The Perishable Press Limited

CynthiA Bush

The privately owned and operated Perishable Press Limited, now in its fourteenth year, was established by Walter S. Hamady, associate professor of art at the University of Wisconsin—Madison, and is run by Walter and Mary Hamady in their own home on a farm in Mount Horeb, Wisconsin. Except for some hand-binding by Elizabeth Kner in Chicago, Douglas and Sandy Cockerell in England, and one or two others, all the work is done by the Hamadys, with occasional help or personal touches by friends, such as marbled end papers or a personalized pressmark from Beirut. Walter Hamady says that the press is "essentially a glorified hobby." All the printing is done on a Vandercook SP15 without power inking, and work is done in the house except for papermaking, which formerly was done in the basement and since February of 1978 in the remodelled bottom floor of the barn. The paper they have made since 1969 is named Shadwell, after Thomas Jefferson's birthplace. It has a heavy, rough texture and is produced in a variety of subtle shades of color.

Type is set by hand, and the printer has managed to get the Thompson Type Caster working in the barn; he is excited by the prospect of the possibilities it will afford the press. Next he hopes to have a panoramic engraving machine which will enable them to make their own mats.

In 1969 Mr. Hamady received a Guggenheim fellowship to study hand-papermaking abroad. His most recent work has been assisted by the Howard Foundation, the National Endowment for the Arts, and the Wisconsin Alumni Research Foundation. For excellence in design and printing he received the American Institute of Graphic Arts' Fifty Best Books Award for Spider Poems by Walter Hall in 1967 and for Loren Eiseley's The Brown Wasps in 1969. His GuIllem de Poitou, translated by Paul Blackburn, and Chapter Seven from The Hour of the Bell by Harry Mark Petrakis were included in the 1976 A.I.G.A.'s Best Books Show. The press has had books represented also at the

[36]
Madison Art Center, Madison, Wisconsin, the Print Club of Philadelphia, and at the Grolier Club in New York City.

Walter Hamady is not only a printer and papermaker but a poet and artist (as is his wife, Mary), whose own poems have appeared in New Directions, and whose literary interests are reflected in the outstanding contemporary authors, almost entirely poets, whose work he has printed in limited, signed editions. Besides the work of W. S. Merwin, Howard Nemerov, Robert Creeley, J. V. Cunningham, Paul Blackburn, William Stafford, W. D. Snodgrass, Denise Levertov, and other literary figures, the poetry and drawings of both Walter and Mary Hamady are represented.

In his desire for unique artistic expression, Walter Hamady has turned out some very unusual-looking books, such as his own Book No. 68, Pulsars by Harry Lewis, or A Poem to Celebrate the Spring and Diane Rothenberg's Birthday by Jerome Rothenberg, to name only a few, in which he may combine a variety of sizes and colors of page, type, ink, and various paper textures, with intent toward serious design or humorous effects. This sense of humor, of puns and jokes, is most noticeable in the elaborate colophons which describe the materials used, the date of completion, or other informative comments, pertinent or impertinent, that the printer wishes to make. Quotations from certain of the colophons have been included in the following checklist because of their personal flavor and also because they may enable the reader of the checklist to visualize each book as much as is possible without having it in hand.

Previous discussions of the Perishable Press Limited have appeared in the Missouri Library Association Quarterly (September 1969), edited by John Gordon Burke; in Gretchen Lagana's "An Interview with Walter Hamady," U. W. Library News (March 1972); in American Libraries (April 1973); and in a review by Stephen Harvard in Fine Print (October 1977), where Hamady's books are praised for "excellent printing and innovative typography" and also "as the authoritative work of a fine and generous spirit. It is the last attribute, a whole greater than the sum of its parts, that separates Perishable Press books from the herd of private imprints." In The Printed Book in America (1977), Joseph Blumenthal remarks, apropos of Hamady's work, that "his craftsmanship is nothing short of brilliant, especially in the sometimes witty and playful ephemera."

The checklist which follows is limited to books, pamphlets, and broadsides. Present holdings of The University of Iowa Libraries are indicated by the symbol "IaU" following relevant items. An asterisk following an entry indicates that the item was examined by the compiler at first hand in the Memorial Library's collection at the University of Wisconsin.²

It seems appropriate to conclude this introduction with the Hamadys' own statement of their purpose:

The Perishable Press Limited was established in 1964 and was so named because it seemed to most adequately describe the human condition, which is both perishable and limited. The purposes of private printing are several. Aside from the therapeutic aspect (which may be the most important), the two most essential ones are, simply, that the press make a contribution in the content of the work it produces, and that a relationship be made between the heritage of fine printing and the graphic discoveries of the current century.

1964

1. THE DISILLUSIONED SOLIPSIST and nine related poems, by Walter S. Hamady, illustrated with two original etchings by the poet, and a colored photograph. 14 pp.; 23 x 19 cm; Caslon Old Style; 60 copies on cheap offset paper; bound in wrappers by the author.

1965

2. EPHEMERAL GENESIS & PARADISE, by Walter S. Hamady, some of the 16 poems illustrated. 20 pp.; 28 x 22 cm; Caslon Old Style, DeVinne, Cloister, and Garamond type; 25 copies on the first papers

² I should like to thank Edwin Hill of the Murphy Library, University of Wisconsin at LaCrosse; Evert Volkersz of the Library at SUNY at Stony Brook; and Frank Paluka, The University of Iowa Libraries, for supplying copies of cards for their Perishable Press holdings. Gretchen Lagana and her staff at the Rare Books Department of the Memorial Library, University of Wisconsin, Madison, supplied information and allowed me to examine all the items in their Perishable Press collection. Professor Jack Clarke of the University of Wisconsin Library School, Madison, and Louise Henning of the Kohler Art Library, Madison, were helpful sources of information. Thanks are also due to Walter S. Hamady, who has reviewed this checklist and supplied necessary information.
