Surficial Geology of the Bennett (Iowa) 7.5' Quadrangle

ACKNOWLEDGEMENTS

Recognized for contributions to map's production: Andy Asell, Dave Pals, Heather Buresh, Brian Witzke, Mary Pat Heitman, and Lois graciously allowed access to their land. Digital cartography was provided by Jim Giglierano (IGS). Drilling was provided under contract with Aquadrill of Swisher, Iowa Geological Survey (IGS).  Digital cartographic file Bennettquad06.mxd, version 6/28/06  (ArcGIS 9.0).

Topographic contours and land features based on 1986 aerial photography, field checked in 1988. Base map from USGS Bennett 7.5' Digital Raster Graphic (IGS GIS file DRGP47.TIF) which was scanned from the Bennett 7.5' Topographic Quadrangle map, published by US Geological Survey in 1991.
