1926
The new Iowa Public Health Association
The Commissioner of Public Health issued a call to the Health Officers of the eighteen largest cities in Iowa to attend a conference on January 13, 1926 at the State House. On May 13, 1926, at the second meeting of the Iowa Municipal Health Officers Association, the decision was made to reorganize and take the name of the Iowa Public Health Association. The purpose of this reorganization being that the new organization might include all health workers in the state. The same day a constitution and by-laws were adopted. The purpose of the association was to safeguard and promote the personal and public health of the residents of Iowa. There was considerable discussion on the advisability of adopting county health units as a public health of the residents of Iowa.
