graduate standing in biosciences or physical sciences.

BIOC:7252 Enzymes, Carbohydrates, Nucleic Acids, and Bioenergetics arr.
Basics of enzyme kinetics and enzyme mechanisms, carbohydrates, nucleic acids, and bioenergetics; module covers chapters 6, 7, 8, and 13 of Lehninger's Principles of Biochemistry. Recommendations: first-year graduate standing in biosciences or physical sciences.

BIOC:7253 Metabolism I 1 s.h.
Basics of carbohydrate metabolism (glycolysis, gluconeogenesis, the pentose phosphate pathway), hormonal regulation of carbohydrate metabolism, the citric acid cycle, amino acid catabolism, oxidative phosphorylation; assignment of an advanced topic related to material, typically a recent research paper, extending inquiry beyond that presented in class and presented orally at end of five-week module. Requirements: undergraduate biochemistry course or background in enzyme function.

BIOC:7254 Metabolism II 1 s.h.
Central carbon metabolism, carbohydrate biosynthesis in plants and bacteria, lipid structure/function, fatty acid catabolism, lipid biosynthesis, and biological membranes/transport; assignment of an advanced topic related to material, typically a recent research paper, extending inquiry beyond that presented in class and presented orally at end of five-week module. Prerequisites: BIOC:7253.

BIOC:7255 Metabolism III and Biosignaling arr.
Basics of membranes and transport, biosignaling, nitrogen metabolism, integration of metabolism, genes, and chromosomes; module covers chapters 11, 12, 22, 23, and 24 of Lehninger's Principles of Biochemistry. Requirements: undergraduate biochemistry course. Recommendations: first-year graduate standing in biosciences or physical sciences.

BIOC:7256 Molecular Biology 1 s.h.
DNA, RNA, and protein metabolism, regulation of gene expression, and DNA-based information technologies.

BIOC:7292 Research Biochemistry arr.
Thesis research.

BIOC:8101 Biochemistry for Dental Students 3 s.h.
Cardiothoracic Surgery

Chair
• Peter J. Gruber

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=CardiothoracicSurgery

Web site: http://www.medicine.uiowa.edu/ctsurgery/

The University of Iowa cardiothoracic surgery program is the third oldest program of its kind in the United States. Since its establishment in 1948 as the Division of Cardiothoracic Surgery, the program has advanced from providing operative interventions for patients with diseases of the chest to performing a broad range of the most current and innovative surgical procedures.

The Department of Cardiothoracic Surgery's facilities are located at University of Iowa Hospitals and Clinics. Each year cardiothoracic surgeons at the hospitals perform more than 500 adult and pediatric heart surgeries, including coronary bypasses, transplants, and placement of mechanical cardiac assist devices; minimally invasive procedures such as mitral valve replacement and epicardial lead placement; and more than 600 general thoracic surgeries with emphasis on esophageal and lung diseases. Preparations are under way for providing coronary artery bypass grafting using robotics.

M.D. Student Training

The department trains fourth-year M.D. students in two courses, CTS:8401 Subinternship in Cardiothoracic Surgery and CTS:8497 Research in Cardiothoracic Surgery.

Residency Program

Iowa's cardiothoracic surgery residency program was established in 1948 and is fully accredited by the Accreditation Council for Graduate Medical Education. It is the only cardiothoracic surgery training program in Iowa. Two residents are accepted into the two-year program each year.

Postbaccalaureate Training

The department plays a primary instructional role in University of Iowa Hospitals and Clinics' 20-month postbaccalaureate Perfusion Technology Program; see the department's perfusion technology courses listed under "Courses" later in this section. For more information about the Perfusion Technology Program, contact the Department of Cardiothoracic Surgery or visit the Perfusion Technology Program web site.

Research

University of Iowa cardiothoracic surgeons are leaders in clinical research, particularly in oncologic surgery, diseases of the esophagus, artificial organs, pediatric cardiac surgery, and transplantation. Research also is under way in the sequence of mutations and in localization of genes predisposed to cancer.

Facilities

The Department of Cardiothoracic Surgery has specialty laboratories in gastric motility, analytical chemistry, transplantation, tissue culture, surgical bacteriology, shock, and cardiac bypass. These facilities permit study of experimental procedures such as heart valve replacement in large animals and heterotopic heart transplantation in mice and rats.

The laboratories also are used for supervised teaching exercises in surgical technique for medical students and junior residents, and for refinement of technique for senior residents and faculty members.

Courses

Cardiothoracic Surgery

CTS:8401 Subinternship in Cardiothoracic Surgery
Participation in diagnosis, preoperative, operative, and postoperative care of thoracic and cardiac patients.

CTS:8497 Research in Cardiothoracic Surgery
Participation in diagnosis, preoperative, operative, and postoperative care of thoracic and cardiac patients.

Perfusion

PERF:4161 Instrumentation in Perfusion Technology
Electrical circuitry, filters, pressure transducers, thermistors, cardiac output computers, fluid dynamics, intra-aortic balloon pumps, blood gas analyzers.
Requirements: Perfusion Technology Program enrollment.

PERF:4162 Pathophysiology of Perfusion Technology
Hemostasis, acid base physiology, gas transfer, heart anatomy, heart embryology, congenital cardiac defects.
Requirements: Perfusion Technology Program enrollment.

PERF:4163 Clinical Experience I
Perfusion in operating room: patient workup, observation, and reporting on extracorporeal setup, surgical procedure.
Requirements: Perfusion Technology Program enrollment.

PERF:4164 Clinical Experience II
Continuation of PERF:4163; setup of extracorporeal circuit; ancillary duties of perfusionist. Prerequisites: PATH:8133 and PERF:4161 and PERF:4162 and PERF:4163.

PERF:4165 Clinical Experience III
Continuation of PERF:4164; management of cardiopulmonary bypass system. Prerequisites: PCOL:4130 and PERF:4164 and PERF:4170 and PERF:4171.

PERF:4166 Clinical Experience IV
Continuation of PERF:4165; emphasis on supply maintenance, perfusion department management. Prerequisites: PERF:4165.

PERF:4167 Perfusion Seminar
Ethics in perfusion. Requirements: Perfusion Technology Program enrollment.

PERF:4168 Research in Perfusion
From topic selection to manuscript. Requirements: Perfusion Technology Program enrollment.
**PERF:4169 Clinical Experience V** 12 s.h.
Continuation of PERF:4166. Prerequisites: PERF:4166.

**PERF:4170 Principle and Practice of Perfusion Technology** 6 s.h.
Hypothermia, hemodilution, left heart bypass, dialysis, ultrafiltration, membrane and bubbler oxygenation. Prerequisites: PATH:8133 and PERF:4161 and PERF:4162 and PERF:4163.

**PERF:4171 Devices in Perfusion Technology** 3 s.h.
Dermatology

Chair

• Janet A. Fairley

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Dermatology
Web site: http://www.medicine.uiowa.edu/dermatology/

The Department of Dermatology instructs M.D. students and trains dermatology residents in the care of patients with skin diseases. It also provides researchers with an opportunity to develop their skills in dermatology.

M.D. Student Training

The Department of Dermatology rotation is one of seven selective courses offered to third- and fourth-year medical students. Students spend two weeks in the clinic and attend approximately 10 one-hour lectures. They see a good cross-section of patients, including those receiving primary or tertiary care at University of Iowa Hospitals and Clinics and Iowa River Landing and a large number of patients referred from Student Health & Wellness. Additional patients are seen at the nearby Iowa City Veterans Affairs Medical Center.

Varied electives are open to fourth-year M.D. students, including further clinical experience, dermatologic research, and special studies.

Courses

DERM:8301 Clinical Dermatology 2 s.h.
Basic dermatology; lectures, independent study, clinical experience. Requirements: third-year M.D. enrollment.

DERM:8401 Dermatology Elective arr.
Advanced clinical experience, dermatologic surgery, special assignments. Requirements: fourth-year M.D. enrollment.

DERM:8497 Research in Dermatology arr.
General principles of medical research; clinical or laboratory projects; individual study.

DERM:8499 Dermatology Off Campus arr.
Arranged by student with departmental approval.
Dietary

Director

- Laurie Kroymann

Graduate certificate: dietetic internship program
Web site: http://www.healthcare.uiowa.edu/fns/Internship/internship.htm

University of Iowa Hospitals and Clinics offers a dietetic internship program that is fully accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND). It qualifies graduates to take the exam for qualification as a Registered Dietitian (RD). Clinical dietitians and food service operation managers of the Food and Nutrition Services at University of Iowa Hospitals and Clinics provide the instruction for the program. Graduate-level courses in the program are administered by the Carver College of Medicine and the College of Public Health. See "Associated Courses" below.

Graduate Program of Study

- Certificate in Dietetic Internship Program

Certificate

Students complete the program with 9 s.h. of credit. Approximately half of the program's graduates go on to complete advanced degree programs. The University of Iowa Hospitals and Clinics awards a certificate to the program's graduates.

Students must complete a didactic program in dietetics that has approval of the Academy of Nutrition and Dietetics (AND) Accreditation Council for Education in Nutrition and Dietetics (ACEND).

Students enter the program in the fall semester. The postmark deadline for applications is February 15.

The following course work is required (at least 9 s.h.).

Courses

DIET:9203 Clinical Dietetics 1 s.h.

Nutritional aspects of health and disease, with emphasis on medical nutrition therapy; human nutrition in the clinical state as it relates to physiology and biochemistry.
Doctor of Medicine

Professional degree: M.D.
Web site: http://www.medicine.uiowa.edu/md/

Professional Program of Study

• Doctor of Medicine

The Doctor of Medicine is a professional degree awarded by the Carver College of Medicine. The college is accredited by the Liaison Committee on Medical Education of the American Medical Association and the Association of American Medical Colleges and meets the requirements of all state licensing boards. Its M.D. diploma admits the holder to all privileges granted to graduates of all medical colleges before such boards.

This catalog section provides information about the Doctor of Medicine curriculum, admission to the program, financial support, and academic rules and procedures.

Doctor of Medicine

The Doctor of Medicine is a four-year program that prepares students to practice primary care medicine and to pursue further education and training in specialized areas of medicine. The program admits 152 new students each year.

The M.D. curriculum is built on a triple-helix model whose three strands extend through all four years of medical school: the clinical and professional skills strand, the mechanisms of health and disease strand, and the medicine and society strand.

Clinical experiences begin during the first few weeks of medical school, and clinical clerkships start after just three semesters of preclinical instruction. By the end of the fifth semester, students have completed all of their core requirements and have the remaining three semesters to tailor their educational experience in preparation for their selected specialty.

Students complete in-depth clinical course work and serve clinical clerkships primarily at University of Iowa Hospitals and Clinics, the Iowa City Veterans Affairs Medical Center, and the Des Moines Area Medical Education Consortium. Students also may have opportunities to gain experience in private medical offices and community hospitals.

Graduates may pursue further training in the specialties of family medicine, internal medicine, surgery, and pediatrics at one of 10 University of Iowa-affiliated residency programs in six Iowa cities. They also have access to two transitional-year programs. For more information, contact the Office of Student Affairs and Curriculum and visit Information for Current Students on the Carver College of Medicine web site.

Preclinical Curriculum

The first three semesters of the M.D. program present an integrated core of sciences basic to the study of medicine. They also introduce students to the foundations of clinical practice.

Course work includes human anatomy, foundations of cellular life, a three-course series on clinical and professional skills, a three-course series on medicine and society, and a five-course series on multisystem mechanisms of health and disease. Each of these courses is described below.

Some elective courses are available to students during the first and second years, normally for 1 or 2 s.h. of credit. Topics include areas not specifically covered in the regular curriculum and areas related to medical practice and the role of the physician. Courses vary from year to year, but typical subject areas are global health issues, U.S. health care systems, and community health outreach.

The M.D. program's preclinical curriculum requires the following course work.

FIRST SEMESTER

ACB:8101 Medical Gross Human Anatomy: complete dissection of the body with regional emphasis stressing relationships to the living system; clinically relevant areas of radiologic imaging, surface anatomy, embryology, and clinical correlations; anatomical knowledge through lectures, small group work, and independent activities.

MED:8121 Clinical and Professional Skills I: introduction to concepts of clinical reasoning, communication, physical examination, and evidence-based clinical practice; principles of biomedical ethics; early clinical interactions and placement of classroom experiences into the context of patient care through the Longitudinal Clinical Mentor (LCM) Program; interactions with students from other health sciences colleges to explore the interprofessional approach to caring for patients.

MED:8122 Medicine and Society I: delivery of individual disease prevention/health promotion services; introduction to social determinants of health; influence and impact of culture and the community on health care; community resources; students apply health and risk assessment to individual patients and to themselves.

MED:8123 Foundations of Cellular Life: genetics, embryology, molecular biology, biochemistry, cell biology and histology; molecular events required for cellular life; how cells grow and interact to form basic tissues of the human body; framework necessary for exploring the mechanisms of health and disease.

MED:8124 Mechanisms of Health and Disease I: normal and healthy processes within and among mechanisms of oxygenation, metabolism, and genetics/development.

SECOND SEMESTER

MED:8131 Clinical and Professional Skills II: reinforcement of clinical reasoning concepts introduced in MED:8121 and introduction of additional concepts; application of concepts through interactions with standardized patients and through Longitudinal Clinical Mentor clinical visits; varied experiences help students gain a deeper appreciation for issues in biomedical ethics; strengths and barriers involved in providing comprehensive interdisciplinary patient care.

MED:8132 Medicine and Society II: knowledge and skills related to health promotion and disease prevention from a medicine and society perspective, including impact of behavior, environment, culture, and socioeconomics; identification of major public health problems associated with mechanisms of health and disease; focus on public health and epidemiology, with attention to screening, global health, and environmental hazards.

MED:8133 Mechanisms of Health and Disease II: normal and healthy processes within and among mechanisms of
**Clinical Curriculum**

Students complete two weeks of skills training in MED:8320 Transition to Clerkships prior to the start of clinical clerkships. The two-and-a-half year clinical component of the medical curriculum is comprised of supervised hands-on clinical training at the bedside on in-patient units, in outpatient clinics, and in communities throughout the state. In contrast to the preclinical semesters, the clinical years vary according to a student’s individual needs. This period of training begins in January of the second year with 44 weeks of core clerkships. Students then enter various pathways where they complete a minimum of twelve weeks of selectives, four weeks of emergency or critical medicine, one four-week subinternship, and thirty-two weeks of advanced electives.

After completing the core clerkships, students must successfully complete Step 1 of the United States Medical Licensing Examination (USMLE) before they may be promoted to the pathways component of the curriculum. Students take Step 2 of the USMLE during the fall of their fourth year of the M.D. program.

After completing MED:8320 Transition to Clerkships, students begin 42 weeks of core clerkships.

All M.D. students are required to pass Step 1 of the U.S. Medical Licensing Examination before they may be promoted to the third year of the M.D. program.

During the third and fourth years, students complete the 42 weeks of core clerkships, and follow that with a minimum of 20 weeks of selectives and 18 weeks of electives.

Primary venues for clinical training of medical students include University of Iowa Hospitals and Clinics, the Iowa City Veterans Affairs Medical Center, and the Des Moines Area Medical Education Consortium. Students also participate in the family practice preceptorship and the community-based primary care clerkship, which are off-campus rotations. Other courses may be assigned to off-campus sites, as well.

The M.D. program's clinical curriculum requires the following clerkships and selectives.

**GENERALIST CORE**

M.D. students complete the generalist core during the fourth and fifth semesters. It consists of the following 42 weeks of clerkships:

- **FAM:** 8301 Preceptorship in Family Medicine (4 weeks)
- **IM:** 8301 Inpatient Internal Medicine (6 weeks)
- **IM:** 8302 Outpatient Internal Medicine (4 weeks)
- **IM:** 8458 Community-Based General Internal Medicine (4 weeks)
- **NEUR:** 8301 Clinical Neurology (2 weeks)
- **OBG:** 8301 Clinical Obstetrics and Gynecology (6 weeks)
- **PEDS:** 8301 Clinical Pediatrics (6 weeks)
- **PSYC:** 8301 Clinical Psychiatry (4 weeks)
- **SURG:** 8301 Clinical Surgery (6 weeks)

**SELECTIVES**

After finishing the generalist core, M.D. students complete 14 weeks of selectives chosen from these:

- **ANES:** 8301 Clinical Anesthesia (2 s.h.)
- **DERM:** 8301 Clinical Dermatology (2 s.h.)
- **IM:** 8303 Electrocardiography (1 week)
- **OPHT:** 8301 Clinical Ophthalmology (4 s.h.)
- **ORTH:** 8301 Clinical Orthopaedics (2 weeks)
- **OTO:** 8301 Clinical Otolaryngology (2 weeks)
- **PATH:** 8301 Laboratory Medicine in Clinical Practice (1 week)
- **RAD:** 8301 Clinical Radiology (2 weeks)
- **URO:** 8301 Clinical Urology (2 weeks)

**OTHER REQUIRED CLERKSHIPS**

M.D. students complete the following additional required clerkships and other work during the third and fourth years.

Emergency medicine or critical care medicine (4 weeks)

One subinternship (4 weeks during the fourth year)

Advanced electives (total of 18 weeks during the fourth year)

**Joint M.D./Graduate Degrees**

The Carver College of Medicine offers a joint M.D./Ph.D. program for students who are interested in a career that combines clinical and academic medicine with basic and clinical research; see Medical Scientist Training Program (p. 1048) in the Catalog.

The college also collaborates with other University of Iowa colleges to offer the joint M.D./M.B.A. program with the Tippie College of Business (p. 642); the joint M.D./J.D.
program with the College of Law (p. 969); and the joint M.D./M.P.H. program with the College of Public Health (p. 1143).

Students must be admitted to both of the individual degree programs before they may be admitted to the joint degree program. Those interested in joint M.D./graduate degree programs must make arrangements with the appropriate graduate department and with the Carver College of Medicine associate dean for student affairs and curriculum.

Admission

The Carver College of Medicine participates in the American Medical College Application Service (AMCAS), a nonprofit centralized application processing service for applicants to U.S. medical schools. AMCAS applications are available for completion in May of the year preceding the beginning of the class for which application is being made. Prospective students are urged to apply as early as possible. The deadline for AMCAS submission is November 1.

Secondary applications are forwarded to applicants whose AMCAS applications pass a review conducted by the college. A $60 fee must accompany the secondary application from all applicants.

Admitted applicants must have an official transcript from each college they have attended sent to the University's Office of Admissions.

Technical Standards for Admission and Retention

The Carver College of Medicine seeks students who will serve the needs of society best, and it strives to graduate skilled and effective physicians. To achieve these goals, it applies the following principles and technical standards to candidates for admission and to continuing students.

PRINCIPLES

Technical standards refer to criteria that go beyond academic requirements for admission and are essential to meeting the academic requirements of the M.D. program.

Applicants to the Carver College of Medicine and students continuing in the college, with or without disabilities, are expected to meet the same requirements.

Matriculation and continuation in the college assume a certain level of cognitive and technical skill. Medical students with disabilities are held to the same fundamental standards as their nondisabled peers. Although not all students should be expected to gain the same level of proficiency with all technical skills, some skills are so essential that mastery must be achieved, with the assistance of reasonable accommodations where necessary.

Reasonable accommodations are provided to assist in learning, performing, and satisfying the technical standards.

Every reasonable attempt is made to facilitate the progress of students, providing that such efforts do not compromise collegiate standards or interfere with the rights of other students and patients.

TECHNICAL STANDARDS

Applicants for admission to the Carver College of Medicine and continuing students must possess the capability to complete the entire medical curriculum and be granted the degree. To this end, they must complete all courses in the curriculum successfully. In order to acquire the knowledge and skills to function in a broad variety of clinical situations and to provide a wide spectrum of patient care, M.D. students must have abilities and skills in six areas, including observation; communication; motor skills; intellectual, conceptual, integrative, and quantitative abilities; behavioral and social attributes; and cultural competence.

Technological compensation can be made for some disabilities in certain areas, but each student must meet the essential technical standards in such a way that he or she is able to perform in a reasonably independent manner. The use of a trained intermediary is not acceptable in many clinical situations, because it implies that the student's judgment must be mediated by someone else's power of selection and observation.

Observation: Students must have the functional ability to observe demonstrations and experiments in the basic sciences and must have sufficient use of the senses necessary to perform a physical examination.

Communication: Students must be able to relate reasonably to patients and establish sensitive, professional relationships with patients, colleagues, and staff. They are expected to communicate the results of the history and examination to the patient and to their colleagues with accuracy, clarity, and efficiency.

Motor: Students are expected to participate in basic diagnostic and therapeutic maneuvers and procedures. Those who cannot perform these activities independently should be able to understand and direct the methodology involved in such activities.

Intellectual, conceptual, integrative, and quantitative abilities: Students must be able to learn to analyze, synthesize, solve problems, and reach reasonable diagnostic and therapeutic judgments. Students are expected to be able to display good judgment in the assessment and treatment of patients. They must be able to learn to respond with prompt and appropriate action in emergency situations.

Behavioral and social attributes: Students are expected to be able to accept criticism and respond with appropriate modification of their behavior. Students also are expected to possess the perseverance, diligence, and consistency necessary to complete the M.D. curriculum and enter the independent practice of medicine in a reasonable period of time. They must demonstrate professional and ethical demeanor and behavior in all dealings with peers, faculty, staff, and patients.

Cultural Competence: Medical students must be able to communicate with and care for persons whose culture, sexual orientation, or religious beliefs are different from their own. They must be able to perform a complete history and physical exam on any patient regardless of the student's or the patient's race, religion, ethnicity, socioeconomic status, gender, age, or sexual preference. Similarly, students must be able to interact professionally with colleagues and other health care professionals.
without regard to race, religion, ethnicity, socioeconomic status, gender, age, or sexual preference.

Applicants who may not meet these standards are encouraged to contact the college's admissions office.

Admission Requirements

Applicants for admission to the Carver College of Medicine must have a bachelor's degree, or they must be enrolled in a bachelor's degree program with the expectation of receiving their degree before enrolling in the Carver College of Medicine. Applicants must have earned college credit in the following courses.

**Physics:** a complete introductory course (one year), including lab instruction.

**Mathematics:** an advanced college mathematics course or a statistics course.

**Chemistry:** a minimum of two years of chemistry, which must include general and organic chemistry with labs, and biochemistry.

**Biology:** a complete introductory course in the principles of biology (one year), with the appropriate laboratories; and an advanced biology course (one semester or quarter); recommended advanced biology courses include molecular and cell biology, human physiology, genetics, and microbiology.

**English:** two courses, including composition and literature; the requirement may be waived if the applicant's school has an integrated writing requirement in courses across its curriculum.

**Social and behavioral sciences, and humanities:** four courses; because writing skills are important in the study and practice of medicine, prospective applicants are encouraged to fulfill this requirement with courses that include a writing component; recommended courses include behavioral psychology, world language, and other courses that encourage appreciation for diversity and cultural competency.

Applicants should have taken the required science courses for a grade rather than electing pass/fail grading.

Fulfillment of these requirements does not guarantee admission to the Carver College of Medicine. The college's admissions committee selects applicants who appear to be best qualified to study and practice medicine. Preference is given to Iowa residents with high scholastic standing. Consideration also is given to outstanding nonresidents.

Applicants are required to take the Medical College Admission Test (MCAT) no earlier than five years before and no later than September of the year of application. To register for the test, see the Medical College Admission Test web site.

Personal interviews are part of the admission process. Candidates invited for an interview are contacted by the admissions committee. An external criminal background check is performed for all admitted students at the time of admission.

All students who enter the Carver College of Medicine are required to comply with the pre-entrance and annual health screening program developed by the University's Student Health Service in cooperation with University of Iowa Hospitals and Clinics; see Requirements and Forms on the Student Health Service web site.

Financial Support

The Carver College of Medicine's philosophy is that no student should be denied a medical education due to a lack of financial resources. The college's financial aid staff actively seeks sources of aid so that every student interested in a medical education will be able to finance that education.

Financial assistance is provided by the Carver College of Medicine primarily on the basis of demonstrated financial need. Although a limited number of collegiate or institutional grants are available for the most economically disadvantaged students, most aid is in the form of loans. Examples of federal loan programs are the Federal Direct Unsubsidized Stafford/Ford Student Loan, the Federal Perkins Loan, and the Primary Care Loan (PCL). Students also may qualify for Federal Direct Grad PLUS Loans or private loans to supplement their financial aid package.

In addition, the college supports scholarship and loan programs through permanent endowments and/or contributions from alumni and friends of the Carver College of Medicine. These funds are administered by the college's financial aid office and are awarded as a part of a student's total financial aid package. Funds to support short-term emergency loans are available for students with immediate financial need.

A small number of Dean's Scholarships are awarded by the college's admissions office to highly qualified candidates on the basis of their academic excellence, leadership abilities, and their potential to enrich the college. Dean's Scholarships are included in the recipient's overall financial aid package.

To learn more about financial aid, contact the Carver College of Medicine Financial Services office.

Academic Rules and Procedures

Student Promotion

The Carver College of Medicine has established promotion policies and procedures to ensure that each of its graduates has adequate skills, knowledge, judgment, ethical standards, and personal integrity to assume the responsibilities of a medical doctor. The student promotions committee, made up of seven faculty members and two students, performs these duties with the cooperation, advice, and judgment of course directors, faculty members, students, and administrators.

The committee recommends specific actions to be taken when a student's skills, knowledge, judgment, or ethical behavior is in any way considered consistently marginal or unsatisfactory. Possible recommendations include dismissal of the student from the college; suspension for a specified period of time; requiring the student to repeat all or any part of the curriculum on academic probation; and allowing the student to continue on academic probation with a full or partial course load. The committee's recommendations are forwarded for action to the executive dean of the Carver College of Medicine.
Medical students have the right to appeal a promotion decision. They must submit the appeal in writing to the Carver College of Medicine’s executive dean within five days of notification of the decision. Appeals are considered by the Appeals Committee, made up of faculty representatives of the Medical Council and the Executive Committee, a medical student, a lay member, and the associate dean for student affairs (ex officio). Students may request an opportunity to appear before the Appeals Committee to make a statement and answer questions. The committee then makes its recommendation to the college’s dean, who is the final authority.

Specific information about student promotion policies and procedures is available from the Office of Student Affairs and Curriculum and is online in the Student Handbook.

**Leaves of Absence, Withdrawal, Reinstatement**

The Carver College of Medicine has established policies regarding leaves of absence, dropping courses, withdrawal from the college, and reinstatement to the college. Information about each of these policies is available at the college's Office of Student Affairs and Curriculum and is published annually in the Student Handbook.

**Disputes and Complaints**

Student complaints concerning actions of faculty members or departments are pursued first through mechanisms established in the Carver College of Medicine. These procedures allow the greatest flexibility for all concerned in resolving a conflict. They are intended for situations such as grading disputes, alleged academic dishonesty, alleged dishonesty during a clinical rotation, alleged unethical or unprofessional conduct, and perceived discrimination or harassment.

Complaints regarding sexual harassment are handled confidentially in accordance with University policy and procedures; see the University’s Policy on Sexual Harassment.

For information about the established informal mechanisms, contact the Office of Student Affairs and Curriculum or see the Student Handbook.
Emergency Medicine

Chair
- Andrew Nugent

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Emergency%20Medicine

Web site: http://www.medicine.uiowa.edu/emergencymedicine/

The Department of Emergency Medicine prepares new physicians to recognize and treat a variety of urgent and emergent conditions. The program fosters basic science and clinical research relevant to emergency medicine and is dedicated to the education and training of Emergency Medical Services (EMS) personnel through the Emergency Medical Services Learning Resources Center (EMSLRC).

M.D. Student Training

Elective rotations for Doctor of Medicine students are available at University of Iowa Hospitals and Clinics and at several other sites throughout Iowa, including St. Luke's Hospital, Cedar Rapids; Great River Medical Center, Burlington; Covenant Medical Center, Waterloo; Broadlawns Medical Center, Des Moines; and Mercy Medical Center, Sioux City. Students also may arrange an off-service elective independently with established residency programs throughout the United States.

The program offers an annual introductory month to emergency medicine; advanced life support; and Wilderness Medicine, a rotation that includes scenario and didactic training in wilderness medicinal skills with travel to areas such as Colorado.

Residency Program

The emergency medicine faculty directs the Iowa Emergency Medicine Residency, Iowa's only emergency medicine residency. The residency is a three-year program that prepares residents for careers in diverse areas of emergency medicine, from rural practice to academics. The program emphasizes critical care training and rotations in a wide variety of specialties. Part of the clinical component is spent at St. Luke's Hospital, Cedar Rapids.

Resources

The Emergency Department, located on the first floor of Roy Carver Pavilion, is a Level I Adult and Pediatric Trauma Center. It serves as a referral center for communities across Iowa.

Courses

EM:8401 Introduction to Advanced Life Support Skills 4 s.h.
Experience managing acute threats to life, including trauma, respiratory failure, poisoning, sepsis, stupor/coma, and acute MI, using ACLS and PALS courses and clinical manikin work with EMS staff. Requirements: completion of M.D. third year.

EM:8402 Emergency Medicine UIHC arr.
Preceptorship with residents and faculty; emphasis on principles of acute medicine; clinical shifts, case conferences, simulations, exams. Requirements: completion of surgery, pediatrics, and internal medicine or advanced practice management.

EM:8403 Wilderness Medicine 4 s.h.
Didactic and scenario training in physiology, diagnosis, and emergency treatment of heat- and cold-related illnesses, high altitude disorders, wilderness trauma, envenomations, and immersion injuries. Taught in wilderness areas. Requirements: completion of M.D. third year.

EM:8404 Emergency Medicine: St. Luke's, Cedar Rapids 4 s.h.
Preceptorship with full-time emergency department physicians; clinical shifts, case conferences, simulations, exams. Requirements: completion of M.D. third year.

EM:8405 Rural Emergency Medicine at Burlington, Iowa 4 s.h.
In-depth clinical experience in a busy rural hospital emergency department under supervision of residency-trained emergency physicians; lectures, skill labs, projects. Requirements: completion of M.D. third year.

EM:8406 Emergency Medicine Des Moines 4 s.h.
Participation in acute emergency care, management of acute illnesses, follow-up care when possible; Broadlawns Hospital, Des Moines. Requirements: completion of surgery, pediatrics, and internal medicine or advanced practice management.

EM:8407 Emergency Medicine Waterloo 4 s.h.
Participation in acute emergency care, management of acute illnesses, follow-up care when possible; Covenant Medical Center, Waterloo. Requirements: completion of M.D. third year.

EM:8408 Emergency Medicine Sioux City 4 s.h.
Experience with a routine cross section of emergency problems in a regional trauma center and with functions of area resource hospitals (St. Luke's Medical Center, Mercy Medical Center); option to accompany ambulance crews. Requirements: completion of surgery, pediatrics, and internal medicine or advanced practice management; and basic life support certification.

EM:8409 Transition to Residency 2 s.h.
Intensive program providing basic training in life support skills, experience in procedures common to inpatient hospital environment, and practice with simulated critical care scenarios; lectures, small group discussions, procedure labs, high-fidelity simulations, and self-directed online learning; students become certified in Advanced Cardiac Life Support (ACLS). Requirements: completion of surgery, pediatrics, and IM or APM.

EM:8498 Emergency Medicine On Campus arr.
Clinical research experience with a mentor in the Emergency Treatment Center and the Department of Emergency Medicine; principles of design, methodology, basic statistics.
EM:8499 Emergency Medicine Off Campus  arr.
Preceptorship with residents and faculty; emphasis on principles of acute medicine; Liaison Committee on Medical Education (LCME) accredited off-campus site. Requirements: completion of M.D. third year and approval from UIHC Emergency Medicine clerkship director.
Family Medicine

Chair
- Paul A. James

DepartmentalLeadership/
Web site: http://www.medicine.uiowa.edu/familymedicine/

M.D. Student Training

The Department of Family Medicine trains primary care physicians. The department offers course work that is included throughout the four-year M.D. program. Twenty-one elective senior rotations give students opportunities for exposure to various Iowa communities through work in affiliated hospitals or connected facilities, in the department’s model office on the University of Iowa campus, and in preceptorships with selected family physicians throughout the state. Students also have the opportunity for independent study during the fourth year.

Residency Program

Family Medicine Residency

The Department of Family Medicine directs a three-year residency program whose graduates are eligible for certification by the American Board of Family Medicine. The residency program trains physicians to provide continuous and comprehensive medical care to patients and their families. Residents are educated in all areas of family medicine—adult medicine, maternal and child health, behavioral science, surgical specialties, and community medicine. Training emphasizes the value of wellness and preventive medicine as well as curative medicine.

The program is organized as a progressive educational experience. It consists of formal teaching and clinical experiences on assigned rotations, structured conferences, and patient care in the Family Medicine Clinic. As residents develop clinical skills, medical judgment, and competence, their patient responsibilities increase. Some patients at the Family Medicine Clinic are assigned to residents, who provide medical care under faculty supervision. Each resident is responsible for his or her patients for the duration of the residency program.

Residents also learn the principles of practice management, including organizational and administrative decision making, patient record and bookkeeping procedures, and chart auditing methodologies.

Residents are expected to take responsibility for their learning environment, to avail themselves of the department’s diverse resources, and to collaborate with the faculty in order to have the best possible learning experience.

Family Medicine-Psychiatry Residency

The Department of Family Medicine and the Department of Psychiatry cosponsor the combined Family Medicine-Psychiatry Residency program. The program’s residents acquire broad-based training in both disciplines, including focused training in geriatrics and geriatric psychiatry, substance and alcohol abuse, diagnosis and treatment of depression, delirium, eating disorders, panic disorders, and neurotic and somatizing behavior. Graduates are eligible for certification by the American Board of Family Medicine and the American Board of Psychiatry and Neurology.

Facilities

The Department of Family Medicine is located on the University of Iowa health sciences campus. Faculty offices are close to the Family Medicine Clinic, where patients are seen by appointment. The department also has community-based clinics in southeast Iowa City and North Liberty, Iowa, and a rural satellite office located in Lone Tree, Iowa.

Courses

FAM:8005 Medical Education Community Orientation 0 s.h.
Experience in a local health care delivery system away from the University setting, between first and second year of M.D. program.

FAM:8301 Preceptorship in Family Medicine 2,4 s.h.
One-on-one experience with a practicing physician in his or her office; exposure to illnesses, conditions often seen in primary care; realistic background for evaluation of family medicine as a career alternative.

FAM:8401 Subinternship in Family Medicine, University of Iowa 2,4 s.h.
Inpatient aspects of family medicine's key components; experience on the family medicine inpatient service.

FAM:8402 University of Iowa Family Medicine Clerkship 4 s.h.
Work with family practice residents and staff in day-to-day delivery of primary medical care at Family Practice Center; experience in the Family Stress Clinic observing family-centered counseling; nursing home visits, work with departmental social worker and sports medicine specialist.

FAM:8403 Advanced Preceptorship in Family Medicine 2,4 s.h.
Experience in community practice of family medicine.

FAM:8404 Rural Preceptorship in Family Medicine 2,4 s.h.

FAM:8405 Geriatrics Elective 2,4 s.h.
Experience in monitoring and evaluating health and functional status of patients age 65 and older in the UI Geriatric Assessment Clinic and community settings.

FAM:8406 Subinternship in Family Medicine—Cedar Rapids 4 s.h.
Experience as a junior resident in all areas of inpatient family medicine, including maternity care, child and adolescent health, adult medicine.

FAM:8407 Clerkship in Family Medicine—Cedar Rapids 4 s.h.
Experience as a junior resident in all areas of family medicine, including maternity care, child and adolescent health, adult medicine.
FAM:8408 Family Medicine Clerkship, Broadlawns Hospital, Des Moines Family Health Center
Clinical experience in inpatient and outpatient care.

FAM:8409 Subinternship in Family Medicine, Iowa Lutheran

FAM:8410 Family Medicine, Iowa Lutheran
Requirements: fourth-year M.D. enrollment.

FAM:8411 Family Medicine Clerkship, Davenport
Assignments to problems commonly seen in family practice office; supervision by residents and faculty for history and physical evaluation and diagnostic workups and treatment of each specific problem; exposure to acutely ill patients in services of medicine, surgery, obstetrics, pediatrics.

FAM:8412 Sub-Internship in Family Medicine, Davenport
Experience in inpatient family medicine; assessing and managing hospitalized patients, evaluating and treating patients in the emergency room, participating in call coverage with family medicine residents.

FAM:8413 Family Medicine Geriatrics, Davenport
Geriatric, palliative, and end-of-life care issues; assessment of competency in evaluation and management of patients; interdisciplinary nature of geriatric and palliative care.

FAM:8415 Subinternship in Family Practice, Sioux City
Experience as a junior resident in all areas of family medicine. Requirements: fourth-year M.D. enrollment.

FAM:8416 Family Medicine Clerkship, Sioux City
Methods common in family practice medicine; participation in care of patients seen by family practice physicians and residents.

FAM:8417 Subinternship in Family Medicine, Waterloo
Experience working as a member of family practice inpatient team at Allen Memorial Hospital and Covenant Medical Center, following patients from admission through discharge.

FAM:8418 Family Medicine Clerkship, Waterloo
Rotation at the Northeast Iowa Family Practice Center; work with patients from outpatient care through hospitalization; basic concepts of family practice, team concept in medical care.

FAM:8419 Lone Tree Family Medicine Clerkship
Experience providing patient care in a rural setting; continuity of care for patients of all ages. Requirements: fourth-year M.D. enrollment.

FAM:8420 Family Medicine, Mason City
Work with family physicians on staff at Mercy or other affiliated community hospitals; management of all patients admitted by the family physicians, participation in care rendered by consultants; primary care experience in family practice office.

FAM:8421 Primary Care Sports Medicine
Comprehensive, diverse, and educational experience in the field of sports medicine; clinical competence to diagnose and manage medical illnesses and injuries related to sports and exercise in varied patients, recreational and organized athletes, and teams. Requirements: M.D. enrollment.

FAM:8422 Family Medicine/Psychiatry Elective
Integration of mental and physical health care across outpatient family medicine and outpatient psychiatry arenas. Requirements: M.D. enrollment.

FAM:8450 Continuity of Care—Family Medicine
Longitudinal continuity of care experience for fourth-year M.D. students in an outpatient family medicine setting.

FAM:8496 Independent Studies
Work with departmental researcher on investigation in family medicine, community medicine, health care delivery, health maintenance, and other areas.

FAM:8499 Family Medicine Off Campus Clerkships; may include community hospitals.
Free Radical and Radiation Biology

**Director**
- Douglas R. Spitz

**Graduate degrees:** M.S. in free radical and radiation biology; Ph.D. in free radical and radiation biology

**Faculty:** [http://frrbp.medicine.uiowa.edu/faculty-and-staff](http://frrbp.medicine.uiowa.edu/faculty-and-staff)

**Web site:** [http://frrbp.medicine.uiowa.edu/](http://frrbp.medicine.uiowa.edu/)

The Free Radical and Radiation Biology Program provides in-depth training and research experience in the physical, chemical, and biological effects of radiation. It also focuses on the metabolic production of free radicals for biology and medicine.

Free radicals are of interest to researchers and clinicians due to their role in a variety of diseases and pathological states, including degenerative diseases of aging and cancer. Manipulation of free radical reactions and redox biology hold great promise for the future development of new therapies for a variety of human diseases. The Free Radical and Radiation Biology Program stresses the importance of these areas of research to basic science, clinical medicine, and public health.

**Undergraduate Education**

Three courses offered by the Free Radical and Radiation Biology Program are open to University of Iowa undergraduate students: FRRB:3130 Radiation Safety and Radiobiology, FRRB:4000 Special Topics: Advanced Undergraduates, and FRRB:5000 Radiation Biology. Students looking for an overview of the biological effects of radiation, including the role of free radicals, will find FRRB:5000 especially appropriate. These courses are appropriate for students who plan to enter medicine, nuclear medicine technology, environmental health, or related programs.

**Graduate Programs of Study**

- Master of Science in free radical and radiation biology
- Doctor of Philosophy in free radical and radiation biology

The Carver College of Medicine administers graduate programs in free radical and radiation biology; graduate degrees are granted through the Graduate College. See Carver College of Medicine (p. 1005) and Graduate (p. 916) College in the Catalog for general information about study in medicine and graduate study at the University.

**Master of Science, Doctor of Philosophy**

The Master of Science in free radical and radiation biology requires a minimum of 30 s.h. of graduate credit; the Doctor of Philosophy requires a minimum of 72 s.h. of graduate credit.

The M.S. and Ph.D. programs are open to graduate students with a background in physics, chemistry, mathematics, biology, health sciences, veterinary medicine, or engineering.

After completing the introductory course FRRB:5000 Radiation Biology, students typically concentrate on a particular aspect of the field. Some students elect to focus on radiation and cancer biology, while others choose to emphasize free radical biology.

In addition to formal lectures and some structured laboratory exercises, plans of study for free radical and radiation biology students involve small-group conferences, discussions, and seminars. Ph.D. students are encouraged to spend at least one semester as teaching assistants, for which no registration is required and no academic credit is given.

Many of the department’s graduate students elect to take FRRB:3130 Radiation Safety and Radiobiology, a course that covers safe operation of radiation-producing equipment and handling of radioactive materials, regulations and regulatory agencies, formulas and techniques in radiation protection programs, radiation protection, and other topics.

**Postgraduate Training**

Postdoctoral training is available by arrangement with the program's director and individual faculty members. Contact the Free Radical and Radiation Biology Program.

**Financial Support**

Graduate students are supported as graduate assistants from funds available through research grants and contracts or from departmental funds. Individual postdoctoral awards also may be available; the candidate and his or her faculty sponsor apply for them jointly.

**Facilities**

The Free Radical and Radiation Biology Program is the home of the Radiation and Free Radical Research Core Lab (RFRRC). The lab operates a 300 kVp orthovoltage X-ray generator and other radiation sources, including an 8,000-Curie Cs-137 irradiator. Students and staff have access to additional core lab support through RFRRC, with services and expertise related to analytical chemistry (EPR services) and redoxbiology, biochemistry (AES services), and linear accelerators in the Department of Radiation Oncology.

The program has a number of radiation detectors and counters, including liquid scintillation counters. It also has ultraviolet/visible spectrophotometers; various types of equipment for densitometry, chromatography, and electrophoresis; molecular biology equipment, including thermal cyclers; an automatic cell counter and particle sizer; tissue culture facilities; Typhoon Phosphoimager; HPLC; Electron Spin Resonance Spectrometers; and nitric oxide analyzers. Visit Radiation and Free Radical Research Core on the program's web site to learn more.
Courses

FRRB:3110 Medical Physics I 2-3 s.h.
Introduction to radiation used in clinical setting; fundamental physical units, measurements, principles, atomic structure and types of radiation; X-ray generating equipment, X-ray production, and its interaction with matter. Requirements: acceptance to radiation sciences therapy program, and maxillofacial or radiation oncology resident. Same as RSTH:3110.

FRRB:3130 Radiation Safety and Radiobiology 2 s.h.
Instruction on safe operation of radiation producing equipment and handling of radioactive materials; origin and/or derivation of certain formulae and techniques useful in radiation protection programs; regulatory agencies, regulations, and regulatory guides pertinent to student's field; emphasis on applied aspects of radiation protection; characteristics and biological effects of ionizing radiations, properties and uses of radioisotopes, medical applications, and biological basis for protection procedures. Requirements: enrollment in radiation sciences or nuclear medicine technology program. Same as RSP:3130.

FRRB:3215 Medical Physics II 2-3 s.h.
Treatment units used in external radiation therapy; beam calculations, isodose distributions, brachytherapy, quality assurance and quality management, protection and safety. Prerequisites: RSTH:3110. Same as RSTH:3215.

FRRB:4000 Special Topics: Advanced Undergraduates arr.
Readings and/or laboratory experience. Offered fall semesters.

FRRB:5000 Radiation Biology 4 s.h.
Characteristics and biological effects of ionizing radiations. Offered fall semesters of odd years. Prerequisites: BIOC:3120 and CHEM:2210. Requirements: college-level physics.

FRRB:5001 Research: Special Topics arr.

FRRB:6000 Seminar: Free Radical and Radiation Biology 1 s.h.

FRRB:6004 Research: Free Radical and Radiation Biology arr.

FRRB:6006 Topics in Free Radical Biology and Medicine 1 s.h.
New literature in area of free radicals.

FRRB:6008 Topics in Radiation and Cancer Biology 1 s.h.
Emerging concepts in the biological effects of radiation and cancer biology; current topics in journal club format.

FRRB:7000 Redox Biology and Medicine 4 s.h.
Chemistry of free radicals, related oxidants, and antioxidants; antioxidant (redox) enzymes—their structure, biochemical function, regulation, and function in redox biology; targets of oxidants—lipids, proteins, DNA; redox biology of health (infants to healthy aging) and disease (cancer, cardiovascular disease, diabetes, neurodegenerative diseases). Offered fall semesters of even years. Prerequisites: BIOC:3120 or CHEM:2210.

FRRB:7001 Molecular and Cellular Biology of Cancer 3 s.h.
Fundamental aspects of oncology at the cellular and molecular levels; mechanisms of cancer initiation and progression, oncogene action, DNA damage and repair, carcinogenesis by radiation, chemicals, viruses; tumor immunology, anticancer therapies. Offered spring semesters of odd years. Requirements: strong basic science background. Same as PATH:7001.
Internal Medicine

Interim chair

• Gary B. Rosenthal

Faculty: http://www.medicine.uiowa.edu/InternalMedicine/ People/
Web site: http://www.medicine.uiowa.edu/internalmedicine/

Internal medicine is concerned with the diagnosis, prevention, and treatment of diseases of adults. The Department of Internal Medicine’s educational, patient care, and research activities cover all facets of the discipline, including general internal medicine and primary care as well as the specialized areas of allergy and immunology, cardiology, clinical pharmacology, endocrinology and metabolism, gastroenterology and hepatology, hematology, oncology, blood and marrow transplant, infectious diseases, nephrology, pulmonary, critical care, occupational medicine, and rheumatology.

The department is committed to the complete spectrum of medical education, from didactic and clinical education of M.D. students to resident and fellowship training.

M.D. Student Training

During the third year, the department's faculty members instruct students for six weeks in IM:8301 Inpatient Internal Medicine and for four weeks in IM:8302 Outpatient Internal Medicine at University of Iowa Hospitals and Clinics, Iowa River Landing Clinic and the Iowa City Veterans Affairs Medical Center, or hospitals of the Des Moines Area Medical Education Consortium. Students actively participate as members of an inpatient ward team and/or specialty consult services in IM:8301, and in IM:8302 they participate in the evaluation and management of patients at outpatient internal medicine clinics.

During the fourth year, M.D. students may select a clinical experience to fit their own career goals from courses offered in general medicine, subspecialties, intensive care, and a subinternship program.

Residency Program, Postgraduate Work

The department offers a three-year residency training program in internal medicine. In addition, most of the department’s specialty divisions offer two- and three-year clinical and research fellowships, in which fellows develop special knowledge and skills relevant to their specialties. Fellows who hold doctoral degrees may be accepted to programs whose major focus is laboratory research.

Facilities

Teaching in the Department of Internal Medicine takes place in the medical services and laboratories of University of Iowa Hospitals and Clinics, Iowa River Landing Clinic and the Iowa City Veterans Affairs Medical Center, and in Des Moines at the Veterans Affairs Central Iowa Health Care System and Iowa Methodist Medical Center.

Courses

IM:8301 Inpatient Internal Medicine  arr.
Development of knowledge, diagnostic and management skills vital to care of hospitalized patients; clinical responsibilities, educational conferences, independent study.

IM:8302 Outpatient Internal Medicine  3-4 s.h.
Development of knowledge, diagnostic and management skills in the outpatient clinical setting; clinical activities, discussion of problems, independent study.

IM:8303 Electrocardiography  arr.
Scalar electrocardiography with option of viewing exercise studies including treadmill testing; initial interpretation of current tracings and daily staff conferences.

IM:8401 Subinternship in Internal Medicine  4 s.h.
Student responsibility for evaluating, treating, and following patients admitted to inpatient general medicine services. Requirements: fourth-year M.D. enrollment.

IM:8410 Clinical Allergy Immunology  arr.
Pathogenesis, diagnosis, and management of asthma and allergic and immunologic diseases; conducting and interpreting relevant specialized clinical and laboratory tests; emphasis on outpatients; formal and informal teaching sessions.

IM:8412 Clinical Cardiology  arr.
Development of breadth and depth in diagnostic and therapeutic problems encountered in clinical cardiology; participation in evaluation and decisions regarding patients seen sometimes in the cardiovascular clinic, inpatient cardiology wards, and electrophysiology service.

IM:8414 Clinical Endocrinology  arr.
New patient evaluation, inpatient referral; returning patients in diabetes, endocrine clinics; complete patient evaluations, charts; participation in clinical conferences.

IM:8416 Clinical Gastroenterology  arr.
Work in consultation service at University Hospitals and Clinics or Veterans Affairs Iowa City Health Care System; assistance in diagnostic procedures for patients examined as part of consultation service; participation in patient follow-up through weekly return clinic.

IM:8418 Hematology Oncology  arr.
Diagnostic skills in hematology and oncology.
**IM:8422 Clinical Infectious Disease**  
Diagnosis, treatment, follow-up, study of patients with infectious diseases, under staff guidance; techniques of diagnostic microbiology; participation in conferences, teaching activities.

**IM:8424 Medical Intensive Care Unit**  

**IM:8426 Pulmonary Disease**  
Breadth, depth in diagnostic, therapeutic problems encountered in clinical pulmonary disease; evaluation of outpatients and inpatients under staff supervision; interpretation of special studies carried out in pulmonary function laboratory, fiberoptic bronchoscopy and brush biopsy of lung; exposure to diagnosis and management of acute respiratory failure in intensive care units at University of Iowa Hospitals and Clinics, Veterans Affairs Iowa City Health Care System.

**IM:8428 Nephrology**  
Evaluation of patients from University of Iowa Hospitals and Clinics inpatient service, Veterans Affairs Iowa City Health Care System, clinics; emphasis on early kidney disease, all varieties of hypertension.

**IM:8434 Clinical Rheumatology**  
Clinical features of rheumatic diseases, their differential diagnosis, principles of management; patients from arthritis clinic, inpatient consultation service of University of Iowa Hospitals and Clinics, Veterans Affairs Iowa City Health Care System.

**IM:8435 Palliative Care**  
2,4 s.h.
Requirements: M.D. enrollment.

**IM:8437 Multidisciplinary Cancer Care**  
Basic concepts of cancer care; role of multidisciplinary team in care of cancer patients; development of attitudes, knowledge, and skills useful for entering a specialty that encounters patients with cancer. Requirements: M.D. enrollment.

**IM:8445 Integrated Topics in Infectious Diseases**  
Questions in host-parasite interactions; monthly case study followed by journals club discussions.

**IM:8450 Continuity of Care in Outpatient Internal Medicine**  
Experience with longitudinal continuity of care for patients in the outpatient setting; clinical and didactic exposure to broad spectrum of general internal medicine problems. Requirements: fourth-year M.D. enrollment.

**IM:8451 Subinternship in General Internal Medicine and ICU, Des Moines**  
Four-week rotation at Des Moines Medical Education Consortium; experience as a subintern in general internal medicine and the ICU. Requirements: fourth-year M.D. enrollment.

**IM:8452 Subinternship in Internal Medicine at VAMC, Des Moines**  
Rotation at the Veterans Affairs Central Iowa Health Care System; subinternship on general internal medicine ward. Requirements: fourth-year M.D. enrollment.

**IM:8453 Critical Care Rotation, IMMC, ICU, DM**  
4 s.h.
Subinternship on medical critical care team, with daily rounds, teaching. Requirements: fourth-year M.D. enrollment.

**IM:8454 General Medicine Consult Service, IMMC**  
Breadth, depth in diagnostic, therapeutic problems encountered in clinical internal medicine; evaluation of outpatients and inpatients under staff supervision; interpretation of special studies carried out in internal medicine clinic, fiberoptic bronchoscopy and brush biopsy of lung; exposure to diagnosis and management of acute respiratory failure in intensive care units at University of Iowa Hospitals and Clinics, Veterans Affairs Iowa City Health Care System.

**IM:8455 Public Health Medicine**  
2,4 s.h.
Requirements: M.D. enrollment.

**IM:8456 Clinical Cardiology Coronary Care Experience, Iowa Methodist, Des Moines**  
2,4 s.h.
Exposure to common cardiology problems, including acute coronary syndrome, chronic kidney disease, acid-base disorders, common electrolyte disorders.

**IM:8457 Clinical Nephrology, Iowa Methodist, Des Moines**  
4 s.h.
Exposure to common nephrology problems, including acute renal failure, chronic renal failure, acid-base disorders, common electrolyte disorders.

**IM:8458 Community-Based General Internal Medicine**  
Primary care internal medicine in a community setting. Requirements: fourth-year M.D. enrollment.

**IM:8495 Internal Medicine ICU Off Campus**  
Experience as subintern in the ICU/MICU; daily rounds and teaching with medical critical care staff.

**IM:8496 Internal Medicine On Campus**  

**IM:8497 Internal Medicine Off Campus**  

**IM:8498 Internal Medicine On Campus**  

**IM:8499 Internal Medicine Off Campus**  

**IM:8500 Community-Based General Internal Medicine**  
Primary care internal medicine in a community setting. Requirements: fourth-year M.D. enrollment.
Medical Education Program

**Director**
- Kristi J. Ferguson

**Graduate degree:** M.M.E.  
**Graduate certificate:** Medical education  
**Faculty:** http://www.healthcare.uiowa.edu/ocrme/about_ocrme/fac_staff.htm  
**Web site:** http://www.healthcare.uiowa.edu/ocrme/masters/programoverview.htm

The Medical Education Program is dedicated to providing medical faculty members with formal training in medical education. The program is coordinated through the Office of Consultation and Research in Medical Education (OCRME). Courses are taught by OCRME faculty, who also advise students in the program.

**Graduate Programs of Study**
- Master in Medical Education  
- Certificate in Medical Education

Application requirements are the same for both programs; see "Admission" below.

**Master in Medical Education**

The Master in Medical Education requires a minimum of 30 s.h. of graduate credit. The program is designed to prepare medical faculty members to educate health professionals. It is intended for Carver College of Medicine faculty members and professional staff as well as for University of Iowa resident physicians and fellows.

The program gives participants the opportunity to specialize in theory and practice of curriculum design, effective teaching, assessment, and other aspects of medical education. Graduates of the program should be able to:

- design evidence-based education programs and materials with appropriate scope, sequence, and focus for intended learners;  
- deliver effective instruction to individuals and small or large groups in classroom, laboratory, or clinical settings;  
- evaluate the effectiveness of educational instruction, using formative and summative methods;  
- understand basic principles of educational measurement and be able to apply them to medical education;  
- use assessments to promote learning and to assess learning progress and status; and  
- understand basic principles of, and be able to interpret and use, educational research.

The M.M.E. may be completed in as few as two years or as many as five. Students may begin the program in fall semester, spring semester, or summer session. Some of the required courses are offered online, and required on-campus courses have evening meeting times.

The curriculum includes 24 s.h. of required courses and 6-9 s.h. of electives. Students must register for at least one course each academic year in order to maintain satisfactory progress toward the degree. The program's faculty provides substantial student advising and consultation.

During their first semester, students file a plan of study. Each student's plan must include a description of the student's goals, intended graduation date, and a list of courses the student plans to take each semester he or she is working toward the degree. The study plan must incorporate all of the courses required for the degree and must include any requests for transfer credit. The plan must be approved by the director of the M.M.E. program and by the student's advisor. Subsequent revisions of the plan must have the advisor's approval.

The Master in Medical Education requires the following course work:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>MED:9701 Instructional Design and Technology</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>MED:9702 Clinical Teaching in Medical Education</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>MED:9703 Educational Research and Evaluation</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>MED:9711 Teaching Methods in Medical Education</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>MED:9712 Introduction to Educational Measurement in Medical Education</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>MED:9713 Assessment in Medical Education</td>
<td>3 s.h.</td>

<tr>
<td>MED:9720 Portfolio Project</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>Electives</td>
<td>6-9 s.h.</td>
</tr>
</tbody>
</table>

Students who are not involved with clinical teaching may substitute another course for MED:9702 Clinical Teaching in Medical Education.

Students must have completed at least 18 s.h. before enrolling in MED:9720 Portfolio Project. In the portfolio, students integrate the materials they have developed over the course of the program into a document. Three faculty members review the project and evaluate the student's participation in the program.

Electives require approval of the student's advisor. They may include courses in the M.M.E. program as well as those offered by relevant departments and programs (e.g., College of Education, Tippie College of Business). Students should check with their advisors to determine which courses are graduate level.

**Certificate**

The Certificate in Medical Education requires a minimum of 12 s.h. of graduate credit. The certificate program is designed to help participants find new ways to enhance their scholarship and skills in teaching, curriculum design, and education assessment. It is intended for Carver College of Medicine faculty and professional staff as well as for University of Iowa resident physicians and fellows.

Required course work for the certificate is taken from the Master of Medical Education program. Individuals who complete the certificate and then decide they would like to earn the master's degree may count their certificate course work toward the M.M.E.

The Certificate in Medical Education requires the following course work:

**Methods—one of these:**
MED:9701 Instructional Design and Technology 3 s.h.
MED:9702 Clinical Teaching in Medical Education 3 s.h.
MED:9711 Teaching Methods in Medical Education 3 s.h.

Research and measurement—one of these:
MED:9703 Educational Research and Evaluation 3 s.h.
MED:9712 Introduction to Educational Measurement in Medical Education 3 s.h.

And:
Additional courses chosen from M.M.E. requirements 6 s.h.

Admission
Application requirements are the same for the M.M.E. degree and the certificate program. Applicants should hold an M.D. degree and must have performed satisfactorily on the Medical College Admission Test (MCAT). Basic sciences applicants without an M.D. must hold an equivalent degree and must have performed satisfactorily on an admission test equivalent to the MCAT.

Applicants whose first language is not English and who do not hold a baccalaureate or advanced degree from an accredited university in the United States, English-speaking Africa, Australia, Canada (except Quebec), New Zealand, or the United Kingdom must submit scores on the Test of English as a Foreign Language (TOEFL).

Application materials must include an official transcript showing medical course work and medical degree, or equivalent for basic sciences applicants (current and former University of Iowa students do not need to request a UI transcript or transcripts previously submitted to the University); a letter of reference from the applicant's department head and one additional letter of reference; and a 300-500 word essay describing the applicant's interest in medical education and in the Master in Medical Education program or the Certificate in Medical Education program.

To apply to the M.M.E. program, see Master's in Medical Education/Admissions and Application on the program's web site; to apply to the certificate program, see Applying as a Nondegree Graduate Student on the University of Iowa Office of Admissions web site. Application materials should be submitted to the Office of Admissions.

Application deadlines are July 15 for fall semester entry, November 15 for spring semester entry, and April 15 for summer session entry.
Medical Laboratory Science

Site coordinator
- Norma Ward (Pathology)

Undergraduate major: medical laboratory science (B.S.)
Faculty: http://www.medicine.uiowa.edu/Pathology/people/
Web site: http://www.medicine.uiowa.edu/pathology/education/mlsp/mlsp/

Medical laboratory scientists and medical technologists perform the laboratory tests that provide physicians with information vital for accurate diagnosis and proper treatment of disease. They are in demand in hospital, private, and government laboratories; clinics; physicians' offices; and industrial, pharmaceutical, biological, and environmental research laboratories. Medical laboratory scientists and medical technologists are highly skilled health team members who use a battery of sophisticated procedures and instruments in their work and who possess specialized knowledge and skills acquired through completion of a formal program of academic and clinical study.

Undergraduate Program of Study

- Major in medical laboratory science (Bachelor of Science)

The Carver College of Medicine partners with Allen College in Waterloo, Iowa, to offer the major in medical laboratory science. The program is fully accredited by the National Accrediting Agency for Clinical Laboratory Sciences. All graduates are eligible for national certification examinations in medical laboratory science.

The Medical Laboratory Science Program offers a bachelor's degree; it does not offer a certificate.

Undergraduate study in medical laboratory science is guided by the academic rules and procedures outlined under “Undergraduate Programs” in the Carver College of Medicine (p. 1005) section of the Catalog. Because the Carver College of Medicine partners with Allen College for the medical laboratory science major, students are not held to the University of Iowa in-residence requirement.

Bachelor of Science

The Bachelor of Science with a major in medical laboratory science requires a minimum of 124 s.h., including 84 s.h. of preparatory study and 40 s.h. in the professional (clinical) program, which consists of 11 months of didactic and practical instruction and clinical rotations. Students must maintain a g.p.a. of at least 2.70 in all courses for the major and in all University of Iowa courses. They also must complete the College of Liberal Arts and Sciences General Education Program (p. 313).

Bachelor of Science students who have completed all preparatory study (years one through three) begin the fourth-year professional program in late August with online didactic lectures. They attend three separate days of laboratory skills instruction on the Allen College campus, and in mid-November they begin clinical rotations in the laboratories of University of Iowa Hospitals and Clinics and the Iowa City Veterans Affairs Medical Center. Students who successfully complete the 11-month professional program graduate with a Bachelor of Science from the University of Iowa and a Bachelor of Health Science from Allen College.

Professional program requirements are listed below, under "Fourth Year: Professional Program." To learn more about the professional program, visit Medical Laboratory Science (MLS) on the Allen College web site.

As part of their preparatory study, students must complete specific courses that are prerequisites for admission to the major.

PREPARATORY STUDY: PREREQUISITES FOR ADMISSION TO THE MAJOR

Students must complete the following course work before they may be admitted to the major in medical laboratory science. Students must earn a grade of C-minus or higher in all prerequisite courses.

All of these:

- BIOL:1411-BIOL:1412 Foundations of Biology - Diversity of Form and Function 8 s.h.
- CHEM:1110 & CHEM:1120 Principles of Chemistry I-II 8 s.h.
- CHEM:2210 Organic Chemistry I 3 s.h.
- MICR:2157 General Microbiology 5 s.h.
- PSY:1001 Elementary Psychology 3 s.h.
- RHET:1030 Rhetoric 4-5 s.h.
- SOC:1010 Introduction to Sociology 3-4 s.h.

One of these sequences:

- HHP:1100 & HHP:1110 Human Anatomy - Human Anatomy Laboratory 4 s.h.
- HHP:1300 & HHP:1310 Fundamentals of Human Physiology - Human Physiology Laboratory 4 s.h.

One of these:

- BIOC:3110 Biochemistry 3 s.h.
- CHEM:2220 Organic Chemistry II 3 s.h.

One of these:

- MATH:1005 College Algebra 4 s.h.
- MATH:1020 Elementary Functions 4 s.h.
- MATH:1440 Mathematics for the Biological Sciences 4 s.h.

One of these:

- STAT:1020/PSQF:1020 Elementary Statistics and Inference 3 s.h.
- STAT:3510 Biostatistics 3 s.h.

FOURTH YEAR: PROFESSIONAL PROGRAM

Students complete 40 s.h. in the following professional program requirements through Allen College.

All of these:

- PATH:4150 Advanced Laboratory Practice 2 s.h.
- PATH:4151 MLS Program Registration 0 s.h.
- PATH:4152 MLS Theory, Application, and Correlation 3 s.h.
- PATH:4154 Clinical Chemistry I 3 s.h.
- PATH:4155 Clinical Chemistry II 3 s.h.
- PATH:4156 Clinical Hematology I 4 s.h.
PATH:4157 Clinical Hematology II 3 s.h.
PATH:4158 Clinical Microbiology I 4 s.h.
PATH:4159 Clinical Microbiology II 3 s.h.
PATH:4160 Clinical Immunology 1 s.h.
PATH:4162 Clinical Immunohematology I 3 s.h.
PATH:4163 Clinical Immunohematology II 3 s.h.
PATH:4164 Phlebotomy for Clinical Laboratory Science 1 s.h.
PATH:4166 Urine and Body Fluid Analysis 2 s.h.
PATH:4170 Clinical Laboratory Management I 2 s.h.
PATH:4171 Clinical Laboratory Management II 2 s.h.
PATH:4172 Molecular Biology Methods 1 s.h.

Admission

Admission to the medical laboratory science professional program (fourth year) is competitive; enrollment may be limited. Applications are reviewed twice a year in October and February. Applicant review and admission will continue on a monthly basis until the program is full. Students must apply to Allen College. Most students apply during fall of their third year and begin the professional program the following August. Applications are accepted until the class is filled.

Before beginning the professional program, students must complete all prerequisites, including the College of Liberal Arts and Sciences General Education Program (p. 313) requirements, and must earn at least 84 s.h. of college credit. They satisfy the English and public speaking prerequisite requirements by fulfilling the General Education Program’s Rhetoric requirement. Applicants must have a cumulative g.p.a. of at least 2.70 both overall and in science course work. They must satisfy any English as a Second Language requirements specified by The University of Iowa before beginning the professional program.

Students should consult with a Medical Laboratory Science Program advisor as early as possible to plan preclinical studies that meet all requirements.

Expenses

Students are responsible for buying textbooks and paying tuition and student fees. The Medical Laboratory Science Program provides laboratory coats for professional program students.
Medical Scientist Training Program

Directors

- Pamela Geyer (Biochemistry/Obstetrics and Gynecology), Steven R. Lentz (Internal Medicine)

Faculty: http://www.healthcare.uiowa.edu/mstp/New/mstp/departments/index.htm
Web site: http://www.healthcare.uiowa.edu/mstp/

Professional/Graduate Program

- Joint Doctor of Medicine/Doctor of Philosophy

The joint Doctor of Medicine/Doctor of Philosophy normally requires seven to eight years of continuous study. It provides an effective and efficient means to integrate graduate and clinical training, combining the scientific approach with clinical medicine.

During the first three semesters of the program, trainees take course work in the basic sciences fundamental to the study of medicine and complete experiences that introduce mechanisms of health and disease, and to principles of clinical practice; see Doctor of Medicine (p. 1031) in the Catalog. This early training provides broad exposure to the language and organizing concepts that form the foundation for a career as a physician scientist. Trainees also begin the research component of the graduate phase of the program during this time, through summer laboratory rotations, enrollment in MSTP:8513 Analyzing and Presenting Medical Research, research presentations by MSTP faculty and students, and a student-sponsored seminar series. Trainees participate in Conversations in Research, in which MSTP faculty members discuss their research and career interests, and they attend MSTP Grand Rounds, a forum for patient-based discussions that emphasizes how science and medicine intersect.

During the fourth semester, students enroll in core clinical clerkships, in which they gain broad exposure to the spectrum of human disease and experience direct patient care before they enter the graduate phase of training. At the end of the fourth semester, all trainees take Step 1 of the U.S. Medical Licensing Examination.

At the beginning of the third year, trainees select a Ph.D. thesis mentor and enroll in a graduate department or interdisciplinary graduate program to begin their scientific training.

The focus of the graduate years of study is engagement in academic and research experiences that promote the trainees’ development into independent investigators. Clinical contact is maintained during this phase of training through participation in seminar programs, MSTP Grand Rounds, and MSTP:8512 MSTP Clinical Connections, a course that provides the opportunity for mentored clinical experiences.

Upon completing the Ph.D. dissertation, trainees return to the Carver College of Medicine’s M.D. curriculum to complete the clinical clerkship requirements for the joint M.D./Ph.D. program. During this phase, trainees bring a sophistication in the scientific approach to problem solving that they apply to human disease. They renew and develop clinical skills acquired in their early training and reinforce their understanding of the scientific basis of disease through continued participation in MSTP Grand Rounds. Upon completion of the clinical curriculum, trainees are awarded the M.D. and Ph.D.

Most graduates of the program elect to enter residency programs in clinical medicine and embark on careers as medical school faculty members in clinical disciplines with opportunities for basic and applied research. Other graduates accept academic appointments in basic science departments and spend a major part of their professional activity in biomedical research and teaching.

Admission

Applicants must meet requirements for admission to the M.D. program in the Carver College of Medicine; see “Admission to the M.D. Program” under Doctor of Medicine (p. 1031) in the Catalog. They also must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Applicants should have completed requirements for a bachelor’s degree at an accredited academic institution. In addition to outstanding academic credentials, including strength in biological, physical, and mathematical sciences, they must demonstrate aptitude for and commitment to scientific research through productive research experience during their undergraduate years or after. Admission normally is made for entry to the first year of the program, but applicants already enrolled in the Carver College of Medicine may request admission with advanced standing.

Application

The Carver College of Medicine participates in the American Medical College Application Service (AMCAS). Program applicants should select M.D./Ph.D. Program-Type on their AMCAS application and instruct AMCAS to forward their credentials to the Carver College of Medicine (IA131). Applications should be submitted as early as possible to allow careful review by the admissions committees of the Medical Scientist Training Program and the Carver College of Medicine.

All candidates must take the Medical College Admission Test (MCAT), according to Carver College of Medicine requirements. The Graduate Record Exam (GRE) is not required for admission.

Application to the Graduate College is not required before acceptance to the MSTP. Trainees admitted to the program receive assistance with Graduate College enrollment.

Financial Support

Trainees receive stipend and full tuition support from a National Institutes of Health MSTP training grant to the University of Iowa, supplemented by other institutional and individual awards. Students in the graduate phase of
training receive support from their graduate departments or interdisciplinary programs and their research advisors. The program office also helps selected trainees apply for competitive national awards for outstanding academic and research achievement.

Courses

**MSTP:8511 MSTP Research**
Research experience. Requirements: Medical Scientist Training Program enrollment.

**MSTP:8512 MSTP Clinical Connections**
Experience with physician-scientist preceptor in medical interviewing, physical examination, patient presentation through direct patient interaction. Requirements: Medical Scientist Training Program graduate phase enrollment.

**MSTP:8513 Analyzing and Presenting Medical Research**
1 s.h.
How to read, interpret, and present medical and scientific literature; students read and present representative papers from scientific and medical literature.
Microbiology

Chair

• Patrick M. Schlievert

Undergraduate major: microbiology (B.S.)
Undergraduate minor: microbiology
Graduate degrees: M.S. in microbiology; Ph.D. in microbiology

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Microbiology
Web site: http://www.medicine.uiowa.edu/microbiology/

Study in the Department of Microbiology is dedicated to the branch of biological sciences that deals with the smallest living things: bacteria, archaea, fungi, algae, protozoa, and viruses. It is coupled with immunology, the study of the response of higher organisms to foreign substances.

Microbiology and immunology are at the forefront of the modern biological revolution. Microbes are often the experimental subjects of choice for examining basic genetic and biological phenomena because of their small size, rapid growth rate, and relative simplicity. A significant portion of contemporary biochemical research employs microbiological and immunological methods.

Current research is making theoretical and practical advances concerning microbial species and viruses that infect animals, including man, plants, and other microbes; the use of comparative genomics, gene expression profiling, and recombinant DNA methods to analyze basic biological processes and generate valuable products; the nature and occurrence of microbial life in extreme or unusual environments; microbial synthesis and modification of antibiotics and other natural products; the role of microbes in stabilization of the biosphere by recycling and detoxifying waste products; the genetics and regulation of metabolic processes; and the genetics and regulation of the immune response, including characterization of mechanisms used by bacteria to signal one another and characterization of interactions between different types of immune cells and their targets.

The Department of Microbiology offers an undergraduate major, an undergraduate minor, and graduate degree programs and determines the curricula for those programs. Undergraduates majoring in microbiology receive their degrees (Bachelor of Science) from the College of Liberal Arts and Sciences and are governed by that college's undergraduate academic policies. Graduate degrees in microbiology are conferred by the Graduate College.

Undergraduate Programs of Study

• Major in microbiology (Bachelor of Science)
• Minor in microbiology

Microbiology is an excellent major for undergraduate students who want a good general education with emphasis on an important and interesting branch of biological sciences. Graduates find employment opportunities in government, hospitals, public health laboratories, research laboratories, and industrial laboratories (food, dairy, chemical, pharmaceutical, and biotechnology companies). Those who pursue advanced degrees have more advanced career opportunities in these same areas as well as in college and university teaching.

Bachelor of Science

The Bachelor of Science with a major in microbiology requires a minimum of 120 s.h., including 63-64 s.h. of work for the major (21 s.h. in microbiology and 42-43 s.h. in supporting course work). Students must maintain a g.p.a. of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences General Education Program (p. 313). Students must complete at least 12 s.h. of the required 21 s.h. in microbiology courses at the University of Iowa. The major in microbiology requires the following course work.

MICROBIOLOGY COURSES

Students earn 21 s.h. in microbiology courses, as follows.

MICR:2157 General Microbiology (with a grade of C or higher) 5 s.h.
MICR:4163 Seminar: Microbiology (taken during the last two semesters before graduation) 2 s.h.

Additional microbiology courses, with at least 14 s.h. in courses numbered MICR:3147 or above, excluding MICR:3164 and MICR:5220 14 s.h.

Students must earn a grade of C or higher in MICR:2157 in order to take more advanced microbiology courses.

Students must take MICR:4163 once for credit during their last two semesters before graduation. They may apply a maximum of 2 s.h. earned in the course toward the major, but they are encouraged to take it for 0 s.h. during other semesters after they have completed MICR:2157.

A maximum of 4 s.h. earned in MICR:4161 Undergraduate Research in Microbiology may be counted toward the major. However, honors students must complete 23 s.h. of microbiology courses for the major and may count 6 s.h. earned in MICR:4171 Honors Undergraduate Research in Microbiology; see "Honors in the Major" below.

SUPPORTING COURSE WORK

In addition to the required 21 s.h. in microbiology, the major requires the supporting course work listed below. These courses may not be taken pass/nonpass.

All of these:

BIOL:1411-BIOL:1412 Foundations of Biology - Molecular Biology I-II 8 s.h.
PHYS:1511-PHYS:1512 College Physics I-II 8 s.h.
CHEM:1110 & CHEM:1120 Principles of Chemistry I-II 8 s.h.
CHEM:2210 & CHEM:2220 Organic Chemistry I-II 6 s.h.
CHEM:2410 Organic Chemistry Laboratory 3 s.h.

One of these sequences:

PHYS:1511-PHYS:1512 College Physics I-II 8 s.h.
PHYS:1611-PHYS:1612 Introductory Physics I-II 8 s.h.
One of these:

Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the University's Four-Year Graduation Plan. (Courses in the major are those required to complete the major; they may be offered by departments other than the major department.)

**Before the third semester begins:** BIOL:1411 Foundations of Biology, CHEM:1110 Principles of Chemistry I, CHEM:1120 Principles of Chemistry II, and an approved calculus or biostatistics course

**Before the fifth semester begins:** BIOL:1412 Diversity of Form and Function, CHEM:2210 Organic Chemistry I, CHEM:2220 Organic Chemistry II, CHEM:2410 Organic Chemistry Laboratory, and MICR:2157 General Microbiology

**Before the seventh semester begins:** five more courses in the major and at least 90 s.h. earned toward the degree

**Before the eighth semester begins:** another 10-12 s.h. of course work

**During the eighth semester:** enrollment in all remaining course work in the major, all remaining required General Education courses, and a sufficient number of semester hours to graduate

Honors in the Major

Students majoring in microbiology have the opportunity to graduate with honors in the major. Departmental honors students must maintain a g.p.a. of at least 3.33, both cumulative and in microbiology courses. To graduate with honors in the microbiology major, students must complete 23 s.h. of course work in microbiology, including 6 s.h. in MICR:4171 Honors Undergraduate Research in Microbiology, which introduces them to experimental research. At the end of the research, they must successfully present written and oral reports.

In addition to honors in their majors, undergraduate students have a variety of opportunities for honors study and activities through membership in the University of Iowa Honors Program; visit Honors at Iowa to learn about the University’s honors program.

Joint B.S./Ph.D.

Students majoring in microbiology who are interested in earning a doctoral degree may apply to the joint Bachelor of Science/Doctor of Philosophy program in microbiology. The joint program permits students to count 12 s.h. of credit toward both the B.S. and Ph.D. degree requirements before they have been granted the B.S. degree. Contact the Department of Microbiology for more information.

Minor

The minor in microbiology requires a minimum of 15 s.h. in microbiology courses, including 12 s.h. in courses considered advanced for the minor taken at the University of Iowa. Courses numbered MICR:3147 Survey of Immunology and above are considered advanced for the minor, except MICR:3164 Nursing Microbiology. Students must maintain a g.p.a. of at least 2.00 in all courses for the minor and in all UI courses for the minor. Course work in the minor may not be taken pass/nonpass.

Students may count a maximum of 2 s.h. earned in MICR:4161 Undergraduate Research in Microbiology or MICR:4171 Honors Undergraduate Research in Microbiology and a maximum of 2 s.h. earned in MICR:4163 Seminar: Microbiology toward the minor. They may count MICR:5218 Microscopy for Biomedical Research toward the minor but not MICR:5220 Advanced Microscopy for Biomedical Research.

Graduate Programs of Study

- Master of Science in microbiology
- Doctor of Philosophy in microbiology

Graduate study in microbiology is designed to help students become highly qualified in microbiology research and teaching. Admitted graduate students usually pursue the Ph.D.

Graduate study is offered in six subdisciplines: pathogenic bacteriology, microbial genetics, immunology, microbial physiology, animal virology, and bioinformatics. Several areas involve interdisciplinary training both within and outside the department, so students gain broad experience during their course of study. Students also may pursue interdisciplinary Ph.D. programs in genetics (p. 936), immunology (p. 940), and molecular and cellular biology (p. 953).

During their first year, students rotate in up to three laboratories of their choice and are advised by the Graduate Student Advisory Committee. At the end of May of the first year, they choose a research supervisor who chairs their advisory committee. The committee provides intellectual and research guidance for the student’s training.

The Department of Microbiology cooperates with other University of Iowa departments to give students ample access to diverse course offerings, seminars, and research programs. For example, microbiology students may participate in courses and seminars in immunology, genetics, molecular and cellular biology, biocatalysis/biotechnology, and electron microscopy.

All students admitted to advanced degree programs are expected to assist in departmental teaching.

Master of Science

The Master of Science program in microbiology requires a minimum of 30 s.h. of graduate credit. M.S. students are required to earn a minimum of 12 s.h. in microbiology courses chosen from those of at least three of the Department of Microbiology’s subdisciplines. They may substitute a course they have already taken (at the University of Iowa or elsewhere) for
a course requirement, with the M.S. advisory committee's approval. Additional course requirements depend on students' interests and the advice of the examining committee.

Students must write a thesis based on their own research and defend it satisfactorily in an oral examination. No more than 9 s.h. of credit for thesis research may be counted toward the 30 s.h. required for the Master of Science.

**Doctor of Philosophy**

The Doctor of Philosophy program in microbiology requires a minimum of 72 s.h. of graduate credit. Ph.D. students are required to earn approximately 10 s.h. of credit in graduate-level microbiology courses. They may substitute a course they have already taken (at the University of Iowa or elsewhere) for a course requirement, with the Ph.D. advisory committee's approval.

Students must pass a comprehensive examination before the end of their fourth semester in the program and write a thesis based on their own research. The thesis must be defended satisfactorily in an oral examination.

**Admission**

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College. They should have a cumulative g.p.a. of at least 3.00 and must have completed courses in biology, chemistry (inorganic and organic), mathematics including calculus, and physics. Those admitted with deficiencies must complete the relevant course work during their first year of graduate study. Admission is determined through a review and formal vote by the faculty. Preference is given to students applying for the Ph.D. program.

**Facilities**

The Department of Microbiology is situated on the University of Iowa health sciences campus, where it shares the Bowen Science Building with the Departments of Anatomy and Cell Biology, Biochemistry, Molecular Physiology and Biophysics, and Pharmacology. Laboratory space and modern equipment are available for teaching and research.

**Courses**

**Lower-Level Undergraduate**

**MICR:1006 The Microbial World** 3 s.h.
Basic principles of microbial world for nonscience majors; introduction to bacteria, viruses, and fungi; how they differ from more complex cells, how they are found in every environment on earth and on every human body, their uses to benefit humans, their ability to cause illness in humans and animals.

**MICR:2157 General Microbiology** 5 s.h.
Principles of bacterial and viral diversity, structure, genetics, physiology and metabolism; in contexts of molecular biology, immunology, infectious disease, and environmental microbiology; laboratory emphasis on basic techniques. Prerequisites: BIOL:1411.

**Upper-Level Undergraduate and Graduate**

**MICR:3112 Pharmacy Microbiology** 4 s.h.
Medical microbiology: bacteriology, immunology, pathogenic bacteriology, virology, mycology, parasitology. Requirements: pre-pharmacy standing.

**MICR:3147 Survey of Immunology** 3 s.h.
Important principles and key concepts in immunology; overview of innate and adaptive immune systems and their functions at cellular and molecular levels. Prerequisites: MICR:2157.

**MICR:3159 Pathogenic Bacteriology** 5 s.h.
Pathogenic bacteria with emphasis on mechanisms of pathogenicity and structure-function; laboratory methods for isolation and identification with emphasis on advanced methods of experimentation. Requirements: grade of C or higher in MICR:2157.

**MICR:3160 Microbial Physiology** 3 s.h.
Bacterial genomes, cell structure, growth, energy metabolism, biosynthesis, mechanisms of signal transduction and regulation. Requirements: biochemistry course and grade of C or higher in MICR:2157.

**MICR:3164 Nursing Microbiology** 4 s.h.
Overview of bacteria, viruses, and eukaryotic microorganisms that cause human disease; microbial structure, growth control and reproduction; immunology in the context of host defense mechanisms. Prerequisites: BIOL:1140 or BIOL:1141 or BIOL:1411. Requirements: pre-nursing standing.

**MICR:3168 Introduction to Animal Viruses** 3 s.h.
Physical, chemical, and biological properties of animal viruses with emphasis on their remarkable strategies for infection and replication and their association with human disease; how to read primary literature. Requirements: grade of C or higher in MICR:2157.

**MICR:3170 Microbial Genetics** 3 s.h.
Genetics of bacteria, bacteriophages. Requirements: grade of C or higher in BIOL:2512 or MICR:2157.

**MICR:3175 Microbial Genetics Laboratory** 3 s.h.
Introductory research experience in bacterial genetics; students generate original data, formulate hypotheses, design and interpret experiments, read primary literature, and write a scientific manuscript on findings. Corequisites: MICR:3170 or MICR:3179, if not taken as a prerequisite.

**MICR:3178 Animal Viruses Laboratory** 2 s.h.
Basic techniques and approaches in animal virology, including virus detection, virus growth measurement, and virus genetics. Corequisites: MICR:3168. Requirements: grade of C or higher in MICR:2157.
**MICR:3179 Bacterial Diversity** 3 s.h.
Physiological and biochemical basis of microbial diversity; focus on synthetic and systems biology with primary emphasis on roles of small regulatory RNAs and their effects on development of diverse microbial populations, including human microbiome. Prerequisites: MICR:3170 and BIOC:3120.

**MICR:3190 Web-Based Nursing Microbiology** 4 s.h.
Nursing microbiology, principles of immunology; web-based instruction. Prerequisites: BIOL:1140 or BIOL:1141 or BIOL:1411. Requirements: pre-nursing standing.

**MICR:4161 Undergraduate Research in Microbiology** arr.
Experimental research under faculty supervision. Prerequisites: BIOL:1411.

**MICR:4163 Seminar: Microbiology** 2 s.h.
Current topics in microbiology, immunology, and virology. Requirements: senior standing and grades of C or higher in at least two of these — MICR:3147 or MICR:3159 or MICR:3160 or MICR:3168 or MICR:3170 or MICR:3179.

**MICR:4169 Topics in Viral Biology and Pathogenesis** 1 s.h.
Topics include viral life cycles, immune response, antiviral treatments, potential for vaccine, animal models; lectures introducing subject matter; discussion of literature relevant to each week's topic. Prerequisites: MICR:3168.

**MICR:4171 Honors Undergraduate Research in Microbiology** arr.
Experimental research under faculty supervision. Prerequisites: BIOL:1411. Requirements: microbiology major, junior or senior standing, 3.33 overall g.p.a., and 3.33 g.p.a. in microbiology courses.

**Graduate**

**MICR:5218 Microscopy for Biomedical Research** arr.
Basic microscopy methods for research including optics, preparation, and analysis of biomedical specimens; light, fluorescence, confocal, transmitting electron, scanning electron, atomic force microscopes, elemental analysis; immunochemistry and stereology techniques; individualized laboratory instruction. Prerequisites: BIOL:2723. Same as ACB:5218, BIOL:5218.

**MICR:5220 Advanced Microscopy for Biomedical Research** arr.
Technically advanced microscopy and instrumentation for research; individualized laboratory experience with opportunity to explore applications of microscopy methods. Requirements: for ACB:5220 — an introductory microscopy course; for BIOL:5220 — ACB:4156 or ACB:5218 or CBE:4156 or EES:4156 or MICR:5218; for MICR:5220 — an introductory EM course. Same as BIOL:5220, ACB:5220.

**MICR:5264 Directed Study in Microbiology** arr.

**MICR:5275 Perspectives in Biocatalysis** 1-3 s.h.
Applied enzymology, protein design, structure-activity relationships, biosensor technology, microbial transformations, biodegradation of environmental pollutants. Requirements: graduate standing in a participating department supported by the Predoctoral Training Program in Biotechnology. Same as CHEM:5275, PHAR:5275, CBE:5275, CEE:5275, BIOC:5275.

**MICR:6201 Graduate Immunology** 3 s.h.
Ontogeny, activation, and function of T lymphocytes and B lymphocytes; innate immune effector mechanisms; major histocompatibility complex; antigen presentation; thymocyte positive and negative selection; signaling of T lymphocytes, B lymphocytes; emphasis on experimental methods for analysis of these processes. Requirements: for IMMU:6201 — college biology, general chemistry, and introductory immunology courses; for MICR:6201 — courses in college biology, genetics, general chemistry, and introductory immunology. Recommendations: for IMMU:6201 — courses in biochemistry and genetics; for MICR:6201 — biochemistry course. Same as IMMU:6201.

**MICR:6247 Graduate Survey of Immunology** 4 s.h.
Important principles and key concepts in immunology; overview of innate and adaptive immune systems and their functions at cellular and molecular levels; learning enhanced by case-based, small-group discussion and written assignment. Same as IMMU:6247.

**MICR:6250 Mechanisms of Parasitism Journal Club** 1 s.h.
Reviews of recent publications in molecular parasitology research and thesis research by training grant or journal club students. Same as MCB:6250.

**MICR:6259 Graduate Pathogenic Bacteriology** 3 s.h.
Pathogenic bacteria with emphasis on mechanisms of pathogenicity, structure-function, and experimental design.

**MICR:6260 Graduate Microbial Physiology** 3 s.h.
Bacterial genomes, cell structure, growth, energy metabolism, biosynthesis, mechanisms of signal transduction and regulation.

**MICR:6267 Graduate Introduction to Animal Viruses** 3 s.h.
Physical, chemical, and biological properties of animal viruses with emphasis on their remarkable strategies for infection and replication and their association with human disease; focus on topics and techniques used in primary literature and development of specific aims for a mini-proposal.

**MICR:6268 Biology and Pathogenesis of Viruses** 2 s.h.
Molecular biology of animal DNA and RNA viruses, viral immunology and pathogenesis, and interaction of these viruses with eucaryotic cells; mechanisms of viral latency, persistence, cellular transformation, oncogenesis; virology literature. Prerequisites: MICR:3168 or MICR:6267.
MICR:6270 Graduate Microbial Genetics 3 s.h.
Genetics of bacteria, bacteriophages.

MICR:6279 Graduate Bacterial Diversity 3 s.h.
Physiological and biochemical basis of microbial diversity; focus on synthetic and systems biology with primary emphasis on roles of small regulatory RNAs and their effects on development of diverse microbial populations, including human microbiome; design and presentation of primary research abstracts.

MICR:7207 Advanced Topics in Immunology 3 s.h.
In-depth analysis of selected areas. Prerequisites: IMMU:6201 or MICR:6201. Same as IMMU:7221.

MICR:7217 Integrated Topics in Infectious Diseases 1 s.h.
Clinical cases used to raise questions in host-microbe interactions; case/scientific exposés followed by related journal club discussions at next class session. Same as IMMU:7217.

MICR:7221 Advanced Topics in Prokaryotic Biology Module 1 1-2 s.h.
Development of critical thinking, experimental approach and design, writing, and oral presentation skills through primary literature and course specific assignments (proposal writing, writing manuscript reviews, oral presentations, small group discussions). Requirements: graduate standing in microbiology.

MICR:7222 Advanced Topics in Prokaryotic Biology Module 2 1-2 s.h.
Development of critical thinking, experimental approach and design, writing, and oral presentation skills through exposure to primary literature and assignments (proposal writing, writing manuscript reviews, oral presentations, small group discussions). Requirements: graduate standing in microbiology.

MICR:7223 Advanced Topics in Prokaryotic Biology Module 3 1-2 s.h.
Development of critical thinking, experimental approach and design, writing, and oral presentation skills through exposure to selected topics in microbiology and assignments (proposal, writing manuscript reviews, oral presentations, small group discussions). Requirements: graduate standing in microbiology.

MICR:7224 Advanced Topics in Prokaryotic Biology Module 4 1-2 s.h.
Development of critical thinking, experimental approach and design, writing, and oral presentation skills through exposure to selected topics in microbiology and assignments (proposal, writing manuscript reviews, oral presentations, small group discussions). Requirements: graduate standing in microbiology.

MICR:7225 Advanced Topics in Prokaryotic Biology Module 5 1-2 s.h.
Development of critical thinking, experimental approach and design, writing, and oral presentation skills through exposure to selected topics in microbiology and assignments (proposal, writing manuscript reviews, oral presentations, small group discussions). Requirements: graduate standing in microbiology.

MICR:7226 Advanced Topics in Prokaryotic Biology Module 6 1-2 s.h.
Development of critical thinking, experimental approach and design, writing, and oral presentation skills through exposure to selected topics in microbiology and assignments (proposal, writing manuscript reviews, oral presentations, small group discussions). Requirements: graduate standing in microbiology.

MICR:7227 Advanced Topics in Microbiology 1 s.h.
Presentations by graduate students on selected research topics in microbiology; different topics each semester. Offered fall and spring semesters. Requirements: graduate standing in microbiology.

MICR:7261 Graduate Research in Microbiology arr.
Requirements: microbiology graduate standing.

MICR:7263 Graduate Student Research Seminar 1 s.h.
Presentation of thesis work in progress. Requirements: microbiology graduate standing.

MICR:7265 Topics in Virology Literature 1 s.h.
Papers of current interest in primary virology literature.

MICR:7269 Graduate Topics in Viral Biology and Pathogenesis 1 s.h.
Topics include viral life cycles, immune response, antiviral treatments, potential for vaccine, animal models; lectures introducing subject matter; discussion of literature relevant to each week's topic. Prerequisites: MICR:6267.

MICR:8202 Principles of Infectious Diseases 5 s.h.
Principles and methods essential to study of microorganisms, their isolation and identification; microorganisms in infectious diseases; current immunology concepts. Requirements: M.D. enrollment.

MICR:8230 Dental Microbiology 3 s.h.
Molecular Physiology and Biophysics

Chair
• Kevin P. Campbell

Executive associate chair
• W. Scott Moye-Rowley

Graduate degrees: M.S. in molecular physiology and biophysics; Ph.D. in molecular physiology and biophysics
Faculty: http://www.physiology.uiowa.edu/faculty.shtml
Web site: http://www.physiology.uiowa.edu/

The Department of Molecular Physiology and Biophysics offers graduate study leading to the Master of Science and Doctor of Philosophy degrees. It participates in interdisciplinary graduate programs, including the Medical Scientist Training Program (p. 1048) Program, a joint M.D./Ph.D. program offered by the Graduate College and the Carver College of Medicine, and it provides instruction in molecular physiology and biophysics for M.D., D.D.S., and other health professions students. The department also conducts a co-op exchange, a vigorous training program that gives undergraduate students the opportunity to develop as independent researchers in preparation for graduate studies.

The department's principal research areas include cell biology, genetics, endocrinology, neuroscience, and membrane physiology and biophysics. The unifying theme is the understanding of signal transduction mechanisms involved in regulating function at the cellular and molecular levels.

Graduate Programs of Study
• Master of Science in molecular physiology and biophysics
• Doctor of Philosophy in molecular physiology and biophysics

Graduate study in molecular physiology and biophysics provides students with fundamental knowledge of life processes at molecular, cellular, and integrative levels of biological function. It also imparts knowledge of modern research skills applicable to contemporary problems.

Students may enter the graduate program through the direct admission pathway or the Medical Scientist Training Program (MSTP). Potential students are encouraged to directly contact individual faculty to discuss research possibilities or the appropriateness of these mechanisms to their individual circumstances.

Master of Science
The Master of Science program in molecular physiology and biophysics requires a minimum of 30 s.h. beyond the bachelor's degree and is offered with and without thesis. Thesis students complete laboratory research and write a thesis that fulfills the requirements of the Graduate College (see the Manual of Rules and Regulations of the Graduate College). Nonthesis students complete a library research report and take a written examination on the research report area and the graduate program in physiology.

University of Iowa research assistants may pursue an M.S. in molecular physics and biophysics while continuing to work in their research laboratories. Research assistants interested in the M.S. program must submit a letter of support from their supervisor.

Doctor of Philosophy
The Doctor of Philosophy program in molecular physiology and biophysics requires a minimum of 72 s.h. beyond the bachelor's degree. The core curriculum includes graduate-level courses in cell biology, molecular biology, human physiology, and neurophysiology. Advanced electives, offered by the Department of Molecular Physiology and Biophysics and other departments, cover a wide range of topics, including receptors and signal transduction, and developmental neurophysiology.

After successful completion of required course work and the comprehensive examination, students devote full time to thesis research, which culminates in preparation of a doctoral dissertation and its defense in a final oral exam.

Admission
Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College. They must have a bachelor's degree from an accredited institution, with an undergraduate major in one of the biological, chemical, physical, mathematical, or engineering sciences; one or more years of course work in biology, physics, biochemistry, and calculus; and a cumulative science g.p.a. of at least 3.00. They also must submit acceptable verbal, quantitative, and analytical scores on the Graduate Record Examination (GRE) General Test.

With existing support of an identified faculty mentor, students also may apply for admission directly to the Department of Molecular Physiology and Biophysics. Because this program has no mechanism for performing research rotations, it is only appropriate for students who have identified a particular faculty member in the department willing and able to serve as their thesis advisor. Candidates for this mechanism typically have existing research experience with the faculty member who will be supporting them (through undergraduate research, summer research, work as a research associate, research collaborations, etc.).

To be considered, applicants must have a faculty member in the Department of Molecular Physiology and Biophysics write a letter to the director of graduate studies summarizing strengths for candidacy. The letter also must state the willingness of the faculty member to serve as the thesis advisor and acknowledge full financial responsibility for the student during the entirety of their graduate training. Applicants will subsequently be asked to submit official transcripts, GRE scores, and names of three references.

Students interested in a joint M.D. and Ph.D. degree from the University of Iowa typically start in the Medical Scientist Training Program. Admission is extremely competitive; please refer to MSTP for specific application requirements and deadlines.

Financial Support
All full-time students receive financial aid in the form of tuition and stipend support from the Department of
Molecular Physiology and Biophysics. Support is renewed annually based on satisfactory progress in meeting degree requirements.

Research

Faculty research interests in the Department of Molecular Physiology and Biophysics encompass molecular and cellular endocrinology, cellular and developmental neurophysiology, and membrane structure and function. Within these, there are multiple areas of interest, including hormone receptors, reproductive endocrinology, signal transduction, regulation of gene expression, synaptic transmission, neuronal differentiation, membrane ion channels, regulation of excitability, and cardiovascular electrophysiology and regulation. Experimental models currently being investigated include rodents, yeast, Drosophila, and cultured cell lines from a variety of species.

Facilities

Two floors of the Bowen Science Building are devoted to research and teaching in the Department of Molecular Physiology and Biophysics. Department faculty members also occupy laboratory facilities in the Medical Education Research Facility, Pappajohn Biomedical Discovery Building, and the Carver Biomedical Research Building. In addition to specialized equipment in faculty research laboratories, the department provides equipment for fluorescence microscopy, isotope analysis, cell culture, and molecular biology. It also has access to the University network and the multimedia education facilities. Additional resources are available at the Hardin Library for the Health Sciences.

Courses

**MPB:4199 Research, Independent Study**
Arranged
Recommendations: closed to molecular physiology and biophysics graduate students.

**MPB:4753 Developmental Neurobiology**
3 s.h.
Neural induction and nervous system patterning; neurogenesis, axon and dendrite outgrowth and targeting; synapse formation, specificity, refinement; mechanisms of neuronal cell death; myelination; neural stem cells; introduction to cellular, molecular, and genetic techniques in studies of neural development. Prerequisites: BIOL:2753. Corequisites: BIOL:3253. Requirements: grade of B- or higher in BIOL:2753 or graduate standing. Same as BIOL:4753, NSCI:4753.

**MPB:5180 How the Brain Works**
1 s.h.
Brief, integrated look at how the brain works, based on recent neuroscience research; how the brain's biochemistry, anatomy, and physiology change constantly due to interaction with physical, emotional, and social environments; does the world we see around us exist outside the brain; does the mind exist; is emotion necessary for learning and memory; are we born with pre-existing circuits and codes in the brain for language, recognition of faces, and other complex behaviors; can aging of the brain be delayed; approach relevant for sciences, humanities.

**MPB:5200 Medical Physiology Online**
4 s.h.
Fundamental principles of cellular membranes, muscle, sensory organs, motor neurological systems, autonomic nervous systems, cardiovascular, pulmonary, renal, gastrointestinal, endocrine, and reproductive systems; interdependence of organ systems to maintain a normal physiological state using clinical correlates as applied to humans; basic physiological principles that establish a solid foundation for future pathophysiological and pharmacological concepts. Recommendations: medical, dental, physician assistant, nurse anesthesia, physical therapy, or graduate standing.

**MPB:5211 Biophysics of Excitable Membranes**
3 s.h.
Selected electrophysiological and biophysical topics from published research. Prerequisites: HHP:3500.

**MPB:5240 Physiology Workshop**
1 s.h.
Presentations by faculty, postdoctoral fellows, graduate students, and scientists.

**MPB:5342 Biosciences Critical Thinking and Communication**
2 s.h.
Selected papers and oral and written presentations tied to students' research rotations; introductory seminar. Same as BISC:5265, BIOL:5270.

**MPB:6209 Steroid Receptor Signaling**
1 s.h.
Structure-function relationship and genomic and nongenomic actions of the steroid hormone receptor family; basis for actions of novel new ligands on these receptors. Offered spring semesters. Same as PCOL:6209, NSCI:6209.

**MPB:6220 Mechanisms of Cellular Organization**
3 s.h.
Current understanding of basic cell biological processes; key experiments that led to guiding insights; mechanisms that cells use for compartmentalization and how those mechanisms are regulated; biogenesis of major organelles (e.g., mitochondria, peroxisomes, nucleus, secretory/endoctytic membrane system); functions of cytoskeleton in cell motility, organelle motility, and cell division. Prerequisites: BIOL:3131. Same as MCB:6220, ACB:6220.

**MPB:6225 Growth Factor Receptor Signaling**
1 s.h.
Mechanisms of signaling by growth factors; cytokines and related molecules that regulate cell proliferation, development, differentiation, and survival; emphasis on molecular mechanisms of signaling, relevance of these signaling processes to various human diseases. Recommendations: BISC:5201 and BISC:5203. Same as MCB:6225, ACB:6225.

**MPB:6226 Cell Cycle Control** 1 s.h.
Cell cycle regulation, DNA damage-dependent cell cycle regulation, redox-dependent cell cycle regulation, cellular senescence. Recommendations: BISC:5201 and BISC:5203. Same as MCB:6226, ACB:6226.

**MPB:6227 Cell Fate Decisions** 1 s.h.

**MPB:6265 Neuroscience Seminar** 0-1 s.h.
Research presentations. Offered fall and spring semesters. Same as PSY:6265, ACB:6265, NSCI:6265, BIOL:6265.

**MPB:6302 Research Physiology and Biophysics** arr.
Requirements: molecular physiology and biophysics graduate standing.

**MPB:7402 Thesis** arr.
Requirements: molecular physiology and biophysics Ph.D. candidacy.

**MPB:8115 Human Physiology for Dental Students** 4 s.h.
Principles of human physiology, organ systems, cell function. Offered fall semesters. Requirements: grades of C- or higher in BIOL:1411, CHEM:2210, and CHEM:2220; and D.D.S. enrollment.
Neurology

Chair
- George Richerson

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Neurology
Web site: http://www.medicine.uiowa.edu/neurology/

Neurology is the branch of medical science concerned with diagnosis and management of disorders of the brain, spinal cord, peripheral nervous system, and muscle.
The Department of Neurology's hallmark is its history of carefully integrating patient care, scientific investigation, and the education of medical, postdoctoral, and graduate students.

M.D. Student Training, Graduate Education
The department provides clinical and clinical research training to second-, third-, and fourth-year M.D. students. It also offers research opportunities in various fields of neuroscience, including neuropsychology, neuroimaging, and neuroanatomy, to Ph.D. students in neuroscience and psychology.

Residency Program
The Department of Neurology offers an active, four-year approved residency program that qualifies physician trainees for board certification in neurology. Experience in clinical electrophysiology, pediatric neurology, psychiatry, and neuropathology is part of this training.

Research
The faculty's investigative interests center on cognitive neuroscience, degenerative diseases, cerebrovascular disease, neurogenetics, neuromuscular diseases, electrophysiological correlates of central and peripheral nervous system disease, growth factors in the nervous system, control and regulation of autonomic functions, neuro-ophthalmology, movement disorders, epilepsy, and pain management. For more information see the Department of Neurology web site.

Courses

NEUR:5365 Seminar: Neuropsychology and Neuroscience
Clinical neuropsychology and cognitive neuroscience: cutting-edge research from scientific journals, case presentations in clinical neuropsychology, and current research. Same as PSY:5365, NSCI:5365.

NEUR:6240 Topics in Cognitive Neuroscience
Key topics in the neural basis of human cognition; research literature. Recommendations: graduate courses in basic neuroscience and cognitive psychology. Same as NSCI:6240.

NEUR:7238 Introduction to Neuropsychological Assessment
Standard neuropsychological and behavioral assessment procedures; selection, administration, and scoring of neuropsychological tests under staff supervision; involvement in case presentation.

NEUR:7239 Advanced Neuropsychological Assessment
Continuation of NEUR:7238; preparation of integrated reports on collected data; case presentations.

NEUR:8301 Clinical Neurology 2,4 s.h.
Experience in clinical neurology through ward work and case-based conferences linked to required reading; focus on neurologic examination, diagnosis of neurologic problems.

NEUR:8401 Advanced Inpatient Neurology 2,4 s.h.
Experience and management of patients with seizure disorders, headache, cerebrovascular diseases; conferences, clinical rounds; two weeks on each inpatient service for a total of four weeks. Prerequisites: NEUR:8301.

NEUR:8402 Advanced Outpatient Neurology 2,4 s.h.
Experience in evaluation, management of patients with various neurologic diseases; four weeks in clinic patient care. Prerequisites: NEUR:8301.

NEUR:8403 Cerebrovascular Disease arr.
Experience in evaluation, management of patients with cerebrovascular diseases; conferences, clinical rounds. Prerequisites: NEUR:8301.

NEUR:8404 Neurology Subinternship 4 s.h.
Care of patients with acute and serious neurological diseases, management of patients with varied cerebrovascular diseases; treatment of acute brain disease, comorbid medical diseases, medical and neurological complications that occur among patients with stroke; clinical assessments of patients, writing orders and clinical notes, contribution to rounds; close communication with patients, families, and colleagues; assignment to evening calls for emergency visits and consultations.

NEUR:8498 Neurology On Campus arr.
NEUR:8499 Neurology Off Campus arr.
Neurosurgery

Chair

- Matthew A. Howard III

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Neurosurgery
Web site: http://www.medicine.uiowa.edu/neurosurgery/

The Department of Neurosurgery provides an experience oriented toward patient care and basic research concerning diseases and physiology of the nervous system. Students develop awareness of neurosurgery's role in treating head and spine trauma, vascular disorders, brain and spinal cord tumors, pain and peripheral nerve abnormalities, degenerative spine pathology, and surgical treatment of epilepsy and movement disorders.

Clinical courses are designed around patient-centered discussions interwoven with operating room experiences. Lectures and conferences are scheduled on specific topics.

M.D. Student Training

The department provides fourth-year M.D. students with access to special expertise in selected topics of investigation regarding the central nervous system and to a clinical course through special arrangements with the faculty.

Faculty

Neurosurgery faculty strengths are centered in physiology of spinal cord trauma, epilepsy, auditory brain function and pain, primary brain tumor genetics, central nervous system tissue culture, spinal column biomechanics, and movement disorders. The department has expertise in clinical management across the spectrum of central nervous system diseases.

Facilities

Multiple, fully-equipped laboratory space is available to support scientific research of the central nervous system. Faculty and technical assistance is available in all laboratories.

Courses

Neurosurgery courses are open only to M.D. and qualified associated health sciences students.

**NSG:8401 Subinternship in Neurosurgery**

4 s.h.
Advanced clinical clerkship in neurological surgery; emphasis on diagnosis and operative management of surgical neurological disease.

**NSG:8497 Research in Neurological Surgery**

arr.
Laboratory investigation of spinal cord injury, spinal column biomechanics and instrumentation, electrophysiology of pain, epilepsy and hearing, molecular genetics and physiology of brain tumors.

**NSG:8499 Neurosurgery Off Campus**

arr.
Arranged by student with department approval.
Nuclear Medicine Technology

Director
− Anthony W. Knight

Medical director
− Michael M. Graham

Technical director
− John A. Bricker

Undergraduate major: nuclear medicine technology (B.S.)
Web site: http://www.medicine.uiowa.edu/NMT/

Nuclear medicine technologists are professionals in a medical specialty that uses radioactive tracers for diagnostic, therapeutic, and research purposes. Technologists generally are employed in hospitals and clinics. They work hand-in-hand with nuclear medicine physicians, health physicists, radiopharmacists, and radiochemists as an integral part of a highly trained specialty team.

In addition to using sophisticated detectors and computers to trace the movement and localization of radioactive tracers in the human body, nuclear medicine technologists have responsibilities that include radiation safety, quality control testing, radiopharmaceutical preparation and administration, and general patient care.

The Nuclear Medicine Technology Program is fully accredited by the Joint Review Committee on Educational Programs in Nuclear Medical Technology (JRCNMT). Nuclear medicine technology is one of two undergraduate majors in the field of medical imaging offered by the Carver College of Medicine. Students interested in radiologic technology, computed tomography, magnetic resonance imaging, cardiovascular interventional, diagnostic medical sonography, or radiation therapy may complete the major in radiation sciences; see Radiation Sciences (p. 1092) in the Catalog.

The Carver College of Medicine is located on the University of Iowa health sciences campus, which includes University of Iowa Hospitals and Clinics, one of the nation's largest university-owned teaching hospitals. For information about the college's academic programs and resources, see Carver College of Medicine (p. 1005) in the Catalog.

Undergraduate Program of Study

− Major in nuclear medicine technology (Bachelor of Science)

Undergraduate study in nuclear medicine technology is guided by the academic rules and procedures outlined under "Undergraduate Programs of Study" in the Carver College of Medicine (p. 1005) section of the Catalog.

Bachelor of Science

The Bachelor of Science with a major in nuclear medicine technology requires a minimum of 120 s.h. of credit. Work for the degree includes a set of courses that are prerequisite to entering the major, 60 s.h. of course work in the major, and elective course work sufficient to complete the minimum of 120 s.h. required for graduation.

Students who plan to complete all requirements for the degree at the University of Iowa enter the University as students in the College of Liberal Arts and Sciences (CLAS) with a nuclear medicine technology interest. As CLAS students, they complete the course work that is prerequisite to entering the major.

Admission to the major is competitive; the program accepts a maximum of 8 students per year. Students must apply to the major by January 15 of the year in which they wish to enter it. Personal interviews with qualified applicants are scheduled in February, and the class is selected by March 15. The program begins the following fall semester and lasts two years.

Students who are admitted to the major become Carver College of Medicine students. Upon completing the program successfully, they are granted a Bachelor of Science degree. Graduates are eligible for national certification as nuclear medicine technologists.

The program strongly advises students entering the University to pursue a course of study that is applicable to another major, most commonly biology, chemistry, biochemistry, or microbiology, so that if they are not admitted to the Nuclear Medicine Technology Program, they still may complete a major and receive a bachelor's degree.

The Bachelor of Science with a major in nuclear medicine technology requires the following work.

PREREQUISITES TO THE NUCLEAR MEDICINE TECHNOLOGY MAJOR

Students must complete the following prerequisite courses and must have earned 60 s.h. of college credit with a cumulative g.p.a. of at least 2.50 before they may enter the nuclear medicine technology major. In addition to providing a foundation for the major, the prerequisite courses are good preparation for other majors.

Rhetoric:

RHET:1030 Rhetoric 4 s.h.

Culture, society, and the arts—3 s.h. in each of two of these (total of 6 s.h.):

Historical Perspectives approved course work 3 s.h.
International and Global Issues approved course work 3 s.h.
Literary, Visual, and Performing Arts approved course work 3 s.h.
Values, Society, and Diversity approved course work 3 s.h.

See General Education Program (p. 313) (College of Liberal Arts and Sciences) in the Catalog for approved courses in the culture, society, and the arts areas.

Mathematics—one of these:

MATH:1020 Elementary Functions 4 s.h.
MATH:1440 Mathematics for the Biological Sciences 4 s.h.

A more advanced mathematics course

Introductory chemistry with laboratory:

CHEM:1110 Principles of Chemistry I 4 s.h.

Introductory physics—one of these:

PHYS:1400 Basic Physics 3 s.h.
PHYS:1511 College Physics I 4 s.h.
Psychology:

</tbody>
</table>

Prospective students are encouraged to consult the Nuclear Medicine Technology Program office to plan an appropriate pre-major program of study.

**COURSE WORK IN THE MAJOR**

Students admitted to the nuclear medicine technology major spend two years in a clinical curriculum that is organized in accordance with the JRCNMT Essentials of an Accredited Educational Program in Nuclear Medicine Technology. They complete course work in the following areas: radiopharmacy, radiation safety and radiobiology, patient care, nuclear medicine and positron emission tomography (PET) procedures, radiation physics and instrumentation, administration and management, medical and professional ethics, research methodology, and computed tomography (CT). Practical clinical rotations focus on nuclear medicine, PET and CT imaging, nuclear medicine therapy, clinical radiopharmacy, nuclear medicine computer applications, and quantification of radioactivity in vivo and in vitro.

**Courses**

**RSNM:3120 Fundamentals of Nuclear Medicine and PET**

Introduction to medical specialty of nuclear medicine and molecular imaging; basic theories of radiation protection, radiation physics and nuclear medicine instrumentation, radiopharmacy, nuclear medicine and positron emission tomography (PET) clinical procedures, professional standards of nuclear medicine technologist.

Requirements: Nuclear Medicine Technology Program enrollment.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>RSNM:3120 Fundamentals of Nuclear Medicine and PET</td>
<td>6 s.h.</td>
</tr>
</tbody>
</table>

**RSNM:3121 Nuclear Medicine Technology Clinical Internship I**

Hands-on clinical experience working with patients and performing routine nuclear medicine diagnostic imaging procedures under direct supervision of qualified clinical instructors.

Requirements: Nuclear Medicine Technology Program enrollment.

<table>

**RSNM:3221 Nuclear Medicine Technology Clinical Internship II**

Progressive responsibility working with patients and performing nuclear medicine and PET clinical procedures under direct supervision of qualified clinical instructors.

Requirements: Nuclear Medicine Technology Program enrollment.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>RSNM:3221 Nuclear Medicine Technology Clinical Internship II</td>
<td>3 s.h.</td>
</tr>
</tbody>
</table>
RSNM:3231 Nuclear Medicine Instrumentation 3 s.h.
Instruments used in medical imaging to generate and detect ionizing radiation (i.e., SPECT/CT and PET/CT scanners, dose calibrators, well counters, survey meters); focus on instrument quality control testing. Requirements: Nuclear Medicine Technology Program enrollment.

RSNM:3321 Nuclear Medicine Technology Clinical Internship III 6 s.h.
Progressive responsibility working with patients and performing nuclear medicine and PET clinical procedures under direct supervision of qualified clinical instructors. Requirements: Nuclear Medicine Technology Program enrollment.

RSNM:4121 Nuclear Medicine Technology Clinical Internship IV 4 s.h.
Progressive responsibility working with patients and performing nuclear medicine and PET clinical procedures under direct supervision of qualified clinical instructors. Requirements: Nuclear Medicine Technology Program enrollment.

RSNM:4221 Nuclear Medicine Technology Clinical Internship V 4 s.h.
Progressive responsibility working with patients and performing nuclear medicine and PET clinical procedures under direct supervision of qualified clinical instructors. Requirements: Nuclear Medicine Technology Program enrollment.

RSNM:4222 NMT Capstone and Certification Exam Preparation 6 s.h.
Students in final semester of program work together to organize and deliver capstone and certification exam preparation course; review of specific topics and oral presentations by each student; preparation and distribution of detailed written outlines of exam content; series of content-specific quizzes, midterm, and final “Mock Board” exam to evaluate student learning and preparedness for taking the NMTCB and ARRT national certification exams; preparation and submission of capstone portfolios that provide evidence of scholarly and professional progress. Requirements: Nuclear Medicine Technology Program enrollment.

RSNM:5301 Health Informatics II 3 s.h.
Selected health informatics initiatives, including computer-based patient records, physiologic monitoring, networking, imaging, virtual reality; participation in an interdisciplinary project team focused on an informatics innovation; application and research seminars. Same as BME:5252, IE:5870, IGPI:5210.
Obstetrics and Gynecology

Chair
• Kimberly Leslie

Faculty: https://www.medicine.uiowa.edu/obgyn/welcome/
Web site: https://www.medicine.uiowa.edu/obgyn/

M.D. Student Training

Courses in the Department of Obstetrics and Gynecology are designed to give M.D. students a comprehensive survey of reproductive medicine. This is accomplished through a series of didactic lectures, inpatient and outpatient assignments, ward rounds, teaching seminars, and special elective courses.

The third-year clerkship OBG:8301 Clinical Obstetrics and Gynecology gives students the core knowledge, skills, and attitudes needed to provide primary health care to female patients.

The department offers fourth-year medical students a variety of electives that provide advanced training in the special areas of obstetrics and gynecology. In addition to clerkships at University of Iowa Hospitals and Clinics, these electives include arranged off-campus courses.

Residency Program

The department offers a four-year residency. Upon completion, graduates are eligible for the written and oral examinations leading to certification by the American Board of Obstetrics and Gynecology.

Residents are assigned to the divisions and clinical services of the department; they care for both hospital inpatients and outpatients. Training is provided in normal and abnormal obstetrics, gynecologic surgery, office gynecology, ultrasound, reproductive endocrinology, gynecologic oncology, urogynecology, family planning, and endoscopic procedures.

Courses

OBG:8301 Clinical Obstetrics and Gynecology
Proficiency in evaluation and management of core women's health care relating to the reproductive tract; special history taking, physical examination, laboratory and imaging assessment of obstetric and/or gynecological patients, application of current concepts to well women's health care and to management of diseases and pathologies; outpatient and inpatient obstetrics and gynecology; family planning, screening and early detection of cancer and other diseases.

OBG:8401 High Risk Antepartum Obstetrics Subinternship
Experience in evaluating new patients in a high-risk obstetric clinic; continuing antepartum care; doing work-up, ordering diagnostic studies, and following course of complicated patients admitted to obstetric ward; assisting in diagnostic, therapeutic procedures such as fetal heart rate testing, amniocentesis, ultrasonography, intrauterine fetal transfusion.

OBG:8402 Gynecologic Oncology Subinternship
Experience on a gynecologic oncology service, including operating room, inpatient and outpatient care; team management approach to gynecologic cancer patients; treatment and follow-up of invasive gynecologic malignancies, etiology and risk factors for gynecologic neoplasias, pre- and postoperative evaluation and treatment of surgical management of gynecologic neoplasia; research project encouraged.

OBG:8403 Reproductive Endocrinology Senior Elective
Experience evaluating new and returning patients in the Reproductive Endocrinology and Infertility Clinic; participation in preoperative, operative, and inpatient postoperative care; advanced gynecologic ultrasonography, in vitro fertilization services.

OBG:8405 Urogynecology Advanced Elective
Experience on a gynecologic oncology service, including operating room, inpatient and outpatient care; team management approach to gynecologic cancer patients; treatment and follow-up of invasive gynecologic malignancies, etiology and risk factors for gynecologic neoplasias, pre- and postoperative evaluation and treatment of surgical management of gynecologic neoplasia; research project encouraged.

OBG:8406 Community-Based Ob/Gyn, Washington
Varied out-patient and in-patient obstetric and gynecologic patients in the Washington County Hospital and Clinic; perform and master OB/GYN histories and examinations; frequent supervised active participation of procedures where appropriate.

OBG:8407 Family Planning
Participation as active member of the Family Planning Services team; clinical activities, including clinic and outpatient procedures. Requirements: M.D. enrollment.

OBG:8408 Non-Interventional Birth Elective
Experience with normal physiologic birth; participation in intrapartum and postpartum care of low-risk women. Requirements: M.D. enrollment.

OBG:8450 Continuity of Care in Outpatient Gynecology
M4 students work with experienced gynecologist in longitudinal clinical experience for the academic year; students paired with faculty member to see patients in weekly clinic and provide clinical care to defined patient population.

OBG:8498 Ob/Gyn On Campus

OBG:8499 Ob/Gyn Off Campus
Ophthalmology and Visual Sciences

Chair
• Keith D. Carter

Professional certificate: orthoptics
Faculty: http://www.medicine.uiowa.edu/eye/people/
Web site: http://www.medicine.uiowa.edu/eye/

Ophthalmology is a medical and surgical specialty concerned with the diagnosis and treatment of diseases of the eye and its adnexa. The Department of Ophthalmology and Visual Sciences combines postgraduate training with research and patient care in all aspects of the visual sciences. Subspecialties represented in the department include cataract surgery, comprehensive ophthalmology, cornea and external diseases, contact lens and refraction services, genetics and molecular biology, glaucoma, laser refractive surgery, neuroophthalmology, oculoplastic surgery, ocular echography, ocular pathology, ocular vascular diseases, optometric services, pediatric ophthalmology and adult strabismus, vitreoretinal disorders, and vision rehabilitation.

M.D. Student Training, Graduate Education

The department offers clinical and research training to M.D. students and limited graduate studies for Ph.D. students in Anatomy and Cell Biology (p. 1015), Molecular and Cellular Biology (p. 953), and Genetics (p. 936). A three-year residency program with clinical experience in the ophthalmic subspecialties is offered to physician trainees. Graduates qualify for the written and oral examinations leading to certification by the American Board of Ophthalmology. Postgraduate fellowships of one to two years are available for qualified ophthalmologists in most subspecialty areas.

Professional Program of Study

• Certificate in Orthoptics

The first four to six weeks are spent reviewing general anatomy and physiology, and learning the basic anatomy, physiology, and terminology of the eye. Students are initially introduced to patient examination by observation of physicians and orthoptists, and gradually increase their exam skills as each new technique is learned. Over the first six months anatomy, physiology, optics, and principles of strabismus and amblyopia are taught in depth.

In the second six months of training, students expand their knowledge of basic orthoptic and ophthalmologic principles and apply them to a more complete patient examination and diagnostic skills. The remaining months are spent examining patients in clinic, mastering examination techniques and differential diagnosis as well as becoming proficient in the interpretation of diagnostic tests.

Time each week is reserved for orthoptic lectures and examinations. Students are expected to complete a research project and give presentations during the training period.

Contact the Department of Ophthalmology and Visual Sciences for information about the professional Certificate in Orthoptics.

Continuing Education

The department sponsors clinical conferences open to community ophthalmologists in Iowa and surrounding states where physicians can earn continuing medical education credits. The department also sponsors an annual alumni meeting with participation by nationally and internationally recognized ophthalmologists and vision scientists.

Facilities

The department maintains research laboratories for cell biology, biochemistry, morphology, tumor diagnosis, pathology, electrophysiology, pupillography, molecular biology, and vascular disease. Clinical facilities in ophthalmology are available at University of Iowa Hospitals and Clinics in the Pomerantz Family Pavilion and at the Iowa City Veterans Affairs Medical Center and the Veterans Affairs Central Iowa Health Care System in Des Moines. The department also manages an eye clinic at the Broadlawns Medical Center in Des Moines as well as outreach programs in other communities. The John and Marcia Carver Nonprofit Genetic Testing Laboratory, dedicated to providing affordable testing for rare eye diseases, is associated with the department.

Courses

OPHT:8301 Clinical Ophthalmology 2,4 s.h.
All aspects of clinical ophthalmology; patient rounds, lectures, case presentations; clinical duties with staff, residents, faculty in UIHC and VAMC ophthalmology clinics. Requirements: M.D. enrollment.

OPHT:8401 Elective in External Eye Disease 4 s.h.
Common diseases of eyelid, conjunctiva, cornea.

Visual, ocular motor dysfunction due to neurologic disease; patient work-up, readings, neuro-ophthalmology rounds.

OPHT:8403 Molecular Ophthalmology arr.
Use of recombinant DNA, tissue culture, protein electrophoresis in study of inherited eye diseases.

OPHT:8404 Elective in Ocular Pathology 4 s.h.
Pathophysiology of eye disease; emphasis on use of Socratic method, self-study.

OPHT:8498 Ophthalmology On Campus arr.

OPHT:8499 Ophthalmology Off Campus arr.
Orthopaedics and Rehabilitation

Chair

- J. Lawrence Marsh

Faculty: http://www.uiortho.com/index.php/faculty-listing/
specialty-listing

Web site: http://uiortho.com/

The Department of Orthopaedics and Rehabilitation offers training for residents and provides education for undergraduate students.

Undergraduate Education

The Department of Orthopaedics and Rehabilitation participates in the Bachelor of Science with a major in athletic training, which is offered by the Department of Health and Human Physiology (p. 349) (College of Liberal Arts and Sciences). Members of the orthopaedics and rehabilitation sports medicine faculty teach ORTH:4187 Practicum in Athletic Training IV, a two-semester advanced clinical sequence (8 s.h.). Students who complete the program are eligible to apply for national certification in athletic training and to pursue employment opportunities as health care professionals in sports medicine clinics, hospitals, and academic settings.

Residency Program

The department offers a five-year integrated clinical program for postgraduate trainees, in which interns and residents participate simultaneously in inpatient and outpatient care, surgery, and sciences related to the neuromusculoskeletal system.

Trainees enter this program directly from medical school through the National Residency Matching Program.

During the first year, trainees gain experience not only in clinical orthopaedics but also in surgical specialties, intensive care, radiology, and surgical skills.

During years two through five, residents gain experience in the diagnosis and management of adult and pediatric orthopaedic disorders, including joint reconstruction; trauma, including multisystem trauma; surgery of the spine, including disk surgery, spinal trauma and deformities; hand and foot surgeries; athletic injuries and orthopaedic rehabilitation; orthopaedic oncology, including metastatic disease; and amputations as well as post-amputation care and nonoperative outpatient diagnosis and care, including all orthopaedic anatomic areas.

Laboratories

The orthopaedics laboratories deal with problems in these major subject areas.

Biochemistry: the biochemistry of proteoglycans, collagens, and matrix proteins, both normal and altered in musculoskeletal disorders

Biomechanics: problems of the upper extremity; biomechanics of the spine, hip, and gait; total joint replacements (in conjunction with the College of Engineering (p. 831))

Cell and molecular biology: studies of normal bone, cartilage, tendon, muscle, and tissues altered by experiment and disease

Bone healing: research toward better ways to heal bones

Facilities

The Department of Orthopaedics and Rehabilitation is housed in the John Pappajohn Pavilion of University of Iowa Hospitals and Clinics and has an active service in the Iowa City Veterans Affairs Medical Center. The department’s facilities include 48 orthopaedic beds, ten outpatient clinics, inpatient and outpatient operating rooms, a specialty library, a specialty radiology unit, and physical therapy and rehabilitation facilities. Its specialty clinics deal with virtually every orthopaedic disorder known, including, but not limited to scoliosis, club feet, congenital dislocated hip, neuromuscular disease, metabolic disease, amputation, neoplasm, trauma, and neck, back, hip, foot, knee, and hand problems. Physicians in the outpatient clinic see approximately 280 patients per day, over 70,000 patients per year. Approximately 7,000 surgeries are performed each year.

The department’s Institute for Orthopaedics, Sports Medicine, and Rehabilitation is located on the University of Iowa's Hawkeye Campus. The institute provides MRI, X-ray, and physical therapy services, and a full range of nonoperative orthopaedic ambulatory care services.

Courses

ORTH:4187 Practicum in Athletic Training IV  4 s.h.

Clinical experience arranged through the athletic training program and the Department of Orthopaedic Surgery for athletic training majors; development of global proficiency in clinical skills. Requirements: athletic training major, and grades of C or higher in ATEP:3030 and ATEP:3040.

ORTH:8301 Clinical Orthopaedics  arr.

ORTH:8401 Advanced Clinical Orthopaedics  2,4 s.h.

Requirements: fourth-year M.D. enrollment.

ORTH:8402 Musculoskeletal Trauma  arr.

Requirements: fourth-year M.D. enrollment.

ORTH:8403 Subinternship in Orthopaedics  4 s.h.

Opportunity to enhance clinical skills by taking intern-level responsibility for management of a limited number of orthopaedic patients; proficiency in perioperative patient assessment and management, including assisting in procedures and using laboratory diagnosis and radiologic studies pertinent to one faculty member's clinical practice.

ORTH:8404 Introduction to Physical Medicine and Rehabilitation  2 s.h.

Management of a wide range of common acute and chronic neuro-musculoskeletal pain conditions (shoulder, back, knee pain) to more devastating neuromuscular injuries (spinal cord injuries, brain injury, strokes, amputations). Requirements: M.D. enrollment.

ORTH:8405 Advanced Physical Medicine and Rehabilitation  4 s.h.
Management of a wide range of common acute and chronic neuro-musculoskeletal pain conditions (shoulder, back, or knee pain) to more devastating neuromuscular injuries (spinal cord injuries, brain injury, strokes, amputations); students work-up individual patients in outpatient clinics and perform inpatient consultations at subintern level. Prerequisites: ORTH:8404. Requirements: M.D. enrollment.

ORTH:8498 Orthopaedics On Campus arr.
Requirements: fourth-year M.D. enrollment.

ORTH:8499 Orthopaedics Off Campus arr.
Requirements: fourth-year M.D. enrollment.
Otolaryngology—Head and Neck Surgery

Head

• Bruce J. Gantz

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Otolaryngology
Web site: http://www.medicine.uiowa.edu/oto/

The Department of Otolaryngology—Head and Neck Surgery is one of the most comprehensive otolaryngology departments in the world. Founded in 1922, it is among the oldest in the United States. U.S. News & World Report has consistently ranked the department's program among the top 10 in the nation.

The department's chief focus areas are education and training, patient care, and research. M.D. students in the Carver College of Medicine, residents, and fellows benefit from a faculty dedicated to providing thorough training in all aspects of otolaryngology and patient care. Patients in the otolaryngology clinic enjoy access to comprehensive care in any of five subspecialties: pediatric otolaryngology, otology/neurotology, general otolaryngology and rhinology, head and neck oncology, and facial plastic and reconstructive surgery. University of Iowa faculty members from ophthalmology and radiation oncology hold joint appointments in otolaryngology, adding depth to the department's resources.

The department is home to prominent research programs in cleft palate and other craniofacial defects, head and neck oncology, cochlear implants, and molecular genetics. It also offers fellowships in otology/neurotology, pediatric otolaryngology, and head and neck oncology.

The department is located at University of Iowa Hospitals and Clinics.

Residency Program

The Department of Otolaryngology—Head and Neck Surgery offers a residency program accredited by the Accreditation Council for Graduate Medical Education. The program has two tracks: a five-year clinical track and a seven-year research track. Five applicants are accepted each year, three to the clinical track and two to the research track.

The clinical track provides five years of concentrated clinical study and application in all aspects of otolaryngology. Residents begin their training with a five-week intensive basic science course divided into an anatomy component and a 100-hour lecture series. The anatomy component includes a supervised cadaver dissection, and the lecture series details the study of otolaryngology and related disciplines. Each resident also completes two research rotations in order to explore research areas that interest him or her.

The research track is a combined clinical-research program designed for residents interested in an otolaryngology research career. After an internship year, residents complete two years of research followed by four years of clinical training. The interaction of clinicians and basic scientists from several departments affords residents the opportunity for involvement in a wide spectrum of current research in areas such as electrophysiology of the auditory system, the genetics of head and neck cancer, and gene therapy.

Fellowships

The Department of Otolaryngology—Head and Neck Surgery offers two one-year fellowships in head and neck oncology and in pediatric otolaryngology, which are accredited by the Accreditation Council for Graduate Medical Education. It also offers a two-year fellowship in otology/neurotology accredited by the Advanced Training Council of the American Head and Neck Society.

The otology/neurotology fellowship program accepts one applicant every two years. Otology fellows spend a minimum of 20 months in clinical service. They attend all otology/neurotology clinics and neurotology cases in the operating room and are responsible for inpatient service. They also have one day of dedicated research time each week.

The head and neck surgery fellowship program accepts one applicant each year. Fellows spend a year in clinical service, where they have the opportunity to train with all pediatric otolaryngology faculty members.

One applicant is accepted as a head and neck oncology fellow each year. Training is largely clinical, allowing fellows the opportunity to participate in a variety of procedures, ranging from skull base resection to laryngeal rehabilitation. Fellows routinely perform 35 to 45 free-tissue transfers during one year of training. They also complete a clinical and/or basic science research project relating to head and neck oncology.

Courses

OTO:8199 Basic Otolaryngologic Science arr.
Supervised cadaver head and neck dissection, with 14 areas in detail. Two weeks.

OTO:8301 Clinical Otolaryngology 2 s.h.

OTO:8401 Sub-Internship in Otolaryngology arr.

OTO:8498 Otolaryngology On Campus arr.

OTO:8499 Otolaryngology Off Campus arr.
Arranged by student with department approval.
Pathology

Chair
• Nitin J. Karandikar

Director, clinical functions
• Roseanne Meyer

Graduate degree: M.S. in pathology
Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Pathology
Web site: http://www.medicine.uiowa.edu/pathology/

The Department of Pathology offers education and training for a broad range of students, from undergraduates through postgraduate fellows and researchers. It provides basic pathology courses to health sciences students; a clinical training program for clinical laboratory scientists; a Master of Science program in pathology; residency training programs leading to American Board of Pathology certification in anatomic pathology and clinical pathology; fellowship training in pathology subspecialties; and postdoctoral research training in cellular and molecular pathology.

Undergraduate Education

Pathology courses are a major component of the University’s Medical Laboratory Science Program, a Bachelor of Science program that trains medical laboratory scientists; see Medical Laboratory Science (p. 1046) in the Catalog.

M.D. Student Training

The department provides five to seven 12-month fellowships for M.D. students (pathology externship), for students interested in careers as pathologists, and the Emory Warner Fellowship, a full-time research position in a facet of experimental pathology. It also offers clerkships for M.D. students in all areas of anatomical and clinical pathology.

Residency Program

The department offers 20 residency positions in pathology, which provide up to four years of training. Patients at University of Iowa Hospitals and Clinics and the Iowa City Veterans Affairs Medical Center are integral to the residency programs.

Residents gain experience in systematic rotation through the varied laboratory services, including surgical pathology, autopsy pathology, neuropathology, dermatopathology, cytology, clinical chemistry, clinical microbiology, hematology, immunopathology, molecular pathology, and transfusion medicine. They also have the opportunity to pursue one or two years of additional fellowship training in many pathology subspecialties. To learn more, see Education on the Department of Pathology web site.

Graduate Program of Study

• Master of Science in pathology

Master of Science

The Master of Science program in pathology requires a minimum of 30 s.h. of graduate credit, including 21 s.h. of classroom work and 9 s.h. earned for research. The program trains graduate students in cell and molecular biology. Graduates work as research scientists in a range of academic and commercial laboratories, including those in the rapidly expanding biotechnology sector. Others advance to doctoral-level study.

M.S. students pursue a core curriculum in cell and molecular biology as well as electives suited to their individual interests. They acquire contemporary research skills by pursuing a laboratory thesis project under the guidance of a faculty member. Currently, there are active research programs in immunology, microbiology, neuroscience, signaling and apoptosis, inflammation and vascular biology, tumor biology and cancer, and virology.

Most M.S. students complete their course of study in three years.

The department encourages applicants who have earned a Bachelor of Science with a major in biology, chemistry, biochemistry, clinical laboratory science, microbiology, or zoology. Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College. They should have an undergraduate g.p.a. of at least 3.00 and a combined verbal and quantitative score of at least 1100 on the Graduate Record Exam (GRE) General test.

For more information about graduate study, see Education on the Department of Pathology web site.

Postgraduate Training

The Department of Pathology offers postgraduate clinical fellowship programs in hematopathology, transfusion medicine, clinical microbiology, cytopathology, molecular genetics pathology, and surgical pathology for physicians who have completed residency training in pathology. These fellowships consist of one to two years of diagnostic work and research.

The department provides postdoctoral research training in immunology, neuropathology, apoptosis, cancer biology, and clinical microbiology as well as in other areas of cellular and molecular pathology. These positions are open to individuals who have earned a Ph.D. or an M.D.

Facilities

The Department of Pathology is well-equipped to carry out the sophisticated technology of modern cellular and molecular pathology. It administers more than 90,000 square feet of clinical laboratories at University of Iowa Hospitals and Clinics and has individual research and core facility laboratories, including histopathology and laser capture microscopy for cellular and molecular pathology research, in the Medical Research Center, Medical Laboratories, and at the Iowa City Veterans Affairs Medical Center. Also available are Carver College of Medicine research facilities for nucleic acid chemistry, hybridoma production, flow cytometry, ultrastructural studies, protein structure, image analysis, electron spin resonance, mass spectroscopy, nuclear magnetic resonance, and laboratory animal care.
Courses

PATH:4150 Advanced Laboratory Practice 0,2,6 s.h.
Advanced laboratory practical skills. Requirements: acceptance to Clinical Laboratory Science Program.

PATH:4151 MLS Program Registration 0 s.h.
Requirements: admission to Medical Laboratory Science Program.

PATH:4152 MLS Theory, Application, and Correlation 0,3,5 s.h.
Theory, application, and correlation of medical laboratory science. Prerequisites: PATH:4150.

PATH:4153 Clinical Chemistry I 0,3 s.h.
Introduction to theory, practical application, technical performance, and evaluation of clinical chemistry laboratory procedures; correlation of laboratory data with diagnosis of disease. Prerequisites: PATH:4150.

PATH:4154 Clinical Chemistry II 0,3 s.h.
Theory, practical application, technical performance, and evaluation of clinical chemistry laboratory procedures; correlation of laboratory data with diagnosis of disease. Prerequisites: PATH:4154.

PATH:4155 Clinical Chemistry III 0,3 s.h.
Advanced theory, practical application, technical performance, and evaluation of clinical chemistry laboratory procedures; correlation of laboratory data with diagnosis of disease. Prerequisites: PATH:4154.

PATH:4156 Clinical Hematology I 0,4 s.h.
Introduction to theory, practical application, technical performance, and evaluation of hematological and hemostasis procedures; correlation of laboratory data with disease diagnosis. Prerequisites: PATH:4154.

PATH:4157 Clinical Hematology II 0,3 s.h.
Advanced theory, practical application, technical performance, and evaluation of hematology and hemostasis procedures; correlation of laboratory data with disease diagnosis. Prerequisites: PATH:4156.

PATH:4158 Clinical Microbiology I 0,4 s.h.
Introduction to theory, practical application, technical performance, and evaluation of procedures for isolation, identification, and susceptibility testing of infectious disease organisms in humans. Prerequisites: PATH:4156.

PATH:4159 Clinical Microbiology II 0,3 s.h.
Advanced theory, practical application, technical performance, and evaluation of procedures for isolation, identification, and susceptibility testing of infectious disease organisms in humans. Prerequisites: PATH:4158.

PATH:4160 Clinical Immunology 0-1 s.h.
Theory, application, and evaluation of immunological components, principles, and methodologies used to assess immune dysfunction; theory and application of molecular diagnostic tools. Prerequisites: PATH:4150.

PATH:4162 Clinical Immunohematology I 0,3 s.h.
Introduction to theory, practical application, technical performance, and evaluation of blood bank procedures required for storage and transfusion of blood and blood components. Prerequisites: PATH:4150.

PATH:4163 Clinical Immunohematology II 0,3 s.h.
Clinical immunohematology for laboratory science. Prerequisites: PATH:4162.

PATH:4164 Phlebotomy for Clinical Laboratory Science 0,1 s.h.
Theory, practical application, technical performance, and evaluation of procedures used in collecting, handling, and processing blood specimens. Prerequisites: PATH:4150.

PATH:4166 Urine and Body Fluid Analysis 0,1 s.h.
Theory, practical application, technical performance, and evaluation of procedures used in analyzing urine and other body fluids, including cerebrospinal, synovial, serous, and amniotic fluids. Prerequisites: PATH:4150.

PATH:4170 Clinical Laboratory Management I 0,2 s.h.
Theory, practical application, technical performance, and evaluation of laboratory management principles and associated models; critical thinking, problem solving, leadership skills. Prerequisites: PATH:4150.

PATH:4171 Clinical Laboratory Management II 0,2,3 s.h.
Advanced theory, application, technical performance, and evaluation of laboratory management principles and associated models; critical thinking, problem solving, leadership skills. Prerequisites: PATH:4170.

PATH:4172 Molecular Biology Methods 0,1 s.h.
Introduction to theory, practical application, and evaluation of molecular biology methods.

PATH:5260 Translational Histopathology 3 s.h.
Didactic sessions on human comparative histology, molecular and cellular pathology, and animal model applications; laboratory sessions on microscopy, histology, histotechnology, and immunohistochemistry, with group discussions of model papers; experience in scientific writing and oral presentation skills; for students who plan to investigate experimental models of human disease. Prerequisites: BISC:5201 and BISC:5203.

PATH:5270 Pathogenesis of Major Human Diseases 3 s.h.
Critical analysis of pathogenesis models in a series of major human diseases; clinical presentation, analysis of cellular and molecular events leading to the disease, discussion of key papers. Offered spring semesters of even years. Prerequisites: BISC:5201 and BISC:5203.

PATH:6220 Seminar in Pathology 1 s.h.
Current research and literature. Requirements: pathology graduate standing.

PATH:7001 Molecular and Cellular Biology of Cancer 3 s.h.
Fundamental aspects of oncology at the cellular and molecular levels; mechanisms of cancer initiation and progression, oncogene action, DNA damage and repair, carcinogenesis by radiation, chemicals, viruses; tumor immunology, anticancer therapies. Offered spring semesters of odd years. Requirements: strong basic science background. Same as FRRB:7001.
PATH:7211 Research in Pathology
Basic aspects of pathology or clinical patient material; emphasis on experimental design, methods, literature review, obtaining formal answers to specific questions. Requirements: M.D. enrollment or graduate standing.

PATH:8007 Medical Student Fellowships in Pathology (Externships)
First-hand experience in autopsy, surgical and clinical pathology, teaching, and research to further understanding of disease mechanisms, normal and pathologic anatomy, laboratory use.

PATH:8008 Warner Fellowship in Experimental Pathology
One-year, full-time membership in established research laboratory in the Department of Pathology or collaborating laboratory. Requirements: M.D. enrollment.

PATH:8133 Introduction to Human Pathology for Graduate Students
Human disease; basic disease processes, organ-related and multisystem diseases; case analysis. Offered fall semesters.

PATH:8301 Laboratory Medicine in Clinical Practice
Issues in appropriate use of clinical laboratory and pathology resources in the primary care setting; case-based approach. Requirements: third- or fourth-year M.D. enrollment.

PATH:8401 Autopsy Pathology Clerkship
PATH:8402 Hematopathology Clerkship
PATH:8403 Surgical Pathology Clerkship
PATH:8404 Blood Bank Clerkship
PATH:8498 Pathology On Campus
PATH:8499 Pathology Off Campus
Pharmacology

Chair
- Curt D. Sigmund

Graduate degrees: M.S. in pharmacology; Ph.D. in pharmacology.

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Pharmacology

Web site: http://www.medicine.uiowa.edu/pharmacology/

The Department of Pharmacology provides professional training for health science students and participates with other departments in educational and research activities such as the Medical Scientist Training Program (p. 1048) Program, the Physician Scientist Training Pathway, the Molecular and Cellular Biology (p. 953) Program, the Neuroscience (p. 955) Program, the Holden Comprehensive Cancer Center, the Iowa Cardiovascular Center, and the UI Fraternal Order of Eagles Diabetes Research Center.

The department was a pioneer in offering pharmacology to undergraduate students with little or no science background. Lectures in PCOL:2120 Drugs: Their Nature, Action, and Use emphasize the mechanisms of drug action and give students a background for rational decisions concerning use of drugs.

Pre- and postdoctoral students pursue research training in all areas of pharmacology in the department in preparation for career opportunities in academia, government, and industry.

Graduate Programs of Study
- Master of Science in pharmacology
- Doctor of Philosophy in pharmacology

Department of Pharmacology graduate study includes both didactic and research experience. Qualified students may pursue the joint M.D./Ph.D. in the University's Medical Scientist Training Program.

Master of Science

The Master of Science program in pharmacology requires a minimum of 30 s.h. of graduate credit. The program requires the following core courses.

PCOL:5135 Principles of Pharmacology 1 s.h.
PCOL:5136 Pharmacogenetics and Pharmacogenomics 1 s.h.
PCOL:5137 Neurotransmitters 1 s.h.
PCOL:6080 Pharmacology Seminar 1 s.h.
PCOL:6090 Graduate Research in Pharmacology 6 s.h.
PCOL:6203 Pharmacology for Graduate Students 1 s.h.
PCOL:6207 Ion Channel Pharmacology 1 s.h.
PCOL:6208 G Proteins and G Protein-Coupled Receptors 1 s.h.
PCOL:6209 Steroid Receptor Signaling 1 s.h.
PCOL:6250 Advanced Problem Solving in Pharmacological Sciences 1 s.h.
BIOC:5243 Biophysical Chemistry Module 1 1 s.h.
BISC:5201 Fundamentals of Gene Expression 1 s.h.
BISC:5203 Fundamentals of Dynamic Cell Processes 1 s.h.
BISC:5204 Biostatistics for Biomedical Research 1 s.h.
MCB:6225 Growth Factor Receptor Signaling 1 s.h.
MPB:5153 Graduate Physiology 4 s.h.

Students are expected to gain maximum experience in laboratory research while completing their course work. Satisfactory preparation and oral defense of a thesis based on the student's own research are required for completion of the program.

Doctor of Philosophy

The Doctor of Philosophy program in pharmacology requires a minimum of 72 s.h. of graduate credit. The program requires the following core courses.

PCOL:5135 Principles of Pharmacology 1 s.h.
PCOL:5136 Pharmacogenetics and Pharmacogenomics 1 s.h.
PCOL:5137 Neurotransmitters 1 s.h.
PCOL:6080 Pharmacology Seminar 1 s.h.
PCOL:6090 Graduate Research in Pharmacology arr.
PCOL:6203 Pharmacology for Graduate Students 6 s.h.
PCOL:6207 Ion Channel Pharmacology 1 s.h.
PCOL:6208 G Proteins and G Protein-Coupled Receptors 1 s.h.
PCOL:6209 Steroid Receptor Signaling 1 s.h.
PCOL:6250 Advanced Problem Solving in Pharmacological Sciences 1 s.h.
BIOC:5243 Biophysical Chemistry Module 1 1 s.h.
BISC:5201 Fundamentals of Gene Expression 1 s.h.
BISC:5203 Fundamentals of Dynamic Cell Processes 1 s.h.
BISC:5204 Biostatistics for Biomedical Research 1 s.h.
MCB:6225 Growth Factor Receptor Signaling 1 s.h.
MPB:5153 Graduate Physiology 4 s.h.

Individual faculty research advisors may require additional courses.

During the first year of the program, students are required to work in those different faculty laboratories before selecting a laboratory in which to pursue thesis research. Students then are expected to gain maximum laboratory research experience while completing course work. The Ph.D. comprehensive examination (written and oral) is given at the end of the fourth semester. Satisfactory preparation and oral defense of the thesis complete the program.

There is no departmental foreign language requirement.

Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College. They should have a g.p.a. of at least 3.00 and a combined verbal and quantitative score of at least 312 on the Graduate Record Examination (GRE) General Test. They should have completed undergraduate courses in chemistry, biology, biochemistry, and mathematics.

Admission to the graduate programs is determined by the faculty after receipt of a completed formal application and interview (if appropriate) by faculty members or other designated individuals. Each application is reviewed individually. Some standard admission criteria may be waived for applicants who possess outstanding credentials in other areas.
Financial Support
The department provides all Ph.D. students and some M.S. students with financial support in the form of stipends and tuition support. Support is renewed annually based on satisfactory progress toward meeting degree requirements.

Courses

PCOL:2120 Drugs: Their Nature, Action, and Use 2 s.h.
Principles of drug action, toxicity; sedatives, stimulants, hallucinogens, narcotics, over-the-counter agents, antibiotics, oral contraceptives. Offered spring semesters. Recommendations: closed to Pharm.D. students.

PCOL:4130 Drug Mechanisms and Actions 3 s.h.
Introduction to principles of pharmacology, pharmacologic actions of drugs. Offered spring semesters. Requirements: undergraduate biochemistry and physiology courses.

PCOL:4199 Undergraduate Research in Pharmacology arr.
Experimental research under faculty supervision in department laboratories.

PCOL:5135 Principles of Pharmacology 1 s.h.
Basic pharmacological principles underlying drug absorption, drug distribution throughout the body, drug metabolism, and drug elimination; how these processes determine drug dosing and the means by which dosing parameters are characterized; drug receptor interactions and their quantitation. Offered spring semesters.

PCOL:5136 Pharmacogenetics and Pharmacomics 1 s.h.
Impact of genetic variation on the actions and metabolism of drugs; database search techniques to identify variants. Offered spring semesters. Prerequisites: PCOL:5135. Recommendations: undergraduate or graduate biochemistry.

PCOL:5137 Neurotransmitters 1 s.h.
Mechanisms of neurotransmission focusing on mechanisms of synthesis, regulation of release, mechanisms of action, means of degradation, and CNS pathways for major neurotransmitters; disease states involving various neurotransmitter systems. Offered spring semesters.

PCOL:5204 Basic Biostatics and Experimental Design 1 s.h.
Overview of the theory of experimental design and data analysis in the biological sciences; types of analyses available for common types of data generated in the biomedical sciences; review of statistical methods used in published studies; only a cursory coverage of mathematical computations involved in various analytical tests will be provided.

PCOL:6015 Topics in Neuropharmacology 1 s.h.
Recent advances in neuropharmacology, developmental neurobiology, neuroendocrinology, and related neurosciences. Offered fall semesters.

PCOL:6020 Topics in Pharmacogenomics 1 s.h.
Recent advances in pharmacogenomics, pharmacogenetics, and related genetic fields. Offered fall semesters.

PCOL:6025 Topics in Cell Signaling and Cancer 1 s.h.
Recent advances in cell signaling mechanisms, mechanisms of cancer, cancer biology, and related sciences.

PCOL:6030 Topics in Cardiovascular Pharmacology 1 s.h.
Recent advances in cardiovascular pharmacology, metabolic pharmacology, and related sciences. Offered spring semesters.

PCOL:6035 Topics in Pain and Analgesia 1 s.h.
Recent advances in pain research, therapy.

PCOL:6070 Pharmacology Seminar 1 s.h.

PCOL:6090 Graduate Research in Pharmacology arr.

PCOL:6099 Special Topics in Pharmacology arr.

PCOL:6203 Pharmacology for Graduate Students 6 s.h.
Principles of pharmacology, pharmacologic actions of drugs, correlation with therapeutic uses. Offered fall semesters. Prerequisites: BIOC:5243 and BISC:5201 and BISC:5203 and MPB:5153.

PCOL:6204 Pharmacology for Health Sciences: Nurse Anesthetist 5 s.h.
Principles of pharmacology; pharmacologic actions of drugs, correlation with therapeutic uses. Offered fall semesters. Prerequisites: ACB:6000 or NURS:6000. Requirements: enrollment in Anesthesia Nursing Program.

PCOL:6207 Ion Channel Pharmacology 1 s.h.
Heuristic, semiquantitative approach to concepts in ion channel physiology and pharmacology; up-to-date physical principles, classification, and structure/function relationships for major voltage-gated ion channels that facilitate application of abstract concepts to physiological, pharmacological, and general biological problems. Offered spring semesters.

PCOL:6208 G Proteins and G Protein-Coupled Receptors 1 s.h.
Structure and function of small molecular weight G proteins; heteromeric G proteins and G protein-coupled receptors. Offered spring semesters. Prerequisites: BIOC:5243 and BISC:5201 and BISC:5203. Recommendations: MCB:6225.

PCOL:6209 Steroid Receptor Signaling 1 s.h.
Structure-function relationship and genomic and nongenomic actions of the steroid hormone receptor family; basis for actions of novel new ligands on these receptors. Offered spring semesters. Same as MPB:6209, NSCI:6209.

PCOL:6250 Advanced Problem Solving in Pharmacological Sciences 1 s.h.
Discussion of methodologies, strategies, and approaches commonly used to solve pharmacological sciences problems; use of interpersonal problem-solving skills to develop experimental study plans for solving contemporary scientific problems in pharmacology.

**PCOL:8180 Pharmacology for Pharmacy Students I**
Principles of pharmacology, toxicology; drug and toxic mechanisms; systemic and organ-specific pharmacologic and toxic responses. Offered spring semesters. Requirements: first-year Pharm.D. enrollment or graduate standing.

**PCOL:8181 Pharmacology for Pharmacy Students II**
Continuation of PCOL:8180. Offered fall semesters. Requirements: second-year Pharm.D. enrollment or graduate standing.

**PCOL:8203 Pharmacology for Health Sciences: Medical**
Principles of pharmacology, pharmacologic actions of drugs, correlation with therapeutic uses. Offered fall semesters. Prerequisites: MED:8112. Requirements: M.D. enrollment.

**PCOL:8225 Pharmacology for Health Sciences: Physician Assistant Students**
Principles of pharmacology, pharmacologic actions of drugs, correlation with therapeutic uses. Offered fall semesters. Requirements: Physician Assistant Studies and Services enrollment.

**PCOL:8240 Basic Pharmacology for Dental Students**
Principles of pharmacology, pharmacologic actions of drugs, correlation with therapeutic uses. Offered spring semesters. Prerequisites: BIOC:8101 and MPB:8115. Requirements: D.D.S. enrollment.
Physical Therapy and Rehabilitation Science

Chair
• Richard K. Shields

Graduate degrees: D.P.T.; M.A. in physical therapy; Ph.D. in physical rehabilitation science

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Physical%20Therapy%20and%20Rehabilitation%20Science

Web site: http://www.medicine.uiowa.edu/pt/

Physical therapists provide services to patients and clients who have impairments, functional limitations, disabilities, pain, or changes in physical function resulting from injury, disease, or other causes. Physical therapists practice and collaborate with a variety of health professionals. In the area of health promotion and wellness, they provide screening examinations, prescribe fitness programs, and educate the public regarding healthy lifestyles. Research, teaching, consultation, and administration also are parts of a physical therapist’s professional role.

A wide variety of opportunities exist for professional practice in inpatient, outpatient, and community-based settings. Examples include practice in general or specialized hospitals, programs for children with disabilities, private physical therapy clinics, extended care facilities, nursing homes, community and governmental agencies, rehabilitation centers, the armed forces, foreign service, home health agencies, school systems, fitness centers, and athletic facilities. Research and teaching careers in academic institutions are available for those who earn a Ph.D. in rehabilitation science.

The Department of Physical Therapy and Rehabilitation Science is located in the Carver College of Medicine on the University of Iowa health sciences campus, which includes University of Iowa Hospitals and Clinics, one of the nation's largest university-owned teaching hospitals. The department has seven state-of-the-art independent research laboratories and is well equipped for classroom and laboratory instruction and innovative research. Students have access to faculty members in the basic sciences and medicine, basic sciences courses, clinical specialty expertise, and innovative learning experiences associated with a medical college environment.

Graduate Programs of Study
• Doctor of Physical Therapy
• Master of Arts in physical therapy
• Doctor of Philosophy in physical rehabilitation science

The Doctor of Physical Therapy (D.P.T.) is the entry-level professional degree for physical therapists. The Master of Arts in physical therapy is granted to students working toward the Doctor of Philosophy in physical rehabilitation science. Based on the number of outstanding applicants, 38-42 students are admitted to the D.P.T. program and around 20 students are enrolled in the Ph.D. program each year.

Doctor of Physical Therapy
The Doctor of Physical Therapy requires a minimum of 104 s.h. and is completed in two and a half years. The program is fully accredited by the Commission on Accreditation in Physical Therapy Education. Satisfactory completion of the professional program qualifies candidates to take the National Physical Therapy Examination for licensure to practice. The minimum passing score on the exam is the same in all jurisdictions.

Technical Standards for Graduation
Doctor of Physical Therapy graduates must possess and demonstrate the physical and cognitive skills and character attributes required to provide physical therapy services in a broad variety of clinical situations and environments. All D.P.T. candidates must perform, with or without reasonable accommodation, the following skills safely, effectively, efficiently, and in compliance with the legal and ethical standards set by the American Physical Therapy Association Code of Ethics and Standards of Practice:

• communicate effectively through appropriate verbal, nonverbal, and written communication with patients, families, and others;
• demonstrate ability to apply universal precautions;
• utilize appropriate tests and measures in order to perform a physical therapy examination; examples include, but are not limited to, examination and evaluation of cognitive/mental status, vital signs, skin and vascular integrity, wound status, endurance, segmental length, girth, volume, sensation, strength, tone, reflexes, movement patterns, coordination, balance, developmental stage, soft tissue, joint motion/ play, cranial and peripheral nerve function, posture, gait, functional abilities, assistive devices fit/use, psychosocial needs, and the pulmonary system;
• demonstrate the ability to reach diagnostic and therapeutic judgments through analysis and synthesis of data gathered during patient/client examination in order to develop an appropriate plan of care;
• perform fully, or in a reasonably independent manner, physical therapy interventions appropriate to the patient’s status and desired goals;
• apply teaching/learning theories and methods in health care and community environments;
• accept criticism and respond by appropriate behavior modification;
• possess the perseverance, diligence, and consistency to complete the physical therapy curriculum and enter the practice of physical therapy.

Applicants with health conditions or disabilities who need accommodation to meet the technical standards for graduation should contact the University’s Student Disability Services office.

Curriculum
The Doctor of Physical Therapy degree requires the following course work (total of 104 s.h.).

First Summer Session
PTRS:5101 Introduction to Physical Therapy 2 s.h.

Practice
### University of Iowa 2015-16 General Catalog

- **PTRS:5102** Principles of Physical Therapy I  
  2 s.h.
- **PTRS:5205** Health Promotion and Wellness  
  3 s.h.

#### First Semester (Fall)

- **PTRS:5100** Professional Issues and Ethics  
  1 s.h.
- **PTRS:5103** Principles of Physical Therapy II  
  2 s.h.
- **PTRS:5144** Interprofessional Education I: Team-Based Approach to Health Care  
  1 s.h.
- **PTRS:5209** Surface Anatomy  
  1 s.h.
- **PTRS:5210** Kinesiology and Pathomechanics  
  4 s.h.
- **PTRS:5235** Case-Based Learning I  
  1 s.h.
- **ACB:5108** Human Anatomy  
  5 s.h.
- **PATH:8133** Introduction to Human Pathology for Graduate Students  
  4 s.h.

#### Second Semester (Spring)

- **PTRS:5131** Therapeutic Physical Agents  
  2 s.h.
- **PTRS:5201** Musculoskeletal Therapeutics I  
  3 s.h.
- **PTRS:5206** Cardiopulmonary Therapeutics  
  3 s.h.
- **PTRS:5215** Applied Clinical Medicine  
  2 s.h.
- **PTRS:5236** Case-Based Learning II  
  1 s.h.
- **PTRS:6120** Physical Therapy Management and Administration I  
  2 s.h.
- **PTRS:6143** Selected Topics in Physical Therapy Practice  
  2 s.h.
- **PTRS:6176** Pharmacology for Physical Therapists  
  3 s.h.
- **PTRS:6179** Integrated Clinical Education in Physical Therapy II  
  3 s.h.
- **ACB:6252** Functional Neuroanatomy  
  4 s.h.

#### Second Summer Session

- **PTRS:6173** Differential Diagnosis in Physical Therapy  
  2 s.h.
- **PTRS:6203** Musculoskeletal Therapeutics III  
  4 s.h.
- **PTRS:6204** Progressive Functional Exercise  
  2 s.h.
- **PTRS:6225** Neuromuscular Therapeutics  
  3 s.h.
- **PTRS:6238** Service Learning I  
  1 s.h.
- **PTRS:6251** Critical Inquiry in Physical Therapy I  
  2 s.h.
- **PTRS:6792** Integrated Clinical Education in Physical Therapy IV  
  1 s.h.

#### Third Summer Session

- **PTRS:6794** Terminal Clinical Education in Physical Therapy I  
  4 s.h.

#### Fifth Semester (Fall)

- **PTRS:6121** Psychosocial Aspects of Patient Care  
  1 s.h.
- **PTRS:6134** Physical Therapy Management of Integumentary System  
  2 s.h.
- **PTRS:6145** Interprofessional Education II: Teaching Neural and Musculoskeletal Evaluation Principles  
  1 s.h.
- **PTRS:6170** Management of People with Prosthetic and Orthotic Needs  
  2 s.h.
- **PTRS:6200** Pediatric Physical Therapy  
  2 s.h.
- **PTRS:6202** Musculoskeletal Therapeutics II  
  3 s.h.
- **PTRS:6224** Activity-Based Neural and Musculoskeletal Plasticity in Health Care  
  4 s.h.
- **PTRS:6237** Service Learning I  
  1 s.h.
- **PTRS:6250** Research in Physical Therapy  
  2 s.h.

#### Fourth Semester (Spring)

- **PTRS:6122** Physical Therapy Management and Administration II  
  1 s.h.
- **PTRS:6133** Pain Mechanisms and Treatment  
  2 s.h.
- **PTRS:6172** Radiology/Imaging for Physical Therapists  
  2 s.h.
- **PTRS:6173** Differential Diagnosis in Physical Therapy  
  2 s.h.
- **PTRS:6203** Musculoskeletal Therapeutics III  
  4 s.h.
- **PTRS:6204** Progressive Functional Exercise  
  2 s.h.
- **PTRS:6225** Neuromuscular Therapeutics  
  3 s.h.
- **PTRS:6238** Service Learning I  
  1 s.h.
- **PTRS:6251** Critical Inquiry in Physical Therapy I  
  2 s.h.
- **PTRS:6792** Integrated Clinical Education in Physical Therapy IV  
  1 s.h.

#### Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College. They must have completed a baccalaureate degree and all prerequisite course work from an accredited institution in the United States, or anticipate completing the degree before enrolling in the D.P.T. program. They must have a cumulative g.p.a. of at least 3.00 and must have completed the following prerequisite course work, preferably with a g.p.a. of at least 3.00. All science courses must include the appropriate laboratory instruction. The prerequisite courses must have been taken for a letter grade. Credit awarded through advanced placement testing may be applied only to the mathematics requirement.

**Biological sciences:** a complete introductory course in principles of general biology or zoology and advanced course work in biology or zoology (for which an introductory course is prerequisite) equivalent to 12 s.h.

**Physics:** a complete introductory course equivalent to 8 s.h.

**Chemistry:** a complete introductory course equivalent to 8 s.h.

**Physiology:** a systemic human physiology course equivalent to 3 s.h.

**Psychology:** courses equivalent to 6 s.h.

**Mathematics:** a college-level mathematics course, at the level of trigonometry or higher, equivalent to 3 s.h.

**Statistics:** a statistical methods course equivalent to 3 s.h.

All applicants must take the Graduate Record Examination (GRE) General Test. They must take the test early enough for their scores to be received prior to the application deadline.

Applications are submitted online through the Physical Therapist Centralized Application Service (PTCAS). PTCAS allows applicants to use a single application and one set of
materials to apply to multiple physical therapy programs. Once the application portfolio is complete, PTCAS forwards it to the University of Iowa.

Personal interviews are required of applicants selected for consideration by the admissions committee. Interviews are conducted at the University of Iowa. The physical therapy admissions committee selects applicants who appear to be best qualified for the study and practice of the profession. Some preference is given to Iowa residents.

Applications are accepted from July 1 to November 1 for entry the following summer. Prospective students should apply as early as possible.

**EARLY ADMISSION**

The D.P.T. program offers an early admission plan for highly qualified applicants. Early admission applicants must have outstanding grade-point averages, generally 3.75 or higher. They also must have Graduate Record Examination (GRE) General Test scores at or above the 50th percentile for all sections. Application materials are the same as those for regular admission. Application deadline for the early admission plan is September 15; applicants are notified of admission by December 1. Those who are interviewed but are not selected for early admission are automatically placed in the final general applicant pool. Contact the Department of Physical Therapy and Rehabilitation Science for more information.

**Background Checks**

Enrollment in the Doctor of Physical Therapy program is contingent on a successful criminal background check. Drug screening may be required for some clinical rotations.

**Expenses**

Applicants admitted to the D.P.T. program must make an advance tuition payment which is forfeited if the applicant does not enroll. In addition to paying University tuition and fees, students are assessed laboratory fees for the human anatomy and neuroanatomy courses and are responsible for purchasing supplies, such as lab coats, patient evaluation kits, and course packets.

All students are required to comply with the pre-entry and periodic health screening program developed by Student Health & Wellness in cooperation with University of Iowa Hospitals and Clinics. Students must pay for the health screenings. Students also are required to have health insurance.

**Master of Arts in Physical Therapy**

The Master of Arts in physical therapy is granted to students pursuing knowledge about the underlying science of rehabilitation. Students often work toward the Doctor of Philosophy in physical rehabilitation science with the goal to promote scholarship in the field. The M.A. degree does not prepare students to practice physical therapy.

**Ph.D. in Physical Rehabilitation Science**

The Doctor of Philosophy in physical rehabilitation science requires a minimum of 72 s.h. of graduate credit. The program is designed to advance the student's ability to independently develop and carry out research that establishes the scientific basis for prevention, evaluation, and treatment of impairments, functional limitations, and disability. The curriculum is flexible enough to accommodate research focusing on basic, applied, or clinical studies in the rehabilitation sciences. Students have access to the program's research laboratories (see "Research Facilities" later in this section).

Graduates who complete the program are prepared for academic appointments that emphasize research, scholarship, and teaching. They possess:

- theoretical and scientific knowledge to perform basic, applied, or clinical-level original research that leads to scientific presentations, publication in peer-reviewed journals, and competition for extramural funding through scientific grant writing;
- breadth of knowledge in exercise physiology, biomechanics, neuroscience, or motor control specialty areas as they relate to impairment, functional limitation, and disability; and
- theoretical and practical skills required for college or university teaching at the professional entry and advanced graduate levels.

**Curriculum**

Ph.D. students complete a minimum of 72 s.h. beyond the baccalaureate. Each student and his or her faculty advisor develop an individualized study plan. A preliminary study plan is developed within the first 9 s.h. of graduate study; a final plan is submitted to the Graduate College when the Ph.D. comprehensive examination is scheduled.

To ensure breadth of knowledge, all students complete specific core, research, and scientific specialty area content courses. Elective courses are selected to provide in-depth study of the specialty; they are complemented by an advanced seminar course specific to the student's specialty and taken in preparation for the comprehensive examination.

Students must satisfactorily complete the comprehensive examination, which is taken after all required course work is completed. Doctoral study culminates with 12 s.h. of thesis research and an oral examination.

**GENERAL CORE REQUIREMENT**

Ph.D. students must complete the following core requirements. Exception: the capstone course PTRS:7900 Rehabilitation Research Capstone Project is recommended but not required for students who enter the program with a master's or doctoral-level degree; however, it is required for all students who enter the program with a bachelor's degree.

All of these:

PSQF:7385 Teaching and Learning in Higher Education 3 s.h.

One of these:
BIOS:5110 Introduction to Biostatistics 3 s.h.
STAT:4143 Introduction to Statistical Methods 3 s.h.

One of these:
BIOS:5120 Design and Analysis of Biomedical Studies 3 s.h.
STAT:6513 Intermediate Statistical Methods 4 s.h.

**RESEARCH REQUIREMENT**
Students complete at least 24 s.h. from the following.
PTRS:7884 Practicum in Research arr.
PTRS:7895 Advanced Seminar in Rehabilitation Science 3 s.h.
PTRS:7925 Independent Study arr.
PTRS:7927 Research in Rehabilitation Science arr.
PTRS:7990 Thesis: Rehabilitation Science 12 s.h.

**SPECIALTY CONTENT REQUIREMENT**
Each student must complete at least 9 s.h. in his or her scientific specialty area. Students may choose courses from the following list, but other courses suited to the student's background knowledge and interest area are considered.

**Anatomy and Cell Biology**
ACB:8401 Advanced Human Anatomy arr.

**Epidemiology**
EPID:6900 Design of Intervention and Clinical Trials 3 s.h.

**Health and Human Physiology**
HHP:4130 Skeletal Muscle Physiology 3 s.h.
HHP:4220 Biomechanics of Human Motion 3 s.h.
HHP:4300 Neural Control of Posture and Movement 3 s.h.
HHP:4410 Exercise Physiology 3 s.h.
HHP:4460 Cardiovascular Physiology 3 s.h.
HHP:6300 Seminar in Motor Control 1 s.h.

**Neuroscience**
ACB:8114 Medical Neuroscience 4 s.h.
NSCI:7235 Neurobiology of Disease 3 s.h.

**Occupational and Environmental Health**
OEH:4310 Occupational Ergonomics I 3 s.h.
OEH:6310 Clinical Ergonomics 3 s.h.
OEH:6320 Occupational Ergonomics II 3 s.h.

**Pharmacology**
PCOL:5137 Neurotransmitters 1 s.h.
PCOL:6035 Topics in Pain and Analgesia 1 s.h.
PCOL:6207 Ion Channel Pharmacology 1 s.h.
PCOL:6250 Advanced Problem Solving in Pharmacological Sciences 1 s.h.

---

**Physical Therapy**
PTRS:5210 Kinesiology and Pathomechanics 4 s.h.
PTRS:6224 Activity-Based Neural and Musculoskeletal Plasticity in Health Care 4 s.h.
PTRS:7875 Analysis of Activity-Based Neural and Musculoskeletal Plasticity 3 s.h.
PTRS:7885 Biomechanical Analysis in Rehabilitation 3 s.h.
PTRS:7899 Introduction to Pain: Overview of Theories, Concepts, and Mechanisms 1 s.h.
PTRS:7901 Clinical Correlates of Pain: Syndromes and Management 1 s.h.
PTRS:7902 Molecular, Cellular, and Neural Mechanisms of Pain 2 s.h.

**Admission**
Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College. They should have a cumulative g.p.a. of at least 3.00 and scores at or above the 50th percentile for each section of the Graduate Record Exam (GRE) General Test. A minimum of two years of clinical experience is desirable.

Applicants whose first language is not English must score at least 100 (Internet-based) on the Test of English as a Foreign Language (TOEFL).

Application materials must include a complete Graduate College application form, test scores, transcripts, three letters of recommendation, and a statement of purpose. Completed applications should be sent to the Department of Physical Therapy and Rehabilitation Science.

Personal interviews are required of all applicants selected for consideration by the admissions committee. On-campus interviews are preferred, but telephone interviews may be substituted when necessary.

Application deadlines are October 15 for spring semester entry (notification by December 15); March 15 for summer entry (notification by May 15); and May 15 for fall semester entry (notification by July 15).

**Financial Support**
A number of research assistantships are available for Ph.D. students. Faculty advisors provide guidance for students seeking external scholarship support through foundations and federal programs that support Ph.D. training.

**Research Facilities**
The department's state-of-the-art research facilities include the Orthopedic Gait Analysis Laboratory and a spinal cord research laboratory at University Hospitals and Clinics: the Human Movement Control/Performance Laboratory; the Musculoskeletal Biomechanics and Sports Medicine Research Laboratory; the Neurobiology of Pain Laboratory; the Neuromuscular Biomechanics Laboratory; the Human Integrative and Cardiovascular Physiology Laboratory; and the Applied Neuroplasticity Laboratory. Use of other laboratories may be arranged.
Courses

**PTRS:5100 Professional Issues and Ethics** 1 s.h.
Evolution of physical therapy and rehabilitation science as a profession; contemporary issues in education and practice; ethical theory and approaches to analyzing and acting on ethical problems; professional and peer relationships.

**PTRS:5101 Introduction to Physical Therapy Practice** 2 s.h.
Lectures, case presentations, and group activities using the Guide to Physical Therapist Practice; elements of the patient/client management model, concepts of the disablement model, preferred practice patterns as applied in clinical problems; importance of professionalism, professional socialization; introduction to evidence-based practice; competence in medical terminology.

**PTRS:5102 Principles of Physical Therapy I** 2 s.h.
Patient management skills: interviewing, medical history taking, vital signs, positioning, draping, transfers, body mechanics, assisted gait, wheelchairs, and negotiation of architectural barriers.

**PTRS:5103 Principles of Physical Therapy II** 2 s.h.
Continuation of PTRS:5102; expansion of existing skills and provides new learning experiences in documentation, assessment of joint range of motion/goniometry, manual muscle testing, preambulatory intervention strategies, gait analysis; musculoskeletal, neuromuscular, and integumentary systems review. Prerequisites: PTRS:5102.

**PTRS:5131 Therapeutic Physical Agents** 2 s.h.
Theoretical and practical applications for safe, effective use of physical agents (superficial and deep heat, cold, hydrotherapy), electrotherapeutic modalities (biofeedback, NMES, TENS, iontophoresis); massage and soft tissue mobilization; emphasis on problem solving, clinical decision making.

**PTRS:5144 Interprofessional Education I: Team-Based Approach to Health Care** 1 s.h.
Development and interaction within small group of interprofessional students from physical therapy, medicine, pharmacy, dentistry, nursing, and public health; deans and faculty from each college facilitate; three-hour initial session for all disciplines followed by informal monthly electronic scenarios, second formal meeting followed by informal monthly electronic discussions.

**PTRS:5201 Musculoskeletal Therapeutics I** 3 s.h.
Musculoskeletal techniques and biomechanical principles applied to assessment and evaluation of common orthopedic problems of the spine; problem solving, case-study approach to clinical methods, skill acquisition.

**PTRS:5205 Health Promotion and Wellness** 3 s.h.
Overview of health promotion, fitness, and wellness strategies, including information on levels of health promotion, risk assessment, applied physiology (skeletal muscle, energy metabolism, and physiological responses to exercise), exercise testing and training guidelines, body composition assessment, and development of individual weight management and exercise training programs; classroom and laboratory experiences.

**PTRS:5206 Cardiopulmonary Therapeutics** 3 s.h.
Cardiorespiratory anatomy, physiology, and application of basic concepts, techniques in management of patients with acute and chronic cardiac, pulmonary disorders; laboratories.

**PTRS:5209 Surface Anatomy** 1 s.h.
Laboratory teaching activities that parallel the human anatomy course; observation, palpation, and problem solving skills; upper- and lower-limb, head and neck, thorax, and abdomen.

**PTRS:5210 Kinesiology and Pathomechanics** 4 s.h.
Normal and pathological movement based on understanding of muscle mechanics, segment and joint mechanics, muscle function; instructor- and student-centered learning experiences; EMG laboratories.

**PTRS:5215 Applied Clinical Medicine** 2 s.h.
Pathological disorders frequently encountered by physical therapists in clinical practice, addressed by physicians and health professionals who are not physical therapists; physical therapy management.

**PTRS:5235 Case-Based Learning I** 1 s.h.
Small group case study seminars and simulated patient instructor learning experiences; clinical problems coordinated with concurrent courses; student-centered, problem-based learning format with emphasis on evidence-based practice objectives. First in a two-course sequence.

**PTRS:5236 Case-Based Learning II** 1 s.h.
Small group case study seminars and simulated patient instructor learning experiences; clinical problems coordinated with concurrent courses taken in curriculum; student centered, problem-based learning format; emphasis on evidence-based practice objectives. Second in a two-part series of integrated courses. Prerequisites: PTRS:5235.

**PTRS:5790 Integrated Clinical Education in Physical Therapy I** 1 s.h.
Integrated clinical experiences in area physical therapy clinics; overview of diverse nature of practice through half- or full-day experience; basic skills in examination, intervention, and documentation.

**PTRS:5791 Integrated Clinical Education in Physical Therapy II** 1 s.h.
Continuation of PTRS:5790; integrated half-day clinical experiences. Prerequisites: PTRS:5790.

**PTRS:6120 Physical Therapy Management and Administration I** 2 s.h.
The changing U.S. health care system; access to physical therapy services, reimbursement to health care providers, mechanisms for controlling costs while providing quality care; clinical vignettes, small group problem solving.

**PTRS:6121 Physical Therapy Management and Administration II** 1 s.h.
Principles of management in physical therapy practice; historical perspective, current health care environment; business principles; marketing, managing risk, medical/legal concerns, preparing for the future.

PTRS:6122 Psychosocial Aspects of Patient Care
Emotional reactions to disability, psychosocial aspects of disability as they relate to patient-physical therapist interaction; specific problems of the angry, non-compliant, or chronic-pain patient; complementary roles of other health professionals; cultural competence in professional behavior and patient treatment; importance of holistic health care.

PTRS:6133 Pain Mechanisms and Treatment
Introduction to basic science mechanisms, assessment, and management of pain; basic science mechanism involved in transmission and perception of painful stimuli after tissue injury, assessment and physical therapy management of pain; emphasis on scientific principles and published literature to support treatment techniques.

PTRS:6134 Physical Therapy Management of Integumentary System
Overview of physical therapy examination and management of the integumentary system; wound pathology, diagnosis associated with the integumentary system, inflammation and repair, examination and reexamination techniques, documentation, clinical decision making, lecture and laboratory formats; interventions, including patient/client information, physical agents, electrotherapy, wound dressing.

PTRS:6143 Selected Topics in Physical Therapy Practice
Specialty topics in physical therapy; geriatrics, wheelchair seating/positioning, women's health, home health, industrial physical therapy; alternative or new treatments; guest lectures, lab component.

PTRS:6145 Interprofessional Education II: Teaching Neural and Musculoskeletal Evaluation Principles
Active involvement in integrating anatomy, kinesiology, and movement control principles as applied to a select group of pathologies with the goal of being able to teach content area; preassigned student group leaders; emphasis on student as active learner; opportunity to teach academic areas previously studied in first and second years of curriculum; may include teaching several of these musculoskeletal principles in a first-year medical student anatomy course.

PTRS:6170 Management of People with Prosthetic and Orthotic Needs
Physical therapy management and assessment of patients in need of prosthetic and orthotic devices; principles and components of prosthetic and orthotic design and use.

PTRS:6172 Radiology/Imaging for Physical Therapists
Basic principles and procedures for acquisition and interpretation of radiology and imaging in clinical practice and research; plain film radiographs, CT, MRI, other common imaging modalities; case-based, multidisciplinary approach.

PTRS:6173 Differential Diagnosis in Physical Therapy
Use of physical therapy examination and evaluation skills to diagnose physical therapy problems; focus on use of good clinical decision-making skills when analyzing a patient's history and administering physical therapy tests and measures to confirm or rule out differential diagnoses; components of the medical examination; importance of collaboration between therapists and other health professionals; interactive case studies presented by clinical experts.

PTRS:6176 Pharmacology for Physical Therapists
Contemporary pharmacology; overview of basic pharmokinetic and pharmacodynamic principles; relation of drug therapy to therapeutic interventions provided by physical therapists; small group clinical case presentations.

PTRS:6200 Pediatric Physical Therapy
Preparation for physical therapy practice in pediatric settings using interdisciplinary family-centered practice; normal and abnormal development, standardized assessment, service-delivery settings, interventions, management strategies specific to pediatrics.

PTRS:6202 Musculoskeletal Therapeutics II
Pathology, assessment, management of orthopedic disorders of the upper quarter; problem-solving approach to evaluation and management of patients with musculoskeletal conditions. Prerequisites: PTRS:5201.

PTRS:6203 Musculoskeletal Therapeutics III
Pathology, assessment, management of orthopedic disorders of the lower quarter; problem-solving approach to evaluation and management of patients with musculoskeletal conditions. Prerequisites: PTRS:6202.

PTRS:6204 Progressive Functional Exercise
Therapeutic exercise options (e.g., isometrics, isotonics, isokinetics, plyometrics, endurance exercises, stretching exercises) and training principles; application to functional activities, including those of daily living, work, recreation, and sport; laboratory component.

PTRS:6224 Activity-Based Neural and Musculoskeletal Plasticity in Health Care
Examination of neural, muscular, and skeletal plasticity to increased and decreased use in normal and pathological states (chronic inactivity, obesity, metabolic syndromes, orthopedic and neurological injuries); principles of genetic regulation with physical activity including underlying mechanisms contributing to acute and chronic adaptations of muscle, spinal circuitry, and supraspinal centers; integration of movement control concepts through contemporary papers evaluating short and long latency reflexes, posture and balance control, spasticity, and motor learning in individuals with acute and chronic perturbations to the nervous system.

**PTRS:6225 Neuromuscular Therapeutics** 3 s.h.
Application of clinical neuroscience knowledge and motor control and motor learning concepts to the practice of neurological physical therapy; emphasis on diagnosis and therapeutic intervention for persons with central nervous system dysfunction of adult onset. Prerequisites: PTRS:6224.

**PTRS:6237 Service Learning I** 1 s.h.
Service-learning work experience with community partners; students develop individual learning goals for these experiences; classroom reflection on service activities, experiences with elderly and/or disabled, and social responsibility, advocacy, and professionalism in physical therapy; written reflection assignments. First in a two-course sequence.

**PTRS:6238 Service Learning II** 1 s.h.
Service-learning work experience with community partners; students develop individual learning goals for these experiences; classroom reflection on service activities, experiences with elderly and/or disabled, and social responsibility, advocacy, and professionalism in physical therapy; written reflection assignments. Second in a two-course sequence. Prerequisites: PTRS:6237.

**PTRS:6250 Research in Physical Therapy** 2 s.h.
Topics relevant to evidence-based practice and research design; identification of appropriate questions for research and clinical applications, location and evaluation of available evidence, identification of issues that affect validity of research designs, interpretation of basic statistical analyses.

**PTRS:6251 Critical Inquiry in Physical Therapy I** 2 s.h.
Experience conducting group research projects under faculty supervision; data collection and analysis, manuscript preparation, oral defense of research findings during a formal poster presentation. Prerequisites: PTRS:6250.

**PTRS:6252 Critical Inquiry in Physical Therapy II** 1 s.h.
Principles and procedures learned in PTRS:6250 and PTRS:6251 applied to a clinical setting; students write and present a case report with an evidence-based practice focus, using a clinical case from their final internships. Prerequisites: PTRS:6251. Requirements: Physical Therapy and Rehabilitation Science program enrollment.

**PTRS:6792 Integrated Clinical Education in Physical Therapy IV** 1 s.h.
Two-week, full-time clinical experience in physical therapy clinics in Iowa, under guidance of physical therapists; theory and practice of physical therapy procedures, competence building in basic skills. Prerequisites: PTRS:6793.

**PTRS:6793 Integrated Clinical Education in Physical Therapy III** 3 s.h.
Six-week, full-time clinical education experience with focus on acute, skilled, long term, or geriatric care in a general hospital, skilled nursing facility, long term care center, or home health setting. Prerequisites: PTRS:5791. Requirements: Doctor of Physical Therapy program enrollment.

**PTRS:6794 Terminal Clinical Education in Physical Therapy I** arr.
Nine week, full-time clinical education experience divided among various settings; development of competence in independent examination, evaluation, and treatment of patients under supervision of clinical faculty. Prerequisites: PTRS:6792. Requirements: Doctor of Physical Therapy program enrollment.

**PTRS:6795 Terminal Clinical Education in Physical Therapy II** 4 s.h.
Nine-week, full-time clinical education experience divided among various settings; development of competence in independent examination, evaluation, and treatment of patients under supervision of clinical faculty. Prerequisites: PTRS:6794. Requirements: Doctor of Physical Therapy program enrollment.

**PTRS:6796 Terminal Clinical Education in Physical Therapy III** 4 s.h.
Nine-week, full-time clinical education experience divided among various settings; development of competence in independent examination, evaluation, and treatment of patients under supervision of clinical faculty. Prerequisites: PTRS:6795. Requirements: Doctor of Physical Therapy program enrollment.

**PTRS:7812 Biomedical Instrumentation and Measurement** 3 s.h.
Introduction to biomedical instrumentation and measurement; understanding sources of error and noise in biomedical research applications; basic circuit analysis, calibration of measurement tools, A/D conversion, digital filtering; lab components. Offered fall semesters of even years.

**PTRS:7820 Seminar in Rehabilitation Science** 1 s.h.
Exploration of research related to rehabilitation science; lectures by faculty, graduate students, and guest scholars with expertise in areas relevant to rehabilitation science (e.g., neuroscience, physiology, medicine, engineering, pharmacology, integrated physiology).

**PTRS:7826 Scientific Writing in Rehabilitation Science** 3 s.h.
Knowledge of and experience related to scientific writing, critical review of scientific literature, publication in the biomedical sciences, thesis/dissertation writing, grant writing, scientific presentation, writing used in academic and scientific careers.
**PTRS:7875 Analysis of Activity-Based Neural and Musculoskeletal Plasticity**
3 s.h.
Examination of neural, muscular, and skeletal plasticity to increased/decreased use in normal and pathological states (chronic inactivity, obesity, metabolic syndromes, orthopedic and neurological injuries); genetic regulation with physical activity and underlying mechanisms contributing to acute and chronic adaptations of muscle, spinal circuitry, and supra-spinal centers; integration of movement control concepts through contemporary papers evaluating short and long latency reflexes, posture and balance control, spasticity, and motor learning in individuals with acute and chronic perturbations to the nervous system; individual research projects.

**PTRS:7880 Teaching Practicum**
arr.

**PTRS:7884 Practicum in Research**
arr.
Laboratory experiences connected with investigative process; individual instruction, observation, activities in methodological development, data acquisition, data analysis aspects of research.

**PTRS:7885 Biomechanical Analysis in Rehabilitation**
3 s.h.
Assessment of pathological movement through human movement analysis techniques, including link segment modeling and analysis, mechanical energy and power analysis, electromyography and muscle modeling.

**PTRS:7895 Advanced Seminar in Rehabilitation Science**
arr.
Current status of research for biological, mechanical, psychological components pertinent to cardiopulmonary, musculoskeletal, neuromuscular areas of rehabilitation science; preparation for comprehensive exam.

**PTRS:7899 Introduction to Pain: Overview of Theories, Concepts, and Mechanisms**
1 s.h.
Overview of pain concepts and mechanisms; general overview of pain, models of pain, peripheral and central mechanisms, and pain inhibition. Requirements: prior neuroscience course.

**PTRS:7900 Rehabilitation Research Capstone Project**
arr.
Specific phases of the research process; development of a research question and associated hypotheses, collection and analysis of data, interpretation and discussion of the information's meaning; presentation to sponsoring mentor's laboratory/program, and written document.

**PTRS:7901 Clinical Correlates of Pain: Syndromes and Management**
1 s.h.
Common pain conditions and management of pain using an interdisciplinary focus; lectures by University of Iowa Hospitals and Clinics clinicians on a variety of acute and chronic pain conditions and management approaches. Requirements: prior neuroscience course.

**PTRS:7902 Molecular, Cellular, and Neural Mechanisms of Pain**
2 s.h.
Basic science mechanisms of pain and pain modulation; understanding molecular basis for pain in nociceptive afferents (peripheral sensitization), underlying molecular and neuronal mechanisms of central processing of pain (central sensitization), cortical pain processing, animal and human experimental pain models; readings from past and current literature. Prerequisites: PTRS:7899. Requirements: prior neuroscience course.

**PTRS:7903 Rehabilitation Management of Pain**
1 s.h.
Basic principles of rehabilitation for pain control including education, exercise, and electrophysical modalities; evidence-based approach to rehabilitation covering mechanisms of action and clinical effectiveness; case studies. Prerequisites: PTRS:7899 and PTRS:7901.

**PTRS:7925 Independent Study**
arr.
Problem-solving experience in physical therapy; commensurate with student's interest, ability.

**PTRS:7927 Research in Rehabilitation Science**
arr.
Placement of physical therapy on sound scientific base; therapy: initiation, refinement, establishment of methods in physical therapy evaluation, treatment; direct clinical and laboratory approach, philosophical treatise, or research proposal.

**PTRS:7930 Critical Thinking in Neuro-Mechanical Systems**
arr.
Problem-solving experience in neuro-mechanical systems, commensurate with student interest, ability.

**PTRS:7931 Critical Thinking in Pain**
arr.
Problem-solving experience in pain, commensurate with student interest, ability.

**PTRS:7932 Critical Thinking in Biomechanics**
arr.
Problem-solving experience in biomechanics, commensurate with student interest, ability.

**PTRS:7933 Critical Thinking in Movement Control/Human Performance**
arr.
Problem-solving experience in movement control/human performance, commensurate with student interest, ability.

**PTRS:7934 Critical Thinking in Neural Plasticity**
arr.
Problem-solving experience in neural plasticity, commensurate with student interest, ability.

**PTRS:7935 Critical Thinking in Sports Medicine**
arr.
Problem-solving experience in sports medicine, commensurate with student interest; ability.

**PTRS:7936 Critical Thinking in Cardiovascular Physiology**
arr.
Problem-solving experience in cardiovascular physiology, commensurate with student interest, ability.
Physician Assistant Studies and Services

Chair

Director
- Anthony Brenneman

Director, clinical education
- Carol Gorney

Director, curriculum and evaluation
- Theresa Hegmann

Medical director
- George Bergus

Graduate degree: M.P.A.S.
Faculty: http://www.medicine.uiowa.edu/pa/faculty/
Web site: http://www.medicine.uiowa.edu/pa/

The physician assistant profession is one of the newest and most exciting in health care. Physician assistants (PAs) are licensed to practice medicine with physician supervision. They are responsible for making medical decisions and providing a broad range of diagnostic and therapeutic services.

Physician assistants work in a variety of settings, including medical offices, hospital emergency rooms, nursing homes, rural satellite clinics, health maintenance organizations, and patients' homes.

In the traditional office setting, PAs see patients, obtain histories, perform physical examinations, and order necessary laboratory and/or radiological studies. Based on this information, the PA establishes a diagnosis, develops an appropriate management plan, and initiates treatment that may include prescribing medications. The physician is consulted as needed and remains ultimately responsible for the care provided by the physician/PA team. PAs also are involved in both patient and community health education.

The Department of Physician Assistant Studies and Services is part of the Carver College of Medicine. It is located on the University of Iowa health sciences campus, which includes University of Iowa Hospitals and Clinics, one of the nation's largest university-owned teaching hospitals.

Graduate Program of Study
- Master of Physician Assistant Studies

The Master of Physician Assistant Studies (M.P.A.S.) program emphasizes primary care medicine, particularly family medicine. It also offers elective clinical rotations in selected medical subspecialties. Students who complete the program are eligible to take the National Certifying Examination for Primary Care Physician Assistants, which they must complete successfully in order to register as physician assistants in the United States.

The Department of Physician Assistant Studies and Services is accredited by the Accreditation Review Commission on Education for the Physician Assistant and is a member of the Physician Assistant Education Association.

Master of Physician Assistant Studies

The Master of Physician Assistant Studies requires a minimum of 114 s.h. of credit. The curriculum spans 28 months and consists of a preclinical phase and a clinical phase. The program begins in August.

The Master of Physician Assistant Studies requires the following work.

Preclinical Curriculum

The M.P.A.S. program's preclinical phase is built on a triple-helix model whose three strands consist of clinical and professional skills (CAPS), mechanisms of health and disease (MOHD), and medicine and society (MAS). The strands are interwoven, assuring that their material is integrated and revisited throughout the preclinical phase, so that students' understanding and mastery of the material deepens progressively.

The preclinical curriculum consists of the following courses.

HUMAN ANATOMY AND FOUNDATIONS OF LIFE

ACB:8101 Medical Gross Human Anatomy involves complete dissection of the human body. Students learn to identify the human body's components and learn how their structures and locations relate to their functions. They also learn much of the language they will need in order to communicate accurately and specifically with patients and other physicians.

MED:8123 Foundations of Cellular Life covers genetics, embryology, molecular biology, biochemistry, cell biology, and histology. Students learn the molecular events required for cellular life and how cells grow and interact to form the basic tissues of the human body. This course provides the necessary framework students will need in order to begin the mechanisms of health and disease series.

CLINICAL AND PROFESSIONAL SKILLS

The clinical and professional skills (CAPS) strand provides students with the knowledge, skills, and attitudes required for professional development and clinical excellence, including the sense of inquiry and lifelong habits of skill acquisition, self-assessment, and reflective practice. CAPS features developmental learning through increasingly challenging experiences across the curriculum, repeated practice opportunities, observation and feedback, and self-directed learning and reflection. CAPS requires the following three courses.

MED:8121 Clinical and Professional Skills I introduces students to concepts of clinical reasoning, communication, physical examination, and evidence-based clinical practice as well as the principles of biomedical ethics. The Longitudinal Clinical Mentor (LCM) program allows early clinical interactions and helps place classroom experiences into the context of patient care. Through interactions with students from other health sciences colleges, M.P.A.S. students begin to explore the interprofessional approach to caring for patients.

MED:8131 Clinical and Professional Skills II reinforces clinical reasoning concepts from MED:8121 and introduces
additional elements of clinical reasoning, which are practiced through interactions with standardized patients and through Longitudinal Clinical Mentor clinical visits. The varied experiences help students gain a deeper appreciation for issues in biomedical ethics. As part of interprofessional education, students focus on the strengths and barriers involved in providing comprehensive interdisciplinary patient care.

MED:8221 Clinical and Professional Skills III develops advanced clinical reasoning skills through focused patient encounters and interactions with special patient populations. Emphasis is on students’ ability to integrate and use concepts from the other curricular strands that are required for cost-conscious, patient-centered, interdisciplinary care.

MECHANISMS OF HEALTH AND DISEASE
The mechanisms of health and disease (MOHD) strand focuses on multisystem mechanisms. MOHD requires the following five courses.

MED:8124 Mechanisms of Health and Disease I covers normal and healthy processes within and among the mechanisms of oxygenation, metabolism, and genetics/development.

MED:8133 Mechanisms of Health and Disease II covers normal and healthy processes within and among the mechanisms of immunology/inflammation, locomotion/ integument, and neuropsychiatry.

MED:8134 Mechanisms of Health and Disease III covers abnormalities or disruptions leading to disease within and among the mechanisms of oxygenation, metabolism, and genetics/development.

MED:8223 Mechanisms of Health and Disease IV covers abnormalities or disruptions leading to disease within and among the mechanisms of immunology/inflammation, locomotion/integument, and neuropsychiatry.

MED:8224 Mechanisms of Health and Disease Keystone provides a transition from classroom instruction in MED:8124, MED:8133, MED:8134, and MED:8223 to clinical practice. Foundational information from those courses is approached from the perspective of common clinical encounters. Students make diagnostic and management decisions about common important clinical problems using the foundational knowledge they gained from those courses.

MEDICINE AND SOCIETY
The medicine and society (MAS) strand teaches students about disease prevention, health promotion services, public health, epidemiology, health services organizations and delivery, and community dimensions of medical practice. MAS requires the following three courses.

MED:8122 Medicine and Society I introduces social determinants of health. Students investigate the influence and impact of culture and the community on healthcare, learn about community resources, and apply health and risk assessment to individual patients and to themselves.

MED:8132 Medicine and Society II focuses on public health and epidemiology, with attention to screening, global health, and environmental hazards.

MED:8222 Medicine and Society III focuses on health services organization and delivery, with emphasis on community dimensions of medical practice and patient safety.

FOUNDATIONAL CLINICAL EXPERIENCE
The foundational clinical experience consists of a six-week summer session that includes preclinical workshop material in cardiology and radiology. Students complete a two-week introduction to clinical medicine before beginning the clinical rotations. Foundational clinical experience requires the following five courses.

PA:8212 Fundamentals of EKG and ACLS for Physician Assistant Students 2 s.h.
PA:8213 Fundamentals of Radiology for Physician Assistant Students 1 s.h.
PA:8214 Fundamentals of Clinical Laboratory Medicine for Physician Assistant Students 1 s.h.
PA:8301 Seminar for Physician Assistant Students 1 s.h.
PA:8302 Physician Assistant Professional and Clinical Skills 1 s.h.

Clinical Curriculum
The program’s second phase concentrates on clinical education. Students complete four weeks of preclinical workshops and rotations and a 36-week core of required primary care clinical rotations, including general internal medicine, surgery, family medicine, pediatrics, emergency medicine, gynecology, and psychiatry. Students then select eight weeks of electives, which may include rotations such as geriatrics, cardiology, dermatology, and orthopaedics.

The primary care clinical rotations are designed to provide instruction and experience in caring for patients in a way that enables students to integrate the knowledge, skills, behaviors, and attitudes they learned in the program’s didactic phase. Clinical training is provided at University of Iowa Hospitals and Clinics, the Iowa City Veterans Affairs Medical Center, the Veterans Affairs Central Iowa Health Care System and Broadlawns Medical Center in Des Moines, and other affiliated hospitals throughout Iowa. In elective rotations, students gain additional clinical experience through placement with selected preceptors involved in office-based practices, typically in medically underserved rural areas.

Students also complete a master's degree project as part of the clinical curriculum.

REQUIRED CLINICAL ROTATIONS
The following clinical rotations are required.

PA:8304 Emergency Medicine for Physician Assistant Students 4 s.h.
PA:8305 Gynecology for Physician Assistant Students 4 s.h.
PA:8306 Family Practice I for Physician Assistant Students 4 s.h.
PA:8307 Family Practice II for Physician Assistant Students 4 s.h.
PA:8308 General Surgery for Physician Assistant Students 6 s.h.
PA:8309 Internal Medicine for Physician Assistant Students 6 s.h.
PA:8310 Pediatrics for Physician Assistant Students 4 s.h.
Students select elective clinical rotations from these.

**ELECTIVE CLINICAL ROTATIONS**

- **PA:8311 Psychiatry for Physician Assistant Students** (4 s.h.)
- **PA:8320 Dermatology Elective for Physician Assistant Students** (arr.)
- **PA:8321 Neurology Elective for Physician Assistant Students** (arr.)
- **PA:8322 Obstetrics for Physician Assistant Students** (arr.)
- **PA:8323 Ophthalmology Elective for Physician Assistant Students** (arr.)
- **PA:8324 Otolaryngology Elective for Physician Assistant Students** (arr.)
- **PA:8325 Pediatric Elective for Physician Assistant Students** (arr.)
- **PA:8326 Radiology Elective for Physician Assistant Students** (arr.)
- **PA:8327 Pediatric Elective (Bone Marrow Transplant) for Physician Assistant Students** (arr.)
- **PA:8328 Pediatric (Cardiology) Elective for Physician Assistant Students** (arr.)
- **PA:8329 Psychiatry Elective for Physician Assistant Students** (arr.)
- **PA:8330 Surgery Elective for Physician Assistant Students** (arr.)
- **PA:8331 Surgery Elective (Transplant/Organ Retrieval) for Physician Assistant Students** (arr.)
- **PA:8332 Surgery Elective (Burn Unit) for Physician Assistant Students** (arr.)
- **PA:8333 Surgery Elective (Cardiac Surgery) for Physician Assistant Students** (arr.)
- **PA:8334 Orthopedics Elective for Physician Assistant Students** (arr.)
- **PA:8335 Internal Medicine Elective for Physician Assistant Students** (arr.)
- **PA:8336 Internal Medicine (Cardiology) Elective for Physician Assistant Students** (arr.)
- **PA:8337 Internal Medicine (EKG) Elective for Physician Assistant Students** (arr.)
- **PA:8338 Internal Medicine (Gastroenterology) Elective for Physician Assistant Students** (arr.)
- **PA:8339 Internal Medicine (Oncology) Elective for Physician Assistant Students** (arr.)
- **PA:8340 Internal Medicine (Geriatrics) Elective for Physician Assistant Students** (arr.)
- **PA:8341 Internal Medicine (Pulmonary) Elective for Physician Assistant Students** (arr.)
- **PA:8342 Internal Medicine (Hospice) Elective for Physician Assistant Students** (arr.)
- **PA:8343 Internal Medicine (Infectious Disease) Elective for Physician Assistant Students** (arr.)
- **PA:8345 Urology Elective for Physician Assistant Students** (arr.)
- **PA:8346 Family Practice Elective for Physician Assistant Students** (arr.)
- **PA:8347 Gynecology Elective (Women’s Health) for Physician Assistant Students** (arr.)
- **PA:8348 Migrant Health Elective for Physician Assistant Students** (arr.)
- **PA:8349 Occupational Medicine Elective for Physician Assistant Students** (arr.)
- **PA:8350 Pediatrics (Neonatology) Elective for Physician Assistant Students** (arr.)
- **PA:8351 Internal Medicine (Rheumatology) Elective for Physician Assistant Students** (arr.)
- **PA:8352 Medical Intensive Care for Physician Assistant Students** (arr.)
- **PA:8353 International Medicine Elective for Physician Assistant Students** (arr.)
- **PA:8354 Interventional Radiology Elective for Physician Assistant Students** (arr.)
- **PA:8355 Gynecologic Oncology Elective for Physician Assistant Students** (arr.)

**Admission**

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Applicants must be citizens or permanent residents of the United States. They must have taken the Graduate Record Examination (GRE) General Test or the Medical College Admission Test (MCAT) no more than 10 years before they apply. Applicants whose first language is not English and who have not earned a master’s or doctoral degree from an accredited U.S. institution must score at least 93 (Internet-based) with a speaking score of at least 26 on the Test of English as a Foreign Language (TOEFL). Scores must be sent to the Department of Physician Assistant Studies and Services by the Educational Testing Service.

Applicants must hold a bachelor’s degree from an accredited institution in the United States and have a cumulative g.p.a. and a science g.p.a. of at least 3.00 on a 4.00 scale or a g.p.a. of at least 3.00 on their last 40 s.h. of college-level science course work. They must have completed preparatory science courses in organic and inorganic chemistry, introductory animal biology or zoology, and general statistics or biostatistics. They also must have completed an upper-level course in human or animal physiology (lower-level combined anatomy/physiology courses do not satisfy this requirement); a minimum of three upper-level natural science courses such as cell biology, cell physiology, endocrinology, genetics, histology, immunology, microbiology, molecular biology, neurobiology, and related disciplines; and an introductory biochemistry course (combined organic/biochemistry courses do not satisfy this requirement).

Applicants must have at least 1,000 clock hours of hands-on, direct patient health care experience.

The admissions committee gives special attention to applicants’ performance in science courses. Some successful applicants have had a g.p.a. of at least 3.70, both cumulative and in science; up to 141 s.h. of college credit, including at least 81 s.h. in the sciences; and more than 3,000 hours of clinical experience.

Satisfaction of the basic admission requirements does not ensure acceptance to the program. The admissions committee selects the applicants it considers best qualified. Previous health care experience involving direct patient contact is preferred. The committee requests interviews with the most qualified applicants.

Applications are accepted from April 16 to November 1 for entry the following August. Applicants must apply.
through the Central Application Service for Physician Assistants (CASPA). Application materials include three letters of recommendation, with one from an academic instructor and one from a health care supervisor; GRE or MCAT scores; and transcripts. The majority of prerequisite course requirements must be completed by the November 1 application deadline. All materials must be received by CASPA by the November 1 deadline.

**Expenses**

In addition to University of Iowa tuition and fees, students in the Department of Physician Assistant Studies and Services must purchase a laptop computer (specifications are given), their medical uniforms, and diagnostic equipment, an expense of approximately $4,000. Microscopes are not required.

**Courses**

**PA:8209 Introduction to Medical History and Physical Examination for Physician Assistant Students**

Development of skills vital to taking a comprehensive medical history, psychomotor skills, and physical examination techniques necessary for conducting a comprehensive physical exam.

1 s.h.

**PA:8210 Clinical Decision Making I**

Review of basic concepts of research design and statistics as they apply to medical research literature; formation of a basis for sound, evidence-based, clinical decision making.

1 s.h.

**PA:8211 Clinical Decision Making II**

Core concepts of evidence-based medicine; development of the knowledge and practical skills to search the medical literature for answers to clinical questions and critically appraise the evidence found.

1 s.h.

**PA:8212 Fundamentals of EKG and ACLS for Physician Assistant Students**

Theory and practice with basic analysis of EKG strips and interpretation, including rhythm disturbances; completion of American Heart Association's Advanced Cardiac Life Support (ACLS) program.

2 s.h.

**PA:8213 Fundamentals of Radiology for Physician Assistant Students**

Theory and practice for interpretation of radiographs including general radiology, body, chest, musculoskeletal, pediatrics, and neurology. Requirements: enrollment in physician assistant studies and services.

1 s.h.

**PA:8214 Fundamentals of Clinical Laboratory Medicine for Physician Assistant Students**

Theory and practice of selected clinical laboratory techniques and procedures; emphasis on effective utilization of clinical laboratory in diagnosis and management of disease states. Requirements: enrollment in physician assistant studies and services.

1 s.h.

**PA:8200 Physician Assistant Clinical Second Year**

Professional issues that affect the physician assistant's practice of medicine.

1 s.h.

**PA:8302 Physician Assistant Professional and Clinical Skills**

Hands-on experience and activities; suturing, injections, prescription and order writing, medical records, patient confidentiality, Iowa Law governing physician assistant practice, motivational interviewing, toddler and disability exams.

1 s.h.

**PA:8303 Physician Assistant Senior Capstone**

Demonstration of strong clinical knowledge base and proficiency in basic clinical problem solving; focus on student's ability to think logically and critically, integrate and synthesize knowledge, access evidence-based medical resources, document patient care appropriately, apply clinical knowledge, and demonstrate professional behavior. Requirements: enrollment in physician assistant studies and services.

1 s.h.

**PA:8304 Emergency Medicine for Physician Assistant Students**

Obtaining and recording pertinent historical data, obtaining indicated laboratory studies, assessing the results, arriving at a diagnosis, formulating a treatment plan, implementing appropriate therapy.

arr.

**PA:8305 Gynecology for Physician Assistant Students**

Opportunity to develop proficiency in history and physical exams of gynecological patients; outpatient, family planning, gynecological cancer, concepts of diagnostic techniques and therapy.

4 s.h.

**PA:8306 Family Practice I for Physician Assistant Students**

Obtaining and recording complete history and physical exams; formulation of differential diagnosis and problem list; ordering, obtaining, and interpreting lab and diagnostic studies; implementation of therapeutic procedures and treatment plans.

4 s.h.

**PA:8307 Family Practice II for Physician Assistant Students**

Opportunity to participate in delivery of ambulatory primary care; at a different site from PA:8306.

4 s.h.

**PA:8308 General Surgery for Physician Assistant Students**

Preparation for work as an assistant to the generalist; outpatient and inpatient surgical services, including surgical procedures and management of postoperative course.

6 s.h.

**PA:8309 Internal Medicine for Physician Assistant Students**

Eliciting a medical history, doing a pertinent physical exam, obtaining indicated lab studies, assessment of results, formulation of management plan and implementation of appropriate therapy for common internal medicine problems.

6 s.h.

**PA:8310 Pediatrics for Physician Assistant Students**

arr.
Knowledge and skills required for providing appropriate medical care to infants, children, and adolescents; initiation and promotion of interpersonal relationships.

**PA:8311 Psychiatry for Physician Assistant Students**
4 s.h.
Training in history and physical exams of psychiatry patients, including individual and family therapy, vocational testing and guidance, development of interviewing skills.

**PA:8312 Long-Term Care for Physician Assistant Students**
arr.
Development of clinical knowledge and skill in diagnosing, treating, and performing procedures for patients of long-term care settings; knowledge of relevant conditions.

**PA:8320 Dermatology Elective for Physician Assistant Students**
arr.
Recognizing dermatologic diseases and disorders, instituting appropriate management of patients with dermatologic problems.

**PA:8321 Neurology Elective for Physician Assistant Students**
arr.
Performing general and neurological exams, establishing diagnosis, recommending lab studies, instituting appropriate management of common neurological diseases and disorders, recognizing the need for urgent treatment.

**PA:8322 Obstetrics for Physician Assistant Students**
arr.
Proficiency in physical exam of OB patients; applying concepts of diagnostic techniques and therapy; following patients' course, including labor, delivery, and postpartum care.

**PA:8323 Ophthalmology Elective for Physician Assistant Students**
arr.
Proficiency in recognizing ophthalmology problems; how to institute appropriate management of these conditions.

**PA:8324 Otolaryngology Elective for Physician Assistant Students**
arr.
Proficiency in recognizing otolaryngology problems; how to institute appropriate management of these conditions; opportunity for involvement in varied surgical procedures.

**PA:8325 Pediatric Elective for Physician Assistant Students**
arr.
Experience working with children and adolescents.

**PA:8326 Radiology Elective for Physician Assistant Students**
arr.
Proficiency in systematic evaluation of normal and abnormal routine radiologic examinations; listing indications for special exam procedures, including details of prepping the patient.

**PA:8327 Pediatric Elective (Bone Marrow Transplant) for Physician Assistant Students**
arr.
Basic clinical knowledge and skills for diagnosis, treatment, and management of pre- and post-bone-marrow transplant patients.

**PA:8328 Pediatric (Cardiology) Elective for Physician Assistant Students**
arr.
Cardiovascular assessment and problem management of pediatric patients; experience with a range of acute, chronic, common, and rare cardiology diseases.

**PA:8329 Psychiatry Elective for Physician Assistant Students**
arr.
Training in evaluation and treatment of psychiatry patients.

**PA:8330 Surgery Elective for Physician Assistant Students**
arr.
Experience in a wide range of surgical problems, procedures, and treatments, including diagnosis, care and treatment, and postoperative courses of surgical patients.

**PA:8331 Surgery Elective (Transplant/Organ Retrieval) for Physician Assistant Students**
arr.
Extensive experience in care of patients with end-stage organ failure; evaluation of potential transplant candidates, participation in surgical procedures on transplant service.

**PA:8332 Surgery Elective (Burn Unit) for Physician Assistant Students**
arr.
Involvement in care on burn unit and in operating room; skills in burn debridement, grafting techniques, skin storage techniques, dressing changes, tub baths, and physical therapy procedures.

**PA:8333 Surgery Elective (Cardiac Surgery) for Physician Assistant Students**
arr.
Development of technical skills in operating room; essentials of preoperative evaluation and postoperative management of cardiac surgical patient.

**PA:8334 Orthopedics Elective for Physician Assistant Students**
arr.
Recognition of varied orthopedic problems and treatments; musculoskeletal diseases and disorders, both emergencies and common conditions, and how to establish appropriate management.

**PA:8335 Internal Medicine Elective for Physician Assistant Students**
arr.
Training in varied internal medicine problems; recognition, appropriate treatment.

**PA:8336 Internal Medicine (Cardiology) Elective for Physician Assistant Students**
arr.
Cardiovascular assessment and problem management; experience with wide range of acute, chronic, common, and rare diseases.

**PA:8337 Internal Medicine (EKG) Elective for Physician Assistant Students**
arr.
Experience reading electrocardiograms, interpreting cardiac arrhythmias, performing and evaluating EKG stress tests.

**PA:8338 Internal Medicine (Gastroenterology) Elective for Physician Assistant Students**
Experience with a wide range of gastrointestinal pathology; history and physical exams of gastrointestinal diagnostic procedures, follow-up care of patients through outpatient clinics.

**PA:8339 Internal Medicine (Oncology) Elective for Physician Assistant Students**

Experience to develop diagnostic skills in clinical oncology and gain familiarity with methods of staging common cancers; assistance in therapy and outpatient management of cancer patients.

**PA:8340 Internal Medicine (Geriatrics) Elective for Physician Assistant Students**

Familiarity with broad spectrum of medical conditions among the elderly; experience in history and physical exams, diagnosis of geriatric patients along with follow-up visits.

**PA:8341 Internal Medicine (Pulmonary) Elective for Physician Assistant Students**

Development of basic clinical knowledge and skills for diagnosis, treatment, and management of pulmonary diseases.

**PA:8342 Internal Medicine (Hospice) Elective for Physician Assistant Students**

Work on a hospice care team performing evaluation, treatment, and education of patients with terminal illnesses; dealing with the prospect of death.

**PA:8343 Internal Medicine (Infectious Disease) Elective for Physician Assistant Students**

Development of basic clinical knowledge and skills for diagnoses, treatment, and management of infectious diseases.

**PA:8345 Urology Elective for Physician Assistant Students**

Proficiency in managing patients with urologic conditions; skill in taking a urologic history, performing physical exams, interpreting laboratory studies and data.

**PA:8346 Family Practice Elective for Physician Assistant Students**

Proficiency in delivering ambulatory primary care.

**PA:8347 Gynecology Elective (Women’s Health) for Physician Assistant Students**

Experience in annual gynecologic exams, PAP screening, gynecology problems, contraception issues, STD screening and counseling, common gynecologic procedures.

**PA:8348 Migrant Health Elective for Physician Assistant Students**

Basic clinical knowledge and skills for diagnosis, treatment, and prevention of work-related diseases, injuries, and conditions related to environmental exposure.

**PA:8350 Pediatrics (Neonatology) Elective for Physician Assistant Students**

Basic clinical knowledge and skill for diagnosis, treatment, and management of critically ill infants.

**PA:8351 Internal Medicine (Rheumatology) for Physician Assistant Students**

Basic clinical knowledge and skills for diagnosis, treatment, and management of rheumatologic diseases.

**PA:8352 Medical Intensive Care for Physician Assistant Students**

Basic clinical knowledge and skills for diagnosis, treatment, and management of critically ill patients.

**PA:8353 International Medicine for Physician Assistant Students**

Basic clinical knowledge and skills for diagnosis, treatment, and prevention of diseases, injuries, and conditions relevant to international medicine.

**PA:8354 Interventional Radiology for Physician Assistant Students**

Basic clinical knowledge and skills for diagnosis and treatment of conditions requiring interventional therapy.

**PA:8355 Gynecologic Oncology Elective for Physician Assistant Students**

Experience developing diagnostic skills in clinical gynecologic oncology, learning methods of staging specific cancers; and assisting in therapy and outpatient management of patients with varied cancers.

**PA:8356 Wilderness Medicine for Physician Assistant Students**

Four-week emergency medicine elective taken in conjunction with Carver College of Medicine; mix of didactic and experiential learning; ten-day trip to Colorado to learn about hypothermia, altitude medicine, search and rescue, field evaluation, treatment and evacuation of common back country injuries; lectures and simulations.
Psychiatry

Chair
• James Potash

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Psychiatry
Web site: http://www.medicine.uiowa.edu/psychiatry/

The Department of Psychiatry teaches M.D. students, principally during their third year, and trains resident physicians for academic and clinical careers in psychiatry.

Residency Programs

The department offers a four-year training program approved by the Residency Review Committee of the American Medical Association. Training experiences are available at University of Iowa Hospitals and Clinics and at the Iowa City Veterans Affairs Medical Center. Additional experiences are available at affiliated institutions: Broadlawns Medical Center in Des Moines, the Iowa Medical and Classification Center at Oakdale, the Community Mental Health Center for Mid-Eastern Iowa in Iowa City, and the Independence Mental Health Institute (Iowa Department of Human Services).

The department also offers an approved two-year residency in child psychiatry. Fellowships in geriatrics and psychosomatic medicine are available after residency training.

Research

Department of Psychiatry staff members are involved in genetic and family studies of psychiatric disorders and research in genetic and biological psychiatry, neurochemistry, neuroimaging, neurophysiology, neuropsychiatry, and psychosocial aspects of behavior.

The department’s students and residents have many research opportunities in psychiatry and in the basic science areas of neurochemistry, neurophysiology, and electrophysiology. The clinical areas of psychology, child psychiatry, and psychotherapy also offer opportunities for research and further study to a limited number of students.

Courses

PSYC:8267 Psychiatric Epidemiology 3 s.h.
Population-based studies of psychiatric disorders and associated etiologic tools; diagnostic criteria used in psychiatric research, common structured interviews and rating scales; recent research relevant to common psychiatric disorders; experience writing a research idea using NIH PHS grant form. Offered spring semesters of even years. Prerequisites: EPID:4400. Recommendations: EPID:6400 or two years of resident training in psychiatry. Same as EPID:6670.

PSYC:8301 Clinical Psychiatry 4 s.h.
Requirements: third-year M.D. enrollment.

PSYC:8401 Adult Psychiatry, Pappajohn Pavilion 4 s.h.
Requirements: M.D. enrollment.

PSYC:8402 Child Psychiatry, Pappajohn Pavilion arr.
Roles of child psychiatry as a consultation service. Requirements: M.D. enrollment.

PSYC:8403 Adult Outpatient Psychiatry and Psychotherapy 2,4 s.h.
Diagnostic assessment, evaluation, treatment of psychiatric patients; exposure to both psychotherapeutic, psychopharmacologic treatments. Requirements: M.D. enrollment.

PSYC:8404 Women’s Wellness and Counseling Service 4 s.h.
Experience evaluating and treating women with mental illness, with some emphasis on practitioner’s autonomy; four-week rotation. Requirements: psychiatry clerkship.

PSYC:8405 Subinternship in Medical Psychiatry 4 s.h.
Hands-on experience in evaluation and treatment of patients with combined medical and psychiatric disease; decisions regarding appropriate consultations, diagnostic tests, treatment; etiology and pathophysiology. Requirements: M.D. enrollment.

PSYC:8407 Advanced Clinical Psychiatry, Des Moines 4 s.h.
Work in adult psychiatry setting and/or child-adolescent psychiatry setting for a four-week rotation; optional participation in psychiatric emergency/crisis care team, substance abuse clinics, and/or ECT treatment sessions.

PSYC:8408 Subinternship in Mood/Psychotic Disorders 4 s.h.
Subinternship in adult psychiatry; experiences that maximize autonomy and responsibility; inpatient rotation focuses on one subspecialty area (psychotic disorders or mood disorders); emphasis on substantial medical comorbidity; assess and address medical and psychiatric needs of assigned patients in a collaborative and integrative fashion; assess and manage patients independently at the level of a psychiatry intern, reporting directly to the attending; call is required; didactic curriculum focuses on critical appraisal of medical literature. Prerequisites: PSYC:8301. Requirements: fourth-year M.D. enrollment.

PSYC:8409 Eating Disorders 2,4 s.h.
Inpatient rotation; emphasis on co-occurring psychiatric and comorbid medical conditions associated with eating disorders; patient assessment and management at an advanced level; direct patient care and engagement in clinical decision making for complex patients with substantial comorbidity; call is required; student experience maximizes autonomy and responsibility; didactic curriculum; focus on critical appraisal of relevant medical literature. Prerequisites: PSYC:8301. Requirements: fourth-year M.D. enrollment.

PSYC:8410 Intellectual Disability 2,4 s.h.
In-depth two week clinical experience in the interdisciplinary approach to assessment and management of individuals with intellectual disability. Requirements: M.D. enrollment.
PSYC:8411 Substance Abuse 2,4 s.h.
In-depth clinical experience in assessment and management of individuals with alcohol and drug abuse. Requirements: M.D. enrollment.

PSYC:8412 Emergency Psychiatry 2,4 s.h.
In-depth clinical experience in assessment and management of acute psychiatric illness under supervision of faculty with expertise in care within this setting; clinical experiences centered in emergency department at University of Iowa Hospitals and Clinics. Prerequisites: PSYC:8301. Requirements: third- or fourth-year M.D. enrollment.

PSYC:8450 Continuity of Care in Psychiatry 4 s.h.
Experience in Psychiatry Continuity of Care Clinic; maximizes autonomy and responsibility in an outpatient continuous care setting. Requirements: fourth-year M.D. enrollment.

PSYC:8497 Research Psychiatry arr.
Experience, training in practical application of scientific methodology; work with research project at Psychiatric Service or affiliated cooperating research centers. Requirements: fourth-year M.D. enrollment.

PSYC:8498 Psychiatry On Campus arr.
Arranged by student with departmental approval. Requirements: M.D. enrollment.

PSYC:8499 Psychiatry Off Campus arr.
Requirements: M.D. enrollment.
Radiation Oncology

Chair

- John M. Buatti

Faculty: [http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Radiation%20Oncology](http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Radiation%20Oncology)

Web site: [http://www.medicine.uiowa.edu/radiationoncology/](http://www.medicine.uiowa.edu/radiationoncology/)

Radiation oncology specializes in the delivery of radiation treatments for cancer patients. It includes treatments with linear accelerators as well as isotopes and temporary and permanent surgically implanted sources. Radiation oncologists also use these methods to treat some benign diseases, such as Graves’ ophthalmopathy and trigeminal neuralgia.

The Department of Radiation Oncology is dedicated to educating undergraduate and graduate students, M.D. and other health professions students, and residents. Its faculty members provide instruction for Doctor of Philosophy students in the Free Radical and Radiation Biology (p. 1040) Program through their participation in FRRB:3110 Medical Physics I, FRRB:3215 Medical Physics II, FRRB:5000 Radiation Biology, FRRB:7000 Redox Biology and Medicine, and FRRB:7001 Molecular and Cellular Biology of Cancer.

The department’s professional staff provides training in radiation therapy technology for undergraduate students in the Radiation Sciences (p. 1092) Program by teaching courses RSTH:3120 Radiation Therapy Clinical Internship I, RSTH:3225 Radiation Therapy Clinical Internship II, RSTH:3325 Radiation Therapy Clinical Internship III, RSTH:4125 Radiation Therapy Clinical Internship IV, and RSTH:4225 Radiation Therapy Clinical Internship V.

The department provides a four-year physician residency training program in radiation oncology that includes clinical care and education. It also has a residency program in medical physics. M.D. students can elect a four-week radiation oncology rotation and/or a two-week multidisciplinary cancer care elective. Nursing students, dental residents, and fellows in gynecologic oncology and in adult and pediatric hematology and oncology complete rotations in the department.

The department also offers specialized research projects and sponsors postdoctoral students in biology, physics, and clinical disciplines by arrangement with the instructor or mentor.

Courses

**RADO:8401 Radiation Oncology** 2,4 s.h.
Integration of clinical oncology, physics, and cancer biology; clinical work with faculty mentors; experience in clinical evaluation, technical physics, biological application.

**RADO:8498 Radiation Oncology On Campus** arr.
Development of new markers for normal tissue toxicity following radiation treatment.
Radiation Sciences

Director, undergraduate program
  • Anthony Knight

Director, student affairs
  • Jennifer Maiers

Director, radiologic technology program
  • Jean Wiese

Director, diagnostic medical sonography program
  • Stephanie Ellingson

Director, radiation therapy program
  • Mindi TenNapel

Undergraduate major: radiation sciences (B.S.)
Web site: http://www.medicine.uiowa.edu/radsci/

Radiation sciences professionals work with physicians to gather accurate patient information for diagnosis, treatment, and/or research of disease and injury. They provide direct patient care, produce quality images, and deliver treatment using a variety of radiation sources. The radiation sciences professional must apply knowledge, skill, and mature judgment while operating complex equipment safely and efficiently.

The University of Iowa's radiation sciences educational programs are designed to provide students with opportunities for intellectual, professional, and social growth. Students learn with faculty members and instructors who are committed to radiation sciences education.

Radiation sciences is one of two undergraduate majors in the field of medical imaging offered by the Carver College of Medicine. It encompasses radiologic technology, computed tomography, magnetic resonance imaging, cardiovascular interventional, diagnostic medical sonography, and radiation therapy programs. The other undergraduate major in medical imaging is nuclear medicine technology; see Nuclear Medicine Technology (p. 1060) in the Catalog.

The Carver College of Medicine is located on the University of Iowa health sciences campus, which includes University of Iowa Hospitals and Clinics, one of the nation's largest university-owned teaching hospitals. For information about the college's academic programs and resources, see Carver College of Medicine (p. 1005) in the Catalog.

Undergraduate Program of Study

• Major in radiation sciences (Bachelor of Science)

The Radiation Sciences Program offers two paths toward completing the major: an on-campus program for students who have not completed a radiation sciences modality (see "Bachelor of Science" below) and an online program for registered radiologic technologists who would like to earn a Bachelor of Science degree by distance education; see "RT to B.S. (Online)" later in this Catalog section.

Undergraduate study in radiation sciences is guided by the academic rules and procedures outlined under "Undergraduate Programs of Study" in the Carver College of Medicine (p. 1005) section of the Catalog.

Bachelor of Science

The Bachelor of Science with a major in radiation sciences requires a minimum of 120 s.h. Work for the degree includes a set of courses that are prerequisite to entering the radiation sciences major, completion of one of several radiation sciences professional programs, and elective course work sufficient to complete the minimum of 120 s.h. required for graduation. Students must complete the radiation sciences professional program at the University of Iowa.

Admission to the radiation sciences major is competitive. Students who wish to enter the major must first be admitted to the University of Iowa as College of Liberal Arts and Sciences (CLAS) students with a radiation sciences interest. As CLAS students, they must apply to the radiation sciences professional program of their choice by January 15 of the year in which they wish to enter it (see "Radiation Sciences Professional Programs" below). Students who are accepted enter the professional program, the radiation sciences major, and the Carver College of Medicine the following fall semester.

Applicants for admission to the University of Iowa whose first language is not English are strongly encouraged to complete the University of Iowa English proficiency evaluation and satisfy the University's English proficiency requirements before they apply to a professional program. Students must have permission to register for a full academic load before they may be admitted to a radiation sciences professional program.

The radiation sciences major requires students to complete a minimum of two years of a high school world language prior to admission.

For additional information on UI admission requirements, contact the University's Office of Admissions.

First-year and transfer applicants who are admitted to CLAS as radiation sciences interest students must complete all courses that are prerequisite to the radiation sciences major (including approved transfer equivalents) by June 1 before they may begin one of the radiation sciences professional programs and enter the major. Prerequisite courses vary slightly depending on which professional program a student wishes to enter.

Students who have declared a radiation sciences interest but have not yet applied and been accepted to a professional program are advised at the University's Academic Advising Center. After they have been accepted to a professional program, they are advised by the Radiation Sciences Program.

When students complete the professional multimodality program, they are eligible to take national certification exams for their program's specialty area(s). Once they have completed the professional program and all other requirements for graduation, they are granted a Bachelor of Science degree.

The Bachelor of Science with a major in radiation sciences requires the following work.
PREREQUISITES TO THE RADIATION SCIENCES MAJOR

Students who wish to enter a radiologic technology or diagnostic medical sonography professional program must complete the following prerequisite courses (25-27 s.h.) before they may enter the program and the major. Students who wish to enter the radiation therapy professional program must complete a total of 60 s.h. of college course work, including the following prerequisites, before they may enter the program and the major.

Rhetoric:
RHET:1030 Rhetoric 4 s.h.

Anatomy—one of these:
ACB:1199 Human Anatomy and Basic Physiology for Radiation Science 4 s.h.
ACB:3110 Principles of Human Anatomy 3 s.h.
ACB:3113 Human Anatomy Online 4 s.h.
HHP:1100 Human Anatomy 3 s.h.

Natural sciences—one of these (students who wish to enter a diagnostic medical sonography program or the radiation therapy program must choose PHYS:1400 or PHYS:1511):
BIOL:1140 Human Biology 4 s.h.
CHEM:1070 General Chemistry I 3 s.h.
CHEM:1110 Principles of Chemistry I 4 s.h.
HHP:1300 Fundamentals of Human Physiology 3 s.h.
HHP:3500 Human Physiology 3 s.h.
PHYS:1400 Basic Physics 3-4 s.h.
PHYS:1511 College Physics I 4 s.h.

Quantitative or formal reasoning—one of these:
MATH:1020 Elementary Functions 4 s.h.
MATH:1440 Mathematics for the Biological Sciences 4 s.h.

Social science:
PSY:1001 Elementary Psychology 3 s.h.

Medical terminology:
CLSA:3750 Medical and Technical Terminology 2 s.h.

Culture, society, and the arts—3 s.h. each in two of these areas (total of 6 s.h.):
Historical Perspectives approved course work 3 s.h.
International and Global Issues approved course work 3 s.h.
Literary, Visual, and Performing Arts approved course work 3 s.h.
Values, Society, and Diversity approved course work 3 s.h.

See General Education Program (p. 313) (College of Liberal Arts and Sciences) in the Catalog for approved courses in the culture, society, and arts areas listed above.

RECOMMENDED PRE-MAJOR WORK

The Radiation Sciences Program recommends that before students enter a radiation sciences professional program and the major, they job-shadow a professional who works in their area of interest, gain hands-on experience with patient care, and complete the following additional preparatory courses.

This course:
RSP:1100 Introduction to the Radiation Sciences 1 s.h.

One of these:
CS:1020 Principles of Computing 3 s.h.
CS:1110 Introduction to Computer Science 3 s.h.

One of these:
STAT:1020 Elementary Statistics and Inference 3 s.h.
STAT:3510 Biostatistics 3 s.h.
STAT:4143 Introduction to Statistical Methods 3 s.h.

For students interested in entering the radiation therapy professional program, one of these sequences:
CHEM:1070 & CHEM:1080 General Chemistry I-II 6 s.h.
CHEM:1110 & CHEM:1120 Principles of Chemistry I-II 8 s.h.

ELECTIVES

In order to earn the minimum of 120 s.h. required for graduation, students may need to complete elective course work in addition to the prerequisite course work listed above and one of the professional programs in medical imaging described below. They should plan their elective courses in consultation with their advisor.

RADIATION SCIENCES PROFESSIONAL PROGRAMS

Students must complete one of the following radiation sciences professional programs at University of Iowa Hospitals and Clinics. Each program offers modality-specific didactic and supervised clinical education courses. Graduates of the professional programs and associated internships are eligible to take one or more certification exams.

The radiologic technology programs and diagnostic medical sonography programs last three years, and the radiation therapy program lasts two years. Each program begins in fall.

Students must apply to the program of their choice by January 15 of the year in which they intend to enter the program.

Admission to all radiation sciences professional programs is competitive; each program accepts a limited number of students. In addition to the prerequisite courses listed above, students must have earned a cumulative college g.p.a. of at least 2.50 prior to professional program admission.

Radiologic Technology and Computed Tomography

The radiologic technology component of this program provides education in pathology, radiation biology, radiation protection, patient care, and ethics. Students learn about radiographic procedures, imaging, and evaluation. They become acquainted with imaging equipment, study quality assurance, and participate in supervised clinical education in radiography and computed
tomography (CT). The computed tomography component concentrates on sectional anatomy, single and multislice CT, electron beam CT, physiologic and 3-D imaging, CT simulation, physics and imaging, and procedures and pathology.

Upon completing the program, graduates are eligible to take the national certification exams in radiography and computed tomography.

Students typically apply to this three-year program during their first year and begin it in fall of their sophomore year. Application deadline is January 15.

**Radiologic Technology and Magnetic Resonance Imaging**

The radiologic technology component of this program provides education in pathology, radiation biology, radiation protection, patient care, and ethics. Students learn about radiographic procedures, imaging, and evaluation. They become acquainted with imaging equipment, study quality assurance, and participate in supervised clinical education in radiography and magnetic resonance imaging (MRI). The magnetic resonance imaging component offers intensive study and practice in MRI, including patient care procedures, pathophysiology, physics, sectional anatomy, and instrumentation.

Upon completing the program, graduates are eligible to take the national certification exams in radiography and magnetic resonance imaging.

Students typically apply to this three-year program during their first year and begin it in fall of their sophomore year. Application deadline is January 15.

**Radiologic Technology and Cardiovascular Interventional**

The radiologic technology component of this program provides education in pathology, radiation biology, radiation protection, patient care, and ethics. Students learn about radiographic procedures, imaging, and evaluation. They become acquainted with imaging equipment, study quality assurance, and participate in supervised clinical education in radiography, cardiac interventional, and peripheral/neurological interventional. The cardiovascular interventional component concentrates on imaging equipment; pharmacology; sterile techniques; cardiac monitoring; vascular anatomy and physiology; cardiovascular, peripheral, and neurological procedures and pathology; therapeutic intervention techniques; and digital angiography.

Upon completing the program, graduates are eligible to take the national certification exams in radiography, vascular interventional technology, and cardiac interventional technology.

Students typically apply to this three-year program during their first year and begin it in fall of their sophomore year. Application deadline is January 15.

**Diagnostic Medical Sonography and General and Vascular Sonography**

The diagnostic medical sonography program and general and vascular sonography provides a multispecialty education in obstetrical, abdominal, and vascular sonography (ultrasound imaging). Students learn about sonographic imaging and evaluation, hemodynamics and Doppler evaluation, sonography equipment, sectional anatomy, pathology, patient care, medical ethics, and quality assurance methods. They become proficient in using sonographic imaging equipment and in performing obstetrical and gynecological, abdominal, and vascular sonographic procedures, including invasive procedures, emergency exams, and 3-D imaging. They also participate in supervised clinical education. Elective courses are available in neurosonography and breast sonography.

Upon completing the program, graduates are eligible to take the national certification exams in diagnostic medical sonography in the specialty areas of obstetrics and gynecology, abdomen, and vascular technology.

Students typically apply to this three-year program during their first year and begin it in fall of their sophomore year. Application deadline is January 15.

**Radiation Therapy and Computed Tomography**

The radiation therapy professional program teaches theory and techniques of radiation therapy technology, with emphasis on competence in areas of oncology treatment planning, treatment delivery, dosimetry, and use of megavoltage radiation-producing equipment to administer treatment. Students participate in clinical education in radiation therapy. The computed tomography (CT) portion of this program concentrates on sectional anatomy, single and multislice CT, electron beam CT, physiologic and 3-D imaging, CT simulation, physics and imaging, and procedures and pathology.

Upon completing the program, graduates are eligible to take the national certification exam in radiation therapy.

Students will have completed the course work but not the clinical component to take the national certification exam in computed tomography.

Students typically apply to this two-year program during their sophomore year and begin it in fall of their junior year. Application deadline is January 15.

**RT to B.S. (Online)**

The RT to B.S. is an online program designed for registered radiologic technologists who wish to earn a Bachelor of
Science degree with a major in radiation sciences by
distance education. The program requires a minimum of
120 s.h. Students are awarded 60 s.h. of credit for the
completed radiologic technology program plus course work
that is prerequisite to entering the major. Upon admission
to the major, students complete an online modality,
advanced courses, and electives to complete the credit
required for graduation.

Students choose one of three online modalities:
cardiovascular interventional (CVI), computed tomography
(CT), or magnetic resonance imaging (MRI). The modalities
do not require an internship.

In order to be admitted to the radiation sciences major,
students must pass the American Registry of Radiologic
Technologists (ARRT) radiography board certification
exam. They also must have completed all course work
prerequisite to entering the major with a g.p.a. of at least
2.50; see "Prerequisites to the Radiation Sciences Major"
under "Bachelor of Science" above. Students may count
approved transfer credit toward the required prerequisites;
learn more by visiting Transfer Courses in ISIS.

Once students are admitted to the Carver College of
Medicine and the radiation sciences major, they must
complete at least 30 s.h. of University of Iowa course work:
two advanced courses (6 s.h.), an online modality (19-25
s.h., depending on the modality), and sufficient elective
course work to complete the 120 s.h. of credit required for
graduation.

**ADVANCED COURSES**

Management and leadership—the online section of one of these:

- COMM:1819 Organizational Leadership 3 s.h.
- MGMT:2100 Introduction to Management 3 s.h.
- MGMT:3500 Nonprofit Organizational Effectiveness I 3 s.h.

Statistics—the online section of one of these:

- STAT:1020 Elementary Statistics and Inference 3 s.h.
- STAT:4143 Introduction to Statistical Methods 3 s.h.

**ONLINE MODALITY**

Students complete one of the following three online modalities.

**Cardiovascular Interventional**

The cardiovascular interventional online modality requires
the following course work (total of 23 s.h.).

- RSCI:4110 Vascular Anatomy 3 s.h.
- RSCI:4120 CVI Principles 4 s.h.
- RSCI:4130 Electrocardiogram and Hemodynamics 3 s.h.
- RSCI:4140 CVI Peripheral Procedures and Pathology 3 s.h.
- RSCI:4150 CVI Neurology and Nonvascular Procedures and Pathology 3 s.h.
- RSCI:4160 CVI Cardiac Procedures and Pathology 4 s.h.
- RSCT:4100 Sectional Anatomy for Imaging Sciences 3 s.h.

**Computed Tomography**

The computed tomography online modality requires the
following course work (total of 19 s.h.).

- RSCI:4110 Vascular Anatomy 3 s.h.
- RSCI:4100 Sectional Anatomy for Imaging Sciences 3 s.h.
- RSCT:4110 CT/MRI Pathology 3 s.h.
- RSCT:4120 Computed Tomography Procedures I 3 s.h.
- RSCT:4125 Computed Tomography Procedures II 3 s.h.
- RSCT:4130 Computed Tomography Physical Principles and QC 4 s.h.

**Magnetic Resonance Imaging**

The magnetic resonance imaging online modality requires the
following course work (total of 25 s.h.).

- RSCI:4110 Vascular Anatomy 3 s.h.
- RSCI:4100 Sectional Anatomy for Imaging Sciences 3 s.h.
- RSCI:4110 CT/MRI Pathology 3 s.h.
- RSMR:4110 Fundamentals for the MRI Technologist 3 s.h.
- RSMR:4120 MRI Procedures I 4 s.h.
- RSMR:4130 MRI Procedures II 3 s.h.
- RSMR:4140 MRI Acquisition and Principles I 3 s.h.
- RSMR:4150 MRI Acquisition and Principles II 3 s.h.

**ELECTIVES**

Students choose elective course work to complete the 120
s.h. required for graduation.

**Courses**

**Cardiovascular Interventional Program**

**RSCI:4110 Vascular Anatomy** 3 s.h.

Normal arterial and venous anatomy of the circulatory system, illustrated through angiographic, magnetic resonance imaging (MRI), and computed tomography (CT) images; common variants. Prerequisites: ACB:3110 or ACB:3113 or HHP:1100 or ACB:3113.

**RSCI:4120 CVI Principles** 4 s.h.

Imaging and accessory equipment for vascular interventional and cardiac interventional procedures; imaging equipment quality control; fundamental principles of vascular and cardiac procedures; patient preparation and care, radiation safety, contrast medium, pharmacology, and sedation. Corequisites: RSCI:4110. Requirements: acceptance to B.S. radiation science RT/CVI track or ARRT primary RT certification.

**RSCI:4130 Electrocardiogram and Hemodynamics** 3 s.h.

ECG analysis, hemodynamic principles and waveform analysis, cardiac output, vascular resistance, calculations of stenotic valves. Prerequisites: ACB:3110 or ACB:3113 or HHP:1100 or ACB:1199.

**RSCI:4140 CVI Peripheral Procedures and Pathology** 3 s.h.
Angiographic and interventional procedures of the abdomen, thorax, and upper and lower extremities; associated pathologies. Prerequisites: RSCI:4110. Corequisites: RSCI:4120, if not taken as a prerequisite. Requirements: RSCI:4110 or three months CVI experience.

RSCI:4150 CVI Neurology and Nonvascular Procedures and Pathology
3 s.h.
Angiographic and interventional procedures of the head and neck; associated pathologies. Prerequisites: RSCI:4110. Corequisites: RSCI:4120, if not taken as a prerequisite. Requirements: RSCI:4110 or three months CVI experience.

RSCI:4160 CVI Cardiac Procedures and Pathology
4 s.h.
Cardiac diagnostic and interventional procedures; associated pathologies. Prerequisites: RSCI:4110. Corequisites: RSCI:4120 and RSCI:4130, if not taken as prerequisites. Requirements: RSCI:4110 or three months CVI experience.

RSCI:4170 Cardiac Interventional Clinical Internship
4,6 s.h.
Scheduled cardiac-interventional clinical time at UI Hospitals and Clinics and Mercy Hospital, Iowa City; rotations in adult cardiac, electrophysiology, and pediatric catheterization; competency and objective-based education provided with clinical performance evaluations and constructive feedback from CI staff and clinical coordinator; clinical coordinator facilitates schedules, rotations, learning objectives, evaluations, and competencies. Corequisites: RSCI:4130 and RSCI:4160, if not taken as prerequisites. Requirements: acceptance to B.S. radiation sciences RT/CVI track.

RSCI:4180 Vascular Interventional Clinical Internship
4,6 s.h.
Scheduled vascular-interventional clinical time at UI Hospitals and Clinics; labs specialize in peripheral, neuro- and non-vascular procedures; competency and objective-based education; clinical performance evaluations providing constructive feedback from VI staff and clinical coordinator; clinical coordinator facilitates schedules, rotations, learning objectives, evaluations, and competencies. Corequisites: RSCI:4140 and RSCI:4150, if not taken as prerequisites. Requirements: acceptance to B.S. radiation sciences RT/CVI track.

RSCI:4190 CVI Clinical Internship
2 s.h.
Introduction to VI and CI labs, including basic set up, equipment, and procedures; preparation to spend more concentrated time in each area for future internships; provides 192 hours of clinical experience over a 12-week period. Requirements: acceptance to radiation sciences RT/CVI degree track or CVI clinical internship.

Computed Tomography Program

RSCT:4100 Sectional Anatomy for Imaging Sciences
3 s.h.
Sectional anatomy identifiable on computed tomography and magnetic resonance imaging, including transverse, coronal, and sagittal planes. Prerequisites: ACB:3110 or ACB:3113 or HHP:1100 or ACB:1199.

RSCT:4105 Computed Tomography Clinical Internship I
1,6 s.h.
Clinical internship scheduled at UI Hospitals and Clinics; rotation through CT scanners, 3-D lab, and radiation therapy departments; competency and objective-based education with required clinical performance evaluations; clinical coordinator facilitates schedules, rotations, learning objectives, evaluations, and competencies; experience facilitated by CT technologists, radiologists, residents, and coordinator; participation in routine and advanced CT scans; performance expectations become progressively higher as student gains experience and skills. Requirements: acceptance to B.S. radiation sciences RT/CT track.

RSCT:4110 CT/MRI Pathology
3 s.h.
Common pathological conditions found in CT and MRI images; protocol appearance variations; units of CNS, musculoskeletal, neck/thorax, and abdominopelvic pathology; textbook readings, in-class discussions, special projects including case studies and presentations. Requirements: concurrent enrollment in RSCT:4100, if not taken as a prerequisite, or at least 3 months fulltime CT/ MRI clinical experience.

RSCT:4115 Computed Tomography Clinical Internship II
3 s.h.
CT scanners, 3-D lab, and radiation therapy department rotation at University of Iowa Hospitals and Clinics; competency and objective-based education with required clinical performance evaluations; clinical coordinator facilitates schedule, rotations, learning objectives, evaluations, and competencies; experience facilitated by CT technologists, radiologists, residents, and coordinator; participation in routine and advanced CT scans; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSCI:4105.

RSCT:4120 Computed Tomography Procedures I
3 s.h.
Computed tomography procedures of the head, neck, thorax, mediastinum, abdomen, and pelvis; positioning techniques, patient preparation, monitoring and care, indications and contraindications for procedures; contrast media usage; basic protocol information with adjustments to tailor procedures for patient’s indications; brief units on patient care relevant to CT; CT parameters and equipment. Corequisites: RSCT:4100. Requirements: acceptance to B.S. radiation sciences RT/CT track or ARRT primary certification in radiologic technology, nuclear medicine, or radiation therapy.

RSCT:4125 Computed Tomography Procedures II
3 s.h.
Imaging information in musculoskeletal exams, 3-D reconstruction, CTAs; cardiac, including gating, biopsies, drains, post-myelography, radiation therapy planning, and 4-D imaging; CT arthrography, PET/CT, SPECT/CT, virtual colonoscopy; procedure indications and contraindications, patient and room preparation, positioning techniques, contrast media usage, and scan parameters; basic protocol information and how to tailor procedures to a patient’s indications. Prerequisites: RSCT:4120. Corequisites: RSCI:4110, if not taken as a prerequisite.

RSCT:4130 Computed Tomography Physical Principles and QC
4 s.h.
Physical principles and instrumentation; historical development and evolution of CT; characteristics of radiation, beam attenuation, linear attenuation coefficients, tissue characteristics, Hounsfield numbers, data acquisition, image manipulation techniques, tube configuration, collimation design and function, detectors, image quality factors, functions of CT computer and array processor; image processing and display examined from data acquisition through postprocessing and archiving; radiation protection practices and QC. Requirements: acceptance to B.S. radiation sciences RT/CT degree track or ARRT primary certification in radiologic technology, nuclear medicine, or radiation therapy.

**RSCT:4140 Computed Tomography Clinical Internship**  
6 s.h.

Completion of clinical documentation needed to take the ARRT certification examination in computed tomography; 32 hours per week in UI Healthcare’s computed tomography department. Corequisites: RSCT:4120 and RSCT:4130, if not taken as prerequisites. Requirements: ARRT primary certification in radiologic technology, nuclear medicine, or radiation therapy; and acceptance to CT internship.

**RSCT:4215 Computed Tomography Clinical Internship III**  
3 s.h.

CT scanners, 3-D lab, and radiation therapy department rotation at University of Iowa Hospitals and Clinics; competency and objective-based education with required clinical performance evaluations; clinical coordinator facilitates schedule, rotations, learning objectives, evaluations, and competencies; experience facilitated by CT technologists, radiologists, residents, and coordinator; participation in routine and advanced CT scans; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSCT:4115.

**Magnetic Resonance Imaging Program**

**RSMR:4110 Fundamentals for the MRI Technologist**  
3 s.h.

Care-giving skills specific to patients undergoing MRI examinations, including techniques in effectively communicating for safety and comfort; maintaining patient and personnel safety; patient preparation, monitoring, and venipuncture; technologist’s role in a wide variety of MRI examinations and patient conditions. Prerequisites: RSMR:4110. Requirements: acceptance to B.S. radiation sciences RT/MRI track or ARRT primary certification in radiologic technology, nuclear medicine, or radiation therapy.

**RSMR:4120 MRI Procedures I**  
4 s.h.

Imaging techniques related to central nervous and musculoskeletal systems; specific clinical applications; available coils and their use; considerations in imaging parameters; specific choices in protocols and positioning criteria; anatomical structures and the plane that best demonstrates anatomy; signal characteristics of normal and abnormal structures. Prerequisites: RSCT:4100 and RSMR:4110. Requirements: concurrent registration in RSMR:4110, if not taken as a prerequisite; or three months MRI experience.

**RSMR:4130 MRI Procedures II**  
3 s.h.

MRI techniques related to neck, thorax, breast, abdomen, and pelvis; specific clinical applications; available coils and their use; considerations in imaging parameters; specific choices in protocols and positioning criteria. Prerequisites: RSMR:4120.

**RSMR:4140 MRI Acquisition and Principles I**  
3 s.h.

Physics and hardware used in obtaining a magnetic resonance signal, including magnetism, NMR signal production, tissue characteristics, spatial localization, pulse sequencing, imaging parameters and options, and special applications; exploration of skills useful in maximizing MR image quality. Prerequisites: RSMR:4110. Requirements: concurrent registration in RSMR:4110, if not taken as a prerequisite; or three months MRI experience.

**RSMR:4150 MRI Acquisition and Principles II**  
3 s.h.

Advanced MRI techniques; MR angiography and further investigation of fast image acquisition sequences; overview of MR magnets, installation, operation, and facility design; computers and digital image acquisition as they apply to MR; outline of quality assurance procedures. Prerequisites: RSMR:4140.

**RSMR:4160 MRI Clinical Internship I**  
2,3,6 s.h.

MRI clinical internship scheduled at UI Hospitals and Clinics; rotation through each MRI department scanning room; competency and objective-based education with required clinical performance evaluations; clinical preceptor facilitates schedules, rotations, learning objectives, evaluations, and competencies; experience facilitated by MRI technologists, radiologists, residents, and preceptor; participation in routine and advanced MRI scans; performance expectations become progressively higher as student gains experience and skills. Prerequisites: RSMR:4110. Corequisites: RSMR:4120 and RSMR:4140, if not taken as prerequisites. Requirements: acceptance to B.S. radiation sciences RT/MRI track.

**RSMR:4170 MRI Clinical Internship II**  
3,6 s.h.

MRI clinical internship scheduled at UI Hospitals and Clinics; rotation through each MRI department scanning room; competency and objective-based education with required clinical performance evaluations; clinical preceptor facilitates schedules, rotations, learning objectives, evaluations, and competencies; experience facilitated by MRI technologists, radiologists, residents, and preceptor; participation in routine and advanced MRI scans; performance expectations become progressively higher as student gains experience and skills. Prerequisites: RSMR:4160. Corequisites: RSMR:4140, if not taken as a prerequisite. Requirements: acceptance to B.S. radiation sciences RT/MRI track.
RSMR:4175 MRI Clinical Internship III 4 s.h.
Rotation through MRI department scanning rooms at University of Iowa Hospitals and Clinics; competency and objective-based education with required clinical performance evaluations; clinical preceptor facilitates schedules, rotations, learning objectives, evaluations, and competencies; experience facilitated by MRI technologists, radiologists, residents, and preceptor; participation in routine and advanced MRI scans; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSMR:4170.

Diagnostic Medical Sonography Program

RSMS:3100 Cardiac Sonography I 3 s.h.
Normal sonographic anatomy, exam protocols, imaging techniques, and basic pathology of human heart. Prerequisites: RSCT:4100. Corequisites: RSMS:3110, if not taken as a prerequisite. Requirements: acceptance to radiation sciences MS degree track or successful completion of two-year radiologic technology or diagnostic medical sonography program.

RSMS:3101 Cardiac Sonography I Lab 1 s.h.
Simulated application of basic sonographic cardiac imaging; clinical history analysis. Corequisites: RSMS:3100. Requirements: acceptance to radiation sciences MS degree track.

RSMS:3110 Foundations of Sonography 3 s.h.
Sonography history, ergonomics, terminology, image orientation; basic theories of sound waves, echo production, transducers, equipment operation, body imaging, Doppler, hemodynamics. Requirements: PHYS:1400 or radiologic technology program physics course or diagnostic medical sonography physics course.

RSMS:3111 Foundations of Sonography Lab 1 s.h.
Sonography history, ergonomics, terminology, image orientation; basic theories of sound waves, echo production, transducers, equipment operation, body imaging, Doppler, and hemodynamics. Corequisites: RSMS:3110.

RSMS:3115 Diagnostic Medical Sonography Clinical Internship I 2 s.h.
Development of basic understanding of sonography clinical environment and professional practice standards; experience in health care setting. Requirements: acceptance to radiation sciences MS degree track.

RSMS:3120 Abdominal Sonography I 3 s.h.
Embryology, anatomy, and physiology of various abdominal structures imaged sonographically: abdominal vasculature, hepatobiliary system, pancreas, urinary system, adrenals, spleen, male anatomy; proper sonographic imaging techniques, including appearance of normal anatomy, imaging protocol, proper instrument settings. Prerequisites: RSCT:4100. Corequisites: RSMS:3110, if not taken as a prerequisite. Requirements: successful completion of a two-year radiologic technology or diagnostic medical sonography program.

RSMS:3121 Abdominal Sonography I Lab 1 s.h.
Simulated application of basic sonographic abdominal imaging, normal anatomy, examination protocols, and clinical history analysis. Corequisites: RSMS:3120. Requirements: acceptance to radiation sciences MS degree track.

RSMS:3130 Obstetrical and Gynecological Sonography I 3 s.h.
Embryology, anatomy, and physiology of the female reproductive system and developing fetus; proper sonographic imaging techniques, including appearance of normal anatomy, imaging protocol, proper instrument settings. Prerequisites: RSCT:4100. Corequisites: RSMS:3110, if not taken as a prerequisite. Requirements: successful completion of a two-year radiologic technology or diagnostic medical sonography program.

RSMS:3131 Obstetrical and Gynecological Sonography I Lab 1 s.h.
Simulated application of basic sonographic obstetrical and gynecological imaging; clinical history analysis. Corequisites: RSMS:3131. Requirements: acceptance to radiation sciences MS degree track.

RSMS:3140 Vascular Sonography I 3 s.h.
Embryology, anatomy, and physiology of peripheral and cerebral vascular system; normal and abnormal hemodynamics, Doppler waveforms, pressure measurements, plethysmography, sonographic appearance, scanning techniques; common types of pathology of the lower extremity arterial and venous system, cerebrovascular system. Prerequisites: RSCI:4110. Corequisites: RSMS:3110, if not taken as a prerequisite. Requirements: successful completion of a two-year radiologic technology or diagnostic medical sonography program.

RSMS:3141 Vascular Sonography I Lab 1 s.h.
Simulated application of basic sonographic vascular imaging, vascular physiologic testing, and clinical history analysis. Corequisites: RSMS:3140. Requirements: acceptance to radiation sciences MS degree track.

RSMS:3150 Cardiac Physiology and Hemodynamics 3 s.h.
Analysis of cardiac physiology, hemodynamics, diagnostic testing, and evaluation techniques specifically related to sonographic imaging. Prerequisites: RSCI:4130. Corequisites: RSMS:3110, if not taken as a prerequisite. Requirements: acceptance to radiation sciences MS degree track, or successful completion of two-year radiologic technology or diagnostic medical sonography program.

RSMS:3205 Cardiac Sonography II 3 s.h.
Sonographic evaluation of advanced pathophysiology of human heart; sonographic appearance, imaging techniques, and exam modification. Prerequisites: RSMS:3100.

RSMS:3206 Cardiac Sonography II Lab 1 s.h.
RSMS:3215 Diagnostic Medical Sonography Clinical Internship II
Development of basic skills for sonographic imaging and physiologic vascular testing in health care setting. Prerequisites: RSMS:3115. Requirements: acceptance to radiation sciences MS degree track.

RSMS:3230 Sonography Principles, Physics, and Instrumentation
Physical principles of sound waves, their applications to imaging of the human body, operation and physical characteristics of various ultrasound transducers, method by which the sound wave is converted into a visual image, instrumentation components and their functions, Doppler principles, image artifacts, advanced hemodynamics, and spectral Doppler waveform analysis. Prerequisites: RSMS:3110.

RSMS:3231 Sonography Principles, Physics, and Instrumentation Lab
Simulated application of sonographic imaging; emphasis on physics principles; instrumentation and quality assurance testing. Corequisites: RSMS:3230. Requirements: acceptance to radiation sciences MS degree track.

RSMS:3240 Abdominal Sonography II
Pathophysiology of abdominal structures imaged sonographically, including the GI system, abdominal wall, peritoneal, retroperitoneal, and superficial structures from RSMS:3120; interventional sonographic procedures (aspirations, biopsies, intraoperative procedures, sterile technique, needle-guide use); post-procedure protocol; clinical findings, laboratory studies, prognosis correlated with sonographic findings; appropriate image analysis and documentation of pathology. Prerequisites: RSMS:3120.

RSMS:3250 Obstetrical and Gynecological Sonography II
Sonographically-related pathological and abnormal congenital conditions of gynecology and obstetrics, infertility, assisted reproductive therapy, invasive procedures in obstetrics and gynecology, postpartum complications and maternal-fetal bonding; clinical findings, laboratory studies, and prognosis correlated with sonographic findings; appropriate image analysis and documentation of pathology. Prerequisites: RSMS:3130.

RSMS:3260 Breast Sonography
Embryology, anatomy, physiology, and pathophysiologic of the breast as it relates to sonographic imaging; proper sonographic imaging techniques, including appearance of normal anatomy, imaging protocol, proper instrument settings; sonographic findings of diseases involving the breast. Prerequisites: RSMS:3110. Requirements: successful completion of a two-year radiologic technology or diagnostic medical sonography program.

RSMS:3270 Vascular Sonography II
Pathophysiology of peripheral, cerebral, and abdominal vascular systems as evaluated sonographically; normal and abnormal hemodynamics, Doppler waveforms, pressure measurements, plethysmography, sonographic appearance, scanning techniques; sonographic findings of diseases involving the lower extremity arterial and venous system, upper extremity arterial and venous system, cerebrovascular system, and abdominal vascular system. Prerequisites: RSMS:3140.

RSMS:3300 Neurosonography
Normal sonographic anatomy, exam protocols, imaging techniques, and pathology of neonatal brain and pediatric spinal cord. Prerequisites: RSMS:3110. Requirements: acceptance to a radiation sciences degree track, or successful completion of two-year radiologic technology or diagnostic medical sonography program.

RSMS:3315 Diagnostic Medical Sonography Clinical Internship III
Development of skills for sonographic imaging and physiologic vascular testing in health care setting. Prerequisites: RSMS:3215. Requirements: acceptance to radiation sciences MS degree track.

RSMS:3325 Abdominal Sonography II Lab
Simulated application of advanced sonographic abdominal imaging and clinical history analysis. Corequisites: RSMS:3240, if not taken as prerequisite. Requirements: acceptance to radiation sciences MS degree track.

RSMS:3376 Vascular Sonography II Lab
Simulated application of advanced sonographic vascular imaging; non-imaging vascular physiologic testing; clinical history analysis. Corequisites: RSMS:3270, if not taken as prerequisite. Requirements: acceptance to radiation sciences MS degree track.

RSMS:4100 Diagnostic Medical Sonography I
0,9 s.h.

RSMS:4110 Advanced Sonography
3 s.h.
Exploration of advanced sonographic imaging techniques and new technologies. Prerequisites: RSMS:3240 and RSMS:3250.

RSMS:4111 Advanced Sonography Lab
1 s.h.
Simulated application of advanced sonographic imaging techniques and new technologies. Prerequisites: RSMS:4110. Requirements: acceptance to radiation sciences MS degree track.

RSMS:4115 Diagnostic Medical Sonography Clinical Internship IV
Development of high-level skills for sonographic imaging and physiologic vascular testing in health care setting. Prerequisites: RSMS:3315. Requirements: acceptance to radiation sciences MS degree track.

RSMS:4120 Advanced Cardiac Sonography
3 s.h.
Advanced cardiac sonographic imaging techniques, quantifications, and new technologies. Prerequisites: RSMS:3205.

RSMS:4121 Advanced Cardiac Sonography Lab
1 s.h.

RSMS:4150 Diagnostic Cardiac Sonography 0 s.h.
Principles, methods in using ultrasound; specialties including adult and stress echocardiography; six-month program; national certification examination required at completion of program. Requirements: completion of an accredited medical sonography or vascular technology program.

RSMS:4200 Diagnostic Medical Sonography II 0,9 s.h.
Principles and methods in using ultrasound as an imaging modality; abdomen, obstetrics and gynecology, neurosonography, and vascular technology specialties; 18-month program; national certification required at completion. Requirements: completion of an allied health program or bachelor's degree with course work in physics, anatomy, patient care, and algebra.

RSMS:4215 Diagnostic Medical Sonography Clinical Internship V 5 s.h.
Development of advanced skills for sonographic imaging and physiologic vascular testing in health care setting. Prerequisites: RSMS:4115. Requirements: acceptance to radiation sciences MS degree track.

RSMS:4220 Multidisciplinary Capstone Seminar 3 s.h.
Completion of student preparation for professional work environment; case-based learning. Prerequisites: RSMS:4110.

RSMS:4250 Cardiac Sonography Clinical Course 0 s.h.
Using ultrasound as an imaging modality; specialties, including adult echocardiography, stress echocardiography; six-month program; national certification examination required at completion. Requirements: completion of an accredited medical sonography or vascular technology program.

RSMS:4300 Diagnostic Medical Sonography III 0,3 s.h.
Prerequisites: RSMS:4200. Requirements: completion of an allied health program or bachelor's degree with course work in physics, anatomy, patient care, medical technology, and algebra.

RSMS:4400 Diagnostic Medical Sonography IV 0,9 s.h.
Principles and methods in using ultrasound as an imaging modality; specialties including abdomen, pediatrics, obstetrics, gynecology, interventional procedures, vascular imaging, neurosonography; 18-month program; national certification examination required at completion. Requirements: completion of an allied health program or bachelor's degree with course work in physics, anatomy, patient care, medical technology, and algebra.

RSMS:4500 Diagnostic Medical Sonography V 0,6 s.h.
Prerequisites: RSMS:4400. Requirements: completion of an allied health program or bachelor's degree with course work in physics, anatomy, patient care, medical technology, and algebra.

Radiation Sciences Program

RSP:1100 Introduction to the Radiation Sciences 1 s.h.
Exploration of radiation sciences field (radiologic technology, nuclear medicine and PET, diagnostic medical sonography, radiation therapy, computed tomography, magnetic resonance imaging, cardiovascular interventional); introduction to basic principles and modalities associated with the field in preparation for application to radiation sciences or nuclear medicine technology major.

RSP:2110 Pathology for Radiation Sciences 2 s.h.
General pathologic processes; introduction to imaging modalities; pathological terms that describe the body's response to stress and disease; how the body responds to and forms pathological diseases (e.g., infectious and parasitic diseases, inflammation and repair, immunopathology, neoplasia, genetic disorders, dietary deficiencies and excesses, hemodynamic disorders, trauma and emergencies). Requirements: acceptance to radiation science degree track.

RSP:2120 Patient Care for the Radiation Sciences 3 s.h.
Foundation for providing care to clients during radiographic examinations; taking medical histories, basic life support, medical emergencies, vital sign assessment, body mechanics, infection control, sterile techniques, intravenous equipment, administration; advance concepts in client assessment and monitoring, including evaluation and monitoring of clients in pain, and clients in acute and chronic states of illness; communication techniques, role playing. Requirements: acceptance to radiation science degree track.

RSP:3130 Radiation Safety and Radiobiology 2 s.h.
Instruction on safe operation of radiation producing equipment and handling of radioactive materials; origin and/or derivation of certain formulae and techniques useful in radiation protection programs; regulatory agencies, regulations, and regulatory guides pertinent to student's field; emphasis on applied aspects of radiation protection; characteristics and biological effects of ionizing radiations, properties and uses of radioisotopes, medical applications, and biological basis for protection procedures. Requirements: enrollment in radiation sciences or nuclear medicine technology program. Same as FRRB:3130.

RSP:3210 Medical Ethics and Law 2 s.h.
Introduction to ethical reasoning and problem solving; integration of knowledge about patient care and ethical/legal issues which occur in process of providing care; ethical principles of autonomy, beneficence, justice, nonmaleficence, paternalism, Patient's Bill of Rights, resolving moral dilemmas; legal principles of malpractice, intentional torts, negligence. Requirements: radiation science or nuclear medicine technology major.
Radiologic Technology Program

RSRT:2110 Radiographic Procedures and Analysis I
Introduction to radiographic positioning principles; technical, positioning, and analysis information needed to perform and evaluate images of chest and abdomen on adult and pediatric patients; emphasis on quality patient care and adaptation to a variety of client conditions; labs. Prerequisites: (ACB:1199 or ACB:3110 or ACB:3113 or HHP:1100) and CLSA:3750. Requirements: acceptance to radiation sciences RT/CT, CVI, or MRI degree track.

RSRT:2120 Radiologic Technology Clinical Internship I
Student rotations through different radiography-related areas of University of Iowa Hospitals and Clinics; assist, practice, and test radiographic examinations learned in didactic setting; skill building for care and management of patients; conduction of performance assessments and completion of guideline objectives for each rotation; performance expectations become progressively higher as students gain experience and skills. Requirements: acceptance to radiation sciences RT/CT, CVI, or MRI degree track.

RSRT:2215 Radiographic Procedures and Analysis II
Technical, positioning, and analysis information needed to perform and evaluate images of upper and lower extremity, shoulder, and gastrointestinal and biliary radiographic procedures; emphasis on quality patient care and adaptation to a variety of client conditions; labs. Prerequisites: RSRT:2110.

RSRT:2225 Radiologic Technology Clinical Internship II
Student rotation through different radiography-related areas of University of Iowa Hospitals and Clinics; assist, practice, and test radiographic examinations learned in didactic setting; skill building for care and management of patients; conduction of performance assessments and completion of guideline objectives for each rotation; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSRT:2120.

RSRT:2325 Radiologic Technology Clinical Internship III
Student rotation through different radiography-related areas of University of Iowa Hospitals and Clinics; assist, practice, and test radiographic examinations learned in didactic setting; skill building for care and management of patients; conduction of performance assessments and completion of guideline objectives for each rotation; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSRT:2225.

RSRT:3115 Radiographic Procedures and Analysis III
Technical, positioning, and analysis information needed to perform and evaluate images of hip, pelvis, thorax, skull, and GU system radiographic procedures; emphasis on quality patient care and adaptation to a variety of client conditions; labs. Prerequisites: RSRT:2225.

RSRT:3125 Radiologic Technology Clinical Internship IV
Student rotation through different radiography-related areas of University of Iowa Hospitals and Clinics; assist, practice, and test radiographic examinations learned in didactic setting; skill building for care and management of patients; conduction of performance assessments and completion of guideline objectives for each rotation; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSRT:2325.

RSRT:3140 Radiographic and Digital Imaging
Factors that govern and influence production of radiographic image; X-ray and scatter production; patient interactions; function of kVp, mAs, and distance as applied to contrast and spatial resolution; practical issues concerning automatic exposure control and grid usage; labs to practice and apply theoretical principles associated with production of quality images. Prerequisites: MATH:1020 or MATH:1440. Requirements: acceptance to radiation sciences RT/CT, CVI or MRI degree track.

RSRT:3210 Radiographic and Digital Quality Control Lab
Exploration and performing radiographic and digital quality control tests.

RSRT:3215 Radiographic Procedures IV
Technical, positioning, and analysis information needed to perform and evaluate images performed in advanced radiographic procedures; emphasis on quality patient care and adaptation to a variety of client conditions. Prerequisites: RSRT:3115.

RSRT:3225 Radiologic Technology Clinical Internship V
Student rotation through different radiography-related areas of University of Iowa Hospitals and Clinics; assist, practice, and test radiographic examinations learned in didactic setting; skill building for care and management of patients; conduction of performance assessments and completion of guideline objectives for each rotation; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSRT:3215.
RSRT:3230 Radiographic Physics and Imaging Equipment 4 s.h.
Characteristics of atomic structure, electricity, and X-ray machines; properties of X-rays and their interaction with matter; measurement of radiation exposure; construction principles and theories of operation of specialized imaging equipment, including fundamentals of acquisition for imaging intensification, geometric tomography, mobile/ portable radiography, and magnification principles. Prerequisites: MATH:1020 or MATH:1440.

RSRT:3325 Radiologic Technology Clinical Internship VI 2 s.h.
Student rotation through different radiography-related areas of University of Iowa Hospitals and Clinics; assist, practice, and test radiographic examinations learned in didactic setting; skill building for care and management of patients; conduction of performance assessments and completion of guideline objectives for each rotation; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSRT:3225.

RSRT:4125 Radiologic Technology Clinical Internship VII 1 s.h.
Student rotation through different radiography-related areas of University of Iowa Hospitals and Clinics; assist, practice, and test radiographic examinations learned in didactic setting; skill building for care and management of patients; conduction of performance assessments and completion of guideline objectives for each rotation; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSRT:4125.

Radiation Therapy Program

RSTH:3100 Introduction to Radiation Therapy 2 s.h.
Introduction to cancer as a disease; defining methods to treat cancer with emphasis on radiation therapy; simulation, planning, and treatment delivery of radiation therapy. Prerequisites: ACB:1199 and CLSA:3750. Requirements: acceptance to radiation sciences therapy program.

RSTH:3110 Medical Physics I 2-3 s.h.
Introduction to radiation used in clinical setting; fundamental physical units, measurements, principles, atomic structure and types of radiation; X-ray generating equipment, X-ray production, and its interaction with matter. Requirements: acceptance to radiation sciences therapy program, and maxillofacial or radiation oncology resident. Same as FRRB:3110.

RSTH:3120 Radiation Therapy Clinical Internship I 3 s.h.
Student rotations through different radiation therapy related areas; assist, practice, and test radiation therapy principles learned in didactic setting; skill building for care and management of patients; conduction of performance assessments and completion of guideline objectives for each rotation; performance expectations become progressively higher as students gain experience and skills. Requirements: acceptance to radiation sciences therapy program.

RSTH:3205 Principles of Radiation Therapy I 2 s.h.
Didactic and laboratory work in principles of radiation therapy; historic and current aspects of cancer treatment; role of radiation therapist; patient care, treatment delivery accessories, tumor localization treatment delivery protocols. Prerequisites: RSTH:3100. Requirements: enrollment in radiation sciences therapy program.

RSTH:3215 Medical Physics II 2-3 s.h.
Treatment units used in external radiation therapy; beam calculations, isodose distributions, brachytherapy, quality assurance and quality management, protection and safety. Prerequisites: RSTH:3110. Same as FRRB:3215.

RSTH:3225 Radiation Therapy Clinical Internship II 3 s.h.
Student rotations through different radiation therapy related areas; assist, practice, and test radiation therapy principles learned in didactic setting; skill building for care and management of patients; conduction of performance assessments and completion of guideline objectives for each rotation; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSTH:3120. Requirements: acceptance to radiation sciences therapy program.

RSTH:3325 Radiation Therapy Clinical Internship III 6 s.h.
Student rotations through different radiation therapy related areas; assist, practice, and test radiation therapy principles learned in didactic setting; skill building for care and management of patients; conduction of performance assessments and completion of guideline objectives for each rotation; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSTH:3225. Requirements: acceptance to radiation sciences therapy program.

RSTH:4100 Radiation Therapy I 0,12 s.h.
Theory and techniques of radiation therapy technology; emphasis on areas of oncology treatment planning, treatment set-up, dosimetry, use of megavoltage radiation-producing equipment to administer treatments. Requirements: completion of radiologic technology program and eligibility for registration with a national certification program.

RSTH:4105 Principles of Radiation Therapy II 2 s.h.
Evaluation and management of neoplastic disease using knowledge in arts and sciences; critical thinking and basis of ethical clinical decision making; epidemiology, etiology, detection, diagnosis, patient condition, treatment and prognosis of neoplastic disease. Prerequisites: RSTH:3205. Requirements: enrollment in radiation sciences therapy program.

**RSTH:4125 Radiation Therapy Clinical Internship IV**
4 s.h.
Student rotations through different radiation therapy related areas; assist, practice, and test radiation therapy principles learned in didactic setting; skill building for care and management of patients; conduction of performance assessments and completion of guideline objectives for each rotation; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSTH:3325. Requirements: acceptance to radiation sciences therapy program.

**RSTH:4200 Radiation Therapy II**
0,12 s.h.
Theory and techniques of radiation therapy technology; emphasis on areas of oncology treatment planning, treatment set-up, dosimetry, use of megavoltage radiation-producing equipment to administer treatment; one-year program ending in eligibility for national certification examination in radiation therapy. Prerequisites: RSTH:4100. Requirements: graduation from an accredited radiography program and eligibility for registration with a national certification program.

**RSTH:4225 Radiation Therapy Clinical Internship V**
4 s.h.
Student rotations through different radiation therapy related areas; assist, practice, and test radiation therapy principles learned in didactic setting; skill building for care and management of patients; conduction of performance assessments and completion of guideline objectives for each rotation; performance expectations become progressively higher as students gain experience and skills. Prerequisites: RSTH:4125. Requirements: acceptance to radiation sciences therapy program.

**RSTH:4230 Radiation Therapy Capstone**
3 s.h.
Professional development; review of concepts. Requirements: acceptance to radiation sciences therapy program.

**RSTH:4300 Radiation Therapy III**
0,6 s.h.
Prerequisites: RSTH:4200.
Radiology

Interim head

Faculty: http://www.medicine.uiowa.edu/radiology/people/
Web site: http://www.medicine.uiowa.edu/radiology/

The Department of Radiology has a three-fold mission of education, research, and patient care. It trains Doctor of Medicine students, residents, and fellows and offers programs for medical professionals. It is a leader in innovative research relating to diagnosis and treatment across the clinical subspecialties, including MRI, PET, breast imaging, cardiac and pulmonary imaging, and imaging informatics. Residents, fellows, medical students, and graduate students have opportunities to participate in research projects in the department. The radiology library provides varied resources and services for department faculty and staff.

The department also provides diagnostic and therapeutic radiology services for patients and families in Iowa and surrounding states through its clinical services at University of Iowa Hospitals and Clinics. Visit the Department of Radiology web site to learn more about the department's activities and resources.

Undergraduate Education

The Department of Radiology offers clinical education to students in the Nuclear Medicine Technology (p. 1060) and Radiation Sciences (p. 1092) Programs.

M.D. Student Training

The Department of Radiology offers a clerkship for Doctor of Medicine students and provides additional courses, research experiences, and externships for students interested in learning more about radiology. Several of the department's programs are open to medical students from other institutions. See Medical Student Education Programs and Externship Program on the Department of Radiology web site.

Residency Programs, Fellowships

The department offers two residency programs: one in diagnostic radiology and one in nuclear medicine. Fellowships are available in the following specialties: body imaging, breast imaging, musculoskeletal radiology, neuroradiology, pediatric radiology, and PET-CT imaging. Practicing radiologists have access to several departmental traineeships that provide category 1 continuing medical education credit through the Carver College of Medicine; see Traineeships on the Department of Radiology web site.

Courses

RAD:8301 Clinical Radiology 2 s.h.
Two-week clerkship. Requirements: M.D. enrollment.

RAD:8401 Advanced Clinical Radiology arr.
Requirements: M.D. enrollment.

RAD:8402 Vascular and Interventional Radiology arr.
Requirements: M.D. enrollment.

RAD:8498 Radiology On Campus arr.
Requirements: M.D. enrollment.

RAD:8499 Radiology Off Campus arr.
Requirements: M.D. enrollment.
Stead Family Department of Pediatrics

Chair

- Raphael Hirsch

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Pediatrics
Web site: http://www.medicine.uiowa.edu/pediatrics/

The Stead Family Department of Pediatrics provides a solid foundation for M.D. students and postgraduate trainees. It offers extensive opportunities for general pediatrics and subspecialties training.

Affiliated programs add depth to the educational program in community pediatrics and primary care. The department is affiliated with the child and material health programs of the Bureau of Family Health, Iowa Department of Public Health; the University of Iowa Children's Hospital; the Center for Disabilities and Development; the Blank Children's Hospital in Des Moines; and community sites.

M.D. Student Training

Didactic lectures and physical examination of newborns, toddlers, and older children provide M.D. students with their initial pediatric patient contact. This experience includes taking a history, performing a physical examination, appraisal of growth and development, nutrition, and symptomatology of newborns, toddlers, and adolescents.

For junior and senior medical students, the inpatient service provides training in the complex problems of disease and critical illness. Students participate in daily rounds involving general pediatrics and all subspecialties. Challenging and interesting cases are presented for discussion of diagnosis and treatment.

Outpatient experience, available in the junior clerkship and fourth-year electives, stresses principles and practices required for the maintenance of children's health, treatment of common general pediatric disorders, and the diagnosis and treatment of subspecialty ambulatory patients.

Residency Program, Fellowships

The department offers an accredited three-year residency program designed to prepare trainees for professional careers in general pediatrics or for further fellowship training. The program meets the eligibility requirements of the American Board of Pediatrics (ABP) and is approved for 13 residents per year by the Accreditation Council for Graduate Medical Education (ACGME).

Fellowships are available in multiple specialties and subspecialties. Fellowship programs encourage development of knowledge and skill through research and clinical orientations in the chosen discipline. Upon satisfactory completion of the program, fellows meet the ABP eligibility requirements in their subspecialty.

Facilities

The Stead Family Department of Pediatrics has inpatient and outpatient facilities in the University of Iowa Children's Hospital at University of Iowa Hospitals and Clinics. Additional outpatient facilities are located at Iowa River Landing in Coralville.

The pediatric inpatient service has approximately 120 beds, and more than 50,000 patients are seen each year in the general, specialty, continuity care, and field clinics and in the University's Emergency Department. The Center for Disabilities and Development provides resources for children with developmental disabilities, cerebral palsy, or mental retardation.

The department maintains a number of laboratories that perform both clinical and research studies.

Courses

PEDS:6101 Primary Care: Infants, Children, and Adolescents II

Enhancement of clinical knowledge and skills for infant, child, adolescent care; development and refinement of knowledge and skills in primary health care delivery.

PEDS:7245 Evaluation of Children with ADHD and LD
Clinical experience in conducting pediatric neuropsychology examinations in the Pediatric Attention/ Learning Disorders Clinic. Requirements: course on psychological testing (including IQ) and graduate psychology standing (school, counseling, rehabilitation, clinical). Same as PSQF:7245.

PEDS:7251 Clinical Pediatric Neuropsychology
Learning and behavior disorders resulting from central nervous system dysfunction; clinical experience in assessment of cognitive, behavioral patterns.

PEDS:7252 Assessment of Attention Deficit Disorder

PEDS:7253 Assessment of Behavior Disorders
Experience in diagnostic and behavioral assessments of children with conduct disorders.

PEDS:7255 Autism Spectrum Disorders
Overview of autism spectrum disorders (ASDs), including autistic disorder, Asperger’s disorder, other pervasive developmental disorders; ASD diagnoses and their etiology; tools used in assessing individuals with ASDs; common interventions for ASDs; resources for work with individuals who have ASDs.

PEDS:7256 Pediatric Psychology Inpatient Practicum

1-3 s.h.
Knowledge and practical skills in implementing psychological practice with hospitalized pediatric patients; referrals include challenging behaviors (e.g., treatment adherence, disruptive behaviors), neurocognitive assessment (e.g., child with seizure disorder, child with TBI), and social-emotional evaluation; how to consult with medical teams and work with families with children who have acute and chronic health conditions, including asthma, diabetes, cancer, brain tumors, burns, head injury. Requirements: enrollment in an applied doctoral program in a psychological field. Recommendations: completion of a practicum in an outpatient Pediatric Psychology Clinic.

**Peds:7258 Seminar in Pediatric Psychology**
- 2 s.h.

Basic introduction to the field of pediatric psychology; professional issues in pediatric psychology; consultation and professional relations with physicians; psychological services in pediatric psychology; specialized populations, such as childhood chronic illness, children's hospitalization and surgery. Requirements: enrollment in an applied doctoral program in a psychological field.

**Peds:7260 Neurobehavioral Assessment and Intervention**
- 1-3 s.h.

Experience evaluating the interaction between a child's neurocognitive profile and their behavior at school and home; interviews with parents/children, assessments to assist in identifying cognitive and learning disorders, behavior analyses to identify interventions; follow-up with families and school teams.

**Peds:7261 Autism Assessment and Behavioral Intervention**
- 1-3 s.h.

Foundation in evidence-supported psychological assessment, behavioral assessment, and/or intervention for children with autism spectrum disorders (ASDs); emphasis on evaluating and providing treatment services to young children with ASDs and their families.

**Peds:7262 Biobehavioral Assessment and Intervention**
- 1-3 s.h.

Experience conducting brief functional assessments and behavioral treatments for children and adults with developmental disabilities; interviews with caregivers, behavioral assessments, matched treatments (e.g., functional communication training); follow-up with caregivers.

**Peds:7263 Evaluation and Treatment of Pediatric Feeding Disorders**
- 1-3 s.h.

Experience evaluating children with varied feeding disorders, such as food overselectivity by texture or type, dependence on gastrostomy or nasogastrostomy tubes, failure to grow adequately due to inadequate caloric intake; methods to evaluate feeding behaviors, evaluate design interventions, and measure outcomes; caregiver training and follow-up.

**Peds:7264 Clinical Applications of Applied Behavior Analysis**
- 1-3 s.h.

Experience behavioral observations, consultation, and/or conducting behavioral assessments (including preference assessments and functional analyses), matched treatments; interviews with care providers, collect behavioral data, conduct behavioral assessments, matched treatments; follow-up with care providers.

**Peds:7265 Research in Applied Behavior Analysis**
- 1-3 s.h.

Experience developing and conducting research in applied behavior analysis; conduct behavioral observations, behavioral assessments, matched treatments; weekly readings and lab meetings; participate in research sessions as data collector or therapist.

**Peds:7300 Pediatric Independent Study**
- Arr.

**Peds:8104 Medical Genetics**
- 2 s.h.

Gene structure and function, basic genetics concepts, application to problems in human disease. Offered fall semesters. Requirements: M.D. enrollment or graduate standing in related health field.

**Peds:8301 Clinical Pediatrics**
- 6 s.h.

Principles, practices of health maintenance and treatment of acute and chronic illnesses in children; emphasis on diagnosis and evaluation, nutrition, behavior problems, disorders affecting children; patient care, daily rounds, ward work. Requirements: third-year M.D. enrollment.

**Peds:8401 Pediatric Inpatient Care Subinternship**
- Arr.

Experience on pediatric inpatient team caring for patients ranging from infants through adolescents; evaluation, formulation of differential diagnoses, diagnostic workups, appropriate therapy programs. Requirements: fourth-year M.D. enrollment.

**Peds:8402 Subinternship in Pediatrics: Blank Children's Hospital, Des Moines**
- Arr.

Experience in the care of general pediatric inpatients; daily rounds and teaching by senior residents and faculty members; daily didactic conferences. Requirements: fourth-year M.D. enrollment.

**Peds:8403 Neonatology (NICU)**
- Arr.

Experience caring for ill neonates, proficiency in using diagnostic tests and procedures; responsibility for care of several infants; reference and literature review, conferences, teaching, clinical rounds. Requirements: fourth-year M.D. enrollment.

**Peds:8404 Critical Care (PICU)**
- 4 s.h.

Direct care of critically ill children in a multidisciplinary medical/surgical/cardiac intensive care unit, under supervision of pediatric residents and staff; participation in educational activities and formal clinical rounds. Requirements: fourth-year M.D. enrollment.

**Peds:8405 Emergency Room Blank Children's Hospital, Des Moines**
- Arr.

Pediatric emergencies and urgent care, proficiency in pediatric medicine procedures; expansion of basic knowledge. Requirements: fourth-year M.D. enrollment.
PEDS:8406 Pediatric Allergy  
Experience in evaluating and treating respiratory and allergic diseases in infants, children, and adolescents. Requirements: fourth-year M.D. enrollment.

PEDS:8407 Pediatric Cardiology  
Participation in clinical activities; observation of cardiac catheterization; experience in cardiac auscultation, ECG, radiography; emphasis on physical diagnosis, approach to heart disease and murmurs in children. Requirements: fourth-year M.D. enrollment.

PEDS:8408 Pediatric Gastroenterology  
Diagnosis, management, treatment of diseases of gastrointestinal tract, liver, pancreas in children; ward rounds, consultations, clinics, diagnostic procedures, conferences. Requirements: fourth-year M.D. enrollment.

PEDS:8409 Pediatric Hematology/Oncology  
Basic concepts of clinical approach to hematologic and oncologic problems in children and adolescents; primarily outpatient experience. Requirements: fourth-year M.D. enrollment.

PEDS:8410 Pediatric Neurology  
Participation in outpatient and inpatient activities, teaching, morning ward rounds. Requirements: fourth-year M.D. enrollment.

PEDS:8411 Child Abuse and Neglect  
Hospital- and community-based multidisciplinary responses to child abuse and neglect; experience developing diagnostic skills to recognize, assess, and report cases of child abuse and neglect. Requirements: fourth-year M.D. enrollment.

PEDS:8412 Developmental and Behavioral Pediatrics  
Normal developmental sequence of gestation and early childhood, impact of environmental influences; antecedents of developmental disabilities; methods to detect cognitive and motor delays in preschool children; long-term consequences of developmental disabilities for children, their families; advantages of interdisciplinary teamwork. Requirements: fourth-year M.D. enrollment.

PEDS:8413 General Pediatric Outpatient Clinic  
Work in general pediatric outpatient clinics with acutely or chronically ill patients and with well children. Requirements: fourth-year M.D. enrollment.

PEDS:8415 Medical Genetics for the Senior Student  
Participation in diagnostic, therapeutic problems; techniques for evaluation, appropriate counseling in genetic cases; conferences. Requirements: fourth-year M.D. enrollment.

PEDS:8416 Neonatal Intensive Care Unit, Blank Children’s Hospital  
Experience equivalent to intern on neonatal intensive care unit teaching service at Blank Children’s Hospital, Des Moines; four-week rotation.

PEDS:8417 Community Pediatric Outpatient Elective  
2 s.h.

Opportunity to participate as active members of a community-based general pediatric office; work directly with community-based faculty and non-physician team members; build on clinical skills developed in M3 pediatric clerkship. Requirements: M.D. enrollment.

PEDS:8420 Pediatric Palliative Care  
Palliative medicine as a specialty which enhances quality of life, reduces suffering for patients with serious illnesses, and provides education and support for their families; interdisciplinary consult team working with patient’s primary medical providers for inpatient or outpatient management of symptoms, goal setting, and decision making; introduction to pediatric palliative care with option to be involved in adult palliative care and local hospice services. Requirements: M.D. enrollment.

PEDS:8421 Pediatric Endocrinology  
Diagnosis, management, and treatment of pediatric endocrine diseases: growth disorders (short stature, tall stature, delayed puberty, precocious puberty), thyroid disorders (hypothyroidism, hyperthyroidism, thyroid nodules), diabetes mellitus, diabetes insipidus, dysgenetic syndromes, ambiguous genitalia, adrenal insufficiency or adrenal steroid excess, and hypopituitarism. Requirements: M.D. enrollment.

PEDS:8431 Pediatric Nephrology  
Introduction to general pediatric nephrology cases and management. Requirements: M.D. enrollment.

PEDS:8450 Continuity of Care in Outpatient General Pediatrics  
Work with experienced general pediatrician in a longitudinal clinical experience for the academic year; paired with faculty pediatrician to see patients in a weekly clinic, provide clinical care to a defined patient population; growth and development, health supervision, and management of common acute and chronic clinical problems. Requirements: fourth-year M.D. enrollment.

PEDS:8495 Pediatric Intensive Care Off Campus  
Arranged by student and department. Requirements: fourth-year M.D. enrollment.

PEDS:8498 Pediatrics On Campus  
Requirements: fourth-year M.D. enrollment.

PEDS:8499 Pediatrics Off Campus  
Requirements: fourth-year M.D. enrollment.
Surgery

Chair

Ronald J. Weigel

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Surgery
Web site: http://www.medicine.uiowa.edu/surgery/

The Department of Surgery offers didactic instruction as well as clinical and other practical experiences for medical students. It also hosts a wide spectrum of clinical and scientific research.

M.D. Student Training

Department of Surgery courses provide a unique combination of experience oriented toward patient care and understanding of surgery’s place among a physician’s skills. Surgery courses are open only to M.D. students and qualified students in associated health sciences.

Students develop an awareness of surgery’s role in the treatment of disease. Emphasis is placed on general surgery, basic emergency surgery, trauma, oncology, burns, gastrointestinal and biliary tract disease, endocrine disease, pediatric surgery, transplantation, plastic and reconstructive surgery, and peripheral vascular surgery.

The majority of surgery courses involve patient-centered discussions and practical exercises interwoven with operating room experience. Lectures and conferences are scheduled regularly on specific topics.

The department offers independent study courses in selected surgery topics and clinical experiences; some are available to fourth-year M.D. students by arrangement with the faculty.

Faculty

The faculty’s strengths center in pathophysiology and problems of severe burns, trauma, organ transplantation, surgical control of morbid obesity, surgical oncology, bowel disease, biliary tract disease, pediatric surgery, endocrine disease, plastic surgery, and vascular surgery.

Facilities

Abundant patient contact provides education in a wide variety of surgical diseases. The Department of Surgery provides training in the only burn unit in Iowa approved by the American College of Surgeons and in the Level I Trauma Center at University of Iowa Hospitals and Clinics.

Laboratories provide equipment, space, and technical expertise to support teaching and a wide spectrum of clinical and scientific research. Projects are available in gastrointestinal surgery, surgical microbiology, peripheral vascular surgery, transplantation, wound healing, organ preservation, vascular surgery, pediatric surgery, and surgical oncology.

Courses

SURG:8301 Clinical Surgery 6 s.h.
Experience as active member of surgical team; work on inpatient units, in clinics and operating room; assist in elective and emergency patient care.

SURG:8401 Advanced General Surgery 4 s.h.
Opportunity to strengthen clinical skills through experiences in the operating rooms, clinics, wards, and intensive care units of University of Iowa Hospitals and Clinics.

SURG:8402 Subinternship in General Surgery 4 s.h.
Responsibility for management of selected surgical inpatients, on a surgical service. Prerequisites: SURG:8301.

SURG:8406 General Surgery, Des Moines, IA 4 s.h.
Care of general surgery patients in private hospital setting. Prerequisites: SURG:8301.

SURG:8407 Intensive Care Unit—Trauma, Iowa Methodist 4 s.h.
Subinternship on trauma service team; evaluation and management of critically ill patients in the emergency room, operating room, intensive care unit. Prerequisites: SURG:8301. Requirements: fourth-year M.D. enrollment.

SURG:8409 General Surgery, Davenport, IA 4 s.h.
Participation in diagnosis and management of general surgical patients under supervision of attending surgeons from Davenport Surgical Group, Genesis Medical Center. Prerequisites: SURG:8301. Requirements: fourth-year M.D. enrollment.

SURG:8411 Multidisciplinary Breast Elective 2,4 s.h.
Evaluation and management of benign and malignant breast diseases; focus on multidisciplinary nature of treatment of breast disease; for students who plan to pursue residency in general surgery, obstetrics and gynecology, family practice, or other field with focus on women’s health. Requirements: M.D. enrollment.

SURG:8498 Surgery On Campus arr.
Surgery on campus; individually arranged. Prerequisites: SURG:8301.

SURG:8499 Surgery Off Campus arr.
Prerequisites: SURG:8301.
Urology

Chair
- Karl J. Kreder

Faculty: http://www.medicine.uiowa.edu/dept_primary_apr.aspx?appointment=Urology
Web site: http://www.medicine.uiowa.edu/urology/

Urology encompasses the subspecialty areas of urologic nephrology, oncology, and endocrinology; male reproductive physiology; erectile dysfunction; neurourology; pediatric urology; urinary tract stone and infection, including endourology; laparoscopic and robotic urology; trauma and reconstructive urology; urodynamics and female urology; diagnostic urology; and urinary tract obstruction.

The Department of Urology offers instruction in all of these areas to M.D. and graduate students and provides continuing education for the delivery of urologic care.

M.D. Student Training

The Department of Urology cooperates with several University of Iowa basic science departments to educate first-year M.D. students in the relationship between urology and the basic sciences. It collaborates with the Department of Microbiology (p. 1050) in teaching and research concerning immunology of genitourinary cancers and renal transplantation.

In the second-year M.D. course, MED:8215 Foundations of Clinical Practice IV ICD, the department presents illustrative lectures and demonstrations related to diagnosis and treatment of genitourinary tract diseases.

Third- and fourth-year M.D. students take Department of Urology courses that provide experience in all areas of urology. The department's selective two-week clerkship covers the fundamentals of these areas through experience in outpatient clinics and inpatient units at University of Iowa Hospitals and Clinics, the Iowa River Landing, and the Iowa City Veterans Affairs Medical Center. Fourth-year M.D. students can take advanced elective courses of intensive study in any of the urologic subspecialties.

Continuing Education

The department offers continuing education activities throughout the year for urologic and family practitioners. These activities are conducted by the senior staff, whose interests include pediatric urology, reproductive physiology and male infertility, urologic oncology, urinary tract stone (including endourology/laparoscopy), robotic surgical procedures, reconstructive and trauma urology, female urology, and prostatic diseases.

Research

The department has earned international recognition for its studies of prostatic diseases. The urological laboratories conduct research and offer instruction in experimental oncology, cellular immunology, and infertility.

College of Nursing

Dean
- Rita A. Frantz

Executive associate dean for academic affairs
- Thad R. Wilson

Associate dean for faculty
- Keela Herr

Associate dean for research
- Ann Marie McCarthy

Associate dean for undergraduate programs
- Ellen Cram

Director, M.S.N. and D.N.P. programs
- Virginia Conley

Director, Ph.D. program
- Sue Moorhead

Undergraduate major: B.S.N.
Graduate degrees: M.S.N.; D.N.P.; Ph.D. in nursing
Graduate certificate: advanced practice nursing
Faculty: http://www.nursing.uiowa.edu/faculty-staff
Web site: http://www.nursing.uiowa.edu/

The College of Nursing is an integral part of the University of Iowa health science campus, sharing in and contributing to teaching, research, and patient care resources that have earned international recognition. The University provides an unusually fine setting for nursing preparation because the educational and clinical resources vital to educating nurses are available on or near the campus. Faculty and students participate fully in University life and contribute their time, interests, and abilities to the many general and special activities of a major research university.

The college's Bachelor of Science in Nursing (B.S.N.), Master of Science in Nursing (M.S.N.), clinical nurse leader (in the M.S.N.), and Doctor of Nursing Practice (D.N.P.) programs are accredited by the Commission on Collegiate Nursing Education (CCNE), an autonomous accrediting arm of the American Association of Colleges of Nursing (AACN). They also are approved by the Iowa Board of Nursing. The anesthesia nursing program (in the Doctor of Nursing Practice) is accredited by the Council on Accreditation of Nurse Anesthesia Educational Programs.

Graduates of the prelicensure B.S.N. qualify to take the licensure examination required for practice as registered nurses (RN). Graduates of advanced practice majors in the graduate program are eligible to take certification examinations and apply for Advanced Registered Nurse Practitioner (ARNP) licensure.

Undergraduate Program of Study

Bachelor of Science in Nursing

The College of Nursing offers two paths to the Bachelor of Science in Nursing (B.S.N.): a prelicensure program for students who do not hold a nursing license (see "Bachelor of Science in Nursing" below) and a program for registered nurses (see "RN-B.S.N. for Registered Nurses" below).

The B.S.N. programs prepare students for careers caring for patients in hospitals and in community agencies such as public health services, schools, homes, and industries. They also provide a base for graduate study in nursing.

In addition to combining general education with specialized career preparation, the University of Iowa programs in nursing offer the advantages of full participation in the social, cultural, and recreational activities of a highly diverse campus community. A university education enables students to prepare for a career as well as a life of thought and action informed by knowledge, introspection, and contemplation.

The B.S.N. programs provide a basis for nurses' roles in wellness and health promotion, in acute care, and in long-term care for chronic illness. The professional nurse may provide care to individuals, families, groups, and communities along a continuum of health, illness, and disability in any sector of the health care system.

In addition to providing care, the nurse serves as a coordinator of health care by organizing and facilitating the delivery of comprehensive, efficient, and appropriate service to individuals, families, groups, and communities. The nurse demonstrates the ability to conceptualize the total continuing health needs of the patient, including legal and ethical aspects of care. The University of Iowa programs' goal is to produce graduates who are competent, committed, creative, and compassionate.

Bachelor of Science in Nursing

The Bachelor of Science in Nursing prelicensure program of study requires 128 s.h., including 64 s.h. in the nursing major and 64 s.h. in supporting course work that is prerequisite to the nursing major. The program is intended for students beginning their education in nursing. A B.S.N. program for registered nurses is described under "RN-B.S.N. for Registered Nurses" below.

B.S.N. students may complete their entire program at Iowa, enrolling in the College of Liberal Arts and Sciences to complete courses that are prerequisite to the nursing major, or they may transfer from an institution that offers comparable prerequisite courses that are approved by the University of Iowa and the College of Nursing. They must earn competitive admission to the College of Nursing once they have completed the prerequisite course work. Highly qualified applicants may be admitted to the College of Nursing directly from high school under the B.S.N. early decision program; see "Admission" later in this Catalog section.

Students who are part of the B.S.N. early decision program spend their first four semesters (two years) on prerequisite course work and complete the requirements for the nursing major during the next four semesters (their third and fourth years), earning the B.S.N. in a total of four academic years. Students who earn competitive admission to the College of Nursing have five semesters to complete prerequisite course work. They begin work for the nursing major in spring of their third year and complete the major in four semesters, earning the B.S.N.

University of Iowa students who have declared an interest in the prelicensure nursing program are advised at the University's Academic Advising Center until they are admitted to the College of Nursing. After admission to
the college, each student is assigned a College of Nursing faculty advisor and a professional advisor in the college’s Office of Student Services.

Nursing courses are based on concepts of health, deviations from health, and nursing intervention. Course work progresses in complexity across the curriculum. The curriculum reflects the current trend in health care delivery toward emphasis on nursing as a service provided both inside and outside hospitals. Students have access to clinical experiences selected from a multitude of agencies in Iowa and around the country.

The B.S.N. prelicensure program requires the following course work. Students must complete the prerequisite course work before beginning work required for the major in nursing.

**B.S.N.: PREREQUISITE COURSES**

Early decision students complete all of the following prerequisites during their first and second years of enrollment at the University of Iowa. Competitive admission students must complete all of the following prerequisites, with the exception of two natural science courses and two social science courses, before they may apply for admission to the College of Nursing.

General education prerequisites (13 s.h.):

- RHET:1030 Rhetoric 4 s.h.
- International and Global Issues course 3 s.h.
- Literary, Visual, and Performing Arts course 3 s.h.
- Values, Society, and Diversity course 3 s.h.

Natural science prerequisites (23 s.h.):

- ACB:3110 Principles of Human Anatomy 3 s.h.
- BIOL:1141 Introductory Animal Biology 4 s.h.
- CHEM:1070 General Chemistry I 3 s.h.
- CHEM:1080 General Chemistry II 3 s.h.
- HHP:1300 Fundamentals of Human Physiology 3 s.h.
- HHP:2310 Nutrition and Health 3 s.h.
- MICR:3164 Nursing Microbiology 4 s.h.

Social science prerequisites—both of these (6 s.h.):

- NURS:1030 Human Development and Behavior 3 s.h.
- PSY:1001 Elementary Psychology 3 s.h.

And one of these (3 s.h.):

- SOC:1010 Introduction to Sociology 3-4 s.h.
- SOC:1020 Social Problems 3-4 s.h.

Other prerequisites (19 s.h.):

- NURS:3110 Healthcare Finance 3 s.h.
- MATH:1440 Mathematics for the Biological Sciences 4 s.h.
- Electives 12 s.h.

**B.S.N.: COURSES REQUIRED FOR THE MAJOR**

Early decision students and competitive admission students complete the following courses for the major in nursing.

First semester in the major (17 s.h.):

- NURS:3128 Health Assessment and Communication Across the Lifespan 3 s.h.

Second semester in the major (18 s.h.):

- NURS:3138 Nursing and Pharmacological Interventions I 5 s.h.
- NURS:3150 Clinical Simulation Laboratory I 3 s.h.
- NURS:3160 Professional Role I: Professionalism and Patient Safety 3 s.h.
- NURS:3518 Pathology 3 s.h.

Third semester in the major (15 s.h.):

- NURS:3615 Adult Medical/Surgical Nursing Practicum 3 s.h.
- NURS:3620 Gerontological Nursing 3 s.h.
- NURS:3625 Gerontological Nursing Practicum 2 s.h.

Fourth semester in the major (14 s.h.):

- NURS:3438 Nursing and Pharmacological Interventions II 5 s.h.
- NURS:3450 Clinical Simulation Laboratory II 2 s.h.
- NURS:3460 Professional Role II: Research 3 s.h.
- NURS:3615 Adult Medical/Surgical Nursing Practicum 3 s.h.
- NURS:3620 Gerontological Nursing 3 s.h.

**RN-B.S.N. for Registered Nurses**

The RN-B.S.N. program of study requires 32 s.h. of credit. RN-B.S.N. students must hold a valid Iowa nursing license (RN) and an Associate Degree in Nursing or Diploma in Nursing.

The program is designed to offer registered nurses the opportunity to build on their nursing knowledge and experience by earning a Bachelor of Science in Nursing. RN-B.S.N. students take courses that focus on professionalism and patient safety, research, improvement of health systems, leadership, professional engagement, and community and public health.

Students may transfer course work completed at other colleges and universities to satisfy the prerequisites, general education requirements, electives, and the world language requirement for admission to the College of Nursing (see “Admission to the RN-B.S.N. Program” below). Once a student is admitted to the RN-B.S.N. program, he or she has the option of completing the required 32 s.h. in three semesters or in five semesters.

Most of the RN-B.S.N. program is delivered online, with limited face-to-face meetings that are associated with
the practicum experience. Students must complete a practicum experience in Iowa and may be required to drive up to 100 miles to a regional practicum setting.

The College of Nursing participates as a receiving institution in the Iowa Statewide Articulation Plan for Nursing Education: RN to Baccalaureate.

The RN-B.S.N. program requires the following College of Nursing course work.

**RN-B.S.N.: COURSES REQUIRED FOR THE MAJOR**

See RN-B.S.N. Plans of Study on the College of Nursing web site for semester-by-semester views of required course work for full-time (three semesters) and part-time (five semesters) study.

**Honors in Nursing**

The College of Nursing Honors Program provides seminars and independent study experience for qualified students. In order to pursue honors studies in nursing, students must maintain a University of Iowa g.p.a. of at least 3.33 and a nursing major g.p.a. of at least 3.50.

The honors program in nursing enables students to explore subject matter based on individual interests, needs, and goals. It provides opportunities for self-initiative, research experience, and intellectual and personal development and challenges students to grow and excel. Students who fulfill the requirements of the program graduate with honors in nursing.

In addition to honors in their majors, prelicensure B.S.N. students have a variety of opportunities for honors study and activities through membership in the University of Iowa Honors Program; visit Honors at Iowa to learn about the University’s honors program.

**Related Certificate or Minor: Aging Studies**

College of Nursing students may participate in the Aging Studies Program, which provides undergraduate students with a multidisciplinary approach to gerontology. The program offers a certificate (21 s.h.) and a minor (15 s.h.). Students plan their course of study with their academic advisor in close cooperation with the Aging Studies Program coordinator. See Aging Studies (p. 34) in the Catalog for details. The Aging Studies Program is administered by the School of Social Work (College of Liberal Arts and Sciences).

**Expenses and Insurance**

Students pay University of Iowa student fees throughout the B.S.N. program. They must purchase uniforms, shoes, a stethoscope, and a watch with a full-sweep second hand, and they must pay the cost of computer testing, supplies, and materials for required nursing courses. All nursing students arrange and pay for their own health screening requirements, health insurance, and transportation once they are enrolled in clinical nursing courses. They also pay fees that cover the cost of criminal background checks, laboratory equipment, and professional liability insurance.

**Mandatory Health Insurance**

Upon admission to the College of Nursing and each August afterward, all students must provide verification that they have obtained and currently hold health insurance that satisfies the following minimal standards of coverage (or an equivalent alternative health care plan):

- $250,000 lifetime benefit;
- coverage for hospitalization, including coverage for room and board, physician visits, surgeon services, X-ray, and lab services;
- inpatient deductible under an individual policy not exceeding $500 per admission and a 20 percent copayment/coinsurance requirement;
- coverage for medically necessary care, including physician services, X-ray, and lab services for treatment of emergencies, illness, accident, and injury.

**Professional Liability Insurance**

All students in the College of Nursing are required to carry professional liability insurance throughout the duration of their program. Agencies that provide clinical practicums for College of Nursing programs require that students have insurance coverage. The College of Nursing provides students with information about the liability insurance requirement during orientation.

B.S.N. prelicensure students are covered by a group policy supported by student fees.

RN-B.S.N. students must provide verification that they are covered by professional liability insurance for registered nurses with a minimum coverage of $1 million per single occurrence and $3 million aggregate coverage.

**Admission**

Students entering the University who are not licensed registered nurses (RN) apply to the B.S.N. prelicensure program. Registered nurses apply to the RN-B.S.N. program.

All entering first-year and undergraduate transfer students who have earned fewer than 24 s.h. when they apply for admission to the University of Iowa must complete the American College Test (ACT) or the Scholastic Aptitude Test (SAT). For information about the American College Test, visit the ACT web site; for information about the Scholastic Aptitude Test, visit the College Board web site.

Applicants to the B.S.N. and RN-B.S.N. programs whose first language is not English must score at least 550 (paper-based) or 81 (Internet-based) on the Test of
English as a Foreign Language (TOEFL). Registered nurses educated outside the United States are required to present verification of having passed the Commission on Graduates of Foreign Nursing Schools (CGFNS) examination and specified Excelsior baccalaureate nursing examinations.

Applicants admitted to the College of Nursing are expected to be able to meet the curriculum's performance standards; see "Core Performance Standards" below.

A criminal background check is conducted for all prelicensure and undergraduate students before they begin the nursing major. Admission to all programs is conditional pending successful review of criminal background and abuse registry.

ADMISSION TO THE B.S.N. PRELICENSURE PROGRAM

All applicants to the B.S.N. prelicensure program (early decision applicants and competitive admission applicants) must have satisfied the following minimum high school course requirements.

**English:** four years

**Mathematics:** three years, including algebra I, algebra II, and geometry

**Science:** one year of biology, one year of chemistry, and one year of physics

**Social science:** three years

**World languages:** four years (fourth-level proficiency) of the same world language or two years (second-level proficiency) in each of two world languages

B.S.N. Early Decision Admission

A select group of highly qualified students are admitted to the College of Nursing directly from high school through the B.S.N. Early Decision Program (EDP). To be considered for the EDP, students must meet three of the following four requirements:

- an ACT composite score of at least 28;
- an ACT science reasoning score of at least 25;
- a g.p.a. of at least 3.80; and
- completion of the minimum high school course requirements listed under "Admission to the B.S.N. Prelicensure Program" above.

Students admitted through the Early Decision Program must maintain a cumulative g.p.a. of at least 3.00 and clean criminal and student life records during their first four semesters in the program. Students who fail to meet these requirements may be subject to probation or dismissal from the EDP.

B.S.N. Competitive Admission

In order to apply for competitive admission to the College of Nursing, students must:

- have a cumulative g.p.a. of at least 3.00;
- have a minimum of 48 s.h. of college credit;
- have completed the minimum high school course requirements listed under "Admission to the B.S.N. Prelicensure Program" above, with any deficiencies satisfied through college course work;

have completed all B.S.N. prerequisite course work listed under "Bachelor of Science in Nursing" above (a maximum of two natural science prerequisites and two social science prerequisites may be in progress or planned at the time of application); and

must have a grade of C (2.00) or higher on all prerequisite course work.

In order to enter the College of Nursing, successful competitive admission applicants must:

- maintain a cumulative g.p.a. of at least 3.00;
- have a minimum of 64 s.h. of college credit; and
- have completed any remaining prerequisite course work listed under "Bachelor of Science in Nursing" above, including any remaining natural science and/or social science prerequisites.

Successful competitive admission students must complete any remaining natural science prerequisite no more than 10 years before they enter the College of Nursing and enroll in course work for the nursing major.

ADMISSION TO THE RN-B.S.N. PROGRAM

Applicants to the RN-B.S.N. program must hold an RN license and an Associate Degree in Nursing or Diploma in Nursing. They must have a cumulative g.p.a. of at least 3.00. Admission is highly competitive, with emphasis on the natural sciences (anatomy, biology, chemistry, microbiology, physiology), writing (composition I and II), and mathematics (statistics).

Applicants must be enrolled in or have completed prerequisite course work at the time of application to the RN-B.S.N. program and additional elective course work before entering the program. They may complete these requirements at a community college.

They also must complete course work in one or more world languages; the requirement varies according to the applicant's year of high school graduation:

- before 1991: applicant is exempt from the world language requirement;
- 1991 and after: applicant must demonstrate second-level proficiency in a single world language.

CORE PERFORMANCE STANDARDS

Applicants to the College of Nursing are expected to be capable of completing the entire nursing curriculum and of earning a B.S.N. degree. Nursing is a practice discipline with cognitive, sensory, affective, and psychomotor performance requirements. The college's core performance standards provide an objective measure on which to base informed decisions about whether individual students will be able to participate in the nursing program. The core performance standards also help students determine whether they will need accommodations or modifications in order to participate.

The core performance standards are provided to all students before matriculation and are available online in the B.S.N. Student Handbook; see Section VIII: Clinical Course and Health Science Student Requirements. A student with disabilities who believes that he or she may need assistance in meeting the core performance standards should contact Student Disability Services.
The Master of Science in Nursing requires a minimum of 39 s.h. of graduate credit. The program has a clinical nurse leader focus. It is designed to build on general and professional baccalaureate study. The M.S.N. curriculum consists of a core component of 28 s.h., which students take with College of Nursing doctoral students, and a specialization component of 11 s.h. that centers on the clinical nurse leader role.

Students must maintain a g.p.a. of at least 2.75 and must successfully complete a thesis, project, or portfolio.

Graduate students in the College of Nursing must adhere to all Graduate College policies regarding academic standing, probation, and dismissal; see the Manual of Rules and Regulations of the Graduate College.

The Master of Science in Nursing

- Master of Science in Nursing
- Doctor of Nursing Practice
- Doctor of Philosophy in nursing
- Certificate in Advanced Practice Nursing

Graduate students in the College of Nursing must adhere to all Graduate College policies regarding academic standing, probation, and dismissal; see the Manual of Rules and Regulations of the Graduate College.

Master of Science in Nursing

The Master of Science in Nursing requires a minimum of 39 s.h. of graduate credit. The program has a clinical nurse leader focus. It is designed to build on general and professional baccalaureate study. The M.S.N. curriculum consists of a core component of 28 s.h., which students take with College of Nursing doctoral students, and a specialization component of 11 s.h. that centers on the clinical nurse leader role.

Students must maintain a g.p.a. of at least 2.75 and must successfully complete a thesis, project, or portfolio.

Graduate students in the College of Nursing must adhere to all Graduate College policies regarding academic standing, probation, and dismissal. Course work taken 10 years or more before the M.S.N. final examination must be updated according to University policy.

The M.S.N. requires the following course work.

<table>

See the M.S.N. course plan on the College of Nursing web site for a semester-by-semester course schedule.

Doctor of Nursing Practice

The Doctor of Nursing Practice requires a minimum of 72 s.h. of graduate credit. Students may complete the program in three to five years, depending on their focus area. Individuals who have been granted an M.S.N. may complete the D.N.P. with a minimum of 27 s.h. of graduate credit.

The D.N.P. program prepares nurses for leadership and advanced practice roles. Students choose from a number of specialties, including adult/gerontology nurse practitioner, anesthesia nursing, family nurse practitioner, neonatal nurse practitioner, pediatric nurse practitioner—primary care, pediatric nurse practitioner—acute care, psychiatric/mental health nurse practitioner; and health systems work.

All D.N.P. students complete basic graduate core courses, specialty courses, advanced core courses, and practicums. In didactic courses, they explore clinical leadership, public policy and advocacy, specialty systems, change theory, finance and business, and entrepreneurial tools. Visit D.N.P. Plans of Study on the College of Nursing web site to view required course work for each D.N.P. specialty.

D.N.P. students must complete a minimum of 1,000 practice experience hours. Individuals who enter the program having completed an M.S.N. may transfer approved clinical hours from their M.S.N. program to the D.N.P. program. The clinical hours requirement is evaluated for each student who has completed an M.S.N. with a specialty program. Students who completed more than 1,000 practice experience hours in an M.S.N. advanced practice program still must complete the number of D.N.P. practicum and capstone project hours determined in consultation with their advisor and the D.N.P. program director.

Transfer credit applicable to the D.N.P. is limited and must be approved by the College of Nursing executive associate dean for academic affairs. Transcripts for individuals who have completed an M.S.N. are evaluated individually.

Graduate students in the College of Nursing must adhere to all Graduate College policies regarding academic standing, probation, and dismissal. Course work taken 10 or more years before a student plans to graduate from the D.N.P. program must be updated according to University policy.
Doctor of Philosophy

The Doctor of Philosophy program in nursing requires a minimum of 74 s.h. of graduate credit. The program prepares students to advance nursing science and contribute to the body of nursing knowledge. It emphasizes student participation with faculty members on research teams; focused course work; presentation and publication of research-based knowledge; and interdisciplinary learning experiences. Graduates are prepared for careers as researchers, college and university faculty members, consultants, and leaders in the profession.

The program is open to individuals who have earned a bachelor's degree in nursing or a master's degree. Applicants who hold a bachelor's degree in nursing and an advanced degree outside nursing may be admitted; their curriculum is based on a review of their transcript.

Graduate students in the College of Nursing must adhere to all Graduate College policies regarding academic standing, probation, and dismissal. Course work taken 10 or more years before a student plans to graduate from the Ph.D. program must be updated according to University policy.

The Ph.D. in nursing requires the following work.

REQUIRED COURSES

Basic core (required for students who enter with a bachelor's degree in nursing):

NURS:5007 Applied Epidemiology 3 s.h.

Advanced core:

NURS:5008 Foundations of Nursing Science I 3 s.h.
NURS:6802 Health Policy, Law, and Advocacy 3 s.h.
NURS:6811 Social Determinants of Health and Health System Inequities 3 s.h.
NURS:7002 Designing Research 3 s.h.
NURS:7801 Seminar: Research Scholarship Role Development 3 s.h.
Intermediate statistics 3 s.h.
Clinical specialization courses 6 s.h.
Elective course 3 s.h.

Advanced research methods:

NURS:7000 Foundations of Nursing Science II 4 s.h.
NURS:7001 Qualitative Research 4 s.h.
NURS:7003 Quantitative Research 4 s.h.
NURS:7803 Research Practicum I 1 s.h.
NURS:7804 Research Practicum II 1 s.h.
GRAD:7270 Principles of Scholarly Integrity 0-1 s.h.
Advanced statistics 6 s.h.

Content focus:

NURS:7403 Advanced Seminar in Health Research (may be taken twice) 3 s.h.
Cognate courses 6-9 s.h.

Dissertation (students must earn a minimum of 11 s.h.):

NURS:7805 Dissertation Research arr.

COMPREHENSIVE EXAM AND DISSERTATION

All Ph.D. students must complete a written and oral comprehensive examination before they begin work on the dissertation. They must write the dissertation and defend it orally.

Certificate

The Certificate in Advanced Practice Nursing program enables D.N.P. students who are certified in a specialty area to pursue clinical training in a second specialty area. Students choose one of four certificate subprograms: adult/gerontology nurse practitioner, family nurse practitioner, pediatric nurse practitioner, or psychiatric/mental health nurse practitioner. Certificate requirements include advanced clinical core courses and a sequence of specialty courses determined by the coordinator of the specialty area. Students who complete the D.N.P. program and the certificate requirements are qualified to sit for a professional certification examination. Visit DNP—Plans of Study for information about certificate program requirements.

Related Certificate: Informatics

The Graduate College offers the Certificate in Informatics with a subprogram in health informatics, which requires 18 s.h. of credit. The subprogram emphasizes the organization, management, and use of health care information; health care research, education, and practice; and information technology developments in the socioeconomic context of health care.

College of Nursing students working toward the certificate complete IGPI:5200 Health Informatics I, which explores decision-making processes and technological tools to support health care administration, management, and practice; and EPID:5200 Principles of Public Health Informatics, which focuses on systematic applications of information science, computer science, and technology to public health practice, research, and learning; methods of disease surveillance, data collection, analysis, and reporting with health informatics.

Students earn an additional 12 s.h. of credit in foundational informatics course work, including one elective chosen in consultation with their major program advisor and their certificate advisor. Students who earn credit for a thesis, project, or independent study in their major program of study may apply the credit as an elective if the certificate advisor determines that the subject matter is pertinent.

To learn more, see "Certificate" in the Informatics (p. 942) (Graduate College) section of the Catalog. For additional information, see Health Informatics on the Graduate College web site.

Admission

Applicants to College of Nursing graduate programs must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Applicants must have a g.p.a. of at least 3.00. The College of Nursing has additional application requirements, as follows.

Applicants whose first language is not English must score at least 81 (Internet-based) on the Test of English as a
ADMISSION TO THE M.S.N. AND D.N.P. PROGRAMS

Application requirements specific to the M.S.N. and D.N.P. programs are:

- a bachelor's degree with a major in nursing from an accredited program;
- satisfaction of the legal requirements for the practice of nursing in Iowa;
- current written recommendations from three persons knowledgeable about the applicant's competence in the practice of nursing and potential for leadership and scholarship (forms required);
- a current résumé, goal statement, and supplemental/information form;
- transcripts from all undergraduate and graduate course work; and
- completion of an upper-level statistics course within five years of the application deadline; acceptable University of Iowa courses include BIOS:4120, PSOF:4143, STAT:3510, and STAT:4143; see Transfer Courses on ISIS for information about using equivalent courses from other institutions.

Application deadline for the M.S.N. program is February 1.
Application deadline for the D.N.P. program is February 1 for all specialties except anesthesia nursing, which has a June 1 application deadline.

Applications to both programs are reviewed once a year. In order to be reviewed, the application must be complete, with all materials submitted.

Applicant interviews are required for the D.N.P. and M.S.N. programs; in some cases, telephone interviews may be arranged. D.N.P. applicants with master's degrees in nursing from other schools must provide verification of completed clinical hours from their school's graduate director or must submit appropriate course syllabi.

Due to the level of web-based course work required, international students in the M.S.N.-Clinical Nurse Leader and Doctor of Nursing Practice programs of study are not eligible for F-1 or J-1 student immigration status. Questions regarding visas and immigration documentation should be directed to International Student and Scholar Services (ISSS).

ADMISSION TO THE PH.D. PROGRAM

The Ph.D. program accepts applications from individuals who have earned a bachelor’s degree in nursing.

Applicants to the Ph.D. program must have taken the Graduate Record Examination (GRE) General Test, preferably within the preceding five years. They must have completed an accredited basic nursing program and must hold a current license to practice nursing (special license for international students). They also must have a g.p.a. of at least 3.00. Applicants must submit:

- a two-to-three-page statement describing their educational objectives, career goals, and an area of research for their doctoral study;
- three recommendations from nursing professionals that speak to the applicant's potential as a scholar;
- a current résumé or curriculum vitae; and
- a complete transcript of all college programs and courses.

Applicants who hold a master’s degree must have successfully completed at least one graduate-level course in research and inferential statistics (3 s.h.).

Applicants with a bachelor's degree in nursing who apply directly to the Ph.D. program must have successfully completed an upper-level course in statistics. They also must submit a strong statement of their educational goals, career goals, and potential area of research.

Application deadlines for the Ph.D. program are November 15, March 1, and June 1. In order to be reviewed, the applicant's file must be complete, with all materials submitted.

Professional Improvement

Registered nurses who wish to take University of Iowa course work to fulfill professional or personal improvement objectives may request admission in the professional improvement (PI) category. This admission status allows students to take some graduate courses at the University without committing to a degree objective.

Admission as a nursing professional improvement student requires a formal application, including submission of three current written recommendations and all academic transcripts. GRE General Test scores, required by the University, must be submitted before the end of first semester registration.

Application deadlines are July 15 for fall semester admission, December 1 for spring semester admission, and May 1 for summer session admission.

Since acceptance as a PI student does not influence acceptance to the college's graduate degree programs, PI students interested in earning a graduate degree in nursing must apply for admission to the degree program (see "Admission" under "Graduate Programs" above). Students may count a maximum of 6 s.h. or two required nursing core courses that they complete as PI students toward M.S.N. requirements. Professional improvement students may not enroll in Ph.D. courses.

Continuing Education

The college offers nonacademic, short-term continuing education programs for registered nurses. Continuing Education Units (CEUs) are awarded for these programs. The College of Nursing is an Iowa Board of Nursing approved provider of continuing education, Provider Number 1.

Student Organizations

All College of Nursing B.S.N. prelicensure students are members of the National Student Nurses Association and its local chapter, the Iowa Association of Nursing Students (IANS). The University of Iowa Association of Nursing Students (UIANS) provides opportunities for
professional growth and development in nursing. UIANS representatives are members of the University of Iowa Student Government (UISG).

The University of Iowa Multicultural Nursing Association (UIMNA) provides support and network opportunities for leadership and professional growth and development for underrepresented students who are undergraduate nursing interest and nursing majors, graduate nursing students, and underrepresented nursing professionals in the region.

University of Iowa Men in Nursing (UIMIN) provides opportunities for nurses to meet, to recruit, to talk, and to influence the environment for men in nursing. It is open to all nursing students.

The college’s Association of Graduate Nursing Students (AGNS) provides opportunities for professional growth, sharing of research, and representation on varied college and University committees.

Facilities
The College of Nursing Building is centrally located on the University’s main campus, in close proximity to the Carver College of Medicine, the College of Dentistry, the College of Pharmacy, the College of Public Health, University of Iowa Hospitals and Clinics, Bowen Science Building, and the Hardin Library for the Health Sciences.

The college’s building was completed in 1971. Administrative offices are located on the first floor, a research suite is on the second floor, and faculty offices are on the third and fourth floors. The lower level houses the Office of Student Services; a student lounge; a computer lab; and the Ph.D. student office, with desk space, access to computers, a printer, a copier, and a meeting space. Classrooms are located throughout the building.

The Nursing Clinical Education Center provides clinical experiences for nursing students and serves as a resource for the University’s professional nursing staff. Opened in 2006 at University of Iowa Hospitals and Clinics, the center offers the latest technology in an 11-room clinical simulation lab. It also has an 86-seat classroom, a resource library, and gathering spaces for private study. The center is operated collaboratively by the College of Nursing and UI Hospitals and Clinics Department of Nursing Services and Patient Care.

Courses
Lower-Level Undergraduate

NURS:1020 First-Year Seminar
Introduces first-year undergraduate students to the intellectual life of the University of Iowa; provides an opportunity to work closely with a faculty member or senior administrator; seminars help students make the transition to college-level learning through active participation in their own learning.

NURS:1030 Human Development and Behavior

NURS:1800 Basic Aspects of Aging
3 s.h.
Normal developmental transitions experienced by individuals and family systems throughout the lifespan, including physical, cognitive, and social-emotional development. Prerequisites: PSY:1001. Requirements: nursing or nursing-interest major.

Upper-Level Undergraduate and Graduate

NURS:3099 Leadership U
1-3 s.h.
Development of leadership in nursing; application of leadership theory in practice by participating in activities such as attending professional organization meetings, acting as a delegate, writing legislation, holding a board position, or being part of a multidisciplinary or international team to organize events for community involvement. Requirements: nursing major.

NURS:3110 Healthcare Finance
3 s.h.
Basic structure of U.S. health care system and how it is funded; tools for making decisions about available financial resources.

NURS:3128 Health Assessment and Communication Across the Lifespan
3 s.h.
Assessment and communication skills; development and application of cognitive skills to perform systematic, holistic, and culturally competent health assessments; emphasis on application of clinical reasoning involving assessment, nursing diagnoses, interventions, and outcomes. Corequisites: NURS:3138 and NURS:3150 and NURS:3160 and NURS:3518. Requirements: admission to the College of Nursing.

NURS:3138 Nursing and Pharmacological Interventions I
5 s.h.
First of a two-part series focusing on basic biophysical concepts that inform nursing and pharmacological interventions, including sleep, immobility, skin care, wound healing, infection, and human response to illness; selected disorders and/or diseases, including GI disease, disorders of bowel and urine elimination, diabetes, and cancer; introduction to health literacy and principles of health education. Prerequisites: ACB:3110 and BIOL:1141 and CHEM:1070 and CHEM:1080 and MATH:1440 and MICR:3164. Corequisites: NURS:3128 and NURS:3150 and NURS:3160 and NURS:3518. Requirements: 64 s.h. of undergraduate course work, including successful completion of required science courses and general education liberal arts and sciences requirements and electives.
NURS:3150 Clinical Simulation Laboratory I 3 s.h.
First of a two-part series focusing on laboratory-based learning and simulation experience involving basic biophysical and psychosocial assessment skills needed to provide safe and effective nursing care across diverse settings and populations; emphasis on development of nurse-patient and intra- and inter-professional communication skills. Requirements: admission to the College of Nursing.

NURS:3160 Professional Role I: Professionalism and Patient Safety 3 s.h.
Introduction to inherent nursing values, history, theories, and scope of professional nursing; concepts of safety, risk identification, and clinical decision making; information technologies that promote quality and safety. Requirements: admission to the College of Nursing.

NURS:3198 Distance Education: Independent Study 1-3 s.h.
Supervised study designed for individual undergraduate students.

NURS:3199 Independent Study arr.
Supervised study designed for individual undergraduate students.

NURS:3438 Nursing and Pharmacological Interventions II 5 s.h.
Second of a two-part series focusing on complex biophysical concepts that inform nursing and pharmacological interventions, including fluids and electrolytes, shock, and perioperative care; focus on selected disorders and/or diseases, including neurological, immune, musculoskeletal, cardiovascular, respiratory, renal, and endocrine disorders. Prerequisites: NURS:3138 and NURS:3150. Corequisites: NURS:3450 and NURS:3460 and NURS:3620 and NURS:3625.

NURS:3450 Clinical Simulation Laboratory II 2 s.h.
Second of a two-part series focusing on laboratory-based learning and simulation experience involving complex biophysical and psychosocial assessment skills, critical thinking, and decision making needed to provide safe and effective nursing care across diverse settings and populations; emphasis on development of clinical reasoning skills across the lifespan, including end-of-life care. Prerequisites: NURS:3128 and NURS:3138 and NURS:3150 and NURS:3160 and NURS:3518. Corequisites: NURS:3438.

NURS:3460 Professional Role II: Research 3 s.h.
Introduction to concepts and process of research in nursing; primary focus on understanding research and its foundation for nursing practice. Requirements: basic statistics. Recommendations: upper-level statistics.

NURS:3518 Pathology 3 s.h.
Introduction to abnormal functioning of cells, tissues, organs, and systems over the human lifespan; focus on hematological, immune, neurological, musculoskeletal, cardiovascular, respiratory, renal, gastrointestinal, endocrine, and reproductive system; alterations in metabolic processes and alterations in homeostatic mechanisms impacting the internal milieu; emphasis on critical thinking. Prerequisites: ACB:3110 and BIOL:1141 and CHEM:1070 and CHEM:1080 and HHP:3500 and MICR:3164.

NURS:3595 Nonprofit Organizational Effectiveness I 3 s.h.

NURS:3600 Nonprofit Organizational Effectiveness II 3 s.h.
Qualities for leadership of nonprofit organizations, including relationships with staff and volunteers; relationship of nonprofit and outside world; marketing, public relations, advocacy strategies for nonprofits. Same as MGMT:3600, SSW:3600, RELS:3701.

NURS:3615 Adult Medical/Surgical Nursing Practicum 3 s.h.
In-depth clinical experience; application of basic and complex concepts of nursing care for adults of all ages in a variety of settings, focus on older adults; development and application of critical thinking skills necessary to understand disease process, associated signs and symptoms; emphasis on interventions and outcomes. Prerequisites: NURS:3128 and NURS:3138 and NURS:3150 and NURS:3160 and NURS:3518. Corequisites: NURS:3438 and NURS:3450 and NURS:3460 and NURS:3620 and NURS:3625.

NURS:3620 Gerontological Nursing 3 s.h.
Nurse's role in promoting, maintaining, and restoring the health of aging adults; internal and external influences on older adults, application of nursing science to the care of older adults in diverse settings. Prerequisites: NURS:3128 and NURS:3138 and NURS:3150 and NURS:3160 and NURS:3518. Corequisites: NURS:3438 and NURS:3450 and NURS:3460 and NURS:3620 and NURS:3625.

NURS:3625 Gerontological Nursing Practicum 2 s.h.
In-depth clinical experience designed to apply basic and complex concepts of nursing care for adults of all ages in a variety of settings; focus on older adults; development and application of critical thinking skills necessary to understand disease process and the associated signs and symptoms, interventions, and outcomes. Prerequisites: NURS:3128 and NURS:3138 and NURS:3150 and NURS:3160 and NURS:3518. Corequisites: NURS:3438 and NURS:3450 and NURS:3460 and NURS:3620.
NURS:3630 Parent-Child Nursing  3 s.h.
Promoting, maintaining, and restoring the health of parents, infants, children, and adolescents in childbearing and childrearing families; nursing care prior to and during pregnancy, labor, and delivery; care of newborns, well children, and children with acute and chronic illness examined within the context of family and community. Prerequisites: NURS:3128 and NURS:3138 and NURS:3150 and NURS:3160 and NURS:3438 and NURS:3450 and NURS:3518. Corequisites: NURS:3640 and NURS:3645 and NURS:3660.

NURS:3635 Parent Child Nursing Practicum  2 s.h.
Application of nursing knowledge to promote, maintain, and restore health; vulnerable populations of interest including persons with mental health disorders, infants, children, adolescents, their families; processes of childbearing and childrearing within context of families. Prerequisites: NURS:3615 and NURS:3625. Corequisites: NURS:3630 and NURS:3640 and NURS:3645 and NURS:3660. Requirements: successful completion of two semesters in B.S.N. curriculum.

NURS:3640 Psychiatric/Mental Health Nursing  3 s.h.
General principles and practices of psychiatric/mental health nursing; psychiatric disorders, populations at risk, continuity of care, and problems in daily living; unique needs of diverse populations. Prerequisites: NURS:3128 and NURS:3138 and NURS:3150 and NURS:3438 and NURS:3450 and NURS:3518. Corequisites: NURS:3630 and NURS:3645 and NURS:3660.

NURS:3645 Mental Health Nursing Practicum  2 s.h.
Application of nursing knowledge to promote, maintain, and restore health; vulnerable populations of interest including persons with mental health disorders, infants, children, adolescents, their families; processes of childbearing and childrearing within context of families. Prerequisites: NURS:3615 and NURS:3625. Corequisites: NURS:3630 and NURS:3635 and NURS:3640 and NURS:3660. Requirements: successful completion of two semesters in B.S.N. curriculum.

NURS:3650 Community and Public Health Nursing  3 s.h.
Role of nursing in the relationship between community conditions and public health; emphasis on principles of public health combined with nursing knowledge and skills to address health needs of individuals, families, communities, and populations. Prerequisites: NURS:3110 and NURS:3160 and NURS:3460 and NURS:3518 and NURS:3660. Corequisites: NURS:3655. Requirements: for pre-licensure B.S.N. student — successful completion of NURS:3620, NURS:3625, NURS:3630, NURS:3640, and NURS:3645, and concurrent enrollment in NURS:4155 and NURS:4160; for post-licensure RN-B.S.N. student — successful completion of NURS:4160, 6 s.h. of required nursing elective courses, and completion of general education electives.

NURS:3655 Community and Public Health Nursing Practicum  2 s.h.
Learning opportunities to apply principles of public health with nursing knowledge and skills to address health promotion, disease and injury prevention, and nursing management of infectious disease and chronic health conditions; nursing activities focus on improvement of health outcomes at individual, family, community, and global levels within the context of population-focused practice. Corequisites: NURS:3650. Requirements: for pre-licensure B.S.N. student — successful completion of NURS:3625 and NURS:3645, and concurrent enrollment in NURS:4155 and NURS:4160; for post-licensure RN-B.S.N. student — successful completion of NURS:3110 and NURS:3160 and NURS:3460 and NURS:3518 and NURS:3660 and NURS:3734 and NURS:4160, 6 s.h. of required nursing electives, completion of general education electives, RN licensure in state of practicum, and concurrent enrollment in NURS:3734, if not taken as a prerequisite.

NURS:3660 Professional Role III: Improving Health Systems  2-3 s.h.
Legal and regulatory processes that impact health care, how disparities influence health care, and evidence-based approaches for improving quality of care; strategies for working effectively in intra and interdisciplinary teams; integration of a culture of safety. Prerequisites: NURS:3160 and NURS:3460.

NURS:3712 Human Sexuality, Diversity, and Society  1-3 s.h.
Physiological, psychological aspects; parameters defined by students, instructor. Same as SSW:3712.

NURS:3715 Health Disparities and Cultural Competence  2-4 s.h.
Characteristics, causes, and effects of health disparities in the U.S. health care system; foundation for development of knowledge, attitudes, and skills required of culturally competent health care providers; definitions and models of cultural competence, characteristics of culturally effective practitioners and workplaces; health disparities among specific populations, evidence for cultural competence as a remedy; taking a culturally appropriate history; working with interpreters; legal and professional imperatives for cultural competence. Same as PHAR:8715.

NURS:3728 Patient Safety for Health Professional Students  2 s.h.
Interprofessional experience using multiple pedagogic methods, including team-based simulation to teach about patient safety and teamwork; collaboratively taught by representatives from anesthesia, pediatrics, internal medicine, Office of Consultation and Research in Medical Education, College of Nursing, College of Public Health, and office of UIHC chief quality officer. Same as MED:8410.

NURS:3730 Teaching and Learning Online  3 s.h.
Synthesis and critical evaluation of current knowledge regarding use of online learning as a tool; empirical research, best practices, and available resources to support effective implementation and management of online learning; skill development and practice; web-based course.
Introduction to organization of the human genome and basic principles of inheritance in humans; cells and development, chromosome structure and function, gene structure and function, genes in pedigrees and populations, implications of genetic variation on health.

NURS:3736 Legal Issues for Health Care Providers  3 s.h.
Legal issues faced by health care providers, counselors, and social services providers; administrative and regulatory requirements, civil lawsuits, issues that affect students as providers, advocates, and individuals.

NURS:3737 Nursing Care of the Patient in Pain  3 s.h.
Assessment, pharmacological and nonpharmacological nursing intervention, evaluation of acute, chronic-benign, and chronic-malignant pain. Requirements: RN license, or 3rd- or 4th-year standing in nursing B.S.N. program.

NURS:3739 Women and Their Bodies in Health and Illness  3 s.h.
Basic facts about structure and functioning of female body; particular attention to adjustments the body makes during normal physiological events (menstruation, sexuality, reproduction, menopause) and during illness processes; women's mental and physical health issues in relation to women's lives and roles in society; relationship of women as consumers, practitioners, and activists to health system; achievements and limitations of women's health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-oppression, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersectionalities, health movements; anti-opposition, intersect
Graduate courses are offered only if minimum enrollments are maintained.

**NURS:5002 Leadership and Management Essentials** 3 s.h.
Roles and strategies for leading and managing others in health care environments to influence health care delivery and provide a healthy, innovative working environment; focus on selected leadership and organizational concepts essential to leaders in health care. Requirements: graduate standing.

**NURS:5007 Applied Epidemiology** 3 s.h.
Basic principles and methods of epidemiology; application to field of nursing and nursing research; historical perspective of epidemiology, epidemiological models of health and disease, measures of disease occurrence and association, disease screening, causal inference, study design and application of epidemiological approaches to clinical practice, program planning and evaluation.

**NURS:5008 Foundations of Nursing Science I** 3 s.h.
Integration of interdisciplinary theories and philosophies of science relevant to nursing; emphasis on application of theory and philosophy in advanced nursing practice and research. Requirements: doctoral standing.

**NURS:5009 Evaluating Evidence for Practice** 3 s.h.
Opportunity for clinicians to develop proficiency in use of research- and evidence-based practice; essentials of the research process, qualitative and quantitative research, components of evidence-based practice; acquisition of knowledge and skills necessary for research (knowledge) utilization initiatives and application of evidence-based practice principles in clinical settings; identification of appropriate research questions, synthesis of knowledge base for evidence-based practice, revision of clinical practice guidelines, and evaluation of research utilization and evidence-based practice initiatives.

**NURS:5015 Health Systems, Finance, and Economics** 3 s.h.
Global, economic, organizational, legal, political, and technological contexts in advanced nursing practice; knowledge and skills necessary for understanding the evolution of health services organizations, financing of health care, and relationships among socioeconomic systems influencing health care and nursing practice; impact of macrosystems on distribution, acquisition, and use of financial and economic principles in delivery of health care services. Prerequisites: NURS:5002.

**NURS:5016 Healthcare Infrastructure and Policy** 3 s.h.
Health care infrastructure; health care reform and its implementation; political theories, policy definition, role of health professionals in policy-making process, information technology and its role in patient care, cultural factors affecting access and quality of care.

**NURS:5017 Quality and Safety** 3 s.h.
Foundation for understanding concepts of safety and quality across health care settings; providing a safe environment; elevating staff performance and clinical outcomes related to safety and quality; methods for continuous improvement.

**NURS:5018 Clinical Education in the Care Environment** 3 s.h.
Preparation to assume role of educator with individuals, groups, and communities, including staff and students; teaching/learning process for providing client education; knowledge and skills needed to effectively fill role of preceptor/mentor.

**NURS:5019 Role Development: Educator in a Practice Discipline** 3 s.h.
Becoming an educator in a practice discipline; unique knowledge, skills, approaches to didactic and clinical teaching; overview of curriculum development process that affects revision/development; faculty role in curriculum development and evaluation; knowledge and skills to create a learner-centered environment for professional students; key facilitation and evaluation strategies; application of concepts during field experience working directly with experienced faculty.

**NURS:5021 Physiology, Pathophysiology, and Pharmacology I for the Clinical Nurse Leader** 3 s.h.
Basic scientific concepts required for B.S.N. and clinical nursing experience; matches physiology and pathophysiology with pharmacological treatments as combined core elements; focus on regulation of cellular, organ, and system functions; regulation of internal milieu; functional interrelationships among body systems; cellular and body-wide defense mechanisms; synthesis of information related to pathophysiological phenomena; pharmacokinetic and pharmacodynamics principles essential for general practice; specific drug classes used in management of clinical conditions. Two semesters.

**NURS:5022 Physiology, Pathophysiology, and Pharmacology II for the Clinical Nurse Leader** 3 s.h.
Basic scientific concepts required for B.S.N. and clinical nursing experience; matches physiology and pathophysiology with pharmacological treatments as combined core elements; focus on regulation of cellular, organ, and system functions; regulation of internal milieu; functional interrelationships among body systems; cellular and body-wide defense mechanisms; synthesis of information related to pathophysiological phenomena; pharmacokinetic and pharmacodynamics principles essential for general practice; specific drug classes used in management of clinical conditions. Two semesters. Prerequisites: NURS:5021.

**NURS:5023 Pathophysiology for Advanced Clinical Practice I** 2 s.h.
Builds on foundational knowledge of human physiology; in-depth study of pathophysiologic processes across lifespan; focus on disregulation of cellular, organ, and system functions, clinical manifestations of common disease states, resultant physiological responses to internal milieu, interrelationships among body system; cellular and body-wide defense mechanisms; synthesis of evidence-based information from varied sources related to selected pathophysiological phenomena. Two semesters. Prerequisites: MPB:5200. Corequisites: NURS:5033.
NURS:5024 Pathophysiology for Advanced Clinical Practice II 2 s.h.
Builds on foundational knowledge of human physiology; in-depth study of pathophysiologic processes across lifespan; focus on disregulation of cellular, organ, and system functions, clinical manifestations of common disease states, resultant physiological responses to internal milieu; interrelationships among body system, cellular and body-wide defense mechanisms; synthesis of evidence-based information from varied sources related to selected pathophysiological phenomena. Two semesters. Prerequisites: NURS:5023. Corequisites: NURS:5034.

NURS:5025 Physiology and Pathophysiology for Advanced Clinical Practice 3-4 s.h.
Regulation of cellular, organ, and system function; regulation of internal milieu; functional interrelationships among body systems; cellular and body-wide mechanisms of self-defense; illustrative examples of pathological phenomena.

NURS:5029 Pharmacotherapeutics for Advanced Clinical Practice 4 s.h.
Pharmacologic, pharmacokinetic, and pharmacodynamic principles essential for advanced clinical practice; classes of drugs frequently used in management of common clinical conditions; legal considerations in prescriptive authority. Prerequisites: NURS:5025.

NURS:5031 Health Promotion and Assessment for Advanced Clinical Practice 2-5 s.h.
Didactic and clinical laboratory instruction; emphasis on knowledge and skills necessary for advanced health assessment and health promotion interventions for individuals and families across the lifespan; emphasis on selected populations and persons with specific pathology.

NURS:5032 Mental Disorders in Advanced Practice 3 s.h.
Foundation for advanced practice nurse to provide care for common mental health disorders; presentation of neurophysiological, genomic, environmental/social, and developmental theories to understand etiology and presentation of common mental health conditions; psychopharmacological and nonpharmacological principles and modalities for treatment of common mental health problems. Requirements: admission to direct care DNP program.

NURS:5033 Pharmacotherapeutics for Advanced Practice Nursing I 2 s.h.
Pharmacotherapeutic principles essential for advanced clinical practice; specific drug classes frequently used in management of clinical conditions experienced by various patient populations; legal considerations related to prescriptive authority and prescribing patterns. First in a two-course series. Corequisites: NURS:5023.

NURS:5034 Pharmacotherapeutics for Advanced Practice Nursing II 2 s.h.
Pharmacotherapeutic principles essential for advanced clinical practice; specific drug classes frequently used in management of clinical conditions experienced by various patient populations; legal considerations related to prescriptive authority and prescribing patterns. Second in a two-course series. Prerequisites: NURS:5033. Corequisites: NURS:5024.

NURS:5035 Graduate Pharmacology Specialty 2 s.h.
Principles of pharmacology learned in NURS:5033 and NURS:5034; principles and practices necessary for safe prescribing and medication management of a specialty population (e.g., pediatrics, geriatrics, acute care, mental health). Prerequisites: MPB:5200 and NURS:5023 and NURS:5024 and NURS:5033 and NURS:5034.

NURS:5401 The Care of the Frail Elderly 3 s.h.
Clinical management of the elderly; emphasis on economic considerations, principles of gerontological care, common syndromes, ethical issues; clinical application experience in a long-term care setting. Prerequisites: NURS:5029. Same as ASP:5401.

NURS:5500 Advanced Practice Genetic Nursing I 1-3 s.h.
Advanced practice genetic nursing for those at risk for genetic conditions or a condition with a genetic component; application of genetic/genomic science to nursing practice including chromosomal variations; Mendelian and nontraditional inheritance; preconception and prenatal health care in genetics; dysmorphology examinations; developmental delay associated with genetic conditions; application of molecular methodology to clinical and research practice; beliefs about race and ethnicity in the genomic era; ethical, legal, and social implications of genetic nursing. Corequisites: NURS:3734. Requirements: enrollment in APN-Genetics M.S.N. program.

NURS:5501 Advanced Practice Genetic Nursing II 1-3 s.h.
Advanced practice genetic nursing for individuals, families, and populations who are at risk for genetic conditions or who have a condition with a genetic component; application of genetic science to nursing assessments, interventions, and outcomes; genomics and the delivery of health care in primary and public health; pharmacogenetics; genomic therapeutics; childhood onset genetic disorders; adult onset genetic disorders; part two of the Advanced Practice Nursing Genetics course series. Prerequisites: NURS:3734 and NURS:5500. Requirements: enrollment in APN-Genetics M.S.N. program.

NURS:5636 Clinical Nurse Leader Seminar 2 s.h.
Evolution of clinical nurse leader (CNL) role, eight core role functions, and the process of integration of CNL role into health care system. Requirements: admission to M.S.N.-CNL program.

NURS:5666 Leadership in the Microsystem 3 s.h.
Assessment of the microsystem of practice, clinical nurse leader role as leader embedded in a microsystem, and identification of opportunities to enhance care delivery in the microsystem. Requirements: admission to M.S.N.-CNL program.
NURS:5696 CNL Capstone Clinical Immersion 6 s.h.
Intensive immersion in role and practice expectations of the CNL; experienced leaders within the microsystem, who are experts in the provision of clinical services at the point of care/services, serve as mentors. Requirements: concurrent enrollment in master's portfolio.

NURS:5800 Independent Study arr.
Supervised study and/or clinical practice adjusted to needs of master's degree students. Requirements: M.S.N. enrollment.

NURS:5801 Master's Project 2-3 s.h.
Opportunity for in-depth analysis and synthesis of a chosen topic that contributes to some aspect of nursing practice.

NURS:5802 Master's Portfolio 0 s.h.
Opportunity for clear and cohesive synthesis of clinical or professional experiences and competencies, including those gained in graduate study, that portray graduate students' clinical or professional strengths and career goals.

NURS:5803 Distance Education: Master's Independent Study arr.
Supervised study and/or clinical practice adjusted to needs of master's degree students. Requirements: M.S.N. enrollment.

NURS:5804 Distance Education: Master's Portfolio 0 s.h.
Clear and cohesive synthesis of clinical or professional experiences and competencies, including those gained in graduate study; students' clinical or professional strengths and career goals. Requirements: M.S.N. enrollment.

NURS:5805 Thesis arr.
Opportunity for systematic investigation of a nursing problem of student's choice under guidance of faculty.

NURS:6000 Human Anatomy for Advanced Practice 3 s.h.
Integrated study of interrelationships between anatomic structure and physiological function in health and disease at various points in the lifespan; mechanisms governing and supporting cellular, organ, and system function; internal milieu; relationship of study to clinical assessment of functional integrity of individual organ systems utilizing pertinent objective and subjective data; implications of pathophysiology for anesthesia and implications of anesthesia for pathophysiology; foundation for clinical practicums and courses in nurse anesthesia. Requirements: admission to anesthesia nursing program. Recommendations: completion of an undergraduate human anatomy and physiology course. Same as ACB:6000.

NURS:6001 Human Physiology and Pathophysiology for Advanced Practice 3 s.h.
Detailed study of normal and abnormal human physiology, including mechanisms that govern and support cell, organ, and system function; builds on basic sciences required for undergraduate nursing curriculum and on clinical skills from experience in intensive care setting. Requirements: admission to anesthesia nursing program.

NURS:6005 Chemical and Physical Principles of Anesthesia Practice 3 s.h.
Basic chemical and physical properties of molecules fundamental to practice of anesthesia; relationship of these properties in relation to physiological processes and pharmacological principles essential in monitoring a patient's physical status and administration of anesthesia medications; basic chemical and physical calculations, properties of substances in solution, measurement of such chemical species, behavior of gases and other fluids, effects of heat transfer, specific chemistry of inhaled and intravenous anesthetics and adjuvant drugs. Requirements: admission to anesthesia nursing program. Same as ANES:6005.

NURS:6006 Pharmacology of Anesthesia Practice 3 s.h.
Builds on content from foundational graduate pharmacology course; focus on safe prescribing, administration, and management of medications used to provide general, regional, or local anesthesia and analgesia for all patient populations across lifespan undergoing varied surgical, obstetrical, or other procedures in any health care setting. Prerequisites: PCOL:6204. Requirements: grade of 2.75 or higher in PCOL:6204 and enrollment in anesthesia nursing program. Same as ANES:6006.

NURS:6007 Basic Principles of Anesthesia Practice 5 s.h.
Overview and integration of anesthetic agents and techniques; patient assessment, preoperative airway evaluation, anesthetic planning, principles of fluid management, and arterial blood gas interpretation; principles of general and regional anesthesia and techniques as they pertain to each surgical specialty; Occupational, Safety and Health Administration (OSHA), The Joint Commission (TJC), and institutional regulations and requirements pertinent to anesthesia practice. Prerequisites: NURS:6006 and NURS:6016. Requirements: grade of 2.67 or higher in NURS:6006 and NURS:6016. Same as ANES:6007.

NURS:6010 Advanced Principles of Anesthesia Practice I 4 s.h.
Special needs and intraoperative anesthetic management of complex patient populations and those with advanced pathologic states; anesthetic techniques for specific surgical subspecialties including pediatrics, obstetrics, neurosurgery, cardiac, vascular, thoracic, transplant, trauma, EENT, dental, and aesthetic or reconstructive procedures; pertinent pathophysiology and anesthetic monitoring and management techniques; clinical case conferences provide opportunities to discuss perianesthetic complications and challenges. Prerequisites: NURS:6007 or ANES:6007. Requirements: grade of 2.67 or higher in NURS:6007. Same as ANES:6010.

NURS:6012 Advanced Principles of Anesthesia Practice II 1 s.h.
Acute and chronic pain treatment modalities for all patients presenting for a variety of medical or surgical procedures across the lifespan. Prerequisites: NURS:6007 or ANES:6007. Requirements: grade of 2.67 or higher in NURS:6007. Same as ANES:6012.
**NURS:6016 Equipment and Technological Principles of Anesthesia Practice**
3 s.h.
Introduction to gas and anesthesia delivery systems, ancillary equipment, monitoring devices, infusion devices, invasive line placement, airway management equipment, and anesthesia electronic medical record keeping; correlation of applicable chemical and physical principles for use, safe operation, and care of all anesthesia and related equipment. Prerequisites: NURS:6005 or ANES:6005. Corequisites: NURS:6006. Requirements: anesthesia nursing program enrollment. Same as ANES:6016.

**NURS:6050 Introductory Clinical Anesthesia**
2 s.h.
Initial mentorship in clinical anesthesia; development of basic clinical skills needed for a career as nurse anesthetist; application and integration of theoretical knowledge in clinical setting. Prerequisites: NURS:6006 and NURS:6016. Corequisites: NURS:6007. Same as ANES:6050.

**NURS:6051 Clinical Anesthesia I**
2 s.h.
Mentored clinical anesthesia experience; advancement and enhancement of clinical skills in providing anesthesia for various surgical subspecialties including general, orthopedic, pediatric, geriatric, gynecologic, urologic, dental, EENT, ambulatory surgery, and invasive diagnostic procedures. Prerequisites: NURS:6050 or ANES:6050. Corequisites: NURS:6010. Same as ANES:6051.

**NURS:6052 Clinical Anesthesia II**
2 s.h.
Additional mentored clinical anesthesia experience; advancement and enhancement of clinical skills in providing anesthesia for various surgical subspecialties including general, orthopedic, pediatric, geriatric, gynecologic, urologic, dental, EENT, ambulatory surgery, and invasive diagnostic procedures. Prerequisites: NURS:6051 or ANES:6051. Same as ANES:6052.

**NURS:6053 Advanced Clinical Anesthesia**
2 s.h.
Mentored clinical anesthesia at selected sites; development of advanced clinical skills and critical thinking by providing anesthesia for all surgical specialties and invasive diagnostic procedures in all anesthetizing locations; providing anesthesia for all patients in all settings, including on call emergency surgeries. Prerequisites: NURS:6052. Same as ANES:6053.

**NURS:6054 Obstetrical Anesthesia**
2 s.h.
Experience delivering analgesia and anesthesia for parturients during labor and delivery process. Same as ANES:6054.

**NURS:6055 Rural Anesthesia**
2 s.h.
Opportunity to develop experience providing anesthesia and associated health care services at UI-affiliated clinical sites in rural settings. Prerequisites: NURS:6052. Same as ANES:6055.

**NURS:6100 Primary Care: Infants, Children, and Adolescents I**
3 s.h.
Enhancement of clinical knowledge and skills for infant, child, adolescent care. Prerequisites: NURS:5025 and NURS:5029.

**NURS:6101 Primary Care: Infants, Children, and Adolescents II**
3 s.h.

**NURS:6200 Primary Care: Adults and Older Individuals I**
3 s.h.
Pathophysiologic alterations and clinical management of associated health care problems in adults, the elderly. Prerequisites: NURS:5025 and NURS:5029.

**NURS:6201 Primary Care: Adults and Older Individuals II**
3 s.h.
Continuation of NURS:6200. Prerequisites: NURS:6200.

**NURS:6500 Psychiatric/Mental Health Nursing Theory I**
4 s.h.
Introduction to psychological principles and theories as related to mental health across the life span, intersections between physical and mental health, and role of advanced practice nurse in psychiatric/mental health care; examination of psychological theory in a life span developmental framework from infancy to older adult; role of cultural diversity in mental health; emphasis on assessment, diagnosis, and management of mental disorders common in adults. Prerequisites: NURS:5029 and NURS:5032. Corequisites: NURS:6701.

**NURS:6501 Psychiatric/Mental Health Nursing Theory II**
4 s.h.
Builds on prior life span content with specific focus on selected populations, families, and groups; define and expand practice of psychiatric/mental health nursing based on integration of theory, standardized languages, and research; varied approaches and issues of service delivery; emphasis on methods and skills for completing a comprehensive mental health assessment and managing common psychiatric illness in childhood/adolescence and late life. Prerequisites: NURS:6500 and NURS:6701. Corequisites: NURS:6702.

**NURS:6550 Executive Leadership and Management**
3-4 s.h.
Leadership and management concepts and theories; application to roles unique to executive nurse leader in health care organizations in institutional and community settings; emphasis on executive leadership roles for facilitating, integrating, and coordinating complex structures, processes, and outcomes in health care systems.

**NURS:6551 Financial Management**
3-4 s.h.
Preparation for nurse leaders and practitioners to use techniques for financial analysis and decision making for patient care programs across the health care continuum; focus on efficient and effective management of resources for delivery of quality health care services.

**NURS:6552 Managing Care in an Organizational Environment**
3-4 s.h.
Manage operations of patient care services across health care continuum within the framework of an established health care organization; focus on efficient and effective management of the structure, governance, patient care delivery system of care, and outcomes of care.

**NURS:6553 Seminar on Innovations** 4 s.h.
Strategizing about taking meaningful action, disrupting stable processes, diffusing innovation, and sustaining change; emerging innovations in nursing and health care systems that impact the functions and responsibilities of nurse leaders.

**NURS:6554 Seminar on Healthy Work Environments** 3 s.h.
Application of leadership and management knowledge specific to creating and sustaining healthy work environments in health care; current and emerging issues focused on health care work environments.

**For Doctoral Students**
The following courses are open to doctoral students; others must have the instructor’s consent in order to enroll.

**NURS:5806 Distance Education: Master's Project** 2-3 s.h.
In-depth analysis and synthesis of a chosen topic that contributes to some aspect of nursing practice. Requirements: M.S.N. enrollment.

**NURS:5807 Distance Education: Master's Thesis** arr.
Systematic investigation of a nursing problem of student's choice under guidance of faculty. Requirements: M.S.N. enrollment.

**NURS:6701 Advanced Practice Clinical Practicum I** 3-4 s.h.
Application of advanced physical assessment, pathophysiology, and diagnostic reasoning in a clinical setting appropriate to a specific population.

**NURS:6702 Advanced Practice Clinical Practicum II** 3-4 s.h.
Continuation of NURS:6701; emphasis on diagnostic reasoning and formulation of treatment plans.

**NURS:6703 Advanced Practice Clinical Practicum III** 3-4 s.h.
Synthesis of role expectations for advanced practice with focus on clinical competencies appropriate to the specialization.

**NURS:6704 Practicum in Executive Leadership and Management** 4 s.h.
Immersion experience in application of principles and methods of leadership, management, and evaluation to facilitate health care operations in various settings; student collaboration with a preceptor for mentored in-depth immersion in systems practice.

**NURS:6800 Emerging Science** 3 s.h.
Emerging science to prepare leaders, advanced practice practitioners, and researchers to meet challenges of today's workforce and health care environment; opportunities to apply emerging health care science that influence health care policy, education, research, and practice.

**NURS:6802 Health Policy, Law, and Advocacy** 3 s.h.
Issues that shape health care economics and policy development; framework for understanding work of legislators and other policy makers; emphasis on state and national level; health issues in developing countries; health care system, its economics, financing, role of government, not-for-profit entities, and nongovernmental organizations. Requirements: doctoral standing.

**NURS:6808 Clinical Decision Making for Advanced Practice** 3 s.h.
Coordination and integration of care delivery for population health and clinical effectiveness across the continuum of care; management of optimized outcomes; emphasis on informatics infrastructure and translation of evidence-based practice to managing care provision and achieving desired outcomes as a result of care provision.

**NURS:6809 DNP Role Integration I** 2 s.h.
Knowledge, skills, and abilities required to function in D.N.P. role and as a leader in health care. First in a two-course sequence. Requirements: doctoral standing.

**NURS:6810 DNP Role Integration II** 2 s.h.
Synthesis and application of knowledge, skills, and abilities required to function in D.N.P. role and as a leader in health care. Second in a two-course sequence. Prerequisites: NURS:6809. Requirements: doctoral standing.

**NURS:6811 Social Determinants of Health and Health System Inequities** 3 s.h.
Social determinants of health outcomes and inequities; social and economic forces that shape them using various perspectives and lenses; conceptualization and measurement of variables representing risk and inequities that serve as the organizing framework for course discussions, including individual and social factors; critical analysis of research studies for social bias. Requirements: doctoral standing.

**NURS:6825 Clinical Leadership Project** 1-5 s.h.
Opportunity for in-depth analysis and synthesis of a practice, system, or policy problem related to advanced nursing practice; development of an evidence-based proposal to benefit a group, population, or community; demonstration of leadership in assessment, planning, implementation, and evaluation. Requirements: doctoral standing.

**NURS:6900 Computational Intelligence** 3 s.h.
Concepts, models, algorithms, and tools for development of intelligent systems; data mining, expert systems, neural networks for engineering, medical and systems applications. Prerequisites: IE:3700. Same as IE:6390.

**NURS:7000 Foundations of Nursing Science II** 4 s.h.
Introduction to philosophical, historical, and conceptual underpinnings of contemporary nursing scholarship; students read primary sources on development of nursing knowledge and classic and contemporary works in philosophy of science; how these ideas influence development of nursing thought; two critical concepts of research (cause and validity); laboratory tools for synthesis of existing literature (integrative review, systematic review, concept analysis); synthesis of literature in student's interest area to identify and apply selected approach. Prerequisites: NURS:5008. Requirements: Ph.D. standing.

NURS:7001 Qualitative Research 4 s.h.
Qualitative research; ethnography, grounded theory, narrative, phenomenology, philosophical underpinnings, and research designs across traditions; current and emerging issues (i.e., mixed methods, meta-synthesis, working with vulnerable populations); guided exercises, peer sharing, collaborative group projects; qualitative interviewing and transcription, field work, participant observation; use of software for managing qualitative data; data coding, analysis and interpretation; critique of qualitative research proposals and manuscripts. Prerequisites: NURS:7000 and NURS:7002.

NURS:7002 Designing Research 3 s.h.
Introduction to designing research studies; issues related to research design as a set of choices influenced by aims, research questions, styles/traditions of research; conceptual frameworks/theories. Requirements: Ph.D. standing.

NURS:7003 Quantitative Research 4 s.h.
Refinement of students' understanding of the application of scientific logic; criteria for causality, its application in health-related research; various quantitative methods; sampling theory and approaches to sample selection, recruitment, and methods; issues related to instrument selection, reliability and validity considerations; management of large data sets and maintenance of data integrity; guided exercises, peer sharing, and collaborative groups provide experiences integrated with content in didactic section. Prerequisites: NURS:7000 and NURS:7002.

NURS:7202 Genetic Nursing Research 3 s.h.
Concepts in human genetics integrated with nursing research; methodological issues in study of populations with specific genetic problems; generation of testable hypotheses.

NURS:7310 Methods and Measurement in Clinical Pain Research 2 s.h.
Basic theoretical models for understanding pain; insight into the state of science of clinical pain research; issues and challenges related to conduction of clinical pain research; designs, vulnerable populations, methodology, and measurement strategies relevant to clinical trials; comparative effectiveness and translational research studies; interdisciplinary presentations of research experiences, issues, and solutions to provide a foundation for discussion and analysis of best practices for clinical pain research. Corequisites: PTRS:6133. Requirements: Ph.D. standing. Recommendations: graduate-level research methods/design course and pathophysiology.

NURS:7400 State of the Science in Biobehavioral Research on Aging 3 s.h.
Analysis and evaluation of science in biobehavioral aging research; overview of aging research and interdisciplinary contributions; biobehavioral phenomena pertinent to aging populations; relevant epidemiologic research, population/community-based research, primary prevention research, qualitative and quantitative analyses, instrumentation, intervention research, measurement studies; ethical and methodological issues, context of care; identification of literature gaps and future research agendas that promote successful aging. Requirements: for NURS:7400 — doctoral standing; for ASP:7400 — Ph.D. enrollment. Recommendations: knowledge of pathophysiology, research design, and statistics. Same as ASP:7400.

NURS:7401 State of the Science in Geriatric Mental Health Research 3 s.h.
Analysis and evaluation of science in geriatric mental health research in nursing and other disciplines; cognitive and affective function, substance abuse, and caregiver health/support; relevant epidemiologic research, population/community-based research, primary prevention research, qualitative and quantitative analyses, instrumentation, intervention research, and measurement studies; review and analysis of program evaluation and services research, emphasis on ethical and methodological issues; identification of literature gaps and future research agendas that promote successful aging. Requirements: for NURS:7401 — doctoral standing; for ASP:7401 — Ph.D. enrollment. Recommendations: knowledge of psychopathology, research design, and statistics. Same as ASP:7401.

NURS:7403 Advanced Seminar in Health Research 3 s.h.
Health research across the lifespan and health care continuum; specific topics based on the state of the science and emerging science initiatives put forth by NIH and other funding agencies. Requirements: doctoral standing.

NURS:7509 Research Residency 3 s.h.
Participation in a research project based on an individualized plan of study, under guidance of a preceptor.

NURS:7800 Independent Study 3 s.h.
Supervised study adjusted to needs of doctoral degree students. Requirements: Ph.D. enrollment.

NURS:7801 Seminar: Research Scholarship Role Development 3 s.h.
Preparation for successful completion of doctoral course work, comprehensive examination, and dissertation; faculty-guided structure provides opportunities for students to assimilate knowledge and behavior of a scholar and activities that facilitate and optimize socialization and success as nurse scientists and academic faculty. Requirements: Ph.D. standing.
**NURS:7803 Research Practicum I** 1 s.h.
First of two practicums that serve as a system of apprenticeship by which students are mentored through selected aspects of scientific processes, methodologies, analysis, and dissemination of results; projects relevant to student's area of study. Requirements: Ph.D. standing.

**NURS:7804 Research Practicum II** 1 s.h.
Second of two practicums that serve as a system of apprenticeship by which students are mentored through selected aspects of scientific processes, methodologies, analysis, and dissemination of results; project relevant to student's area of study. Requirements: Ph.D. standing.

**NURS:7805 Dissertation Research** arr.
College of Pharmacy

Dean
• Donald E. Letendre

Executive associate dean
• Bernard A. Sorofman

Associate dean, assessment, curriculum, and compliance
• Hazel H. Seaba

Associate dean, professional education
• Michael W. Kelly

Associate dean, research and graduate affairs
• Michael W. Duffel

Associate dean, undergraduate education
• Maureen D. Donovan

Associate dean, University of Iowa Hospitals and Clinics health science affairs
• Michael J. Brownlee

Assistant dean, Iowa City Veterans Affairs Medical Center
• Traviss A. Tubbs

Chair, pharmaceutical sciences and experimental therapeutics
• Robert J. Kerns

Chair, pharmacy practice and science
• Jay D. Currie

Head, applied clinical sciences
• Gary Milavetz

Head, health services research
• William R. Doucette

Head, medicinal and natural products chemistry
• Jonathan A. Doorn

Head, pharmaceutics and translational therapeutics
• Aliasger K. Salem

Director, University of Iowa Pharmaceuticals
• Mickey L. Wells

Professional degree: Pharm.D.
Graduate degrees: M.S. in pharmacy; Ph.D in pharmacy
Faculty: http://pharmacy.uiowa.edu/directory/faculty
Web site: http://pharmacy.uiowa.edu/

The pharmacy profession is concerned with a wide variety of activities, from developing new drug products to caring for patients. An important concept in the delivery of pharmacy services is medication therapy management—the responsible provision of drug therapy to achieve defined outcomes that improve patients' quality of life. These outcomes include preventing, arresting, or curing a disease, and/or eliminating or reducing its symptoms.

In order to carry out these activities, pharmacists specialize in the science of drugs and drug information. The dispensing of medications and information at the corner pharmacy is just one aspect of the profession. Pharmacists work in many health care settings, engaging in research, clinical practice, teaching, and counseling. Along with their training in science and drug preparation, they learn the business and communication skills necessary for their multifaceted careers.

Demand for qualified pharmacists is high. Iowa's pharmacy students study with professors who, in many cases, are pioneering the development of new drugs and are defining the appropriate use of others to solve chronic health problems. They also enjoy advanced research facilities, including those of Iowa's drug research and manufacturing area, where experimental drugs are produced for testing and licensing by manufacturers before being introduced worldwide.

The University of Iowa College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education.

College Organization

The College of Pharmacy's faculty and programs are organized in two academic departments, each with two divisions. These units provide course work for the Doctor of Pharmacy curriculum and for the college's graduate programs.

PHARMACY PRACTICE AND SCIENCE DEPARTMENT

Faculty in the Pharmacy Practice and Science Department provide expertise and education in the professional practice of pharmacy. They specialize in a wide variety of clinical pharmacy practices; conduct research on patient and population outcomes related to medication therapy; and provide instruction in the pharmacist's professional role and the safe, effective use of medications.

The department offers Master of Science and Doctor of Philosophy curricula in pharmaceutical socioeconomics, which encompasses the behavioral, economic, social, and administrative sciences; elements of pharmacy practice; and health services research. It offers course work through its Applied Clinical Sciences Division and its Health Services Research Division.

Applied Clinical Sciences Division: Teaching and research in this division focus on the delivery of care and related services to patients and the education of student and resident pharmacists in practice settings. Courses are offered in pharmacotherapy, communication and practice skill development, clinical problem solving, and patient care. Professional practice mentoring and education are provided in introductory and advanced pharmacy practice experiences.

Health Services Research Division: Teaching and research in this division involve economic, social, behavioral, and administrative components of pharmacy practice and medication use. Courses are offered on the health care system, practice management, the
professional and business aspects of pharmacy practice, and on learning and applying economic and social psychological theories to the study of health services and medication use.

To learn more about the department and its two divisions, visit the Pharmacy Practice and Science web site.

**PHARMACEUTICAL SCIENCES AND EXPERIMENTAL THERAPEUTICS DEPARTMENT**

Faculty in the Pharmaceutical Sciences and Experimental Therapeutics Department provide expertise and education in clinical pharmaceutical sciences, medicinal and natural products chemistry, and pharmaceutics. Their interests include dosage form development and performance, and pharmacokinetics and pharmacodynamics, and the chemistry of drugs and their action on human systems. The department offers courses through its Medicinal and Natural Products Chemistry Division and its Pharmaceutics and Translational Therapeutics Division.

**Medicinal and Natural Products Chemistry Division:** Course work in this division relates to understanding the chemistry of drugs and their action on human systems, principles of drug discovery and drug design, natural product chemistry, and biotechnology and genomic strategies for producing new drug molecules. The division’s curricula for the M.S. and Ph.D. programs provide abundant opportunities for interface with researchers in other areas, including medicine, pharmacology, biochemistry, chemistry, and pharmaceutics.

**Pharmaceutics and Translational Therapeutics Division:** This division prepares students to become leaders in developing and evaluating drugs, drug products, and drug delivery systems. It offers two M.S. and Ph.D. subtracks: the pharmaceutics subtrack, which focuses on characterization of pharmaceuticals and their component materials, development of delivery systems for optimal human or veterinary use, and the pharmacokinetic and pharmacodynamic evaluation of drug actions and interactions; and the clinical pharmaceutical sciences subtrack, which focuses on investigating drug therapy outcomes in patients and identifying factors responsible for specific drug actions in individual patients, related patient groups, and large patient populations. The division also offers multidisciplinary opportunities with programs in chemistry, engineering, biomedical science, dentistry, and veterinary medicine. Its national and international collaborations enhance the breadth of research activities available to students.

To learn more about the divisions, visit the Medicinal and Natural Products Chemistry and Pharmaceutics and Translational Therapeutics web sites.

**Professional Program of Study (Pharm.D.)**

- **Doctor of Pharmacy**
  
  The College of Pharmacy collaborates with the College of Public Health to offer the joint Master of Public Health/Doctor of Pharmacy (M.P.H./Pharm.D.) program.

- **Doctor of Pharmacy**
  
  The Doctor of Pharmacy program requires 151 s.h. of professional program credit. The program prepares students for careers in pharmacy. It provides professional education in a number of areas, including pharmaceutical technology, biopharmaceutics, medicinal chemistry, and natural products, pharmaceutical economics, pharmacotherapy, patient care, clinical and hospital pharmacy, and aspects of biotechnology. Graduates of the program are qualified to take the Iowa Board of Pharmacy examination that is required for licensure as a pharmacist.

  The program requires four years of full-time pharmacy study preceded by at least two years of pre-pharmacy study in the College of Liberal Arts and Sciences at the University of Iowa or at an accredited community or liberal arts college in the United States or Canada.

  During pre-pharmacy study, students complete the prerequisites to admission to the Pharm.D. program (see "Admission" below for a list of prerequisite course work). Pharm.D. students complete a total of 20 s.h. of general education course work. They complete 12 s.h. of general education courses as part of their pre-pharmacy study, but if possible, they should complete all 20 s.h. of their general education work before they enter the Pharm.D. program. Courses in moral reasoning or ethics, communication, computer science, and business are recommended for general education; courses in behavioral and social sciences and the humanities are accepted. Courses in physical education skills, applied music, and studio art do not count toward the general education requirement.

  Pharm.D. students must maintain a cumulative g.p.a. of at least 2.00 and a pharmacy g.p.a. of at least 2.00. The pharmacy grade-point average is computed from grades earned in all required courses that students have completed while enrolled in the College of Pharmacy, excluding general education courses and professional electives.

  Students must earn a grade of C-minus or higher in transfer courses applied to the Pharm.D.

  For rules and regulations concerning academic probation, pass/nonpass, credit by examination, maximum schedule, second-grade-only option, waiver or substitution of courses, cancellation of registration, drop date, and Guided Independent Study, see Student Resources on the College of Pharmacy web site.

  The Tippie College of Business (p. 642), the Carver College of Medicine (p. 1005), the College of Dentistry (p. 704), and the College of Liberal Arts and Sciences (p. 24) contribute to the education of pharmacy students by providing instruction in the physical sciences, basic medical sciences, business, the humanities, and the social sciences.

  The College of Pharmacy provides students with the highest possible quality in the professional experiential program. Faculty and adjunct faculty serve as preceptors, providing introductory and advanced practice experience at institutions and pharmacies in Iowa, nationwide, and around the world.

**Professional Curriculum**

The Pharm.D. degree requires the course work listed below, including at least 12 s.h. of professional electives. In addition, students must complete all prerequisites to admission to the Pharm.D. program, including 12 s.h. of general education courses chosen from behavioral, social, humanistic, and business disciplines (see "Admission" below). They also must complete an additional 8 s.h. of
general education work either before or after admission to the Pharm.D. program.

**FIRST YEAR**

Students must complete one semester of PHAR:8100 Introduction to Pharmacy Practice during the first professional year. They also complete PHAR:8205 Student Pharmacist Professionalism throughout the first, second, and third professional years.

**First Semester**

**FOURTH YEAR: ADVANCED PHARMACY PRACTICE ROTATIONS**

During the fourth year, students are required to complete eight advanced pharmacy practice rotations. All students must complete the first four rotations listed below (24 s.h.); they also must complete an additional four rotations of their choice (24 s.h.).

All of these (24 s.h.):

<table>
<thead>
<tr>
<th>Course Code</th>

**Joint M.P.H./Pharm.D.**

The College of Pharmacy and the College of Public Health offer the joint Master of Public Health/Doctor of Pharmacy program. The joint M.P.H./Pharm.D. requires 42 s.h. of graduate credit in addition to the requirements of the Pharm.D. degree. Students who complete the program are granted both degrees.

The M.P.H./Pharm.D. program helps students develop expertise in public health related to pharmacotherapy, health promotion, disease prevention, and medication safety. Its graduates may work in areas of interest common to pharmacy and public health, such as spread and treatment of disease, community health, and immunology; bioterrorism, terrorism, and preparedness; genetics; insurance; managed care; family and juvenile health; and protection of special populations. Employment opportunities are available in hospitals and clinics and with health care providers; private practice; insurance and managed care organizations; local, county, state, and federal government; public health governmental agencies; and colleges and universities.

Separate admission to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the joint degree program.

See "Joint M.P.H./Pharm.D." in the Master of Public Health Program (p. 1173) section of the Catalog to learn about curriculum and admission requirements for the joint program.

**Admission**

Individuals apply to the Pharm.D. program using PharmCAS, the American Association of College of Pharmacy application service. Applicants also must submit a supplemental application, including a $100 application fee, to the University of Iowa College of Pharmacy; see Iowa Graduate Admissions—College of Pharmacy for more information.

All application materials must be received by December 1 of the year before the applicant intends to enter the College of Pharmacy. Entry is for fall semester.

All Pharm.D. applicants must take the Pharmacy College Admission Test (PCAT); they must take PCAT before December 31 of the year before they wish to enter the College of Pharmacy in order to be considered by the admissions committee.

Applicants must complete the college-level work listed under "Prerequisites to Admission to the Pharm.D. Program" below. They also must have an overall cumulative g.p.a. of at least 2.50 and must submit two letters of recommendation. Applicants considered for
admission must have a personal interview; the college contacts applicants to arrange interview appointments.

Fulfillment of the admission requirements listed above does not ensure admission to the College of Pharmacy. The admissions committee considers applicants who meet these requirements and selects individuals who, in their judgment, appear to be best qualified for the study and practice of pharmacy.

Applicants who are accepted for admission are required to submit to a criminal background check and pay a $250 admission acceptance fee. The fee is applied to tuition for the student’s first semester of enrollment in the college. The deposit is not refunded to applicants who do not enroll in the College of Pharmacy.

Entering health sciences students are required to have an annual tuberculin skin test (TST) and proof of immunization against mumps, measles, and rubella (2 MMRs), tetanus, diphtheria, and varicella before classes begin. The usual regimen of three doses of Hepatitis B vaccine and a Hepatitis B titre must be completed by the second semester of the first year. All students are required to have hospitalization and health insurance.

**PREREQUISITES FOR ADMISSION TO THE PHARM.D. PROGRAM**

Applicants to the Pharm.D. program must have completed the following college-level work.

**Rhetoric:** 4 s.h. (RHET:1030 Rhetoric) or 6 s.h. of transfer credit in English composition and rhetoric and 3 s.h. in speech

**Human anatomy:** 3 s.h. (ACB:3110 Principles of Human Anatomy)

**General biology:** 8 s.h. (BIOL:1411 Foundations of Biology and BIOL:1412 Diversity of Form and Function)

**General chemistry:** 8 s.h. (CHEM:1110 Principles of Chemistry I and CHEM:1120 Principles of Chemistry II)

**Organic chemistry:** 6 s.h. (CHEM:2210 Organic Chemistry I and CHEM:2220 Organic Chemistry II)

**Mathematics:** 3-4 s.h. of a satisfactory differential and integral calculus course (MATH:1460 Calculus for the Biological Sciences)

**Microbiology:** 4 s.h. (MICR:3112 Pharmacy Microbiology)

**Microeconomics:** 3-4 s.h. (ECON:1100 Principles of Microeconomics)

**Physics:** one year of high school physics or one semester of college-level physics with a lab (PHYS:1400 Basic Physics)

**Human physiology:** 3 s.h. (HHP:3500 Human Physiology)

**Statistics:** 3 s.h.

**General education electives:** at least 12 s.h.

Courses in moral reasoning or ethics, communications, computer science, and business are recommended for general education; courses in the behavioral and social sciences and the humanities are accepted. Courses in physical education skills, applied music, and studio art do not count toward the general education requirement.

---

**Financial Support**

All second-, third-, and fourth-year pharmacy students are encouraged to apply for College of Pharmacy scholarships. Applications are available each April from the College of Pharmacy Office of Academic Affairs. Students complete a single application form in order to be considered for all scholarships. Award amounts vary. The Awards and Recognition Committee selects the best-qualified applicant for each scholarship.

**Steve and Teresa Berge Scholarship:** for a pharmacy student who is a U.S. citizen and has a g.p.a. of at least 3.00; experience doing volunteer work highly desirable.

**Seymour M. Blaug Memorial Award:** for a pharmacy student with above-average academic achievement.

**Dennis and Bev Bousselet Scholarship:** life insurance gift bequeath.

**Ilse O. Buckner Scholarship:** for a pharmacy student who maintains satisfactory academic progress; nonrenewable, financial need is considered.

**Burroughs-Wellcome Scholarship Fund:** for a student of the committee’s choice.

**David and James Carlson Scholarship:** for two pharmacy students interested in clinical or hospital practice; preference given to students from north of U.S. Interstate 35 and west of U.S. Interstate 35 who show financial need.

**Todd and Jody Christiansen Scholarship Fund:** for a pharmacy student who is enrolled in a dual degree or certificate program; shows financial need and academically strong.

**Class of 2009 Award:** qualifications vary.

**Jordan and Jana Cohen Doctor of Pharmacy Scholarship:** for a pharmacy student in good academic standing; based on merit and need; renewable.

**College of Pharmacy Executive Leadership Board Excellence Fund:** for the senior class president and/or qualifications vary.

**Vernon Conzemius Scholarship:** for a pharmacy student who demonstrates financial need; preference is given to students in the upper half of their class.

**CVS Scholarships:** for two pharmacy students in good academic standing who are interested in community pharmacy.

**John and Margo Daniel Scholarship:** preference is given to a student from Webster County, Iowa.

**Max Eggleston Scholarship:** for a student who has completed one year; preference is given to students from Iowa; based on financial need.

**Alice Gates Coxon Memorial Scholarship:** for a student in good academic standing; essay required.

**Lori A. Grimes Memorial Scholarship:** based on financial need; renewable.

**Dick and Brenda Hartig Scholarship:** for a student who demonstrates financial need; preference is given to students from Dubuque, Waukon, Dyersville, and Iowa City, Iowa; and Galena and Stockton, Illinois.
Thomas D. Hill Scholarship: for a pharmacy student in good academic standing.

Janet Hindelringer Scholarship: for a P3 or P4 student with a g.p.a. of at least 3.00 and demonstrated involvement in campus and community affairs.

Frances T. and Charles Holub Memorial Award: for a third-year pharmacy student; financial need is considered; renewable once.

Iowa Pharmacy Foundation Scholarships: for selected pharmacy students who are residents of Iowa and who demonstrate outstanding academic ability; financial need is considered (Eggleston-Granberg Scholarship is awarded from this fund).

R.A. Kuever Scholarship Fund: for a pharmacy student from Iowa who is in good academic standing.

Ernest Kyle Memorial Scholarship: for a student of the committee's choice.

Ronald Madden Scholarship: for an Iowa high school graduate in good academic standing.

Charles J. Malecek Pharmacy Scholarship: for a student of the committee's choice.

Virgil R. McCutchan Memorial Scholarship: for a deserving pharmacy student.

Carleton Mikkelsen Scholarship: for the top P4 student based on final P3 grade-point average; in case of a tie, the committee chooses the recipient.

Miller-Ruegnitz Scholarships: based on financial need, non-renewable.

NACDS Scholarship: for a student interested in community pharmacy.

Petersen Linder Scholarship: for a pharmacy student in excellent academic standing who has outstanding leadership skills; based on financial need.

Pharmacists Mutual Scholarship: for a student of the committee's choice.

Pharmacy Student Aid Scholarship: for a student of the committee's choice.

Quad Cities Area Pharmacists Association Scholarships: for students who demonstrate financial need; preferably one student from Iowa and one from Illinois.

Robert E. and Barbara J. Rehal Family Scholarship: for a student who has interest in independent or community pharmacy; preferably from Sioux City, Iowa.

Sattler Family Scholarship: for a student of the committee's choice, alternates with the Carver College of Medicine.

Hal Schimmelpfenning Scholarship Fund: for a pharmacy student from Sigourney, Iowa.

Scherling Scholarship: for a student who demonstrates superior academic achievement in organic chemistry.

Chuck and Jacqueline Schwenke Scholarship: for a student of the committee's choice.

Gordon H. Sheffield Scholarship: for a P3 or P4 student from Iowa; preference given to a student who demonstrates leadership and financial need.

Shopko Scholarship: preference given to students who reside or have resided in a state where Shopko is located.

Shutt Pharmacy Scholarship: preference is given to Iowa residents; based on financial need.

H. Curtis Snyder Award: for a pharmacy student in good standing.

Paul G. and Vivian Soderdahl: for a student of the committee's choice.

Wilber J. Teeters and the Teeters/Wahl Scholarships: for a pharmacy student who has completed at least one year in the college; financial need is considered.

Thompson Scholarship Fund in Memory of Rob Chabal: preference given to a fourth-year student committed to community pharmacy practice.

John S. Thor (Nash) Scholarship Fund: for a pharmacy student in good standing; renewable.

Colonel Thomas C. Veach Class of 1952 Scholarship Fund: preference given to a student interested in compounding or industrial pharmacy.

Walgreens Diversity Scholarship: for a student who has made significant efforts toward raising awareness about matters of diversity that affect the pharmacy profession.

Wal-Mart Scholarship: for a P3 or P4 student with high scholastic standing who demonstrates strong leadership, desire to enter a community pharmacy practice, and financial need.

Jo H. and Robert A. Wiley Scholarship Fund: for a pharmacy student who is an Iowa native and shows financial need.

Louis C. Zopf Memorial Award: for a pharmacy student who is academically qualified; financial need is considered.

John D. Zuelke Scholarship: for a pharmacy student (preferably P3 or P4) from Wapello County, Iowa.

Graduate Programs of Study

• Master of Science in pharmacy
• Doctor of Philosophy in pharmacy

The College of Pharmacy offers graduate programs in four areas: clinical pharmaceutical sciences, medicinal and natural products chemistry, pharmaceutical socioeconomics, and pharmaceutics.

Advanced study in the pharmaceutical sciences prepares students for research, teaching, and administrative positions in the pharmaceutical industry, in colleges and universities, in government agencies, and in health-related institutions and organizations.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College. Academic requirements for maintaining graduate registration are determined by the Graduate College and by the individual divisions of the College of Pharmacy.

For more information about graduate study, visit the College of Pharmacy web site.
Facilities and Resources

Pharmacy Building

The Pharmacy Building is located on the University’s health sciences campus, in close proximity to the Carver College of Medicine, College of Dentistry, College of Nursing, and College of Public Health. Also nearby are University of Iowa Hospitals and Clinics, the Bowen Science Building, and the Hardin Library for the Health Sciences.

The Pharmacy Building is a five-story structure designed to provide modern facilities for a comprehensive program of pharmacy education. In addition to classrooms and auditoriums, there are well-equipped separate laboratories for instruction at the professional and graduate levels.

The college operates small and large classrooms with state-of-the-art technology. The student practice lab is a technologically advanced licensed pharmacy that provides real and simulated practice experiences. The Banker Student Activity Center provides quiet individual and small-group study environments and houses offices for College of Pharmacy Student Organizations.

The building also houses a fully supported Instructional Technology Center (Pharmacy ITC) in the Learning Resource Center. The ITC provides state-of-the-art desktop workstations and laptop computers are available for student checkout. Both desktop and laptop computers have secure connections to the University network for online drug information searching and printing.

University of Iowa Pharmaceuticals

University of Iowa Pharmaceuticals is a pharmaceutical manufacturing facility registered with the U.S. Food and Drug Administration that develops pharmaceutical dosage forms and has manufactured clinical supplies in compliance with Good Manufacturing Practices since 1974. University of Iowa Pharmaceuticals has clients worldwide, including pharmaceutical companies, biotechnology firms, medical departments, and government agencies. Its staff works closely with clients and pharmaceutics faculty members to produce virtually every type of pharmaceutical dosage form, supplying new pharmaceutical agents for use in clinical trials and other research. The facility combines the former Center for Advanced Drug Development and Division of Pharmaceutical Service. For more information, visit the University of Iowa Pharmaceuticals web site.

Courses

Students must be enrolled in the College of Pharmacy to take the college’s courses. Undergraduate and graduate students in other colleges must have the instructor’s consent to take College of Pharmacy courses.

Lower-Level Undergraduate

PHAR:1000 First-Year Seminar 1 s.h.
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities).

PHAR:1100 Introduction to Pharmaceutical Sciences 1 s.h.

Upper-Level Undergraduate and Graduate

PHAR:3745 Drug Delivery I arr.
Advanced design and development of drug delivery systems; emphasis on selection of materials and designs suitable for specific applications; comparison and evaluation of available and emerging technologies. Requirements: introductory-level courses in biochemistry and anatomy/physiology.

PHAR:3746 Drug Delivery II arr.
Continuation of PHAR:3745. Prerequisites: PHAR:3745.

PHAR:4740 Materials in Drug and Gene Delivery 3 s.h.
Different types of materials used in drug and gene delivery including synthetic and natural polymers (poly lactic-co-glycolic acid and chitosan respectively); different forms of delivery systems including (but not limited to) liposomes, micelles, biodegradable nanoparticles, nondegradable nanoparticles, and solid porous scaffolds; applications of these material-based delivery systems from targeted chemotherapy to bone regeneration to vaccination applications.

Graduate

PHAR:8000 Introduction to Pharmaceutics Projects 3 s.h.
Introduction to pharmaceutics.

Pharmacy Practice and Science for Pharm.D. Students

PHAR:3740 End-of-Life Care for Adults and Families 2-4 s.h.

PHAR:8100 Introduction to Pharmacy Practice 1 s.h.
Exposure to the pharmacy profession through varied shadowing experiences in practice settings. Requirements: P1 standing.

PHAR:8101 Pharmacy Practice Lab I 2 s.h.
Practical application of scientific and clinical knowledge used in the provision of pharmaceutical care; activities include communication with patient and members of the healthcare team, sterile product and prescription compounding, pharmacy calculations, and use of drug information resources. Requirements: P1 standing.

PHAR:8102 Pharmacy Practice Lab II 2 s.h.
Practical application of scientific and clinical knowledge used in the provision of pharmaceutical care; activities include prescription compounding, pharmacy calculations, communication skills, prescription counseling, and applications of drug information skills through secondary searching of the primary literature. Prerequisites: PHAR:8101. Requirements: P1 standing.

PHAR:8103 Fundamentals of Evaluating Clinical Research 1 s.h.
Basic concepts for evaluation of clinical trials published in primary biomedical and pharmacy literature; design, methods, outcomes, statistical analysis, and generalizability of results. Requirements: P1 standing.

PHAR:8104 Pharmacy Law and Ethics 2 s.h.
Legal and moral aspects involved in the practice of pharmacy. Requirements: P3 standing.

PHAR:8105 Social Aspects of Pharmacy Care 2 s.h.
Conceptual issues related to social and behavioral components of pharmacy care; social construction of health and illness, medication use process, health communications, cultural competence, health disparities, public health. Requirements: P1 standing.

PHAR:8106 Foundations of Pharmaceutical Sciences 5 s.h.
Comprehension and application of molecular structures and functional groups to altering properties of molecules; solution and solid drug properties; drug instability; dosage forms and fundamental principles of toxicology. Requirements: P1 standing.

PHAR:8110 Foundations of Pharmacy Practice 4 s.h.
Introduction to contemporary pharmacy practice. Requirements: P1 standing.

PHAR:8130 Foundations of Pharmacy Practice I 4 s.h.
Introduction to contemporary pharmacy practice; small-group discussion, application of core concepts through active hands-on learning approaches; for first-year student pharmacists. Requirements: P1 standing.

PHAR:8131 Professional Engagement 1 s.h.
Opportunity for student engagement in the College of Pharmacy prior to Professionalism Ceremony; development as a responsible partner in learning process by nurturing collaboration, leadership, service, compassion, community, self-development, and social enrichment among students, faculty, and staff. Requirements: P1 standing.

PHAR:8132 Professional Development 1 s.h.
Engagement with profession of pharmacy and community through service and leadership activities, reflection; use of Continuous Professional Development Cycle (CPD) approach to learning. Requirements: P1 standing.

PHAR:8133 Introductory Pharmacy Practice Experience Shadowing 1 s.h.
Experience shadowing a pharmacist for six hours in four different pharmacy practice settings for a total of 24 hours; settings include practice areas and rotation types required for P4 Advanced Pharmacy Practice Experience (APPE) sites in community pharmacy, hospital pharmacy, ambulatory care/family practice, acute care medicine, and other elective practice settings; work with faculty mentor. Requirements: P1 standing.

PHAR:8134 Foundations of Health Services 3 s.h.
Foundation issues for pharmacist practice related to social, cultural, behavioral, economic, and organization design components of pharmacy care. Requirements: P1 standing.

PHAR:8135 Health Information Retrieval and Informatics 3 s.h.
Introduction and overview of health care information retrieval, organization, and dissemination; retrieval and organization of health information from pharmacy and medical primary and tertiary literature using secondary resources; knowledge and skills to manage, analyze, and legally share health information in electronic health records, pharmacy information systems, and automated systems. Requirements: P1 standing.

PHAR:8136 Foundations of Pharmaceutical Sciences I 3 s.h.
Introduction and overview of foundations of pharmaceutical sciences. Requirements: P1 standing.

PHAR:8137 Foundations of Pharmaceutical Sciences II 2 s.h.

PHAR:8200 Introduction to Community Pharmacy Practice 3 s.h.
Exposure to community pharmacy through activities focusing on drug distribution, legal requirements, communication, patient interaction; during breaks in P2 year. Requirements: P2 standing.

PHAR:8201 Clinical Practice Skills I: Theory and Application 2 s.h.
Exploration and development of professional skills required for delivery of patient care; patient assessment, clinical decision making, communication (written and oral), teamwork. Corequisites: PHAR:8242.

PHAR:8203 Pharmacy Practice Lab III 2 s.h.
Practical application of scientific and clinical knowledge in the provision of patient-centered care; activities include prescription interpretation and counseling, compounding, applications of drug information, use of patient screening tools, physical assessment, and pharmacy law. Corequisites: PHAR:8240 and PHAR:8241, if not taken as prerequisites.

PHAR:8204 Pharmacy Practice Lab IV 2 s.h.
Practical application of scientific and clinical knowledge in the provision of patient-centered care; activities include providing medication therapy management for patients, prescription and self-care counseling, and application of drug information skills. Corequisites: PHAR:8242 and PHAR:8243, if not taken as prerequisites. Requirements: P2 standing.

PHAR:8205 Student Pharmacist Professionalism 1 s.h.
Participation in activities promoting leadership and professional learning, and service learning; required participation P1 through P3 years.

PHAR:8206 Introduction to Hospital Pharmacy Practice 2 s.h.
Exposure to hospital pharmacy through activities focusing on drug distribution, legal requirements, communication, patient interaction; during breaks in P2 year. Requirements: P2 standing.

**PHAR:8240 Introduction to Therapeutics/ Special Populations**  
Treatment modalities that promote health and treat common diseases; common laboratory and diagnostic procedures used to diagnose and monitor diseases; basic types of adverse drug reactions. Requirements: P2 standing.

**PHAR:8241 Endocrinology, Ophthalmology, Women's and Men's Health Therapeutics**  
Pharmacotherapy for endocrine and ophthalmologic disorders; review of disorders, treatment goals, treatment plans, patient counseling, monitoring of patient outcomes. Requirements: P2 standing.

**PHAR:8242 Respiratory and Dermatologic Therapeutics**  
Pharmacotherapy for respiratory and dermatologic disorders; review of disorders, treatment goals, treatment plans, patient counseling, monitoring of patient outcomes. Requirements: P2 standing.

**PHAR:8243 Cardiovascular Therapeutics**  

**PHAR:8300 Introduction to Clinical Pharmacy Practice**  
Clinical practice experience observing and participating in clinical activities with P4 students, faculty, and other health care providers. Requirements: P3 standing.

**PHAR:8302 Clinical Practice Skills II: Critical Patient Analysis**  
Continuation of PHAR:8201; development of professional skills required for delivery of patient care; patient assessment, clinical decision making, communication (written and oral) skills. Corequisites: PHAR:8340. Requirements: P3 standing.

**PHAR:8303 Clinical Practice Skills III: Applied Patient Management**  
Continuation of PHAR:8302; development of professional skills required for delivery of patient care; patient assessment, clinical decision making, communication (written and oral), teamwork. Corequisites: PHAR:8342. Requirements: P3 standing.

**PHAR:8305 Pharmacy Practice Lab V**  
Practical application of scientific and clinical knowledge in the provision of patient-centered care; activities include medication therapy management for patients, prescription and self-care counseling, and application of drug information skills. Corequisites: PHAR:8340 and PHAR:8341, if not taken as prerequisites.

**PHAR:8306 Pharmacy Practice Lab VI**  
Practical application of scientific and clinical knowledge in the provision of patient-centered care; activities include medication therapy management for patients, prescription and self-care counseling, and application of drug information skills. Corequisites: PHAR:8342 and PHAR:8343, if not taken as prerequisites. Requirements: P3 standing.

**PHAR:8308 Pharmaceutical Economics and Insurance**  
Financing of health care in the U.S.; insurance and reimbursement in pharmacy and pharmacoeconomics. Requirements: P3 standing.

**PHAR:8309 Pharmacy Management and Marketing**  
Application of management principles to pharmacy practice; marketing techniques for pharmacy practice; operations, human resources, finance, quality improvement and service marketing management.

**PHAR:8313 Drug Literature Evaluation**  
Study design methods, drug information techniques and skills; skill development in critical analysis and evaluation of published reports of drug use and drug trials, assessment of validity of reports, trials and studies, assessment of generalizability of results to individual patients and patient groups; laboratory experience in biomedical literature analysis, evaluation.

**PHAR:8340 FEN, GI, and Renal Therapeutics**  
Pharmacotherapy for fluid/electrolyte/nutrition disorders; gastrointestinal and renal diseases; review of disorders, treatment goals, treatment plans, patient counseling, monitoring of patient outcomes. Requirements: P3 standing.

**PHAR:8341 Rheumatology, Immunology, Hematology, Oncology, and Transplantation Therapeutics**  
Pharmacotherapy for rheumatology, immunology, hematology, oncology, and transplantation; review of disorders, treatment goals, treatment plans, patient counseling, monitoring of patient outcomes. Requirements: P3 standing.

**PHAR:8342 Neurology/Psychiatry Therapeutics**  
Pharmacotherapy for psychiatric and neurologic disorders; review of disorders, therapeutic goals, treatment plans, patient counseling, monitoring of patient outcomes. Requirements: P3 standing.

**PHAR:8343 Infectious Disease Therapeutics**  
Pharmacotherapy for infectious diseases; review of disease, therapeutic goals, treatment plans, patient counseling, monitoring of patient outcomes. Requirements: P3 standing.

**PHAR:8702 Dean's Pharmacy Forum II**  
Contemporary issues in pharmacy practice, pharmacy education, and health care.
PHAR:8703 Web 2.0 and Pharmacy Drug Information
Introduction to challenges and opportunities of social Internet applications, electronic drug information sources, and mobile technologies available to healthcare providers and patients; creation, use, and critical evaluation of web-based products; lectures, class discussions, required readings, reflection blogs, and group projects. Requirements: P1, P2, or P3 standing.

PHAR:8706 Pharmacy Projects
Basic and applied research problems of pharmaceutical interest.

PHAR:8708 Substance Abuse
Themes and concepts in substance abuse and treatment; stimulants, depressants, alcohol, opiates, hallucinogens, steroids; drug abuse prevention and treatment, including dual diagnosis, from cradle to the grave.

PHAR:8712 Nonprescription Pharmacotherapy
Introduction to nonprescription medications; development of patient assessment and consultation skills; understanding of pharmacist's role in patient self-care. Requirements: P3 standing.

PHAR:8715 Health Disparities and Cultural Competence
Characteristics, causes, and effects of health disparities in the U.S. health care system; foundation for development of knowledge, attitudes, and skills required of culturally competent health care providers; definitions and models of cultural competence, characteristics of culturally effective practitioners and workplaces; health disparities among specific populations, evidence for cultural competence as a remedy; taking a culturally appropriate history; working with interpreters; legal and professional imperatives for cultural competence. Same as NURS:3715.

PHAR:8717 Ambulatory Care Pharmacy
Additional experience in the practice of clinical pharmacy; focus on key therapeutic areas where ambulatory care clinical pharmacists currently have a significant impact improving patient care, including anticoagulation management, hyperlipidemia management, and diabetes management; opportunity to develop expertise in clinical decision making, improve problem solving abilities, and continued development in writing and oral presentation skills. Prerequisites: PHAR:8241 and PHAR:8243. Requirements: P3 standing.

PHAR:8718 Special Topics in Acute Care
Pharmacology for common but varied acute care medicine topics; review of disorder, therapeutic goals, treatment plans, patient counseling, monitoring patient outcomes; lecture or case-based classes; acute and chronic renal failure; peritoneal and hemodialysis; diabetic ketoacidosis; rhabies; shock, vasopressors, fluids; ACLS; deep venous thrombosis, stress ulcer prophylaxis; burns; sedation, neuromuscular blockage; opioids; multiple sclerosis. Prerequisites: PHAR:8240 and PHAR:8241 and PHAR:8242 and PHAR:8243 and PHAR:8340 and PHAR:8341. Corequisites: PHAR:8342 and PHAR:8343. Requirements: B.L.S. certification.

PHAR:8719 Overview of Pediatric Pharmacotherapy
Discussion of issues and problems in pediatric pharmacotherapy; clinical practicum. Prerequisites: PHAR:8230 and PHAR:8240. Requirements: P3 standing.

PHAR:8720 Health Coaching and Wellness
Develop expertise in health coaching and wellness to care for patients with chronic diseases; in-depth look at lifestyle changes recommended for patients with chronic diseases; discuss and investigate nutrition and exercise guidelines for patients with chronic diseases; motivational interviewing technique and incorporation of chronic care model for patients. Requirements: P2 or P3 standing.

PHAR:8721 Leadership and Political Advocacy
Contemporary issues in pharmacy; role of leadership and advocacy in shaping profession; becoming effective advocates within political and policy making process; development of advocacy and leadership skills essential to improve self, profession, and community. Requirements: P1, P2, or P3 standing. Recommendations: PHAR:8702 and PHAR:8722.

PHAR:8722 Current Topics in Health Policy
Legislative process and broad range of current issues in health policy; general- and pharmacy-specific health policy topics at state and federal levels. Requirements: P1, P2, P3, or graduate standing.

PHAR:8723 Infectious Disease for Acute Care Practice
Contemporary issues related to infectious diseases; unusual pathogens such as Ebola, tropical medicine, bioterrorism, resistance, travel medicine, epidemiology.

PHAR:8724 Hospital Pharmacy Practice Management Elective
Organizational structure of pharmacy departments in hospitals and health care systems; models for delivery of pharmaceutical care; pharmacy's role in drug-policy decision making; provision of drug information; clinical and distributive pharmacy services; control of pharmacy and pharmacy costs; use of information technology and automation for service delivery; supervisory management; quality improvement. Requirements: P3 standing.

PHAR:8725 Career Pathways in Pharmacy
Career preparation through writing, speaking, reading, and listening; writing résumés, curricula vitae, cover letters; interviewing techniques; electronic portfolios; web-based career information; guest speakers from pharmacy associations, major chains; workshop approach. Requirements: P3 standing.

PHAR:8788 International Perspectives: Xicotepec
Introduction to providing service to a community in a less developed country; student projects intended to improve community life in Xicotepec. Requirements: P3 standing. Same as CEE:4788, GHS:4126.

PHAR:8790 Topics in Community Pharmacy Management
Focus on building practical knowledge and understanding of business principles.

**PHAR:9401 Ambulatory Care Rotation** 6 s.h.
Clinical experience in providing pharmaceutical care in outpatient clinic settings. Requirements: P4 standing.

**PHAR:9402 Elective Ambulatory Care Rotation** 6 s.h.
Clinical experience providing pharmaceutical care in specialty outpatient settings. Requirements: P4 standing.

**PHAR:9403 Elective Nuclear Pharmacy Rotation** 6 s.h.
Practical experience in the handling and clinical use of radiopharmaceuticals. Requirements: P4 standing.

**PHAR:9404 Community Pharmaceutical Care Rotation** 6 s.h.
Clinical experience in the community setting; emphasis on delivery of pharmaceutical care. Requirements: P4 standing.

**PHAR:9405 Elective Hospice and Palliative Care Rotation** 6 s.h.
Clinical experience providing pharmacotherapy for end-of-life care. Requirements: P4 standing.

**PHAR:9406 Elective: Drug Information Rotation** 6 s.h.
Practice experience applying drug information knowledge to service and research projects. Requirements: P4 standing.

**PHAR:9407 Elective Family Medicine Rotation** 6 s.h.
Clinical practice experience applying primary care therapeutics in family medicine practice settings. Requirements: P4 standing.

**PHAR:9408 Elective Hematology/Oncology Rotation** 6 s.h.
Drug therapy management of oncology patients and patients with hematologic malignancies, aplastic anemia, sickle cell disease, hemophilia. Requirements: P4 standing.

**PHAR:9409 Elective Home Health Care Rotation** 6 s.h.
Clinical experience in the team approach to health care delivery, including total parenteral nutrition, chemotherapy, intravenous antibiotics, lab analysis, hospice care, and pain management. Requirements: P4 standing.

**PHAR:9410 Hospital Pharmacy Rotation** 6 s.h.
Instruction and practical experience in various components of hospital pharmacy; emphasis on hospital organization, inpatient and outpatient services, IV admixtures, unit dose, and clinical services. Requirements: P4 standing.

**PHAR:9411 Elective Long Term Care Rotation** 6 s.h.
Practice in consulting and providing services to varied long-term patient care environments. Requirements: P4 standing.

**PHAR:9412 Elective Managed Care Rotation** 6 s.h.
Practice experience in providing pharmaceutical care or pharmacy-related services in a managed care organization. Requirements: P4 standing.

**PHAR:9413 Acute Care Medicine Rotation** 6 s.h.
Clinical experience applying therapeutic skills for the pharmacotherapeutic management of patients on general medicine or specialty inpatient areas. Requirements: P4 standing.

**PHAR:9414 Elective Neurology Rotation** 6 s.h.
Clinical experience in the pharmacotherapeutic and pathophysiologic considerations of neurological disorders. Requirements: P4 standing.

**PHAR:9415 Elective: Pediatrics Rotation** 6 s.h.
Clinical experience in drug therapy management of general and specialty pediatric patients. Requirements: P4 standing.

**PHAR:9416 Elective: Pharmacy Rotation** 6 s.h.
Selected practice experiences in various pharmacy practice settings. Requirements: P4 standing.

**PHAR:9417 Elective Psychiatry Rotation** 6 s.h.
Clinical experience in the rational use of drugs in psychiatric disorders. Requirements: P4 standing.

**PHAR:9418 Elective Research Rotation** 6 s.h.
Practice experience in basic pharmaceutical or clinical research; proposal, study design, data collection and analysis, presentation of results. Requirements: P4 standing.

**PHAR:9419 Elective: Surgery Rotation** 6 s.h.
Clinical experience in drug therapy management on a surgery unit. Requirements: P4 standing.

**PHAR:9420 Elective Pharmacy Practice Underserved Population Rotation** 6 s.h.
Opportunity to learn the best practices for pharmaceutical management; approaches to enhance access to and appropriate use of medicines in underserved and resource-limited environments. Requirements: P4 standing.

**PHAR:9421 Elective Community Management Rotation** 6 s.h.
Practice exposure to community pharmacy operations and management at the store, district, or corporate level. Requirements: P4 standing.

**PHAR:9422 Elective: Compounding/Complimentary Alternative Medicine Rotation** 6 s.h.
Clinical work in a community setting with focus on team approach; experience developing extemporaneous compounds to optimize patient care and/or integrating traditional and nontraditional medicine. Requirements: P4 standing.
PHAR:9423 Elective: Critical Care Medicine Rotation
Practice experience providing pharmaceutical services to intensive care unit patients. Requirements: P4 standing.

PHAR:9424 Elective Emergency Medicine Rotation
Clinical experience providing pharmaceutical care for patients treated in the emergency department. Requirements: P4 standing.

PHAR:9425 Elective Hospital Management Rotation
Practice experience in hospital pharmacy operations and management. Requirements: P4 standing.

PHAR:9426 Elective Infectious Disease Rotation
Clinical experience providing pharmacotherapeutic management of patients receiving antimicrobial medications. Requirements: P4 standing.

PHAR:9427 Elective Medication Use Evaluation Rotation
Practical experience in drug use evaluation to improve patient outcomes. Requirements: P4 standing.

PHAR:9428 Elective Pharmacy Industry Rotation
Practice experience in an area of the pharmaceutical industry. Requirements: P4 standing.

PHAR:9429 Elective: Pharmacy Regulatory Rotation
Practice experience with a pharmacy regulatory body. Requirements: P4 standing.

PHAR:9430 Elective: Professional Association Rotation
Practice experience in professional association management environment at the state or national level. Requirements: P4 standing.

PHAR:9431 Elective: Veterinary Pharmacy Rotation
Practice experience in managing drug therapy for animals. Requirements: P4 standing.

PHAR:9432 Elective: Advanced Community Pharmacy Rotation
Community pharmacy experience emphasizing patient-centered care. Requirements: P4 standing.

PHAR:9433 Elective Academic Rotation
Practice experience delivering pharmacy education with a College of Pharmacy faculty member. Requirements: P4 standing.

PHAR:9434 Elective International Pharmacy Rotation
Practice experience in pharmacy practice outside the United States. Requirements: P4 standing.

Pharmaceutical Sciences and Experimental Therapeutics for Pharm.D. Students

PHAR:8111 Pharmaceutics I: Solutions 4 s.h.
Application of physical and chemical principles to formulation, preparation of liquid dosage forms, including solution, colloids, ointments, emulsions. Requirements: P1 standing.

PHAR:8112 Pharmaceutics II: Solids and Semi-Solids 4 s.h.
Properties of solids; formulation, preparation, evaluation of solid dosage forms. Requirements: P1 standing.

PHAR:8121 Medicinal and Natural Products Chemistry I: Biotechnology and Chemotherapy 3 s.h.
Organic and inorganic medicinal and therapeutic agents of natural and synthetic origin; physical, chemical, biological, and biochemical properties as they relate to medicinal and therapeutic effects; comparative biological activity and toxicity; detoxication mechanisms; functional group chemistry; nomenclature; chemistry of radiodiagnostic and therapeutic agents; introduction to biopharmaceutical analysis. First in a three-course sequence. Prerequisites: CHEM:2220 and MICR:3112. Requirements: P1 standing.

PHAR:8122 Medicinal and Natural Products Chemistry II: Pharmacodynamic Agents 3 s.h.
Medicinal chemistry of pharmacodynamic agents; introduction to peptides and proteins, thyroid hormone, diabetes, vaccines, gene therapeutics, NSAIDs, cardiovascular drugs, antihistamines, anticancer drugs. Second in a three-course sequence. Prerequisites: PHAR:8121. Requirements: P2 standing.

PHAR:8123 Medicinal and Natural Products Chemistry III: Medicinal Neurochemistry 3 s.h.
Receptor site theory; steroids, lipids, and prostaglandins; sedatives and hypnotics; drugs of abuse; cholinergics; excitatory amino acids and anticonvulsants; major analgesics; adrenergics; psychotherapeutics. Third in a three-course sequence. Prerequisites: PHAR:8121 and PHAR:8122. Requirements: P2 standing.

PHAR:8213 Pharmacokinetics and Biopharmaceutics 3 s.h.
Qualitative and quantitative description of kinetics of drug absorption, distribution, and elimination, including physiological factors that influence each process; adjustment of dosing regimens for optimizing therapeutic drug levels in the body; dosing considerations in special populations. Prerequisites: PHAR:8111 and PHAR:8112.

PHAR:8230 Clinical Pharmacokinetics 3 s.h.
Application of pharmacokinetics to the clinical setting. Requirements: P2 standing.

PHAR:8710 Introduction to Pharmacogenomics 2 s.h.
Introduction to pharmacogenetics in pharmacy; laboratory techniques, application of pharmacogenetics to clinical pharmacy.
PHAR:8791 Survey of Basic Pharmaceutical Sciences 1 s.h.
Aspects of drug discovery and development; seminar with guest speakers from industry. Requirements: admission to Pharm.D. program.

Pharmacy Practice and Science for Graduate Students

PHAR:5310 Pharmaceutical Socioeconomics Seminar 1-2 s.h.
Recent research in pharmacy administration.

PHAR:5335 Social Aspects of Pharmacy Care 2 s.h.
Conceptual issues related to social and behavioral components of pharmacy care; social construction of health and illness, medication use process, health communications, cultural competence, public health.

PHAR:5350 Introduction to Research Methods 3 s.h.
Scientific inquiry, experimental design, data collection, statistical methods used in the study of health services and clinical investigations; focus on understanding the research process and evaluating published studies. Recommendations: introductory statistics.

PHAR:6305 Foundation Literature in Pharmaceutical Socioeconomics arr.
Issues related to pharmacy administration, social and behavioral pharmacy, pharmacy education.

PHAR:6320 Pharmaceutical Socioeconomics Research arr.

PHAR:6330 Models of Patient Behavior and Choice 3 s.h.
Theoretical models used to describe behavior and choice in pharmaceutical socioeconomic research; models from economics, health services research, health behavior, clinical decision making.

PHAR:6331 Models of Provider Behavior and Choice 3 s.h.
Theoretical background for study of provider decision making and behavior; models based on a classic economic approach, models used to study provider behavior.

PHAR:7330 Analytic Issues in Health Services Research I 3 s.h.
Analytic tools used in health services research; focus on applications in nonexperimental research settings, such as analyses using administrative claims data or preexisting public use data sets. Prerequisites: BIOS:5120. Same as HMP:7960.

PHAR:7331 Analytic Issues in Health Services Research II 3 s.h.
Continuation of HMP:7960: advanced applications, including panel data and qualitative response models. Prerequisites: HMP:7960. Same as HMP:7965.

Pharmaceutical Sciences and Experimental Therapeutics for Graduate Students

PHAR:3748 Quantitative Research Methods II: Materials Characterization 2 s.h.
Introduction to physical methods of pharmaceutical materials characterization; thermal, electrochemical, and spectrophotometric methods; lecture, discussion, and laboratory activities.

PHAR:5110 Clinical Pharmaceutical Sciences Seminar 1-2 s.h.
Research by faculty, graduate students.

PHAR:5135 Introduction to Clinical Pharmacogenomics 3 s.h.
Basic pharmacogenetic techniques; use of pharmacogenomics in clinical pharmacy. Prerequisites: BIOL:2512.

PHAR:5510 Medicinal and Natural Products Chemistry Seminar 1-2 s.h.
Contemporary research in medicinal chemistry and natural products.

PHAR:5512 Drug Discovery and Mechanisms 3 s.h.
Process of modern drug discovery, focus on high throughput screening strategies, target validation, pharmacological characterization of new compounds; mechanism of drugs targeting G protein coupled receptors, ion channels and transporters, targets in biological systems.

PHAR:5515 Perspectives in MNPC Research 1 s.h.
Contemporary research in medicinal chemistry and natural products.

PHAR:5520 Medicinal and Natural Products Chemistry Research arr.

PHAR:5521 High Throughput Screening for Pharmaceutical and Biomedical Sciences 1 s.h.
Broad introduction to high throughput screening (HTS) and its application in pharmaceutical and biomedical sciences; HTS as a modern technology platform integrated with robust detection systems and robotic liquid handling instruments; use of HTS platforms to identify biologically active small organic molecules to validate drug targets, screen compound libraries; identification of biologically active small molecules for use as probes, tool compounds, drug leads; systematic, unbiased, and/or focused hypothesis-based approaches for mechanistic studies in biological and medical sciences. Recommendations: bachelor degree in biochemistry, chemistry, molecular biology, pharmacology, or equivalent.

PHAR:5537 Enzymatic Basis of Drug Metabolism 3 s.h.
Current literature on catalytic and physical properties, distribution, and substrate specificity of enzymes involved in mammalian drug metabolism. Prerequisites: CHEM:2220.

PHAR:5541 Total Synthesis of Natural Products 3 s.h.
Total synthesis of natural products; use of strategies, tactics, efficiency, selectivity, synthetic maneuvering.

PHAR:5542 Enzyme Mechanisms and Ligand Interactions
Enzymes as unparalleled catalysts that represent a unique class of drug targets; focus on organic chemistry of enzyme catalyzed reactions and enzyme inhibition by small molecules from a medicinal chemistry perspective; chemical and enzyme kinetics, sources of catalytic power, chemical mechanisms used in enzyme catalysis, role of coenzymes; strategies in enzyme inhibition, drug resistance, drug synergism, reversible enzyme inhibitors, transition state analogs, slow tight binding inhibitors, irreversible inhibition; taken alone or with BIOC:5242. Requirements: introductory course in biochemistry. Same as BIOC:5244.

PHAR:5544 Pharmaceutical and Chemical Toxicology
Principles and mechanisms of chemical toxicology related to drugs and environmental agents; modern toxicological research methods.

PHAR:5545 Current Medicinal Chemistry
Modern techniques used in drug discovery; important drug classes, their chemical mechanism of action.

PHAR:5549 Analytical Biochemistry
Application of modern chromatographic and detection methods used to isolate, characterize, and quantify drugs and macromolecules.

PHAR:5550 Synthetic Strategies in Medicinal Chemistry
Modern chemical methods for construction of carbon-carbon bonds commonly used in synthesis of natural products; strategic disconnections for the syntheses of these molecules.

PHAR:5700 Quantitative Research Methods in Pharmacy I
Collection and interpretation of analytical data; instrumental analysis and separation techniques.

PHAR:5745 Drug Delivery: Principles and Applications I
Advanced design and development of drug delivery systems with emphasis on selection of materials and designs suitable for specific applications; comparison and evaluation of available and emerging technologies.

PHAR:5746 Drug Delivery: Principles and Applications II
Continuation of PHAR:5745. Prerequisites: PHAR:5745.

PHAR:5875 Perspectives in Biocatalysis
Applied enzymology, protein design, structure-activity relationships, biosensor technology, microbial transformations, biodegradation of environmental pollutants. Requirements: graduate standing in a participating department supported by the Predoctoral Training Program in Biotechnology. Same as CHEM:5875, CBE:5875, CEE:5875, MICR:5875, BIOC:5875.

PHAR:5930 Introduction to Pharmaceutical Sciences Research
Key principles and methods in pharmaceutical sciences research.

PHAR:6120 Clinical Pharmaceutical Sciences Research

PHAR:6130 Analytical Techniques in Therapeutics
Basic concepts of cell culture, animal models, and biochemical techniques for mechanistic evaluation of drug actions.

PHAR:6501 Principles and Mechanisms of Chemical Toxicology
General principles and basic mechanisms of chemical and pharmaceutical toxicology; drug/toxicant disposition, including biotransformation and bioactivation to electrophiles.

PHAR:6502 Toxic Agents and Concepts in Toxicology
Specific classes of toxicants and non-organ directed toxicity, including chemical carcinogenesis, oxidative stress, teratogenesis; clinical toxicology, antidotes, methods and models in toxicology.

PHAR:6503 Target-Organ Toxicity
Role of drugs/toxicants in systems toxicity (target organ); hepatotoxicity, neurotoxicity, cardiotoxicity, and toxic responses of immune system.

PHAR:6700 Pharmacokinetics and Pharmacodynamics
Kinetics of drug absorption, distribution, and elimination, including development of mathematical models. Requirements: two semesters of calculus and one semester of statistics.

PHAR:6701 Stability of Pharmaceuticals
Mechanisms of degradation of pharmaceuticals; prediction of shelf life of pharmaceuticals, stabilization. Prerequisites: CHEM:4432.

PHAR:6703 Product Development
Application of physico-chemical principles to formulation and design of pharmaceutical dosage forms.

PHAR:6705 Selected Topics in Pharmaceutical Sciences
Recent advances and contemporary research in pharmaceuticals.

PHAR:6706 Equilibria Processes
Equilibria pertaining to ionic systems, complexation, partitioning, solubility. Prerequisites: CHEM:4431.

PHAR:6710 Pharmaceutics Graduate Seminar

PHAR:6720 Pharmaceutics Research

PHAR:7100 Translational Research and Clinical Drug Development
Clinical drug development; preclinical studies and clinical trials; phase I, II, and III clinical trials, including regulatory considerations.
PHAR:7101 Principles of Experimental Therapeutics 3 s.h.
Introduction to key principles and concepts for research in experimental therapeutics; basic principles related to drug disposition, toxicity, and efficacy.

PHAR:7102 Applied Clinical and Translational Science 3 s.h.
Application of clinical and translational science in a multidisciplinary collaborative environment to develop, conduct, and report research.

PHAR:7700 Advanced Pharmacokinetics and Pharmacodynamics 3 s.h.
Selected topics, including nonlinear curve fittings. Prerequisites: PHAR:6700.

PHAR:7701 Surface Phenomena arr.
Behavior of matter in phase boundaries, especially adsorptive processes at liquid-solid and vapor-solid interfaces. Prerequisites: CHEM:4431.

PHAR:7702 Transport Phenomena 3 s.h.
Diffusion and mass transport phenomena related to pharmaceutical systems. Prerequisites: CHEM:4431.
The College of Public Health provides educational opportunities to students campuswide. In addition to training and educating public health students, the college welcomes students from the Tipple College of Business, the Carver College of Medicine, the Graduate College, and the Colleges of Dentistry, Education, Engineering, Law, Nursing, and Pharmacy who enroll in public health courses. Undergraduate students in the College of Liberal Arts and Sciences and graduate students from programs such as anthropology, microbiology, and statistics also register for public health courses. The college’s faculty members, staff members, and graduate and postdoctoral students contribute to teaching and research activities throughout the health sciences campus and provide services to Iowa and the nation. Partnerships for teaching and research extend across the campus. This background provides a rich array of educational opportunities.

The college includes the Departments of Biostatistics (p. 1146), Community and Behavioral Health (p. 1152), Epidemiology (p. 1158), Health Management and Policy (p. 1166), and Occupational and Environmental Health (p. 1180). It offers programs leading to four graduate degrees: Master of Health Administration (M.H.A.), Master of Public Health (M.P.H.), Master of Science (M.S.), and Doctor of Philosophy (Ph.D.). It also offers the Certificate in Agricultural Safety and Health (p. 1145), the Certificate in Biostatistics (p. 1146), the Certificate in Emerging Infectious Disease Epidemiology (p. 1157), the Certificate in Public Health (p. 1151), and the Certificate in Translational and Clinical Investigation (p. 1158).

The college is accredited by the Council on Education for Public Health (CEPH), the accrediting body for the nation's schools and colleges of public health. Three programs in the college currently are accredited: the industrial hygiene M.S. training program is accredited by ABET, the Master of Health Administration is accredited by the Commission on Accreditation of Healthcare Management Education (CAHME), and the Occupational and Environmental Health Residency is accredited by the Accreditation Council for Graduate Medical Education (ACGME).

Admission

Each department in the College of Public Health has an admission committee. Admission criteria usually include a satisfactory cumulative grade-point average; Graduate Record Examination (GRE) General Test scores; references; résumés; and for applicants whose first language is not English, scores on the Test of English as a Foreign Language (TOEFL). Other evaluation criteria may include oral and on-campus interviews, written statements, special emphasis on science and math courses, and a match of available faculty mentors with student interests. Application deadlines vary by program.

Applicants to College of Public Health programs must meet the admission requirements of the Graduate College. For detailed information about Graduate College policies, including application requirements and procedures, see the Manual of Rules and Regulations of the Graduate College.
Faculty
The college's faculty includes members with single appointments in the College of Public Health as well as those with joint appointments in other University of Iowa colleges, including the Carver College of Medicine and the Colleges of Dentistry, Engineering, Law, Liberal Arts and Sciences, Nursing, and Pharmacy. In addition, the college's faculty includes adjunct members from Drake University, Iowa State University, the University of Northern Iowa, the Iowa State Department of Public Health, the State Hygienic Laboratory at the University of Iowa, the Iowa Heart Center (in Des Moines), University of Iowa Hospitals and Clinics, and the National Institutes of Health.

Research Centers and Institutes
The College of Public Health is home to 27 centers and institutes that conduct research and provide public service. These multidisciplinary centers and institutes—most of which are supported by federal grants—focus their investigative efforts on important public health topics. They conduct an array of outreach, service, and policy activities through which the College of Public Health engages with agencies, communities, and organizations throughout Iowa, the Midwest, the nation, and the world. Students are encouraged to explore opportunities for involvement with any of the college's centers and institutes.

For more information, see Research Centers and Programs on the college's web site.

Facilities
The College of Public Health Building, a state-of-the-art facility that opened in early 2012 on the University's health sciences campus, houses the college's administrative, departmental, and faculty offices. The college's research centers, institutes, and specialized laboratories are located in Westlawn, on the health sciences campus; in University Capitol Centre, on the main campus east; and at the University of Iowa Research Park.

Eight student computer laboratories are housed at the college. More than 55 software packages are available for student use, most without charge. Software includes Microsoft Office products, SAS, and S+. Some specialty labs are equipped with RedHat Linux and are loaded with R, Macanova, Xlispstat, Mathematica, and other software.

Students, faculty, and staff draw on extensive library resources available across campus. Hardin Library for the Health Sciences serves as a central resource for all of the health sciences colleges. Hardin Library's Information Commons, a state-of-the-art health sciences educational technology facility, provides central support and delivery for courseware development, classroom instruction, health-related research, and independent learning. It offers high-end multimedia development workstations, networked electronic classrooms, a case-based learning and conference room, and information research workstations for searching health-related databases and the Internet.

Interdepartmental Degree

Graduate certificate: agricultural safety and health
Web site: http://www.public-health.uiowa.edu/certificate-ash/

Graduate Program of Study

- Certificate in Agricultural Safety and Health

The certificate program trains students to detect safety and illness hazards and to treat and prevent farm-related illnesses, injuries, and deaths. It is intended for health and safety professionals nationwide as well as for students at the University of Iowa and at other postsecondary institutions who are enrolled in health or safety programs and would like to add an agricultural health component to their training. The certificate may enhance employment opportunities in health care delivery, government, and the private sector.

The program is accredited by the Council on Education for Public Health.

Certificate

The Certificate in Agricultural Safety and Health requires 12 s.h. of graduate credit. Completion of the certificate is noted on the student's transcript.

The certificate is offered by distance education, but students are encouraged to take OEH:6110 Rural Health and Agricultural Medicine on campus; the course is offered twice yearly, once during spring semester and again as an intensive five-day workshop in June. Students may be able to complete OEH:7040 Preceptorship in Occupational and Environmental Health in their own communities.

The Certificate in Agricultural Safety and Health requires the following course work.

All of these:

- OEH:5410 Occupational Safety 3 s.h.
- OEH:5620 Occupational Health 3 s.h.
- OEH:6110 Rural Health and Agricultural Medicine 3 s.h.
- OEH:7020 Independent Study in Occupational and Environmental Health arr.
- OEH:7040 Preceptorship in Occupational and Environmental Health arr.

One of these:

- OEH:5010 Occupational and Environmental Health Seminar 1 s.h.
- OEH:6120 Current Topics in Agriculture and Rural Health 1 s.h.

Applicants to the certificate program should hold a bachelor's degree from an accredited university with a g.p.a. of at least 2.50; or they should have equivalent experience and education. Application materials must include the program's application form, a résumé, and a letter of interest explaining the applicant's current position and education objectives.

For more information about the program's curriculum or faculty, visit the Certificate in Agricultural Safety and Health web site.
Biostatistics

Head
• Joseph E. Cavanaugh

Deputy head
• William R. Clarke

Graduate degrees: M.S. in biostatistics; Ph.D. in biostatistics
Graduate certificate: biostatistics
Faculty: http://www.public-health.uiowa.edu/biostatistics-faculty-list/
Web site: http://www.public-health.uiowa.edu/biostat/

The Department of Biostatistics prepares students for professional and academic careers in biostatistics. Graduates find positions in pharmaceutical, health care, and research companies and institutions; in universities and government agencies; and as consultants. The department also provides training for non-biostatistics students.

Current research interests in the Department of Biostatistics include computer intensive statistics, Bayesian methods, design and analysis of clinical trials, longitudinal data analysis, survival analysis, spatial modeling, analysis of data subject to missingness, time series, model selection, quality control, survey sampling, statistical genetics, and public health statistics. Biostatistics faculty members work closely with both clinical and basic science investigators on the University of Iowa health sciences campus in the design and analysis of research projects.

Graduate Programs of Study
• Master of Science in biostatistics
• Doctor of Philosophy in biostatistics
• Certificate in Biostatistics

In addition to offering graduate degree programs in biostatistics, the department offers the quantitative methods subprogram for the Master of Public Health; see "M.P.H. Subprogram" below.

Master of Science

The Master of Science program in biostatistics requires a minimum of 38 s.h. of graduate credit. The program provides training in the design of experiments and in analysis of data related to biomedical or public health problems. It emphasizes mathematical, statistical, and computer methods for dealing with quantitative information and provides opportunities for students to gain statistical consulting experience with a variety of problems.

Graduates find career opportunities in many areas, including pharmaceutics, health care, research companies and institutions, consulting firms, universities, and government agencies.

All M.S. students are required to complete an in-depth preceptorship under the direction of a departmental faculty member and a final comprehensive-style examination.

Graduate students in biostatistics must maintain a g.p.a. of at least 3.00. Those who receive a grade of C on 7 s.h. of course work may be dismissed from the program.

The Master of Science in biostatistics requires the following course work.

CORE COURSES
All of these:
BIOS:5510 Biostatistical Computing 3 s.h.
BIOS:5710 & BIOS:5720 Biostatistical Methods I-II 8 s.h.
BIOS:5730 Biostatistical Methods in Categorical Data 3 s.h.
BIOS:6610 Statistical Methods in Clinical Trials 3 s.h.
BIOS:7500 Preceptorship in Biostatistics 3 s.h.
EPID:4400 Epidemiology I: Principles 3 s.h.

One of these sequences:
STAT:4100-STAT:4101 Mathematical Statistics I-II 6 s.h.
STAT:5100-STAT:5101 Statistical Inference I-II (preferred for students who intend to earn a Ph.D.) 6 s.h.

Public health requirement:
MPH:6100 Essentials of Public Health 1 s.h.

ELECTIVES
One of these:
BIOL:4213 Bioinformatics 4 s.h.
CBH:4105 Introduction to Health Promotion and Disease Prevention 3 s.h.
ECE:5220 Computational Genomics 3 s.h.
GENE:7191 Human Molecular Genetics 3 s.h.
HMP:4000 Introduction to the U.S. Health Care System 3 s.h.
OEH:4240 Global Environmental Health 3 s.h.
PATH:8133 Introduction to Human Pathology for Graduate Students 4 s.h.
PCOL:2120 Drugs: Their Nature, Action, and Use 2 s.h.

Another approved biology/public health course

At least 6 s.h. from these:
BIOS:5310 Research Data Management 3 s.h.
BIOS:6210 Applied Survival Analysis 3 s.h.
BIOS:6310 Introductory Longitudinal Data Analysis 3 s.h.
BIOS:6810 Bayesian Methods and Design 3 s.h.
BIOS:7110 Theory of Biostatistics I 4 s.h.
BIOS:7120 Theory of Biostatistics II 4 s.h.
BIOS:7210 Survival Data Analysis 3 s.h.
BIOS:7310 Longitudinal Data Analysis 3 s.h.
BIOS:7410 Analysis of Categorical Data 3 s.h.
BIOS:7700 Problems/Special Topics in Biostatistics 1 s.h.
CS:3110 Introduction to Informatics 3 s.h.
STAT:4520 Bayesian Statistics 3 s.h.
STAT:6540 Applied Multivariate Analysis 3 s.h.
STAT:7200 Linear Models 4 s.h.
MASTER OF SCIENCE BACKGROUND

Ph.D. students must take the following courses (26 s.h.) required for the Master of Science in biostatistics. Students who have completed equivalent course work at other institutions may request waivers and/or transfers of credit. Students who earned a Master of Science in biostatistics at the University of Iowa automatically receive credit for these courses.

One of these sequences:

**STAT:4100-STAT:4101 Mathematical Statistics**

6 s.h.

**STAT:5100-STAT:5101 Statistical Inference I-II**

6 s.h.

All of these:

**BIOS:5710 & BIOS:5720 Biostatistical Methods I-II**

8 s.h.

**BIOS:5730 Biostatistical Methods in Categorical Data**

3 s.h.

**BIOS:7500 Preceptorship in Biostatistics**

3 s.h.

**EPID:4400 Epidemiology I: Principles**

3 s.h.

**MPH:6100 Essentials of Public Health**

1 s.h.

One approved biology/public health course

**CORE COURSES**

**BIOS:7110 Theory of Biostatistics I**

4 s.h.

**BIOS:7120 Theory of Biostatistics II**

4 s.h.

**BIOS:7210 Survival Data Analysis**

3 s.h.

**BIOS:7310 Longitudinal Data Analysis**

3 s.h.

**BIOS:7410 Analysis of Categorical Data**

3 s.h.

**STAT:7200 Linear Models**

4 s.h.

**ELECTIVES**

With approval of their advisor, students choose 15-22 s.h. of graduate-level courses in biostatistics, statistics, genetics, microbiology, among others. They may count a maximum of 5 s.h. earned in nonquantitative courses (e.g., community and behavioral health, epidemiology, microbiology) toward the requirement. They also may count courses required for the Master of Science that are not listed under "Master of Science Background," above, toward the requirement.

Ph.D. students may take the following courses.

**BIOS:6210 Applied Survival Analysis**

3 s.h.

**BIOS:6220 Cohort Data Analysis**

1 s.h.

**BIOS:7500 Preceptorship in Biostatistics**

3 s.h.

(in addition to the Master of Science preceptorship)

**BIOS:7600 Advanced Biostatistics Seminar**

0-3 s.h.

**BIOL:4213 Bioinformatics**

4 s.h.

**STAT:4520 Bayesian Statistics**

3 s.h.

**STAT:6300 Probability and Stochastic Processes I**

3 s.h.

**STAT:6540 Applied Multivariate Analysis**

3 s.h.

**STAT:6560 Applied Time Series Analysis**

3 s.h.

**STAT:7400 Computer Intensive Statistics**

3 s.h.

**STAT:7520 Bayesian Analysis**

3 s.h.

**DISSERTATION**

**BIOS:7900 Thesis/Dissertation (at least two semesters in residence)**

10-17 s.h.

**Certificate**

The Certificate in Biostatistics requires a minimum of 15 s.h. of graduate credit. It is designed for students who would like to add a formal biostatistics emphasis to their graduate programs. Completion of the certificate is noted on the student's transcript.

The certificate program is open to students enrolled in a University of Iowa graduate degree program outside biostatistics. It is also open to individuals who hold graduate degrees in science disciplines or professional degrees in the health sciences and are admitted to the Graduate College as nondegree students (contact the Department of Biostatistics for more information).

Enrollment is limited; applicants who have completed at least one of the certificate's required courses and whose research will be advanced by biostatistics training are given priority for admission. Visit the Certificate in Biostatistics web site for an application form.

The certificate requires two core courses (6 s.h.) and three electives (9 s.h.). Students should work with an advisor to plan their course work carefully, since some certificate courses have prerequisites, require permission for enrollment, or are not offered every year. Students must earn a grade of at least B-minus in each certificate course and must maintain a cumulative g.p.a. of at least 3.00 in order to earn the certificate. They must complete at least 6 s.h. of the required course work after being admitted to the certificate program, and they may count a maximum of 9 s.h. of certificate credit toward a degree or
another certificate earned at the University. At least 6 s.h. of the certificate plan of study must be exclusively applied to the certificate.

The Certificate in Biostatistics requires the following course work.

**CORE COURSES**
Both of these:

- BIOS:5110 Introduction to Biostatistics 3 s.h.
- BIOS:5120 Design and Analysis of Biomedical Studies 3 s.h.

**ELECTIVES**
Three of these (total of 9 s.h.):

- BIOS:5310 Research Data Management 3 s.h.
- BIOS:6110 Applied Categorical Data Analysis 3 s.h.
- BIOS:6210 Applied Survival Analysis 3 s.h.
- BIOS:6220 Cohort Data Analysis 1 s.h.
- BIOS:6310 Introductory Longitudinal Data Analysis 3 s.h.
- BIOS:6610 Statistical Methods in Clinical Trials 3 s.h.
- BIOS:7850 Research in Biostatistics arr.

Other courses may be approved as electives by the Department of Biostatistics director of graduate studies.

**Admission**

Applicants to the M.S. and Ph.D. programs in biostatistics must apply through the Schools of Public Health Application Service (SOPHAS); they also must apply for admission to the Graduate College through the University of Iowa Office of Admissions. For detailed application information, visit Prospective Students/Application Process on the Department of Biostatistics web site.

The biostatistics faculty considers several factors when evaluating applications for admission, including Graduate Record Examination (GRE) General Test scores, grade-point averages, letters of recommendation, intent and motivation for graduate study, and research interests.

All M.S. and Ph.D. program applicants must hold a bachelor's degree, have a cumulative g.p.a. of at least 3.00, and have taken the Graduate Record Examination (GRE) General Test. Applicants whose first language is not English and who do not hold a bachelor's degree from an accredited institution in the United States, the United Kingdom, Canada (except Quebec), Australia, or New Zealand must score at least 100 (Internet-based) on the Test of English as a Foreign Language (TOEFL). Applicants with lower scores are not considered for admission. In place of TOEFL scores, the department accepts International English Testing System (IELTS) scores of 7.0 or higher, with no sub-score below 6.0.

All biostatistics applicants are required to have strong written and oral communication skills.

All M.S. applicants must be competent in at least one computer programming language. They also must have mathematical sciences training in methods and techniques of single variable and multivariable differential and integral calculus, and in linear algebra.

Completion of an M.S. program in statistics or biostatistics generally is required for admission to the Ph.D. program.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Students may enter the M.S. and Ph.D. programs in fall; the priority application deadline for both programs is December 1.

**Financial Support**

A limited number of teaching and research assistantships are available. Assistantships offer financial support and tuition assessed at the resident tuition rate along with a tuition scholarship. They also provide valuable on-the-job training experience.

For information on financing education through jobs, grants, and loans, contact the University's Office of Student Financial Aid.

**Resources**

Department of Biostatistics resources and activities include three centers. The Biostatistics Consulting Center provides opportunities for students to gain valuable experience working with faculty and staff in the health sciences at the University of Iowa. The Clinical Trials Statistical and Data Management Center serves the statistical design, data management, and analysis needs of a variety of multicenter clinical trials, and among those are Clinical Islet Transplantation (CIT) Consortium, Network of Excellence in Neuroscience Clinical Trials (NEXT), and the Parkinson's Progress Markers Initiative (PPMI). The Center for Public Health Statistics facilitates the collection, statistical analyses, and dissemination of health data in support of the University's research, teaching, and service missions and in partnership with the Iowa Department of Public Health.

**Courses**

**BIOS:4110 General Biostatistics** 4 s.h.
Biostatistics and biostatistical computation; biostatistical aspects of health-related areas—clinical trials, disease modeling, disease mapping, genetics, and epidemiology; brief introduction to survival and longitudinal analyses.

**BIOS:4120 Introduction to Biostatistics** 3 s.h.
Application of statistical techniques to biological data including descriptive statistics; probability; normal, binomial, and Poisson distributions; sampling distributions; tests of significance; confidence intervals; analysis of frequency data; simple linear regression. Requirements: college algebra.

**BIOS:4710 Biostatistical Methods Laboratory** 1 s.h.
Computational aspects of one-sample and two-sample problems; analysis of frequency data, linear regression, and correlation analysis; examples using these computational methods in public health. Offered fall semesters. Prerequisites: STAT:2010 and STAT:3200.

**BIOS:5050 Biostatistics for Biomedical Research** 1 s.h.
BIOS:5110 Introduction to Biostatistics 3 s.h.
Application of statistical techniques to biological data, including descriptive statistics; probability; normal, binomial, and Poisson distributions; sampling distributions; tests of significance; confidence intervals; analysis of frequency data; simple linear regression. Requirements: college algebra.

BIOS:5120 Design and Analysis of Biomedical Studies 3 s.h.
Simple and multiple linear regression and correlation; one- and two-way layout considerations in planning experiments; factorial experiments; multiple comparison techniques; orthogonal contrasts. Offered spring semesters. Prerequisites: BIOS:5110. Same as STAT:5610.

BIOS:5310 Research Data Management 3 s.h.
Overview of problems encountered in gathering and processing data from biomedical investigations; introduction to data management techniques useful in biomedical studies; introduction to Microsoft Access. Offered fall semesters. Requirements: Python or Java or C programming capability. Same as STAT:5810.

BIOS:5510 Biostatistical Computing 3 s.h.
Groundwork in SAS and R programming; emphasis on data management, Monte Carlo simulations, and expectation maximization techniques. Offered fall semesters. Corequisites: BIOS:5710. Recommendations: C and C++ skills.

BIOS:5710 Biostatistical Methods I 4 s.h.
Problem-oriented probability distributions, moments, estimation, parametric and nonparametric inference for one-sample and two-sample problems, analysis of frequency data, linear regression, and correlation analysis, with emphasis on use of computers. Offered fall semesters. Requirements: two semesters of calculus.

BIOS:5720 Biostatistical Methods II 4 s.h.
Continuation of BIOS:5710: linear regression and correlation, multiple linear regression, multiple factor experiments, multiple comparisons, orthogonal contrasts, block and split-plot designs, confounding interactions, and mixed models. Offered spring semesters. Prerequisites: BIOS:5710.

BIOS:5730 Biostatistical Methods in Categorical Data 3 s.h.
Introduction to methods for allied categorical data analysis; estimation of proportions, rates, and risks; measures of relative risk and odds ratios, stratified analysis, case control studies, logistic regression. Offered spring semesters. Prerequisites: BIOS:5510 and BIOS:5710. Corequisites: BIOS:5720 and (STAT:4101 or STAT:5101).

BIOS:6110 Applied Categorical Data Analysis 3 s.h.
Overview of methods to analyze categorical data from health science investigations; estimation of rates and risks, measures of relative risk, stratified analysis, logistic regression analysis. Offered fall semesters. Prerequisites: BIOS:5120.

BIOS:6210 Applied Survival Analysis 3 s.h.
Nonparametric, parametric, and semi-parametric methods for time to event data; types of censoring; Kaplan-Meier estimation; Weibull model estimation; Cox proportional hazards models, including methods for assessing adequacy of proportional hazards assumption; time varying covariates; sample size calculations for comparison of two or more groups; focus on analysis of real data sets and examples using statistical software. Offered spring semesters. Prerequisites: BIOS:5710 or BIOS:6110.

BIOS:6220 Cohort Data Analysis 1 s.h.
Methods of comparing direct standardized rates and standardized mortality ratios; Poisson regression for cohort data. Offered spring semesters of odd years. Prerequisites: BIOS:6110.

BIOS:6310 Introductory Longitudinal Data Analysis 3 s.h.
Statistical models and estimation methods used to analyze correlated data (e.g., same subject measured repeatedly); emphasis on use of statistical software. Offered fall semesters of odd years. Prerequisites: STAT:3200 or STAT:6510 or BIOS:5730 or BIOS:6110. Same as STAT:6550.

BIOS:6610 Statistical Methods in Clinical Trials 3 s.h.
Survey of statistical methods commonly used in clinical trials; methodologic perspective on the design, conduct, and analysis of trials; emphasis on Phase III randomized controlled clinical trials. Offered spring semesters. Prerequisites: BIOS:5720 and (STAT:3101 or STAT:4101 or STAT:5101).

BIOS:6650 Comparative Effectiveness Research Methods for Observational Data 3 s.h.
Concepts of internal/external validity, counterfactuals, confounding, causal inference, and heterogeneity of treatment effect; methods including propensity scores, graphical models, inverse probability weighting, double robustness, marginal structural models, direct and indirect effects, instruments. Prerequisites: BIOS:5710 and BIOS:5720 and BIOS:5730 and ((STAT:4100 and STAT:4101) or (STAT:5100 and STAT:5101)).

BIOS:6810 Bayesian Methods and Design 3 s.h.
Theory and application of Bayesian methods in biomedical research; foundations of Bayesian statistics, including axiomatic development of subjective probability and decision theory, study design, model development, inference, and implementation of computational algorithms. Prerequisites: BIOS:5510 and BIOS:5720 and BIOS:5730 and STAT:4100 and STAT:4101.
**BIOS:7110 Theory of Biostatistics I** 4 s.h.
Intermediate study of sufficiency, exponential families, methods of estimation, uniform minimum variance unbiasedness, information, likelihood theory, confidence intervals, the Neyman-Pearson lemma, asymptotic theory and its applications. Offered fall semesters of even years. Prerequisites: BIOS:5720 and (STAT:4101 or STAT:5101).

**BIOS:7120 Theory of Biostatistics II** 4 s.h.
Nonparametric hypothesis tests, semiparametric estimation, generalized linear models, generalized estimation equations, generalized linear mixed models, EM algorithm, computer-intensive methods; application of theory learned in BIOS:7110 to classical and new methods in biostatistics. Offered spring semesters of odd years. Prerequisites: BIOS:7110.

**BIOS:7210 Survival Data Analysis** 3 s.h.
Types of censoring and truncation; survival function estimation; life tables; parametric inference using exponential, Weibull, and accelerated failure time models; nonparametric tests; sample size calculation; Cox regression with stratification and time-dependent covariates; regression diagnostics; competing risks; analysis of correlated survival data. Offered fall semesters. Prerequisites: BIOS:5720 and (STAT:4101 or STAT:5101). Same as STAT:7570.

**BIOS:7270 Scholarly Integrity in Biostatistics** 1 s.h.
Responsible conduct of research training; emphasis on issues of particular relevance to biostatisticians including authorship, communication, student/mentor relationships, plagiarism, fabrication and falsification of data, bias, Type I/II errors, reproducible research, data confidentiality and security, conflicts of interest, human/animal subjects. Requirements: graduate standing in biostatistics.

**BIOS:7310 Longitudinal Data Analysis** 3 s.h.
Introduction to statistical methodology for analyzing data from observational and experimental studies in which the response variable from each subject is measured repeatedly; emphasis on use of statistical software packages and specialized programs. Offered spring semesters. Prerequisites: BIOS:5720 and (STAT:4101 or STAT:5101).

**BIOS:7410 Analysis of Categorical Data** 3 s.h.
Models for discrete data, distribution theory, maximum likelihood and weighted least squares estimation for categorical data, tests of fit, models selection. Offered spring semesters. Prerequisites: (STAT:4101 or STAT:5101) and (STAT:5200 or BIOS:5720). Same as STAT:7510.

**BIOS:7500 Preceptorship in Biostatistics** arr.
Work experience using knowledge and skill acquired in classroom; arranged in conjunction with ongoing departmental or collegiate activities or with governmental agencies or private industry; preparation of prospectus and presentation of research results in a department seminar.

**BIOS:7600 Advanced Biostatistics Seminar** 0-3 s.h.
Current topics; supervised experience in reading and interpreting biostatistical literature. Offered spring semesters.

**BIOS:7604 Scholarly Integrity in Biostatistics for Postdocs** 0 s.h.
Responsible conduct of research training; emphasis on issues of particular relevance to biostatisticians and statisticians including authorship, communication, student/mentor relationships, plagiarism, fabrication and falsification of data, bias, Type I/II errors, reproducible research, data confidentiality and security, conflicts of interest, human/animal subjects. Requirements: postdoctoral research scholar/fellow standing in biostatistics or statistics.

**BIOS:7700 Problems/Special Topics in Biostatistics** arr.
Didactic material in biostatistics; may include tutorials, seminars, faculty-directed independent work (e.g. literature search, project, short research project).

**BIOS:7800 Independent Study in Biostatistics** arr.
In-depth pursuit of an area of special interest in biostatistics requiring substantial creativity and independence.

**BIOS:7850 Research in Biostatistics** arr.
Research that may lead to a dissertation.

Certificate in Public Health

Coordinator
- Katie Boland

Undergraduate certificate: public health
Graduate certificate: public health

The College of Public Health offers the Certificate in Public Health for undergraduates and for graduate students. The certificate program is designed to improve public health practice and public health workforce capacity in Iowa and the upper Midwest. It is intended primarily for individuals in public health practice, those in the workforce, and those interested in strengthening their knowledge and skills in basic public health competencies.

Undergraduate Program of Study
- Certificate in Public Health

The College of Public Health administers and awards the undergraduate Certificate in Public Health.

Certificate
The undergraduate Certificate in Public Health requires 12 s.h. of credit and may be completed by distance education. All certificate courses are offered on the Internet at least once a year. All courses except EPID:3099 Evidence-Based Public Health Methods also are offered on the University of Iowa campus. Certificate students must have access to a computer and the Internet. Students who are enrolled only in the Certificate in Public Health program may not register for courses other than those required for the certificate.

Students must complete the certificate's required course work within five years of entering the program and must maintain a g.p.a. of at least 2.75 in work for the certificate.

Students who are admitted to the M.P.H. program after they complete the certificate may apply a maximum of 9 s.h. of certificate credit toward the M.P.H. degree.

The undergraduate Certificate in Public Health requires the following course work.

This course:
EPID:3099 Evidence-Based Public Health Methods 3 s.h.

One of these:
MPH:2099 Fundamentals of Public Health 3 s.h.
MPH:4101 Introduction to Public Health 3 s.h.

Two of these:
CBH:4105 Introduction to Health Promotion and Disease Prevention 3 s.h.
HMP:4000 Introduction to the U.S. Health Care System 3 s.h.
OEH:4240 Global Environmental Health 3 s.h.

Applicants to the undergraduate certificate program must have completed at least 60 s.h. of postsecondary education course work and must have a cumulative g.p.a. of at least 2.75. They must submit official transcript(s), a statement of purpose, two reference letters, a résumé, and an application form.

For more information about the program and how to apply, visit the Certificate in Public Health web site.

Graduate Program of Study
- Certificate in Public Health

The College of Public Health administers the graduate Certificate in Public Health; the certificate is conferred by the Graduate College.

Certificate
The graduate Certificate in Public Health requires 12 s.h. of credit.

All certificate courses are offered on the Internet at least once a year. All courses except EPID:3099 Evidence-Based Public Health Methods also are offered on the University of Iowa campus. Certificate students must have access to a computer and the Internet. Students who are enrolled only in the Certificate in Public Health program may not register for courses other than those required for the certificate.

Students must complete the certificate's required course work within five years of entering the program and must maintain a g.p.a. of at least 2.75 in work for the certificate.

Students who are admitted to the M.P.H. program after they complete the certificate may apply a maximum of 9 s.h. of certificate credit toward the M.P.H. degree.

The graduate Certificate in Public Health requires the following course work.

Both of these:
EPID:3099 Evidence-Based Public Health Methods 3 s.h.
MPH:4101 Introduction to Public Health 3 s.h.

Two of these:
CBH:4105 Introduction to Health Promotion and Disease Prevention 3 s.h.
HMP:4000 Introduction to the U.S. Health Care System 3 s.h.
OEH:4240 Global Environmental Health 3 s.h.

Applicants to the graduate certificate program must hold a bachelor’s degree and must have a cumulative g.p.a. of at least 2.75. They must submit official transcript(s), a statement of purpose, two reference letters, a résumé, and an application form.

For more information about the program and how to apply, visit the Certificate in Public Health web site.
Community and Behavioral Health

Head

• Edith A. Parker

Graduate degrees: M.S. in community and behavioral health; Ph.D. in community and behavioral health

Faculty: http://www.public-health.uiowa.edu/cbh-faculty-list/

Web site: http://www.public-health.uiowa.edu/cbh/

The Department of Community and Behavioral Health examines the relationship between human behavior and community health and focuses on creating effective strategies for change. Its faculty members come from a variety of disciplines within the social and health sciences, drawn together by an interest in health behavior and promoting healthy communities.

Community and behavioral health students learn how to design, implement, and evaluate interventions directed toward identified public health problems in communities. They learn how public and institutional policy, the media, and community organizations can promote healthy behavior and effect positive change.

Graduate Programs of Study

• Master of Science in community and behavioral health
• Doctor of Philosophy in community and behavioral health

Graduate students in community and behavioral health may earn degrees with or without subprograms. The Master of Science and Doctor of Philosophy programs offer an optional subprogram in health communication.

The department offers two subprograms for the Master of Public Health: the community and behavioral health subprogram and the health communication subprogram. See "M.P.H. Subprograms" below.

Master of Science

The Master of Science program in community and behavioral health requires 35 s.h. of graduate credit, including a thesis. The program prepares students for research and professional positions in community and behavioral health or for Ph.D. study in community and behavioral health. The degree is offered with an optional subprogram in health communication; see "M.S. Subprogram in Health Communication" below.

During the first semester, M.S. students work with their academic advisor to develop a plan of study that satisfies their interests and professional goals as well as the program's requirements. Students are required to attend departmental seminars and to complete all courses required for the degree.

The Master of Science in community and behavioral health requires the following course work.

CONTENT AREA ELECTIVES

Students work with their advisor to select at least 5 s.h. of course work appropriate to their educational goals and emphasis areas. They may choose from any community and behavioral health courses not already taken, other College of Public Health courses, or other University of Iowa graduate-level courses.

THESIS

The thesis requirement is 6 s.h.

M.S. Subprogram in Health Communication

The M.S. subprogram in health communication is designed for students who wish to gain knowledge and skill in designing, evaluating, and implementing effective communication strategies and messages that use mediated and interpersonal channels to address the health needs of diverse audiences. The program focuses on clinician-patient interaction, family communication, group and organizational communication, and mass media and web-based campaigns.

The health communication subprogram combines the M.S. core course work with additional concentrated learning opportunities. Students fulfill the regular M.S. requirements, using the health communication core to satisfy the content area electives requirement.
HEALTH COMMUNICATION CORE
Four of these (12 s.h.):
- CBH:3150/JMC:3150 Media and Health 3 s.h.
- CBH:6210/COMM:6210 Health Communication 3 s.h.
- CBH:6215 Persuasion and Health 3 s.h.
- CBH:6220/COMM:6220 Health Communication Campaigns 3 s.h.
- COMM:6371 Communication Theory 3 s.h.

M.P.H. Subprograms
The Department of Community and Behavioral Health offers two subprograms for the Master of Public Health: the community and behavioral health subprogram and the health communication subprogram.

The M.P.H. subprogram in community and behavioral health prepares public health practitioners for a variety of positions in community development, health program implementation, and health education.

The M.P.H. subprogram in health communication prepares public health practitioners for a variety of employment opportunities in health communication strategies, health communication in groups and organizations, and mass media/web-based campaigns in health promotion.

For detailed information about the M.P.H. degree, see Master of Public Health Program (p. 1173) in the Catalog.

Doctor of Philosophy
The Doctor of Philosophy program in community and behavioral health requires at least 75 s.h. of graduate credit, including credit earned from a master's degree. The program prepares individuals for academic, research, and policy-making work in the social and behavioral health sciences. This fast-growing academic specialty offers many career opportunities in academic and research institutions. The Ph.D. is offered with an optional subprogram in health communication; see "Ph.D. Subprogram in Health Communication" below.

Ph.D. students must successfully complete a qualifying exam, a comprehensive exam, and a dissertation. The research topic must be approved by the student's dissertation committee.

During the first semester, students work with their academic advisor to develop a plan of study that satisfies their interests and professional goals as well as the program's requirements. Students are required to attend departmental seminars and to complete all courses required for the degree.

The Doctor of Philosophy in community and behavioral health requires the following work.

COLLEGE OF PUBLIC HEALTH CORE
All of these (9-10 s.h.):
- CBH:4105 Introduction to Health Promotion and Disease Prevention 3 s.h.
- BIOS:5110 Introduction to Biostatistics 3 s.h.
- EPID:4400 Epidemiology I: Principles 3 s.h.
- MPH:6100 Essentials of Public Health (for students without an M.P.H.) 1 s.h.

BEHAVIORAL AND SOCIAL SCIENCES CORE
Seven of these (21 s.h.):
- CBH:3102/ANTH:3102 Medical Anthropology 3 s.h.
- CBH:5205 Social Determinants of Health 3 s.h.
- CBH:5220 Health Behavior and Health Education 3 s.h.
- CBH:6205 Designing and Implementing Interventions 3 s.h.
- CBH:6210 Health Communication 3 s.h.
- CBH:6215 Persuasion and Health 3 s.h.
- CBH:6220 Health Communication Campaigns 3 s.h.

RESEARCH METHODS CORE
Five of these (15 s.h.):
- CBH:5305 Evaluation I: Approaches and Applications 3 s.h.
- CBH:5310 Qualitative Research for Public Health 3 s.h.
- CBH:6305 Evaluation II: Design and Methods 3 s.h.
- CBH:6335 Research Methods in Community and Behavioral Health 3 s.h.
- BIOS:5120 Design and Analysis of Biomedical Studies 3 s.h.
- BIOS:6110 Applied Categorical Data Analysis 3 s.h.
- GEOG:3505 Foundations of GIS 3 s.h.
- PSQF:6243 Intermediate Statistical Methods 4 s.h.
- PSQF:6249 Factor Analysis and Structural Equation Models 3 s.h.
- PSQF:6252 Introduction to Multivariate Statistical Methods 3 s.h.
- SOC:5160 Research Design and Methods 3 s.h.
- SOC:6170 Introduction to Sociological Data Analysis 3 s.h.
- SOC:6180 Linear Models in Sociological Research 3 s.h.
- SOC:7170 Advanced Statistical Modeling of Data 3 s.h.
- SOC:7180 Structural Equation Modeling 3 s.h.

CONTENT AREA ELECTIVES
Students work with their advisor to select at least 18 s.h. of course work appropriate to their educational goals and emphasis areas. They may choose from any Department of Community and Behavioral Health courses they have not already taken, other College of Public Health courses, or other University of Iowa graduate-level courses.

DISSERTATION
The dissertation requirement is 12 s.h.

Ph.D. Subprogram in Health Communication
The Ph.D. subprogram in health communication is designed for students who wish to prepare for academic, research, and policy-making careers in the area of health communication.

The health communication subprogram combines the core course work from the Ph.D. curriculum with additional specialized training. Students fulfill the regular Ph.D.
requirements, using the health communication core to satisfy the content area electives requirement.

HEALTH COMMUNICATION CORE
Four of these (12 s.h.):

- CBH:3150/JMC:3150 Media and Health 3 s.h.
- CBH:6210/COMM:6210 Health Communication 3 s.h.
- CBH:6215 Persuasion and Health 3 s.h.
- CBH:6220/COMM:6220 Health Communication Campaigns 3 s.h.
- COMM:6371 Communication Theory 3 s.h.

Admission
Applicants to the M.S. and Ph.D. programs in community and behavioral health must apply through the University of Iowa Office of Admissions. Applicants must include academic transcripts, three letters of recommendation, and a completed statement of purpose form. For detailed application information, visit Prospective Students/Application Process on the Department of Community and Behavioral Health web site.

The community and behavioral health faculty considers several factors when evaluating applications for admission, including scores on the Graduate Record Exam (GRE) General Test, grade-point averages, letters of recommendation, intent and motivation for graduate study, and research interests. A student with deficiencies in one area may be admitted if all other components of his or her application are very strong.

Applicants to the M.S. program must have a cumulative g.p.a. of at least 3.00 and should hold a bachelor's degree from an accredited college or university. No specific undergraduate major is required. Preference is given to applicants with Graduate Record Exam (GRE) General Test verbal scores of at least 154, quantitative scores of at least 150, and analytical writing scores of at least 4.0 (GRE scores must be less than five years old).

Applicants to the Ph.D. program must have a graduate g.p.a. of at least 3.40 and should hold a graduate degree from an accredited college or university—ideally, an M.S. in community and behavioral health, or another public health degree, or a related social science degree, or a clinical health degree. Applicants who do not hold a graduate degree should apply to the M.S. program. Preference is given to applicants with Graduate Record Exam (GRE) General Test verbal scores of at least 154, quantitative scores of at least 150, and analytical writing scores of at least 4.0 (GRE scores must be less than five years old). Ph.D. program applicants also must submit their master's thesis, or if no thesis is available, a sample of their scholarly writing.

Applicants whose first language is not English and who do not hold a bachelor's degree from an accredited institution in the United States, the United Kingdom, Canada (except Quebec), Australia, or New Zealand must score at least 100 (Internet-based) on the Test of English as a Foreign Language (TOEFL). Applicants who score 81-99 (Internet-based) are required to take English fluency courses if they are admitted. Applicants who score below 81 are not considered for admission.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Students enter the program in fall. The application deadline is January 15.

Financial Support
Several forms of financial support are available, including scholarships and awards, student loans, and graduate assistantships.

Graduate assistantships provide a stipend and entitle students to the resident rate of tuition and reduced health insurance costs. Research assistantships are competitive and are awarded according to department need and student merit.

Scholarships and fellowships are available through federal agencies, such as the Centers for Disease Control and the National Institutes of Health, and from private foundations.

Resources
The department houses two centers. The Prevention Research Center for Rural Health focuses on improving the health of rural Iowans. The National American Indian and Alaska Native Addiction Technology Transfer Center disseminates culturally legitimate evidence-based practice in substance abuse and behavioral health, and provides technical assistance, training, and systems change assistance to urban as well as tribal providers across the country.

Graduate students may have opportunities to work with ongoing research projects in the centers.

Courses

CBH:3102 Medical Anthropology 3 s.h.
Major theoretical, methodological approaches; international health and development; biomedicine as a cultural system; ethnomedicine; anthropology and AIDS, human reproduction, epidemiology, ethnopsychiatry. Prerequisites: ANTH:1101 or ANTH:2100. Same as ANTH:3102, GHS:3102.

CBH:3150 Media and Health 3 s.h.
Potential and limits of mass media's ability to educate the public about health; research and theory on the influence of information and entertainment media; theories, models, assumptions of mass communication in relation to public health issues. Same as JMC:3150, GHS:3150.

CBH:4105 Introduction to Health Promotion and Disease Prevention 3 s.h.
Basic concepts, strategies, and methods of health promotion and disease prevention; health promotion in the context of public health, theories and principles that underpin health promotion; overview of policy formation and health promotion planning, implementation, evaluation.

CBH:5140 The Anthropology of Women's Health 3 s.h.
How female gender intersects with culture, environment, and political economy to shape health and illness; reproductive health, violence, drug use, cancer; readings in anthropology, public health. Prerequisites: ANTH:1101. Same as ANTH:4140, GWSS:4140, GHS:4140.

**CBH:5205 Social Determinants of Health** 3 s.h.
Substantial coverage of scholarly information regarding social determinants associated with health and health inequities and interventions directed at social determinants.

**CBH:5215 Community Preventive Programs and Services** 3 s.h.
Current public health problems and associated community, preventive, and evidence-based interventions; background information for these terms (community, preventive, evidence-based, interventions); skill development in evaluating reports of existing interventions.

**CBH:5220 Health Behavior and Health Education** 3 s.h.
Common theories of health behavior and health education and their application to varied public health problems and settings.

**CBH:5230 Public Health Issues in Overweight Management** 3 s.h.
Overview of overweight and obesity from a public health perspective, including epidemiology, measurement issues, and intervention approaches at individual, community, and policy levels. Prerequisites: CBH:4105 or MPH:4101.

**CBH:5235 Community-Based Participatory Research** 3 s.h.
How community-based participatory research (CBPR) has emerged as a critical approach to conduct research and produce scholarship; opportunities, challenges, needed skills, and methods by which researchers and community members partner to conduct research that leads to community well-being and health; students share their experiences, explore, and learn through case studies, guest lectures, and interactive activities; application of research methods through a CBPR approach.

**CBH:5305 Evaluation I: Approaches and Applications** 3 s.h.
Program evaluation methods for use in public health and related educational and social service programs; methods, approaches, and planning strategies for conducting program evaluations; role and function of evaluation within program life cycle; basics of formative, process, outcome, and cost evaluation; development of evaluation questions with appropriate data sources, data collection methods, and analytic techniques; creation of a logic model to guide an evaluation plan and explain role of logic model in the process of evaluation. Prerequisites: CBH:5220 and BIOS:5110 and EPID:4400. Requirements: enrollment in College of Public Health.

**CBH:5310 Qualitative Research for Public Health** 3 s.h.
Introduction to methods and theories of qualitative research that facilitate description and explanation of social phenomena related to health behavior, illness, prevention, and treatment in the public health domain.

**CBH:5420 Communicating with the Community** 3 s.h.
Communication skills for research and practice settings, taught from a cultural perspective with reference to gender, age, ethnicity; individual and constructive interviewing, public speaking, conducting focus groups.

**CBH:5435 Substance Abuse Prevention and Early Intervention** 3 s.h.
Prevalence and characteristics of several substance use disorders and the impact of such disorders on the individual, the community, and public health workers; how prevalence of substance use disorders varies among different ethnic and cultural groups, between men and women, across the life span, and through different socio-economic levels; how outcomes of substance abuse disorders vary at both the individual and community level as a function of these factors.

**CBH:5440 Prevention and Early Intervention of Mental Health Disorders** 3 s.h.
Prevalence and characteristics of mental health disorders; differences between ethnicity and culture, gender, age, and socioeconomic background; primary and secondary prevention; assessment and tertiary treatment approaches to mental health disorders.

**CBH:6115 Ethnographic Field Methods** 3 s.h.
Basic data-gathering techniques for field research in sociocultural anthropology. Same as ANTH:6115.

**CBH:6205 Designing and Implementing Interventions** 3 s.h.
Theoretical foundations, phases, and skills necessary to plan, design, and implement a public health intervention program; techniques and strategies for designing and implementing public health interventions; emphasis on community engagement; evidence-based and culturally- and contextually-situated methods and skills to plan, design, and implement public health intervention program; analysis of case studies, individual and small group work on assignments and development of a data-driven program. Prerequisites: CBH:5220. Requirements: admission to College of Public Health.

**CBH:6210 Health Communication** 3 s.h.
Theories, concepts, research associated with health communication; interpersonal and mass communication approaches. Same as COMM:6210.

**CBH:6215 Persuasion and Health** 3 s.h.
Theories of persuasion and social influence; attitude formation, relationship between attitudes and behavior, persuasion theories and their applications across health topics.

**CBH:6220 Health Communication Campaigns** 3 s.h.
Intervention design and analysis of health campaigns; theory, practice, methods; mass media, community, organization, and interpersonal approaches. Same as COMM:6220.

**CBH:6305 Evaluation II: Design and Methods**
Research design and methodology for evaluation of public health and related programs; causality, evaluation theory, threats to validity, selection and comparison of research designs, sample selection and size, survey and scale construction, quantitative and qualitative data collection and analysis, data management, reporting; based on case study of an infant mortality prevention program. Prerequisites: CBH:5305. Requirements: biostatistics or statistics course.

**CBH:6335 Research Methods in Community and Behavioral Health**
Writing a hypothetical NIH-style grant proposal related to community and behavioral health; research design, data collection methods, and research culture in public health field; exposure to emerging issues in design and publication of public health research. Prerequisites: BIOS:5110 and EPID:4400.

**CBH:6405 Maternal, Child, and Family Health**
Overview of major issues, policies, and programs related to health of women, children, and families globally; social, political, and economic determinants. Prerequisites: EPID:4400.

**CBH:6410 Special Topics**
Didactic material in community and behavioral health that may include tutorial, seminar, or faculty-directed independent work (e.g., literature search, project, short research project).

**CBH:6415 Independent Study in Community and Behavioral Health**
Pursuit of an interest in community and behavioral health requiring substantial creativity and independence.

**CBH:7505 CBH Thesis/Dissertation**
Emerging Infectious Disease Epidemiology

Head, Department of Epidemiology
- James C. Torner

Coordinator, Emerging Infectious Disease Epidemiology
- Kimberly Williams

Graduate certificate: emerging infectious disease epidemiology

Emerging infectious diseases increasingly are recognized as global and regional issues. Some infectious diseases are controlled effectively with the help of modern technology. But new diseases—such as SARS, West Nile, and avian influenza virus infections—appear frequently, and older ones, including malaria, tuberculosis, and bacterial pneumonia, are now appearing in forms that are resistant to drug treatments. All of them have the potential to seriously affect human and animal health as well as economies locally and worldwide. They pose novel and unceasing challenges for professionals in health care, government, and private agencies.

The Certificate in Emerging Infectious Disease Epidemiology is administered by the Department of Epidemiology (p. 1158). The Graduate College grants the certificate.

Graduate Program of Study

- Certificate in Emerging Infectious Disease Epidemiology

The certificate program provides basic information and training related to infectious diseases. It is designed for a broad range of individuals, including graduate students, international public health professionals, laboratory professionals, physicians, nurses, veterinarians, and medical technologists.

At this time, applications are only being accepted from current University of Iowa degree-seeking graduate students.

Certificate

The Certificate in Emerging Infectious Disease Epidemiology requires 12-13 s.h. of graduate credit.

Three of the certificate's required courses must be completed on campus: EPID:5570 Zoonotic Diseases, EPID:5580 Public Health Laboratory Techniques, and EPID:5590 Applied Infectious Disease Epidemiology or EPID:6550 Epidemiology of Infectious Diseases. The remaining courses may be completed on campus or by distance education.

Students must complete the certificate's required course work within five years of entering the program and must maintain a g.p.a. of at least 2.75 in work toward the certificate.

The Certificate in Emerging Infectious Disease Epidemiology requires the following course work.

Both of these:
- EPID:5570 Zoonotic Diseases 2-3 s.h.
- EPID:5580 Public Health Laboratory Techniques 1 s.h.

One of these:
- EPID:5590 Applied Infectious Disease Epidemiology 2 s.h.
- EPID:6550 Epidemiology of Infectious Diseases 3 s.h.

Two of these:
- BIOS:5110 Introduction to Biostatistics 3 s.h.
- EPID:4400 Epidemiology I: Principles 3 s.h.
- EPID:5550 Diagnostic Microbiology for Epidemiology 3 s.h.
- OEH:4240 Global Environmental Health 3 s.h.

Applicants to the certificate program must hold a baccalaureate degree from an accredited college or university and must have a g.p.a. of at least 2.75 (or foreign equivalent). For more information about the program and how to apply, visit the Certificate in Emerging Infectious Disease Epidemiology web site.
Head
• James C. Torner

Graduate degrees: M.S. in clinical investigation; M.S. in epidemiology; Ph.D. in epidemiology
Faculty: http://www.public-health.uiowa.edu/epi-faculty-list/
Web site: http://www.public-health.uiowa.edu/epi/

The Department of Epidemiology focuses on surveillance for disease, risk factors for disease in the general population, behavioral factors in disease, use and outcome of health interventions and care, and the establishment and evaluation of disease control measures in the community. Students are guided by faculty members whose research interests include epidemiology of communication disorders, pharmacoepidemiology, cancer epidemiology, infectious disease epidemiology, adverse reproductive outcome epidemiology, anatomic pathology, genetics, cardiovascular disease, nutrition, smoking cessation, epidemiology of reproduction, dental epidemiology, clinical epidemiology, neuroepidemiology, meta-analysis, intervention trials, international health, and effects of aging.

Graduate Programs of Study
• Master of Science in clinical investigation
• Master of Science in epidemiology
• Doctor of Philosophy in epidemiology

The Department of Epidemiology collaborates with the University of Iowa Institute for Clinical and Translational Science to offer the M.S. program in clinical investigation and the Certificate in Translational and Clinical Investigation. In addition to its graduate degree, the department offers the epidemiology subprogram for the Master of Public Health; see "M.P.H. Subprogram" below. It also participates in a joint degree program with the Department of Biology (College of Liberal Arts and Sciences); see "Joint B.A. in Biology/M.S. in Epidemiology" below.

Master of Science: Clinical Investigation

The Master of Science program in clinical investigation requires 30 s.h. of graduate credit. In addition to completing the program's required course work, M.S. students must write a thesis in the form of a manuscript, or a grant proposal for a National Institutes of Health (NIH) career award or its equivalent, with oral defense.

The program, which is offered in collaboration with the University’s Institute for Clinical and Translational Science, is designed for clinicians interested in pursuing careers in clinical research. It includes in-depth training in biostatistics, epidemiology, research ethics, and academic survival skills as well as didactic training applicable to clinical research careers. Graduates of the program are able to critically evaluate clinical literature, write competitive grant proposals, design and conduct clinical research projects, work effectively with other researchers and support staff, and disseminate research results through manuscripts and presentations.

Applicants to the program must have completed the following course work.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOS:5110 Introduction to Biostatistics</td>
<td>3 s.h.</td>

<tr>
<td>pharmacology</td>
<td></td>
</tr>
</tbody>
</table>

Students who are admitted to the program with deficiencies in the required 6 s.h. of pathology, physiology, and/or pharmacology may complete courses that fulfill the requirement once they have enrolled in the program. Graduate students in the Department of Epidemiology must maintain a g.p.a. of at least 3.00. Those who receive a grade of C in 7 s.h. of course work may be dismissed from the program.

The Master of Science in clinical investigation requires the following course work.

**CORE COURSES**

Students must complete all of the following core courses (20 s.h.).

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>EPID:5241 Statistical Methods in Epidemiology</td>

CBH:6205 Designing and Implementing Interventions 3 s.h.
PCOL:5136 Pharmacogenetics and Pharmacogenomics 1 s.h.
PHAR:7100 Translational Research and Clinical Drug Development 3 s.h.

**Nutrition Science**

EPID:4120 Public Health Nutrition 3 s.h.
EPID:6245 Epidemiology of Physical Activity 3 s.h.
EPID:6330 Global Nutrition Policy 3 s.h.
EPID:6350 Nutritional Epidemiology 2 s.h.
EPID:6360 Nutrition Intervention in Clinical Trials Research 2 s.h.
EPID:6370 Nutrition Intervention in Research Lab 3 s.h.

**Epidemiology**

EPID:5560 Introduction to Molecular Epidemiology 3 s.h.
EPID:5570 Zoonotic Diseases 3 s.h.
EPID:6250 Genetics and Epidemiology 4 s.h.
EPID:6510 Injury Epidemiology 3 s.h.
EPID:6530 Epidemiology of Occupational Injuries 3 s.h.
EPID:6550 Epidemiology of Infectious Diseases 3 s.h.
EPID:6560 Hospital Epidemiology 2 s.h.
EPID:6600 Epidemiology of Chronic Diseases 3 s.h.
EPID:6630 Epidemiology of Reproductive Diseases 2 s.h.
EPID:6640 Epidemiology of Maternal and Infant Health Epidemiology 2 s.h.
EPID:6650 Cardiovascular Disease Epidemiology 3 s.h.
EPID:6670 Psychiatric Epidemiology 3 s.h.
EPID:6700 Cancer Epidemiology and Control 3 s.h.
DPH:6004 Principles of Oral Epidemiology 3 s.h.
GEOG:3110 Geography of Health 3 s.h.

**Informatics**

EPID:4450 Public Health Data 2 s.h.
EPID:5200 Principles of Public Health Informatics 3 s.h.
EPID:5600 Introduction to Epidemiology Data Management and Analysis 3 s.h.
HMP:5315 Health Services Information Systems 3 s.h.
HMP:5370 Health Informatics I 3 s.h.
IGPI:5210 Health Informatics II 3 s.h.

**Community Studies**

CBH:5235 Community-Based Participatory Research 3 s.h.
CBH:5305 Evaluation I: Approaches and Applications 3 s.h.
CBH:6205 Designing and Implementing Interventions 3 s.h.
CBH:6305 Evaluation II: Design and Methods 3 s.h.
EPLS:5165 Introduction to Program and Project Evaluation 3 s.h.

**Statistical Methods**

BIOS:6210 Applied Survival Analysis 3 s.h.
BIOS:6310 Introductory Longitudinal Data Analysis 3 s.h.

**Outcomes and Health Services Research**

HMP:5410 Health Economics I 3 s.h.
HMP:7550 Cost Effectiveness and Decision Analysis 3 s.h.
HMP:7960 Analytic Issues in Health Services Research I 3 s.h.
HMP:7965 Analytic Issues in Health Services Research II 3 s.h.

**Pharmacy Science**

PHAR:5310 Pharmaceutical Socioeconomics Seminar 1 s.h.
PHAR:5350 Introduction to Research Methods 3 s.h.
PHAR:6305 Foundation Literature in Pharmaceutical Socioeconomics 3 s.h.

**Master of Science: Epidemiology**

The Master of Science program in epidemiology requires 39 s.h. of graduate credit and is offered with or without thesis. The program prepares graduate students for professional careers in which specialized knowledge of epidemiological methods and analytic techniques are essential. Graduates find employment in local, state, and federal health agencies, academic institutions, and private enterprise, for example, hospitals, pharmaceutical and device companies, insurance companies, and foundations.

Graduate students in epidemiology must maintain a g.p.a. of at least 3.00. Those who receive a grade of C in 7 s.h. of course work may be dismissed from the program. Students who choose to complete the degree without thesis are required to pass a comprehensive examination.

Students are required to attend 80 percent, for three semesters, of all Department of Epidemiology seminar meetings and journal club meetings. They must present one scientific poster at the departmental level before they may graduate, and the department recommends that they present at the international, national, regional, state, or University level before graduating.

The Master of Science in epidemiology requires the following course work.

**CORE COURSES**

Students earn 30-31 s.h. in the required core, as follows.

All of these:

EPID:4400 Epidemiology I: Principles 3 s.h.
EPID:5241 Statistical Methods in Epidemiology 4 s.h.
EPID:5600 Introduction to Epidemiology Data Management and Analysis 3 s.h.
EPID:5610 Intermediate Epidemiology Data Analysis with SAS and R 3 s.h.
EPID:5925 Epidemiology Journal Club: Evaluating the Literature 0 s.h.
EPID:6400 Epidemiology II: Advanced Methods 4 s.h.
BIOS:5110 Introduction to Biostatistics 3 s.h.
MPH:6100 Essentials of Public Health 1 s.h.
One of these:

- **PATH:5270 Pathogenesis of Major Human Diseases** 3 s.h.
- **PATH:8133 Introduction to Human Pathology for Graduate Students** 4 s.h.

One of these:

- **EPID:6550 Epidemiology of Infectious Diseases** 3 s.h.
- **EPID:6600 Epidemiology of Chronic Diseases** 3 s.h.

One of these:

- **EPID:5950 Preceptorship in Epidemiology (for nonthesis students)** 3 s.h.
- **EPID:7000 Thesis/Dissertation (for thesis students, may be taken twice)**

**ELECTIVES**

Students must earn a minimum of 5 s.h. in elective course work from Department of Epidemiology courses (prefix EPID) and 2 s.h. in additional graduate course work pertinent to the student's educational goals and background (the additional 2 s.h. may be earned in an epidemiology course or in another graduate course, with the advisor's approval). The following courses are recommended.

- **BIOS:6210 Applied Survival Analysis** 3 s.h.
- **BIOS:6310 Introductory Longitudinal Data Analysis** 3 s.h.
- **CBH:5220 Health Behavior and Health Education** 3 s.h.
- **HMP:4000 Introduction to the U.S. Health Care System** 3 s.h.
- **OEH:4240 Global Environmental Health** 3 s.h.

Students may need additional elective course work in order to complete the minimum 39 s.h. required for the degree.

**Joint B.A. in Biology/M.S. in Epidemiology**

Bachelor of Arts students majoring in biology who are interested in earning a Master of Science in epidemiology may apply to the joint B.A./M.S. program offered by the College of Liberal Arts and Sciences and the College of Public Health. The joint program permits students to count 12 s.h. of credit toward the requirements of both degrees, enabling them to begin the study of public health before they complete their bachelor's degree. For information about the B.A. program, see Biology (p. 119) (College of Liberal Arts and Sciences) in the Catalog.

**M.P.H. Subprogram**

The Department of Epidemiology offers the epidemiology subprogram for the Master of Public Health. The subprogram focuses on fundamental concepts and methods and provides training in the use of data and methods for disease assessment and for evaluation of programs and interventions. Graduates of the program work in public health departments and other health care settings. See Master of Public Health Program (p. 1173) in the Catalog.

**Doctor of Philosophy: Epidemiology**

The Doctor of Philosophy program in epidemiology requires a minimum of 78 s.h. of graduate credit. The program prepares graduate students for careers as scientists, teachers, and practitioners of epidemiologic methods. Employment opportunities exist in academic institutions; local, state, and federal health agencies; and in private enterprises.

Graduate students in epidemiology must maintain a g.p.a. of at least 3.00. Those who receive a grade of C in 7 s.h. of course work may be dismissed from the program.

All doctoral students must successfully complete a qualifying examination, a comprehensive examination, a dissertation prospectus, and a dissertation. The research topic and content, which vary depending on the program of study, must be approved by the student's dissertation committee. Other degree requirements include approved electives chosen from Department of Epidemiology courses (prefix EPID) and other University of Iowa courses.

Students are required to attend 80 percent, for five semesters, of all Department of Epidemiology seminar meetings and journal club meetings; attendance during the student's enrollment in the M.S. program does not count toward this requirement. Students also must present a departmental seminar on their dissertation research and an oral presentation or scientific poster presentation at an international, national, regional, state, or University level before they may graduate.

The Doctor of Philosophy in epidemiology requires the following course work.

**CORE COURSES**

Students earn 39-41 s.h. in the required core, as follows.

All of these:

- **EPID:4400 Epidemiology I: Principles** 3 s.h.
- **EPID:5241 Statistical Methods in Epidemiology** 4 s.h.
- **EPID:5600 Introduction to Epidemiology Data Management and Analysis** 3 s.h.
- **EPID:5610 Intermediate Epidemiology Data Analysis with SAS and R** 3 s.h.
- **EPID:5925 Epidemiology Journal Club: Evaluating the Literature**
- **EPID:6050 Research in Epidemiology** 3 s.h.
- **EPID:6100 Writing a Research Protocol** 3 s.h.
- **EPID:6400 Epidemiology II: Advanced Methods** 4 s.h.
- **EPID:7400 Epidemiology III: Theories** 3 s.h.
- **BIOS:5110 Introduction to Biostatistics** 3 s.h.
- **MPH:6100 Essentials of Public Health** 1 s.h.

One of these:

- **BIOS:6210 Applied Survival Analysis** 3 s.h.
- **BIOS:6310 Introductory Longitudinal Data Analysis** 3 s.h.

One of these:

- **PATH:5270 Pathogenesis of Major Human Diseases** 3 s.h.
- **PATH:8133 Introduction to Human Pathology for Graduate Students** 4 s.h.
Focus Area
Each Ph.D. student must declare a focus area. Working with the focus area coordinator, a student develops a study plan that will enable him or her to develop substantive knowledge in a specific area that will lead to important original research. Focus areas for Ph.D. students include cancer control, cancer etiology, infectious disease, occupational and environmental epidemiology, and pharmacoepidemiology. For lists of required course work in each focus area, see Ph.D. in Epidemiology on the department’s web site. Individualized Ph.D. programs may be completed with the department's approval.

Electives
Students must complete a total of 23–25 s.h. of elective course work. They must earn 3 s.h. in a Department of Epidemiology course (prefix EPID) outside their focus area and at least 20 s.h. in courses in their focus area. Course selection must be approved by the student's advisor and Ph.D. plan of study committee.

Dissertation
All doctoral students must successfully complete a Ph.D. thesis.

Certificate in Translational and Clinical Investigation
The Department of Epidemiology and the Institute for Clinical and Translational Science offer the graduate certificate program in translational and clinical investigation; see Translational and Clinical Investigation (p. 1187) in the Catalog.

Related Certificate: Emerging Infectious Disease Epidemiology
The College of Public Health and the Graduate College offer the Certificate in Emerging Infectious Disease Epidemiology. The certificate program provides basic information and training related to infectious diseases. It is designed for a broad range of individuals, including graduate students, international public health professionals, laboratory professionals, physicians, nurses, veterinarians, and medical technologists. To learn more, see Emerging Infectious Disease Epidemiology (p. 1157) in the Catalog.

Admission
Applicants to the M.S. and Ph.D. programs in the Department of Epidemiology must apply through the Schools of Public Health Application Service (SOPHAS); they also must apply for admission to the Graduate College through the University of Iowa Office of Admissions. For detailed application information, visit Prospective Students/How to Apply on the Department of Epidemiology web site.

M.S.: Clinical Investigation
Applicants to the M.S. program in clinical investigation must hold a doctoral-level degree in a clinical discipline (e.g., M.D., D.O., D.D.S., Ph.D., Pharm.D., D.V.M.) or be enrolled in the Medical Scientist Training Program (p. 1048) (Carver College of Medicine). They must hold a baccalaureate degree with a cumulative g.p.a. of at least 3.00; foreign-trained applicants must have an outstanding doctoral training record.

Applicants are considered based on their credentials, prior training, and research training plans. An applicant with deficiencies in one area may be admitted if all other components of his or her application are strong. Applicants must have a sponsoring department.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Application deadlines are April 1 for U.S. citizens, March 15 for international applicants.

M.S. and Ph.D.: Epidemiology
The epidemiology faculty considers several factors when evaluating applications for admission, including Graduate Record Exam (GRE) General Test scores, grade-point average, letters of recommendation, intent and motivation for graduate study, and research interests. A student with deficiencies in one area may be admitted if all other components of his or her application are very strong.

All M.S. program applicants must hold a baccalaureate degree and have a cumulative g.p.a. of at least 3.00. Undergraduate preparation must include two semesters of biological sciences and mathematics through algebra. Course work in statistics is highly recommended. Ph.D. program applicants must hold a baccalaureate degree (an M.S. or M.P.H. usually is required) and must have a cumulative g.p.a. of at least 3.00. Courses in the biological, physical, and mathematical sciences provide important background; one semester of calculus, one semester of statistics or biostatistics, and two semesters of biological sciences are highly recommended. Computing skills also are desirable.

All applicants to the M.S. or Ph.D. program must have taken the Graduate Record Examination (GRE) General Test, the Medical College Admission Test (MCAT), or the Dental Admission Test (DAT), scoring above the 50th percentile, within four years before applying to the epidemiology program. The department prefers recent test scores, particularly for applicants who completed educational programs and/or courses after taking one of these tests.

Applicants whose first language is not English and who do not hold a baccalaureate degree from an accredited institution in the United States, the United Kingdom, Canada (except Quebec), Australia, or New Zealand must score at least 100 (Internet-based) on the Test of English as a Foreign Language (TOEFL). Applicants who score 81-99 (Internet-based) are required to take English fluency courses. Applicants who score below 81 are not considered for admission. In place of TOEFL scores, the department accepts International English Testing System (IELTS) scores of 7.0 or higher, with no subscore below 6.0.

All M.S. and Ph.D. applicants and students are required to have strong written and oral communication skills.
Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Application deadlines for fall entrance to the M.S. in epidemiology are June 1 for U.S. citizens, April 1 for international applicants.

Application deadline for fall entrance to the Ph.D. in epidemiology is April 1.

Financial Support
A limited number of graduate research assistantships are available for advanced M.S. and Ph.D. students; for information, consult the department. For information on financing education through jobs, grants, and loans, contact the University’s Office of Student Financial Aid.

Scholarships for incoming Ph.D. students are available; for information, visit the Department of Epidemiology web site.

Opportunities for funded predoctoral fellowships are available. Funded positions sponsored by federal agencies are available only to U.S. citizens.

Resources
The State Health Registries of Iowa, which encompasses the Iowa Cancer Registry and the Iowa Registry for Congenital and Inherited Disorders, works in cooperation with the Iowa Department of Public Health to collect medical data on Iowans. The Iowa Cancer Registry is one of 18 registries nationwide that report data to the National Cancer Institute.

The Preventive Intervention Center conducts population-based intervention trials to prevent occurrence and recurrence of disease and to promote wellness, with a focus on the elderly. It also specializes in research promoting prevention of cardiovascular disease and provides an interdisciplinary approach to risk factor interventions. The Health Effectiveness Research Center is a collaborative research enterprise with the College of Pharmacy that studies whether particular health care treatments or services are over- or underutilized. The Center for Emerging Infectious Diseases employs epidemiological methods, laboratory technologies, and clinical evaluations to achieve a better understanding of emerging infectious diseases. The Nutrition Center provides expertise in nutrition and dietary assessment, dietary interventions, and nutrition lifestyle change strategies.

Courses

EPID:3099 Evidence-Based Public Health Methods 3 s.h.
How to choose, conduct, and evaluate evidence-based programs and policies in public health; finding and using scientific evidence, implementing and evaluating interventions that produce new evidence. Offered summer sessions. Requirements: Certificate in Public Health enrollment.

EPID:4110 Quality Dietary Studies for Individuals and Environment 3 s.h.
Overview of current methods to evaluate the quality of nutrition in individuals, communities, and environment; methods include dietary records, dietary recalls, food frequency questionnaires and screeners, and nutrition environmental assessments. Recommendations: a basic nutrition course.

EPID:4120 Public Health Nutrition 3 s.h.
Case studies of state and federal public health nutrition programs and role of public health practitioners; identifying community need for action around public health nutrition policy and environmental change; topic-specific public health nutrition programs in children; prevention of obesity, cardiovascular disease, and cancer.

EPID:4210 International Health 3 s.h.
Urgent health problems in the developing world and among disadvantaged populations in developed countries; biological, social, cultural, political aspects of international health problems; applications of research methods from epidemiology, environmental health, social sciences. Same as GHS:4210, OEH:4210.

EPID:4314 Field Experiences in Public Health 1 s.h.
Direct involvement in actions being taken at local community level; topics include environmental health, infectious diseases, chronic diseases, and pediatric health; practical examples and hands-on experiences during site visits for topic-specific field investigations. Requirements: biology or microbiology course work.

EPID:4400 Epidemiology I: Principles 3 s.h.
Epidemiological concepts and methods; design of descriptive and analytic studies, such as aggregate, case series, cross-sectional, case-control, cohort studies, clinical trials; application of epidemiology to public health practice; communication and dissemination of epidemiological findings.

EPID:4450 Public Health Data 2 s.h.
Concepts and methods of obtaining and using public health data in community settings; how public health data are used for epidemiologic investigations and prevention programs. Offered spring semesters of odd years. Corequisites: BIOS:5110 and EPID:4400.

EPID:4510 Injury and Violence Prevention 3 s.h.
Theory, research, and practice of injury control; unintentional and intentional injuries; local, national, international injury issues. Same as OEH:4510.

EPID:4520 Research Methods in Disaster Studies 3 s.h.
Epidemiologic study of disasters and their health consequences; research to identify and reduce health effects, research in context of response and preparedness. Same as OEH:4520, GHS:4275.

EPID:4990 Practicing Evidence-Based Public Health 3 s.h.
How epidemiologic and other scientific studies underlie public health practice; relationship between evidence and action; controversies at interface of science and policy. Offered spring semesters of even years.
**EPID:5200 Principles of Public Health Informatics**
3 s.h.
Systematic applications of information science, computer science, and technology to public health practice, research, and learning; methods of disease surveillance, data collection, analysis, and reporting with health informatics. Offered fall semesters. Same as IGPI:5220.

**EPID:5214 Meta-Analysis of Epidemiologic Studies**
3 s.h.
Methods for quantitative pooling of analytic study associations (cohort and case-control) between exposure and a dichotomous outcome; literature searches, data abstraction, test of homogeneity, publication bias and consideration of adjusted risk ratios (effects of confounding). Offered spring semesters of odd years. Prerequisites: EPID:4400 and BIOS:5120.

**EPID:5241 Statistical Methods in Epidemiology**
4 s.h.
Overview of methods to analyze data from epidemiologic investigations; estimation of relative measures of risk, attributable risk, stratified analysis; model-fitting approaches using linear, logistic, and Poisson regression analysis; confounding and effect modification; analysis of epidemiologic data sets. Prerequisites: BIOS:5110.

**EPID:5300 Food Safety**
3 s.h.
Current issues and concepts of food safety in the United States, from plant to table; foodborne illness from microbial agents, food toxins, adulterants; disease investigation, risk analysis, risk mitigation, prevention. Offered summer sessions.

**EPID:5320 Exotic and Emerging Diseases of Animals**
1 s.h.
Major exotic and emerging animal diseases; veterinarian's role in recognizing and diagnosing such diseases; how outbreaks affect economies and veterinary medicine; public health concerns; responding agencies and their roles in control and eradication. Offered fall semesters.

**EPID:5470 Applied Veterinary Epidemiology/Biostatistics**
3 s.h.
Epidemiology and biostatistics applied to veterinary public health; outbreak investigations, surveillance, analyzing and evaluating diagnostic tests, translation methodology, risk assessment, data analysis software programs. Offered summer sessions. Prerequisites: EPID:4400 and BIOS:5110.

**EPID:5500 Introduction to Clinical Epidemiology**
3 s.h.
Epidemiologic applications and methods used in clinical settings to evaluate clinical medicine and other health profession disciplines, including health measurement, health outcome determination, diagnostic process, risk assessment and communication, prognosis, study design, patient surveys, clinical trials, decision analysis and meta-analysis, health services research. Offered fall semesters. Corequisites: EPID:4400 and BIOS:5110, if not taken as prerequisites.

**EPID:5530 Surveillance Internship: IRCID**
2 s.h.
Experience in the Iowa Registry for Congenital and Inherited Disorders; active, population-based surveillance for selected congenital and inherited disorders. Offered fall semesters of even years. Prerequisites: EPID:4400 and EPID:5600 and EPID:6400.

**EPID:5540 Surveillance Mechanisms and Applications: Cancer and Other Registries**
2 s.h.
Sources of data necessary for operation of a population-based cancer registry; potential uses of data; methods and personnel required for collecting, editing, storing, reporting, and assuring quality of data. Offered fall semesters. Prerequisites: EPID:4400.

**EPID:5550 Diagnostic Microbiology for Epidemiology**
3 s.h.
Introduction to microbiological culture, antigen detection, immunological and molecular amplification laboratory techniques for bacteria, viruses, parasites, fungi. Offered spring semesters. Prerequisites: MICR:2157 or MICR:3112 or MICR:3164 or MICR:8202.

**EPID:5560 Introduction to Molecular Epidemiology**
3 s.h.
Introduction to basic techniques of molecular biology (DNA, RNA, protein techniques) and their use in epidemiological research (e.g., diagnosis of disease, biomarker discovery and validation). Corequisites: EPID:4400, if not taken as a prerequisite.

**EPID:5570 Zoonotic Diseases**
2-3 s.h.
Introduction to the epidemiology and control of zoonotic diseases; zoonoses endemic to the midwestern United States. Offered summer sessions. Prerequisites: EPID:5550 or EPID:6550 or MICR:2157 or MICR:3112 or MICR:3164 or MICR:8202.

**EPID:5580 Public Health Laboratory Techniques**
1 s.h.
Common laboratory techniques in emerging infectious respiratory disease research and epidemiologic surveillance laboratories; emphasis on techniques for culturing, characterization, and serological surveillance of exposure to influenza viruses. Offered spring semesters. Requirements: completion of online Basic Biological Safety and Blood-Borne Pathogens courses; completed certificates must be brought to class.

**EPID:5590 Applied Infectious Disease Epidemiology**
2 s.h.
Introduction to infectious disease surveillance, outbreak investigations, interventions, biodefense, emerging infectious diseases, subject recruitment, mathematical modeling, and analytic approaches pertaining to infectious disease prevention and control; emphasis on practical knowledge and how to apply basic infectious disease epidemiology to real-life scenarios and research projects.

**EPID:5600 Introduction to Epidemiology Data Management and Analysis**
3 s.h.
Organization, collection, management, and analysis of epidemiological data using computer programs. Offered fall semesters. Corequisites: EPID:4400 and BIOS:5110, if not taken as prerequisites.
EPID:5610 Intermediate Epidemiology Data Analysis with SAS and R
Basic principles of data analysis and collaborative research; SAS fundamentals; data manipulation and interpretation techniques. Offered spring semesters.

EPID:5630 Seminar in Clinical and Translational Research
Presentation of ongoing clinical research projects, grant applications, and methodological articles, with emphasis on works in progress.

EPID:5900 Problems and Special Topics in Epidemiology
Didactic material in epidemiology; may include tutorial, seminar, faculty-directed independent work (e.g. literature search, project, short research project).

EPID:5925 Epidemiology Journal Club: Evaluating the Literature
Critical evaluation of primary epidemiologic methods and research papers; informative, challenging, and current topics from scientific literature. Requirements: epidemiology M.S., M.P.H., or Ph.D. standing.

EPID:5950 Preceptorship in Epidemiology
Quantitative research-oriented project performed with a preceptor; preparation of prospectus, presentation of research results in a publication-quality report and a scientific poster session.

EPID:6000 Independent Study in Epidemiology
In-depth pursuit of an area of special interest in epidemiology requiring substantial creativity and independence.

EPID:6050 Research in Epidemiology
Research that may lead to a dissertation.

EPID:6070 Social Epidemiology
Introduction with global focus and emphasis on methodological issues, including definition/measurement of social constructs, appropriate research designs, analytic approaches. Prerequisites: EPID:4400 and BIOS:5110.

EPID:6100 Writing a Research Protocol
Small group projects to develop research protocols using epidemiological study designs; presentation and defense of proposals before faculty site visitors. Offered fall semesters. Prerequisites: EPID:4400 and EPID:6400 and BIOS:5110 and BIOS:5120. Requirements: pass epidemiology Ph.D. qualifying exam, approval of research topic by dissertation advisor, and completion and approval of literature review by dissertation advisor prior to first day of class.

EPID:6110 Grant Writing for Clinical Investigators
Development of skills for writing effective, scientifically sound applications for external research grants; for students who have completed the literature review section for their topic. Prerequisites: EPID:4400 and BIOS:5110.

EPID:6150 Writing for Medical Journals
Skill development in writing medical journal articles for publication. Offered spring semesters.

EPID:6200 Environmental and Occupational Epidemiology
Overview of methods to interpret and perform environmental and occupational epidemiologic studies with focus on exposure assessment; valuable insights into identifying regional, national, global environmental, and occupational health-related issues. Prerequisites: EPID:4400. Same as OEH:6510.

EPID:6245 Epidemiology of Physical Activity
Physical activity/disease relationships examined through application of epidemiologic methods, including research design, interpretation of studies, selection of measures to fit research questions. Same as HHP:6210.

EPID:6250 Genetics and Epidemiology
Basic human genetic and population genetics principles; methods of integrating genetic principles into epidemiological studies; analytical methods for case control and family data. Offered fall semesters. Prerequisites: EPID:4400 and BIOS:5110.

EPID:6330 Global Nutrition Policy
Concepts and methods used in setting public health nutrition policy; evidence-based aspects of nutrition policy formation in public health settings; evaluation of nutritional public health policy implementation and ways of changing policy in China, Korea, Micronesia, Hawaii, Italy, and the United States. Offered spring semesters.

EPID:6350 Nutritional Epidemiology
Application of epidemiology study designs to nutrition variables and chronic disease; analysis of nutrition epidemiology studies; research protocol design. Offered spring semesters. Recommendations: a basic nutrition course.

EPID:6360 Nutrition Intervention in Clinical Trials Research
Nutrition interventions in clinical trials; disease related to nutrition variables; research that links effects of diet on chronic diseases. Offered fall semesters. Recommendations: a basic nutrition course.

EPID:6370 Nutrition Intervention in Clinical Trials Research Lab
Development, demonstration of group counseling skills in ongoing nutrition research projects at the University of Iowa. Offered fall semesters. Corequisites: EPID:6360, if not taken as a prerequisite.

EPID:6400 Epidemiology II: Advanced Methods
Epidemiologic study design and analysis; bias, confounding, effect modification; case-control studies; cohort studies; field methods; measurement principles; exposure and disease classification; acute and chronic disease examples. Offered spring semesters. Prerequisites: EPID:4400 and EPID:5600 and BIOS:5110.
EPID:6510 Injury Epidemiology 3 s.h.
How epidemiology can be applied to injury prevention and control: epidemiology literature, specific methodological problems involved in the epidemiology of injuries, critical evaluation of research articles. Offered spring semesters of odd years. Prerequisites: EPID:4400. Same as OEH:6520.

EPID:6530 Epidemiology of Occupational Injuries 3-4 s.h.
Epidemiological literature on occupational injuries and their prevention; focus on research methods. Offered spring semesters of even years. Prerequisites: EPID:4400. Same as OEH:6530.

EPID:6550 Epidemiology of Infectious Diseases 3 s.h.
Underlying epidemiological concepts of infection disease, including causation and surveillance; prevention and control; case studies. Offered fall semesters. Prerequisites: EPID:4400. Same as GHS:6550.

EPID:6560 Hospital Epidemiology 2 s.h.
Health care-associated infections; surveillance, investigative methods, resistant organisms, molecular epidemiology; methods for preventing spread of pathogens, including isolation precautions; environmental issues, construction, sterilization; interactive exercises. Offered spring semesters of odd years. Prerequisites: EPID:4400.

EPID:6570 Infectious Causes of Chronic Disease 3 s.h.
Evidence linking various infectious agents with the development of different types of chronic disease. Offered even years. Corequisites: EPID:4400, if not taken as a prerequisite.

EPID:6600 Epidemiology of Chronic Diseases 3 s.h.
Chronic disease epidemiology; survey of leading chronic diseases, including measurement of disease, lifestyle, nutrition, occupation, family history. Offered spring semesters. Prerequisites: EPID:4400.

EPID:6620 Neuroepidemiology 2 s.h.
Basic epidemiologic concepts of neurologic disease; concepts, methods, examples of neuroepidemiology; varied diseases, methods. Prerequisites: EPID:4400 and EPID:5600.

EPID:6630 Epidemiology of Reproductive Diseases 2 s.h.
Evaluation of methodological issues and current findings for reproductive diseases and conditions; etiological mechanisms, including behavioral and genetic. Offered fall semesters of odd years.

EPID:6640 Epidemiology of Maternal and Infant Health 2 s.h.
Overview of maternal and infant epidemiologic and methodologic issues; prevalence and trends; risk factors; data sources, including limitations and availability; relevant measurement issues; directions for future research. Offered spring semesters of odd years. Prerequisites: EPID:4400 and BIOS:5110.

EPID:6650 Cardiovascular Disease Epidemiology 3 s.h.
Natural history of atherosclerotic disease in humans and risk factors affecting its development; atherosclerotic disease by age, sex, and in varied populations worldwide; recent guidelines and clinical trials to delay onset, reduce incidence, improve outcome of cardiovascular disease. Offered fall semesters of odd years. Prerequisites: EPID:4400 and BIOS:5110.

EPID:6670 Psychiatric Epidemiology 3 s.h.
Population-based studies of psychiatric disorders and associated etiologic tools; diagnostic criteria used in psychiatric research, common structured interviews and rating scales; recent research relevant to common psychiatric disorders; experience writing a research idea using NIH PHS grant form. Offered spring semesters of even years. Prerequisites: EPID:4400. Recommendations: EPID:6400 or two years of resident training in psychiatry. Same as PSYC:8267.

EPID:6700 Cancer Epidemiology and Control 3 s.h.
Incidence, mortality, survival; risk factors for major cancer sites; comprehensive cancer control; introduction to SEER*Stat and its application. Offered spring semesters of even years. Prerequisites: EPID:4400 and BIOS:5110 and PATH:8133.

EPID:6900 Design of Intervention and Clinical Trials 3 s.h.
Methodologic introduction to rationale and design of clinical trials; basics of clinical trial design, variety of designs, and examples from clinical trials. Offered fall semesters. Prerequisites: EPID:4400 and BIOS:5110.

EPID:6910 Pharmacoepidemiology 3 s.h.
Drug approval process, methods for identification and attribution of adverse drug events, current understanding of the epidemiology of adverse drug events; study designs, data sources for pharmacoepidemiology, pharmacoconomics. Offered fall semesters of even years. Prerequisites: EPID:4400.

EPID:6950 Clinical Research Ethics 2-3 s.h.
Ethical and regulatory aspects of clinical research; historical background, current regulations, Institutional Review Board requirements related to human subjects protection issues. Requirements: K30 training grant or enrollment in degree program with clinical research project.

EPID:7200 Teaching in Epidemiology 3 s.h.
Teaching methods in epidemiology; guided practicum experience in teaching epidemiology, in preparation for academic careers. Prerequisites: EPID:4400 and EPID:5600 and EPID:6400.

EPID:7400 Epidemiology III: Theories 3 s.h.
How epidemiology fits into the wider context of scientific inquiry. Offered fall semesters of odd years. Prerequisites: EPID:4400 and EPID:6400 and BIOS:6110.
Health Management and Policy

Head
- Keith J. Mueller

Graduate degrees: M.H.A.; M.S. in health policy; Ph.D. in health services and policy
Facility: http://www.public-health.uiowa.edu/hmp-faculty-list/
Web site: http://www.public-health.uiowa.edu/hmp/

The Department of Health Management and Policy educates health care professionals for leadership roles in an increasingly complex and dynamic health care system. Graduates hold key executive, academic, research, government, and consulting positions in all areas of health management and policy, both in the United States and abroad.

Graduate Programs of Study
- Master of Health Administration
- Master of Science in health policy
- Doctor of Philosophy in health services and policy

The department offers the M.H.A. in a traditional program and an executive program. It also offers joint M.H.A./graduate and professional degree programs with the Tippie College of Business, the College of Law, and the Graduate College's School of Urban and Regional Planning. In addition, the M.S. in health policy and the policy subprogram for the Master of Public Health (M.P.H.) are offered.

The department's degree programs rank among the foremost in the field. The M.H.A. is accredited by the Commission on Accreditation of Healthcare Management Education. The Ph.D. program, established in 1950, was the nation's first doctoral program in health care management.

Master of Health Administration

The Master of Health Administration requires 60 s.h. of graduate credit earned in two academic years of full-time study. The program prepares students for a wide variety of positions in health care management. It is designed to provide a comprehensive understanding of issues encountered by health care delivery organizations, and strong business skills. Graduates are well prepared to advance to senior executive roles in a variety of health care organizations.

Students work with their advisors to create a plan of study that incorporates required and elective course work that supports their career goals in areas such as operations management, managed care, or financial management. Required courses in management, economics, law, managerial finance, and financial accounting focus on health care applications. Students also may take course work in other University of Iowa departments and programs, such as business, urban and regional planning, and aging studies.

During the first year, students are introduced to the social, political, economic, and financial environments of health care organizations. The concepts, tools, and techniques necessary for effective management also are presented. During the second year, courses focus on in-depth health care applications of management concepts that integrate prior course work and develop skills in areas relating to students' special interests and career objectives.

Transfer credit and course waivers may be accepted, but all students are expected to complete a minimum of 54 s.h. at the University of Iowa during their course of study.

The Master of Health Administration requires the following course work.

**ELECTIVES**

Students choose 13 s.h. of elective course work; they may count a maximum of 6 s.h. of elective credit earned outside the Department of Health Management and Policy toward the M.H.A. degree.

**SUMMER INTERNSHIPS, FELLOWSHIPS, RESIDENCIES**

The department facilitates placement of M.H.A. students in required summer internships between the first and second years of study. Internships offer opportunities for practical experience interacting with executives in a health care setting. Internships are full-time positions that usually last 10-12 weeks and may carry up to 3 s.h. of credit. Students normally receive a salary or stipend, and in some cases, assistance with living arrangements.

Most M.H.A. students complement their academic training with a postgraduate fellowship or residency. Such experiences provide opportunities to observe, develop, and demonstrate management skills and to develop
connections with colleagues. The department takes an active role in helping students identify and secure fellowship and residency positions.

**Executive M.H.A.**

The Executive Master of Health Administration program requires 45 s.h. of graduate credit and typically is completed in two years. The program is designed for working professionals who wish to advance their knowledge and skills in order to become effective health care administrators. The program's objectives are to:

- provide working professionals with advanced knowledge and skills in health care management;
- position experienced professionals to become effective health care administrators; and
- meet the need for leadership in transforming health care financing and delivery in dynamic environments.

The program's curricular emphases are basic administrative skills, administrative skills specific to health care, population health administration, and interprofessional health care administration.

Students in the program complete three courses each fall and spring semester and one course in each of two summer sessions. Courses are taught on campus by experienced faculty members and are supplemented with online resources. Instruction focuses on cases and teams.

For more information, visit EMHA Curriculum on the College of Public Health web site and contact the Department of Health Management and Policy.

**Joint Degrees**

The Department of Health Management and Policy offers joint degree programs with the Tippie College of Business, the College of Law, and the Graduate College's School of Urban and Regional Planning. Students interested in combining an M.H.A. with a master's or professional degree in another field should discuss their plans with both academic units and indicate their interest when they apply to the M.H.A. program.

**Joint M.H.A./M.B.A.**

The joint Master of Health Administration/Master of Business Administration requires a minimum of 75 s.h. of graduate credit. The program combines the traditional strengths of health management and policy with additional course work in management. Separate application to each degree program is required; applicants must be admitted to both programs before they may be admitted to the joint degree program. For more information, visit EMHA Curriculum on the College of Business (Tippie College of Business) in the Catalog.

**Joint M.H.A./M.A. or M.S. in Urban and Regional Planning**

The joint Master of Health Administration/Master of Arts or Master of Science in urban and regional planning requires a minimum of 76 s.h. of graduate credit. The program gives students the opportunity to acquire expertise in community and health planning and prepares them to develop public policy alternatives that help improve the quality of life in cities and throughout regions. Students usually complete the program in three years. Separate application to each degree program is required; applicants must be admitted to both programs before they may be admitted to the joint degree program. For information about the graduate programs in planning, see Urban and Regional Planning (p. 963) (Graduate College) in the Catalog.

**Master of Science**

The Master of Science in health policy requires 48 s.h. of graduate credit. Students learn how to quickly identify, evaluate, and formulate policies, and conduct quantitative and qualitative health policy research. These skills are developed through a combination of course work and applied learning opportunities, including special lectures and conferences. Students who complete the M.S. in health policy will have acquired the subject matter expertise and methodological skills sought by academic institutions, government agencies, and private and nonprofit organizations engaged in health policy analysis, development, and implementation. Additionally, students will be prepared to pursue doctoral studies in health policy, health services research, and other closely related fields.

The Master of Science in health policy requires the following course work.

**ELECTIVES**

Students choose 7 s.h. of elective course work.
THESIS
Students complete 3 s.h. of thesis work in addition to the required courses.

M.P.H. Subprogram
The Department of Health Management and Policy offers the policy subprogram for the Master of Public Health. The subprogram prepares individuals for careers in health policy analysis, system and organizational planning, and program evaluation. Graduates find positions in federal, state, and local government as well as in professional associations and private agencies. See Master of Public Health Program (p. 1173) in the Catalog.

Doctor of Philosophy
The Doctor of Philosophy program in health services and policy requires a minimum of 77 s.h. of graduate credit, which may include up to 30 s.h. of credit from a master's degree. The program prepares students for careers in health services research, education, and policy leadership in universities, government agencies, and health organizations.

The Ph.D. program is oriented toward applied, interdisciplinary research and scholarly inquiry. Students develop mastery of theories and research methodologies necessary to study the complex American health system. They work closely with faculty mentors on research projects and develop research design and methodology skills through course work and an apprenticeship model of training.

Individual plans of study allow students to prepare for specific careers, and small class size encourages frequent student-faculty interaction, including participation in research projects as well as scholarly publications.

Prospective Ph.D. students apply to one of three focus areas: health economics, health management and organization, or health policy. Admitted students may not change focus areas unless they are formally reviewed and accepted to the new area. Students work with a faculty advisor and a mentorship team of faculty members from their focus area; the advisor and mentorship team participate in initial planning with a student during orientation and in annual professional development reviews. Students conduct required independent study and thesis research in their focus area; their comprehensive exam and dissertation committees include faculty members from their focus area.

FOCUS AREAS
The health economics focus area provides students with in-depth training in economic theory and its applications to health and health care. Students in this area acquire advanced theoretical knowledge and state-of-the-art analytical and econometric skills that enable them to build careers as health economists in academic departments, research organizations, and health care industries. The health economics focus area provides comprehensive course work covering all main areas in health and health care economics, including demand for health and health care, economic determinants and consequences of health behaviors, health insurance, economic organization of health care markets, impact of government policy and regulation, econometric methods, and economic evaluation methods.

The health management and organization focus area prepares students to conduct research on organizational, strategic, and operational issues that confront health institutions and systems. Emphasis is placed on health care applications of theories, concepts, and models from the fields of organizational theory (macro), organizational behavior (micro), strategic management, and operations management. Students in this area may conduct research on topics such as effectiveness of health care organizations; improving the organization and management of health delivery processes; measuring performance and productivity of health care organizations; examining the relative influence of mission, culture, and financial incentives in hospitals and health organizations; and management of professional groups. Graduates of the health management and organization focus area should find employment in academic and research organizations, integrated delivery systems, and governmental units that are interested in the impact of organizational structures and managerial practices on performance.

The health policy focus area prepares students to undertake health services and policy research aimed at improving care and management of illness and disability and enhancing individual and community health outcomes. Students develop the skills necessary to conduct health services and policy research. They take courses in the basic disciplines that contribute to the fields of public and social policy (e.g., law, political science, public affairs) as well as courses that focus on the structure and organization of health policy making in the United States. They study the formation and implementation of health policies; the effect of health policies on the organization, financing, and delivery of health services; the effect of health policies on access to, use of, and costs of health services; and approaches to improve access and effectiveness of care for vulnerable populations. Students who complete the health policy focus area are prepared for employment in academic research institutions, policy organizations, and governmental agencies and departments.

COURSE WORK
Ph.D. students take course work in core content areas covering health care systems, health economics, health management and organizations, and health policy as well as courses in research design and statistical analysis. Credit may be awarded for guided and independent research project work. Students may waive specific courses, depending on their background. For more detailed information about Ph.D. and focus area curricula, visit Ph.D. in Health Services and Policy on the Department of Health Management and Policy web site.

EXAMINATIONS
All Ph.D. students must pass a preliminary examination that tests a student's mastery of core material covered during the first year in the department, including American health systems, health services research methods, and foundation courses in their focus area.

Students take the comprehensive examination at or near the end of their formal course work. The comprehensive exam focuses on a student's specific area of research and theoretical interest.

DISSERTATION
Doctoral candidates prepare dissertations based on original research that tests, extends, or applies concepts
Admission

Applicants to the M.H.A. program must apply through the Schools of Public Health Application Service (SOPHAS) or the Healthcare Administration, Management & Policy Centralized Application Service (HAMPCAS). Applicants to the Executive M.H.A., M.S., and Ph.D. programs must apply through SOPHAS. All applicants also must apply for admission to the Graduate College through the University of Iowa Office of Admissions. For detailed application information, visit HMP Degree Programs page on the Department of Health Management and Policy web site.

Ph.D. applicants must apply to one of the program's three focus areas: health economics, health management and organization, or health policy. Applicants are reviewed by the admissions committee; if they meet department expectations, they are reviewed by focus area faculty; if they are accepted by the focus area, they are interviewed by the admissions committee and the focus area faculty. Admission decisions are made after the interview.

Applicants to the M.H.A. program must hold a bachelor's degree from an accredited institution. No specific undergraduate major is required, but prospective applicants are strongly advised to complete introductory courses in accounting, economics, and statistics and to gain facility in using spreadsheet and presentation software. Applicants must have a cumulative g.p.a. of at least 3.00. Preference is given to applicants with a verbal score of at least 151 and a quantitative score of at least 151 on the revised Graduate Record Examination (GRE) General Test (or a verbal score of at least 470 and a quantitative score of at least 640 on the old GRE). Applicants who have taken the GMAT (preferred score of at least 600), the MCAT, or the LSAT may submit their scores on those tests instead of GRE scores. Relevant work and volunteer experience are considered.

Applicants to the Ph.D. program must have a bachelor's or master's degree. Health care and research experience is desirable. A master's degree in health administration, public health, policy analysis, social science, management, economics, or law is considered excellent preparation for the program. Applicants should have a cumulative g.p.a. of at least 3.25 and should score above the 50th percentile on the Graduate Record Examination (GRE) General Test.

Applicants whose first language is not English and who do not hold a bachelor's or more advanced degree from an accredited institution in the United States, Canada (except Quebec), Australia, New Zealand, or the United Kingdom or who are not permanent residents of the United States must score at least 100 (Internet-based) on the Test of English as a Foreign Language (TOEFL). Applicants who score 81-99 (Internet-based) are required to take English fluency courses. Applicants who score below 81 are not considered for admission.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Students begin the program in fall semester. Campus visits are encouraged, and personal interviews are required before admission. The admissions committee conducts telephone interviews with applicants unable to interview on campus.

Financial Support

A variety of financial assistance is available, including scholarships and awards, student loans, and research assistantships. Every effort is made to provide financial support to students who demonstrate need and maintain satisfactory academic standards. Some awards are offered in recognition of outstanding academic performance and experience, regardless of need.

Research assistantships generally are awarded on the basis of student merit and the department's need. Assistantships afford valuable experience in health services research and management projects. Research assistants work 10-20 hours per week and must apply for reappointment each year. Research assistantships provide a stipend and some tuition assistance and entitle students to resident tuition.

Opportunities also exist for part-time employment both on and off campus. For information and financial aid application forms, contact the University's Office of Student Financial Aid.

Resources

The Center for Health Policy and Research, the research arm of the Department of Health Management and Policy, is a University-wide interdisciplinary research facility. Faculty members from the Carver College of Medicine, the Tippie College of Business, and the Colleges of Dentistry, Liberal Arts and Sciences, Nursing, Pharmacy, and Public Health serve as investigators in a variety of studies at the center. Graduate students assist with ongoing research projects.

Primary project funding for the center comes from the National Institutes of Health, the State of Iowa, the Agency for Healthcare Research and Quality, and the Patient Centered Outcomes Research Initiative, as well as from foundations and private organizations. The center also sponsors educational activities and promotes collaboration among health organizations through frequent exchanges with professional and provider associations, policy and planning groups, insurance organizations, health delivery institutions, and other members of the health services research community.

Alumni Relations

An active alumni association with more than 1,000 members supports the program in a number of ways including scholarships, consultation on curriculum, continuing education, research, and fund development. Alumni serve as visiting faculty, consultants, mentors, and preceptors for summer internships, residencies, and fellowships. The alumni association also provides a network for graduates entering the profession.

Graduates maintain their Iowa connection and learn about news of their classmates, the department, and faculty members and students through the web site and social media.

The Department of Health Management and Policy and its alumni association jointly sponsor the annual Iowa Healthcare Executive Symposium each fall. Renowned
speakers from across the country present a variety of symposium topics. Health care leaders, alumni, educators, students, and friends of the department attend the symposium, which offers students a high quality educational experience in addition to the opportunity to network with faculty and alumni.

Courses

HMP:4000 Introduction to the U.S. Health Care System 3 s.h.
The U.S. health care system; socioeconomic, political, and environmental forces that influence the organization, financing, and delivery of personal and public health services; health services, policy, concepts, terminology.

HMP:5000 Professional Development Seminar 0-1 s.h.
Development of critical foundational management skills: business writing, personal presentation, teamwork, providing feedback, self-assessment, engaging other professionals, and organizational ethics.

HMP:5001 Interprofessional Health Care Administration I 3 s.h.
Concepts and methods related to developing and leading interprofessional teams; emphasis on roles and responsibilities in health care teams, communication, and conflict management; team development.

HMP:5005 Introduction to Health Care Organization and Policy 3 s.h.
Organization of U.S. health care system, health policies that shape its development; historical, socioeconomic, political, environmental forces that influence the organization, financing, and delivery of personal and public health services; health services, policy concepts, and terminology, including health determinants, access to care, system integration, policy development, federalism.

HMP:5200 Health Care Management 3 s.h.
Application of basic management principles such as leadership, goal setting, decision making, human resource management, to health care organizations.

HMP:5230 Managerial Epidemiology 1 s.h.
Relationship between health care needs and utilization; emphasis on epidemiological concepts related to presence of disease and health care needs in a community; approaches to forecasting need and utilization of services.

HMP:5291 Lean Sigma Principles: Applications in Health Care 1.3 s.h.
General lean and six sigma principles; application to health care solutions; examples from University of Iowa Hospitals and Clinics, other institutions.

HMP:5310 Quantitative Management in Health Care 2-3 s.h.
Fundamentals of patient safety, quality improvement techniques, performance measurement approaches, and analytical tools including data collection methodologies used by managers in health care and public health settings.

HMP:5315 Health Services Information Systems 2-3 s.h.
Conceptual, practical aspects of analysis, development, and use of computer-based information systems; emphasis on application to the health sciences environment.

HMP:5320 Analytics for Health Care Management 3 s.h.
Introduction to analytical techniques for making business decisions with emphasis on health care; using Excel and associated tools in practical problem solving; probability and statistical concepts and applications in strategic settings.

HMP:5342 Operations Research for Health Services Managers 2-3 s.h.
Functions and issues associated with health care management decision making using quantitative analysis and methodology; emphasis on operations research techniques (i.e., linear programming); resource management and optimization issues.

HMP:5350 Hospital Organization and Management 2-3 s.h.
Role of hospitals, governance, organizational structure, medical staff organization, departmental operations. Prerequisites: HMP:5005 and HMP:5200.

HMP:5370 Health Informatics I 3 s.h.
Technological tools that support health care, system integration, policy development, federalism.

Introduction to accounting concepts, principles, and analyses; contemporary financial reporting practices with emphasis on preparation, analysis, and use of financial statement information for management decisions; fundamentals of accounting measurement and disclosure.

HMP:5410 Health Economics I 3 s.h.
Microeconomic principles applied to health care, health insurance, information and uncertainty, models of physician and hospital behavior, theory of the firm, market structure, regulation, competitive reform, managed care.

HMP:5450 Health Insurance and Managed Care 3 s.h.
History and theory of insurance, comparative health systems, health systems and networks, HMOs, public health insurance, care for uninsured; emphasis on public policy. Prerequisites: HMP:5005. Corequisites: PHAR:6330 or HMP:5410. Same as GHS:5455.

HMP:5610 Health Policy 1-3 s.h.
Policy process, policies and programs that shape provision of health care in the United States; health policies such as Medicare, Medicaid, Older Americans Act.

HMP:5611 Contemporary Issues in Health Policy 0-1 s.h.
Current content, ethical perspectives, empirical research, and professional development in health policy; evaluation of health policy issues from a variety of theoretical perspectives; students assist with identification and recruitment of individual experts. Prerequisites: HMP:5610 and HMP:5650.

**HMP:5650 Health Policy Analysis**  3 s.h.
Introduction to analysis of contemporary health policy issues; frameworks for conducting analysis of health policy process and content; qualitative and quantitative methods for policy analysis; how to present policy-relevant information effectively. Prerequisites: HMP:5005 and HMP:5610.

**HMP:5750 Medicare and Medicaid Policy**  3 s.h.
Health policies most pertinent to Americans over age of 65. Same as ASP:5750.

**HMP:5810 Administrative Internship**  arr.

**HMP:6055 Topics in Health Administration**  1-3 s.h.
Topics related to contemporary problems that concern health care students, administrators.

**HMP:6110 Strategic Planning and Marketing**  3-4 s.h.
Strategy in health care including role of mission, vision, values, environmental analysis, strategic alternatives, organizational design, and evaluation of strategic decisions. Prerequisites: HMP:5200.

**HMP:6150 Issues in Health Management and Policy**  3 s.h.
Integration and application of theories, concepts, principles; case studies. Prerequisites: HMP:5200 and HMP:6110.

**HMP:6255 History and Health Policy in the U.S.**  arr.
Books, articles, other readings on history of the medical and nursing professions, evolution of the hospital and other key sectors of the health economy; health policy issues and their implications.

**HMP:6310 Human Resources for Health Organizations**  2-3 s.h.
Overview of human resource management theories and practices for health care organizations; strategic human resource management, equal employment, staffing, training and development, appraisal, compensation. Prerequisites: HMP:5200.

**HMP:6315 Seminar in Health Care Ethics**  1-2 s.h.
Biomedical and organization ethics in the contemporary health care environment; ethical concepts and principles, ethical issues that confront executive, clinical, and governance leaders in context of complex health organizations.

**HMP:6350 Medical Practice Administration**  3 s.h.
Survey of medical practice culture, operations, governance, financials, role(s) in health care system, and future. Prerequisites: HMP:5005 and HMP:5200.

**HMP:6355 Leadership in Healthcare Organizations**  2-3 s.h.
Management and leadership concepts and their application in health care organizations. Prerequisites: HMP:5200.

**HMP:6360 Nonprofit Organizational Effectiveness I**  3 s.h.

**HMP:6365 Nonprofit Organizational Effectiveness II**  3 s.h.

**HMP:6410 Financial Management of Health Institutions**  3 s.h.
Issues in working capital management, capital financing, cost analysis and rate setting, budgeting, reimbursement, managed care contracting and health reform initiatives; emphasis on use of information from accounting, financial management systems.

**HMP:6610 Legal Aspects of Health and Medical Care**  3 s.h.
Statutory, common law frameworks applicable to health care system; court decisions that illustrate applications of general legal doctrines in hospital, health settings.

**HMP:6710 Federalism and Health Policy**  3 s.h.
How American government's organization shapes development and implementation of health policy, programs, services.

**HMP:6750 Seminar in Health Policy**  2-3 s.h.
Contemporary health policy issues; theoretical and applied perspectives; social justice and health care for vulnerable populations (e.g., mental health, nursing homes); readings, discussion. Prerequisites: HMP:5610.

**HMP:6850 Independent Study and Research**  arr.
Supervised tutorial.

**HMP:6855 Administrative Practicum**  2-3 s.h.
Experience with operational and planning matters in a health care setting. Requirements: second-year standing and g.p.a. of at least 3.00 for two consecutive semesters.

**HMP:6860 Administrative Residency/Fellowship**  arr.

**HMP:7250 Organizational Behavior and Theory in Health Care**  3 s.h.
Key concepts of organizational behavior and organizational theory and their application to health care organizations and health services; perspectives from theoretical writings and empirical studies. Requirements: Ph.D. standing and knowledge of human services organizations.

**HMP:7550 Cost Effectiveness and Decision Analysis** 3 s.h.
Methods of cost-effectiveness analysis and decision analysis; applications to resource allocation decisions in public health and medicine.

**HMP:7910 Seminar in Contemporary Health Issues** 0 s.h.
Review of relevant literature on methodological substantive issues in health care, presentations by researchers on health services and policy research.

**HMP:7920 Ph.D. Guided Research** 1-3 s.h.
Experience with empirical research, guided by a faculty mentor; structured and supervised research activities.

**HMP:7930 Ph.D. Independent Research** 1-3 s.h.
Experience in empirical research through one or more substantive research experiences, with faculty mentor; authorship or coauthorship of at least one manuscript suitable for publication in peer review journal. Requirements: Ph.D. in health services and policy and satisfactory completion of Ph.D. preliminary exams.

**HMP:7940 Primary Data and Mixed Methods** 3 s.h.
Overview of research design and methods used to address health services research questions; collection of primary data and use of qualitative and mixed methods approaches.

**HMP:7950 Design Issues in Health Service Research** 3 s.h.
Design and causal inference reliability and validity in measurement; rules of evidence; research design for randomized-control trials, observational studies, meta-analysis.

**HMP:7960 Analytic Issues in Health Services Research I** 3 s.h.
Analytic tools used in health services research; focus on applications in nonexperimental research settings, such as analyses using administrative claims data or preexisting public use data sets. Prerequisites: BIOS:5120. Same as PHAR:7330.

**HMP:7965 Analytic Issues in Health Services Research II** 3 s.h.
Continuation of HMP:7960; advanced applications, including panel data and qualitative response models. Prerequisites: HMP:7960. Same as PHAR:7331.

**HMP:7970 Seminar in Health Research and Instruction** 1-3 s.h.
Opportunity for Ph.D. students to develop research and teaching skills through presentations, readings, workshops. Requirements: satisfactory completion of Ph.D. preliminary exams.

Research for preparation of dissertation; seminar presentation.
Master of Public Health Program

Director

• Tanya M. Uden-Holman

Graduate degree: M.P.H.
Web site: http://www.public-health.uiowa.edu/mph/

The Master of Public Health is recognized as the primary professional degree in public health. The objective of Iowa’s M.P.H. program is to provide education and practical training in public health to students who will be leaders in their respective communities. The program is appropriate for individuals who already have professional experience and/or training in public health as well as for those whose expertise lies outside of public health.

The Master of Public Health program is offered by the College of Public Health; the degree is awarded by the Graduate College.

Graduate Program of Study

• Master of Public Health

Students may earn the M.P.H. as a single degree, or they may pursue one of several joint degree programs. The College of Public Health offers joint M.P.H./professional degree programs with the Carver College of Medicine and the Colleges of Law and Pharmacy. It also offers two programs in collaboration with the College of Veterinary Science at Iowa State University. See "M.P.H. for Practicing Veterinarians" and descriptions of the joint degree programs later in this section.

In addition, the college collaborates with the College of Liberal Arts and Sciences to offer joint B.A. or B.S./M.P.H. programs for undergraduate students majoring in biology, psychology, or statistics; see "Joint B.A. or B.S./M.P.H. Degrees" below.

Master of Public Health

The Master of Public Health requires 42-45 s.h. of graduate credit, depending on the student’s choice of specialization. Students must choose one of seven subprograms: community and behavioral health, epidemiology, ergonomics, health communication, occupational and environmental health, policy, or quantitative methods.

Degree requirements include a core course in public health practice and in each of the five core disciplines of public health (epidemiology, biostatistics, environmental health, health policy and management, and social and behavioral sciences); a practicum; a set of content-specific required courses; and a set of content-specific electives. Students in the epidemiology subprogram and the occupational and environmental health subprogram also must complete a bioscience course. A final written report with oral presentation or a poster presentation related to the practicum constitutes the final examination.

All M.P.H. students complete the course work listed under "Common Requirements." In addition, each student completes the course work listed for his or her chosen subprogram.

Common Requirements

The following course work is required for all M.P.H. students. Students must earn a B-minus or higher in each core course. Students may repeat courses to achieve this standard.

CORE COURSES

All of these (18 s.h.):

- MPH:4101 Introduction to Public Health 3 s.h.
- BIOS:5110 Introduction to Biostatistics 3 s.h.
  (biostatistics subtrack students may substitute BIOS:5710 for 4 s.h.)
- CBH:4105 Introduction to Health Promotion and Disease Prevention 3 s.h.
- EPID:4400 Epidemiology I: Principles 3 s.h.
- HMP:4000 Introduction to the U.S. Health Care System 3 s.h.
- OEH:4240 Global Environmental Health 3 s.h.

PRACTICUM

The practicum is a fieldwork experience in which students show proficiency in applying academic principles in community settings. There are many practicum opportunities for M.P.H. students locally, nationally, and internationally. The practicum is the capstone of the M.P.H. program.

Before they register for and begin the practicum, students must choose an approved topic and must complete most of their M.P.H. course work, including all of the six M.P.H. core courses. A final written report with an oral presentation or a poster presentation is required. The practicum constitutes the final examination for the M.P.H. degree.

- MPH:7000 M.P.H. Practicum Experience 3 s.h.

Community and Behavioral Health Subprogram

The Master of Public Health with community and behavioral health subprogram requires 42 s.h. of graduate credit. The subprogram is offered by the Department of Community and Behavioral Health (p. 1152) (College of Public Health).

The subprogram prepares public health practitioners for a variety of positions related to community development, health program implementation, and health education. Students learn how to design, implement, and evaluate evidence-based interventions directed toward identified public health problems in populations.

A bachelor’s degree in the social and behavioral sciences is good preparation for this program, but students come from a variety of educational backgrounds. Preference is given to applicants who have professional experience.

In addition to the M.P.H. course work listed under "Common Requirements" above, the community and behavioral health subprogram requires the following courses.

SUBPROGRAM CORE

Students earn 12 s.h. in the required subprogram core.

Theory—this course:
CBH:5220 Health Behavior and Health Education 3 s.h.

Community and society—one of these:
CBH:5205 Social Determinants of Health 3 s.h.
CBH:5235 Community-Based Participatory Research 3 s.h.

Intervention—one of these:
CBH:6205 Designing and Implementing Interventions 3 s.h.
CBH:6220 Health Communication Campaigns 3 s.h.

Methods—one of these:
CBH:5305 Evaluation I: Approaches and Applications 3 s.h.
CBH:5310 Qualitative Research for Public Health 3 s.h.
CBH:5420 Communicating with the Community 3 s.h.
CBH:6335 Research Methods in Community and Behavioral Health 3 s.h.

ELECTIVES
At least 9 s.h. chosen from these:
ANTH:6141 Medical Anthropology and Social Theory 3 s.h.
CBH:3150 Media and Health 3 s.h.
CBH:5140 The Anthropology of Women's Health 3 s.h.
CBH:5215 Community Preventive Programs and Services 3 s.h.
CBH:5230 Public Health Issues in Overweight Management 3 s.h.
CBH:5435 Substance Abuse Prevention and Early Intervention 3 s.h.
CBH:5440 Prevention and Early Intervention of Mental Health Disorders 3 s.h.
CBH:6115/ANTH:6115 Ethnographic Field Methods 3 s.h.
CBH:6215 Persuasion and Health 3 s.h.
CBH:6220 Health Communication Campaigns 3 s.h.
CBH:6305 Evaluation II: Design and Methods 3 s.h.
CBH:6335 Research Methods in Community and Behavioral Health 3 s.h.
CBH:6405 Maternal, Child, and Family Health 3 s.h.
CBH:6410 Special Topics arr.
CBH:6415 Independent Study in Community and Behavioral Health arr.
GEOG:3505 Foundations of GIS 3 s.h.

Epidemiology Subprogram
The Master of Public Health with epidemiology subprogram requires 42 s.h. of graduate credit. The subprogram is offered by the Department of Epidemiology (p. 1158) (College of Public Health).

The subprogram focuses on fundamental epidemiological concepts and methods and provides training in the use of public health data and methods for disease assessment and in methods for evaluating the need and outcome of programs and interventions. Graduates of the program work in public health departments and other health care settings.

Epidemiology subprogram students are required to attend departmental seminars and journal club. They also must present one scientific poster at an international, national, regional, state, university, or departmental poster session.

In addition to the M.P.H. course work listed under "Common Requirements" above, the epidemiology subprogram requires the following courses.

**SUBPROGRAM CORE**
All of these (11 s.h.):
BIOS:5120 Design and Analysis of Biomedical Studies 3 s.h.
EPID:5580 Public Health Laboratory Techniques 1 s.h.
EPID:5600 Introduction to Epidemiology Data Management and Analysis 3 s.h.
EPID:6400 Epidemiology II: Advanced Methods 4 s.h.

One of these (2-3 s.h.):
EPID:4450 Public Health Data 2 s.h.
EPID:4990 Practicing Evidence-Based Public Health 3 s.h.

One of these (2 s.h.):
EPID:5530 Surveillance Internship: IRCID 2 s.h.
EPID:5540 Surveillance Mechanisms and Applications: Cancer and Other Registries 2 s.h.

Bioscience—one of these (3-4 s.h.):
PATH:5270 Pathogenesis of Major Human Diseases 3 s.h.
PATH:8133 Introduction to Human Pathology for Graduate Students 4 s.h.

Students who already have completed a course equivalent to one of these bioscience courses may substitute an additional elective.

**ELECTIVES**
Students earn at least 2 s.h. in elective courses (or 5 s.h. if they substitute an elective for the bioscience requirement). At least 3 s.h. of elective credit must be earned in courses offered by the Department of Epidemiology (prefix EPID) or in one of the following biostatistics courses.

BIOS:6110 Applied Categorical Data Analysis 3 s.h.
BIOS:6210 Applied Survival Analysis 3 s.h.

Health Communication Subprogram
The Master of Public Health with health communication subprogram requires 42 s.h. of graduate credit. The subprogram is offered by the Department of Community and Behavioral Health (p. 1152) (College of Public Health).

The subprogram provides opportunities for students to develop knowledge and skill in designing, evaluating, and implementing effective communication strategies and messages that speak to the health needs of diverse audiences. The program addresses clinician-patient interaction, family communication, group and organizational communication, and mass media and web-based campaigns.
In addition to the M.P.H. course work listed under "Common Requirements" above, the health communication subprogram requires the following courses.

**SUBPROGRAM CORE: HEALTH COMMUNICATION**

Four of these (12 s.h.):

- CBH:3150/JMC:3150 Media and Health 3 s.h.
- CBH:6210/COMM:6210 Health Communication 3 s.h.
- CBH:6215 Persuasion and Health Campains 3 s.h.
- COMM:6371 Communication Theory 3 s.h.

**SUBPROGRAM CORE: COMMUNITY AND BEHAVIORAL HEALTH**

Three of these (9 s.h.):

- CBH:5205 Social Determinants of Health 3 s.h.
- CBH:5220 Health Behavior and Health Education 3 s.h.
- CBH:5305 Evaluation I: Approaches and Applications 3 s.h.
- CBH:5310 Qualitative Research for Public Health 3 s.h.
- CBH:6115/ANTH:6115 Ethnographic Field Methods 3 s.h.
- CBH:6205 Designing and Implementing Interventions 3 s.h.
- GEOG:3505 Foundations of GIS 3 s.h.

**Occupational and Environmental Health Subprogram**

The Master of Public Health with occupational and environmental health subprogram requires 42 s.h. of graduate credit. The subprogram is offered by the Department of Occupational and Environmental Health (p. 1180) (College of Public Health).

The subprogram provides students with a broad perspective on public health and career preparation for a variety of professional positions in occupational and environmental health. Public health experience provides desirable background for this subprogram.

In addition to the M.P.H. course work listed under "Common Requirements" above, the occupational and environmental health subprogram requires the following courses.

**SUBPROGRAM CORE**

Students earn 13 s.h. in the required subprogram core.

All of these (4 s.h.):

- OEH:5010 Occupational and Environmental Health Seminar 0-1 s.h.
- OEH:5620 Occupational Health 3 s.h.

Students take OEH:5010 three times: twice for 0 s.h. and once for 1 s.h. If completing the M.P.H. in a one-year course of study, OEH:5010 is taken two times: once for 0 s.h. and once for 1 s.h.

Three of these (9 s.h.):

- OEH:4210 International Health 3 s.h.
- OEH:4510 Injury and Violence Prevention 3 s.h.
- OEH:5410 Occupational Safety 3 s.h.
- OEH:5710 Environmental Toxicology 3 s.h.
- OEH:6110 Rural Health and Agricultural Medicine 3 s.h.
- OEH:6510 Environmental and Occupational Epidemiology 3 s.h.

**ELECTIVES**

Students can earn the remainder of credit for their degree in elective courses (8 s.h.) offered by a department in the College of Public Health. Courses offered by departments in other colleges at the University of Iowa can be applied toward a degree with approval of a student's advisor.

Faculty expertise in areas related to occupational and environmental health can assist students in their endeavors. Sample plans that outline how elective courses can be combined with required courses in a focused plan of study are as follows.

**Environmental and Occupational Epidemiology**

- EPID:6400 Epidemiology II: Advanced Methods (elective) 4 s.h.
- OEH:4260 Global Water and Health (elective) 3 s.h.
- OEH:5530 Interpreting Occupational and Environmental Health Research (elective) 2 s.h.
- OEH:6510 Environmental and Occupational Epidemiology (required course) 3 s.h.
- OEH:6520 Injury Epidemiology (elective) 3 s.h.

**Global Environmental Health**

- OEH:4210 International Health (required course) 3 s.h.
- OEH:4220 U.S. and Global Environmental Health Policy (elective) 3 s.h.
- OEH:4260 Global Water and Health (elective) 3 s.h.
- OEH:5710 Environmental Toxicology (elective) 3 s.h.

**Injury and Violence Prevention**

- OEH:4510 Injury and Violence Prevention (required course) 3 s.h.
- OEH:4530 Global Road Safety (elective) 2 s.h.
- OEH:6520 Injury Epidemiology (elective) 3 s.h.
- OEH:6530 Epidemiology of Occupational Injuries (elective) 3-4 s.h.

**Occupational Health**

- OEH:4310 Occupational Ergonomics I (elective) 2-3 s.h.
- OEH:5410 Occupational Safety (required course) 3 s.h.
- OEH:6420 Industrial Hygiene Fundamentals (elective) 3 s.h.
- OEH:6430 Assessing Physical Agent Hazards (elective) 3 s.h.

**Rural Health and Safety**

- OEH:5410 Occupational Safety (elective) 3 s.h.
- OEH:6110 Rural Health and Agricultural Medicine (required course) 3 s.h.
OEH:6120 Current Topics in Agriculture and Rural Health (elective) 0-1 s.h.
OEH:6420 Industrial Hygiene Fundamentals (elective) 3 s.h.
OEH:6520 Injury Epidemiology (elective) 3 s.h.

**Policy Subprogram**

The Master of Public Health with policy subprogram requires 45 s.h. of graduate credit. The subprogram is offered by the Department of Health Management and Policy (p. 1166) (College of Public Health).

The subprogram offers course work and applied learning experiences that prepare students for careers in health policy analysis, system and organizational planning, and program evaluation. Graduates of the program find positions in federal, state, and local government; professional associations; and private agencies. Varied academic backgrounds are appropriate preparation for this program, including business, liberal arts and sciences, and the health professions.

In addition to the M.P.H. course work listed under "Common Requirements" above, the policy and administration subprogram requires the following courses.

**SUBPROGRAM CORE**

All of these (12 s.h.):

- HMP:5610 Health Policy 3 s.h.
- HMP:5611 Contemporary Issues in Health Policy 0-1 s.h.
- HMP:5650 Health Policy Analysis 3 s.h.
- HMP:6610 Legal Aspects of Health and Medical Care 3 s.h.
- HMP:6750 Seminar in Health Policy 3 s.h.

**ELECTIVES**

At least 9 s.h. chosen from these:

- HMP:5310 Quantitative Management in Health Care 2-3 s.h.
- HMP:5410 Health Economics I 3 s.h.
- HMP:5450 Health Insurance and Managed Care 3 s.h.
- HMP:5750 Medicare and Medicaid Policy 3 s.h.
- HMP:6710 Federalism and Health Policy 3 s.h.
- LAW:8562 Health Law 3 s.h.
- POLI:3100 American State Politics 3 s.h.
- URP:6337 Poverty, Planning, and Public Policy 3 s.h.

**Quantitative Methods Subprogram**

The Master of Public Health with quantitative methods subprogram requires 42 s.h. of graduate credit. The subprogram is offered by the Department of Biostatistics (p. 1146) (College of Public Health).

The subprogram is designed to train public health professionals who can provide leadership in the analysis of public health data and the design of studies for public health investigations. It is intended for individuals who are interested in public health and who have quantitative ability but not advanced mathematics training.

Applicants to the subprogram must meet all M.P.H. admission requirements; see "Admission" toward the end of this Catalog section. They also should have a cumulative g.p.a. of at least 3.00 and should have completed the following math and computer science course work: single variable calculus and matrix algebra, satisfied by one semester of calculus equivalent to AP Calculus AB and a high school algebra course involving matrices; and elementary computer programming instruction in any commonly used modern programming language (e.g., Python, Java, C++). Individuals who are admitted to the subprogram without having met all of these requirements must satisfy unmet requirements during their first semester of enrollment in the program.

In addition to the M.P.H. course work listed under "Common Requirements" above, the quantitative methods subprogram requires the following courses.

**SUBPROGRAM CORE**

All of these (12 s.h.):

- BIOS:5120 Design and Analysis of Biomedical Studies 3 s.h.
- BIOS:5310 Research Data Management 3 s.h.
- BIOS:5510 Biostatistical Computing 3 s.h.
- BIOS:6110 Applied Categorical Data Analysis 3 s.h.

**ELECTIVES**

At least 9 s.h. chosen from these:

- BIOL:4213 Bioinformatics 4 s.h.
- BIOS:6210 Applied Survival Analysis 3 s.h.
- BIOS:6310 Introductory Longitudinal Data Analysis 3 s.h.
- BIOS:6610 Statistical Methods in Clinical Trials 3 s.h.
- BIOS:7600 Advanced Biostatistics Seminar 3-5 s.h.
- MICR:2157 General Microbiology 5 s.h.
- MICR:3147 Survey of Immunology 3 s.h.
- STAT:3100 Introduction to Mathematical Statistics I 3 s.h.
- STAT:3101 Introduction to Mathematical Statistics II 3 s.h.
- STAT:3210 Experimental Design and Analysis 3 s.h.
- STAT:4100 Mathematical Statistics I 3 s.h.
- STAT:4101 Mathematical Statistics II 3 s.h.
- STAT:4200 Statistical Methods and Computing 3 s.h.
- STAT:4520 Bayesian Statistics 3 s.h.
- STAT:5100 Statistical Inference I 3 s.h.
- STAT:5101 Statistical Inference II 3 s.h.
- STAT:6540 Applied Multivariate Analysis 3 s.h.
- STAT:6560 Applied Time Series Analysis 3 s.h.

**Joint B.A. or B.S./M.P.H. Degrees**

The College of Public Health collaborates with the College of Liberal Arts and Sciences to offer joint bachelor's degree/Master of Public Health programs for undergraduate students majoring in biology, psychology, or statistics who would like to earn an M.P.H. degree. The joint programs permit students to count a limited amount of credit toward the requirements of both degrees, enabling them to begin the study of public health before they complete the bachelor's degree. Each joint program pairs an undergraduate major with a specific M.P.H. subprogram, as follows.

Joint B.A. in biology/M.P.H. with epidemiology subprogram; see Biology (p. 119) (College of Liberal
All of these (21 s.h.):

**ADDITIONAL REQUIRED COURSES**

All of these (21 s.h.):

- MPH:6700 Public Health Emergency Preparedness for Veterinarians and Other Public Health Disciplines 2 s.h.
- EPI:D:5200 Principles of Public Health Informatics 3 s.h.
- EPI:D:5300 Food Safety 3 s.h.
- EPI:D:5320 Exotic and Emerging Diseases of Animals 1 s.h.
- EPI:D:5470 Applied Veterinary Epidemiology/Biostatistics 3 s.h.
- EPI:D:5550 Diagnostic Microbiology for Epidemiology 3 s.h.
- EPI:D:5570 Zoonotic Diseases 3 s.h.
- OEH:6110 Rural Health and Agricultural Medicine 3 s.h.

**M.P.H. for Practicing Veterinarians**

The Master of Public Health for practicing veterinarians requires a minimum of 42 s.h. of graduate credit. The program is presented through a collaboration between the University of Iowa College of Public Health and the College of Veterinary Medicine at Iowa State University and is offered primarily by distance learning. It enables students to prepare for new career opportunities and equips them to respond to public health challenges such as zoonotic diseases, food security and foodborne illnesses, bioterrorism, and environmental health.

Students participate in two summer institutes, one on each campus during consecutive summers (two weeks in May and June); the rest of the program is Internet-based, so students may complete requirements at times that fit their schedules. Specific courses are required each semester of the program.

The M.P.H. for practicing veterinarians requires the following course work.

**M.P.H. COMMON REQUIREMENTS**

Students must complete courses listed under "Common Requirements" (core courses and practicum) for the Master of Public Health; see the beginning of this Catalog section.

**ADDITIONAL REQUIRED COURSES**

All of these (21 s.h.):

- MPH:6700 Public Health Emergency Preparedness for Veterinarians and Other Public Health Disciplines 2 s.h.
- EPI:D:5200 Principles of Public Health Informatics 3 s.h.
- EPI:D:5300 Food Safety 3 s.h.
- EPI:D:5320 Exotic and Emerging Diseases of Animals 1 s.h.
- EPI:D:5470 Applied Veterinary Epidemiology/Biostatistics 3 s.h.
- EPI:D:5550 Diagnostic Microbiology for Epidemiology 3 s.h.
- EPI:D:5570 Zoonotic Diseases 3 s.h.
- OEH:6110 Rural Health and Agricultural Medicine 3 s.h.

**Joint M.P.H./D.V.M.**

The joint Master of Public Health/Doctor of Veterinary Medicine is offered by the University of Iowa College of Public Health and the College of Veterinary Medicine at Iowa State University. It requires a minimum of 42 s.h. in addition to the requirements of the D.V.M. degree (see College of Veterinary Medicine in the Iowa State University catalog). The program prepares students for work as state veterinarians, as college and university faculty members, in local and state departments of public health, in the Public Health Service Commissioned Corps, in state agricultural departments, and for public health positions in the military.

Separate application to each degree program is required; applicants must be admitted to both programs before they may be admitted to the joint degree program. For M.P.H. admission requirements, see "Admission" later in this section.

The joint M.P.H./D.V.M. requires the following course work.

**M.P.H. COMMON REQUIREMENTS**

Students must complete courses listed under "Common Requirements" (core courses and practicum) for the Master of Public Health; see the beginning of this Catalog section.

**M.P.H. ELECTIVES**

Students must earn at least 9 s.h. from the following courses.

- EPI:D:5300 Food Safety 3 s.h.
- EPI:D:5470 Applied Veterinary Epidemiology/Biostatistics 3 s.h.
- EPI:D:5550 Diagnostic Microbiology for Epidemiology (offered by distance education) 3 s.h.
- EPI:D:5570 Zoonotic Diseases 3 s.h.
- EPI:D:6550 Epidemiology of Infectious Diseases (offered by distance education) 3 s.h.
- OEH:4510 Injury and Violence Prevention (offered by distance education) 3 s.h.
- OEH:6110 Rural Health and Agricultural Medicine 3 s.h.

**REQUIRE D.V.M. COURSES**

All of these (Iowa State University courses):

- Public Health and the Role of the Veterinary Profession (VMPM 388) 3 s.h.
- Small Animal Internal Medicine (VCS 436) 2 s.h.
- Infectious Diseases and Preventive Medicine (VMPM 437) 3 s.h.
- Pharmacology and Therapeutics (BMS 443) 3 s.h.
- Case Studies IV (VMPM 378) 1 s.h.

**Joint M.P.H./J.D.**

The joint Master of Public Health/Juris Doctor requires a minimum of 42 s.h. of graduate credit in addition to the requirements of the J.D. degree. The program helps students develop special expertise in public health legal issues. It is designed to train qualified students for leadership roles in both the public and private sectors.

Separate application to each degree program is required; applicants must be admitted to both programs before they may be admitted to the joint degree program.
The joint M.P.H./J.D. requires the following course work.

**M.P.H. COMMON REQUIREMENTS**

Students must complete courses listed under "Common Requirements" (core courses and practicum) for the Master of Public Health; see the beginning of this Catalog section.

**M.P.H. ELECTIVES**

Students earn 9 s.h. in elective courses chosen from one of the following public health areas: biostatistics, community and behavioral health, epidemiology, health communication, health policy, occupational and environmental health. Students choose electives in consultation with their advisors in the Carver College of Medicine and the College of Public Health.

**M.D. REQUIREMENTS**

Students in the joint M.P.H./M.D. program must complete the curriculum of the M.D. program; see Doctor of Medicine (p. 1031) (Carver College of Medicine) in the Catalog.

**COURSES THAT COUNT TOWARD BOTH DEGREES**

Students may count up to 12 s.h. earned in the following M.D. courses toward the M.P.H. degree.

<table>

**Joint M.P.H./Pharm.D.**

The joint Master of Public Health/Doctor of Pharmacy requires 42 s.h. of graduate credit in addition to the requirements of the Pharm.D. degree. The program helps students develop expertise in public health related to pharmacotherapy, health promotion, disease prevention, and medication safety.

Graduates of the program may work in areas of interest common to pharmacy and public health, such as spread and treatment of disease, community health, and immunology; bioterrorism, terrorism, and preparedness; genetics; insurance; managed care; family and juvenile health; and protection of special populations. Employment opportunities are available in hospitals and clinics and with health care providers; private practice; insurance and managed care organizations; local, county, state, and federal government; public health governmental agencies; and colleges and universities.

Separate application to each degree program is required; applicants must be admitted to both programs before they may be admitted to the joint degree program.

The joint M.P.H./Pharm.D. requires the following course work.

**M.P.H. COMMON REQUIREMENTS**

Students must complete courses listed under "Common Requirements" (core courses and practicum) for the Master of Public Health; see the beginning of this Catalog section.

**M.P.H. ELECTIVES**

Students select electives totaling 9 s.h. from one of the following public health areas: biostatistics, community and behavioral health, epidemiology, health communication, health policy, or occupational and environmental health. Electives are chosen in consultation with the student’s advisors in the Colleges of Pharmacy and Public Health.
PHARM.D. REQUIREMENTS
Students in the joint M.P.H./Pharm.D. program must complete the curriculum of the Pharm.D. program; see the College of Pharmacy (p. 1128) section of the Catalog. Students must be enrolled in the College of Pharmacy in order to take College of Pharmacy courses.

COURSES THAT COUNT TOWARD BOTH DEGREES
Students may count up to 12 s.h. earned in the following Pharm.D. courses toward the M.P.H. degree.

- PHAR:8105 Social Aspects of Pharmacy Care 2 s.h.
- PHAR:8204 Pharmacy Practice Lab IV (1 s.h. counts toward both degrees) 2 s.h.
- PHAR:8241 Endocrinology, Ophthalmology, Women's and Men's Health Therapeutics 2 s.h.
- PHAR:8243 Cardiovascular Therapeutics 2 s.h.
- PHAR:8308 Pharmaceutical Economics and Insurance 3 s.h.
- PHAR:8343 Infectious Disease Therapeutics 2 s.h.

Admission
Applicants to the M.P.H. program must apply through the Schools of Public Health Application Service (SOPHAS); they also must apply for admission to the Graduate College through the University of Iowa Office of Admissions. Applicants must submit scores on the Graduate Record Exam (GRE) General Test, LSAT, DAT, VCAT, GMAT, or another professional placement exam; scores must be at or above the median scores for test takers applying to similar programs. For detailed application information, visit Prospective Students on the Master of Public Health web site.

Applicants to the M.P.H. program must have successfully completed one semester each of college algebra and biology.

Applicants whose first language is not English and who do not hold a bachelor's degree from an accredited institution in the United States, the United Kingdom, Canada (except Quebec), Australia, or New Zealand must score at least 100 (Internet-based) on the Test of English as a Foreign Language (TOEFL). Applicants who score 81-99 (Internet-based) are required to take English fluency courses. Applicants who score below 81 are not considered for admission.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Admission deadline for the M.P.H. program must be completed by April 15; application deadline for summer entrance is April 1.

Application deadline for the M.P.H. for practicing veterinarians is March 1.

Students may enter the M.P.H. joint programs in fall, spring, and summer. Contact the individual joint programs for deadline information.

Financial Support
A limited number of modest tuition awards are available each year for M.P.H. students. For information on financing education through jobs, grants, and loans, contact the University's Office of Student Financial Aid.

Courses

MPH:2099 Fundamentals of Public Health 3 s.h.
Introduction to public health; emphasis on issues, challenges, achievements, careers; historical events that serve as a foundation for public health practice. GE: Social Sciences.

MPH:4101 Introduction to Public Health 3 s.h.
Concepts, structures, and activities in public health practice. Offered fall semesters and summer sessions.

MPH:6100 Essentials of Public Health arr.
Introduction and overview of the scope of public health; emphasis on history, definitions, issues, achievements, and future challenges; examples of public health research and practice.

MPH:6500 Independent Study in Public Health arr.
In-depth pursuit of an area of special interest in public health.

Community service learning experience directly related to goals and objectives of a specific public health course; faculty-guided planning and reflection.

MPH:6700 Public Health Emergency Preparedness for Veterinarians and Other Public Health Disciplines 2-3 s.h.
Introduction to public health emergency preparedness from a one health perspective; emergency preparedness from federal, state, and local perspectives; important elements for preparing responders; preparedness information systems and communication techniques.

MPH:7000 M.P.H. Practicum Experience 0-6 s.h.
Comprehensive and integrated application of knowledge acquired in the M.P.H. program in a practice setting; demonstration of professional competence in public health practice. Prerequisites: MPH:4101 and BIOS:5110 and CBH:4105 and EPID:4400 and (HMP:4000 or HMP:5005) and OEH:4240. Requirements: an approved practicum proposal.
Occupational and Environmental Health

Head
• Peter Thorne

Graduate degrees: M.S. in occupational and environmental health; Ph.D. in occupational and environmental health
Faculty: http://www.public-health.uiowa.edu/oeh-faculty-list/
Web site: http://www.public-health.uiowa.edu/oeh/

The Department of Occupational and Environmental Health focuses on assessment of risk factors in the physical environment and their relationship to disease—particularly health problems of agricultural and industrial workers. Students are guided by faculty members whose research interests include rural health care delivery, agricultural health, environmental health, occupational medicine, occupational lung disease, mammalian toxicology, inhalation toxicology, ergonomics, indoor air quality, occupational injury, injury epidemiology, injury prevention programs, aerosol physics, air and water quality, environmental chemistry, analytical toxicology, and environmental health in developing countries.

Graduate Programs of Study
• Master of Science in occupational and environmental health
• Doctor of Philosophy in occupational and environmental health

Both of the department's graduate degree programs offer optional subprograms in agricultural safety and health, and industrial hygiene.

In addition to its degree programs, the department offers the Master of Public Health with a subprogram in occupational and environmental health; see "M.P.H. Subprograms" below. It also offers the College of Public Health's graduate Certificate in Agricultural Safety and Health; see Agricultural Safety and Health (p. 1145) in the Catalog.

The department collaborates with the Department of Biomedical Engineering (College of Engineering) and the School of Urban and Regional Planning (Graduate College) to offer joint degree programs; see "Joint B.S.E. in Biomedical Engineering/M.S." and "Joint M.S./M.A. or M.S. in Urban and Regional Planning" below.

Individuals who are not enrolled in one of the department's degree programs but wish to take courses offered by the department may apply for professional improvement status. The department also offers an occupational medicine residency training program.

Master of Science

The Master of Science program in occupational and environmental health requires a minimum of 38 s.h. of graduate credit. It is offered with two optional subprograms: agricultural safety and health and industrial hygiene. The M.S. with agricultural safety and health subprogram requires a minimum of 39 s.h. of graduate credit; the M.S. with industrial hygiene subprogram requires a minimum of 43 s.h. of graduate credit. All M.S. students are required to complete a thesis.

The M.S. in occupational and environmental health without a subprogram requires the following work.

**CORE COURSES**

Students must complete all of the following courses.

**M.S. with Subprogram in Agricultural Safety and Health**

The M.S. with subprogram in agricultural safety and health requires a minimum of 39 s.h. of graduate credit. The program prepares students for careers in education, health care, insurance, and agribusiness as specialists in agricultural safety and health.

The M.S. in occupational and environmental health with the agricultural safety and health subprogram requires the following work.

Joint B.S.E. in Biomedical Engineering/M.S.

Bachelor of Science in Engineering students majoring in biomedical engineering (musculoskeletal biomechanics track) who are interested in earning a Master of Science in occupational and environmental health (industrial hygiene subprogram) may apply to the joint B.S.E./M.S. program offered by the College of Engineering and the College of Public Health. The joint program permits students to count a limited amount of credit toward the requirements of both degrees, enabling them to begin the study of public health before they complete the bachelor's degree. For information about the B.S.E. program, see Biomedical Engineering (p. 851) (College of Engineering) in the Catalog.

Joint M.S./M.A. or M.S. in Urban and Regional Planning

The joint Master of Science in occupational and environmental health/Master of Arts or Master of Science in urban and regional planning requires 65 s.h. of graduate credit. Separate application to each degree program is required; applicants must be admitted to both programs before they may be admitted to the joint degree program. For information about the graduate programs in planning, see Urban and Regional Planning (p. 963) (Graduate College) in the Catalog.

M.P.H. Subprograms

The Department of Occupational and Environmental Health offers the Master of Public Health with a subprogram in occupational and environmental health. The subprogram provides students with a broad perspective on public health and career preparation for a variety of professional positions in occupational and environmental health. Students have the option of selecting focused course work in the following areas: global environmental health, occupational health, rural health and safety, injury and violence prevention, and environmental and occupational epidemiology.

For detailed information about the M.P.H. degree, see Master of Public Health Program (p. 1173) in the Catalog.

Doctor of Philosophy

The Doctor of Philosophy program in occupational and environmental health requires 72 s.h. of graduate credit. All doctoral students must complete a dissertation. The program prepares students for professional and academic careers in environmental and occupational health. It is offered with two optional subprograms: agricultural safety and health, and industrial hygiene.

The Ph.D. in occupational and environmental health without a subprogram requires the following work.

CORE COURSES

Students must complete all of the following courses.

ELECTIVES

Credit in elective courses and the thesis completes the 43 s.h. required for the degree. Students work with their advisors to select electives appropriate for their professional goals.

THESIS

A thesis is required. Students may earn a maximum of 6 s.h. for the thesis.

BIOS:5120 Design and Analysis of Biomedical Studies 3 s.h.
EPID:4400 Epidemiology I: Principles 3 s.h.
GRAD:7270 Principles of Scholarly Integrity 1 s.h.
MPH:6100 Essentials of Public Health 1 s.h.
PATH:8133 Introduction to Human Pathology for Graduate Students 4 s.h.

**ELECTIVES**

Students must earn a minimum of 24 s.h. in non-research-related courses, including classroom courses or equivalent web-based courses. Students work with their advisors to select courses appropriate for their professional goals.

**RESEARCH CREDIT**

Students earn the remaining credit for the Ph.D. by completing any combination of the following courses or other classroom courses. All Ph.D. students must complete a dissertation.

- OEH:7020 Independent Study in Occupational and Environmental Health arr.
- OEH:7030 Research in Occupational and Environmental Health arr.

**Ph.D. with Subprogram in Agricultural Safety and Health**

The Ph.D. with subprogram in agricultural safety and health prepares doctoral students for academic, research, and policy-making careers in occupational and environmental health, with specialty in agricultural safety and health.

The Ph.D. in occupational and environmental health with the agricultural safety and health subprogram requires the following work.

**SUBPROGRAM CORE**

Students must complete all of the following courses.

- OEH:4240 Global Environmental Health 3 s.h.
- OEH:4540 Statistics for Experimenters 3 s.h.
- OEH:5010 Occupational and Environmental Health Seminar (taken three times, twice for 0 s.h. and once for 1 s.h.) 1 s.h.
- OEH:5410 Occupational Safety 3 s.h.
- OEH:5620 Occupational Health 3 s.h.
- OEH:6110 Rural Health and Agricultural Medicine 3 s.h.
- OEH:6120 Current Topics in Agriculture and Rural Health (seminar, taken two times, once for 0 s.h. and once for 1 s.h.) 1 s.h.
- OEH:6130 Agricultural Safety and Health: Practice, Research Methods, and Policy 3 s.h.
- OEH:7040 Preceptorship in Occupational and Environmental Health arr.
- BIOS:5120 Design and Analysis of Biomedical Studies 3 s.h.
- EPID:4400 Epidemiology I: Principles 3 s.h.
- EPID:5570 Zoonotic Diseases 2 s.h.
- GRAD:7270 Principles of Scholarly Integrity 1 s.h.
- MPH:6100 Essentials of Public Health 1 s.h.

**ELECTIVES**

Agricultural safety and health subprogram students must complete elective course work from one of four focus areas. The amount of credit required varies by focus area, as follows.

- Industrial hygiene: 15 s.h.
- Ergonomics: 15 s.h.
- Occupational epidemiology: 12 s.h.
- Occupational injury prevention: 12 s.h.

**RESEARCH CREDIT**

Students earn the remaining credit for the Ph.D. by completing any combination of the following courses or other classroom courses. All Ph.D. students must complete a dissertation.

- OEH:7020 Independent Study in Occupational and Environmental Health arr.
- OEH:7030 Research in Occupational and Environmental Health arr.

**Ph.D. with Subprogram in Industrial Hygiene**

The Ph.D. with subprogram in industrial hygiene provides doctoral students with specialized knowledge in industrial hygiene in addition to their expertise in the broad field of occupational and environmental health.

The Ph.D. in occupational and environmental health with the industrial hygiene subprogram requires the following work.

**SUBPROGRAM CORE**

Students must complete all of the following courses.

- OEH:4240 Global Environmental Health 3 s.h.
- OEH:4310 Occupational Ergonomics I 3 s.h.
- OEH:5010 Occupational and Environmental Health Seminar (taken three times, twice for 0 s.h. and once for 1 s.h.) 1 s.h.
- OEH:5410 Occupational Safety 3 s.h.
- OEH:5620 Occupational Health 3 s.h.
- OEH:5710 Environmental Toxicology 3 s.h.
- OEH:6420 Industrial Hygiene Fundamentals 3 s.h.
- OEH:6430 Assessing Physical Agent Hazards 3 s.h.
- OEH:6440 Control of Occupational Hazards 3 s.h.
- OEH:6450 Aerosol Technology 3 s.h.
- OEH:6460 Quantitative Exposure Assessment: Study Design and Evaluation 3 s.h.
- BIOS:5120 Design and Analysis of Biomedical Studies 3 s.h.
- EPID:4400 Epidemiology I: Principles 3 s.h.
- GRAD:7270 Principles of Scholarly Integrity 1 s.h.
- MPH:6100 Essentials of Public Health 1 s.h.

One of these:

- OEH:4540 Statistics for Experimenters 3 s.h.
- BIOS:5110 Introduction to Biostatistics 3 s.h.

**ELECTIVES**

Students must earn a minimum of 12 s.h. in non-research-related courses, including classroom courses or equivalent web-based courses.
web-based courses. Students work with their advisors to select courses appropriate for their professional goals.

**RESEARCH CREDIT**

Students earn the remaining credit for the Ph.D. by completing any combination of the following courses or other classroom courses. All Ph.D. students must complete a dissertation.

<table>

**Admission**

Applicants to the M.S. and Ph.D. programs in occupational and environmental health must apply through the Schools of Public Health Application Service (SOPHAS); they also must apply for admission to the Graduate College through the University of Iowa Office of Admissions. For detailed application information, visit Prospective Students/How to Apply on the Department of Occupational and Environmental Health web site.

The occupational and environmental health faculty takes several factors into consideration when evaluating applications for admission, including Graduate Record Exam (GRE) General Test scores, grade-point averages, letters of recommendation, intent and motivation for graduate study, and research interests. A student with deficiencies in one area may be admitted if all other components of his or her application are very strong.

All M.S. and Ph.D. program applicants must hold a bachelor's degree and have a cumulative g.p.a. of at least 3.00 (M.S. applicants) or at least 3.25 (Ph.D. applicants). All applicants must have taken the Graduate Record Exam (GRE) General Test. A verbal score of at least 151 and a quantitative score of at least 152 are recommended. For applicants who have not taken the GRE, the department considers scores from other standardized tests, such as the Medical College Admission Test (MCAT).

Applicants whose first language is not English and who do not hold a bachelor's degree from an accredited institution in the United States, the United Kingdom, Canada (except Quebec), Australia, or New Zealand must score at least 100 (Internet-based) on the Test of English as a Foreign Language (TOEFL). Applicants who score 81-99 (Internet-based) are required to take English fluency courses. Applicants who score below 81 are not considered for admission.

Undergraduate preparation for M.S. applicants must include course work in mathematics, biology, chemistry, and either physical sciences or engineering, depending on the applicant's chosen specialty area.

M.S. applicants who intend to pursue the industrial hygiene subprogram also must have taken physics and mathematics through calculus; course work in biology, microbiology, and computer programming is highly recommended.

Completion of the M.S. program before beginning Ph.D. study is recommended. Undergraduate preparation for doctoral applicants must include at least two semesters of chemistry, one semester of physics, and one semester of calculus. Course work in biology, microbiology, and computer programming is highly recommended, particularly for students interested in some specialized areas.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations of the Graduate College.

Students may enter the department's graduate programs in the fall. February 1 is the priority application deadline for consideration for financial support; May 1 is the final application deadline.

**Financial Support**

Several graduate student awards, including tuition and stipend support, are available for individuals interested in industrial hygiene, agricultural safety and health, ergonomics, occupational epidemiology, or occupational injury prevention. Both stipend and tuition support are available for all occupational medicine residents. Full-time graduate students in good academic standing (those not admitted on conditional status) are eligible for a stipend and tuition support. All other students are eligible for tuition support only; requests are considered case-by-case. All recipients must be U.S. citizens or permanent residents.

**POSTDOCTORAL POSITIONS**

The College of Public Health's Environmental Health Sciences Training Program offers postdoctoral positions in environmental health/toxicology. Appointments are made for two years with the possibility of an additional year. Applicants must be U.S. citizens or permanent residents.

**Residency Program**

In cooperation with University of Iowa Hospitals and Clinics, the department offers residency training in occupational medicine for physicians seeking specialty training in occupational medicine. For information contact the director of the Occupational Medicine Residency Program.

**Facilities and Resources**

The Department of Occupational and Environmental Health is housed in the College of Public Health Building, on the University's health sciences campus, and at the Institute for Rural and Environmental Health, at the University of Iowa Research Park. College of Public Health-based laboratory facilities give researchers and students access to cutting-edge technologies for the study of occupational and environmental health.

The Inhalation Toxicology Facility provides a full array of inhalation toxicology, aerosol science, and bioaerosol assay services. A primary focus of the facility is the study of toxicants found in the agricultural environment and related exposure situations. The facility is particularly well-equipped for studying organic dusts and bioaerosols.

The Occupational Hygiene Laboratory provides expertise and equipment for exposure assessment in occupational settings. The laboratory offers a range of sample collection capabilities and an extensive inventory of sampling equipment. Field and laboratory services are available through laboratory support exposure-response studies and control technology development studies in a variety of occupational arenas, including agriculture, construction, and indoor environments (home and office).
A computer laboratory is available for student use, and a library collection is located at the Institute for Rural and Environmental Health.

**Heartland Center for Occupational Health and Safety**

The Heartland Center for Occupational Health and Safety, one of 17 education and research centers funded by the National Institute of Occupational Safety and Health, provides training, education, and outreach. Its program areas are industrial hygiene, occupational medicine, ergonomics, agricultural safety and health, occupational injury prevention, occupational epidemiology, and continuing education.

**Courses**

**OEH:3210 Health, Work, and the Environment**

Current topics in occupational and environmental health; how the United States protects workers, protects people from environmental agents, and reduces environmental harm. Same as GEOG:3210.

**OEH:4210 International Health**

Urgent health problems in the developing world and among disadvantaged populations in developed countries; biological, social, cultural, political aspects of international health problems; applications of research methods from epidemiology, environmental health, social sciences. Same as GHS:4210, EPID:4210.

**OEH:4220 U.S. and Global Environmental Health Policy**

Major concerns in environment and human health, legislation enacted to deal with these concerns; emphasis on contemporary issues. Offered fall semesters of odd years. Requirements: for OEH:4220 — OEH:4240; for CEE:4220 — CEE:2150. Same as CEE:4220, GHS:4220.

**OEH:4240 Global Environmental Health**

Environmental health comprised of aspects of human health determined by interactions with physical, chemical, biological, and social factors in global environment; worldview and survey; focus on issues most relevant today; sustainability; air, water, and soil pollution and remediation; occupational health; injury prevention; food safety and security; risk assessment; environmental health policy.

**OEH:4260 Global Water and Health**

Overview of global water and health; microbial and toxicant identification, water-related adverse health effects, risk assessment, approaches to reduce water-related disease, distal water-related influences (e.g., global warming), and historic cases.

**OEH:4310 Occupational Ergonomics I**

Principles of ergonomics, with focus on physical capabilities of workers and their interactions with their work environment; physiological basis of work, patterns of work, occupational risk factors for musculoskeletal and neurovascular disorders, workplace and equipment design, integration of ergonomics in manufacturing processes.

**OEH:4510 Injury and Violence Prevention**

Theory, research, and practice of injury control; unintentional and intentional injuries; local, national, international injury issues. Same as EPID:4510.

**OEH:4520 Research Methods in Disaster Studies**

Epidemiologic study of disasters and their health consequences; research to identify and reduce health effects, research in context of response and preparedness. Same as EPID:4520, GHS:4275.

**OEH:4530 Global Road Safety**

Road safety problem, data sources, research methods used in field, and how intervention and prevention programs are developed and evaluated; lecture, hands-on approaches.

**OEH:4540 Statistics for Experimenters**

Application of statistical techniques to evaluate data derived from experimental samples designs; use of spreadsheets, statistical software; design and analysis of experiments; regression analysis; model building; practical applications. Same as CEE:4187.

**OEH:4920 Solid and Hazardous Wastes**

**OEH:5010 Occupational and Environmental Health Seminar**

Contemporary topics in occupational health, agricultural and comparative medicine, environmental health.

**OEH:5120 Veterinary Public Health: The Profession**

History and overview of veterinary public health and the American College of Veterinary Preventive Medicine (ACVPM); preparation for ACVPM board of certification.

**OEH:5410 Occupational Safety**

Principles and practices of occupational safety; applications in industrial and other occupational settings; interactions with other disciplines.

**OEH:5510 Interpreting Occupational and Environmental Health Research**

Tools necessary for making critical assessment of published scientific research reports from a methodological perspective; examples from recently published research studies in occupational and environmental health. Corequisites: BIOS:5110 and EPID:4400.

**OEH:5610 Occupational Health**

Principles, practice of occupational medicine, fundamentals of industrial hygiene and safety, occupational health management, ergonomics, occupational health nursing. Offered fall semesters.
OEH:5710 Environmental Toxicology 3 s.h.
Sources, routes of absorption, effects of environmental toxicants affecting man; pathophysiology of toxicant actions, including those of air and water pollutants, metals, pesticides, solvents, food toxicants, chemicals. Requirements: college chemistry or physiology or biochemistry.

OEH:6110 Rural Health and Agricultural Medicine 3 s.h.
Clinical orientation of specific health problems of rural residents, agricultural workers; rural health care delivery, socioeconomic issues in agriculture and their effects on health and safety of the agricultural population; occupational health problems, environmental health hazards in rural areas. Requirements: enrollment in College of Public Health or health sciences.

OEH:6120 Current Topics in Agriculture and Rural Health 0-1 s.h.
Issues that affect the health of agricultural populations, such as agro-terrorism, antibiotic resistance, genetically modified organisms; current scientific literature.

OEH:6130 Agricultural Safety and Health: Practice, Research Methods, and Policy 3 s.h.
Comprehensive overview of regional, national, and global agricultural production and associated public health hazards; solutions to identified hazards. Corequisites: OEH:6110, if not taken as a prerequisite.

OEH:6310 Clinical Ergonomics 3 s.h.
Clinical orientation to specific ergonomic problems and issues; preparation for conducting independent on-site ergonomic evaluations in occupational settings; experience developing and evaluating ergonomic inventions in an occupational setting; rotation through an occupational medicine clinic. Prerequisites: OEH:4310.

OEH:6320 Occupational Ergonomics II 3 s.h.
Application of ergonomic principles in varied work settings, through case study approach; participatory ergonomics, economics of ergonomics, workforce issues, psychosocial factors, shift work, integration of ergonomics into business models, current legislative issues, legal aspects of ergonomics, international perspectives; biomedical instrumentation used for risk factor exposure measurements.

OEH:6420 Industrial Hygiene Fundamentals 3 s.h.
Principles, with emphasis on recognition of chemical health hazards, physical health hazards at work. Corequisites: OEH:5620, if not taken as a prerequisite.

OEH:6430 Assessing Physical Agent Hazards 3 s.h.
Basic principles of recognizing and evaluating hazards presented by physical agents in occupational environments. Prerequisites: OEH:6420.

OEH:6440 Control of Occupational Hazards 3 s.h.
Physical science concepts applied to control of occupational hazards ranging from dusts to mists to vapors; strategies, management issues, personal protective equipment, implementation skills; in-depth instruction on local exhaust ventilation system design. Prerequisites: OEH:6420.

OEH:6450 Aerosol Technology 3 s.h.
Particle statistics and physics of aerosols, including inertia, diffusion, nucleation, evaporation, condensation, optics, electrical properties; relationship to fields such as agriculture, nanotechnology, environmental and occupational health, atmospheric chemistry, drug delivery.

OEH:6460 Quantitative Exposure Assessment: Study Design and Evaluation 3 s.h.
Principles of designing occupational and environmental exposure assessment studies, analyzing exposure data, and conducting exposure-response evaluations. Prerequisites: BIOS:5110 or OEH:4540.

OEH:6510 Environmental and Occupational Epidemiology 3 s.h.
Overview of methods to interpret and perform environmental and occupational epidemiologic studies with focus on exposure assessment; valuable insights into identifying regional, national, global environmental, and occupational health-related issues. Prerequisites: EPID:4400. Same as EPID:6510.

OEH:6520 Injury Epidemiology 3 s.h.
How epidemiology can be applied to injury prevention and control: epidemiology literature, specific methodological problems involved in the epidemiology of injuries, critical evaluation of research articles. Offered spring semesters of odd years. Prerequisites: EPID:4400. Same as EPID:6520.

OEH:6530 Epidemiology of Occupational Injuries 3-4 s.h.
Epidemiological literature on occupational injuries and their prevention; focus on research methods. Offered spring semesters of even years. Prerequisites: EPID:4400. Same as EPID:6530.

OEH:6610 Advanced Topics in Occupational Medicine 2 s.h.
Skills and knowledge for evaluating and treating patients with work-related illness.

OEH:6720 Advanced Toxicology 4 s.h.
Hepatic metabolism and toxification mechanisms, pulmonary and immunotoxicology, nervous system poisons and their mechanisms of action, general and molecular concepts of chemical carcinogenesis. Prerequisites: OEH:5710.

OEH:7010 Problems in Occupational and Environmental Health arr.
Didactic material in occupational and environmental health; may include tutorial, seminar, faculty-directed independent work (e.g., literature search, project, short research project).

OEH:7020 Independent Study in Occupational and Environmental Health
In-depth pursuit of an area in occupational and environmental health requiring substantial creativity and independence.

OEH:7030 Research in Occupational and Environmental Health
Research that may lead to a dissertation.

OEH:7040 Preceptorship in Occupational and Environmental Health
Work experience using knowledge and skills acquired in the classroom; arranged in conjunction with departmental or collegiate activities or with governmental agencies or private industry.

OEH:8610 Occupational Medicine
In-depth study of an area in occupational and environmental medicine, with clinical experience in an outpatient community setting. Four-week course. Requirements: M.D. enrollment.
Translational and Clinical Investigation

Head, Department of Epidemiology
• James C. Torner

Coordinator, Translational and Clinical Investigation
• James C. Torner

Graduate certificate: translational and clinical investigation

The Department of Epidemiology (p. 1158) and the Institute for Clinical and Translational Science (ICTS) offer the Certificate in Translational and Clinical Investigation for clinicians who seek advanced training in clinical methodology and applied patient-oriented research skills.

Graduate Program of Study
• Certificate in Translational and Clinical Investigation

Certificate
The Certificate in Translational and Clinical Investigation requires 17 s.h. of graduate credit and may be completed in one year.

Certificate students complete didactic course work and clinical preceptorships and participate in clinical research seminars. They become proficient in the conduct of independent clinical research, including hypothesis development, study design, knowledge of research ethics, survey development, data collection, basic and advanced statistical analyses, and interpretation of results. They also develop core competencies in their area of interest.

The certificate program is open to individuals who hold a doctoral-level degree in a clinical discipline (e.g., M.D., D.O., D.D.S., Ph.D., Pharm.D., D.V.M.) and are admitted as graduate students to the College of Public Health or are enrolled in a basic or health science doctoral program at the University of Iowa. Other admission requirements are similar to those for the M.S. program in epidemiology (p. 1158).

The Certificate in Translational and Clinical Investigation requires the following work.

Required—all of these:

- EPID:4400 Epidemiology I: Principles 3 s.h.
- EPID:5500 Introduction to Clinical Epidemiology 3 s.h.
- EPID:6950 Clinical Research Ethics 2-3 s.h.
- BIOS:5110 Introduction to Biostatistics 3 s.h.

Electives—6 s.h. from these:

- BIOS:6210 Applied Survival Analysis 3 s.h.
- BIOS:6310/STAT:6550 Introductory Longitudinal Data Analysis 3 s.h.
- BIOS:6610 Statistical Methods in Clinical Trials 3 s.h.
- BIOS:7600 Advanced Biostatistics Seminar 0-3 s.h.

CBH:5235 Community-Based Participatory Research 3 s.h.
CBH:5305 Evaluation I: Approaches and Applications 3 s.h.
CBH:6205 Designing and Implementing Interventions 3 s.h.
CBH:6305 Evaluation II: Design and Methods 3 s.h.
DPH:6004 Principles of Oral Epidemiology 0-3 s.h.
EPID:4120 Public Health Nutrition 3 s.h.
EPID:4450 Public Health Data 2 s.h.
EPID:4990 Practicing Evidence-Based Public Health 3 s.h.
EPID:5200/GPII:5220 Principles of Public Health Informatics 3 s.h.
EPID:5214 Meta-Analysis of Epidemiologic Studies 3 s.h.
EPID:5560 Introduction to Molecular Epidemiology 3 s.h.
EPID:5570 Zoonotic Diseases 2-3 s.h.
EPID:5600 Introduction to Epidemiology Data Management and Analysis 3 s.h.
EPID:6100 Writing a Research Protocol 3 s.h.
EPID:6245/HHP:6210 Epidemiology of Physical Activity 3 s.h.
EPID:6250 Genetics and Epidemiology 4 s.h.
EPID:6330 Global Nutrition Policy 1.3 s.h.
EPID:6350 Nutritional Epidemiology 2 s.h.
EPID:6360 Nutrition Intervention in Clinical Trials Research 2 s.h.
EPID:6370 Nutrition Intervention in Research Lab 3 s.h.
EPID:6510/OEH:6520 Injury Epidemiology 3 s.h.
EPID:6530/OEH:6530 Epidemiology of Occupational Injuries 3 s.h.
EPID:6550/GHS:6550 Epidemiology of Infectious Diseases 3 s.h.
EPID:6560 Hospital Epidemiology 2 s.h.
EPID:6600 Epidemiology of Chronic Diseases 3 s.h.
EPID:6630 Epidemiology of Reproductive Diseases 2 s.h.
EPID:6640 Epidemiology of Maternal and Infant Health 2 s.h.
EPID:6650 Cardiovascular Disease Epidemiology 3 s.h.
EPID:6670/PSYC:8267 Psychiatric Epidemiology 3 s.h.
EPID:6700 Cancer Epidemiology and Control 3 s.h.
EPID:6900 Design of Intervention and Clinical Trials 3 s.h.
EPID:6910 Pharmacoepidemiology 3 s.h.
EPLS:5165/PSQF:5165 Introduction to Program and Project Evaluation 3 s.h.
GEOG:3110/GHS:4111 Geography of Health 3 s.h.
HMP:5315 Health Services Information Systems 2-3 s.h.
HMP:5410 Health Economics I 3 s.h.
HMP:7550 Cost Effectiveness and Decision Analysis 3 s.h.

Web site: http://uc.uiowa.edu/

University College is home to a wide range of programs for University of Iowa students and precollege students. It includes major college-level programs such as the University of Iowa Honors Program, Study Abroad, Career Center Programs, and study at Iowa Lakeside Laboratory.

University College offers programs leading to the Bachelor of Applied Studies (B.A.S.) degree and the Bachelor of Liberal Studies (B.L.S.) degree. Both programs enable students to complete a bachelor's degree by distance education. The B.A.S., which is designed for graduates of community college technical programs, provides alternatives to traditional academic majors, permitting students to plan their own emphasis areas in consultation with their advisors. The B.L.S. is a general undergraduate degree without a traditional academic major; students work with their advisors to plan study programs that meet their individual objectives.

The college also offers undergraduate certificate programs in clinical and translational science, human rights, leadership studies, nonprofit management, and sustainability. In addition, it is home to summer undergraduate research programs in the STEM fields (science, technology, engineering, and mathematics), microbiology, and medical scientist training.

Some University College programs and courses are designed to smooth entering students' transition to college life, such as College Success Initiatives courses and First-Year Seminars, or to provide opportunities for populations underrepresented in the sciences and engineering, such as Iowa Biosciences Academy.

Lifetime Leisure Skills courses in a broad range of sport and fitness activities are offered through University College, as are special courses for students preparing for work and/or internships at University of Iowa Hospitals and Clinics and students who design web sites for University departments and offices.

The University's Reserve Officer Training Corps programs, Aerospace Studies (Air Force ROTC) and Military Science (Army ROTC), reside in University College.

In addition, University College offers courses in several precollege programs: the Belin-Blank Center for Gifted Education, the Center for Diversity & Enrichment, the Iowa Young Writers' Studio, Project Lead The Way, the Secondary Student Training Program, and University of Iowa Upward Bound.

Courses offered through University College are taught by University of Iowa faculty and staff members.

College-Level Degree Programs
Bachelor of Applied Studies (p. 1192)
Bachelor of Liberal Studies (p. 1195)

College-Level Certificate Programs

Director

• Lt. Col. Rick A. Spyker

Undergraduate minor: aerospace studies
Faculty: http://www.uiowa.edu/~afrotc/cadre.html
Web site: http://www.uiowa.edu/~afrotc/

The Aerospace Studies Program administers the Air Force Reserve Officer Training Corps (AFROTC) at the University of Iowa. AFROTC prepares highly qualified undergraduate students for commissions as officers in the United States Air Force.

While AFROTC is structured primarily for students pursuing active-duty Air Force commissions, any undergraduate or graduate student may take aerospace studies courses for academic credit, with the exception of the leadership laboratories. The amount of credit that may be applied toward a degree varies from college to college at the University. The College of Liberal Arts and Sciences, for example, accepts a maximum of 20 s.h. of aerospace studies credit. Additionally, any undergraduate student may apply the courses toward the minor in aerospace studies.

In order to receive a commission, AFROTC cadets must complete all University of Iowa degree requirements as well as courses specified by the U.S. Air Force.

Undergraduate and Graduate Programs

AFROTC offers programs lasting three or four years. Joining early gives students the opportunity to try AFROTC without obligation. It also can give them an advantage in the scholarship selection process.

The AFROTC program's three main components are the general military course (GMC), the professional officer course (POC), and field training (FT).

General Military Course

The general military course (GMC) consists of one AFROTC course (1 s.h.) and a leadership laboratory taken each semester for two years. Any student who meets AFROTC qualifications and is in good academic standing is eligible to participate in the GMC. Students normally apply for the GMC up to the time they earn 60 s.h. Students who have earned more than 60 s.h. may enroll in the GMC if they are willing to extend their academic plan by a semester or more.

Professional Officer Course

The professional officer course (POC) consists of one AFROTC course (3 s.h.) and a leadership laboratory taken each semester for two years. Students accepted into the POC make a commitment to serve a minimum of four years as U.S. Air Force officers. To enter the POC, students must be selected to attend and must successfully complete field training. Students generally take the POC during their last 60 s.h.

Field Training

All POC applicants must successfully complete field training at a U.S. Air Force base. Field training is an intensive, three-week program completed the summer after the sophomore year. It provides a first-hand look at the active duty Air Force and develops military leadership and discipline. Students participate in junior officer education, marksmanship, hand-to-hand combat training, and physical fitness training, and expeditionary skills training in a simulated environment. When they complete the program, they are ready to return to school and assume leadership positions in the AFROTC program.

Activities

Students have the option to compete for acceptance to a variety of optional AFROTC summer training programs. They may shadow a junior officer in a career field of interest, or they may compete to attend the Air Force Academy's free-fall parachute, glider, or combat survival schools. Students may return to field training as cadre training assistants, go to the Pentagon to see how the Air Force operates, or travel to a foreign country for a cultural immersion program. The Air Force provides transportation, meals, lodging, and a daily expense allowance for all summer programs.

Throughout the year, students may learn more about the Air Force by choosing to participate in base visits, aircraft orientation rides, a Dining Out (a formal ball in Air Force tradition), and other activities.

The AFROTC Cadet Corps also sponsors community service projects, intramural athletics, and social events, including formal and informal dinners.

Education Delay

Cadets may request an education delay to postpone entry to active duty until after completion of an advanced degree or professional training program.

Undergraduate Program of Study

• Minor in aerospace studies

Minor

The minor in aerospace studies requires a minimum of 16 s.h. in aerospace studies program courses. Students must maintain a g.p.a. of at least 2.50 in all courses for the minor and in all UI courses for the minor. Course work in the minor may not be taken pass/nonpass. In order to count course work taken at other institutions toward the minor, students must have approval from the director of aerospace studies. The minor requires the following course work.

All of these:

AERO:1100 Foundations of the U.S. Air Force I 1 s.h.
AERO:1200 Foundations of the U.S. Air Force II 1 s.h.
AERO:2100 Evolution of USAF Air and Space Power I
AERO:2200 Evolution of USAF Air and Space Power II
AERO:3100 Air Force Leadership Studies I 3 s.h.
AERO:3200 Air Force Leadership Studies II 3 s.h.
AERO:4100 National Security Affairs and Active Duty Preparation I 3 s.h.
AERO:4200 National Security Affairs and Active Duty Preparation II 3 s.h.

Financial Aid

Merit scholarships are available for two and three years of study. They provide varying awards for tuition and fees, a stipend for books, and a monthly tax-free subsistence allowance. Applicants are selected based on objective and subjective factors. Students should apply to the director of aerospace studies.

Nonscholarship cadets in the last two years of AFROTC are eligible for some financial assistance. They receive a tax-free subsistence allowance per month. Uniforms are furnished as well as all books for AFROTC classes.

Courses

Lower-Level Undergraduate

AERO:1100 Foundations of the U.S. Air Force I 1 s.h.
Introduction to U.S. Air Force: military customs and courtesies, basic oral and written communication techniques, careers available to Air Force officers. Requirements: first-year or sophomore standing.

AERO:1150 AFROTC Leadership Laboratory (LLAB) AS 100-FA 1 s.h.
A progression of experiences designed to develop leadership ability; military customs and courtesies, drill and ceremonies, military professional development, the life and work of a junior officer; leadership skills in a practical, supervised military lab setting. Offered fall semesters. Corequisites: AERO:1100. Requirements: first-year or sophomore standing.

AERO:1200 Foundations of the U.S. Air Force II 1 s.h.
Continuation of AERO:1100; leadership theory and practice, team building, diversity in the work force. Requirements: first-year or sophomore standing.

AERO:1250 AFROTC Leadership Laboratory (LLAB) AS 100-SP 1 s.h.
A progression of experiences designed to develop leadership ability; military customs and courtesies, drill and ceremonies, military professional development, the life and work of a junior officer; leadership skills in a practical, supervised military lab setting. Offered spring semesters. Corequisites: AERO:1200. Requirements: first-year or sophomore standing.

AERO:2100 Evolution of USAF Air and Space Power I 1 s.h.
Air power from Civil War hot air balloons through World War II; emphasis on developments in U.S. Air Force.

AERO:2150 AFROTC Leadership Laboratory (LLAB) AS 200-FA 1 s.h.

AERO:2200 Evolution of USAF Air and Space Power II 1 s.h.
Continuation of AERO:2100; air power from post-World War II to present; emphasis on developments in U.S. Air Force.

AERO:2250 AFROTC Leadership Laboratory (LLAB) AS 200-SP 1 s.h.

AERO:2500 Readings in Contemporary Military Issues 1-4 s.h.
Independent research on the U.S. Air Force; historical topics, current missions, future technologies, comparisons to other nations.

Upper-Level Undergraduate and Graduate

AERO:3100 Air Force Leadership Studies I 3 s.h.
Emphasis on management, leadership, communication skills required of an Air Force officer. Requirements: junior or higher standing.

AERO:3150 AFROTC Leadership Laboratory (LLAB) AS 300-FA 1 s.h.

AERO:3200 Air Force Leadership Studies II 3 s.h.
Continuation of AERO:3100; leadership topics in counseling, accountability, ethics. Requirements: junior or higher standing.

AERO:3250 AFROTC Leadership Laboratory (LLAB) AS 300-SP 1 s.h.

AERO:4100 National Security Affairs and Active Duty Preparation I 3 s.h.
America's evolving national security policy; structure of national security agencies, development of national security strategies; global regions and their historical and current importance to U.S. security policies. Requirements: junior or higher standing.

AERO:4150 AFROTC Leadership Laboratory (LLAB) AS 400-FA 1 s.h.

AERO:4200 National Security Affairs and Active Duty Preparation II 3 s.h.
Continuation of AERO:4100; Department of Defense structure, missions, and responsibilities, with emphasis on role of the U.S. Air Force; Air Force standards; preparation for active duty as Air Force junior officers. Requirements: junior or higher standing.

AERO:4250 AFROTC Leadership Laboratory (LLAB) AS 400-SP 1 s.h.
Bachelor of Applied Studies

Director
• Anne Zalenski

Undergraduate major: Bachelor of Applied Studies (B.A.S.)
Web site: http://distance.uiowa.edu/bas

Undergraduate Program of Study
• Bachelor of Applied Studies

The Bachelor of Applied Studies (B.A.S.) is designed for graduates of community colleges who wish to complete a bachelor's degree by distance education. The B.A.S. is a general undergraduate degree without a traditional academic major, but students have the option to include a certificate or an emphasis area in their program or to design an individual program. B.A.S. students may not earn minors.

Working with their academic advisors, B.A.S. students may plan programs designed to advance their careers, begin new careers, or prepare for graduate or professional study. Students who have specific career goals or advanced degree programs in mind should learn what educational background they will need in order to achieve their goals, and they should include appropriate course work in their B.A.S. programs.

Students may earn credit toward the degree through several types of courses, including web-based guided independent study courses, semester-based online courses, extension courses at sites throughout Iowa, and regular session courses.

Individuals interested in applying to the B.A.S. program should hold an A.A.A., an A.A.S., an A.A., or an A.S. degree; see "Admission" below for more detailed admission requirements.

The B.A.S. is awarded by University College and is administered by the Division of Continuing Education.

Bachelor of Applied Studies

The Bachelor of Applied Studies requires a minimum of 120 s.h. and is intended to be completed entirely by distance education. Students must earn at least 30 s.h. of credit toward the degree in University of Iowa courses after admission to the B.A.S. program. They must earn at least 60 s.h. of the minimum 120 s.h. at four-year colleges, including 45 s.h. in upper-level courses.

University of Iowa upper-level courses are numbered between 3000 and 4999. Some courses numbered below 3000 may be considered upper level for the B.A.S.; for a list of these courses, refer to Upper-Level Requirements on the Bachelor of Applied Studies Web site.

Students also must complete the following core requirements and a set of distribution areas; see BAS Core Requirements and Distribution Areas on the Bachelor of Applied Studies Web site for more information.

CORE REQUIREMENTS
• Rhetoric course work equivalent to composition II and speech
• Quantitative or formal reasoning—3 s.h.
• Social sciences—3 s.h.
• Values, society, and diversity—3 s.h.
• Business/management—6 s.h.

DISTRIBUTION AREAS
Students must complete 12 s.h. in three of the following five distribution areas (total of 36 s.h.). In each distribution area, 6 of the required 12 s.h. must be earned in upper-level courses.

• Communication and arts (e.g., journalism, speech, drama, art, music)
• Humanities (e.g., literature, history, philosophy, religion)
• Natural sciences and mathematics (e.g., geology, biology, statistics, computer science)
• Professional fields (e.g., business, education, nursing, social work, library science)
• Social sciences (e.g., geography, psychology, economics, political science, anthropology)

Students must maintain a cumulative g.p.a. of 2.00 or higher in all course work attempted, all course work taken at the University of Iowa, all course work taken after admission to the Bachelor of Applied Studies program, and all upper-level course work.

All University College policies regarding grading, course drops, withdrawals, academic standards, and so forth apply to B.A.S. students. Consult the University College student academic manual for more information.

Optional Certificate or Emphasis Area
Students may include a certificate or an emphasis area in their B.A.S. programs. Certificates and emphasis areas are noted on students' transcripts.

CERTIFICATE IN ENTREPRENEURIAL MANAGEMENT
The Certificate in Entrepreneurial Management is offered by the Tippie College of Business. It requires a minimum of 18 s.h. Courses are offered online. See Entrepreneurial Management (p. 673) (Tippie College of Business) in the Catalog or contact the Tippie College of Business for details.

CERTIFICATE IN NONPROFIT MANAGEMENT
The Certificate in Nonprofit Management is offered by University College in collaboration with Distance Education and the Larned A. Waterman Iowa Nonprofit Resource Center. The certificate requires a minimum of 18 s.h. Courses are offered primarily online. See Nonprofit Management (p. 1228) (University College) in the Catalog or contact the Division of Continuing Education for details.

CERTIFICATE IN PUBLIC HEALTH
The Certificate in Public Health (p. 1151) is offered by the College of Public Health and is designed primarily for individuals working in public health practice and for those considering public health careers. The certificate requires 12 s.h. Courses are offered online. Applicants must have substantial relevant work experience. Contact the College of Public Health for details.
CREATIVE WRITING EMPHASIS AREA
The creative writing emphasis area requires 18 s.h. It provides students with an understanding of the multiple facets of written communication. The emphasis area requires the following course work.

All of these:

- CLSA:3742 Word Power: Building English Vocabulary 3 s.h.
- CW:2100 Creative Writing 3 s.h.
- CW:4897 Novel Writing 3 s.h.

At least three of these:

- CLSA:3743 Word Power II: Building English Vocabulary—Advanced 3 s.h.
- CNW:2680 The Art and Craft of Creative Nonfiction 3 s.h.
- CW:2870 Fiction Writing 3 s.h.
- CW:2875 Poetry Writing 3 s.h.
- CW:3870 Advanced Fiction Writing 3 s.h.
- CW:3875 Advanced Poetry Writing 3 s.h.
- THTR:2301 Playwriting I 3 s.h.
- THTR:3301 Playwriting II 3 s.h.
- WRIT:1500 Writing Commons: A Community of Writers 1-3 s.h.

For additional details about the emphasis area and related careers, see the Creative Writing Emphasis page on the Bachelor of Applied Studies web site.

HUMAN RELATIONS EMPHASIS AREA
The human relations emphasis area requires 18 s.h. It focuses on human development, personality theory, interpersonal and group communication, multiculturalism, professional ethics, and the development of helping skills. The emphasis area requires the following course work.

All of these:

- RCE:4194 Interpersonal Effectiveness 3 s.h.
- RCE:4197 Citizenship in a Multicultural Society 3 s.h.
- RCE:4199 Counseling for Related Professions 3 s.h.

At least three of these:

- EDTL:3114 Parent-Child Relationships 3 s.h.
- RCE:4131 Loss, Death, and Bereavement 3 s.h.
- RCE:4162 Introduction to Couple and Family Therapy 3 s.h.
- RCE:4174 Positive Psychology 3 s.h.
- RCE:4176 Child Abuse: Assessment, Intervention, and Advocacy 3 s.h.
- RCE:4178 Microcounseling 1-3 s.h.
- RCE:4179 Sexuality Within the Helping Professions 3 s.h.
- RCE:4185 Introduction to Substance Abuse 3 s.h.
- RCE:4191 Advocacy: Awareness, Assertiveness, and Activism arr.
- SSW:3712 Human Sexuality, Diversity, and Society 1-3 s.h.

For additional details about the emphasis area and related careers, see the Human Relations Emphasis page on the Bachelor of Applied Studies web site.

JUSTICE STUDIES EMPHASIS AREA
The justice studies emphasis area requires 18 s.h. It is a good choice for students who hold associate degrees in disciplines such as community service, corrections, criminal justice, law enforcement, police science, or public safety. The emphasis area requires the following course work.

Two of these:

- POLI:3111 American Public Policy 3 s.h.
- PSY:2501 Introduction to Social Psychology 3 s.h.
- RCE:4197 Citizenship in a Multicultural Society 3 s.h.
- SOC:1410 Introduction to Criminology 3 s.h.
- SOC:4225 The Social Psychology of Leadership 3 s.h.

At least four of these:

- POLI:3104 Immigration Politics 3 s.h.
- RCE:4176 Child Abuse: Assessment, Intervention, and Advocacy 3 s.h.
- RCE:4185 Introduction to Substance Abuse 3 s.h.
- RCE:4194 Interpersonal Effectiveness 3 s.h.
- SOC:2430 Comparative Criminal Justice Systems 3 s.h.
- SOC:3416 Race, Crime, and Justice 3 s.h.
- SOC:3450 Criminal Legal System 3 s.h.
- SOC:4450 Juvenile Justice: A Sociolegal Perspective 3 s.h.

For additional details about the emphasis area and related careers, see the Justice Studies Emphasis page on the Bachelor of Applied Studies web site.

POLITICAL SCIENCE EMPHASIS AREA
The political science emphasis area requires 18 s.h. It focuses on the United States' political role in shaping social and public policy worldwide and on the interplay between foreign and domestic politics. The emphasis area requires the following course work.

Two of these:

- POLI:1100 Introduction to American Politics 3 s.h.
- POLI:1200 Introduction to Political Behavior 3 s.h.
- POLI:1400 Introduction to Comparative Politics 3 s.h.
- POLI:1403 Introduction to Politics in the Muslim World 3 s.h.
- POLI:1500 Introduction to International Relations 3 s.h.
- POLI:1501 Introduction to American Foreign Policy 3 s.h.

At least four of these:

- POLI:3100 American State Politics 3 s.h.
- POLI:3102 The U.S. Congress 3 s.h.
- POLI:3104 Immigration Politics 3 s.h.
- POLI:3110 Local Politics 3 s.h.
- POLI:3111 American Public Policy 3 s.h.
- POLI:3116 The Presidency 3 s.h.
- POLI:3118 Interest Groups 3 s.h.
- POLI:3123 State Politics in Iowa 3 s.h.
- POLI:3150 Problems in American Politics 1-3 s.h.
- POLI:3504 Globalization 3 s.h.
For additional details about the emphasis area and related careers, see the Political Science Emphasis page on the Bachelor of Applied Studies web site.

**Admission**

Individuals who wish to earn a B.A.S. must apply formally for admission to the program by completing an application through the Office of Admissions. Additional information on the B.A.S. program may be found on the Bachelor of Applied Studies web site.

Applicants to the B.A.S. program must have earned an Associate of Applied Arts (A.A.A.), an Associate of Applied Science (A.A.S.), an Associate of Arts (A.A.), or an Associate of Science (A.S.) degree from a regionally accredited institution. They must have a minimum of 60 s.h. of approved transfer credit, which includes career-technical credit.

Students who have an A.A. degree from a two-year institution participating in articulation agreements with the University of Iowa are considered to have satisfied the B.A.S. core requirements, except for “business/management.”

Applicants who graduated from an Iowa community college or Waldorf College must have a cumulative g.p.a. of at least 2.00; those who graduated from Black Hawk College in Illinois must have a cumulative g.p.a. of at least 2.25; those who graduated from other institutions outside Iowa must have a cumulative g.p.a. of at least 2.50.
Bachelor of Liberal Studies

Director
• Anne Zalenski

Undergraduate major: Bachelor of Liberal Studies (B.L.S.)
Web site: http://distance.uiowa.edu/bls

Undergraduate Program of Study

• Bachelor of Liberal Studies
The Bachelor of Liberal Studies (B.L.S.) is designed for students who have earned college credit at a regionally accredited institution and would like to complete a bachelor's degree by distance education. The degree may be completed completely online or through a combination of on-site and online course work.

The B.L.S. emphasizes workplace and leadership skills.

In addition to completing the Bachelor of Liberal Studies, students may earn undergraduate certificates offered by the University of Iowa. They may not enroll in a second college at the University of Iowa while completing the B.L.S. degree.

The B.L.S. is awarded by University College.

All University College policies regarding grading, course drops, withdrawals, academic standards, and so forth apply to B.L.S. students. Consult the University College student academic manual for more information.

Bachelor of Liberal Studies

The Bachelor of Liberal Studies requires a minimum of 120 s.h. of credit. Students must earn at least 30 s.h. of credit toward the degree in University of Iowa courses after they are admitted to the B.L.S. program. They must earn at least 60 s.h. of the 120 s.h. (minimum) required for the B.L.S. at four-year colleges, including 30 s.h. in upper-level courses. University of Iowa upper-level courses are numbered from 3000 to 4999.

B.L.S. students must complete a required set of common core courses and a B.L.S. track, as part of the 120 s.h. (minimum) required for the degree. Students must maintain a g.p.a. of at least 2.00 in all courses for the degree, all UI courses for the degree, and all courses for the B.L.S. track.

The following course work is required for all B.L.S. students.

B.L.S. COMMON CORE

Common core courses develop fundamental skills in writing, critical thinking, information literacy, and leadership and give students the opportunity to explore ideas from multiple perspectives.

Some courses in the common core are part of the College of Liberal Arts and Sciences (CLAS) General Education Program (p. 313), as indicated below.

Rhetoric
Rhetoric courses help students develop speaking, writing, listening, and critical reading skills. Courses approved for the Rhetoric area of the CLAS General Education Program satisfy the B.L.S. rhetoric requirement. The following course is offered by distance education.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>RHET:1030 Rhetoric</td>
<td>4-5 s.h.</td>
</tr>
</tbody>
</table>

Interpretation of Literature

This area, which focuses on the major genres of literature, improves students' abilities to read and analyze a variety of texts. Students must complete one approved course (3 s.h.) in this area. They may use any 3 s.h. course approved for the Interpretation of Literature area of the CLAS General Education Program. The following course is offered by distance education.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL:1200 The Interpretation of Literature</td>
<td>3 s.h.</td>
</tr>
</tbody>
</table>

Natural Sciences

Natural sciences courses explore the scope and major concepts of a scientific discipline. Students must complete one approved course (3 s.h.) in this area. They may use any 3 s.h. course approved for the Natural Sciences area of the CLAS General Education Program, including the following courses offered by distance education.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>HHP:1100 Human Anatomy</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>HHP:2310 Nutrition and Health</td>
<td>3 s.h.</td>
</tr>
</tbody>
</table>

Students also may use this distance education course, which is not part of the CLAS General Education Program, to fulfill the B.L.S. natural science requirement.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGR:2013 Introduction to Sustainability</td>
<td>3 s.h.</td>
</tr>
</tbody>
</table>

Global Perspectives

Global perspectives courses encourage students to understand issues from an international perspective. Students must complete one approved course (3 s.h.) in this area. They may use any 3 s.h. course approved for the International and Global Issues area of the CLAS General Education Program, including the following courses offered by distance education.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ANTH:2100 Anthropology and Contemporary World Problems</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>ANTH:2261 Human Impacts on the Environment</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>ARTH:1040 Arts of Africa</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>HIST:2403 Western Civilization III</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>POLI:1500 Introduction to International Relations</td>
<td>3 s.h.</td>
</tr>
<tr>

<td>3 s.h.</td>
</tr>
<tr>
<td>RELS:1130 Introduction to Islamic Civilization</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>RELS:2852/GWSS:2052 Women in Islam and the Middle East</td>
<td>3 s.h.</td>
</tr>
</tbody>
</table>

Students also may use one of these distance education courses, which are not part of the CLAS General Education Program, to satisfy the B.L.S. global perspectives requirement.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>POLI:3503 Politics of Terrorism</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>POLI:3550 Problems of International Politics</td>
<td>3 s.h.</td>
</tr>
<tr>
<td>RELS:3105 The World of the Old Testament</td>
<td>3 s.h.</td>
</tr>
</tbody>
</table>

Domestic Diversity

Students must complete one approved course (3 s.h.) that addresses diversity and domestic perspectives on current issues. They may use any 3 s.h. course approved for the
Values, Society, and Diversity area of the CLAS General Education Program, including the following courses offered by distance education.

**AMST:2165/AINS:2165/ANTH:2165 Native Peoples of North America** 3 s.h.

**CLSA:2016 Classical Mythology** 3 s.h.

**GWSS:1310/SOC:1310 Gender and Society** 3-4 s.h.

**HHP:2200 Physical Activity and Health** 3 s.h.

**RELS:1130 Introduction to Islamic Civilization** 3 s.h.

**RELS:1903 Quest for Human Destiny** 3 s.h.

**RELS:2852/GWSS:2052 Women in Islam and the Middle East** 3 s.h.

**RELS:2986 Religion and Women** 3 s.h.

**SOC:2810 Social Inequality** 3 s.h.

**SOC:3710 The American Family** 3 s.h.

**SRM:1045 Health for Living** 3 s.h.

**SRM:1072 Leisure and the Liberal Arts** 3 s.h.

Students also may use one of these distance education courses, which are not part of the CLAS General Education Program, to satisfy the B.L.S. domestic diversity requirement.

**AMST:1075 American Popular Music** 3 s.h.

**GWSS:3154/HIST:3254 Sexuality in the United States** 3 s.h.

**RCE:4187/EDTL:4987 Introduction to Assistive Technology** 3 s.h.

**RCE:4197 Citizenship in a Multicultural Society** 3 s.h.

**SOC:1020 Social Problems** 3-4 s.h.

**SOC:2430 Comparative Criminal Justice** 3 s.h.

**SSW:3712/NURS:3712 Human Sexuality, Diversity, and Society** 3 s.h.

**TR:3174 Cultural Perspectives in Health Care** 3 s.h.

**Statistics**

Students must complete one approved statistics course (3 s.h.). They may use any 3 s.h. course offered by the Department of Statistics and Actuarial Science with the prefix STAT except STAT:1000 First-Year Seminar. The following distance education courses are approved for the B.L.S. statistics requirement.

**STAT:1020/PSQF:1020 Elementary Statistics and Inference** 3 s.h.

**STAT:4143/PSQF:4143 Introduction to Statistical Methods** 3 s.h.

**Information Literacy**

Students must complete one approved course (2-3 s.h.) focusing on information literacy. The following course is offered by distance education.

**MSCI:1500 Business Computing Essentials** 2 s.h.

Students also may use one of these courses, which are not offered by distance education, to satisfy the B.L.S. information literacy requirement.

**AMST:1075 American Popular Music** 3 s.h.

**GWSS:3154/HIST:3254 Sexuality in the United States** 3 s.h.

**RCE:4187/EDTL:4987 Introduction to Assistive Technology** 3 s.h.

**RCE:4197 Citizenship in a Multicultural Society** 3 s.h.

**SSW:3712/NURS:3712 Human Sexuality, Diversity, and Society** 3 s.h.

**TR:3174 Cultural Perspectives in Health Care** 3 s.h.

**Critical Thinking**

Students must complete one approved course (3 s.h.) focusing on critical thinking. The following courses are offered by distance education.

**HHP:1030 Introduction to Critical Thinking** 3 s.h.

**JMC:3115 Solving Communication Problems** 3 s.h.

Students also may use one of these courses, which are not offered by distance education, to satisfy the B.L.S. critical thinking requirement.

**LING:1050 Language and Formal Reasoning** 3 s.h.

**PHIL:1033 The Meaning of Life** 3 s.h.

**PHIL:1034 Liberty and the Pursuit of Happiness** 3 s.h.

**PSY:1001 Matters of Life and Death** 3 s.h.

**PSY:1636 Principles of Reasoning: Argument and Debate** 3 s.h.

**Leadership and Career Development**

Students must complete two or more approved courses (total of 6 s.h.) focusing on leadership and career development, chosen from the following list of distance education courses.

**CCP:1304 "Suit Camp" for the Job Search** 1 s.h.

**CCP:1305 Social Media for Your Job Search** 1 s.h.

**CCP:2001 Graduate Admissions 101** 1 s.h.

**CCP:3102 Job Search Strategies** 2-3 s.h.

**CLAS:1600 Life Design: Building Your Future** 1 s.h.

**COMM:1819 Organizational Leadership** 2-3 s.h.

**EDTL:4081/EALL:4081/EPLS:4081/PSQF:4081/RCE:4081 ePortfolio Production** 1-2 s.h.

**ENTR:1350 Foundations in Entrepreneurship** 2 s.h.

**LS:3012 Leadership Theory to Practice** 3 s.h.

**PSY:2910 Industrial/Organizational Psychology** 3 s.h.

**RCE:2081 Job Search Strategies** 2-3 s.h.

**RCE:2081 Job Search Strategies** 2-3 s.h.

**RCE:4194 Interpersonal Effectiveness** 3 s.h.

**RCE:4197 Citizenship in a Multicultural Society** 3 s.h.

**SOC:4225 The Social Psychology of Leadership** 3 s.h.

**B.L.S. Track**

B.L.S. students must complete one of the following tracks.

**HEALTH AND HUMAN STUDIES TRACK**

This track provides a foundation in the health sciences with a focus on social aspects of health care. It draws from courses in psychological and brain sciences and rehabilitation and counselor education. The track requires 12 s.h. of foundation course work and 18 s.h. of upper-level course work (courses numbered 3000 or above) offered by distance education.

Foundation course work—12 s.h. from these:

**HHP:1100 Human Anatomy** 3 s.h.

**HHP:2130 Human Development Through the Life Span** 3 s.h.

**HHP:2200 Physical Activity and Health** 3 s.h.

**HHP:2310 Nutrition and Health** 3 s.h.

**PSY:1001 Elementary Psychology** 3 s.h.
PSY:2501 Introduction to Social Psychology 3 s.h.
PSY:2701 Biological Psychology 4 s.h.
PSY:2910 Industrial/Organizational Psychology 3 s.h.
SPAN:1504 Spanish for Healthcare Providers 3 s.h.
STAT:1020/PSQF:1020 Elementary Statistics and Inference 3 s.h.

Upper-level course work—18 s.h. from these:

ASP:3150 Psychology of Aging 3 s.h.
ASP:3160 Biology of Aging 3 s.h.
BIOC:3110 Biochemistry 3 s.h.
CLSA:3750 Medical and Technical Terminology 2 s.h.
HHP:3020/INTD:3027 Nutrition for Health, Fitness, and Sport 3 s.h.
HHP:3050 Obesity: Causes, Consequences, Prevention, and Treatment 3 s.h.
HHP:4440 Physiology of Nutrition 3 s.h.
NURS:3736 Legal Issues for Health Care Providers 3 s.h.
NURS:3740/ASP:3740/MED:3740/PHAR:3740 End-of-Life Care for Adults and Families 2-4 s.h.
PSY:3010 Health Psychology 3 s.h.
PSY:3320 Abnormal Psychology 3 s.h.
PSY:3330 Childhood Psychopathology 3 s.h.
PSY:3340 Behavior Modification 3 s.h.
PSY:3620 Human Memory 3 s.h.
RCE:4131 Loss, Death, and Bereavement 3 s.h.
RCE:4173 Trauma Across the Lifespan 3 s.h.
RCE:4174 Positive Psychology 3 s.h.
RCE:4179 Sexuality Within the Helping Professions 3 s.h.
RCE:4185 Introduction to Substance Abuse 3 s.h.
RCE:4187/EDTL:4987 Introduction to Assistive Technology 3 s.h.
SOC:4225 The Social Psychology of Leadership 3 s.h.
STAT:4143/PSQF:4143 Introduction to Statistical Methods 3 s.h.
TR:3171 Child Life Practical Application 3 s.h.
TR:3174 Cultural Perspectives in Health Care 3 s.h.

ORGANIZATIONAL STUDIES TRACK

This track focuses on management skills used in business enterprises. The track requires 12 s.h. of foundation course work and 18 s.h. of upper-level course work (courses numbered 3000 or above) offered by distance education.

Foundation course work—12 s.h. from these:

BUS:2300 Searching for Business Information 1 s.h.
COMM:1819 Organizational Leadership 2-3 s.h.
ECON:1100 Principles of Microeconomics 4 s.h.
ECON:1200 Principles of Macroeconomics 4 s.h.
ECON:2800 Statistics for Strategy Problems 3 s.h.
ENTR:2000 Entrepreneurship and Innovation 3 s.h.
MGMT:2000 Introduction to Law 3 s.h.
MGMT:2100 Introduction to Management 3 s.h.
POLI:2700 Business, Government, and Society 3 s.h.
PSY:2910 Industrial/Organizational Psychology 3 s.h.
STAT:1020/PSQF:1020 Elementary Statistics and Inference 3 s.h.

Upper-level course work—18 s.h. from these:

EALL:4130 Introduction to Grant Writing 3 s.h.
ECON:3100 Intermediate Microeconomics 3 s.h.
ECON:3150 Intermediate Macroeconomics 3 s.h.
ENTR:3100 Entrepreneurial Finance 3 s.h.
ENTR:3200 Entrepreneurial Marketing 3 s.h.
ENTR:4400 Managing the Growth Business 3 s.h.
JMC:3115 Solving Communication Problems 3 s.h.
MSCI:3000 Operations Management 3 s.h.
MSCI:3005 Information Systems 3 s.h.
RCE:4140 Foundations of Leadership for Community Agencies 3 s.h.
RCE:4187/EDTL:4987 Introduction to Assistive Technology 3 s.h.
RCE:4197 Citizenship in a Multicultural Society 3 s.h.
SOC:4225 The Social Psychology of Leadership 3 s.h.
SRM:3153 Sport Business Practices 3 s.h.
SRM:3154 Foundations of Event Management 3 s.h.
SSW:3600/MGMT:3600/NURS:3600/RELS:3701 Nonprofit Organizational Effectiveness II 3 s.h.
STAT:4143/PSQF:4143 Introduction to Statistical Methods 3 s.h.

GLOBAL STUDIES TRACK

This track enables students to understand global issues and perspectives. The track requires the world language component, 6 s.h. of foundation course work, and 18 s.h. of upper-level course work (courses numbered 3000 or above). Required course work for the world language component depends on the individual student’s preparation; one year of a world language in high school is equivalent to one semester of a world language in college.

World language component—one of these:

Fourth semester proficiency in a single world language
Second semester proficiency in two different world languages

Foundation course work—6 s.h. from these offered by distance education:

ANTH:2100 Anthropology and Contemporary World Problems 3 s.h.
ANTH:2220 Archaeology of Mesoamerica 3 s.h.
ANTH:2261 Human Impacts on the Environment 3 s.h.
ARTH:1040 Arts of Africa 3 s.h.
ECON:1200 Principles of Macroeconomics 4 s.h.
ENGR:2013 Introduction to Sustainability arr.
HIST:2403 Western Civilization III 3-4 s.h.
HRTS:2115/IS:2115 Introduction to Human Rights 3 s.h.
PCLI:1500 Introduction to International Relations 3 s.h.
PCLI:1501 Introduction to American Foreign Policy 3 s.h.
RELS:1130 Introduction to Islamic Civilization 3 s.h.
RELS:2852/GWSS:2052 Women in Islam and the Middle East 3 s.h.
SOC:2430 Comparative Criminal Justice Systems 3 s.h.
STAT:1020/PSQF:1020 Elementary Statistics and Inference 3 s.h.

Upper-level course work—18 s.h. from these offered by distance education:

ANTH:3275/CLSA:3596 The Archaeology of Ancient Egypt 3 s.h.
ANTH:4205 Rise of Ancient Civilization 3 s.h.
ENTR:4460 Entrepreneurship and Global Trade 3 s.h.
GHS:3050/ASP:3135/SSW:3135 Global Aging 3 s.h.
OEH:4240 Global Environmental Health 3 s.h.
POLI:3104 Immigration Politics 3 s.h.
POLI:3503 Politics of Terrorism 3 s.h.
POLI:3512 International Conflict 3 s.h.
POLI:3550 Problems of International Politics 3 s.h.
RCE:4194 Interpersonal Effectiveness 3 s.h.
RCE:4197 Citizenship in a Multicultural Society 3 s.h.
RELS:3105 The World of the Old Testament 3 s.h.
SOC:4225 The Social Psychology of Leadership 3 s.h.
SSW:3785/ASP:3785 Social Policy and the Elderly 3 s.h.
SSW:4843 Social Welfare Policy and Practice 3 s.h.
STAT:4143/PSQF:4143 Introduction to Statistical Methods 3 s.h.
TR:3174 Cultural Perspectives in Health Care 3 s.h.

**Admission**

Individuals who would like to earn the Bachelor of Liberal Studies degree must apply for admission to the program.

Applicants to the B.L.S. program must meet one of the following sets of requirements:

- they must have been granted a high school diploma at least three years before being admitted to the B.L.S. program, and they must have at least 24 s.h. of graded college-level transfer credit with a g.p.a. of 2.00 or higher; or
- they must hold an Associate of Applied Studies (A.A.S.), Associate of Science (A.S.), or Associate of Arts (A.A.) degree with a g.p.a. of 2.00 or higher for all college-level transfer credit.
Belin-Blank Center for Gifted Education

**Director**
- Susan Assouline

**Web site:** http://www.education.uiowa.edu/centers/belinblank/

The Connie Belin & Jacqueline N. Blank International Center for Gifted Education and Talent Development is dedicated to serving the needs of the gifted community at local, national, and international levels. It offers programs for preservice and inservice educators, including the State of Iowa Talented and Gifted Endorsement. Its online and on-campus courses and workshops on gifted education support the professional development of educators worldwide.

The center is home to the Assessment and Counseling Clinic, the Acceleration Institute, and the National Institute for Twice Exceptionality. The center also administers the College of Education's Honors Opportunity Program, through which qualified undergraduate students in education work toward graduation with collegiate honors.

For more information about the center and its programs, contact the Belin-Blank Center or visit its web site.

**Precollege Programs**

The Belin-Blank Center offers a wide variety of programs for precollege students. The Exceptional Student Talent Search (grades 2-9) helps determine talented students' academic abilities and needs. Outreach programs include Challenge Saturdays (grades 3-8), which offers half-day Saturday classes in Iowa City and in Des Moines, Iowa, for high-ability students and for Belin-Blank Exceptional Student Talent Search members; and the Weekend Institute for Gifted Students (grades 3-8), which offers three-hour Saturday classes in Iowa City for high-ability students. Blast (formally CHESS, grades 2-6) is a nonresidential summer program for Belin-Blank Exceptional Student Talent Search members that offers two weeks of half-day classes in Iowa City and Ankeny, Iowa.

The Belin-Blank Center also offers the following residential programs, which are held on the University of Iowa campus during summer. Students in each program participate in cultural and recreational activities and have access to the University's libraries, computer facilities, and study areas. Housing and meals are provided at the University's residence halls.

**Blank Summer Institute**

The Blank Summer Institute for the Arts & Sciences (BSI) is a one-week program that provides an intensive, advanced educational experience designed to enhance exceptionally talented students' intellectual and social growth. The BSI study plan complements the regular school curriculum. Students choose one of eight courses that explore advanced science, math problem solving, social sciences, creative writing, invention and innovation, visual arts, performing arts, and global and cultural studies.

To be eligible for BSI, students must be Iowa residents, must be completing grade 7 or 8, and must be nominated by their schools. Students selected for BSI receive a Myron and Jacqueline Blank Summer Scholarship to cover part of the institute's cost.

**Junior Scholars Institute**

The Junior Scholars Institute (JSI) is a one-week program in which students take a single advanced course for the entire week. Students choose from courses on subjects ranging from creative writing to engineering to the arts.

JSI is open to students from around the world. To be eligible, students must be completing grade 6, 7, or 8. They may nominate themselves and must submit a nomination packet. Students selected for JSI receive a scholarship to cover part of the institute's cost.

**National Scholars Institute**

The National Scholars Institute (NSI) is a one-week program that provides an advanced educational experience designed to enhance the development of talent. Students enroll in one advanced-level course, choosing from math, science, visual arts, creative writing, leadership, and other subjects.

NSI is open to students from around the world. To be eligible for the institute, students must be completing grade 9, 10, or 11 and must submit a nomination packet. Students selected for the institute receive a scholarship to cover part of the institute's cost.

**Secondary Student Training Program**

Students in grades 10-11 may nominate themselves for the Secondary Student Training Program (p. 1231) (SSTP), a five-week residential summer research program at the University of Iowa. SSTP students conduct scientific research in University laboratories under the guidance of a faculty mentor. Students earn 3 s.h. of academic credit. Visit the SSTP web site to learn more about the program, including eligibility and application.

**World Languages Institute**

The World Languages Institute (WLI) is a two-day intensive language program that prepares secondary school students for advanced placement program exams in Spanish, Chinese, French, and Japanese. Designed by the Belin-Blank Center and the University of Iowa's Division of World Languages, Literatures, and Cultures (p. 228),
the institute enables students to enhance their language skills in a setting that nurtures a sense of community with learners who share similar interests and goals.
Career Center Programs

Director
• David Baumgartner

Web site: http://careers.uiowa.edu/

The University of Iowa Marvin A. and Rose Lee Pomerantz Career Center administers the University’s Career Center Programs. The center helps students explore and plan careers, search for employment and internship opportunities, and prepare for interviews. Students may use the Pomerantz Career Center’s services at any time during their academic careers, but the center encourages entering first-year and transfer students to visit after they arrive on campus and to make use of all of the center’s services throughout their study at Iowa.

The center offers online workshops throughout the year on a variety of topics, including résumé writing, job and internship search techniques, employer research, interviewing skills, and more. It hosts several career fairs each fall and spring, offering students the opportunity to talk with and learn about prospective employers.

The Pearson Library contains career-related books, periodicals, and online resources—some broad in scope, others targeted to specific careers or jobs. Employer recruiting brochures join information on salaries, geographical cost of living, resources for jobs and internships, graduate schools, and other topics.

The Pomerantz Career Center facilitates job and internship interviewing with a wide range of employers: regional, national, and international; profit and nonprofit; state and federal government. Employers conduct on-campus interviews at specific times during the year, and many post immediate openings year-round for internships and for full-time positions. On-campus recruiting and job postings are available on the center’s web site. The center also offers career-related courses.

The center helps students find internships in Iowa, the Midwest, nationwide, and sometimes in other countries. For a list of discipline-related internships (all require course registration), see “Internships” under “Courses” below.

For more information about the center’s services and facilities, contact the Pomerantz Career Center.

Professional Development Courses

Professional development courses give students the opportunity to engage in practical, hands-on, skills-based instruction relevant to careers and leadership development. The topics and curricula for the following courses incorporate input from employers, who were surveyed about their experiences, real-world examples, guidance, and the skills they most often seek when hiring new graduates.

Courses

Career Exploration, Lower-Level Undergraduate

CCP:1069 Military-to-Civilian Career Exploration
Increase service and veteran members' awareness of skills for employment and of personal qualities when hired; improve student’s ability to choose career that is right for them through self-discovery and research; focus on role of personal interest, skills, and aptitudes in attaining and succeeding in given career pursuits; use and interpretation of career-related assessment inventories, how this information can lead to job and career satisfaction.

CCP:1300 Career Exploration
Helps students identify their interests, skills, and values relative to majors and careers; self-assessment, information interviews, research on majors and careers, site visits.

CCP:1301 Communication for the Workplace
How effective verbal and written communication is utilized in the workplace; how email and social media communication is used at work; appropriate ways to utilize assertiveness skills; development of refined presentation skills necessary for the workplace; hands-on, skills-based learning environment. Requirements: sophomore or higher standing.

CCP:1302 Office Etiquette for the Workplace
How professionalism and work ethic is demonstrated in the workplace; time management and organization skills relevant to full-time employment; succeeding in multigenerational workplaces; hands-on, skills-based learning environment. Requirements: sophomore or higher standing.

CCP:1303 Successful Teamwork for the Workplace
Demonstration of problem solving and self-awareness skills relevant to the workplace; application of listening and critical thinking skills; how to perform with a global mindset in the workplace; hands-on, skills-based learning environment. Requirements: sophomore or higher standing.

CCP:1304 "Suit Camp" for the Job Search
Basic needs for finding full-time employment; creating and polishing a résumé, techniques for interviewing and networking, developing a personal job search plan; "boot camp" style, skills-based experience; for students thinking about graduation and wanting to get serious about a job search. Requirements: sophomore or higher standing.

CCP:1305 Social Media for Your Job Search
Effective use of social media for networking as part of preparing for a job search; efficient identification and utilization of online tools (e.g., LinkedIn, Twitter); building a professional online presence; creating a plan for utilizing social networks for an entry-level job search.
CCP:1306 UI STEP—Student to Employed Professional 1 s.h.
Current employment trends, changes in employer recruitment, and career preparation procedures as undergraduate students; analysis of current employment and University experiences through self-assessment activities; development of a personal action plan to minimize experience gaps; expectations of entry-level employees in résumé, interview, and on-the-job performance; small-group discussion, online discussion boards, assigned readings, education workshops, and action activities. Requirements: student hourly or work-study employment. Recommendations: sophomore or junior standing.

CCP:2001 Graduate Admissions 101 1 s.h.
Preparation for graduate school application and admissions process; graduate entrance examinations, how to select a graduate program, graduate school applications and personal statements, securing a graduate assistantship, and graduate school interviews. Recommendations: junior standing or one-to-two years before start of graduate school for an intentional and less stressful application process.

CCP:2002 International Job Search: Working Abroad 1 s.h.
Beginner's guide to international employment: how to conduct an international job search, applying and interviewing for work abroad, using the Internet to your advantage, networking domestically, using United States resources in seeking foreign employment, what to expect in the foreign workplace.

CCP:2003 Preparation for Success in the Workplace 3 s.h.
Communication, office etiquette, and successful teamwork combined in one course: crucial professional development topics for all majors and disciplines before entering workplace. Requirements: sophomore or higher standing.

Career Exploration, Upper-Level Undergraduate and Graduate

CCP:3101 Advanced Job Search Skills 2 s.h.
Effective job search skills; coaching and practice to perfect techniques; identification of career goals, strategies, targets; how to network and sell self to employers; exercises, networking events, and direct work with a job coach. Requirements: junior or higher standing.

CCP:3103 Money Wise: Finances and Your Career Goals 2 s.h.
How to choose employment benefits when hired, medical and other insurance, investment opportunities (401K, IRAs); how to handle student loan repayment, develop a budget, and manage money.

CCP:3102 Job Search Strategies 2-3 s.h.
How to conduct successful job search; résumé development, interviewing, networking, branding, job search strategies; develop career management plan. Requirements: junior, senior, or graduate standing.

CCP:3104 Defining Your Career Path 2 s.h.
Transitioning between career fields; understanding personal interests, values, and abilities; methods of researching information on careers; career development models and student preferences in making career-related decisions; preparation for making career-related decisions through participation in class and individual activities; balancing current responsibilities such as finances and family during a career transition. Requirements: 60 s.h. completed.

Internships, Lower-Level Undergraduate

Students must register before beginning an internship in order for the internship to be noted on the transcript.

CCP:1001 Internship in Art 0 s.h.
CCP:1002 Internship in Biological Science 0 s.h.
CCP:1003 Internship in Communication Sciences and Disorders 0 s.h.
CCP:1004 Internship in Chemistry 0 s.h.
Prerequisites: CHEM:2220. Requirements: junior standing, completion of 12 s.h. of UI course work, and cumulative g.p.a. of at least 2.75.

CCP:1006 Internship in Business 0 s.h.
Recognition of practical work experience and internships.

CCP:1005 Internship in Liberal Arts and Sciences 0 s.h.
Recognition of practical work experience and internships.

CCP:1007 Internship in Education 0 s.h.
Recognition of practical work experience and internships. Requirements: admission to Teacher Education Program for undergraduates.

CCP:1008 Internship in English 0 s.h.
CCP:1009 Internship in French 0 s.h.
CCP:1010 Internship in Nursing 0 s.h.
Recognition of practical work experience and internships. Requirements: admission to College of Nursing.

CCP:1012 Internship in Geoscience 0 s.h.
Requirements: cumulative g.p.a. of at least 2.50, g.p.a. in geology courses of at least 3.00, and grade of C or higher in EES:3500.

CCP:1013 Internship in German 0 s.h.
CCP:1015 Internship 0 s.h.
Recognition of practical work experience and internships.

CCP:1016 Internship in History 0 s.h.
CCP:1019 Internship in Journalism 0 s.h.
CCP:1020 Internship in Classics 0 s.h.
CCP:1022 Internship in Computer Science 0 s.h.
Prerequisites: CS:2230 and MATH:1550 or MATH:1850.
Requirements: 24 s.h. of undergraduate course work.

CCP:1024 Internship in Museum Studies 0 s.h.

CCP:1025 Internship in Music 0 s.h.

CCP:1027 Internship in Health and Human Physiology 0 s.h.
Requirements: admission to health and human physiology.

CCP:1029 Internship in Physics and Astronomy 0 s.h.

CCP:1030 Internship in Political Science 0 s.h.

CCP:1031 Internship in Psychology 0 s.h.
Requirements: completion of 12 s.h. of departmental course work.

CCP:1032 Internship in Religious Studies 0 s.h.

CCP:1033 Internship in Literature, Science, and the Arts 0 s.h.

CCP:1034 Internship in Sociology 0 s.h.

CCP:1035 Internship in Spanish 0 s.h.

CCP:1036 Internship in Communication Studies 0 s.h.
Requirements: declared communication studies major, completion of 12 s.h. of departmental course work, and cumulative g.p.a. of at least 2.50.

CCP:1039 Internship in Asian Languages and Literature 0 s.h.

CCP:1041 Internship in Russian 0 s.h.

CCP:1042 Internship in Social Work 0 s.h.

CCP:1044 Internship in Geography 0 s.h.
Requirements: sophomore standing, completion of 12 s.h. of departmental course work, and cumulative g.p.a. of at least 2.25.

CCP:1045 Internship in American Studies 0 s.h.

CCP:1048 Internship in Cinema and Comparative Literature 0 s.h.

CCP:1049 Internship in Theatre Arts 0 s.h.

CCP:1061 Internship in Microbiology 0 s.h.

CCP:1062 Internship in Informatics 0 s.h.
Prerequisites: CS:2110 and (CS:2420 or MSCI:3200).
Requirements: 24 s.h. of undergraduate course work.

CCP:1070 Global Internship Preparation 1 s.h.
Classroom preparation for international summer internship program in Paris, London, Hong Kong, or Madrid; internship goal setting, current event and host city research, reflective learning, and professional development concepts.

CCP:1071 ROTC International Cultural Internship 0 s.h.
Internship opportunity to develop leaders capable of positive interactions with other cultures and their governments, and who possess the language skills to effectively communicate cultural sensitivities when interacting with American and international media; recent locations include China, Indonesia, Japan, Morocco, Russia, Senegal, Slovakia, Tajikistan, Tanzania, Ghana, Thailand, Botswana, Costa Rica, Czech Republic, and Vietnam. Requirements: ROTC member and Military Science program chair approval.

CCP:1072 Internship in Human Rights 0 s.h.
Recognition of approved work in human rights arena.

CCP:1091 Internship in Law 0 s.h.
Recognition of practical work experience and internships.

CCP:1099 Internship in Biochemistry 0 s.h.

CCP:1103 Internship in Linguistics 0 s.h.

CCP:1113 Internship in Anthropology 0 s.h.

CCP:1114 International Internship: Madrid 2 s.h.
Ten-week program, includes orientation, Spanish language school, and eight-week unpaid internship. Requirements: acceptance to undergraduate internship program in Madrid.

CCP:1115 International Internship: Paris 2 s.h.
Ten-week program, includes orientation, French language school, and eight-week unpaid internship. Requirements: acceptance to undergraduate internship program in Paris.

CCP:1122 Internship in Mathematics 0 s.h.
Prerequisites: MATH:1550 or MATH:1850. Requirements: junior standing, completion of 12 s.h. of UI course work, and cumulative g.p.a. of at least 2.75.

CCP:1131 Internship in Gender, Women's, and Sexuality Studies 0 s.h.

CCP:1137 Internship in Dance 0 s.h.

CCP:1145 Internship in Interdepartmental Studies 0 s.h.

CCP:1153 Internship in Aging Studies 0 s.h.

CCP:1159 Internship in Environmental Sciences 0 s.h.
Requirements: cumulative g.p.a. of at least 2.50.

CCP:1169 Internship in Leisure Studies 0 s.h.

CCP:1188 Internship in Performing Arts 0 s.h.

CCP:1187 Internship in International Studies 0 s.h.
CCP:1192 Internship in Statistics and Actuarial Science
0 s.h.
Requirements: junior standing.

CCP:1193 Internship in Accounting
0 s.h.
Requirements: admission to Tippie College of Business and accounting major.

CCP:1194 Internship in Finance
0 s.h.
Requirements: admission to Tippie College of Business and finance major.

CCP:1195 Internship in Marketing
0 s.h.
Requirements: at least 3.00 g.p.a. in MKTG:3000 and MKTG:3100, admission to Tippie College of Business, and marketing major.

CCP:1196 Internship in Economics
0 s.h.
Requirements: economics major.

CCP:1197 Internship in Management and Organizations
0 s.h.
Requirements: admission to Tippie College of Business and management and organizations major.

CCP:1198 Internship in Management Information Systems
0 s.h.
Requirements: admission to the Tippie College of Business and management sciences major.

CCP:1201 Academic Internship
1-3 s.h.
Opportunity for students to expand on internship experiences by developing learning objectives and reflecting on experience; how internship experience relates to academic course work and future career goals. Requirements: secured internship, cumulative g.p.a. of at least 2.00, and completion of 24 s.h. of UI course work (12 s.h. for transfer students).

CCP:1217 Internship in Fundraising and Philanthropy Communication
0 s.h.
Supervised experience working with fundraising and development professionals in nonprofit organization. Requirements: sophomore standing and completion of 12 s.h. of UI course work.

CCP:2020 Washington Center Internship Program
arr.
Internship placements for students in all University of Iowa majors (typical placements include Congress, the White House, the Center for Strategic and International Studies, the U.S. Department of Commerce, the U.S. Department of Defense, the Environmental Protection Agency, CNN, C-SPAN, BET, MCI Center, the Smithsonian Institution, the National Institutes of Health, Amnesty International, the Children's Defense Fund, Mexican Cultural Institute Embassies, the U.S. Marshall's Office, federal courts, law offices, and the U.S. Secret Service); participation in Presidential Lecture Series and Congressional Breakfast Series. Full semester or summer session.

CCP:2021 Washington Center Seminar
arr.
Combined classroom instruction, faculty-led discussions, and experiential work opportunities; usually offered in Washington, D.C., occasionally at other locations tied to an event (e.g., political convention); one or two weeks.

CCP:2202 ISSS Academic Internship
9 s.h.
Academic credit for full-time internship employment out of area; for international students in the Tippie College of Business. Requirements: F-1 or J-1 visa international student, Tippie College of Business undergraduate standing, minimum 3.50 g.p.a., full-time internship offer letter in hand (at least 40 hours/week and one semester in length), internship approved by International Student and Scholar Services for F-1 Curricular Practical Training (CPT) or J-1 Academic Training (AT), concurrent registration in approved 3 s.h. distance education course, internship work location at least 100 miles from Iowa City, and preapproval of internship by Pomerantz Career Center.

Internships, Upper-Level
Undergraduate and Graduate
Students must register before beginning an internship in order for the internship to be noted on the transcript.

CCP:3021 Internship in Library Science
0 s.h.

CCP:3169 Internship in Graduate Studies
0 s.h.
Recognition of practical work experience and internships. Requirements: admission to Graduate College.

CCP:3170 Internship in Public Health
0 s.h.
Recognition of practical work experience and internships. Requirements: admission to the College of Public Health.

CCP:3171 Internship in Biostatistics
0 s.h.
Requirements: admission to the College of Public Health.

CCP:3172 Internship in Community and Behavioral Health
0 s.h.
Requirements: admission to the College of Public Health.

CCP:3173 Internship in Epidemiology
0 s.h.
Requirements: admission to the College of Public Health.

CCP:3174 Internship in Health Management and Policy
0 s.h.
Requirements: admission to the College of Public Health.

CCP:3175 Internship in Occupational and Environmental Health
0 s.h.
Requirements: admission to the College of Public Health.
Center for Diversity & Enrichment

Interim director
• Willie Fred Mims

Web site: http://diversity.uiowa.edu/office/center-diversity-and-enrichment

The Center for Diversity & Enrichment offers the Iowa First Nations summer program for high school students and the Iowa Edge program for students entering the University of Iowa.

Precollege Program of Study

Iowa First Nations
The Iowa First Nations program enables high school students to explore the educational opportunities offered on the University of Iowa campus and by higher education in general. Iowa First Nations students live on campus for a week (Monday through Friday), spending five nights in one of the University’s residence halls. They go on structured field trips to campus departments, participate in hands-on classroom experiences, and take part in activities on campus and in the community.

Undergraduate Program

The Iowa Edge
The Iowa Edge program supports incoming students as they make their transition to the University of Iowa. The program takes place Sunday through Wednesday of the week before fall semester classes begin. Iowa Edge students move into the residence halls early, learn about campus resources, become familiar with the campus setting, and build community with other students. Current UI students serve as Iowa Edge peer leaders, facilitating the program.

Courses

Pre-Lower Level
CDE:0002 Life Science Summer Program 0 s.h.
CDE:0023 Iowa First Nations 0 s.h.

Lower-Level Undergraduate
CDE:2013 Iowa Edge Peer Leader Training 1 s.h.
Preparation for role of Iowa Edge Peer Leader; working with African American, Alaskan Native, American Indian, Asian American, Pacific Islander, Latino/a, and first generation college students; development of leadership, group facilitation, presentation, and peer mentoring skills.
Clinical and Translational Science

Coordinator

• Beth Rydstrom Knudson

Undergraduate certificate: clinical and translational science

Translational science focuses on applying biomedical discoveries to health care. It requires team-based interdisciplinary approaches to move research-generated discoveries into clinical trials and to facilitate the adoption of best practices in clinical and community settings. Investigators in translational science understand principles involved in foundational research and how such research relates to epidemiology, behavioral medicine, and patient-oriented research.

Opportunities for training in translational science are available through graduate and professional study in medicine, public health, nursing, dentistry, pharmacy, and other allied health professions, including biostatistics, behavioral medicine, clinical pharmacology, and epidemiology.

The certificate program in clinical and translational science provides undergraduates with opportunities to connect their research activities to translational science and to begin training in the discipline.

The Certificate in Clinical and Translational Science is presented by the Institute for Clinical and Translational Science and Iowa Biosciences Academy (p. 1211); it is administered by University College.

Undergraduate Program of Study

• Certificate in Clinical and Translational Science Certificate

The Certificate in Clinical and Translational Science requires 16 s.h. of credit. Students must complete all course work for the certificate within three years of entering the program.

Admission to the certificate program is selective. Applicants must fulfill the following requirements by the end of the semester in which they apply:

- have a cumulative g.p.a. of at least 3.00;
- have earned a minimum of 45 s.h. of college-level credit;
- have been engaged in mentored scientific research at the University of Iowa;
- have completed one of these: BIOL:1411 Foundations of Biology or BIOL:1141 Introductory Animal Biology; and
- have completed one of these: MATH:1380 Calculus and Matrix Algebra for Business or MATH:1460 Calculus for the Biological Sciences or MATH:1550 Engineering Mathematics I: Single Variable Calculus or MATH:1850 Calculus I.

Work for the certificate includes core courses and electives. Students must maintain a g.p.a. of at least 3.00 in the certificate’s core courses.

The Certificate in Clinical and Translational Science requires the following course work.

CORE COURSES

All of these (10 s.h.):

- EPID:4400 Epidemiology I: Principles 3 s.h.
- STAT:3510 Biostatistics (or an equivalent course) 3 s.h.
- TBM:3001 Introduction to Translational Research (must take EPID:4400 before or at the same time as this course) 2 s.h.
- TBM:3002 Practicum in Clinical and Translational Science (capstone course; must take TBM:3001 before this course) 2 s.h.

ELECTIVES

Students must earn a total of 6 s.h. in courses chosen from the following lists.

Creative Writing
CNW:3664 Writing About Science 3 s.h.

Life Sciences

- BIOC:3110 Biochemistry 3 s.h.
- BIOC:3120 Biochemistry and Molecular Biology I 3 s.h.
- BIOC:3130 Biochemistry and Molecular Biology II 3 s.h.

OEH:4210 International Health
OEH:4240 Global Environmental Health

**Application**
Interested students should apply on the certificate program's student application system. Deadlines for review of applicants are November 1 and April 1. Applications should include the following:

- a description of the student's undergraduate research (maximum of 1000 words), including the approximate number of hours per week the student spends conducting the research and the name and e-mail address of the student's research mentor;
- a personal statement outlining the student's professional and career goals;
- a copy of the student's grade report from ISIS; and
- a letter of recommendation from the student's research mentor.
College Success Initiatives

Coordinator

• Lisa Ingram

The College Success Initiatives Program is designed to enrich students' experiences at the University of Iowa. The program's courses help first-year and entering students make a successful transition to University life.

The College Success Initiatives Program is administered by the associate provost for undergraduate education. For more information about the program's courses, contact the Academic Advising Center.

Courses

Lower-Level Undergraduate

CSI:1020 Academic Seminar I 3 s.h.
Development of knowledge and skills essential for academic success at college level; reading, writing, and communication skills; focus on reading comprehension, class discussion, and development of writing process; various narratives including published collections of essays and peers' texts; writing process and techniques, and components that bring each piece together.
Requirements: IowaLink participant.

CSI:1021 Academic Seminar II 3 s.h.
Continued development of knowledge and skills necessary for academic success; reading, writing, and communication skills; experimentation with ethnographic research methods, exploration of cultures and subcultures; writing about findings in various experimental forms, suing as a model, short ethnographic essays, excerpts from a graphic novel; focus on reading comprehension strategies, class discussion, and development of writing process.
Requirements: IowaLink participant.

CSI:1100 College Transition Seminar 1 s.h.
College culture, University of Iowa resources, refinement of study skills, test taking, identification of personal values, self-motivation, goal setting; taught in small sections with emphasis on classroom discussion.
Requirements: entering first-year student.

CSI:1150 College Transition Workshop 1 s.h.
Preparation for affiliated lecture course; practical context to apply, evaluate, and refine study skills strategies explored in CSI:1100; expand study strategies, enhance grasp of affiliated course material, and apply study skills to future course work.
Corequisites: CSI:1100.
Requirements: concurrent enrollment in a CIC affiliated lecture course.

CSI:1200 First-Year Seminar 1 s.h.
Introduction to the intellectual life of the University; opportunity to work closely with a faculty member or senior administrator; active participation that eases the transition to college-level learning.

CSI:1220 Green Adventures: This is What Happens 1 s.h.
Designed for students of the Green Adventures Living-Learning Community; basic sustainability practices and education; opportunity for experiential education; help students incorporate sustainable practices into daily life and academic, professional, and cocurricular experiences.

CSI:1230 Exploring Social Justice 1 s.h.
Definition of social justice; current issues involving social justice at local and larger macro level; for students in the Justice for All Living-Learning Community (LLC).

CSI:1240 Well Beings LLC Seminar 1 s.h.
Knowledge and skills that contribute to personal wellness and success as students; focus on individual as well as environmental aspects that contribute to health and well-being; varied activities, assessments, and programs offered with opportunity for personal reflection; discussion of wellness resources and helping others; for students in Well Beings Living Learning Community (LLC).

CSI:1250 Introduction to Law Study and Legal Careers 1 s.h.
Introduction to legal education and careers; exploration of role of law in society, nature of legal education, careers in law, and current legal issues; opportunity for students to begin reflecting on their own interest in this field.

CSI:1260 Introduction to Health Care Professions 3 s.h.
Introduction to current U.S. health care system and changes that are likely in the near future; information about distinct health care professions grouped by discipline (e.g., nursing, pharmacy, public health), and less traditional career pathways in health care fields; how health care professionals across disciplines coordinate to deliver better health care; instruction by prominent health care faculty at the University of Iowa; for students considering a career in the health care field.

CSI:1270 Military-to-College Transition Success 1 s.h.
Transitioning from military, guard, or reserve status into academia, employment, and other aspects of civilian life; strategies for succeeding in school and at work, including time management, writing ability, and critical thinking; impact of military experiences on success as civilians, particularly as students; vocational skills such as resume writing and interviewing; life issues such as maintaining successful relationships, self-care, and leadership; networking with other military-related students and staff.

CSI:1300 College Expectations: Safe and Smart 0 s.h.
Alcohol and sexual violence awareness training.

CSI:1350 College Expectations for Transfer Students 0 s.h.
Alcohol and sexual violence awareness training.

CSI:1400 The Passport Project: Exploring Iowa and Iowa City 1 s.h.
Attendance and discussion at 12 events of student's choice, selected from the University and Iowa City's rich cultural offerings. Same as ARTS:1400.
CSI:1450 Exploring Iowa and Iowa City: Passport Project Colloquium
1-2 s.h.
Opportunities for peer mentors involved in ARTS:1400 and CSI:1400; activities including short readings and media screenings related to innovative and best practices in learning and teaching; emphasis on multi-modal writing online for peers; informal presentations and reflections; may include work with Passport Projects students, collaboration on development of guidelines and handouts for best practices in writing, and supplemental writing reflections. Same as ARTS:1450.

CSI:1500 College Success Seminar
1 s.h.
Skills, habits, and attitudes essential for college success; self-assessment, goal setting, problem solving, motivation, time management, study skills, preparing for and taking tests; campus resources, including the Pomerantz Career Center, University Counseling Service; emphasis on class participation and completion of assignments related to course topics. Requirements: selected students with first-year standing in the College of Liberal Arts and Sciences.

CSI:1600 Success at Iowa
0-2 s.h.
Skills to help students transition successfully to the University; online tools specific to the University of Iowa, including Iowa Student Information Systems (ISIS) and Iowa Courses Online (ICON); resources for navigating life on campus; financial aid literacy, strategies for making healthy behavior choices, sexual assault awareness and prevention, MAP-Works (a comprehensive transitional survey); series of online modules.

CSI:1700 Online at Iowa
1 s.h.
Web-based introduction to electronic tools and resources at the University of Iowa; web sites, e-mail, databases; how to research courses, register for classes, and review grades; computer security; virtual campus tour.

CSI:1800 Managing Your Money: Personal Finance for College Students
1 s.h.
Introduction to basic concepts and practices for management of resources and prevention of financial problems commonly associated with college, including credit and student loans.

CSI:1900 International at Iowa
1 s.h.
Introduction to immigration and other laws; academic expectations on the University of Iowa campus; cultural adjustment; how to succeed academically; caring for one's mental health; web-based course for new international undergraduate students.

CSI:2100 The Transfer Transition
1 s.h.
Adjustment to university life and academics; strategies for academic success including study and test-taking skills, time management, utilization of campus resources for success in courses; planning a major and learning about Career Center services; exposure to university culture; opportunities to reflect on adjustment to the University. Requirements: entering transfer student standing.

Upper-Level Undergraduate and Graduate

CSI:3110 Global at Iowa
0-1 s.h.
Creation of a learning environment where international and American students are introduced to issues and experiences of the others; international students new to the United States learn about the transition and adjustment period while becoming familiar with campus and American culture, American students are exposed to the sometimes very different cultural backgrounds and perspectives of international students; brief reflection papers, significant in-class discussion, and one or two small group projects.
Intercollegiate Athletic Participation

**Director**
- Elizabeth Tovar

Students who are members of University of Iowa intercollegiate athletics teams and are certified to participate in their sport may register for IAP:1021 Intercollegiate Athletic Participation. First year student-athletes may enroll in IAP:1021 and receive credit for completion of the section entitled athletic transition seminar. Student-athletes who have not previously received credit for the athletic transition seminar section may also enroll in IAP:1021 and receive credit for their sport participation.

Qualified students may receive up to 2 s.h. of credit for IAP:1021. Registration requires approval from the director of Student-Athlete Academic Services. Members of University of Iowa sport clubs are not eligible to enroll in IAP:1021.

Iowa Biosciences Academy

Codirectors
- Lori Adams (Biology), Vincent G.J. Rodgers (Physics and Astronomy)

Faculty: http://iba.biology.uiowa.edu/people
Web site: http://iba.biology.uiowa.edu

Undergraduate Program

Iowa Biosciences Academy (IBA) is a highly competitive undergraduate research and academic enrichment program funded by the National Institutes of Health. The program identifies academically talented undergraduate, underrepresented students who aspire to research careers and gives them first-rate training that facilitates entry into doctoral programs in biomedical, behavioral, and biophysical sciences.

Iowa Biosciences Academy students have opportunities to work in research laboratories with faculty mentors during the course of their undergraduate careers. The program's faculty represents a broad range of disciplines in the basic and biomedical sciences. IBA students also benefit from specialized course work, career counseling, and academic advising for biomedical and bioscience careers.

Students selected for IBA must maintain good standing in academics and research. Good academic standing requires a g.p.a. of at least 3.00 and is evaluated at the end of each semester. Good research standing is determined by each student's research mentor. Students work with their mentors throughout the academic year and summer.

STUDENTS ACCEPTED FROM HIGH SCHOOL

Students admitted to IBA from high school spend their first year at the University of Iowa establishing good academic standing and conducting laboratory rotations.

During fall semester, IBA students enroll in IBA:1041 (168:041) IBA Student Development Seminar (1 s.h.), where they explore topics such as college culture, University resources, study skills, test taking, and goal setting.

During spring semester, IBA students again enroll in IBA:1041 (168:041); this semester of the course is designed to help them navigate their laboratory rotations. They also enroll in IBA:3992 (168:100) IBA Research in Biomedical Science (0 s.h.) and complete a research rotation. The rotation, which is set up by IBA staff, introduces students to laboratory research at the University.

Students may choose to remain on campus for the eight-week summer session. They earn pay for their laboratory work with their research mentors and may participate in IBA events. After completing a full year of research experience, each student is evaluated for admission to the IBA Scholar Program. Students who earn admission may continue in IBA throughout the year.

STUDENTS ACCEPTED FROM COLLEGE

Applications also are accepted from current University of Iowa undergraduates majoring in the sciences as well as students transferring to Iowa. Students accepted to IBA during their first, second, or third year of college join the appropriate class of IBA scholars. During their first semester of participation, new undergraduates complete lab rotations and establish good academic standing. They also enroll in IBA:1041 (168:041) IBA Student Development Seminar (1 s.h.). Once students are matched with a research mentor, they earn pay for their laboratory work during summer and the academic year. They also enroll in IBA:3992 (168:100) IBA Research in Biomedical Science (0 s.h.).

Admission

Students apply to Iowa Biosciences Academy during their senior year of high school or once they are undergraduate students.

Applicants must:
- have a strong interest in pursuing a research career;
- have a qualifying academic major;
- be in good academic standing;
- submit an IBA application, including short essays; and
- submit one letter of recommendation from a science/math instructor or research mentor.

Admission requires an interview. Admission decisions are generally made in March, July, and October.

Faculty

Faculty members from the University’s broad range of basic and biomedical science disciplines serve as teachers and mentors to IBA students. They represent many departments, including anatomy and cell biology, biochemistry, biology, biomedical engineering, chemistry, health and human physiology, microbiology, molecular physiology and biophysics, neuroscience, nursing, physics, and psychological and brain sciences.

Courses

Lower-Level Undergraduate

IBA:1041 IBA Student Development Seminar 1 s.h.
Academic and professional development; presentations by faculty researchers, admissions representatives, or students in graduate bioscience programs; discussions about succeeding at the University; talks by professional educators on topics such as effective study skills.

Upper-Level Undergraduate and Graduate

IBA:3992 IBA Research in Biomedical Science 0 s.h.
Registration in a section taught by student's research mentor. Requirements: enrollment in IBA.

Graduate

IBA:5045 Entering Mentoring 0 s.h.
Process of becoming an effective research mentor; mentoring methods and resolution of mentoring dilemmas; secondhand exposure to the experiences of other mentors; strategies for managing mentoring challenges.
Iowa Lakeside Laboratory

Associate provost and dean
- Chet Rzonca

Associate director, academics and research
- Michael J. Lannoo (Anatomy and Cell Biology, Indiana University School of Medicine)

Iowa State University participating faculty
- Lori Biederman (Ecology, Evolution, and Organismal Biology), James Colbert (Ecology, Evolution, and Organismal Biology), Mary Harris (Natural Resource Ecology Management)

University of Iowa participating faculty
- John F. Doershuk (Anthropology)

University of Northern Iowa participating faculty
- Kavita Dhanwada (Biology), Laura Jackson (Biology), Mark Meyers (Biology), Daryl D. Smith (Biology)

Web site: http://www.continuetolearn.uiowa.edu/lakesidelab/

Iowa Lakeside Laboratory is a field station run cooperatively by the University of Iowa, Iowa State University, and the University of Northern Iowa. Students at all three institutions may take Iowa Lakeside Laboratory courses for credit. They should check with their advisors to determine whether specific courses count toward requirements of their academic majors or minors or toward other requirements.

Iowa Lakeside Laboratory was established in 1909 for the conservation and study of the rich flora and fauna of northwestern Iowa, especially the numerous lakes, wetlands, and prairies of the Iowa Great Lakes region. The campus is located on approximately 140 acres of restored prairie, wetland, and gallery forest along the west shore of West Okoboji Lake. Lakeside’s mission is to provide undergraduate and graduate students an opportunity for hands-on experience in a variety of natural and human environments through its field-oriented summer courses, and to provide research facilities and support for graduate students and faculty members working on research projects in northwestern Iowa.

Each summer Iowa Lakeside Laboratory offers students a unique educational experience—small, inquiry-based, full-immersion, field-oriented courses in the natural sciences (archaeology, botany, ecology, hydrology, soils, zoology) and related areas, such as the health sciences and archaeology. Courses are taught at the sophomore/junior level and the senior/graduate level. Enrollment usually is limited to 10 or fewer students per course. Most courses meet all day Monday through Friday, last four weeks, and offer 1 s.h. of credit for each week (40 clock hours) in class. One- and two-week courses also are available, including courses designed especially for teachers.

Weather permitting, students normally spend at least part of each day doing fieldwork, either as part of their class work or for individual or group projects.

Not all courses are offered every year; visit Courses on the Iowa Lakeside Laboratory web site or consult the University of Iowa summer course offerings on ISIS (Iowa Student Information System) to learn which courses will be offered during a particular summer session.

Research projects by undergraduates, graduate students, and faculty members can be completed either on the Iowa Lakeside Laboratory campus or at many nearby natural areas. Undergraduate and graduate students are strongly encouraged to do independent projects at the laboratory, and graduate students are welcome to use Lakeside as a base for their thesis and dissertation research. Laboratory space and other facilities are available for long-term or short-term research projects.

Teaching and research facilities include eight laboratory buildings, a library, and a lecture hall. Living accommodations include cottages, motel-style units, and a large mess hall. All students are encouraged to stay at Lakeside while they are taking courses to derive full advantage of its educational, professional, and social life.

Registration

Students may enroll in Iowa Lakeside Laboratory courses only by submitting an Iowa Lakeside Laboratory Registration and Housing Form to the Iowa Lakeside Laboratory administrative office. Information about current courses and housing is available on the Iowa Lakeside Laboratory web site.

Registration usually opens in early January. Enrollment is limited, so students should register early. When they register, they must apply for housing or indicate that they plan to live on campus.

Financial Support

Financial support is available for undergraduate and graduate students. The Friends of Lakeside Lab organization provides a merit scholarship that is equivalent to the cost of room and board. Additional financial support may be available from Iowa Lakeside Laboratory and from other sources. Consult the Office of Student Financial Aid for information about support, including work-study and loan programs.

Courses

Lower-Level Undergraduate

IALL:1010 Earth, Air, and Sky 3 s.h.
Essentials of earth science, including astronomy, meteorology, geology, and paleontology; includes laboratory and fieldwork.

IALL:1030 Natural History Workshop 1-2 s.h.
A specific aspect of the upper Midwest’s natural history, or techniques for studying natural history; amphibians and reptiles, birds and birding, nature photography, mushrooms and other fungi, Iowa’s trees and forests, fish biology, prairies, common algae, common insects, aquatic plants, life in rivers, life in lakes, mosses and liverworts, natural history of Iowa Great Lakes region, field archaeology, scuba diving, astronomy, nature sketching; five-day, nontechnical introductions.

IALL:1034 Topics in Ecology and Sustainability 1-4 s.h.
Scientific introduction to ecology and evolution of important groups of organisms: algae to vertebrates, different ecological phenomena (e.g., fire and climate change), varying landforms, different ecosystems (e.g., prairies and aquatic systems); emphasis on sustainability with introduction to concepts, issues, and practices; ability to communicate environmental information through a variety of means. Requirements: one general biology course.

**IALL:1040 Field Archaeology** 4 s.h.
Nature of cultural and environmental evidence in archaeology, how such evidence is used to model past human behavior and land use; emphasis on Iowa prehistory; basic reconnaissance surveying, excavation techniques.

**IALL:1050 Undergraduate Internship** 1-4 s.h.
Placement with county conservation boards, camps, parks, and other agencies for experience as interpreters, rangers, technicians. Requirements: sophomore standing.

### Upper-Level Undergraduate and Graduate

**IALL:3100 Techniques for Biology Teaching** 1-2 s.h.
Development and implementation of laboratory exercises suitable for inclusion in elementary, middle, high school, and community college biology and environmental courses; exercises built around common organisms and ecosystems in Iowa; animal biology, plant biology, fungi and lichens, aquatic ecology, prairie ecology, wetland ecology, limnology, animal behavior, insect ecology, biology of invertebrates, noninvasive use of living organisms, Project WET; field trips.

**IALL:3102 Plant-Animal Interactions** 4 s.h.
Introduction to ecology and co-evolution of plants and animals; emphasis on dispersal, pollination, plant-herbivore interactions; field and laboratory work, reading, discussion. Requirements: one biological science course.

**IALL:3103 Aquatic Ecology** 4 s.h.
Analysis of aquatic ecosystems; emphasis on basic ecological principles; ecological theories tested in the field; identification of common plants and animals. Requirements: ecology, chemistry, and physics courses.

**IALL:3105 Plant Taxonomy** 4 s.h.
Principles of classification and evolution of vascular plants; taxonomic tools and collection techniques; use of keys; field and laboratory studies emphasizing identification of local flowering plants, recognition of major plant families.

**IALL:3109 Ecology and Systematics of Algae** 4 s.h.
Ecology, morphological structure, phylogeny, and taxonomy of freshwater algae based on field material collected; emphasis on genus-level identifications, biodiversity, ecology; habitat visits to lakes, fens, streams, rivers; algal ecology.

**IALL:3111 Summer Writing Festival at Iowa Lakeside Laboratory** 1 s.h.
Application of imagination to life experiences to become more effective writers; writing exercises invite imaginative leaps, thoughtful reflections, humor, and seriousness; participants work in various forms of expression, including personal essay, poetry, and short fiction; designed for young adult to adult writers of all levels. One week.

**IALL:3113 Undergraduate Independent Study** 1-4 s.h.
Requirements: junior or senior standing.

**IALL:3115 Field Mycology** 4 s.h.
Identification and classification of the common fungi; techniques for identification, preservation, and culture practiced with members of the various fungi groups.

**IALL:3117 Ecology and Systematics of Diatoms** 4 s.h.
Field and laboratory study of freshwater diatoms; techniques in collection, preparation, and identification of diatom samples; study of environmental factors affecting growth, distribution, taxonomic characters; project design and execution, including construction of reference and voucher collections; data organization and analysis.

**IALL:3122 Prairie Ecology** 4 s.h.
Basic patterns, underlying physical and biotic causes of regional and local distributions of North American prairie plants and animals; field and laboratory analysis and projects. Requirements: familiarity with basic principles of biology and ecology.

**IALL:3126 Ornithology** 2-4 s.h.
Biology, ecology, and behavior of birds; emphasis on field studies of local avifauna; group projects with focus on techniques of population analysis and methodology for population studies.

**IALL:3131 Ecology** 4 s.h.
Introduction to the principles of ecology at the population, community, ecosystem levels; field studies of local lakes, wetlands, and prairies used to examine factors that control distributions, interactions, and roles of plants and animals in native ecosystems. Requirements: two semesters of introductory biology.

**IALL:3133 Animals and Their Ecosystems** 4 s.h.
Vertebrate and invertebrate animals of the Midwest; observation of animals in nature, either through passive observational techniques or active trapping exercises; once identified, placement of animals in proper taxonomic position (i.e., “Tree of Life”); ecological perspective, including habitat preferences (i.e., wetland, lake, prairie, forest, river, edge), trophic position, and activity patterns; discussion and emphasis on conservation status. Requirements: introductory biology course.

**IALL:3151 Analysis of Environmental Data** 2 s.h.
Theory and application of statistical techniques for analysis of ecological and paleoecological data.
IALL:3160 Restoration Ecology 4 s.h.
Ecological principles for restoration of native ecosystems; establishment (site preparation, selection of seed mixes, planting techniques) and management (fire, mowing, weed control) of native vegetation; evaluation of restorations; emphasis on prairie restoration, wetland vegetation. Requirements: an ecology course.

IALL:3163 Conservation Biology 4 s.h.
Population- and community-level examination of factors influencing viability of plant and animal populations from demographic and genetic perspectives; assessment of biodiversity; design, management of preserves. Offered summer sessions of odd years. Prerequisites: IALL:3131.

IALL:3175 Soil Formation and Landscape Relationships 2-4 s.h.
Relationships between soil formation, geomorphology, environment; soil description, classification, geography, mapping, interpretation for land use.

IALL:3199 Undergraduate Research 1-4 s.h.
Requirements: junior or senior standing.

Graduate

IALL:5213 Graduate Independent Study 1-4 s.h.

IALL:5217 Ecology and Systematics of Diatoms 4 s.h.

IALL:5234 Topics in Ecology and Sustainability 1-4 s.h.
Scientific introduction at graduate level to important groups of organisms: algae to vertebrates, different ecological phenomena (e.g., fire and climate change), varying landforms, and different ecosystems (e.g., prairies and aquatic systems); emphasis on sustainability with an introduction to concepts, issues, and practices; communication of environmental information through a variety of means.

IALL:5250 Graduate Internship 1-5 s.h.
Experience as interpreters, rangers, technicians, and teachers through placement with county conservation boards, camps, parks, schools, other agencies.

IALL:5299 Research 1-4 s.h.
Iowa Young Writers' Studio

**Director**
- Stephen Lovely

**Web site:** http://iowayoungwritersstudio.org/

**Precollege Program of Study**

The Iowa Young Writers' Studio is a residential creative writing program for high school students offered during summer at the University of Iowa. Students in the program build a community of peers while working with experienced writing teachers, primarily students and graduates of the University's M.F.A. program in creative writing.

The studio offers three courses of study: poetry, fiction, and creative writing (a mix of poetry, fiction, and creative nonfiction). Each course consists of a seminar and a workshop. In seminars, students read literature by established writers. In workshops they share their own writing, get feedback from their classmates and teacher, and discuss issues of narrative and form.

The studio offers two two-week sessions: one in June and one in July.

Young writers who have completed grade 10, 11, or 12 are eligible to attend the studio. Application materials include an application, a creative writing sample, a statement of purpose, a high school transcript, and a letter of recommendation from an English teacher or another instructor familiar with the applicant's writing. Application is done entirely online. For complete application information, contact the Iowa Young Writers' Studio or visit its web site.

Application deadline is early February for the following summer.

Leadership Studies

Codirectors

- Kelley Ashby, William Nelson

Undergraduate certificate: leadership studies
Web site: http://careers.uiowa.edu/students/leadership-certificate

Leadership studies is a multidisciplinary academic field that draws upon theories and applications from a wide variety of related disciplines, such as the social sciences (e.g., psychology, sociology, political science, and anthropology) and the humanities (e.g., philosophy and history), as well as professional fields, including management and education. The Leadership Studies Program examines ethical issues, principles, theories, and styles of leadership; the dynamics of interactions between leaders, followers, and group members; leaders' impact on organizations and communities; and leadership skills such as goal setting, communicating effectively, creating a vision, and empowering others.

The Leadership Studies Program offers the undergraduate Certificate in Leadership Studies as well as the Career Leadership Academy, a two-course sequence designed to help undergraduate students develop leadership and employment skills, and the online course LS:3010 Global Leadership Initiative. See "Undergraduate Program of Study" and "Other Undergraduate Programs" below.

Undergraduate Program of Study

- Certificate in Leadership Studies

The Certificate in Leadership Studies is an interdisciplinary program coordinated by the Pomerantz Career Center and supported by the Tippie College of Business, the College of Education, the College of Liberal Arts and Sciences, and the Center for Student Involvement and Leadership.

Certificate

Students who enter the University in or after fall 2015, or who declare the certificate on or after the first day of fall semester 2015, fulfill the requirements below. Students who declare the certificate before the first day of fall semester 2015 may choose to complete the requirements stated in the Leadership Studies section of the 2014-15 General Catalog.

The Certificate in Leadership Studies requires 20 s.h. of credit. The certificate program is open to current University of Iowa undergraduate students and to all individuals who hold a bachelor's degree and are not enrolled in a graduate or professional degree program. Students must maintain a g.p.a. of at least 2.00 in work for the certificate. Completion of the certificate is noted on the student's transcript.

Students must declare their intent to earn the certificate to a leadership studies advisor in the Pomerantz Career Center; see Leadership Certificate on the center's web site for information on how to enter the certificate program.

The certificate program provides a structure for involvement and commitment to leadership. It introduces students to leadership concepts and offers them hands-on leadership experiences they will need in order to begin the life-long development of these skills. Certificate students complete two interdisciplinary core courses (6 s.h.), area electives (12 s.h.), an experiential learning course (2 s.h.), and a final personal and program evaluation.

The Certificate in Leadership Studies requires the following course work.

INTERDISCIPLINARY CORE COURSES

All certificate students are required to complete two interdisciplinary core courses (6 s.h.). In order to enroll in either course, they must have earned a minimum of 30 s.h. of credit and must be in good academic standing as defined by the College of Liberal Arts and Sciences (cumulative g.p.a. of at least 2.00).

<table>
<thead>
<tr>
<th>Course Name</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>LS:3004 Perspectives on Leadership: Principles and Practices</td>
<td>3 s.h.</td>
</tr>
</tbody>
</table>

This course provides students with a broad foundation of leadership knowledge. It introduces diverse approaches to studying and practicing leadership and gives students a structure for organizing knowledge and skills from other leadership courses and experiences. The course features presentations by guest instructors from across the University, offering students an interdisciplinary perspective on leadership.

<table>
<thead>
<tr>
<th>Course Name</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>LS:3012 Leadership Theory to Practice</td>
<td>3 s.h.</td>
</tr>
</tbody>
</table>

With the world changing at an accelerating rate, this course examines leadership effectiveness and the demand of a high-level ability to work with others and respond to change. Foundational concepts of major theories and behaviors of leadership models are covered; and practical challenges of leadership are analyzed through the use of experiential projects, discussion, presentations, and exercises. The development of self-awareness through use of behavioral instruments, group exercises, and individual reflection are explored; and major approaches to leadership, authentic leadership, team leadership, gender issues in leadership, emotional intelligence, and virtual leadership are reviewed.

Certificate students must complete LS:3004 and LS:3012 before they may enroll in the required experiential learning or service learning course.

AREA ELECTIVES

Area electives are drawn from four developmental areas central to effective leadership: self and group leadership, communication, cultural competence, and ethics and integrity. Students must complete 3 s.h. from each of these areas (total of 12 s.h.).

Self and Group Leadership

At least 3 s.h. from these:

**Ethics and Integrity**

At least 3 s.h. from these:

- ARTH:4040/LAW:8163 Art, Law, and Ethics 3 s.h.
- HMP:6315 Seminar in Health Care Ethics 1-2 s.h.
- HRTS:2115 Introduction to Human Rights 3 s.h.
- JMC:3180 Journalism Ethics 3 s.h.
- JMC:3300 Media Law and Communication 3 s.h.
- MGMT:2000 Introduction to Law 3 s.h.
- MGMT:3400 Employment Law 3 s.h.
- PHIL:1034 Liberty and the Pursuit of Happiness 3 s.h.
- PHIL:1401 Matters of Life and Death 3 s.h.
- PHIL:1636 Principles of Reasoning: Argument and Debate 3 s.h.
- PHIL:1861 Introduction to Philosophy 3 s.h.
- PHIL:2402 Introduction to Ethics 3 s.h.
- PHIL:2432 Introduction to Political Philosophy 3 s.h.
- PHIL:2435 Philosophy of Law 3 s.h.
- PTRS:5100 Professional Issues and Ethics 1 s.h.
- RCE:4195 Ethics in Human Relations and Counseling 3 s.h.

**EXPERIENTIAL LEARNING**

Certificate students must earn 2 s.h. in a course focused on experiential, or hands-on, learning. An experiential learning course may take different forms, such as a service learning experience, an internship, or an on-campus leadership practicum.

Before they enroll in the hands-on course, students must have completed at least 12 s.h. of work toward the certificate, including the core courses LS:3004 Perspectives on Leadership: Principles and Practices and LS:3012 Leadership Theory to Practice, so that they have a solid foundation of knowledge to apply to the experience.

**Service Learning Courses**

Service learning courses incorporate community engagement with academic course work. They allow students to gain hands-on experience along with a deeper understanding of course content while responding to real community needs. Students may satisfy the certificate's experiential learning requirement by earning 2 s.h. in service learning courses approved by the University of Iowa Center for Teaching.

Both of these (they must be approved in advance by the Pomerantz Career Center):

- LS:3009 Global Leadership Initiative in Xicotepec 1-3 s.h.
- ABRD:3352 International Perspectives: Xicotepec (Section 006) arr.

Or this course (it must be approved in advance by the Pomerantz Career Center):

- LS:3002 Career Leadership Academy Part 2 3 s.h.
Internship

Students register for the following course (2 s.h.) in order to receive certificate credit for the internship; they must complete all course assignments in order to fulfill the experiential learning requirement.

LS:3011 Leadership Certificate Internship 2 s.h.

Internships consist of preapproved, supervised on-the-job learning; they may be paid or unpaid.

To meet the certificate's experiential learning requirement, an internship must consist of professional experience that relates to the student's major field of study or career interest area and allows a student to build on the academic course work he or she has completed in the certificate program. At least 80 percent of a student's internship duties must be professional-level work, and a student must receive continuous supervision by a professional (not a student) in the internship field. The internship must last a minimum of 15 weeks in fall or spring semester or six weeks in the summer and must require 150 hours of work.

Internships that fulfill the certificate's experiential learning requirement must be approved in advance by one of the certificate program's internship advisors, and the internship site supervisor must agree to the terms of the internship and must complete the required form before the internship may be approved. Students may work with staff at the Pomerantz Career Center to find an approved internship opportunity, or they may develop their own internship.

For more information about internships, see Internships on the Pomerantz Career Center web site.

On-Campus Leadership Practicum

Students who wish to fulfill the experiential learning requirement with an on-campus leadership practicum must engage in a formal, approved experience that is meaningful, educational, and cocurricular. It requires a student to take initiative and pursue active leadership roles and responsibilities. Examples include positions as student organization leaders, student government leaders, University Housing resident assistants, student orientation advisors, peer educators, and fraternity and sorority leaders. Practicums may be paid or unpaid.

Students register for the following course (3 s.h.) in order to receive certificate credit for the practicum and fulfill the experiential learning requirement.

LS:1023 Leadership Certificate Practicum 3 s.h.

To meet the certificate's experiential learning requirement, a practicum must last at least 15 weeks during the semester in which LS:1023 is offered and must require 10-15 hours of work per week; the course is not offered every semester.

Practicums that fulfill the certificate's experiential learning requirement must be approved in advance by the leadership practicum instructor in the University's Center for Student Involvement and Leadership. Students must submit a list of goals and assignments and/or duties they will complete during the practicum, to demonstrate that the practicum will provide substantive work assignments and opportunities to build on the academic course work they have completed in the certificate program.

Each student also must identify a practicum mentor and demonstrate that the mentor is willing to guide and evaluate the student's work and development of leadership skills, and intends to participate in reviewing the student's goal-setting assignment and in the final review of the student's performance.

Students meet weekly in the practicum course to discuss topics related to the academic course work as applied in practice and they must successfully complete a goal-setting assignment and a reflection assignment.

PERSONAL AND PROGRAM EVALUATION

In order to be awarded the Certificate in Leadership Studies, students must complete a final report detailing how they completed the certificate requirements. The report should include a list of all courses taken for the certificate, indicating the requirement each course met, when each course was taken, and what grade the student earned for each course.

Other Undergraduate Programs

Career Leadership Academy

The Career Leadership Academy is a two-semester sequence of courses designed to help undergraduate students develop vital skills for leadership and employment: communication, interpersonal, and presentation skills and the ability to work well with others. This highly interactive program consists of weekly seminars, activities, and events. Participants also have access to exclusive programs such as career exploration opportunities, networking events, and leadership development experiences.

LS:2002 Career Leadership Academy Part 1 3 s.h.
LS:3002 Career Leadership Academy Part 2 3 s.h.

For more information, see Career Leadership Academy on the Pomerantz Career Center web site.

Global Leadership Initiative

The Leadership Studies Program offers LS:3010 Global Leadership Initiative (1 s.h.), an online course designed to help those engaged in international experiences develop their leadership knowledge, awareness, and skills. Individuals involved in study abroad, international internships, international exchange programs, or employment opportunities that involve international cooperation may enroll in the course concurrently with their international experiences, or in the semester preceding these experiences. The course includes online discussion with other students, guided reflection, opportunities to engage with successful leaders in cross-cultural roles, pre- and postexperience assessment, and direction for continued development of global leadership competence after the course concludes.

Professional Development

Professional development courses provide students with opportunities to engage in practical, hands-on, skills-based instruction relevant to careers and leadership development. The topics and curricula for the following courses incorporate input from employers, who were surveyed about their experiences, real-world examples, guidance, and which skills they most often seek when hiring new graduates.
Courses

Lower-Level Undergraduate

LS:1005 Leadership Community Seminar 0-1 s.h.
Opportunity to develop leadership knowledge and skills through workshops and programs; meaningful involvement and engagement on campus and in community through service learning opportunities; team building through a variety of initiatives and student-led programming; interaction with students who are making their own personal impact. Requirements: Personal Impact Living-Learning Community member.

LS:1007 The 7 Habits of Highly Successful College Students 1 s.h.
Workshop to help students change their approach to responsibilities, relationships, problems, and opportunities; balancing aspects of college life through time management skills; uncovering and exploring a personal mission and setting goals; increase trust levels and proactive behaviors; developing strong relationships with other students and professors; understand and effectively meet needs and expectations of professors, family, and others most important to student; setting priorities to achieve what matters most.

LS:1009 Mock Trial 2 s.h.
Opportunity to learn legal analysis and argumentation, public performance; participation in University of Iowa Mock Trial Club; mock trial role preparation, tournament competition, and staging an annual club tournament.

LS:1017 Orientation Leader Training 1-2 s.h.
Preparation for leadership role as a Hawkeye Guide in Orientation Services or as an On Iowa! team captain.

LS:1018 Issues in College Residence Halls I 1 s.h.
Development of knowledge and skills required for work as a resident assistant; creating community, handling crises and emergencies; leadership.

LS:1019 Issues in College Residence Halls II 1 s.h.
Continuation of LS:1018.

LS:1020 Introduction to Leadership 3 s.h.
Overview of leadership theory and skills for effective leadership; historical perspective, development of a personal philosophy of leadership, self-assessments, leadership models; study of groups, culture, and communities; application of experiential learning settings; community service project; geared toward emerging student leaders.

LS:1021 Current Issues and Leadership in Fraternity and Sorority Life 3 s.h.
Current issues facing leaders (alcohol and hazing education, conflict management, lasting impact of organizations on members); lifetime membership and values-based decision making; for leaders of fraternity and sorority community.

LS:1022 President's Leadership Class (PLC) 3 s.h.
Meetings on current UI issues and the UI Presidents' philosophy on leadership; leaders from inside and outside the University, including Board of Regents, political leaders, influential alumni, student leaders, professors, coaches, other administrators; activities linked to the development of personal leadership style. Requirements: first-year standing and application.

LS:1023 Leadership Certificate Practicum Class 3 s.h.
Meaningful and educational cocurricular experiences in on-campus leadership positions (i.e., student organization leader, student government leader, residence assistant, student orientation advisor, peer educator, fraternity/sorority leader); active leadership roles and responsibilities (i.e., executive leadership position, initiating and organizing a major event); application of leadership models and theories to practical experiences; for students completing the leadership certificate. Requirements: leadership certificate program enrollment, completion of introductory course requirements (general leadership pillar), completion of 9 s.h. in certificate program, and meet with instructor prior to enrollment.

LS:1024 Alternative Break Service Learning arr.
Introduction to theoretical approaches to service learning; shared experiential learning event off campus (i.e., alternative break) coordinated by professional or graduate staff member; variety of concepts including intersectionality of varied social and community issues, reflection and reciprocity, active citizenship and community building, practical implementation of skills from student's academic disciplines, leadership development, and other related areas; five expectations of the IOWA Challenge, with emphasis on STRETCH and SERVE, through education, direct service, and reflection. Requirements: application and acceptance to program.

LS:2002 Career Leadership Academy Part 1 3 s.h.
Leadership and employee readiness; opportunity to increase understanding of self, leadership concepts, skills sought by employers, and understanding of others; work and lead effectively in teams; creation of a group presentation focused on community needs; career development components of résumé writing, LinkedIn profile construction, and networking; first in a two-course series.

LS:2012 Communication Skills for Leaders 1 s.h.
Shortcomings that exist in today's world, where messages are typically conveyed in 140 characters or less, and when people need to communicate effectively as leaders; how to develop and improve essential communication skills in order to be effective leaders in professional and personal relationships; road trip with visits to different organizations to learn how communication is used effectively in the workplace in a variety of settings; opportunity to network and develop communication skills in interactions with employers.
**LS:2013 Strengths-Based Leadership** 1 s.h.
Examination and evaluation of personal unique talents, be more engaged, and gain better understanding of leadership from a "Strengths" perspective; how to maximize strengths to stand out from the crowd; how society encourages people to be well-rounded (according to Gallup Organization's Strengths research) and how this pursuit of many goals can actually result in mediocrity.

**LS:2014 PCC Leadership Internship** 0 s.h.
Opportunity to develop and improve leadership and professional skills in a structured environment; skills employers seek in new graduates; evaluation of internship experience; for students who have secured an internship focused on leadership and professional skills development in the Pomerantz Career Center and related programs. Requirements: sophomore or higher standing, completion of at least 12 s.h. of UI course work, secured internship approved in advance by instructor, and compliance with Pomerantz Career Center internship requirements.

**Upper-Level Undergraduate and Graduate**

**LS:3002 Career Leadership Academy Part 2** 3 s.h.
Leadership development and employee readiness; application of Top 5 Strengths, building effective teams, communication, problem solving, motivation, and delegation skills to a service-learning project designed by the class through engagement with a community partner; Golden Personality Type Profiles, use of Linkedin, interviewing, personal branding, job searching, professional etiquette, salary negotiation, and transitioning successfully into the first job; second in a two-course series. Prerequisites: LS:2002.

**LS:3003 Culturally Intelligent Leadership** 1 s.h.
National Coalition Building Institute (NCBI) and Cultural Intelligence Quotient (CQ) skill-based training to become more culturally intelligent leaders; in-class participation by employers, networking, learning how these principles take shape in the real world at their respective organizations; book of student's résumés provided to employers at completion of course. Requirements: sophomore or higher standing.

**LS:3004 Perspectives on Leadership: Principles and Practices** 3 s.h.
Broad foundation of leadership knowledge representing diverse approaches to studying and practicing leadership; core course for students pursuing the leadership certificate. Requirements: sophomore or higher standing.

**LS:3009 Global Leadership Initiative in Xicotepec** 1-3 s.h.
Culture, history, and values of Mexico; leadership skills and work on civil and humanitarian projects; reflection of learning and experiences; spring break week in Xicotepec, Mexico. Requirements: participation in Career Leadership Academy.

**LS:3010 Global Leadership Initiative** 1 s.h.
Development of knowledge, attitudes, and skills to be effective global leaders regardless of the industry or field; working effectively in a global environment with empathy; ability to deal with ambiguity and unfamiliarity; critical thinking and comparative skills, including the ability to think creatively and integrate knowledge; pre- and post-travel assessment, guided reflection, guest speakers, online discussion; intercultural communication; online course for students engaged in a study abroad experience or international internship. Requirements: concurrent enrollment in a study abroad or international internship experience, or completing an international component of current employment.

**LS:3011 Leadership Certificate Internship** 0,2,3 s.h.
Registration of practical work experience (internship) with leadership components, for students pursuing the leadership certificate. Prerequisites: LS:3004 and LS:3012. Requirements: an additional 6 s.h. of approved leadership course work.

**LS:3012 Leadership Theory to Practice** 3 s.h.
How the world is changing at an accelerating rate; leadership effectiveness and demand of a high-level ability to work with others and respond to change; foundational concepts of major theories and behaviors of leadership models; practical challenges of leadership analyzed through use of experiential projects, discussion, presentations, exercises; development of self-awareness through use of behavioral instruments, group exercises, individual reflection; major approaches to leadership, authentic leadership, team leadership, gender issues in leadership, emotional intelligence, virtual leadership.
Lifetime Leisure Skills

Director

- Steve Campbell

Web site: http://recserv.uiowa.edu/

Lifetime Leisure Skills courses are open to University of Iowa undergraduate and graduate students. Undergraduates in the College of Liberal Arts and Sciences may count credit earned in Lifetime Leisure Skills courses toward the minimum of 120 s.h. required for a bachelor's degree. Students should consult with their academic advisors.

Courses

Lower-Level Undergraduate

**LLS:1002 Water Safety Instructor** 1 s.h.
Training for instructor candidates to teach courses in the American Red Cross Swimming and Water Safety Program; how to use course materials, conduct training sessions, and evaluate participants' progress.

**LLS:1003 Wilderness First Responder** 2 s.h.
Skills necessary for providing critical medical care and making evacuation decisions in remote wilderness locations; interactive lectures, case studies, and hands-on practice through realistic scenarios help master material; 80-hour certification course.

**LLS:1004 Waltz** 1 s.h.
Beginning through intermediate-level waltz figures; performing a beautiful waltz routine; skills and knowledge to dance with confidence at any formal dance occasion.

**LLS:1005 Intermediate Ballroom Dancing: Rhumba, Cha Cha, Merengue** 1 s.h.

**LLS:1006 Intermediate Ballroom Dancing: Foxtrot, Waltz, Tango** 1 s.h.
Intermediate-level figures in three of the most beautiful and popular dances in the world—foxtrot, waltz, and tango; review of basics. Recommendations: LLS:1060.

**LLS:1007 Introduction to Rowing** 1 s.h.
Introduction to technique, vocabulary, and procedures needed to safely participate in the sport of rowing; use of rowing machines, rowing tank, and rowing shells.

**LLS:1008 Intermediate Kickboxing** 1 s.h.
Aggressive workout utilizing heavy bags, coach's mitts, and other equipment; conducted at moderate to intense pace using competitive kickboxing techniques, training methods, and equipment; kickboxing as a conditioning tool with self-defense as a byproduct; not designed to prepare for competition. Prerequisites: LLS:1047.

**LLS:1009 Introduction to the Outdoors** 1 s.h.
Introduction to wonderful world of camping; focus on development of skills and knowledge pertaining to camping equipment, campsite selection and setup, outdoor cooking, useful knots, and "Leave No Trace" principles; overnight camping required.

**LLS:1010 Whitewater Kayak Playboating** 1 s.h.
Varied techniques of playboating—a style of whitewater kayaking in which the paddler performs tricks on natural or human-made whitewater features; taught in Field House pool and at rivers in Iowa with whitewater kayaking parks. Recommendations: previous whitewater kayaking experience or LLS:1049.

**LLS:1011 Stand Up Paddleboarding** 1 s.h.
Introduction to physical skills and knowledge of equipment to safely enjoy paddleboarding on flat, calm water; paddling environment, board and paddle control, standing and balancing, personal preparation and safety. Taught at Macbride Nature Recreation Area.

**LLS:1041 Scuba** 1 s.h.
Basics of scuba diving. Taught in CRWC wet classroom and natatorium. Seven weeks.

**LLS:1042 Introduction to Rock Climbing** 1 s.h.
Utilization of indoor and outdoor climbing classrooms; comprehensive introduction to physical techniques of rock climbing, mechanical skills of belaying, proper usage of personal protective equipment, and common climbing terminology.

**LLS:1043 Bicycle Touring** 1 s.h.
Basics of bicycle touring; riding techniques, basic bicycle maintenance, rules of the road. Taught on Johnson County area roads and trail systems.

**LLS:1044 Mountain Bicycling** 1 s.h.
Basics of mountain bicycling; riding techniques, basic bicycle maintenance, trail etiquette. Taught on Sugar Bottom recreation trail system.

**LLS:1045 Leadership in the Outdoors** 3 s.h.
Leadership theories, group dynamics, expedition logistics, outdoor leadership skills, risk management; indoor and outdoor classroom sessions, overnight camping required; technical skill development may include backpacking, canoeing, kayaking, rock climbing, mountain biking, bike touring, general camping.

**LLS:1046 Tae Kwon Do** 1 s.h.
Basics of Tae Kwon Do. Eight weeks.

**LLS:1047 Kickboxing** 1 s.h.
Basics of kickboxing. Eight weeks.

**LLS:1048 Canoeing** 1 s.h.
Basics of flatwater canoeing; paddle strokes, canoe anatomy, water safety. Taught at Macbride Nature Recreation Area.
LLS:1049 White Water Kayaking 1 s.h.
Basics of whitewater kayaking; paddle strokes, kayak anatomy, rolling and bracing, water safety, whitewater hydrology; introductory session in Field House pool, weekend spent on rivers in Wisconsin or Missouri.

LLS:1050 White Water Canoeing 1 s.h.
Basics of whitewater canoeing; paddle strokes, canoe anatomy, water safety, whitewater hydrology; overnight camping required. Taught on rivers in Wisconsin or Missouri.

LLS:1051 Marathon Training 1 s.h.
Multiweek training program; for students who currently run on a regular basis and wish to take their running to a more advanced level.

LLS:1052 Intermediate Cross-Country Skiing 1 s.h.
Skate skiing in northern Wisconsin. Prerequisites: LLS:1075.

LLS:1053 River Canoeing 1 s.h.
Fundamentals of tandem canoeing on moving water; basic paddling strokes, canoe anatomy, hydrology, river safety; overnight camping required.

LLS:1054 Dog Sledding 1 s.h.
Basics of dog sledding and winter camping.

LLS:1055 Intermediate Rock Climbing 1 s.h.
Builds on skills learned in LLS:1042; overnight camping required. Prerequisites: LLS:1042.

LLS:1056 Hiking 1 s.h.
Basics of hiking and camping. Taught at Devil's Lake State Park in Wisconsin.

LLS:1057 Backcountry Skiing and Snowshoeing 1 s.h.
Basics of backcountry winter travel and camping.

LLS:1058 Basic Self Defense 1 s.h.
Basics of self-defense.

LLS:1059 Intermediate Tae Kwon Do 1 s.h.
Development of knowledge and skills learned in LLS:1046. Prerequisites: LLS:1046.

LLS:1060 Ballroom Dancing 1 s.h.
Basics of ballroom dancing.

LLS:1062 Trail Running 1 s.h.
Techniques of off-road running; utilization of local running trails in and around Iowa City; emphasis on proper training, clothing, equipment, and nutrition.

LLS:1063 Introduction to Nature Photography 1 s.h.
Basics of outdoor photography; no darkroom requirement. Taught at Macbride Nature Recreation Area.

LLS:1064 Basic Orienteering 1 s.h.
Basics of orienteering, including map and compass skills. Taught at Macbride Nature Recreation Area.

LLS:1065 Low Impact Camping 1 s.h.
Seven principles of "Leave No Trace," an international standard for the ethical utilization and enjoyment of outdoor spaces; overnight camping experience at Macbride Nature Recreation Area.

LLS:1066 Exploring the Natural Wonders of Iowa 1 s.h.
Natural history of the Loess Hills of western Iowa, Maquoketa Caves of eastern Iowa, or Effigy Mounds National Monument of northeastern Iowa; weekend hiking and camping.

LLS:1067 Team Building Challenge Course 1 s.h.
Various methods of team building and common characteristics of successful teams through the use of UI High Adventure Challenge Course; strong emphasis on cooperative group work and discussions.

LLS:1068 Wilderness Appreciation 1 s.h.
Basics of wilderness appreciation; one overnight camping experience. Taught at Macbride Nature Recreation Area.

LLS:1069 Basic Snowshoeing 1 s.h.
Basics of snowshoeing. Taught on trails in northern Minnesota.

LLS:1070 Intermediate Bicycle Touring 1 s.h.
How to plan and pack for self-sustained, overnight bicycle touring trips; overnight camping required. Prerequisites: LLS:1043.

LLS:1071 Advanced Open Water Scuba 1 s.h.
Participation in five scuba diving specialty activities. Prerequisites: LLS:1041. Requirements: certification as open water scuba diver.

LLS:1072 Basic Sea Kayaking 1 s.h.
Basics of sea kayaking using solo and tandem boats. Taught at Lake Macbride.

LLS:1073 Winter Camping 1 s.h.
How to successfully and comfortably camp in cold, harsh conditions; snow shelters, hydration, meal preparation, clothing needs; snowshoe/ski travel with sleds (as conditions permit).

LLS:1074 Intermediate Mountain Bicycling 1 s.h.
Mountain bicycling knowledge and skill developed on intermediate-level trails; on-trail maintenance. Prerequisites: LLS:1044.

LLS:1075 Basic Cross-Country Skiing 1 s.h.
Basics of cross-country skiing in northern Wisconsin.

LLS:1076 Mountain Bicycling in Moab 1 s.h.
Advanced mountain bicycling techniques. Taught near Moab, Utah. Prerequisites: LLS:1044.

LLS:1077 Backpacking 1 s.h.
Development of skills necessary for remote, multiday, backcountry travel while exploring some of the most iconic backpacking trails in the United States; locations have and may include Grand Canyon National Park, Canyonlands National Park, and the Appalachian Trail; physically strenuous.
LLS:1078 Ballroom Dancing—Nightclub Series
1 s.h.
Salsa, the Hustle, Nightclub Two-Step, Argentine tango.

LLS:1079 Ballroom Dancing—Rhythm and Smooth
1 s.h.
Mambo, samba, waltz, Viennese waltz.

LLS:1080 Challenge Course Facilitation
3 s.h.
How to effectively and purposefully facilitate and lead challenge course activities; philosophy and history of challenge courses, group games and initiatives, processing and debriefing with challenge course groups, low- and high-course elements, risk management.

LLS:1081 Hut-to-Hut Skiing
1 s.h.
Cross-country skiing in Colorado's 10th Mountain Hut System.

LLS:1082 Introduction to Bouldering
1 s.h.
Basic skills and technique for bouldering with a partner. Taught at Horse Pens 40 in Alabama and/or Rocktown in Georgia.

LLS:1083 Tandem Biking
1 s.h.
How to ride a tandem bicycle with a partner; traffic principles and safety concerns; equipment and accessories for tandem bikes.

LLS:1084 Late Night Outdoor Recreation
1 s.h.
Nighttime outdoor activities such as moonlight kayaking and canoeing, night hiking, orienteering, bouldering.

LLS:1085 Bicycle Racing Techniques
1 s.h.
Basic skills and techniques of bicycle racing.

LLS:1086 Stretch Strength Relaxation (RelaXercise)
1 s.h.
Stress reduction through exercise, stretching, meditation, and full body breathing techniques.

LLS:1087 Modern Dance for Fitness
1 s.h.
Basic working knowledge of modern dance; introduction to modern dance styles, skills, physical art, and discipline; focus on movement, dance techniques and skill, performance, creative experience.

LLS:1088 Salsa Dancing
1 s.h.
Fundamentals of Latin/Salsa dancing; musical rhythms, cultural history, postures, technique, basic movements; techniques for developing strength, stamina, balance, poise, and partner dancing skills; gender interaction and traditional social behaviors in salsa's cultural context.

LLS:1089 Service Learning
1 s.h.
Service learning project in an urban or wilderness setting; learn about local community, environment; projects depend on location, season.

LLS:1090 Rock Climbing Anchor Systems
2 s.h.
Development of basic skills for climbing anchors; understanding setting top-rope anchors; use of bolts, trees, and passive and mechanical chocks for anchor setting; equalization of anchors; basic knots for rope, webbing, and cordelettes; basic understanding of the structural integrity and frictional forces important to anchor setting.

LLS:1091 Lifeguarding
1 s.h.
American Red Cross lifeguard training through classroom learning, hands-on practice; surveillance skills for preventing and recognizing injuries; land and water rescue skills; first-aid training, professional rescuer CPR; professional lifeguard responsibilities (e.g., interacting with the public, addressing uncooperative persons); certification in lifeguarding, first aid, professional rescuer CPR, AED.

LLS:1092 Bicycling Southern States
1 s.h.
Ride routes and trails between Memphis, TN and Vicksburg, MS; see everything from Graceland to cotton fields by bicycle; vehicle supported adventure, camp while exploring the Southern states.

LLS:1093 Intermediate Sea Kayaking
1 s.h.
Exploration of the beautiful waters of Lake Powell by sea kayak, venture into remote hidden side canyons, gaze at stunning landscape, and camp on secluded beaches under star-filled sky; learn skills needed to be a safe and efficient sea kayak adventurer, including packing and transporting boats, paddle strokes, rescue techniques.

LLS:1094 Land Navigation
1 s.h.
Travel to the American Southwest to learn navigation and camping skills in a beautiful remote wilderness; focus on map and compass skills including declination, bearings, triangulation, topographical map reading, situational awareness; backcountry camping skills; very physically strenuous.

LLS:1095 Movement Analysis and Relaxation Techniques for Fitness
1 s.h.
Intensive workshop about connections: body to mind, breathing to efficient strengthening and stretching, stability to mobility, exertion to recuperation, function to expression; objectively observe, record, analyze, and understand student's own movement and that of classmates to bring positive change to movement habits and behavior which block energy and create unneeded stress, inhibit full movement ability and not allow for optimal, desired performance; mindful, efficient, articulate movement.

LLS:1096 Brazilian Jiu-Jitsu
1 s.h.
Introduction to the sport of Brazilian Jiu Jitsu; basic self-defense, positional grappling, submissions, submission defense.

LLS:1097 Introduction to Lead Climbing
1 s.h.
Fundamentals of lead climbing and lead belaying; use of 52.5-foot tall climbing wall at CRWC; eligible to lead climb at UI Climbing Wall after successful completion of course. Prerequisites: LLS:1042.
**LLS:1098 Yoga**  
1 s.h.  
Emphasis on mindfulness, breath awareness, and attention to alignment.

**LLS:1099 Golf**  
1 s.h.  
Basic principles and fundamentals of golf swing (e.g., full swing, pitching, chipping, putting); opportunity to practice skills at various facilities; history, basic rules, proper golf etiquette, evolution of golf related to technology.

**Upper-Level Undergraduate and Graduate**

**LLS:4000 Independent Study**  
arr.  
Individual study in an area of interest to students; course work determined by faculty supervisor.
Military Science (Army ROTC)

Head

Undergraduate minor: military science  
Website: http://www.uiowa.edu/armyrotc/

The Military Science Program administers Iowa Army ROTC. It gives students who wish to serve on active or reserve status in the U.S. Army the opportunity to earn commissions as army officers. It also administers merit scholarships from the United States government to qualified students.

Although the Military Science Program does not offer degrees, students can earn a minor in military science. ROTC courses provide education in the military's role and instruction in leadership and management. The program's courses are an essential part of the Iowa ROTC program, which competes annually in national leadership assessments.

Military Science Program courses are open to all students. Course credit that counts toward graduation varies by college. Students in the College of Liberal Arts and Sciences may count up to 20 s.h. earned in military science courses toward graduation.

Undergraduate and Graduate Programs

Basic Course

The ROTC Basic Course is designed primarily for first- and second-year students. It provides the fundamentals of leadership and management and introduces the roles of the military as influenced by national and foreign policy. Students incur no obligation to the military for participation in the basic course.

The following four courses satisfy the Basic Course requirement.

MILS:1010 Leadership and Personal Development MSL101 1 s.h.
MILS:1020 Introduction to Tactical Leadership MSL102 1 s.h.
MILS:2010 Innovative Team Leadership MSL201 2 s.h.
MILS:2020 Foundations of Tactical Leadership MSL202 2 s.h.

Two of these courses have prerequisites; students must complete all of a course's prerequisites before they may register for the course. Courses MILS:1010 and MILS:1020 are prerequisites for MILS:2010; all three courses are prerequisites for MILS:2020.

The Basic Course requirement may be taken over a one- or two-year period or during a four-week paid summer camp, Cadet Initial Entry Training (CIET), held at Fort Knox, Kentucky, followed by completion of a Lateral Entry Cadet Training Module. Students with prior military training normally are exempt from the Basic Course requirement.

Cadet Initial Entry Training (CIET) is a recent addition to the Army ROTC summer training requirements. CIET takes place in the summer, either between a cadet’s first and second years or between their second and third years. Similar to basic training, CIET trains cadets on many basic soldier skills ensuring cadets across the country have the same foundation knowledge to be successful with the remainder of their Army ROTC training.

Advanced Course

The ROTC Advanced Course is open to any student who meets the prerequisites, but it is designed primarily for cadets who wish to pursue a commission as a lieutenant in the U.S. Army upon graduation. It is open to both undergraduate and graduate students. Most cadets in the Advanced Course incur an obligation to the military that can be satisfied in the Active Army, Army Reserve, or Army National Guard.

To enter the Advanced Course, students must satisfy the Basic Course requirement, earn at least 54 s.h., and have a cumulative g.p.a. of at least 2.00. In order to become U.S. Army officers, cadets must complete the Cadet Leaders Course (CLC), an approximately 30-day session held at Fort Knox, Kentucky. Cadets normally attend CLC during the summer between their third and fourth years.

With the military science professor's permission, cadets may delay CLC until the summer after their final ROTC class.

A tax-free monthly stipend is provided to cadets who enter a contractual agreement with ROTC to serve in the armed forces. Additional financial assistance may be provided through scholarships.

The following courses are the academic requirements for completion of the Advanced Course. Some of these courses have prerequisites and corequisites, so students must be careful to take courses in the correct order. Prerequisites and corequisites for each course are listed with course descriptions; see "Courses" at the end of this section.

MILS:1090 Leadership Laboratory 0 s.h.
MILS:1095 Advanced Military Fitness Training 1 s.h.
MILS:3010 Adaptive Tactical Leadership MSL301 3 s.h.
MILS:3020 Leadership in Changing Environments MSL302 3 s.h.
MILS:4010 Developing Adaptive Leaders MSL401 3 s.h.
MILS:4020 Leadership in a Complex World MSL402 3 s.h.

Additional Course Work

Cadets whose aim is a commission must satisfy a Professional Military Education (PME) requirement. They must complete at least one course in military history from the following list. This course may be the same as one used to complete the College of Liberal Arts and Sciences General Education Program (p. 313). Cadets may use other courses to meet the requirement, with the military science professor's approval.

HIST:1012 Issues in Human History: Europe's Expansion Overseas 3 s.h.
HIST:1016 Issues in Human History: The Vietnam War in Historical Perspective 3 s.h.
HIST:4256 The Progressive Era in America 3 s.h.
HIST:4264 U.S.A. in a World at War 1931-1945 3 s.h.
HIST:4268 The Contemporary U.S. 1940-Present 3 s.h.
HIST:4271 American Revolutionary Period 1740-1789 3 s.h.

**Undergraduate Program of Study**

- **Minor in military science**

**Minor**

The minor in military science requires a minimum of 20 s.h. of course work taken at the University of Iowa. Students must maintain a g.p.a. of at least 2.00 in all courses for the minor and all UI courses for the minor. Course work in the minor may not be taken pass/nonpass. In order to count course work taken at other institutions toward the minor, students must have the military science professor's approval. The minor requires the following course work.

All of these:

- MILS:1010 Leadership and Personal Development MSL101 1 s.h.
- MILS:1020 Introduction to Tactical Leadership MSL102 1 s.h.
- MILS:2010 Innovative Team Leadership MSL201 2 s.h.
- MILS:2020 Foundations of Tactical Leadership MSL202 2 s.h.
- MILS:3010 Adaptive Tactical Leadership MSL301 3 s.h.
- MILS:3020 Leadership in Changing Environments MSL302 3 s.h.
- MILS:4010 Developing Adaptive Leaders MSL401 3 s.h.
- MILS:4020 Leadership in a Complex World MSL402 3 s.h.

One of these:

- MILS:3121 Readings in Contemporary Military Issues (taken with a qualified IMHIC instructor) 2-3 s.h.
- HIST:1000 First-Year Seminar (when topic is history in the making: world events in historical context) 2 s.h.
- HIST:1012 Issues in Human History: Europe's Expansion Overseas 3 s.h.
- HIST:1014 Issues: Twentieth-Century Crisis (when topic is history of World War II) 3 s.h.
- HIST:1016 Issues in Human History: The Vietnam War in Historical Perspective 3 s.h.
- HIST:2261 American History 1492-1877 3 s.h.
- HIST:2262 American History 1877-Present 3 s.h.
- HIST:3155 The World Since 1945 3 s.h.
- HIST:3145 Europe and the U.S. in the Twentieth Century 3 s.h.
- HIST:4125 War and Peace in the Twentieth Century 3 s.h.
- HIST:4232 United States in World Affairs 3-4 s.h.
- HIST:4256 The Progressive Era in America 3 s.h.
- HIST:4264 U.S.A. in a World at War 1931-1945 3 s.h.
- HIST:4268 The Contemporary U.S. 1940-Present 3 s.h.
- HIST:4271 American Revolutionary Period 1740-1789 3 s.h.
- HIST:4334 Topics in American Borderlands History 3 s.h.
- HIST:4475 Germany Since 1914: Weimar, Hitler, and After 3-4 s.h.
- HIST:4499 First World War 3-4 s.h.
- HIST:4617 History, Memory, and Pacific War 3 s.h.
- HIST:4810 History of the Modern Middle East (when topic is historical survey of Southwest Asia and North Africa) 3 s.h.
- HIST:4815 Topics in the Modern Middle East 3 s.h.

**Financial Aid**

Military Science offers two-, three-, and four-year ROTC scholarships for students who enter the ROTC program. These scholarships pay tuition at the University of Iowa, an allotment for books and supplies each semester, most mandatory educational fees, and a tax-free monthly stipend during the academic year. Scholarships also are available for nursing students who wish to become Army nurses.

**Courses**

**Lower-Level Undergraduate**

- **MILS:1010 Leadership and Personal Development MSL101** 1 s.h.

  Introduction to the personal challenges and competencies critical for effective leadership; how skills such as critical thinking, goal setting, time management, physical fitness, and stress management relate to leadership, officership, and the army as a profession; dimensions of army leadership; understanding of the ROTC program, its purpose in the army, its advantages for students. Offered fall semesters.

- **MILS:1020 Introduction to Tactical Leadership MSL102** 1 s.h.

  Leadership fundamentals such as setting direction, problem solving, listening, presenting briefs, providing feedback, using effective writing skills; leadership values, attributes, skills, and actions explored through hands-on, interactive exercises; cadre role models, development of strong relationships among students through common experience, practical interaction. Offered spring semesters.

- **MILS:1090 Leadership Laboratory** 0 s.h.

  Hands-on training in basic soldier skills, such as customs and courtesies, drill and ceremony, first aid, weapons employment, troop movement techniques; leadership training for U.S. army officership. Offered fall and spring semesters.

- **MILS:1095 Advanced Military Fitness Training** 1 s.h.

  Aerobics and running, muscular strength and endurance, flexibility, and nutrition through exercise and classroom instruction; how to evaluate and measure fitness improvement; developed around Army physical fitness training program. Offered fall and spring semesters.

- **MILS:2010 Innovative Team Leadership MSL201** 2 s.h.
Dimensions of creative, innovative tactical leadership strategies and styles explored through team dynamics and historical leadership theories (trait and behavior) central to the Army leadership framework; personal motivation and team building through planning, executing, and assessing team exercises and participating in leadership labs; continued development of leadership values and attributes through understanding army rank, structure, duties, basic aspects of land navigation and squad tactics; case studies on soldier's creed and warrior ethos in the contemporary operating environment. Offered fall semesters. Prerequisites: MILS:1010 and MILS:1020.

**MILS:2020 Foundations of Tactical Leadership MSL202**

Challenges of leading tactical teams in the complex contemporary operating environment; dimensions of terrain analysis, patrolling, operation orders; theoretical basis of the army leadership framework, dynamics of adaptive leadership in the context of military operations; self-assessment of cadet leadership styles, practice in communication and team building skills; case studies on importance and practice of teamwork and tactics in real-world scenarios. Offered spring semesters. Prerequisites: MILS:1010 and MILS:1020 and MILS:2010.

**Upper-Level Undergraduate and Graduate**

**MILS:3010 Adaptive Tactical Leadership MSL301**

Study, practice, and evaluation of adaptive leadership skills in challenging scenarios related to squad tactical operations; feedback on cadets' leadership attributes and actions, continued development of leadership and critical thinking abilities; development of tactical leadership abilities in preparation for Leadership Development and Assessment Course (LDAC). Offered fall semesters. Corequisites: MILS:1090 and MILS:1095. Requirements: MILS:1010 and MILS:1020 and MILS:2010 and MILS:2020; or completion of army basic training or Leader's Training Course.

**MILS:3020 Leadership in Changing Environments MSL302**

Development of cadet awareness and tactical leadership to platoon level, through increasingly intense situational leadership challenges; experience reviewing combat, stability, and support operations, conducting military briefings, developing proficiency in garrison operation orders; focus on exploring, evaluating, and developing skills in decision making, persuasion, and motivation of team members in a contemporary operating environment; preparation for summer Leader Development Assessment Course. Offered spring semesters. Prerequisites: MILS:3010. Corequisites: MILS:1090 and MILS:1095. Requirements: MILS:1010 and MILS:1020 and MILS:2010 and MILS:2020; or completion of army basic training or Leader's Training Course.

**MILS:4010 Developing Adaptive Leaders MSL401**

Preparation of book reviews from a reading list provided by the instructor, with topics ranging from historical battles and campaigns to global impact of U.S. political policies; or writing of an operations order relating to an ROTC event or similar project of historical significance (work in conjunction with instructor). Requirements: MILS:1010 and MILS:1020 and MILS:2010 and MILS:2020; or completion of army basic training or Leader's Training Course.

**MILS:4020 Leadership in a Complex World MSL402**

Leadership dynamics in complex military operations of the contemporary operating environment; differences in customs and courtesies, military law, principles of war, rules of engagement in the face of international terrorism; interaction with nongovernmental organizations, civilians on the battlefield, host nation support; ethical and practical demands on army commissioned officers; preparation for first unit assignment through case studies, scenarios, exercises. Offered spring semesters. Prerequisites: MILS:3010 and MILS:3020. Corequisites: MILS:1090 and MILS:1095.

**MILS:3121 Readings in Contemporary Military Issues**

Preparation of book reviews from a reading list provided by the instructor, with topics ranging from historical battles and campaigns to global impact of U.S. political policies; or writing of an operations order relating to an ROTC event or similar project of historical significance (work in conjunction with instructor). Requirements: MILS:1010 and MILS:1020 and MILS:2010 and MILS:2020; or completion of army basic training or Leader's Training Course.
Nonprofit Management

Director

• Joseph Sulentic (Management and Organizations)

Undergraduate certificate: nonprofit management
Web site: http://distance.uiowa.edu/article/undergraduate-certificate-nonprofit-management

Nonprofit organizations play vital roles in our communities and contribute to our quality of life. These organizations have unique management, funding, and finance issues that require specialized training. The Certificate in Nonprofit Management is designed to help staff members, board members, founders, and volunteers develop the business and leadership skills necessary for building a successful nonprofit organization. The program provides a balance of academic principles and real-world experience as well as a fundamental understanding of how nonprofit organizations participate in building communities.

Certificate courses cover a wide range of topics and issues, such as community and government partnerships, organizational leadership, entrepreneurship, planning, human resources, financial accountability, grant writing, and web site creation and maintenance. Entrepreneurship courses help frame an organization's value proposition to maximize revenue generation from multiple sources.

Courses are offered primarily online.

The Certificate in Nonprofit Management is administered by the Division of Continuing Education and the Larned A. Waterman Iowa Nonprofit Resource Center, in collaboration with University College.

Undergraduate Program of Study

• Certificate in Nonprofit Management

Certificate

The Certificate in Nonprofit Management requires a minimum of 18 s.h. of credit. The certificate program is open to current University of Iowa undergraduate students and to all individuals who hold a bachelor's degree and are not enrolled in a graduate or professional degree program. Students must maintain a g.p.a. of at least 2.00 in work for the certificate. Completion of the certificate is noted on the student's transcript.

See the Certificate in Nonprofit Management web site for details about how to enter the program.

Bachelor of Applied Studies (p. 1192) and Bachelor of Liberal Studies (p. 1195) students may be able to incorporate certificate courses into their degree programs; students should consult with their advisors.

The Certificate in Nonprofit Management requires the following course work.

FOUNDATION COURSES

Students should complete these two courses before they enroll in the remaining certificate course work.

<table>

Patient Care Practicum

**Director**
- Lon D. Moeller

The Patient Care Practicum prepares students for work and/or internships at University of Iowa Hospitals and Clinics (UIHC). Students complete required online training modules through the University's course management system. Once the training modules are completed, students are certified to work at UIHC.

**Courses**

**Upper-Level Undergraduate and Graduate**

PCP:3198 UIHC Compliance Training 0 s.h.
Project Lead The Way

Coordinator
• Lon D. Moeller

Precollege Program of Study

Project Lead The Way (PLTW) at Iowa is a sequence of courses for high school students taught in conjunction with traditional math and science courses. The curriculum emphasizes critical thinking, creativity, innovation, and real-world problem solving. PLTW courses provide students with in-depth, hands-on knowledge of biomedical science.

Courses

PLTW:1010 Principles of Biomedical Science
Introduction to human physiology, basic biology, medicine, and research processes through student activities and projects. Requirements: Project Lead the Way high school student.

PLTW:1020 Human Body Systems
Interactions of human body systems in promoting homeostasis. Requirements: Project Lead the Way high school student.

PLTW:1030 Medical Interventions
Techniques for preventing, diagnosing, and treating diseases. Requirements: Project Lead the Way high school student.

PLTW:1040 Biomedical Innovation
Independent projects with a mentor to design solutions for pressing health challenges for the 21st century. Requirements: Project Lead the Way high school student.
Secondary Student Training Program

**Director**
- Lori M. Ihrig

**Web site:** [http://www2.education.uiowa.edu/belinblank/students/summer/Classes.aspx?P=SSTP](http://www2.education.uiowa.edu/belinblank/students/summer/Classes.aspx?P=SSTP)

**Precollege Program**

Students who are currently in grades 10-11 may nominate themselves for the Secondary Student Training Program (SSTP), a five-week residential summer research program at the University of Iowa. SSTP students conduct original research in University laboratories under the guidance of a faculty mentor. They also produce a research abstract and an academic poster as a part of the program.

Students who participate in the program pay an SSTP fee that covers room, board, all materials, and admission to all regularly scheduled activities. They also pay University of Iowa tuition for a required 3 s.h. of credit. Students and their families are responsible for their transportation to and from SSTP and for incidental expenses, such as souvenirs and snacks. Students are considered for financial aid after they are selected for the program.

The Secondary Student Training Program is administered by the Belin-Blank International Center for Gifted Education and Talent Development. For more information, contact the Belin-Blank Center.

Experience conducting research under the guidance of a faculty mentor; presentation of research findings at concluding seminar. Six weeks.
Student Information Technology Skills

Director

- Mary Grabe (Information Technology Services)

Student Information Technology Skills offers a course for students who are interested in on-campus employment providing IT support or creating and maintaining web sites. Students are graded on participation in online and class discussions and projects. They must obtain the instructor’s consent before registering for this course.

Courses

Upper-Level Undergraduate and Graduate

SITS:3102 Core IT Support Skills 2 s.h.
Knowledge and hands-on skills necessary for supporting computers in an institutional setting; basic hardware, operating systems, application, and networking support topics.
Study Abroad

Director

• Douglas J. Lee

Web site: http://international.uiowa.edu/study-abroad/

The University of Iowa sponsors or cosponsors a wide variety of study abroad programs in approximately 50 countries. Students may choose from summer, fall or spring semester, academic year, and winter session programs that complement and extend the University's academic programs across the curriculum.

Students also may participate in study abroad programs sponsored by other accredited U.S. and foreign institutions. They should obtain advance approval of all transfer credit by completing a Study Abroad Credit Approval Form.

Information on University of Iowa and other study abroad programs is available from Study Abroad.

Courses

Upper-Level Undergraduate and Graduate

ABRD:3010 Iowa Regents Semester in Wales
University of Swansea, Wales; three-week interdisciplinary course on British life and culture, followed by regular degree course work in the humanities, social sciences, physical sciences, business, engineering. Fall and spring semesters. Requirements: g.p.a. of at least 2.80.

ABRD:3012 Iowa Regents Semester in Scotland
Advanced undergraduate study at the University of Edinburgh; humanities, social sciences, science, engineering. Fall and/or spring. Requirements: g.p.a. of at least 3.00.

ABRD:3020 London Performance Study
Selected theater productions, lectures, performances, discussions, written exercises, workshops, cultural activities. Credit may be applied toward a University of Iowa major in English or theatre arts. Summer.

ABRD:3025 Undergraduate International Business Abroad
Study of the international business environment in one of the world’s financial capitals; may count toward undergraduate business major or Certificate in International Business. Winter. Prerequisites vary depending on classes being offered. Requirements: junior standing.

ABRD:3027 Crime and Justice in Britain
Introduction to crime and criminal justice in Britain, drawing comparisons and highlighting features important to understanding crime and justice in the United States; first week on campus in Iowa City, second two weeks overseas; classroom and experiential learning through visits to key sites in London in Edinburgh; unique opportunity to visit sites that aid understanding of British justice and prison systems; contemporary patterns of crime and justice in Great Britain. Three-weeks in summer. Requirements: completion of one academic year of work (24 s.h. minimum) at the University of Iowa at time of application or 2.50 g.p.a., and good academic standing.

ABRD:3029 Health Promotion in Great Britain
Health care as offered by Great Britain's National Health Service and private providers, compared to health care delivery systems in the United States. Offered every other year during spring break.

ABRD:3030 Iowa Regents Semester in Ireland
Regular course work in all disciplines at University College Cork in Ireland. Fall and spring semesters. Requirements: sophomore standing and g.p.a. of at least 3.00.

ABRD:3035 Irish Writing Program
Dublin, Ireland; writing workshops directed by Irish writers, literature courses taught by faculty. Summer.

ABRD:3045 Academic Year in Freiburg
Combination of special program classes, German for foreigners, and regular degree course work in most liberal arts subjects at Albert-Ludwigs University, Freiburg, Germany. Academic year. Requirements: at least four semesters college German with g.p.a. of at least 3.00.

ABRD:3062 CIEE Paris Critical Studies Program
Analysis of literature, film, and other forms of visual expression through use of contemporary critical theory; interaction among fields of literature, aesthetics, and psychoanalysis; examination of problems involved in such analysis; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member; for students with advanced French language skills. Requirements: 3.00 cumulative g.p.a., five semesters of college-level French, and previous course work in relevant fields.

ABRD:3063 CIEE Paris Contemporary French Studies Program
Combines an interdisciplinary academic program on contemporary French society and culture (taught in French or English) with opportunity to develop strong language skills; contemporary social issues in politics, Francophone cultures, and Muslim communities in Europe; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member; for intermediate-level French students. Requirements: 3.00 cumulative g.p.a. and at least two to five semesters of college-level French.

ABRD:3064 CIEE Rennes Liberal Arts Program
12 s.h.
Increase language ability and knowledge of France and French culture; opportunity to take regular university classes alongside French students; intensive language and humanities course work; cultural activities; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member; for intermediate or advanced intermediate students. Requirements: 2.75 cumulative g.p.a., 3.00 g.p.a. in French language, and four semesters of college-level French.

**ABRD:3066 CIEE Paris Language and Culture Program**

Introduction to French society through an interdisciplinary course on culture or study of French language in the world metropolis of Paris; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Two three-week sessions. Requirements: 2.75 g.p.a. and four semesters of college-level French.

**ABRD:3070 USAC Studies in France**

Beginning through advanced French language study at the University of Pau; additional courses in French culture, literature, politics, history, and other disciplines. Taught in English and French. No previous study of French required. Requirements: g.p.a. of at least 2.50.

**ABRD:3071 Study Abroad in Montpellier**

Special courses for foreign students or regular courses with French students at University of Montpellier; taught in French. Semester or academic year. Requirements: four semesters of French.

**ABRD:3072 Montpellier Summer Language Program**

Advanced French language and course on contemporary France that explores current perspectives on immigration; visits to local organizations dedicated to naturalization services; public housing; immigrants’ rights, nonviolence, antiracism, and antidiscrimination; excursions around Montpellier and other social activities; option to take accelerated language track in either four- or eight-week program; development of language skills in various contexts depending on level (beginning through advanced) and prescribed curriculum at each level. Six weeks. Requirements: 2.50 g.p.a. and average grade of B in French course work.

**ABRD:3073 Perspectives on International Politics**

Study world politics in Paris, France; how concepts of international relations originated and evolved, and how political phenomena relate to theories of world politics through study in Europe, the birthplace of the modern nation-state; site visits related to France’s flavored history of religion, revolution, colonization, war, occupation, emancipation, integration, and globalization; fundamental processes of international politics. Requirements: good academic and disciplinary standing.

**ABRD:3081 John Cabot University in Rome, Italy**

Business, social science, humanities, art, and language courses at John Cabot University; located in the heart of Rome and surrounded by the extraordinarily rich offerings of a city of culture, history, art, creativity, business, and international affairs.

**ABRD:3082 Studio Art Centers International in Florence, Italy**

Studio art, design, art conservation, art history, Italian language, and creative writing instruction at Studio Art Centers International (SACI) in Florence, Italy; focus on art courses; engagement in leading areas of research and exploration; opportunities to interact with the Florentine community through a variety of social and humanitarian programs. Summer, semester, or academic year.

**ABRD:3083 USAC Turin Program**

Academic course work, practical learning, tours, site visits, and integrated cultural experience; content in diverse academic areas of business, architecture, and Italian studies; Italian language courses; administered by the University Studies Abroad Consortium (USAC) of which the University of Iowa is a member. Semester, summer, or academic year. Requirements: 2.50 g.p.a. and appointment with Italy study abroad advisor prior to application.

**ABRD:3084 USAC Viterbo Program**

Academic course work at Viterbo’s historical Tuscia University of Viterbo; practical learning, tours, site visits, and integrated cultural experience; high-quality educational experience in art history and Italian studies; Italian language course; administered by the University Studies Abroad Consortium (USAC) of which the University of Iowa is a member. Semester, academic year, or five-week summer session. Requirements: 2.50 g.p.a., good academic standing, and appointment with Italy study abroad advisor prior to application.

**ABRD:3085 Natural Disasters**

How normal processes of earth-atmosphere-hydrosphere-space systems result in events that are capable of dealing disastrous blows to humans on the scale of individual lives to civilizations; focus on geologic processes that have impacted Mediterranean civilization (i.e., earthquakes, volcanic eruptions, floods, tsunami) including their local, national, and global impact; case studies drawn from contemporary and ancient societies, and feature ancient and modern Italy. Requirements: 2.50 g.p.a. and good academic and disciplinary standing.

**ABRD:3087 USAC Reggio Emilia Program**

Language study and additional course work in English or Italian; administered by the University Studies Abroad Consortium (USAC) of which the University of Iowa is a member. Summer, semester, or academic year. Requirements: 2.50 g.p.a. and good academic and disciplinary standing.

**ABRD:3088 CIMBA Italy Program**

Course work in business and related disciplines in the Veneto region of Italy, taught in English. Four weeks in summer or 13-week semesters.
ABRD:3120 Regents Hispanic Institute  
Study of Spanish language and culture in Valladolid, Spain. Six weeks in summer. Requirements: four semesters of college-level Spanish.

ABRD:3121 Cultures of Spain  
3 s.h. 
Study abroad in Madrid, the geographic and sociocultural center of Spain; overview of heterogeneous cultural landscape of Spain through interdisciplinary approach to its history; special attention given to conflict between two antagonistic national projects—one that understands Spain as a homogeneous entity and historically based on authoritarian forms of government, Catholic faith, and centralistic culture, and one that advocates for a plural conception of the country and emphasizes a liberal government, tolerance, and cultural diversity. Four weeks. Requirements: 2.50 cumulative g.p.a. and good academic and disciplinary standing.

ABRD:3135 CIEE Portugal Program  
arr. 
Intensive Portuguese language study (beginning to advanced levels) and area studies courses taught in English at Lisbon's Universidade Nuova; regular university courses are available to semester students with sufficient language proficiency. Summer, semester, or academic year. Requirements: g.p.a. of at least 2.75.

ABRD:3140 American College of Thessaloniki  
arr. 
Undergraduate studies in varied academic disciplines (business, history, international relations, psychology, fine arts, literature, philosophy, modern Greek language) at the American College of Thessaloniki. Taught in English.

ABRD:3165 Archaeological Field Work Abroad  
arr. 
Major archeology projects hosted at international excavation sites. Summer.

ABRD:3201 CIEE Alcala Language and Culture Program  
6,12 s.h. 
Established in 1999, the CIEE Study Center at the Universidad de Alcala (Alcala de Henares, Spain) provides an academic program for students with a high-intermediate to advanced-level of Spanish; the summer program (established in 2008) consists of language and culture courses offered through the Institute; all courses offered in Spanish; many approved for Spanish majors, minors, and general education requirements, and may be approved for other degree requirements; 6 s.h. taken in each four-and-one-half-week session. Requirements: 2.75 cumulative g.p.a., 3.00 g.p.a. in most recent Spanish course, four semesters of college-level Spanish, and valid passport at time of application.

ABRD:3205 CIEE Alicante Language and Culture Program  
arr. 
Rapid progress in language skills while taking area studies courses related to Europe and Spain; linguistic development and cultural immersion promoted through housing in Spanish-speaking homes and supplementary visits and excursions; administered by the Council on International Education Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Semester or academic year. Requirements: 2.75 minimum g.p.a., three to four semesters of college-level Spanish, and valid passport at time of application.

ABRD:3206 CIEE Alicante Liberal Arts and Culture Summer Program  
arr. 
Development of Spanish language skills and knowledge of Spanish art, cinema, and culture in Alicante, Spain; linguistic development and cultural immersion through housing in Spanish-speaking homes, supplementary visits and excursions, content courses in Spanish, and direct enrollment at the University of Alicante; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member; for students with varying levels of Spanish. Summer. Requirements: 2.75 cumulative g.p.a., four semesters of college-level Spanish, and valid passport at time of application.

ABRD:3207 CIEE Alicante Language in Context Program  
12 s.h. 
Solid foundation provided in Spanish language; improvement of language skills while pursuing studies focusing on Spain and Europe; topics in history, art history, political science, and international business; intensive language course work; area studies courses in English, conversation exchange program, excursions, and homestays; administered by the Council on International Educational Exchange (CIEE). Requirements: 2.75 minimum g.p.a., two semesters or less of college-level Spanish, and valid passport at time of application.

ABRD:3208 CIEE Alicante Liberal Arts Program  
arr. 
Development of spoken and written Spanish language skills; linguistic development and cultural immersion promoted through housing in Spanish-speaking homes, supplementary visits and excursions, content courses in Spanish, and direct enrollment at the University of Alicante; administered by the Council on International Education Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Semester or academic year. Requirements: 2.75 minimum g.p.a., at least five semesters of college-level Spanish, and valid passport at time of application.

ABRD:3215 CIEE Barcelona Advanced Liberal Arts Program  
arr. 
Development of fluency through direct enrollment in a wide range of regular university classes; classes taken alongside Spanish classmates who become friends and guides to the culture; dramatic improvement of Spanish language skills while living the language every day in the city and the university; for students with advanced Spanish language skills. Semester or academic year. Requirements: 3.00 minimum g.p.a., at least six semesters of college-level Spanish, and valid passport at time of application.
ABRD:3216 CIEE Barcelona Architecture and Design Program
Exploration of the intersection of two fields in a city famous for its vibrant architecture and innovative design; courses offered by ELISAVA and CIEE allow a unique opportunity to collaborate in a joint core class alongside courses in student’s track and Spanish language; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Requirements: 3.00 cumulative g.p.a. and valid passport at time of application; for design track students — design or related major or minor and four semesters of college-level Spanish.

ABRD:3217 CIEE Barcelona Business and Culture Program
Development of competency in Spanish language while studying issues related to business in Spain and the European Union, Spanish language and culture; company visits, excursions, and homestays or student residence option in the vibrant city of Barcelona contribute to students’ cultural immersion and development of language skills; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium; designed for students with varied levels of Spanish. Semester or academic year. Requirements: 3.00 cumulative g.p.a.; three semesters of microeconomics, macroeconomics, accounting, finance, management, or statistics; and valid passport at time of application.

ABRD:3218 CIEE Barcelona Economics and Culture Program
Classes at a Spanish university for students with varying levels of Spanish and a strong background in economics; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Semester or academic year. Requirements: 3.25 cumulative g.p.a., three semesters of microeconomics or macroeconomics, one semester of calculus, and valid passport at time of application.

ABRD:3219 CIEE Barcelona Language and Culture Program
Development of skills and competency in Spanish language while studying Spanish history, arts, politics, and culture; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Requirements: 3.00 cumulative g.p.a., one to three semesters of college-level Spanish, and valid passport at time of application.

ABRD:3220 CIEE Barcelona Language and Culture Summer Program
Rapid progress in language skills while taking language, culture, or business courses in Barcelona; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member; for students with varying levels of Spanish. Summer. Requirements: 2.75 cumulative g.p.a. and four semesters of college-level Spanish.

ABRD:3221 CIEE Barcelona Liberal Arts Program
Development of skills and competency in Spanish language while studying Spanish history, politics, and culture at Universitat Pompeu Fabra; cultural immersion and development of language skills through excursions and homestays or student residence option in the vibrant city of Barcelona; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Requirements: 3.00 cumulative g.p.a., junior standing, four semesters of college-level Spanish, and valid passport at time of application.

ABRD:3230 CIEE Madrid Legal Studies Program
Opportunity to further develop Spanish language skills while pursuing curricular program focused on law and public policy in Spain; goals achieved through a specially-designed language course, course on legal issues in Spain, an optional internship, and law and political science elective course at the Universidad Carlos III de Madrid; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member; for highly motivated students with a strong Spanish background, from any academic discipline. Requirements: g.p.a. of at least 3.00, six semesters of college-level Spanish, junior standing or above, and valid passport at time of application. Recommendations: good background in math/statistics in order to grasp the more theoretical focus of European business instruction.

ABRD:3231 CIEE Madrid Liberal Arts Program
Opportunity to matriculate in a combination of content courses in Hispanic studies, regular university courses, and short seminars while continuing to improve language skills and take advantage of the vibrant and rich cultural milieu of Madrid; linguistic development and cultural immersion promoted through housing in Spanish-speaking homes, and supplementary visits and excursions; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member; for independent, advanced-level students. Semester or academic year. Requirements: 3.00 minimum g.p.a., five or six semesters of college-level Spanish, and valid passport at time of application.

ABRD:3240 CIEE Palma de Mallorca Liberal Arts Program
Established in 2006, the CIEE study center at Universitat de les Illes Balears provides an academic program for students with an advanced level of Spanish who are interested in tourism studies, business, humanities, Spanish literature and language, and social sciences; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member. Requirements: 2.75 cumulative g.p.a., five semesters of college-level Spanish, and valid passport at time of application.

ABRD:3241 CIEE Palma de Mallorca Business and Tourism Program
12 s.h.
Study business, tourism, and hospitality alongside Spanish students in a direct enrollment environment with a global perspective in Palma de Mallorca; development of management skills for future leadership in the tourism and hospitality industry; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member. Requirements: 2.75 cumulative g.p.a. and valid passport at time of application. Recommendations: two semesters of college-level Spanish.

ABRD:3242 CIEE Palma de Mallorca Language and Culture Summer Program
Established in 2006, the CIEE Study Center at Universitat de les Illes Balears provides an academic summer program for students interested in tourism; development or improvement of Spanish language skills while learning about Spain and Europe; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Requirements: 2.75 cumulative g.p.a., four semesters of college-level Spanish, and valid passport at time of application.

ABRD:3243 CIEE Palma de Mallorca Summer Internship Program
Enhancement of academic and language skills in a professional context while being immersed in Spanish professional work environment; intensive Spanish language course related to business and tourism taken during first three weeks with substantial interactive and practical component; five-week internship in hotel, company, or nonprofit organization with completion of 130 hours of work and meeting three hours each week with a university professor; designed for business and tourism students. Requirements: 2.75 cumulative g.p.a., four semesters of college-level Spanish, and valid passport at time of application.

ABRD:3250 CIEE Seville Advanced Liberal Arts Program
Achievement of fluency in spoken and written Spanish; wide variety of academic fields to gain deeper understanding from a Spanish perspective; direct matriculation in university courses, homestays, local and overnight excursions, conversational exchange program, volunteer opportunities, and independent study options in Seville, Spain. Requirements: 3.00 cumulative g.p.a., 3.00 minimum g.p.a. in Spanish courses, six semesters of college-level Spanish, and valid passport at time of application.

ABRD:3251 CIEE Seville Business and Society Program
Opportunity to study business in an international context through a combination of course work in Spanish business, society, and language; related field visits to Spanish companies; designed for highly motivated students of business with advanced-level Spanish skills at the University of Seville’s Business School; unpaid internships may be available to students with advanced language ability; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member. Semester or academic year. Requirements: at least 2.75 g.p.a.; five semesters of college-level Spanish; 6 s.h. of microeconomics, macroeconomics, accounting, finance, management, or statistics; and valid passport at time of application. Recommendations: good background in math/statistics to grasp the more theoretical focus of European business instruction.

ABRD:3252 CIEE Seville Business Internship Program
Exposure to a professional workplace atmosphere in Seville, Spain for business students; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Eight weeks. Requirements: 2.75 cumulative g.p.a., five semesters of college-level Spanish, and valid passport at time of application.

ABRD:3253 CIEE Seville Communications, New Media, and Journalism Program
Valuable hands-on experience in a multifaceted academic and professional environment; courses through CIEE and with Spanish students at the Universidad de Sevilla; may include CIEE classes offered through the Liberal Arts program; social and cultural immersion of participants in the host society through specialized projects and extracurricular activities; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member; for students considering a career in any communication environment. Requirements: 2.75 cumulative g.p.a., five semesters of college-level Spanish, and valid passport at time of application.

ABRD:3254 CIEE Seville International Business and Culture Program
Spanish language improvement in Seville, Spain; courses in English, primarily in the field of international business; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member; for beginning to intermediate students. Semester or academic year. Requirements: 2.75 g.p.a., four semesters or less of college-level Spanish, and valid passport at time of application.

ABRD:3255 CIEE Seville Language and Culture Summer Program
3,6,9 s.h.
Development of Spanish language skills and exposure to Spanish culture through an intense immersion experience; courses in Spanish language and culture, conversational exchange program, homestay program, and local visits and excursions; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Three, six, or nine weeks. Requirements: 2.75 cumulative g.p.a., four semesters of college-level Spanish, and valid passport at time of application.

ABRD:3257 CIEE Seville Language and Society Program
Rapid improvement of Spanish language skills; Spanish culture and its artistic, literary, historical, or political traditions; linguistic and cross-cultural development enhanced by participation in community life, volunteer work, field trips, and housing with Spanish-speakers in homestays; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member; for intermediate or low-advanced level students. Fall or spring semester. Requirements: 2.75 minimum g.p.a., completion of three and no more than four semesters of college-level Spanish, and valid passport at time of application.

ABRD:3258 CIEE Seville Liberal Arts Program
Achieve fluency in written and spoken Spanish; language acquisition and cultural immersion through housing in Spanish-speaking homes, involvement in volunteer opportunities, and conversation exchanges; courses at the CIEE Study Center, the University of Seville, and Pablo de Olavide University (UPO); administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member. Semester or academic year. Requirements: 2.75 cumulative g.p.a., five semesters of college-level Spanish, and valid passport at time of application.

ABRD:3259 CIEE Seville Teaching Development Program
Achieve greater competency in written and spoken Spanish while developing specific expertise in international education and second language acquisition; academic program, teaching development course, homestay, excursions and cultural activities, conversation exchanges, and volunteer opportunities; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member. Semester or academic year. Requirements: 2.75 cumulative g.p.a., five semesters of college-level Spanish, and valid passport at time of application.

ABRD:3260 CIEE Madrid Business, Economics, and Culture
Development of skills and competency in Spanish language while studying business, economics, and culture at CIEE Madrid study center and/or Universidad Carlos III; cultural immersion and development of language skills through excursions and homestays or student residence option in energetic city of Madrid; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Requirements: 3.00 cumulative g.p.a., two semesters of college-level Spanish, and three semesters of college-level microeconomics, macroeconomics, accounting, finance, management, marketing, or statistics; for students taking economics courses — two additional college-level microeconomics or macroeconomics courses and one semester of calculus.

ABRD:3270 USAC Alicante Program
Intensive language study in Alicante, Spain; up to two years of university language requirements may be met in one semester; additional courses taught in English or Spanish; administered by the University Studies Abroad Consortium (USAC) of which the University of Iowa is a member. Summer, semester or academic year. Requirements: 2.50 g.p.a. and good academic standing.

ABRD:3272 USAC Bilbao Program
Intensive language study; up to two years of university language requirements may be met in one semester; additional courses taught in English or Spanish; administered by the University Studies Abroad Consortium (USAC) of which the University of Iowa is a member. Summer, semester or academic year. Requirements: 2.50 g.p.a. and good academic standing.

ABRD:3274 USAC Madrid Program
Intensive language study; up to two years of university language requirements may be met in one semester; additional courses taught in English or Spanish; administered by the University Studies Abroad Consortium (USAC) of which the University of Iowa is a member. Summer, semester or academic year. Requirements: 2.50 g.p.a. and good academic standing.

ABRD:3276 USAC San Sebastian Program
Critical appreciation of Argentina and its importance in Latin America from perspective of social sciences and humanities; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member; for advanced Spanish students with strong language preparation. Requirements: 2.75 cumulative g.p.a. and six semesters of college-level Spanish. Recommendations: completion of Spanish language course in session prior to study abroad and college-level course work in Latin American Studies.
ABRD:3313 CIEE Bahia Liberal Arts Program
Special CIEE courses and direct enrollment in regular classes at two local universities; improvement of Portuguese language skills; the northeast region of Brazil and its Afro-Brazilian culture; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member. Requirements: 2.75 cumulative g.p.a., and four semesters of college-level Spanish or two semesters of college-level Portuguese.

ABRD:3314 CIEE Sao Paulo Liberal Arts Program
Language-learning course in Brazil; direct enrollment in a host of English-taught courses at Pontificia Universidade Catolica de Sao Paulo; subjects range from anthropology, history, and international relations to business administration, journalism, and performing arts; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member; for students with multiple levels of Portuguese fluency. Requirements: 2.75 g.p.a., and four semesters of college-level Spanish; two semesters of college-level Portuguese. Recommendations: Portuguese or Spanish course taken within past year.

ABRD:3315 CIEE Sao Paulo Business and Culture Program
Opportunity to begin or continue study of Portuguese while studying issues related to economy and business in Brazil and Latin America alongside Brazilian and other international students at the International Program in Management at the prestigious Getulio Vargas Foundation; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member; for students with varying levels of Portuguese language skills. Requirements: 3.00 cumulative g.p.a. and three semesters of microeconomics, macroeconomics, accounting, finance, management, marketing, or statistics.

ABRD:3316 CIEE Bahia Intensive Language and Culture
Intensive summer program to develop Portuguese language proficiency and a critical appreciation of Brazilian life and society; cultural immersion through classroom, homestay living, program excursions and activities; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member. Five weeks. Requirements: 2.75 cumulative g.p.a., and four semesters of college-level Spanish or two semesters of college-level Portuguese.

ABRD:3317 CIEE Santiago (Chile) Business and Culture Program
Development of competency in Spanish language while studying issues related to local and regional business environment, management practices, and entrepreneurship in Chile and the southern cone; homestay living provides opportunities for cultural and linguistic immersion; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member; for students with varying levels of Spanish. Requirements: cumulative g.p.a. of 2.75. Recommendations: completion of Spanish language course within past year.

ABRD:3318 CIEE Santiago (Chile) Liberal Arts Program
Special CIEE courses and direct enrollment with Chilean students in regular courses at the Pontificia Universidad Catolica de Chile and the Universidad de Chile; first-hand knowledge of contemporary issues and cultural patterns in Chile; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member. Semester or academic year. Requirements: 2.75 cumulative g.p.a. and six semesters of college-level Spanish.

ABRD:3321 USAC Studies in Chile
Intensive beginning-level Spanish language; advanced language, literature, civilization at third-year level; area studies. Some courses taught in English. Requirements: g.p.a. of at least 2.50.

ABRD:3323 CIEE Valparaiso Liberal Arts Program
Special CIEE courses and direct enrollment with Chilean students in regular courses at the Pontificia Universidad Catolica de Valparaiso; first-hand knowledge of contemporary issues to better understand Chilean society and an appreciation for Chilean history and identity; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member. Requirements: 2.75 cumulative g.p.a. and six semesters of college-level Spanish.

ABRD:3324 CIEE Monteverde Tropical Ecology and Conservation
Rich understanding of tropical ecology through hands-on exposure, direct experimentation, study of theory, taxonomy of major groups, and observation of empirical patterns; science courses taught in English; Spanish-language course for various levels; travel to diverse ecosystems; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member. Requirements: 2.75 cumulative g.p.a. and two semesters of college-level biology. Recommendations: college-level ecology or environmental science course, and college-level Spanish.

ABRD:3325 CIEE Monteverde Sustainability and the Environment
5,12 s.h.
12 s.h.
6 s.h.
10,12 s.h.
12 s.h.
Insight into complexity of pressures that confront global biodiversity (e.g., population growth, consumption, urbanization, globalization); homestay with local families provides exposure to Spanish language and Costa Rican culture; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member; for students with an interest in environmental studies. Requirements: 2.75 g.p.a. and three semesters of college-level environmental studies. Recommendations: college-level Spanish.

**ABRD:3326 CIEE Santiago (DR) Liberal Arts Program**
Enrollment in one of three distinct academic tracks based on language proficiency level; tracks offer a variety of courses on society, culture, economics, and politics of Hispaniola and the Greater Hispanic Caribbean; regional literature, history, and widely variant sociocultural issues facing the region; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Requirements: 2.75 cumulative g.p.a., 3.00 g.p.a. in Spanish language, and four semesters of college-level Spanish.

**ABRD:3327 CIEE Santo Domingo Liberal Arts Program**
Direct enrollment at three local universities in a wide range of courses in humanities and social sciences, in addition to a number of CIEE advanced language and area studies courses; optional track of study focused solely on the region with courses in social and ethno-cultural identity, authors of Hispanic Caribbean, and Dominican-Haitian relations; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Requirements: 2.75 cumulative g.p.a. and five semesters of college-level Spanish. Recommendations: Spanish language course within past year.

**ABRD:3328 CIEE Guanajuato Liberal Arts Program**
Personal reflection of identity, culture, and contemporary society encouraged through active reading and writing; development of Spanish language proficiency in course work and homestay living; Mexican literature, history, and art studied alongside Mexican peers at the University of Guanajuato; courses in migration, revolution, and community-based Spanish specially designed for CIEE. Requirements: 2.75 g.p.a. and four semesters of college-level Spanish.

**ABRD:3332 CIEE Lima Liberal Arts Program**
CIEE-taught course, homestay, and city-based cultural activities with direct enrollment alongside Peruvian students at the Pontificia Universidad Catolica del Peru; immersion to refine language skills and develop understanding of contemporary Peruvian society; administered by the Council on International Educational Exchange (CIEE) on behalf of a consortium of which the University of Iowa is a member. Requirements: 2.75 cumulative g.p.a. and five semesters of college-level Spanish. Recommendations: completion of Spanish language course within past year.

**ABRD:3333 CIEE Guanajuato Summer Language and Culture Program**
Opportunity to further develop Spanish language skills while expanding knowledge and understanding of Mexico; key elements include homestay, day-to-day engagement with local community, and intensive Spanish-taught courses in Mexican studies. Requirements: 2.75 cumulative g.p.a. and five semesters of college-level Spanish.

**ABRD:3334 CIEE Valparaiso Language in Context**
Development of Spanish language skills; Chile and its role in Latin America; intensive language study and choice of courses in history, literature, economics, and international relations taught in English; excursions, home stay, and opportunities for community service; administered by the Council on International Educational Exchange (CIEE). Requirements: g.p.a. of 2.75.

**ABRD:3335 USAC Heredia Program**
Culture and physical beauty of Costa Rica experienced through specially designed courses combined with family home stay and some program travel; administered by the University Studies Abroad Consortium (USAC) of which the University of Iowa is a member. Requirements: cumulative g.p.a. of 2.50.

**ABRD:3336 USAC Puntarenas Program**
Expansion of Spanish language skills through personal interaction with host culture in homestay setting, field trips and optional tours, and accelerated classroom study according to tracks; administered by the University Studies Abroad Consortium (USAC) of which the University of Iowa is a member. Requirements: 2.50 g.p.a. and good academic standing.

**ABRD:3337 USAC San Ramon Program**
Life and health sciences, Spanish language and culture studies program; tropical ecology, tropical marine biology, conversation biology, and environmental policy courses taught in English; science curriculum combined with Spanish language or literature classes designed by tracks according to level; administered by the University Studies Abroad Consortium (USAC) of which the University of Iowa is a member; for science majors interested in learning more about ecology and conservation biology in Costa Rica. Requirements: 2.50 g.p.a. and one year of college-level general biology with lab.

**ABRD:3338 USAC Havana Program**
Appreciation of Cuban society through area studies course work in history, culture, and politics of the region; courses taught in English and Spanish; administered by the University Studies Abroad Consortium of which the University of Iowa is a member. Requirements: 2.50 g.p.a. and good academic standing.

**ABRD:3339 USAC Buenos Aires Community Public Health Program**
9 s.h.
Classroom-based theory and language instruction to support extensive, offsite field work; examination of Argentine health care system through lens of social sciences; exposure to challenges facing global health arena and diversity of solutions being implemented locally to resolve them. Summer. Requirements: 2.75 cumulative g.p.a. and five semesters of college-level Spanish. Recommendations: college-level course work in public health, and course work in history or politics of Latin America or Argentina.

**ABRD:3342 Brazilian Carnival: Music and Dance**
3 s.h.

**ABRD:3343 CIEE Sao Paulo Intensive Language and Culture**
CIEE Sao Paulo Intensive Language and Culture program helps students develop Portuguese language fluency and learn about Brazilian culture; 6 s.h. of language course work may advance to an academic year in language progression at the University of Iowa. Requirements: completion of at least one semester of college-level Portuguese or two semesters of college-level Spanish, 2.75 g.p.a., and good academic and disciplinary standing.

**ABRD:3352 International Perspectives: Xicotepec**
arr.
Introduction to providing service to communities in underdeveloped countries through discipline-specific projects to improve community life in Xicotepec, Mexico; cultural and professional preparation for team work in an international environment; service-learning course in collaboration with Rotary International. Spring break in Xicotepec, Mexico.

**ABRD:3364 Pharmacy Rotations Abroad**
arr.
Practicum experience; focus on best practices for pharmaceutical management, ways to enhance access to medicine; promotion in underserved and resource-limited environments abroad. Recommendations: successful completion of all requirements listed as prerequisites for rotations in the advanced practice experience syllabus.

**ABRD:3370 Spanish Language and Service Learning Ecuador**
arr.
Spanish language and Ecuadorian civilization course work (6 s.h.) and 100 hours of community service learning in Cuenca, Ecuador. Two months in summer. Requirements: two years of college-level Spanish, 2.50 cumulative g.p.a., and good academic and disciplinary standing.

**ABRD:3372 USAC Florianopolis Program**
arr.
Brazilian culture studies, global economy, and natural resource management; opportunity to develop language skills while taking courses taught in English by local faculty from the Universidade Federal de Santa Catarina; administered by the University Studies Abroad Consortium (USAC) of which the University of Iowa is a member. Summer, semester, or academic year. Requirements: cumulative g.p.a. of 2.50.

**ABRD:3401 CIEE Beijing Advanced Chinese Studies**
arr.
Important topics in Chinese from a Chinese perspective; development of professional writing and research skills in Chinese; designed for students interested in using their superior level of Chinese to study international affairs, business, history, or Chinese literature.

**ABRD:3402 CIEE Beijing Intensive Chinese Language**
10,12 s.h.
CIEE’s Intensive Chinese Language study abroad program at Peking University in Beijing, China, is one of the oldest and most recognized intensive Chinese language programs; the Peking University Center for Teaching Chinese houses over eight different language levels and many other elective courses; intensive language courses coupled with individual language tutorials, diversified field trips, modern housing facilities, and experienced onsite staff make the CIEE Study Center in Beijing an incredible place to study and learn under the auspices of the most famous university in China. Requirements: 2.75 g.p.a. and two to six semesters of college-level Chinese. Recommendations: completion of at least one Chinese area studies course before departure.

**ABRD:3403 CIEE Beijing Ethnic Identity and Cultural Studies**
12 s.h.
Language study in Beijing, China; exploration of China; for students with background in Chinese, Tibetan, or Uyghur language. Requirements: cumulative g.p.a. of 2.75. Recommendations: one semester of college-level Chinese and previous course work in anthropology, sociology, development, religious studies, or global studies.

**ABRD:3411 Iowa in Tianjin**
arr.
Chinese language, area studies, and folk art; based at Tianjin University of Technology. Summer or semester. Requirements: one to three years of college-level Chinese.

**ABRD:3415 CIEE Nanjing Intensive Chinese Language and Culture**
arr.
CIEE’s intensive Chinese language and culture program in Nanjing, China; Chinese studies and immersion in a more traditional and accessible locale against the backdrop of a large developing Chinese city; for students with background in Mandarin Chinese. Requirements: 2.75 g.p.a. and two to six semesters of college-level Chinese. Recommendations: completion of one Chinese area studies course.

**ABRD:3425 CIEE Shanghai Accelerated Chinese Language**
10,12 s.h.
Accelerated language program in Shanghai, China; one year of Chinese language training accomplished during summer; for intermediate and advanced Chinese language students. Requirements: cumulative g.p.a. of 3.00.

**ABRD:3426 CIEE Shanghai Advanced Chinese Studies**
12 s.h.
CIEE study abroad program in Shanghai, China; development of advanced communicative skills in Mandarin Chinese through small classes, tutors, and language clinics; contemporary economic and political issues affecting China and effects of China as a rising power in the world today; application of skills learned in classroom to environment outside through independent field work and volunteer opportunities; for students with background in Mandarin Chinese. Requirements: 3.00 g.p.a., four to six semesters of college-level Chinese, and completion of one Chinese area studies course.

ABRD:3427 CIEE Shanghai Business, Language, and Culture 9,12 s.h.
CIEE study abroad program in Shanghai, China; Chinese language training at standard and intensive levels; courses (taught in English) in business, marketing, economics, international relations, and area studies; contemporary business issues affecting China; effects of China as a rising power in the world business today; for students majoring in business with no Chinese language background and those who have studied Chinese for several semesters. Requirements: 2.75 g.p.a., seven semesters or less of college-level Chinese, and three or more semesters of microeconomics, macroeconomics, accounting, finance, management, or marketing.

ABRD:3428 CIEE Shanghai China in a Global Context 12 s.h.
CIEE study abroad program in Shanghai, China; focus on China in a global context; Chinese language training at standard and intensive levels; courses (taught in English) in global studies, economics, international relations, and area studies; for students with no Chinese language background and those who have studied Chinese for several semesters. Requirements: 2.75 g.p.a. and seven semesters or less of college-level Chinese. Recommendations: completion of one Chinese area studies course.

ABRD:3442 CIEE Taipei Communications, Business, and Political Economy arr.
Intensive Mandarin Chinese language courses; courses in business, communications, political sciences, and other academic areas taught in English; internships in various fields; administered by the Council on International Educational Exchange (CIEE) on behalf of an academic consortium of which the University of Iowa is a member. Requirements: cumulative g.p.a. of 2.75. Recommendations: one Chinese area studies course.

ABRD:3443 CIEE Taipei Intensive Chinese Language and Culture 12 s.h.
CIEE Intensive Chinese language and culture program in Taipei, Taiwan; for beginning through advanced language students who have an interest in improving their Chinese; opportunity to take non-language courses taught in English to aid understanding of Taiwanese culture and society; flexible and supportive environment to experience life at one of Taiwan’s most prestigious national universities. Requirements: 2.75 g.p.a. and two to eight semesters of college-level Chinese. Recommendations: completion of one Chinese area studies course.

ABRD:3445 International Development: India arr.
Exploration of student interests in social entrepreneurship, global health, microfinance, cultural production, environmental sustainability, or other development issues in India; varied disciplinary perspectives (i.e., public health, business, social work, geography, art); student work with Indian NGOs employing a diverse variety of techniques to address social problems such as child labor, health care for the poor, illiteracy, and disability services; led by UI faculty. Winter session.

ABRD:3500 Study Abroad arr.
Students participating in study abroad programs at other U.S. or foreign universities maintain their status at the University of Iowa by registering for this course.

ABRD:3501 Study Abroad arr.
ABRD:3502 Study Abroad Independent Enrollment arr.
ABRD:3510 International Student Exchange Program Direct arr.
Study at some ISEP member institutions in Brazil, Chile, Costa Rica, Estonia, Ghana, Italy, Malta, The Netherlands, New Zealand, South Africa, Thailand, the United Kingdom; fields and terms vary.

ABRD:3515 Business Internships Abroad arr.
Orientation, academic course work, internship; London, Madrid and Paris. Requirements: g.p.a. of at least 2.75, 45 s.h. earned, at least one semester at the University of Iowa; and Spanish proficiency for Madrid program or French proficiency for Paris program.

ABRD:3530 Elementary Student Teaching Abroad arr.
Supervised student teaching in an overseas school.

ABRD:3531 Secondary Student Teaching Abroad arr.
Supervised student teaching in an overseas school.

ABRD:3580 USAC Direct Programs arr.
Direct enrollment in foreign universities in 15 countries. Semester or academic year.

ABRD:3601 Iowa Regents Semester in Australia: University of Newcastle arr.
Opportunity to study at the University of Newcastle in Australia; full academic and social integration with Australian peers. Requirements: 2.50 minimum g.p.a. and sophomore standing.

ABRD:3602 Iowa Regents Semester in Australia: University of Tasmania 12 s.h.
Study at the University of Tasmania; full academic and social integration with Australian peers. Semester. Requirements: 2.50 minimum g.p.a. and sophomore standing at time of application.

ABRD:3712 Child Life Experiential Learning Program 3 s.h.
Preparation to work with children and their families in a variety of health care settings through a practical experience in Cape Town, South Africa; impact of illness, injury, trauma, and health care environments on patients and families; hands-on opportunity to explore how the Red Cross and hospitals operate on a daily basis. Requirements: good academic standing.

ABRD:3750 Arabic Language and Culture in Morocco
Moroccan colloquial Arabic, modern standard Arabic, and Moroccan culture; development of communication skills and cultural awareness through language study, homestays, cultural immersion; based in Fez, Morocco. Seven weeks in summer. Requirements: completion of General Education Program foreign language requirement and minimum g.p.a. of 3.00.

ABRD:3751 Archaeology in Israel
Opportunity to participate in an active archaeological dig alongside local professionals and faculty in Israel; part of an international consortium participating the Lautenschlage Tel Azekah archaeological excavation; morning excavation time complemented by daily afternoon lectures from leading local archaeologists and University of Iowa faculty. Requirements: good academic and disciplinary standing.

ABRD:3805 Russian Politics and Foreign Affairs
Courses in Moscow (Russian politics and institutions, Russian foreign policy) taught in English by Russian professors; additional basic Russian language course (1 s.h.). Summer.

ABRD:3810 ACTR Contemporary Russian Program
Russian language study; Russian economics, politics, and culture classes taught in English; content-based courses taught by faculty of the State University Higher School of Economics in Moscow; full-time resident director oversees academic and cultural programs and assists participants with academic, administrative and personal matters; for students and working professionals at all levels of Russian-language proficiency, including no prior study of the language. Requirements: good academic and disciplinary standing.

ABRD:3811 ACTR Language & Area Studies
Russian Language and Area Studies Program of the American Council of Teachers of Russian (ACTR); designed for improvement of oral, listening, reading and writing proficiency in Russian language; Russian history, politics, culture, and society; offered at one of three locations (St. Petersburg, Moscow, or Vladimir) with final placement determined by ACTR; full-time U.S. resident director provides ongoing logistical support and emergency assistance to participants. Requirements: four semesters of college-level Russian language.

ABRD:3812 ACTR Business Russian Language & Internship Program
Curriculum focusing on language of Russian business combined with an internship at a multinational company, business, or NGO agency in Russia; highly-individualized curriculum; offered at one of two locations (St. Petersburg or Moscow) with final placement determined by ACTR; full-time U.S. resident director provides ongoing logistical support and emergency assistance to participants; for intermediate- to near-native speakers of Russian. Requirements: prior Russian language study and a strong command of Russian grammar.

ABRD:3830 USAC Studies in the Czech Republic
Introductory Czech language and culture courses taught in English at Charles University. Summer, semester, or academic year.

ABRD:4001 Lancaster University Exchange
Reciprocal exchange programs between the University of Iowa and Lancaster University in Lancaster, England; full integration with British students in student housing and regular classes. Semester or academic year. Requirements: 3.00 cumulative g.p.a., junior or senior standing, declared major, and good understanding of requirements for major.

ABRD:4002 University of Strathclyde Exchange
Reciprocal exchange program between the University of Iowa and the University of Strathclyde in Glasgow, Scotland; full integration with British students in student housing and regular classes. Semester or academic year. Requirements: 3.00 cumulative g.p.a., junior or senior standing, declared major, and good understanding of requirements for major.

ABRD:4003 University of Hull Exchange
Reciprocal exchange programs between the University of Iowa and University of Hull in Kingston-upon-Hull, England; full integration with British students in student housing and regular classes. Semester or academic year. Requirements: 3.00 cumulative g.p.a., junior or senior standing, declared major, and good understanding of requirements for major.

ABRD:4004 University of Birmingham Exchange
Reciprocal exchange program between the University of Iowa and the University of Birmingham in Birmingham, England; full integration with British students in student housing and regular classes. Semester or academic year. Requirements: 3.00 cumulative g.p.a., junior or senior standing, declared major, and good understanding of requirements for major.

ABRD:4055 Vienna Exchange Program
Regular degree course work in business administration and economics at Wirtschaftsuniversitäät in Vienna, Austria; taught in English and German. Semester or academic year. Arranged through Tippie College of Business. Requirements: one year of college German, g.p.a. of at least 2.75, and relevant academic background.
ABRD:4056 Charles University Exchange 12 s.h.
The Czech Studies Program offered by the Charles University Faculty of Arts and Philosophy and the Institute of Czech Studies is a comprehensive program covering Czech language, literature, history, and culture; for students furthering their studies in Czech language and culture at intermediate level; especially well-suited for students interested in Slavonic studies or related disciplines. Requirements: one or two years of prior Czech language study and good academic standing.

ABRD:4057 Aalborg University Exchange 12 s.h.
Reciprocal exchange agreement between the University of Iowa and Aalborg University; students study in Denmark alongside local students in regular classes and standard student housing; language of instruction is Danish and there is a commitment to use of other languages of instruction where relevant, including a number of offerings taught in English (Spanish, German, and French) in various subjects and disciplines; particularly suitable for students interested in globalization, communication studies, political science, and psychology, who have a firm commitment to their major. Semester or academic year. Requirements: 2.80 cumulative g.p.a., completion of at least one semester in residence at the University of Iowa, and junior or senior standing during session abroad.

ABRD:4059 Dortmund University Exchange arr.
Direct exchange program between the Technical University of Dortmund and the University of Iowa; students remain registered at their own institution and receive student status at the guest university; unique blend of courses that combine language and culture courses with academic work in student's major and minor subjects; university studies and life outside the classroom are synthesized in a holistic learning process. Requirements: German language proficiency and cumulative g.p.a. of 2.80.

ABRD:4060 Giessen-Friedburg Engineering Exchange 12 s.h.
Reciprocal exchange for engineering students to study at the Giessen-Friedburg University of Applied Sciences; education/research collective with emphasis on practice-oriented research and development projects; main focus on engineering sciences; courses are application-oriented in subject and methodology; course work similar to that offered at the University of Iowa; academic credit may be earned in biomedical, chemical, civil, and environmental engineering. Semester or academic year. Requirements: two years of college-level German, 3.00 g.p.a., and relevant academic background.

ABRD:4063 University of Iceland Exchange arr.
Reciprocal exchange program between the University of Iowa and the University of Iceland; a year of study in Reykjavik alongside local students in regular classes; option of selecting classes from those taught in English in different departments, or an academic year of intensive Icelandic language study; science majors interested in geophysics are encouraged to explore English-taught classes in geography, geology, and geophysics. Requirements: 2.80 cumulative g.p.a., completion of at least one semester in residence at the University of Iowa, and junior or senior standing during session abroad.

ABRD:4065 Tilburg University Exchange 3,12 s.h.
Tilburg University in the Netherlands offers English-language courses in business administration (accounting, applied microeconomics, finance, production management, international marketing, and electronic commerce) and other subjects; suitable for upper-level business majors and students pursuing an international business certificate. Requirements: 3.00 g.p.a. and junior or higher standing.

ABRD:4066 University of Nijmegen Exchange 12 s.h.
Reciprocal exchange agreement between the University of Iowa and Radboud University Nijmegen; students study in the Netherlands alongside local students in regular classes; language of instruction is Dutch and a number of classes throughout the curriculum are taught in English; particularly suitable for students interested in American studies, European studies, and pre-Law, as well as majors in German, linguistics, and political science; Dutch language not required for participation. Semester or academic year. Requirements: 2.80 cumulative g.p.a., completion of at least one semester in residence at the University of Iowa, and junior or senior standing during session abroad.

ABRD:4067 Bogazici University Exchange arr.
Exchange program with Bogazici University in Istanbul, Turkey allows students to study in Turkey while fully integrating with Turkish students in student housing and regular classes; courses taught in English. Semester or academic year. Requirements: 3.00 minimum g.p.a. and junior or senior standing.

ABRD:4068 WHU-Otto Beisheim School of Management Exchange arr.
WHU-Otto Beisheim School of Management is a privately financed business school founded in 1984 near Koblenz, Germany; cities of Cologne, Mainz, and Frankfurt can be reached in under an hour; WHU maintains a network of more than 150 partner universities worldwide and has consistently high national and international rankings; areas of study include economics, finance, accounting, management, marketing, and entrepreneurship; courses taught in English; a variety of courses are offered for students who wish to continue study of German. Requirements: completion of at least one year of university study, good academic standing, and sufficient command of English to follow selected course of study; and minimum 2.75 g.p.a. for undergraduates.

ABRD:4300 Curitiba Exchange Program 12 s.h.
Reciprocal exchange to study at FAE Centro Universitario (Curitiba, Brazil); courses from regular curriculum for local students, in any one of their undergraduate programs in economics, business, mechanical/environmental engineering, or letters; students must have sufficient Portuguese language ability to follow courses taught in Portuguese. Semester or calendar year. Requirements: 2.80 g.p.a. and advanced-level Portuguese.

ABRD:4422 Kanda University of International Studies Exchange arr.
Reciprocal exchange program between the University of Iowa and Kanda University of International Studies; year of study at the Japanese Language and Culture Program at Kanda; small, ultramodern university; facilities designed to promote cross-cultural experience; Multilingual Communication Center has resources and equipment pertaining to Japanese, Korean, Spanish, Portuguese, Indonesian, Vietnamese, and Thai. Requirements: 3.00 minimum g.p.a. and completion of at least one semester in residence at the University of Iowa. Recommendations: strong record in Japanese.

**ABRD:4424 University of Meiji Exchange**  
Reciprocal exchange program between the University of Iowa and Meiji University; study in Tokyo as visiting foreign student in a department of one of Meiji’s various academic divisions; for undergraduates and graduate students with an appropriate research interest; the Japanese academic calendar runs late March through late January the following year, which involves spring through fall semesters at the University of Iowa. Requirements: 3.00 minimum g.p.a., sophomore standing or higher at time of enrollment in Meiji, and enrollment in fourth-year Japanese at time of application; graduate students intending to do research must have an appropriate project and proficiency at third-year level Japanese; graduate students participating in English-taught curriculum of the Special Graduate Student Exchange Program, Department of Political Science and Economics, must have sufficient Japanese to function in everyday living.

**ABRD:4425 Nagoya University of Foreign Studies Exchange**  
Language instruction at all levels and Japanese studies taught in English at Nagoya University of Foreign Studies. Semester or year.

**ABRD:4426 University of Nanzan Exchange**  
Reciprocal exchange program between the University of Iowa and Nanzan University in Nagoya; study at Nanzan’s Center for Japanese Studies; living options include a homestay program that places students in a Japanese home as a family member or residence hall accommodations; for students interested in developing fluency in Japanese language. Semester or year. Requirements: 3.00 minimum g.p.a. and completion of at least one semester in residence at the University of Iowa. Recommendations: strong record in Japanese.

**ABRD:4430 Teaching and Learning in Korea Program**  
Teach and Learn in Korea (TaLK) sends native English speakers to teach English to elementary school children in South Korea; prior to leaving for South Korea, participants receive training to teach English as a second language from UI College of Education faculty and have access to crash courses in Korean language and culture; on-site orientation, training, and excursions familiarize participants with Korean classrooms and culture; free housing, airfare reimbursement, and monthly stipend; no prior knowledge of Korean language/culture required. Requirements: junior standing.

**ABRD:4431 Ajou University Exchange**  
The Ajou University Exchange program is designed for students interested in South Korea; emphasis on global education, Ajou University offers a variety of courses taught in English; excellent opportunity for international and Korean students to take classes in their chosen fields while immersed in an international atmosphere; beneficial for international students anticipating careers in Asia or with multinational corporations, as well as to those seeking advanced degrees in international or area studies. Semester or academic year. Requirements: good academic and disciplinary standing.

**ABRD:4432 Ewha Womans University Exchange**  
The Ewha Womans University Exchange program offers a coeducational international program and welcomes all students, male and female, to study for one or two semesters as a nondegree seeking exchange or visiting student; variety of high-quality courses in various fields, including studies on Asia and Korea. Requirements: cumulative g.p.a. of 2.50.

**ABRD:4433 KAIST Exchange**  
Bilateral exchange agreement between the University of Iowa and the Korea Advanced Institute of Science and Technology (KAIST); study abroad in Korea at KAIST; wide range of classes offered on campus; for mature and independent students looking for more direct interaction with local students and culture. Requirements: good academic and disciplinary standing.

**ABRD:4436 Sungkyunkwan University Exchange**  
The Sungkyunkwan University Exchange program designed for students to enroll at a Korean university; challenging academic experience and unique cultural opportunity; plethora of courses in foreign languages provided to meet academic needs of international students; intriguing cultural activities where students can experience Korean culture and history. Requirements: 2.70 g.p.a. and sophomore or higher standing.

**ABRD:4437 University of Seoul Exchange**  
The University of Iowa and the University of Seoul (UOS) maintain a bilateral exchange agreement that allows UI students to study abroad in Korea at UOS; wide range of English-taught classes in a number of different colleges, including liberal arts, humanities, social science, business, and engineering. Requirements: good standing at the University of Iowa.

**ABRD:4438 Business and Culture in China**  
Exploration of business and cultural environment through a University of Iowa faculty-led study program in China; lectures, readings, case studies, company visits, and immersion in cultural experiences; development of greater awareness of Chinese history, politics, business, economics, and culture; topics may include Chinese business culture and relationships, local companies going global; business strategies of multinational companies in Chinese market; United States-China trade relations; entrepreneurship, Chinese consumer, sustainability, and social responsibility. Prerequisites: ECON:1100 and ECON:1200. Requirements: 2.75 cumulative and UI g.p.a., and minimum of 30 s.h. completed prior to program.
ABRD:4439 Chinese University of Hong Kong Exchange
The Chinese University of Hong Kong (CUHK) Accounting Exchange Program provides University of Iowa accounting students the ability to integrate a unique international experience with their academic program. Semester. Requirements: 3.00 Ul and cumulative g.p.a., completion of one semester toward UI accounting major, and good academic standing.

ABRD:4440 Hong Kong University of Science and Technology Exchange
The University of Iowa and Hong Kong University of Science (HKUST) maintain a bilateral exchange agreement that allows engineering undergraduate students to study abroad in Hong Kong at HKUST; courses taught in English alongside with local students and other exchange students. Requirements: engineering major and 2.70 g.p.a.

ABRD:4441 City University of Hong Kong Exchange
The University of Iowa and the City University of Hong Kong (CityU) have initiated an agreement allowing the schools to exchange students on a one-to-one ratio; one of the leading universities in Asia, CityU has a wide range of English-taught classes; originally targeted toward science and engineering majors, this agreement is open to students in all majors; wide range of courses that meet academic needs of students in liberal arts and science, business, and engineering. Requirements: good academic and disciplinary standing.

ABRD:4442 Seoul National University Exchange
The University of Iowa and Seoul National University (SNU) maintain a bilateral exchange agreement that allows students to study abroad in Korea at SNU; wide range of English-taught classes offered in a number of different colleges including engineering, business, liberal arts, humanities, social science, and education. Requirements: minimum g.p.a. of 3.00 and sophomore or higher standing.

ABRD:4443 Peking University Engineering Exchange
College of Engineering partnership with Peking University; wide range of engineering classes offered; intensive summer session. Requirements: engineering major and good academic standing.

ABRD:4510 International Student Exchange Program
Study on reciprocal exchange at foreign universities worldwide; some instruction in English. Year-long, one semester, and summer options. Requirements: 40 s.h. of credit, g.p.a. of at least 3.00, and in some cases, command of a foreign language.

ABRD:4701 University of KwaZulu-Natal Exchange
Introduction to South African culture from varied academic perspectives, summer session. Enrollment in regular University courses; fall and spring semesters.

ABRD:4901 Universidad Autónoma de Baja Journalism Exchange
Project VITAL students from Canada, the United States, and Mexico work to develop a better understanding and journalistic reporting of environmental, social, economic, and political issues surrounding management of continental water supplies in a variety of contexts, including impacts of global warming; exchange students and several hundred non-exchange peers are connected to one another, faculty, and subject experts through individual journalistic projects, a series of special forums, and development of a project web site. Requirements: nomination by School of Journalism and Mass Communication.

ABRD:4902 Universidad de Colima Journalism Exchange
Project VITAL students from Canada, the United States, and Mexico work to develop a better understanding and journalistic reporting of environmental, social, economic, and political issues surrounding management of continental water supplies in a variety of contexts, including impacts of global warming; exchange students and several hundred non-exchange peers are connected to one another, faculty, and subject experts through individual journalistic projects, a series of special forums, and development of a project web site. Requirements: nomination by School of Journalism and Mass Communication.

ABRD:4903 King's College Journalism Exchange
Project VITAL students from Canada, the United States, and Mexico work to develop a better understanding and journalistic reporting of environmental, social, economic, and political issues surrounding management of continental water supplies in a variety of contexts, including impacts of global warming; exchange students and several hundred non-exchange peers are connected to one another, faculty, and subject experts through individual journalistic projects, a series of special forums, and development of a project web site. Requirements: nomination by School of Journalism and Mass Communication.

ABRD:4904 Mount Royal College Journalism Exchange
Project VITAL students from Canada, the United States, and Mexico work to develop a better understanding and journalistic reporting of environmental, social, economic, and political issues surrounding management of continental water supplies in a variety of contexts, including impacts of global warming; exchange students and several hundred non-exchange peers are connected to one another, faculty, and subject experts through individual journalistic projects, a series of special forums, and development of a project web site. Requirements: nomination by School of Journalism and Mass Communication.
Reciprocal exchange program between the University of Iowa and Erasmus University Rotterdam; full-time students in M.B.A. and M.Ac. programs study for a semester in Rotterdam, The Netherlands; students from Tippie School of Management take courses in Rotterdam School of Management during fall semester; students from M.Ac. program take courses offered through Rotterdam School of Management's Master Programme in Accounting and Control during spring semester. Requirements: completion of at least one year of graduate study prior to participation in exchange and good academic standing; at least three years of work experience and non-Dutch citizen for M.B.A. student.
Sustainability

Coordinator
• Joel F. Wilcox

Undergraduate certificate: sustainability
Faculty: http://sustainability.uiowa.edu/teaching-and-research/certificate/advisory-committee-members/
Web site: http://sustainability.uiowa.edu/teaching-and-research/certificate/

For decades, world leaders have defined sustainability as the implementation of policies, processes, and practices that meet the needs of the present without compromising the ability of future generations to meet their own needs. Achievement of sustainability requires an understanding of human and environmental systems and the complex interactions between them.

The Certificate in Sustainability provides students with the knowledge and skills they will need in order to contribute to sustainable systems and their interactions, especially those related to energy, society, culture, economics, the built environment, health, and public policy. The program helps students become effective leaders and agents of change for sustainability in a wide range of vocations, such as academic researcher, teacher, corporate officer, technology specialist, farmer, grassroots advocate, or government official.

The Certificate in Sustainability is administered by University College.

Undergraduate Program of Study
• Certificate in Sustainability

Certificate

The Certificate in Sustainability requires 24 s.h. of credit. The certificate program is open to current University of Iowa undergraduate students and to all individuals who hold a bachelor's degree and are not enrolled in a graduate or professional degree program. Students must maintain a g.p.a. of at least 2.00 in work for the certificate.

Individuals must declare their intent to earn the certificate; see the Certificate in Sustainability web site for details.

Sustainability embraces many disciplines, methodologies, and institutional practices. Certificate students must have knowledge of the multidisciplinary breadth of the field, which is represented by the program's four areas of breadth electives: changing environments and human health; energy, climate, and built environments; ethics, economics, and public policy; and the power of culture and society. They also must have experience with analyzing real-life problems in and outside of the classroom and with working collaboratively to solve such problems.

Work for the certificate includes three introductory core courses; four breadth electives—one from each of the program's four elective areas; and one project course. Students may be able to count some certificate courses toward requirements for their majors or minors. They may count a maximum of three courses in a single department or program toward the certificate. A maximum of 6 s.h. of approved transfer credit may be counted toward the certificate. Certificate courses may not be taken pass/nonpass. A course may be used to satisfy only one certificate requirement.

The Certificate in Sustainability requires the following course work.

**INTRODUCTORY CORE**

Students complete the following three introductory core courses.

<table>
<thead>
<tr>
<th>Course</th>
<th>S.H.</th>
</tr>
</thead>
<tbody>
<tr>
<td>EES:1080/ENVS:1080 Introduction to Environmental Science</td>

Undergraduate Program of Study

EPSCoR Research Internship

Web site: http://iowaepscor.org

Iowa NSF EPSCoR (Experimental Program to Stimulate Competitive Research) supports summer research internships funded by the National Science Foundation for University of Iowa undergraduates. The EPSCoR program involves partnerships between the University of Iowa, Iowa State University, and the University of Northern Iowa for research on renewable energy (wind energy and biofuels), energy efficiency, and energy policy. The program's goals are to increase the number of students who choose careers in the STEM fields—science, technology, engineering, and mathematics—and to help the State of Iowa advance its capacity and competitiveness in research and technology.

Each intern is a member of a research group working on a specific project. Interns are mentored by the research group's faculty leader and graduate students and are expected to do research and to participate in weekly lab meetings and other scheduled activities of the group. At the end of the program, they have the opportunity to present their research findings in a poster session. Interns also interact with other student interns and participate in seminars, research lab tours, field trips, and social events.

Internships generally last eight to ten weeks, starting in late May or early June and ending in August. Most interns receive a stipend; in addition, room and board may be provided for students who live on campus during their internships. Application deadline is March 30 for the following summer.

Contact the Department of Chemical and Biochemical Engineering for more information.

Additional Undergraduate Programs

Research Experience for Undergraduates in Microbiology

Web site: http://www.medicine.uiowa.edu/microbiology/summer/

The Department of Microbiology offers URES:4130 Research Experience for Undergraduates in Microbiology, a 10-week summer program for qualified undergraduate students who are studying microbiology or other biological sciences and are interested in pursuing careers in science. Participants conduct research on a project they select, under the direct supervision of a faculty member.

Each participant receives a stipend and an allowance for food. The program reimburses participants for travel expenses and provides housing.

Applicants must be U.S. citizens or permanent residents who have completed their sophomore or junior year in a bachelor's degree program in the biological sciences. Application materials should include a completed online application, transcript, and two letters of recommendation. Deadline to apply is mid-February for the following summer.

Visit the program's web site or contact the Department of Microbiology, Carver College of Medicine, for more information.

Summer Undergraduate MSTP Research Program

Web site: http://www.healthcare.uiowa.edu/mstp/New/mstp/summer/index.htm

The Summer Undergraduate MSTP Research Program is an intensive 10-week experience for undergraduates interested in becoming physician scientists. Participants gain experience in research laboratories and exposure to clinical medicine and medically relevant research in preparation for careers in academic medicine.

Students conduct research in the laboratories of biomedical sciences faculty members, shadow physician scientists in clinical settings, participate in career development seminars, and attend a weekly seminar series focusing on the intersection of science and medicine.

Participants receive a stipend and are reimbursed for most of their travel expenses. The program provides lodging on campus in University housing.

Applicants must be U.S. citizens or permanent residents who will have completed their junior year in a bachelor's degree program in the biological or physical sciences by the summer of entry. Applicants should submit an application form (available on the program's web site); an official college transcript; and two letters of recommendation. Application deadline is early February for the following summer.

Contact the Medical Scientist Training Program, Carver College of Medicine, for more information.

Courses

Lower-Level Undergraduate

URES:2500 EPSCoR Undergraduate Research

0 s.h.

Participation in Experimental Program to Stimulate Competitive Research (EPSCoR) undergraduate research internship.

Upper-Level Undergraduate and Graduate

URES:3100 Iowa Center for Research by Undergraduates Research Ambassador

0-1 s.h.

Promotion of undergraduate research from all disciplines within campus community; hosting various on-campus events, leading workshops, presentations at student organization meetings and in-class; leadership and public speaking; regular meetings with ICRU staff.
URES:3200 Topics in Undergraduate Research
1-3 s.h.
Upper-level, interdisciplinary seminar and undergraduate research leadership; discussion of research and creative work on a broad level. Requirements: current involvement in research or creative project with UI faculty or staff member for at least one full semester or one summer session prior to start of course.

URES:3992 Undergraduate Research and Creative Projects
0 s.h.
Independent research or pursuit of a creative project under mentorship of a faculty supervisor.

URES:3993 Undergraduate Research and Creative Projects
1-4 s.h.
Independent research or pursuit of a creative project under mentorship of a faculty supervisor.

URES:3994 Undergraduate Research and Creative Projects
1-4 s.h.
Independent research or pursuit of a creative project under mentorship of a faculty supervisor.

URES:3995 ICRU Research Fellow
0 s.h.
Recognition of undergraduates involved in scholarly efforts of UI faculty and research staff; work on specific research and/or creative projects under selected mentors; funded annually by the Iowa Center for Research by Undergraduates (ICRU) through a competitive application process. Requirements: selection as ICRU Fellow.

URES:4130 Research Experience for Undergraduates in Microbiology
0 s.h.

URES:4150 Undergraduate MSTP Research
0 s.h.

URES:4170 Research Experience for Undergraduates in Nanoscience and Nanotechnology
0 s.h.
University Libraries

Director
• John P. Culshaw

Web site: http://www.lib.uiowa.edu/instruction/

Library Research in Context is an activity-based course that helps students integrate information skills and concepts into their academic tool kit, enabling them to develop habits of critical inquiry and to accomplish course goals. Designed primarily for sophomores and juniors, the course introduces students to the basic research process and helps them formulate research questions and evaluate information. It also touches on the social and ethical contexts of information. Subject-specialist librarians present the course, using in-class activities and assignments and class discussion. Most sections of the course are offered online.

Library Strategies for International Research helps students prepare to write an academic research paper and succeed in upper-level courses throughout their academic careers. Students work with a research librarian, gaining new skills and experience as they solve information-related problems. The class features small group activities, short student presentations, and an individual research consultation with the instructor. Students develop familiarity with a variety of research and popular materials, become experts in at least one academic research database, and enhance their critical thinking skills. The course lasts eight weeks.

Being Responsible Online: From Facebook to Academic Research introduces students to ethical issues that surround online information, especially in the context of social media. Discussion topics include issues of privacy, security, free versus fee-based information, censorship, one’s digital footprint, and academic integrity.

Courses

Lower-Level Undergraduate

ULIB:1001 Library Research in Context 1 s.h.
Academic research, effective use of the library and its resources, basic research methods, process of scholarly communication; content may be keyed to a discipline-specific course; students apply concepts and processes to their research projects; transferable skills.

ULIB:2001 Being Responsible Online: From Facebook to Academic Research 1 s.h.
Introduction to ethical issues surrounding online information; using information as researchers or creating information on a social networking site; issues of privacy, reliability, and intellectual property; skills to navigate online information responsibly and knowledgeably.

Upper-Level Undergraduate and Graduate

ULIB:3011 Library Strategies for International Research 1 s.h.
Skill development in international research; academic projects; work with research librarian; activity-based introduction to article, statistical, and governmental databases; research and popular materials; information discovery process (tools and search strategies); enhancement of critical thinking skills. Same as IS:3011.
University of Iowa Honors Program

Director
• Art L. Spisak

Web site: http://honors.uiowa.edu/

The University of Iowa Honors Program enriches the intellectual and personal lives of outstanding undergraduates across the University. It provides academic opportunities, cocurricular programs, special recognitions, and social events, many of which are held in the award-winning Blank Honors Center. It also sponsors three residential communities for honors students.

Honors at Iowa challenges students and helps them make connections. For example, honors students learn from some of the top professors on campus when they select from the University’s many honors courses.

Honors students engage in a wide variety of academic and cocurricular activities, with support from numerous programs. They enjoy extended library privileges, including longer loan periods. Honors Writing Fellows refine their own writing skills while they mentor other student writers. Some students investigate topics for Iowa communities and the Iowa Legislature through the Iowa Policy Research Organization. Those who need to find mentors and funding for research may request help from the Iowa Center for Research by Undergraduates.

All honors students may take part in programs that offer opportunities in the arts, sciences, politics, international relations, cultural explorations, and a variety of field trips.

The honors staff helps students tailor their honors curricula to enrich their majors. The staff also helps to arrange internships, service learning, study away, teaching, and other experiences for students exploring their interests in and beyond the classroom.

Undergraduate Program of Study

• University of Iowa Honors Program

Honors at Iowa helps students tailor opportunities to different educational needs and goals. Honors students may take honors courses every semester they are enrolled at the University. Honors courses generally are small and interactive. They connect students with distinguished professors and offer new topics each semester. Honors courses also are part of the regular curriculum, not additional requirements for graduation.

Students are encouraged to begin honors work early. In HONR:1100 Honors Primetime, entering students earn 1 s.h. of honors credit by taking a short course a few days before fall classes begin. Students who enter the honors program directly from high school take HONR:1300 Honors First-Year Seminar, earning 1 s.h. for fall semester work with selected professors on current topics. Honors students may fulfill General Education Program (p. 313) requirements by completing honors sections such as RHET:1030 Rhetoric, ENGL:1200 The Interpretation of Literature, and CHEM:1110 Principles of Chemistry I.

Upper-level students may take honors courses in their majors or pursue individual instruction with faculty members through honors courses such as HONR:3994 Honors Research Practicum. Students may also earn honors credit for a non-honors course by developing an honors contract with the course instructor; the student and instructor negotiate a unique project for the course and develop the honors contract around the project.

Additional academic opportunities include honors advanced seminars, honors major seminars, graduate courses, honors studies, and honors practicums in teaching and service.

Students learn about honors opportunities in weekly e-mails from the honors program. Honors professional staff members and peer advisors offer guidance in personal meetings and group presentations. In addition, the honors staff helps students design individualized curricula for their special interests. To learn more, visit Academics on the honors program web site.

JOINING THE HONORS PROGRAM

Honors at Iowa offers membership to students entering the University directly from high school based on students’ grades and test scores. Entering students who are not offered membership may request an admission invitation by submitting a high school transcript, a teacher’s recommendation, and a personal statement explaining why he or she would like to be admitted to the University of Iowa Honors Program.

New transfer students who have a cumulative g.p.a. of at least 3.50 and have earned at least 24 s.h. of college credit are offered membership in the honors program. Transfer students with less than 24 s.h. of college credit are considered for honors on the same basis as are students who enter the University directly from high school.

Continuing University of Iowa students who maintain a UI cumulative g.p.a. of at least 3.50 are eligible to join the honors program.

To remain in the honors program and to graduate with University honors, students must maintain a University of Iowa cumulative g.p.a. of at least 3.33 and complete specific honors program requirements. For more information about joining the University of Iowa Honors Program, see Joining Honors on the program’s web site.

COLLEGIATE HONORS AND HONORS IN THE MAJOR

In addition to graduating with University honors through the University of Iowa Honors Program, students may graduate with collegiate honors or honors in their majors. Each college and/or major sets its own requirements for graduation with honors. Graduation with collegiate honors and with honors in the major are recognized at commencement and are noted on the student’s transcript. Visit the individual Catalog sections to learn about requirements for collegiate honors or honors in the major.

Graduation with University Honors

Students must accept a formal invitation from the University of Iowa Honors Program in order to become members; see “Joining the Honors Program” above.

All students who enter the honors program must attend an honors orientation.
Graduation with University honors through the University of Iowa Honors Program is recognized at commencement and is noted on the student’s diploma and transcript. Honors program students completing degree programs in the Colleges of Education, Engineering, Liberal Arts and Sciences, and Nursing and the Tippie College of Business may graduate with University honors. Honors requirements for engineering students are different from those for students in the other colleges.

Graduation with University honors requires the following work.

Business, Education, Liberal Arts and Sciences, and Nursing Students
Students earning bachelor's degrees in the Colleges of Education, Liberal Arts and Sciences, and Nursing and in the Tippie College of Business complete a two-level program of approved course work (level one) and experiential learning (level two) in order to graduate with University honors. Students are not required to complete all level-one requirements before they begin work on level two.

LEVEL ONE: BUILDING KNOWLEDGE
Level one requires students to earn 12 s.h. of credit in honors course work during their first four semesters in the honors program. Students may count a maximum of one honors contract course toward the level-one requirement; under certain circumstances, they may count up to 6 s.h. of honors contract course credit. Level one requires the following course work.

Complete an honors First-Year Seminar during the first semester at the University of Iowa (for students who enter the honors program directly from high school).

Complete an honors course or an honors contract course during the first semester in the honors program.

Complete additional honors course work to total 12 s.h. (the level-one requirement).

LEVEL TWO: LEARNING BY DOING
Level two requires students to complete 12 s.h. in approved experiential learning activities. Students may satisfy the requirement with one of the options below, or they may combine two or more of these options in order to earn the 12 s.h. of credit required for level two.

Earn honors in the major; this option fulfills the entire level-two requirement.

Earn up to 12 s.h. in mentored research; earning the maximum 12 s.h. fulfills the entire level-two requirement; students who earn less credit for mentored research may combine it with another option to fulfill the level-two requirement.

Study abroad for a minimum of two semesters (fall and/or spring) or the equivalent; carry out a preapproved independent project while abroad and present a poster on the project or write a report about it; this option fulfills the entire level-two requirement.

Earn up to 6 s.h. for a single semester of study abroad with an independent project, including a summer or between-semester experience.

Complete an internship and carry out a preapproved independent project during the internship; present a poster on the project or write a report about it; internships normally count for up to 6 s.h. of the level-two requirement, but in some cases they count for the entire 12 s.h. required for level two.

Earn up to 6 s.h. in honors course work approved for the level-two requirement.

Engineering Students
Students earning a Bachelor of Science in Engineering complete 24 s.h. in a program of approved course work and experiential learning in order to graduate with University honors. They must complete one honors course during their first semester in the honors program, earn 6 s.h. of the required 24 s.h. in honors course work, and complete 12 s.h. of the required 24 s.h. during their first six semesters in the honors program. Requirements may be different for honors students who complete the Grand Challenges for Engineering program.

Students may complete one of the options below, or they may combine two or more of the options in order to earn the required 24 s.h. of honors credit.

Complete the Grand Challenges for Engineering program; this option fulfills the entire 24 s.h. honors requirement.

Earn up to 12 s.h. in honors course work, which may include graduate courses.

Earn up to 12 s.h. in mentored research (earn 3 s.h. by completing 10 hours of mentored research work per week for a fall or spring semester; earn 6 s.h. by completing 20 hours of mentored research work per week for a summer session).

Earn up to 12 s.h. in study abroad (earn 6 s.h. for one fall or spring semester or an equivalent amount of time during summer and between semesters); carry out a preapproved independent project while abroad and present a poster on the project or write a report about it.

Earn up to 12 s.h. by completing one or more internship or co-op experience (earn 6 s.h. for a 15-week experience requiring 40 hours of work per week; earn 3 s.h. for a 15-week experience requiring 20 hours of work per week; earn 4 s.h. for a 10-week experience requiring 40 hours of work per week; earn 2 s.h. for a 10-week experience requiring 20 hours of work per week); students must register their internships and co-op experiences with the College of Engineering and meet the college's reporting and evaluation requirements.

Earn up to 10 s.h. (no more than 4 s.h. from one single area) by completing a preapproved engineering community engagement experience (each experience listed earns 2 s.h. per semester) in the following activities: fill a leadership position in an approved engineering student organization; be a Hanson Center for Technical Communication peer consultant; or serve as an engineering tutor, engineering teaching assistant, engineering student ambassador, or engineering peer advisor. Students must complete the Engineering Community Engagement Experience Verification form in order to earn honors credit for the experiences.

Earn honors in the student's engineering major; this option counts for 12 s.h. of University honors credit.

Academic Activities
Honors Peer Advisors earn academic credit for acquiring and then sharing knowledge of honors opportunities.
by organizing events around campus and meeting with prospective students and their parents.

**Honors Writing Fellows** are trained and paid to assist in undergraduate courses by mentoring a dozen students each semester on two major writing assignments.

The **ICRU Research Ambassadors** earn academic credit for showing how and why research with faculty mentors is an important aspect of education at the University of Iowa.

The **Iowa Policy Research Organization** selects a dozen honors students each year to earn academic credit by learning to do policy analysis and then writing policy papers for Iowa communities and the Iowa Legislature.

**Study away** in foreign countries enables students to earn academic credit for course work, research, or service.

Learn more about honors activities and Experience-Based Learning on the honors program web site.

### Cocurricular Programs

Honors at Iowa offers students a rich variety of activities outside the classroom. Many honors students find cocurricular programming a good way to meet people, get involved, and learn more about the world around them. Some of the programs are volunteer, some offer pay, and some award honors credit. These opportunities provide peak educational experiences, especially extensive and intensive interactions with faculty mentors and other talented students.

The **Honors Student Advisory Committee** enables volunteers to work with the honors director on awards, initiatives, and priorities for honors education at the University of Iowa.

**Honors interns** receive academic credit for service learning that is mentored by faculty members and provided in professional or other practical settings.

**Honors newsletters** inform readers on and beyond the campus about honors at the University of Iowa.

The **honors student staff** earn pay to make the Blank Honors Center useful to students. They also produce most honors cocurricular programs.

**Honors summer ambassadors** earn pay to orient entering students to the honors program by informing them of academic opportunities and activities.

**ICRU fellows** receive scholarships from the Iowa Center for Research by Undergraduates to do research and creative projects with faculty mentors in professional fields of study.

**Honors Arts** sends groups of honors students to music, dance, and theater events at the University and in the community. Students have opportunities to interact with artists, faculty members, and other honors students through related discussions, lectures, and visits.

**Honors Gallery** takes advantage of the Blank Honors Center’s design to display art. It exhibits student works throughout the year and complements the exhibits with receptions and other events.

The **Iowa City Foreign Relations Council** hosts luncheon dialogues on relevant international issues. Past speakers include award-winning journalists, Nobel Peace Prize laureates, seasoned diplomats, prominent politicians, and policy analysts. Honors students become better informed about world affairs by listening to and talking with these expert speakers.

The **Presidential Scholars Community** involves recipients of Iowa’s top merit scholarships in shared classes, opportunities for funded research in the first year, and service. Scholars participate in legacy projects, dinners with faculty and key administrators, scholarship and fellowship mentoring programs, and volunteer projects.

The University of Iowa Honors Program advises four major national and international honor societies: Phi Eta Sigma, National Society of Collegiate Scholars, Mortar Board, and Omicron Delta Kappa. It also works closely with Phi Beta Kappa in the College of Liberal Arts and Sciences. These societies provide select students with opportunities to lead, serve their communities, and cultivate academic excellence.

To learn more, visit Student Activities on the honors program web site.

### Financial Support

Honors at Iowa helps students apply for scholarships, fellowships, awards, and prizes. The program offers its own scholarships to continuing honors students selected from academic programs throughout the University. Honors scholarships are not available to incoming first-year or transfer students.

Iowa students win major national and international scholarships each year. Honors provides advising and nominations for Rhodes, Marshall, Gates Cambridge, Churchill, Truman, Udall, Goldwater, Humanity in Action, National Science Foundation, and other prominent scholarships and fellowships. The Iowa Center for Research by Undergraduates provides research scholarships for students who pursue research or creative projects under the mentorship of University of Iowa faculty members. Announcements about scholarships and other awards appear in honors program e-mails and on the program’s web site. Learn more at UI Undergraduate Scholarships & Fellowships on the honors program web site.

### Facilities

**Blank Honors Center**

Honors at Iowa makes its home in the Blank Honors Center, a modern facility that fosters community among honors students. The Blank Honors Center is located at the center of the University’s main campus, next to residence halls and classroom buildings. It offers social areas, a kitchenette, quiet study areas, wireless Internet access, a computer lab, and classrooms for students. The center also houses the honors staff and has rooms for meetings, events, presentations, and conversation.

**Honors Residential Communities**

The honors program sponsors three living-learning communities. Each community hosts its own social events, and all community members have access to the full range of honors academic and cocurricular opportunities.

Honors House is for first-year honors students. It is located in Daum Hall and is connected to the Blank Honors Center by a skywalk. Honors House provides a convenient place for residents to socialize and study together. It also
sponsors academic and social events for honors students living in Daum Hall.

STEM Scholars is for first-year honors students. Preference is given to Old Gold and Presidential Scholarship recipients. First-year honors students in this community are required to take a seminar (1 s.h.) focusing on undergraduate research as well as an honors section of CHEM:1110 Principles of Chemistry I. STEM Scholars enjoy social opportunities to connect with other students and University of Iowa research faculty and staff.

Honors Centerstone is open to continuing and transfer honors students. It offers networking and other support for students who are highly engaged in learning and service activities on or beyond the campus. Some of its social events are held in the Blank Honors Center.

Students must apply to live in the honors residential communities. See Living-Learning Communities on the University Housing & Dining web site for information about how to apply. Visit Housing on the honors program web site to learn more about the honors living-learning communities.

Courses
Honors courses are specifically for honors students.

**Lower-Level Undergraduate**

**HONR:1100 Honors Primetime** 1 s.h.
Preparation for honors opportunities, especially activities and courses; team work on projects that develop skills of invention and communication; presentation of products and performances; connect honors students, honors teachers, and staff members.

**HONR:1300 Honors First-Year Seminar** 1-2 s.h.
Small discussion classes taught by faculty members on special topics; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities, field trips). Requirements: first- or second-semester standing.

**HONR:1610 Honors Seminar in Historical Perspectives** 3 s.h.
Small-class learning with a faculty member to explore and explain historical developments. GE: Historical Perspectives.

**HONR:1620 Honors Seminar in International and Global Issues** 3 s.h.
Small-class learning with a faculty member to introduce perspectives of other nations and cultures through international or global issues. GE: International and Global Issues.

**HONR:1630 Honors Seminar in Literary, Visual, and Performing Arts** 3 s.h.
Small-class learning with a faculty member to appreciate, analyze, create, or perform art. GE: Literary, Visual, and Performing Arts.

**HONR:1640 Honors Seminar in Natural Sciences** 3 s.h.
Small-class learning with a faculty member on natural science topics. GE: Natural Sciences without Lab.

**HONR:1650 Honors Seminar in Quantitative and Formal Reasoning** 3 s.h.
Patterns of reasoning useful for understanding and evaluating scientific evidence, theory, controversy; historical and contemporary examples from physical, biological, behavioral, and biomedical sciences. GE: Quantitative or Formal Reasoning.

**HONR:1660 Honors Seminar in Social Sciences** 3 s.h.
Small-class learning with a faculty member on social science topics. GE: Social Sciences.

**HONR:1670 Honors Seminar in Values, Society, and Diversity** 3 s.h.
Small-class learning with a faculty member to explore fundamental questions on human experience from cultural, social, performative, philosophical, or spiritual perspectives. GE: Values, Society, and Diversity.

**HONR:1850 Honors Seminar in Communication and Literacy** 3 s.h.
Small-class learning with a faculty member; focus on writing, speaking, and critical reading skills or analysis of fiction, poetry, drama, essays.

**HONR:1883 War** 3 s.h.
Emotions soldiers have as they fight, what makes them continue voluntarily to face death, and how modern society memorializes these experiences; how literature and art transform the experience of war; human responses to war in Homer’s *Iliad* and select Greek tragedies. GE: Values, Society, and Diversity. Same as CLSA:1883.

**HONR:1885 Reading the Ancient City** 3 s.h.
How ancient Mediterranean and Near Eastern peoples from third millennium B.C.E. to fourth century C.E. described, celebrated, and deplored life in their great cities (Babylon, Jerusalem, Athens, Alexandria, Rome); readings selected from ancient literary prose, poetry, drama, and religious writings; study of popular writing (e.g., ancient inscriptions, graffiti, letters, prayers, account books, and magic spells). GE: Interpretation of Literature.

**HONR:2600 Honors Special Topics** 1-3 s.h.
Small-class learning with a faculty member on special topics.

**Upper-Level Undergraduate and Graduate**

**HONR:3050 Honors Studies** arr.
Independent studies arranged with faculty members who certify satisfactory completion of study plans and performance for topics not covered by other UI courses.

**HONR:3100 Honors Teaching Practicum** 1-3 s.h.
Teaching internship in first- and second-year courses; may include providing tutorial assistance, conducting review sessions, aiding course organization.
HONR:3150 Honors Service Learning       arr.
Service learning projects arranged with faculty members who certify satisfactory completion of study plans and service.

HONR:3160 Honors Internship             0-3 s.h.
Independent service internship arranged with faculty members, who certify satisfactory performance and completion of project.

HONR:3170 Honors Peer Advising          1-2 s.h.
Experience sharing knowledge and experiences of the Honors Program with other students in meetings during office hours, online chats, other venues; peer advisors answer questions, provide information, help students find honors opportunities in and out of class.

HONR:3210 Honors Policy Research
Practicum                              1 s.h.
Theory and practice of public policy research; development of policy-research skills; production of policy-research papers. Requirements: sophomore or junior standing.

HONR:3220 Honors Writing Fellows:
Writing Theory and Practice           3 s.h.
Preparation of honors students selected as writing fellows to serve as peer tutors in writing-intensive courses; theories of writing, evaluation of drafts, peer tutoring with students. Requirements: sophomore or junior honors standing, admission to Writing Fellows Program, and availability to work as a writing fellow in subsequent semesters.

HONR:3400 Honors Writing Workshop      1-3 s.h.
Learn writing through the Iowa workshop tradition of sharing new work with colleagues who provide detailed, constructive suggestions in response; emphasis on invention, structure, style; each edition targets a distinct kind of writing; an experienced writer leads the workshop with meeting formats; credit suited to exercises for the type of featured writing. Requirements: completion of Rhetoric requirement.

HONR:3994 Honors Research Practicum   1-3 s.h.
Individual research performed in conjunction with a faculty member's research.

HONR:4990 Honors Thesis or Project    1-3 s.h.
Culminating project of research or artistic creation; preparation and completion of the final product associated with graduation with honors in the student's major. Requirements: member of the University of Iowa Honors Program and junior or senior standing.
University of Iowa Upward Bound

Interim director
• Georgina Dodge

Project director
• Robert L. Welch II

Web site: http://diversity.uiowa.edu/unit/trio-upward-bound

Precollege Program of Study
University of Iowa Upward Bound is an academic program for eligible high school students from three southeastern Iowa communities. Students participate during the academic year at their local high school and attend a six-week residential program on the University of Iowa campus from mid-June through July. Participants take mathematics, science, language arts, and foreign language courses to prepare them for classes they will take at their local high school in the fall. They also participate in extracurricular activities, field trips, and college visits.

Bridge students (those who will enter college in the fall) enroll in a University of Iowa course during the six-week summer session. Bridge students participate in an on-campus job shadow and take a college transition seminar.

Participants receive all services at no cost.

To be admitted to University of Iowa Upward Bound, students must:
- reside in the target area and attend a target school;
- be in grade 9, 10, or 11;
- have a family income that meets U.S. Department of Education low-income guidelines; and
- be a potential first-generation college student.

Upward Bound provides services to students until they graduate from high school and enroll in postsecondary education.

University of Iowa Upward Bound serves students who attend the following Iowa high schools: Columbus Community High School, Muscatine High School, and West Liberty High School. Other postsecondary institutions in Iowa and across the nation sponsor Upward Bound programs. High school students who do not attend schools served by the University of Iowa program should ask their counselors whether an Upward Bound program serves their area.

For more information, contact University of Iowa Upward Bound.

Courses

Pre-Lower Level

UIUB:0018 Upward Bound Project 0 s.h.
Division of Continuing Education

Dean
• Chet Rzonca

Web site: http://www.uiowa.edu/dce/

The Division of Continuing Education increases access to the services and resources of the University of Iowa. In partnership with the University's colleges and departments, the division provides high-quality credit and noncredit courses, workshops, and programs to traditional and nontraditional learners. Using a variety of locations, schedules, and technologies, the division helps provide a University of Iowa learning environment beyond the physical borders of campus.

The division administers the following programs.

Summer and Winter Sessions

Assistant dean: Marlys Boote

The University of Iowa conducts summer sessions of four, six, eight, and 12 weeks. Classes also are offered outside these normal summer session terms. In addition, a short winter session is offered during the break between the fall and spring semesters.

Students may take undergraduate and graduate course work during the summer and winter sessions. Classes during these sessions are taught mainly by University of Iowa faculty members, so students receive the same first-rate instruction provided during the spring and fall semesters. Courses are offered in a variety of formats both on and off campus. They are open to University of Iowa students and to persons not formally admitted to a degree program.

Distance Programs and Courses

Associate dean: Anne Zalenski

Web site: http://distance.uiowa.edu

The University of Iowa offers a number of degree and certificate programs available entirely by distance education. These programs of study are supported by hundreds of courses that are offered in a variety of ways, including online, independent study, virtual classroom technologies, and a combination of formats. The division also offers on-site programming in the Quad Cities, Sioux City, Des Moines, and at Iowa Lakeside Laboratory.

The University has established partnerships with all of Iowa's community colleges so that Iowans who earn an associate's degree at their community college can continue to live and work in their communities while earning a degree from the University of Iowa.

For information about programs, procedures, and enrollment, contact the Division of Continuing Education.

Bachelor of Applied Studies

Web site: http://distance.uiowa.edu/bas

The Bachelor of Applied Studies (B.A.S.) is a bachelor's degree that may be completed entirely by distance education. The degree requires a minimum of 120 s.h. and is offered without an academic major, but students may include certificate programs within their degree or develop an area of emphasis by selecting from seven B.A.S. tracks. Students may earn credit toward the degree by taking courses offered in varied distance education formats; they also may use courses offered in on-campus formats. Applicants must hold an Associate of Applied Science (A.A.S.), an Associate of Arts (A.A.), or an Associate of Science (A.S.) degree. The B.A.S. is awarded by University College and is administered by the Division of Continuing Education. For a detailed program description, see Bachelor of Applied Studies (p. 1192) (University College) in the Catalog.

Bachelor of Business Administration

Web site: http://distance.uiowa.edu/article/

undergraduate-certificate-entrepreneurial-management

The Bachelor of Business Administration (B.B.A.) with a major in management, entrepreneurial management track, may be completed entirely by distance education. The degree requires a minimum of 120 s.h. of credit.

To be admitted to the program, individuals must have earned a minimum of 60 s.h. of college-level credit with a g.p.a. of at least 2.75, and they must have completed four prerequisite courses (business calculus, statistics, microeconomics, and financial accounting) with a g.p.a. of at least 2.75 and no grade below C. The degree is awarded by the Tippie College of Business and is administered by the Division of Continuing Education. For a description of the program, see Management and Organizations (p. 682) in the Catalog.

Bachelor of Liberal Studies

Web site: http://distance.uiowa.edu/bls

The Bachelor of Liberal Studies (B.L.S.) is a bachelor's degree that may be completed entirely by distance education. The degree requires a minimum of 120 s.h. and is offered without an academic major, but students may include certificate programs or emphasis areas within the degree. Students may earn credit toward the degree by taking courses offered in varied distance education formats; they also may use courses offered in on-campus formats. Applicants must have either an Associate of Arts (A.A.) degree or have earned at least 60 s.h. of credit. The B.L.S. is awarded by University College and is administered by the Division of Continuing Education. For a detailed program description, see Bachelor of Liberal Studies (p. 1195) (University College) in the Catalog.

Center for Conferences

Director: Jo Dickens

Web site: http://www.continuetolearn.uiowa.edu/conferences/

The University of Iowa Center for Conferences (UICC) is the University's principal agency for initiating, coordinating, conducting, and supporting noncredit continuing education programs. It also serves as the University of Iowa's Continuing Education Unit (CEU) database.

UICC coordinates national and international conferences for University faculty, departments, colleges, administrative units, student groups and related academic societies, professional associations, and other groups.
sponsored by the University. Services include initial planning, site location, budget development, income and expense management, payment processing, and online conference registration.

The Center for Conferences uses facilities on the University of Iowa campus as well as those located in Iowa City and Coralville, throughout Iowa, and nationwide. For more information, visit the Center for Conferences web site.

Iowa Lakeside Laboratory

**Executive director:** Chet Rzonca  
**Web site:** [http://www.continuetolearn.uiowa.edu/lakesidelab/](http://www.continuetolearn.uiowa.edu/lakesidelab/)

Iowa Lakeside Laboratory is a field station run cooperatively by the University of Iowa, Iowa State University, and the University of Northern Iowa and administered by the University of Iowa. The laboratory offers summer courses and research opportunities for undergraduate and graduate students. Courses focus on the ecology, taxonomy, and conservation of northern plains animals, plants, microorganisms, and ecosystems. Students take one course at a time, 40 hours per week, for one to four weeks. Class sizes are small, and most students spend at least part of every day outdoors.

The Board of Regents, State of Iowa, has designated Lakeside Laboratory a Regents Resource Center, dedicated to providing lifelong learning opportunities for Iowans.

For information about academic programs and courses at the laboratory, see Iowa Lakeside Laboratory (p. 1212) (University College) in the Catalog or visit the Iowa Lakeside Laboratory web site.

Iowa Summer Writing Festival

**Director:** Amy Margolis  
**Web site:** [http://www.iowawritingfestival.org/](http://www.iowawritingfestival.org/)

The Iowa Summer Writing Festival is a noncredit creative writing program for adults. The festival brings some 1,300 writers to the University of Iowa campus each summer to participate in weeklong and weekend workshops across the genres. Writers at all levels are welcome.

Participants choose from more than 135 workshops, including novels, short fiction, gothic fiction, poetry, memoirs, essays, playwriting, travel, humor, writing for children and young adults, and more. Festival classes are conducted as workshops, where the primary texts are participants’ own creative work.

Weeklong workshops meet for three hours each day, Monday through Friday, and include individual student/instructor conferences. Weeklong sessions feature a daily lecture series on aspects of literary craft, as well as evening readings and other events. Weekend sessions meet for eight hours over two days. Visit the Iowa Summer Writing Festival web site for information about workshops, schedules, and registration. Program information for the coming summer is posted in mid-January.

Iowa Young Writers' Studio

**Director:** Stephen Lovely  
**Web site:** [http://iowayoungwritersstudio.org](http://iowayoungwritersstudio.org)

The Iowa Young Writers’ Studio is a two-week summer residential creative writing program for high school students who love to write. Students build a community of peers while working with experienced writing teachers, primarily students and graduates of the University's M.F.A. program in creative writing.

The studio offers three courses of study: poetry, fiction, and creative writing (a mix of poetry, fiction, and creative nonfiction). Each course consists of a seminar and a workshop. In seminars, students read literature by established writers. In workshops they share their own writing, get feedback from their classmates and teacher, and discuss issues of narrative and form.

The studio offers two two-week sessions: one in June and one in July. Young writers who have completed grade 10, 11, or 12 are eligible to attend the studio. Application materials include an application form, a creative writing sample, a statement of purpose, a high school transcript, and a letter of recommendation from an English teacher or another instructor familiar with the applicant's writing. Applications are submitted online. For complete application information, contact the Iowa Young Writers' Studio or visit its web site.

John and Mary Pappajohn Education Center

**Director:** Chet Rzonca  
**Manager:** Richard Gardner  
**Web site:** [http://www.uiowa.edu/jmpec/](http://www.uiowa.edu/jmpec/)

The John and Mary Pappajohn Education Center (JMPEC) serves a wide range of adult learning needs. It also provides central Iowa students with access to a variety of University of Iowa undergraduate and graduate degree programs and courses. The center is located in downtown Des Moines, Iowa, close to many corporate businesses and government offices. With classrooms that can accommodate groups of up to 60 people, JMPEC is ideal for small conferences, educational workshops, and meetings. It is equipped to handle on-site instructional technology and to deliver distance education to students anywhere. JMPEC also makes noncredit learning opportunities for professional and workforce development available to corporations and individuals. Learn more at the John and Mary Pappajohn Education Center web site.

Labor Center

**Director:** Jennifer Sherer  
**Web site:** [http://www.continuetolearn.uiowa.edu/laborctr/](http://www.continuetolearn.uiowa.edu/laborctr/)

The University of Iowa Labor Center provides educational programs to Iowa's working people and their organizations. The center offers a wide range of noncredit courses on workplace rights, labor issues, and skills necessary for effective union leadership. Typical course topics include steward education and contract administration, collective bargaining, labor and employment law, public policy issues, leadership development, organizing and mobilizing, economics, labor history, workplace health and safety, and other content relevant to workers and union members. Courses are offered both on and off campus at times and locations convenient to working adults.

The Labor Center also conducts applied research, publishes educational materials on workplace issues, and conducts public programming on labor issues on the University of Iowa campus and in Iowa communities.
Administrative Officers

Board of Regents, State of Iowa

The Board of Regents, State of Iowa, governs the University of Iowa, Iowa State University of Science and Technology, the University of Northern Iowa, the Iowa Braille and Sight-Saving School, and the Iowa School for the Deaf.

President: Bruce L. Rastetter, Alden
President pro tem: Katie S. Mulholland, Marion

Allen, Jonathan Sayre, Lecturer, Music, 2011 (2011); BM 2005 Northern Colorado; MM 2007 Utah; DMA 2011 University of Iowa

Allen, Lee-Ann, Professor, Internal Medicine/Microbiology, 1996 (2010); BS 1982 California-Riverside; MS 1983 California-Riverside; PhD 1990 Wisconsin-Madison

Allen, Megan Erin, Adjunct Instructor, University College Courses, 2008 (2014); BA 1998 Iowa; MA 2008 Keller School Mgmt, DeVry Univ

Allendorf, Lynn Michelle, Adjunct Lecturer, Management Organizations, 2001 (2001); BS 1986 Iowa; MBA 1997 Iowa

Almiron, Rosario, Adjunct Instructor, Preventive Community Dentistry, 2012 (2012);

Almomani, Thakir Damir Judi, Adjunct Instructor, Biomedical Engineering, 2007 (2007); BSc 1998 Jordon Univ; MS 2001 Jordon Univ; PhD 2007 Iowa

Almtmaier, Elizabeth M., Professor, Community Behavioral Health/Psych Quant Foundations, 1980 (1989); BA 1973 Wheaton; MA 1975 Ohio State; PhD 1977 Ohio State

Altman, Charles, Emeritus Professor, Cinema Comparative Literature, 1974 (1986); MA 1966 Duke; AB 1966 Duke; PhD 1971 Yale

Alton, Donald A., Emeritus Professor, Computer Science, 1970 (1981); BA 1965 Rice; PhD 1970 Cornell

Amad, Paula T., Associate Professor, Cinema Comparative Literature, 2004 (2009); MA 1990 Melbourne; BA 1990 Melbourne; PhD 2002 Chicago

Amada, Kenneth, Emeritus Professor, Music, 1967 (1976);
Anderson, Carryn M., Clinical Assistant Professor, Radiation Oncology, 2008 (2008); MD 2003 Texas Medical Branch

Anderson, Charles V., Emeritus Associate Professor, Communication Sciences and Disorders, 1966 (1968);

Anderson, Daniel D., Professor, Mathematics, 1974 (1983); BA 1971 Iowa; MS 1971 Chicago; PHD 1974 Chicago

Anderson, Dawn Renee Barker, Lecturer, Law-Faculty, 2001 (2001); BA 1992 N.-Iowa; JD 1995 Iowa

Anderson, Donald Dean, Associate Professor, Biomedical Engineering/Orthopaedics and Rehabilitation, 2004 (2009); BSE 1985 IOWA; MS 1986 IOWA; PHD 1989 IOWA

Anderson, Erling A., Emeritus Associate Professor, Psychology, 1989 (1993); BA 1972 Wisconsin; MA 1981 Iowa; PHD 1984 Iowa

Anderson, Kenneth W., Clinical Adjunct Assistant Professor, Pediatrics, 1975 (1975); MD 1972 Northwestern

Anderson, Lars Gunnar, Adjunct Lecturer, Law-Faculty, 2013 (2013);

Anderson, Mark Edward, Adjunct Professor, Radiation Oncology/Physiology/Internal Medicine, 2005 (2005); BA 1981 Macalester; PHD 1987 Minnesota; MD 1989 Minnesota

Anderson, Michael Gary, Associate Professor, Ophthalmology Visual Science/Physiology, 2004 (2010); PHD 1997 Iowa

Anderson, Paul G., Emeritus Professor, Music, 1949 (1968); BM 1948 Iowa; MA 1949 Iowa

Anderson, Rachel L., Emeritus Associate Professor, Health Management Policy, 1999 (2005); BA 1987 Beloit; PHD 1997 Northwestern

Anderson, Raymond Ronald, Adjunct Assistant Professor, Earth and Environmental Sciences, 1993 (1993); PHD 1992 Iowa

Anderson, Richard, Lecturer, English as Second Language, 2010 (2010); MA 2010 Northern Iowa

Anderson, Robert F., Clinical Adjunct Associate Professor, Pediatrics, 2002 (2009); BA 1971 SAINT MARY’S; MD 1975 IOWA

Anderson, Rockford Charles, Adjunct Assistant Professor, Pharmacy, 2010 (2012); PHARMD 2006 Drake

Anderson, Scott Mitchell, Adjunct Assistant Professor, Preventive Community Dentistry/Family Dentistry, 2012 (2012); BBA 2001 University of Iowa

Anderson, Steven Wayne, Associate Professor, Neurology, 1994 (2003); BA 1982 South Florida; MA 1985 Iowa; PHD 1987 Iowa

Anderson, Steven Paul, Adjunct Assistant Professor, Family Dentistry, 2005 (2005); DDS 1980 Iowa

Anderson, Teresa M., Adjunct Instructor, Pharmacy, 2009 (2009); BSPH 1995 South Dakota State

Anderson-Suddarth, Julie Linn, Clinical Adjunct Assistant Professor, Pediatrics, 2006 (2006); BS 1995 Northeast Missouri State; MD 1999 Iowa

Andreasen, Nancy Coover, Professor, Psychiatry/ICTS - Education, 1973 (1981); BA 1958 Nebraska; MA 1959 Radcliffe; PHD 1963 Nebraska; MD 1970 Iowa

Andreasen, Andrew August, Clinical Adjunct Assistant Professor, Family Medicine, 1995 (2002); MD 1989 Iowa

Andrews, Emily Marie, Adjunct Instructor, Communication Sciences and Disorders, 2005 (2005); MA 1999 Iowa

Andrews, James G., Emeritus Professor, Mechanical Engineering, 1964 (1983); BSME 1957 Iowa; MS 1959 Iowa

Andrews, Janet Isabel, Clinical Assistant Professor, Obstetrics Gynecology, 2014 (2007); BA 1983 BOWDOIN, ME; MD 1990 VANDERBILT, TN

Ang, Leybie, Clinical Adjunct Assistant Professor, Pediatrics, 2012 (2012);

Angel, Cathy P., Adjunct Lecturer, Teaching and Learning, 2015 (2015);

Anguelov, Zlatko, Adjunct Lecturer, Interdisciplinary Programs, 2008 (2008); MD 1972 Varna, Bulgaria; MA 1995 McGill

Angwin, Kari Ann, Adjunct Instructor, Pharmacy Practice and Science, 2013 (2013);

Ankenmann, Robert D., Associate Professor, Psych Quant Foundations, 1994 (2000); BED 1984 Western Ontario; SCB 1984 University of Waterloo; MED 1990 New Brunswick; PHD 1994 Pittsburgh

Ankrum, James Allen, Assistant Professor, Biomedical Engineering, 2013 (2014);

Ansley, Timothy N., Associate Professor, Psych Quant Foundations, 1983 (1989); BA 1974 Eastern Illinois; MS 1977 Northern Illinois; PHD 1984 Iowa

Anstey, B. Eleanor, Emeritus Assistant Professor, Social Work, 1974 (1978); BA 1953 Marycrest; MA 1959 Creighton; MA 1968 Manhattanville; PHD 1983 Iowa

Antes, Lisa Maria, Clinical Professor, Internal Medicine, 2000 (2013); BA 1986 Montclair State; BS 1986 Montclair State; MD 1990 Robert Wood Johnson Medical

Antezano, Eduardo Sebastian, Clinical Adjunct Assistant Professor, Internal Medicine, 2005 (2005); MD 1996 Peruvian, Cayetano

Anthony, Jerry, Associate Professor, Urban Regional Planning/Public Policy Center, 2000 (2006); BA 1989 Kerala-India; MS 1991 Delhi-India; PHD 2000 Florida State

Anthony, Jessica Ann, Adjunct Assistant Professor, Dance, 2013 (2013); BA 2003 U of Wisconsin

Anthony, Rebecca J., Adjunct Instructor, Teaching and Learning, 2005 (2005); BA 1972 Luther College; MA 1975 Iowa

Anthony, Theresa Renee, Associate Professor, Occupational Environmental Health, 2009 (2014); MSE 1992 North Carolina - Chapel; PHD 2005 North Carolina - Chapel
Apicella, Michael A., Emeritus Professor, Microbiology/Internal Medicine, 1993 (1993); AB 1959 College of the Holy Cross; MD 1963 SUNY-Downstate Brooklyn

Appenheimer, Stacey Ann, Clinical Assistant Professor, Family Medicine, 2014 (2014);

Aquino, Mary Lober, Clinical Associate Professor, Community Behavioral Health, 1982 (2004); BSN 1977 NY State- Binghamton; MSN 1982 North Carolina; PHD 1993 Iowa

Aquino, Steven A., Professor, Prosthodontics, 1982 (1993); BS 1975 State Univ of NY-Binghamton; DDS 1979 North Carolina; MS 1982 North Carolina

Arafat, Zaina F., Adjunct Assistant Professor, Division of Interdisciplinary Program, 2013 (2013);

Aravamudhan, Raman, Clinical Adjunct Instructor, Computer Science, 2003 (2004); ME 1986 Bharathiar Univ, India

Archer, Brad James, Clinical Adjunct Associate Professor, Internal Medicine, 2005 (2008); BA 1989 Northern Iowa; MD 1999 South Dakota

Are, Chaitanya, Clinical Assistant Professor, Internal Medicine, 2011 (2013); MBCHB 2003 Osmania, India; MBBS 2003 Osmania Gen Hospital, India

Arens, Lynette Rae, Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHARM 2003 Iowa

Argo, Tami Renee, Clinical Adjunct Assistant Professor, Psychiatry, 2009 (2009); PHAR 2002 Iowa; MS 2005 Iowa

Arikat, Sunny Ouseph, Clinical Assistant Professor, Pediatrics, 2008 (2008); MD 1987 St. Johns Medical College

Arlen, Angela M., Clinical Assistant Professor, Pediatrics/Urology, 2014 (2014);

Armstrong, Steven Ray, Professor, Operative Dentistry, 1999 (2012); BS 1983 Iowa; DDS 1987 Iowa; PHD 1998 Iowa

Arlen, Mark A., Professor, Chemistry, 1982 (1994); BS 1978 Indiana-Purdue; PHD 1982 Delaware

Arnold, Matthew Ember, Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2013);

Arnold, Anthony, Associate Professor, Music, 2001 (2008); BM 1989 New England Conservatory; MM 1994 Wichita State; MM 1995 Wichita State

Arora, Jasbir S., Professor, Civil-Environmental Engineering, 1972 (1981); BS 1964 Punjab-India; MS 1967 Kansas State; PHD 1971 Iowa

Arshava, Evgeny, Clinical Assistant Professor, Surgery, 2008 (2009); MD 2000 Peoples Friendship Univ

Artyemiev, Nikolai O., Professor, Ophthalmology Visual Science/Physiology, 1995 (2004); BS 1984 St. Petersburg Inst of Technol; PHD 1988 St. Petersburg Inst of Technol

Arthur, Tina Marie, Adjunct Instructor, University College Courses, 2011 (2014); BA 1999 Northern Iowa; MA 2007 Iowa

Arthurs, Alexia Kimberly, Adjunct Assistant Professor, Creative Writing, 2014 (2014);

Artz, Joe A., Adjunct Instructor, Anthropology, 2011 (2011); BA 1976 Kansas; MA 1983 Kansas

Asay, Scott, Assistant Professor, Accounting, 2013 (2013);

Aschenbrenner, Eric Wade, Clinical Assistant Professor, Orthopaedics and Rehabilitation, 2012 (2012);

Ascoli, Mario, Professor, Obstetrics Gynecology/Pharmacology, 1990 (1990); BS 1971 San Carlos; PHD 1975 Vanderbilt

Ashby, Kelley C., Adjunct Instructor, University College Courses, 2004 (2013); BS 1990 SIOUX CITY, IA; MS 2000 Western Illinois

Ashida, Sato, Assistant Professor, Community Behavioral Health, 2012 (2012);

Ashlock, Jessica Ann, Lecturer, Nursing, 2014 (2014); BSN 2007 Coe College; MSN 2011 Walden University

Ashton, Ned C., Adjunct Instructor, Health and Human Physiology/University College Courses, 1994 (1994); BS 1985 Iowa

Aspengren, Kathryn Diane, Adjunct Assistant Professor, Theatre Arts, 1995 (1995); BA 1974 Iowa; MFA 1994 Iowa

Asprey, David Perry, Professor, Physician Assistant/Physical Therapy/Pediatrics/Medicine Administration, 1994 (2008); PHD 1999 Iowa

Asselin, Marie-Eve, Adjunct Assistant Professor, Pediatric Dentistry, 2007 (2007); DMD 2002 De Montreal; MS 2005 De Montreal; FRCDC 2005 Royal Col of Dent of Canada
Assouline, Jose Guy, Adjunct Associate Professor, Biomedical Engineering, 2000 (2002); PHD 1988 Iowa

Assouline, Susan Lynn Goodsell, Professor, Psych Quant Foundations, 1990 (2009); BS 1975 Iowa; EDS 1984 Iowa; PHD 1988 Iowa

Assouline-Dayan, Yehudith, Clinical Assistant Professor, Internal Medicine, 2013 (2013);

Atchison, Christopher George, Clinical Professor, Health Management Policy/Public Policy Center/Nursing, 1998 (2004); AB 1971 Loyola; MPA 1990 Illinois-Springfield

Atienza, Salvador Dimapasok, Adjunct Assistant Professor, Family Dentistry, 1999 (2000); BS 1990 Iowa; DDS 1994 Iowa

Atkins, Dianne Lee, Professor, Pediatrics, 1983 (2002); BA 1974 Johns Hopkins; MD 1977 Johns Hopkins

Atkinson, Alice M., Emeritus Associate Professor, Teaching and Learning, 1973 (1995); BS 1961 Iowa State; MS 1963 Wisconsin; PHD 1982 Iowa

Atkinson, Kendall E., Emeritus Professor, Mathematics/Computer Science, 1972 (1975); BS 1961 Iowa State; MS 1963 Wisconsin; PHD 1966 Wisconsin

Au, Kin Fai, Assistant Professor, Internal Medicine/ Biostatistics, 2013 (2013);

Aubrey, Elizabeth, Emeritus Professor, Music, 1982 (1998); BA 1973 Grinnell; MM 1975 Maryland; PHD 1982 Maryland

Augeri, Matthew James, Adjunct Instructor, University College Courses, 2013 (2013); HS 2005 Middletown High School; BA 2009 University of Connecticut

Augustine, Emily L., Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Aul, Edward, Clinical Assistant Professor, Neurology, 1998 (2000); BS 1988 Pittsburgh; MD 1992 Pittsburgh

Aunon, Carol Diane, Adjunct Assistant Professor, Nursing, 1997 (2004); BSN 1993 Iowa; MSN 2001 Iowa

Aunon, Milton E., Adjunct Associate Professor, Health Management Policy, 2014 (2014);

Aurand, Gary A., Lecturer, Chemical Biochemical Engineering, 1997 (1997); BS 1986 Nebraska @ Lincoln; PHD 1996 North Carolina State

Aurun, Ari, Clinical Adjunct Assistant Professor, Pediatrics, 2008 (2008); MD 2001 Mexico City

Averkamp, Shawn M., Adjunct Instructor, Library Information Science, 2013 (2013); HS 1994 Wahlert High School; BA 1998 Luther College; AMLS 2008 University of Iowa

Avery, Michael Anthony, Lecturer, Management Sciences, 2014 (2014);

Avila Ortiz, Gustavo, Assistant Professor, Periodontics, 2011 (2011); DDS 2003 Granada, Spain; DPHIL 2006 Granada, Spain; MS 2009 Michigan

Ayati, Bruce, Associate Professor, Mathematics/ Orthopaedics and Rehabilitation, 2007 (2011); BA 1993 California, San Diego; MS 1994 Chicago; PHD 1998 Chicago

Aykin-Burns, Nukhet, Adjunct Assistant Professor, Radiation Oncology, 2008 (2008); BS 1995 Middle East Technical Univ; PHD 2002 Missouri-Rolla,

Ayres, Lioness, Associate Professor, Nursing, 2005 (2011); MSN 1992 Illinois @ Chicago; PHD 1998 Illinois @ Chicago

Ayyagari, Padmaja, Assistant Professor, Health Management Policy, 2011 (2011); BS 2000 Calcutta; MS 2002 Indian Statistical; PHD 2008 Duke

Azar, Antoine E., Clinical Associate Professor, Internal Medicine, 2007 (2012); BS 1995 American Univ/Beirut, Lebanon; MD 1999 American Univ/Beirut, Lebanon

Azuero, Rodrigo, Clinical Adjunct Assistant Professor, Pediatrics, 2012 (2012);

Baalrud, Scott David, Assistant Professor, Physics Astronomy, 2012 (2012);

Babcock, Bruce A., Adjunct Instructor, Pharmacy, 1997 (1997); BS 1987 Drake

Baccei, Amy Oswald, Adjunct Instructor, University College Courses, 2006 (2014); BS 2001 UW-Stevens Point; MED 2006 Loras College

Bach, Aileen Victoria, Lecturer, English as Second Language, 2014 (2014);

Bacon, Robert A., Adjunct Lecturer, Teaching and Learning/Public Policy Center, 1997 (1997); BA 1969 Stanford University; MA 1978 Iowa

Badovinac, Vladimir, Associate Professor, Pathology, 2007 (2014); BS 1994 Belgrade; MS 1997 Belgrade; PHD 1999 Belgrade

Baer, William Thomas, Adjunct Assistant Professor, Pharmacy, 2005 (2005); BS 1976 Iowa

Baertlein, Elizabeth Rose, Lecturer, English as Second Language, 2014 (2014);

Bagford, Jack, Emeritus Professor, Teaching and Learning, 1962 (1970); MED 1956 Miami-Ohio; EDD 1960 Indiana

Bahlis, Fredrick Howard, Clinical Adjunct Assistant Professor, Neurology, 2007 (2007); BA 1973 Iowa; MD 1980 Iowa; PHD 1980 Iowa

Bahrick, Audrey S., Adjunct Assistant Professor, Psych Quant Foundations, 1995 (1995); BA 1980 Ohio Wesleyan; MA 1981 Ohio State; MA 1986 Ohio State; PHD 1989 Ohio State

Bai, Er-Wei, Professor, Electrical-Computer Engineering, 1987 (2000); BS 1977 Fudan-China; ME 1982 Shanghai Jiaotong; PHD 1987 Calif-Berkeley

Bailey, Jonathon, Adjunct Lecturer, Civil-Environmental Engineering, 2006 (2007); BS 1985 Iowa State; BA 1985 Iowa State

Bailey, Olivia Erin, Clinical Assistant Professor, Emergency Medicine, 2007 (2007); BS 2000 Iowa; BS 2000 Iowa; MD 2004 Chicago

Bailie, Kyrke Brandon, Adjunct Assistant Professor, Periodontics, 2009 (2007); DDS 2001 CO U School of Dentistry

Barron, Sheila, Adjunct Assistant Professor, Psych Quant Foundations, 2001 (2001); BA 1989 Iowa; MA 1991 Iowa; PHD 1993 Iowa

Barta, Gary Allen, Adjunct Instructor, University College, 2011 (2014); BS 1987 North Dakota State

Bartachek, Amy Lynn, Adjunct Lecturer, University College, 2005 (2005); MA 2001 Iowa

Barth Leick, Marcia Ann, Adjunct Instructor, Communication Sciences and Disorders, 1999 (1999); MA 1996 Northern Iowa

Bartholomay, Lyric C., Adjunct Associate Professor, Epidemiology, 2014 (2014);

Bartlett, Heather L., Clinical Adjunct Associate Professor, Pediatrics, 2004 (2013); BS 1991 Arizona College of Med; MD 1995 Arizona College of Med

Bartlett, Luke Joseph, Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHARMD 2000 Iowa

Bartolome, Jasper Zitte Ea, Adjunct Instructor, Preventive Community Dentistry, 2014 (2014);

Barton, Lori A., Adjunct Instructor, Pharmacy, 2005 (2005); BS 1995 Iowa

Barwacz, Christopher Andrew, Assistant Professor, Dows Institute-Research/Prosthodontics, 2008 (2010); DDS 2007 Iowa

Bashir, Amani, Clinical Assistant Professor, Pathology, 2011 (2011); MBBS 1998 Jordan

Bashir, Mohammad, Clinical Assistant Professor, Cardiothoracic Surgery, 2013 (2013); MBBS 2003 University of Jordan

Basile, Monica Reese, Adjunct Assistant Professor, Gender, Women's and Sexuality Studies, 2013 (2013);

Basom, Ann Maria, Adjunct Instructor, Asian Slavic Languages Literature, 2008 (2008); BA 1980 Minnesota; MA 1982 Wisconsin; PHD 1987 Wisconsin

Bassingthwaite, Brenda Jean, Adjunct Assistant Professor, Pediatrics/Psych Quant Foundations, 2010 (2010); BA 1995 North Dakota State; MS 1998 Iowa State; PHD 2007 Iowa

Bassuk, Alexander G., Associate Professor, Pediatrics/Neurology, 2007 (2011); MD 1999 Chicago

Basu, Hriden Narayan, Clinical Adjunct Assistant Professor, Internal Medicine, 2000 (2000); MD 1964 Calcutta Medical

Basu, Nandita, Adjunct Assistant Professor, Civil-Environmental Engineering, 2009 (2009); BENG 1997 Jadavpur University; BE 1997 Jadavpur; MCE 2001 Indian Institute of Tech; PhD 2006 Purdue

Bates, James N., Associate Professor, Anesthesiology, 1984 (1990); BA 1972 Calif-Santa Barbara; MA 1975 Calif-Santa Barbara; PHD 1977 Calif-Santa Barbara; MD 1981 Miami

Bates, Melissa, Assistant Professor, Health and Human Physiology, 2014 (2014);
Bathke, Josephine Ellen, Adjunct Assistant Professor, Management Organizations, 2005 (2005); BA 1997 William Penn; MBA 2003 University of Iowa; JD 2003 Iowa

Batichon, Claudia, Adjunct Lecturer, Health and Human Physiology, 2013 (2013); BS 2008 Appalachian State University; MS 2010 Georgia Southern University

Bauder, Stephanie Rene, Adjunct Lecturer, Marketing, 2012 (2012);

Bauer, Patrick B., Professor, Law-Faculty, 1979 (1985); BA 1972 Wesleyan; JD 1975 Chicago

Baum, Kristin Alana, Adjunct Instructor, Interdisciplinary Programs, 2007 (2007); BA 1991 Lawrence; MA 1995 Iowa

Baumbach, Gary Lynn, Professor, Pathology, 1980 (1996); BA 1971 Wartburg; MD 1976 Iowa

Baumert, Paul Willard, Adjunct Instructor, Family Medicine, 2004 (2013); BS 1983 Iowa; MD 1987 Iowa

Baumgart, Barret Donatuis, Adjunct Assistant Professor, English, 2014 (2014);

Baumgartner, Claire M., Clinical Adjunct Assistant Professor, Family Medicine, 2014 (2014);

Baumgartner, David, Adjunct Instructor, University College, 2004 (2013); BA 1984 Northern Iowa; MA 1987 Northern Iowa; PHD 1990 Iowa State

Baumhover, Nadiya Alexandra, Adjunct Assistant Professor, Pharmacy Practice and Science, 2009 (2012); AA 2002 Southeastern CC; PHARMD 2009 Iowa; BS 2009 University of Iowa

Baxter, Leslie, Professor, Community Behavioral Health/Communication Studies, 1994 (1994); BS 1971 Lewis and Clark; MS 1972 Oregon; PHD 1975 Oregon

Baxter, Sarah Emily, Adjunct Instructor, Health and Human Physiology, 2011 (2011); BS 2006 Samford; MA 2010 Iowa

Baybayan, Amber Lea, Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2011); PHARMD 2010 Iowa

Bayless, John D., Emeritus Professor, Psychiatry, 1999 (2008); BS 1974 Wisconsin-Oshkosh; MS 1977 Wisconsin-Oshkosh; PHD 1986 Iowa

Bayman, Emine Ozgur, Assistant Professor, Anesthesia/Biostatistics, 2008 (2011); BA 1999 Hacettepe, Turkey; MS 2002 Bursa, Turkey; MS 2004 Iowa; PHD 2008 Iowa

Baynton, Douglas Cameron, Associate Professor, Communication Sciences and Disorders/History, 1993 (2002); BS 1986 Western Oregon State; MA 1988 Iowa; PHD 1993 Iowa

Bayon, Rodrigo, Clinical Assistant Professor, Otolaryngology-Head Neck Surgery, 2010 (2010); MD 2004 South Florida Med

Bayouth, John E., Adjunct Associate Professor, Biomedical Engineering/Radiation Oncology, 2004 (2004); BS 1988 Kansas State; MS 1991 Kansas State; PHD 1993 Texas

Beane, Abby Elisabeth, Adjunct Assistant Professor, Pharmacy, 2009 (2009); PHARMD 2007 Iowa

Bear, Phillip A., Clinical Adjunct Assistant Professor, Internal Medicine, 1990 (2007); DO 1981 Osteopathic Med Hlth

Beardsley, Douglas E., Adjunct Associate Professor, Health Management Policy, 2010 (2010); BA 1985 Utah; MPH 1986 Alabama

Beasley, Byron T., Clinical Adjunct Assistant Professor, Internal Medicine, 1977 (1984); MD 1974 Iowa

Beasley, Oscar C., Emeritus Associate Professor, Internal Medicine, 1974 (1974); BS 1948 Kentucky; MD 1952 Vanderbilt

Bebout, Kevin L., Adjunct Assistant Professor, Pharmacy Practice and Science, 2003 (2014); BSPA 1984 Iowa

Bechara, Antoine, Adjunct Associate Professor, Neurology, 1995 (2004); BSC 1983 Toronto; PHD 1991 Toronto

Beck, Leslie, Adjunct Lecturer, Urban Regional Planning, 2008 (2008); BS 1978 Iowa State; MUP 1998 Iowa State

Beck, Margaret, Associate Professor, Anthropology, 2007 (2013); BA 1992 Kansas; MA 1995 Kansas; PHD 2003 Arizona

Beck, Mary Gwen, Clinical Professor, Internal Medicine, 1997 (2010); MD 1994 Iowa

Becker, Nicole M., Assistant Professor, Chemistry, 2014 (2014);

Becker, Shea Lee, Adjunct Instructor, Communication Sciences and Disorders, 2012 (2012); BA 1998 The University of Iowa; MA 2000 The University of Iowa; DAUD 2005 The University of Florida

Becker, Thomas Edward, Clinical Adjunct Assistant Professor, Pediatrics, 1999 (1999); MD 1987 Iowa

Beckermann, Christoph, Professor, Mechanical Engineering, 1987 (1996); MS 1984 Purdue; PHD 1987 Purdue

Beckett, Andrew, Adjunct Assistant Professor, Educ Policy Leadership Studies, 2011 (2011); BS 1994 Truman State; MA 1996 Arizona; PHD 2006 Missouri-Columbia

Beckett, Emily Ann, Clinical Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Beckwith, Paula Sue, Clinical Adjunct Assistant Professor, Surgery, 1993 (2003); MD 1984 Iowa

Bedell, David A., Clinical Associate Professor, Family Medicine, 1995 (2004); BA 1975 Colorado College; MD 1982 Washington

Bednar, Thomas Michael, Lecturer, Management Sciences, 2009 (2009); BBA 1973 Iowa

Beebout, Susan, Clinical Adjunct Assistant Professor, Internal Medicine, 2005 (2008); BS 1997 Iowa State; MD 2001 Iowa
Beecher, Stephanie Lynn, Adjunct Instructor, University College Courses, 2010 (2010); BLS 2008 Coe; MA 2010 Iowa

Beeghly, James H., Clinical Associate Professor, Psychiatry, 1985 (2000); BS 1972 West Virginia; MD 1978 West Virginia

Begley, Wayne E., Emeritus Professor, Art Art History, 1966 (1980);

Beharka, Alison A., Lecturer, Teaching and Learning, 2010 (2010); MS 1988 Kansas State; PHD 1992 Kansas State

Behane, Aimee, Clinical Adjunct Assistant Professor, Pediatrics, 2014 (2014);

Behrendt, Douglas M., Emeritus Professor, Cardiothoracic Surgery, 1986 (1986); AB 1959 Amherst; MD 1963 Harvard

Behrens, Robert J., Clinical Adjunct Assistant Professor, Internal Medicine, 2005 (2005); BS 1992 Iowa State; MD 1997 Iowa

Beichel, Reinhard R., Associate Professor, Internal Medicine/Electrical-Computer Engineering, 2007 (2013); MS 1999 Graz Univ. of Technology; PHD 2005 Graz Univ.of Technology

Belfiglio, E. James, Adjunct Instructor, Preventive Community Dentistry, 2011 (2011); DMD 1973 Pittsburg; MBA 1996 Dallas Baptist

Bell, Colin E., Emeritus Professor, Management Sciences, 1980 (1980); BA 1964 California-Berkeley; MA 1966 California-Berkeley; PHD 1969 Yale

Bell, Edward F., Professor, Pediatrics, 1979 (1988); BA 1969 Washington and Jefferson; MD 1973 Columbia

Bell, Gregory Russell, Clinical Associate Professor, Emergency Medicine, 2007 (2013); MD 1988 Ohio State

Bell, James Russell, Clinical Adjunct Assistant Professor, Family Medicine, 1999 (2002); BS 1980 Tulsa; MD 1983 Iowa

Bell, Marvin H., Emeritus Professor, Creative Writing, 1965 (1975); BA 1958 Alfred; MA 1961 Chicago; MFA 1963 University of Iowa

Bell, William E., Emeritus Professor, Neurology/Pediatrics, 1962 (1972); BA 1951 West Virginia; MS 1951 West Virginia; MS 1953 West Virginia; MD 1955 Virginia

Belli, Meriam, Assistant Professor, History, 2008 (2008); BA 1994 Inalco, Paris, France; MA 1995 Inalco, Paris, France; PHD 2005 Georgetown

Bellizzi, Andrew M., Clinical Associate Professor, Pathology, 2011 (2014); MD 2004 Northwestern

Bellman, Suzanne B., Adjunct Lecturer, Management Organizations, 2010 (2010); MA 2004 Iowa

Bello, Germaine D., Adjunct Instructor, Preventive Community Dentistry, 2007 (2007); DDS 2005 Iowa

Bellus, Paul, Adjunct Instructor, Communication Studies, 2001 (2001); BS 1993 Nebraska; MA 1995 Nebraska
Beren, Maureen Ruth, Adjunct Lecturer, Management Organizations, 2009 (2009); BA 2004 Iowa
Beren, Randi Lea, Adjunct Assistant Professor, Pharmacy Practice and Science, 2010 (2012); PHARMD 2010 Drake
Berbaum, Kevin S., Professor, Radiology, 1977 (1993); BA 1971 Millikin; PHD 1978 State University of New York
Berg, Daniel J., Associate Professor, Internal Medicine, 1995 (2003); BS 1981 Illinois; MD 1986 Illinois
Berg, Joyce E., Professor, Accounting, 1992 (2010); BS 1979 Minnesota; MBA 1985 Minnesota; PHD 1988 Minnesota
Berg, Mark Thomas, Assistant Professor, Sociology, 2013 (2013);
Berg, Mary Susan, Clinical Associate Professor, Nursing, 1992 (2011); BSN 1988 Iowa; MSN 1997 Iowa; DNP 2009 Iowa

Borgwardt, Derek S., Adjunct Assistant Professor, Periodontics, 2011 (2011); DDS 2008 Iowa
Borgwardt, Michelle Renay, Adjunct Assistant Professor, Physical Therapy, 2010 (2012); DPT 2008 Iowa
Bork, Byron E., Lecturer, Physical Therapy, 1976 (1984); MA 1967 Iowa
Borreca, Arthur R., Associate Professor, Theatre Arts, 1989 (1997); BA 1981 Oberlin; MFA 1986 Yale; DFA 1993 Yale

Bosch, Joni Jacobsen, Adjunct Assistant Professor, Nursing, 1986 (1998); MA 1986 Iowa; PHD 1993 Iowa

Bossler, Aaron Douglas, Clinical Associate Professor, Pathology, 2005 (2011); MD 2001 Iowa; PHD 2001 Iowa

Boster, Frank J., Adjunct Professor, Community Behavioral Health, 2004 (2004); BA 1972 Southern Illinois; MS 1975 Southern Illinois; PhD 1978 Michigan State

Bottei, Edward M., Clinical Adjunct Assistant Professor, Internal Medicine/Pharmacy/Pediatrics/Occupational Environmental Health, 2002 (2002); BS 1988 Notre Dame; MD 1992 Chicago

Bourgeacq, Jacques A., Emeritus Professor, French Italian, 1969 (1982); MA 1965 St. Louis; PHD 1972 Iowa

Bourgeois, Brandon Elliott, Clinical Adjunct Assistant Professor, Obstetrics Gynecology, 2013 (2013);

Bourjaily, Pamela Gibbs, Adjunct Lecturer, Management Organizations, 2009 (2009); MA 1984 Illinois

Bouschlicher, Murray Ray, Emeritus Professor, Operative Dentistry, 1980 (2001); BA 1969 Iowa; DDS 1976 Iowa; MS 1976 Iowa

Bouts, Rami, Clinical Professor, Pediatrics, 2011 (2011); MD 1989 Damascus; MBA 2009 UMass

Bovbjerg, Viktor E., Adjunct Associate Professor, University College Courses, 2014 (2014);

Bovenmyer, Dan A., Clinical Adjunct Associate Professor, Dermatology, 1981 (2000); MD 1957 Iowa

Bowden, Ned B., Associate Professor, Chemistry, 2002 (2009); BS 1994 California-Technology; MS 1997 Harvard; PHD 1999 Harvard

Bowl, Noelle Clare, Clinical Professor, Obstetrics Gynecology, 1988 (2009); BA 1978 Michigan State; MD 1982 Michigan

Bowler, William Matthew, Adjunct Associate Professor, Management Organizations, 2015 (2015);

Bowles, Dawn Marie, Adjunct Lecturer, Management Organizations, 2010 (2013); BA 1993 Luther College

Boyer, Daniel B., Emeritus Professor, Operative Dentistry, 1974 (1988); BA 1966 Iowa; DDS 1970 Iowa; PHD 1974 Polytechnic Institute

Boyer, Floyd R., Adjunct Instructor, Pharmacy, 1998 (1998); BS 2000 Iowa

Boyle, Don E., Emeritus Assistant Professor, Surgery, 1978 (1978); MD 1963 Iowa

Boyle, Jessica Lea, Adjunct Instructor, University College Courses, 2014 (2014);

Boynton, George R., Professor, Political Science, 1964 (1971); BA 1957 Oklahoma Baptist; PHD 1964 North Carolina

Boza Toledo, Luis Andres, Clinical Assistant Professor, Prosthodontics, 2013 (2013);

Bozman, Theodore D., Emeritus Professor, History, 1974 (1978); BA 1964 Florida Presbyterian; BD 1968 Theological Seminary; PhD 1974 Duke

Bradley, Catherine S., Associate Professor, Urology/Obstetrics Gynecology/Epidemiology, 2003 (2008); AB 1990 College of the University of C; MD 1994 Washington Univ. School of Med; MS 2002 Clin. Epidemiology, Univ. Penn

Bradley, Suzanne Celine, Adjunct Assistant Professor, Art Art History, 2014 (2013);

Branch, Lori Ann, Associate Professor, English, 2000 (2006); BA 1992 Harding; MA 1994 Memphis; PHD 2000 Indiana

Brandtner, Alex, Adjunct Instructor, Pediatric Dentistry, 1998 (2010); BS 1977 William Penn; DDS 1981 Iowa; MS 1989 Iowa

Branson, Dan E., Emeritus Professor, Civil-Environmental Engineering, 1963 (1963); BS 1954 Auburn; MCE 1956 Auburn; PhD 1960 Florida

Brashers-Krug, Thomas M., Clinical Associate Professor, Psychiatry, 2008 (2008); PHD 1995 Massachusetts; MD 1996 Rush Medical

Braun, Alan L., Clinical Adjunct Instructor, Internal Medicine, 2005 (2005); BA 1973 Kansas; MD 1976 U of Kansas School of Med

Braun, Terry A., Associate Professor, Biomedical Engineering/Electrical-Computer Engineering/Ophthalmology Visual Science, 2002 (2007); BS 1993 Iowa; MS 1995 Iowa; PHD 2001 Iowa

Bream-Rouwenhorst, Heather Renee, Clinical Assistant Professor, Pharmacy Practice and Science, 2005 (2011); PHARMD 2005 Iowa

Breder, Hans, Emeritus Professor, Art Art History, 1966 (1979);

Breghen, Patrick John, Assistant Professor, Biostatistics, 2013 (2013); BA 2002 Iowa State University; MS 2004 Iowa State University

Brehm, Sheryl S., Adjunct Instructor, Pharmacy Practice and Science, 2012 (2012);

Brehmer, Ale M., Clinical Adjunct Assistant Professor, Internal Medicine, 2010 (2010); DO 2006 Des Moines

Breidbach, Kathryn Carole Moore, Adjunct Lecturer, Nursing, 1986 (1999); MA 1994 Iowa

Breitkreuz, David R., Clinical Adjunct Assistant Professor, Family Medicine, 1999 (2002); BS 1983 George Fox; MD 1987 Oregon
Brems, Colleen S., Clinical Adjunct Assistant Professor, Nursing, 1991 (2001); BSN 1975 Mt. Mercy; MN 1984 Wichita State

Breneman-Wisong, Lynn Marie, Adjunct Instructor, Preventive Community Dentistry, 2007 (2007); DDS 2006 Iowa

Brennan, Joseph W., Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);

Brennan, Theresa, Clinical Associate Professor, Internal Medicine, 2001 (2005); BS 1988 Iowa; MD 1992 Northwestern

Brennan, Timothy J., Professor, Nursing/Pharmacology/Anesthesia, 1993 (2006); BS 1973 St. Johns; PHD 1984 Texas; MD 1989 Oklahoma

Brenneman, Anthony E., Clinical Professor, Physician Assistant, 2004 (2014); BA 1984 Linfield, OR; MSW 1987 Portland State; MPAS 1996 Iowa

Brenner, Charles Michael, Professor, Biochemistry, 2009 (2009); PHD 1993 Stanford

Brenner, Robert L., Emeritus Associate Professor, Earth and Environmental Sciences, 1977 (1982); BS 1963 City College of New York; MS 1964 Montana; PHD 1973 Missouri

Breon, Richard C., Adjunct Professor, Health Management Policy, 1990 (2014); MA 1980 Iowa

Brettell, Leslie Marie, Clinical Adjunct Assistant Professor, Internal Medicine, 2003 (2003); BS 1978 Stanford; MS 1980 Colorado State; MD 1986 Texas, Northwestern

Brian, Amber Elise, Assistant Professor, Spanish Portuguese, 2001 (2008); MA 1996 Wisconsin

Bricker, Dennis L., Emeritus Associate Professor, Industrial Engineering, 1974 (1980); BS 1965 Illinois; MS 1966 Illinois; MS 1972 Northwestern; PHD 1975 Northwestern

Bridges, Julie Anne, Adjunct Instructor, Communication Sciences and Disorders, 2003 (2003); BS 1994 Iowa; MA 1996 Iowa

Brigham, Jeremy John, Adjunct Assistant Professor, University College Courses, 2000 (2000); BA 1966 Antioch; MA 1997 Iowa; PHD 1998 Iowa

Bright, David, Adjunct Lecturer, Law-Faculty, 2013 (2013);

Brighton, Veronica A., Emeritus Assistant Professor, Nursing, 1975 (2002); BSN 1975 Iowa; MA 1977 Iowa

Brinkman, Mary Kay, Adjunct Instructor, Preventive Community Dentistry, 2009 (2009);

Bristol, Timothy John, Adjunct Assistant Professor, Nursing, 2006 (2006); BSN 1998 Wisconsin-Madison; MSN 2000 Clarkson; PHD 2005 Capella

Brochu, Christopher Andrew, Associate Professor, Earth and Environmental Sciences, 2001 (2006); BS 1989 Iowa; MA 1992 Texas-Austin; PHD 1997 Texas-Austin

Brock, Shannon, Adjunct Instructor, Interdisciplinary Programs, 2014 (2014);

Broderick, Ann, Clinical Professor, Internal Medicine, 2001 (2013); AB 1978 Princeton; MD 1986 Iowa; MS 1991 Iowa

Brogden, Kim Alan, Professor, Dows Institute-Research, 2004 (2004); BS 1975 Iowa State; MS 1977 Iowa State; PHD 1981 Iowa State

Brokel, Jane, Adjunct Assistant Professor, Nursing, 2004 (2004); BSN 1988 Iowa; MA 1992 Iowa; PHD 2003 Iowa

Brook, Stacey Lee, Lecturer, Economics, 2008 (2008); BBA 1989 Eastern New Mexico; MA 1991 Nebraska-Lincoln; PHD 1995 Colorado State

Brooks, Mary Kay, Adjunct Instructor, Nursing, 2015 (1994); BSN 1991 University of Iowa; MSN 2003 University of Iowa

Brooks, Michael S., Clinical Adjunct Assistant Professor, Internal Medicine, 1986 (1986); MD 1980 Loyola

Brooks, Philip Dean, Adjunct Lecturer, Finance, 2005 (2005); BBA 1972 Iowa; MBA 1974 Iowa; JD 1977 Creighton

Brophy, Patrick David, Professor, Surgery/Pediatrics, 2007 (2014); MD 1994 Saskatchewan

Brosius, Gregory Alan, Adjunct Assistant Professor, Pharmacy, 2002 (2002); PHARMD 2000 Iowa

Brown, Allison, Clinical Adjunct Assistant Professor, Pediatrics, 2005 (2005); BA 1997 William Jewell; MD 2001 Iowa

Brown, Bartram S., Adjunct Lecturer, Law-Faculty, 2014 (2014);

Brown, Bruce Philson, Emeritus Associate Professor, Radiology, 1977 (1995); BS 1966 Michigan; MD 1971 Medical College of VA

Brown, Carolyn Jane, Professor, Otolaryngology-Head Neck Surgery/Communication Sciences and Disorders, 1992 (2006); BS 1980 Iowa; MSPA 1982 Washington; PHD 1989 Iowa

Brown, Carolyn J., Adjunct Associate Professor, Communication Sciences and Disorders, 1983 (1992); PHD 1981 Iowa

Brown, Charles Edward, Adjunct Lecturer, Health Management Policy, 2000 (2000); MHA 1984 Washington

Brown, Donald D., Professor, Internal Medicine, 1973 (1994); BA 1962 Iowa; MS 1966 Iowa; MD 1966 Iowa

Brown, Elizabeth Ann, Clinical Adjunct Assistant Professor, Ophthalmology Visual Science, 2005 (2005); BS 1988 Iowa; MD 1992 Iowa; MA 1994 Iowa

Brown, Jaime, Lecturer, Nursing, 2014 (2014); BSN 2009 University of Iowa

Brown, James Andrew, Professor, Urology/Biomedical Engineering, 2009 (2011); BA 1986 Colorado State; BS 1986 Colorado State University, CO; MD 1991 Baylor

Brown, Jennifer Erin, Lecturer, English as Second Language, 2004 (2010); MA 2004 Iowa

Brown, Kyle E., Associate Professor, Internal Medicine/Radiation Oncology, 2001 (2007); BA 1981 Case Western Reserve; MSC 1982 London-Economics; MD 1986 Case Western Reserve

Brown, Matthew Robert, Clinical Adjunct Assistant Professor, Otolaryngology-Head Neck Surgery, 2006 (2006); MD 1996 Iowa

Brown, Matthew P., Associate Professor, English, 2001 (2007); BA 1986 Oberlin; PHD 1996 Virginia

Brown, Nicholas Anthony, Adjunct Assistant Professor, American Studies/Geographical and Sustainability Sciences, 2013 (2013);

Brown, Robert Terrance, Clinical Adjunct Assistant Professor, Otolaryngology-Head Neck Surgery, 1997 (1997); MD 1966 Iowa

Brown, Roger Lee, Adjunct Instructor, Preventive Community Dentistry, 2014 (2014);

Brown, Thomas D., Emeritus Professor, Mechanical Engineering/Orthopaedics and Rehabilitation, 1983 (1987); BS 1972 Maryland; PhD 1976 Carnegie-Mellon

Brown, Thomas M. Jr., Clinical Adjunct Assistant Professor, Internal Medicine, 1980 (1980); MD 1969 Vanderbilt

Brown, Timothy Leo, Adjunct Assistant Professor, Industrial Engineering, 2003 (2003); BE 1994 Iowa; MS 1996 Iowa; PHD 2000 Iowa

Brown-Matthes, Alicia Anne, Emeritus Associate Professor, Dance, 1976 (1982); BA 1972 George Washington; MA 1976 Iowa

Brownlee, Michael Joseph, Clinical Associate Professor, Pharmacy Practice and Science, 2012 (2012);

Bruch, Brittany Ann, Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014);

Bruch, Leslie Anne, Clinical Professor, Pathology/Neurosurgery, 2006 (2011); BS 1986 Iowa; MD 1992 Iowa

Bruch, Sarah K., Assistant Professor, Sociology/Public Policy Center, 2012 (2013);

Bruell, Steven C., Emeritus Professor, Computer Science, 1985 (1996); BA 1973 Texas-Austin; MS 1975 Purdue; PHD 1978 Purdue

Brugge, John F., Adjunct Associate Professor, Neurosurgery, 1997 (2013); BA 1959 LUTHER; MS 1961 ILLINOIS-URBANA CHAMPAGNE; PHD 1963 ILLINOIS-URBANA CHAMPAGNE

Bruhn, Allison Leigh, Assistant Professor, Teaching and Learning, 2011 (2011); PHD 2011 Vanderbilt

Bruning-Anderson, Mary Christine, Adjunct Instructor, Preventive Community Dentistry, 2003 (2003); AS 1971 Minnesota; BS 2006 University of Iowa; CER 2006 Aging Studies; U of Iowa

Brunner, Emily S., Adjunct Lecturer, University College Courses, 2012 (2012); MA 1999 Univ of Chicago

Brunner Luse, Christine Carol, Adjunct Instructor, Division of Interdisciplinary Program, 2014 (2014); BSN 1985 Northern Illinois University; MPA 1989 Northern Illinois University

Brus, Christine Peterson, Adjunct Instructor, Health and Human Physiology, 2013 (2000); BLS 1985 Iowa; MS 1994 Iowa

Bryant, Karen Nancy, Clinical Associate Professor, Communication Sciences and Disorders, 2003 (2010); BA 1984 Augusta; SCM 1989 Wisconsin

Buatti, John Michael, Professor, Otolaryngology-Head Neck Surgery/Neurosurgery/Radiation Oncology, 1999 (2001); BS 1982 Georgetown; MD 1986 Georgetown

Buchanan, Edward B. Jr., Emeritus Professor, Chemistry, 1960 (1982);

Buchanan, Gordon F., Assistant Professor, Neurology, 2014 (2014);

Buchholz, James Harry John, Assistant Professor, Mechanical Engineering, 2008 (2008); BS 1995 Alberta; BSC 1995 University of Alberta (Canada); MS 1997 Alberta; PHD 2006 Princeton

Buckhina, Julia Renee, Clinical Assistant Professor, Family Medicine, 2012 (2012);

Buchman, Thomas A., Adjunct Associate Professor, Accounting, 2010 (2010); BS 1965 Illinois; MS 1970 Illinois; PHD 1976 Illinois

Buckingham, Edward T., Clinical Assistant Professor, Psychiatry, 2012 (2012);

Buckley, Jennifer Ann, Assistant Professor, English/Rhetoric, 2011 (2013); BA 1998 Michigan; MA 2005 Columbia; MPHIL 2007 Columbia

Buckwalter, Joseph Addison, Professor, Orthopaedics and Rehabilitation/Pediatrics, 1979 (1985); BA 1969 Iowa; MS 1972 Iowa; MD 1974 Iowa

Buckwalter, Kathleen Coen, Emeritus Professor, Nursing, 1974 (1989); BSN 1971 Iowa; MA 1976 Iowa; PHD 1980 Illinois

Budd, Ann F., Professor, Earth and Environmental Sciences, 1978 (1995); BA 1973 Lawrence; MS 1975 Johns Hopkins; PHD 1978 Johns Hopkins

Buettner, Garry R., Professor, Radiation Oncology, 1993 (1999); BA 1967 Northern Iowa; MS 1969 Iowa; PHD 1976 Iowa

Buikema, Brenda Sue, Clinical Assistant Professor, Internal Medicine/Occupational Environmental Health, 2008 (2008); MD 2004 Iowa

Bulechek, Gloria Marie, Emeritus Professor, Nursing, 1963 (1996); BSN 1963 Iowa; MA 1967 Iowa; PHD 1981 Iowa

Bullock, Julie M., Adjunct Assistant Professor, Pharmacy Practice and Science, 2015 (2015);

Bullock, Tammy Sue Clapham, Adjunct Assistant Professor, Pharmacy, 2003 (2003); PHARMD 1998 Iowa

Bunch, Jacinda Lea, Lecturer, Nursing, 2009 (2009); BSN 2006 Missouri - Columbia; MSN 2008 Missouri - Columbia
Bunnell, Charlene Elisabeth, Adjunct Professor, Communication Studies/Journalism Mass Communication, 2008 (2012); MA 1979 Western Illinois; PHD 1995 Delaware

Bunting, Dean A., Clinical Adjunct Assistant Professor, Family Medicine, 1990 (2002); BS 1980 Dubuque; MD 1984 Iowa

Bunyan, Rodney Jermaine, Assistant Professor, Military Science, 2014 (2014);

Burden, Sara Lynn, Adjunct Lecturer, University College Courses, 2006 (2007); AA 1999 Indian Hills CC; BA 2001 Iowa; MA 2003 Iowa

Burke, Maureen Elizabeth, Adjunct Instructor, Linguistics, 1981 (1997); BA 1968 Emmanuel College; MA 1984 Iowa

Burke, N. Peggy, Emeritus Associate Professor, Health, Sport Studies, 1964 (1978); BA 1956 Moorhead State; MA 1957 Moorhead State; PhD 1965 Iowa

Burke Jr., Richard Martin, Clinical Associate Professor, Pediatric Dentistry, 1999 (2008); BA 1982 South Florida; DMD 1986 Pittsburgh; CER 1999 The University of Iowa

Burns, C. Patrick, Emeritus Professor, Internal Medicine, 1971 (1980); BA 1959 Kansas; MD 1963 Kansas

Burns, Dale Henry, Adjunct Assistant Professor, Earth and Environmental Sciences, 2014 (2014);

Burns, Trudy L., Professor, Epidemiology/Pediatrics/Nursing, 1982 (1993); BA 1973 Oakland; MPH 1976 Michigan; PhD 1982 Michigan

Burnside, Matthew Kyle, Adjunct Assistant Professor, Creative Writing, 2014 (2014);

Burras, Charles Lee, Adjunct Professor, University College, 2011 (2011); PHD 1992 Ohio State

Burrows, Alisha J., Adjunct Assistant Professor, Pharmacy Practice and Science, 2015 (2015);

Burston, Todd L., Clinical Professor, Internal Medicine, 2000 (2014); BA 1986 Rice; MD 1990 Texas Southwestern

Burton, Donald J., Emeritus Professor, Chemistry, 1962 (1970); BS 1956 Loyola-Maryland; PHD 1961 Cornell

Burton, Richard G., Clinical Professor, Oral Maxillofacial Surgery, 1997 (2002); BA 1973 Hanover College; DDS 1977 Ohio State; MS 1985 Iowa

Burton, Steven J., Professor, Law-Faculty, 1977 (1981); BA 1970 California; JD 1973 Southern California

Busard, Joshua F., Adjunct Lecturer, Urban Regional Planning, 2012 (2012); BS 1999 Iowa; MS 2006 IL @ Champagne

Bushnell, David, Professor, Radiology, 1992 (2004); BS 1975 Illinois; MD 1979 Illinois

Buss, Aaron Thomas, Adjunct Assistant Professor, Psychology, 2014 (2014);

Butali, Azeez, Assistant Professor, Dows Institute-Research, 2013 (2013); BDS 2001 University of Lagos; PHD 2010 University of Dundee

Butcher, Howard K., Associate Professor, Nursing, 1998 (2005); BS 1977 Lebanon Valley; BSN 1979 Thomas Jefferson; MSN 1986 Toronto; PHD 1994 South Carolina

Butchvarov, Panayot, Emeritus Professor, Philosophy, 1967 (1967); BA 1952 Robert-Turkey; MA 1954 Virginia; PHD 1955 Virginia

Butler, Audrey Ahchin, Lecturer, Chemical Biochemical Engineering, 1989 (1998); PhD 1989 Iowa

Butler, John E., Emeritus Professor, Microbiology, 1971 (1980); BS 1961 Univ of Wisconsin-River Falls; PHD 1965 Kansas

Butler, Nicholas Ryan, Clinical Assistant Professor, Family Medicine, 2013 (2013);

Butt, Ashley Michele, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Buxton, Grant Stevens, Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2011); PHARMD 2010 Iowa; PHD 2010 Iowa

Buys, Lucinda M., Clinical Adjunct Associate Professor, Pharmacy Practice and Science, 1994 (2005); BS 1985 Briarcliff; BS 1987 Creighton; PHARMD 1989 Creighton

Bybee, Jerald W., Clinical Adjunct Assistant Professor, Family Medicine, 2001 (2001); MD 1978 Iowa

Byrn, John C., Clinical Assistant Professor, Surgery, 2009 (2009); BA 1998 Hope, Holland MI; MD 2002 Illinois College

Byrne, Emily Christiana, Adjunct Assistant Professor, Art History, 2014 (2014); BFA 2010 Univeristy of Northern Iowa

Byrne, John Paul, Adjunct Professor, Marketing, 1999 (2006); BBA 1987 Notre Dame; MBA 1990 Loyola; PHD 1996 Iowa

Bzdega, Holley A., Clinical Adjunct Assistant Professor, Pediatrics, 1987 (1987); MD 1978 Manitoba-Canada
Cabeza, Rafael De Jesus, Lecturer, Physiology, 2014 (2014); Dip 1977 Eastwood HS, El Paso, TX; AB 1982 Harvard University; PhD 1991 McGill University

Cadaret, Linda Marie, Clinical Associate Professor, Internal Medicine, 1999 (2012);

Cagley, Amy Joleen, Adjunct Assistant Professor, Pharmacy, 2007 (2007); PharmD 1999 Iowa; DDS 1999 Iowa

Cai, Jianfeng, Assistant Professor, Mathematics, 2011 (2011); BSc 2000 Fudan; MS 2004 Fudan; PhD 2007 Univ of Hong Kong

Cain, George D., Emeritus Professor, Biology, 1970 (1984); BS 1962 Sterline; MS 1964 Purdue; PhD 1968 Purdue

Cain, Patricia A., Emeritus Professor, Law-Faculty, 1991 (1991); BA 1968 Vassar; JD 1973 Georgia

Callaghan, John J., Professor, Biomedical Engineering/Orthopaedics and Rehabilitation, 1990 (1993); BS 1975 Notre Dame; MD 1978 Loyola

Cameron, Christopher Daryl, Assistant Professor, Psychology, 2013 (2013);

Cameron, John, Professor, Theatre Arts, 1997 (2012); BS 1977 Brigham Young; MA 1982 Kent State; PhD 1986 Kent State

Cameron, Lauren Nicole, Lecturer, Rhetoric, 2013 (2013);

Camillo Jr., Victor P., Professor, Mathematics, 1970 (1979); BA 1966 Bridgeport; PhD 1969 Rutgers

Campbell, Ann Melissa, Professor, Management Sciences, 2000 (2014); BA 1993 Rice; PhD 2000 Georgia Tech

Campbell, Cam F., Clinical Adjunct Instructor, Internal Medicine, 1992 (1992); MD 1982 Southern California

Campbell, Chad Iain William M., Adjunct Assistant Professor, Division of Interdisciplinary Program, 2014 (2014);

Campbell, David L., Adjunct Professor, Earth and Environmental Sciences, 2002 (2004); BA 1963 Iowa; MA 1966 California-Berkeley; PhD 1969 California-Berkeley

Campbell, Dwayne N., Clinical Assistant Professor, Internal Medicine, 2010 (2012); BS 1998 Georgia State; MD 2002 Georgia

Campbell, Kevin P., Professor, Internal Medicine/Physiology/Neurology, 1981 (1988); BS 1973 Manhattan; MS 1976 Rochester; PhD 1979 Rochester

Campbell, Mary E., Adjunct Associate Professor, Sociology, 2004 (2010); BA 1997 George Washington; MA 1999 Wisconsin; PhD 2004 Wisconsin

Campo, Michelle, Associate Professor, Community Behavioral Health/Communication Studies, 2002 (2008); BS 1990 Cornell; MA 1994 Ohio State; PhD 1999 Michigan State

Campos, Javier H., Clinical Professor, Anesthesia, 1987 (2001); BS 1971 Federal Prep School; MD 1975 Autonomous

Canahuate, Guadalupe Mercedes, Assistant Professor, Electrical-Computer Engineering, 2009 (2009); BS 2000 Pontificia; MS 2003 Ohio State; PhD 2009 Ohio State

Canin, Ethan A., Professor, English/Creative Writing, 1991 (1998); BA 1982 Stanford; MFA 1984 Iowa; MD 1991 Harvard

Cannon, Michele Christine, Adjunct Instructor, Communication Sciences and Disorders, 2012 (2012); BS 2005 U of IL @ Urbana

Canter, Arthur, Emeritus Professor, Psychiatry, 1960 (1965); BA 1946 Iowa; MA 1948 Iowa; PhD 1950 Iowa

Cantor, Joan H., Emeritus Professor, Psychology, 1960 (1979); BA 1951 Syracuse; MA 1953 Iowa; PhD 1954 Iowa

Cantrell, Matthew A., Clinical Associate Professor, Pharmacy, 2005 (2013); BS 2000 Mount Mercy; PharmD 2005 Iowa

Capizzano, Aristides Andres, Assistant Professor, Radiology, 2009 (2010); MD 1992 Buenos Aires

Capizzano, Juana Nicol, Clinical Assistant Professor, Family Medicine, 2015 (2015); MD 2005 Ricardo Palma University

Caplan, Daniel Jonathan, Professor, Preventive Community Dentistry, 2007 (2007); DDS 1988 Iowa; PhD 1995 North Carolina

Caplan, Richard M., Emeritus Professor, Dermatology, 1961 (1969); BS 1949 Iowa State; MA 1951 Iowa; MD 1955 Iowa

Caplan, Robert H., Clinical Adjunct Associate Professor, Internal Medicine, 1982 (1990); MD 1961 Chicago

Capp, Laura, Adjunct Assistant Professor, Interdisciplinary Programs, 2013 (2014); PhD 2010 University of Iowa

Carcia, Karen Joan, Adjunct Associate Professor, Interdisciplinary Programs, 2014 (2014);

Carew, David P., Emeritus Professor, Pharmacy, 1957 (1965); BS 1952 Massachusetts; MS 1954 Massachusetts; PhD 1958 Connecticut

Cargill, Robert Raymond, Assistant Professor, Religion/Classics, 2011 (2011); MDIV 2000 Pepperdine; MA 2006 UCLA; PhD 2008 UCLA

Carlile, Mark Elton, Adjunct Assistant Professor, History, 1993 (1996); BA 1982 Marquette; MA 1984 Marquette; PhD 1995 Iowa

Carlisle, Thomas L., Emeritus Associate Professor, Internal Medicine, 1992 (2002); BS 1972 Maryland-Baltimore; PhD 1978 Wisconsin-Madison; MD 1986 Missouri-Columbia

Carlson, Jonathan C., Professor, International Programs/Law-Faculty/Public Policy Center, 1983 (1987); BA 1976 McGill; JD 1979 Chicago

Carlson, Patrick Joseph, Adjunct Instructor, Social Work, 2014 (2014);

Carlson, Wayne R., Emeritus Professor, Biology, 1968 (1993); BA 1962 Rockford; MA 1966 Indiana; PhD 1968 Indiana
Carlstein, Andres Augustine, Adjunct Assistant Professor, Division of Interdisciplinary Program, 2012 (2012);
Carmen, Lee T., Adjunct Assistant Professor, Health Management Policy, 2002 (2002); BS 1983 Oklahoma; BS 1990 Iowa
Carmichael, Gregory R., Professor, Nursing/Civil-Environmental Engineering/Chemical Biochemical Engineering, 1978 (1985); BS 1974 Iowa State; MS 1975 Kentucky; PhD 1979 Kentucky
Carmichael, Robert S., Emeritus Professor, Earth and Environmental Sciences; 1977 (1983); BA 1963 Toronto; MS 1964 Pittsburgh; PhD 1977 Pittsburgh

Caropreso, Philip R., Clinical Adjunct Professor, Surgery, 1987 (2004); MD 1972 Upstate Medical School
Carpenter, Martin, Clinical Adjunct Assistant Professor, Psychiatry, 2007 (2007); MD 2002 Missouri
Carr, Lucas, Assistant Professor, Health and Human Physiology, 2012 (2012);
Carrasco, Enrique R., Professor, Law-Faculty, 1990 (1994); BA 1980 Indiana; JD 1986 Georgetown
Carrel, Margaret, Assistant Professor, Epidemiology/Geographical and Sustainability Sciences, 2011 (2011); BA 2002 American University; MA 2007 Chapel Hill; PHD 2011 Chapel Hill
Carrica, Pablo, Professor, Mechanical Engineering, 2002 (2014); PHD 1993 Nacional De Cuyo
Carrillo, Pedro M., Adjunct Assistant Professor, Pharmacy, 1990 (1990); BSPH 1981 Iowa; PHARMD 1987 Iowa
Carroll, Thomas J., Lecturer, Accounting, 1989 (1999); BBA 1979 Notre Dame; PHD 1988 Michigan-Ann Arbor
Carson, Rori Ruth, Clinical Associate Professor, Teaching and Learning, 2014 (2014);
Carter, A. Brent, Professor, Radiation Oncology/Internal Medicine, 1998 (2013); AB 1988 William Jewell; MD 1992 Missouri
Carter, Barry L., Professor, Pharmacy, 2000 (2000); BS 1978 Iowa; PHARMD 1980 Virginia
Carter, David Alan, Adjunct Associate Professor, Finance, 2009 (2009); BS 1985 Brigham Young; MBA 1990 Utah; PHD 1996 Georgia
Carter, James G., Emeritus Associate Professor, Anesthesia, 1977 (1981); BA 1948 Iowa; MD 1952 Iowa
Carter, Thomas H., Clinical Associate Professor, Internal Medicine, 2001 (2001); AB 1977 Dartmouth; PHD 1982 Case Western Reserve; MD 1983 Case Western Reserve
Carvalho, Edgar, Adjunct Professor, Internal Medicine, 2007 (2007); MD 1973 Fed Univ of Bahia; PHD 1986 Fed. Univ of Bahia
Carvay, Richard T., Associate Professor, Teaching and Learning, 1981 (1984); BS 1971 North Carolina State; MS 1973 North Carolina State; PHD 1976 Purdue
Casavant, Thomas L., Professor, Ophthalmology Visual Science/Electrical-Computer Engineering/Biomedical Engineering, 1986 (1999); BS 1982 Iowa; MS 1983 Iowa; PHD 1986 Iowa
Casella, Paul, Adjunct Assistant Professor, Internal Medicine, 2009 (2009); MFA 1990 Iowa
Casey, Darren Patrick, Assistant Professor, Physical Therapy, 2012 (2012);
Cashman, Sharon K., Adjunct Instructor, Pharmacy Practice and Science, 2010 (2010); BSPH 1987 Iowa
Casillas, Alex, Adjunct Assistant Professor, Psychology, 2008 (2008); BA 1997 Grinnell; MA 2000 Iowa; PHD 2005 University of Iowa
Caskey, Benjamin L., Adjunct Instructor, University College Courses, 2004 (2014);
Casko, John S., Emeritus Professor, Orthodontics, 1976 (1976); BS 1960 Holy Cross; DDS 1964 Georgetown; MS 1968 Georgetown; PHD 1970 Pittsburgh
Cassaday, Michael, Adjunct Assistant Professor, Internal Medicine, 2009 (2009); DO 1976 Des Moines
Cassell, Suzanne, Assistant Professor, Internal Medicine, 2007 (2010); BA 1992 Reed, Portland OR; MD 2000 Temple
Cassell, Martin D., Professor, Anatomy Cell Biology, 1982 (2004); BS 1976 Bristol-England; PHD 1980 Bristol-England
Casteel, Carri, Associate Professor, Occupational Environmental Health, 2013 (2013);
Casteel, Eric G., Adjunct Assistant Professor, History, 2013 (2013);
Castellanos, Horacio, Assistant Professor, Spanish Portuguese, 2011 (2011);
Castro Ruiz, Leyre, Adjunct Assistant Professor, Psychology, 2006 (2006); PHD 2003 Deusto, Bilbao, Spain
Catellier, Michelle J., Clinical Adjunct Assistant Professor, Pathology, 2007 (2007); MD 1987 Indiana
Cater, E. David, Emeritus Professor, Chemistry, 1961 (1979); BS 1954 Trinity; PHD 1960 Kansas
Cates, Diana F., Professor, Religion, 1990 (2010); BA 1983 St. Olaf; PHD 1990 Brown
Catney, Christine M., Clinical Assistant Professor, Pharmacy, 1996 (1996); BS 1975 St. Louis Coll of Pharmacy; MA 1986 Iowa; PHARMD 1996 Iowa
Caughlan, Charles R., Clinical Adjunct Assistant Professor, Internal Medicine, 1992 (1997); MD 1973 Iowa
Cavanaugh, Joseph E., Professor, Statistics Actuarial Science/Biostatistics, 2003 (2008); BS 1986 Montana Tech; MS 1988 Montana State; PHD 1993 California
Cave, Shireen Marie, Adjunct Instructor, University College Courses, 2014 (2014);
Cavey, Jamie Lee, Adjunct Instructor, University College Courses, 2014 (2014);
Cawiezell, Jill Renee, Professor, International Programs/Nursing, 2008 (2008); MSN 1994 Missouri-Columbia; PHD 1998 Missouri-Columbia
Cearlock, Kenneth, Clinical Adjunct Assistant Professor, Family Medicine, 2000 (2002); MD 1979 Missouri
Ceilley, Roger Ivan, Clinical Adjunct Professor, Dermatology, 1976 (2000); MD 1971 Iowa
Cerhan, James, Adjunct Professor, Epidemiology, 2000 (2005); BA 1986 Iowa; PHD 1991 Iowa; MD 1993 Iowa
Cerone, Shane Michael, Adjunct Assistant Professor, Health Management Policy, 1998 (2004); MA 1995 Iowa
Cerreta, Florindo V., Emeritus Professor, French Italian, 1957 (1964); BA 1943 Fordham; PhD 1954 Columbia
Chadima, Helen Louise Gower, Emeritus Associate Professor, Dance, 1983 (1990); BA 1949 Iowa; MA 1981 Iowa
Chaffee, James, Adjunct Lecturer, Management Sciences, 2007 (2007); BS 1990 California PA; MA 2001 Illinois
Chaffin, Jeffrey Gee, Adjunct Assistant Professor, Preventive Community Dentistry, 2014 (2014);
Chahla, Mayy, Clinical Assistant Professor, Preventive Community Dentistry, 2014 (2014);
Charukamnoetkanok, Puwat, Adjunct Assistant Professor, Preventive Community Dentistry, 2014 (2014);
Chase, John, Adjunct Instructor, Pre-Professional Programs, 2007 (2007); BS 1997 Kansas City; DO 2000 Kansas City
Chaudhry, Qasim L., Clinical Adjunct Assistant Professor, Internal Medicine, 1976 (1985); MBBS 1966 Indian Institute of Technology; MS 1969 Washington-Missouri; DSC 1972 Washington-Missouri
Chauhan, Anil, Associate Professor, Internal Medicine, 2008 (2014); PHD 2002 Intl Centre for Genetic Eng
Chavez, Joel, Adjunct Instructor, Preventive Community Dentistry, 2011 (2011); BS 1975 Regis University; DDS 1980 Colorado

Chavez Rojas, Jorge Alberto, Adjunct Assistant Professor, Sociology, 2014 (2014); BE 1994 National Univ of Trujillo; MSM 1998 National Univ of Trujillo

Cheatum, Christopher, Associate Professor, Chemistry, 2003 (2011); BS 1995 New Mexico; PHD 2001 Wisconsin

Chen, Chih-Chia, Lecturer, Health and Human Physiology, 2013 (2013);

Chen, Hong, Adjunct Assistant Professor, Preventive Community Dentistry, 2014 (2014);

Chen, Joseph Jack, Clinical Associate Professor, Orthopaedics and Rehabilitation/Physical Therapy, 2000 (2006); BSC 1991 Brown; MD 1996 Brown

Chen, Songhai, Associate Professor, Pharmacology/ Internal Medicine, 2008 (2014); MD 1988 Fujian, China; PHD 2002 New South Wales,Australia

Chen, Wei Fan, Assistant Professor, Surgery, 2011 (2011); MD 2002 New York

Chen, Xi, Adjunct Associate Professor, Preventive Community Dentistry, 2014 (2014);

Chen, Yong, Associate Professor, Industrial Engineering, 2003 (2010); MS 2000 Michigan; MA 2003 Michigan; PHD 2003 Michigan

Cheng, Chi-Lien, Associate Professor, Biology, 1990 (1997); BS 1969 National Taiwan; PHD 1982 Connecticut

Cherascu, Gabriela, Adjunct Instructor, Psychiatry, 2014 (2014);

Chereches, Razvan, Adjunct Assistant Professor, Occupational Environmental Health, 2007 (2007); MD 2001 LuLiu Hatieganu, Romania; MS 2005 Univ Lucian Blaga, Romania; PHD 2007 Univ Lucian Blaga, Romania

Cheruvillil, Anita, Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014);

Cheung, Miao Miao, Lecturer, Teaching and Learning, 2014 (2014);

Cheyne, Ken, Clinical Adjunct Professor, Pediatrics, 1999 (2006); MD 1982 Iowa

Chi, Donald Leslie, Adjunct Lecturer, Public Policy Center, 2010 (2010); AB 2000 Cornell; DDS 2006 Washington

Chiariello, Michele, Adjunct Lecturer, Marketing, 2014 (2014);

Chiavetta, Keith Michael, Adjunct Lecturer, Management Organizations, 2013 (2010);

Chibnik, Michael S., Professor, International Programs/ Anthropology, 1978 (1994); BA 1968 Cornell; MA 1973 Columbia; PHD 1975 Columbia

Chickering, Stephanie Anne, Adjunct Instructor, Preventive Community Dentistry, 2013 (2013);

Chifan, Ionut, Assistant Professor, Mathematics, 2011 (2011); BS 2001 Bucharest; MS 2003 Bucharest; PHD 2009 California Los Angeles

Chin, Ting-Fong, Emeritus Associate Professor, Pharmacy, 1963 (1976); BS 1951 Natl Defense Med Ctr-Taiwan; MS 1960 Iowa; PHD 1962 Iowa

Chipara, Octav, Assistant Professor, Computer Science, 2011 (2011); BS 2003 Indiana; PHD 2010 Washington

Chiusano, Robert Michael, Adjunct Lecturer, Mechanical Engineering, 2008 (2008); BSE 1977 New York; MBA 1984 Iowa

Cho, Peter, Adjunct Assistant Professor, Oral Maxillofacial Surgery, 2011 (2011); DDS 2005 Iowa; MS 2009 Iowa

Choe, Steve, Associate Professor, Division of Interdisciplinary Program/Cinema Comparative Literature, 2008 (2014); PHD 2008 California - Berkeley

Choi, James Yuknam, Clinical Associate Professor, Anesthesia, 1996 (2004); BA 1986 Northwestern; MD 1991 University of Iowa

Choi, Kent Choung, Clinical Professor, Surgery, 2001 (2013); BS 1989 Florida; MD 1993 Georgia Medical

Choi, Kyong Mi, Assistant Professor, Teaching and Learning, 2009 (2009); BS 2002 Seoul National; MPHIL 2008 Columbia Univ; PHD 2009 Columbia Univ

Choi, Kyung Kook, Professor, Mechanical Engineering, 1983 (1990); BS 1970 Yon Sei-Korea; MS 1977 Iowa; PHD 1980 Iowa

Choi, Won Wung, Emeritus Professor, Anesthesia, 1979 (1992); MD 1957 Chon-nam-Korea; DMS 1966 Seoul National-Korea

Choi, Yu Fai, Assistant Professor, Economics, 2013 (2013);

Chong, Hui Sen, Clinical Assistant Professor, Surgery, 2010 (2010); MD 2004 Calgary

Choo, Chung hi, Professor, Art Art History, 1968 (1981); BFA 1961 Ewha Women’s-Korea; MFA 1963 Cranbrook Academy of Art

Choojitarom, Viravat, Adjunct Assistant Professor, Creative Writing, 2014 (2014);

Chope, Roger Allen, Adjunct Professor, Accounting, 2008 (2008); BA 1968 Albion; MBA 1977 Louisville; PHD 1981 Oregon

Choudhary, Jaspreet, Adjunct Instructor, Preventive Community Dentistry, 2007 (2007); DDS 2005 Creighton

Chrischilles, Elizabeth A., Professor, Epidemiology/ Pharmacy/ICTS - Design Biostat and Ethics, 1982 (2000); BS 1979 Iowa; MS 1981 Iowa; PHD 1986 Iowa

Christ, Heather Ann, Adjunct Assistant Professor, Pharmacy, 2006 (2006); AA 1994 Kirkwood Community; PHARMD 2002 Iowa

Christensen, Alan J., Professor, Psychology/Internal Medicine, 1993 (2002); BS 1987 Utah; MS 1991 Utah; PHD 1993 Utah

Christensen, Cynthia K., Emeritus Associate Professor, Pediatric Dentistry, 2002 (2002); BS 1976 Iowa; DDS 1980 Iowa; MS 1983 Iowa
Christensen, Gary E., Professor, Radiation Research Laboratory/Electrical-Computer Engineering, 1997 (2010); BS 1988 Washington-St. Louis; MS 1989 Washington-St. Louis; PhD 1994 Washington-St. Louis

Christensen, Gary Lynn, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Christensen, James, Emeritus Professor, Internal Medicine, 1963 (1972); BA 1953 Nebraska-Lincoln; MS 1957 Nebraska-Omaha; MD 1957 Nebraska-Omaha

Christensen, Laura Ellen, Adjunct Instructor, Division of Interdisciplinary Program, 2014 (2014);

Christensen, Lori, Clinical Associate Professor, Peditrics, 2001 (2007); BA 1993 Iowa; MD 1998 Iowa

Christensen, Steve, Adjunct Instructor, Preventive Community Dentistry, 2002 (2002); DDS 1986 Iowa

Christensen-Szalanski, Carlryn M., Clinical Associate Professor, Emergency Medicine, 2003 (2011); MD 1983 Washington

Christian, Jennifer B., Adjunct Associate Professor, Pharmacy Practice and Science, 2015 (2015);

Christiansen, Erika Elizabeth, Adjunct Instructor, University College Courses, 2014 (2014); HS 2005 St. Charles HS, St. Charles, IL; BFA 2009 University of Iowa

Chrysler, Susan, Adjunct Associate Professor, Public Policy Center/Occupational Environmental Health, 2013 (2013); BA 1986 University of Minnesota; PHD 1993 University of Minnesota

Chung, Eunjin Danielle, Clinical Assistant Professor, Internal Medicine, 2011 (2013); BA 1996 Yon-Sei, Seoul; MA 1998 Manhattan School/Music; MD 2008 Wisconsin

Clifra, Christina Luz Lopez, Clinical Assistant Professor, Pediatrics, 2014 (2014);

Cigrand, Karla Kay, Adjunct Lecturer, Teaching and Learning, 2015 (2000); BS 1982 Iowa; MA 1990 Iowa

Cilek, Joseph C., Adjunct Instructor, Health and Human Physiology, 2008 (2008); BA 1999 Iowa; MA 2003 Iowa

Cilek, Toni Lee Daters, Clinical Associate Professor, Communication Sciences and Disorders, 1992 (1992); BA 1975 Iowa; MA 1976 Iowa

Ciliberto, Heather, Clinical Assistant Professor, Dermatology/Pediatrics, 2013 (2013);

Ciliberto, Michael Anthony, Clinical Assistant Professor, Pediatrics, 2013 (2013);

Cinnamon, Katherine A., Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Cirillo, Dominic J., Adjunct Lecturer, Epidemiology, 2011 (2013); BS 1998 Cornell; MD 2008 Iowa; PHD 2009 Iowa

Clarus, Lavinia, Lecturer, Mathematics, 2013 (2013);

Clamon, Gerald H., Emeritus Professor, Internal Medicine, 1976 (1991); BS 1967 Dartmouth; MD 1971 Washington-Missouri

Clancey, Constance Jean Lehman, Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHD 1990 Baylor College

Clancy, James M., Associate Professor, Prosthodontics, 1986 (1991); BS 1975 Iowa; DDS 1978 Iowa; MS 1980 Iowa

Clark, Anthony S., Assistant Professor, Aerospace Studies, 2011 (2011); BA 2004 Maryland

Clark, Charles R., Professor, Orthopaedics and Rehabilitation/Preventive Medicine, 1980 (1988); BS 1972 Notre Dame; MD 1976 Michigan

Clark, Craig Leo, Adjunct Instructor, Pharmacy, 1997 (1997); BS 1976 Purdue

Clark, Craig B., Clinical Adjunct Professor, Internal Medicine, 2001 (2011); BS 1991 Iowa State; DO 1995 Des Moines- Col of Osteopa

Clark, Eve Dillman, Clinical Associate Professor, Radiology, 2008 (2014); MD 2002 Iowa

Clark, Jason K., Assistant Professor, Psychology, 2009 (2009); BA 2000 Purdue; MS 2005 Purdue; PHD 2007 Purdue

Clark, Lee Anna, Emeritus Professor, Psychology, 1993 (1993); BA 1972 Cornell; MA 1977 Cornell; PHD 1982 Minnesota

Clark, Mary Kathleen, Professor, IA Consortium Substance Abuse/Nursing, 1982 (2007); BSN 1973 Michigan; MN 1979 Washington; PHD 1990 Iowa

Clark, Mattie Marie, Adjunct Instructor, Marketing, 2015 (2015);

Clark, Robert L., Clinical Adjunct Associate Professor, Surgery, 2012 (2012); MD 1985 Arkansas Medical

Clark, Ruth Ann, Adjunct Instructor, Pharmacy, 1997 (1997); BS 1992 Iowa

Clark, Shaunda Louise, Adjunct Instructor, Preventive Community Dentistry, 1998 (1998); BS 1997 Iowa

Clark, Steven Heyen, Adjunct Instructor, Preventive Periodontics, 1991 (2009); BS 1977 Illinois; DDS 1983 Illinois

Clark, William David, Clinical Associate Professor, Family Medicine, 1999 (2011); BS 1973 Iowa State University; MD 1977 Iowa

Clarke, Mary Frances, Adjunct Assistant Professor, Nursing, 1996 (2007); BSN 1982 Mount Mercy College; MA 1993 Iowa; PHD 2006 Iowa

Clarke, William Radue, Professor, Biostatistics, 1986 (1986); BA 1964 Oregon; MS 1967 Iowa; PHD 1975 Iowa

Clasen, Michelle Lee, Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);

Clausen, Leah Ann, Adjunct Assistant Professor, Pharmacy Practice and Science, 2010 (2010); PHARMD 2003 Iowa
Claypool, Vicki Lynn, Professor, Political Science/International Programs, 1989 (2002); BA 1974 Minnesota; PHD 1985 Minnesota

Clayton, Christopher Edmund, Adjunct Assistant Professor, Pharmacy, 2005 (2005); AS 1995 North Iowa Area Community; PHARMD 2000 Iowa

Clegg, Steven, Professor, Microbiology, 1980 (1992); BSC 1975 Dundee - Scotland; PHD 1978 Dundee-Scotland

Clement, Colleen Marie, Adjunct Assistant Professor, Pharmacy, 2010 (2010); PHARMD 2000 Iowa

Clemens, Lance, Adjunct Instructor, Social Work, 1997 (1997); MS 1986 Columbia

Clepepe, Jason, Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014); BA 2003 University of Iowa

Cleveland, Mark G., Clinical Adjunct Assistant Professor, Dermatology, 1999 (1999); BS 1984 Baylor; PHD 1990 Texas Medical-Houston; MD 1990 Texas Medical Galveston

Cline, Robert N., Adjunct Lecturer, Marketing, 1996 (1996); BA 1968 Iowa

Clinton, Patricia Kay, Emeritus Professor, Nursing, 1984 (2002); BSN 1976 Iowa; MA 1984 Iowa; PHD 1995 Iowa

Clow, Toni J., Emeritus Associate Professor, Nursing, 1976 (1981); BSN 1966 Iowa; MA 1975 Iowa

Cloyd, Brett S., Adjunct Instructor, University College, 2011 (2013); BA 1993 St. Mary’s of Maryland; AMLS 1998 Iowa

Clubb, Merrel D., Associate Professor, Theatre Arts, 1999 (1999); BA 1976 Amherst College; MFA 1982 Yale; DFA 1991 Yale

Cobb, Deborah Scheckel, Associate Professor, Operative Dentistry, 1986 (2000); BS 1976 Northern Arizona; DDS 1982 Iowa; MS 1995 Iowa

Cobb, Stuart Stanley, Adjunct Assistant Professor, Endodontics, 1988 (1988); DDS 1982 Iowa

Cochran, Bridgette Fay, Adjunct Assistant Professor, Pharmacy, 2010 (2010); PHARMD 2005 Iowa

Cochran, Sam V. III, Clinical Professor, Psych Quant Foundations, 1994 (2001); BA 1972 Chicago; MED 1975 Missouri; PHD 1983 Missouri

Coelho, Benjamin Antonio, Professor, Music, 1998 (2010); BA 1984 State Univ of NY - Purchase; MA 1986 Manhattan School of Music

Coffey, Christopher S., Professor, Biostatistics, 2009 (2009); BS 1992 Tennessee; MS 1996 Chapel Hill; PHD 1999 Chapel Hill

Coffman, Don D., Emeritus Professor, Teaching and Learning/Music, 1987 (2002); BME 1978 Kansas; MMED 1984 Wichita State; PHD 1987 Kansas

Coffman, Robert E., Emeritus Professor, Chemistry, 1967 (1979); BS 1953 Illinois; MS 1955 UC Berkeley; PHD 1964 Minnesota

Coggins Mosher, Sarah Lucinda, Lecturer, Rhetoric, 2001 (2002); PHD 2001 Iowa

Cohill-Behrends, William Lee, Adjunct Lecturer, Teaching and Learning, 2005 (2005); AB 1999 NORTHERN IOWA; MA 2003 IOWA

Cohen, Andrea N., Adjunct Instructor, University College Courses, 2014 (2014);

Cohen, Jordan L., Emeritus Professor, Provost Office Administration/Pharmacy, 1999 (1999); BS 1965 Wisconsin; PHD 1969 Wisconsin; MS 1997 Wisconsin

Cohen, Mary L., Associate Professor, Teaching and Learning/Music, 2007 (2013); BME 1992 Kansas; MME 2000 Kansas; PHD 2007 Kansas

Cohen, Michael B., Emeritus Professor, Pathology/Urology, 1990 (1996); BA 1977 Haveford; MD 1982 Albany Medical

Colaizy, Tarah Trinity, Associate Professor, Pediatrics, 2004 (2013); MD 1988 Wisconsin; BS 1998 Wisconsin

Colangelo, Nicholas, Professor, Rehabilitation and Counselor Education, 1977 (1986); BA 1970 State Univ-NY-Cortland; MED 1973 Vermont; PHD 1977 Wisconsin

Colbert, Amy Elizabeth, Associate Professor, Management Organizations, 2007 (2010); BS 1995 Culver-Stockton; MA 1999 St Louis; PHD 2004 Iowa

Colbert, Michael William, Lecturer, Management Sciences, 2007 (2007); BS 1994 Culver-Stockton

Cole, Catherine A., Professor, Marketing, 1984 (2004); BA 1971 Beloit; MBA 1976 Wisconsin; PHD 1983 Wisconsin

Cole, Charman L., Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);

Cole, Renee Susan, Associate Professor, Chemistry, 2011 (2011); BA 1992 Hendrix, AR; MS 1995 Oklahoma; PHD 1998 Oklahoma

Coleman, Carla Rae, Adjunct Lecturer, Teaching and Learning, 2015 (2014); BA 1986 Luther College; MA 1993 Northern Iowa

Colgan, John David, Associate Professor, Anatomy Cell Biology/Internal Medicine, 2004 (2012); MA 1989 Columbia; MPHIL 1991 Columbia; PHD 1994 Columbia

Colker, Ruth, Adjunct Professor, Law-Faculty, 2014 (2014);

Collaguazo, Dana Marie, Clinical Assistant Professor, Emergency Medicine, 2003 (2003); BS 1996 Iowa; MD 2000 Iowa

Collins, Angela Sue, Clinical Adjunct Assistant Professor, Internal Medicine, 2001 (2001); MD 1990 South Dakota

Collins, Daniel W., Professor, Accounting, 1977 (1981); BBA 1968 Iowa; PHD 1973 Iowa

Collins, David E., Lecturer, Marketing, 1997 (2000); BS 1974 Iowa

Collins, Paul J., Emeritus Associate Professor, Periodontics, 1969 (1982); DDS 1966 Iowa; MS 1973 Iowa

Collins, Steve M., Emeritus Professor, Electrical-Computer Engineering, 1976 (1987); BS 1971 Illinois-
Chicago; MS 1974 Illinois-Chicago; PHD 1977 Illinois-Chicago

Collins, Thomas, Clinical Associate Professor, Surgery, 2007 (2012); MD 2000 Texas

Colvin, Carolyn, Associate Professor, Teaching and Learning, 1991 (1997); BA 1971 Doane; MED 1981 Nebraska-Lincoln; PhD 1987 Nebraska-Lincoln

Comellas Freymond, Alejandro Pierre, Assistant Professor, Internal Medicine, 2008 (2008); MD 1996 Venezuela

Comeron, Josep M., Associate Professor, Biology, 2002 (2008); BS 1987 Barcelona; PhD 1997 Barcelona

Conklin, Scott, Associate Professor, Music, 2005 (2010); BM 1997 Cleveland Institute; MM 1999 Michigan; DMA 2002 Michigan

Conley, Virginia Mary, Clinical Associate Professor, Nursing, 2010 (2011); BS 1993 Excelsior; MN 1996 Wyoming; PhD 2001 South Florida

Connerly, Charles, Professor, Urban Regional Planning/Public Policy Center, 2008 (2008); BA 1968 Grinnell College; MUP 1976 Michigan; PhD 1980 Michigan

Connett, Meghan A., Clinical Assistant Professor, Family Medicine, 2013 (2013);

Connolly, Connie Jo, Adjunct Instructor, Pharmacy, 2000 (2000); BS 1992 Iowa

Connor, Richard John, Adjunct Instructor, Social Work, 2005 (2005); BA 1980 Quincy College; MSW 1990 Iowa

Conrad, Amy Lynn, Assistant Professor, Internal Medicine, 2013 (2014); BA 1999 Central College, Pella

Conrey, Michael Arthur, Adjunct Assistant Professor, Pharmacy, 2009 (2009); PHARMD 2004 Iowa

Considine, Angela R., Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);

Constantine, Elizabeth A., Adjunct Assistant Professor, University College Courses, 1998 (2003); BA 1980 Univ Wisconsin-Madison; MA 1989 Monterey Inst Internat’l Studi; PhD 2001 Indiana

Constantinescu, George, Associate Professor, Civil-Environmental Engineering, 2004 (2009); MS 1992 Bucharets; PHD 1997 Iowa

Contrada, Deborah, Associate Professor, French Italian, 1986 (1996); AB 1972 Mount Holyoke; AM 1973 Middlebury; PhD 1985 Harvard

Conway, Daniel George, Adjunct Lecturer, Management Sciences, 2013 (2013);

Conway, Thomas W., Emeritus Professor, Biochemistry, 1964 (1973); BS 1953 St Thomas; MA 1955 Texas; PhD 1962 Texas

Coohey, Carol Ann, Professor, Social Work, 1996 (2010); BA 1984 Northern Iowa; MSW 1985 Michigan; PhD 1993 Chicago

Cook, Brian L., Emeritus Professor, Psychiatry, 1986 (2001); BA 1976 Grinnell; DO 1979 Col of Osteopathic Med Surge; MS 1984 Iowa

Cook, Jennifer, Clinical Adjunct Assistant Professor, Pediatrics, 1999 (1999); MD 1985 Iowa

Cook, Robert T., Emeritus Professor, Pathology, 1977 (1996); AB 1958 Kansas; MD 1962 Kansas; PHD 1967 Kansas

Cook, Susan Wagner, Assistant Professor, Psychology, 2008 (2008); BS 2000 Chicago; PhD 2006 Chicago

Cook, Thomas Michael, Emeritus Professor, Occupational Environmental Health/Physical Therapy/International Programs, 1981 (1998); BA 1968 Thomas More-Kentucky; MS 1973 Duke; MS 1980 Drexel; PhD 1987 Iowa

Cooper, Benjamin James, Assistant Professor, Mathematics, 2014 (2014);

Cooper, Christopher Scott, Professor, Pediatrics/ Medicine Administration/Urology, 1999 (2008); BA 1987 Iowa; MD 1991 Iowa

Cooper, Reginald R., Emeritus Professor, Orthopaedics and Rehabilitation, 1962 (1971); BA 1952 West Virginia; BS 1953 West Virginia; MD 1955 Med College of Virginia; MS 1960 Iowa

Cooper-Brown, Linda Jo, Clinical Associate Professor, Pediatrics, 2000 (2011); BA 1984 Miami; EDS 1988 Iowa; PHD 1991 Iowa

Copeland, Hilary Anne, Adjunct Lecturer, Urban Regional Planning, 2009 (2009); MA 2005 St. Andrews, Scotland; MS 2008 Iowa

Corbett, Kyra Jean, Adjunct Assistant Professor, Pharmacy, 2005 (2005); PHARMD 2004 Iowa

Corderman, Alisa M., Clinical Adjunct Assistant Professor, Family Dentistry/Periodontics, 1970 (1973); DDS 1966 Iowa; MS 1970 Iowa

Coretsopoulos, Chris, Lecturer, Chemical Biochemical Engineering, 1992 (2012); BS 1981 Massachusetts; PHD 1989 Illinois

Corkery, Brian James, Adjunct Instructor, University College Courses, 2002 (2002); BA 1983 Iowa; MS 1988 Iowa State; PhD 1996 Utah; MPA 1996 Utah

Corkery, Julie M., Adjunct Assistant Professor, Psych Quant Foundations, 2002 (2002); BA 1983 Mount Mercy; EDS 1987 Iowa State; PHD 1991 Iowa State

Cornell, Robert A., Associate Professor, Anatomy Cell Biology, 2001 (2007); BS 1987 Stanford; PHD 1995 Washington

Correia, Monica Cruz De Gusmao, Associate Professor, Art Art History, 2003 (2010); AB 1991 Uni of Rio de Janeiro; MA 1999 Iowa; MFA 2000 Iowa

Corrigan, Melissa M., Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);
Coryell, William H., Professor, Psychiatry, 1977 (1986); BS 1970 Georgia; MD 1973 Medical College of Georgia

Cossman, George W., Emeritus Associate Professor, Teaching and Learning, 1966 (1970); AB 1952 Shimer; BS 1954 Illinois; MED 1955 Illinois; PhD 1967 Iowa

Cotarlan, Vlad. Clinical Assistant Professor, Internal Medicine, 2012 (2012);

Coulter, Joe D., Professor, ICTS - Community Programs/Anatomy Cell Biology/Community Behavioral Health, 1985 (1985); BA 1966 Oklahoma; PhD 1971 Oklahoma

Couser, Gregory Patrick, Adjunct Assistant Professor, Occupational Environmental Health, 2004 (2007); BSE 1992 Iowa; MD 1997 Iowa; MPH 2002 Iowa

Covert, Christopher M., Adjunct Instructor, Pharmacy Practice and Science, 2010 (2012); PHARMD 2001 Iowa

Crabtree, Kirk, Clinical Assistant Professor, Morningside; BSPH 1977 Creighton; JD 1991 Drake

Crabb, Thomas G., Adjunct Assistant Professor, Pharmacy Practice and Science, 2006 (2006); BS 1973 Morningside; BSPH 1977 Creighton; JD 1991 Drake

Craic, Peter M., Professor, Internal Medicine, 2002 (2013); BA 1991 Vermont; MD 1997 Wake Forest

Crane, Robert Emmett, Adjunct Assistant Professor, Urban Regional Planning/Economics, 2007 (2009); BS 1963 MA Inst of Technology; MS 1966 MA Inst of Technology; PHD 2007 Iowa

Cramer, Bradley Douglas, Assistant Professor, International Programs/Earth and Environmental Sciences, 2012 (2012);

Cramer, Elizabeth Suzanne, Clinical Assistant Professor, Family Medicine, 2012 (2012);

Cranberg, Gilbert, Emeritus Professor, Journalism Mass Communication, 1982 (1982); BA 1949 Syracuse; MA 1956 Drake

Cranson, Jane Barnes, Clinical Instructor, Teaching and Learning, 2005 (2009); MA 1980 Western Illinois; MA 1993 Iowa

Crawford, Ean Robert, Assistant Professor, Management Organizations, 2011 (2011); BS 2006 Brigham Young; MAC 2006 Brigham Young; PHD 2011 Florida

Crawford, Lance Wayne, Adjunct Assistant Professor, Endodontics, 2003 (2003); BS 1971 Iowa; BDS 1975 Loyola-Chicago; CER 1981 Loyola-Chicago

Crawford, Robert G., Adjunct Associate Professor, Economics, 2009 (2009); MS 1971 Carnegie Mellon; PHD 1976 Carnegie Mellon

Credon, Pamela J., Emeritus Professor, Journalism Mass Communication, 2002 (2002); BA 1969 Mount Union; MA 1970 Oregon

Creekmur, Corey, Associate Professor, English/Cinema Comparative Literature/International Programs, 1997 (2000); BA 1979 Florida; MA 1981 Chicago; PHD 1991 Illinois-Urbania Champaign

Cremers, Bernard J., Adjunct Instructor, Pharmacy, 2000 (2000); BS 1964 Iowa

Cretzmeyer, Margaret T., Adjunct Assistant Professor, Social Work, 2006 (2006); PHD 2006 Iowa

Crisman, Monica Lynn, Adjunct Instructor, University College Courses, 2014 (2014);

Criswell, Thomas J., Adjunct Assistant Professor, Pharmacy Practice and Science, 2010 (2012); PHARMD 2010 Iowa

Crocco, Robert Joseph, Adjunct Lecturer, Civil-Environmental Engineering, 2011 (2011); BSC 1970 Georgetown; MES 1976 Drexel
Crocker, Erin, Clinical Assistant Professor, Psychiatry, 2011 (2011); MD 2007 South Carolina

Crocker, Stephen Russell, Adjunct Lecturer, Marketing, 2012 (2012);

Croco, Matthew Alexander Terrance, Adjunct Assistant Professor, Orthodontics, 2010 (2010); BA 1997 Grinnell; DDS 2002 Iowa; MS 2005 Iowa

Croft, Jerry, Adjunct Professor, Division of Interdisciplinary Program, 2001 (2001); PHD 1971 Tulsa

Croft, Laurie J., Clinical Associate Professor, Teaching and Learning, 1998 (2007); BA 1978 Oklahoma State; MA 1984 Oklahoma; PHD 1994 Tulsa

Cromwell, John, Clinical Associate Professor, Surgery, 2009 (2009); BS 1989 Lincoln, Nebraska; MD 1994 Minnesota

Cross, Lowell M., Emeritus Professor, Music, 1972 (1981); BA 1961 Texas Tech; BA 1963 Texas Tech; MA 1968 Toronto-Canada

Crossett, Clay, Adjunct Instructor, Preventive Community Dentistry, 2010 (2010); DMD 1983 Louisville; BS 1983 Centre College; DMD 1987 Louisville

Crossett, Judith H., Clinical Professor, Psychiatry/Nursing, 1998 (2008); BA 1968 Grinnell; MA 1970 Toronto; MD 1984 Iowa; MS 1988 Iowa

Crowe, Raymond R., Emeritus Professor, Psychiatry, 1972 (1981); BA 1963 Vanderbilt; MD 1966 Vanderbilt

Crowell, Carolyn M., Emeritus Assistant Professor, Nursing, 1968 (1969);

Croy, Stacy Marie, Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2012);

Cruden, Robert W., Emeritus Professor, Biology, 1967 (1978); AB 1958 Hiram; MS 1960 Ohio State; PHD 1967 UC Berkeley

Cruikshank, Brenda M., Emeritus Associate Professor, Pediatrics, 1972 (1995); BA 1964 DePauw; MD 1967 North Carolina

Cuddihy, Henri A., Emeritus Associate Professor, Internal Medicine, 2000 (2000); BA 1969 New York; MD 1977 Alabama

Cullen, Joseph John, Professor, Radiation Oncology/Surgery, 1993 (2005); BS 1981 Loras; MD 1986 Iowa

Cullen, Laura M., Clinical Adjunct Instructor, Nursing, 2000 (2000); BSN 1982 Iowa; MA 1990 Iowa

Cullinan, Daniel, Adjunct Assistant Professor, Pharmacy Practice and Science, 2002 (2002); BS 1995 Iowa; MS 1997 Iowa; PHARMD 1999 Iowa

Culp, Kenneth Ray, Professor, Occupational Environmental Health/Nursing, 1985 (2007); BSN 1980 Iowa; MA 1985 Iowa; PHD 1992 Iowa

Culshaw, John Patrick, Adjunct Professor, Library Information Science, 2013 (2013);

Cumings, Lauren Rachael, Adjunct Assistant Professor, Pharmacy Practice and Science, 2008 (2008); PHARMD 2006 Drake

Cumings, James Michael, Clinical Adjunct Assistant Professor, Family Medicine, 2005 (2005); BA 1992 Central Pella, IA; MD 1996 Iowa

Cumings, Stephen Paul, Clinical Assistant Professor, Social Work, 2005 (2012); BA 1994 Iowa; MSW 2002 Iowa

Cumins, Phillip D., Emeritus Professor, Philosophy, 1963 (1974); BA 1957 Iowa; MA 1959 Iowa; PHD 1961 Iowa

Cunliffe, Paul William, Adjunct Assistant Professor, Dance, 2002 (2002);

Cunning, David, Associate Professor, Philosophy, 2003 (2007); BA 1993 California, @ Berkeley; MA 1996 California @ Irvine; PhD 2000 California @ Irvine

Cunningham-Ford, Marsha Ann, Associate Professor, Preventive Community Dentistry, 1979 (1985); BS 1976 Old Dominion; MS 1979 Old Dominion

Curley, Melissa Anne-Marie, Assistant Professor, Religion, 2009 (2009); BA 1997 McGill; MA 2004 McGill; PhD 2009 McGill

Curran, Daniel Joseph, Adjunct Lecturer, Management Organizations, 2012 (2012); BBA 1993 Cardinal Stritch; MBA 2008 UNI

Currie, Jay Dean, Clinical Professor, Pharmacy, 1984 (2005); BSPH 1980 Iowa; PHARM D 1984 Iowa

Curry, Raygena Ann, Adjunct Instructor, Social Work, 1997 (1997); BA 1977 Simpson College; MSW 1992 Iowa

Curtis, Gary Dale, Adjunct Instructor, Rehabilitation and Counselor Education, 2013 (2013);

Curtis, Vanessa Ann, Clinical Assistant Professor, Pediatrics, 2011 (2011); MD 2005 Wisconsin

Curtius, Anny Dominique, Associate Professor, International Programs/French Italian, 2002 (2007); BA 1984 Antilles-Ggyane; MA 1992 Montreal; PHD 1997 Montreal

Curto, Ines Zigrino, Lecturer, Computer Science, 2000 (2001); PHD 2000 Iowa

Curto, Raul E., Professor, Mathematics/Clas Administration, 1981 (1987); BS 1975 San Luis-Argentina; PHD 1978 State Univ of NY - Stony Brook; MA 1978 State Univ of NY - Stony Brook

Curto, Roxanna Nydia, Assistant Professor, Spanish Portuguese/French Italian, 2011 (2011); AB 2001 Harvard; MA 2003 Yale; PhD 2008 Yale

Curto, Iulian, Associate Professor, Mathematics, 2011 (2011); BSE 1993 Politehnica,Timisoara

Curto, Raul E., Professor, Mathematics/Clas Administration, 1981 (1987); BS 1975 San Luis-Argentina; PHD 1978 State Univ of NY - Stony Brook; MA 1978 State Univ of NY - Stony Brook

Curto, Rodica, Associate Professor, Mathematics, 2007 (2012); BS 1995 Transilvania U of Brasov,Roman; MA 1999 Pittsburgh; PHD 2003 Pittsburgh

Cuiertrny, David Michael, Associate Professor, Chemical Biochemical Engineering/Civil-Environmental Engineering, 2011 (2014); BS 2000 California; PHD 2005 Johns Hopkins
Das, Shuvendu, Adjunct Assistant Professor, Chemistry, 2014 (2014); PHD 2004 Jadavpur University
Davenport, Channa Zahr, Lecturer, Nursing, 2014 (2014);
David, Gordon Jon, Assistant Professor, Pediatrics, 2014 (2014);
David, Marcella, Professor, Law-Faculty/International Programs, 1995 (1999); BS 1986 Rensselaer Polytechnic Institu; JD 1989 Michigan
Davidovic, Jovana, Assistant Professor, Philosophy, 2012 (2012);
Davidson, Ashley Rose, Adjunct Assistant Professor, Creative Writing, 2012 (2012);
Davidson, Beverly L., Professor, Neurology/Physiology/Internal Medicine, 1994 (2000); BS 1981 Nebraska Wesleyan; MS 1983 Michigan; PHD 1987 Michigan
Davidson, Jill Ellen Kramer, Clinical Adjunct Assistant Professor, Obstetrics Gynecology, 1995 (1995); MD 1988 Iowa
Davies, Brandon Scott Joseph, Assistant Professor, Biochemistry, 2012 (2012);
Davies, Caroline, Adjunct Assistant Professor, Earth and Environmental Sciences, 2011 (2011); BS 2001 Iowa State; MS 2003 Fort Hays State; PHD 2009 Missouri-Rolla
Davies, David A., Clinical Adjunct Assistant Professor, Dermatology, 2001 (2001); MD 1994 Colorado
Davis, Jody, Adjunct Instructor, Preventive Community Dentistry, 2010 (2010); BS 1996 Fort Lewis; DDS 2009 Colorado
Davis, Leodis, Emeritus Professor, Chemistry, 1968 (1976); BS 1956 Missouri; MS 1958 Iowa State; PHD 1960 Iowa State
Davis, Mary J., Adjunct Lecturer, Law-Faculty, 2014 (2014);
Davis, Michael Wayne, Adjunct Lecturer, University College Courses, 2004 (2004); BA 1979 South Carolina; MDIV 1984 Southeastern Baptist Theologic
Davis, Patricia H., Emeritus Professor, Neurology, 1992 (2005); BS 1973 Queen's-Ontario; MD 1977 Queen's-Ontario
Davis, Rebecca, Clinical Assistant Professor, Internal Medicine, 2007 (2007); BS 1981 Indiana; MD 1987 Indiana
Davis, Roy C., Adjunct Assistant Professor, Pharmacy, 1997 (1997); BA 1979 Pittsburgh; BS 1987 Kansas; PHARMD 1995 Duquesne
Davis, William Alan, Emeritus Associate Professor, Obstetrics Gynecology, 2000 (2003); BA 1963 Wartburg; MD 1967 Illinois
Davis, Wilson L. Jr., Clinical Adjunct Instructor, Internal Medicine, 1990 (1990); MD 1978 Iowa
Davison, Alice L., Associate Professor, Linguistics, 1988 (1988); AB 1962 Bryn Mawr; MA 1969 Chicago; PHD 1973 Chicago
Daws, William R., Clinical Adjunct Assistant Professor, Pediatrics, 1981 (1981); MD 1976 Iowa
Dawson, Deborah V., Professor, Dows Institute-Research/Biostatistics, 2001 (2001); BA 1974 Montclair State; SCM 1976 Johns Hopkins; PHD 1981 North Carolina
Dawson, Jeffrey D., Professor, Biostatistics, 1991 (2009); BS 1987 Brigham Young; SCD 1991 Harvard
Day, Anthony Alan, Clinical Adjunct Associate Professor, Family Medicine, 2008 (2008); BS 1988 Iowa; MD 1992 Iowa
Dayal, Sanjana, Assistant Professor, Internal Medicine, 2014 (2014); PHD 1995 India Institute of Medical Science
Dayton, Michael John, Adjunct Lecturer, Management Organizations, 2015 (2015);
De Boef, Connie Lou, Emeritus Assistant Professor, Nursing, 1993 (2002); BSN 1970 Iowa; MA 1991 Iowa
De Boyrie, Maria Eugenia, Adjunct Associate Professor, Economics, 2014 (2014);
De Castro Filho, Luciano Irineu, Associate Professor, Economics, 2014 (2014);
De La Pena, George R., Associate Professor, Dance, 2004 (2005);
De Mali, Kris A., Associate Professor, Biochemistry/Dermatology, 2006 (2012); PHD 1999 Colorado Health
De Matta, Renato E., Associate Professor, Management Sciences, 1990 (1997); BS 1977 Philippines; MA 1979 Philippines; PHD 1989 Pennsylvania
De Puma, Richard Daniel, Emeritus Professor, Art Art History, 1968 (1986); BA 1964 Swarthmore; MA 1967 Bryn Mawr; PHD 1969 Bryn Mawr
De Saint Victor, Carol, Emeritus Professor, English, 1966 (1984); BA 1956 Indiana; PHD 1966 Indiana
Dean, Asabi Afi, Lecturer, Rehabilitation and Counselor Education, 2011 (2011); BA 1998 Chicago State; MA 2006 Chicago State
Dean, Thomas Keith, Adjunct Assistant Professor, University College Courses/Health and Human Physiology, 2000 (2000); BA 1982 Northern Illinois; BM 1982 Northern Illinois; MA 1984 Northern Illinois; PHD 1993 Iowa
Deberg, Jennifer, Adjunct Lecturer, Nursing, 2014 (2014); BS 1993 Elizabethtown College; MS 2008 Emporia State University
Deboer, Angela, Lecturer, English as Second Language, 2010 (2010); MA 2001 Minnesota
Decker, Scott Matthew, Adjunct Assistant Professor, Pharmacy Practice and Science, 2010 (2010); PHARMD 2008 Iowa
Decook, Rhonda R., Lecturer, Statistics Actuarial Science, 2006 (2012); BS 1993 Iowa State; MS 2002 Iowa State; PHD 2006 Iowa State
Dee, Fred Randolph, Emeritus Professor, Pathology, 1974 (1983); BA 1963 Iowa; MD 1967 Iowa
Deeter, David Perry, Adjunct Professor, Occupational Environmental Health, 2013 (2013);
Degeest, David Scott, Adjunct Lecturer, Management Organizations, 2014 (2014);
Degner, Katherine Marie, Adjunct Assistant Professor, Teaching and Learning, 2014 (2014);
Degowin, Richard L., Emeritus Professor, Internal Medicine, 1968 (1973); MD 1959 Chicago
Dehn, Richard William, Emeritus Professor, Physician Assistant, 1994 (2000); BA 1973 Iowa; BS 1976 Iowa; MPA 1991 Golden Gate
Dehri, Deborah J., Associate Professor, Anesthesia, 1993 (1993); BS 1974 Wisconsin; MD 1978 Wisconsin
Deignan, Christine Chadek, Adjunct Assistant Professor, Occupational Environmental Health, 2004 (2004); BA 1970 Cornell-Iowa; MD 1977 California
Dejong, Douglas V., Professor, Accounting, 1980 (1993); BBA 1970 Iowa; MBA 1971 Iowa; PhD 1980 Michigan
Dejong, Stacey Lynn, Assistant Professor, Physical Therapy, 2014 (2014);
Delaney, Connie J., Emeritus Professor, Library Information Science, 1986 (2002); BSN 1975 Viterbo; MA 1978 Iowa; PhD 1986 Iowa
Delaty, Simone, Emeritus Professor, French Italian, 1968 (1986); MA 1962 Grenoble-France; PHD 1970 Bourdeaux-France
Deligiorgis, Stavros, Emeritus Professor, Cinema Comparative Literature/English, 1965 (1973);
Delsandro, Elizabeth M., Clinical Assistant Professor, Communication Sciences and Disorders, 2010 (2010); BS 1989 W Virginia U; MS 1991 W Virginia U
Demarco, Diane L., Adjunct Instructor, University College Courses, 2007 (2013); BA 1975 Michigan State; MA 1979 Michigan State
Demello, George, Emeritus Professor, Spanish Portuguese, 1967 (1995); BA 1954 Massachusetts; MA 1959 Colorado; PhD 1968 Colorado
Demetroulis, Elaine Marie, Clinical Associate Professor, Internal Medicine, 2004 (2007); BS 1992 Wisconsin-Madison; MD 1997 Iowa
Demir, Ibrahim, Adjunct Assistant Professor, Civil-Environmental Engineering, 2012 (2012); PHD 2010 University of Georgia
Den Adel, Kevin John, Lecturer, Accounting, 2009 (2009); PHD 1999 Iowa
Denburg, Jeffrey Lewis, Emeritus Professor, Biology, 1977 (1990); BA 1965 Amherst; PHD 1970 Johns Hopkins
Denburg, Natalie Lisa, Assistant Professor, Neurology/Psychology, 1999 (1999); BA 1991 New York-Binghamptpm; MA 1994 Michigan State; PHD 1997 Michigan State
Denehy, Gerald, Professor, Operative Dentistry, 1968 (1977); DDS 1968 Loma Linda; MS 1970 Iowa
Denehy, Janice Ann, Emeritus Associate Professor, Nursing, 1968 (1998); BS 1966 Loma Linda; MA 1971 Iowa; PhD 1978 Iowa
Deninger, Elizabeth Ellen, Adjunct Lecturer, Teaching and Learning, 2015 (2008); BA 1990 Iowa; MA 1995 Iowa
Dennis, Leslie, Adjunct Associate Professor, Epidemiology, 1999 (2004); BA 1984 Loretto Heights College; MS 1988 Colorado; PHD 1993 Washington
Dennis-Smithart, R. K., Clinical Adjunct Assistant Professor, Pediatrics, 1988 (1988); MD 1982 Iowa
Denniston, Rhawn Flavell, Adjunct Assistant Professor, Earth and Environmental Sciences, 2001 (2001); PHD 2000 Iowa
Denssen, Peter, Professor, Internal Medicine/Medicine Administration, 1983 (1991); BA 1966 Colby; MD 1970 Johns Hopkins
Deorah, Sundeej, Assistant Professor, Urology, 2012 (2012); MD 2003 All India Institute of Med Sci
Depew, David, Emeritus Professor, Graduate College-Operations/Interdisciplinary Programs/Communication Studies, 1990 (1995); BA 1965 St Marys-Calif; MA 1972 Calif-San Diego; PHD 1978 Calif-San Diego
Depew, Mary J., Associate Professor, Classics/International Programs, 1990 (1996); BA 1976 California State; BA 1979 Calif-Irvine; MA 1985 California-Los Angeles; PHD 1989 Calif-Los Angeles
Deppe, Wendy L., Adjunct Instructor, Pharmacy, 2006 (2006); BS 1988 Moorhead State; BSPH 1995 Drake
Deprosse, Charles, Emeritus Associate Professor, Obstetrics Gynecology, 1972 (1978); AB 1946 Cornell; MD 1950 Cornell
Desai, Anand Shashikant, Adjunct Associate Professor, Economics, 2014 (2014);
Deschenes, Cynthia L., Adjunct Instructor, Nursing, 2013 (2013);
Deshpande, Milind S., Adjunct Assistant Professor, Chemical Biochemical Engineering, 2011 (2011); BS 1984 Poona,India; MSC 1986 Poona,India; PHD 1992 Poona,India
Desjardins, Lucy E., Adjunct Assistant Professor, Epidemiology, 2003 (2003); BS 1981 Florida; DPHIL 1993 Florida
Destreul-Johnson, Emilie, Assistant Professor, French Italian, 2013 (2013);
Dettmer, Helena R., Professor, Clas Administration/Classics, 1976 (1997); BA 1972 Indiana; PHD 1976 Michigan
Dettmer, Timothy, Clinical Adjunct Assistant Professor, Otolaryngology-Head Neck Surgery, 2007 (2007); BA 1996 Wartburg College; MA 2000 Jewish Hosp. Cincinnati OH; MD 2000 Iowa
Devane, Benjamin Mitchell, Assistant Professor, Psych Quant Foundations, 2013 (2013);
Devine, Arthur William, Clinical Adjunct Assistant Professor, Urology, 1999 (1999); MD 1977 Iowa
Dilley, Paul C., Assistant Professor, Classics/Religion, 2011 (2011); MA 2002 Yale; MPHIL 2005 Yale; PHD 2008 Yale

Dillon, Joseph S., Associate Professor, Internal Medicine, 1996 (2003); MBBCCH 1981 BAO University College-Dublin

Dimke, Kristi Leigh, Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2012); PHARMD 2011 Iowa

Dindo, Lilian, Adjunct Assistant Professor, Psychiatry, 2009 (2009); BA 1998 Beirut; MA 2004 Iowa; PHD 2008 Iowa

Ding, Hongtao, Assistant Professor, Mechanical Engineering, 2012 (2012);

Dion, Douglas, Associate Professor, Political Science, 1999 (1999); BA 1984 North Carolina; MS 1986 Minnesota; PHD 1991 Michigan

Dion, Mark William, Clinical Assistant Professor, Radiation Oncology, 2000 (2000); BA 1973 Western State-Colorado; MD 1977 Colorado

Dirksen, Rachael Rickertsen, Clinical Assistant Professor, Internal Medicine, 2012 (2012);

Dittmer, Mark Allen, Clinical Assistant Professor, Family Dentistry, 1989 (1998); BS 1975 Iowa; DDS 1986 Iowa

Dittrich, Howard, Adjunct Professor, Internal Medicine, 2012 (2012);

Divekar, Abhay Ashok, Clinical Professor, Radiology/Pediatrics, 2007 (2013); MD 1995 Lokmanya Tilak Municipal

Dixon, Bradley S., Associate Professor, Internal Medicine, 1990 (1994); BS 1975 Arizona State; MD 1979 Southern California

Djalali, Chaden, Professor, Statistics, 2012 (2012);

Dobrian, Walter, Emeritus Associate Professor, Spanish Portuguese, 1962 (1965); BA 1952 Wisconsin; PHD 1960 Wisconsin

Dobyns, Richard Craig, Clinical Professor, International Programs/Family Medicine, 1988 (2004); BA 1978 St. Olaf; MD 1983 Minnesota

Dodds, Amber Lynne, Adjunct Assistant Professor, Pharmacy, 2009 (2009); PHARMD 2006 Iowa

Dodge, Georgina, Adjunct Associate Professor, English Rehabilitation and Counselor Education, 2010 (2010); BA 1991 California, Irvine; MA 1993 California; PHD 1996 California
Dodge, Jaime Kent, Clinical Adjunct Assistant Professor, Family Medicine, 2012 (2012);

Dodge, Rhonda Lynn, Clinical Adjunct Assistant Professor, Pediatrics, 2005 (2005); BA 1996 Simpson; MD 2001 Iowa

Doelle, Gregory Charles, Clinical Professor, Internal Medicine, 2000 (2003); BA 1973 St. Thomas; MD 1977 Minnesota

Doering, John Val, Emeritus Professor, Family Dentistry, 1974 (1989); BA 1966 Regis; DDS 1970 Iowa; MD 1976 Iowa

Doern, Gary V., Emeritus Professor, Pathology/Epidemiology, 1997 (1997); BS 1972 Northwestern; MS 1974 Medical College of Wisconsin; PhD 1977 Medical College of Wisconsin

Doerschug, Kevin Clarke, Clinical Professor, Internal Medicine, 2002 (2013); BA 1990 Grinnell; MD 1994 Iowa

Dogan, Ahmet Umran, Adjunct Professor, Chemical Biochemical Engineering, 1995 (2006); PhD 1984 Iowa

Doherty, Cornelius, Emeritus Associate Professor, Surgery, 1991 (1997); BS 1959 San Francisco; MD 1963 St Louis

Dohrn, Ashley Catherine, Adjunct Assistant Professor, Pharmacy, 2008 (2008); BA 2001 Colorado College; PHARMD 2006 Iowa

Dolan Jr., Patrick Anthony, Lecturer, Rhetoric, 1993 (2001); PhD 1994 Iowa

Dolapo, Olajide, Clinical Assistant Professor, Pediatrics, 2014 (2014);

Domann, Frederick, Professor, Radiation Oncology/Pathology/Surgery, 1993 (2006); BS 1983 Wisconsin-Platteville; PhD 1991 Wisconsin-Madison

Domrin, Alexander, Adjunct Lecturer, Law-Faculty, 1999 (2005); SJ 1977 Pennsylvania Law School; BA 1985 Moscow; PhD 1991 Inst. of Legislation Comp La

Donahue, James, Clinical Adjunct Assistant Professor, Internal Medicine, 2003 (2003); BS 1981 Rensselaer Polytechnic, NY; MD 1981 Albany Medical, NY

Donahue, Mary Patricia, Emeritus Professor, Nursing, 1976 (1993); BSN 1962 Ohio State; MSN 1971 Ohio State; PhD 1981 Iowa

Donald, Joy Nybo, Adjunct Lecturer, Management Sciences, 2006 (2004); BA 1995 Cal. State; MBA 2002 Iowa

Donelson, John E., Emeritus Professor, Biochemistry, 1974 (1981); BS 1965 Iowa State; PhD 1971 Cornell

Dong, Jae Wook, Clinical Assistant Professor, Internal Medicine, 2012 (2014);

Donham, Kelley J., Emeritus Professor, Occupational Environmental Health, 1973 (1985); BS 1966 Iowa; MS 1970 Iowa; DVM 1971 Iowa State

Donnell-Randall, Stefanie Colleen, Adjunct Instructor, Preventive Community Dentistry, 2010 (2010); DDS 2005 Iowa

Donnenwerth, Jesse J., Adjunct Instructor, Health and Human Physiology, 2014 (2014); BS 2002 University of Iowa; MS 2003 Virginia Polytechnic Institute; PHD 2006 Virginia Polytechnic Institute

Donovan, Emily Anne, Adjunct Instructor, Social Work, 2012 (2012);

Donovan, Maureen D., Professor, Pharmacy, 1989 (2008); BS 1983 Minnesota; PhD 1989 Michigan

Doolittle, Jeffrey J., Clinical Adjunct Assistant Professor, Family Medicine, 2012 (2012);

Doorenbos, Roy Allen, Clinical Adjunct Assistant Professor, Family Medicine, 1995 (2002); MD 1983 Iowa

Doornbos, J. Fred, Emeritus Associate Professor, Radiology/Radiation Oncology, 1986 (1993); BED 1950 Kansas; MD 1957 Kansas

Dorale, Jeffrey, Associate Professor, Earth and Environmental Sciences, 2003 (2011); BS 1988 Iowa; MS 1992 Iowa; PhD 2001 Minnesota

Doresca, Dimy, Lecturer, Management Organizations, 2012 (2012);

Dorfan, Lorraine T., Emeritus Professor, Social Work, 1969 (1988); BS 1957 Temple; MA 1959 Michigan; PhD 1978 Iowa

Dorman, Jane M., Adjunct Instructor, University College Courses, 2002 (2014); BS 1982 Wisconsin-LaCrosse; MS 1987 Northern Illinois

Dorner, Douglas B., Clinical Adjunct Professor, Surgery, 1973 (2001); MD 1967 Harvard

Dorr, Gloria Graham, Clinical Adjunct Instructor, Nursing, 2000 (2000); BSN 1974 University of Iowa; MA 1979 Iowa

Doucette, William R., Professor, Pharmacy, 1996 (2007); BS 1983 Wisconsin; MS 1988 Wisconsin; PhD 1993 Wisconsin

Dougherty, Joseph Dennis, Adjunct Instructor, Preventive Community Dentistry, 2014 (2014);

Douglas, Sara Marie, Adjunct Lecturer, Nursing, 2014 (2014);

Douglas, R. Thomas, Emeritus Associate Professor, Spanish Portuguese, 1970 (1970);

Dove, Edwin L., Associate Professor, Biomedical Engineering, 1985 (1992); BS 1973 Virginia Polytechnic Institute; MS 1974 Virginia Polytechnic Institute; PHD 1984 Case Western Reserve

Dowling, David O., Clinical Instructor, Radiology/Radiation Oncology, 1985 (1992); BS 1973 Virginia Polytechnic Institute; MS 1974 Virginia Polytechnic Institute; PHD 1984 Case Western Reserve

Downing, Nancy Ruth, Assistant Professor, Nursing/Psychiatry, 2012 (2012); BS 1987 University of Iowa; BSN 1990 University of Iowa; MSN 2007 University of Iowa

Doyle, John R., Emeritus Professor, Chemistry, 1955 (1965); MS MIT; BS 1949 MIT; PhD 1955 Tulane
Duffy, Matthew Richard, Adjunct Instructor, Pharmacy, 2001 (2001); BS 1991 Iowa; MS 1996 Western Illinois

Drack, Arlene V., Associate Professor, Ophthalmology Visual Science/Pediatrics, 2008 (2008); BS 1981 Scranton; MD 1986 Penn State

Drake, David R., Professor, Dows Institute-Research, 1988 (2003); BS 1977 Purdue; MS 1982 Purdue; PHD 1986 Tennessee

Drake, Lon D., Emeritus Professor, Earth and Environmental Sciences, 1968 (1979); BA 1961 Buffalo; MA 1965 California-Los Angeles; PHD 1968 Ohio State

Drake, Virginia K., Adjunct Lecturer, University College, 2010 (2010);

Dreher, Melanie, Emeritus Professor, Nursing/Anthropology/Community Behavioral Health, 1997 (1997); BSN 1967 Long Island; MA 1974 Teachers College; MPHIL 1976 Columbia; PHD 1977 Columbia

Dreyfus, James, Lecturer, Music, 2000 (2006); BA 1985 Berklee; MA 2000 Iowa

Dresser, Craig, Lecturer, English as Second Language, 2010 (2012); MA 2004 Iowa

Drevyanko, Timothy, Clinical Adjunct Assistant Professor, Pathology, 2004 (2004); BS 1975 Marycress College; MD 1980 Iowa; MS 2002 Wisconsin

Drexler, Frederick R., Adjunct Instructor, Prosthodontics, 1980 (1982); BA 1972 Earlham; DDS 1975 Iowa

Drilling, William Michael, Adjunct Instructor, Pharmacy, 2005 (2005); BSPH Iowa

Drookton, David A., Adjunct Instructor, Preventive Community Dentistry, 2000 (2000); DDS 1984 Case Western

Drwal, Jason A., Adjunct Assistant Professor, Psych Quant Foundations, 2012 (2012);

Duarte, Armando S., Professor, Dance/Division of Interdisciplinary Program, 1993 (2006); BS 1978 Univ de Sao Paulo-Brazil; MFA 1992 Tisch School of Arts-NY

Duarte, Maria A., Associate Professor, Spanish Portuguese/International Programs, 1982 (1989); BA 1971 Vanderbilt; MA 1974 Texas; PHD 1980 Minnesota

Duba, Vern, Clinical Assistant Professor, Pharmacy, 1993 (1999); BA 1983 Doane College; MA 1987 MO, Columbia

Dubay, Robert T., Adjunct Instructor, University College, 2010 (2013); BS 1999 St. Cloud State, MN; MS 2000 St. Cloud State, MN

Duerling, James P., Professor, Philosophy, 1981 (1989); BA 1961 Wisconsin; MA 1963 Washington; PHD 1966 Wisconsin

Duethman, Gregory J., Adjunct Instructor, University College Courses, 2009 (2014); BA 1984 Creighton

Duff, Melissa C., Assistant Professor, Neurology/Communication Sciences and Disorders, 2009 (2009); BS 1997 So IL U; MS 1999 North Carolina; PHD 2005 Illinois

Duffel, Michael W., Professor, Pharmacy, 1981 (1993); BS 1975 Texas-Austin; PHD 1979 Texas-Austin

Duffy, Pamela A., Adjunct Assistant Professor, Physical Therapy, 2008 (2008); BSPT 1978 Pennsylvania; MED 2001 Iowa State; PHD 2008 Iowa State

Duffy, Susan Marie, Clinical Assistant Professor, Psychiatry, 2014 (2014);

Dubay, Robert T., Emeritus Instructor, University College Courses, 2009 (2014); BA 1984 Creighton

Dufour, Mark, Clinical Professor, Nursing, 1982 (1982); BS 1976 Virginia; MS 1981 Virginia

Duffel, Michael W., Professor, Pharmacy, 1981 (1993); BS 1975 Texas-Austin; PHD 1979 Texas-Austin

Dufresne, Susan Marie, Clinical Assistant Professor, Psychology, 2014 (2014);

Dumais, Stephen, Clinical Assistant Professor, Psychology, 2014 (2014);

Dunn, David Michael, Adjunct Lecturer, Urban Regional Planning, 2014 (2014); BA 2001 Cornell College

Dunn, Suzanne Marie, Adjunct Instructor, Communication Sciences and Disorders, 2006 (2006); BA 1996 Iowa; MA 2002 Iowa

Dunlap, Leslie W., Emeritus Professor, Library Information Science, (1982);

Dunnwald, Martine, Assistant Professor, Pediatrics, 2001 (2001); MS 1990 Pasteur; PHARM 1991 Pasteur; PHD 1995 Laval

Dupic, Carol Rae Tate, Lecturer, Nursing, 2005 (2005); BSN 1977 Mankato State; MSN 1971 Mankato State

Dupuy, Adam, Associate Professor, Pathology/Anatomy Cell Biology, 2006 (2006); PhD 2001 Minnesota

Durairaj, Lakshmi, Associate Professor, Internal Medicine, 2003 (2012); MBBS 1991 Kilpauk, India; MS 2004 Iowa

Duran, Eyup Hakan, Clinical Assistant Professor, Obstetrics Gynecology, 2010 (2010); MD 1991 Hacettepe

Durbal, William Ernest, Clinical Adjunct Assistant Professor, Family Medicine, 1997 (2002); BS 1982 Iowa; MD 1987 Iowa

Durgempudi Tripura, Sundara Reddy, Clinical Assistant Professor, Anesthesia, 2008 (2008); MBBS 1998 Andhra Medical College

Durham, Frank Dallas, Associate Professor, Journalism Mass Communication, 2000 (2007); BA 1982 Tulane; MA 1987 Florida; PHD 1993 Wisconsin-Madison

Durnev, Artem A., Adjunct Assistant Professor, Journalism Mass Communication/Gender, Women's and Sexuality Studies, 2000 (2012); BS 1991 Women's Christian-India; BA 1984 West Florida; PHD 1990 Florida

Durnev, Artem A., Associate Professor, Finance, 2011 (2013); MA 1996 Moscow; MA 1998 Penn State; PHD 2003 Michigan

Durovicova, Natasa, Adjunct Assistant Professor, University College Courses/Cinema Comparative Literature, 2000 (2000); BA 1979 Lund-Sweden; MA 1982 California-Santa Barbara
Durrenberger, E. Paul, Emeritus Professor, Anthropology, 1978 (1978);
Duruk, Firdevs, Adjunct Assistant Professor, Physics Astronomy, 2012 (2012);
Durumeric, Oguz C., Associate Professor, Mathematics, 1987 (1989); BS 1976 Middle East Technical - Turkey; MA 1980 State Univ of NY - Stony Brook; PHD 1982 State Univ of NY - Stony Brook
Dusdieker, Lois Bohlken, Emeritus Associate Professor, Pediatrics, 1977 (1985); BA 1970 Iowa; MD 1974 Iowa; MS 1979 Iowa
Dusdieker, Nile S., Clinical Adjunct Assistant Professor, Internal Medicine, 2000 (2000); MD 1974 Iowa
Dustin, E. Richard, Emeritus Professor, Rehabilitation and Counselor Education, 1972 (1976); BA 1958 Grinnell; MA 1962 Iowa; PhD 1968 Minnesota
Dutkay, Dorin Ervin, Adjunct Assistant Professor, Mathematics, 2006 (2006); BS 1997 Transylvania Univ, Romania; MS 1998 Transylvania Univers, Romania; PhD 2004 Iowa
Dutta, Aniruddha, Assistant Professor, Asian Slavic Languages Literature/Gender, Women's and Sexuality Studies, 2013 (2013);
Dutton, Gary R., Emeritus Professor, Pharmacology, 1980 (1984); BS 1961 Washington; MS 1965 Indiana; PhD 1967 Indiana
Duvall, Kimberlee A., Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2012);
Duys, David K., Associate Professor, Rehabilitation and Counselor Education, 2005 (2011); BS 1986 Northern Illinois; MSED 1989 Northern Illinois; PhD 1998 Western Michigan
Dvorak, Glenda D., Adjunct Lecturer, Epidemiology, 2009 (2009); BS 1995 Iowa State; MS 1997 Iowa State; DVM 2001 Iowa State
Dvorak, Laine Douglas, Clinical Adjunct Assistant Professor, Family Medicine, 1991 (2002); MD 1978 Iowa
Dvorak, Luann, Lecturer, Rhetoric, 2011 (2012); PHD 2005 Iowa
Dwivedi, Pramod K., Adjunct Instructor, Health Management Policy, 2013 (2013);
Dworkin, Rebecca Lee, Clinical Assistant Professor, Obstetrics Gynecology, 2012 (2012);
Dwyer, David S., Clinical Adjunct Instructor, Ophthalmology Visual Science, 1992 (1992); MD 1979 Illinois
Dwyer, John, Adjunct Instructor, University College Courses, 2014 (2014);
Dybevik, Heidi J., Lecturer, Finance, 2004 (2004); BA 1991 Northeast Missouri State; PhD 1997 Purdue
Dyck, Mary J., Adjunct Assistant Professor, Nursing, 2006 (2006); BSN 1974 Goshen; MSN 1982 Virginia; PhD 2004 Iowa
Dye, Edward David, Adjunct Instructor, Preventive Community Dentistry, 2014 (2014); BA 2004 Cornell College
Dyke, Gregory Peter, Adjunct Assistant Professor, Pharmacy Practice and Science, 2010 (2010); BspNet 1983 Illinois
Dykeman, Christine M., Adjunct Lecturer, Law-Faculty, 2014 (2014);
Dyken, Mark E., Professor, Neurology, 1990 (2010); BA 1979 Indiana; MD 1984 Indiana
Dykstra, Richard L., Emeritus Professor, Statistics Actuarial Science, 1981 (1982); BA 1965 Central; PhD 1968 Iowa
Earl, Acie B., Adjunct Instructor, Health and Human Physiology, 2013 (2013); BS 1992 University of Iowa
Eastman, Diane Lynn, Clinical Adjunct Instructor, Nursing, 1990 (1990); BS 1973 Iowa; MA 1983 Iowa
Easton, Ashley Jane, Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);
Ebach, Dawn Renae, Clinical Associate Professor, Pediatrics, 2005 (2011); BS 1994 Creighton, Omaha; MD 1998 Washington, St. Louis
Eberl, Daniel F., Professor, Biology, 1998 (2010); BS 1983 Alberta-Edmonton; MS 1987 Guelph,Canada; PhD 1991 Guelph,Canada
Eberlein, Michael, Clinical Assistant Professor, Internal Medicine, 2011 (2011); MD 2003 Friedrich Alexander
Eckert, Michael S., Professor, Music, 1985 (2011); BA 1972 Antioch; MA 1975 Chicago; PhD 1977 Chicago
Ecklund, Dixie Jean, Clinical Adjunct Instructor, Nursing, 2004 (2011); BSN 1983 Mt. Mercy College; MSN 2001 Iowa; MBA 2001 Iowa

Ewen, Kenneth A., Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Ewing, Roger Joe, Clinical Adjunct Instructor, Internal Medicine, 1992 (1992); MD 1983 Iowa

Eyman, Darrell P., Emeritus Associate Professor, Chemistry, 1964 (1969); BS 1959 Eureka; PHD 1964 Illinois

Eyman, Earl D., Emeritus Professor, Electrical-Computer Engineering, 1966 (1969); MS Illinois; BA 1949 Illinois; PHD 1966 Colorado

Faber, Luke C., Emeritus Associate Professor, Surgery, 1984 (1988); BS 1951 Massachusetts; MD 1955 Iowa

Fafendyk, Karma Lea, Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2012);

Fagan, Sarah, Professor, German, 1994 (2005); BA 1977 Hawaii; MA 1979 Hawaii; PHD 1985 Cornell

Fagenbaum, Jennifer Rogers, Lecturer, Health and Human Physiology, 2004 (2012); BS 1992 Truman State; MS 1998 Kansas State; PHD 2003 Iowa

Fagenbaum, Ray Alan, Lecturer, Health and Human Physiology, 2005 (2006); BS 1999 Iowa; MS 2000 Iowa; PHD 2005 Iowa

Fagin, Alice Marie, Clinical Assistant Professor, Surgery, 2012 (2012);

Faine, Brett, Adjunct Assistant Professor, Emergency Medicine/Pharmacy, 2007 (2008); PHARMD 2007 Iowa

Fairfield, Clare John, Adjunct Lecturer, Finance, 1996 (1997);

Fairley, Janet A., Professor, Dermatology, 2006 (2006); BS 1973 Michigan State; MD 1977 Michigan

Fajardo, Laurie Lee, Professor, Radiology, 2002 (2002); AB 1980 Washington; MD 1984 Chicago

Fales, Evan, Associate Professor, Philosophy, 1974 (1979); BA 1964 Haveford; MA 1971 Temple; PHD 1974 Temple

Fallina, Robyn Lynn, Adjunct Instructor, University College Courses, 2011 (2014); MA 2007 Texas at Austin

Fallon, Bernard, Emeritus Professor, Urology, 1975 (1990); BS 1968 University College Dublin; MBBCH 1970 University of Dublin

Fang, Hao, Associate Professor, Mathematics, 2005 (2011); BS 1995 Nankai; MA 1998 California; PHD 2001 Princeton

Fang, Michele, Clinical Associate Professor, Internal Medicine, 2008 (2013); MD 2002 Indiana

Faraci, Frank M., Professor, Pharmacology/Internal Medicine, 1989 (2000); BS 1978 Kansas; MA 1980 Kansas; PHD 1984 Kansas State

Farag, Amany A., Assistant Professor, Nursing, 2012 (2014);

Farland, John Evan, Lecturer, Health and Human Physiology, 2010 (2010); MA 1976 Central Michigan State; MPA 1994 Oklaland; EDD 2010 Northern Iowa

Farley, Thomas Michael, Clinical Assistant Professor, Pharmacy Practice and Science, 2011 (2011); BS 2002 Iowa; PHARMD 2007 Iowa

Farley, Yvonne Rene, Clinical Assistant Professor, Social Work, 1998 (2000); BA 1976 Drake; MSW 1994 Iowa

Farmer, Thomas A., Assistant Professor, Psychology, 2012 (2012);

Faroq, Umar, Clinical Assistant Professor, Internal Medicine, 2014 (2014);

Faroqui, A'Amer, Adjunct Associate Professor, Economics, 1999 (1999); BA 1976 Denison; MA 1977 Ohio State; MA 1986 Pittsburgh; PHD 1987 Pittsburgh

Farran, Susan Calabria, Adjunct Assistant Professor, Rehabilitation and Counselor Education, 2013 (2013);

Farrell, Angela Tracy, Clinical Assistant Professor, Family Medicine, 2013 (2013);

Farrell, Brian Richard, Adjunct Instructor, University College. 2009 (2009); BA 1995 St. Ambrose; JD 1998 Iowa; LLM 2002 Ireland, Galway

Farrell, Michelle, Adjunct Assistant Professor, Pharmacy, 2003 (2003); PHARMD 2000 Wisconsin

Farrin, Laurel, Associate Professor, Art Art History, 1997 (2004); BFA 1987 Ohio University; MFA 1993 Maryland

Farthing, Cynthia M., Lecturer, Mathematics, 2011 (2011); BA 1999 Hiram (Ohio); MS 2002 Iowa; PHD 2005 Iowa

Fasano, Mary Beth, Clinical Professor, Internal Medicine/Pediatrics, 2004 (2009); BA 1978 John Hopkins; MPH 1981 North Carolina; MD 1985 Texas Tech

Fasse, Janaleen Phillips, Adjunct Lecturer, Management Organizations, 2009 (2009); BBA 1993 Iowa; MBA 2000 Iowa

Fassler, Jan S., Adjunct Lecturer, Management Organizations, 2009 (2009); BBA 1993 Iowa; MBA 2000 Iowa

Fassler, Janaleen Phillips, Adjunct Lecturer, Management Organizations, 2009 (2009); BBA 1993 Iowa; MBA 2000 Iowa

Fassler, Janaleen Phillips, Adjunct Lecturer, Management Organizations, 2009 (2009); BBA 1993 Iowa; MBA 2000 Iowa

Fasano, Mary Beth, Clinical Professor, Internal Medicine/Pediatrics, 2004 (2009); BA 1978 John Hopkins; MPH 1981 North Carolina; MD 1985 Texas Tech

Fasse, Janaleen Phillips, Adjunct Lecturer, Management Organizations, 2009 (2009); BBA 1993 Iowa; MBA 2000 Iowa

Fassler, Janaleen Phillips, Adjunct Lecturer, Management Organizations, 2009 (2009); BBA 1993 Iowa; MBA 2000 Iowa

Fassler, Janaleen Phillips, Adjunct Lecturer, Management Organizations, 2009 (2009); BBA 1993 Iowa; MBA 2000 Iowa
Faust, Ethel Felicia, Clinical Adjunct Instructor, Internal Medicine, 1997 (1997); MD 1992 Iowa

Fear, Kathleen, Adjunct Instructor, Pharmacy, 2002 (2002); BSN 1994 Iowa; MSN 2000 Iowa

Fedorchak, Virginia Lynn, Adjunct Assistant Professor, Pharmacy, 2009 (2009); PHARMD 2002 Iowa

Feeley, James E., Clinical Adjunct Assistant Professor, Internal Medicine, 1987 (1987); MD 1982 Illinois @ Chicago

Feheley, Lisa Maria, Adjunct Instructor, Preventive Community Dentistry, 2005 (2005); DDS 1990 Iowa; BS 1992 Vermont

Fehn, Bruce Rayson, Emeritus Associate Professor, Teaching and Learning, 1994 (2000); BA 1970 Iowa; MA 1971 Iowa; PHD 1991 Wisconsin

Feiss, Michael, Emeritus Professor, Microbiology, 1972 (1982); BS 1963 Utah; MS 1965 Illinois; PHD 1969 Washington

Feld, Ronald D., Emeritus Associate Professor, Pathology, 1976 (1980); BS 1968 Massachusetts; PHD 1974 Wisconsin

Felder, Robert B., Professor, Internal Medicine, 1980 (1995); BA 1968 North Carolina; MD 1972 North Carolina

Feldick, Mark D., Lecturer, Pharmaceutics, 1993 (2001); BS 1974 Iowa; BPharm 1978 Iowa

Feldstein, Peter, Emeritus Professor, Art Art History, 1973 (1989); BA 1965 Iowa; MA 1968 Iowa; MFA 1975 Iowa

Felker, Kevin, Lecturer, Management Sciences, 2001 (2001); MS 1998 Arizona State

Femino, John, Clinical Associate Professor, Orthopaedics and Rehabilitation, 2005 (2009); BA 1988 SUNY at Stony Brook; MD 1992 North Dakota

Femino, Lorraine M., Lecturer, Nursing, 2014 (2014);

Fennell, Ann M., Clinical Associate Professor, Communication Sciences and Disorders, 2000 (2004); BA 1982 Michigan State; MA 1985 Michigan

Ferguson, Kristi J., Professor, Internal Medicine, 1984 (2009); BA 1971 Concordia; MSW 1973 Michigan; PHD 1982 Minnesota

Ferguson, Polly, Associate Professor, Pediatrics, 2002 (2011); BS 1986 Iowa; MD 1990 Iowa

Ferrer, Hugh Gorman, Adjunct Lecturer, University College Courses, 2006 (2006); AB 1990 Princeton; MFA 2001 Iowa

Fethke, Carol C., Emeritus Professor, Marketing, 1975 (1990); BA 1964 Wellesley; MA 1966 Iowa; PHD 1971 Iowa

Fethke, Gary Craig, Emeritus Professor, Management Sciences, 1974 (1985); BA 1964 Iowa; PHD 1968 Iowa

Fethke, Nathan B., Assistant Professor, Occupational Environmental Health/Biomedical Engineering, 2009 (2009); BSE 1996 Iowa; MSE 2000 Iowa; PHD 2006 Iowa

Fiala, Catherine Anne, Adjunct Lecturer, Nursing, 2014 (2014); BSN 2003 University of Iowa; MSN 2010 University of Iowa

Fick, Daniel Scott, Clinical Professor, Family Medicine, 1993 (2003); BA 1960 Northern Iowa; MD 1989 Iowa

Fiedorowicz, Jess G., Associate Professor, Internal Medicine/Psychiatry/Epidemiology, 2007 (2013); BA 1997 Marquette; MD 2001 Wisconsin; MS 2007 Iowa

Fiegel, Jennifer, Associate Professor, Chemical Bioengineering/Pharmaceutical Sciences and Experimental Therapeutics, 2006 (2013); BCHE 1998 Massachusetts; BS 1998 Massachusetts Amherst; PHE 2003 Johns Hopkins; PHD 2003 Johns Hopkins Baltimore

Field, Elizabeth H., Professor, Internal Medicine, 1986 (1999); BA 1974 Millersville; MD 1978 Pennsylvania State

Field, F. Jeffrey, Emeritus Professor, Internal Medicine, 1980 (1991); BS 1970 Wisconsin; MD 1974 Wisconsin

Field, Howard, Emeritus Associate Professor, Preventive Community Dentistry, 1973 (1973); DDS 1964 Marquette University

Field, R. William, Professor, Occupational Environmental Health/Epidemiology, 1998 (2007); BA 1977 Pennsylvania; MS 1985 Pennsylvania; PHD 1994 Iowa

Fielder, Ronald S., Clinical Professor, Educ Policy Leadership Studies, 2011 (2011); BS 1972 Fort Hays State; MS 1976 Fort Hays State; PHD 1989 Kansas State

Fielding, Linda G., Emeritus Associate Professor, Teaching and Learning, 1989 (1994); BA 1972 Florida; MED 1975 Florida; PHD 1988 Illinois Urbana

Fieselmann, John F., Clinical Professor, Internal Medicine, 1975 (1992); BS 1968 Iowa; MD 1972 Iowa

Figдор, Carrie, Associate Professor, Philosophy, 2007 (2013); BA 1981 Swarthmore; MA 1997 City Univ of New York; PhD 2005 City Univ of New York

Filean, Erik Paul, Lecturer, English as Second Language, 2006 (2012); BA 1990 Iowa; MA 1997 Iowa; PHD 2006 Iowa

Filios, Denise K., Associate Professor, International Programs/Spanish Portuguese, 1999 (2005); BA 1985 Massachusetts-Amherst; PHD 1997 California-Berkeley; MA 1998 Massachusetts-Amherst

Filstrup, Christopher Thomas, Adjunct Assistant Professor, University College, 2012 (2012);

Finamore, John F., Professor, Classics, 1983 (2003); BA 1972 Maryland; MA 1975 Tufts; PHD 1983 Rutgers

Finan, Michael J., Clinical Adjunct Instructor, Internal Medicine, 2005 (2005); MD 1981 Illinois

Findley, Sharon Brenna, Adjunct Lecturer, Law-Faculty, 2014 (2014);

Finegan, Kate Elizabeth Hein, Lecturer, English as Second Language, 2014 (2014);

Fineman, Shirley, Adjunct Instructor, Social Work, 2002 (2002); BA 1971 Briar Cliff; MSW 1976 Illinois@Chicago
Finger, Kristi Lea, Adjunct Instructor, University College Courses, 2004 (2014); BA 1987 Iowa; MA 1992 Iowa

Fingert, John Harrison, Associate Professor, Ophthalmology Visual Science, 2005 (2010); BSE 1991 Dartmouth; PhD 2000 Iowa; MD 2000 Iowa

Finnegan, Eileen Marguerite, Associate Professor, Communication Sciences and Disorders, 1999 (2005); MA 1992 Iowa; PhD 1998 Iowa

Finnerty, Diane Lee, Adjunct Instructor, Social Work, 2000 (2005); BA 1983 Northern Iowa; MS 1988 Minnesota State

Finzel, Emily, Assistant Professor, Earth and Environmental Sciences, 2012 (2012);

Fitzpatrick, Lynn Rae, Clinical Assistant Professor, Pathology, 2010 (2010); BS 2000 Michigan State; MD 2004 Wayne State

Fitzpatrick, Laura Lee, Adjunct Instructor, Pharmacy, 2000 (2000); BS 1990 Iowa

Fitzpatrick, Lynn Rae, Adjunct Assistant Professor, Nursing, 2004 (2004); BSN 1989 Iowa; MSN 1998 Iowa

Fixmer-Oraiz, Natalie, Assistant Professor, Communication Studies, 2012 (2012);

Flaherty, Dawn Marie, Clinical Assistant Professor, Internal Medicine, 1999 (2002); BA 1985 New College, South Florida; MS 1987 Michigan; MD 1992 Wayne State

Flanagan, James R., Emeritus Associate Professor, Internal Medicine, 1990 (1996); BS 1974 Marquette; PHD 1979 Washington; MD 1983 Washington

Flanagan, Michael J., Emeritus Professor, Internal Medicine, 1980 (2003); BS 1971 Wisconsin-Milwaukee; MD 1975 Wisconsin-Madison

Flatau, Lindy Kay, Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2011); PHARMD 2003 North Dakota State

Flatte, Michael E., Professor, Electrical-Computer Engineering/Physics Astronomy, 1995 (2005); AB 1988 Harvard; PHD 1992 Calif-Santa Barbara

Flaum, Michael Alan, Clinical Professor, Psychiatry, 1990 (2009); BS 1978 Columbia; MD 1982 State U of NY-Stony Brook

Fleck, Arthur C., Emeritus Professor, Computer Science, 1965 (1972); BS 1959 Western Michigan; MA 1964 Michigan State; PhD 1964 Michigan State

Fleckenstein, Lawrence L., Emeritus Professor, Pharmacy/Pharmaceutical Sciences and Experimental Therapeutics, 1991 (1991); BA 1968 California-Berkeley; PHARMD 1972 California-San Francisco

Fleckenstein, Stephanie M., Clinical Assistant Professor, Communication Sciences and Disorders, 2003 (2003); BS 1994 Iowa; MA 1996 Iowa

Flemming, Matthew, Clinical Adjunct Assistant Professor, Internal Medicine, 2007 (2007); BA 1987 McGill , Canada; MD 1993 Albany Medical College

Fletcher, Amy, Lecturer, Health and Human Physiology, 2004 (2010); BS 1993 Nebraska @Lincoln; MS 1996 Tennessee

Fletcher, Steven Lloyd, Clinical Assistant Professor, Oral Maxillofacial Surgery, 2010 (2010); BS 1998 Brigham Young; DDS 2006 Iowa

Flaherty, Charles W., Clinical Professor, Health Management Policy, 2014 (2014);

Flynn, Mary Leslie, Clinical Assistant Professor, Teaching and Learning, 2011 (2013); MS 1989 Iowa

Flynn, Ryan Thomas, Clinical Associate Professor, Radiation Oncology, 2007 (2014); BA 2002 Luther; MS 2004 Madison- Wis.; PHD 2007 Madison-Wis

Foege, Romaine H., Adjunct Instructor, Social Work, 2003 (2008); BA 1960 Wartburg; MSW 1963 Iowa
Foley Nicpon, Megan, Associate Professor, Psych Quant Foundations, 2005 (2013); BA 1995 Arizona State; MED 2000 Arizona State; PhD 2003 Arizona State

Gakhar, Lokesh, Adjunct Assistant Professor, Biochemistry, 2014 (2014); PHD 2003 University of Iowa

Galask, Rudolph P., Emeritus Professor, Dermatology/Obstetrics Gynecology, 1970 (1978); BA 1959 Drake; MD 1964 Iowa; MS 1967 Iowa

Galbraith, William B., Emeritus Professor, Internal Medicine, 1994 (1995); BS 1953 Arizona State; MD 1957 George Washington

Galehouse, Leon, Adjunct Instructor, Pharmacy, 2007 (2007); BS 1970 North Dakota State Univ.

Gales, Christie Anne, Adjunct Instructor, Preventive Community Dentistry, 2009 (2009); AASC 2002 Kirwood Community

Fulwider, Robert E., Adjunct Assistant Professor, Surgery, 2013 (2013)

Fumerton, Richard, Emeritus Professor, Marketing/Psychology, 1974 (1975); BS 1971 Toronto-Canada; MA 1973 Brown; PHD 1974 Brown

Gardiner, Minnetta V., Associate Professor, Pharmacology/Graduate College Administration, 1998 (1998); BS 1975 Le Moyne College; PHD 1988 Louisiana St Univ -New Orleans

Gardner, Sue Ellen, Associate Professor, Nursing, 2000 (2008); BSN 1981 Iowa; MA 1990 Iowa; PHD 1999 Iowa

Gardner, Thomas V., Emeritus Professor, Oral Maxillofacial Surgery/Family Dentistry, 1974 (1982);

Garfinkel, Jon A., Professor, Finance, 1999 (2012); BA 1988 Virginia Tech; PHD 1994 Florida

Garner, Sarah Ann, Clinical Adjunct Assistant Professor, Internal Medicine, 2011 (2011); BS 2002 Iowa; MD 2007 Iowa

Garr, Valerie Susanne, Adjunct Instructor, Educ Policy Leadership Studies, 2002 (2011); BA 1987 Iowa; MA 1995 Iowa

Garrett, Robert E., Emeritus Associate Professor, Family Medicine, 1997 (1997); BA 1971 Trinity; MA 1974 Johns Hopkins; MD 1981 Calif-San Diego; MS 1986 Case Western Reserve

Garrett, Scott Michael, Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2011); PHARMD 2003 Iowa

Garvey, Michael J., Emeritus Professor, Psychiatry, 1985 (1992); BA 1968 Stanford; MD 1971 Stanford

Garvin, Cory G., Adjunct Assistant Professor, Pharmacy Practice and Science, 2006 (2006); PHARMD 1996 Iowa

Garvin, Justin Wayne, Lecturer, Mechanical Engineering, 2010 (2011); BSE 2001 Iowa; MS 2003 Iowa; PHD 2006 Iowa

Garvin, Michael L., Adjunct Lecturer, Management Organizations, 2014 (2014);

Garvin, Mona Kathryn, Associate Professor, Electrical-Computer Engineering, 2008 (2014); BSE 2003 Iowa; MS 2004 Iowa; PHD 2008 Iowa

Gasparoni, Alberto, Clinical Associate Professor, Dental Clinic Administration/Oral Path,Radiology/Medicine, 2006 (2013); DDS 1985 Siena (Italy); DPHIL 2003 Iowa; DDS 2010 Iowa

Gassman, Robert, Adjunct Lecturer, Urban Regional Planning, 2013 (2013);

Gassmann, Michael Jon, Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014);

Gasway, Julie Hansen, Clinical Adjunct Instructor, Communication Sciences and Disorders, 2012 (2012); BA 1982 University of Iowa; MA 1984 University of Iowa

Gates, Heather J., Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Gates, Rustin B., Adjunct Assistant Professor, International Programs, 2009 (2009); AB 1996 Occidental College, CA; BA 1996 Occidental College; AM 2000 East Asia; MA 2000 Harvard university; PHD 2007 Harvard

Gatica, Juan A., Emeritus Professor, Mathematics, 1975 (1990); PHD 1972 Iowa

Gavrusева, Elena, Associate Professor, Linguistics, 1998 (2005); BS 1991 Moscow Linguistic; MA 1993 Georgetown; PHD 1998 Georgetown

Gay, Paula Bradbury, Adjunct Instructor, Communication Sciences and Disorders, 2012 (2012);

Gayley, Kenneth, Associate Professor, Physics Astronomy, 1997 (2003); AB 1983 Princeton; PHD 1990 San Diego

Gaylord, Joseph Robert, Adjunct Instructor, Political Science, 2011 (2011); BA 1967 Iowa

Gazsi, Denes, Assistant Professor, French Italian, 2009 (2011); MA 2004 Eotvos Lorand Univ; PHD 2010 Eotvos Lorand Univ

Gbasha, Rebecca Roberts, Emeritus Associate Professor, Geographical and Sustainability Sciences, 1987 (1992); BA 1969 Calif State-Northridge; MS 1976 Oregon State; PHD 1982 Oregon State

Gebhart, Gerald Francis, Emeritus Professor, Pharmacology, 1973 (1981); BS 1967 Illinois; MS 1969 Iowa; PHD 1971 Iowa

Gebbaka, Milena Anna, Clinical Assistant Professor, Internal Medicine, 2011 (2012); MD 1995 Silesia,Poland; PHD 2002 London, UK

Geerlings, Matthew John, Adjunct Assistant Professor, Music, 2014 (2014);

Geers, Dianna L., Adjunct Instructor, Library Information Science, 2014 (2014);

Gehl, Brian Kenneth, Adjunct Assistant Professor, Psychology, 2009 (2010); BA 1999 Jamestown; PHD 2010 Iowa

Gehl, Carissa Rose Nehl, Adjunct Assistant Professor, Psych Quant Foundations, 2012 (2012);

Gehlbach, Brian, Clinical Associate Professor, Internal Medicine, 2011 (2011); MD 2005 Washington

Gehring, David Charles, Adjunct Assistant Professor, Orthodontics, 2009 (2009); BA 1989 Coe; DDS 1993 Iowa; MS 1995 Iowa

Gehrs, Karen M., Clinical Associate Professor, Ophthalmology Visual Science, 1996 (2002); BS 1983 Rhodes; MD 1987 Missouri

Geist, Lois J., Professor, Internal Medicine/Medicine Administration, 1990 (2009); BS 1978 Trinity; MS 1980 Case Western Reserve; MD 1984 Case Western Reserve

Gelfand, Miriam J., Emeritus Assistant Professor, Russian, 1962 (1986); BA 1946 St Johns-China

Gellhaus, Thomas M., Clinical Associate Professor, Obstetrics Gynecology, 1991 (2010); BA 1979 Augustana College, Sioux Falls; MD 1983 Oklahoma

Genadry, Rene, Clinical Professor, Urology/Obstetrics Gynecology, 2012 (2012);

Geneser, Matthew K., Clinical Assistant Professor, Pediatric Dentistry/Preventive Community Dentistry, 2009 (2009); BA 2002 Iowa; DDS 2006 Iowa

Geng, Maxwell Lei, Professor, Chemistry, 1995 (2008); BS 1986 Science and Technology-China; PHD 1994 Duke

Gent, Courtney Sue, Adjunct Instructor, Pharmacy Practice and Science, 2012 (2012);

Gentil-Archer, Anne Christine, Lecturer, Nursing, 2010 (2010); BSN 2002 Iowa

Georgakakos, K. P., Adjunct Professor, Civil-Environmental Engineering, 1986 (1997); BS 1977 National Technical-Athens; MS 1980 MIT; SCD 1982 MIT

George, Joseph P., Adjunct Lecturer, Management Organizations, 2007 (2007); BA 1970 Mississippi

George, Michelle M., Adjunct Instructor, Pharmacy, 2003 (2003); BA 1997 Wartburg; PHARMD 2000 Creighton

George-Paulsen, Leslie Elise, Clinical Assistant Professor, Family Medicine, 2013 (2013);

Geraets, Michael Jon, Lecturer, English as Second Language, 1988 (2003); BSE 1996 University of Iowa; MA 1998 University of Iowa

Gerhold, Linda Susan, Lecturer, Biology, 1988 (2003); PHD 1987 Iowa
Gerke, Alicia, Assistant Professor, Internal Medicine, 2008 (2012); BS 1998 South Florida, Tampa; MBA 2002 South Florida, Tampa

Gerke, Henning, Clinical Associate Professor, Internal Medicine, 2004 (2009); MD 1996 Hamburg, Germany

Gerken, Kathryn C., Associate Professor, Psych Quant Foundations, 1973 (1978); BS 1962 Southern Illinois; MA 1967 Bradley; PhD 1974 Southern Illinois

Gerking, Michael Todd, Adjunct Instructor, Pharmacy, 2008 (2008); BSPH 1986 Iowa

Gerleman, Brent F., Clinical Adjunct Assistant Professor, Internal Medicine, 1990 (1990); MD 1978 Kansas

Germer, Megan Paige, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Gerr, Fredric E., Professor, Occupational Environmental Health/Epidemiology/Internal Medicine, 2002 (2002); MD 1978 New York-Stony Brook; BA 1978 Clark

Gerstmyer, Robert H. M., Lecturer, Law-Faculty/Religion, 2012 (2012);

Gervais, Martin, Associate Professor, Economics, 2011 (2011); MBA 1993 University Laval; MA 1995 Western Ontario; PhD 1999 Western Ontario

Gettemy, Robert E., Professor, Statistics Actuarial Science, 1999 (2002); BS 1987 Northern Iowa; MBA 1993 Drake

Getz, Christine, Professor, Music, 1999 (2012); BM 1979 Evansville; MM 1982 Southern Illinois; PhD 1991 Texas

Geweke, John F., Emeritus Professor, Economics/Statistics Actuarial Science, 1999 (1999); BS 1970 Michigan State; PhD 1975 Minnesota

Geyer, Pamela, Professor, Biochemistry/Obstetrics Gynecology, 1989 (2000); BSC 1978 McGill; PhD 1983 Ohio State

Gfeller, Kay E., Professor, Communication Sciences and Disorders/Music, 1985 (1993); BM 1971 Drake; MM 1974 Northwestern; PhD 1982 Michigan State

Ghali, Magdi G., Clinical Adjunct Assistant Professor, Internal Medicine, 1986 (1986); MBBCH 1975 Cairo, Egypt

Gharraie, Jonathan Darius, Adjunct Assistant Professor, Creative Writing, 2014 (2014);

Ghimire, Krishna, Clinical Adjunct Assistant Professor, Internal Medicine, 2012 (2012);

Ghosh, Joyee, Assistant Professor, Statistics Actuarial Science, 2010 (2010); PhD 2008 Duke

Ghosh, Sukumar, Professor, Computer Science, 1984 (1996); BSC 1964 Calcutta; BTECH 1966 Calcutta-India; PhD 1971 Calcutta

Ghosheh, Natalie Jana, Adjunct Assistant Professor, Pediatric Dentistry, 2008 (2008); BA 2002 Iowa; DDS 2006 Iowa

Giangrande, Paloma Hoban, Associate Professor, Internal Medicine/Radiation Oncology, 2007 (2013); BA 1994 Wheaton; PhD 1999 Duke

Gibisser, Michael B., Assistant Professor, Cinema Comparative Literature, 2014 (2014);

Giblin, Blandina Kaduma, Lecturer, French Italian, 2001 (2006);

Giblin, James L., Professor, History/Division of Interdisciplinary Program, 1986 (2001); BA 1975 McGill; MA 1978 McGill; PhD 1986 Wisconsin-Madison

Gibson, Craig A., Professor, Classics, 1999 (2011); BA 1990 Rhodes; PhD 1995 Duke

Gibson, Darlene J., Lecturer, Nursing, 1987 (2010); ADN 1985 Kirkwood; BSN 1990 Iowa; MSN 2004 Phoenix

Gibson-Corley, Katherine N., Assistant Professor, Pathology, 2011 (2011); DVM 2005 Iowa State; PhD 2010 Iowa State

Gidal, Eric, Associate Professor, English/International Programs, 1996 (2002); BA 1988 Brandeis; MA 1992 Michigan; PhD 1995 Michigan

Gienapp, Barbara Ann Brady, Adjunct Instructor, Communication Sciences and Disorders, 1989 (1996); BS 1982 South Dakota; MA 1984 South Dakota

Gilbert, Betty, Clinical Adjunct Instructor, Family Medicine, 2012 (2012);

Gilbert, Miriam, Emeritus Professor, English, 1969 (1982); BA 1965 Brandeis; MA 1967 Indiana; PhD 1969 Indiana

Gilbertson-White, Stephanie, Assistant Professor, Nursing, 2013 (2013);

Gilchrist, Matthew James, Lecturer, Rhetoric, 2006 (2011); BA 2001 Tennessee; MFA 2004 Iowa

Gilg, Joseph, Clinical Adjunct Instructor, Internal Medicine, 2005 (2005); BS 1983 Nebraska; MD 1987 Nebraska Med

Gillan, Edward G., Associate Professor, Chemistry, 1997 (2003); BS 1989 California-Berkeley; PhD 1994 California-Los Angeles

Gillum, Matthew P., Assistant Professor, Neurology, 2011 (2011); PhD 2010 Yale

Gilmore, Jennifer J., Adjunct Instructor, Social Work, 2013 (2013);

Gilotti, Jane A., Professor, Earth and Environmental Sciences, 1999 (2013); BA 1978 Maine; MA 1984 Johns Hopkins; PhD 1987 Johns Hopkins

Gilsenan, Thomas P., Adjunct Instructor, Social Work, 2010 (2010); BA Minnesota; MSW St. Thomas; MSW 1999 St. Thomas

Gilster, Megan E., Assistant Professor, Social Work, 2013 (2012);

Gimer, David Arthur, Adjunct Assistant Professor, Family Dentistry, 2011 (2011); DDS 1976 Iowa

Gingrich, Roger D., Emeritus Professor, Internal Medicine, 1981 (1993); BA 1970 Macalaster; MD 1974 Cornell; PhD 1981 Oxford

Girdler, Carol Ellen, Clinical Instructor, Teaching and Learning, 1982 (2009); MA 1980 Iowa
Girotra, Saket, Assistant Professor, Internal Medicine, 2012 (2013);

Gittler, Josephine, Professor, Pediatrics/Nursing/Health Management Policy/Law-Faculty, 1973 (1977); BA 1965 Barnard; JD 1968 Northwestern

Giudici, Michael C., Clinical Professor, Internal Medicine, 2012 (2013);

Giudici, Paula Annechino, Clinical Assistant Professor, Dermatology, 2012 (2012);

Glanville, Jennifer, Associate Professor, Sociology, 2001 (2007); BA 1992 New College; MA 1997 North Carolina; PHD 2001 North Carolina

Glasgow, Robert O., Professor, Interdisciplinary Programs/Art Art History, 1985 (2006); BFA 1967 Wittenberg; MA 1968 Wisconsin; MFA 1969 Wisconsin

Glass, Beaumont Jr., Emeritus Professor, Music, 1980 (1984); BS 1949 U.S. Naval Academy

Glass, Loren Daniel, Professor, English, 2004 (2014); BA 1988 California @ Berkeley; MA 1990 California @ Davis; PHD 1997 Duke

Gleason, Cristi A., Associate Professor, Accounting, 2003 (2009); BS 1990 Brigham Young; MAC 1992 Brigham Young; PHD 1998 Cornell

Glenn, Kevin A., Clinical Assistant Professor, Internal Medicine, 2002 (2006); MD 1998 Illinois

Glick, Orpha J., Emeritus Associate Professor, Nursing, 1967 (1995); BS 1960 Eastern Mennonite; BS 1965 Iowa; MA 1967 Iowa; PHD 1982 Iowa

Gloer, James B., Professor, Chemistry, 1984 (1994); BS 1978 Florida; PHD 1983 Illinois

Glynn, Christopher Craig, Adjunct Instructor, Family Dentistry, 2011 (2011); DDS 2007 Iowa

Gmurek, Michael, Adjunct Instructor, Preventive Community Dentistry, 2008 (2008); BS 1977 Marquette; DDS 1981 Maryland

Gobat, Michel, Associate Professor, History, 1999 (2005); LIC 1989 Zurich; MA 1991 Chicago; PHD 1998 Chicago

Godwin, Robert F., Clinical Adjunct Associate Professor, Dermatology, 1976 (2004); MD 1966 Iowa

Goedken, Amber Marie, Assistant Professor, Pharmacy Practice and Science, 2012 (2012); PHARMD 2004 Iowa

Goedken, Julie Michele, Clinical Adjunct Assistant Professor, Emergency Medicine, 2012 (2012);

Goeken, James, Emeritus Professor, Pathology, 1976 (1990); AB 1967 Chicago; MD 1972 Missouri

Goeken, Nancy Smith, Emeritus Professor, Internal Medicine, 1983 (1993); BA 1968 Missouri; PHD 1972 Missouri

Goel, Apollina, Assistant Professor, Radiation Oncology/Pathology, 2008 (2008); BS 1987 Kanpur; MS 1992 Poona; PHD 1998 Microbial Technology

Goerbig, Jennifer, Clinical Assistant Professor, Internal Medicine, 2009 (2009); BS 1996 Michigan; MD 2002 Michigan

Goerdt, Christopher John, Clinical Professor, Internal Medicine, 1994 (2007); BA 1983 Iowa; MD 1988 Iowa; MPH 1994 Minnesota

Goetttsch, Gordon Frederick, Adjunct Assistant Professor, Family Dentistry, 2007 (2012); DDS 1976 Iowa

Goetz, Devon D., Clinical Adjunct Associate Professor, Orthopaedics and Rehabilitation, 2000 (2000); MD 1987 Iowa

Goetz, Jessica, Assistant Professor, Orthopaedics and Rehabilitation, 2009 (2009); BSE 2003 Iowa; PHD 2008 Iowa

Goff, Harold M., Emeritus Professor, Chemistry, 1976 (1985); BS 1969 Missouri; MA 1971 Missouri; PHD 1976 Texas

Gogel, Stephanie Ann, Adjunct Instructor, Communication Sciences and Disorders, 2012 (2012); AB 2002 University of Iowa; MA 2004 University of Iowa

Gogerty, Megan Ellen, Lecturer, Theatre Arts, 2008 (2008); BA 1997 Iowa; MFA 2004 Texas at Austin

Goings, Jennifer, Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2011);

Goins, Kenneth M., Clinical Professor, Ophthalmology Visual Science, 2003 (2006); BA 1982 Tennessee; MD 1986 Kentucky

Goldstein, Helen T., Emeritus Associate Professor, Religion, 1968 (1980); BA 1948 Chicago; AM 1951 Radcliffe; PHD 1956 Radcliffe

Gollnick, Brian, Associate Professor, International Programs/Spanish Portuguese, 1999 (2006); BA 1992 Washington; MA 1996 California-San Diego; PHD 1998 California-San Diego

Golz, Sabine I., Associate Professor, German, 1987 (1994); MA 1984 Cornell; PHD 1987 Cornell

Gomez, Manuel, Clinical Associate Professor, Endodontics, 2000 (2000); DDS 1977 Javeriana University-Columbia; CER 2005 University of Iowa

Gonwa, Joan, Adjunct Assistant Professor, Division of Performing Arts/University College Courses/University College, 2008 (2014); BFA 1973 Wisconsin; MA 1984 Utah

Gonzalez, Nora M., Emeritus Associate Professor, Spanish Portuguese, 1985 (1990);

Gonzalez Bosquet, Jesus, Assistant Professor, Obstetrics Gynecology, 2014 (2014);

Goodin, Julia C., Clinical Adjunct Associate Professor, Pathology, 1999 (1999); MD 1983 Kentucky
Goodman, Frederick M., Emeritus Professor, Mathematics, 1984 (1990); AM 1971 Harvard; AB 1971 Harvard; PhD 1979 California-Berkeley

Goodman, Shawn S., Associate Professor, Communication Sciences and Disorders, 2006 (2014); BS 1996 Brigham Young; MS 1998 Brigham Young; PhD 2003 Indiana

Goodson, Angie R., Clinical Adjunct Assistant Professor, Internal Medicine, 2001 (2001); MD 1996 Iowa

Gordon, Colin, Professor, Public Policy Center/History, 1994 (2004); BA 1985 Alberta-Edmonton; MA 1986 York-Toronto; PhD 1990 Wisconsin-Madison

Gordon, David F., Clinical Adjunct Assistant Professor, Internal Medicine, 1973 (1973); MD 1962 New York

Gordon, Donal K., Clinical Adjunct Assistant Professor, Family Medicine, 2009 (2009); MFA 1996 Notre Dame; MD 2004 Iowa

Gordon, Ellen Elizabeth Isom, Clinical Professor, Internal Medicine, 1985 (2004); MD 1979 Med Unv of South Carolina

Gordon, Jean K., Associate Professor, Communication Sciences and Disorders, 2000 (2007); BA 1985 Bishop's; MS 1992 McGill; PhD 2001 McGill

Gordon, Joel A., Professor, Internal Medicine, 1985 (2004); BA 1972 Colorado-Boulder; MD 1976 Colorado-Denver

Gordon, Kimberly Jo, Clinical Adjunct Instructor, Nursing, 1988 (1988); BSN 1986 Iowa; MA 1990 Iowa; MSN 2007 Iowa

Gordon, Paul H., Clinical Adjunct Assistant Professor, Family Medicine, 1990 (2002); BA 1971 Iowa; MD 1975 Iowa

Goree, John A., Professor, Mechanical Engineering/Physics Astronomy, 1985 (1996); BS 1980 California Inst of Technology; MA 1982 Princeton; PhD 1985 Princeton

Gorham, Maegan M., Adjunct Lecturer, Management Organizations, 2014 (2014);

Gorman, Janet L., Adjunct Instructor, University College, 2013 (2013); AA 1974 Art Institute of Pittsburgh; BS 1979 LaRoche College; MOL 2007 St. Ambrose University

Gormezano, Isidore, Emeritus Professor, Psychology, 1966 (1966); AB 1952 New York; AM 1957 Wisconsin; PhD 1958 Wisconsin

Gorney, Carol S., Clinical Associate Professor, Physician Assistant, 2008 (2014); BA 1990 Iowa; BS 1990 University of Iowa; MPAS 2005 Nebraska

Gorsh, Jay Anthony, Adjunct Instructor, University College Courses/University College, 2011 (2014); BA 1998 Northern Iowa; MS 2007 Wisconsin

Gorvin-Boots, Melanie Marie, Adjunct Instructor, Pharmacy, 2008 (2008); BS 1997 Drake

Goswami, Prabhat, Professor, Radiation Oncology, 2000 (2011); BS 1974 St Anthony's; MS 1976 Guahati; PhD 1983 Guahati

Gothe, Bret Allyn, Adjunct Lecturer, University College, 2007 (2013); BFA 1994 Mpls/f Art and Design; MA 1996 Iowa; MFA 1997 Iowa

Goto, Michihiko, Clinical Assistant Professor, Internal Medicine, 2014 (2014);

Goudie-Averill, Eleanor, Adjunct Assistant Professor, Dance, 2014 (2014);

Gould, David L., Adjunct Lecturer, Division of Interdisciplinary Program/Health and Human Physiology, 2001 (2001); BA 1982 Northern Illinois; MA 1992 Iowa

Gowder, Paul, Associate Professor, Law-Faculty/Political Science, 2012 (2012);

Graber, Mark A., Clinical Professor, Family Medicine/Emergency Medicine, 1994 (2005); BS 1978 William and Mary; MD 1981 Eastern Virginia

Grachev, Mikhail Vladimirovich, Adjunct Professor, Management Organizations, 2005 (2005); BS 1976 Moscow State; MAE 1982 Moscow State; PHD 1998 Russian Academy of Science

Grady, David L., Adjunct Assistant Professor, Educ Policy Leadership Studies, 1993 (1993); AA 1980 Southwest Mississippi CC; BBA 1981 Mississippi State; MED 1984 Harvard University; PhD 1992 Texas

Grady, Mila, Lecturer, Nursing, 2001 (2001); BSN 1978 Iowa; MSN 1981 Texas-Austin

Graff, Jodi Mary, Adjunct Instructor, University College Courses, 2011 (2014); BA 1991 Iowa; MA 1997 Iowa

Graff, Joel Wallace, Assistant Professor, Internal Medicine, 2013 (2013); PHD 2008 Montana State University

Graham, Laura R., Associate Professor, Anthropology/International Programs, 1990 (1996); BA 1979 Stanford; MA 1983 Texas-Austin; PhD 1990 Texas-Austin

Graham, Michael, Professor, Radiation Oncology/Radiology, 1999 (1999); BSEE 1965 Mass Inst of Technology; MSEE 1974 Calif-Berkeley; MS 1969 Calif-Berkeley; PhD 1973 Calif-Berkeley; MD 1976 Calif-San Francisco

Granchi, Thomas, Clinical Professor, Surgery, 2013 (2013);

Granner, Daryl K., Emeritus Professor, Physiology, 2005 (2006); BA 1958 Iowa; MD 1962 Iowa; MS 1962 Iowa

Granner, Mark A., Clinical Professor, Neurosurgery/Neurosurgery, 1993 (2005); BA 1983 Grinnell; MD 1987 Iowa

Grant, Christine, Emeritus Associate Professor, Health, Sport Studies, 1971 (1979); BA 1970 Iowa; PhD 1974 Iowa

Grant, John E., Emeritus Professor, English, 1965 (1965); AB 1951 Harvard; PhD 1954 Harvard; AM 1954 Harvard

Grassian, Vicki H., Professor, Chemistry/ICTS - Education/Occupational Environmental Health/Chemical Biochemical Engineering, 1990 (2002); BS 1981 New York-Albany; MS 1982 Rensselaer Polytechnic; PhD 1987 California-Berkeley

Gratama, Jan Albert Willinge, Emeritus Professor, Art Art History/International Programs, 1987 (2000);
Gratton, David G., Associate Professor, Prosthodontics, 2001 (2011); BS 1990 Western Ontario; DDS 1994 Michigan; MS 1997 Iowa

Gray, Cabel J., Adjunct Instructor, University College Courses, 2006 (2014); BA 1993 DRAKE

Gray, Gregory C., Adjunct Professor, Epidemiology, 2001 (2001); BS 1977 United States Naval Academy; MD 1983 Alabama; MPH 1987 Johns Hopkins

Gray, Jon R., Adjunct Lecturer, Marketing, 2002 (2002); BS 1985 COLORADO STATE; MBA 2000 IOWA

Griebahn, Lynn R., Adjunct Instructor, Operative Dentistry, 2004 (2004); DDS 1984 Iowa

Griebel, Kurt Donald, Adjunct Instructor, University College Courses, 2013 (2013);

Griess, Michael David, Clinical Assistant Professor, Ophthalmology Visual Science, 2014 (2014);

Grieves, Michael William, Adjunct Associate Professor, Management Sciences, 2009 (2009); MBA 1979 Oakland, MI; EDM 2000 Case Western Reserve

Griffes Ross, Jill, Adjunct Lecturer, Management Organizations, 2014 (2014); BA 1984 University of Iowa; JD 1987 University of Iowa

Griffin, Emily J., Lecturer, Nursing, 2012 (2012); MN 2000 Montana State University

Griffiths, Timothy, Adjunct Professor, Neurosurgery, 2009 (2009); MD 1998 Oxford, England

Grimm, Bridget M., Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);

Grinnage-Pulley, Tara L., Adjunct Lecturer, Epidemiology, 2016 (2014);

Grisanti, Sharon Mary, Adjunct Instructor, Preventive Community Dentistry, 2014 (2014);

Grismore, Steven Dean, Lecturer, Music, 2000 (2006); MA 1990 Iowa

Grittner, Jaidyn, Adjunct Instructor, Preventive Community Dentistry, 2013 (2013);

Grobe, Justin L., Assistant Professor, Pharmacology, 2010 (2012); BS 2001 Hope College; BA 2001 Hope College; PHD 2006 Florida

Groen, Amy M. Martin, Clinical Adjunct Assistant Professor, Pediatrics, 2012 (2012);

Groos, Jennifer A., Clinical Adjunct Assistant Professor, Pediatrics, 2005 (2005); BS 1997 Loras College; MD 2001 Iowa

Grose, Charles, Professor, Pediatrics, 1984 (1987); BA 1963 Beloit; MD 1967 Chicago

Grosland, Nicole Marie, Professor, Orthopaedics and Rehabilitation/Biomedical Engineering, 1998 (2012); BSE 1994 Iowa; PHD 1998 Iowa

Gross, Gregory Joseph, Adjunct Instructor, Social Work, 2012 (2012); BA 2003 Drake University

Gross, Thomas J., Associate Professor, Internal Medicine, 1991 (1997); BS 1980 Michigan; MD 1983 Michigan

Grossman, Nicholas Aaron, Lecturer, Political Science, 2013 (2014);

Grossmann, Ruth Elizabeth, Assistant Professor, Nursing, 2012 (2012);

Groves, Patricia Sue, Assistant Professor, Nursing, 2011 (2014); BSN 1998 Missouri Columbi; PHD 2011 Missouri Columbi
Gruber, Gwendolyn Mae, Adjunct Assistant Professor, Classics, 2009 (2009); BA 1998 Creighton; MA 2001 Iowa; PHD 2009 Iowa

Gruber, Peter John, Professor, Cardiothoracic Surgery, 2014 (2014);

Grueter, Chad, Assistant Professor, Internal Medicine, 2012 (2012);

Gumbach, Isabella, Associate Professor, Internal Medicine, 2006 (2013); MD 1992 Ruhr Univ Germany

Gunder, Richard W., Adjunct Associate Professor, Operative Dentistry, 1995 (2014); DDS 1984 Iowa

Gu, Xiaomei, Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2012); H5 1997 WEIHAI NO 1 MIDDLE SCHOOL; BDS 2002 BINZHOU MEDICAL COLLEGE; MSD 2005 PEKING UNIVERSITY

Guayara Sanchez, Consuelo, Lecturer, Rhetoric, 2007 (2009); MA 1994 Iowa; PHD 2007 Iowa

Gufca, Cornelius J., Clinical Adjunct Assistant Professor, Psychiatry, 2011 (2011); MD 1999 American/Caribbean

Guckert, Donald J., Adjunct Lecturer, Civil-Environmental Engineering, 2004 (2004); BS 1978 Penn State; BA 1978 Penn State; ME 1986 Penn State

Gudavalli, Maruti Ram, Adjunct Associate Professor, Biomedical Engineering, 2001 (2014); BS 1970 Andhra, India; MS 1980 McMaster, Canada; PHD 1989 Cincinnati

Guderski, Christopher Gary, Instructor, Military Science, 2014 (2014);

Guentner, Wendelin, Professor, International Programs/French Italian, 1985 (1998); BA 1972 St. Teresa; MA 1974 Magistere-Paris; MA 1975 Delaware; PhD 1982 Chicago

Guerin, Leana Arleen, Clinical Assistant Professor, Pathology, 2010 (2010); MD 2006 Iowa

Guerra, Jorge Oswaldo, Adjunct Assistant Professor, Creative Writing, 2014 (2014);

Guest, Katrina A., Clinical Adjunct Assistant Professor, Internal Medicine, 1995 (2001); MD 1986 SUNY-Buffalo

Gui, Lichuan, Adjunct Associate Professor, Mechanical Engineering, 2011 (2011); PhD 1997 Essen, Germany

Guillory, J. Keith, Emeritus Professor, Pharmacy, 1964 (1971); BS 1956 Loyola-Louisiana; MS 1960 Wisconsin; PhD 1961 Wisconsin

Gullick, Kris G., Adjunct Lecturer, Accounting, 2008 (2008); BA 1980 Northern Iowa; MA 1982 Iowa; BA 1986 Coe

Gullickson, Gregory Leo, Adjunct Assistant Professor, Psychology, 2000 (2001); BA 1979 Notre Dame; MA 1983 Iowa; PHD 1993 Iowa

Gunderson, Alan Eric, Clinical Assistant Professor, Internal Medicine, 2014 (2014);

Gunderson, Carissa B., Clinical Assistant Professor, Psychiatry, 2014 (2014);

Gunstream, Adrienne, Adjunct Assistant Professor, Periodontics, 2009 (2009); DDS 2004 Pacific; MS 2007 California

Gunter, Tracy Diane, Clinical Adjunct Associate Professor, Psychiatry, 2003 (2009); BS 1985 Southern Carolina; MD 1990 Southern Carolina

Guo, Junfeng, Adjunct Associate Professor, Biomedical Engineering/Radiology, 2010 (2010); BS 1988 Xi'an Jiaotong, China; MS 1991 Xi'an Jiaotong, China; PHD 1995 Xi'an Jiaotong China

Guo, Man, Assistant Professor, Social Work, 2011 (2011); BSW 2003 Renmin of China; MSW 2005 Hong Kong; DR 2011 University of Southern Califor; PHD 2011 Southern California

Gupta, Amit, Assistant Professor, Epidemiology/Urology, 2011 (2011); MBBS 2002 All India Institute; MPH 2004 Texas

Gupta, Shishir K., Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Gurl, Nelson J., Emeritus Professor, Surgery, 1976 (1983); AB 1963 Calif-Berkeley; MD 1967 Calif-San Francisco

Gurnett, Donald A., Professor, Physics Astronomy, 1965 (1972); BSEE 1962 Iowa; MS 1963 Iowa; PHD 1965 Iowa

Gurwell, Adelaide Maria, Clinical Assistant Professor, Family Medicine, 1997 (1997); BSN 1980 Iowa Methodist; BGS 1986 Drake; MD 1991 Iowa

Gussin, Gary N., Emeritus Professor, Biology, 1969 (1980); BS 1961 Michigan; PHD 1966 Harvard

Gutierrez, Santiago Ortega, Clinical Assistant Professor, Neurology, 2014 (2014);

Gutmann, Laurie, Clinical Professor, Neurology, 2013 (2013);

Gutmann, Ludwig, Clinical Professor, Neurology, 2013 (2013);

Guymon, C. Allan, Professor, Chemical Biochemical Engineering, 2002 (2009); BS 1993 Weber State; MS 1995 Colorado; PHD 1997 Colorado

Guzman, Elizabeth Eunice, Adjunct Instructor, Spanish Portuguese, 2007 (2007); BA 1977 Santiago; MA 1985 West Virginia

Guzman-Armstrong, Sandra, Clinical Associate Professor, Operative Dentistry, 2001 (2008); DDS 1994 Iowa; MS 1999 Iowa

Gyasi, Yaa, Adjunct Assistant Professor, Creative Writing, 2014 (2014);

Haack, James A., Adjunct Instructor, University College Courses, 2003 (2013); MSME 1988 University of Iowa

Haack, Josephine A., Adjunct Lecturer, University College Courses, 2012 (2012);

Haack, Marcus J., Clinical Associate Professor, Educ Policy Leadership Studies, 2002 (2002); BA 1973 Northern Iowa; MA 1978 Northern Iowa; EDD 1991 Northern Iowa

Haas, Thomas J., Adjunct Instructor, Pharmacy, 1997 (1997); BS 1979 Iowa

Habashi, Meara, Lecturer, Psychology, 2011 (2011); BA 2000 Baylor; MS 2005 Purdue; PHD 2008 Purdue
Habelhah, Hasem, Associate Professor, Pathology, 2005 (2011); BS 1987 Beijing Normal; MS 1990 Beijing Normal; PHD 1998 Hokkaido

Hadder, Brent Allen, Clinical Assistant Professor, Anesthesia, 2009 (2010); BS 1998 Alabama; MD 2004 Alabama School of Med

Hade, Joel Edward, Clinical Adjunct Assistant Professor, Internal Medicine, 1995 (1995); MD 1983 Iowa

Haes, Amanda J., Associate Professor, Chemistry, 2006 (2013); BA 1999 Wartburg; MS 2001 Northwestern; PHD 2004 Northwestern

 Hagarty, Bradley Tyler, Adjunct Instructor, Preventive Community Dentistry, 1998 (1998); DDS 1994 Iowa

Hageman, Kara Renee, Adjunct Instructor, Psych Quant Foundations, 2013 (2013); BA 1996 Wartburg College; MAT 1999 University of Iowa

Hahn, Oscar A., Emeritus Professor, Spanish Portuguese, 1977 (1983); PHD 1963 Chile; MA 1972 Iowa; PHD 1977 Maryland

Hahn Berry, Linda Sue, Adjunct Instructor, Preventive Community Dentistry, 2012 (2012);

Haight, Alyssa Marie, Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014);

Haim, Hillel, Assistant Professor, Microbiology, 2012 (2012);

Haines, Don R., Emeritus Associate Professor, Music, 1974 (1978); BM 1959 Illinois Wesleyan; MM 1961 Eastman School of Music; DMA 1973 Rochester

Haines, Emily Catherine, Clinical Adjunct Assistant Professor, Internal Medicine, 2014 (2014); DO 2008 Des Moines University

Hajianpour, Mj, Clinical Associate Professor, Pediatrics, 2013 (2013);

Hakes, Thomas E., Clinical Adjunct Instructor, Internal Medicine, 1990 (1990); MD 1978 Iowa

Hakken, Lynda Sue, Adjunct Assistant Professor, Music, 2012 (2012);

Haldeman, Lauren Elizabeth, Adjunct Lecturer, International Writing, 2011 (2011); BA 2001 Iowa; MFA 2006 Iowa

Haleem, Ambar, Clinical Assistant Professor, Internal Medicine, 2009 (2011); MBBS 1999 Aga Khan, Pakistan

Halekas, Jasper S., Associate Professor, Physics Astronomy, 2014 (2014);

Hall, Daniel L., Emeritus Professor, Oral Path, Radiology/ Medicine, (1997); DDS 1959 Iowa; MS 1974 Iowa

Hall, Duane, Assistant Professor, Internal Medicine, 2009 (2009); PHD 2000 Wisconsin @Madison

Hall, Kathryn, Adjunct Lecturer, Division of Interdisciplinary Program, 2005 (2005); MA 1979 Johns Hopkins; MFA 1981 Iowa; PHD 1987 Syracuse

Hall, Margaret S., Emeritus Associate Professor, Theatre Arts, 1951 (1974);

Hall, Mederic Micah, Clinical Assistant Professor, Family Medicine/Orthopaedics and Rehabilitation, 2011 (2011); BS 2002 Notre Dame; MD 2006 Illinois, Chicago

Hall, Michael, Clinical Adjunct Assistant Professor, Psychiatry, 2008 (2008); BS 1993 Guilford College; MA 1998 Kent State

Hall, Penelope J., Emeritus Associate Professor, Communication Sciences and Disorders, 1968 (1991); BA 1965 Iowa; MA 1967 Iowa

Hallissey, Brendan, Adjunct Instructor, Preventive Community Dentistry, 2008 (2008); BA 2002 Bowdoin; AB 2002 Bowdoin College; DMD 2006 Connecticut

Hallmark, Shauna, Adjunct Associate Professor, Civil-Environmental Engineering, 2007 (2007); BS 1991 Brigham Young; MS 1996 Utah State; PHD 1999 Georgia Institute of Tech

Halls, Bill J., Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2011); PHARMD 2009 Iowa

Haltermann, Tom, Adjunct Assistant Professor, Pharmacy, 2002 (2003); BS 1989 Iowa

Hamann, Cara Jo, Adjunct Lecturer, Epidemiology, 2014 (2014);

Hamarstrom, Michael L., Adjunct Instructor, Radiology, 2010 (2010); BA 2000 Iowa; SCB 2007 Iowa

Hamiel, John N., Adjunct Assistant Professor, Pharmacy, 2002 (2002); BS 1985 Iowa; PHARMD 1997 Iowa

Hamilton, David B., Emeritus Professor, English, 1975 (1982); AB 1961 Amherst; MA 1964 Virginia; PHD 1968 Virginia

Hammes, Adam Michael, Adjunct Lecturer, Management Organizations, 2013 (2013);

Hammes, Megan Ann, Adjunct Instructor, Health and Human Physiology, 2007 (2007); BS 2001 Iowa; MS 2004 American Univ Washington

Hammond, Harold L., Emeritus Professor, Oral Path, Radiology/Medicine, 1967 (1983); DDS 1962 Loyola; MS 1967 Chicago

Hamot, Gregory Edward, Professor, Teaching and Learning/International Programs/Division of Interdisciplinary Program, 1995 (2007); BA 1975 Northwestern; MA 1976 Ohio State; PHD 1995 Ohio State

Hampton, Tanya M., Adjunct Assistant Professor, Pharmacy Practice and Science, 2006 (2006); PHARMD 2006 Iowa

Han, Shizhong, Assistant Professor, Pharmacy, 2006 (2006);

Han, Weimin, Professor, Mathematics, 1991 (1999); BS 1983 Fudan-Shanghai; MS 1986 Academia Sinica-Beijing; PHD 1991 Maryland-College Park

Hanada, Satoshi, Clinical Assistant Professor, Anesthesia, 2011 (2011); MD 1999 Miyazaki, Japan
Hand, Brian, Professor, Teaching and Learning, 2005 (2005); BS 1975 Flinders Univ; MS 1986 Curtin Univ; PHD 1993 Curtin Univ

Hand, Gregory, Assistant Professor, Music, 2008 (2008); BM 1995 Northwestern; MM 2002 Univ of Michigan; DMA 2005 Michigan

Handoo, Nidhi Q., Clinical Assistant Professor, Oral Path, Radiology/Medicine, 2010 (2010); BDS 1995 Vasantdada Patil Dent; MS 2008 Iowa

Hanish, Lynn, Adjunct Instructor, Pharmacy, 2007 (2007); BSPH 1980 North Dakota State

Hankewich, Jillien F., Adjunct Instructor, Pharmacy Practice and Science, 2011 (2011); BSPH 1989 Alberta

Hanley, Paul F., Associate Professor, Civil-Environmental Engineering/Urban Regional Planning/Public Policy Center, 1999 (2006); BSC 1988 Rutgers; MSE 1990 New Jersey Technology; MUP 1994 Illinois-Urbana; PHD 1999 Illinois-Urbana

Hanley, Sarah, Emeritus Professor, Law-Faculty/International Programs/History, 1976 (1987); BA 1967 Pittsburgh; MA 1970 Iowa; PHD 1975 Iowa

Hanna, Eyad Michael, Clinical Associate Professor, Pediatrics, 2007 (2007); MD 2000 Washington

Hanna, Michael G., Adjunct Professor, Neurology, 2013 (2013);

Hanrahan, Kimberly Ann, Adjunct Instructor, Social Work, 2011 (2011); BSW 1994 Iowa; MSW 2003 Iowa

Hanrahan, Kirsten Marie, Adjunct Assistant Professor, Nursing, 2012 (2012); BSN 1985 University of Iowa; MA 1994 University of Iowa; DNP 2010 University of Iowa

Hansen, Brett, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Hansen, Calvin, Clinical Adjunct Assistant Professor, Neurology, 2007 (2007); MD 1988 Nebraska Medical

Hansen, David Christian, Adjunct Assistant Professor, Endodontics, 2007 (2007); BS 1982 Iowa; DDS 1986 Iowa; MS 1996 Minnesota

Hansen, Gary F., Emeritus Associate Professor, Teaching and Learning/Health, Sport Studies, 1962 (1969); BA 1957 Iowa; MA 1959 Iowa; PHD 1964 Iowa

Hansen, Marlan Rex, Professor, Neurosurgery/Otolaryngology-Head Neck Surgery, 2003 (2013); BS 1990 Brigham Young; MD 1994 Chicago, Pritzker

Hansen, Sarah Lux, Adjunct Lecturer, Educ Policy Leadership Studies, 2001 (2006); BA 1990 Iowa; MA 1992 Iowa

Hansing, Mark, Adjunct Lecturer, Law-Faculty, 2003 (2003); BA 1978 LUTHER COLLEGE, IOWA; JD 1981 IOWA

Hanson, Daniel Herbert, Adjunct Assistant Professor, Mechanical Engineering, 2005 (2005); BS 1979 Illinois; MS 1998 Iowa; PHD 2004 Iowa

Hanson, Diana O., Adjunct Instructor, Communication Sciences and Disorders, 2007 (2007); BS 1988 Iowa; MS 1990 Madison

Hanson, Douglas Lee, Clinical Adjunct Assistant Professor, Internal Medicine, 2005 (2005); MD 1997 Iowa

Hanson, James W., Emeritus Professor, Pediatrics/Epidemiology, 1976 (1984);

Harata, Nobutoshi Charles, Assistant Professor, Physiology, 2007 (2007); MD 1987 Tohoku, Sendai Japan; PhD 1991 Tohoku, Sendai, Japan

Harb, Nidal H., Clinical Adjunct Assistant Professor, Internal Medicine, 1991 (2002); MD 1980 Leningrad

Harbor, Kathryn L., Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Hardin, Richard A., Adjunct Professor, Mechanical Engineering, 1994 (2011); BS 1986 Kansas; MS 1988 Kansas; PHD 1994 Kansas

Harding, Meaghan, Lecturer, English as Second Language, 2014 (2014);

Hardy-Fairbanks, Abbey Joy, Clinical Assistant Professor, Obstetrics Gynecology, 2010 (2010); BA 2002 Colorado; MD 2006 Creighton

Haret, Denisa M., Clinical Assistant Professor, Anesthesia, 2009 (2009); DMS 1992 Gr. T. Popa Univ of Med

Hark, Mary Anita, Adjunct Assistant Professor, Interdisciplinary Programs, 2011 (2011); BA 1978 St Benedict; MA 1987 Iowa; MFA 1989 Chicago

Harkness, Dan J., Clinical Adjunct Assistant Professor, Family Medicine, 2014 (2014);

Harkness, Sarah Katherine, Assistant Professor, Sociology, 2011 (2011); MA 2005 Kent State; PHD 2011 Stanford

Harlan, Tracy Marie, Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014);

Harmon, Noel Suzanne, Adjunct Assistant Professor, Rehabilitation and Counselor Education, 2009 (2010); BA 1999 Iowa; MA 2001 Ball State; PHD 2009 Iowa

Jansen, Kate Logan, Clinical Assistant Professor, Pharmacy, 2005 (2005); BA 1998 Dana College; PhARMD 2002 Creighton

Jansen, Brandi, Clinical Assistant Professor, Community Dentistry, 2000 (2000); BS 1998 Drake

Janz, Kathleen F., Emeritus Professor, Epidemiology/Health and Human Physiology, 1982 (2004); BS 1978 Wisconsin-Stevens Point; MA 1982 Northern Colorado; EDD 1990 Northern Colorado
Janz, Siegfried, Professor, Pathology, 2007 (2007); MD 1985 Leipzig, Germany; DSC 1995 Leipzig, Germany

Japsen, Bruce R., Adjunct Instructor, Journalism Mass Communication, 2013 (2013);

Jarosinski, Keith W., Assistant Professor, Microbiology, 2011 (2011); BS 1995 Rochester Institute of Tech; PHD 1999 SUNY-Health Science

Jarvey, John A., Adjunct Lecturer, Law-Faculty, 1997 (2005); BS 1978 Akron; JD 1981 Drake University

Jarzynka-Papineau, Julie A., Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Jawahar Hussaini, Syed Mubeen, Assistant Professor, Chemical Biochemical Engineering, 2014 (2014);

Jean, Wenny, Clinical Adjunct Assistant Professor, Family Medicine, 2007 (2007); BA 2000 Missouri - Kansas City; MD 2000 Missouri - Kansas City; MPH 2004 Iowa

Jebson, Peter, Emeritus Professor, Anesthesia, 1980 (1980); MBCHB 1963 St Andrews

Jenkins, Angela Danielle, Adjunct Instructor, Communication Sciences and Disorders, 2012 (2012);

Jennings, Ashley L., Lecturer, English as Second Language, 2014 (2014);

Jennings, Will, Lecturer, Rhetoric, 1997 (2001); MFA 1993 Iowa

Jennissen, Charles, Clinical Associate Professor, Emergency Medicine/Pediatrics, 1999 (2007); MD 1986 Minnesota

Jensen, Chris S., Clinical Professor, Pathology, 1999 (2010); BS 1985 Iowa State; MD 1989 Iowa

Jensen, Joelle Lyn, Clinical Adjunct Instructor, Nursing, 1995 (1995); BSN 1984 Dubuque; MSN 1988 Dubuque; CER 1993 ANCC

Jensen, Judith Marie, Adjunct Lecturer, Teaching and Learning, 2015 (2014);

Jensen, Paul Wayne, Adjunct Instructor, Journalism Mass Communication, 2010 (2010); BA 1975 Missouri

Jensen, Sarah, Adjunct Lecturer, Marketing, 2014 (2014);

Jensen, Valerie Ellen, Adjunct Assistant Professor, Pharmacy, 2007 (2007); BSPH 1990 Iowa

Jepsen, David A., Emeritus Professor, Rehabilitation and Counselor Education, 1970 (1982); BA 1960 Northern Iowa; MS 1963 Wisconsin; PhD 1970 Wisconsin

Jerath, Nivedita U., Clinical Assistant Professor, Neurology, 2014 (2014);

Jeronimo, Selma M., Adjunct Professor, Internal Medicine, 2002 (2002); PHD 1994 Paulisa DE Medicina-Sao Paulo

Jerz, Richard A., Adjunct Assistant Professor, Management Sciences/Industrial Engineering, 2002 (2002); BS 1978 Illinois Technology; MBA 1984 St. Ambrose; PHD 1997 Iowa

Jeske, Diane, Professor, Philosophy, 1992 (2009); BA 1988 Lawrence; PHD 1992 MIT

Jessen, Kerry, Adjunct Instructor, Pharmacy, 2000 (2000); BS 1977 Iowa

Jessop, Julie L. P., Associate Professor, Chemical Biochemical Engineering, 2000 (2009); BS 1994 Michigan State; PHD 1999 Michigan State

Jesudos, Randhir, Clinical Assistant Professor, Internal Medicine, 2014 (2014);

Jetton, Jennifer Garcia, Clinical Assistant Professor, Pediatrics, 2010 (2010); MD 2004 Baylor College of Medicine

Jew, Jean Y., Emeritus Professor, Anatomy Cell Biology, 1973 (1984); BS 1969 Newcomb; MD 1973 Tulane

Jin, Zhendong, Associate Professor, Pharmacy, 1997 (2003); BS 1988 East China Normal; MA 1990 State Univ of NY-Buffalo; PHD 1995 Purdue

Jivanjee, Shabnam Ibrahim, Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2012); PHARMD 2011 University of Iowa

Joanning, Harvey Herman, Adjunct Professor, Rehabilitation and Counselor Education, 2010 (2010); BA 1969 Briar Cliff College; MA 1972 Iowa; PHD 1973 Iowa

Jochimsen, Peter R., Emeritus Professor, Surgery, 1974 (1983); BA 1961 Ripon; MD 1965 Marquette

Joens, Alicia Mae, Adjunct Instructor, University College Courses, 2008 (2014); BS 1999 Evansville; MA 2006 Iowa

Jogerst, Gerald John, Professor, Family Medicine, 1993 (2005); BA 1969 Loras; MD 1976 Iowa

Johannesen, Megan Marie, Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2011); PHARMD 2009 Iowa

Johannesen, Robert G., Clinical Adjunct Assistant Professor, Family Medicine, 2010 (2010); BA 1973 Central College; MD 1977 Loyola, Chicago

Johanns, Patrick Joseph, Lecturer, Management Sciences, 2014 (2014);

Johlin, Frederick C., Professor, Internal Medicine, 1986 (2004); BS 1976 Toledo; MD 1980 Toledo Medical College

Johnsen, David C., Professor, Pediatrics/Pediatric Dentistry/Preventive Community Dentistry, 1995 (1995); BS 1965 Michigan; DDS 1970 Michigan; MS 1973 Iowa

Johnson, Arlan T., Clinical Assistant Professor, Ophthalmology, 1999 (2009); BS 1965 Marquette

Johnson, Brad Gordon, Assistant Professor, Oral Pathology/Radiologic Medicine, 2014 (2014);

Johnson, Christina R., Lecturer, Health and Human Physiology, 2006 (2010); BA 1999 Iowa; BS 1999 Iowa; MA 2001 Iowa; PHD 2006 Iowa

Johnson, David Cassels, Assistant Professor, Teaching and Learning, 2013 (2013);
Johnson, Deanna S., Lecturer, Spanish Portuguese, 2001 (2008); BA 1977 DRURY; BM 1979 DRURY; MA 1981 Iowa; PHD 1995 Iowa

Johnson, Debra Lynn, Adjunct Assistant Professor, Psychology, 1997 (1997); BS 1987 South Dakota; MS 1991 Utah; PHD 1993 Utah

Johnson, Dorothy, Professor, Art Art History, 1987 (1997); BA 1972 Cincinnati; MA 1979 Cincinnati; PHD 1986 Calif-Berkeley

Johnson, Erik, Adjunct Instructor, Preventive Community Dentistry, 2008 (2008); AB 2001 Hamilton College; BA 2001 Hamilton College; DMD 2008 Connecticut

Johnson, Eugene W., Emeritus Professor, Mathematics, 1966 (1975); BA 1963 Calif-Riverside; MA 1964 Calif-Riverside; PHD 1966 Calif-Riverside

Johnson, Frances Lauri, Clinical Associate Professor, Internal Medicine, 2006 (2006); BS 1984 Washington, Seattle; MD 1988 Washington, Seattle

Johnson, George F., Emeritus Professor, Pathology, 1976 (1988); BA 1963 Park; PHD 1969 Iowa State; MS 1976 Johns Hopkins

Johnson, Georgia Kay Tonn, Professor, Periodontics, 1991 (1996); SCB 1975 University of Iowa; BS 1975 Luther; DDS 1981 Iowa; MS 1983 Iowa

Johnson, Gregory M., Adjunct Instructor, Journalism Mass Communication, 2008 (2008); BA 1978 Luther College; MA 1984 Iowa

Johnson, Hans Joseph, Associate Professor, Electrical-Computer Engineering/Psychiatry/Biomedical Engineering, 2006 (2014); BSE 1997 Iowa; MS 2000 Iowa; PHD 2002 Iowa

Johnson, Hollie Ann, Adjunct Assistant Professor, Pharmacy Practice and Science, 2006 (2006); PHARMD 2004 Drake

Johnson, Jack D., Lecturer, French Italian, 1999 (2001); PHD 1995 California-Berkeley

Johnson, Krista Marie, Clinical Associate Professor, Internal Medicine, 2012 (2012); MD 1995 Washington SOM

Johnson, Kristine, Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014); BSPH 1978 University of Iowa

Johnson, Leah M., Clinical Adjunct Assistant Professor, Family Medicine, 2003 (2003); BA 1995 St. Olaf; MD 1999 Minnesota

Johnson, Manda Lynn, Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014);

Johnson, Marion Rae Biron, Emeritus Professor, Nursing, 1973 (1999); BSN 1958 St. Teresa; MSN 1961 Case Western Reserve; PHD 1986 Iowa

Johnson, Melinda Jane, Clinical Associate Professor, Internal Medicine, 2000 (2007); BS 1992 South Dakota; MD 1996 Brown-Dartmouth Medical

Johnson, Nicholas, Adjunct Lecturer, Law-Faculty, 1981 (2003); BA 1956 Texas; LLB 1958 Texas; LHD 1971 Winham

Johnson, Riley James, Adjunct Assistant Professor, Creative Writing, 2014 (2014)

Johnson, Shella Ranae, Adjunct Assistant Professor, Pharmacy, 2004 (2004); PHARMD 2002 Iowa

Johnson, Susan Rae, Professor, Obstetrics Gynecology/Epidemiology, 1980 (1994); BA 1973 Iowa; MD 1976 Iowa; MS 1985 Iowa

Johnson, Truman Christopher, Adjunct Assistant Professor, Periodontics, 2012 (2012)

Johnson, W. Bruce, Emeritus Professor, Accounting, 1988 (1993); BS 1970 Oregon; MS 1973 Ohio State; PHD 1975 Ohio State

Johnson, Wayne A., Professor, Physiology, 1989 (2002); BS 1980 Wyoming; PHD 1985 Washington

Johnson, William, Emeritus Professor, Microbiology, 1970 (1980); BS 1963 Marietta; MS 1965 Miami; PHD 1968 Rutgers

Johnson, William T., Professor, Endodontics, 1980 (1999); BA 1971 Drake; DDS 1975 Iowa; MS 1981 Iowa

Johnson-Jahangir, Hillary Danielle, Clinical Assistant Professor, Dermatology, 2014 (2014)

Johnston, Maya Krista, Clinical Adjunct Assistant Professor, Internal Medicine, 2013 (2013)

Johnston, Richard C., Clinical Professor, Orthopaedics and Rehabilitation, 1967 (1982); MD 1958 Iowa

Johnston, Sara Pfister, Adjunct Assistant Professor, Rehabilitation and Counselor Education, 2009 (2013); BS 1989 Wisconsin @ Madison; MS 2004 Wisconsin @ Madison

Joiner, Mei-Ling Anne, Assistant Professor, Physiology, 2009 (2009); PHD 1999 Brandeis

Jolin, Sarah Jean, Adjunct Instructor, Family Medicine, 2010 (2010); BS 1996 Iowa State; MSW 1999 Washington Univ

Jones, Bradley D., Professor, Microbiology, 1994 (2011); BS 1985 Maryland; PHD 1989 Maryland

Jones, Carolyn C., Professor, Law-Faculty, 2004 (2004); BA 1976 Iowa; JD 1979 Iowa

Jones, David A., Clinical Assistant Professor, Orthodontics, 2011 (2011); AB 1973 Southern Methodist; DDS 1982 UMKC; MSD 1990 UT,Houston

Jones, Ellen Louise, Adjunct Lecturer, Law-Faculty, 2005 (2005); BA 1990 Iowa; JD 1993 Iowa; MA 1994 Iowa

Jones, Jeremy, Adjunct Instructor, Preventive Community Dentistry, 2011 (2011); DMD 2009 Boston University; BA 2009 Indiana; DDM 2009 Boston; BS 2009 Indiana University

Jones, Jody Lynn, Clinical Assistant Professor, Surgery/ Psychology, 2009 (2009); MA 1993 Richmond; PHD 1997 Alabama

Jones, Kenneth Allen, Adjunct Instructor, Preventive Community Dentistry, 2014 (2014)
Jones, Merritt Eimer, Adjunct Assistant Professor, Family Dentistry, 2004 (2004); BS 1976 University of Iowa; DDS 1980 University of Iowa

Jones, Morgan John, Emeritus Associate Professor, Music, 1978 (1991); BM 1960 Iowa; MA 1962 Iowa; PHD 1975 Northwestern

Jones, Nancy Lyn, Adjunct Lecturer, Law-Faculty, 2006 (2006); BA 1969 Luther College; MAT 1970 Brown; PHD 1982 Iowa

Jones, Patricia Camille, Emeritus Associate Professor, African-American Studies/Theatre Arts, 2001 (2001); BA 1977 Minnesota; MA 1985 Iowa; MFA 1991 Iowa

Jones, Robert Dallas, Clinical Professor, Neurology, 1997 (2013); BA 1979 Wisconsin; MA 1984 Iowa; PHD 1986 Iowa

Jones, Shelley Ann, Clinical Adjunct Instructor, Internal Medicine, 1997 (1997); MD 1986 Iowa

Jones, Susan Sondrol, Lecturer, Music, 1998 (2001); BM 1967 Iowa; MA 1968 Iowa; MFA 1970 Iowa

Keegan, Thomas, Lecturer, Rhetoric, 2010 (2011); BA 2002 Virginia; PhD 2010 Iowa

Keeton, Paula Mae, Adjunct Professor, Psych Quant Foundations, 2002 (2014); BA 1986 ST MARY-OF-THE-WOODS; MS 1993 INDIANA STATE; PHD 1998 INDIANA STATE

Keffala, Valerie Judith, Adjunct Assistant Professor, Psych Quant Foundations, 2003 (2004); BA 1989 California; PhD 1996 Iowa

Keith, Jerrod N., Clinical Assistant Professor, Surgery, 2012 (2012);

Keith, Kevin Scott, Lecturer, Management Organizations, 2010 (2010); BA 1974 Luther; MBA 2004 Iowa

Kelchen, Craig J., Adjunct Instructor, IDGP in Informatics, 2004 (2006); BA 1996 Northern Iowa; BA 2000 Northern Iowa

Kellemes, Ruth A., Emeritus Assistant Professor, Pharmacy, 1984 (1984);

Kelley, Charlotte Mary, Adjunct Instructor, Nursing, 2003 (2003); BS 1992 Grand View College; MS 1997 Iowa

Kelley, Molly Meagan, Lecturer, English as Second Language, 2009 (2010); BA 2007 Iowa; MA 2008 Iowa

Kelley, Patricia Lou, Emeritus Professor, Social Work, 1974 (1993); BA 1956 Carleton; MSW 1959 Minnesota; PhD 1981 Iowa
Kelley, Robert E., Emeritus Professor, English, 1966 (1975); BA 1960 Creighton; PhD 1968 Indiana
Kelley, Teresa Lynn, Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2012);
Kelly, Earl Patrick, Adjunct Associate Professor, Social Work, 2007 (2007); BA Iowa; MSW St Louis
Kelly, Karen M., Adjunct Assistant Professor, Pharmacy, 2009 (2009); PHARMD 1998 Midwestern
Kelly, Kevin Michael, Adjunct Associate Professor, Anthropology/Community Behavioral Health, 1982 (1997); BA 1977 Iowa; AM 1980 Illinois; PHD 1988 Illinois
Kelly, Michael, Clinical Professor, Pharmacy, 1994 (2010); BS 1973 Iowa; PHARMD 1988 Iowa; MS 1989 Iowa
Kelly, Mitchell Jay, Clinical Associate Professor, Psych Quant Foundations, 1990 (2006); PHD 1995 Iowa
Kelly, Steven Michael, Adjunct Assistant Professor, Pediatric Dentistry, 1991 (1991); DDS 1988 Iowa; MS 1990 Iowa
Kelsay, Danielle Marie Rubino, Clinical Associate Professor, Communication Sciences and Disorders, 1993 (2006); BS 1984 Iowa; MA 1987 Iowa
Kelsey, Suzanne Marie Pierce, Adjunct Associate Professor, Rehabilitation and Counselor Education, 2011 (2011); MA 1988 Iowa State
Kelzenberg, David C., Adjunct Instructor, University College Courses, 2014 (2014); BM 1974 Quincy University
Kemp, John D., Professor, Pathology, 1982 (1990); BA 1971 Indiana; MD 1975 Indiana
Kemp, Kathleen Marie, Adjunct Instructor, Social Work, 2007 (2007); MSW 1990 Iowa
Kemp, Robert L., Emeritus Assistant Professor, Communication Studies, 1966 (1969); BA 1951 Iowa State Teachers; MA 1961 Northern Iowa
 Kempchinsky, Paula M., Associate Professor, Spanish Portuguese/Linguistics, 1986 (1992); BS 1976 East Stroudsburg State; MA 1980 Minnesota; PHD 1986 California-Los Angeles
Kennedy, Ann Marie, Adjunct Assistant Professor, Interdisciplinary Programs, 2009 (2009); BA 1989 Holy Cross; MA 1996 Iowa; MFA 1998 Iowa
Kent, Kelly Joann, Adjunct Assistant Professor, Pharmacy, 2008 (2005); PHARMD 2003 Iowa
Kent, Thomas H., Emeritus Professor, Pathology, 1966 (1972); BA 1956 Iowa; MD 1959 Iowa
Kenworthy, Maura Hoyt, Adjunct Instructor, Communication Sciences and Disorders, 2007 (2007); BA 1998 Iowa; DAUD 2002 South Florida
Kerber, Linda K., Emeritus Professor, Law-Faculty/History, 1971 (1975); AB 1960 Barnard; MA 1961 New York; PHD 1968 Columbia
Kerber, Richard E., Professor, Internal Medicine/Emergency Medicine, 1971 (1978); BA 1960 Columbia; MD 1964 New York
Kerns, Ethan, Adjunct Instructor, Preventive Community Dentistry, 2008 (2008); DDS 2007 Iowa
Kerns, Robert J., Professor, Pharmacy, 2002 (2012); BS 1991 Iowa State; PhD 1996 Iowa
Kerr, Brooke Christine Ryherd, Adjunct Assistant Professor, Family Dentistry, 2010 (2011); DDS 2009 Iowa
Keshwani, Anish, Clinical Adjunct Assistant Professor, Family Medicine, 2008 (2008); MBBS 1989 Mumbai, India; MD 1992 Mumbai, India
Kessler, Jason Richard, Clinical Adjunct Assistant Professor, Pediatrics, 2008 (2008); MD 1998 Iowa
Ketelsen, Tyson J., Adjunct Assistant Professor, Pharmacy Practice and Science, 2006 (2006); PHARMD 2003 Iowa
Kettering, Jon Darwin, Adjunct Lecturer, Finance, 1998 (1998); MBA 1979 Iowa
Keys, Margaret N., Emeritus Professor, Optical Science Tech Center OSTC, 1951 (1975); BA 1939 Cornell; MS 1951 Wisconsin; PHD 1965 Florida State; LHD 1976 Cornell
Keysor, Angela Miller, Adjunct Assistant Professor, History, 2013 (2013);
Khastanchi, Daniel Ely, Adjunct Assistant Professor, Division of Interdisciplinary Program, 2011 (2011); BA 2003 Wisconsin; MFA 2005 Iowa
Khan, Abul, Clinical Adjunct Associate Professor, Internal Medicine, 2008 (2011); MBBCH 1996 Dhaka; MBBS 1996 Dhaka Medical College
Khan, Najeeb, Clinical Adjunct Instructor, Internal Medicine, 2012 (2012);
Khandelwal, Meena Rani, Associate Professor, Anthropology/International Programs/Gender, Women's and Sexuality Studies, 2001 (2007); BA 1985 Virginia; MA 1988 Virginia; PhD 1995 Virginia
Khara, Satish C., Emeritus Professor, Operative Dentistry, 1972 (1988); BDS 1968 Lucknow-India; MS 1970 Iowa; DDS 1974 Iowa
Khodas, Maxim, Assistant Professor, Physics Astronomy, 2011 (2011); BA 1997 Technion-Israel Inst; MS 2000 Technion-Israel Inst.; PHD 2006 Weizmann Institute of Science
Khoo, Teck, Clinical Adjunct Assistant Professor, Internal Medicine, 2009 (2009); BA 1998 Kuala Lumpur, Malaysia; MD 2001 Calgary
Khullar, Prashant, Clinical Assistant Professor, Surgery, 2013 (2013);
Khurana, Surjit S., Professor, Mathematics, 1968 (1979); BA 1953 Punjab-India; MA 1955 Punjab-India; PHD 1968 Illinois
Kidd, Lovar Davis, Adjunct Instructor, Dance, 2010 (2010);
Kienzle, Michael G., Professor, Health Management Policy/Internal Medicine/Nursing, 1984 (1997); BS 1973 Iowa; MD 1977 Iowa
Kieran, Kathleen, Clinical Assistant Professor, Urology/Pediatrics, 2010 (2010); MD 2002 Boston

Kijewski, Vicki J., Clinical Associate Professor, Psychiatry/Internal Medicine, 2003 (2010); MED 1990 Eastern Washington; MD 1998 Missouri

Kikkeri, Ramesh Satyanarayana, Adjunct Assistant Professor, International Programs, 2011 (2011); DIPL 2010 The Indian Inst of Bus Mngmt; MBA 2010 Indian Ist.

Killip, Devore E., Emeritus Professor, Operative Dentistry, 1966 (1972);

Kim, Chong Lim, Emeritus Professor, Political Science, 1967 (1976); BA 1960 Seoul-Korea; MA 1965 Oregon; PHD 1968 Oregon

Kim, Hyunggun, Adjunct Associate Professor, Biomedical Engineering, 2005 (2014); BS 1997 Korea Inst. Of Science Tech; PHD 2005 Iowa

Kim, Jae Hee, Adjunct Assistant Professor, Division of Performing Arts, 2010 (2010); BA 1999 Sung-shim Women’s; MA 2002 Han-Sung; MFA 2007 Iowa

Kim, Junyoung Veronica, Assistant Professor, Spanish Portuguese, 2013 (2013);

Kim, Kyungmin, Assistant Professor, Economics, 2010 (2010); BA 2004 Seoul National; PHD 2009 Pennsylvania

Kim, Yusung, Clinical Assistant Professor, Radiation Oncology, 2007 (2007); PHD 2007 Wisconsin

Kimbel, Jeanie, Adjunct Lecturer, Community Behavioral Health, 2014 (2014); MA 1995 University of Iowa

Kimm, Vanessa, Clinical Instructor, Nursing, 2004 (2005); BSN 2001 Iowa; MSN 2003 Iowa

Kimmich, John, Emeritus Professor, Journalism Mass Communication, 1990 (2007); BS 1973 Illinois-Urbana; MA 1978 Purdue

Kimura, Ken, Emeritus Professor, Surgery, 1987 (1991); MD 1963 Kobe-Japan; PHD 1976 Kobe-Japan

King, David Carl, Adjunct Instructor, Preventive Community Dentistry, 2013 (2013);

King, Julie Anne, Adjunct Instructor, Social Work, 2013 (2013);

Kinser, Ryan David, Assistant Professor, Mathematics, 2013 (2013);

Kiraly, John Jr., Emeritus Associate Professor, Teaching and Learning, 1970 (1974); MA 1966 Nevada; PHD 1970 Minnesota

Kirby, John R., Professor, Microbiology, 2007 (2014); BS 1992 Illinois @ Champaign; PHD 1998 Illinois-Champaign

Kirby, Martha Christine, Adjunct Instructor, Political Science, 2003 (2013); BLS 1995 Iowa; MA 1997 Iowa

Kirby, Robert F., Adjunct Associate Professor, University College Courses/Psychology, 1990 (1996); BS 1978 Washington State; MA 1983 Virginia; PHD 1984 Virginia

Kirchhoff, Louis V., Professor, Epidemiology/Internal Medicine, 1985 (1997); AB 1966 Harvard; BA 1972 California-San Diego; MPH 1977 Yale; MD 1977 Yale

Kirchner, Peter T., Emeritus Professor, Radiology, 1981 (1983); BA 1960 Yale; MD 1964 Columbia

Kirsch, Gwendolyn Lee, Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHAR 2000 Iowa

Kirsch, Lee E., Professor, Pharmaceutical Sciences and Experimental Therapeutics/Chemical Biochemical Engineering, 1994 (2010); BS 1975 Purdue; PHD 1982 Ohio State

Kiser, Dauna Marie, Adjunct Assistant Professor, History, 2011 (2011); PHD 2010 Iowa

Kisker, C. Thomas, Emeritus Professor, Pediatrics, 1973 (1979); BA 1958 Johns Hopkins; MD 1962 Cincinnati

Kitamoto, Toshihiro, Associate Professor, Anesthesia/Pharmacology, 2003 (2010); BS 1982 Tokyo, Japan; MS 1984 Tokyo, Japan; PHD 1987 Tokyo, Japan

Kitazaki, Satoshi, Professor, Neurology, 2012 (2012);

Kitchen, Andrew, Assistant Professor, International Programs/Anthropology, 2012 (2012);

Kittrell, Tracy Marie, Adjunct Associate Professor, Family Dentistry, 1986 (2012); BS 1982 Iowa; DDS 1985 Iowa

Klahn, Jeff E., Adjunct Lecturer, Biology, 1990 (1997); PHD 1981 Iowa

Klapper, Gilbert, Emeritus Professor, Earth and Environmental Sciences, 1968 (1973); BS 1956 Stanford; MS 1958 Kansas; PHD 1962 Iowa

Klasson, Charles, Emeritus Professor, Management Organizations, 1967 (1967);

Klaus, Carl H., Emeritus Professor, English, 1962 (1973); BA 1953 Michigan; MA 1954 Michigan; PHD 1966 Cornell

Klefstad, Kate, Adjunct Lecturer, Health and Human Physiology, 2013 (2013); HS 1999 Algona High School; AA 2008 Iowa Lakes Community College; BA 2010 The University of Iowa

Kleiber, Charmaine Marie, Emeritus Associate Professor, Nursing, 2000 (2004); BSN 1973 Kansas; MS 1979 Colorado; PHD 1999 Iowa

Kleiber, Paul D., Professor, Physics Astronomy, 1985 (1993); BA 1976 Occidental; MS 1980 Colorado; PHD 1981 Colorado

Klein, Dennis, Clinical Adjunct Assistant Professor, Pathology, 2002 (2002); BA 1987 Bowdoin College, Maine; MD 1992 Vermont
Klein, Garry Steven, Adjunct Lecturer, University College, 2010 (2013); MS 1994 Texas A&M

Klein, Jonathan M., Professor, Pediatrics, 1990 (2014); BA 1980 Johns Hopkins; MD 1984 Medical College of VA

Klein, Philip W., Emeritus Associate Professor, Spanish Portuguese, 1977 (1984); BA 1962 Grinnell; MA 1968 Washington; PhD 1974 Washington

Kleinfeld, Erwin, Emeritus Professor, Mathematics, 1968 (1968); BS 1948 City College of New York; MA 1949 Pennsylvania; PhD 1951 Wisconsin

Kleinfeld, Margaret, Emeritus Professor, Mathematics, 1968 (1996); BA 1960 Rochester; MS 1963 Syracuse; PhD 1965 Syracuse

Kleinschmit, Julia L., Clinical Associate Professor, Social Work, 1999 (2009); BS 1990 Nebraska; MSW 1997 Iowa

Klemm, David Eugene, Emeritus Professor, Religion, 1982 (1994); BA 1972 Marlboro; PhD 1980 Iowa

Klesney-Tait, Julia, Assistant Professor, Internal Medicine, 2007 (2007); BA 1990 Creighton; MD 1998 UT Southwestern Med; PhD 1998 UT Southwestern Med Ctr

Kletzing, Craig, Professor, Physics Astronomy, 1996 (2005); BA 1981 California-Berkeley; MS 1983 California-San Diego; PhD 1989 California-San Diego

Kline, Bruce Richard, Adjunct Lecturer, Economics, 2011 (2011); MBA 1984 Northwestern

Kline, Joel N., Professor, Internal Medicine/Inst for Clinical and Translational Science/Occupational Environmental Health, 1993 (2005); BA 1983 Brown; MD 1986 Brown

Klingelhutz, Aloysius John, Associate Professor, Radiation Oncology/Microbiology, 1999 (2006); BS 1986 St Johns; PhD 1991 Wisconsin

Klingler, George S., Emeritus Associate Professor, Communication Studies, 1974 (1982); BA 1962 Bucknell; PhD 1974 Iowa

Klink, William H., Emeritus Professor, Physics Astronomy, 1965 (1976); BA 1965 Michigan; PhD 1964 Johns Hopkins

Klise, Kurt J., Clinical Adjunct Assistant Professor, Family Medicine, 1997 (2002); BA 1978 Washburn; MD 1982 Kansas

Klitgaard, Christopher Michael, Adjunct Associate Professor, Health Management Policy, 2008 (2014); BBA 1996 Iowa; MBA 1998 Iowa; MHA 1999 Iowa

Klitgaard, Erin Johnson, Lecturer, Management Organizations/Division of Interdisciplinary Program, 2006 (2013); BBA 2000 Iowa; PHD 2006 Iowa

Kluber, Dawn Tuttle, Adjunct Lecturer, Management Organizations, 2012 (2012); BBA 1983 The University of Iowa; BA 1983 The University of Iowa; MBA 1990 Case Western Reserve Universit

Klug, Beverly Jean Eubank, Adjunct Lecturer, Institute for Clinical Research/Psychiatry, 1999 (2011); BS 1974 Iowa; MA 1985 Iowa

Kluts, James Stacey, Clinical Assistant Professor, Pathology, 2007 (2007); MD 2002 Arkansas; PHD 2002 Arkansas

Knabe, Judith M., Adjunct Instructor, Communication Sciences and Disorders, 2014 (1996); BA 1963 Wisconsin; MS 1964 Wisconsin

Knapp, L. W. Jr., Emeritus Professor, Occupational Environmental Health, 1959 (1969); BS 1951 Cornell; MS 1955 Cornell

Knesting, Kimberly, Lecturer, Teaching and Learning, 2010 (2010); BA 1990 Carthage; PHD 2000 Indiana

Knight, Anthony Wayne, Adjunct Instructor, Radiology, 2010 (2010); BS 1978 Iowa; MBA 1987 Iowa

Knight, Megan Linnet, Lecturer, Rhetoric, 1998 (2001); MFA 1998 Iowa

Knockel, Laura E., Adjunct Assistant Professor, Pharmacy, 2007 (2007); PHARMD 2005 Iowa

Knorr, George, Emeritus Professor, Physics Astronomy, 1967 (1974); BS 1954 Inst of Technol Munich-Germany; PhD 1963 Inst of Technol Munich-Germany

Knowling, Jeffrey David, Lecturer, English as Second Language, 2013 (2013);

Knox, Katie Beth, Lecturer, Nursing, 2014 (2014); BSN 2006 University of Iowa; MSN 2011 University of Iowa

Knudson, C. Michael, Associate Professor, Pathology/Radiation Oncology, 1998 (2005); BSE 1984 Iowa; PHD 1992 Iowa; MD 1992 Iowa

Knudson, Mary Kay, Adjunct Assistant Professor, Economics, 2006 (2006); BS 1981 Minnesota; MS 1983 Wisconsin; PHD 1988 Minnesota

Knudson, Linda M., Lecturer, Microbiology, 2003 (2003); BS 1986 IOWA STATE; PHD 1992 IOWA STATE

Koch, Brenton Berl, Clinical Adjunct Assistant Professor, Otolaryngology-Head Neck Surgery, 2003 (2003); BA 1989 Drake; MD 1995 Iowa

Koch, Yvonne Desloover, Adjunct Assistant Professor, Pharmacy, 2002 (2002); PHARMD 2000 Iowa

Kochanska, Grazyna, Professor, Psychology, 1991 (1995); MA 1974 Warsaw-Poland; PHD 1979 Warsaw-Poland

Koehn, Darcy Lu Brown, Adjunct Assistant Professor, Nursing, 1988 (2007); MA 1987 Iowa

Koeppel, Thomas David, Adjunct Lecturer, University College, 2007 (2013); BBA 2005 Amer International Univ on-lin; MOL 2007 St Ambrose University

Koerner, Theodore Alfred William, Emeritus Associate Professor, Pathology, 1986 (1988); BS 1970 Louisiana State; PHD 1975 Louisiana State; MD 1978 Tulane

Kohatsu, Neal, Adjunct Associate Professor, Epidemiology, 2003 (2003); BA 1978 Stanford; MD 1982 Pittsburgh; MPH 1985 Minnesota

Kohen, Amnon, Professor, Chemistry, 1999 (2010); BSC 1989 Hebrew; DSC 1994 Technion-Israel

Kohout, Frank J., Emeritus Professor, Periodontics, 1969 (1988);
Kolmorgen, Daniel Robert, Clinical Adjunct Associate Professor, Surgery, 2004 (2012); MD 1990 Iowa
Komisaruk, Catherine, Associate Professor, History, 2006 (2012); AB 1988 Harvard; MA 1994 California @ Los Angeles; PhD 2000 California @ Los Angeles
Koontz, Richard F., Adjunct Lecturer, Law-Faculty, 1998 (1998); BA 1981 HAMPSHIRE; MA 1985 NORTHEASTERN; JD 1989 NEW ENGLAND SCHOOL OF LAW
Kopelman, Robin Cook, Clinical Associate Professor, Psychiatry, 2003 (2014); BA 1995 Grinnell; MD 1999 Iowa

Kumar, Sudhir, Clinical Adjunct Assistant Professor, Internal Medicine, 2010 (2010); MBBS 1992 Bangalore Medical
Kumar, Vijay, Emeritus Associate Professor, Pharmacy, 1992 (2002); BS 1970 Kanpur; MS 1972 Lucknow; PhD 1976 Lucknow; PhD 1981 Concordia
Kuntz, J. Kenneth, Emeritus Professor, Religion, 1967 (1976); BA 1956 Grinnell; BD 1959 Yale; PhD 1963 Union Theological Seminary
Kunze, Kent E., Clinical Adjunct Assistant Professor, Psychiatry, 2007 (2007); BA 1980 Wesleyan; MD 1984 Iowa
Kupferman, Ethan Frank, Clinical Assistant Professor, Internal Medicine, 2013 (2013);
Kupferman, Samuel, Professor, Psychiatry/Pediatrics, 1983 (2000); BA 1975 Iowa; MD 1978 Iowa
Kupersmith, William R., Emeritus Professor, English, 1972 (1981); BA 1963 Georgetown; PHD 1969 Texas
Kuppachi, Sarat, Clinical Assistant Professor, Internal Medicine, 2011 (2011); MBBS 1998 Christian Medical Coll, India; MBBCH 1998 Christian Med, India
Kurt, Jennifer Marie, Adjunct Instructor, Pharmacy, 2000 (2000); BS 1996 Iowa
Kurt, William S., Adjunct Professor, Physics Astronomy, 2006 (2006); BA 1973 Iowa; MS 1975 Iowa; PhD 1979 Iowa
Kurt, Jody Lyn, Clinical Adjunct Assistant Professor, Nursing, 1992 (2001); BSN 1977 Cee; MA 1990 Iowa
Kurtz, Sheldon F., Professor, Law-Faculty/Surgery, 1973 (1976); AB 1964 Syracuse; JD 1967 Syracuse; LLB 1967 Syracuse
Kusiak, Andrew, Professor, Nursing/Industrial Engineering, 1988 (1988); BSC 1972 Warsaw Technical; MSC 1974 Warsaw Technical; PhD 1979 Polish Academy of Science
Kutch, Patricia M., Adjunct Instructor, Health and Human Physiology, 1987 (1998); BS 1975 Iowa
Kuthy, Raymond A., Professor, Preventive Community Dentistry/Public Policy Center, 1999 (1999); BS 1969 Mount St. Mary’s; DDS 1973 Temple; MPH 1979 Minnesota
Kutzko, Philip C., Professor, Mathematics/Biostatistics, 1974 (1979); BA 1967 City College of New York; MS 1968 Wisconsin; PHD 1972 Wisconsin

Kuye, Rex, Adjunct Assistant Professor, Occupational Environmental Health, 2011 (2011); MPH 1997 Tulane; PHD 2005 Iowa

Kvidera, Allen Paul, Adjunct Assistant Professor, Periodontics, 1986 (1986); PHD 1980 Iowa

Kwak, Emily Y., Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2012);

Kwirant, James A., Clinical Adjunct Assistant Professor, Internal Medicine, 2000 (2000); MD 1983 Nebraska

Kwitek, Anne Emilie, Associate Professor, Pharmacology/Internal Medicine, 2007 (2007); BS 1989 Wisconsin @ Stevens Point; PHD 1996 Iowa

Kwon, So Ran, Associate Professor, Operative Dentistry, 2013 (2013); DDS 1993 Yonsei University, Korea; MS 1996 Yonsei University, Korea; PHD 1999 Yonsei University, Korea

Kyles, Barbara June, Lecturer, Nursing, 2004 (2005); BSN 1981 Minnesota; MBA 1993 St. Thomas, MN

Kyser, Kathy, Clinical Adjunct Assistant Professor, Obstetrics Gynecology, 2012 (2012); BSN 1985 State University of New York; MD 2004 Uniformed Services University

La Tocha, Demitrius, Adjunct Instructor, Preventive Community Dentistry, 2010 (2010); BA 1996 St. Mary's of Winona; DDS 2001 Iowa

Labrecque, Douglas R., Emeritus Professor, Internal Medicine, 1977 (1988); BS 1965 Boston College; MD 1970 Stanford

Lafky, Sue A., Emeritus Associate Professor, Gender, Women's and Sexuality Studies, 1990 (1996); BS 1975 Oregon; MA 1986 Indiana; PHD 1990 Indiana

Lagos Lavenz, Susan Marie, Clinical Professor, Education Policy Leadership Studies, 2003 (2011); BA 1972 St Mary of the Woods; MS 1975; BA 1978 Florida; PHD 1985 Iowa

Lai, Brian H., Associate Professor, International Programs/Political Science, 2001 (2007); BA 1996 Northwestern; PHD 2001 Emory

Lainson, Phillip A., Emeritus Professor, Periodontics, 1965 (1975); BA 1960 Iowa; DDS 1962 Iowa; MS 1968 Iowa

Lakin, Jean A., Emeritus Associate Professor, Nursing, 1967 (1988); BSN 1959 Michigan; PHD 1962 Iowa; MS 1967 Michigan

Lal, Geeta, Associate Professor, Surgery, 2004 (2012); MD 1995 Toronto; MS 1999 Toronto

Lallier, Tamara Sue, Adjunct Instructor, Pharmacy Practice and Science, 2013 (2013);

Lalumiere, Ryan T., Assistant Professor, Psychology, 2010 (2010); BS 2000 Mt. St. Mary's College; BA 2000 Mt. St Mary's; PHD 2005 California @ Irvine

Lamasters, Teresa L., Clinical Adjunct Assistant Professor, Surgery, 2014 (2014);

Lamb, Angela Sue, Adjunct Instructor, University College Courses, 2013 (2013); BBA 2005 University of Iowa

Lambi, Lisa N., Adjunct Assistant Professor, Pharmacy, 2006 (2006); PHARMD 2002 Iowa

Lampe, Joann A., Adjunct Lecturer, Nursing, 2015 (2015);

Lamping, Kathryn G., Associate Professor, Pharmacology/Internal Medicine, 1989 (2001); BS 1976 Illinois-Urbana; MS 1982 Milwaukee Medical; PHD 1983 Milwaukee Medical

Lance, George M., Emeritus Professor, Mechanical Engineering, 1961 (1970); BSME 1952 Case Institute of Technology; MS 1954 Cast Inst. of Technology

Lancianese, Donna Ann, Lecturer, Sociology, 2014 (2014); BA 2003 Kennt State University; MA 2006 Kent State University; MA 2008 The University of Iowa

Landini, Austin Jennings, Adjunct Lecturer, Economics, 2014 (2014);

Landini, Gregory, Professor, Philosophy, 1989 (2001); AB 1978 Indiana; MA 1981 Indiana; PHD 1986 Indiana

Landsman, Miriam Joy, Associate Professor, Social Work, 1988 (2007); BA 1976 Delaware; MSW 1982 Iowa; PHD 2000 Iowa

Lang, Cornelia, Associate Professor, Physics Astronomy, 2002 (2010); BA 1995 Vassar; MS 1997 California-Los Angeles; PHD 2000 California-Los Angeles

Lang, Joseph B., Professor, Biostatistics/Statistics Actuarial Science, 1992 (2006); BA 1986 St. Cloud State; MS 1988 Florida; PHD 1992 Florida

Langguth, Nancy J., Clinical Professor, Teaching and Learning, 2003 (2014); BS 1980 Iowa State; MS 1986 NW Missouri; PHD 1996 Iowa

Langworthy, Sara Ann, Lecturer, Interdisciplinary Programs, 2006 (2007); AB 1994 Grinnell

Lanning, Lynne Dorris, Clinical Adjunct Instructor, Nursing, 2011 (2011); BS 1977 Duke; JD 1983 Texas Southern

Lannoo, Ashley, Adjunct Instructor, Preventive Community Dentistry, 2014 (2014);

Lanternier, Matthew Lyman, Clinical Assistant Professor, Family Medicine, 2000 (2000); BS 1992 Indiana; MD 1999 Iowa

Lara-Braud, Carolyn W., Emeritus Associate Professor, Health, Sport Studies, 1975 (1980); BA 1962 Texas; PHD 1969 Texas

Larew, Mary Spalding, Clinical Associate Professor, Pediatrics, 1985 (2004); BA 1974 Iowa; MD 1978 Iowa
Laroche, Helena Hillman, Assistant Professor, Internal Medicine/Pediatrics, 2006 (2009); BA 1994 Brown; MD 1999 Missouri Medical School

Laroi, Archana, Clinical Assistant Professor, Radiology, 2009 (2009); MBBS 1989 Gov Med College - India

Laroi, Sandeep, Clinical Assistant Professor, Radiology, 2009 (2009); MD 1987 Indira Gandhi Med College; MBCH 1987 Himachal State, India

Laronde, Michel S., Professor, International Programs/ French Italian, 1982 (2009); LIC 1971 Clermont-Ferrand; MA 1976 Indiana; PHD 1981 Indiana

Larpenteur, Wilene Elaine, Adjunct Instructor, Health and Human Physiology, 2011 (2011); BS 1995 Iowa State; MS 1999 Iowa State

Larsen, Russell G., Lecturer, Chemistry, 1995 (2000); PhD 1992 Harvard

Larsen, Sarah C., Professor, Chemistry, 1995 (2008); BA 1986 Bowdoin; PHD 1992 Harvard

Larson, Brandy Leeann, Adjunct Assistant Professor, Preventive Community Dentistry, 2010 (2010); BS 1997 Iowa State; DDS 2003 Iowa

Larson, Charles L., Adjunct Instructor, University College Courses, 2011 (2014); BA 1990 Iowa; MS 1993 Iowa

Larson, Charles Chester, Clinical Adjunct Assistant Professor, Internal Medicine, 1990 (1990); MD 1982 Iowa

Larson, Michelle Anne, Adjunct Assistant Professor, Biostatistics, 2003 (2003); BS 1989 Iowa; MS 1994 Iowa; PHD 2002 Iowa

Larson, Paula Ann, Adjunct Instructor, Pharmacy, 2008 (2008); BSPH 1998 Iowa

Larson, Scott A., Clinical Associate Professor, Ophthalmology Visual Science, 2012 (2012);

Larson, Shelly Kay, Adjunct Instructor, Pharmacy, 2007 (2007); BSPH 1987 South Dakota State

Larson, Tressa Lee, Clinical Assistant Professor, Ophthalmology Visual Science, 2014 (2014);

Larson Ode, Katie Marie Ulring, Clinical Assistant Professor, Pediatrics, 2011 (2011); MD 2005 Wisconsin; MS 2011 Minnesota

Laschansky, Dirk E., Adjunct Lecturer, Finance, 2014 (2002); BBA 1988 U of Iowa; MBA 1997 U of Iowa

Latcham, Allan P., Clinical Adjunct Assistant Professor, Internal Medicine, 2001 (2004); BA 1984 Wartburg; MD 1988 Iowa

Latterell, Jennifer Holmes, Clinical Adjunct Associate Professor, Family Medicine, (2014);

Laughrun, David, Clinical Adjunct Assistant Professor, Internal Medicine, 2007 (2007); BS 1985 California; MD 1990 George Washington

Laurian, Lucie, Associate Professor, Urban Regional Planning/Public Policy Center, 2004 (2009); PHD 2001 U of N. Carolina Chapel Hill

Laux, Douglas Earl, Clinical Assistant Professor, Internal Medicine, 2014 (2014);

Lavelle, William E., Emeritus Professor, Prosthodontics/ Otolaryngology-Head Neck Surgery, 1967 (1977); DDS 1962 Iowa; BA 1962 Iowa; MS 1967 Iowa

Lavezze, Kathryn, Associate Professor, English, 1999 (2006); BA 1988 Calif-Los Angeles; MA 1991 Virginia; PHD 1999 Calif-Santa Barbara

Lavin, Mildred H., Emeritus Assistant Professor, Psych Quant Foundations, 1971 (2002);

Lavine, Derick, Adjunct Instructor, Art Art History, 1999 (1999); BA 1989 Macalester

Law, Ian Harry, Clinical Professor, Pediatrics, 2000 (2010); BSE 1988 Iowa; MD 1993 Iowa

Lawler, Ericka, Clinical Assistant Professor, Orthopaedics and Rehabilitation, 2006 (2006); BS 1996 Yale; MD 2000 New York UNI

Lawrence, Erica, Associate Professor, Psychology, 2001 (2009); BA 1992 Emory; MA 1996 UCLA; PHD 2001 UCLA

Lawrence, Jean Clair, Clinical Adjunct Lecturer, Law-Faculty, 2011 (2011); BA 1976 Michigan State; BS 1976 Michigan State University; JD 1980 Iowa

Lawrence, Todd Kenneth, Clinical Adjunct Assistant Professor, Family Medicine, 2007 (2007); BS 1996 Mount Mercy; MD 2001 Iowa

Lawrence, Walter Thomas, Professor, Surgery, 2010 (2010); MD 1976 Virginia

Lawton, William J., Emeritus Associate Professor, Internal Medicine, 1973 (1982); BA 1963 Northwestern; MD 1966 Northwestern

Le, Benjamin, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Lear, Bridget, Assistant Professor, Biology, 2010 (2010); BS 1995 Cal - Los Angeles; PHD 2001 Chicago

Lebeau, Brandon Christopher, Assistant Professor, Psych Quant Foundations, 2014 (2014);

Leblond, Richard F., Emeritus Professor, Internal Medicine, 1996 (1996); AB 1969 Princeton; MD 1972 Washington-Seattle

Leclair, Erica, Clinical Assistant Professor, Pediatrics, 2014 (2014);

Lecluona, Rene Joan, Professor, Music, 1990 (2007); BM 1985 Indiana; MM 1987 Indiana

Leddy, Johna, Associate Professor, Chemistry, 1991 (1997); BA 1978 RICE; PHD 1984 Texas

Lederhaas, George, Clinical Adjunct Assistant Professor, Anesthesia, 1998 (1998); BS 1984 Miami, FL; MD 1989 Miami

Lediaev, John P., Emeritus Associate Professor, Mathematics, 1967 (1971); BA 1963 Occidental; MA 1965 Calif-Riverside; PHD 1967 Calif-Riverside

Ledolter, Johannes, Professor, Statistics Actuarial Science/Management Sciences, 1978 (1987); MS 1972 Wisconsin; MRSO 1974 Vienna-Austria; PHD 1975 Wisconsin
Lee, Amy, Associate Professor, Otolaryngology-Head Neck Surgery/Physiology/Biomedical Engineering/Neurology, 2008 (2008); BS 1990 Michigan; PhD 1997 Virginia

Lee, Andrew G., Adjunct Professor, Ophthalmology Visual Science, 2000 (2004); BA 1985 Virginia; MD 1989 Virginia

Lee, Gloria, Professor, Internal Medicine, 1998 (2013); PhD 1981 Harvard

Lee, Hosin, Professor, International Programs/Civil-Environmental Engineering/Public Policy Center, 1999 (2010); BS 1980 Seoul National; MS 1981 Stanford; PhD 1985 Texas-Austin

Lee, Hye-Jin, Adjunct Instructor, Journalism Mass Communication, 2014 (2014); BA 2000 Han Nam Univ; MS 2003 Iowa State University

Lee, Jacqueline Claire, Adjunct Instructor, Pharmacy Practice and Science, 2014 (2013);

Lee, Jennifer Ellen, Adjunct Assistant Professor, Nursing, 2012 (2012); MA 2001 University of Dayton; MA 2005 University of Iowa; PhD 2008 University of Iowa

Lee, Joanna Chen, Adjunct Instructor, Communication Sciences and Disorders, 2013 (2013);

Lee, Kathy Jo, Adjunct Instructor, Pharmacy Practice and Science, 2012 (2012);

Lee, Larry D., Adjunct Instructor, Pharmacy, 2004 (2004); BSPH 1972 Iowa

Lee, Phillip C., Clinical Adjunct Assistant Professor, Otolaryngology-Head Neck Surgery, 1991 (2001); MD 1981 Iowa

Lee, Robert A., Clinical Adjunct Assistant Professor, Family Medicine, 2002 (2002); MD 1988 Iowa

Lee, Sang Hak, Assistant Professor, Marketing, 2012 (2012);

Lee, Won-Chan, Associate Professor, Psych Quant Foundations, 2008 (2010); BA 1991 Kyungpook National; MS 1994 Oklahoma; PhD 1998 Iowa

Lee, Son, Kang Yu, Clinical Assistant Professor, Pediatrics, 2013 (2013);

Leger, Pierre-Majorique, Adjunct Professor, Management Sciences, 2010 (2010); PhD 2002 Ecole Polytech de Montreal

Legge, Kevin L., Associate Professor, Microbiology/Pathology, 2004 (2010); BS 1994 Knoxville, Tenn; PhD 2000 Tenn., Knoxville

Leggett, John W., Emeritus Professor, English, 1970 (1975); AB 1942 Yale

Lehan Mackin, Melissa Ann, Assistant Professor, Nursing, 1999 (2014); BSN 1995 The University of Iowa; MS 2008 The University of Iowa; PhD 2011 The University of Iowa

Lynn, Freda B., Assistant Professor, Sociology, 2008 (2008); BA 1998 Michigan; MA 2003 Harvard; PHD 2006 Harvard

Ma, Deqin, Clinical Assistant Professor, Pathology, 2011 (2011); MD 1988 Shandong Medical Univ.-China; PHD 1988 Kentucky

Maanum, Scott Ryan, Clinical Adjunct Assistant Professor, Family Medicine, 2013 (2013);

Maas, James Everett, Adjunct Associate Professor, Family Dentistry, 1998 (2012); BBA 1994 Iowa; DDS 1998 Iowa

Maas, Meridean Leon Speas, Emeritus Professor, Nursing, 1976 (1994); BSN 1957 Iowa; MA 1960 Iowa; PHD 1979 Iowa State

Maassen, Rachel Anna, Clinical Associate Professor, Obstetrics Gynecology, 2006 (2013); BS 1998 Iowa; MD 2002 Iowa

Mabry, Ted R., Clinical Associate Professor, Pediatric Dentistry, 2009 (2009); BA 1983 Westminster College; DDS 1987 Oklahoma Col of Dentistry; MS 1994 Nebraska Med Ctr

Mac, Joseph R., Adjunct Assistant Professor, Pharmacy, 1997 (1997); PHARMD 1992 Nebraska-Omaha

Macagno, Matilde C., Emeritus Assistant Professor, Mathematics, 1957 (1974); BS 1940 National-Argentina; MS 1958 Iowa

Macauley, Kelly Anne, Adjunct Instructor, Communication Sciences and Disorders, 2007 (2007); BS 1980 Wisconsin; MA 1983 Iowa

Mace, Brandi, Adjunct Instructor, Preventive Community Dentistry, 2010 (2010); BS 1999 Nebraska; DDS 2005 Creighton

Macfarlane, Donald E., Professor, Internal Medicine, 1979 (1995); MBBS 1967 London; PHD 1975 London

Macgillivray, Leonard Richard, Professor, Chemistry/Pharmacy, 2000 (2010); BSC 1994 Saint Mary’s; PHD 1998 Missouri-Columbia

Machak, Jayne Ann, Adjunct Instructor, University College Courses, 2011 (2014); BA 2001 SW Texas State; MA 2006 Iowa

Mackey, Michael Austin, Associate Professor, Biomedical Engineering/Radiology, 2000 (2000); PHD 1998 California-Berkeley

Mackinney, A. Clinton, Clinical Associate Professor, Health Management Policy, 2010 (2014); BA 1978 Miami; MD 1982 Ohio; MS 1998 Wisconsin @ Madison
Maclean, John N., Adjunct Instructor, University College Courses, 2014 (2014);
Macneil, Richard David, Emeritus Professor, Health and Human Physiology, 1975 (1991); BA 1970 Wisconsin; MED 1975 Springfield; PHD 1979 Iowa
Macpherson, Beth, Adjunct Instructor, Communication Sciences and Disorders, 2007 (2007); BA 1987 Montana; MA 1989 Iowa
Macvey, Carol E., Lecturer, Theatre Arts, 1991 (1999); BA 1966 Notre Dame; MA 1976 Middlebury
Madia, Asha, Clinical Adjunct Assistant Professor, Pediatrics, 1999 (1999); MD 1981 American Board of Pediatrics
Madison, Kathi C., Professor, Oral Path,RadiologyMedicine/Dermatology, 1984 (1999); SCB 1975 Brown; MD 1978 Brown
Madsen, Donald H., Emeritus Professor, Mechanical Engineering, 1954 (1960); BSME 1944 Iowa State; MSME 1948 Purdue; PhD 1953 Purdue
Madsen, Murray Dean, Adjunct Associate Professor, Occupational Environmental Health, 2003 (2003); BS 1973 Minnesota; MBA 1984 St. Ambrose
Madsen, Shane, Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);
Madsen, Timothy T., Adjunct Instructor, Pharmacy, 2008 (2008); BS 1982 Iowa
Madson, Linda Kay, Clinical Adjunct Associate Professor, Psychiatry, 2000 (2007); BA 1981 Luther; MD 1990 Iowa
Magalhaes-Silverman, Margarida, Clinical Professor, Internal Medicine, 1997 (2003); MD 1978 University of Porto
Magboul, Magboul M. A., Clinical Assistant Professor, Anesthesia, 2001 (2001); BS 1969 Khartoum; MBBS 1974 Khartoum
Magnotta, Vincent Alfonso, Associate Professor, Radiology/Psychiatry/Biomedical Engineering, 2003 (2008); BA 1991 Albion; MS 1994 Iowa; PHD 1997 Iowa
Magnuson, Lori Anne, Adjunct Assistant Professor, Rehabilitation and Counselor Education, 2013 (2013); DIP 1977 Franklin-Pierce High School; BA 1981 Northwest College; MA 1998 Seattle University
Maharry, Michael Karl, Clinical Associate Professor, Family Medicine, 1999 (2008); BA 1992 Washington-St. Louis; MD 1996 Iowa
Maher, James W., Emeritus Professor, Surgery, 1985 (1989); BS 1970 Randolph-Macon; MD 1974 Florida
Mahon, Melinda Rae, Adjunct Lecturer, Management Organizations, 2013 (2013);
Mahoney, Larry T., Emeritus Professor, Medicine Administration/Pediatrics, 1976 (1992); BS 1969 Loras; MD 1973 Iowa
Mahoney, Mark Alan, Clinical Adjunct Assistant Professor, Family Medicine, 1999 (2002); BA 1980 Bethel; MD 1984 Iowa
Maier, Edward Lee, Adjunct Instructor, Pharmacy, 1998 (1998); BS 1970 Iowa
Maierhofer, Waltraud, Professor, German/International Programs, 1990 (2007); MA 1986 Regensburg-West Germany; PHD 1988 Regensburg-West Germany
Maiers, Jennifer Jo, Adjunct Instructor, Radiology, 2010 (2010); BS 2001 Iowa
Maigaard, Randy N., Clinical Adjunct Assistant Professor, Internal Medicine, 2000 (2000); MD 1989 Iowa
Mailhot, Jason M., Adjunct Professor, Periodontics, 2009 (2009); AA 1976 New York @Farmingdale; BS 1978 New York @ Oneonta; DMD 1981 Pittsburgh; MS 1993 Georgia
Makar, Adel F., Clinical Adjunct Associate Professor, Pediatrics, 1987 (2002); MBBC 1974 Assuit Egypt
Maker, Matthew, Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);
Maklad, Samy Mokhtar, Clinical Assistant Professor, Surgery, 2013 (2013); BS 2003 University of Minnesota
Malanson, George P., Emeritus Professor, Geography and Sustainability Sciences, 1985 (1996); BA 1972 Williams; MS 1978 Utah; PHD 1983 California-Los Angeles
Malech, Dora Rachel, Adjunct Lecturer, Creative Writing, 2006 (2012); BA 2003 Yale; MFA 2005 Iowa
Malenfant, Stephanie June, Clinical Assistant Professor, Pharmacy Practice and Science, 2011 (2013); PHARM 2011 Iowa
Maley, Joan Elizabeth, Clinical Professor, Radiology, 1997 (2013); BS 1988 Iowa; MD 1992 Iowa
Malichky, Kimberly, Adjunct Associate Professor, Pharmacy, 2004 (2004); BA 1996 Hastings-NE; PHARM 2002 Iowa
Malik, Norbert R., Emeritus Professor, Electrical-Computer Engineering, 1967 (1980); BS 1959 Iowa; MSEE 1960 Iowa; PHD 1964 Iowa State
Malkova, Anna, Associate Professor, Biology, 2013 (2013);
Mallik, Usaha, Professor, Physics Astronomy, 1988 (1993); BS 1966 Calcutta University-India; MS 1968 Indian Institute of Tech-India; MA 1972 City College of New York; PHD 1978 City College of New York
Malloy, Christopher L., Adjunct Lecturer, Law-Faculty, 2014 (2014);

Malone, Robert E., Professor, Biology, 1985 (1993); BS 1970 Calif-Los Angeles; PHD 1976 Oregon

Mana, Sara, Adjunct Assistant Professor, Earth and Environmental Sciences, 2014 (2014);

Manak, John R., Associate Professor, Biology/Pediatrics, 2008 (2013); BS 1984 Trinity, Hartford CT; MS 1987 New York; PHD 1992 Columbia

Manaligod, Jose M., Associate Professor, Otolaryngology-Head Neck Surgery, 2001 (2004); BA 1986 Northwestern; MD 1990 Illinois-Chicago

Mandsager, Neil Timothy, Clinical Adjunct Assistant Professor, Obstetrics Gynecology, 2009 (2009); BS 1978 Wartburg; MD 1982 Iowa

Manganello, Marc, Lecturer, English as Second Language, 2011 (2011); MA 2011 Iowa State

Mangum, Teresa L., Professor, English/Gender, Women's and Sexuality Studies/International Programs/Public Policy Center, 1990 (2014); BA 1976 Appalachian State; MA 1979 North Carolina State; PHD 1990 Illinois-Urbana

Manini, Mhd Louai, Clinical Adjunct Assistant Professor, Pediatrics, 2012 (2012);

Manning, John, Associate Professor, Music, 2004 (2010); BM 1991 Boston; MM 2002 MA Amherst

Manoylov, Kalina, Adjunct Associate Professor, University College, 2013 (2013);

Manternach, Jeremy N., Assistant Professor, Teaching and Learning/Music, 2014 (2014);

Mantilla Gutierrez, Ricardo Ivan, Assistant Professor, Civil-Environmental Engineering, 2012 (2012); PHD 2006 University of Colorado

Marberry, Charles E., Emeritus Professor, Finance, 1959 (1964); BA 1948 Illinois; MA 1950 Stanford; PHD 1952 Illinois

Marce, Pilar, Lecturer, Spanish Portuguese, 2006 (2008); BA 1998 Pompeu Fabra; MA 2003 Purdue; MA 2005 Monterey Institute of Int'l St

Marchalonis, Lee Celia, Adjunct Assistant Professor, Interdisciplinary Programs, 2011 (2011); BA 1996 Wellesley; MFA 2003 Tennessee

Marchik, Mary Anne Marie, Clinical Assistant Professor, Social Work, 1990 (2000); BA 1977 Iowa; MSW 1984 Iowa

Marchini, Leonardo, Assistant Professor, Preventive Community Dentistry, 2013 (2013);

Marchman, James Nathan, Clinical Professor, Psychology, 1977 (2000); BA 1966 Eastern New Mexico; MA 1968 Iowa; PHD 1973 Iowa

Marcussen, Britt Lee, Clinical Assistant Professor, Family Medicine, 1999 (2000); BS 1988 Iowa; MD 1994 Iowa

Marek, Cindy Lou, Clinical Associate Professor, Pharmacy/Oral Path,Radiology/Medicine, 1990 (2002); BS 1986 Iowa; PHARMD 1996 Iowa

Margeas, Robert C., Adjunct Professor, Operative Dentistry, 1990 (2000); DDS 1986 Iowa

Margulis, Claudio Javier, Associate Professor, Chemistry, 2003 (2008); PHD 2001 Boston

Marian, Anil Alexander, Clinical Associate Professor, Anesthesia, 2008 (2012); MBBS 1999 Trivandrum, India; MD 2002 Mumbai, India

Marin, Michela, Adjunct Lecturer, French Italian, 2008 (2008); BA 1990 Venice

Mark, Allyn L., Professor, Internal Medicine, 1961 (1975); BA 1957 Iowa; MD 1961 Iowa

Markfort, Corey Dean, Assistant Professor, Civil-Environmental Engineering, 2014 (2014);

Markham, Sanford M., Emeritus Professor, Obstetrics Gynecology, 1999 (2004); BA 1956 Kansas; MD 1960 Kansas

Markle, Kevin Scott, Assistant Professor, Accounting, 2014 (2014);

Markon, Kristian Eric, Associate Professor, Psychology, 2007 (2013); BA 1996 Minnesota; PHD 2007 Minnesota

Markovetz, Niccolot Ann, Emeritus Assistant Professor, Nursing, 1983 (2005); BS 1971 Iowa; MSN 1984 Iowa

Marks, Jessie Elizabeth, Clinical Assistant Professor, Pediatrics, 2013 (2014);

Markus, Danielle Roze, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Marler, R. Timothy, Adjunct Associate Professor, Mechanical Engineering/Biomedical Engineering, 2009 (2009); BENG 1991 Rochester; MENG 1993 Pennsylvania State; PHD 2005 Iowa

Marlin, Robert W., Adjunct Associate Professor, Family Dentistry, 2005 (2012); DDS 1977 Iowa

Marsh, J. Lawrence, Professor, Orthopaedics and Rehabilitation, 1987 (1995); BA 1975 Colgate; MD 1979 State Univ of NY-Upstate Med

Marshall, Lindsay Joanna, Adjunct Instructor, University College Courses, 2014 (2014);

Marshall, Ronda J., Adjunct Lecturer, Teaching and Learning, 2015 (2005); BA 1970 Southwestern; MA 1991 Iowa

Marshall, Teresa A., Associate Professor, Preventive Community Dentistry, 1992 (2009); PHD 1987 Iowa

Martensen, Kathy Marie, Adjunct Instructor, Radiology, 2010 (2010); BS 1988 Iowa; MA 2000 Iowa

Martin, Amy, Adjunct Assistant Professor, Pharmacy Practice, 2008 (2011); PHD 2008 SUNY Buffalo
Martin, Chris Elizabeth, Adjunct Assistant Professor, Social Work, 2014 (2014); MSW 2001 Iowa
Martin, Emily, Adjunct Assistant Professor, Interdisciplinary Programs, 1999 (1999); BFA 1975 Iowa; MA 1977 Iowa; MFA 1979 Iowa
Martin, Erin Perdock, Clinical Assistant Professor, Psychiatry, 2013 (2013);
Martin, James A., Associate Professor, Orthopaedics and Rehabilitation/Biomedical Engineering, 2008 (2009); BS 1983 California; PHD 1992 North Carolina State
Martin, Juan Ezequiel, Adjunct Assistant Professor, Mechanical Engineering, 2011 (2011); BS 2001 Nacional de Cuyo; MS 2004 Illinois; PHD 2009 Illinois
Martin, Kippy, Adjunct Instructor, Preventive Community Dentistry, 2008 (2008); BS 1987 East Central; DDS 1991 Oklahoma
Martin, Laurel Leslie, Adjunct Assistant Professor, Orthodontics, 2014 (2014);
Martin, Stephen Douglas, Adjunct Instructor, Pharmacy, 1997 (1997); BS 1973 Iowa; MBA 1987 Dubuque
Martin-Estudillo, Luis, Associate Professor, International Programs/Spanish Portuguese, 2005 (2011); MA 2002 Minnesota; PhD 2005 Minnesota
Martinet-Moriarty, F., Emeritus Professor, Dance, 1978 (1995);
Martinez, Danielle, Adjunct Instructor, University College Courses, 2014 (2014);
Martinez, Denise Allene, Clinical Assistant Professor, Medicine Administration/Family Medicine, 2011 (2011); BA 2003 Seattle Pacific; MA 2008 Tufts
Martinez Araneda, Andres Jose, Adjunct Assistant Professor, Civil-Environmental Engineering, 2012 (2012);
Martino, Kristina Roseann, Adjunct Assistant Professor, Creative Writing, 2014 (2014);
Martins, James B., Emeritus Professor, Internal Medicine, 1975 (1991); BA 1966 North Park; MD 1970 Illinois
Marttila, Joan Dorothy, Adjunct Professor, Community; BS 1985 Washington; MS 1994 Iowa State
Marvin, Roberta M., Adjunct Associate Professor, International Programs/University College Courses, 1997 (1997); BM 1975 Boston Conservatory; MA 1986 Tufts; PhD 1992 Brandeis
Marz, Mark L., Adjunct Associate Professor, Family Dentistry, 1979 (2000); DDS 1978 Iowa
Marzell, Miesha T., Assistant Professor, Community Behavioral Health, 2014 (2014);
Mascardo, Lisa Ann, Adjunct Assistant Professor, Pharmacy, 2002 (2002); BS 1995 Iowa; BSPH 1995 Iowa; PHARMD 1997 Iowa
Maschka, Donald A., Clinical Adjunct Assistant Professor, Otolaryngology-Head Neck Surgery, 2000 (2000); MD 1992 Iowa
Mason, Edward E., Emeritus Professor, Surgery, 1953 (1961); BA 1943 Iowa; MD 1945 Iowa; PHD 1953 Minnesota
Mason, Ian C., Adjunct Instructor, University College, 2013 (2013);
Mason, Karen M., Adjunct Assistant Professor, History, 2010 (2010); BA 1975 Bryn Mawr; AM 1981 Minnesota; DR 1991 Michigan
Mason, Kenneth Andrew, Lecturer, Biology, 2007 (2007); BS 1982 Washington; PHD 1991 California @ Davis
Mason, Paul Thomas, Adjunct Lecturer, Accounting, 2009 (2009); BA 1975 Connecticut; MBA 1977 Connecticut
Mason, Sally K., Professor, Biology, 2007 (2007); BA 1972 Kentucky; MS 1974 Purdue; PHD 1978 Arizona
Mason, Sara E., Assistant Professor, Chemistry, 2010 (2010); BS 2001 St. John Fisher; PHD 2007 Pennsylvania
Mastascusa, Nico J., Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2011); PHARMD 2008 Iowa
Masters, Jenna Kim, Clinical Assistant Professor, Anesthesiology, 2013 (2014);
Mathews, Shana Alyssa, Adjunct Assistant Professor, Pharmacy, 2009 (2009); PHARMD 2007 Iowa
Mather, Betty B., Emeritus Professor, Music, 1952 (1973); BA 1949 Oberlin; MA 1951 Columbia
Matheson, Daniel Richard, Lecturer, Health and Human Physiology, 2011 (2011); BS 1993 Iowa; JD 1996 Minnesota
Matheson, Lloyd E., Emeritus Associate Professor, Pharmaceutics/Pharmacy, 1975 (1980); BS 1964 Wisconsin; PhD 1970 Wisconsin
Mathews, Katherine Dianne, Professor, Neurology/Pediatrics, 1989 (2008); BS 1976 Iowa; MD 1981 Iowa
Mathews, Michael, Adjunct Assistant Professor, Pediatric Dentistry, 2002 (2002); BA 1991 Central; DDS 2000 Iowa
Matowe, Lloyd, Adjunct Assistant Professor, Pharmacy, 2008 (2008); BSPH 1994 Zimbabwe
Matsuda, James Jiro, Clinical Adjunct Assistant Professor, Pediatrics, 2009 (2009); MD 1993 Iowa; PHD 1993 Iowa
Matsukura, Michi, Adjunct Assistant Professor, Psychology, 2011 (2011); PHD 2008 Iowa
Matsumoto, Barry D., Emeritus Associate Professor, Law-Faculty, 1974 (1974); BA 1967 Washington; JD 1970 Washington
Matt, Gary David, Adjunct Assistant Professor, Endodontics, 2005 (2005); DDS 1998 Iowa; CER 2003 Naval Dental Bethesda
Mattes, Kyle, Assistant Professor, Political Science, 2008 (2008); BA 1997 Northwestern; MA 2005 California Institute of Tech; PhD 2008 California Institute of Tech
Mattes, Timothy Edward, Associate Professor, Civil-Environmental Engineering, 2004 (2010); BSE 1994 John Hopkins; MSE 1995 John Hopkins; PhD 2004 Cornell University
Matthes, William A., Emeritus Associate Professor, Rehabilitation and Counselor Education, 1967 (1970); BA 1961 Knox; MS 1965 Indiana; EDD 1967 Indiana
Mathews, David Carl, Adjunct Instructor, Electrical-Computer Engineering, 2008 (2008); BA 1984 Doane College; BS 1985 Washington; MS 1994 Iowa State
Matthews, Grace, Clinical Adjunct Instructor, Nursing, 2006 (2006); BSN 1995 Iowa; MSN 2000 Iowa

Mattock, Lindsay Kistler, Assistant Professor, Library Information Science, 2014 (2014);

Matveeva, Yulia N., Clinical Assistant Professor, Family Medicine, 2011 (2011); MD 2000 Russian People's Friendship U.

Mauer, David Christopher, Professor, Finance, 2013 (2013);

Maurice, Thomas J., Adjunct Assistant Professor, Pediatric Dentistry, 2003 (2003); BS 1988 Illinois Wesleyan; DDS 1992 Iowa; MS 1995 North Carolina

Maury, Wendy, Professor, Microbiology, 1999 (2012); BA 1976 Duke; MS 1980 North Carolina State; PHD 1988 Virginia

Maxey, E. James, Adjunct Associate Professor, Psych Quant Foundations, 1957 (1971); BS 1957 Illinois State; MS 1959 Iowa; PHD 1967 Iowa

Maxfield, Lynn Milo, Adjunct Instructor, Communication Sciences and Disorders, 2013 (2013); BA 2004 Albertson College of Idaho

Maxson, Jami A., Clinical Adjunct Assistant Professor, Family Medicine, 2000 (2002); BS 1989 Iowa; MD 1993 Iowa

Maxson, Linda, Professor, Biology, 1997 (1997); BS 1964 San Diego State; MA 1966 San Diego State; PHD 1973 California-Berkeley

Maxted, James C., Lecturer, Electrical-Computer Engineering, 2001 (2011); BSEE 1974 Iowa; MSEE 1984 Iowa

Maxwell, Briana Marie, Adjunct Assistant Professor, Division of Performing Arts, 2008 (2008); BS 2005 Austin Pray St.; MFA 2008 Iowa

Mcgill, Melissa Ann, Adjunct Assistant Professor, Pharmacy, 2005 (2005); BSPH 1995 Iowa

Mcgill, R. Michael, Clinical Adjunct Assistant Professor, Pediatrics, 2010 (2010); MD 1982 Kansas

Mcgowan, Gerald J., Clinical Adjunct Associate Professor, Family Medicine, 1975 (1982); MD 1963 Iowa

Mcgowan, Stephen E., Professor, Internal Medicine/International Programs, 1986 (1998); AB 1972 Washington; MD 1976 Rochester

Mcgraw, Amy Ruth, Lecturer, Communication Sciences and Disorders, 2004 (2005); BA 1993 Oberlin College; MFA 1998 Arizona State

Mcgregor, Karla K., Professor, Communication Sciences and Disorders, 2005 (2008); BA 1984 North Carolina; MS 1987 Purdue; PHD 1992 Purdue

Mcguire, Don R., Adjunct Assistant Professor, Pharmacy, 2007 (2007); BS 1981 Butler

Mcguire, Linda Ann, Adjunct Lecturer, Law-Faculty, 1979 (2003); BS 1970 State University of New York; MA 1971 Bowling Green State University; JD 1982 IOWA

Mcguire, Sarah Marie, Assistant Professor, Radiation Oncology, 2007 (2007); MS 1998 Milwaukee Sch. of Engineering; PHD 2004 Duke

Mcguire, Steve, Professor, Art History/Interdisciplinary Programs, 1988 (2005); BS 1981 Northwest Missouri State; MA 1983 Iowa; PHD 1990 Iowa

Mcintosh, Thomas J., Clinical Adjunct Professor, Internal Medicine, 2000 (2000); MS 1970 Iowa

Mckay, Sherry Lea, Emeritus Assistant Professor, Nursing, 1998 (2004); BSN 1993 Iowa Wesleyan; BSN 1998 Iowa; MSN 1998 Iowa

Mckean, Penny Lee, Adjunct Assistant Professor, Interdisciplinary Programs, 2004 (2004); BA 1976 Washington State; MA 1989 Iowa; MFA 1992 Iowa

Mckeighen, Rosemary J., Emeritus Professor, Nursing, 1975 (1980); BA 1950 Indiana; BSN 1965 California State; MS 1967 UCLA; PHD 1984 Texas

Mckenna, Jon, Adjunct Instructor, Pharmacy, 2002 (2002); BS 1979 Creighton

Mckerley, John W., Adjunct Assistant Professor, History, 2014 (2014);

Mckibben, Kayla Nicole, Adjunct Assistant Professor, Rehabilitation and Counselor Education, 2011 (2011); PHD 2009 Southern Illinois

Mcklie, Angi, Adjunct Instructor, University College Courses, 2013 (2013);

Mcknight, Carrie Beth, Clinical Assistant Professor, Oral Pathology/Medicine, 1999 (2001); DDS 1998 Iowa

Mclaren, Rachel Maree, Assistant Professor, Communication Studies, 2008 (2008); BA 2003 LaSalle; MA 2005 Penn State; PHD 2008 Penn State

Mclay, Richard W., Adjunct Professor, Biomedical Engineering, 1998 (1998); PHD 1963 Wisconsin-Madison
Mclean, Jesse, Assistant Professor, Cinema Comparative Literature, 2012 (2012);
Mcleeese, Donald George, Associate Professor, Journalism Mass Communication, 2003 (2006); BA 1973 North Central; MA 1975 Chicago
Mcleod, Kembrew, Professor, Communication Studies, 2000 (2013); BS 1993 James Madison; MA 1995 Virginia; PhD 1999 Massachusetts-Amherst
Mcleran, Hermine E., Adjunct Associate Professor, Preventive Community Dentistry, 1974 (1987); MPH 1961 Michigan
Mcmains, Kenneth Dean, Adjunct Associate Professor, Occupational Environmental Health, 2004 (2004); BA 1971 Northern Iowa; MD 1976 U of Autonoma de Guadalajara
Mcmullan, Shannon Lynn, Adjunct Instructor, Preventive Community Dentistry, 2014 (2014);
Mcmullen, Mark F., Adjunct Instructor, Pharmacy, 2005 (2005); BS 1982 Iowa
Mcmullen, Ron, Lecturer, Office of the Provost/Political Science, 2012 (2014);
Mcmurray, Robert M., Associate Professor, Communication Sciences and Disorders/Linguistics/Psychology, 2004 (2010); BA 1998 Cornell University; MS 2003 Rochester, NY; PhD 2004 Rochester, NY
Mcnabb, Scott F., Emeritus Associate Professor, Education Policy Leadership Studies/Division of Interdisciplinary Program, 1979 (1984); BA 1968 Earlham; MED 1972 Harvard; PhD 1978 Virginia
Mcnamara, James, Associate Professor, Internal Medicine, 2007 (2014); BSC 1992 Virginia; PhD 2003 Duke
Mcneely, Parren Scott, Clinical Assistant Professor, Radiology, 2011 (2014); MD 2005 Illinois
Mcnell, Robin M., Adjunct Instructor, Preventive Community Dentistry, 2005 (2005); AS 2001 Kirkwood; BS 2004 Missouri-KC
Mcnulty, Michael L., Emeritus Professor, Geographical and Sustainability Sciences, 1969 (1976); BS 1962 California State/Pennsylvania; MA 1964 Northwestern; PhD 1966 Northwestern
Mcnutt, Stephen Bishop, Lecturer, University College Courses, 2014 (2014); BA 1995 Bucknell University; MFA 2007 University of Iowa
Mcquistan, Michelle, Associate Professor, Preventive Community Dentistry, 2004 (2013); BA 1997 Notre Dame; DDS 2001 Iowa; MS 2004 Iowa
Meadows, Jill Lynelle, Clinical Adjunct Associate Professor, Obstetrics Gynecology, 1999 (2005); BA 1991 Macalester; MD 1995 Iowa
Means, Steven Baxter, Adjunct Associate Professor, Preventive Community Dentistry, 2013 (2013);
Meeker, Brian Walter, Clinical Adjunct Assistant Professor, Family Medicine, 2010 (2010); BS 1981 Truman Univ; DO 1984 Des Moines
Meeks, Sanford, Adjunct Associate Professor, Radiation Oncology, 1999 (1999); BS 1989 Florida Southern; MS 1991 Florida; PHD 1994 Florida
Meena, Hemlata, Clinical Adjunct Assistant Professor, Family Medicine, 2014 (2014);
Mehdi, Haider, Assistant Professor, Internal Medicine, 2012 (2012);
Meidlinger, Talia Katherine, Adjunct Instructor, University College Courses/University College, 2011 (2014);
Meier, Jeffery Linn, Associate Professor, Internal Medicine, 1993 (2004); BS 1981 Iowa; MD 1986 Iowa
Meisenbach, Rebecca, Adjunct Associate Professor, Communication Studies, 2012 (2012);
Meisterheim, Melissa, Lecturer, English as Second Language, 2009 (2010); BA 1998 Truman State; MA 2001 Iowa
Mekies, Saul, Adjunct Lecturer, Management Organizations, 2009 (2009); MA 1984 Connecticut
Melcher, Jon Christian, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);
Melchert, Thomas E., Emeritus Associate Professor, Biology, 1963 (1968); BA 1958 Lawrence; MS 1960 Wisconsin; PhD 1963 Texas
Melessa, Samuel Joseph, Assistant Professor, Accounting, 2012 (2012);
Mellen, Katherine Rose, Lecturer, Health and Human Physiology, 2000 (2000); MA 1997 Iowa; PhD 2007 Iowa
Melloy, James Chad, Adjunct Instructor, University College Courses, 2011 (2014); MBA 2010 St. Ambrose
Melloy, Michael Joseph, Adjunct Instructor, Law-Faculty, 2012 (2012);
Melroe, Corey, Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014);
Menda, Yusuf, Associate Professor, Radiology/Radiation Oncology, 2001 (2011); MD 1994 Istanbul
Mendez, Adriana, Professor, International Programs/ Spanish Portuguese, 1985 (1998); BA 1972 Cincinnati; MA 1974 Duke; PhD 1979 Cornell
Mendoza, Sergio Andres, Clinical Associate Professor, Orthopaedics and Rehabilitation, 2001 (2007); MD 1990 Pontifica Catolica
Meng, Xiangbing, Assistant Professor, Obstetrics Gynecology, 2009 (2009); BA 1990 Beijing Normal; MS 1995 Beijing Normal; PhD 1998 Beijing Inst Rad Medicine
Menken, Crystal Marie, Clinical Adjunct Assistant Professor, Family Medicine, 2013 (2013);
Menninger, John R., Emeritus Professor, Biology, 1972 (1978); BA 1957 Harvard; PhD 1964 Harvard
Merchant, James A., Professor, Nursing/Occupational Environmental Health, 1981 (1981); BS 1962 Iowa State; MD 1966 Iowa; PhD 1973 North Carolina

Merchant, John Arthur, Adjunct Assistant Professor, Cinema Comparative Literature, 2007 (2007); PhD 2006 Chicago

Meredith, Patricia Kay, Clinical Associate Professor, Operative Dentistry, 1984 (2000); BS 1979 Iowa; DDS 1983 Iowa; MS 2008 Iowa

Mergenthaler, Richard D., Associate Professor, Accounting, 2008 (2014); PhD 2008 Washington

Merideth, Jeff, Adjunct Instructor, Pharmacy, 2005 (2005); BS 1995 Creighton

Merino, Ana, Associate Professor, Spanish Portuguese, 2009 (2009); LIC 1995 Universidad Autonoma de Madrid; MA 1997 Ohio State; PhD 2001 Pittsburgh

Merkitch, Kenneth W., Clinical Adjunct Assistant Professor, Obstetrics Gynecology, 1995 (1995); MD 1984 Northwestern

Merlino, Robert L., Professor, Physics Astronomy, 1981 (1992); BS 1973 St Joseph's; PhD 1980 Maryland

Merrill, Christopher, Professor, International Writing/English/International Programs, 2000 (2000); MA 1982 Washington

Mertens, Carol Elaine, Adjunct Assistant Professor, Teaching and Learning, 2000 (2000); BS 1975 Northeast Missouri; MA 1989 Iowa; PhD 2000 Iowa

Messerle, Louis, Associate Professor, Chemistry/Radiology, 1984 (1990); SCB 1975 Brown; PhD 1979 Massachusetts Inst of Tech

Messingham, Kelly A. Nordyke, Assistant Professor, Dermatology, 2009 (2009); BS 1993 Iowa State; MS 1995 Iowa State; PhD 2001 Loyola

Metzger III, Robert J., Adjunct Assistant Professor, Rehabilitation and Counseling Education, 2010 (2010); BGS 2001 Cornell College; MA 2004 Forest Institute; PSYD 2006 Forest Institute

Meurice, Yannick, Professor, Physics Astronomy, 1990 (2003); BS 1981 Universite Catholique de Louva; PHD 1985 Universite Catholique de Louva

Meyer, Abby Kathleen, Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);

Meyer, David L., Adjunct Assistant Professor, Orthodontics, 2009 (2009); DDS 1987 Iowa; MS 1989 Louisville

Meyer, Nathaniel Amiel, Clinical Adjunct Assistant Professor, Family Medicine, 2014 (2014);

Meyerholz, David Kyle, Associate Professor, Pathology, 2006 (2011); DVM 1994 Iowa State; MS 2001 Iowa State; PhD 2004 Iowa State

Mezhir, James John, Assistant Professor, Radiation Oncology/Surgery, 2010 (2010); MD 2001 Buffalo

Miakotina, Olga L., Adjunct Assistant Professor, Biology, 2011 (2011); PHD 1988 Moscow State; Russia

Michaelson, Jacob J., Assistant Professor, Psychiatry, 2013 (2013);

Michaelson, Susan Dominy, Adjunct Assistant Professor, Rehabilitation and Counselor Education, 2003 (2005); BA 1983 Texas Lutheran; MA 2001 Iowa; PhD 2005 Iowa

Michelfelder, Mollie Susanne, Adjunct Instructor, Social Work, 2014 (2014);

Michels, Timothy Lee, Adjunct Associate Professor, Family Dentistry, 1987 (2000); BS 1981 Drake; DDS 1985 Iowa

Midgett, Douglas K., Emeritus Associate Professor, Anthropology, 1972 (1980); BA 1965 Montana; PhiD 1977 Illinois

Midtrod, Tom Arne, Associate Professor, History, 2009 (2014); BA 2000 Oslo, Norway; MA 2003 South Alabama; PhD 2008 Northern Illinois

Milavetz, Gary, Associate Professor, Pharmacy Practice and Science, 1981 (1991); BS 1978 Minnesota; PHARMD 1980 Minnesota

Milde, Frances Kay, Emeritus Assistant Professor, Nursing, 1974 (1977); BSN 1971 Missouri-Columbia; MSN 1974 Western Reserve; PhD 1983 Iowa

Milhem, Mohammed, Clinical Professor, Internal Medicine, 2007 (2014); MD 1995 Jordan

Millard, Melanie Rani, Adjunct Assistant Professor, Pharmacy, 1997 (2006); PHARMD 1997 Iowa

Miller, Anthony Clark, Clinical Associate Professor, Psychiatry, 2008 (2010); BA 1990 Goshen College; MD 1994 University of Iowa

Miller, Benjamin James, Assistant Professor, Orthopaedics and Rehabilitation, 2010 (2010); BS 1999 Cornell; MD 2003 Iowa

Miller, Carrie, Adjunct Lecturer, University College Courses, 2013 (2013); MA 2009 University of Wisconsin

Miller, Charles Anthony, Adjunct Associate Professor, Communication Sciences and Disorders, 1997 (2004); BSEE 1983 Iowa; PhD 1992 Iowa

Miller, Dana K., Adjunct Instructor, Pharmacy, 1997 (1997); BS 1981 Creighton

Miller, Daniel Gillett, Clinical Assistant Professor, Emergency Medicine, 2011 (2011); BA 2001 Wisconsin; BS 2001 University of Wisconsin; MD 2005 Illinois

Miller, Daniel W., Assistant Professor, Art Art History, 2014 (2014);

Miller, Dayna Jo, Clinical Assistant Professor, Pediatrics, 2011 (2011); BA 2002 Northern Iowa

Miller, Debra Kay Walters, Clinical Adjunct Assistant Professor, Pediatrics, 1988 (1988); MD 1980 Iowa

Miller, Delwyn Deon, Professor, Pediatrics, 1988 (1988); MD 1980 Iowa

Millard, Melanie Rani, Adjunct Assistant Professor, Pharmacy, 1997 (2006); PHARMD 1997 Iowa

Millard, Melanie Rani, Adjunct Assistant Professor, Pharmacy, 1997 (2006); PHARMD 1997 Iowa

Mille, Charley Anthony, Adjunct Associate Professor, Communication Sciences and Disorders, 1997 (2004); BSEE 1983 Iowa; PhD 1992 Iowa

Milk, Dana K., Adjunct Instructor, Pharmacy, 1997 (1997); BS 1981 Creighton

Milk, Daniel Gillett, Clinical Assistant Professor, Emergency Medicine, 2011 (2011); BA 2001 Wisconsin; BS 2001 University of Wisconsin; MD 2005 Illinois

Milk, Daniel W., Assistant Professor, Art Art History, 2014 (2014);

Milk, Dayna Jo, Clinical Assistant Professor, Pediatrics, 2011 (2011); BA 2002 Northern Iowa

Milk, Debra Kay Walters, Clinical Adjunct Assistant Professor, Pediatrics, 1988 (1988); MD 1980 Iowa

Moreno Uribe, Lina Maria, Assistant Professor, Dows Institute-Research, 2008 (2008); DDS 1991 Medellin Colombia; PHD 2005 Iowa

Moreton, Melissa N., Adjunct Assistant Professor, Interdisciplinary Programs, 2013 (2013); BA 1990 University of Illinois; MA 2003 Syracuse University

Moreton, Melissa N., Adjunct Assistant Professor, Anesthesiology, 2002 (2002); BA 1947 Cee; MD 1951 Iowa

Morgan, Dale D., Clinical Adjunct Professor, Anesthesiology, 2002 (2002); BA 1947 Cee; MD 1951 Iowa

Morgan, Donald P., Emeritus Professor, Occupational Environmental Health, 1973 (1983); BS 1946 Franklin Marshall; MD 1947 Indiana; MS 1949 Northwestern; PHD 1953 Northwestern

Morgan, Douglas Eugene, Adjunct Assistant Professor, Pharmacy, 1991 (1991); BSH 1978 Iowa; MS 1980 Iowa

Morgan, John D., Adjunct Associate Professor, Preventive Community Dentistry/Family Dentistry, 2000 (2012); BS 1970 Iowa; DDS 1975 Iowa
Morgan, Melanie, Adjunct Associate Professor, Journalism Mass Communication/Communication Studies, 2012 (2012); Morgan, Teresa Anne, Clinical Associate Professor, Hospital Dentistry, 2001 (2007); BA 1990 Iowa; DDS 1993 Iowa; MS 1997 Iowa
Morgan, Thomas Gerald, Clinical Adjunct Assistant Professor, Family Medicine, 2014 (2014);
Morio, Dominic Gerard, Adjunct Assistant Professor, Oral Maxillofacial Surgery/Hospital Dentistry, 2007 (2010); BS 1998 Iowa; DDS 2002 Iowa
Morita, Craig T., Associate Professor, Internal Medicine, 1998 (1998); PHD 1990 Calif-San Francisco; MD 1990 Calif-San Francisco
Moritani, Toshio, Clinical Professor, Radiology, 2004 (2013); MD 1987 Showa UNIV Tokyo; PHD 1991 Showa UNIV Tokyo
Mormann, Megan M., Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2014);
Morris, Adalaeide, Emeritus Professor, English, 1974 (1985); BA 1964 Wells; MA 1966 Minnesota; PHD 1972 Minnesota
Morris, Hughlett, Emeritus Professor, Otolaryngology-Head Neck Surgery/Communication Sciences and Disorders, 1957 (1969); BA 1952 Iowa; MA 1957 Iowa; PHD 1960 Iowa
Morrison, Dianne R., Adjunct Instructor, Pharmacy, 1997 (1997); BS 1972 Purdue
Morriss, Mary J., Emeritus Professor, Pediatrics, 1987 (2003); BS 1965 Bucknell; MD 1969 Duke
Morton, Roscoe F., Clinical Adjunct Assistant Professor, Internal Medicine, 2001 (2001); MD 1976 Kansas
Mosser, David John, Professor, Psychiatry, 1999 (2011); BA 1989 Colby; MS 1995 Florida; PHD 1997 Florida
Mosser, Mark G., Adjunct Associate Professor, Surgery, 1994 (2014); BS 1986 University of Iowa; MA 1988 Iowa
Mosher, Hilary Jean, Clinical Assistant Professor, Internal Medicine, 2011 (2011); BA 1994 Dartmouth; MFA 1998 Warren Wilson; MD 2008 Iowa
Mosher, Mary A., Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHARMED 2007 Iowa
Moss, Janalyn L., Adjunct Instructor, University College, 2011 (2013); BS 1994 Illinois State; MA 1998 IL @ Springfield; MS 2000 IL, Urbana-Champaign
Moss, Kenton Kraig, Clinical Adjunct Assistant Professor, Family Medicine, 1994 (2002); BS 1974 Iowa; MD 1978 Iowa
Mote, Gale J., Adjunct Lecturer, Management Organizations, 1995 (2000); BA 1981 Coe College; MBA 1994 Iowa
Motwani, Bharat, Clinical Adjunct Assistant Professor, Internal Medicine, 2010 (2010); MBBCH 1998 Punjabiaro Deshmukh; MBBS 1998 Punjabiaro Deshmukh Med Coll
Mount, Jerry, Adjunct Assistant Professor, Geographical and Sustainability Sciences, 2013 (2013);
Mount, Michael K., Professor, Management Organizations, 1981 (1993); BS 1973 Iowa; MS 1975 Iowa State; PHD 1977 Iowa State
Moussa, Hind, Clinical Adjunct Assistant Professor, Obstetrics Gynecology, 2012 (2012);
Moy, Alan B., Adjunct Associate Professor, Biomedical Engineering, 1993 (2000); BS 1981 Calif-Davis; MD 1985 Creighton
Moyo-Rowley, William, Professor, Internal Medicine/Physiology, 1989 (2002); BS 1981 Illinois-Urbana; PHD 1986 Purdue
Moyers, John R., Emeritus Professor, Anesthesia, 1979 (1990); BS 1969 Iowa; MD 1973 Iowa
Mozena, Emily Nicole Ratzel, Lecturer, Health and Human Physiology, 2003 (2009); BFA 2001 Iowa; MA 2003 Iowa
Mraz, Royann C., Clinical Associate Professor, Pediatrics, 1999 (2008); BS 1973 Purdue; MD 1978 Maryland
Mudumbai, Raghruman, Assistant Professor, Electrical-Computer Engineering, 2009 (2009); BT 1998 Indian inst of Tech Madras; MS 2000 Brooklyn Polytechnic; PHD 2007 UC Santa Barbara
Muehl, Siegmar, Emeritus Professor, Psych Quant Foundations, 1958 (1966); MA 1948 Chicago; MS 1953 New York State Teachers; PHD 1959 Iowa
Mueller, Kathryn Lyndsay, Adjunct Assistant Professor, Communication Sciences and Disorders, 2012 (2012); BA 2003 University of Nottingham; MS 2006 Reading University
Mueller, Keith, Professor, Health Management Policy/Public Policy Center, 2010 (2010); BA 1973 Wisconsin-Milwaukee; MA 1975 Wisconsin-Milwaukee; PHD 1979 Arizona
Mueller, Martin, Clinical Assistant Professor, Anesthesia, 2008 (2008); MD 1998 Rostock, Germany
Mueller, Rashmi, Clinical Associate Professor, Anesthesia, 2008 (2008); MD 1990 Bombay
Muilenburg, Ann Charlotte, Clinical Adjunct Instructor, Nursing, 1988 (1988); BSN 1976 Iowa; MA 1986 Iowa
Mulder, Pamela J., Assistant Professor, Nursing, 2010 (2010); BSN 1998 Milwaukee; PHD 2009 Milwaukee
Mulhausen, Paul L., Adjunct Professor, Internal Medicine, 1994 (2008); BA 1982 St. Olaf; MD 1987 Minnesota
Mulholland, Timothy Lloyd, Adjunct Assistant Professor, Urology, 2007 (2007); BS 1993 Iowa; MD 1997 Iowa
Mullan, Brian Francis, Clinical Professor, Radiology, 1996 (2009); BA 1985 Johns Hopkins; MS 1986 Northwestern; MD 1991 Chicago-Pritzker

Muller, Barbara Ann, Clinical Adjunct Professor, Internal Medicine, 1991 (2003); BS 1978 St Peters College; MD 1982 Autonomous Univ of Guadalajara

Mullin, Karen R., Adjunct Assistant Professor, Social Work, 2005 (2005); DR 1994 Cincinnati

Mullins, Robert F., Professor, Physiology/Ophthalmology Visual Science, 2001 (2014); BS 1989 Wheaton; MS 1991 Saint Louis; PhD 1998 Saint Louis

Mulrooney, Thomas P., Adjunct Lecturer, Health Management Policy, 2012 (2012);

Mundt, Jennifer Lynn, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Munoz, Kristine L., Professor, Spanish Portuguese/Communication Studies, 1995 (2005); BS 1980 Texas-Austin; BA 1980 Texas-Austin; MA 1982 Texas-Austin; PhD 1989 Washington

Murhammer, David W., Professor, Chemical Biochemical Engineering, 1989 (2003); BS 1979 Oregon State; MS 1982 Oregon-State; PhD 1989 Houston

Murhammer, Joan Marie, Adjunct Assistant Professor, Pharmacy, 1997 (2003); BS 1990 Iowa; BPH 1990 Iowa

Murph, Jody Reed, Associate Professor, Pediatrics/Epidemiology, 1985 (1992); BS 1975 Francis Marion; MD 1979 Medical Univ of South Carolina; MS 1985 Iowa

Murphy, Mary M., Lecturer, Accounting, 2001 (2001); JD 1988 Iowa

Murphy, Richard, Professor, Accounting, 1983 (2000); BM 1976 Eastman School of Music; MM 1979 Michigan State

Murray, Jeffrey Clark, Professor, Pediatrics/Public Policy Center/Epidemiology/Anatomy Cell Biology/Inst for Clinical and Translational Science/International Programs/Pediatric Dentistry/Nursing, 1984 (1993); BS 1972 Massachusetts Inst of Technology; MD 1979 Tufts

Murray, Kirk Stephen, Adjunct Instructor, Journalism Mass Communication, 2006 (2006); BA 1994 Iowa; MA 2001 Iowa

Murray, Margaret, Lecturer, Rhetoric, 2005 (2013); SCB 1979 Chicago; MS 1981 Yale; PhD 1983 Yale; MFA 2005 Iowa

Murray, Michael F., Adjunct Instructor, Pharmacy, 1997 (1997); BS 1982 Iowa; BPH 1982 Iowa

Murray, William M., Emeritus Professor, English, 1958 (1974); BS 1956 New Haven Teachers; MA 1958 Iowa; PhD 1964 Iowa

Murrell, Michael David, Clinical Assistant Professor, Family Dentistry, 2012 (2012);

Murry, Daryl J., Associate Professor, Pharmacy, 2003 (2003); BS 1987 Iowa; PHARMD 1991 Iowa

Murry, John P., Jr., Associate Professor, Marketing, 1999 (1999); BS 1979 Kansas State; MBA 1987 Kansas; PhD 1988 Kansas

Musick, Jennifer, Adjunct Assistant Professor, Pharmacy, 2003 (2003); PHARMD 2001 Iowa

Musselman, Catherine Anne, Assistant Professor, Biochemistry, 2013 (2013);

Musson, Robert F., Clinical Adjunct Assistant Professor, Psych Quant Foundations, 2009 (2009); BA 1969 Ohio State; MS 1985 Northwestern; PhD 1988 Northwestern

Muste, Marian Valer-Ioan, Adjunct Professor, Mechanical Engineering/International Programs/Geographical and Sustainability Sciences/Civil-Environmental Engineering, 1996 (2008); MS 1990 Polytechnic-Napoca; MS 1993 Iowa; PhD 1995 Iowa

Muston, Ray A., Emeritus Associate Professor, Education Policy Leadership Studies, 1970 (1975); BS 1961 Indiana; MBA 1963 Indiana; EDD 1970 Indiana

Mutel, Robert L., Professor, Physics Astronomy, 1975 (1986); AB 1968 Cornell; PhD 1975 Colorado

Myers, Billie Jo, Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHARMD 2003 Iowa

Myers, Laura M., Adjunct Assistant Professor, Dermatology, 2003 (2003); BA 1995 Drake; MD 1999 Dartmouth Medical

Myers, Tony Arthur, Clinical Adjunct Assistant Professor, Family Medicine, 1999 (2000); MD 1990 Iowa

Myers, Virginia A., Emeritus Professor, Art History, 1962 (1981); BA 1949 George Washington; MFA 1951 California College of Arts

Mykleby, Brian A., Adjunct Assistant Professor, Endodontics, 1989 (1989); BS 1978 Iowa State; DDS 1981 Iowa; MS 1985 Iowa

Mysnyk, Mark Charles, Clinical Adjunct Assistant Professor, Orthopaedics and Rehabilitation, 1991 (1991); MD 1983 Iowa

Nabhan-Warren, Kristy, Associate Professor, Religion, 2012 (2012);

Nachtman, Jane Marie, Associate Professor, Physics Astronomy, 2007 (2007); BS 1991 Iowa; MS 1993 Wisconsin; PhD 1997 Wisconsin

Nadkarni, Prakash, Professor, Internal Medicine, 2012 (2012);

Nagaraja, Nandakumar, Clinical Assistant Professor, Neurology, 2013 (2013);

Nagel, Alan F., Emeritus Professor, English/Cinema Comparative Literature, 1968 (1980); AB 1963 Harvard; MA 1965 Cornell; PhD 1969 Cornell

Nagel, Jamie Marie, Adjunct Instructor, Social Work, 2012 (2012); BA 2005 Univ of Puget Sound

Nagle, Matthew J., Adjunct Lecturer, Law-Faculty, 2006 (2006); BA 1984 Loras; JD 1987 Iowa

Nain, Amrita, Assistant Professor, Finance, 2011 (2011); BA 1996 Delhi; MS 1997 Warwick; DPhil 2005 Michigan
Nair, Vasu, Emeritus Professor, Chemistry, 1969 (1980); BSc 1963 Otago-New Zealand; PhD 1966 Adelaide-Australia; ARACI 1967 Royal Australian Chemical Inst
Nakato, Tatsuki, Adjunct Professor, Civil-Environmental Engineering, 1977 (1996); BS 1966 Nagoya-Japan; MS 1968 Japan; PhD 1974 Iowa
Naleway, Allison Louise, Adjunct Assistant Professor, Epidemiology, 2014 (2014);
Nam, Ki Won, Clinical Assistant Professor, Psychiatry, 2013 (2013);
Nara, Peter L., Adjunct Professor, Microbiology, 2010 (2010); PhD 1986 Ohio State
Naraindas, Harish, Adjunct Associate Professor, International Programs, 2004 (2010); PhD 1998 Delhi
Narasimhan, Balaji, Adjunct Professor, Chemical Biochemical Engineering, 2010 (2010); BS 1992 Indian Institute of Tech; PhD 1996 Purdue
Narayanan, Nandakumar, Assistant Professor, Neurology, 2012 (2012);
Nashelsky, Marcus, Clinical Professor, Pathology, 2003 (2009); BA 1984 Wyoming; MD 1989 Nebraska
Nassar, Boulos Sami, Clinical Assistant Professor, Internal Medicine, 2011 (2012); BS 1999 Beirut, Lebanon; MD 2003 Beirut, Lebanon; MPH 2004 Beirut Lebanon
Nassif, Edward G., Clinical Adjunct Assistant Professor, Pediatrics, 1981 (1981); MD 1975 Iowa
Nathan, John S., Emeritus Professor, Community Behavioral Health, 1990 (1990); AB 1957 Harvard; PHD 1962 Washington University
Nau, Peter Nealey, Clinical Assistant Professor, Surgery, 2013 (2013);
Nau, Scott K., Clinical Adjunct Associate Professor, Pediatrics, 1989 (2009); MD 1978 Iowa
Nauseef, William M., Professor, Microbiology/Internal Medicine, 1983 (1992); BA 1972 Hamilton; MD 1976 State U of NY-Upstate Med Ctr
Nayakankuppam, Dhananjay, Associate Professor, Marketing, 2001 (2008); BS 1988 Shivaji; MBA 1990 Madras; MS 2000 Michigan
Naylor, Kenneth L., Clinical Adjunct Lecturer, Obstetrics Gynecology, 1991 (1991); MD 1986 Utah
Nayyar, Manav, Clinical Adjunct Assistant Professor, Internal Medicine, 2013 (2013);
Nazareth, Peter, Professor, English, 1973 (1985); BA 1962 Honors English London-England
Neal, Ted, Clinical Instructor, Teaching and Learning, 2009 (2009); MS 2002 Drake
Neel, Rebecca, Assistant Professor, Psychology, 2013 (2013);
Neff, John S., Emeritus Professor, Physics Astronomy, 1964 (1979); BS 1957 Wisconsin; MS 1958 Wisconsin; PHD 1961 Wisconsin
Neimau, Maurice, Associate Professor, Biology, 2007 (2014); BA 1999 Carleton College; PHD 2004 Indiana
Neimau, William F., Clinical Adjunct Associate Professor, Surgery, 1985 (2006); BA 1974 Minnesota; MD 1978 Minnesota

O’Malley, M. Bridget, Adjunct Assistant Professor, Interdisciplinary Programs, 2012 (2012);

O’Rourke, Howard John, Clinical Assistant Professor, Radiology, 2012 (2012);

O’Shaughnessy, Patrick T., Professor, Civil-Environmental Engineering/Occupational Environmental Health, 1997 (2010); BS 1980 Vermont; MS 1993 Vermont; PHD 1996 Vermont

O’Toole, Cynthia Ann Rozek, Clinical Assistant Professor, Preventive Community Dentistry, 2007 (2007); BS 1974 Iowa; MS 2001 Iowa

O. Rourke, Barbara Lea Wolf, Adjunct Assistant Professor, Rehabilitation and Counselor Education, 1985 (1996); BSN 1975 Iowa; MA 1985 Iowa; PHD 1996 Iowa

Oakes, Elizabeth A., Lecturer, Music, 1998 (2001); MM 1991 Cleveland Institute

Oates, Thomas Patrick, Assistant Professor, Journalism Mass Communication/American Studies, 2004 (2012); BA 1996 Georgetown; MA 1999 St Louis
Obr, Clark Joseph, Clinical Associate Professor, Anesthesia, 2006 (2007); MD 1986 South Dakota

Obreiter, Steven Roy, Adjunct Instructor, Preventive Community Dentistry, 2011 (2011); DDS 2008 Michigan

Ochola, Joseph Evans, Lecturer, Teaching and Learning, 2014 (2014); BA 1998 Franklin College; MA 2002 Wheaton College; DDS 2008 The University of Iowa

Oden, Gregg C., Emeritus Professor, Computer Science/Psychology, 1990 (1990); BA 1969 South Dakota; PHD 1974 California-San Diego

Odgaard, A. Jacob, Professor, Civil-Environmental Engineering, 1977 (1989); MS 1966 Tech Univ of Denmark; PHD 1970 Tech Univ of Denmark

Odonnell, Michael A., Professor, Urology, 2000 (2005); BA 1978 Northwestern; MD 1986 Northwestern

Odroisio, M. Sue, Professor, Pediatrics, 1999 (1999); BS 1967 Creighton; MS 1969 Nebraska; PHD 1972 Nebraska; MD 1985 Ohio State

Odroisio, Thomas Michael, Professor, Internal Medicine, 1999 (1999); BS 1965 Regis; MS 1967 Creighton; MD 1971 Creighton

Oestervemb, Niels, Clinical Assistant Professor, Oral Pathology, Radiology Medicine/Dental Clinic Administration, 2012 (2012); DDS 2010 Royal Dental College

Oetting, Marguerite H., Clinical Assistant Professor, Pediatrics, 2008 (2008); MD 1988 Duke

Ogren, Christine A., Associate Professor, Educ Policy Leadership Studies, 1999 (2005); BA 1987 Carlton; MA 1993 Wisconsin; PHD 1996 Wisconsin

Ohashi, Kenjirou, Clinical Professor, Radiology, 2002 (2007); MD 1984 Yokohama; PHD 1998 St. Marianna University

Ohl, Michael, Assistant Professor, Internal Medicine, 2008 (2008); BS 1990 Wisconsin @ Eau Claire; MD 1996 Washington

Ohlmann, Jeffrey W., Associate Professor, Management Sciences, 2003 (2009); BA 1998 Nebraska; MS 2000 Michigan; PHD 2003 Michigan

Ohmes, Allen F., Emeritus Professor, Music, 1964 (1970); BM 1953 Baldwin Wallace; MM 1959 Rochester

Ohrernsorge, Kimberly Arlene Elizabeth, Adjunct Instructor, Medicinal Natural Products, 2009 (2009); BSPH 1996 Iowa

Olkeoma, Chioma M., Assistant Professor, Microbiology, 2010 (2010); BS 1996 Federal of Agr-Nigeria; MS 2000 Federal of Agr-Nigeria; PHD 2006 Massey

Oleson, Jacob J., Associate Professor, Biostatistics, 2004 (2012); BA 1997 Central College; IA; MA 1999 Missouri-Columbia; PHD 2002 Missouri-Columbia

Olin, William H., Emeritus Professor, Orthodontics/Otolaryngology-Head Neck Surgery, 1948 (1963); DDS 1947 Marquette; MS 1948 Iowa

Oliveira, Suely P., Professor, Computer Science/Mathematics, 1998 (2008); BS 1983 Pernambuco; MS 1988 Colorado-Denver; PHD 1993 Colorado-Denver

Oliver, Alison Louise, Lecturer, Social Work, 2004 (2014); BA 1999 Iowa; MSW 2004 Iowa

Oliver, Sarah Elizabeth, Adjunct Instructor, Social Work, 2002 (2002); BS 1995 Grand Valley State; MSW 2000 Iowa

Oliver Rajan, Julia, Lecturer, Spanish Portuguese, 2013 (2013);

Oliveiro, Horacio F., Associate Professor, Pharmacy, 1995 (2002); BS 1984 Universidad LaSalle-Mexico; MS 1988 Universidad Nacional-Mexico; PHD 1992 Virginia Tech

Olmssted, John S., Adjunct Associate Professor, Endodontics, 1984 (1984); DDS 1975 Iowa

Olshansky, Brian, Emeritus Professor, Internal Medicine, 2000 (2000); AB 1974 Carleton; MD 1978 Arizona

Olson, David Alan, Adjunct Lecturer, Pharmaceutics, 2008 (2008); MHA 1986 Iowa; MBA 1987 Iowa

Olson, Eric, Adjunct Associate Professor, Economics, 2014 (2014);

Olson, Richard J., Clinical Associate Professor, Ophthalmology Visual Science/Pediatrics, 2002 (2002); BA 1984 Brigham Young; MD 1991 Utah

Olttmanns, Christy Lynn, Adjunct Instructor, Preventive Community Dentistry, 2010 (2010); AASC 2007 Kirkwood Community College

Onwuachi-Willig, Angela Ifeoma, Professor, Law-Faculty, 2006 (2007); BA 1994 Grinnell; JD 1997 Michigan

Opitz, Cindy, Adjunct Instructor, Anthropology, 2013 (2013); BA 1988 Brown University; MFA 1993 University of Iowa

Opperman, Chelsea A., Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);

Oral, Resmiye, Clinical Professor, Pediatrics, 2001 (2011); MD 1983 Ege

Oray, Patrick B., Adjunct Lecturer, Management Organizations, 2012 (2012);

Orduna, Jose, Adjunct Assistant Professor, Division of Interdisciplinary Program, 2014 (2014);

Orgren, Carl F., Emeritus Associate Professor, Library Information Science, 1970 (1976); PHB 1959 Detroit; AMLS 1962 Michigan; MA 1966 Detroit; PHD 1971 Michigan

Orhon, Volkan, Professor, Music, 2002 (2014); BA 1989 Hacettepe; MM 1996 Hartford

Orme, Daniel R., Clinical Adjunct Assistant Professor, Psych Quant Foundations, 2009 (2009); BM 1977 Millikin; MA 1982 Sangamon State; PHD 1986 Indiana State

Orouke, Barbara Lynn, Adjunct Assistant Professor, Rehabilitation and Counselor Education, 2013 (2013);

Ortiz, Publio, Clinical Adjunct Assistant Professor, Obstetrics Gynecology, 2013 (2013);
Orton, Donna J., Adjunct Instructor, Nursing, 1999 (1999); MSN 1991 Dubuque

Osadchuk, Krista Marie, Adjunct Instructor, University College Courses, 2014 (2014);

Osborn, Tracy, Associate Professor, Political Science, 2007 (2012); BA 1998 Loyola; PHD 2004 Indiana

Osborn, Velva J., Emeritus Professor, Library Information Science, (1982);

Osiel, Mark J., Professor, Law-Faculty, 1992 (1992); BA 1977 Calif-Berkeley; JD 1987 Harvard; PHD 1987 Harvard

Osofsky, Michael Gary, Clinical Adjunct Assistant Professor, Dermatology, 2013 (2013);

Ossoinig, Karl C., Emeritus Professor, Ophthalmology Visual Science, 1971 (1977); MD 1960 Vienna-Austria

Ostedgaard, Lynda Spencer, Associate Professor, Internal Medicine, 2012 (2012); BA 1970 University of Iowa; MS 1973 University of Iowa; PHD 1989 University of Iowa

Osterhaus, Marilyn Slee, Adjunct Instructor, Pharmacy, 1997 (1997); BSPH 1980 Iowa

Osterhaus, Matthew Charles, Adjunct Instructor, Pharmacy, 1997 (1997); BSPH 1980 Iowa

Osterhaus, Robert J., Adjunct Assistant Professor, Pharmacy, 1997 (1997); BSPH 1952 Iowa

Ostrem, Steven Frederick, Adjunct Instructor, University College, 2001 (2001); BA 1975 California-Berkeley; MA 1990 Iowa

Ostrem, Wenda S., Adjunct Instructor, Pharmacy, 2008 (2008); BSPH 1986 Iowa

Osullivan, Cormac Thomas, Clinical Assistant Professor, Nursing, 1989 (2009); BSN 1987 Iowa; MSN 1997 DePaul; PHD 2008 Iowa

Otting, Michaela Ann, Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHARM 1998 Iowa

Otto, Sue Ellen Kovacic, Adjunct Associate Professor, Spanish Portuguese, 1986 (1992); BS 1969 Iowa State; MA 1972 Iowa; PHD 1977 Iowa

Owais, Arwa Issa, Associate Professor, Pediatric Dentistry, 2013 (2013);

Owen, Kathryn Elizabethe, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Oxley, Dana, Adjunct Lecturer, Law-Faculty, 2007 (2007); BA 1990 Northern Iowa; JD 1998 Iowa

Oya, Hiroyuki, Associate Professor, Neurosurgery, 2003 (2012); MD 1981 Tottori, Japan

Ozbolat, Ibrahim Tarik, Assistant Professor, Industrial Engineering, 2011 (2011); BS 2006 Middle East Technical; PHD 2011 SUNY

Paca, Wendy Sue, Clinical Adjunct Instructor, Nursing, 2012 (2012);

Pacheco, Julianna, Assistant Professor, Political Science, 2012 (2012);

Pachow, Wang, Emeritus Professor, Religion, 1968 (1975); BA 1936 Shanghai China; PHD 1948 Bombay-India

Pack, Christopher, Adjunct Instructor, Communication Sciences and Disorders, 2003 (2003); BA 1996 Iowa; MA 2000 Iowa

Pak, Anthony, Adjunct Associate Professor, Sociology, 2003 (2011); BA 1988 Chicago; MA 1991 Chicago; PHD 2003 Chicago

Pant, Gautam, Associate Professor, Management Sciences, 2011 (2013); PHD 2004 Iowa

Pant, Shagun, Assistant Professor, Finance, 2011 (2011); MS 2003 Iowa; PHD 2009 Utah

Pantazis, Nicholas J., Professor, Anatomy Cell Biology, 1979 (2000); BS 1970 Lehigh; PHD 1977 Harvard

Papanicolaou, Athanasios Nicholas, Adjunct Professor, Civil-Environmental Engineering, 2003 (2009); BSE 1989 Aristoteles University; MS 1993 Virginia Tech; PHD 1997 Virginia Tech

Pape, Kate Oltrogge, Clinical Assistant Professor, Pharmacy Practice and Science, 2011 (2011); BA 2004 Simpson; PHARM 2008 Minnesota

Papworth, David P., Clinical Assistant Professor, Anesthesia, 2000 (2000); MD 1974 Kings College Medical

Parayitam, Pramodini, Adjunct Assistant Professor, Creative Writing, 2014 (2014);

Parekh, Kalpaj, Associate Professor, Cardiothoracic Surgery, 2006 (2013); MBBS 1992 Seth G.S. Medical College

Park, Alyssa, Assistant Professor, History, 2013 (2013); BA 1986 Smith; MA 1994 Columbia

Park, Eunice, Adjunct Instructor, Pharmacy, 2007 (2007); BA 1985 Southern Illinois; MD 1986 University of Nevada Las Vegas; PHD 2006 Iowa

Park, Eunice, Adjunct Instructor, Pharmacy, 2007 (2007); BA 1985 Southern Illinois; MD 1986 University of Nevada Las Vegas; PHD 2006 Iowa

Park, Joon B., Emeritus Professor, Biomedical Engineering, 1983 (1983); BS 1967 Boston University; MS 1969 Massachusetts Inst of Technolo; PHD 1972 Utah

Park, Myonghwa, Adjunct Assistant Professor, Nursing, 2004 (2004); BSN 1994 Keinyung, Korea; MSN 1997 Keinyung, Korea; PHD 2001 Iowa

Park, Soonhye, Associate Professor, Teaching and Learning, 2006 (2011); BA 1994 Seoul National; MA 1999 Seoul National; PHD 2005 Georgia, Athens
Parker, Andrew, Assistant Professor, Music, 2009 (2009); MM 2003 Yale; DMA 2009 Michigan

Parker, Bryce Benjamin, Instructor, Military Science, 2014 (2014);

Parker, Christopher P., Adjunct Assistant Professor, Pharmacy, 2008 (2008); BS 1997 Nebraska; PHARMD 2006 Iowa

Parker, Edith A., Professor, Community Behavioral Health, 2010 (2010); BA 1983 Davidson; MPH 1989 North Carolina; PHD 1995 North Carolina

Parker, I. Reed, Clinical Assistant Professor, Family Dentistry, 1989 (2000); BA 1969 Northwestern; DDS 1978 Iowa

Parker, Stan, Clinical Adjunct Assistant Professor, Radiology, 1991 (1991); MD 1982 Iowa

Parkes, Ford B., Emeritus Associate Professor, German, 1969 (1976); BA 1964 Kent State; MA 1966 Kent State; PHD 1971 Michigan State

Parkin, Gene F., Professor, Occupational Environmental Health/Civil-Environmental Engineering, 1986 (1988); BS 1970 Iowa; MS 1971 Iowa; PHD 1978 Stanford

Parratt, Catriona, Associate Professor, American Studies, 1989 (2001); BA 1977 Birmingham; MHK 1984 Windsor; PHD 1994 Ohio State

Parrot, Eugene L., Emeritus Professor, Pharmacy, 1962 (1974);

Parsons, Donald, Adjunct Lecturer, Law-Faculty, 2011 (2011); BSEE 1970 Leigh University; BSE 1970 Leigh; MAT 1972 Leigh; JD 1977 Georgetown

Parsons, Donna Sue, Lecturer, Honors Program/Music, 2002 (2009); BM 1990 Iowa; MA 1993 Iowa; PHD 2001 Iowa

Parton, David A., Emeritus Professor, Sociology, ();

Parton, David A., Emeritus Professor, Sociology; 1965 (1976);

Pasquarella, Luigi, Clinical Assistant Professor, Surgery, 2013 (2013);

Pastorino, Elena, Adjunct Assistant Professor, Economics, 2014 (2005); BA 1997 Bocconi, Italy; PHD 2003 U of Genoa (Italy); PHD 2005 Pennsylvania

Patil, Shivandan R., Emeritus Professor, Pediatrics, 1977 (1986); BS 1961 Karnataka-India; MS 1963 Karnataka-India; PHD 1969 Colorado

Patrick, Joseph A., Emeritus Professor, Art Art History, 1965 (1984); BFA 1960 Georgia; MFA 1962 Colorado

Patterson, Kathleen M., Adjunct Instructor, Preventive Community Dentistry, 1993 (1993); BS 1974 Iowa

Paul, Kelli Sue, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013); PHARMD 2011 University of Iowa

Paulsen, Grant L., Clinical Adjunct Associate Professor, Obstetrics Gynecology, 1999 (1999); MD 1972 Iowa

Paulsen, Jane S., Professor, Psychology/Neurology/ Psychiatry, 1996 (2001); BS 1983 Simpson; PHD 1989 Iowa

Paulsen, Joseph John, Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014); BA 2007 University of Iowa

Paulsen, Michael, Professor, Educ Policy Leadership Studies, 2004 (2004); BA 1973 St. Ambrose; MA 1974 University of Wisconsin-Milwau; PHD 1983 Iowa

Paulson, Brandon Scott, Adjunct Instructor, University College Courses, 2010 (2014); BSC 2005 UW-River Falls; MSED 2009 UW- La Crosse

Paulson, Henry L., Adjunct Professor, Neurology, 1997 (2006); BS 1981 Yale; MD 1990 Yale; PHD 1990 Yale

Paulson, Wayne L., Emeritus Professor, Civil-Environmental Engineering, 1960 (1972); BS 1959 Wisconsin; MS 1960 Wisconsin; PHD 1965 Iowa

Pauly, Peter J., Adjunct Associate Professor, Family Dentistry, 1986 (2000); DDS 1978 Iowa

Pavlik, Claire E., Lecturer, Geographical and Sustainability Sciences, 1990 (2005); BA 1981 Minnesota; MA 1985 Minnesota; PHD 1992 Minnesota

Pawlak, Stacey A., Clinical Adjunct Professor, Psych Quant Foundations, 2014 (2014); BA 1990 University of Michigan; MS 1995 University of Memphis; PHD 1998 University of Memphis

Payne, Brenda Jean, Clinical Adjunct Assistant Professor, Psychiatry, 2013 (2013);

Payne, Gerald L., Emeritus Professor, Physics Astronomy, 1969 (1980); MS 1961 Ohio State; BS 1961 Ohio State; PHD 1967 California San Diego

Paynter, Donald E., Clinical Adjunct Assistant Professor, Internal Medicine, 2000 (2000); MD 1980 Iowa

Pearce, Elizabeth Florence, Adjunct Lecturer, History, 2005 (2006); BED 1981 St Paul St Mary; MA 1990 Iowa; PHD 2004 Iowa

Peary, Donna Louise, Adjunct Lecturer, Finance, 2007 (2007); BS 1977 SE Missouri State; MBA 1979 SE Missouri State

Pearson, C. Suzanne, Adjunct Lecturer, Teaching and Learning, 2005 (2005); BS 1974 Iowa; MA 1983 Iowa

Pearson, Kent S., Associate Professor, Anesthesiology, 1993 (1993); BS 1977 Illinois-Urbana; MD 1981 Illinois-Rockford

Peate, David William, Professor, Earth and Environmental Sciences, 2004 (2004); BA 1985 Cambridge Univ; PHD 1989 Open Univ. UK

Pedersen, Douglas Ray, Associate Professor, Orthopaedics and Rehabilitation, 2001 (2001); BSE 1979 Iowa; MS 1983 Iowa; PHD 1998 Iowa
Peek, Thomas, Adjunct Associate Professor, Family Dentistry, 2003 (2004); BS 1973 Oklahoma City; DDS 1976 Iowa; MS 1978 Iowa; JD 1989 Oklahoma City

Peek-Asa, Corinne, Professor, Epidemiology/Occupational Environmental Health/Public Policy Center/Nursing, 2001 (2004); BA 1989 New Mexico; MPH 1990 California-Los Angeles; PhD 1995 Calif-Los Angeles

Peeples, Tonya L., Professor, Chemical Biochemical Engineering, 1995 (2009); BS 1988 North Carolina State; PhD 1994 Johns Hopkins

Pelaez, Carlos, Clinical Assistant Professor, Surgery, 2011 (2011); MD 2003 Universidad de Iberoamerica

Pelenski, Jaroslav, Emeritus Professor, History, 1967 (1971); PHD 1957 Munich-Germany; PHD 1968 Columbia

Pelton, Elizabeth L., Emeritus Associate Professor, Health, Sport Studies, 1974 (1980); BS 1970 Iowa; MS 1974 Iowa

Pemmaraju, Sriram V., Professor, Computer Science, 2000 (2013); MSC 1987 Birla; MS 1989 Virginia Polytechnic; PHD 1992 Virginia Polytechnic

Pendergast, Jane, Emeritus Professor, Biostatistics, 1999 (2005); BA 1974 Dayton; MS 1976 Iowa; PHD 1979 Iowa

Pennathur, Arunkumar, Lecturer, Industrial Engineering, 2012 (2012);

Pennathur, Priyadarshini, Assistant Professor, Industrial Engineering/Internal Medicine, 2012 (2013);

Penningroth, R. Paul, Clinical Adjunct Assistant Professor, Psychiatry, 1965 (1973); MD 1964 Iowa

Pennington, Daniel Wayne, Clinical Adjunct Assistant Professor, Internal Medicine, 2013 (2013);

Penno, Mark, Professor, Accounting, 2004 (2004); BA 1973 Wisconsin; MS 1977 Wisconsin; PHD 1983 Northwestern

Pentella, Michael A., Adjunct Associate Professor, Epidemiology, 2003 (2008); BS 1972 Ohio State; MS 1980 Thomas Jefferson; PhD 2000 South Florida

Perathur, Arvind, Clinical Adjunct Assistant Professor, Internal Medicine, 2011 (2011); MBBCH 1996 Goa,India; MBBS 1996 Goa University, Goa, India

Perencevich, Eli, Professor, Epidemiology/Internal Medicine, 2010 (2010); MD 1994 Case Western Reserve U

Perepu, Usha S., Clinical Assistant Professor, Internal Medicine, 2010 (2013); MBBS 1998 NTR, India; MRC 2004 Royal College, London

Perlman, Seth Javier, Clinical Assistant Professor, Pediatrics, 2013 (2013);

Perlman, Stanley, Professor, Microbiology/Pediatrics, 1983 (1993); AB 1968 Rochester; PHD 1972 MIT; MD 1979 Miami

Perovic, Katarina, Assistant Professor, Philosophy, 2011 (2011); BA 2002 Bologna, Italy; MPHIL 2003 King's; PHD 2008 King's

Perreau, Ann Elizabeth, Adjunct Instructor, Communication Sciences and Disorders, 2007 (2007); BA 2002 Iowa; MA 2004 Iowa

Perry, Eric Charles, Adjunct Lecturer, Finance, 2004 (2004); BA 1989 Iowa; MBA 1992 Iowa

Perry, Paul J., Emeritus Professor, Psychiatry, 1973 (1987); BS 1969 Univ of the Pacific; MS 1971 Univ of the Pacific; PHD 1973 Univ of the Pacific

Persaud, Peter Brian, Adjunct Lecturer, Law-Faculty, 2014 (2014);

Persoon, Thomas John, Adjunct Instructor, Industrial Engineering/Health Management Policy, 2000 (2000); SCM 1972 Iowa; MSE 2002 Iowa

Persson, Dorothy Marie, Adjunct Assistant Professor, Educ Policy Leadership Studies, 1989 (1989); BA 1971 Ohio; AMLS 1972 Indiana; PHD 1985 Iowa

Pesantubbee, Michele, Associate Professor, American Studies/Religion, 2003 (2006); MA 1991 California; PHD 1994 California

Pesce, Liuska Maria, Clinical Assistant Professor, Pediatrics, 2008 (2008); MD 1998 Central Univ of Venezuela

Petasnick, William D., Adjunct Associate Professor, Health Management Policy, 1992 (1992); MA 1970 Minnesota

Peters, Adrianne K., Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);

Peters, Ann Marie, Clinical Assistant Professor, Epidemiology, 2012 (2012);

Peters, Bobby Xavier, Clinical Assistant Professor, Emergency Medicine, 2001 (2001); BS 1990 Houston Baptist; MD 1996 Texas Medical

Peters, Douglas William, Clinical Adjunct Assistant Professor, Family Medicine, 2011 (2011); BA 1993 Wartburg; MD 1997 Iowa

Peters, John D., Professor, International Programs/Communication Studies, 1986 (2001); BA 1981 Utah; MA 1982 Utah; PhD 1986 Stanford

Peters, Thomas Michael, Associate Professor, Occupational Environmental Health/Biomedical Engineering, 2004 (2010); BS 1990 Florida; MS 1992 Florida; PHD 2004 N. Carolina

Petersen, Brian Michael, Adjunct Assistant Professor, Pharmacy, 2006 (2006); PHARMD 2004 Creighton

Petersen, Christine A., Associate Professor, Epidemiology, 2006 (2013); BA 1994 Johns Hopkins; DVM 1998 Cornell; PHD 2004 Harvard

Petersen, Elizabeth-Ann Furr, Adjunct Lecturer, Marketing, 2005 (2010); BA 1980 Iowa State; MA 1986 California State; MS 1986 California State; PHD 2000 Iowa

Pike, Susan, Clinical Assistant Professor, Psychiatry, 2009 (2009); MD 2003 Southern Illinois
Pilkington, Wesley Charles, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);
Pilling, John Allen, Adjunct Lecturer, Teaching and Learning, 2015 (2004); BA 1966 Iowa; MA 1972 Iowa
Pinckney, Thomas W., Adjunct Assistant Professor, Preventive Community Dentistry, 1985 (1985); DDS 1977 Iowa
Pinero, Anne Marie, Assistant Professor, Theatre Arts, 2012 (2012);
Pinnke, Steven Paul, Adjunct Assistant Professor, Pharmacy, 2005 (2005); BS 1978 Iowa; MS 1988 Central Michigan; PHARMD 1996 Creighton
Piper, Robert C., Professor, Physiology/Internal Medicine, 1997 (2009); BS 1986 Reed; PHD 1992 Washington University
Pirkle, Kipling Montgomery, Adjunct Lecturer, Management Organizations, 2014 (2014);
Piros, James G., Clinical Adjunct Assistant Professor, Internal Medicine, 1974 (1980); MD 1971 Illinois
Pirozzi, Joseph Thomas, Adjunct Lecturer, Marketing, 2014 (2014);
Platte, Nathan Richard, Adjunct Assistant Professor, Preventive Community Dentistry, 1883 (1998); DDS 1977 Iowa
Pollock, Zach J., Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);
Polumbaum, Judy, Professor, Journalism Mass Communication/International Programs, 1989 (2003); BA 1976 McGill; MS 1977 Columbia; PhD 1989 Stanford
Polyak, Steven, Assistant Professor, Internal Medicine, 2009 (2009); BA 1993 Clark; MD 1998 Mount Sinai
Polyzou, Wayne N., Professor, Physics Astronomy, 1982 (1991); BS 1974 Pennsylvania State; MS 1978 Maryland; PhD 1979 Maryland
Pomeroy, Dan, Adjunct Instructor, Pharmacy, 2002 (2002); BPharm 1981 Iowa
Pontarelli, Michel Sandom, Adjunct Lecturer, Marketing, 2007 (2009); BA 1976 Connecticut; MBA 1999 St. Ambrose
Ponto, James Allen, Clinical Professor, Pharmacy, 1978 (1992); BPharm 1977 Iowa; BS 1977 Iowa; MS 1978 Southern-California-Los Angele
Ponto, Laura L., Associate Professor, Radiology, 2000 (2008); BPharm 1977 Iowa; MS 1981 Iowa; PhD 1988 Iowa
Poock, James Joseph, Clinical Adjunct Assistant Professor, Family Medicine, 2009 (2009); BS 1995 Upper Iowa Univ, Fayette, IA; BS 1999 Upper Iowa; MD 1999 Iowa
Pope, Hallowell, Emeritus Associate Professor, Sociology, 1968 (1968);
Pope, Melody K., Adjunct Assistant Professor, Anthropology, 2007 (2007); MA 1989 Binghamton; PhD 2005 Binghamton
Popescu, Rodica, Adjunct Instructor, Preventive Community Dentistry, 2014 (2014);
Porcella, Aleta Anne, Clinical Adjunct Instructor, Nursing, 2002 (2002); BA 1974 Iowa; BSN 1979 Morningside; MSN 2000 Iowa
Poremba, Amy, Associate Professor, Psychology, 2001 (2009); BS 1988 Illinois; PhD 1996 Illinois
Porepp, Matt Paul, Adjunct Assistant Professor, Pharmacy Practice and Science, 2010 (2010); BPharm 2008 Drake
Porter, Horace A., Professor, African-American Studies/English/American Studies, 1999 (1999); BA 1972 Amherst; MA 1975 Yale; PhD 1981 Yale
Porter, Jeffrey L., Associate Professor, English, 1993 (2009); BA 1974 State Univ of NY-Buffalo; MA 1975 Oregon; PhD 1983 Oregon

Porter, Samuel D., Emeritus Associate Professor, Surgery, 1974 (1985); BA 1956 Grinnell; MD 1960 Creighton

Portman, Tarrell Aweaghae, Emeritus Associate Professor, Rehabilitation and Counselor Education, 1999 (2005); BS 1981 Southeast Missouri State; MA 1988 Southeast Missouri State; PhD 1999 Arkansas

Potaczek, Karen Kay, Adjunct Assistant Professor, Oral Maxillofacial Surgery, 2011 (2011); DDS 2006 Marquette

Potapova, Marina, Adjunct Professor, University College, 2010 (2010); PHD 1993 Limnological Inst

Potestio, Armand J., Adjunct Assistant Professor, Pharmacy, 2005 (2005); BA 1980 Colorado; BSPH 1984 Colorado

Potter, Elizabeth Mary, Clinical Assistant Professor, Obstetrics Gynecology, 2009 (2009); BA 2000 Pomona College; MS 2008 CA, San Francisco

Potter Jr., Donald Dean, Clinical Associate Professor, Surgery, 2013 (2013);

Potthoff, Matthew Joseph, Assistant Professor, Pharmacology, 2012 (2012);

Poulakos, P. Takis, Associate Professor, Rhetoric, 1990 (1995); BA 1974 San Jose State; MA 1976 San Jose State; PHD 1988 Miami-Ohio

Poulson, Eva-Maria, Adjunct Instructor, Preventive Community Dentistry, 1993 (1994); DDS 1981 UCLA

Poust, Rolland I., Emeritus Professor, Pharmacy, 1991 (1991); BS 1966 Pittsburgh; MS 1968 Pittsburgh; PHD 1971 Purdue

Powell-Renneckar, Becky Sue, Adjunct Instructor, Preventive Community Dentistry, 2004 (2004); BS 1979 Iowa

Powell-Young, Yolanda, Adjunct Assistant Professor, Nursing, 2011 (2011); PhD 2005 Southern Univ AM Co

Powers, John Sherman, Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);

Powers, Theodore, Assistant Professor, Anthropology, 2014 (2014);

Prahlaad, Veena, Assistant Professor, Biology, 2012 (2012);

Prater, Nicola Jane, Lecturer, Nursing, 2001 (2008); BSN 1986 Sangamon State; MSN 2000 Iowa

Preinitz, Jennifer Kay, Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014);

Preschel, Stephanie Marie, Adjunct Instructor, University College Courses, 2014 (2014); HS 2004 Pleasant Valley High; BBA 2008 University of Iowa

Prescott, William Crego, Adjunct Assistant Professor, Mechanical Engineering, 2008 (2008); PHD 1993 Iowa

Preston, Mark Allen, Clinical Adjunct Assistant Professor, Psychiatry, 2008 (2007); BS 1979 Iowa State; MD 1984 Iowa

Preuclil, William W., Emeritus Professor, Music, 1958 (1971); BM 1952 Eastman School of Music; MM 1956 Rochester

Preus, Christian Abraham, Adjunct Instructor, Classics, 2012 (2012); BA 2006 University of North Dakota

Price, David H., Professor, Biochemistry, 1989 (1998); BS 1975 North Carolina State; PHD 1980 Florida State

Price, Nathan Brandt, Clinical Assistant Professor, Pediatrics, 2013 (2013);

Prickman, Gregory J., Adjunct Instructor, Interdisciplinary Programs, 2008 (2008); BA 1994 Macalester; AMLS 1998 Indiana

Pries, Chris M., Adjunct Instructor, Nursing, 1983 (1983); MA 1975 Iowa

Priest, Jacob Bird, Assistant Professor, Rehabilitation and Counselor Education, 2013 (2013);

Priest, Richard Tyler, Associate Professor, Geographical and Sustainability Sciences/History, 2012 (2012);

Prineas, John Paul, Professor, Electrical-Computer Engineering/Physics Astronomy, 2001 (2014); BA 1991 Carleton; PHD 2000 Arizona

Prorok, Alyssa Kathleen, Assistant Professor, Political Science, 2013 (2013);

Proud, Sherri Lyn Curtis, Adjunct Instructor, Health and Human Physiology, 2012 (2012);

Proudfit, Herbert K., Emeritus Professor, Pharmacology, 2000 (2000); BA 1964 Kansas; PHD 1971 Kansas-Kansas City

Prull, Michelle Ann, Adjunct Assistant Professor, Pharmacy, 1997 (2009); BS 1993 Iowa

Prunty, April Bachinski, Lecturer, Nursing, 2014 (2014);

Przybly, Lawrence, Emeritus Professor, Health Management Policy, 1999 (1999); BA 1962 Iowa; MA 1964 Iowa; PHD 1970 Iowa

Pryor, Craig Earl, Associate Professor, Physics Astronomy, 2005 (2011); PHD 1990 UCSB

Puderbaugh, David, Associate Professor, Music, 2006 (2013); BME 1994 Drake

Pudlo, Anthony T., Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2012);

Pufall, Miles A., Assistant Professor, Biochemistry, 2010 (2010); PHD 2004 Utah

Pumphrey, Carri Ann, Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2012);

Purtle, Mark William, Clinical Adjunct Associate Professor, Internal Medicine, 1990 (2005); MD 1981 Iowa

Pusey, Robert Drake, Adjunct Associate Professor, Family Dentistry, 1994 (2012); DDS 1982 Iowa
Putnam, Shannon Dennis, Adjunct Assistant Professor, Epidemiology, 2005 (2005); BS 1987 Wayne State; MS 1989 Northern Arizona; PHD 1999 Iowa

Pyevich, Elana Nadine, Adjunct Assistant Professor, Pharmacy, 2006 (2006); PHARMD 1999 Iowa

Pyevich, Vickie Diamandakis, Clinical Professor, Pediatrics, 1997 (2012); BS 1987 Iowa; MD 1991 Iowa

Pyfheroen, Matthew T., Adjunct Assistant Professor, Pediatric Dentistry, 2012 (2011); BS 1999 Iowa State; DDS 2008 Iowa

Qi, Hank Heng, Assistant Professor, Anatomy Cell Biology, 2011 (2011); MD 1991 Harbin Medical; MS 1997 Katholic of Leuven, Belg; PHD 2002 Laval, Canada

Qian, Fang, Adjunct Assistant Professor, Preventive Community Dentistry, 2001 (2001); BA 1984 Chinese People’s; MA 1989 Hunter; MPHIL 1990 City-New York; PHD 1994 City-New York

Qian, Haifeng, Assistant Professor, Urban Regional Planning, 2014 (2014);

Qian, Yiming, Associate Professor, Finance, 2002 (2010); BA 1995 Nankai; MA 1997 Fordham; PHD 2002 New York

Quelle, Dawn E., Associate Professor, Pharmacology/Pathology, 1997 (2005); BS 1987 Maine; PHD 1992 Pennsylvania

Quelle, Frederick W., Associate Professor, Internal Medicine/Pharmacology, 1997 (2005); BA 1986 Middlebury; MA 1990 Pennsylvania State; PHD 1992 Pennsylvania State

Quellhorst, Neil, Adjunct Lecturer, Management Organizations, 2014 (2014);

Questad, Deanna L., Clinical Adjunct Associate Professor, Internal Medicine, 1990 (2010); MD 1983 South Dakota ((Vermillion)

Quigley, Patricia Danielle, Clinical Assistant Professor, Pediatrics, 2010 (2010); BS 2001 Wisconsin; MD 2006 Tufts School of Med

Quinby, Gary Edwin, Clinical Adjunct Assistant Professor, Dermatology, 2001 (2001); BS 1988 Iowa; PHD 1996 Iowa; MD 1996 Iowa

Quinlisk, Patricia, Adjunct Professor, Epidemiology, 1996 (2002); BS 1977 Wisconsin; MPH 1984 Johns Hopkins; MD 1988 Wisconsin-Madison

Quinn, Daniel M., Professor, Chemistry, 1982 (1992); BS 1972 Quincy; PHD 1977 Kansas

Quinn-Wriedt, Lindsey Taylor, Lecturer, English as Second Language, 2013 (2014);

Quitmeyer, Gordon Kent, Adjunct Lecturer, Accounting, 2014 (2014);

Rabe, Glenda K., Clinical Assistant Professor, Pediatrics, 2008 (2008); BS 1998 Iowa; MD 2002 Iowa

Rabedaux, Steven Grant, Adjunct Instructor, Family Dentistry, 1992 (1992); BS 1980 Iowa; DDS 1984 Iowa

Raber, Ericka Arvidson, Adjunct Instructor, University College, 2003 (2009); BA 1991 IOWA; MA 1998 IOWA; MA 2000 IOWA

Rabindran, Srinivasan, Clinical Assistant Professor, Social Work, 2000 (2000); BSSW 1999 Indiana; MSW 2000 Indiana; Phd 2000 Indiana

Radia, Mary A., Clinical Adjunct Assistant Professor, Internal Medicine, 1987 (2001); DO 1981 Drake

Radley, Jason J., Assistant Professor, Psychology, 2011 (2011); BA 1995 Miami; MA 1997 Princeton; PHD 2001 Princeton

Raeburn, John H., Emeritus Professor, English/ American Studies, 1974 (1983); BA 1963 Indiana; PHD 1969 Pennsylvania

Raghavan, Madhavan Lakshmi, Professor, Biomedical Engineering, 2000 (2012); BE 1992 Coimbatore; PHD 1998 Pittsburgh

Raheim, Salome, Emeritus Associate Professor, IA Consortium Substance Abuse/Social Work, 1986 (1997); BSW 1974 Bowie State; MSW 1976 Catholic University of America; PHD 1990 Iowa

Rahhal, Riad, Clinical Associate Professor, Pediatrics, 2007 (2012); BS 1996 Univ of Beirut; MD 2000 Univ of Beirut

Rahman, Sharif, Professor, Mechanical Engineering, 1995 (2005); BS 1984 Bangladesh; MS 1986 Purdue; PHD 1991 Cornell

Rahmatalla, Salam Faisal, Associate Professor, Civil-Environmental Engineering/Biomedical Engineering, 2005 (2012); MME 1995 Technology; MCE 2002 Iowa; PHE 2004 Iowa

Rahmouni, Kamal, Associate Professor, Pharmacology/Internal Medicine, 2005 (2011); PHARMD 2001 Strasbourg

Railsback, Linda Diane, Clinical Adjunct Assistant Professor, Obstetrics Gynecology, 1993 (1993); MD 1974 Iowa

Rajagopal, Rangaswamy, Professor, Civil-Environmental Engineering/International Programs/Geographical and Sustainability Sciences, 1979 (1987); BS 1964 Bombay-India; ME 1969 Florida; PHD 1973 Michigan

Rajagopal, Srinivasan, Clinical Assistant Professor, Anesthesia, 2005 (2007); MD 2000 Wayne State

Rajkumar, Christopher, Clinical Adjunct Assistant Professor, Internal Medicine, 2014 (2014);

Rajput, Maheen, Clinical Assistant Professor, Radiology, 2008 (2008); MD 2000 Illinois

Rakel, Barbara Ann, Associate Professor, Physical Therapy/Nursing, 2000 (2011); BSN 1979 Iowa; MA 1988 Iowa; Phd 2002 Iowa

Ralph, Patrick Bradley, Adjunct Instructor, University College, 2011 (2013); BA 2008 Iowa
Ralston, Christine R., Adjunct Lecturer, Urban Regional Planning, 2012 (2012); BM 2001 Iowa; JD 2007 Iowa; MA 2008 University of Iowa

Ramadan, Yasmine A., Assistant Professor, French Italian, 2014 (2014);

Ramakrishnan, Prem Subramanian, Adjunct Assistant Professor, Biomedical Engineering, 2009 (2009); MS 2003 Illinois-Chicago; PHD 2006 Iowa

Ramarao, Indira, Adjunct Associate Professor, International Programs, 2009 (2009); BA 1970 Mysore; MA 1972 Mysore; PhD 1982 Mysore

Ramey, R. Chace, Adjunct Lecturer, Educ Policy Leadership Studies, 2013 (2013); BA 2001 Univ. of Kansas; JD 2004 Univ. of Iowa

Ramey, Sandra L., Lecturer, Nursing, 2006 (2013); BS 1992 St Francis; MSN 1995 Iowa; PHD 2002 Iowa State

Ramirez, Marizen Rojas, Associate Professor, Occupational Environmental Health/Epidemiology, 2007 (2013); BA 1995 California at Berkeley; MPH 1998 California - Los Angeles; PHD 2002 California - Los Angeles

Rand, Jacki Thompson, Associate Professor, History, 1998 (2007); BA 1982 Maine; MS 1993 Oklahoma; PHD 1998 Oklahoma

Randak, Christoph Oskar, Assistant Professor, Pediatrics, 2009 (2009); MD 1992 Wurzburg, Germany; MSC 1996 Hagen, Germany

Randall, Eric Wayne, Adjunct Instructor, Health and Human Physiology, 2007 (2007); BS 2000 Iowa; MA 2004 Iowa

Randel, Patricia Ann, Adjunct Instructor, Pharmacy, 1997 (1997); BS 1993 Iowa

Rangray, Rajani, Clinical Adjunct Assistant Professor, Internal Medicine, 2014 (2014);

Rantanen, Jason, Associate Professor, Law-Faculty, 2011 (2011); AB 1999 Brown; MA 2000 Chicago; JD 2003 Chicago

Rapert, Molly L., Adjunct Associate Professor, Marketing, 2009 (2009); PHD 1992 Memphis

Rapson, Ira J., Professor, Music, 1993 (2003); BA 1976 Westmont; MA 1981 California State

Rasmussen, Maryann, Lecturer, Gender, Women's and Sexuality Studies/English, 1992 (1994); PHD 1991 Iowa

Rastetter, Dwight W., Adjunct Instructor, Preventive Community Dentistry, 2011 (2011); DDS 2000 Iowa

Rastogi, Prerna, Clinical Assistant Professor, Pathology, 2014 (2014);

Rastogi, Rahul, Clinical Associate Professor, Anesthesia, 2014 (2014);

Ratliff, Timothy L., Emeritus Professor, Urology, 1997 (1997); BS 1971 Texas-Arlington; MS 1974 East Texas State; PHD 1977 Arkansas-Fayetteville

Riesz, Peter C., Emeritus Professor, Marketing, 1968 (1980); BS 1958 Rutgers; MBA 1963 Columbia; PHD 1971 Columbia

Rietz, Thomas A., Professor, Finance, 1993 (2011); BA 1983 Northern Iowa; PHD 1988 Iowa

Riezman, Raymond G., Professor, Economics, 1976 (1990); BA 1969 Washington-Missouri; PHD 1977 Minnesota

Rigal, Laura, Associate Professor, American Studies/English, 1997 (1997); BA 1982 Oberlin; PHD 1989 Stanford

Riggs, Sheila Marie, Adjunct Assistant Professor, Epidemiology, 1993 (1993); DDS 1986 Iowa; MS 1987 Harvard; MD 1991 Harvard

Rijhsinghani, Asha, Emeritus Professor, Obstetrics Gynecology, 1992 (2012); ISC 1973 Jahind College; MD 1979 ECFMG; MBBS 1979 Grand Medical College

Riley, Ryan Lee, Adjunct Instructor, Preventive Community Dentistry, 2010 (2010); BA 2004 Simpson; DDS 2007 Iowa

Riley, Terrance Patrick, Adjunct Assistant Professor, Oral Maxillofacial Surgery/Operative Dentistry, 2007 (2008); BS 1977 Arkansas; DDS 1982 Iowa

Rim, Kwan, Emeritus Professor, Orthopaedics and Rehabilitation/Biomedical Engineering/Mechanical Engineering, 1960 (1968); BSME 1955 Tri-State; MSME 1958 Northwestern; PHD 1960 Northwestern

Rinehart, Judith, Emeritus Associate Professor, Social Work, 1978 (2005); BA 1966 Central; MSW 1970 Iowa

Rinehart, Kathy J., Adjunct Assistant Professor, Pharmacy, 1986 (1986); PHARMD 1985 Iowa

Rinehart, Richard H., Clinical Assistant Professor, Psychiatry, 2002 (2002); BA 1985 Ohio State; MD 1985 Ohio State

Rinehart, Richard John, Clinical Adjunct Assistant Professor, Otolaryngology-Head Neck Surgery, 2006 (2006); BS 1987 Iowa State; MD 1992 Iowa Methodist Medical Ctr

Ringdahl, Joel E., Adjunct Assistant Professor, Pediatrics, 2000 (2000); BS 1992 Florida; PHD 1999 Louisiana State

Ringen, Catherine, Professor, Linguistics/International Programs, 1975 (1988); BA 1970 Indiana; MA 1972 Indiana; PHD 1975 Indiana

Ringen, Jon, Professor, Health and Human Physiology, 1993 (1993); BA 1965 North Dakota; MA 1969 Indiana; PHD 1971 Indiana

Rippentrop, Jonathan Mark, Clinical Adjunct Assistant Professor, Urology, 2006 (2006); MD 1999 Iowa

Rivas, Megan Monaghan, Adjunct Assistant Professor, Theatre Arts, 2012 (2012);

Rivas, Tialoc Antonio, Assistant Professor, Theatre Arts, 2012 (2012);

Rivera, Claudia Gabriela, Adjunct Instructor, University College Courses, 2014 (2014); AA 1992 Scott Community College; BA 1994 Central College; MA 1999 University of Iowa

Rix, Samantha, Lecturer, English as Second Language, 2013 (2013);

Rizzo, Matthew, Professor, Neurology/Industrial Engineering, 1985 (1996); BA 1975 Columbia; MD 1979 Johns Hopkins

Roach, Caitlin Ann, Adjunct Assistant Professor, Creative Writing, 2014 (2014);

Roberts, Trina Ellis, Adjunct Assistant Professor, Anthropology, 2012 (2012); MS 2001 University of Chicago; PHD 2005 University of Chicago

Robertson, Janice Lee, Assistant Professor, Physiology, 2013 (2013);

Robertson, Maureen, Associate Professor, Asian Slavic Languages Literature, 1976 (1976); BA 1958 Indiana; MA 1960 Indiana; PHD 1970 Washington

Robillard, Jean E., Professor, Pediatrics, 2003 (2003); BA 1964 Montreal; MD 1968 Montreal

Robin, Debra Kay, Adjunct Instructor, Communication Sciences and Disorders, 1995 (1996); BA 1976 San Diego State; MS 1981 Redlands

Robinson, Arlyn K., Adjunct Associate Professor, Family Dentistry, 1978 (1989); BS 1973 Upper Iowa; DDS 1977 Iowa

Robinson, Jennifer G., Professor, Internal Medicine/Epidemiology, 1998 (2010); BA 1982 Northwestern University; MD 1987 Minnesota; MPH 1995 Minnesota
Robinson, John P., Emeritus Professor, Electrical-Computer Engineering, 1965 (1972); BS 1960 Iowa State; MS 1962 Princeton; PHD 1966 Princeton

Robinson, Marilynne, Professor, Creative Writing/English, 1983 (1993); BA 1966 Brown; PHD 1975 Washington

Robinson, Robert G., Professor, Psychiatry, 1990 (1990); BS 1967 Cornell-Ithaca; MD 1971 Cornell-Ithaca

Robinson, Robert A., Professor, Pathology/Oral Pathology, 1982 (1993); BA 1976 Missouri; MD 1976 Missouri; PHD 1982 Minnesota

Robinson, Stephen Spencer, Adjunct Instructor, Asian Slavic Languages Literature, 2013 (2013);

Robus, Richard, Clinical Adjunct Associate Professor, Pediatrics, 2003 (2006); BS 1994 Texas Christian; MD 1998 Iowa

Rocha, Rene Rolando, Associate Professor, Political Science, 2006 (2012); BA 2002 Texas-Pan American; PHD 2006 Texas A&M Univ

Rocha Maia, Rodrigo, Assistant Professor, Operative Dentistry, 2008 (2008); DDS 1995 Gama Filho; MS 2003 State Rio de Janeiro; PHD 2007 Univ of State Rio de Janeiro

Rockey, William Matthew, Clinical Assistant Professor, Radiation Oncology, 2012 (2012); MD Iowa; BS 2000 Iowa State; MD 2007 University of Iowa; PHD 2007 Iowa

Rodgers, Tracy A., Adjunct Instructor, Preventive Community Dentistry, 2004 (2004); BS 1986 Iowa

Rodgers, Vincent G., Professor, Physics Astronomy, 1989 (2004); BS 1980 Dayton; MS 1982 Syracuse; PHD 1985 Syracuse

Rodnitzky, Robert L., Emeritus Professor, Neurology, 1972 (1982); BS 1963 Chicago; MD 1966 Chicago

Rodriguez, Jose E., Emeritus Associate Professor, Microbiology, 1968 (1974); BS 1955 Yale; PHD 1963 Pennsylvania

Rodriguez Rodriguez, Ana M., Associate Professor, Division of Interdisciplinary Program/Spanish Portuguese, 2008 (2014); BA 1995 Univ de Santiago de Compostela; MA 1997 Colorado-Boulder; PHD 2007 Wisconsin @ Madison

Roe, Shawn Curtis, Adjunct Assistant Professor, Pharmacy, 2005 (2005); BS 1997 Northern Iowa; P harmD 2002 Iowa

Roeder, Kevin John, Adjunct Instructor, Pharmacy Practice and Science, 2012 (2012); BS 2006 University of Northern Iowa

Roeder, Susan L., Clinical Associate Professor, Internal Medicine, 2002 (2009); BS 1984 Iowa State; MS 1989 Iowa State; DO 1993 Osteopathic-Des Moines

Roehrkasse, Donald Lee, Adjunct Instructor, Pharmacy, 2006 (2006); BSPPH 1977 Iowa

Roewe, Raymond F., Adjunct Assistant Professor, Oral Maxillofacial Surgery, 2004 (2004); BA 1978 Iowa State; DDS 1982 Iowa; MS 1986 Iowa

Rogers, Meaghan Marie, Adjunct Assistant Professor, Pharmacy, 2007 (2009); PHAR 2007 Iowa

Roghair, Robert Dean, Associate Professor, Pediatrics, 2005 (2011); BS 1995 Iowa; MD 1999 Iowa

Rogovin, Howard, Emeritus Professor, Art Art History, 1969 (1984);

Rohde, Jan-Uwe, Adjunct Associate Professor, Chemistry, 2005 (2013); PHD 1999 Univ. of Kiel, Germany

Rohlf, Paul, Clinical Adjunct Professor, Urology, 2012 (2012);

Rohlman, Diane, Associate Professor, Occupational Environmental Health/International Programs, 2012 (2012);

Rokes, Christopher Alan, Clinical Adjunct Assistant Professor, Pediatrics, 2011 (2011);

Rolfes, Kathryn A., Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014);

Rolland, Brian E., Adjunct Lecturer, Management Organizations, 2009 (2009); MAC 1989 Iowa

Roller, Richard John, Professor, Microbiology, 1994 (2007); BA 1980 Lawrence; PHD 1987 Harvard

Roman, David L., Associate Professor, Pharmacy, 2008 (2014); PHD 2004 Purdue

Romanowski, Ann Wegener, Adjunct Assistant Professor, Periodontics, 1993 (1998); DDS 1987 Iowa; CER 1994 Iowa; PHD 1994 Iowa

Romitti, Paul Anthony, Professor, Epidemiology, 1998 (2013); BS 1985 Iowa State; BA 1985 Iowa State; MS 1987 Iowa State; PHD 1994 Iowa

Ronkar, Christopher J., Clinical Adjunct Assistant Professor, Internal Medicine, 2005 (2005); BS 1992 Nebraska; MD 1997 Nebraska

Roof, John Dean, Clinical Adjunct Assistant Professor, Family Medicine, 1995 (2002); BS 1976 Iowa State; MD 1985 Iowa

Rooney, Kristen, Adjunct Instructor, Health and Human Physiology, 2013 (2013); BA 2010 University of Iowa

Rorex, Robert A., Associate Professor, Art Art History, 1970 (1979); BA 1956 Hendrix; MFA 1960 Arkansas; MFA 1968 Princeton; PHD 1975 Princeton

Rosazza, John P., Emeritus Professor, Pharmacy, 1969 (1977); BS 1962 Connecticut; MS 1966 Connecticut; PHD 1968 Connecticut

Rosburg, Thomas R., Adjunct Professor, University College Courses, 2010 (2010); BS 1977 Iowa State; MS 1990 Iowa State; PHD 1994 Iowa State

Rose, Karen Lynn Moomaw, Adjunct Associate Professor, Nursing, 2013 (2013);
Rosecrance, John C., Adjunct Assistant Professor, Occupational Environmental Health, 1995 (1995); BS 1981 Calif State; MS 1986 North Carolina; PHD 1993 Iowa
Roseman, Brian J., Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2012);
Roseman, Dennis M., Emeritus Professor, Mathematics, 1970 (1993); BS 1961 Wisconsin; MS 1962 Wisconsin; PHD 1968 Michigan
Rosenbaum, Marcy Ellen, Professor, Family Medicine, 1998 (2013); BA 1986 Indiana; MA 1990 Kentucky; PHD 1994 Kentucky
Rosenberger, Jay A., Clinical Adjunct Associate Professor, Internal Medicine, 1995 (2011); DO 1986 Osteopathic Med Hlth
Rosenfeld-O’Tool, Sandra R., Clinical Assistant Professor, Family Medicine, 2008 (2008); MD 1990 Ntl Univ Rosario, Argentina
Rosenhaver, Jessica Ann, Adjunct Assistant Professor, Pharmacy, 2010 (2010); PHARM 2008 Drake
Rosenkranz, Kurt Andre, Clinical Adjunct Associate Professor, Family Medicine, 1999 (2003); BS 1989 Creighton; MD 1993 Creighton
Roth, James A., Adjunct Associate Professor, Religion, 2008 (2008); PHB 1959 Marseille; BA 1959 Marseille; PHD 1970 Strasbourg; DR 1970 Strasbourg
Rouwenhorst, Robert Mark, Adjunct Lecturer, Marketing, 2009 (2009); MBA 2004 Iowa; PHD 2009 Iowa
Rowe, Jennifer Lynn, Lecturer, English as Second Language, 2012 (2012);
Roy, Christopher, Professor, Art Art History, 1978 (1992); BA 1970 St. Lawrence; MA 1975 Indiana; PHD 1979 Indiana
Roy, Rupali, Clinical Assistant Professor, Internal Medicine, 2014 (2014);
Royer, Nora A., Clinical Assistant Professor, Surgery, 2012 (2012);
Rozencohn, Ronald Michael, Associate Professor, Art Art History, 1991 (1991); BFA 1969 Philadelphia; MFA 1973 Queens
Rubach, Jerzy, Professor, Linguistics, 1990 (1990); MA 1971 Warsaw; PHD 1975 Warsaw
Rubright, William Campbell, Emeritus Professor, Periodontics, 1967 (1979); BA 1957 Westminster-Missouri; DDS 1962 Missouri; MS 1964 Missouri; MS 1965 Chicago
Rudman, Robert Alan, Adjunct Assistant Professor, Oral Maxillofacial Surgery, 2011 (2011); DDS 1988 Loyola; MS 1992 Iowa
Rudolph, Paul H., Adjunct Lecturer, Biology, 1989 (1997); PHD 1976 Michigan
Rueber, Ashlie Anne, Assistant Professor, Military Science, 2014 (2014);
Rummelhart, Jo Anne Marie, Adjunct Assistant Professor, Periodontics, 2009 (2009); DDS 1981 Iowa
Runde, Daniel Patrick, Clinical Assistant Professor, Emergency Medicine, 2014 (2014);
Runde, Mark P., Clinical Adjunct Instructor, Internal Medicine, 1995 (1995); MD 1983 Illinois
Runge, Michael Wayne, Adjunct Instructor, Pharmacy Practice and Science, 2011 (2011); BSPH 1986 Iowa
Runge, Richard M., Emeritus Associate Professor, German, 1964 (1974); BA 1961 Iowa; MA 1963 Iowa; PHD 1967 Iowa
Rupe, Kerri Lynn Arter, Clinical Associate Professor, Nursing, 2000 (2000); BSN 1984 Northeast Missouri; MSN 1994 Clarkson; DNP 2008 Iowa
Ruprecht, Axel, Professor, Anatomy Cell Biology/ Radiology/Oral Path,RadiologyMedicine, 1987 (1987); DDS 1968 Toronto; MSCD 1972 Toronto
Rus, Teodor, Emeritus Professor, Computer Science, 1982 (1993); DMAPH 1965 Romanian Academy
Rushton, Gerard, Emeritus Professor, Geographical and Sustainability Sciences/Health Management Policy, 1969 (1974); BA 1959 Wales-United Kingdom; MA 1962 Wales-United Kingdom; PHD 1964 Iowa
Russell, Bobby, Adjunct Assistant Professor, Preventive Community Dentistry, 2005 (2005); DDS 1988 Loyola - Chicago
Russell, Gary J., Professor, Marketing, 1996 (1999); BA 1976 Virginia; PHD 1985 Chicago

Russo, Andrew F., Professor, Neurology/Physiology, 1988 (2000); BA 1979 California-San Diego; PHD 1984 California-Berkeley

Russo, Mary D., Lecturer, Statistics Actuarial Science, 1983 (2006); MAT 1976 SUNY AT Binghamton

Ruth, Denise, Adjunct Assistant Professor, Pharmacy, 2008 (2008); BSPH 1984 Iowa

Rutkowski, David Thomas, Associate Professor, Anatomy Cell Biology/Internal Medicine, 2008 (2008); BS 1997 Delaware; PHD 2002 California @ San Francisco

Rutledge-Russell, Christine Marion, Professor, Music, 1998 (2010); BA 1984 Curtis Institute of Music; MA 1988 Iowa

Ruyle, Kathleen Ann, Adjunct Instructor, Social Work, 1997 (1997); MSW 1993 Iowa

Ryan, Ginny Lyn, Assistant Professor, Obstetrics Gynecology, 2006 (2009); BS 1995 Cornell; MD 1999 Washington Univ.

Ryan, Soon, Professor, International Programs/Anthropology, 2006 (2010); PHD 1995 Cambridge, UK

Ryckman, Kelli, Assistant Professor, Pediatrics/Epidemiology, 2012 (2012); BS 2003 Iowa State University; MS 2008 Vanderbilt University; PhD 2009 Vanderbilt University

Rydzewski, Francis Chester, Adjunct Lecturer, Management Organizations, 2006 (2009); BA 1973 Rutgers; MBA 1974 Drexel

Ryfe, David, Professor, Journalism Mass Communication, 2014 (2014);

Ryken, Timothy Charles, Adjunct Associate Professor, Neurosurgery/Radiation Oncology, 1998 (2002); MD 1988 Iowa

Rzonca, Chester S., Associate Professor, Educ Policy Leadership Studies/Teaching and Learning, 1972 (1977); BS 1965 Central Connecticut; MA 1967 Morehead State; EDD 1972 Illinois

Sabbagh, Nadia G., Adjunct Instructor, Social Work, 2013 (2013); BA 2003 University of Iowa; MSW 2011 University of Iowa

Sabiston, Charles B., Emeritus Professor, Family Dentistry, 1972 (1977); BS 1953 Wake Forest; DDS 1957 North Carolina; PHD 1968 Virginia

Saboe, Beverly J., Emeritus Assistant Professor, Nursing, 1968 (1973); BSN 1965 Iowa; MN 1971 Washington

Sadler, Anne, Associate Professor, Psychiatry, 2003 (2013); BN 1978 Old Dominion; MS 1980 Virginia Commonwealth; DPHIL 1990 Iowa

Saftlas, Audrey, Professor, Epidemiology, 1998 (2004); BA 1977 Clark; MPH 1979 Michigan; PHD 1986 Johns Hopkins

Sagen, H. Bradley, Emeritus Professor, Educ Policy Leadership Studies, 1964 (1973); BA 1957 Grinnell; PHD 1962 Minnesota

Sah, Rajan, Assistant Professor, Physiology/Internal Medicine, 2013 (2013);

Sahai, Subhash C., Clinical Adjunct Assistant Professor, Family Medicine, 1979 (2002); BS 1967 Pantab; MS 1970 Northern Iowa; MD 1973 Iowa

Saigie, Rup K., Clinical Assistant Professor, Neurology, 2014 (2014);

Sakai, Chiaki, Adjunct Lecturer, International Programs, 2010 (2010); BA 1995 Intl Christian University; AMLS 1999 Hawaii

Sakamoto, Michael, Assistant Professor, Dance, 2015 (2015);

Sakoulas, George, Adjunct Assistant Professor, Internal Medicine, 2011 (2011); MD 1995 Harvard

Salem, Alasager K., Professor, Dows Institute-Research/Chemical Biochemical Engineering/Biomedical Engineering/Pharmaceutical Sciences and Experimental Therapeutics, 2004 (2014); BS 1994 Birmingham UK; PHD 2002 Nottingham, England

Saletta, Meredith Sue, Assistant Professor, Communication Sciences and Disorders, 2014 (2014);

Salgado-Pabon, Wilmar, Assistant Professor, Microbiology, 2013 (2013); BS 2000 Univ. Wisconsin, Madison; MS 2003 Univ. Wisconsin, Madison; PHD 2008 Univ. Wisconsin, Madison

Sallis, Terris C., Adjunct Instructor, Social Work, 2014 (2014);

Salomon, Frank, Adjunct Professor, Anthropology, 2011 (2011); BA 1968 Columbia; MA 1974 Cornell; PHD 1978 Cornell

Saltzman, Charles L., Adjunct Professor, Orthopaedics and Rehabilitation, 1991 (2001); BA 1978 Brown; MD 1985 North Carolina-Chapel Hill

Samani, Kamran, Lecturer, Mechanical Engineering, 2014 (2014);

Samuel, Isaac, Associate Professor, Surgery, 1999 (2009); MD 1981 Bangalore Medical; FRACS 1989 Royal Coll of Physicians Sur

Samuelson, Larissa K., Professor, Psychology, 2000 (2014); BS 1993 Indiana; PHD 2000 Indiana

Samuelson, Megan, Clinical Assistant Professor, Pathology, 2012 (2012);

Sana, Said H., Clinical Adjunct Assistant Professor, Family Medicine, 2014 (2014);
Sanchez, Antonio Jaime, Clinical Associate Professor, Internal Medicine, 2006 (2011); MD 2000 Guayaquil SOM

Sanchez, Jose, Adjunct Associate Professor, Epidemiology, 2003 (2003); BS 1975 Puerto Rico; MD 1979 Puerto Rico; MPH 1981 John Hopkins

Sander, Edward, Assistant Professor, Biomedical Engineering, 2011 (2011); BS 2000 Texas @ Austin; MENG 2004 Tulane; PHD 2006 Tulane

Sander, Heather Anne, Assistant Professor, Geographical and Sustainability Sciences, 2011 (2011); BS 1993 Massachusetts; MA 2005 New Orleans; PHD 2009 Minnesota

Sands, Katrina Marie, Associate Professor, EduC Policy Leadership Studies, 1999 (2005); BA 1987 Louisiana Tech; MA 1989 Louisiana Tech; PHD 1997 Illinois

Sands, Lisa M., Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014);

Sanderson, Wayne T., Adjunct Professor, Epidemiology, 2002 (2005); BA 1977 Missouri; MS 1978 Central Missouri State; PHD 1997 North Carolina

Sandler, Leonard, Clinical Professor, Law-Faculty, 1990 (1997); BS 1978 Northeastern Univ; JD 1981 Maryland

Sandra, Alexander, Emeritus Professor, Anatomy Cell Biology, 1978 (1990); BS 1968 Loyola; MS 1972 DePaul; PHD 1976 Case Western Reserve

Sandrock, James P., Emeritus Professor, German, 1960 (1977); BA 1951 Iowa; MA 1958 Iowa; Phd 1961 Iowa

Santi, Emily A., Adjunct Lecturer, Rehabilitation and Counselor Education, 2012 (2012);

Santillan, Donna A., Assistant Professor, Obstetrics Gynecology, 2010 (2010); BA 1998 Loyola; BS 1998 Loyola; DPHIL 2005 Loyola

Santillan, Mark Kham, Assistant Professor, Obstetrics Gynecology, 2009 (2012); BS 1998 Loyola; MD 2002 Loyola

Sarasin, Daniel Scott, Adjunct Assistant Professor, Oral Pathology, 1993 (1993); DDS 1988 Iowa

Sardzinski, Joel Paul, Adjunct Associate Professor, Family Dentistry, 1999 (2012); BA 1982 Mid America Nazarene; DDS 1994 Missouri-Kansas City

Sargeant, Stephanie Lynne Kuhn, Adjunct Instructor, University College Courses, 2008 (2014); MS 2005 Indiana

Sargent, Daniel, Adjunct Professor, Biostatistics, 2003 (2006); BS 1992 Minnesota; MS 1994 Minnesota; PHD 1996 Minnesota

Sarsour, Ehab Hasan, Adjunct Assistant Professor, Radiation Oncology, 2011 (2011); PHD 2006 Iowa

Sartini-Rideout, Claudia, Lecturer, French Italian, 2009 (2012); MS 1998 Iowa; PHD 2006 Iowa

Sather, Bethany Carol, Adjunct Assistant Professor, Pharmacy, 2007 (2007); PHARMD 2003 Iowa

Satisky, Kevin, Clinical Adjunct Assistant Professor, Psychiatry, 2006 (2006); BS 1996 North Carolina; MD 2001 Brody, East Carolina

Sato, Mariko, Clinical Assistant Professor, Pediatrics, 2014 (2014);

Sato, Yutaka, Professor, Radiology, 1986 (1992); MD 1973 Nippon Medical School-Japan

Sauer, Michael Edward, Associate Professor, Sociology, 2005 (2011); BA 1993 Truman State; MA 1998 Penn State; PHD 2005 Northwestern

Sauers, Sara Thorne, Adjunct Assistant Professor, Interdisciplinary Programs, 2003 (2007); AA 1977 Dupage; BS 1981 Wisconsin-Madison; MA 2003 Iowa

Sauders, Edward J., Associate Professor, Social Work, 1985 (1991); BA 1974 Villanova; MSW 1979 St. Louis; MPH 1985 Pittsburgh; PHD 1985 Pittsburgh

Sauders, Jennifer Beth, Adjunct Instructor, Social Work, 2014 (2014);

Sayler, Morgan Leigh, Clinical Assistant Professor, Pharmacy Practice and Science, 2012 (2012); PHARMD 2008 University of Kansas

Scamman, Franklin L., Emeritus Professor, Anesthesia, 1978 (1995); BS 1966 Kansas; MD 1970 Kansas

Scandrett, Forrest R., Emeritus Professor, Prosthodontics, 1970 (1982); DDS 1965 Iowa; MS 1970 Texas

Schaal, David, Emeritus Professor, Theatre Arts, 1956 (1969); BA 1942 Geneva; MA 1946 Western Reserve

Schabillion, Jeffry T., Emeritus Professor, Biology, 1968 (1980); BS 1965 Iowa State; MA 1967 Kansas; PHD 1969 Kansas

Schacht, Elizabeth Ann Tracy, Adjunct Associate Professor, Nursing, 1979 (2004); BSN 1972 Iowa; MA 1978 Iowa; PHD 2003 Iowa

Schacht, Leslie Carol, Adjunct Lecturer, University College, 2013 (2013);

Schafer, James Michael, Adjunct Instructor, University College Courses, 2005 (2014); BA 1990 Truman State; MA 1996 Memphis

Schafer, Maureen M., Adjunct Instructor, University College Courses, 2005 (2014); BA 1991 Northeast Missouri State; MS 1998 Memphis

Schantz, Mark E., Emeritus Professor, Anesthesia, 1968 (1986); BS 1965 Kansas State; MA 1967 Kansas; PHD 1969 Kansas

Schacht, Elizabeth Ann Tracy, Adjunct Associate Professor, Nursing, 1979 (2004); BSN 1972 Iowa; MA 1978 Iowa; PHD 2003 Iowa

Schacht, Leslie Carol, Adjunct Lecturer, University College, 2013 (2013);

Schiff, Robyn, Associate Professor, English, 2008 (2008); MFA 1999 Iowa; MA 2000 Bristol

Schilling, Keith Edwin, Adjunct Assistant Professor, Earth and Environmental Sciences, 2010 (2010); PhD 2009 Iowa

Schilling, Margo Lin, Clinical Professor, Internal Medicine, 1998 (2010); BA 1981 Wartburg; MD 1985 Iowa

Schinstock, Carrie Ann, Clinical Adjunct Assistant Professor, Internal Medicine, 2012 (2012);

Schlagetter, Grace, Adjunct Lecturer, Accounting, 2014 (2014);

Schlapkohl, Janet Story, Adjunct Assistant Professor, Theatre Arts, 2012 (2012); BS 1980 Iowa State Univ; MA 1999 U of Iowa

Schlechte, Janet A., Professor, Inst for Clinical and Translational Science/Internal Medicine, 1981 (1993); BS 1967 Nebraska; MA 1969 California-Santa Barbara; MD 1975 Nebraska

Schlecht, Christian Bleakly, Adjunct Assistant Professor, Division of Interdisciplinary Program, 2013 (2013);

Schlech, Kevin Thomas, Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2013); PHARMD 2011 Iowa

Schlesinger, Lisa Rachel, Associate Professor, Theatre Arts, 2002 (2014); BA 1985 HAMPSHIRE; MFA 1990 Iowa; MFA 1995 Iowa

Schlichting, Adam Bradford, Clinical Assistant Professor, Emergency Medicine/Internal Medicine, 2013 (2013);

Schlichting, Jennifer A., Adjunct Assistant Professor, Epidemiology, 2014 (2014);

Schlievert, Patrick Michael, Professor, Microbiology/Internal Medicine, 2011 (2011); BA 1971 Iowa; PhD 1976 Iowa

Schlievert, Saralyn, Adjunct Instructor, Preventive Community Dentistry, 2004 (2004); BS 1977 Iowa

Schluckebier, Michael Edward, Adjunct Instructor, University College Courses, 2011 (2014); AB 2004 Drury; MBA 2006 Drury

Schlueter, Annette, Associate Professor, Pathology, 1998 (2004); BS 1984 Valparaiso; MS 1989 Illinois; PhD 1991 Illinois-Urbana; MD 1993 Illinois-Urbana

Schlueter, Renee Jeane, Adjunct Lecturer, Management Organizations, 2009 (2009); MA 1989 St. Louis, English; PHD 1996 St. Louis, English

Schlutter, Morten, Associate Professor, Religion/International Programs, 2003 (2008); BA 1982 Copenhagen; MA 1985 Copenhagen; PhD 1998 Yale

Schmid, Phillip, Emeritus Professor, Internal Medicine, 1968 (1975); BA 1957 Carleton; MD 1961 Chicago

Schmidt, Bridgette Erin, Adjunct Assistant Professor, Pediatric Dentistry, 2010 (2010); DDS 2007 Iowa

Schmidt, Dan L., Adjunct Instructor, Pharmacy, 2002 (2002); BSPH 1979 University of Iowa; BS 1979 Iowa

Schmidt, Frank L., Emeritus Professor, Management Organizations, 1985 (1985); BA 1966 Bellarmine; MS 1968 Purdue; PhD 1970 Purdue

Schmidt, Gregory Alan, Professor, Internal Medicine, 2006 (2006); BA 1977 St. Louis; MD 1981 Chicago

Schmidt, Julius, Emeritus Professor, Art Art History, 1970 (1972); BFA 1953 Cranbrook Academy of Art; MFA 1955 Cranbrook Academy of Art

Schmidt, Renita, Associate Professor, Teaching and Learning, 2011 (2011); PhD 2005 Iowa

Schmidt, Thomas J., Professor, Obstetrics Gynecology/Physiology, 1983 (1999); BA 1969 Delaware; MS 1973 Cornell; PhD 1976 Cornell

Schmidt, Warren, Professor, Internal Medicine, 1992 (2007); BA 1973 Augustana; MS 1974 Illinois; PhD 1978 Illinois; MD 1989 Tennessee

Schmit, Cheri Rochelle Rockhold, Adjunct Assistant Professor, Pharmacy, 2005 (2005); BSPH 1993 Iowa

Schmolck, Johann, Clinical Adjunct Assistant Professor, Internal Medicine, 2007 (2007); MD 1999 Albert Ludwigs Univ. Germany

Schnase, Edward A., Adjunct Assistant Professor, Pharmacy, 2009 (2009); PHARMD 2001 Creighton

Schneider, Galen Belmont, Professor, Prosthodontics, 1999 (2009); BS 1987 Iowa; DDS 1991 Iowa; PhD 1996 North Carolina

Schneider, Kathleen Marie, Adjunct Assistant Professor, Epidemiology, 2009 (2009); MA 1992 Illinois @ Chicago; PhD 1995 Illinois @ Chicago

Schneider, Robert L., Emeritus Professor, Oral Maxillofacial Surgery, 1984 (1999); DDS 1976 Southern California; MS 1983 Iowa
Schnell, Scott R., Associate Professor, Anthropology, 1993 (1999); BS 1976 Ohio State; MS 1979 Ohio State; MA 1987 Ohio State; PhD 1993 Ohio State

Schnell, Thomas, Associate Professor, Electrical-Computer Engineering/Occupational Environmental Health/Industrial Engineering/Neurology, 1998 (2004); BS 1992 Tech-Bern-Switzerland; MS 1994 Ohio; PhD 1998 Ohio

Schneider, Michael John, Assistant Professor, Biomedical Engineering/Biochemistry, 2012 (2012);

Schroebele, Doug, Adjunct Assistant Professor, Earth and Environmental Sciences/Civil-Environmental Engineering, 2000 (2000); PhD 1999 Indiana

Schroer, Lowell A., Emeritus Professor, Management Organizations, 1964 (1971); MS Pennsylvania State; BA 1954 Pennsylvania State

Schoenheit, Deborah Perry, Emeritus Associate Professor, Nursing, 1981 (1988); BSN 1975 Iowa; MA 1982 Iowa; PhD 1990 Iowa

Schoenfelder, Deborah Perry, Emeritus Associate Professor, Nursing, 1983 (2001); BSN 1975 Iowa; MA 1982 Iowa; PhD 1990 Iowa

Schoenwald, Ronald D., Emeritus Professor, Pharmacy, 1978 (1986); BS 1963 Arizona; MS 1969 Purdue; PhD 1971 Purdue

Schoen, Eva Gisela, Adjunct Lecturer, Rehabilitation and Counselor Education/Psych Quant Foundations, 2006 (2006); MA 1996 Northern Iowa; MA 1999 Northern Iowa; PhD 2003 Ball State

Schoen, Harold L., Emeritus Professor, Teaching and Learning/Mathematics, 1974 (1978); BS 1963 Dayton; MS 1966 Indiana; MS 1969 Dayton; PhD 1971 Ohio State

Schoof, Lowell A., Emeritus Professor, Psych Quant Foundations, 1961 (1967); BA 1958 Iowa; MA 1959 Iowa; PhD 1961 Iowa

Scholz, Thomas Dean, Professor, Pediatrics, 1993 (2004); BS 1981 Swarthmore College; MD 1985 Washington

Schoon, Timothy George, Adjunct Instructor, University College, 2010 (2013); BA 1991 Grinnell; MA 1999 Missouri

Schoonbroot, Alice, Assistant Professor, Economics, 2011 (2011); BA 1999 Catholic de Louvain; MA 2000 McGill; PhD 2006 Minnesota

Schootman, Mario, Adjunct Associate Professor, Epidemiology, 1995 (2005); PhD 1992 Iowa

Schopick, Steff B., Adjunct Instructor, Communication Sciences and Disorders, 2012 (2012);

Schrag, Dennis Michael, Adjunct Lecturer, Management Organizations, 2014 (2000); MA 1972 Iowa; EDD 1982 Drake

Schriemer, Leslie Lisbeth, Associate Professor, International Programs/Teaching and Learning, 1989 (1995); BA 1973 California State; MA 1979 Drake; PhD 1989 Ohio State

Schröder, George David, Emeritus Assistant Professor, Division of Interdisciplinary Program, 1966 (1973); BS 1964 Iowa; MA 1965 Iowa

Schrock, Christian E., Emeritus Associate Professor, Internal Medicine, 1974 (1974); BA 1941 Iowa; MD 1944 Iowa

Schroeder, Mary Chen, Assistant Professor, Pharmacy Practice and Science, 2011 (2011); BS 2002 Texas AM; MA 2010 Emory; PhD 2011 Emory

Schroeder, R. Scott, Adjunct Instructor, Pharmacy, 2005 (2005); BS 1977 Luther College; BSPh 1981 Iowa

Schroeder, Thomas J., Clinical Adjunct Assistant Professor, Family Medicine, 1999 (2002); BA 1968 Marquette; MD 1974 Loyola

Schrott, Helmut Gunther, Emeritus Professor, Internal Medicine/Epidemiology, 1973 (1998); BA 1962 Western Reserve; MD 1966 State Univ of NY-Buffalo

Schuchmann, Anne Marie, Adjunct Instructor, Pharmacy Practice and Science, 2011 (2011); BSPh 1983 Iowa

Schueer, Alexander R., Adjunct Instructor, Pharmacy Practice and Science, 2013 (2013);

Schuh, Kathy L., Associate Professor, Psych Quant Foundations/International Programs, 2000 (2006); AA 1979 Bismarck State; BS 1981 North Dakota State; BS 1995 North Dakota State; MS 1996 North Dakota State

Schult, Maria Lynn, Adjunct Instructor, Pharmacy, 2008 (2008); BSPh 2000 Drake

Schulte Moore, Lisa Anne, Adjunct Associate Professor, University College, 2011 (2011); BS 1993 Wisconsin; MS 1996 Minnesota; PhD 2002 Wisconsin

Schultz, Amy E., Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);

Schultz, Jordan L., Adjunct Instructor, Pharmacy Practice and Science, 2013 (2013);

Schultz, Karen Sue, Adjunct Instructor, Pharmacy, 1998 (1998); BS 2000 Iowa

Schultz, Michael King, Associate Professor, Radiology/Radiation Oncology, 2006 (2014); BA 1990 South Florida; MS 1996 Florida State; PhD 2002 Florida State

Schultz, Randall L., Emeritus Professor, Marketing, 1988 (1988); BSc 1965 Ohio State; MBA 1967 Wayne State; PhD 1970 Northwestern

Schultz, Susan Kay, Professor, IA Consortium Substance Abuse/Psychiatry/Internal Medicine, 1995 (2007); BS 1986 Nebraska Wesleyan; MD 1990 Nebraska

Schulz, Rudolph W., Emeritus Professor, Psychology, 1966 (1966); BS 1954 Northwestern; MS 1955 Stanford; PhD 1958 Northwestern

Schulze, Konrad S., Professor, Internal Medicine, 1975 (1991); BS 1965 Munich; MD 1968 Heidelberg

Schutte, Brian C., Adjunct Associate Professor, Pediatrics, 1991 (2005); BS 1983 Creighton; PhD 1988 Wisconsin
Schwab, James C., Adjunct Lecturer, Urban Regional Planning, 2008 (2008); MA 1985 Iowa

Schwabauer, Marian Histand, Emeritus Professor, Pathology, 1971 (1997); BA 1961 Goshen; MA 1975 Iowa; PHD 1990 Iowa

Schwalm, Carla Marourneen, Clinical Adjunct Assistant Professor, Pediatrics, 2012 (2012);

Schwartz, Christopher Elmer, Lecturer, Health and Human Physiology, 2013 (2013);

Schweitzer, John W., Emeritus Professor, Physics Astronomy, 1966 (1978); BA 1960 Thomas More; MS 1962 Cincinnati; PHD 1966 Cincinnati

Schweizer, Marin Leigh, Assistant Professor, Epidemiology/Internal Medicine, 2010 (2012); PHD 2009 Maryland

Schwenker, Robbie L., Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Schweser, G. Carl, Emeritus Associate Professor, Finance, 1976 (1982); BS 1966 Missouri School of Mines; MBA 1968 Missouri; PHD 1976 Georgia

Schwiesow, Tyler Michael, Clinical Adjunct Instructor, Internal Medicine, 2007 (2007); BS 1999 Drake; MD 2003 Iowa

Schwinn, Debra Anne, Professor, Medicine Administration/Pharmacology/Biochemistry/Anesthesia, 2012 (2012);

Sciegienka, Anna, Adjunct Instructor, Pharmacy Practice and Science, 2013 (2013);

Scieszinski, John Joseph, Adjunct Associate Professor, Family Dentistry, 2008 (2008); BS 1977 Iowa; DDS 1981 Iowa

Scott, Eric Christopher, Clinical Adjunct Assistant Professor, Surgery, 2009 (2009); BA 1996 Luther College; MD 2000 Iowa

Scott, Gerald Lee, Emeritus Assistant Professor, Endodontics, 1979 (1979); DDS 1967 University of the Pacific

Scott, John Beldon, Professor, Art Art History, 1982 (1998); BA 1968 Indiana; MA 1975 Rutgers; PHD 1982 Rutgers

Scott, Sally J., Adjunct Assistant Professor, University College Courses/Social Work/Public Policy Center, 2011 (2011); MA 1989 Johns Hopkins; MS 1997 Pennsylvania; PHD 2001 Johns Hopkins

Scott, William Edwin, Emeritus Professor, Ophthalmology Visual Science, 1971 (1979); BA 1959 Iowa; MS 1962 Iowa; MD 1964 Iowa

Scott-Conner, Carol, Professor, Surgery, 1995 (1995); MD 1976 New York University; PhD 1988 Kentucky; BS 1990 Massachusetts Institute of Technology

Scranton, Alec B., Professor, Chemical Biochemical Engineering, 2000 (2000); BS 1984 Iowa; PHD 1990 Purdue

Scudder, Jack D., Professor, Physics Astronomy, 1993 (1993); BA 1969 Williams; MS 1971 Maryland; PHD 1975 Maryland

Scullion, Rosemarie, Associate Professor, Gender, Women’s and Sexuality Studies/Cinema Comparative Literature/International Programs/French Italian, 1987 (1994); BA 1978 Wisconsin-Madison; MA 1982 Wisconsin-Madison; PHD 1987 Wisconsin-Madison

Sculptoreanu, Adrian, Assistant Professor, Physiology, 2014 (2014);

Seaba, Hazel H., Clinical Professor, International Programs/Pharmacy, 1971 (1995); BSpH 1967 Ferris State; MS 1971 Iowa

Seabold, James E., Emeritus Professor, Radiology, 1982 (1996); BS 1964 Michigan State; MD 1968 Michigan

Seaman, Walter I., Associate Professor, Mathematics/Teaching and Learning, 1983 (1991); BA 1976 Beloit; PHD 1982 Massachusetts

Sebag, Julien Albert, Assistant Professor, Physiology, 2014 (2014);

Seebohm, Paul M., Emeritus Professor, Internal Medicine, 1949 (1959); BA 1938 Cincinnati; MD 1941 Cincinnati

Seering, Melinda, Clinical Assistant Professor, Anesthesia, 2011 (2011); MD 2002 Iowa

Seetharam, M. R., Adjunct Associate Professor, International Programs, 2009 (2009); MENG 1974 univsity of Pune; MBBS 1989 Mysore University; MS 1996 PGIMER, Chandigarh

Seetharam, Sridevi, Adjunct Associate Professor, International Programs, 2009 (2009); MD 1996 Pimer, Chandigarh; MA 2007 Katholieke, Leuven

Segal, Neil A., Associate Professor, Biomedical Engineering/Epidemiology/Radiology, 2004 (2009); BA 1994 Brown; MD 2000 Vanderbilt; MS 2008 Iowa

Segar, Jeffrey L., Professor, Pediatrics, 1992 (2004); BS 1982 Wisconsin-Madison; MD 1986 Wisconsin-Madison

Segre, Lisa Sharon, Associate Professor, IA Consortium Substance Abuse/Nursing, 1998 (2014); BA 1979 Mount Holyoke; MA 1981 Maryland; PHD 1993 Illinois-Urbana Champaign

Seibert, Scott Edward, Professor, Management Organizations, 2008 (2014); BS 1983 State University of New York; MS 1988 Cornell University; PHD 1994 Cornell University

Seiffert, Melinda Teresa, Adjunct Lecturer, Management Organizations, 2011 (2011); BA 1994 Iowa; MBA 2003 Iowa
Seim, Arne Rolf, Lecturer, French Italian, 2005 (2005); BS 1982 IOWA STATE; BA 1989 IOWA; MA 2004 South Dakota

Selby, John C., Assistant Professor, Dermatology, 2014 (2014);

Semken, Holmes A., Emeritus Professor, Earth and Environmental Sciences, 1965 (1973); BS 1958 Texas; MS 1960 Texas; PhD 1965 Michigan

Sen Gupta, Ananya, Assistant Professor, Electrical-Computer Engineering, 2012 (2012);

Seo, Seongjin, Assistant Professor, Ophthalmology Visual Science, 2011 (2011); PhD 2005 Washington St Louis

Serrano Russi, Alvaro, Clinical Assistant Professor, Pediatrics, 2011 (2011); MD 2002 Military Neuva Granada

Sertterh, Jennie L., Adjunct Instructor, Health and Human Physiology, 2001 (2001); BS 1996 Southern Illinois; MED 1998 Nebraska

Sessions, Jennifer E., Associate Professor, History, 2005 (2011); AB 1996 Harvard; PhD 2005 Pennsylvania

Severidt, Larry A., Clinical Adjunct Associate Professor, Family Medicine, 1987 (2001); MD 1977 Iowa

Sexton, Jonathan Merle, Adjunct Instructor, University College, 2006 (2013); BA 2004 Central College; MA 2006 Iowa

Seyfer, James William, Adjunct Lecturer, University College, 2007 (2013); BA 1974 Iowa; MPA 1975 The American University; MA 1986 Iowa

Seyfer, Jennifer Lee, Clinical Instructor, Pharmacy Practice and Science, 2014 (2014); BSPH 1979 Drake University

Shadur, Craig A., Clinical Adjunct Associate Professor, Internal Medicine, 1981 (1996); MD 1974 Iowa

Shaffer, Michael A., Adjunct Instructor, Physical Therapy/Health and Human Physiology, 2003 (2003); BS 1992 Iowa; MS 1994 Beaver College

Shafiq, Muhammad Zubair, Assistant Professor, Computer Science, 2014 (2014);

Shah, Apurva Surendra, Assistant Professor, Orthopaedics and Rehabilitation, 2012 (2012);

Shah, Divya Kelath, Clinical Assistant Professor, Obstetrics Gynecology, 2012 (2012);

Shahid, Khadija S., Clinical Assistant Professor, Ophthalmology Visual Science, 2011 (2011); BS 1999 Pennsylvania; OD 2002 Pennsylvania

Shaik, Jaffar, Clinical Adjunct Assistant Professor, Pediatrics, 2001 (2001); MD 1993 Royal College London

Shaik, Shalina, Clinical Assistant Professor, Family Medicine, 2011 (2014); MBBS 2000 Gandhi, India; MD 2004 Kakatiya, India

Shammas, Nicolas W., Clinical Adjunct Associate Professor, Internal Medicine, 2000 (2006); MD 1987 American

Shane, Dan M., Assistant Professor, Economics/Public Policy Center/Health Management Policy, 2012 (2012);

Sharp, Jamie Dee, Emeritus Associate Professor, Dentistry Administration, 1995 (1994); BA 1976 San Francisco State; MS 1978 Iowa

Sharp, Victoria Jean Allen, Clinical Professor, Family Medicine/Urology, 2002 (2010); BS 1983 George Mason; MD 1993 Arizona; MBA 2003 Iowa

Shasby, Douglas Michael, Emeritus Professor, Internal Medicine, 1982 (1989); BA 1967 Duke; MD 1973 Duke

Shaw, Ian Kelloreen, Adjunct Instructor, Family Dentistry, 2010 (2010); BA 2001 Iowa; DDS 2005 Iowa

Shaw, Kelly B., Adjunct Lecturer, Political Science, 2012 (2012);

Shaw, Rebecca D., Clinical Adjunct Associate Professor, Obstetrics Gynecology, 1999 (1999); MD 1975 Iowa

Shaw, Robert F., Adjunct Assistant Professor, Pharmacy Practice and Science, 2005 (2005); PHARMD 1994 Illinois; MPH 2004 South Florida

Shaw, Scott K., Assistant Professor, Chemistry, 2012 (2012);

Shchelochkov, Oleg Anatolyevich, Assistant Professor, Pediatrics, 2009 (2009); MD 1997 Tashkent, USSR

Shea, Christine Elizabeth, Assistant Professor, Spanish Portuguese, 2010 (2010); BA 1996 Concordia, Canada; MA 2003 CEIE-UNAMJ, Mexico; PhD 2010 Calgary, Canada

Shea, Madeline A., Professor, Biochemistry, 1989 (2002); BS 1977 California Inst of Technology; PhD 1984 Johns Hopkins

Sheeley, Neal, Clinical Adjunct Assistant Professor, Family Medicine, 2007 (2007); MA 1984 Loras College

Sheerin, Caroline, Lecturer, Law-Faculty, 2006 (2006); BA 1993 Barnard, Columbia; MA 1996 Washington; JD 1999 Michigan

Sheets, Frank Ryan, Adjunct Lecturer, Management Organizations, 2014 (2014);

Sheetz, Carolita Theresa, Adjunct Lecturer, Nursing, 2003 (2007); BSN 1989 Mt. Pleasant; MS 1999 Iowa

Sheffield, Val C., Professor, Pediatrics, 1990 (1998); MS 1974 Brigham Young; BS 1977 Brigham Young; PHD 1983 Chicago; MD 1985 Chicago

Sheldon, Daniel S., Emeritus Associate Professor, Teaching and Learning, 1973 (1980); BS 1960 Northern State; MS 1961 Northern State; PhD 1973 Iowa

Shelman, Rick Allen, Clinical Adjunct Assistant Professor, Surgery, 1999 (1999); MD 1990 Iowa
Shelton, Vanessa, Adjunct Assistant Professor, Journalism Mass Communication, 2001 (2007); BA 1977 COE; MA 1994 Iowa; PHD 2007 Iowa

Shen, Helen, Professor, International Programs/Asian Slavic Languages Literature, 2002 (2014); BA 1981 Ningbo, China; MA 1990 Zhejiang, China; PHD 1997 Nevada-Reno

Shen, Rani, Adjunct Assistant Professor, Pharmacy Practice and Science, 2007 (2007); PHARM 2005 Iowa

Shen, Wendy, Clinical Assistant Professor, Family Medicine, 2005 (2008); MD 1992 Beijing Medical

Shepardson, Richard D., Emeritus Professor, Teaching and Learning, 1972 (1981); BA 1960 Chico State; MA 1968 San Jose State; PHD 1972 Texas

Shepherd, Rhoda, Adjunct Instructor, Nursing, 1995 (1995); MA 1976 Iowa

Shepley, Alan Martin, Adjunct Instructor, Pharmacy, 1997 (1997); BPSH 1971 Iowa

Sherer, Jennifer Kristene, Adjunct Lecturer, University College, 2009 (2009); BA 1995 Oberlin; MA 2001 Iowa; PHD 2008 Iowa

Shetty, Mahesh, Clinical Adjunct Assistant Professor, Internal Medicine, 2011 (2011); MBBS 1999 Univ of Bombay, Bombay, India; MBBS 1999 Bombay, India

Shemy, Kathleen Suzanne, Adjunct Instructor, Social Work, 2007 (2007); BSW 1995 Iowa; MSW 1999 Iowa

Shi, Qian, Adjunct Associate Professor, Biostatistics, 2014 (2014);

Shian, Brian Xian, Clinical Assistant Professor, Family Medicine, 2011 (2011); MD 1991 Luzhou, China; MPAS 2007 Iowa

Simon, Christian, Associate Professor, Internal Medicine/Anthropology, 2008 (2008); PHD 1997 California

Simon, Giselle A., Adjunct Instructor, Interdisciplinary Programs, 2014 (2014);

Simon, J. Richard, Emeritus Professor, Industrial Engineering/Psychology, 1957 (1968); BBA 1951 Wisconsin; MA 1953 Wisconsin; PHD 1955 Wisconsin

Simon, Jonathan K., Emeritus Professor, Mathematics, 1969 (1980); AB 1964 Columbia; MA 1965 Wisconsin; PHD 1969 Wisconsin

Simonds, Vanessa W., Adjunct Assistant Professor, Community Behavioral Health, 2011 (2011); SCM 2005 Harvard; SCD 2009 Harvard

Simpson, Christopher Miles, Adjunct Instructor, Pharmacy, 2005 (2005); BSPH 1991 Iowa

Sims, Hallie Jean, Assistant Professor, Earth and Environmental Sciences, 2005 (2005); PHD 2000 Chicago

Sindler, Amy Lynn, Assistant Professor, Health and Human Physiology, 2014 (2014);

Sindt, Christine W., Clinical Associate Professor, Ophthalmology Visual Science, 1997 (2007); BS 1990 State Univ of NY-Geneseo; OD 1994 Ohio State

Singer, Jane B., Associate Professor, Journalism Mass Communication, 1999 (2005); MA 1990 New York; PHD 1996 Missouri-Columbia

Singh, Baljit, Adjunct Instructor, Preventive Community Dentistry, 2010 (2010); DMD 1990 Boston

Singh, Bhupinder, Adjunct Assistant Professor, Health and Human Physiology, 2013 (2013); BSPT 2007 Guru Nanak Dev University

Singh, Madhu V., Assistant Professor, Internal Medicine, 2009 (2009); BSC 1981 Gorakhpur, India; MSc 1986 GBP, Ag Tech, India; PHD 1995 Alberta, Canada

Singh, Manmohan, Clinical Adjunct Assistant Professor, Psychiatry, 1987 (1991); MD 1979 Magadh-India

Singh, Namrata, Clinical Assistant Professor, Internal Medicine, 2013 (2014);

Singh, Sarabdeep, Adjunct Assistant Professor, Health Management Policy, 2007 (2013); MAE 1991 Punjab; MS 1995 Western Michigan

Sinha, Sushmita, Assistant Professor, Pathology, 2013 (2014);

Sinn, Patrick Ladd, Associate Professor, Pediatrics, 2009 (2014); PHD 1999 Iowa

Siochi, R. Alfredo C., Clinical Adjunct Associate Professor, Physics Astronomy/Electrical-Computer Engineering, 2005 (2014); BS 1985 Ateneo de Manila; MS 1988 Virginia Tech; PHD 1990 Virginia Polytech Institute; MS 1995 Cincinnati

Sipla, Justin Scott, Lecturer, Anatomy Cell Biology, 2010 (2010); MS 2004 Stony Brook University; MPHIL 2004 Stony Brook University; PHD 2007 Stony Brook University

Sitzman, Scott J., Adjunct Assistant Professor, Pharmacy Practice and Science, 2002 (2002); BS 1996 South Dakota State; PHARMD 1998 South Dakota State

Sivitz, William I., Professor, Internal Medicine, 1987 (2001); BS 1966 Pittsburgh; MD 1972 Hahnemann

Sjolund, Richard D., Emeritus Professor, Biology, 1968 (1997); BS 1963 Wisconsin; PHD 1968 California-Davis

Skeete, Dionne A., Clinical Associate Professor, Surgery, 2001 (2010); MD 1996 Washington-St. Louis

Skelly Kuehn, Kelly Sue, Clinical Associate Professor, Family Medicine, 2002 (2010); BS 1988 Iowa; MD 1992 Iowa

Skemp, Lisa, Adjunct Associate Professor, International Programs/Nursing, 2002 (2008); BS 1977 Viterbo; MA 1998 Iowa; PHD 2002 Iowa

Skibbe, Adam, Adjunct Instructor, University College Courses, 2014 (2014);

Skinner, Beth Ann, Adjunct Assistant Professor, Social Work, 2011 (2011); BA 1997 Iowa; MSW 2006 Iowa; DR 2010 Iowa

Skinner, Donald Leigh, Clinical Adjunct Professor, Family Medicine, 2014 (2014);

Skinstad, Anne H., Clinical Associate Professor, Community Behavioral Health, 1993 (2006); BA 1971 Bergen; PSYD 1977 Bergen
Skoff, Rachel Ann, Adjunct Assistant Professor, Pharmacy Practice and Science, 2010 (2013); PHARMD 2010 Iowa

Skogsbergh, James H., Adjunct Professor, Health Management Policy, 1990 (2014); MA 1982 Iowa

Skopec, Gregory S., Clinical Associate Professor, Obstetrics Gynecology, 2002 (2013); BA 1984 Northern Iowa; MD 1990 Iowa

Skopec, Mary P., Adjunct Assistant Professor, Geographical and Sustainability Sciences, 2001 (2001); PHD 1999 Iowa

Skotowski, M. Catherine, Clinical Assistant Professor, Pediatric Dentistry, 1995 (2012); AS 1978 Southeastern Comm College; BS 1981 Iowa; MS 1991 Iowa

Slaton, Yvonne L., Emeritus Associate Professor, Health, Sport Studies, 1964 (1981); BS 1960 Middle Tennessee State; MS 1965 North Carolina; PHD 1970 Iowa

Slaughter, Wendi Sue, Adjunct Assistant Professor, Pharmacy, 2007 (2007); BS 1991 Iowa State; PHARM 2001 Iowa

Slavin, Michael J., Clinical Adjunct Assistant Professor, Internal Medicine, 2000 (2000); MBA 1997 Widener

Slinker, Whitney Barbara, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Slonneger, Kenneth Ray, Adjunct Lecturer, Computer Science, 1982 (1999); PHD 1971 Illinois; MS 1984 University of Iowa

Sloven, Daniel, Clinical Adjunct Assistant Professor, Pediatrics, 2002 (2002); BS 1979 Stanford; MD 1984 Case Western Reserve

Sluka, Kathleen A., Professor, Physical Therapy/Nursing, 1996 (2006); BS 1985 Georgia State; PHD 1993 Texas-Galveston

Slusarski, Diane C., Professor, Biology, 1998 (2010); BA 1986 Illinois-Urbana; BS 1986 Illinois-Urbana; PHD 1993 Northwestern

Small, Arnold M. Jr., Emeritus Professor, Psychology/Communication Sciences and Disorders, 1958 (1964); BA 1951 San Diego State; MS 1953 Wisconsin; PHD 1954 Wisconsin

Small, Gary, Professor, Chemistry, 2002 (2002); BS 1979 North Carolina; PHD 1984 Pennsylvania State

Smelser, Jamie Michelle, Adjunct Associate Professor, Pharmacy/Physical Therapy, 2008 (2008); BSPH 1994 Iowa; PHARMD 1996 Iowa

Smidt, Gary L., Emeritus Professor, Physical Therapy, 1969 (1977);

Smith, Amanda Marie, Adjunct Assistant Professor, Pharmacy, 2007 (2007); PHARMD 2005 Iowa

Smith, Amanda Sue, Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);

Smith, Ann E., Adjunct Assistant Professor, Nursing, 2004 (2004); BSN 1989 Mount Mercy; MSN 2000 MN School of Anesthesia

Smith, Brian Joseph, Associate Professor, Biostatistics, 2001 (2008); BA 1993 St. Louis; MS 1995 Texas @ Austin; PHD 2001 Iowa

Smith, Brian Geoffrey, Adjunct Assistant Professor, Communication Studies, 2014 (2014);

Smith, Carol Marie, Clinical Associate Professor, Rehabilitation and Counselor Education, 2008 (2014); BS 1986 North Dakota State; MS 1992 Western Illinois; PHD 2007 Iowa

Smith, Daryl Dee, Adjunct Professor, University College, 2009 (2009); AA 1958 Keokuk Community; BA 1960 Iowa; PHD 1967 South Dakota

Smith, Donald D., Emeritus Professor, Journalism Mass Communication, 1980 (1980); BA 1955 Szczecin; MA 1957 Nebraska; PHD 1964 North Carolina

Smith, Dorothy L., Adjunct Associate Professor, Pharmacy, 2005 (2005); PHARMD 1972 Cincinnati

Smith, Edgar, Adjunct Associate Professor, Preventive Community Dentistry, 2007 (2010); DDS 1965 Iowa

Smith, Elaine M., Professor, Epidemiology/Preventive Community Dentistry/Obstetrics Gynecology, 1979 (1998); BA 1968 Ohio State; MPH 1971 Michigan; PHD 1977 State Univ of New York-Buffalo

Smith, Frederick M., Professor, Asian Slavic Languages Literature/International Programs/Religion, 1989 (2008); BA 1969 Coe; MA 1976 Poona-India; PHD 1984 Pennsylvania

Smith, Hayden Lee, Clinical Adjunct Assistant Professor, Internal Medicine, 2012 (2012);

Smith, J. Christopher, Adjunct Instructor, University College Courses, 2002 (2014); BA 1973 Saginaw Valley State; MA 1984 Iowa; MSW 1993 Iowa

Smith, Jeffrey J., Emeritus Associate Professor, Pediatrics, 1988 (1995); BA 1972 Minnesota; MD 1976 Mayo Medical

Smith, Jessica Purcell, Adjunct Assistant Professor, Pharmacy, 2008 (2008); MPH 2006 Iowa

Smith, Jessica, Clinical Assistant Professor, Surgery, 2009 (2009); MD 2003 California-Davis

Smith, Jill Kay, Adjunct Assistant Professor, Management Organizations, 2007 (2011); BGS 1983 IOWA; MA 2002 Iowa; PHD 2010 Iowa

Smith, Jordan Andrew, Lecturer, Religion, 2008 (2008); BA 2000 Memphis; MA 2002 Florida State; PHD 2008 Florida State

Smith, Julie Cobb, Adjunct Instructor, Interdisciplinary Programs, 2004 (2006); BA 1995 North Carolina State; MA 1997 Chicago

Smith, Kelly, Clinical Instructor, Nursing, 1998 (2006); MSN 1993 St Louis

Smith, Leighton A., Adjunct Lecturer, Finance, 2012 (2012); AB 2004 University of Chicago
Smith, Marianne, Associate Professor, Nursing, 1984 (2013); BSN 1978 Iowa; MS 1983 Colorado; PHD 2006 Iowa

Smith, Mark Charles, Clinical Associate Professor, Radiation Oncology, 2004 (2012); BS 1993 Iowa State; MD 1999 Iowa

Smith, Paul Russell, Adjunct Assistant Professor, Oral Maxillofacial Surgery, 2005 (2005); DDS 1984 Maryland

Smith, Richard J., Professor, Anatomy Cell Biology/Otolaryngology-Head Neck Surgery/Internal Medicine/Physiology/Pediatrics, 1990 (1990); BA 1974 Rice; MD 1977 Baylor

Smith, Robert E., Emeritus Associate Professor, Psychiatry, 2001 (2001); BS 1964 Iowa State; MD 1969 Iowa

Smith, Tara C., Adjunct Associate Professor, Epidemiology, 2004 (2012); BS 1998 Yale; PHD 2002 Ohio

Smith, Trisha Ann, Adjunct Assistant Professor, Pharmacy, 2000 (2000); PHARM 1998 Iowa

Smock, Justin Wade, Clinical Assistant Professor, Internal Medicine, 2011 (2011); BA 2003 Northwestern; MD 2007 Iowa

Smoker, Wendy Rue, Emeritus Professor, Neurosurgery/Radiology, 2001 (2001); BS 1971 Iowa; MS 1972 Iowa; MD 1977 Iowa

Smolikove, Sarit, Assistant Professor, Biology, 2009 (2009); BS 1998 Tel Aviv; BSC 1997 Tel Aviv University; MS 2000 Tel Aviv; PHD 2004 Tel Aviv

Smoot, Milton Kyle, Clinical Associate Professor, Family Medicine/Orthopaedics and Rehabilitation/Pediatrics, 2009 (2013); BS 2000 Louisville, Kentucky; MD 2005 Wright State, OH

Snetselaar, Linda G., Professor, Internal Medicine/Epidemiology, 1985 (2005); BS 1972 Iowa State; MS 1975 Iowa; PHD 1983 Iowa

Snider, Alvin, Associate Professor, English, 1986 (1992); BA 1977 Toronto; MA 1978 Toronto; PHD 1984 Chicago

Snider, Jacqueline, Adjunct Instructor, Library Information Sciences, 2007 (2007); BA 1975 Toronto; AMLS 1977 Toronto

Snitzer, James G., Professor, Interdisciplinary Programs/Art Art History, 1976 (2007); BA 1973 Calif-Los Angeles; MFA 1976 Art Inst of Chicago

Snow, Anthony Nicholas, Clinical Assistant Professor, Pathology, 2014 (2014);

Snyder, Jeanne M., Emeritus Professor, Anatomy Cell Biology/Pediatrics, 1988 (1993); BS 1968 Northwestern; PHD 1972 Pennsylvania

Snyder, Peter M., Professor, Physiology/Internal Medicine, 1996 (2004); BA 1984 Luther; MD 1989 Iowa

Sobocinski, Nicholas John, Adjunct Instructor, University College, 2010 (2013); BS 2009 Iowa

Soboroff, Shane Drew, Adjunct Assistant Professor, Sociology, 2012 (2013); BA 2002 IOWA

Sodawasser, Sara, Adjunct Instructor, Preventive Community Dentistry, 2003 (2003); BS 1988 University of Iowa

Sokoloff, Greta, Adjunct Assistant Professor, Psychology, 2012 (2012); PHD 2001 Univ of Iowa

Sokratova, Olga, Lecturer, Mathematics, 2001 (2007); BS 1994 TARTU; MS 1994 TARTU; PHD 2001 TARTU

Soldat, Lisa Gail, Clinical Adjunct Assistant Professor, Family Medicine, 2008 (2010); BA 1980 School for Internl Training; MS 1983 Minnesota; MD 1991 Virginia

Soliz, Peter, Adjunct Associate Professor, Ophthalmology Visual Science, 2007 (2007); BS 1966 Oklahoma City; MS 1971 Oklahoma; PHD 1977 Oklahoma

Soll, David R., Professor, Biology, 1972 (1982); BA 1964 Wisconsin; MA 1968 Wisconsin; PHD 1969 Wisconsin

Solomon, Allison, Adjunct Instructor, Preventive Community Dentistry, 2006 (2006); DDS 2002 Colorado School of Dentistry

Solomons, Gerald, Emeritus Professor, Pediatrics, 1962 (1969); MD 1943 Royal College-Edinburgh

Solomons, Hope, Emeritus Professor, Pediatrics, 1962 (1969); MD 1943 Royal College-Edinburgh

Solt, Frederick, Assistant Professor, Political Science, 2012 (2012);

Somek, Alexander, Professor, Law-Faculty/International Programs, 2002 (2003); LLM 1984 Vienna; JD 1984 Vienna

Somek, Daniele Sabine, Lecturer, Spanish Portuguese, 2010 (2014); BA 2007 Iowa; MA 2010 Iowa

Somers, Douglas L., Clinical Associate Professor, Internal Medicine, 1992 (2002); BS 1982 Washington; MD 1986 St. Louis
Sommerfeldt, Amanda C., Adjunct Instructor, Family Medicine, 2014 (2014);
Sommers, James H., Adjunct Instructor, Preventive Community Dentistry, 2002 (2002); BA 1950 Iowa; DDS 1952 Iowa
Song, Long-Sheng, Associate Professor, Internal Medicine, 2006 (2012); MD 1993 North China Coal; MS 1996 Kunning Medical China
Sonka, Milan, Professor, Ophthalmology Visual Science/Radiation Oncology/Electrical-Computer Engineering, 1990 (2000); MS 1979 Prague; PhD 1983 Prague
Sonkovu, Jitka, Lecturer, Asian Slavic Languages Literature, 1998 (2006); MA 1981 Charles; EDD 1982 Charles; PhD 1996 Charles
Sonnevile, Diane E., Adjunct Instructor, Social Work, 1996 (1996); MSW 1985 Iowa
Sorensen, Stephen Martin, Clinical Adjunct Assistant Professor, Family Medicine, 2009 (2009); BS 1989 Iowa; MD 1995 Iowa College of Medicine
Sorenson, Mark Kevin, Adjunct Assistant Professor, Pharmacy, 1987 (2002); BPHS 1982 Iowa; BS 1982 Iowa
Sorenson, Susan R., Adjunct Instructor, Pharmacy, 1997 (1997); BS 1983 Iowa; BSPh 1983 Iowa
Sorofman, Bernard A., Professor, Pharmacy, 1984 (2001); BA 1972 Nevada; BS 1979 Oklahoma; PhD 1984 Minnesota
Sosale, Sujatha, Associate Professor, Division of Interdisciplinary Program/International Programs/Journalism Mass Communication, 2003 (2007); MS 1986 Bangalore, India; MS 1990 Purdue; PhD 1996 Minnesota
Souder, William, Adjunct Instructor, University College Courses, 2014 (2014);
Sougstad, Sarah Clarissa, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);
Sookup, Maurita, Adjunct Assistant Professor, Nursing, 1981 (1991); BSN 1973 Marycrest College; MSN 1975 Alabama-Birmingham; PhD 1989 The Catholic Univ of America
Southard, Karin A., Emeritus Professor, Orthodontics, 1990 (2000); BS 1975 Ohio State; DDS 1981 Medical College of Virginia; MS 1986 Northwestern
Southard, Thomas E., Professor, Orthodontics, 1990 (2000); BS 1973 Old Dominion; MS 1974 Ohio State; DDS 1980 Medical College of Virginia; MS 1988 Tennessee
Spading, Kimberly A., Adjunct Instructor, Pharmacy, 2002 (2002); BS 1996 Iowa; BSPh 1996 Iowa
Spaight, Paula Marie, Adjunct Instructor, Preventive Community Dentistry, 2009 (2009); MA 2009 New Mexico
Spak, Scott Nathan, Assistant Professor, Urban Regional Planning/Civil-Environmental Engineering/Public Policy Center, 2011 (2011); BA 2000 Dartmouth; PhD 2009 Wisconsin
Spangler, Heather Jean, Adjunct Instructor, Journalism Mass Communication, 2008 (2008); BA 2003 Iowa; MA 2005 Iowa
Spangler, Steven R., Professor, Physics Astronomy, 1982 (1988); MS 1972 Iowa; BA 1972 Iowa; PhD 1975 Iowa
Spannagel, Angela Michelle, Adjunct Assistant Professor, Pharmacy Practice and Science, 2010 (2010); PHARMD 2009 Iowa
Spaulding, Sarah Ann, Adjunct Assistant Professor, University College, 2012 (2012); BA 1982 University of Colorado; MS 1990 Colorado State University; PhD 1996 Colorado State University
Spaziani, Eugene, Emeritus Professor, Biology/Health and Human Physiology, 1959 (1968); BA 1952 UCLA; MA 1954 UCLA; PhD 1958 UCLA
Spear, Richard H., Adjunct Instructor, University College Courses, 2005 (2014); BA IOWA
Spear, Steven, Assistant Professor, Urban Regional Planning, 2014 (2014);
Specht, Janet Kay Pringle, Emeritus Professor, Nursing, 1984 (2009); BSN 1973 Iowa; MA 1981 Iowa; PHD 1996 Iowa
Spector, Arthur A., Emeritus Professor, Biochemistry/Internal Medicine, 1968 (1975); BA 1956 Pennsylvania; MD 1960 Pennsylvania
Spector, Michael, Adjunct Associate Professor, Family Dentistry, 2005 (2014); BS 1992 Binghamton; DMD 1999 Temple; MS 2002 Columbia
Spencer, John P., Professor, Psychology, 1997 (2009); BSC 1991 Brown; PhD 1998 Indiana
Sperry, Steven Matthew, Clinical Assistant Professor, Otolaryngology-Head Neck Surgery, 2014 (2014);
Spieker, Ruth D., Clinical Assistant Professor, Oral Path, Radiology, Medicine, 2002 (2002); BA 1979 Toronto; DDS 1983 Toronto
Spies, Leon Fred, Adjunct Lecturer, Law-Faculty, 2005 (2005); BBA 1972 Iowa; JD 1975 Iowa

Stensvaag, John-Mark, Professor, Law-Faculty, 1987 (1987); BA 1969 Augsburg; JD 1974 Harvard

Stephan, Jean-Marie, Clinical Assistant Professor, Obstetrics Gynecology, 2014 (2014);

Stephens, Lindsey J., Adjunct Instructor, Pharmacy, 2003 (2003); BSPh 1998 Drake

Stephens, Ralph I., Emeritus Professor, Mechanical Engineering, 1965 (1972); BS 1957 Illinois; MS 1960 Illinois; PHD 1965 Wisconsin

Stern, Ann Lynnette, Adjunct Instructor, Communication Sciences and Disorders, 2012 (2012);

Stern, Gerald D., Emeritus Professor, Creative Writing, (1994);

Stevens, Hanna, Assistant Professor, Psychiatry, 2014 (2014);

Stevens, Lewis Lee, Assistant Professor, Pharmacy, 2012 (2012);

Stevenson, Chad Bruce, Adjunct Assistant Professor, Family Dentistry, 2010 (2010); DDS 1988 Iowa

Stewart, David E., Professor, Mathematics, 1998 (2006); BSC 1983 Univ of Queenslands-Australia; BE 1983 Univ of Queensland-Australia; PHD 1990 Univ of Queensland-Australia

Stewart, Garrett, Professor, English, 1992 (1992); BA 1967 USC; MPHIL 1970 Yale; PHD 1971 Yale

Stewart, Greg L., Professor, Management Organizations, 2002 (2008); BS 1993 Brigham Young; PHD 1993 Arizona State

Stewart, Kathleen, Associate Professor, Geographical and Sustainability Sciences, 2007 (2010); BA 1982 McMaster; MS 1984 British Columbia; PHD 1999 Maine

Stewart, Mary, Emeritus Assistant Professor, Nursing, 1974 (1983);

Stewart, Zoe Ann, Clinical Assistant Professor, Surgery, 2009 (2009); PHD 2000 Vanderbilt; MD 2002 Vanderbilt

Steyers Jr., Curtis M., Adjunct Professor, Orthopaedics and Rehabilitation, 1985 (1994); BS 1971 Bucknell; MD 1975 Temple

Stier, Amy Christine, Clinical Associate Professor, Pediatrics, 2007 (2013); BA 1999 Minnesota; MD 2003 Iowa

Stigler, George Lee, Adjunct Lecturer, Law-Faculty, 2005 (2005); BA 1972 Northern Iowa; JD 1975 Iowa

Stille, Dale E., Adjunct Instructor, Physics Astronomy, 1999 (1999); BS 1975 Buena Vista; MS 1979 Iowa

Stilley, Joshua David, Clinical Assistant Professor, Emergency Medicine, 2013 (2013);

Stineman, Anita M. Thomas, Clinical Associate Professor, Nursing, 2001 (2004); BSN 1974 Iowa; MSN 1990 Missouri; PHD 2003 Iowa

Stipp, Christopher, Associate Professor, Physiology/Biology, 2003 (2010); BS 1989 Indiana; PHD 1996 MA Institute of Tech

Stoakes, Christopher David, Lecturer, Civil-Environmental Engineering, 2011 (2011); BSE 2003 Iowa; ME 2007 Massachusetts Inst; PHD 2011 Illinois

Stoakes, Kim M., Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHARM D 1986 Idaho State

Stock, Suzanne E., Adjunct Assistant Professor, Orthodontics, 2009 (2009); AB 2003 Carleton; DDS 2007 Iowa; MS 2009 Iowa

Stockdale, Crystal Vermeille, Adjunct Instructor, University College Courses, 2010 (2013); BA 2003 Northern Iowa; MBA 2011 The University of Iowa

Stolpen, Alan Howard, Associate Professor, Radiology, 1999 (1999); PHD 1988 Harvard; MD 1988 Harvard

Stoltz, David, Associate Professor, Internal Medicine/Physiology/Biomedical Engineering, 2007 (2013); BA 1993 Mississippi; PHD 1998 Louisiana State; MD 2000 Louisiana State

Stoltzfus, Conrad M., Emeritus Professor, Microbiology, 1979 (1985); BA 1966 Colorado; PHD 1971 Wisconsin

Stone, Elizabeth Anne, Assistant Professor, Chemistry, 2010 (2010); BA 2005 Grinnell; PHD 2009 Wisconsin-Madison

Stone, Mary S., Professor, Dermatology/Pathology, 1986 (2002); BS 1978 Baylor; MD 1981 Baylor

Stone, R. Eric, Associate Professor, Theatre Arts, 2008 (2011); BA 1989 Lewis Clark; MFA 1994 Ohio

Stoner, James, Emeritus Associate Professor, Civil-Environmental Engineering/Urban Regional Planning, 1974 (1981); BS 1966 Iowa State; MS 1972 Iowa; PHD 1977 Northwestern

Storm, Douglas William, Clinical Assistant Professor, Pediatrics/Urology, 2012 (2012);

Stormoen, Doris J., Clinical Adjunct Assistant Professor, Psych Quant Foundations, 2009 (2009); BS 1975 Wisconsin Stevens Pt; MS 1984 Wisconsin - Madison; PHD 1992 Wisconsin - Madison

Storrs, Landon, Associate Professor, History, (2012);

Stover, Peggy Elizabeth, Lecturer, Marketing, 2013 (2013);

Strack, Stefan, Professor, Pharmacology/Pathology, 2000 (2012); BS 1985 Wurzburg; MS 1988 State Univ of New York-Albany; PHD 1991 State Univ of New York-Albany

Strait, Steven Wayne, Adjunct Assistant Professor, Art Art History, 2010 (2010); BS 1976 Northwest Missouri State; MA 1979 Iowa; MFA 1981 Iowa

Stramer, Osnat, Associate Professor, Statistics Actuarial Science, 1994 (2000); BSC 1979 Hebrew-Israel; MA 1984 Haifa; PHD 1993 Colorado State

Stras, David R., Adjunct Lecturer, Law-Faculty, 2014 (2014);

Strathman, Amy E., Lecturer, Chemistry, 2004 (2004); PHD 2001 Colorado

Strathman, Sheri Marie, Adjunct Instructor, Pharmacy, 1998 (1998); MBA 1996 Dubuque

Stratton, John R., Emeritus Associate Professor, Sociology, 1964 (1968); BA 1957 Illinois; MA 1959 Illinois; PHD 1963 Illinois

Stratton, Margaret M., Professor, Art Art History, 1986 (2000); BA 1977 Evergreen State; MA 1983 New Mexico; MFA 1985 New Mexico

Staub-Morarend, Cheryl Lynn, Clinical Assistant Professor, Family Dentistry, 2003 (2003); DDS 2000 UMKC

Strauss, Ronald G., Emeritus Professor, Pathology/Pediatrics, 1976 (1980); BS 1961 Capital; MD 1965 Cincinnati

Strawhacker, Mary Ann, Clinical Adjunct Instructor, Nursing, 2003 (2003); BS 1983 Iowa; MPH 2002 Des Moines

Street, Nick, Professor, Management Sciences/Nursing/Computer Science, 1998 (2010); BA 1985 Drake; MS 1990 DePaul; PHD 1994 Wisconsin

Streif, Jess William, Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2011); PHARM D 1997 Iowa

Streit, Judy Ann, Clinical Associate Professor, Internal Medicine, 1996 (2012); BS 1983 Iowa State; MD 1988 Iowa

Streng, David Joseph, Adjunct Instructor, Pharmacy, 1997 (1997); BS 1974 Iowa

Striegel, Phil Allen, Adjunct Assistant Professor, Rehabilitation and Counselor Education, 2010 (2011); BA 1978 Iowa; MA 1989 Iowa; PHD 2004 Iowa

Strnad, Lyse S., Clinical Adjunct Assistant Professor, Ophthalmology Visual Science, 1996 (2011); MD 1981 Case Western Reserve

Strobel, Debra Joan, Lecturer, Nursing, 2006 (2006); BSN 2002 Iowa; MSN 2004 Iowa

Strohmer, Gerhard O., Professor, Mathematics, 1986 (1998); DIPL 1976 Gottingen; PHD 1978 Habilitation Inst Tech-Aachen

Strong, Aaron M., Assistant Professor, Public Policy Center/Economics/Urban Regional Planning, 2010 (2010); MS 1998 Colorado; MA 2001 Colorado; PHD 2004 Colorado
Stroynan, Keith, Professor, Mathematics, 1973 (1982); BS 1967 Drexel Institute; PHD 1971 Calif Inst of Technology

Strunk, William M. II, Adjunct Assistant Professor, Preventive Community Dentistry, 1983 (1983); DDS 1973 Temple

Struve, Ann Riesselman, Lecturer, Nursing, 2009 (2009); BSN 2005 Iowa; MSN 2009 Iowa

Stuart, Scott Philip, Professor, Obstetrics Gynecology/Psychiatry/Psychology, 1993 (2004); BS 1983 Kansas; MD 1987 Kansas

Stuart, Shana L., Adjunct Instructor, Library Information Science, 2004 (2004); BA 1982 Kansas; MA 1985 Kansas; PHD 1992 Kansas; AMLS 2001 Iowa

Stubblefield, Joshua David, Clinical Adjunct Assistant Professor, Family Medicine, 2010 (2010); BS 2001 Brigham Young; DO 2005 Des Moines Univ - Osteopathic

Stubbs, David H., Clinical Adjunct Associate Professor, Orthopaedics and Rehabilitation, 1987 (2009); MD 1972 Missouri

Stuefen, Sara Elizabeth, Adjunct Instructor, Family Dentistry, 2010 (2010); DDS 2010 Iowa

Stufflebeam, Michael Dean, Adjunct Assistant Professor, Pediatric Dentistry, 2002 (2002); DDS 2000 Iowa

Stump, Aaron D., Professor, Computer Science, 2008 (2014); BA 1997 Cornell; PHD 2002 Stanford

Stumpf, Nicholas John, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Sturdevant, Ray C., Clinical Adjunct Assistant Professor, Pediatrics, 1979 (1979); MD 1973 Loyola Stritch

Sturgeon, Stephen, Adjunct Assistant Professor, English, 2013 (2013);

Sturges, Terri Lynn, Adjunct Instructor, Social Work, 2012 (2012);

Stutzman, Michael L., Adjunct Lecturer, Management Organizations, 2010 (2010); MBA 2000 St. Ambrose

Subramaniam, Umashankar, Clinical Adjunct Assistant Professor, Pediatrics, 2011 (2011); MBBS 2002 Stanley Medical College, India; MBBCCH 2002 Stanley Med, India

Subramanian, Ramaswamy, Adjunct Professor, Biochemistry, 2000 (2010); MS 1987 Bharathidasan; PHD 1992 Indian Inst of Science

Subramanian, Venkiteswaran, Professor, Chemical Biochemical Engineering, 2005 (2005); BS 1973 Bangalore; MS 1975 Bangalore; DR 1978 Indian Institute of Science

Suchanek, Gerry L., Associate Professor, Finance, 1987 (1989); PHD 1977 Northwestern; MS 1977 Northwestern

Suchomel, Teresa L., Lecturer, Teaching and Learning, 2006 (2006); BA 1994 Northern Iowa; MA 2000 Marycrest International

Suda, Debra A., Emeritus Associate Professor, Psychiatry, 1986 (2007); BS 1978 Iowa State; MD 1981 Iowa

Sueppel, Paul C., Adjunct Instructor, University College, 2003 (2013); BA 1990 IOWA

Sugg, Sonia, Clinical Professor, Surgery, 2007 (2014); MD 1988 California, UCLA

Sugiyama, Hiroyuki, Associate Professor, Mechanical Engineering, 2013 (2013);

Sugumaran, Ramanathan, Adjunct Professor, Geographical and Sustainability Sciences, 2012 (2012);

Sukalski, Jennifer, Adjunct Instructor, Preventive Community Dentistry, 2013 (2013);

Sulentic, Joseph Nicholas, Lecturer, Management Organizations, 1998 (1999); MBA 1988 Iowa

Suliman, Farouq Yassine Mohmd, Clinical Assistant Professor, Internal Medicine, 2009 (2013); MBBS 1994 Khartoum

Sullian, Daniel, Clinical Adjunct Assistant Professor, Internal Medicine, 2010 (2010); DO 2000 Des Moines

Sullivan, Shannon J., Clinical Associate Professor, Pediatrics, 2000 (2007); BS 1980 Wisconsin; MD 1985 Wisconsin

Suls, Jerry M., Emeritus Professor, Psychology, 1990 (1990); BA 1968 Temple; MA 1971 Temple; PHD 1973 Temple

Summers, Robert W., Emeritus Professor, Internal Medicine, 1970 (1983); BS 1961 Michigan State; MD 1965 Iowa

Sun, Lizhi, Adjunct Associate Professor, Civil-Environmental Engineering, 1999 (2004); BS 1987 Zheijiang; MS 1990 Beijing; PHD 1998 California-Los Angeles

Sun, Shiliang, Clinical Professor, Radiology, 1993 (2013); MD 1987 Dalian

Sun, Wenqing, Clinical Assistant Professor, Radiation Oncology, 2011 (2011); DSC 2004 Iowa

Sunderland, John, Associate Professor, Physics Astronomy/Radiation Oncology, 2008 (2008); PHD 1990 Wisconsin - Madison

Suneja, Manish, Clinical Associate Professor, Internal Medicine, 2006 (2011); MD 1998 Armed Forces, Pune India

Supp-Montgeromy, Jenna, Assistant Professor, Religion/Communication Studies, 2014 (2014);

Sutowski, Anthony, Adjunct Assistant Professor, Art Art History, 2000 (2000); BA 1986 Cleveland State; MFA 1987 Ohio University

Sutterwala, Fayyaz Shiraz, Associate Professor, Internal Medicine, 2007 (2013); BS 1992 Washington; MD 2000 Temple

Svec, Barry R., Adjunct Instructor, Preventive Community Dentistry, 1995 (1995); DDS 1989 Iowa

Swailes, Nathan Thomas, Lecturer, Anatomy Cell Biology, 2010 (2010); BS 2000 Leeds; PHD 2005 Leeds

Swan, Colby C., Professor, Civil-Environmental Engineering, 1993 (2006); BS 1983 Maine; MS 1985 Miami; PHD 1993 Princeton
Swaney, Michelle M., Adjunct Instructor, Pharmacy Practice and Science, 2012 (2012); BS 1981 north dakota state university

Swanson, Carrie Elizabeth, Assistant Professor, Philosophy, 2013 (2013);

Swanson, David E., Clinical Assistant Professor, Anesthesia, 2002 (2002); BA 1986 Northern Iowa; MD 1991 Iowa

Swanson, Elizabeth Anne, Associate Professor, Nursing, 1974 (1981); BSN 1969 Iowa; MA 1975 Iowa; PHD 1986 Iowa

Swanson, Stephen, Professor, Music, 1994 (2002); BM 1968 North Park; MM 1971 Northwestern

Thomas, Tammara Pettrill, Adjunct Assistant Professor, Rehabilitation and Counselor Education, 2010 (2014); BA 1997 Southern Illinois; MA 2000 Southern Illinois
Thomas, Volker, Professor, Rehabilitation and Counselor Education, 2011 (2014); PHD 1990 Minnesota
Thompson, Bradford Howard, Associate Professor, Radiology, 1990 (1996); BA 1981 Luther; MD 1986 Iowa
Thompson, Duane E., Emeritus Professor, Management Organizations, 1969 (1987); BS 1953 Iowa State; MS 1954 Iowa State; PHD 1969 Iowa
Thompson, Edward S., Emeritus Professor, Nursing, 1998 (2005); BA 1970 Cincinnati; MS 1973 North Dakota; BSN 1975 North Dakota; PHD 1997 Minnesota
Thompson, Gregory, Adjunct Instructor, University College, 2008 (2013); BS 2000 Eastern Illinois; MA 2002 Missouri - Columbia
Thompson, H. Stanley, Emeritus Professor, Ophthalmology Visual Science, 1967 (1976); BA 1953 Minnesota; MD 1961 Minnesota; MS 1966 Iowa
Thompson, Jonathan Glenn, Clinical Adjunct Assistant Professor, Pathology, 2009 (2009); MD 2002 Iowa
Thompson, Margaret Mary Kallaus, Adjunct Lecturer, Management Organizations, 2013 (2013); BBA 1981 The University of Iowa; MBA 1986 The University of Iowa
Thompson, Michael L., Adjunct Instructor, Social Work, 1995 (1995); BA 1970 Missouri; MPA 1976 Missouri
Thompson, Nancy J., Associate Professor, Community Behavioral Health, 1980 (1986); BS 1969 California State-Stanislaus; MS 1971 Columbia; MPHIL 1974 Columbia; PHD 1979 Columbia
Thompson, Robert James, Adjunct Assistant Professor, Operative Dentistry, 2011 (2013); BA 1999 Central; MS 2001 Iowa State; DDS 2011 Iowa
Thompson, Scott A., Adjunct Assistant Professor, Pharmacy, 2002 (2002); BS 1990 Drake; PHARMD 1994 Drake
Thompson, Stewart, Assistant Professor, Ophthalmology Visual Science, 2011 (2011); BSC 1997 Kingston; MSC 2000 Kings; PHD 2004 Imperial, UK
Thomsen, David J., Adjunct Instructor, Pharmacy, 1998 (1998); BS 1991 Iowa; BSPA 1991 Iowa
Thomsen, Teri, Clinical Associate Professor, Neurology, 2007 (2012); MD 2001 Iowa
Thomsen, Timothy Alan, Clinical Professor, Orthopaedics and Rehabilitation/Surgery/Internal Medicine, 1976 (2004); MD 1974 Iowa
Thomson, William, Adjunct Instructor, Anthropology, 2003 (2003); BA 1973 NC WESLEYAN
Thoreson, Joseph D., Clinical Adjunct Assistant Professor, Internal Medicine, 1979 (1979); MD 1969 Iowa
Thornsteinson, K. A., Adjunct Instructor, Preventive Community Dentistry, 1990 (1990); BS 1982 Iowa
Throgmorton, James A., Emeritus Professor, Urban Regional Planning, 1986 (2004); BA 1966 Notre Dame; MS 1972 Louisville; PhD 1983 California-Los Angeles
Thunhorst, Robert Louis, Adjunct Assistant Professor, Psychology, 1993 (1998); BA 1979 Iowa; PHD 1987 Washington
Thurm, Ryan D., Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014);
Thurtell, Matthew James, Assistant Professor, Neurology/Ophthalmology Visual Science, 2010 (2010); MBBS 2000 Sydney; MSC 2005 Sydney
Tierney, Sarah Beth, Adjunct Assistant Professor, Pharmacy, 2007 (2009); BS 1999 Iowa State; PHARMD 2007 Iowa
Tiesi, Michael Joseph, Adjunct Instructor, Pharmacy, 2008 (2008); BSPH 1982 Creighton
Tighe, Sarah Kathryn, Assistant Professor, Psychiatry, 2013 (2013);
Tilala, Niral H., Adjunct Assistant Professor, Family Medicine, 2011 (2011); BS 1999 Loyola, Chicago IL; MD 2005 Med Univ of the Americas
Timmerman, Kristen J., Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);
Timmons, Sherry Rene, Clinical Assistant Professor, Oral Pathiology, Medicine, 2002 (2002); BA 1991 Augustana; DDS 1995 Iowa; PHD 2001 Iowa
Timofeyev, Oleg Vitalyevich, Adjunct Assistant Professor, Asian Slavic Languages Literature, 1998 (1999); MS 1985 MOSCOW CHEMICAL ENGINEERING; MA 1993 SOUTHERN CALIFORNIA; PHD 1999 DUKE
Tinelli, Cesare, Professor, Computer Science, 1999 (2012); MS 1995 Illinois-Urbana; PhD 1999 Illinois-Urbana
Tinker, A. James, Adjunct Lecturer, Health Management Policy, 1983 (1983); MHA 1967 Michigan
Tippin, Jon M., Clinical Professor, Neurology, 1999 (2011); BS 1975 George Fox; MD 1979 Oregon
Tisone, Christine, Adjunct Lecturer, International Programs, 2013 (2013);
Titier, Sarah, Clinical Assistant Professor, Anesthesia, 2009 (2010); BA 2000 Cornell; MD 2004 Roy J. and Lucille A. Carver
Titus-Rains, Krystal Strand, Adjunct Instructor, Pharmacy Practice and Science, 2014 (2014);
Titze, Ingo R., Professor, Music/Biomedical Engineering/Communication Sciences and Disorders, 1979 (1984); BS 1963 Utah; MSEE 1965 Utah; PHD 1972 Brigham Young
Tivanski, Alexei V., Associate Professor, Chemistry, 2007 (2014); BS 1999 Moscow Inst. of Physics Tech; MS 2001 Moscow Inst. of Physics Tech; PHD 2005 Pittsburgh
Tiwari, Ashish, Associate Professor, Finance, 1997 (2006); BSC 1982 Kurukshetra; MBA 1984 Panjab; MBA 1989 Windsor; PHD 1994 Iowa
Tochigi, Yuki, Adjunct Associate Professor, Orthopaedics and Rehabilitation, 2001 (2010); MD 1990 Yamanashi Medical College; PHD 2000 CHIBA
Todd, Andrew R., Assistant Professor, Psychology, 2011 (2011); BA 2003 Michigan State; MS 2006 Northwestern; PHD 2009 Northwestern
Todd, Michael M., Professor, Anesthesia, 1986 (1990); BA 1971 Chicago; MD 1975 Chicago
Tolbert, Caroline J., Professor, Public Policy Center/Political Science, 2006 (2009); BA 1989 California; MA 1991 Colorado-Boulder; PHD 1996 Colorado-Boulder
Tomanek, Robert J., Emeritus Professor, Anatomy Cell Biology, 1972 (1982); BS 1959 Omaha; MA 1960 Iowa; PHD 1967 Iowa
Tomblin, J. Bruce, Emeritus Professor, Communication Sciences and Disorders/Otolaryngology-Head Neck Surgery, 1972 (1984); BA 1966 LaVerne; MA 1965 Redlands; PHD 1970 Wisconsin
Tomkovicz, James J., Professor, Law-Faculty, 1981 (1986); BA 1973 Southern California; JD 1976 Calif-Los Angeles
Tomova, Maggy, Associate Professor, Mathematics, 2005 (2012); BS 1999 California Luther; MA 2002 Calif @ Santa Barbara; PHD 2005 Calif. @ Santa Barbara
Ton-That, Tuong, Emeritus Professor, Mathematics, 1975 (1983); MA 1971 Calif-Irvine; PHD 1974 Calif-Irvine
Tonkyn, Diane L., Adjunct Instructor, Social Work, 2000 (2000); MS 1987 Loyola Marymount
Tonui, Peter Mutai, Clinical Adjunct Assistant Professor, Surgery, 2014 (2014);
Toomsen, Angela Leigh, Adjunct Instructor, Journalism Mass Communication, 2014 (2014); BA 1997 University of Iowa
Toor, Fatima, Assistant Professor, Electrical-Computer Engineering, 2014 (2014);
Tootle, Tina Louise, Assistant Professor, Anatomy Cell Biology, 2009 (2009); BS 1998 Maryland; PHD 2004 Massachusetts Inst of Tech
Tope, Betsie Ann, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);
Torner, James C., Professor, Surgery/Neurosurgery/ICTS - Education/Epidemiology, 1991 (1993); BS 1971 Iowa; MS 1974 Iowa; PHD 1984 Iowa
Tortora, Michael R., Adjunct Instructor, Pharmacy Practice and Science, 1997 (1997); BS 1995 Iowa
Tos, Keri M., Adjunct Assistant Professor, Pharmacy, 2007 (2007); BSC 1999 Slipper Rock Univ; PHARMD 2004 Ohio State
Totten, Susan Lynn, Adjunct Instructor, Music, 2014 (2014);
Tovar, Elizabeth Anne, Adjunct Assistant Professor, University College Courses, 2014 (2014);
Towfic, Farah Marie, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);
Townsend, Andrew Keith, Adjunct Instructor, Preventive Community Dentistry, 2012 (2012);
Townsend, Orville H., Adjunct Lecturer, Rehabilitation and Counselor Education, 1976 (1994); MA 1970 Iowa
Trachsel, Mary C., Associate Professor, Rhetoric, 1989 (1996); BA 1975 Iowa; MA 1980 Pennsylvania State; PHD 1987 Texas-Austin
Tracy, Chad, Clinical Associate Professor, Urology, 2009 (2014); BS 1999 Richmond; MD 2003 Iowa
Tranel, Daniel Thomas, Professor, Neurology/ Psychology, 1986 (1994); BA 1979 Notre Dame; MA 1981 Iowa; PHD 1982 Iowa
Trapaney, Pamela Lyn Smith, Clinical Associate Professor, Pediatrics, 2009 (2009); MD 1996 Texas @ San Antonio
Treacy, Journey, Adjunct Assistant Professor, Pharmacy, 2007 (2007); PHARMD 2004 Iowa
Treat, Teresa Ann, Associate Professor, Psychology, 2010 (2010); BA 1991 Indiana; PHD 2000 Indiana
Trefz, Stephen E., Adjunct Assistant Professor, Social Work, 1988 (1989); MSW 1979 Iowa
Tricot, Guido Jozek, Professor, Internal Medicine, 2012 (2012);
Trimble, Richard B., Clinical Adjunct Associate Professor, Internal Medicine, 1977 (1986); MD 1966 Baylor
Tripathy, Asit, Clinical Adjunct Assistant Professor, Pediatrics, 2011 (2011); MD 1992 India
Triplett, Chad A., Adjunct Assistant Professor, Pharmacy, 2006 (2006); PHARMD 1997 Creighton
Tritle, Tracy Renee Lacock, Adjunct Lecturer, Management Organizations, 2010 (2010); BA 1988 Iowa
Trosper, Matthew Scott, Adjunct Lecturer, Finance, 2014 (2014);
Troup, Christina Jo, Clinical Adjunct Instructor, Nursing, 1998 (1998); BSN 1988 Iowa; MSN 1997 Iowa
Troup, Robert Kevin, Adjunct Lecturer, Accounting, 2006 (2006); MA 1980 Nebraska; MAC 2003 Iowa
Troutman, Beth Renee, Clinical Professor, Psychiatry, 1989 (2014); BA 1981 Creighton; MA 1984 Iowa; PHD 1988 Iowa
Truhalar, Scott M., Clinical Adjunct Associate Professor, Radiology, 2005 (2014); BS 1993 Kansas State; MD 1998 Unrv Kansas
Trumm, Jill Marie, Adjunct Lecturer, University College Courses, 2009 (2009); MFA 2006 St. Mary's College of CA
Tsachor, Rachelle Palnick, Adjunct Associate Professor, University College/Division of Interdisciplinary Program, 2001 (2012); BFA 1985 Juilliard; MA 1989 City University of New York
Tsachor, Uriel, Professor, Music, 1988 (2000); BM 1980 Tel Aviv-Ireal; MM 1983 Juilliard; DMA 1987 Juilliard
Tsaklikian, Eva, Professor, Pediatrics, 1983 (2004); MD 1973 Athens-Greece
Tscherren, Janette Rogers, Adjunct Instructor, Communication Sciences and Disorders, 2005 (1999); MA 1996 Iowa
Tse, Kenneth T., Professor, Music, 2002 (2013); BM 1996 Indiana; MM 1998 Indiana; DMA 2008 University of Illinois
Tu, Shin-Ing Jeremy, Adjunct Associate Professor, Operative Dentistry, 2001 (2014); BS 1980 Chinese Culture; DDS 1994 Iowa; MS 1996 Iowa
Tubbs, Traviss Allen, Clinical Assistant Professor, Pharmacy, 2010 (2010); PHARMD 2001 Iowa
Tucker, Budd Albert, Assistant Professor, Ophthalmology Visual Science, 2010 (2010); BA 2001 Sir Wilfred Grenfell; PHD 2006 Memorial Univ, Newfoundland
Tucker, Robert D., Associate Professor, Biomedical Engineering/Pathology, 1983 (1992); BS 1969 Nebraska; PHD 1976 Minnesota; MD 1978 Nebraska
Tuerk, Alexander H., Adjunct Lecturer, Law-Faculty, 2014 (2014);
Tuutken, Rebecca S., Clinical Associate Professor, Internal Medicine, 1997 (2005); BA 1982 Chicago; PHD 1989 Chicago; MD 1991 Chicago
Tully, Melissa, Assistant Professor, Journalism Mass Communication, 2011 (2011); BA 2005 Boston; MA 2005 Wisconsin; PHD 2011 Wisconsin
Tunwall, Tracy Kay, Adjunct Lecturer, Management Organizations, 2014 (2014);
Turchet, Cristina, Adjunct Lecturer, Management Sciences, 2013 (2013);
Turek, Joseph W., Assistant Professor, Cardiothoracic Surgery/Pediatrics, 2011 (2011); MD 2002 Chicago
Turek, Lubomir P., Professor, Pathology, 1982 (1997); MD 1975 Charles-Prague Czech
Turner, Christopher W., Emeritus Professor, Communication Sciences and Disorders, 1996 (1996); BS 1973 Wisconsin; MS 1979 Minnesota; PHD 1982 Minnesota
Turner, Deborah Ann, Clinical Adjunct Assistant Professor, Obstetrics Gynecology, 2009 (2009); BS 1973 Iowa State; MD 1978 Iowa
Turner, Jonathan Michael, Adjunct Instructor, Preventive Community Dentistry, 2011 (2011); DDS 2009 Iowa
Turner, Melissa Louise Finlay, Lecturer, Theatre Arts, 2012 (2012);

Turner, Karla Nancy, Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHARMD 2006 Iowa

Turvey, Carolyn Louise, Professor, Epidemiology/Psychiatry, 1998 (2014); BA 1987 Connecticut; PHD 1994 Yale; MS 1996 Harvard

Tutt, Gail Wilczynski, Adjunct Lecturer, Marketing, 2014 (2014);

Tyler, Christopher Mark, Adjunct Assistant Professor, Family Dentistry, 1997 (2000); BA 1992 Luther; DDS 1996 Iowa

Tyler, Richard Sydney, Professor, Otolaryngology-Head Neck Surgery/Communication Sciences and Disorders, 1981 (1987); BSC 1974 Western Ontario; MS 1975 Western Ontario; PhD 1978 Iowa

Tuyskind, Michael, Adjunct Instructor, Communication Sciences and Disorders, 2007 (2007); BS 1981 Purdue; MS 1983 Purdue

Uc, Aliye, Professor, Pediatrics/Radiation Oncology, 2000 (2014); MD 1987 Istanbul

Uc, Ergun Y., Associate Professor, Neurology, 2001 (2007); MD 1988 Istanbul

Udaykumar, H. S., Professor, Mechanical Engineering, 1999 (2008); BT 1988 Indian Inst of Tech-Madras; MS 1990 Florida; PhD 1994 Florida

Uden-Holman, Tanya Marie, Clinical Associate Professor, Health Management Policy/Nursing, 1997 (2003); BA 1987 Iowa; MA 1989 Iowa; PhD 1992 Iowa

Ueda, Kenichi, Clinical Associate Professor, Anesthesia, 2005 (2013); MD 1997 Kochi Medical

Uhl, Alison Maureen, Adjunct Instructor, Preventive Community Dentistry, 2012 (2012);

Ukabiala, Onyebuchi, Clinical Adjunct Professor, Surgery, 2007 (2007); MD 1978 Nigeria

Ukstins Peate, Ingrid Anne, Associate Professor, Earth and Environmental Sciences, 2004 (2013); BA 1994 Mount Holyoke; MS 1998 CAL-DAVIS; PHD 2003 LONDON

Ulbricht, Catherine, Adjunct Assistant Professor, Pharmacy, 2009 (2009); PHARMD 2001 Massachusetts

Ulmer, Sean M., Adjunct Instructor, Anthropology, 2009 (2009); BA 1985 Toledo; MA 1991 Ohio State

Ummel, Stephen L., Adjunct Professor, Health Management Policy, 1984 (2014); MA 1965 Iowa

Underwood, Jean L., Lecturer, Nursing, 2013 (2013);

Underwood, Robert L., Adjunct Professor, Marketing, 2012 (2012);

Ungar, Steven R., Professor, Cinema Comparative Literature/French Italian, 1976 (1985); BA 1966 Wisconsin; MA 1968 Wisconsin; PHD 1973 Cornell

Urdaneta, Luis F., Emeritus Professor, Surgery, 1979 (1988); BA 1953 San Bartolme-Columbia; MD 1960 National-Columbia

Urish, Christine Kay, Adjunct Professor, Rehabilitation and Counselor Education, 2009 (2013); BS 1989 Western Michigan; MS 1993 Western Michigan; PHD 2005 Iowa

Velur, Sathvika, Clinical Assistant Professor, Internal Medicine, 2012 (2014);
Veng-Pedersen, Peter, Professor, Pharmacy, 1984 (1994); PHAR 1970 Copenhagen; PHD 1977 Sydney
Venteicher, Andrea Lynn, Clinical Adjunct Assistant Professor, Family Medicine, 2012 (2012);
Venzon, Michael Andrew, Adjunct Instructor, University College Courses, 2005 (2014); AB 2001 St. Ambrose; MED 2003 St. Ambrose
Vermeer, Micah Jess, Adjunct Instructor, Preventive Community Dentistry, 2013 (2013); BA 2005 Central College
Vezza, Patrick Joseph, Adjunct Assistant Professor, Oral Maxillofacial Surgery, 1994 (1994); BS 1980 Missouri-Columbia; DDS 1984 Missouri-Kansas City; MS 1991 Iowa

Vick, Melanie Anne, Adjunct Instructor, Health and Human Physiology, 2008 (2008); BA 2001 Iowa Wesleyan; MS 2008 Saint Ambrose

Viergutz, Dina Nayeri, Adjunct Lecturer, Economics, 2013 (2013);

Vigil, Gretchen Elizabeth, Clinical Associate Professor, Pediatrics, 2000 (2007); BS 1994 Drake; MD 1997 Iowa

Vigmostad, Sarah Celeste, Assistant Professor, Biomedical Engineering, 2008 (2008); BS 2001 Iowa; MS 2003 Iowa; PhD 2007 Iowa

Vikas, Praveen, Clinical Adjunct Assistant Professor, Internal Medicine, 2012 (2012);

Villamil, Anne Patricia, Professor, Economics, 2013 (2013);

Villarini, Gabriele, Assistant Professor, Civil-Environmental Engineering, 2012 (2012);

Villemonte, Richard, Adjunct Instructor, Preventive Community Dentistry, 2005 (2005); DDS 1972 Northwestern

Villhauer, Dustin Joseph, Adjunct Assistant Professor, Pharmacy Practice and Science, 2012 (2012);

Villhauer, Tanya J., Adjunct Lecturer, Health and Human Physiology, 2005 (2007); SCB 1987 Iowa; MA 1991 Iowa

Vincent, Steven Douglas, Professor, Pathology/Oral Path, Radiology/Medicine, 1984 (1994); BA 1976 McPherson-Kansas; DDS 1981 Missouri; MS 1984 Iowa

Vizzini, Robert Charles, Lecturer, Communication Sciences and Disorders, 2010 (2010); BA 1982 Gallaudet; MA 1992 Liberty, VA

Vlastos, Stephen, Professor, History/International Programs, 1976 (1989); AB 1966 Princeton; PHD 1977 California-Berkeley

Vogan, Travis Thad, Assistant Professor, American Studies/Journalism Mass Communication, 2012 (2012);

Vogel, Julie M., Clinical Adjunct Assistant Professor, Internal Medicine, 2010 (2010); DO 2006 Des Moines

Vogelgesang, Scott A., Clinical Professor, Internal Medicine, 1995 (2004); BS 1980 Minnesota; MD 1987 South Dakota

Voigt, Michael D., Clinical Professor, Internal Medicine, 1996 (2004); MBCHB 1978 Pretoria-South Africa

Volk, Alexandra Paige, Assistant Professor, Pediatrics, 2007 (2006); BA 1996 Cornell College; MD 2000 Iowa

Vollstedt, Keith Alan, Clinical Adjunct Assistant Professor, Surgery, 2008 (2008); MD 1987 Iowa

Vombatkere, Sudhir Gurunandan, Adjunct Associate Professor, International Programs, 2009 (2009); ME 1974 Poona; PHD 1987 Indian Inst, Madras

Von Seggern, Suzanne, Adjunct Instructor, Pharmacy, 2009 (2009); BSPH 1975 Drake

Vos, Brandon Jay, Adjunct Assistant Professor, Endodontics, 2011 (2011); BA 2005 Central -Pella; DDS 2009 Iowa

Vos, Susan Staggs, Clinical Associate Professor, Pharmacy, 2006 (2013); BS 2000 Tennesse @ Knoxville; PHARMD 2003 Tennessee Hlth Sci Cen

Voss, Alex Joseph, Adjunct Instructor, Health and Human Physiology, 2013 (2013);

Voss, Michelle Webb, Assistant Professor, Psychology, 2012 (2012); BS 2004 Illinois, Champaign; MA 2008 Illinois-Champaign; PHD 2011 Illinois, Champaign

Voyce, Stephen Charles, Assistant Professor, English, 2011 (2011); BA 1997 Queen's; MA 2002 Western Ontario; PHD 2009 York

Vyas, Yatim Mahendra, Professor, Pediatrics, 2013 (2013);

Vyverberg, Emily Ann, Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2011); PHARMD 2009 Iowa

Wachal, Robert Stanley, Emeritus Professor, Linguistics, 1964 (1975); BA 1952 Minnesota; MS 1959 Wisconsin; PHD 1966 Wisconsin

Wachtel, Ruth E., Associate Professor, Anesthesia, 1988 (1993); BA 1974 Cornell; Phd 1980 Duke

Waddele, Cathleen Ann, Adjunct Assistant Professor, Pharmacy Practice and Science, 2014 (2014);

Wadsworth, John Steele, Associate Professor, Rehabilitation and Counselor Education, 1997 (2006); BA 1980 Iowa; MA 1989 Iowa; PHD 1996 Iowa

Wadwekar, Devendra, Clinical Adjunct Assistant Professor, Internal Medicine, 2007 (2007); MD 1996 B.J. Medical College, India

Wagener, Chadwin J., Adjunct Associate Professor, Operative Dentistry, 2004 (2013); BS 1986 Grandview, Des Moines; DDS 1990 Iowa

Wagner, Michele Louise, Clinical Adjunct Instructor, Nursing, 2000 (2000); MSN 1998 Iowa

Wagoner, Michael D., Professor, Ophthalmology Visual Science, 1999 (1999); BS 1975 Texas; MD 1978 Baylor

Wahle, Andreas, Adjunct Associate Professor, Electrical-Computer Engineering, 2000 (2004); MS 1991 Berlin; PHE 1996 Berlin-Charlottengerg; PHD 1997 Technical Berlin

Wahle, Joann G., Adjunct Instructor, Preventive Community Dentistry, 2002 (2002); DDS 1984 CREIGHTON

Wahle, Steven M., Clinical Adjunct Assistant Professor, Urology, 1999 (1999); MD 1985 Indiana

Wahls, Terry Lynn, Clinical Professor, Internal Medicine, 2000 (2003); BFA 1976 Drake; MD 1982 Iowa; MBA 2001 St. Thomas
Ward, Larry D., Emeritus Professor, Law-Faculty, 1972 (1978); BS 1966 Kansas; JD 1969 Kansas; MAC 1996 Iowa

Ward, Marcia M., Professor, Health Management Policy, 1997 (2006); BA 1973 Ohio State; MA 1976 Ohio State; PhD 1981 Ohio State

Warner, Alex, Adjunct Assistant Professor, Gender, Women's and Sexuality Studies, 2012 (2012); PhD 2011 Rutgers

Warren, John Joseph, Professor, Preventive Community Dentistry, 1999 (2009); BS 1981 Iowa; DDS 1986 Iowa; MS 1991 Iowa

Warren, Stephen A., Associate Professor, History/Anthropology, (2014);

Washington, M. Todd, Associate Professor, Radiation Oncology/Biochemistry, 2003 (2009); BA 1992 Ohio State; BSC 1992 Ohio State; PhD 1998 Ohio State

Wasserman, Edward A., Professor, Psychology, 1972 (1983); BA 1968 Calif-Los Angeles; PhD 1972 Indiana

Wassink, Thomas Henry, Professor, Psychiatry/Pediatrics, 1999 (2012); BA 1985 Northwestern; MD 1993 Illinois-Chicago

Wastyn, Linda, Lecturer, Journalism Mass Communication, 2013 (2014);

Waterbury, Nancee Virginia, Adjunct Associate Professor, Pharmacy, 2002 (2013); PHARMD 2000 Iowa

Watkins, John M., Clinical Assistant Professor, Radiation Oncology, 2013 (2014);

Watson, Carol A., Clinical Professor, Nursing, 1972 (2009); BSN 1970 Iowa; MA 1973 Iowa; PhD 1979 Iowa

Watson, David B., Emeritus Professor, Psychology, 1993 (1993); BS 1975 Santa Clara; PhD 1982 Minnesota

Waziri, Mir A., Clinical Adjunct Associate Professor, Pediatrics, 1998 (2004); MD 1980 Kabul

Waziri, Rafiq, Emeritus Associate Professor, Psychiatry, 1966 (1971); BS 1956 American University of Beirut; MD 1960 American University of Beirut

Weaver, Janet Kay, Adjunct Lecturer, History, 2010 (2010); MA 1978 St. Andrews, UK

Weber, Jennifer Yvonne, Adjunct Assistant Professor, Division of Performing Arts, 2011 (2011); BA 2001 Nebraska

Weber, Larry Joseph, Professor, Civil-Environmental Engineering, 1994 (2007); BS 1989 Iowa; MS 1990 Iowa; PhD 1993 Iowa

Weber-Gasparoni, Karin, Associate Professor, Pediatric Dentistry, 2003 (2011); DDS 1994 Estadual Brazil; MS 1999 Iowa; PhD 2003 Iowa

Weber, Stuart Kent, Adjunct Professor, Accounting, 2013 (2013);

Weckmann, Michelle, Assistant Professor, Family Medicine/Psychiatry, 2005 (2005); BA 1993 North Central IL; MS 1995 Ohio State; MD 2000 Wisconsin

Weeks, Daniel L., Professor, Biochemistry/Pediatrics, 1987 (2001); BS 1976 Purdue; PhD 1983 Purdue

Weeks, Jill Marie, Adjunct Assistant Professor, Pharmacy, 2007 (2007); PHARMD 2005 Iowa

Weenig, Duane Robert, Adjunct Assistant Professor, Periodontics, 2009 (2009); BS 1991 Brigham Young; DDS 1999 Iowa; MS 2002 Iowa

Weest-Carrasco, Pam, Adjunct Assistant Professor, Music, 2013 (2013);

Weetman, David Brian, Adjunct Assistant Professor, Pharmacy, 1997 (1997); BSC 1991 Iowa; BS 1991 Iowa; MS 1995 Johns Hopkins

Wegman, David D., Adjunct Assistant Professor, Pharmacy, 2005 (2005); BSC 1977 Iowa; MS 1980 Illinois

Wehby, George Labib, Associate Professor, Preventive Community Dentistry/Health Management Policy/Economics/Public Policy Center, 2007 (2012); PhD 2006 Iowa

Wehr, Erin Lynn, Assistant Professor, Music/Teaching and Learning, 2011 (2011); BM 1993 Northern IA; MM 1998 North Texas; PhD 2007 Iowa

Weigel, Ronald, Professor, Physiology/Surgery/Biochemistry/Anatomy Cell Biology, 2005 (2005); MD 1986 Yale; PhD 1986 Yale; MBA 2005 Wharton-Univ. of Penn.

Weihe, Paul Edward, Adjunct Associate Professor, University College Courses, 2014 (2014);

Weib伦ner, Carl Allen, Adjunct Instructor, Preventive Community Dentistry, 2014 (2014);

Weiler, John M., Emeritus Professor, Internal Medicine, 1977 (1991); BS 1967 Michigan; MD 1971 Temple

Weiler, Kay Boese, Emeritus Associate Professor, Nursing, 1982 (1995); BS 1972 Indiana; JD 1985 Iowa; MA 1986 Iowa

Weinberger, Miles, Professor, Pediatrics, 1975 (1980); BA 1960 Pittsburgh; MD 1965 Pittsburgh

Weiner, George J., Professor, Internal Medicine, 1989 (2000); BA 1978 Johns Hopkins; MD 1981 Ohio State

Weiner, Joshua, Associate Professor, Psychiatry/Biology, 2004 (2011); BA 1992 Northwestern; PhD 1999 California

Weinkauf, Adam, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013);

Weinstein, Stuart L., Professor, Orthopaedics and Rehabilitation/Pediatrics, 1976 (1984); BA 1968 Illinois; MD 1972 Iowa

Weirich, Frank H., Associate Professor, Earth and Environmental Sciences/Civil-Environmental Engineering, 1988 (1988); BSC 1973 Toronto-Canada; MSC 1979 McMaster; PhD 1982 Toronto
Weis, Beth Renae Nesteby, Adjunct Instructor, Communication Sciences and Disorders, 2012 (2012);
Weis, Robert F., Clinical Adjunct Assistant Professor, Internal Medicine, 2000 (2000); MD 1977 Iowa
Weismann, Amy, Adjunct Assistant Professor, Law-Faculty/University College Courses, 2006 (2006); JD 2000 Iowa
Weismann, Douglas N., Emeritus Associate Professor, Pediatrics, 1977 (1984); AB 1968 Occidental; MD 1972 Arizona; MS 1977 Iowa
Weismayer, Christoph G., Adjunct Assistant Professor, Sociology, 2015 (2015);
Weiss, David S., Associate Professor, Microbiology, 1998 (2004); BA 1985 Swarthmore; PHD 1991 Univ of California-Berkeley
Weiss, Elizabeth Josephine, Adjunct Assistant Professor, Division of Interdisciplinary Program/Creative Writing, 2013 (2013);
Weiss, Jerrold P., Professor, Internal Medicine/Microbiology, 1997 (1997); BS 1973 State Univ of New York; PHD 1981 New York University
Weiss, Robert M., Professor, Internal Medicine, 1989 (2004); BA 1976 Northwestern; MD 1982 Michigan

Winter, Allison Ann, Adjunct Instructor, Preventive Community Dentistry, 2001 (2001); BS 1981 University of Iowa

Witry, Matthew John, Assistant Professor, Internal Medicine/Pharmacy Practice and Science, 2014 (2014);

Witt, Doris S., Associate Professor, English, 1994 (2001); BA 1984 Centre; MA 1987 Virginia; PHD 1995 Virginia

Witte, Suzanne Bakke, Adjunct Instructor, Social Work, 2005 (2005); BA 1985 Iowa; MSW 1990 Iowa

Wittenberg, Craig, Clinical Adjunct Associate Professor, Family Medicine, 2004 (2004); BA 1987 Iowa; MD 1991 Iowa

Wittenberg, David H., Associate Professor, English/Cinema Comparative Literature, 1998 (2004); BA 1987 Yale; MA 1989 Northwestern; PHD 1995 Johns Hopkins; MARCH 1996 Univ of California, Berkeley

Witzke, Brian J., Adjunct Associate Professor, Earth and Environmental Sciences, 1982 (1995); BA 1974 Wisconsin-Milwaukee; MS 1976 Iowa; PHD 1981 Iowa

Wocher, John, Adjunct Instructor, Health Management Policy, 1994 (2014); BA 1991 Maryland

Woerner, Robert F., Emeritus Associate Professor, English, 1957 (1966);

Wohlgenannt, Markus, Associate Professor, Physics Astronomy, 2002 (2008); MS 1997 Graz-Austria; PHD 2000 Utah

Wolfsong, Sara C., Emeritus Associate Professor, Educ Policy Leadership Studies, 1971 (1977); BS 1957 Appalachian State; MS 1962 North Carolina; EDD 1971 Houston

Wolfson, Sherwood, Emeritus Associate Professor, Oral Maxillofacial Surgery, 1971 (1976); BS 1953 Westminster; DDS 1957 Pittsburgh

Wolinsky, Fredric D., Professor, Health Management Policy/Nursing/Internal Medicine, 2003 (2003); BA 1972 Friends UNI; MA 1974 Drake; PHD 1977 Southern Illinois

Wolken, Stephen H., Clinical Adjunct Assistant Professor, Ophthalmology Visual Science, 1975 (1996); MD 1968 Iowa

Wolt, Jeffrey D., Adjunct Professor, Epidemiology, 2013 (2013);

Wolterman, Courtney, Adjunct Instructor, Preventive Community Dentistry, 2014 (2014);

Wong, John Kong-Fah, Adjunct Associate Professor, Marketing, 2014 (2014);

Wong, Pamela Florence, Adjunct Assistant Professor, Pharmacy Practice and Science, 2013 (2013); BA 2008 University of Iowa

Wood, Kelly Elizabeth, Clinical Assistant Professor, Pediatrics, 2010 (2010); BS 2000 Iowa; MD 2004 Iowa

Wood, Shari M., Adjunct Instructor, Pharmacy, 2000 (2000); BS 1993 Iowa; BSPh 1993 Iowa

Wood, Susannah Margaret, Associate Professor, Rehabilitation and Counselor Education, 2006 (2012); BA 1997 Richmond(VA); MED 2000 William Mary; PHD 2006 William Mary

Woodard, Fredrick, Emeritus Associate Professor, English, 1973 (1979); BA 1961 Iowa Wesleyan; MA 1971 Iowa; PHD 1976 Iowa

Woodhead, Jerold C., Associate Professor, Pediatrics, 1979 (1988); BA 1967 Stanford; MD 1971 Yale
Woodman, Catherine L., Associate Professor, Family Medicine/Psychiatry, 1990 (2000); BA 1981 Brown; MD 1985 Brown

Woods, Anna Marie, Adjunct Instructor, Preventive Community Dentistry, 2013 (2013);

Woods, Kenneth Todd, Adjunct Instructor, Radiology, 2013 (2013); BS 1990 Medical College of Georgia

Woods-Groves, Suzanne, Associate Professor, Teaching and Learning, 2008 (2014); BS 1998 Auburn; MED 1999 Auburn; PHD 2007 Auburn

Woods-Jaeger, Briana A., Adjunct Assistant Professor, Community Behavioral Health, 2012 (2012);

Woods-Swafford, Wendy, Clinical Adjunct Assistant Professor, Pediatrics, 2009 (2009); MD 2002 Missouri - KC; MPH 2008 Vanderbilt

Woodworth, George, Emeritus Professor, Statistics Actuarial Science/Biostatistics, 1971 (1996); BA 1962 Carleton; PHD 1966 Minnesota

Workman, Douglas M., Clinical Adjunct Assistant Professor, Family Medicine, 1995 (2001); MD 1989 Iowa

Worrell, James B., Emeritus Associate Professor, Neurology, 2001 (2001); BA 1964 Iowa; MD 1967 Iowa

Wortman, Gloria Deanne, Adjunct Assistant Professor, Art History, 2012 (2012);

Wrenn, Douglas Edward, Adjunct Instructor, Pharmacy, 1997 (1997); BS 1981 Iowa

Wretman, Debra, Adjunct Lecturer, Teaching and Learning, 2015 (2014);

Wright, Arlene, Adjunct Instructor, Pharmacy, 1997 (1997); BSHP 1981 Drake

Wright, Brad, Assistant Professor, Public Policy Center/Health Management Policy, 2012 (2012);

Wright, Diana L., Clinical Adjunct Instructor, Internal Medicine, 2001 (2001); MD 1978 Iowa

Wright, Michael Eugene, Assistant Professor, Physiology, 2008 (2008); BS 1994 Nevada; PHD 2000 Washington

Wu, Chun-Fang, Professor, Biology, 1979 (1989); BS 1969 Tunghai-Taiwan; PHD 1976 Purdue

Wu, Han-Chin, Emeritus Professor, Civil-Environmental Engineering/Mechanical Engineering, 1970 (1981); BS 1960 National Taiwan; MS 1965 Rhode Island; MS 1967 Yale; PHD 1970 Yale

Wu, Meng, Adjunct Assistant Professor, Biochemistry/Pharmacy, 2012 (2012);

Wu, Shih-Yen, Emeritus Professor, Economics, 1964 (1968);

Wu, Xiaodong, Associate Professor, Radiation Oncology/Electrical-Computer Engineering, 2005 (2010); BS 1992 Peking; MCS 1995 Peking; PHE 2002 Nortre Dame

Wu, Ying-Qing, Emeritus Professor, Mathematics, 1993 (2001); BS 1982 Helah-China; MS 1984 Beijing-China; PHD 1987 Beijing-China

Wu, Yu-Hsiang, Assistant Professor, Communication Sciences and Disorders, 2010 (2010); PHD 2007 Iowa

Wulf, Joel, Adjunct Instructor, Social Work, 2003 (2003); BA 1978 Iowa; MSW 1992 Iowa

Wunder, Charles C., Emeritus Professor, Physiology, 1954 (1971); AB 1949 Washington and Jefferson; MS 1952 Pittsburgh; PHD 1954 Pittsburgh

Wurster, Dale Eric, Professor, Pharmacy/Graduate College Administration, 1982 (1996); BS 1974 Wisconsin; PHD 1979 Purdue

Wurth, Michael Gerard, Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHARMD 1999 Illinois-Chicago

Wyatt, Mark A., Adjunct Instructor, University College Courses, 2008 (2014); AA 1996 Kirkwood Community College

Wyman, Wayne Herrington, Lecturer, Music, 2012 (2014);

Wymer, Justin Brian, Adjunct Assistant Professor, Creative Writing, 2014 (2014);

Xia, Junyi, Assistant Professor, Radiation Oncology, 2011 (2011); BS 1996 Xhe Jian, China; MS 2003 Memphis; PHD 2009 Florida

Xia, Ting, Adjunct Assistant Professor, Biomedical Engineering, 2009 (2014); PHD 2007 Iowa

Xiao, Shaoping, Associate Professor, Mechanical Engineering, 2003 (2008); BS 1995 Univ of Science and Tech China; MS 1998 Univ of Science and Tech China; PHD 2002 Northwestern

Xing, Yi, Adjunct Associate Professor, Internal Medicine, 2006 (2012); BE 2000 Univ of Science and Tech China; BS 2001 Univ of Science and Tech China; PHD 2006 UCLA

Xiong, Jinhui, Associate Professor, Radiology/Biomedical Engineering, 2003 (2003); MEE 1986 Tsinghua Beijing; PHD 1995 Texas

Xu, Weiyu, Assistant Professor, Electrical-Computer Engineering, 2011 (2011); MS 2005 Tsinghua,(Beijing); MS 2006 Cal Tech; PHD 2008 Cal Tech

Xue, Hai-Hui, Associate Professor, Microbiology, 2006 (2012); MD 1991 China Medical; MS 1994 China Medical; PHD 2000 Hamamatsu

Yablon, Nicholas, Associate Professor, American Studies, 2003 (2009); BA 1994 Birmingham, England; PHD 2002 Chicago

Yack, H. John, Associate Professor, Physical Therapy, 1994 (1994); BS 1973 New Hampshire; MS 1981 North Carolina; PHD 1987 Waterloo-Canada

Yager, Robert E., Emeritus Professor, Teaching and Learning, 1956 (1967); BA 1950 Iowa State; MS 1953 Iowa; PHD 1957 Iowa

Yahr, Timothy Lee, Professor, Microbiology, 2001 (2013); BS 1991 Wisconsin-Stevens Point; MS 1995 Medical College of Wisconsin; PHD 1998 Medical College of Wisconsin

Yale, Elizabeth Esther, Adjunct Assistant Professor, Interdisciplinary Programs, 2014 (2014);

Yamada, Thoru, Emeritus Professor, Neurology, 1975 (1984); MD 1966 Nagoya
Yang, Jianming, Adjunct Associate Professor, Mechanical Engineering, 2007 (2011); PHD 2004 Maryland

Yang, Jingzhen, Adjunct Associate Professor, Community Behavioral Health, 2004 (2010); BA 1982 Suzhou, China; MPH 1999 Indiana; PHD 2004 North Carolina

Yang, Limin, Clinical Assistant Professor, Radiology, 2010 (2010); MD 1987 Beijing Medical, China; MS 1990 Peking Union, China; PHD 1996 Peking Union, China

Yang, Ling, Assistant Professor, Anatomy Cell Biology, 2014 (2014);

Yang, Shujie, Assistant Professor, Obstetrics Gynecology, 2013 (2013); PHD 2009 Univ N Mexico

Yang, Tianbao, Assistant Professor, Computer Science, 2014 (2014);

Yankowitz, Jerome, Emeritus Professor, Obstetrics Gynecology, 1993 (2003); BS 1980 Yale; MD 1986 State U of NY-Dwnst Med Cntr

Yao, Tong, Associate Professor, Finance, 2008 (2013); BA 1991 Fudan; PHD 2001 Boston College

Yarahmadi, Alireza, Clinical Adjunct Assistant Professor, Neurology, 2011 (2011);

Yarbrough, Donald B., Professor, Educ Policy Leadership Studies/Psych Quant Foundations, 1982 (2009); BA 1971 Hendrix; MA 1973 Kentucky; PHD 1982 Georgia

Ye, Guibo, Lecturer, Mathematics, 2012 (2013);

Ye, Yangbo, Professor, Mathematics, 1990 (1999); BS 1981 QingHua-China; MA 1982 Columbia; PHD 1986 Columbia; MPH 1986 Columbia

Yeager, Anson, Clinical Adjunct Assistant Professor, Surgery, 2004 (2004); BA 1976 Augusta; BS 1978 South Dakota MED; MD 1980 Tufts Med, MA

Yeager, Rebecca, Lecturer, English as Second Language, 2012 (2012);

Yeakel, Gregory J., Adjunct Assistant Professor, Pharmacy, 2005 (2005); BSPH 1974 Drake

Yeaman, Charles A., Associate Professor, Internal Medicine/Anatomy Cell Biology, 2001 (2006); BS 1986 Calif-San Diego; PHD 1993 Wisconsin

Yeates, Randhall Robert, Adjunct Instructor, Pharmacy, 2009 (2009); BSPH 1986 Iowa; MBA 1998 Iowa

Yeats, Robert Evan, Emeritus Associate Professor, Music, 1973 (1981); BS 1966 Ithaca; MA 1971 Iowa; MFA 1977 Iowa

Yeh, Malcolm H., Clinical Associate Professor, Neurology, 1992 (2004); BA 1980 Calif-Berkeley; MD 1985 Calif-Davis

Yerkes, Lawrence John, Adjunct Instructor, Interdisciplinary Programs, 1983 (1983);

Yi, Kai, Adjunct Assistant Professor, Physics Astronomy, 2014 (2014); PHD 2004 Johns Hopkins University

Yin, Youbing, Adjunct Assistant Professor, Mechanical Engineering, 2011 (2011); PHD 2011 Iowa

Yockey, Joseph W., Associate Professor, Law-Faculty, 2010 (2010); BA 2000 Kansas; JD 2004 Illinois

Yoder, Franklin Lee, Adjunct Assistant Professor, History, 2000 (2000); BA 1988 Iowa; MA 1989 Chicago; PHD 1999 Chicago

Yoder, Holly Blosser, Adjunct Lecturer, Honors Program, 2010 (2010); BA 1985 Eastern Mennonite; MA 2009 Iowa

Yoder, Reagan Lee, Adjunct Assistant Professor, Art Art History, 2001 (2001); BA 1971 Bethel; MA 1985 Iowa; MFA 1987 Iowa

Yoder Dowden, Amy Melinda, Clinical Assistant Professor, Internal Medicine, 2007 (2008); BA 2000 Missouri-Kansas; MD 2000 Missouri-Kansas

Yohe, William Tyson, Adjunct Assistant Professor, Pharmacy Practice and Science, 2010 (2010); PHARMD 2000 Iowa

Yoon, Sang-Seok, Lecturer, Asian Slavic Languages Literature, 2012 (2012);

Yorek, Mark A., Professor, Internal Medicine, 1987 (2002); BS 1976 Bemidji; PHD 1981 North Dakota

York, Douglas Kent, Adjunct Instructor, Emergency Medicine, 2009 (2009); AA 1979 Des Moines Community

Yost, William J., Clinical Adjunct Professor, Internal Medicine, 1997 (2010); MD 1988 Iowa

Young, Dan, Adjunct Instructor, Preventive Community Dentistry, 2011 (2011); DMD 2008 Nova Southeastern

Young, Donald Carleton, Clinical Adjunct Assistant Professor, Obstetrics Gynecology, 2009 (2009); BA 1981 Drake; DO 1985 Des Moines University

Young, James R., Emeritus Assistant Professor, Family Medicine, 1976 (2002); BS 1967 Iowa State; MD 1970 Iowa

Young, Joann L., Adjunct Instructor, Social Work, 1998 (1998); MA 1974 Drake

Young, Lance B., Adjunct Assistant Professor, Communication Studies/Preventive Community Dentistry, 2008 (2008); BA 1989 Duke; MBA 1991 Tulane; MA 1996 West Florida

Young, Mark A., Associate Professor, Chemistry, 1990 (1997); BA 1979 Princeton; PHD 1987 California-Berkeley

Young, Nathan Cline, Adjunct Assistant Professor, Civil-Environmental Engineering, 2008 (2008); BSE 1998 Iowa; MS 2000 Iowa; PHD 2006 Iowa

Young, Rachel, Assistant Professor, Journalism Mass Communication, 2013 (2013);

Youngblood, Dawn Michelle, Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHARMD 1998 Iowa

Yousufuddin, Mohammed, Clinical Adjunct Assistant Professor, Internal Medicine, 2010 (2010); MBBS 1980 Osmania Medical India

Yu, Liping, Adjunct Professor, Biochemistry, 2014 (2014); BS 1982 Southern Yangtze Univ, China; MS 1985 Univ. of California Davis; PhD 1989 Univ. of California Davis

Yuen, Kee-Ho, Professor, Art Art History, 2000 (2009); BA 1983 Chinese of Hong Kong; MA 1988 Iowa; MFA 1989 Iowa

Zabner, Joseph, Professor, ICTS - Pilot Studies/Internal Medicine, 1995 (2004); MD 1987 UnivCentral de Venezuela

Zadeii, Gholam Reza, Clinical Adjunct Associate Professor, Internal Medicine, 2004 (2014); BA 1978
Zihari, Catherine Ann, Adjunct Lecturer, Finance, 2010 (2010); BBA 1982 Iowa; MBA 1983 Drake
Zaheer, Asgar, Associate Professor, Biostatistics, 1995 (2011); PHD 1979 Bombay-India
Zahr, Firas, Clinical Assistant Professor, Internal Medicine, 2013 (2013);
Zaiger, Laurie, Adjunct Lecturer, Teaching and Learning, 2015 (2014);
Zajacz, Rita, Assistant Professor, Communication Studies, 2005 (2005); BA 1995 Budapest, Hungary; MA 1998 Indiana; PHD 2001 Indiana
Zakharia, Yousef, Clinical Assistant Professor, Internal Medicine, 2014 (2014);
Zalenski, Anne Whitehead, Adjunct Assistant Professor, Rehabilitation and Counselor Education, 2009 (2012); MA 1985 Iowa; PHD 2001 Iowa
Zaloznaya, Marina, Assistant Professor, Sociology, 2012 (2012);
Zamba, Gideon Kd, Associate Professor, Biostatistics, 2003 (2012); MS 1995 DU Benin; PHD 2003 Minnesota
Zavala, Donald, Emeritus Professor, Internal Medicine, 1969 (1976);
Zavazava, Nicholas, Professor, Internal Medicine/ Biomedical Engineering, 2001 (2003); BSC 1980 ZIMBABWE; MBCHB 1987 Kiel; MD 1988 Kiel; PHD 1993 Kiel
Zearley, Jennifer Rose, Adjunct Assistant Professor, Pharmacy, 2009 (2009); PHARMD 2002 Iowa
Zebrowski, Patricia, Professor, Communication Sciences and Disorders, 1988 (2009); BS 1977 State Univ of NY-Genesee; MS 1981 Syracuse; PHD 1987 Syracuse
Zeithamel, Marcia C., Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHARMD 2005 Kansas
Zellmer, Kimberly Anna, Adjunct Assistant Professor, Pharmacy Practice and Science, 2011 (2011); PHARMD 2008 Iowa
Zeman, Christine Lynn, Adjunct Assistant Professor, Pharmacy, 2008 (2008); PHARMD 2000 Iowa
Zepeda-Orozco, Diana, Clinical Assistant Professor, Pediatrics, 2012 (2012);
Zepeski, Kay Ilene, Adjunct Instructor, Pharmacy, 1998 (1998); BS 1981 Iowa
Zhai, Guangshu, Adjunct Assistant Professor, Civil-Environmental Engineering, 2012 (2012); PHD 2008 RCEES Chinese Academy of Scienc
Zhan, Fenghuang, Professor, Internal Medicine, 2012 (2012);
Zhang, Hantao, Professor, Computer Science, 1988 (2000); BS 1981 Wuhan-China; PHD 1984 Nancy-France; PHD 1988 Rensselaer Polytechnic-France
Zhang, Qin, Assistant Professor, Marketing, 2009 (2009); MS 2000 Washington - St. Louis; PHD 2002 Washington - St. Louis
Zhang, Quanjiang, Assistant Professor, Internal Medicine, 2013 (2013);
Zhang, Weizhou, Assistant Professor, Pathology/Radiation Oncology, 2012 (2012);
Zhang, Xiaoyi, Associate Professor, Mathematics, 2009 (2012); BA 1998 Zheng Zhou, China; PHD 2003 China Academy
Zhang, Ying J., Adjunct Professor, Biostatistics, 2004 (2010); BS 1985 Fudan-China; MS 1988 Fudan-China; MS 1994 Florida State; PHD 1998 Washington
Zhang, You-Kuan, Associate Professor, Biostatistics, 2003 (2008); BS 1978 Chamgchun Institute-China; MS 1982 Nanjing-China; PHD 1990 Arizona
Zhang, You-Kuan, Associate Professor, Internal Medicine, 2012 (2012);
Zhang, Hantao, Assistant Professor, Biostatistics, 2004 (2010); BS 1985 Fudan-China; MS 1988 Fudan-China; MS 1994 Florida State; PHD 1998 Washington
Zhang, You-Kuan, Professor, Biostatistics, 2003 (2008); BS 1978 Chamgchun Institute-China; MS 1982 Nanjing-China; PHD 1990 Arizona
Zhang, Jing, Assistant Professor, Internal Medicine, 2012 (2012);
Zhang, Nan, Adjunct Lecturer, Business Administration-Undergraduate, 2014 (2014);
Zhang, Xiaodong, Assistant Professor, Internal Medicine, 2012 (2012);
Zhernostovsk, Olesya I., Associate Professor, Mechanical Engineering, 2007 (2013); MS 1996 Kiev Taras Schevchenk; PHD 2000 Kiev Taras Schevchenk
Zhuraw, Sean, Adjunct Assistant Professor, Business Administration-Undergraduate, 2014 (2014);
Ziebarth, Nicolas L., Assistant Professor, Economics, 2012 (2012);
Ziegler, Ekhard E., Professor, Pediatrics, 1973 (1981); MD 1964 Innsbruck-Austria
Zike, Wilbur L., Emeritus Associate Professor, Surgery, 1969 (1975); AB 1953 Houghton; MD 1957 McGill
Zizlo, Silvia, Adjunct Lecturer, French Italian, 2013 (2013);
Zim zur, John, Adjunct Instructor, Preventive Community Dentistry, 2012 (2012);
Zimmerman, Dale, Professor, Statistics Actuarial Science/ Biostatistics, 1986 (1999); BS 1980 Iowa State; MS 1982 Minnesota; PHD 1986 Iowa State
Zimmerman, Miriam Bridget, Clinical Professor, Biostatistics, 2003 (2008); BS 1978 Phillipines; MS 1982 Phillipines; MS 1984 Iowa State; PHD 1987 Iowa State
Zimmermann, Gerald Neal, Adjunct Associate Professor, Communication Sciences and Disorders, 1977 (1982); PHD 1973 Iowa
Zingman, Leonid, Associate Professor, Internal Medicine, 2007 (2014); MD 1984 First Leningrad Medical

Ziuchkarski, Kirsten, Adjunct Instructor, Preventive Community Dentistry, 2011 (2011); BA 1998 Colorado; DDS 2003 Colorado

Zlab, Mark K., Clinical Adjunct Assistant Professor, Otolaryngology-Head Neck Surgery, 1998 (1998); MD 1985 Nebraska

Zlatnik, Frank J., Emeritus Professor, Obstetrics Gynecology, 1975 (1984); BA 1962 Carleton; MD 1966 Cornell

Zmolek, Michael A., Lecturer, History/Division of Interdisciplinary Program, 2013 (2014);

Zubow, Lauren Faith Danna, Clinical Adjunct Instructor, Communication Sciences and Disorders, 2014 (2014); MS 2006 University of Iowa

Zukin, Jane, Adjunct Instructor, University College Courses, 2007 (2014); BA 1970 Wayne State; MA 1997 Eastern Michigan

Zurbriggen, Thomas L., Clinical Adjunct Instructor, Internal Medicine, 1982 (1988); MD 1978 Iowa

Zweng, Marilyn J., Emeritus Professor, Mathematics/Teaching and Learning, 1965 (1972); BS 1953 Michigan State; MS 1957 Wisconsin; PHD 1963 Wisconsin
Iowa Administrative Code

The Code of Iowa contains information about admission and residency rules common to Iowa's three state universities—the University of Iowa, Iowa State University, and the University of Northern Iowa. It also provides supplemental information about application to the University of Iowa. Visit Iowa Code on the Iowa Legislature web site to search and read the Iowa Administrative Code.
University Calendar

Some University Calendar dates may change; see Calendars/Deadlines on the Office of the Registrar web site for the most up-to-date academic calendar.

**2015 Fall Semester**

<table>
<thead>
<tr>
<th>Date</th>
<th>Event</th>
</tr>
</thead>
<tbody>
<tr>
<td>August 24</td>
<td>Classes begin</td>
</tr>
<tr>
<td>September 7</td>
<td>University holiday, offices closed</td>
</tr>
<tr>
<td>November 22-29</td>
<td>Thanksgiving recess</td>
</tr>
<tr>
<td>November 26-27</td>
<td>University holidays, offices closed</td>
</tr>
<tr>
<td>December 11</td>
<td>Classes end</td>
</tr>
<tr>

</table>

Spring commencement ceremonies: dates vary by college; see Commencement on the Office of the Registrar web site.

**2016 Summer Sessions**

The University of Iowa offers several summer sessions: one 12-week session, one 8-week session, two 6-week sessions, and one 4-week session. Each session is listed below in order by its starting date.

<table>
<thead>
<tr>
<th>Date</th>
<th>Event</th>
</tr>
</thead>
<tbody>
<tr>
<td>May 16-June 9</td>
<td>Four-week session (final exam day: June 10)</td>
</tr>
<tr>
<td>May 16-June 23</td>
<td>Six-week session I (final exam day: June 24)</td>
</tr>
<tr>
<td>May 16-August 4</td>
<td>Twelve-week session (final exam day: August 5)</td>
</tr>
<tr>
<td>May 30</td>
<td>University holiday, offices closed</td>
</tr>
<tr>
<td>June 13-August 4</td>
<td>Eight-week session (final exam day: August 5)</td>
</tr>
<tr>
<td>June 27-August 4</td>
<td>Six-week session II (final exam day: August 5)</td>
</tr>
<tr>
<td>July 4</td>
<td>University holiday, offices closed</td>
</tr>
</tbody>
</table>

**Office of the Registrar Calendars**

The Office of the Registrar provides additional calendars that list detailed academic deadlines, final exam schedules, and University holidays. It also publishes a five-year academic calendar (PDF file available). See Calendars/Deadlines on the Office of the Registrar web site.

**Individual College Calendars**

Some University of Iowa colleges have academic year schedules that vary from the one listed above. Contact the individual colleges or visit their web sites; use the A-Z Search or the Phonebook/E-mail directory on the University of Iowa home page.
Campus Visits

Each year the University of Iowa is the destination for visitors with wide-ranging interests. Prospective and new students and their parents, new faculty and staff members, fans of intercollegiate athletics, University of Iowa Health Care patients, audiences for the visual and performing arts, museum visitors, and conference and continuing education participants are among those drawn to the campus.

Prospective and New Students
Prospective and new students should come first to the Admission Visitors Center, C110 Pomerantz Center, 213 N. Clinton Street. The center is open weekdays 8:00 a.m. to 4:30 p.m., except on University holidays. It is best to visit the campus on weekdays, when classes are in session and when other University offices are open. Please call to arrange for a campus visit: 319-335-1566.

Attractions, Campus Maps, Parking
For links to campus maps, walking tours, how to arrange visits to varied attractions, and where to park on campus, see Campus Maps. For additional information about the University, use the A-Z Search on The University of Iowa home page.
