INDEX

A
Achey, H. P., logs from, 352
Aftonian and Nebraskan stages in Crawford county, 304; in Lucas county, 127
Age of limestones of Crawford county, 295
Air preheaters, use of, 86
Alluvial soils, character, 346; in Crawford county, 346; in Lucas county, 213
Alluvium in valleys, 118, 288
Altitude, of rock surface in Crawford county, 302; in Lucas county, 127
Altitudes, bench marks for, 368; datum for, 369; from railway profiles, 365; Gannett's Dictionary of, 365; highest and lowest, 377; in Crawford county, 268; in Iowa, James H. Lees, 363; in Lucas county, 113; sources for, 365
Anderson, C. O., work of, in coal, 180
Anhydrite, use of, 25
Annual Report, George F. Kay, 7
Arcadia, wells near, 296
Area and location of Crawford county, 243; of Lucas county, 105
Areas of drainage basins in Crawford county, 292; in Lucas county, 114
Arion, gravel and sand near, 360; Rid dell pit, 331; water supply, 352
Arkansas, analyses of coal from, 78
Ash and sulphur content of Iowa coal, 92; studies of, 99
Ashley, George H., cited, 81
Aspinwall, exposures near, 327
B
Bain, H. F., cited, 125, 246, 257, 296, 302
Barnhoff well, strata in, 296
Bassett, J. R., early settler, 244
Bates, work of, in coal 176
Bench marks, altitudes for, 368
Benches in Crawford county, 266; in Lucas county, 117
Berne, exposure near, 323
Beyer and Williams, cited, 220; and Wright, cited, 220
Big Hill mine at Lucas, 166, 180, 186, 187
Biloxi datum plane, 371, 373
Bluff formation, origin, 244
Bowlders, Kansan, in Lucas county, 173
Boyer, exposures near, 306
Boyer valley, benches on, 267; character of, 266, 274; exposures in, 306; grav...
INDEX

C. R. I. and P. Ry., elevations by, 370; reservoir in Lucas county, 210
C. and N. W. Ry. Co., water stations, 348
Clays in Crawford county, 361; in Lucas county, 216; operators in 1926, 17;
ware in Iowa, 60; prices of, 39; production in 1925, 13; in 1926, 37
Cleveland mine, analyses from, 201; see also Old Cleveland, New Cleveland
Clinton silt loam, 214
Coal, age of, and character, 66; analyses and tests, 78, 79, 97-91, 199-202; burning of, 77; in domestic furnaces, 94;
cover of, and character, 66; dry cleaning of, 94; geological conditions of formation, 67;
haulage of, 19; Iowa, areas and characteristics of, 65, 82, 92; burning, 82; classification of, 99; coke from, 96; steam production, 82;
oils from, 96; researches on, 91, 94; storage of, 98; use of, 93; at University, 97; lime in, 77; lump, analyses of, 78; methods of mining, 19;
in Lucas county, 187; powdered, use of, 99; production of, 75, in 1825, 18, in 1926, 41; in Lucas county, 174, 180, 182;
prospecting for, 184; situation and nature of, 183; steam, analyses of, 79; test at Moline, 87; value of, 56; washing of, 94
Coal beds, extent of, 74; formation in geosyncline, 132; in Crawford county, 361; in Lucas county, 175; Measures, surface in Lucas county, 130, 138; water from, 203; mines in Lucas county, 192; mining, history of, in Lucas county, 173; operators, 22; swamps, character of, 70; materials in, 71
Coal Age, article in, 19
Coke from Iowa coal, 96
Coking properties of coal, 96
Colorado stage, character of, 73
Consequent drainage, 272
Consolidated Indiana Co., in Lucas county, 187
Consolidation Coal Co., in Lucas county, 187
Corydon, well at, 129
Country wells in Crawford county, 353
Cox well, section of, 265
Crawford, Wm. H., county named for, 243
Crawford county, Aftonian beds in, 304; age of limestones in, 295; age of sandstones in, 296; altitudes in, 268; areas of drainage basins, 292; artesian well in, 297; benches in, 266; brick plants in, 361; coal in, 361; Cretaceous beds in, 296; deposits of uncertain age, 319; Des Moines beds in, 295; drainage of, 272; eastern province of, 259; gravel in, 328; height of land in, 247; history of, 243; Kansan and Yarmouth stages in, 321; location and area of, 243; loess in, 338; Missouri beds in, 295; Nebraskan and Aftonian stages in, 304; peat in, 319; Pleistocene in, 302; profile across, 271; rainfall in, 357; sand and gravel in, 359; soils of, 344; springs in, 357; stratigraphy of, 292; streams, water from, 357; topographic provinces in, 255; topography of, 247; underlying formations, 293; water supply of, 346; wells in, 294, 346; western province of, 264; Wisconsin gravels in, 338; Yarmouth in, 321
Cretaceous beds in Crawford county, 296; coals, 66; system, extent and character of, 73
Crop yield in Lucas county, 214
Cutting power of streams, increase in, 298

D
Dakota stage, character of, 73
Daniels, Evan, mine of, 180, 197; section of, 232
Datum for altitudes, 369
Davidson, G. M., analyses by, 349
Davie, W. A., wells by, 356
Dearborn Drug and Chemical Works, analyses by, 350
Deloit, exposures near, 319
Denison, J. W., town named for, 243
Denison, clay pit at, 342, 361; exposures near, 320; Mill pit near, 329; sand at, 360; water supply, 347; well at, 297
Denison Brick Co., section, 342
Deposits of uncertain age, Crawford county, 319
Des Moines, well at, 29
Des Moines City Ry., plant of, 84; tests by, 88
Des Moines Dept. Streets, altitudes from, 368
Des Moines river, elevations on, 370
Des Moines series, base of, 131; extent of, 72; in Crawford county, 295; in Lucas county, 143; surface of, in Lucas county, 137; thickness of, in Lucas county, 138
Devonian surface, character, 131
Dobson, B., early settler, 244
Dobson, T., early settler, 244
Dow, S. E., early settler, 344
Dow City, exposures near, 337
Drain tile in Iowa, 14
Drainage basins, areas of, in Crawford county, 292; in Lucas county, 114
Drainage of Crawford county, 272; of Lucas county, 113
Drift mines in Lucas county, 198
Drift soils in Lucas county, 213
Drill sections in Lucas county, 222
Dunham, C., early settler, 244
INDEX 553

Dunlap, well at, 301

East Boyer river, character of, 260, 283
Eaton well, Lucas county, 187; section of, 166
Elkenberry, Daniel, mine of, 175
Elevation of Nebraska gumbotil plain, 316
Elevations, list of, in Iowa, 377; see also Altitudes
English or Wild Cat creek, 119; coal in valley of, 152
Eocene coals, 66
Erosion and deposition, effects of, 264; processes of, 257

F
Fertilizers in Iowa, 64
Fix, Louis R., work of, in coal, 174
Fleming, B. P., Possible Researches in Iowa Coal, 91
Forest denudation, result of, 216
Fort Dodge, Des Moines & Southern Ry., plant of, 84
Fort Scott beds in Lucas county, 163
Fossils in Lucas county, 139, 163
Franklin well, strata in, 354
Friends creek, character of, 286
FueE, pulverized, use of, 85, 99
Furnaces and grates, designs of, 82
Furnaces for Iowa coals, domestic, 95

G
Gannett’s Dictionary of Altitudes, 365
Gas, natural, production in 1925, 94; see Oil
Gas and oil possibilities, 63
Geology of Crawford county, James H. Lees, 239; Lucas county, A. L. Lugn, 101
Geosyncline, coal formation in, 132; in Mississippi valley, 132
Gilbert, G. K., cited, 122, 259
Glacial drift soils in Lucas county, 213
Glaciers in Crawford county, 305
Giben Coal Co., mine of, 150
Grates and furnaces, designs of, 82
Gravels, character, 328; in Boyer valley, 330; in Crawford county, 323; in Lucas county, 217; in Nishnabotna valley, 331; origin and age of, 332; see also Sand
Green, A. C., data on coal from, 361
Green and Son, brick plant of, 361
Green and Ward clay pit, section, 131, 341, 342
Greene and Hinds, cited, 125, 126
Ground water in Lucas county, 203
Grundy clay loam, 214
Grundy silt loam, 214
Grundy silty clay loam, 214
Gumbotil, as soil in Lucas county, 213; character of, 169, 303; concentrate, 323; in Crawford county, 303 ff; in Lucas county, 169; near Wall Lake, 305
Gumbotils, two on one slope, 327
Gypsum, production of, 59; in 1925, 24; in 1926, 44

H
Haven, William, work of, in coal, 174, 177
Heating value of Iowa coal, 92
Height of land in Crawford county, 247
Henrietta formation, character, 143; in Lucas county, 162; near Chariton, 157
Herring well, strata in, 355
Highest and lowest points in Iowa, 377
Hinds, Henry, cited, 81, 188
Hinds and Greene, cited, 125, 126
Hinman, Jack J., Jr., analysis by, 347
History of Crawford county, 243
Hixson, A. W., cited, 81
Hollingsworth, E. A., work of, in coal, 180
Holmes” coal field, Lucas county, 187
Holstein, well at, 301
Howell, J. V., cited, 220

I
Illinois, analysis of coal from, 79
Illinois Agr. Exp. Station, cited, 211
Illinois Power and Light Corp., tests by, 89
Indian creek, Sac county, history of, 275
Inland Fuel Co., analyses from, 199; work of, 177
Iowa, altitudes in, 363; drain tile in, 14; highest and lowest points in, 377; list of elevations in, 377; topographic map of, 376
Iowa Coal, Areas and Characteristics of, James H. Lees, 65; fields, age of, 66; for Steam Production, T. A. Marsh, 82
Iowa Experiment Station, cited, 345
Iowa Geol. Survey, altitudes from, 345; mapping by, 373
Iowa Nebraska mine, 179, 186
Iowa Power & Light Co., Des Moines plant of, 84
Iowa Railway and Light Co., Des Moines plant of, 84
Iowa Soil Survey, cited, 213
Iowa State College, altitudes from, 367; analyses by, 201, 347
Iowa Weather and Crop Service, cited, 214, 357

J
Jackson, H. L., work of, in coal, 180
Jeffery, E. C., cited, 65
Jones, Wesley, work of, in coal, 174
K

Kansan and Yarmouth stages in Crawford county, 321; bowlders in Lucas county, 173; drift, character, 170, 321; in Crawford county, 321; in Lucas county, 169; near Manilla, 325; gumbotil, age of, 127, 304; character, 321

Kay, F. H., cited, 81

Kay, George F., cited, 126, 127, 171, 173, 246, 304, 309, 311, 312, 316, 321, 323, 326, 331, 333, 338; Annual Report of, 7; Rock Resources of Iowa, 51; work in Lucas county, 106

Kentucky, analyses of coal from, 78, 80

King well, strata in, 354

Kiron, exposure near, 322

L

Ladow shaft, Lucas county, 176

LaTurno, J. L., brick plant of, 361

Laub, H. C., early settler, 244

Lees, James H., acknowledgments, 221; Altitudes in Iowa, 363; cited, 81, 174, 301, 338; Geology of Crawford county, 239; Iowa Coal Areas and Characteristics of Iowa Coal, 65; Mineral Production in Iowa in 1925 and 1926, 9, 35

Lime, see Limestone

Limestone, age of, in Crawford county, 295; and sandstone in Lucas county, 218; production in 1925, 26; in 1926, 45; value of, 63; operators, 29

Lindley silt loam, 214

Location and area of Crawford county, 243; of Lucas county, 105

Loess, age of, 127, 339; character of, 341; effect on topography, 264; in Crawford county, 338; in Lucas county, 127, 169; origin, 339; relations of, 342; soils, character, 213, 345; in Crawford county, 346; in Lucas county, 213

Logan, limestones at, 295

Lord, N. W., analyses by, 201

Lorenzen well, strata in, 353

Lower coal, character of, 183; elevation of, 193; in Lucas county, 144

Lowest and highest points in Iowa, 377

Lucas, mines at, 166, 179, 186; analyses from, 201; sections near, 160, 232

Lucas county, Attonian topography of, 108; alluvial soils in, 213; altitudes in, 113; basins of Lower coal in, 186; bowlders in, 173; Chariton conglomerate in, 167, 218; Cherokee formation in, 144; Chester strata in, 140; clay in, 216; coal, analyses and tests, 199; beds in, 145 ff, 173; mines, 192; mining methods, 187; present holdings of, 186; production in, 174, 180, 182; columnar section of, 142; crop yield in, 214; depth to St. Peter sandstone, 206; Des Moines beds in, 143; Des Moines surface in, 137; drainage, age of, 121; drainage history of, 113; drift mines, 198; drill sections in, 222; Economic geology of, 173; Fort Scott beds in, 163; fossils in, 163; geological terms used, 125; Geology of, A. L. Lugn, 101; glacial drift soils in, 213; ground water in, 208; gumbotil in, 108, 169; Henrietta formation in, 102; history of coal mining in, 173; Kansas drift in, 169; Kansas gumbotil in, 169; Kansas plain, remnants in, 108; location and area, 105; loess soils in, 213; Mississippian surface in, 134; Mississippian system in, 139, 150; Nebraskan drift in, 170; Nebraskan gumbotil in, 171; Nebraskan gumbotil plain in, 107; oil in, 220; Paleozoic history and structure, 127; Peorian loess in, 108; Pleasanton formation in, 167; Pliocene surface in, 107; precipitation in, table of, 204; preglacial surface, 107; rainfall in, 203; reservoirs in, 208; road material in, 220; sand and gravel in, 217; sandstone and limestone in, 218; septaria in, 163; soil, waste in, 215; soils and soil conservation in, 210; soils in “Southern Iowa loess”, 213; springs in, 206; stratigraphy, 125; St. Louis strata in, 140; St. Genevieve formation in, 139; streams, 203; streams, water in, 121; table of temperatures in, 205; thickness of strata in, 129; topographic analysis of, 112; topographic maps of, 113; topography of, 106; typical wells in, 207; unconformities in, 134; WARSaw strata in, 140; water supply of, 203

Lugn, Alvin Leonard, Geology of Lucas County, 101

Lyght, J. A., analyses by, 80

M

McAhren, G., pit, Deloit, 330

McCaffery Brothers well, strata in, 353

McHenry, M., early settler, 244

Macbride, T. H., cited, 246, 248, 278

Maloney, J. H., coal prospect of, 361

Manilla, brick plant at, 361; Kansas drift near, 169; water supply, 352

Manning, exposures near, 310

Maple Block Coal Co. in Lucas county, 187

Mapping by U. S. Geological Survey, 373

Maps, see Topographic Maps

Marsh, T. A., cited, 79, 81; Use of Iowa Coal for Steam Production, 82
