FACTS AT A GLANCE

Total enrollment at the University, reached 20,387 during the First Semester 1971-72, an increase of 65 (or 0.3%) over the previous year. The largest college, Liberal Arts, enrolled 56.6% of the total, followed by the Graduate College with 24.2%. Sixty-one percent of the students were men.

Students came to the University from every Iowa county, all 50 states, and more than 70 foreign countries. About 74% are Iowa residents, nearly 13% reside in adjoining states, 11% in the other forty-three states, and about 2% are from foreign countries. Half of the non-Iowa students are enrolled in the Graduate College.

The most popular undergraduate majors are education with 906 enrolled; English, 598; business administration (department), 596; psychology, 517; nursing, 501; art, 457; political science, 378; pharmacy, 321; and sociology, 309. Sizable numbers of students are also following pre-professional programs: pre-business administration, 793; pre-medicine, 632; and pre-nursing, 312. At the graduate level, education is again the most frequently selected major with 848 students, followed by English, 440; music, 217; and art, 185.

Thirty percent of the students are married, compared to 24% ten years ago. Fifty-eight percent of the married students are enrolled in the Graduate College or the Colleges of Dentistry, Law, or Medicine.

Twenty-eight percent of the students reside in University owned housing, either dormitories or married student apartments. Six percent live in fraternity and sorority houses, nearly 11% commute from outside of the Iowa City area. Three percent live at home in Iowa City, and the largest group, 52%, live off-campus in Iowa City.

During the year 1970-71, a total of 4,873 degrees were awarded: 2,836 bachelor's degrees, 315 in dentistry, law, and medicine, 1,333 master's degrees, and 389 Ph.D. and D.M.A. degrees. This is the largest yearly total of degrees in the University's history.

NEW STUDENTS

Twenty-six percent of all students on the campus in the fall of 1971 were new to the University. The number of entering freshmen in 1971 showed a 9.2% decrease from the previous year, 2,237 compared to 2,463 in 1970. The number of transfer students new to the University increased 10.0%, from 2,717 in 1970, to 2,988 in 1971.
Sixty-one percent of the new transfer students are Iowa residents, with 91 of the 99 counties represented. Transfer students also came from 49 states and more than 25 foreign countries. Forty-four percent of the transfers came from other colleges in the state of Iowa. Of these, 21% entered from the other two state institutions, 34% from private four-year schools, 36% from public and 9% from private junior colleges.

Eighty percent of the entering freshmen are Iowa residents, with all but two Iowa counties represented. An additional 15% came from states adjoining Iowa and only 5% from other states and foreign countries. Freshmen came from 34 states and six foreign countries.

The quality of the 1971 freshman class is indicated by such measures as high school grade-point average (56.3% with 3.00 or higher; 84.8% with 2.50 or above); rank in high school class (27.2% in top tenth, 86.7% in upper half); and ACT composite score (45.9% rank in top tenth, 93.7% in upper half of national college-bound high school seniors).

Although nearly a third of the entering freshmen did not indicate a major, among those who did, the most frequently mentioned were in the pre-professional areas: pre-nursing, 194; pre-medicine, 191; pre-business administration, 173; education, 78; and engineering and pre-engineering, 67.
