INDIANS VISIT WASHINGTON IN 1848

The Missouri Republican of the 14th inst. notices the arrival at St. Louis of a delegation of head chiefs, braves, &c., from the Chippewa Indians, residing on territory ceded by them to the United States in the Lake Superior region, on their way to Washington. The object of the mission is said to be to try to procure a grant of land from the government, upon which to settle the nation as citizens of the United States. They wish to abandon their roving, wild and vagabond habits, adopt in return the characteristics and avocations of the white man—to build houses, cultivate farms, etc. It is to be hoped that their disposition to reform may be met in a spirit of philanthropy by the government.—The Bloomington Herald, Bloomington (now Muscatine), Iowa, November 25, 1848.
