GUIDELINES FOR CONTRIBUTORS

GENERAL CONSIDERATIONS OF STYLE

Essays: Place the title two inches below the top of the page, the author’s name two inches below the title, and the text two inches below the author’s name. The affiliation of the contributor follows the essay.

Notes, Book Reviews, Bibliographies: These are configured like essays, except the author’s name follows the work.

References: Follow The MLA Style Sheet, Second Edition. Mark references in the text with raised footnote in the text with raised footnote numbers, not author-year citations in parentheses. Double-spaced endnotes should follow the essay on a new page headed “Notes.”

Do not use Latin abbreviations for repeated citations. Do not condense the names of publishers or titles. Make references complete so a bibliography is unnecessary.

QUOTING AND CITING WALT WHITMAN’S WRITINGS

The standard edition of Whitman’s work is The Collected Writings of Walt Whitman, twenty-two volumes published by the New York University Press under the general editorship of Gay Wilson Allen and Sculley Bradley. Citations and quotations from Whitman’s writings should be keyed to the specific volumes in this edition whenever possible.

After the initial citation, contributors should abbreviate the titles of the Collected Writings in the endnotes as follows:
