FBI releases secret files including death threats for Edward Kennedy

News Alert: New FBI documents show Kennedy death threats
10:01 AM EDT Monday, June 14, 2010
-------------------
WASHINGTON -- Most of the secret FBI files on the late Sen. Edward Kennedy being released Monday concern death threats against the longtime senator.

Alex Brown of the FBI's records management division said the FBI would post some 2,000 pages of previously secret pages about the Massachusetts Democrat on the agency's website.
