## *Homeland*

Apart from the creepy line on the atlas,  
the essential reason for coming here  
is to be in awe of our volcanoes,  
some of which are two or three meters high—  
perfect for the Nighthawk clusters that blast  
our island. This is also the home  
to the keenest chase-your-shadow players  
in the hemisphere. Losing a match often  
results in the blunderer flinging their child  
into the sea. After all, failure in chase-  
your-shadow is failure in life. Fervor  
for the game has dampened, but if asked to play  
it's best to send your kids to visit the wolf.
