Commencement

May 2006
Iowa City, Iowa
Cover Design: The cover design represents the gold and topaz medallion worn by The University of Iowa president at formal academic ceremonies on campus. The medallion was designed and made by Karen Cantine as part of the work for her M.A. conferred August 4, 1965.
THE UNIVERSITY OF IOWA
COMMENCEMENT
CEREMONIES

Thursday
May 11, 2006

Pharmacy
Hancher Auditorium
10:00 a.m.

Friday
May 12, 2006

School of Management
Hancher Auditorium
10:00 a.m.

Medicine
Hancher Auditorium
7:30 p.m.

Saturday
May 13, 2006

Business
Hancher Auditorium
9:00 a.m.

Liberal Arts and Sciences
Carver-Hawkeye Arena
9:00 a.m.

Law
Hancher Auditorium
1:00 p.m.

Graduate College
Carver-Hawkeye Arena
3:00 p.m.

Nursing
Hancher Auditorium
5:00 p.m.

Sunday
May 14, 2006

Engineering
Hancher Auditorium
1:00 p.m.
One Hundred and Sixtieth Year of the University

The University of Iowa

David J. Skorton, B.A., M.D.
President

Michael J. Hogan, B.A., M.A., Ph.D.
Executive Vice President and Provost

Douglas K. True, B.S., M.B.A.
Senior Vice President and University Treasurer

Meredith Hay, B.A., M.A., Ph.D.
Vice President for Research

Phillip E. Jones, B.S., M.A., Ph.D.
Vice President for Student Services and Dean of Students

Marcus M. Mills, B.S., J.D.
General Counsel

Henry B. Tippie
College of Business
Gary C. Fethke, B.A., Ph.D.
Dean

College of Dentistry
David C. Johnsen, B.S., D.D.S., M.S.
Dean

College of Education
Sandra Bowman Damico, B.A., M.A., Ph.D.
Dean

College of Engineering
P. Barry Butler, B.S., M.S., Ph.D.
Dean

Graduate College
John C. Keller, B.S., M.S., Ph.D.
Dean and Associate Provost for Graduate Education

College of Law
Carolyn Jones, B.A., J.D., LL.M.
Dean

College of Liberal Arts and Sciences
Linda Maxson, B.S., M.A., Ph.D.
Dean

Roy J. and Lucille A. Carver
College of Medicine
Jean E. Robillard, B.A., M.D.
Dean

College of Nursing
Melanie C. Dreher, R.N., Ph.D.
Dean

College of Pharmacy
Jordan L. Cohen, B.S., M.S., Ph.D.
Dean

College of Public Health
James Merchant, B.S., M.D., Dr.P.H.
Dean

Division of Continuing Education
Chester Rzonca, B.S., M.A., Ed.D.
Dean and Associate Provost

Center for Credit Programs
Douglas J. Lee, B.B.A., M.B.A.
Director

International Programs
William M. Reisinger, B.A., M.A., Ph.D.
Dean and Associate Provost

University Libraries
Nancy L. Baker, B.A., M.L.S., M.A.
University Librarian

University of Iowa Hospitals and Clinics
Donna M. Katen-Bahensky, B.A., M.S.
Director and C.E.O.

University Hygienic Laboratory
Mary J. R. Gilchrist, B.A., M.S., Ph.D.
Director
GRADUATE COLLEGE

Doctor of Philosophy

Yohannes Abate, Berkeley, CA
Physics. Thesis: Probing I on-molecule Structure and Dynamics in Isolated Molecular Clusters and Proteins

Catherine Michele Adams
Art History. Thesis: Annette Messager: The Artist and the Oeuvre

Mara Catherine Fitzgibbon Adams, Rock Island, IL
Religious Studies. Thesis: Poor Relief as Catalyst: Female Activism and Confessional Identity in Seventeenth-century France

Raheel Ahmed, Karachi, Pakistan
Biology. Thesis: Regulation of Dynamic Trafficking and Localization of CaMKII to Dendritic Postsynaptic Sites

Roberto Ampuero, Iowa City
Spanish. Thesis: La historia como conjetura: La narrativa de Jorge Edwards

Phyllis Elaine Anderson, Cedar Rapids
Science Education. Thesis: Evaluation of a Model for Confronting Science Content Misconceptions: A Case Study Report

Mamadou Badiane, Fatick, Senegal
Spanish. Thesis: Negrismo y négritude: Dos poéticas de la identidad Afro-Caribeña

Rubi Chiranjib Bandopadhyay
Pharmacy. Thesis: Elucidation of the Reaction of Monochloramine with N-nitrosodimethylamine (NDMA) from Surface Metoclopramide Hydrochloride and Number of Interaction Sites between Pharmacy. Thesis: Elucidation of the Reaction of Monochloramine with N-nitrosodimethylamine (NDMA) from Surface Metoclopramide Hydrochloride and Number of Interaction Sites between

Brittan Ann Barker, Iowa City
Speech and Hearing Science. Thesis: An Examination of the Effect of Talker Familiarity on the Sentence Recognition Skills of Cochlear Implant Users

Sheila Benson
Teaching and Learning. Thesis: Engaging Students in Literacy: Examining a Multiliteracies Orientation to Literacy Instruction

Angela Stacy Borsella, Coralville
Communication Studies. Thesis: Family Communication Patterns and Reported Physical Child Abuse

William Harold Bryant

Raheel Ahmed, Berkeley, CA
Physics. Thesis: Probing I on-molecule Structure and Dynamics in Isolated Molecular Clusters and Proteins

Gang Chen

Zhuo Chen
Civil and Environmental Engineering. Thesis: The Formation of N-nitrosodimethylamine (NDMA) from Reaction of Monochloramine with Natural Organic Matter

Thomas Roy Clancy, Iowa City
Nursing. Thesis: Predicting the Impact of an Electronic Health Record on Practice Patterns Using Computational Modeling and Simulation

Mary Frances Clarke, Davenport
Nursing. Thesis: Exploration of Nursing Intensity in a Sample of Acute Care Cardiovascular Patients Using the Nursing Interventions Classification (NIC)

Jay Robert Clarkson, Sacramento, CA

Sarah Anita Clunis, Kingston, Jamaica
Art History. Thesis: A Ready-made Diaspora

Scott Matthew Cody, Iowa City

Cassy Lynn Cozine, Iowa City
Immunology. Thesis: Characterization and Regulation of Isotype Switched Cells in the Primary Murine Germinal Center Response

Margaret T. Cretzmeyer, Iowa City
Social Work. Thesis: Adolescent ADHD, Stimulant Medication, and Adult Substance Abuse

Ruben Karim Dagda, Coralville

Luke Robert Dahn, Houston, TX

Michael A. DePierre, Clearfield, UT
Chemical and Biochemical Engineering. Thesis: Photopolymerization Behavior and Nanostructure Development in Lyotropic Liquid Crystals

Viviane H. T. Diamitani, Iowa City
French. Thesis: La pluralité des exils et leurs problématiques dans la littérature francophone de la diaspora nord-africaine

William Owen Duba

Lisa Kristine Dykstra
Second Language Acquisition. Thesis: On Pragmatic Perception: Do Learners of Russian Perceive the Sociocultural Weight of the Address Pronouns?

Dora Francisca Edu-Buandoh, Cape Coast, Ghana
Teaching and Learning. Thesis: Multilingualism in Ghana: An Ethnographic Study of College Students at the University of Cape Coast

Thea Sikora Engelson, Clinton
Music. Thesis: The Mélodies of Reynaldo Hahn

Kevin John Esch
Film Studies. Thesis: In the Moment: Myth and Method in Contemporary Hollywood Film Acting

Sara Lynn Farmen, Lincoln, NE
Physiology and Biophysics. Thesis: CFTR Gene Transfer to Human Airway Epithelia

Lyone Sami Fein, Iowa City

Debra Marie Ferraro, Clayton, MN
Biochemistry. Thesis: Loop Insertions in Ubiquitin: Surprising Patterns, Possible Predictions, and Relationships to Ubiquitin-like Proteins

Erik Paul Filean, Iowa City
Anthropology. Thesis: Domestic Cattle and Economic Change in the Roman Period Lower Rhineland: The Civitas Batavorum

Leslie Amber Forstadt, Bangor, ME
Psychological and Quantitative Foundations. Thesis: Swimming above Water: The Relationship between Psychological Need Satisfaction and Job Satisfaction for Alternative Educators

Andrea Marie Frazier
Mathematics. Thesis: Generalized Factorization in Integral Domains

Tomislav Friscic
Chemistry. Thesis: Linear Templates and Hydrogen Bonding as General Tools to Control Reactivity in Molecular Co-crystals
Anatomy and Cell Biology. Thesis: 11-Hydroxysteroid Dehydrogenase Type 2 in the Human Lung and the Regulation of SP-A by Dexamethasone Metabolites
Lijing Gou, Chemical and Biochemical Engineering. Thesis: Photochemical Method to Eliminate Oxygen Inhibition in Free-radical Photopolymerization
Jami Nicole Gross, Psychological and Quantitative Foundations. Thesis: Pediatric Cancer Diagnosis: Parents’ Experiences in the Diagnosis Disclosure Interview
Eran Emaline Hanke, North Liberty, Counseling, Rehabilitation, and Student Development. Thesis: How Mental Health Counselors Make Meaning of Their Experiences Counseling Trauma Survivors: A Naturalistic Inquiry
Susan A. Hildebrandt, Marshfield, WI Education. Thesis: National Board Certified Teachers of World Languages Other Than English: Motivations and Resource Usage
Karrin Ann Hines, Iowa City, Genetics. Thesis: Mechanisms of Gene Silencing by Heterochromatin Protein 1
Darren Samuel Hoffmann, Benilde, MN, Anatomy and Cell Biology. Thesis: The Roles of the Placenta and Oxidative Stress in the Pathogenesis of Pre-eclampsia in a Novel Genetic Mouse Model
Sybil Christina Lang Hrstka, Iowa City, Chemical and Biochemical Engineering. Thesis: Interaction Studies on Glycosaminoglycan Binding Proteins and Therapeutic Protein Engineering
Zhengmao Hua, Iowa City, Pharmacy. Thesis: Synthetic Studies toward the Total Synthesis of Superstitolides A & B
Jerry Gene Ingram, Boone, Social Work. Thesis: Retirement Planning among Baby Boomers: Do Role Clarity and Internal Locus of Control Make a Difference?
Margarita Rosa Jacome Lievano, Spanish. Thesis: La novela sicaresca: Exploraciones ficcionales de la criminalidad juvenil del narcotrafico
Michael A. James, Microbiology. Thesis: Regulation of Cellular Signaling and Transcription by HPV16-E6 Oncoprotein
Mary E. Jensen, Albion, MI Psychology. Thesis: Use of Situational Information in Cross-ethnic Group Attributions: Do American and Chinese Attributors Hold Different Theories of Behavior for Each Other?
Laura Elizabeth Jones, College Station, TX Epidemiology. Thesis: Quality of Guideline-concordant Care and Treatment for Depression in the Veterans Health Administration and Its Impact on Glycemic Control
R. Carter W. Jones III, Ridgecrest, CA Pharmacology. Thesis: Peripheral Contributions of TRPV1 and ASIC3 to Colon Mechanosensation and Hypersensitivity in the Mouse
Nicole Lynn Kenning, Fort Dodge, Chemical and Biochemical Engineering. Thesis: Spatial and Temporal Evolution of the Photoinitiation Rate in Thick Polymer Systems
Dmitriy Khots, Mathematics. Thesis: Isotropy Subgroups of Transformation Groups
Jaehyun Kim, Seoul, Korea, Biomedical Engineering. Thesis: Effect of Shear Force on Intervertebral Disc (IVD) Degeneration and Low Back Pain: In vivo Rat Study
Joo Hyun Kim, Iowa City, Mechanical Engineering. Thesis: Dynamics and Motion Planning of Redundant Manipulators Using Optimization, with Applications to Human Motion
Soo-Jin Kwoun, Seoul, South Korea, Music. Thesis: An Examination of Cue Redundancy Theory in Cross-cultural Decoding of Emotions in Music
Ahmed Lachhab, Iowa City, Geoscience. Thesis: Three Dimensional Particle Tracking Experiments in Homogeneous and Heterogeneous Porous Materials
Mary Elizabeth Lata, Churdon, NE
Geoscience. Thesis: Variables Affecting First Order Fire Effects, Characteristics, and Behavior in Experimental and Prescribed Fires in Mixed and Tallgrass Prairie

Jin Whan Lee, Seoul, Korea
Biomedical Engineering. Thesis: Novel Method for the Treatment of Discogenic Low Back Pain Using Injectable Smart Hydrogel System

Joung Ae Lee, Seoul, Korea
Occupational and Environmental Health. Thesis: Wastewater Treatment Plants: Environment, Human Health, and Air Quality Assessment

Caitlin Danielle Lemke
Immunology. Thesis: PRRSV Infection of Neonatal Piglets Induces Immune Dysregulation and Modulation

Hualei Li, Iowa City
Free Radical and Radiation Biology. Thesis: The Mechanisms of Activator Protein-2 and Activator Protein-2 in Tumor Suppression

Zhongwei Li

Lingzhi Liu

Xiongbin Liu

Margaret Anne Loose
English. Thesis: Literary Form and Social Reform: The Politics of Chartist Literature

Ángel Nicolás Lucero, Mendoza, Argentina
Spanish. Thesis: Zona y exterioridad: personaje, narrador y diálogo en la obra de Juan José Saer

Michael Charles Lyons
Science Education. Thesis: Effects of Guided Inquiry on Physiology Students at a Community College

Lixia Ma
Second Language Acquisition. Thesis: Acquisition of the Perfective Aspect Marker ‘le’ of Mandarin Chinese in Discourse by American College Learners

Neil Scot MacNaughton, Iowa City
Nursing. Thesis: Health-seeking Behavior and Health Services Use by Latino Males in a Rural Iowa Community

Joshua Marinus Madsen, Iowa City
Molecular Biology. Thesis: Regulation of Viral Alternative Splicing and HIV-1 Replication

Xia Mao, Iowa City
Psychological and Quantitative Foundations. Thesis: An Investigation of the Accuracy of the Estimates of Standard Errors for the Kernel Equating Functions

Terrence Robert Mason, Iowa City

Michael Edward Matthews, Iowa City
Teaching and Learning. Thesis: The Effects of a Mathematics Course Designed for Preservice Elementary Teachers on Mathematical Knowledge and Attitudes

Grant Shields McCall, Saint Louis, MO
Anthropology. Thesis: Lithic Technological Perspectives on Early Hominid Site Use and Mobility Strategies

Patrick James McCauley, West Chester, PA
Religious Studies. Thesis: Reading by the Light of a Burning Phoenix: An Inquiry into Faith, Deliverance, and Despair within Humankind’s Paradoxical Suspension between the Conditional and the Unconditional in the Work of Immanuel Kant and Hermann Hesse

Margret Ann McCue-Enser, Saint Charles, MI
Communication Studies. Thesis: Consciousness Raising, the Body, and the Self: A Rhetorical Analysis of Ten Women’s Interpretations of The Vagina Monologues

Sarat Girijavallabhan Menon
Free Radical and Radiation Biology. Thesis: Reactive Oxygen Species Signaling Mediates N-acetyl-L-cysteine Induced G, Arrest: Regulatory Role of Manganese Superoxide Dismutase and Cyclin D1

Omer Mermer, Izmır, Turkey
Physics. Thesis: Magnetic Field Effect in Non-magnetic Organic Semiconductor Thin Film Devices and Its Applications

Ariana Maria Mikulski

Thomas John Misco, Jr., Iowa City
Education. Thesis: Breaking Historical Silences through Cross-cultural Curriculum Deliberation: Teaching the Holocaust in Latvian Schools

Ken Wayne Moffett, Clovis, CA
Political Science. Thesis: Partisan Differences and Managing the Legislative Process in the Post-Reform House

Lori Lynn Muntz

Srividya Neelakantan
Pharmacy. Thesis: Nonparametric Estimation Procedures and Application to Pharmacokinetic/Pharmacodynamic Analysis

Rhonda Anne Newman
Biochemistry. Thesis: Roles of Calmodulin Domains in Allosteric Regulation of the Ryanodine Receptor Type 1

Jill R. Nooren, Cedar Falls
Education. Thesis: A Naturalistic Inquiry of Literature-based Instruction and Learning in a High School Social Studies Classroom

Scott Aaron Nowka, Coralville
English. Thesis: Character Matters: Enlightenment Materialism and the Novel

David John Obermiller, Clinton

Seng Keat Ooi, Penang, Malaysia

Egon A. Ozer, Anchorage, AK
Molecular Biology. Thesis: Paraoxonase Is a Mammalian Host Modulator of Pseudomonas aeruginosa Quorum Sensing and Biofilm Formation

Aaron John Parkinson, Parker, CO
Speech and Hearing Science. Thesis: Advantages Related to the Use of Bilateral Microphones in Patients Using Cochlear Implants

Stacey Lynn Payne

Yutian Peng
Biochemistry. Thesis: Regulation of Vacuole Inheritance
Ceyda Polatel, Ankara, Turkey
Civil and Environmental Engineering. Thesis: Large-scale Roughness Effect on Free-surface and Bulk Flow Characteristics

John Paul Pope

Brandon Beyer Porter, Des Moines
Immunology. Thesis: Infection, Antigen Presentation, and the CD8+ T Cell Response

Michael Leonard Puthoff, Bettendorf
Physical Rehabilitation Science. Thesis: The Relationship between Impairments in Muscle Performance, Functional Limitations, and Disability in Older Adults

Erin Jeanne Rand

B. Arkela Revels, Detroit, MI
Interdisciplinary Studies. Thesis: “Mama Uztah Say!” A Biography of Love for an African American Mother

Thomas Wheeler Riley, Dubuque

Phyllis Love Farley Rippeyoung, Toronto, Canada
Sociology. Thesis: Is It Too Late Baby? Pinpointing the Emergence of a Black-White Test Score Gap in Infancy

Roberto Alonso Saenz Casas
Applied Mathematical and Computational Sciences. Thesis: Mathematical Models for Two Species Sharing an Infectious Disease

Amy Aldridge Sanford, Table Rock, OK
Communication Studies. Thesis: How Commitment and Detachment Influence Members’ Discourse about the National Education Association

Ehab Hasan Sarsour, Amman, Jordan
Free Radical and Radiation Biology. Thesis: Manganese Superoxide Dismutase Regulates Entry into and Exit from the Mammalian Cell Cycle

Rae Lynn Astion Schwartz

Jessica Ann Share

Kiran H. Shivanna, Iowa City
Biomedical Engineering. Thesis: Automating Patient-specific Diaphragmatic Joint Contact Model Development

Scott Aaron Shoemaker, Cedar Rapids
Music. Thesis: ...and the evening gleans...

Douglas C. Smith
Social Work. Thesis: Can Parenting Predict Initial Clinical Severity and Substance Abuse Outcomes among Adolescent Substance Abusers in Outpatient Treatment?

Sharon Lee Smith-Tembé
Civil and Environmental Engineering. Thesis: Abiotic Reduction of Nitrite, Uranium (VI), and Chlorinated Ethenes by FE(II) Species

Daniel Snyder
Geoscience. Thesis: A Study of the Fossil Vertebrate Fauna from the Jasper Hillier Quarry, Delta, Iowa, and Its Environment

Kimberli Monique Stafford
English. Thesis: Healing Art: Tribal Consciousness, Narrative, and Trauma in Contemporary American Indian Poetry

Anthony Quinn Stanley
Educational Policy and Leadership Studies. Thesis: Teacher Efficacy in Educators of Students Identified as Emotionally or Behaviorally Disturbed at Separate, Self-contained, Public Day Schools

Suzanne Marie Swiderski, Wauwatosa, WI
Psychological and Quantitative Foundations. Thesis: Assessing Reasoning through Writing: Developing and Examining Approaches Based on Psychological and Linguistic Theories

Kelli Rae Taeger
Science Education. Thesis: A Comparison of Retention of Anatomical Knowledge in an Introductory College Biology Course: Traditional Dissection vs. Virtual Dissection

Kathleen Marie Tharp
Epidemiology. Thesis: Fruit and Vegetable Consumption and Associations with Chronic Disease Risk Factors

Amy Elizabeth Trautwein
Philosophy. Thesis: A Neurophilosophical Study of the Taxonomy and Epistemology of Memory

Hacer Hande Uysal
Education. Thesis: Tracing Culture behind Writing: Rhetorical Patterns and Bidirectional Transfer in L1 and L2 Essays of Turkish Writers in Relation to Educational Context

Ilker Umit Uzun-Kaymak, Iowa City
Physics. Thesis: Coherent Nonlinear Interactions in Phase Space Resolved Ion Density Fluctuations

Elizabeth Jane VanArragon, Grand Rapids, MI
Art History. Thesis: The Photo League: Views of Urban Experience in the 1930s and 1940s

Cheryl Marie Wagner, Davenport
Nursing. Thesis: Predicting Nursing Turnovers with Catastrophe Theory

Jessie J. Walker
Interdisciplinary Studies. Thesis: Security Patterns and a Weighting Scheme for Mobile Agents

Todd Bruce Walker, Coralville
Economics. Thesis: Information in Asset Prices: Theory and Application

Jin Wang, Wuhan, China
Sociology. Thesis: Dimensions in Social Space: A Comparative Study of China, Korea, and America

Yu-Chia Wang
Education. Thesis: A Comparison of Graphic Organizers on the Comprehension and Retention of Science Knowledge among Taiwanese Adolescents with Learning Disabilities

Raymond J. Watkins, Iowa City

George Labib Wehby, North Liberty
Health Management and Policy. Thesis: Prenatal Care Utilization and Its Effects on Infant Health in Samples of Normal versus Abnormal Births from South America

Jennifer Jane Wild, Paris, France

Jason Mitchell Wilken, San Antonio, TX
Physical Rehabilitation Science. Thesis: The Effect of Arch Height on Tri-planar Foot Kinematics during Gait

James Francis Woodworth, Beverly Hills, MI
Chemistry. Thesis: Characterization of Catalytic Materials by EPR Spectroscopy
Dong Xiang, Changchun, China

Takeshi Yasuda
Physics. Thesis: The Cosmological Implications of Diffeomorphisms

Shaowen Yu

Sharon Sue Zeck, Bloomington, IL
Comparative Literature. Thesis: Female Bonding and Lesbian Identity in Popular Culture of the 1980’s: A Personal Exploration

Tao Zhang

Qingyu Zhu, Iowa City
Electrical and Computer Engineering. Thesis: Synchronization and Training Design for Block Transmissions

Ryan Douglas Zimmerman
Business Administration. Thesis: Understanding the Impact of Personality Traits on Individuals’ Turnover Decisions

Wei Zou
Electrical and Computer Engineering. Thesis: Defect Diagnosis of VLSI Circuits

---

Doctor of Audiology

Michelle Louise Amosson, Cedar Rapids
Baljit Kaur Rehal, Mumbai, India

Master of Arts

Jordan Olivia Acker, Omaha, NE
Art

Jacob Charles Adams
Counseling, Rehabilitation, and Student Development

Caglar Akcay, Izmir, Turkey
Psychology. Thesis: Deployment of Control Depends on Task Structure

Megan Marie Allen, Creston
Linguistics

Natalie Jane Allen, Solon
French

George Richard Anderson, Cedar Rapids
Teaching and Learning

Meredith Catherine Anderson, Iowa City
Anthropology

Adam Christopher Andrews, Columbus
Anthropology

Justin Dean Angeles, Tiffin
Journalism

Mark Andrew Baccei, Littleton, CO
Counseling, Rehabilitation, and Student Development

Jeffrey Stuart Banks, Oakland, CA
Urban and Regional Planning

Andrew Thomas Banse
Health and Sport Studies

Deborah Lynn Barry
Counseling, Rehabilitation, and Student Development

Hillary Elizabeth Barta, Iowa City
Counseling, Rehabilitation, and Student Development

Rebecca Susan Bartlett, Beloit, WI
Speech Pathology and Audiology

Adrienne Lorraine Bayton, Philadelphia, PA
Art

Kyle Nathaniel Alfred Becker, Davis City
Interdisciplinary Studies. Thesis: Western Civil Society and Russian Grazhdanskoie Obschestvo: Examination of Two Ideas and Implications for Russia

Kristin Ann Loupee Beckman, North Liberty

HENRY B. TIPPIE COLLEGE OF BUSINESS

The University of Iowa has offered courses in economics and business administration for more than a century. A School of Commerce was formally established in 1914 and the College of Business Administration, which was founded in 1921, received national accreditation in 1923. The College was renamed the Henry B. Tippie College of Business in 1999. Today, there are more than 2,000 students in the College working toward Bachelor of Business Administration (B.B.A.), Master of Accountancy (M.Ac.), Master of Business Administration (M.B.A.) and doctoral (Ph.D.) degrees.

The Undergraduate Program provides a broad business education along with specializations in the areas of accounting, economics, finance, marketing, management and organizations, and management information systems. Student organizations, a Business Communications Center, and specialized programming for targeted student groups provide a full-service educational experience. In addition, students can earn certificates in International Business, Entrepreneurship, and Risk Management and Insurance.

The Tippie M.B.A. program provides advanced management education that expands a student’s ability to excel in the business world. The full range of M.B.A. programs is listed in the adjacent column. The Master of Accountancy program is intended for students seeking a career in public accounting. The College’s Ph.D. program prepares individuals for faculty positions in academia, as well as for business or government careers.

The College hosts a number of centers that promote research and opportunities within specialized career areas. The Hawkinson Institute of Business Finance provides opportunities for students interested in working in the investment community, while the new Emmett J. Vaughan Institute for Risk Management and Insurance helps students explore careers in the insurance industry. The Institute for Economic Research and the RSM McGladrey Institute of Accounting Education and Research provide research and services to their respective fields. The John Pappajohn Entrepreneurial Center offers a full spectrum of programming for both student and community-based entrepreneurs.

HENRY B. TIPPIE SCHOOL OF MANAGEMENT

Created by Dean Sidney Winter in 1960, the Master of Business Administration (M.B.A.) Program at The University of Iowa was “born into a secure future as the College’s flagship.” Now, boasting an enrollment of nearly 1,000 students, the M.B.A. Program is recognized as being among the top 50 programs in the world.

The M.B.A. Program at the Henry B. Tippie School of Management provides its students the opportunity to broaden their managerial skills and enhance their professional careers in the business or public sector. The curriculum is designed for college graduates in any field but emphasizes the importance of professional work experience prior to enrollment.

Students have the option of pursuing the M.B.A. degree on campus through the Full-Time M.B.A. Program, part-time through the M.B.A. for Professionals and Managers (M.B.A.-PM), or via the Executive M.B.A. Program. M.B.A.-PM classes are offered in the Quad Cities, Cedar Rapids and Des Moines. Students may pursue Executive M.B.A. classes in Iowa City or Hong Kong.

The School participates in several joint-degree programs for students enrolled full-time. These include the M.B.A./M.A. Program in Library and Information Science with the School of Library and Information Science, the M.B.A./J.D. Program with the College of Law, the M.B.A./M.S.N. Program with the College of Nursing, the M.B.A./M.D. Program with the Carver College of Medicine, and the M.B.A./M.H.A. Program with the College of Public Health.

More than 5,000 graduates now hold an M.B.A. degree from The Henry B. Tippie School of Management. Successful alumni can be found worldwide, in every facet of today’s global economy.

COLLEGE OF DENTISTRY

Dental education began at The University of Iowa in 1882 with 14 faculty members, and a first year’s budget of just over $1,000. Patients were treated in an improvised clinic equipped with borrowed barber chairs. Today the College of Dentistry is ranked among the leading dental schools in the United States. An integral part of The University of Iowa College of Dental Health Sciences Center, the College has an enrollment of 299 dental students and 68 advanced education and graduate students in programs representing all the dental specialties as well as Master’s and Ph.D. programs in oral science. In addition, there are three students enrolled in the Bachelor’s in Oral Health Science Program.

The Dental Science Building affords faculty and students of the college excellent facilities for their many programs of research into the nature and treatment of oral diseases. These investigations have resulted in a number of significant advances in dental science.

Faculty, postdoctoral and predoctoral students extend service to hundreds of thousands of Iowa citizens in the patient-care clinics of the Dental Science Building. Students also provide dental care to Iowa communities through the college’s extramural programs in hospitals, community health centers and nursing homes. Dental health educational presentations are regularly provided by dental students in schools, nursing homes and other locations throughout the state.

The College has a long history of graduating students who become nationally prominent clinicians, dental educators, and researchers. More than 3,000 living alumni perpetuate the college’s tradition of excellence as they distinguish themselves with contributions to their professions and our society.
COLLEGE OF EDUCATION

The University of Iowa College of Education had its beginning when the University established the nation’s first professorial chair in education at the university level in 1872. Now comprising four departments, the College carries on its programs in conjunction with the other colleges of the University, particularly the College of Liberal Arts and Sciences and the Graduate College.

Undergraduate students preparing to be teachers are admitted to the College of Education for the sequence of courses in professional education culminating in student teaching. Both elementary and secondary education students receive their degrees from the College of Liberal Arts and Sciences. The College of Education is the recommending agency for teacher licensure.

The College of Education enrolls approximately 1,000 undergraduate students in programs preparing them for licensure in early childhood, elementary and secondary education.

Approximately 1,000 graduate students are engaged in College of Education programs for master’s, specialist, and doctoral degrees in such diverse fields as rehabilitation counseling, testing and measurement, and teacher education.

From nationally recognized literacy projects to internationally renowned testing instruments, College of Education faculty produce meaningful and applicable research. They work collaboratively with K-12 teachers, assist school districts with curriculum development, provide consultation and counseling services, and offer a wide variety of professional development workshops and other continuing education programs.

COLLEGE OF ENGINEERING

Engineering is a profession devoted to applying knowledge of the mathematical and natural sciences to the discovery and development of efficient ways to use the materials and forces of nature for the benefit of society.

Career opportunities in engineering are numerous and diverse. In preparing men and women for these opportunities, The University of Iowa College of Engineering seeks to produce high-caliber professionals with interdisciplinary interests and strong backgrounds in engineering fundamentals. It offers students engineering education in the context of a diversified university with a strong College of Liberal Arts and Sciences and outstanding professional colleges.

With educational courses dating back more than 100 years, the College today has an enrollment of about 1,600 students—1,200 of whom are undergraduates. About 68 percent of undergraduate enrollment comes from the state of Iowa, with another 29 percent attending from contiguous states. Women make up more than 26 percent of undergraduates.

There are 86 faculty serving six undergraduate programs in biomedical, chemical, civil, electrical, industrial, and mechanical engineering.

Student achievement has become a hallmark of the college. The college is among the top 15 percent of undergraduate and graduate programs nationally, according to U.S. News & World Report. Average ACT scores are consistently in the top 10th percentile.

Even though engineering students represent only 5 percent of University enrollment, they are awarded many top first-year merit scholarships. Since 1980, 17 engineering students have earned the prestigious University Hancher-Finkbine Medallion for achievement. The College is the first in the U.S. to offer a Technological Entrepreneurship Certificate with an engineering degree.

The college offers graduate programs in biomedical, chemical and biochemical, civil and environmental, electrical and computer, industrial, and mechanical engineering. Research units of the college include the Center for Bioinformatics and Computational Biology, Center for Computer-Aided Design, IIHR—Hydroscience and Engineering, and the Iowa Spine Research Center.

GRADUATE COLLEGE

The University of Iowa’s Graduate College was founded in 1900 and that year awarded its first doctorate to Fred D. Merritt in political science. Since then, it has conferred 69,692 master’s, 519 specialist, and 17,172 doctoral degrees. With more than 5,300 students, the college now accounts for nearly one-fifth of the University’s total enrollment, in more than 100 different programs of advanced study, research, and artistic creation. The Graduate College is a proud supporter of interdisciplinary programs, including a unique, individualized interdisciplinary studies doctorate program.

All faculty members with professorial rank in the academic divisions of the University hold membership on the Graduate College faculty; thus, almost all of the University’s 1,693 faculty members participate in graduate instruction. Because academic programs involve specialists from different disciplines and because many faculty members hold appointments in more than one department, school, or college, graduate instruction is assured a healthy interaction and collaboration among disciplines.

A number of the University’s graduate programs are recognized as the finest, or among the finest, in the nation, including six programs ranked in the top quartile nationally. The Graduate College boasts three winners of the prestigious UMI/CGS Dissertation Prize, tied with Ohio State University, Princeton University, and Yale University for the most awarded to any doctoral institution since the inception of the award. In 2001 the college inaugurated its Graduate College Outstanding Mentor Awards. The awards for the 2005-06 academic year were made to Professors Kathleen Difley, English, and Richard Shields, Physical Therapy and Rehabilitation Science, in recognition of their outstanding contributions to graduate education.
The University of Iowa College of Law is the oldest law school in continuous operation west of the Mississippi. Established in Des Moines in 1865, it was moved to Iowa City in 1868 to become part of the University. Today it has an enrollment of more than 650 students and a faculty of more than 50 full-time teachers. While most of its students come from the Midwest, more than 99 colleges and universities were represented in the 2005 entering class.

The College’s educational objectives are to help each student learn the fundamentals of critical reading and logical analysis, oral and written communication and argumentation, research, interviewing and counseling, technical drafting, transaction planning, and litigation.

First-year students spend part of their time in large classes, participating with their teachers in a Socratic dialogue—a method of questioning designed to develop and exercise analytical abilities and argumentation skills. Writing and research are practiced in small classes offered every semester, where each student receives individual attention.

In the second and third years, seminars, tutorials, clinical assignments, independent research, writing for the College’s legal journals, oral advocacy competitions, and litigation skills training all supplement more traditionally taught courses. Aside from the skills instruction, the curriculum focuses on the overriding importance of high personal standards of ethics and professional responsibility and their role in guiding the behavior of lawyers.

The College of Liberal Arts and Sciences invites students to explore the entire range of human learning: the fine arts, the humanities, the social sciences, the natural and mathematical sciences. Our students work with faculty members who are committed to integrating their research into their teaching and to helping students develop their own capacity to ask significant questions, to think analytically, to draw conclusions from what they learn, and to discover workable solutions to problems. These skills, honed throughout the undergraduate experience, will form the basis for life-long success and learning. We seek to prepare our graduates to be knowledgeable citizens and to enable them to continually acquire the new information and skills they will need to meet the challenges of our continually changing world.

Although a liberal arts and sciences education has been available since the University first began offering instruction in 1855, the “College of Liberal Arts” was not created until the beginning of the 1900-01 academic year. In the years that followed, other colleges evolved out of that first college: Engineering in 1905, Education in 1913, and Commerce (now the Tippie College of Business) in 1921. In fall 2001, The College of Liberal Arts became “The College of Liberal Arts and Sciences,” a name that recognizes the breadth of the College’s teaching and research.

In 1900-01, the College had about 600 students in its four “courses of study,” and a faculty consisting of only 28 professors and assistant professors. Today, more than 16,500 undergraduates are enrolled every year. Over 90 percent of all UI undergraduates begin their studies in the College of Liberal Arts and Sciences, and we award more than 70 percent of the University’s undergraduate degrees. Our students choose to major in one—or more—of nearly 60 different programs leading to a B.A., B.S, B.M, or B.F.A. degree. Many of our students add minors and certificates to their degrees, further expanding their knowledge and skills.

More than 600 tenured and tenure-track faculty members form more than three dozen separate departments and work together in numerous interdisciplinary programs to provide research, teaching and service to our students, the state, and the world. Faculty members from every area of the College have developed national and international reputations for the quality of their research and creative work. Every year, members of our faculty are recognized by national and international foundations, earning Fulbright, Guggenheim, National Endowment for the Arts, National Institutes of Health, and National Science Foundation fellowships and other awards. They receive recognition and awards from disciplinary organizations as well. Here on campus, CLAS faculty members routinely win University-wide teaching awards — including the prestigious Hubbard Award for Exemplary teaching for each of the five years it has been awarded — as well as other recognition of their teaching and scholarship.

Our students are also recognized for their achievements. Every year, more than 200 College of Liberal Arts and Sciences students graduate “with honors” in their major. Even more graduate “with distinction,” “with high distinction,” or “with highest distinction.” Our students participate in departmental honors societies, and in national honor societies including Phi Beta Kappa, Mortar Board, and Omicron Delta Kappa. We are pleased to recognize student achievement in other ways, too. Each year, the College provides many scholarships recognizing student achievement. We also provide research funding for undergraduates, including the Dewey Stuit Fund in Liberal Arts & Sciences, which provides support for undergraduate travel, research, and mentoring projects.

The College collaborates with other University units to foster scholarship, teaching, and service. We work with every one of the other colleges, offering joint programs and course work, and providing students opportunities for collaborative research and other learning activities. We support and are supported by the Pomerantz Career Center in providing internships before graduation and career guidance after graduation. We are grateful to the many alumni who continue to support the College with their time and energy and who have helped to provide funding to create opportunities and scholarships for our students.
The College of Liberal Arts and Sciences is proud of our history and our current endeavors. Despite the challenges we continue to face in an uncertain economic climate and a world that grows more complicated every day, we remain dedicated to our College’s mission: to advance scholarly and creative endeavor through leading-edge research and artistic production; to use this research and creativity to enhance undergraduate, graduate, and professional education, health care, and other services provided to the people of Iowa, the nation, and the world; and to conduct these activities in a culturally diverse, humane, technologically advanced and increasingly global environment.

**ROY J. AND LUCILLE A. CARVER COLLEGE OF MEDICINE**

The University of Iowa Carver College of Medicine admits students to the four-year curriculum leading to the Doctor of Medicine degree as well as to the programs in the associated medical sciences each year. Its faculty members also provide instruction to several thousand students each year from the Graduate College, the colleges of Dentistry, Nursing, Pharmacy, and Public Health, and the life science areas of the College of Liberal Arts and Sciences. The clinical faculty additionally provides instruction for nearly 600 physicians in residency and fellowship training in all the medical and surgical specialties.

Each year, several thousand physicians and other health professionals update their knowledge and skills in the College’s continuing medical education programs.

The Statewide Family Practice Residency Program, training 138 physicians at 11 hospitals (10 community-based plus UI Hospitals and Clinics), has attracted nationwide attention and plays a major role in increasing the number of primary care physicians practicing in Iowa.

The spectrum of new knowledge in medicine is such that health care problems need to be approached by an integration of relevant disciplines and a melding of faculty expertise into groups of scholars with a common purpose.

The UI Carver College of Medicine is a national leader in biomedical research, ranking 11th among public medical schools in funding from the National Institutes of Health and second among Big Ten universities. The research funding and reputation emanate from the efforts of faculty, students and postdoctoral trainees working in the laboratories of some of the nation’s premier biomedical scientists in leading interdisciplinary research and training programs.

**COLLEGE OF NURSING**

The University of Iowa College of Nursing has offered basic nursing education since the turn of the 20th century and baccalaureate and master’s degree programs for more than 50 years. A Ph.D. program in nursing began in 1988. The College is an integral part of the health sciences campus, sharing in and contributing to teaching, research, and patient-care resources, which have earned international recognition.

Undergraduate students enter the nursing program after completing the preprofessional course. Six semesters of study in nursing are required to complete the undergraduate degree.

All senior undergraduates have a clinical internship that facilitates the transition from student to staff nurse. Internships are supervised by 300 staff nurse preceptors across the state.

Special program options are available for registered nurses pursuing the BSN. Registered nurses may study on campus or in satellite centers in several locations in the state.

The professional Master’s in Nursing and Healthcare Practice is a post-baccalaureate program for people who are interested in pursuing a nursing career. This pre-licensure program prepares students as entry-level nurses who are eligible to sit for the NCLEX licensure exam.

The master’s degree program provides a flexible curriculum tailored to meet individual career goals for advanced clinical practice. The Master of Science in Nursing (M.S.N.) degree is available with preparation for certification and licensure as a nurse practitioner, psychiatric/mental health nurse specialist or nurse anesthetist. Master’s level programs of study are available with preparation in nursing service administration, gerontological nursing, genetics, community health, occupational health, and informatics. Two joint degrees are offered in collaboration with other colleges: the M.S.N./M.B.A. offered with the Tippie College of Business, and the M.S.N./M.P.H. offered with the College of Public Health.

The Doctor of Philosophy degree program provides learning and research opportunities in gerontological nursing, child and family nursing, informatics, or nursing service administration. An individualized option is also available. Faculty research in these areas and others is well-supported by external funding and offers students a broad array of support. Students may also pursue an individualized program of study.
College of Public Health

Formed in July 1999, the College of Public Health is the newest collegiate unit at The University of Iowa. Building on the University’s long tradition of public health training, research, and service—including programs targeting agricultural safety and health, cancer and birth defects monitoring, health services planning, and women’s health—the establishment of this college marked a renewed and expanded commitment to improving the health of all Iowans.

The College of Public Health consists of six academic units: biostatistics, community and behavioral health, epidemiology, health management and policy, occupational and environmental health, and the Program in Public Health Genetics. Numerous centers and programs within these units focus attention on the unique health concerns of Iowans, especially the needs of its large rural and agricultural population and its growing number of elderly residents. Iowa’s Center for Agricultural Safety and Health, the Institute for Public Health Practice, the Center for Public Health Statistics, the Preventive Intervention Center, and the Institute for Quality Healthcare are just a few of the 29 centers based in the College of Public Health. These multidisciplinary centers focus research efforts on important public health topics and also provide a platform for an array of outreach, service, and policy activities. These centers also provide a framework for extensive interdisciplinary collaboration involving College of Public Health investigators and colleagues throughout the University and at other Regent institutions and governmental agencies.

The academic degree offerings of the College of Public Health include the Master of Public Health degree, with subtracks in biostatistics, community and behavioral health, public health epidemiology, ergonomics, health communication, policy and administration, and occupational and environmental health and focus areas in aging studies, nutrition and exercise, maternal, child and family health, and global health. The Master of Public Health program offers combined degrees with the UI Carver College of Medicine, the College of Nursing, the College of Pharmacy, and Iowa State University. The college also

College of Pharmacy

The College was originated by a forward-thinking group of pharmacists from the Iowa Pharmaceutical Association in 1885 and was one of the first Colleges of Pharmacy in the nation associated with a major public university. This nationally ranked program is located in the Health Sciences Center on the west side of the University’s main campus in close proximity to the Colleges of Medicine, Nursing, Dentistry, Public Health and the University of Iowa Hospitals and Clinics.

The pharmacy profession is concerned with a wide variety of activities, from developing new drug products to dispensing medicines to patients. A recent concept in the delivery of pharmaceutical services is pharmaceutical care—the responsible provision of drug therapy to achieve defined outcomes that improve patients’ quality of life. These outcomes include preventing, arresting, or curing a disease, and/or eliminating or reducing its symptoms.

Implementation of the pharmaceutical care model is expected to enhance health care in rural settings and in primary care among the elderly, who are by far the heaviest users of drug therapy. In order to carry out these responsibilities, pharmacists specialize in the science of drugs and drug information.

Demand for qualified pharmacists is high. Iowa’s graduates enjoy a 100-percent placement rate. Iowa’s pharmacy students study with professors who, in many cases, are pioneering the development of new drugs to solve chronic health problems. They also enjoy advanced research facilities, including those of Iowa’s drug research and manufacturing area, where experimental drugs are produced for testing and licensing by manufacturers before being introduced worldwide.

The Doctor of Pharmacy (Pharm.D.) degree combines didactic course work with extensive clinical clerkship involvement to prepare a pharmacist for an extended role in monitoring, evaluating, and optimizing drug therapy in hospitalized and ambulatory patients. Students graduating from the college enjoy a wide variety of professional opportunities in community pharmacy, hospital pharmacy, government, and the pharmaceutical industry.

The College also has an extensive research and graduate education program leading to both master’s and doctoral degrees in the medicinal and natural products chemistry, pharmaceutics, and clinical and administrative pharmacy. Graduates of these programs are employed by the pharmaceutical industry, government and also assume academic positions.

The College of Public Health is the newest collegiate unit at The University of Iowa. Building on the University’s long tradition of public health training, research, and service—including programs targeting agricultural safety and health, cancer and birth defects monitoring, health services planning, and women’s health—the establishment of this college marked a renewed and expanded commitment to improving the health of all Iowans.

The College of Public Health consists of six academic units: biostatistics, community and behavioral health, epidemiology, health management and policy, occupational and environmental health, and the Program in Public Health Genetics. Numerous centers and programs within these units focus attention on the unique health concerns of Iowans, especially the needs of its large rural and agricultural population and its growing number of elderly residents. Iowa’s Center for Agricultural Safety and Health, the Institute for Public Health Practice, the Center for Public Health Statistics, the Preventive Intervention Center, and the Institute for Quality Healthcare are just a few of the 29 centers based in the College of Public Health. These multidisciplinary centers focus research efforts on important public health topics and also provide a platform for an array of outreach, service, and policy activities. These centers also provide a framework for extensive interdisciplinary collaboration involving College of Public Health investigators and colleagues throughout the University and at other Regent institutions and governmental agencies.

The academic degree offerings of the College of Public Health include the Master of Public Health degree, with subtracks in biostatistics, community and behavioral health, public health epidemiology, ergonomics, health communication, policy and administration, and occupational and environmental health and focus areas in aging studies, nutrition and exercise, maternal, child and family health, and global health. The Master of Public Health program offers combined degrees with the UI Carver College of Medicine, the College of Nursing, the College of Pharmacy, and Iowa State University. The college also
GRADUATION HONORS

High scholastic achievement is recognized at graduation time in two ways: graduation with distinction, based on grades only, and graduation with honors in a particular field, based upon both grades and the completion of special work as outlined by the college and the major department.

Graduation with Distinction. The Office of the Registrar certifies to the deans of the colleges the names of students eligible to graduate with distinction. To be eligible for consideration, the graduate must complete the final 60 semester hours in residence in the graduating college, at least 45 semester hours of which must have been completed prior to the final semester of registration. The grade-point average upon which distinction is determined includes all work undertaken prior to the opening of the final session.

Graduates with distinction in the colleges of Liberal Arts and Sciences, Engineering, and Business rank as follows:
- With Highest Distinction
- With High Distinction
- With Distinction

In the College of Nursing, distinction recognition is determined as follows:
- With Highest Distinction: 3.90 GPA or above
- With High Distinction: 3.80-3.89 GPA
- With Distinction: 3.75-3.79 GPA

In the College of Pharmacy, distinction recognition is determined as follows:
- With Highest Distinction: 3.75 GPA or above
- With High Distinction: 3.50-3.74 GPA
- With Distinction: 3.25-3.49 GPA

Distinction is designated by gold stars worn on the left sleeve. Three stars indicate graduation with highest distinction; two, with high distinction; and one, with distinction.

Graduation with Honors Degrees. An honors student may complete work for an honors degree in one of many fields of concentration. Honors students are admitted to work in candidacy for an honors degree, normally not later than the junior year, upon application to and formal acceptance by the department of their choice. At the option of the department, the special honors work may be planned as an addition to the regular requirements for the major or in substitution for some part of these requirements.

Liberal Arts and Sciences candidates who are graduating with honors in a particular field wear white cords draped over the shoulders.

PRESIDENTIAL EMBLEM

The jeweled gold medallion worn by The University of Iowa president during commencement ceremonies and other formal academic events on the campus was designed as an emblem of the University’s presidency by a UI graduate student in the School of Art and Art History, Karen Cantine.

Featuring an abstract UI motif in the University’s colors—old gold and black—the emblem was first used in the investiture of Howard R. Bowen as the University’s fourteenth president during inauguration ceremonies on December 5, 1964.

Four and one-half inches in diameter, the medallion is worn on a gold chain also designed and made by Mrs. Cantine. Fashioning the emblem from a sheet of 14-carat yellow gold, Mrs. Cantine outlined in black enamel eight UI motifs in raised gold letters in areas radiating from a large topaz in the center.

The central jewel is almost an inch in diameter. A slightly smaller topaz is set in the link which attaches the emblem to the chain on which it is worn, and eight small topazes are set around the edge of the emblem, one being placed at the end of each “spoke” which bears a UI motif.

Designing and making the presidential emblem was part of Mrs. Cantine’s work for a Master of Arts degree in metalwork and jewelry.

The University of Iowa offers the Master of Health Administration degree. This program offers combined degrees with the College of Law, the Tippie College of Business, and the Urban and Regional Planning Program. In addition, master of science and doctoral degrees are offered in biostatistics, epidemiology, community and behavioral health, and occupational and environmental health. The community and behavioral health master of science program offers a subtrack in health communication. The occupational and environmental health master of science program offers an emphasis in industrial hygiene. A master of science degree in clinical investigation is available, and additional doctoral degrees are offered in statistical genetics; health services and policy; industrial hygiene, which is a subtrack of occupational and environmental health; and addiction studies and health communication, which are subtracks of community and behavioral health. The college also offers a Certificate in Public Health and a Certificate in Statistical Genetics. More than 300 students are currently enrolled in degree programs within the College of Public Health.
Academic Costume

The history of academic dress reaches far back into the early days of the oldest universities. A statute of 1321 required that all “Doctors, Licentiates, and Bachelors” of the University of Coimbra wear gowns. It is still a vexing question whether academic dress finds its sources chiefly in ecclesiastical or in secular dress. Gowns may have been necessary for warmth in the unheated buildings frequented by medieval scholars. Hoods seem to have served to cover the tonsured head until they were superseded for that purpose by the skull cap. This was itself displaced by a headdress more or less like one or another of those now recognized as “academic.”

Over the many years of development, a great diversity of academic apparel made its appearance. When American colleges and universities desired to adopt some suitable system of academic apparel more than a century ago, it seemed to them best to agree on some definite system which all might follow. Accordingly, there was held on May 16, 1895 at Columbia University a conference of representatives of the governing boards of various interested institutions. The outgrowth of that meeting was the establishment of “The Academic Costume Code.” The code has been revised several times since its initial approval. The most recent change was in 1959. In nearly every instance of the many hundreds of colleges and universities of the United States which have adopted academic dress, the standards thus prescribed have been adopted and followed, either wholly or at least in the main.

The academic costume code recognizes three styles of gowns: a bachelor’s gown, a master’s gown, and a doctor’s gown. In conjunction with its centennial celebration in May 2000, the Graduate College inaugurated a new doctor’s gown. The differences in these gowns are mainly in the cut and shape of the sleeves and in the trimming. Hoods are also recognized for each of the above degrees. They vary in shape, size, and length, the larger and more elaborate designating the doctoral level. The shell of the hood matches the black material of the gown, and is lined with the color or colors of the institution conferring the degree—in the instance of The University of Iowa, old gold. The velvet border of the hood is of a color indicative of the field of learning to which the degree pertains. An abbreviated list of these colors as they apply to The University of Iowa follows:

- Arts and Letters, white
- Business and Accounting, sapphire blue
- Dentistry, lilac
- Engineering, orange
- Law, purple
- Medicine, green
- Music, pink
- Nursing, apricot
- Pharmacy, olive green
- Philosophy, dark blue
- Science, golden yellow

The Oxford cap, proper for all degrees, is worn both indoors and outdoors with academic costume. The tassel, worn over the left eye, is also symbolic of the degree to be conferred on the wearer and conforms to the code colors for hood trimming.

Practice at The University of Iowa varies slightly from that established by the code. Candidates for degrees may be identified with the colleges from which they are to secure their degrees by the color of the tassels they wear. Colleges are designated by tassel colors as follows:

- Business, sapphire blue
- Dentistry, lilac
- Engineering, orange
- Graduate, black
- Law, purple
- Liberal Arts and Sciences, white
- Medicine, green
- Nursing, apricot
- Pharmacy, olive green

Only candidates for the doctoral-level degrees (Doctor of Philosophy, Doctor of Audiology, Doctor of Musical Arts, Doctor of Physical Therapy, Doctor of Dental Surgery, Doctor of Medicine, Juris Doctor, and Doctor of Pharmacy) wear hoods. The velvet trim on the hoods for these degrees conforms to the colors set forth in the intercollegiate code, and, with the exception of the Doctor of Philosophy and Doctor of Musical Arts hoods, are the same color as the tassel. The Doctor of Philosophy hood is trimmed in blue, the color appropriate to philosophy, and the Doctor of Musical Arts hood is trimmed in pink, the color for music. In both cases, the tassel worn is black.

The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, national origin, color, creed, religion, sex, age, disability, veteran status, sexual orientation, gender identity, or associational preference. The University also affirms its commitment to providing equal opportunities and equal access to University facilities. For additional information contact the Office of Equal Opportunity and Diversity, 319-335-0703.
